Vote Go 'Ahead' On Labor Curbs

Senate Labor Committee Includes Authorization Of Court Injunctions To Block National Paralysis Strikes In General Labor Measure; House Readies Debate

Washington.—(AP)—The Senate labor committee today approved provisions of a general labor bill authorizing issuance of court injunctions to block national paralysis strikes.

The committee also voted to establish a new federal mediation agency, independent of the labor department.

Chairman Taft (R-Ohio) said provisions of a preliminary draft covering both the strike situation and the mediation agency were approved substantially without any change.

He told reporters no formal vote was taken.

The Senate committee acted as the House made ready to begin debate tomorrow on a strike-curbing general bill.

Speaker Martin (R-Mass) forecast that it will pass by a majority of more than 2 to 1.

The Senate bills strike provision authorizes the attorney general to petition for an injunction—and the courts to grant it—when "substantially an entire industry" faces or is engaged in a strike which imperils national health and safety.

The attorney general could act after obtaining a report from a fact-finding board.

When the injunction had been in effect 60 days, workers would hold a secret ballot election within the next 20 days to decide whether to strike or accept a final settlement offer.

The injunction then would be discharged. If the workers voted to strike, the president could ask the Congress to take appropriate action.

What this would be is not specified in the bill, but Senator Taft said Congress could decide on government seizure.

Taft said the committee decided to set up an advisory panel of six labor representatives and six industry officials to consult with the director.

Shoplifters Get Prison Terms Kinston Court

By CHESTER WALSH

In Recorder's Court in Kinston Saturday, Morris Peterson, alias Peter J. Shak of California, and Mary Lee Campbell, alias Maudie Shak of Rocky Mount, carnival and sideshow workers, were convicted of shoplifting at four Kinston stores.

Peterson was given four years in State Prison and the woman 18 months in the women's division of State Prison.

Peterson and his confederate were arrested in Greenville about a week ago for Kinston police, Chief Jim Tanner said. The woman was apprehended at the bus station here with suit cases containing the stolen loot, including several small radios, an electric drill and electric irons.

Peterson was arrested shortly afterwards on the city limits of Greenville while trying to hitchhike a ride to Rocky Mount.

Chief Tanner said Peterson escaped from a western prison while serving a long term for the larceny of 27 Kelvinator refrigerators from the U. S. government. The woman has a police record.

TWO KILLED IN PLANE CRASH NEAR AYDEN

Henry L. Burgess, Pilot, And Don Jenkins Victims Tailspin Sunday

Henry Leigh Burgess, 18, of Raleigh, and Don Jenkins, 12, of Ayden, were killed instantly late Sunday afternoon when the small private plane piloted by Burgess crashed on the farm of Luby D. Cox, two miles west of Ayden.

The plane crashed into a field and was demolished. The badly mangled youths had to be cut from the wreckage.

Burgess, a native of Ayden, had been working in Raleigh for the past several months. He held a private pilot license and had been flying for several years. He had taken off from Ayden Airport with Jenkins as his only passenger.

A few minutes after the take-off the plane went into a spin and plunged into the earth. The plane did not burn.

Burgess had made several flights in the plane during the afternoon. The plane was owned by W. Ivey Jenkins, father of Don Jenkins, and by a brother of Burgess.

Funeral arrangements are incomplete.

Surviving Burgess are his parents, Mr. and Mrs. John E. Burgess of Ayden; two brothers, John M. and (Continued on Page Four)

Ford And Chrysler Get Strike Notices; GM Awaiting Reaction On Interim Offer Of Hourly Wage Increase

DETROIT.—(AP)—Announcement of an agreement between General Motors Corporation and the United Electrical, Radio and Machine Workers of America (CIO) providing for a 13-cents an hour increase for more than 20,000 employees, was made today in a joint statement of the corporation and the union.

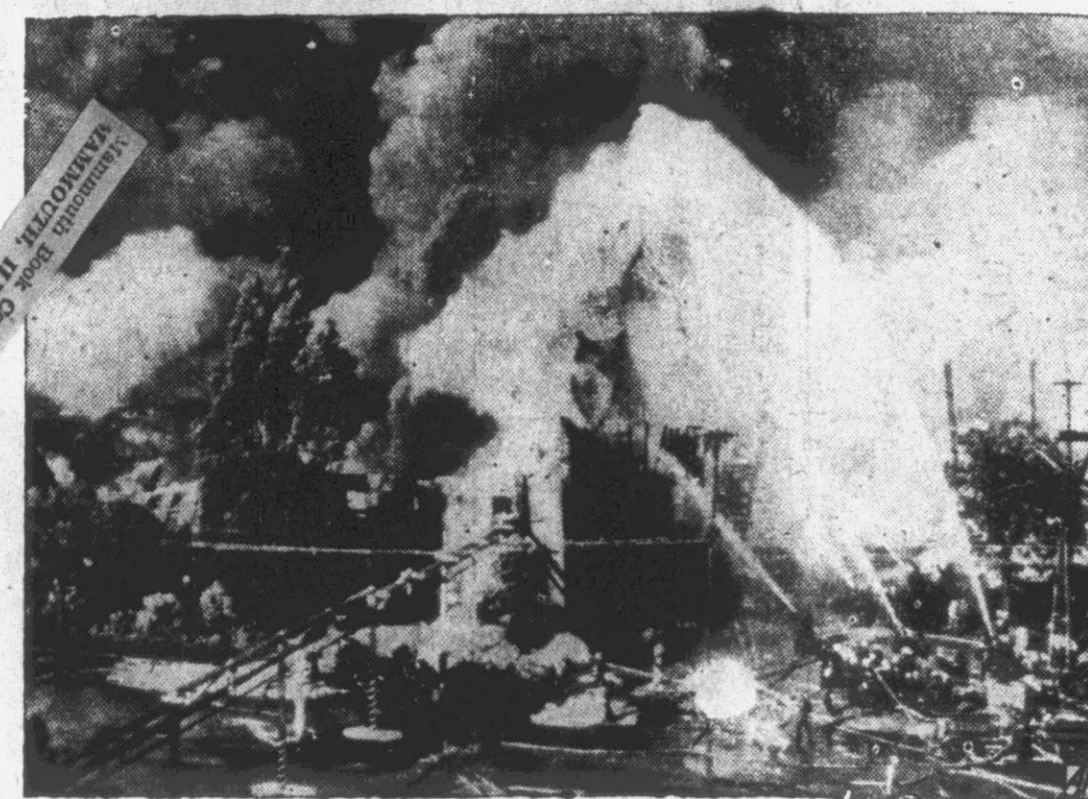

DETROIT.—(AP)—Strike threats faced two of the automobile industry's "Big Three" today as the third General Motors Corp., awaited official union action on an interim offer of a 10-cent hourly wage increase.

General Motors proposed that the "cost of living" wage hike be effective on approval until August when the corporation said it would again discuss wage rates for its 265,000 production workers.

Meanwhile the Ford Motor Co was threatened with a strike of supervisory employes by mid-day as the independent Foreman's Association of America executive board approved filing of a 30-day strike notice Sunday.

Fire Sweeps San Francisco's Treasure Island

Dense clouds of smoke bill up from burning buildings on Treasure Island, a pre-war exposition and then became a large naval base in San Francisco Bay. Firemen are pouring streams of water into the blazing installations. Five buildings, with an estimated loss of \$500,000. The navy said the origin of the fire was not determined immediately. No Guarantee

Washington.—(AP)—The Supreme Court today ruled that the Selective Service Act does not guarantee a veteran's seniority on his old job as long as he remains with his pre-war employer.

Justice Rutledge delivered the court's 7-2 decision.

Justice Jackson dissented and was joined by Justice Frankfurter.

The ruling was given on an appeal by the CIO United Automobile Workers and the Trailmobile Company, of Cincinnati, from a decision by the U. S. Circuit Court in Cincinnati which held that a veteran's pre-service seniority rights extend beyond his first year of re-employment.

Gromyko And Albanian Assail U.S. Aid Policy

Charge Attempt To Conceal Unilateral Action Under UN Stamp Of Approval; Delegates See Test In Holy Land Issue

Lake Success, N. Y.—(AP)—Russia charged today that the Truman administration was trying to conceal the unilateral character of the Greek-Turkish aid program by a belated effort to stamp it with the trademark of the United Nations.

In a sweeping attack on the Truman program, Gromyko, Soviet deputy foreign minister, told the Security Council that the amendment proposed in the U. S. Senate by Sen. Vandenberg only underlines the unilateral character of the proposed aid.

"This amendment even prejudices in what the Security Council and the general assembly must vote if they want to take a decision," he said.

Gromyko referred to Vandenberg's proposal that these U. N. organs ratify when, and if, the U. N. was called a halt to the aid program to supply the needed air itself.

"This can be explained only by the fact that the United Nations is ignored," he continued.

Gromyko spoke after Albania had voiced an objection to the \$400,000,000 American aid program.

The Albanian representative whose country is not a member of the U. N., expressed the belief that the U. S. program was in contradiction with the charter of the U. N.

Eisler Indicted By Grand Jury On Three Counts

Washington.—(AP)—A federal grand jury today indicted Gerhart Eisler, alleged communist leader, on charges of swearing to false statements when seeking to leave the United States in 1945.

Eisler, 54, a German alien who has been living in New York, also is under indictment for contempt of Congress. That charge was brought last February when he refused to testify under oath before the House Committee on Un-American Activities.

Today's indictment contained three counts. It charges him with concealing when he sought an alien departure permit from the State Department in 1945:

- 1. "That he was a member of the Communist party."
2. "That he had used and was known by various aliases."
3. "That the fact he had been in the United States within the last preceding ten years of the date of the affidavit."

Housing Commission Places Order For First Ten Houses For Veterans

The Greenville Veterans Housing Commission today placed its order for the first ten of the houses to be brought from Portsmouth, Virginia, to Greenville. Fifty houses are available in all for Greenville.

The Housing Commission is eager to meet the needs of the veterans as soon as possible. June H. Rose, president of the commission, today stated that the allocation of the remaining forty houses will be on a basis of "first come, first served."

MINERS BACK, JUNE 30 SEEN CRITICAL DATE

Safety Shutdown Ends; Gov't Loses Mine Controls Last Of June

Pittsburgh.—(AP)—Full resumption of soft coal production was promised today with the end of John L. Lewis' safety shutdown—

but the threat of a June 30 strike hung over the industry.

Prospects were bright, however for a return to near normal operations today and a rebuilding of industrial stockpiles.

Weekend orders in which Lewis directed United Mine Workers district officials to send diggers back to work in pits the union deemed reasonably safe promised a lively increase in production.

Resumption of large scale mining fuel consuming industries generally in good shape, thanks to adequate reserves. The work stoppage began April 1 with a six-day mourning period for Centralia, Ill. mine blast victims, and then continued until Saturday under Lewis' order that miners would stay at home pending federal inspection of all mines.

Still idle were some 123 pits out of 518 which Interior Secretary Kugler ordered closed until specific safety measures were taken. The other 395 have been inspected and found safe. Last week ended with production touching 60 percent of normal.

The June 30 strike threat stems from the fact that the date marks the end of government control of the mines unless Congress makes some other provision. And Lewis and the operators are still far apart on any contract to replace that now held by the UMW with the government. The miners staunch believers in a "no contract, no work" policy (Continued on Page Four)

RUSSIAN LEND LEASE TALKS

Soviet Agrees To Begin Negotiations For Settlement

Washington.—(AP)—The State Department announced today that Russia, after six requests, has agreed to begin negotiations looking toward settlement of the Soviet \$11,100,000,000 wartime lend lease account with the United States.

The negotiations will be held in Washington upon the return from Moscow of Ambassador N. Victor Novikov, who has been designated Soviet negotiator.

The U. S. will be represented in the discussions by Willard Thorp, assistant secretary of state for economic affairs, and officials of his office, the announcement stated.

After repeatedly ignoring American requests for settlement negotiations, the Soviet government told Ambassador Walter B. Smith on April 5 that it was now prepared to start discussions.

Russia has requested a one billion dollar postwar loan from the United States. A state department official told reporters that there was no reason why this matter could not be introduced in the lend lease discussions.

Report British Liner Is Aground

Southampton, Eng.—(AP)—A dock official reported tonight that the Cunard White Star flag ship Queen Elizabeth was aground off the entrance to Southampton harbor.

AQ Southampton docks officer reported the Elizabeth was upright and in no danger.

The 85,000-ton ship, world's largest passenger liner, was heading for the river, inbound bound from New York when she ran her bows onto a mud bank.

Five tugs were sent from Southampton to help pull the ship free. A sixth, the Romsey, which was attending the liner, also joined in the efforts.

President Silent On Wallace Talks

WALLACE SAYS WILL CONTINUE HIS CRITICISM

Defies Congressional Opposition; BBC Criticized In British Press

London, April 14.—(AP)—Henry A. Wallace declared in a statement today that "I shall go on speaking out for peace wherever men will listen to me until the end of my days."

The former vice president of the United States thus defied congressional criticism of the campaign he has been conducting in western Europe against President Truman's foreign policy.

"Only if a state of war existed could I be accused of giving aid and comfort to an enemy in expressing my point of view," he asserted.

The British Broadcasting Corp. was criticized in newspapers today for giving Wallace network time at a favored spot last night for a talk in which he asserted that "the immense power and wealth of America is being used for strategic and military purposes."

Wallace appeared tired from his 600-mile speaking tour in the British west midlands. He was not laughing as on Sunday when he first read reports of the strong criticism leveled at him for his utterances by Senators Vandenberg (R-Mich), Robertson (R-Wyo) and Eastland (D-Miss) and a section of the American press.

Earlier, Wallace drew some 4,000 (Continued on Page Four)

Vandenberg Reported Anxious White House Act Soon; Congressmen Say Justice Department Has "No Alternative" To Taking Legal Steps Under Logan Act

Washington.—(AP)—The White House turned aside today all questions as to what President Truman may do about Henry A. Wallace's speeches abroad criticizing U. S. foreign policy.

"No comment," presidential Secretary Ross said when reporters brought the subject up at his news conference. Bombarded with further questions, he added:

"There is no comment on the Wallace situation in any way, form or shape."

An opportunity for Mr. Truman to talk the matter over informally with prominent senators was presented by a capital luncheon. He arranged to have lunch with a group of old Senate acquaintances there before going to Griffith Stadium to toss out the first ball for the Washington-New York Yankees opening American League ball game.

It is apparent that the developments are confronting Mr. Truman with the choice of (A) cracking down on Wallace, or (B) facing charges that the administration's foreign policy isn't above politics.

Wallace, highly critical of the president's Greek-Turkish aid program, has been roundly criticized in Congress for remarks during his current speaking tour of England.

Friends of Senator Vandenberg (R-Mich), said the chairman of the Senate foreign relations committee will be disappointed if the president doesn't act, and soon!

Vandenberg is having his troubles as it is keeping some of his GOP colleagues in line for the president's program.

Meanwhile, Chairman Thomas (R-NJ) of the House committee on Un-American Activities said today the justice department has no alternative to taking legal action against Henry Wallace for the statements the former vice-president has made in Britain.

Talking with newsmen, Thomas said his committee today looked (Continued on Page Four)

Judge Sentences Dawson After His Conviction

Kinston, N.C.—(AP)—Joe Dawson, 58-year-old Kinston-Lenoir County recorder's court judge, was today a three to five year sentence today pending an appeal after his conviction of manslaughter in the October 13 highway death of Robert Bruce Johnson of Trenton.

Judge Q. K. Nimocks passed sentence in Lenoir Superior Court here Saturday at the conclusion of a five-day trial in which the state sought to prove the recorder was drunk at the time his car and one occupied by Johnson were in collision.

Dawson denied from the stand that he was drunk, although he admitted having had a drink prior to the accident. He presented several witnesses in support of his contention.

The recorder was convicted by a jury empaneled from Duplin County, after less than an hour's deliberation.

Judge Nimocks gave the defense 90 days in which to perfect an appeal.

Behind-Scenes Fight

One Republican Senator Says His Party Trying To Put President Truman "On The Spot"; GOP Labor Legislation; Truman's Suggestions; Must Sign—Or Else

By JAMES MARLOW

Washington.—(AP)—Senator Aiken of Vermont says the Republican leaders in Congress are trying to put President Truman "on the spot."

Aiken is angry at them, even though he's a Republican himself. It's some spot he's talking about. Here's the story, which is moving toward a climax.

In 1946 the great strikes so infuriated Congress, then run by the Democrats, it decided to put brakes on organized labor.

It passed a bill, called the Case Bill. This put more restrictions on unions than any bill ever before passed by Congress.

Instead of signing it into law, Mr. Truman vetoed it. That killed it because Congress couldn't get the necessary two-thirds vote to re-pass it.

How much the Republican victory—if any—was due to the voters' anger at Mr. Truman's veto of the Case Bill is not known.

The Republicans, fresh in the saddle, opened the new Congress in January determined to pass some kind of union-curbing law.

Before they had a chance to do anything, Mr. Truman stepped up with suggestions for some curbs although mild ones.

At the same time, he suggested Congress delay any long-range labor laws until it could make a long-range labor study.

The Republicans brushed this idea aside. They decided on action now.

They've worked for months on labor legislation. They're pretty close to voting now. The House votes this week, the Senate later bill and then compromise on a final version.

Both of the present bills go far (Continued on Page Four)

Worthington-McLawnhorn
Miss Patsy Jane McLawnhorn of Winterville daughter of Mr. Richard Herman McLawnhorn and the late Janie Tyson McLawnhorn was married to Mr. Ralph Conley Worthington, son of Mr. and Mrs. Jim Blaine Worthington of Winterville, on Thursday afternoon, April 10 at 5:30 o'clock in a lovely candle light ceremony at her attractive country home near Winterville.

The home thrown ensuite was artistically decorated in green and white, white gladioli, snapdragons, and calla lilies with southern smilax. Tapering white candles shed a soft glow as close friends and relatives gathered for the wedding. Prior to the ceremony Miss Virginia B. Cooper of Ayden as pianist rendered a program of nuptial music consisting of "Schubert's Serenade," "Claire de Lune," and "Valse" by Chopin.

Mrs. Wheeler M. Manning of Wilkesboro and Mrs. Charles L. McLawnhorn, sister-in-law of the bride, sang "The Sweetest Story Ever Told" as a duet, and Mrs. Manning sang "O Promise Me" as a solo.

Messrs. R. H. McLawnhorn, Jr., and Charles McLawnhorn, brothers of the bride, greeted the guests and William M. McLawnhorn, another brother, welcomed them to the scene of the wedding.

To the strains of the Bridal Chorus from "Lohengrin" the bridal party entered. Mr. Marvin and J. B. Worthington, brothers of the groom acted as ushers. Miss Daphne McLawnhorn was the bride's only attendant. She wore a dress of dusty rose silk, crepe, lace trimmed with matching flowered hat and accessories and carried a shower bouquet of pink roses and snapdragons. Master Richard Herman McLawnhorn, III, was the ring bearer. The bride entering on the arm of her father by whom she was given in marriage was indeed lovely in her cut-away suit of aqua gabardine, brown accessories and furs. She carried a prayer book, showered with baby white orchids and valley lilies. They were met at the altar by the groom and his brother-in-law, Mr. Thomas Langston, as best man. The Rev. Frank Morris, pastor of Lee Street Baptist Church in Richmond heard the vows. "The Wild Rose" was softly played during the ceremony and "Mendelssohn" was used as a recessional.

Miss McLawnhorn is a graduate of Ayden High School, studied two years at Meredith and graduated from the University of North Carolina in 1946. She is highly esteemed wherever she is known for her charming personality.

Mr. Worthington, a successful business man, is a graduate of Winterville High School and served two years in the European theater of war as a paratrooper. After a short wedding trip to northern cities, Mr. and Mrs. Worthington will be at home in Ayden, N. C.

Immediately following the wedding and the expressions of good luck and happiness, Mr. R. H. McLawnhorn and Miss Daphne McLawnhorn entertained informally. In the dining room from either end of a beautifully appointed table, covered with a Chinese linen cloth and centered with an exquisite center piece of baby callas, stocks, snapdragons and tall white candles, the guests were served slices of wedding cake and bridal loaves by Mrs. D. T. McLawnhorn and C. D. Langston. Mrs. R. H. McLawnhorn, Jr., served punch and decorated mints and salted nuts were passed by Misses Lila and Jean Worthington. Good-byes were said by Mr. and Mrs. Charles McLawnhorn.

Local VFW Post Installs Officers

The Charles Gray Morgan Post 7032 of the Veterans of Foreign Wars held its regular bi-monthly meeting Thursday night, April 10.

During the meeting the question of a state bonus for World War II veterans was discussed. After much discussion the Post went on record as favoring a bonus for North Carolina veterans.

The highlight of the meeting was the installation of new officers for the coming year. Past Commander Larry Averette administered the oath of office to the incoming officers. These include Walter Lewis, Commander, Clem Garner, Senior Vice Commander and Sam Roberts, Junior Vice Commander. Vernon Tyson was appointed post adjutant by Commander Lewis.

Other topics discussed were: the sending of delegates to the state encampment, ideas for improvement and expansion of the walking blood

Hope For Millions If We Conquer Cancer

By MRS. W. C. HARRIS

Millions who might be doomed need not die of cancer—if you and your fellow-citizens throughout each community in our nation will help. Prepare therefore to give this month to your local chapter of the American Cancer Society. Its great coordinated attack on cancer is literally opening a new era of hope for millions.

The aim of the American Cancer Society in 1947 is to build stronger permanent organizations throughout the nation from an educational service and research standpoint in the fight to control cancer. A minimum of \$12,000,000 in gifts is needed in the April fund-raising campaign in order to continue and to expand programs that have already been started.

By an Act of Congress and a Proclamation of the President of the United States April has been designated as Cancer Control Month. Leading citizens and medical men endorse the work of the American Cancer Society. Every thinking citizen of our great nation is urged to give so that the United States of America may continue to be a healthier nation.

North Carolina and Pitt County need your aid for education, service and research for our state and local situations are bad, particularly

bank and plans for the carnival and dance to be held during April. Plans were made for the next supper meeting to be held Thursday night, April 24.

Doctor's Discovery FOR FLUSHING KIDNEYS

Backache, loss of pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. Kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out increasing the flow of urine to help relieve that excess acidity and ease that burning when you pass water, helps that bladder irritation that gets you up nights.

Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Caution: take as directed. For free trial supply, send to Dept. Z, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

among our indigent people.

Detected in time, one-third of all cancer victims may be saved. The Society spreads knowledge which helps to save these people. It has launched the greatest program of cancer research the world has ever known. Through its state and local units it is helping to get better care for cancer patients in each vicinity, for a large percent of the money raised is kept at home to be used for this purpose. Funds, however, are urgently needed to maintain and increase the attack. Join this great crusade. Guard those you love. Prepare to give to the American Cancer Society this month through your local chapter. You will be called upon later.

We urge the most widespread co-operation possible through every segment of our community life to the end that we may fight the good fight and reach and exceed our goal in the 1947 Cancer Campaign. Let us dedicate ourselves to the continuing crusade against the menace of cancer until final lasting victory is achieved—and if we do, I am sure God will abundantly bless our efforts.

Cases Tried In Police Court

The following cases were tried in Police Court Friday:

Mexican Youth To Attend School Here

Cuahtemoc Andrade, 17-year-old youth from Aguacalientes, Mexico, and a son of a Christian minister arrived in Greenville today to be a guest in the home of Dr. H. Glenn Haney, pastor of Eighth Street Christian Church, and Mrs. Haney. He plans to pursue his education in the United States and will attend Greenville High School. He and James Haney, the minister's son, are friends. They met last year when young Haney spent some time in Mexico.

Young Andrade is a bright young man, has an interesting personality, likes people and is unusually ambitious.

Strength FOR THE DAY

By EARL L. DOUGLAS

LESSON OF THE STORM

Turner, the famous artist whose skill was particularly apparent in depicting mighty scenes of nature, once painted a picture of a storm at sea. He decided he could not paint the storm without experiencing it, so he hired a fisherman to bind him securely to the mast of his fishing craft and then put out into the teeth of a gale. They rode it through, and it must have been a terrible experience; but Turner caught a vivid idea of the nature of the storm. He expressed it later by saying that the storm blew itself into him. He came back and, with incomparable genius, put on the canvas the furious experience through which he had passed.

The storms of life mean something to us and help us only if they blow themselves into us. If all they do is knock us about, bruise us, and if all we think about is the hurt and terror of the scene, then we never learn the lessons of the storm. But when the storm blows itself into us, then we are different ever after because of the experience through which we have gone.

Out of Turner's experience came a great picture. Out of the experience of the rest of us, when the storm blows over us and through us, should come a new courage, a deeper insight, a more complete trust in the God in whose hands all things rest.

beyond Mr. Truman's January suggestions.

The House bill, tougher than the Senate's, puts far more restrictions on unions than the 1946 Case Bill would have.

The Republican-run Congress, instead of the one big bill which will turn out, could do a piece-meal job.

That is, it could pass separate bills to restrict unions in certain ways and end them one at a time to Mr. Truman to approve or veto.

Over the week-end the Republican leaders said they'll put everything into one big bill and send it to Mr. Truman to sign into law or veto.

He won't be able to sign only the part he likes and veto the rest. It will have to be all or nothing.

As it stands, he seems sure to veto it. It's so much tougher and more far-reaching than what he proposed in January.

It will stay killed if he vetoes it and if the necessary two thirds of the congressmen don't vote it into law over his veto.

But then who gets blamed—Congress or Mr. Truman—if great strikes and labor unrest rock the country?

The Republicans undoubtedly will say they handed Mr. Truman a bill to stop such trouble but he vetoed it.

He'll probably say the Republican bill went too far, was worse than no bill, and would have caused even more trouble and unrest.

So Mr. Truman will have some decision to make. That's why Senator Aiken—who favors piece-meal labor bills—said his fellow-Republicans are putting Mr. Truman on the spot.

But there's another side. Suppose Mr. Truman signs such a bill into law, reluctantly and protesting that it will cause far more trouble than it's supposed to cure.

Then, if violent labor troubles break out, the Republicans' political fortunes would suffer a blow.

Soviet commentators have accused the Americans of conducting a reactionary regime in the U.S. zone.

iron curtain across the border between the two. Behind that curtain it's claimed by the southern Koreans, intensive communication is going on.

Well, now, if Russia responds to Marshall's call and proceeds to carry out the agreement to establish an independent government, it will give hope that this may be a pattern representing Moscow's intentions elsewhere. However, if the Soviet refuses to give the Koreans their freedom under a democratic government, then the question certainly will arise whether Moscow has set any limit to its world expansion. For what is true in the Far East undoubtedly will be true in Europe.

Thus Korea is likely to give us a test of the temper of both Russia and the Western Democracies in the highly dangerous differences which have arisen over the realignment of zones of influence. And as previously remarked, the issue in Korea is more military than political—just as it is in connection with Greece and Turkey.

Any wage pattern emerging from settlements with "Big Three" manufacturers, employing some half a million workers, traditionally is extended to the smaller car producers.

In negotiations with General Motors and Chrysler the CIO United Auto Workers Union has demanded a 23 1-2 cents an hour raise, a guaranteed 40-hour week and other concessions. It is expected to present similar demands on Ford when new contract discussions start in May.

The current average hourly wage rate at GM is \$1.31. It is \$1.33 at Chrysler and \$1.39 at Ford.

General Motors' offer was extended to the CIO United Electrical Workers and United Rubber Workers, representing a relatively small proportion of GM employes, as well as the UAW-CIO.

He said his committee plans no action, that it is "clearly a matter for the attorney general to take action, and he'll have no excuse at all."

The treaty was on today's agenda along with further discussions of German political problems, but there was some likelihood that consideration of the measure may extend through tomorrow's session.

The Soviet Union is the only one of the four powers concerning whose position on this issue there is any uncertainty. When Byrnes proposed the treaty last April 29 at Paris, Molotov kept it off the conference agenda, and later the Moscow radio attacked it. Britain favors it.

Debaters Qualify For District Meet

Last week Greenville High School qualified its affirmative debate team for the district tournament to be held at ECTC Thursday afternoon at 2:00 o'clock. Greenville's affirmative team consists of Bernadine Worsley and Shelley Beard. They defeated the Washington negative team. Washington's affirmative debaters will likewise enter the district tournament for they won over Greenville's negative team composed of Frederick Brooks and Betty Anne Young.

★ Recently, a study was made to determine the present state of health and well-being of 78 diabetics who had been placed on a diet and Insulin twenty years before. Previous to Dr. Banting's discovery of Insulin in 1922, their chance of survival for more than two or three years would have been slight. It was found that 77 of the 78, or 98 percent, were alive and living active, useful lives. Diabetes cannot be cured, but scientific management under the direction of a physician gives comfort and happiness to otherwise hopeless people. Do not be misled by claims for so-called diabetic cures. There is but one safe treatment, and it is thoroughly understood by your physician. We maintain complete stocks of diabetic supplies, subject to your doctor's specifications.

Manager Pare Cutting Down Greenie Squad

Manager Johnnie Pare began the task of cutting down on the local baseball squad Friday when he released four players. Those receiving their release were Charles Alsnauer, outfielder; Maxwell, outfielder; Stibbe, infielder; and Wayne Stone, outfielder. Alsnauer and Stone were under contract to the local club whereas the other two were just trying out for positions on the team.

Friday also saw the arrival of Joe "Ironman" Alamo, righthanded hurler, who played with the Greenies last season. As soon as he gets in shape he is expected to take his turn on the mound. Alamo saw action in a total of 42 games last season and received credit for a total of 15 wins against 13 losses.

GHS TRACKMEN MEET RALEIGH

Local Team Encounters Needham-Broughton High This Afternoon

The early season edition of the GHS track team will travel to Raleigh this afternoon for a meet with Needham-Broughton High School. The local boys will be in the underdog role for the Raleigh team won the state meet two years ago, and placed second last year. Cain and Phelps are Raleigh's star lettermen. Turner and Evans are Greenville's "hopes" but the latter has a bad knee. Perkins and Tanner appear to be the best of the newcomers.

Probable entries: Perkins and Lewis in the 100-yr dash; Perkins, Lewis and Joseph, in the 220; Clark in the 440; Turner in the 880; Sideris in the mile event. Moore is expected to start in the high jump, with Perkins, Allen and Guthrie in the broad jump. Clark is entered in the high hurdles with Perkins, Sideris and Allen in the low hurdles.

Tanner and Gaskins will participate in the shot-put with Tanner, Joseph and Guthrie throwing; the discus, Tanner is also the lone entry in the javelin throwing.

PIRATES PLAY CHERRY POINT

Improved Squad To Meet Marines Here Tuesday Afternoon

The ECTC Pirates, after dropping their first three games of the baseball season, have been hard at work the past few days, in hopes of breaking into the winning column against the Cherry Point Marines here Tuesday. The two teams clash in a game scheduled for 3:00 o'clock on the college diamond.

A much improved squad will face the Marines in Tuesday's game. The starting lineup has not been decided, but Coach Cameron will probably start several new men in an attempt to take a win.

Thursday the Pirates play host to the ACC Bulldogs, at 3:00 o'clock. This contest opens again the struggle for the Bohunk Trophy, traditional award held by the winners in games between the two rival colleges.

Friday the Pirates move into Virginia to engage the Norfolk NATCO on that day. A game with the Lenoir Creek Amphibs will follow on Saturday.

Farmer And Wife Have Escape From Lightning

4-2 col Ill.—FARMER AN was Lester Allen, farmer on the Old Faithful farm, between Belvoir and the state prison camp, knows the meaning of hard luck and escape from sudden death.

Two weeks ago his house and contents were destroyed by fire. He and his wife and three children moved into a two-room cabin on the same farm. He installed new furniture and started housekeeping under cramped but livable conditions.

He and his wife had a narrow escape from death early Saturday when lightning struck his house in the room opposite their bedroom. The children were sleeping at a neighbor's house. The lightning jumped from windowshade bracket to bracket, wrecked a night-table by the bed, knocked off one bed post, knocked out the window sash, ripped off one side of the kitchen tore up a kitchen cabinet, melted

a metal flour bin, smashed dishes on the kitchen table and knocked out a piece of the ceiling over the sleeping couple. Allen and his wife were not injured, nor were they shocked. They were asleep on a "built-in" mattress when the lightning struck.

They both were alarmed, Allen said, but would not have gotten up if they had not smelled something burning in the kitchen where the lightning first struck. They found a window curtain on fire.

"If nothing else serious happens after the other house burned and lightning struck this one," Allen said to his father-in-law, Deputy sheriff Cletus Jackson, "every day in the year will be Thanksgiving Day with us."
