BIG TAX CUT IS IMPRACTICAL SAYS SENATOR

Asserts Tentatively-Approved Reduction Leaves Nothing For Debt

Washington, May 10—(AP)—Senator George (D-Ga.) declared today a \$4,000,000,000-a-year income tax cut approved by the Senate Finance Committee would leave no surplus to pay in the \$258,000,000,000 public debt.

The measure, slashing levies 30 to 10.5 percent, was voted over George's protest that action should be delayed until Congress has a better idea what next year's government spending will be.

It would be effective July 1 instead of retroactive to last Jan. 1, the date fixed in the House bill, and would limit the cut on incomes in the range of \$79,728 to \$302,396 to 15 per cent instead of the House version's 20 percent.

George was defeated in a motion to delay the effective date until next Jan 1 and finally joined the committee's seven Republican members yesterday in voting to send the bill to the floor, where he reserved the right to oppose it.

The other five Democrats on the committee voted against the bill. The measure is an amended version of the House Bill no. 1, which started out as a 20 per cent across-the-board reduction, sponsored by Ways and Means Committee chairman Knutson (R-Minn.). The House finally approved a bill with graduated reductions ranging from 30 to 10.5 per cent, and retroactive to last Jan. 1.

The most important change made by the Senate committee was delaying the effective date six months.

Kai-shek Tries To Check Riots By New Orders

Shanghai, May 10—(AP)—Generalissimo Chiang Kai-shek ordered the Shanghai municipal government today to protect rice shops and punish hoarders in an effort to check rioting and strikes brought on by soaring prices.

Rice merchants were advised of Chiang's action immediately, but there were no indications the shops would reopen.

Rice shop owners demanded permission "to shoot to kill" if mobs storm their stores, but Mayor K. C. Wu refused.

Wu told Chairman Chu Ching-hwa of the Shanghai Rice Dealers Guild the police would provide greater protection if the guild reopened shops, now closed and barricaded against attack by rice-hungry Chinese.

Seek Identity Of Amnesia Victim

Goldboro, N.C., May 10—(AP)—Wayne welfare officials are trying to trace the identity of a man who gave his name as W. C. Smith, but who remembered nothing else except that he was looking for his wife and that he has a daughter at Rocky Mount.

He was found yesterday in Pikeville with no other identification except a portion of a bus ticket from Tallahassee, Fla., to Rocky Mount. He appears to be between 45 and 50 years of age, according to J. A. Best, welfare superintendent.

Dean Acheson Makes Quiet Talk Before Small Group Of Farmers And Businessmen In Mississippi; In Matter Of Hours It Starts International Arguments

Undersecretary of State Dean Acheson's forthright speech on America's obligations in assisting world recovery provides us with an excellent illustration of just how sensitive this chaotic old world of ours is to authoritative comment on economic and political affairs.

Acheson's statement was made before businessmen and farmers under auspices of the Delta Council at Cleveland, Miss., Thursday without fanfare, and yet within a matter of hours it was producing international repercussions—some favorable and others hostile. Among points made by the Undersecretary were these:

America "must push ahead with the reconstruction of those two great workshops of Europe and Asia—Germany and Japan—upon which the ultimate recovery of the two continents so largely depends." She must take as large a volume of imports as possible to narrow the financial gap between what the world

Oklahoma Senator Shot, Fellow-Lawmaker Jailed

State Senator Tom Anglin of Oklahoma (left) lies in bed in University hospital at Oklahoma City after he was shot in the left hip on the floor of the state senate. A fellow legislator, State Rep. Jimmie Scott (right), was jailed on a charge that he tried to kill Senator Anglin. Scott nervously drains a glass of water as he waits in the office of the senate president for the police to come and arrest him. Both men lived in Holdenville, Okla. Scott told police the shooting stemmed from a divorce obtained by his former wife who was represented in the legal action by Anglin's law firm. (AP Wirephotos.)

PHONE STRIKE OVER IN DIXIE

Resumption Of Services Hampered By Hold-Out Unions

Atlanta, May 10—(AP)—The telephone strike in nine southern states was officially over today but members of the Southern Federation of Telephone Workers refused to return to their jobs through picket lines of an affiliated union.

The Southern Bell Telephone Co. reported no appreciable restoration of service in long distance offices and manually operated exchanges.

Among exchanges affected by refusal of workers to cross picket lines were those in Atlanta and New Orleans.

In announcing settlement of the 33-day-old strike of telephone workers last night, H. F. Tweedy, vice president of the Southern Federation, said that picket lines maintained by striking affiliates would (Continued on Page Two)

Uranium Mines In Europe Said Hard At Work

Prague, May 10—(AP)—The best available information leading through the sealed frontier between northern Bohemia and the Soviet occupied zone of German Saxony indicated strongly that the Russians are intensively mining a northern spur of the famous Joachimsthal uranium ore deposit.

Longtime residents of the Karlsbad Spa district near Joachimsthal, which the Czechs call Pacymov, say the extent of mining activity reported would suggest that the newly found deposits just north of the border might be even larger than the original mines.

Stories of the Russian mining activity come from persons who have visited or had business on the north of the frontier, and from others who have talked with Russians in Karlsbad.

These accounts say the mining is being done exclusively by Russian miners brought in specially, and by hundreds. They say the actual sites of the deposits or the digging are tightly closed off, even against normal permit, and guarded.

Offers Substitute For Taft Measure

Eleven Democratic Senators Propose Labor Bill Which Meets Truman's Views; Angry Protest From Taft, Who Hopes For Final Vote Monday

Washington, May 10—(AP)—Senator Taft (R-Ohio) today clung to a hope the Senate can reach a final vote Monday on labor legislation including a brand new bill fashioned by Democrats to win President Truman's approval.

The new measure is sponsored by Senator Murray (D-Mont.) and 10 other Democrats. He offered it at a Senate session last night as a substitute for the more stringent labor disputes bill backed by Taft, chairman of the Senate Labor Committee.

Murray, a leader of the thus far unsuccessful fight against the Taft bill, told the Senate the new measure carries out "all the recommendations" of Mr. Truman on labor legislation, and covers some other matters as well. It is considerably milder than the committee bill which several Democrats have predicted the President would veto.

Introduction of the Murray Bill brought an angry protest from Taft, who accused its sponsors of "completely dilatory" tactics in waiting through 11 days of Senate debate on labor legislation to introduce the (Continued on Page Two)

Independence, Mo., May 9—This is a typical small western city. Its life depends largely on the farmers living about. They are industrious and honest people in Independence and, as the name suggests, they are both democratic and independent.

Their Idea Of Truman The townspeople had known Harry Truman as an unsuccessful storekeeper who was more interested in politics than in business. In those days this required faithfulness to the Pengergast Machine. Hence, his Independence friends were not surprised when he was rewarded with petty political jobs. When, however, he was made U.S. Senator by the Pengergast gang, their respect both for the U.S. Senate and the Pengergast Machine fell pretty far and low.

As time went on the townspeople came to believe that "Truman is as good as the rest of that bunch down in Washington and perhaps a little better." However, when their fellow townsman was nominated and elected Vice President, they again were shocked and again became skeptical of the whole U.S. Government. These Independence people are still asking today: "Tell us—Mr. Babson—why did President Roosevelt want him as a running mate? He must have known that he himself would not live to finish off his Term."

Hold Discussion Of Issues; Backroom Talks On Candidate For '48

Indianapolis, May 10—(AP)—Republican leaders from 17 Midwest and Far West states moved today from informal overnight lobby talk about a 1948 Presidential candidate into a closed business session for a discussion of current issues in Congress.

The group, comprising GOP state chairmen from 13 Midwestern states and four Rocky Mountain states, has been influential in party party planning in the past.

Harry Crane of Topeka, acting state chairman for Kansas, a member of the Midwest group's policy committee, said there would be no formal views expressed on a Presidential candidate for 1948.

But there was plenty of speculation about 1948 among the members in hotel rooms last night. Two names that cropped up, in addition to the most-mentioned "Big Four" of Gov. Thomas Dewey of New York; Senators Robert A. Taft and Arthur H. Vandenberg and former Minnesota Governor Harold E. Stassen were General Dwight D. Eisenhower, Army Chief of Staff, and Rep. Charles Halleck of Indiana, Republican leader of the U.S. House of Representatives.

It was Crane who brought up Eisenhower's name. He told a reporter that if the Kansas-born general would be available the Kansas delegation would strongly support him. Eisenhower has said on several occasions that he does not wish to be considered for political office.

ROD PIERCED SKULL, LIVES

Freak Accident May Not Be Fatal After Surgery

New York, May 10—(AP)—George Duelfeld, 22-year-old shipping clerk, was reported in critical condition today at Bellevue Hospital after a four-foot steel rod was removed from his skull.

Duelfeld's skull was pierced by the javelin-like steel rod, which plummeted from a building on east 2nd street as he stood chatting with a friend late yesterday.

The friend, seeing a long, thin rod protruding from Duelfeld's skull, called police who summoned an ambulance. Police, however, were unable to get Duelfeld into an ambulance because of the length of the rod, and they were afraid removing it would kill him.

Then Police Sergeant Frank Manion, discarding the idea of a hack-saw because of the vibrations, cut off the rod near Duelfeld's head with a pair of shears.

Duelfeld, a former Coast Guardsman, was removed to Bellevue Hospital, where Dr. J. Lawrence Pool performed an operation.

Dr. Pool said the metal, apparently a section of a welding rod, had pierced the skull, frontal bone and upper jaw to the line of the teeth. Dr. Pool said he thought Duelfeld would live.

Babson Discusses Truman

The way President Truman acted in the early part of his term confirmed the pessimistic fears of his townspeople. His appointments, his public statements and his private acts appeared to be those of a small town politician who simply did not know what it was all about. His apparent desire to please everyone, brought him enemies both amongst the New Dealers and the Conservatives. Truman's stock tumbled thick and fast, even though he started out with a friendly press.

Everyone out here agrees that Harry Truman is honest and wants to do what is right. He is modest and doesn't think he has the answers to all the questions. He is willing and anxious to take advice from those whom he trusts. All this means that Truman's future and the country's future, for that matter, depends upon these friends to whom Truman turns for advice. If these men are honest and wise, Truman will make a good president. Today his followers appear to be such.

Will Truman Be Re-Elected? If the Presidential election had been a year ago, Truman would have been terribly defeated. If the election were today, Truman would have a good chance for re-election. Probably the answer lies with how he handles the veto power during the next year—and who is to be his running mate. Owing to the (Continued on Page Two)

ACCEPT TERMS OVER KOREANS

Moscow Radio Says Soviet Agrees To U. S. Proposals

London, May 10—(AP)—The Moscow radio said today that Russia has accepted certain American proposals for consulting Korean representatives concerning the formation of a provisional government in Korea.

The broadcast said the acceptance was contained in a letter from Soviet Foreign Minister V. M. Molotov to Secretary of State George C. Marshall, who had hinted earlier that unless Russia specifically agreed to consult all Korean political elements on the question the United States might boycott a scheduled May 20 meeting of the joint U. S.-Soviet commission in Seoul.

In Washington a State Department spokesman said Molotov's letter was received yesterday but that there will be no comment until it has been translated and studied. Previous talks concerning Korean groups and parties were to be consulted.

Jasper Boyd's House Destroyed By Fire Friday

Fire of unknown origin yesterday afternoon destroyed the home and contents of Mr. and Mrs. Jasper Boyd, on the Washington highway about five miles from Greenville and damaged their nearby store and service station. Farmers transporting tobacco hauled water on trailers to keep the store from burning and Greenville firemen rendered assistance.

No one was in the house at the time and there was no fire in the stove. It is believed that the fire originated in a closet. Mrs. Boyd was keeping the store while Mr. Boyd and his daughter went to Greenville on an errand. Passers-by warned her that her house was on fire. It was a mass of flames. They laid everything. Their two boys, seven and nine years old, respectively, were heartbroken when they returned from school to find the house burned and their clothing and toys with it. Mrs. Boyd had been housecleaning and had taken off her watch and rings, and they were lost. Mrs. Boyd is the daughter of Mr. and Mrs. Oscar Hardee.

Schoolbook Shortage

During War Years, Grammar And High Schools Bought Few Textbooks; Heavy Demand Today Which Book-Makers Cannot Meet Yet; Kids Won't Suffer

New York, May 10—(AP)—There will be some shortage in schoolbooks next year but—

Grammar school Johnny and high school Charley ought to be able to make out pretty well just the same.

This is the guess of the American Textbook Institute which tells this story.

During the war grammar and high schools bought as few new textbooks as possible. Now there's a pent-up demand for them.

Only Routine Steps Remain Before Program To Stem Communism Becomes Effective; Measure To Be Compromised With Version Passed By Senate

Washington, May 10—(AP)—The Administration's \$400,000,000 Greco-Turkish aid measure was scaled with overwhelming congressional approval today.

Only routine steps remained to start a stream of American money and material into the two Mediterranean nations to ward off Communist encroachment.

Overriding attempt after attempt to modify its terms, the House early last night joined the Senate in endorsing this new peacetime foreign policy, committing United States resources to stabilize internal affairs of countries outside the Western Hemisphere.

The House action on final passage came on a roll call vote of 287 to 107.

A coalition of 127 Republicans and 169 Democrats upheld the measure. Against it were recorded 93 Republicans, 13 Democrats, and Rep. Marcantonio of New York, lone House member of the American Labor Party. The measure passed the Senate April 22 by a vote of 67 to 22.

The bill goes back to the Senate now. Presumably a joint House-Senate conference committee will be formed to work out the differences.

They are minor, and there appeared little doubt on Capitol Hill that agreement would be reached and the measure sped to President Truman's desk early next week.

These are the differences:

1. The Senate version has a preamble, not voted by the House, holding that the purposes of the aid program conform with those of the United Nations Charter.

2. The House bill adds a requirement that civilians sent to the two countries to help administer the program be screened by the Federal Bureau of Investigation to make certain of their loyalty to this country.

3. The Senate bill contains a clause ordering Senate confirmation of the administrator who will direct the program.

Jaycees Collect Old Clothing In City On Sunday

Sunday afternoon at 2 o'clock, members of the Junior Chamber of Commerce will roam the town picking up bundles of old clothing that have been accumulated through the week by Greenville families.

The North Carolina general campaign ends on May 11 with 3,500,000 pounds of clothing as its goal.

Citing the dire needs of European peoples, Mr. W. F. Young, chairman of the local drive, stated that a cotton feed sack 30 cents in this country would bring five dollars in Poland where it would be used as underwear or diapers. Millions of persons overseas have had no underwear for several years and are wearing threadbare outer garments.

Americans have given generously in the past for overseas relief, but much of the clothing sent last year is now worn out. Even one hundred million pieces which went abroad from American clothes closets a year ago do not go far when distributed among 150,000,000 people, said Mr. Young.

Can be used for their students. So, while the full demand won't be met, the students are expected to have enough books to go around.

The shortages, where they occur, probably will be spotty. Which means: The shortages won't be centered in any one place.

The bookmakers now are turning out approximately 100,000,000 textbooks a year.

To meet the demand they'd have to be turning out 105,000,000. For one thing, paper still is very short.

And there are mechanical bottlenecks. For example: A lot of other books, besides the textbooks, have to be printed on the presses which turn out the textbooks.

So the textbook-maker has to schedule his press time ahead of time. In other words: Take his turn.

If a textbook maker misses his schedule time for any reason, he loses it and has to work on another schedule by taking his turn.

Strength FOR THE DAY

By EARL L. DOUGLAS

MOTHERS' DAY

Behind almost every great man stands a great mother. We think of the Biblical mothers—Jochebed, mother of Moses; Hannah, mother of Samson; Elizabeth, mother of John the Baptist; Mary, mother of Jesus. In more modern times we recall Mendel, the mother of Augustus; Susannah Wesley, mother of the famous John and Charles; Mary Ball Washington, mother of George; Nancy Hanks Lincoln, mother of Abraham.

All these women possessed two outstanding characteristics. First, they recognized purpose in life and submitted to it. In the second place they possessed religious faith. It is hard to think of ideal motherhood or wholesome home life lacking in either of these characteristics.

Over modern life there has crept the paralyzing sentiment that there are certain things a woman can do which are much more significant and enabling than that of raising a family and presiding over a household. There are certainly many things in life less arduous and other things which may for a time appear more exciting but it can be said with confidence that there is nothing in life more significant than the care which domestic pursuits provide for womanhood.

This may not be sound doctrine according to certain modern standards but it is a doctrine which has behind it the testimony of long human experience.

Pinney Grove News
Hi, everybody! Here I am back again with the news of this church and community.

Mr. and Mrs. Graham Allen of Portsmouth, Va. were recent weekend guests of Mrs. Bernice Causey.

Miss Jane Tyson spent last Sunday in Durham.

We are glad to know that Mrs. Chester Worthington, who is confined at Watts hospital, Durham, is getting along nicely, after having been operated on last Wednesday.

Mr. and Mrs. R. R. Tyson and daughter Jane, and Mrs. Bernice Causey recently went to Durham to see the Duke Gardens.

We wish to congratulate three more of our Sunday school members who received first year pins last Sunday. They were Mr. and Mrs. Steven Humbles and daughter Judy. I'd like to say here that little Judy really has a record—getting her first year pin and only thirteen months old.

Well, at last the minstrel is over and no more blacking up, but it was fun while it lasted. On behalf of the Youthful Workers' Club I'd like to thank everyone who helped make this a success. We really did appreciate your presence.

The club will hold its regular monthly meeting Thursday night May 22nd at 8:00. All members are urged to be present since it will be election night.

GREENIES WIN UPHILL FIGHT BY 5-4 SCORE

Foell Strikes Out 14; Team Plays Errorless Ball And Collects In Ninth

By BERT MOYE

A three run rally in the ninth with Charlie Chute driving a slizzing single into centerfield to bring home Lynch from second after two men were out gave the Greenies a 5-4 win over the Roanoke Rapids Jays here last night, to even the four game series between the two clubs and to give Greenville their third win of the current season.

Paul Simmons started the rally when he hit a hard grounder to Barnes, Jays' shortstop, who muffed the ball, enabling Simmons to reach first. Manager Johnny Pare then went in to pinch hit for Foell and came through with a single. Lynch was walked to load the bases. The next two Greenies were put out with Bobby Pare going out via the strike out route and Mauney flying out to centerfield. Dick Fraker then came up and hit a timely single to bring home Simmons and Johnny Pare and knocked the ball game at four-all. Charlie Chute then came through with his second single of the game to bring in Lynch for the winning run.

The Greenies fought an uphill battle all the way and were unable to score until the fifth frame when Paul Simmons hit a homer over the left field wall, his second of the season.

In the sixth frame they scored another run when Mauney led off with a double and Fraker hit a ball through fire baseman Leach's legs to bring home Mauney.

Johnny Foell, pitching his first win of the season after losing his first three starts, came through in grand style last night and his teammates playing errorless ball rallied for him to give him a well deserved win. Johnny struck out 14 Jays to bring his total for the past two games to 24, and his total for the season to 34.
