EIGHT KILLED IN COAL MINE BY EXPLOSION

Dynamite Blast Set
Off Dust Explosion;
Miners "Cleaning
Up" Pit

Terre Haute, Ind., May 1.—(AP)—Eight of 11 men working in the Spring Hill coal mines near here were killed by an explosion yesterday.

Bodies of the dead were brought to the surface during the night. Dr. C. L. Puckett, mine physician, said none of the bodies showed any signs of burns.

Rescue squads said the bodies found about 15 feet apart, indicated the men were walking toward the shaft when the explosion occurred.

Work of bringing the bodies out of the mine had been delayed, rescuers said, by a smoke pocket which spread over the black area. They said it was necessary to carry each body through circuitous, low, narrow passages more than a half mile to the mine shaft.

Three men who escaped unhurt from the shaft said the were knocked to the mine floor by a dynamite blast which the miners 1,000 feet back in the tunnel were setting off just 12 minutes before quitting time yesterday.

Wesley Harris, a veteran mine superintendent and mining instructor at Indiana State Teachers College here, said there apparently was no fire, and mining authorities surmised that the dynamite blast had touched off a dust explosion.

Crowds awaited the appearance of bodies at the tipple in the warm, moonlit night. The soft crying of women broke the quiet as each body was brought to the surface.

La. Cmdr. C. E. Fox, federal administrator of mines for Indiana said the mine has not been operating for production since the closing order issued by the government following the March 25 disaster in a Centerville, Ill. mine.

The Navy administrator said a "limited number" of men had been working in the mine under special agreement between the federal mine inspector and District 11.

R. J. Reynolds Plant Hit By New Walkout

Winston-Salem, N. C., May 1.—(AP)—Several thousand workers of the R. J. Reynolds Tobacco Company here struck shortly after midnight this morning.

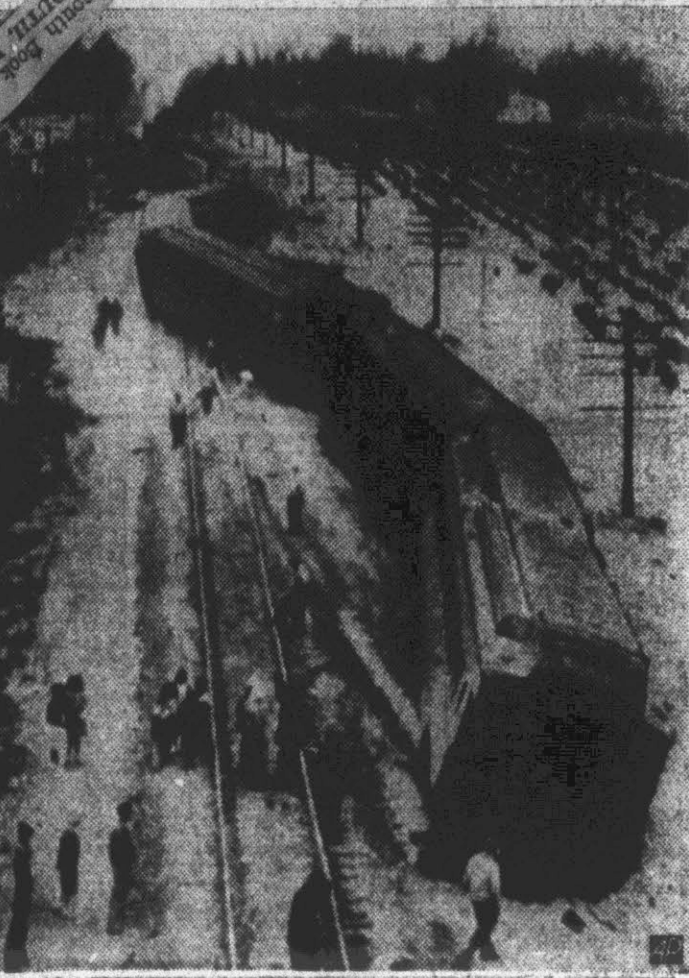

Workers on the night shift walked out a few minutes after midnight. Pickets carrying placards walked in front of the entrances. No disorder had been reported.

The Food, Tobacco and Agricultural Workers (CIO) Union called the strike after a conference, which lasted all day and up to the deadline hour, failed to bring agreement. The old contract expired last midnight.

The local union is asking for a 15-cent hourly wage increase. The company has offered an approximately six cent increase.

Union leaders said the company proposal would include only the three lower labor grades, or about half the production and maintenance employees estimated to number 11,000.

Br...n Rail Wrecked This Train

Cars of the Southern Pacific railroad's passenger train, "The Argonaut," bound from Los Angeles to New Orleans, are derailed along the track four miles east of Ontario, Calif., after running into a broken rail. Relief Agencies Move

50 Families Made
Homeless; One Chl
Homeless; One
Child Killed In Col-
lapsing House

Fairmont, N. C., May 1.—(AP)—Red Cross and other relief agencies moved into this Eastern North Carolina town stricken by a tornado today, setting up temporary quarters for more than 50 families made homeless by a tornado which killed one and injured at least three others yesterday.

The twister, striking in mid-afternoon when most of the rural section's inhabitants were engaged in spring tobacco planting, cut a swath about 31 miles long from near Dillon, S. C., to a point about 10 miles east of this town.

C. B. Stafford, secretary of the Fairmont Chamber of Commerce estimated property damage at \$250,000.

The only known fatality was listed by Stafford as Annie Powell, 4-year-old daughter of Earl Powell, a Negro farmer. Three others of his nine children were injured when their small frame house collapsed.

Powell told a reporter that the tornado was preceded by heavy rain and hail and that the first moment he sensed danger was when he heard a sound resembling the rumble of a train. The storm blew down trees like match sticks, Powell said.

Most of those left homeless were Negro farmers living in small frame dwellings. No major damage to

TRAIN WRECK, THREE KILLED

Two Freights And
Passenger Train In
Collision

Huntingdon, Pa., May 1.—(AP)—Three persons were killed today in a train wreck involving two freights and a crack Pennsylvania Railroad Flyer. Thirty-four were injured, eight seriously.

A Pennsylvania Railroad spokesman said that the New York-St. Louis Flyer, the American, jolted into rods of sheet steel protruding from the side of two gondola cars of a moving freight train at 1:47 a.m. (Eastern Standard Time).

The impact ripped a tremendous hole in the side of the fourth car of the American and damaged the engine, mail car and another coach. No cars were derailed, however.

A moment later another freight—this one moving east—ripped into the sheet steel protruding from the other side of the westbound freight and its engine and tender were derailed.

Ten of the injured were rushed to Huntingdon Hospital four miles west and 24 were sent to the Altoona Hospital 30 miles to the east.

All four main tracks of the PRR were tied up in the crash, the third fatal collision of the PRR's Middle Pennsylvania Division in three months. However, by 6 a.m. (EST) one of the tracks—the eastbound passenger route—was opened for service.

Follow Trail Of Records In May Lumber Deal

Washington, May 1.—(AP)—The prosecution in Andrew J. May's war fraud trial today pursued the trail of business records it charges were used to "cover up" payments it says a munitions combine made to the former Kentucky Congress member.

Prosecutor William A. Paisley said in U.S. District Court that the government will attempt to prove that purported invoices for lumber sales were made out and backdated a year after firms in the munitions combine sent \$33,000 to the Cumberland Lumber Company.

Harry S. Glick, a Chicago accountant, testified yesterday to sending the money to Cumberland in 1943 on instructions from Henry M. Garrison, organizer of the combine. At that time, Glick was employed by the Erie Basin Metal Products Co., one of the firms in the combine.

Glick said no lumber ever was delivered.

Helicopter And Boat Save Boys In River

Elizabeth City, N.C., May 1.—(AP)—A Coast Guard helicopter and a picket boat saved four boys from drowning yesterday after the youngsters' small boat capsized in the Pasquotank River.

The boys, all of Elizabeth City, are Jack and Peter Overman, Clay Foreman and Bill Jannette.

The helicopter spotted the boys struggling in the water and directed the fast picket boat to their rescue.

AFL-CIO Meet In Merger Parley

Lewis Grim As Top Men In Two Labor Groups Gather For Momentous Parley; Little Prospect Of Early Consolidation

Washington, May 1.—(AP)—Top leaders of the AFL and CIO faced each other around a conference table today and talked about merging the two great labor organizations while Congress debated slapping new restrictions on unions.

Committees representing the two groups met for the first time in four years to discuss consolidation into one combined labor movement of more than 13,500,000 members.

The gathering brought together John L. Lewis, chief of the AFL United Mine Workers and his one-time associate, CIO President Philip Murray. But there was little outward sign that the reunion went beyond the barest formality.

As they met and clasped hands, Lewis asked: "How are you?"

The five representatives of the CIO reached the hotel conference suite after the AFL delegation arrived. They went from one to another of the AFL representative shaking hands.

At one time, deep-voiced Lanier

J. Tobin, head of the teamsters union—largest in the AFL—found himself seated between Lewis and Murray. AFL President William Green was on the other side of Murray.

Tobin boomed: "I am sitting between three mine workers."

Murray was once vice-president of the UMW and Green was formerly UMW secretary-treasurer.

Turning to Murray, Tobin said: "You're a steelworker, though Phil."

"I was kicked out of the mine workers," murmured Murray, who also heads the CIO's steel workers union.

"We may get you back," Tobin replied. "We got Green back. He was out worse than you are."

There was a roar of laughter from some, but Lewis never cracked a smile. Lewis stripped Murray of the UMW post five years ago during a wrangle over policy of the CIO, with which the UMW then was affiliated.

Both Murray and Green said in advance that they had an open mind on the unity proposal.

But little optimism could be seen in either camp over the prospect of an early consolidation of the AFL's 7,500,000 and CIO's 6,000,000 members.

HINTS ENTRY AS CANDIDATE

W. P. Horton May
Run For Governor;
Cherry Mum

Pittsboro, N. C., May 1.—(AP)—Democratic national committeeman W. P. Horton, whose name has been mentioned as a possible candidate for governor, said in a statement today that "in due course and as promptly as circumstances permit, I will make my intentions in this regard known to the people of the state."

Horton, also former lieutenant-governor, had been mentioned as a possible successor to the late Joseph Bailey, U. S. senator who defeated Fumfrell Simmons when Al Smith was running for president.

Horton did not get the appointment, however, and Governor R. Gregg Cherry appointed his gubernatorial campaign manager, William B. Umstead of Durham.

Asked this morning at his press conference, if he planned to take an active interest in the next gubernatorial campaign, Governor Cherry said he had no comment. He previously had indicated he would support Umstead for renomination, saying "I made that appointment and I will stand by it."

Umstead probably will be opposed by former Governor J. M. Broughton.

Mob Disperses After Downpour

Pell City, Ala., May 1.—(AP)—Chief Deputy Sheriff Bob Alverson said a mob estimated at more than 300 persons gathered at the St. Clair county jail last night and a Negro arrested in connection with a rape case was wounded slightly by a shot fired into the jail.

The officer said a heavy downpour, which caused some of the crowd to disperse, and appearance of State Highway patrolmen apparently prevented a more serious disturbance.

St. Raphael School Registration Opens

Parents who plan to send their children to St. Raphael's School for the next term will have the opportunity to register them between 4 p.m. and 6 p.m. each day between May 1 and May 10.

The school will accept pupils for the first and second grades. Classes will also be conducted for children of kindergarten and nursery age.

Russian Armed Forces Called On To Maintain Their Fighting Strength

London, May 1.—(AP)—Russia's Minister of the Armed Forces, Nikolai Bulganin, called on the Soviet Army, Navy and Airforce today to maintain "their fighting preparedness" in an order of the day issued as millions celebrated May Day—Europe's Labor Day.

Many nations, which have veered to the left since the war, joined with the Russians in observing the day, holding mass rallies and parades in capitals and other cities to coincide with a show of Soviet military strength through Moscow's Red Square.

It was a legal holiday for the first time in Belgium and Norway. Workers in France also got the day off and in Russia a three-day holiday was proclaimed as Moscow set off the biggest May Day celebration there since the war.

The Russian order of the day, broadcast by the Moscow Radio, directed that the "international holiday of the working people" be observed by the firing of a salute of 20 artillery salvos in Moscow and a score of other cities.

It said that Russia's foreign policy and efforts toward a "lasting democratic peace" are "meeting with the approval and support of the progressive forces of the entire world."

"All our people, guided by the great leader and teacher Comrade Stalin are steadfastly overcoming post-war difficulties and achieving victory after victory on the front of peaceful labor," the order continued.

Phone Strike Leaders Call On Pickets To Stand Firm

PRES. ALEMAN
TALKS BEFORE
JOINT SESSION

Tells Congress De-
mocracy's Strength
Lies In Convictions
Of Men

Washington, May 1.—(AP)—President Miguel Aleman of Mexico told a joint session of Congress today that "democracy, if not backed by force, whets the appetite of dictators."

He said "the most powerful force to uphold democracy lies not in tanks and ordinance, but in the conviction of the men who, when conflict finally breaks out, will drive the tanks and fire the cannon."

Speaking in his native Spanish the mustached young visiting President added that civilization wanes "when the state curtails individual freedom x x x to impose its will on that of a political party" on its citizens.

"Civilization is the onward march to the full liberation of man," Aleman said, the process of "making man fully conscious of his own rights, entitling him to demand the same respect for them that he renders the rights of others x x x."

He declared that any nation "under a tyrant's rule is not to be trusted. Nor can other countries live in security beside it."

Aleman said the mission of the United States in the troubled peacetime world is "to insure for the democracies a future of justice and freedom."

The recent war, he continued, taught the republics of the Western Hemisphere that "isolation is not a good formula for living. It is not good tactics for security."

Aleman called the U.S. Good Neighbor Policy "the truest expression of the will for peace in this (Western) Hemisphere."

Aleman was the first Latin Amer-

HOPE DIAMOND PUT IN TRUST

Ill-Famed Gem Kept
From Grandchildren
By McLean Will

Washington, May 1.—(AP)—Mrs. Evelyn Walsh McLean made sure of keeping the famous Hope Diamond and its traditional ill fortune away from her seven grandchildren for at least the next 20 years.

Under terms of the wealthy society matron's will the hard luck jewel, along with the Star of the East and other gems in her fabulous collection, will be held in trust until 1967.

Friends of the family said today there is an excellent possibility the collection will be placed on display at the National Gallery of Arts or the Smithsonian Institution.

When the youngest grandchild, Marie Spears Reynolds, reaches the age of 25, all seven will be asked to agree on a property division plan for splitting up the gems. If they cannot agree, the jewels will be sold and the cash distributed equally among the seven.

Mamie Spears Reynolds, 4, the daughter of former Sen. Robert R. Reynolds and the late Evelyn Washington McLean, whose 25th birthday will be in October, 1967; John R. 7, and Evelyn, 4 (5 in June), children of John R. (Jock) McLean; and Emily, 7, Edward, 6, Ronald, 3, and Michael, 1, children of Edward B. (Ned) McLean.

U.S. To Extend Mexico Credits For Projects

Washington, May 1.—(AP)—President Truman and President Aleman of Mexico announced today the United States will "approve additional credits" to Mexico and that the two nations have agreed "to stabilize the rate of exchange between the peso and the dollar."

A joint communique said the amount of the credits are not estimated, but will be used "to assist in financing a number of projects" presented to the Export-Import Bank by the Mexican Government.

The projects, it continued, "are designed to make the greatest and earliest contribution to the economy of Mexico."

The communique added: "Both chiefs of state have agreed that their respective administrations must exert all efforts to raise the standards of living in their countries by increasing productivity and, consequently, the purchasing power of their peoples."

SAM WARREN MUST SERVE PRISON TERM

Virginian Loses Ap-
peal Supreme Court
In Ayden Sugar
Theft Case

In an opinion handed down yesterday, the late Supreme Court upheld the 5-7 year prison sentence meted out to Sam Warren by the Pitt County Superior Court for his part in the theft last October of 10,000 pounds of sugar from the Demain Foods, Inc. pickle factory at Ayden.

Warren and four confederates—John McLawhorn, Raymond Jarvis John Goode, and Needham Loftin—allegedly entered into a conspiracy to perpetrate the theft and subsequently did so, the record shows.

According to testimony in the Pitt County trial last September, Warren and his three confederates approached Loftin, night watchman at the Ayden factory, and offered him \$20 a bag for sugar. Loftin declined the offer at the time, but promised "to think it over."

Subsequently, he wrote Warren at his home in Hickory, Va., and agreed to let him have the sugar. On October 4, Warren's three confederates staged a pretended hold-up of Loftin and got the sugar. After the theft, Loftin went to Warren's home in Virginia to collect and Warren paid him \$200, promising to pay the remainder at a later date.

When Loftin was arrested, he implicated the others. Warren at first denied any knowledge of the affair but later confessed. Two of the defendants pleaded guilty, while Loftin acted as State's witness.

Warren was sentenced to 5-7 years for conspiracy, 5-7 for larceny, and 2-3 years for receiving stolen goods, the sentences to run concurrently. McLawhorn was sentenced to 3-5 (Continued On Page Eight)

"Important Develop- ments" Predicted At Negotiations Going On In Capital; Offi- cials Sent To New York To Head Off Back-To-Work Movement

Washington, May 1.—(AP)—Telephone strike leaders called on pickets to hold their lines today as government conciliators predicted an important development at negotiations going on in the capital.

The National Federation of Telephone Workers, directing the 25-day walkout, sent officials to New York in an effort to head off a back to work movement and persuade members of four independent unions not to accept a tentative settlement.

Peter J. Manno, a government conciliator, said a break might come at 4 p.m. (EST), conference here between officials of the American Telegraph and Telephone lines division and the American Union of Telephone Workers.

The development failed to materialize as expected yesterday, but Manno told reporters it was only postponed and "you can expect it at 4 p.m., today, although something might happen before that time."

He replied "no comment" when asked about the government plan to propose a wage hike of \$4 to \$6 weekly as the basis for getting wage talks started in the long lines division. The NFTW is demanding \$6.

Henry Mayer, attorney for the striking unions, told reporters the development expected yesterday was to have been "a substantial money offer from the company."

However, long lines officials declined to comment on this report and John J. Moran, head of the union involved, said he had not heard of it.

Strike settlements between the New York Telephone Company and four independent unions, the Bell Telephone Company of Pennsylvania and another independent union, were announced early yesterday.

But by lightfall the New York settlement was in doubt. The traffic employees association, with 18,000 of the 37,000 members affected, voted to observe picket lines and postpone returning to work for a few days. No decisions were announced immediately by the three other unions. These New York and Pennsylvania unions are not affiliated with the NTFW.

Lightning Sets Building Afire; Narrow Escapes

Lightning during a storm yesterday afternoon struck a storage house in the back yard of Mrs. R. A. Tyson, 423 West Fourth Street, ripped out some of the flooring, set the building on fire, then jumped to a tree and thence to her house. The bolt knocked Mrs. Tyson down, considerably shocking her and smashed a quantity of china-ware; then knocked down her son, Vernon Tyson, who was standing on the front porch. Some men from Mrs. J. E. Winslow's home nearby put out the fire in the storage house.

Reports from Farmville today stated that an unusually heavy fall of hail occurred in that section during yesterday's storm.

Reports On Greece

In Planning Relief, Our Government Has Two Studies
On Greek Problem To Clarify What Must Be Done;
Both Versions Tell Pitiful Story Of A People

By JAMES MARLOW

Washington, May 1.—(AP)—The country, in planning to give aid to Greece to stop the spread of communism, begins a new foreign policy.

No one knows how many other countries we may have to help in the same way or whether all this will lead to war with Russia.

So what do we do in and for Greece may change the course of history. For that reason, what we do about Greece involves you. What do you know about the Greek problem except perhaps something vague like this:

There's a lot of poverty there and the Greek government is having trouble with the Greek communists.

Two studies on Greece—on what is happening there, and why—have been made public this week.

One is a report by a special economic commission, headed by Paul Porter, which this government sent to Greece to investigate.

The other is a book—"The Greek Dilemma: War and Aftermath"—written by William Hardy McNeill and published by J. B. Lippincott. McNeill, a major in the war, was

in Greece as assistant military attaché from November, 1944, to June of 1946.

Porter's commission made its concentrated investigation of Greece from January 18 to March 22, 1947.

The commission's report tells a pretty sad story of the Greek people at this time, politically and economically.

In short, it says the Greek people, drenched in poverty and politics, feel hopeless about getting on their feet by themselves.

It says:

"There exists a wide disparity in the living standards and income throughout all Greece. Profiteers, that is traders, speculators and the black marketeers thrive in wealth and luxury, a problem with which no government has effectively dealt. At the same time the masses of people live on a bare subsistence."

The Porter commission's report runs about 60 pages, a sorrowful picture of a people chopped to pieces by war.

And in the end Porter's commission suggests the Greeks will have to have help from other countries for perhaps five years.

India's Great Curse

Some Terrible Wrongs Will Be Partly Righted If India's
New Constitution Includes Abolishment Of "Un-
touchable" Caste; The Outcasts' Background

By DEWITT MACKENZIE

One of the world's most terrible wrongs will in some small measure be righted if the projected constitution for an independent India abolishes the doctrine of untouchability as has been voted by the Constituent Assembly.

The Untouchables are the lowly folk who are outside the four classes of the Hindu caste system and have been condemned to live as outcasts. They are called Untouchables because their very presence is supposed to defile their superiors and their plight is little better than that of those other pariahs—the wild Indian dogs who by day skulk outside the villages and by night run howling through the alleys in search of food with which to fill their gaunt bellies. Indeed the dog is the more fortunate, for he escapes the mental suffering of these human outcasts.

There are some 60,000,000 Untouchables—about one fifth the entire Hindu population—whose only sin is that they were born outside the Pale. God made them in the form of other men, but the caste system for hundreds of years has challenged the wisdom of the Almighty.

The Untouchable cannot live within that part of a village inhabited by caste Hindus. He dwells just outside the village in a little community of his kind who repre-

sent perhaps ten percent of the village's population. These outcasts have no economic independence and no rights. They can't own land and are dependent on the caste village for their very existence.

Because their touch defiles the Untouchables must eke out their precarious existence by emptying night-soil and performing similar lowly tasks for their masters. The code of untouchability even says that they must wear filthy clothing. They may not use water from the village well, because they would defile the well, and so they must drink elsewhere. Thus runs the horrible story.

Not being restrained by this law of untouchability, your correspondent has risked his standing in society by visiting the settlements of outcasts attached to some of India's 700,000 villages. Yes, there are many, unbelievable though it seems.

I found the Untouchables a friendly, kindly folk who were filled with wonder at my descent to the depths. Still, in their humble way they were as pleased as terrier puppies at being noticed by the "master class."

Of course they were wholly ignorant, but their mentality was every bit as high as that to be found in the village proper, and the poor mud huts which they call—

Choir Rehearsal
The choir of the Christian Church will meet for rehearsal tonight at 8 o'clock at the church.

Chorus Needs Practice.
"Looking in" on rehearsals for the Kiwanis minstrel to be given at the college May 14-15, gives the observer the impression that if the chorus expects to make a hit, the members need practice and lots of it. Failure of many members of the cast to report for rehearsals has been disappointing. The quartet and specialty feature numbers are trim, sparkling and ready to go, but that chorus woefully needs more rehearsing. Kiwanians who are not in the show said. Proceeds of the minstrel will be allotted to underprivileged child work.

THE DAILY REFLECTOR

May 1, 1907

This has been an ideal May day. Strawberries are on the market at 25 cents a quart.

Ice cream delivered anywhere in town, \$1.50 per gallon.

The condition is very much the same around here as it is in Greenville, the only difference being plenty of laborers that don't want to work. Wages are higher than ever before. An ordinary slovenly laborer with no skill whatever demands \$1.25 to \$1.50 per day and that day must include late arrival and a hand out dinner—New Bern Journal.

Clie Book Club

On Tuesday afternoon Mrs. Agnes Barrett was hostess to the Clie Book Club. Upon arrival, assisted by Mrs. A. D. Frank, she served a delicious sweet course with coffee and nuts.

After a short business meeting presided over by the president, Mrs. H. W. Hawes, Mrs. W. S. Bost gave a review of the novel, "Skinny Angel," by Thelma Jones.

Mrs. Jones is the eldest daughter of the "Skinny Angel," so called because her greatest ambition was to be skinny. She realized that she would not obtain this on earth, so she hoped in the hereafter she would be skinny enough to slip through the bars of heaven and wear lovely plaid wings with ruffles. Here on earth she was the wife of a teacher and mother of five children. The novel is a story of humor as well as one of brave determined courage to find fun in life despite so many harrowing circumstances. When she was old she couldn't realize it because she felt she was young inside, young enough to skip and dance, and

that there were many things yet to do.

Books were distributed and the meeting adjourned. Mrs. A. D. Frank was guest for the afternoon.

Mrs. W. C. Vincent gave instructive news items and Mrs. Milton White called attention to several words frequently mispronounced followed by some bits of spice.

Having completed a bit of reference work on stamps Mrs. D. L. Moore gave her findings concerning especially with women pictured on stamps also numbers of extraordinary stamps depicting persons and scenes.

Mrs. T. I. Moore and Mrs. P. S. Corbett assisted the hostess in serving a delicious ice course during the social hour.

Red Oak News

About one-hundred five members and friends of Red Oak Sunday school enjoyed a barbecue supper at the Club Center Tuesday night. Mr. William Stocks cooked the barbecue and everyone declared it was as good as they ever tasted.

After supper all gathered around the piano and many old love songs, hymns, rounds and action songs made the rafters ring. Special numbers were dedicated to our superintendent, F. L. Allen and to Mr. Billy May and others. A wonderful time was had by all, but the men declare they are not going to let the women beat them next year.

So far as we know now the last performance of the Red Oak Minstrel will be held at the Red Oak Club House Friday night, May 2, at 8 o'clock. Many of the folks in the neighborhood have been with us whenever we have gone and we know they will be there Friday. We have turned Mr. Hubert Crawford loose, so there is no telling what will happen Friday night. If your ears are sensitive, you had better stay home! Folks, it's just a minstrel, and what else would you expect? Come, and we guarantee you will see more and hear more for your money than you have ever heard before. Look for our ad elsewhere in this paper.

A LETTER FROM MR. BRAXTON

Claude D. Tunstall, General Agent, Centennial Life Ins. Co.

Dear Sir:

Check in full settlement for my claim for influenza received. We mailed the claim Friday and check received today. Four days service is prompt.

I especially like my combination policy as it pays me for sickness or accident, natural death or double for accidental death. If I live twenty years the policy is paid up and I have the privilege of the cash or double the amount in paid up insurance. I recommend this to the man who works by the hour or to business or professional man.

Best wishes, I am

Yours sincerely

Strength FOR THE DAY

By EARL L. DOUGLAS

JUDGED IN THE SUNLIGHT
In his first battle to the Philippines, Paul says that the members of that church "may be sincere and void of offense unto the day of Christ."

The word "sincere" is interesting because this English word is translation of a Greek word which means "judged in the sunlight." The Greek language is noted for its fine shades of meaning and expression. What Paul says here is: "I pray that you may always live in such a way that your life can stand to be judged in the sunlight." That is a rigorous test indeed.

In police departments in large cities, they have every now and again what is known as a line-up. This consists in bringing criminals to a platform and turning on them the strongest of spotlights, so that witnesses and detectives may have a chance carefully to examine them. What St. Paul was speaking about is something vastly more searching than that.

How few of us would be willing to turn our lives inside out and let the world see day by day what we think and purpose in our hearts. Yet every day and every moment of the day God Almighty looks into the heart of every individual and sees exactly what is transpiring. It takes solemn care on our part to be able to stand the ultimate test before God and man—to be judged in the sunlight.

WASHINGTON LETTER

COURTESY FIRST IN QUALIFICATION OF A CAPITOL COP
By JANE EADS

Washington — Courtesy is the first law to be observed by the long-armed of the Capitol Police Force, says their new captain, William J. Broderick.

For 19 years a member of the Pennsylvania State police, Capt. Broderick figures that the people who come up to Capitol Hill, whether to legislate or just to look, help pay the salaries of the men on the force.

So it's got to be "yes sir, no sir, yes ma'am, no ma'am" all the time and no wise cracks ever.

Lt. William Ballinger, a veteran policeman of 10 years' service, who instructed the rookies on the force, told them that they must be alert at all times.

He told them how to behave, how to dress, how to enforce regulations in the Capitol, in the Senate and House office buildings and on the grounds surrounding these buildings.

Capt. Broderick, who came to Washington to head the force after four years in the Army, which included 20 months in the Aleutians, opened the brief training school the other night.

He told the men that drinking on the job would not be tolerated, that any man with liquor on his breath would be fired. He said that uniforms must always be neat, blouses must be buttoned and that hats must be worn straight on the head and not cocked to one side.

"And don't lay your pistols down—anywhere," he said. Lt. Ballinger recalled he had laid his down somewhere once and it took him two hours to find it—right where he had left it.

There are 142 men on the Capitol police force. They get an average of \$2,000 base pay with overtime and other allowances bringing it up to \$2,900. They are divided into three shifts of eight hours each—a.m. to 4 p.m., 4 p.m. to midnight, midnight to 8 a.m.

The hardest job his men have is handling an average of three or four persons a week who have a grudge against the government.

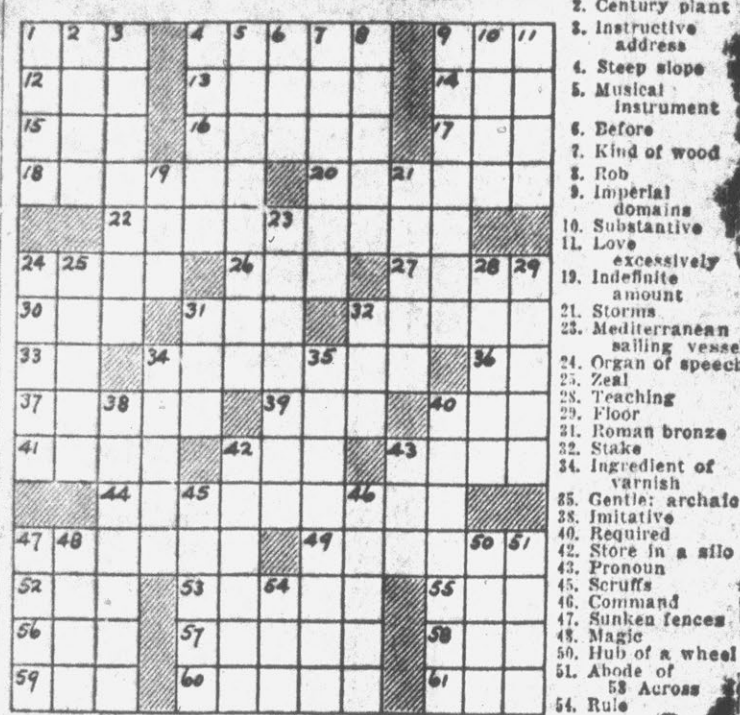

"They come to the Capitol to get even any way they can," he said, "and they have to be handled with care. Sometimes it takes three or four men to handle a single case." Capt. Broderick is a modest man. His 19 years' police service is "not

"Hindus" were as well kept as were the abodes of the mighty Mahatma Gandhi, who has done much to alleviate the plight of the Untouchables, has named them "Harijans" which means "elect of God." Strangely enough one of India's noblest men is an Untouchable. He is Dr. Ambedkar, who has spent his life championing the cause of his people. His father was a soldier in the Indian Army at a time when Untouchables were allowed to serve in the force, and so the son got a start on education. Then that princely humanitarian, the late Gokhale of Baroda, sent the youth to Columbia University in New York where Ambedkar won a doctorate.

Here is a letter from a farmer about an experience he had with natural soda on his corn. It is offered here in the hope that you will find his suggestion helpful and profitable.

The Farmer's Forum
from Uncle Natchel's Book of Experience

"There is a general feeling in my section that corn yields are too low. With high labor and everything, we must make more corn if we are to continue growing it at all. Last year, I had a high nitrate demonstration right through the middle of a big field of corn. One thing I noticed, to my surprise, was that billbugs hardly bothered that strip at all, while they did considerable damage to the rest of the field. So the higher yield, that I expected and got from the extra soda, was raised still higher on account of escaping the bug injury there."

Weak, Watery Blood
Blamed for Making Men and Women Look and Feel Older

THAN THEIR YEARS

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regaining glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic, nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm fresh fill out hollow places. Tired Kidneys Often Bring Sleepless Nights

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. When they get tired and don't work right in the daytime, many people have to get up nights. Frequent or uneasy passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect this condition and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may also cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

by the heavy slugging which has prevailed throughout the last few games.

George Wynne, Garland Little, Junior Hayes, and Jessie Boyd are batting well over the .350 mark. Wynne, boasting a .395 average, drove in seven runs against Cherry Point to boost his lead in the RBI department.

The pitching staff, which has been seriously handicapped through the lack of fielding support, is led by Bob "Lefty" McCotter with his two wins against no losses. Against Cherry Point Bob was well on his way to his third victory when he was lifted for a pinch hitter. Bill Fulp relieved him in the eighth and received credit for the win. Garland Little and "Judge" Morrisette hold the other two ECTC victories. Both were effective in their respective games.

MILITARY MEN ORGANIZE TO DO GOOD WORK

Reserve Officers' Association Favors Military Training; Meet Here

By CHESTER WALSH
The Lenoir-Pitt Reserve Officers Association, with headquarters in Kinston, had a supper meeting at Respass' Barbecue Tavern here last night, completed organization of the group, appointed committees, and outlined the association's policy. Lt. Col. Meriwether Lewis of Kinston, president.

Lt. Col. T. K. Fountain of Falkland, reporting for the Legislative Committee, said Secretary of State George Marshall's report of the Big Four meeting in Moscow will have a tendency to wake up Congress and inspire that body to do something about increasing military training for national security.

It was explained at the meeting that the Reserve Officers' Association is an organization of officers banded together for the purpose of supporting and assisting in the development and execution of a military policy for the United States which shall provide adequate national security.

It was pointed out that in Lenoir and Pitt counties there are about 300 officers eligible for membership. There are two kinds of membership—active and associate. Any person holding a reserve commission in the armed forces (except those eligible for active membership), or any former officer warrant officer or flight officer of the armed forces whose separation from the armed forces occurred under honorable circumstances, shall be eligible for associate membership with all rights and privileges. Women officers, or former women officers also are eligible.

Lt. Col. Lewis last night appointed the following committees:
Program—Maj. E. B. Marston of Kinston, Lt. Col. J. S. Jenkins and Capt. F. H. Worsley of Greenville.

Revival Enters Its Fifth Day

"How well do you know Jesus Christ?" Rev. J. A. Neilson asked his listeners at the Immanuel Baptist Church last night. Using as this theme: "The Unknown Christ," Mr. Neilson stated that Christ is not known in the world today. He is not known in the world of business, where shady deals are put over daily, where unjust profiteering exists, and where a greed for money leads men to break all rules of fair dealing, honesty and integrity.

"Christ is not known in a world of politics where there is graft, bribery and corruption, and where some have been known to stop at nothing to promote their own selfish interests regardless of community or national welfare. Christ is not known in a social world, where drinking, immorality, lewdness and debauchery run rampant, and where the dissipation of energies and the debasing of God-given powers bring ruin and heart-break to thousands of young people everywhere."

Mr. Neilson's subject tonight will be: "God Seeking Man." The choir will sing a special number, and the boys and girls will sing their choruses during the song service which begins at 7:45. Mrs. Mary Moore and Mrs. Bill Cannon will have charge of the nursery.

Information—Maj. James Davenport of Greenville and Capt. R. L. Duval of Kinston.
Membership—Maj. Ralph M. Giles of Greenville and Lt. Tom V. Moseley of Kinston.
Legislation—Lt. Col. T. K. Fountain of Falkland and Maj. E. R. Wooten of Kinston.
Military—Lt. Col. L. J. Dupree, Lt. Col. Meriwether Lewis and Capt. George E. Barber of Kinston.

Greenville Wins

By BERT MOYE
Banging out four home runs with Robert Pare and Joe Alamo collecting two apiece, Manager Johnny Pare's Greenvilles waltzed to a 14-6 victory over the New Bern Bears for their second win of the season in Coastal Plain play.

The Greenvilles cuffed Starter Bomar and three other relief hurriers for fifteen blows, while Joe Alamo limited the Bears to eight safeties, including a two-run homer by Harry Soufas in the first frame. Greenville scored two runs in the first frame when Mauney reached first on a fielder's choice and Robert Pare slammed out a homer over the left field wall to bring him home.

Three more runs were scored in the second frame when Joe Alamo slammed out his first homer of the game with no one aboard. Lynch singled, Mauney tripled to bring him home, and then scored when the Bears' shortstop errored the ball in attempting to catch him at third.

What proved to be the Greenvilles' winning runs came in the fifth frame when Fraker singled, Chute tripled to bring him home, Ranweiler doubled to score Chute and Joe Alamo blasted his second homer of the night to score Ranweiler ahead of him.

A singleton was scored in the sixth when Robert Pare blasted his second homer of the night over the left field wall.

The Greenvilles put the game on ice in the seventh frame when they made four more runs. Luke and Simmons walked, Alamo sacrificed. Lynch singled to bring home Luke and Simmons, Mauney doubled to score Lynch, Robert Pare singled to bring home Mauney.

Joe Alamo, pitching his first full game of the season, had complete charge of the game and in addition to his superb pitching and hitting, he knocked in a total of three runs. His other home-run mate, Bobby Pare, drove in three runs and also got a single for his five times at bat.

A Good Breakfast Means Better Work

The mother who knows the value of good nutrition sees to it that everyone in her household has a good breakfast before he starts to school or work. Plenty of time for eating, variety in the menus, and comradeship while eating are her "secret weapons" for accomplishing this.

Pan-fried Mor and Eggs

Cut 1 can Mor into 10 slices
Melt 1 tbs. ADVANCE SHORTENING in a skillet, add sliced Mor and brown on both sides. Remove to hot platter.
Add 2 tbs. ADVANCE SHORTENING to skillet and heat until moderately hot.
Break 5 CLEAR BROOK EGGS, one at a time, into a saucer and slip into the hot fat. When all eggs are added, reduce heat, add 1 tbs. water, cover, and cook until whites are set sufficiently. Season with salt and pepper. Serve around fried Mor. Serves 5.

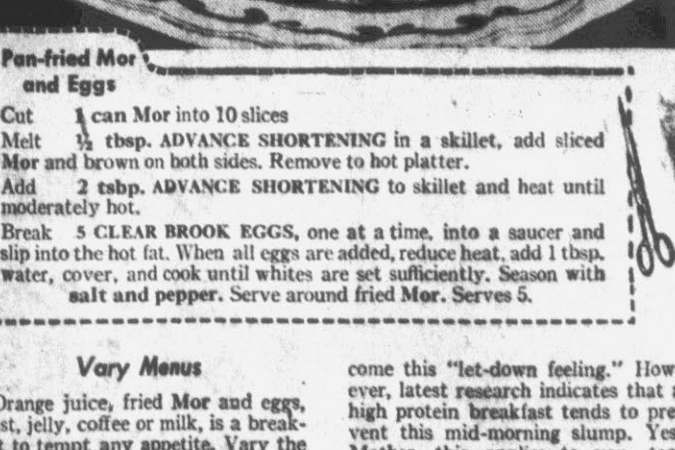

Vary Menus

Orange juice, fried Mor and eggs, toast, jelly, coffee or milk, is a breakfast to tempt any appetite. Vary the fruit; alternate Certified Bacon, Certified or Tender Made Ham, and Certified Corned Beef Hash with the Mor; serve Clear Brook Eggs in various ways such as scrambled, poached, baked, and in omelet; let waffles, pancakes, rolls, or hashed brown potatoes take the place of the toast... and you have enough breakfast ideas to prevent monotony the whole year through. How easy!

Poor Breakfast... Poor Work

Eating too little or no breakfast usually results in irritability or fatigue before lunch. In school, this causes poorer school work; in factories, a higher percentage of accidents occur during the hour before lunch.

Mid-morning snacks have been recommended... and used... to over-

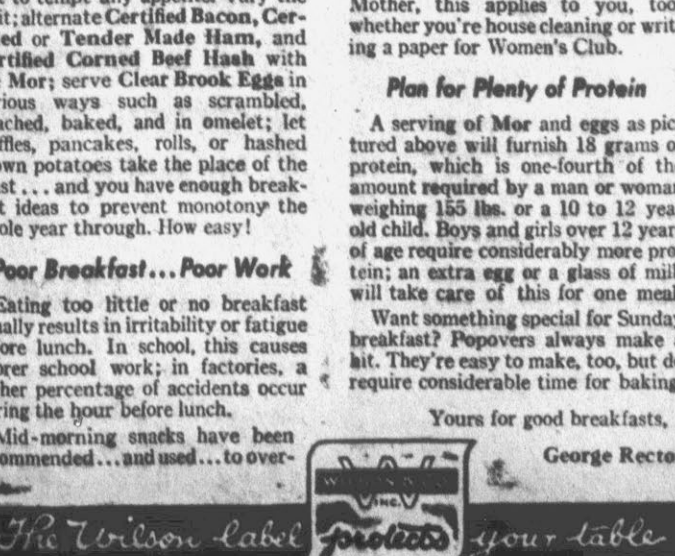

come this "let-down feeling." However, latest research indicates that a high protein breakfast tends to prevent this mid-morning slump. Yes, Mother, this applies to you, too, whether you're house cleaning or writing a paper for Women's Club.

Plan for Plenty of Protein

A serving of Mor and eggs as pictured above will furnish 18 grams of protein, which is one-fourth of the amount required by a man or woman weighing 155 lbs. or a 10 to 12 year old child. Boys and girls over 12 years of age require considerably more protein; an extra egg or a glass of milk will take care of this for one meal.

Want something special for Sunday breakfast? Popovers always make a hit. They're easy to make, too, but do require considerable time for baking.

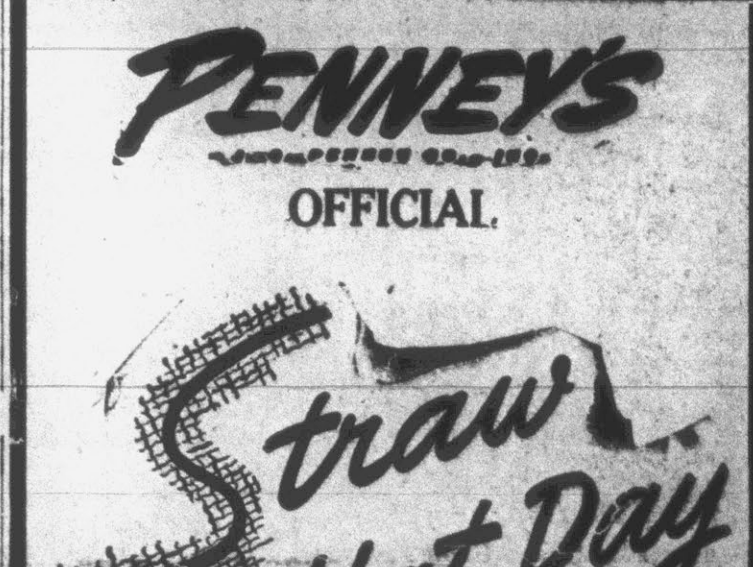

Yours for good breakfasts,
George Rector

Mayor Acclaims Straw Hat Day

WHEREAS, on and by this date, summer will have put in its appearance, and to the extent that the Old Felt Hat is no longer desirable for dress and comfort wear, I, J. H. Boyd, II, Mayor of the City of Greenville, do, therefore, proclaim and declare Saturday, May 3rd, official Straw Hat Day in Greenville.

HOLD INQUEST FRIDAY.

Coroner Griffin H. Rouse will hold an inquest at the City Hall in Ayden Friday night at 7:30 into the death of John A. Garris, 24-year-old Negro, who was shot at the home of Jesh Beaman, Negro, in the Cannon's Cross Roads community last Saturday night during an argument about a woman. Walter B. Wilson, Negro, is being held without privilege of bail, Sheriff Ruey W. Tyson said.

Jarvis was sentenced to 4-5 years, and Loftin to 18-24 months. Warren appealed, excepting to the admission of certain evidence and contending that there was no evidence of conspiracy. Chief Justice W. P. Stacy, writing for the court, held that: "There is plenty of evidence to show conspiracy and it can make no difference where it was formed. It was executed in Pitt County in this State. Consequently, the Superior Court of Pitt had full authority to investigate. . . . The record amply sustains the conviction and sentence on the charge of conspiracy."

ALKWARD LOCATION

Seaside, Ore., May 1—(AP)—Councilmen are puzzled by the legal problem they will have if construction of an \$80,000 public auditorium is approved in a special May 20 election. City Attorney Thomas Chave, Jr., says an erroneous site description on the ballot puts the building in the center of Edgewood Street.

HOLD INQUEST ON DROWNING.

At an inquest at the City Hall last Tuesday night, a coroner's jury found that Stephen Crandell, 45-year-old Negro, tenant farmer for Hugh Winslow, lost his life by drowning in Truwater's Creek last Sunday morning under "unavoidable circumstances." Crandell was married and had 10 or 12 children.
