DECLARES TAX AND DEBT CUT IS POSSIBLE

Former Under-Secretary Of Treasury Speaks In Senate Hearing

Washington—(AP)—John W. Hanes, former Undersecretary of the Treasury, said today the nation could have both tax reduction and debt reduction if Congress proceeds with its "present plan" of slashing President Truman's 1948 budget.

Hanes was one of the first advocates of an income tax cut invited to testify before the committee which has devoted two days to hearing government officials criticize the bill.

Hanes told the committee: "The general feeling that the (federal) debt must be reduced during this period of prosperous business is most wholesome. I heartily agree. But to attempt to pay off debt without relieving the taxpayer of at least a part of his excessive tax burden is wrong. It will defeat the very purpose we are trying to achieve."

Hanes started capital tax experts April 9 when he predicted in a letter to the finance committee that the government would find itself with a surplus of \$3,000,000,000 at the close of the current fiscal year.

WILL NOT BE A CANDIDATE MAYOR'S JOB

Ty Wagner Withdraws Name, Expresses Thanks; Mayor Boyd Unopposed

By CHESTER WALSH Ty Wagner, prominent Greenville businessman and community leader, in an interview today with a Reflector reporter, said he will not be a candidate for mayor of Greenville and will not enter the Municipal Primary Election on Monday June 5.

Wagner, a Duke University graduate, noted professional ballplayer in his day, and connected with the John Flanagan Buggy Company, expressed appreciation for the courteous gesture of influential citizens encouraging him to run for mayor and promising to support him.

He filed notice of his candidacy for mayor several days ago, only a few moments before the deadline for filing, upon the insistence of friends, but stated at the time "After thinking over the matter, I may decide not to run."

Big Comedians And NBC Reach An Armistice

New York—(AP)—Any prospect of a battle between the big comedians and the NBC vice presidents seems to have reached the armistice stage already. After two nights and three shows by Fred Allen, Bob Hope and Red Skelton, in which gag references to the vice presidents and related subjects were cut off the air, the ban disappeared last night.

What happened was that NBC continuing to refrain from official comment, decided the situation had gone far enough. So through what was described as a "change in thinking on quotations about vice presidents," rather than any announced change in policy, the network gave carte blanche to its Wednesday night broadcasters, such as Dennis Day, to say anything they wanted to about vice presidents.

'Newburyport Plan' Spreading Fast As Communities Study Price Cuts

Newburyport, Mass.—(AP)—This seaport community's efforts to smash the props under high prices appeared to be spreading rapidly across the country today.

In response to Newburyport's appeal to join in a "patriotic" campaign to knock down prices 10 per cent, authorities dotting the nation from Vermont to California reported they would put into effect or advocate a program similar to that undertaken here two days ago.

STRONG FIGHT OVER CUTTING DEPT. BUDGET

GOP Digs In To Uphold 47 Percent Cut In Interior Dept. Funds

Washington, April 24—(AP)—Fighting a threatened uprising in their own ranks, house Republican leaders dug in today to uphold an appropriations committee recommendation for a 47 per cent cut in Interior Department funds.

But upwards of a score of western Republicans are dissatisfied with the proposed \$83,234,600 slash in reclamation bureau funds. Some are talking about joining with the Democrats in a drive to restore part of the money.

Some Democrats, too, want more than the \$1,371,000 recommended by the committee for the southwestern power administration. They may line up with western GOP members in a fight to restore part of the \$2,554,000 lopped-off by the committee.

Chairman Taber (R-NV), of the appropriations group indicated he would oppose any and all amendments. He was joined in that stand by Rep. Robert F. Jones (R-Ohio), chairman of the subcommittee which wrote the bill.

Theories Vs. Reality

A Commentary On Wallace's Declaration In Paris That America Should Pour Money Into Soviet Russia To Rebuild That Nation; Impractical In View Of Facts

Washington—(AP)—This country has poured billions of dollars into civilian aid for other nations since World War II ended. This probably can be written off as a success. It included food, clothing and fuel from U. S. military supplies, mainly in Europe for civilians left in urgent need in the wake of armies.

Seek Blueprint For Foreign Relief Bill

Washington—(AP)—Congress showed signs today of seeking a global blueprint of its own on foreign relief needs—and American ability to meet them.

House Halts Consideration Of Measure; World Needs And American Ability To Meet Them Under Fresh Review

That was the situation as the House delayed until next week a decision on the Administration's \$350,000,000 measure to do part of the relief job in Europe and China.

The House abruptly halted its consideration of the measure yesterday in the midst of (a) protests against "excessive" drains on the Treasury, (b) demands that Congress first find out the final amount to be needed, and (c) a controversy over handing any aid to Communist-dominated nations.

Meanwhile, however, the powerful House Rules Committee was taking these two important steps of its own:

1. It approved a measure to set up a 15-member House committee with broad powers to study relief needs and the domestic and international sources to meet them.

2. It ordered a hearing Monday (Continued on Page Four)

Hold-Up And Shooting Occurs On Duke Hospital Grounds

Durham, N. C.—(AP)—The head nurse of one of the wards at Duke Hospital, scene of seven fires touched off by a firebug Tuesday night, was shot in the back by an unidentified man last night while in the Duke gardens, directly behind the hospital.

The nurse, Miss Sue Taylor, 28 of Hillsboro, and a medical student, O. B. Williams, 28, of Austin Texas, were sitting on the steps leading into the gardens when the man walked up behind them, stuck a pistol in their backs and announced that it was a hold-up.

After relieving Williams of his wallet containing a small amount of cash and a wrist watch he marched them down into the gardens, where he shot the nurse in the back without warning and turned and fled.

The nurse's condition is reported "serious."

The police who are investigating said the couple never saw the man's face but think he was a white man.

Spending For Relief

U. S. Pouring Billions Of Dollars Into Civilian Aid For Foreign Nations Since End Of War; More Military Aid; A Breakdown Of Civilian Assistance

By DEWITT MACKENZIE

Former Vice President Wallace has produced a heavy crop of question marks and exclamation points by his declaration in Paris that Soviet Russia should get ten to seventeen billion dollars worth of goods and services under a fifty billion dollar world construction program which should be financed mainly by the United States through the United Nations.

Any such program would be the height of incongruity to those who agree with the Washington Administration's policy of aiding weak nations to stand off communist aggression. If both plans were in operation simultaneously we should have the weird spectacle of America sinking billions to restore Russia's war potential and at the same time expending other vast sums to combat a communist offensive. It might lead to another world war.

Of course, Wallace's proposal is not incongruous with his standpoint because he is campaigning against President Truman's plan for aiding Greece and Turkey to withstand the Red avalanche. The former vice president would give aid to Russia and to other war-stricken countries, including Greece.

As a matter of fact there would not be any incongruity in thus assisting Russia if she gave a satisfactory quid pro quo. The quid pro quo obviously would have to be that Moscow would halt such world-wide activities as have given rise to the Greco-Turkish situation. It has been the Western World's dislike and fear of communism which has so often dampened international relations since the Soviet government was established. It wasn't until 1933 that Washington recognized the Soviet Union, and then a promise was exacted from Moscow that it shouldn't inspire any further communistic activities in America.

But things have changed mightily since then. As matters now stand U. S. Assistant Secretary of State William Benton yesterday declared that Russia spends more for propaganda than the other big powers combined.

Sans Souci Club Meets

Mrs. Frank Wooten presided over a spirited session. Club members voted to give \$10 to the cancer club. Books were passed by Mrs. J. H. Blount.
Mrs. J. H. Waldrop, read for the program a most interesting letter from Mrs. Bishop, who is now living with her husband in Germany. At one time they made their home in Greenville. In a most entertaining way she described a tour she made of Switzerland and Italy in a group of forty people. She told of the exchange of money, restrictions of money, making it impossible to buy the beautiful things one saw, the hotel accommodations, lack of heat and food.

Rome impressed her more than any other city. There you are torn between sight-seeing and shopping. She saw the Catacombs, St. Peter's, the Vatican, Museum and Library, St. Paul's, St. John's, the Colosseum and did the Borghese and Piazza Fontana in a horse drawn carriage. She says "I understand a lot of things that these tourists who are here to meddle when they said, 'Rome and die.'"

On the return trip they stopped at Milan, having only six hours. They visited the cathedral, the guide having lived in Jersey City 16 years. She especially interested in them, the tower of the Leonardo de Vinci's "The Last Supper." It is not in the cathedral, but in a small building which was bombed and believed to be destroyed. She spoke of its getting its color and will be lost if not recolorized soon.

Rome everything is on a magnificent scale. To see the places where the ruins have enough of the original shape that one can imagine Julius Caesar watching there, or St. Peter is a moving experience. In passing from Switzerland to Italy one climbs up and up, passing through a light tunnel.

End of Century Club
Mrs. Ficklen Arthur was hostess to the End of the Century Club at its regular meeting on Friday afternoon.

Mrs. J. T. Little, president, called the meeting to order. Mrs. C. A. White, chairman of the Program committee, presented Mr. James S. Ficklen who spoke to the group on "Business Man's Viewpoint of Economic Conditions Confronting Nations Today." Mr. Ficklen's remarks prompted real thinking on the part of every citizen when we realize the standard of living in England has taken the form of a Churchills' speech when he charged that England is being driven into ruin and our Empire is being scattered and squandered by the present socialist government.

Further thinking is necessary when we realize the enormous amount required through taxation by the federal government for the administration of its various agencies.
Stepping into European affairs with money, arms and military advisers to aid Greece and Turkey will probably add millions to the expenditures. This, however, is only extending the Monroe Doctrine to Europe. It was set up to protect our security and our entry into Greece and Turkey would be for the same purpose.

After Mr. Ficklen's talk, the business session was held, books exchanged and committees named for the year.
The meeting was then turned over to the hostess. A salad course with coffee, cake and mints was served.

Women's Club Literature Dept.
The Literature Department of the Greenville Women's Club met Tuesday afternoon, April 22, at the home of Mr. and Mrs. W. H. Smiley, with Mrs. Smiley and Miss Marguerite Austin as hostesses. The Smiley home was attractively decorated with spring flowers.

In the absence of Mrs. H. H. Settle, chairman of the Literature Department, Mrs. W. H. Woolard presided over a brief business session before turning the meeting over to Mrs. Smiley, who was in charge of the program for the afternoon.
Mrs. Smiley presented Mrs. Agnes W. Barrett, whose appearance before the group had been anticipated with pleasure, especially by those who had heard her on previous programs. Mrs. Barrett pleased her listeners with her reading of "The Years Between" the popular play by Daphne du Maurier.
Invited guests for this meeting were Mrs. Dennis H. Cooke, Mrs. G. E. Barber and Mrs. Herbert Carter.

Need Not Embarrass

Just sprinkle a little FASTEETH, the alkaline "non-acid" powder, on your plates. Holds false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). CLYDE ERWIN SPEAKER AT NCEA BANQUET

Brilliant Affair At Woman's Club; L. L. Murray Was Toastmaster

By MRS. CHESTER WALSH

Addressing nearly 200 persons last night at the annual banquet of the Pitt County Unit of the North Carolina Education Association at the Woman's Club, Dr. Clyde A. Erwin, state superintendent of public instruction, Raleigh, paid tribute to the General Assembly for increasing teachers' pay, and proclaimed that society must select persons who would make good teachers and promise them financial security equal to that of other professions.

"We must vitalize the things we

teach in this post-war world in order to challenge the student's mastery of knowledge to better understand his environment," he said.

The educator reviewed general educational conditions, pointed out the needs for improvement, and reminded that teachers must be on the alert for changing conditions and meet new issues in a broad and comprehensive manner.

J. H. Moore, principal of the Farmville High School, who will become superintendent of schools in Pasquotank County, introduced Dr. Erwin.

Prof. Leslie L. Murray, principal of the Belvoir High School and president of the Pitt County Unit of the NCEA, presided and welcomed the guests. Incidentally, Prof. Murray has had outstanding success at the Belvoir school, where parents and students and teachers are effectively cooperating for the good of the school. Through his influence, the Belvoir Parent-Teacher Association is one of the best in the county.

Among the special guests recognized were Dr. Dennis H. Cooke, president of ECTC, and Mrs. Cooke State Sen. Arthur B. Corey and Rep. Frank M. Kilpatrick, and members of the County Board of Education; Miss Reba Proctor county supervisor of elementary education; Mrs. Ethel Tucker, secretary to the County Board of Education; Supt. Don H. Conley and Mrs. Conley, Greenville High School Principal O. E. Dowd and others.

Miss Rosemary Holmes of Farmville sang two numbers, "Without A Song" and "Smilin' Through," with Mrs. Berkeley Rutledge of Farmville as accompanist. Miss Pattie Jenkins of Belvoir was accompanist for group singing.

The banquet hall was decorated with a profusion of spring flowers. John T. Biggers, principal of Winterville High School, chairman of the Nominating Committee, recommended Mrs. Edna Earle Baker of Fountain for president of the Pitt County Unit of the NCEA, and Mrs. Beecher Flanagan of Winterville for vice-president. Prof. Murray installed the new officers with the impressive candle-light ceremony.

The following composed the committee on arrangements: Miss Alys Ray Taylor of Winterville, chairman; Miss Pattie Jenkins, Belvoir; Mrs. Arlene Davis, Falkland; Mrs. Pocollia Smith, Chocod; Mrs. Paul Clark, Grifton; Miss Ona Bliss Lewis, Grimesland; Mrs. Beecher Flanagan, Winterville and Mrs. Floyd F. Hendrix of Arthur.

GIRL SCOUTS' CAMP TO OPEN FIFTH SEASON

Many Improvements At Camp Hardee; New Camp Director Coming Soon

By CHESTER WALSH

The Greenville Girl Scout Council, at an enthusiastic supper meeting at the Rotary Club building last night, completed plans for the annual summer encampment at Camp Hardee, on Pamlico River below Chocowinity, which opens June 30. The Camp Committee made a gratifying report of improvements at Camp Hardee, including complete wiring for electric lights, a new water system, new cabins for the girls, improvement of the road leading to the camp and improved waterfront facilities.

Mrs. J. G. Riddick presided.

Camp Hardee's catalogue being mailed out to prospective girl campers is an advertising and literary gem—the best put out since Girl Scouting was organized here, and Jimmy Smith, the printer, donated it to the good cause. The camp opens this year on June 30. Enrollments are for 14-day periods. Already many applications have been received from various parts of the state.

An interesting announcement was that a plaque at the Girl Scout Camp, honoring the parents of Mr. H. M. Hardee of Norfolk, Va., a native Pitt Countyman, will be dedicated this summer with appropriate exercises. Mr. Hardee, a generous donor to the camp, and Mrs. Hardee will be there.

Mrs. Marguerite E. Whipple, a highly trained and experienced worker among young people, has been appointed camp director. She has a wonderful background. She will arrive shortly before the camp opens. In the meantime, Mrs. E. L. Henderson, acting executive secretary, will have charge of the camp until the new director arrives. Mrs. Whipple is in her thirties. She received her training at Wesleyan University, Harvard Medical School and the Cleveland Clinic. She has worked for the Board of Education at Dayton, O.; the U.S. Army from 1944 to 1946; the School Board at Colerain, Minn.; the Society for Crippled Children in Cleveland, O.; the Girl Scout Council of Nassau County, N.Y. and in Holyoke, Mass.

Members of the Girl Scout Council at last night's meeting were Mrs. N. S. Beard, Mrs. Carl Adams, Mrs. Sprull Spain, Mrs. E. L. Henderson, Mrs. J. G. Riddick, Miss Cleo Rainwater, Charles B. Bissette, Mrs. J. H. Waldrop, Miss Martha Lee Cowell, Miss Nell Stallings, Mrs. W. P. Moore, Mrs. J. Knott Proctor, Johnnie W. Overton, Mrs. Robert Thompson, Mrs. Robert Lark, Floyd F. Hendrix, Ollie VanNortwick, Jr., H. Lyman Ormond and Chester Walsh.

Money-Wise Cooks Serve Turkey

Are you money-wise this Spring? If so, you'll be serving delicious, plump turkey for Sunday dinner often. Yes, turkeys are plentiful and economically priced... and that adds up to plenty of good eating for all.

Roast Turkey

Sprinkle the inside of a Wilson's Certified Turkey with salt (2 tsp. for a 16-lb. bird). After stuffing, rub skin thoroughly with Advance Shortening. Place breast down on a rack in shallow roasting pan; cover with clean, white cloth moistened with melted Advance Shortening. Roast, uncovered, in slow oven and as cloth dries, moisten with fat drippings. If breast isn't sufficiently browned when bird is three-fourths done, turn breast side up. For that good butter-flavored skin, remove cloth about half an hour before turkey is done and brush skin with softened Clear Brook Butter.

Weight when stuffed	Oven Temp.	Roasting Time
8 to 10 lbs.	325° F.	3 to 3½ hrs.
10 to 14 lbs.	325° F.	3½ to 4 hrs.
15 to 18 lbs.	300° F.	4 to 4½ hrs.
18 lbs.	300° F.	4½ to 5 hrs.
20 lbs.	300° F.	5 to 6 hrs.

Good Companions
A successful dinner is "in the bag" when you serve Wilson's Certified Turkey with plenty of tasty bread stuffing, mashed potatoes and giblet gravy. New buttered peas and a salad of fresh pineapple and avocado provide just the right Spring note. Rhubarb sherbet will bring the meal to a perfect ending.

Week Day Magic
Leftover turkey will receive whole-hearted approval when it reappears on the table as Turkey Tetrazzini. Pour creamed turkey and mushrooms into a nest of cooked spaghetti mixed with half its volume of white sauce, sprinkle with grated Certified Cheese, brown in the oven.

Looking Ahead
Salvage the wishbone, clean well, and let it dry out thoroughly. Add a coat of bright enamel and save for a perfect ornament for a package, come next Christmas.

Sincerely,
George Rector

Strength FOR THE DAY By EARL L. DOUGLAS

THE MYSTERY OF MOODS Why are some people melancholy? Usually not because they are lacking in blessings. There seems to be almost no relationship between a melancholy state of mind and the conditions under which one lives.

Abraham Lincoln was a melancholy genius. So was Napoleon Bonaparte. Puccini, composer of "Tosca" and "Madam Butterfly" said of himself that he was melancholy because he was made that way. He suffered perennially and had a discontented spirit. We can appreciate the meaning therefore of the statement sometimes made that real genius is a kind of illness.

But those who are not geniuses are often melancholy. Sometimes a physical cause—indigestion, sluggish circulation, high blood pressure, liver or intestinal disorders may be the cause. Some people blame themselves with dark images which keep them continually stirred up. Probably the greatest cause of melancholy is rebellion against what one knows to be the right course of action for his life. Seldom are people melancholy over their troubles. More often are they melancholy over the ineffective way they handle life's good and bad circumstances alike.

WASHINGTON LETTER

Washington — "Father Time" — that's what they call Ralph E. Gould out at the U. S. Bureau of Standards, where he has been chief of the time section for nearly 20 1/2 years, though he's only a young 60.

Perfect time is maintained in accordance with three standard clocks which Mr. Gould keeps in a vault, 15 to 20 feet below ground level. Two of these clocks, which are kept at constant temperature and pressure, came from Germany, one from England. So exact are these clocks that they only run about 2-100 second off in a day. If that.

Horology is the science of measuring time and involves the construction of timepieces. About 2,000 persons are members of the Horological Institute. Besides amateurs and watch collectors, the membership includes students of horology who are seeking certification as professional horologists. Every May the Institute holds a convention in Washington.

Chief function of the Institute, however, is the examining of applicants for certification as horologists. Applicants first send a watch in to Mr. Gould at the Bureau of Standards. When he gets a group of these together he sends them to the Institute's examining board.

...ion he gets the certificate. Gould says that a lot of GI's are just about finishing the 18-month course in horology given at various schools about the country and he expects the testing board to have its hands full within the next few months putting watches out of order.

There are about 50 horological schools in the United States. Among the best known are the Bowman Technological school at Lancaster Pa., the Elgin Watch-makers College at Elgin, Ill., and the Horological Department of Bradley Polytechnic Institute at Peoria, Ill.

Washington.—(AP)—Sen. Taft of Ohio told the Senate today the labor laws must be changed because they have permitted many injustices, for the most part on behalf of unions.

Opening debate on the Senate's general labor bill, Taft said that on the surface the need for revision of the laws is due also to the large number of strikes which affect the general welfare.

"After due consideration and after weighing all factors involved, I have decided not to offer myself as a candidate for mayor of Greenville."

"I trust that all of my friends, who have been most generous in offering their support, will understand that my decision is based on the fact that my business plans for the next two years will not allow me proper time to devote adequate attention to both business and public office, if I were so honored by the citizens of Greenville."

"My civic interest in the progress of our city and good progressive government will continue and I hope that I may have the privilege of serving the community in some official capacity at a later date, when I can devote proper time to a position of public trust."

Wagner's withdrawal leaves only one municipal office for which here is a contest—alderman of the first ward. N. C. Brooks is the incumbent. Heber Tripp has filed for the office.

There appears to be very little public interest now in the approaching spring primary-election

Kids Cheer Babe Ruth, Legion Baseball Supervisor

Kids who have never seen Babe Ruth in action, but whose baseball fame has become legendary to them, still flock to see the "Babe" whenever he makes a public appearance.

With preparations being made all over the nation for the youthful baseball hopefuls participating in the American Legion Junior Baseball campaign of 1947, the big news of the year is the recent signing of Babe Ruth to help supervise the program by Ford Motor Company, which has been the major backer of the Legion Tourney since 1943. Babe's latest contract calls for base pay of \$10,000 a year plus a new de luxe car from the Ford Motor Company.

Benson Ford who signed for the "Babe," emphasized that the job is "for life" if Ruth wants it. In his first public appearance since he underwent a serious operation on January 6, he told an assorted crowd of baseball writers and others at the conference, "those sports writers know how I feel about kids. I love kids. They are the cause of my getting as far as I did. Naturally, they couldn't swab a jar for me, but their encouragement put me up so high. I am getting pretty old, and I want to do the right thing by them. This Legion program looks like the answer." The immortal Babe concluded his remarks to the

Pirates Secure Second Win Over Wilson Nine

By JACK HEDGEPEATH

The East Carolina Pirates continued their batting spree in Wilson yesterday, as they pounded out a convincing 8 to 5 win over the ACC Bulldogs. It was the second win of the season for the locals over their rivals from Wilson, and it enabled the Pirates to retain possession of the traditional Bunk Trophy.

Bob "Lefty" McCotter, who pitched a 1-0 win against ACC in the first meeting of the two teams was again on the mound for the Pirates. Although not as effective as he was in the first game, McCotter went the route, scattering thirteen hits throughout the nine innings. Pitching unsteady ball for the first four innings, McCotter settled down to shutout ball the rest of the way.

The Pirates jumped into an early lead in the second inning, scoring three runs on three hits and an error. With two away, Sam Stell singled to left. Abb Williams doubled down the right field line. Gaylord hit a roller to short, who threw wild to first, allowing Stell and Williams to score. McCotter singled to deep center. Gaylord scored on the play. Hester grounded out to end the rally.

Singles were added in the third and fifth, as George Wynne, Pirate slugger, doubled home a runner in each inning.

The winning run came in the seventh. Hester walked; Larry James doubled to center, moving Hester to third. Junior Hayes then slapped a single by third, Hester going home with the winning run.

James, Hayes, Wynne and Stell collected two hits apiece for the winners. The batting star was Chapin, Bulldog third baseman who collected four singles in five attempts.

Today and tomorrow the Pirates meet Guilford in Guilford.

"Buyers Strike" Over High Costs

New York—(AP)—New houses stand empty and unsold in many sections . . . plans for additional building are deferred . . . Mortgage lenders trim their appraisals.

Analysts of the construction industry agreed today these conditions signal the arrival of a "buyers' strike" against high costs and that only the elimination or reduction of many high priced factors will permit the hoped-for boom in building to get under way. Some softening of prices of building materials already is reported, as supplies overtake production.

On the other hand, new wage demands have been made by some building trades.

President Ray H. Goodmon, meeting with CPL officials' umps and pilots lay down "rules of order" to be followed on the diamond this year. CPL officials recently banned the continual squawking by players on balls and strikes decisions and decreed only skippers can protest such verdict to the men in blue.

Following the meeting the league officials, umpires, team managers scribes from various towns were guests of the Wilson Junior Chamber of Commerce at a "batter up" supper session at the Hotel Cherry.

Clint Paris, sportscaster of Radio Station WGTM, was master of ceremonies for the affair.

Manager Johnnie Pare yesterday cut down his Greenville roster to 18 men when he gave a release to Max Nessamer, outfielder. The Greenville roster at the present time is comprised of the following: Infielders Bill Lynch, Robert Pare, Tony Mendillo and Pete Luke; Catchers Paul Simmons, Jim Yeagle and Manager Johnnie Pare; Pitchers Johnny Foell, Rex Benton, Hank Ranweiler, Joe Alamo, Phil Redden, Adrian Hebig, Frank Husarik and Ralph Davis; Outfielders Willard Mauney, Charlie Chute, and Dick Fraker.

Last minute details were cleared up at a CPL league meeting held in Wilson yesterday afternoon.
