

SENATE LABOR BILL VOTE IS UP TOMORROW

Passage Of Omnibus Bill Predicted By Over Two-Thirds Majority

Washington, May 12.—(AP)—The Senate agreed today to vote tomorrow on passage of the general labor-disputes bill.

Under an agreement engineered by acting Republican leader Wherry (Neb) and Senator Taft (R-O) the Senate at 12:30 p. m. (EDT) tomorrow will cease debate and begin voting on all pending amendments to the bill and then on the measure itself.

Wherry assured Democratic leader Barkley he would be allowed time tomorrow for a final speech on the bill, strongly opposed by the administration.

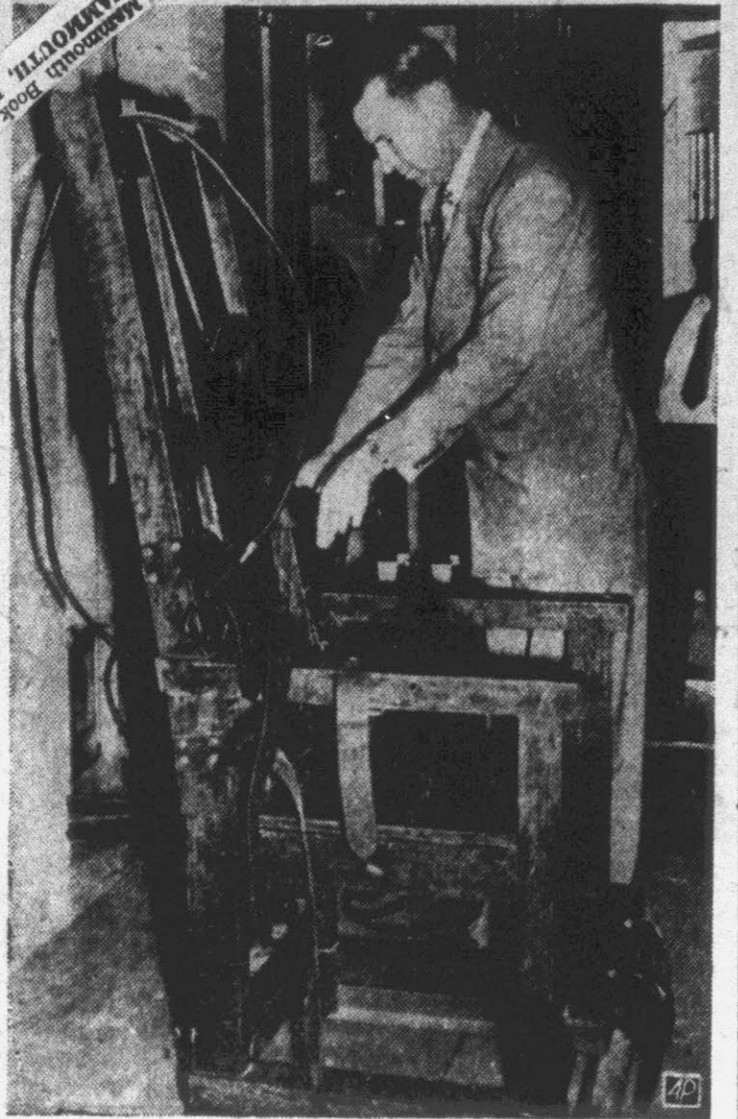

A group of Democrats are offering an entire substitute for the GOP bill. A roll call will be taken on it during the series of votes tomorrow.

Senator George (D-Ga) led southern opposition today to a mild Democratic labor bill as Republican leaders predicted overwhelming Senate approval this week of legislation outlawing the closed shop and curbing many union activities.

George told a reporter he considers the substitute proposal offered by Senator Murray (Mont) ad 10 other party members "a watered down version of no consequence." He added that from 10 to 15 other Democrats will vote against it.

Dismissing the Murray proposal as likely to get only a handful of votes, Senator Bell (R-Minn) predicted that when the Senate finally buckles down to action, it will pass the omnibus bill before it by more than a two-thirds majority.

CHERRY PLANS NO PART RACE FOR GOVERNOR

Reiterates Intention To Support Umstead In Senatorial Campaign

Raleigh, N. C., May 12.—(AP)—Governor Cherry made it plain today that he had no immediate intention of taking part in the next Democratic race for governor, but reiterated his intention of making an all-out support of Senator W. B. Umstead in the latter's contest for reelection.

Although Umstead has not made known his public intent to run for reelection, the governor's answers generally were interpreted that Umstead would be a candidate. About 10 days ago, the governor said in answer to a press conference question that he would not have named Umstead if he had not had the principal intention of supporting him next year. Umstead was appointed by Governor Cherry to fill the unexpired term of the late J. W. Bailey.

The governor did not actually commit himself in the forthcoming governor's race, although he did say that his chief concern was on one matter. He evaded the question when asked if that one matter was Umstead.

T has far the only announced candidates for governor are State Treasurer Charles M. Johnson and Rep. Oscar Barker of Durham. Others have indicated their intention to run, among them Lieut. Governor L. Y. Ballentine, but none has.

Supreme Court Upholds I. C. C. Adjustment Of Freight Rates

Washington, May 12.—(AP)—The Supreme Court today upheld an Interstate Commerce Commission order raising railroad freight rates 10 per cent in the north and east and lowering them 10 per cent in the south and as far west as the Rockies.

The commission ordered the changes after officials of southern states complained that higher rates in their region gave northern manufacturers competitive advantages. Affected are so-called class rates. These apply principally to manufactured articles.

Justice Douglas wrote the court's 7-2 decision. It was read by Justice Burton in the absence of Douglas.

who has been ill with a cold. Justices Jackson and Frankfurter wrote dissents.

The commission in May, 1945 found the freight rate structure discriminated against the south on almost all manufactured articles and ordered the changes as the first step toward equalizing rates. The commission planned as a second step to work out national uniformity in the classification of freight, and a greater degree of national uniformity in the class freight rate structure. Class rates apply to about 4 per cent of all rail freight traffic and yield about 6 per cent of freight revenue.

Southern officials hailed the ICC order as one which would permit southern industry to "breathe freely for the first time in history."

Nine northern states, governors of the six New England states, and 33 railroads, however, challenged the ICC action as arbitrary. They said it was not based on facts and upset principles of rate making which had been used for many generations.

The challengers first presented their case before a special three-judge federal court in Utica, N. Y. That court upheld the ICC. The challengers then appealed to the Supreme Court. Actual changes in class rates was deferred pending the high tribunal's decision.

STRIKERS OUT IN KEY CITIES

Telephones Tied Up In Charlotte, Winston-Salem

By the Associated Press
Charlotte and Winston-Salem are the only large cities in North Carolina still affected by the telephone strike. E. H. Wasson, Carolinas manager for Southern Bell, said today.

Members of the Southern Federation of Telephone Workers, who settled their phase of the strike effective Saturday in nine southern states, went back in Greensboro, Salisbury, Gastonia and Durham over the weekend. Wasson said in Gastonia the union members disrupted pickets of the Association of Communication Equipment Workers.

The ACEW is composed of members who work for the Western Electric Company installing equipment in telephone exchanges. Western Electric is the manufacturing subsidiary of Bell Telephone.

Wasson said several hundred more members of the SFTW went back to work over the weekend. Previously he had announced that 3,200 of Southern Bell's 4,700 workers in North Carolina—union and non-striking supervisory—were on the job.

Labor Crises Are Still Lying Ahead

Four industries are potential trouble spots for labor-management relations; coming weeks to see developments.

By MAX HALL
Associated Press Labor Reporter
Washington, May 12.—(AP)—Four industries still are potential trouble spots on the labor-management front.

- 1. Coal.
2. Maritime.
3. Railroads.
4. Construction.

The situation in each of the possible trouble spots is this:

Coal. A strike is feared for July 1. That's when the government is to restore the bituminous coal mines to private operators. And John L. Lewis and the operators haven't even started bargaining on the terms of a contract.

Maritime. The contracts of five CIO Maritime unions will expire on June 15. The biggest unions involved are Joe Curran's National Maritime Union, on the east coast and Harry Bridges' longshoremen on the west coast.

Negotiations have not started yet. Railroads. The rail unions have made demands, but no crisis is likely to develop before fall.

Seventeen non-operating unions (telegraphers, clerks, railroad shop workers, and the like) have banded together and demanded a wage increase of 20 cents an hour.

Construction. Local wage dis-

Britain's Royal Family Returns From Long Tour

Portsmouth, Eng., May 12.—(AP)—With the welcoming cheers of 750,000 subjects echoing in their ears, Britain's Royal Family—tanned from weeks at sea and by the South African sun—prepared to disembark today from the battleship Vanguard for the overland journey to London. Today is the 10th anniversary of George VI's accession to the throne, which gave the occasion added significance.

Crowds estimated at half a million jammed the Portsmouth shore and the adjacent resort at Southsea yesterday when the Vanguard, carrying the king, queen and the two princesses, nosed into the harbor to the accompaniment of a royal salute of 21 guns. It was the first glimpse the royal travelers had of their homeland since they departed for South Africa on Feb. 1.

Thousands See N.C. Air Show

Wilson, N. C., May 12.—(AP)—A crowd of approximately 10,000 persons attended the first annual North Carolina air show here yesterday in which two persons were injured when their light plane crashed.

Russell Sorrell of Raleigh and Poe Pittman, occupants of the plane, received minor injuries. Shortly before the crash Pittman had given a demonstration of "how not to fly" an airplane.

Moscow Propaganda Bombardment Of America With Tinted Words Rises To New Level With Release Of Movie "Battle Of Stalingrad" Which Portrays How Russia Won War Alone

By DEWITT MACKENZIE

Russia's heavy bombardment of America and Britain with angry propaganda continued over the weekend, during which Moscow unleashed one of its biggest guns with a blast in the form of a published preview of the motion picture "The Battle of Stalingrad"—a film revealing great Soviet bitterness.

This portrays Premier Stalin as accusing his Anglo-American allies of wanting the Soviet Union to be bled so white that they could dictate the peace terms themselves. He charges them with solemnly promising to open a Western Front in Europe in 1942 and then breaking their word. He declares they wanted to reach the Balkans before the Russians for political advantage.

Winston Churchill is depicted as the villain, with President Roosevelt opposing the prime minister but unable to handle him. In discussing an invasion of the continent with a newspaperman, F.D.R. is made to exclaim:

"Unfortunately it does not depend on me. What can you do against inertia? It is like hitting a punching bag of wet manure. You can only soil your hands."

Theatricals seemed to be on Moscow's mind. The Communist Party

Marshall Still Urging Merger Of Army, Navy

Washington, May 12.—(AP)—Secretary of State Marshall, while asking to be relieved of further testimony because of his diplomatic status, nevertheless holds to his belief as a soldier that army-navy unification is essential.

Chairman Gurney (R-Sd) released a letter containing Marshall's views today as the Senate armed services committee headed for a showdown on the hotly disputed merger issue.

Shying from any public forecast of committee sentiment, Gurney said only that he expects the pending bill to be cleared to the Senate floor by the end of the week.

One committee member, however, who asked not to be named, predicted that "not more than three" of the 13 senators who have been listening to conflicting testimony for eight weeks would oppose the unification plan.

But even if that happens the prospect for final congressional action this year is remote. The House expenditures committee still is in the midst of its own hearings, and the two year old issue was omitted from the list of legislative matters marked down as "must" at the last meeting of the Senate Republican policy committee.

Witness Testifies Gave Check To Garson Seeking Army Commission

Washington, May 12.—(AP)—Julius G. Raynes, New York, testified today in the May-Garson war fraud trial that he gave munitions maker in 1942 a \$1,000 check which earlier witnesses said turned up in business affairs of ex-Congressman Andrew J. May.

"Were you trying to get a commission in the army at the time?" Chief Prosecutor William A. Paisley asked Raynes.

"Yes, sir, I was," Raynes replied. Defense objections cut off further testimony. Paisley told the jury at the beginning of the trial that Raynes paid the \$1,000 to get an army commission but never obtained one and never got his money back. Earlier witnesses said May used

Test Equipment In Hot Desert

Washington, May 12.—(AP)—"Task Force Furnace," a special Army Ground Forces unit, will test weapons and equipment this summer in the Arizona desert near Yuma—where the temperature sometimes climbs up over 125 degrees.

The War Department in announcing the project emphasized that the operation will not be a military maneuver. The idea is to find out how tanks, helicopters, guns, mines, radio sets and other equipment function in extreme desert conditions.

Foremen's Union At Ford Plant Plans Walkout

Detroit, May 12.—(AP)—Backed by a strike vote, the Foreman's Association of America went ahead today with plans for a walkout at the Ford Motor Co., probably within a week or two.

A 30-day strike notice expires Saturday and leaders of the independent union indicated its members at Ford would be ordered off their jobs a short time later.

Some 3,450 members approved strike action at a mass meeting Sunday. Robert H. Keys, FAA president, said the vote was unanimous. Claiming a total Ford membership of 3,785, the union has complained of an "accumulation of grievances" at the company and asked for revisions in its contract which had been in effect three years before it expired last Friday.

Jewish Agency Fights Free-Palestine Study

Washington, May 12.—(AP)—Senator Taft (R-Ohio) called today for a Senate-House budget trimming decision ahead of scheduled Senate action next week on the \$4,000,000 tax cut bill.

Taft said he will ask leaders from both sides of the capitol to get together on a compromise of the economy pledge which has been hanging fire since March 3.

The Senate voted 64 to 20 to slash \$4,500,000 off President Truman's proposed \$37,500,000 outlay for the year beginning Oct. 1.

Washington, May 12.—(AP)—The Jewish agency for Palestine clashed with Russia, Poland and the Arab countries today and brought the wartime record of the exiled grand mufti of Jerusalem into the United Nations debate on the Holy Land.

The agency told the general assembly's 55-nation political committee that a Soviet proposal for study of immediate Palestine independence "loads the dice heavily against the Jews."

Moshe Shertok spoke for the agency after Paris El Khoury of Syria, keynoting a new Arab move, declared his country was bound by no U. N. solution for the Holy Land except creation of an independent Palestine state.

Shertok departed from his prepared text to strike back at a Polish statement to the committee on the Holy Land.

Labor Bill Decision President Truman Faces Trouble When Congress Sends Up Their Labor Legislation; Democrats May Be In A Jam If Approved

Washington, May 12.—(AP)—President Truman will be on a very big hook for a while. The hook is the labor bill.

When he gets that bill from Congress he'll have to decide whether to sign it into law or try to kill it with a veto.

That will be one of the most important decisions of his career. When Congress came back to work last January, Mr. Truman suggested it pass some mild legislation restricting labor unions.

The House went far beyond his thinking on this subject and passed the most restrictive labor bill ever passed by any House of Congress.

This week the Senate expects to pass its own labor bill, a little milder than the House version but much tougher than Mr. Truman's ideas.

Then a special committee of both Houses will be set up to try to compromise on a single bill agreeable to both Houses.

This job should take two or three weeks and then the final agreement will go to Mr. Truman. If he signs it, it's law.

If he vetoes it, and if Congress can't get up enough votes to pass it over his veto—a two-thirds majority in both House and Senate—there'll be no labor legislation likely

TRUMAN OKAYS DEAN ACHESON RESIGNATION

Robt. Lovett New Under-Secretary Of State If Senate Approves

Washington, May 12.—(AP)—Dean Acheson resigned today as undersecretary of state and President Truman appointed Robert A. Lovett to replace him June 30.

Lovett, a New York banker, is a former assistant secretary of war.

In disclosing the changes, the White House made public a letter in which Mr. Truman wrote Acheson of his great regret that I cannot again ask you to put aside your desire to return to private life.

Acheson has long sought to resign and return to private practice.

Presidential Press Secretary Ross announced Mr. Truman's selection of Lovett as Acheson's successor.

Lovett's nomination will be sent to the Senate some time this week. The president's letter paid tribute to Acheson's high sense of public duty for keeping on the job for the past two years at presidential request despite the personal sacrifice it has meant to you.

He disclosed he agreed tentatively to permit Acheson's resignation last January 10 and said he appreciated Acheson's magnanimous action in standing at his post for another six months.

Acheson agreed at that time to stay on while George Marshall, new secretary of state, was getting settled in the cabinet post.

Mr. Truman's letter closed: "You have been the type of efficient public servant whose withdrawal from public life at any time would be a loss to the nation."

Schacht Claims Program For German Recovery

Stuttgart, Germany, May 12.—(AP)—Hjalmar Schacht, former German Economics Minister and Reichsbank president, asserted today he had a plan for German recovery without further aid from allied taxpayers.

The 70-year-old banker, awaiting a decision tomorrow in his lengthy denazification trial, said he would divulge the plan to no one but "Mr. Truman, Mr. Churchill or Mr. Bevin."

He said, however, a clue to his plan lay in the statement of former Chancellor Cripps, successor to Bismarck, that "we must expect to export either goods or men."

"Give me three weeks with necessary background files and 50 or 50 sheets of paper and I can draw a complete plan," he said.

Cherry Applauds Medical Program

Raleigh, N. C., May 12.—(AP)—Medical care legislation enacted by the 1947 General Assembly was lauded by Governor Cherry in a statement asking observance of North Carolina Hospital Week which begins today.

"I rejoice with the citizenry of the state over the passage of excellent health legislation by the 1947 General Assembly," the statement said. "Through their progressive action it is our hope that hospital and medical facilities will soon be available to every North Carolinian no matter in what remote corner of the state he may live."

Two Cars Collide On Dickinson Ave.

Greenville police arrested Jos Ben Taft, Negro of Greenville, and Roger B. Gray, Negro of near Ay-

den, after their cars had a rear-end collision on Dickinson Avenue Saturday afternoon, and charged them with reckless driving.

Police said Gray's car collided with the rear of Taft's car, doing considerable damage.

Three Cars In Collision Near Here Last Night

By CHESTER WALSH One car was demolished, two others were damaged and five persons were injured Sunday night about 8 o'clock on the Winterville highway, about a mile from here when a car driven by Dennis Williams, 50-year-old Negro of Greenville, sideswiped a car driven by James T. White, Negro of Greenville, and then collided head-on with a car driven by Lloyd E. Turnage, 18, of Ayden.

Highway Patrolman Cpl. John Laws arrested Williams and charged him with driving while drunk and carelessly and recklessly. The injured were treated at Pitt General Hospital. Williams was slightly injured. Turnage and Miss Marie Worthington, both of Ayden, received minor head injuries. Andrew Speight and Best Hemby Negroes of Greenville, passengers in Williams' car, were seriously injured. White was considerably shaken up.

Cpl. Laws said Williams first sideswiped White's car on a bridge over a creek, tearing away a fender, then careened heading into Turnage's car, doing about \$400 damage. Williams' car was completely wrecked, the officer said.

Two Pedestrians Injured By Cars

By CHESTER WALSH Highway patrolmen today reported that Helen Thomas, 20-year-old Negro, received minor injuries Sunday afternoon when she alighted from a bus and walked across the Bethel highway near here into the path of a car driven by Mrs. Hattie Hardy Crandell of Robersonville. She was treated at Pitt General Hospital and released. The officers said Mrs. Crandell was not to blame for the accident.

Shortly after this Myra Marie Hunter, eight-year-old Negro girl, ran across Greene street at First street, into the side of a car driven by Mrs. H. A. Liverman of Plymouth, and received minor cuts and bruises. She was treated at Pitt General Hospital and released. Highway patrolmen said. The officer said Mrs. Liverman was not to blame.

DINING ROOM BEAUTY SPOT

Magnolia Room At Proctor Hotel Now Open; Many Improvements

By CHESTER WALSH Proctor Hotel, under management of Kenneth Phillips, nationally known hotel man, is now providing for Greenville the type of service usually found in metropolitan cities. The interior of the hotel has been repainted and spersed, the rooms have been refurbished and redecorated to provide ideal conveniences for the traveling public. The service personnel is exceptionally well trained and efficient. The atmosphere of the hotel is cheery and friendly. Proctor Hotel will do much for Greenville. It provides all of the comforts of home and the cuisine and dining room facilities are a decided attraction.

The Magnolia Room, enlarged and redecorated and furnished, is a "dream spot," with its elegant furnishing, illumination and ventilation. It is a beauty spot of Greenville. The service is as perfect as perfect can be and will be appreciated. Reservations for luncheon and dinner parties may be made for two persons or a hundred, and for clubs, and privacy is assured.

Hobnobbing with Kenneth Phillips, the lessee and manager of the Proctor Hotel, the other night, a reporter was impressed by the many things which have transformed the place into a rendezvous of comfort. Incidentally, Mr. Phillips is an ideal host. He is a native Tar Heel. He has had experience at some of the leading hosteleries of the country. He was with the Hamilton Hotel, Washington, D. C.; Colonial Hotel, Miami, Fla.; and was with the Fort Sumter Hotel, Charleston, S. C., and he had 12 years with the Sir Walter Hotel in Raleigh, six of them as manager.

In Raleigh, Mr. Phillips was a member of the Kiwanis, Sphinx, Cottillion and Carolina Country clubs. He is an Episcopalian, a Mason; a member of the Hotel Greeters, the American and the North Carolina Hotel associations. His wife, before marriage, was Miss Jane Kilpatrick of Charlotte. Incidentally, he was frank in saying that he sees a great future for Greenville, with its great tobacco market, college and enterprising citizens.

In leasing and taking over the management of Proctor Hotel, Mr. Phillips has surrounded himself with an exceptionally well trained and efficient staff. Avery Melanson, manager of foods, was with the Stacy Trent Hotel in Trenton, N. J., 10 years, and the Sir Walter in Raleigh, four years. His wife, Mrs. Josephine Mallison, is hostess at the Proctor. Edward MacIntyre is steward at the Proctor and his wife, Mrs. Wanda MacIntyre is his assistant. Both have had extensive experience in Michigan and New Jersey restaurants of the better class.

Teen-Aged Soldiers Cause Most Trouble

Frankfurt, Germany, May 12—(AP)—Teen-age U.S. soldiers, although they make up only 41 per cent of the forces, are responsible for 57 per cent of the disorders involving army personnel in the American occupation zone, a U. S. constabulary announcement said today.

Vagabonding In A Plane With Ray Mckenzie

By CHESTER WALSH Skyriding with Pilot Ray McKenzie in his Aeronca plane yesterday to attend the Jaycees' air show at Wilson, a reporter had a good view of the countryside while flying at a 1,000-foot elevation. This is great farming country.

From the air, automobiles appear to be the size of cakes of soap, and there's a comfortable feeling "up there," knowing that one is at a safe altitude.

Farming land presents a picturesque scene at this time of the year. Plowed fields have the shapes of jigsaw puzzles, the green fields of rye and other winter cover crops combining to make a tapestry pattern of the newly plowed earth.

It was observed on the trip Sunday that very little tobacco has been transplanted, but setting out of plants is expected to get into full swing this week under favorable weather conditions.

One advantage of taking such a trip in a plane is the privilege of

"cutting corners" on a cross-country flight. The main highway disappears and reappears with regularity when the line of flight is as the crow flies.

Officials of the air show in Wilson estimated that there were more than 100 planes there and that the spectators numbered close to 5,000.

The stunting was spectacular, with Marine planes from Cherry Point and Army planes from Langley Field, Va., in formation, and Marine Sgt. Purcell stunting in a two-engine F-7-F plane.

There was some excitement when a civilian plane, piloted by Russell Sorrell of Raleigh, and Joe Pittman parachute jumper, walking a wing, got out of control at low altitude and crashed in woods. The

plane was demolished. The two injured men were taken to a hospital. Neither was seriously injured.

PLEAD INNOCENT Greenville, S. C., May 12—(AP)—The case of 28 Greenville taxi drivers and three other men charged with the mob slaying of Willie Earle,

21-year-old negro, was called in circuit court here today.

All thirty-one defendants pleaded innocent. The small, dingy courtroom was filled as the defendants filed in; several of the accused were accompanied by their wives, and one carried a boy nursing from a bottle.

Strength FOR THE DAY

WITH EVIL DETERMINATION
Much has been written about Holman Hunt's picture entitled "Behold, I stand at the door and knock." The latch string is only on the inside of the door, thus signifying that the opening of the door is up to us and not to the One who knocks.

But there is another figure we need to ponder. It occurs to one's mind, if one ever has the disconcerting experience of trying to unlock a door and discovering with dismay that a key has been inserted from the other side and turned, thus making the project impossible. It is impossible to unlock a door from the outside if it is already locked on the inside and the key left in the lock.

The heart of man is desperately wicked, and the reason why God's ministry of grace seems often to fail is because in a perverse spirit of willfulness, man has locked the door on the inside and left the key in the lock. He will not give up his bitterness, his unforgiving spirit, his love of money, his eagerness to plunge occasionally into some iniquity. The door of the heart is locked on the inside, and, as a sign that he intends to keep it locked, the key is left in the door.

God would not have it so, but man will not have it otherwise; hence the awful fact that some men are lost.

Furthermore the House of Representatives in Washington passed by a large majority a bill implementing the President's program of aid to Greece and Turkey to help their withstand communist aggression. The Senate already had passed a similar measure.

However, despite quarrels Gilead wasn't without a bit of balm. Tass the Soviet news agency, announced that Foreign Minister Molotov had accepted American proposals for broadening the scope of Korean representation in the conference projected for May 20 to lay plans for a democratic Korean government.

Freight Is Derailed In Second Accident

Raleigh, May 12—(AP)—Southern Railway freight No. 253, westbound from Goldsboro to Greensboro, was partially derailed near Auburn in Wake county today but nobody was hurt.

It was the same freight that struck a truck Saturday near Morrisville, killing two persons.

ON THE HOUSE

Wadderson, Eng., May 12—(AP)—The members of Wadderson's fire company were so efficient at keeping their equipment in order that the chief decided to buy a drink for all hands as a reward.

While the chief was standing treat at a local pub, fire broke out in the fire station and destroyed all the equipment.

coal strike at any time.)

But suppose a coal strike starts July 1 because, on account of the vetoed labor bill, the government can't stop it.

A long coal strike would cripple the country and might cause the slow-down or shutdown of other industries, throwing millions out of jobs.

Then the non-organized labor part of the public might place the whole blame on Mr. Truman because of the vetoed bill.

That kind of public anger would work against the Democrats in the 1948 Presidential elections.

If Mr. Truman vetoes the bill and the other big strikes break out this year, Mr. Truman may get blamed for them.

So the Democrats' victory or defeat in the 1948 elections may depend upon the decision Mr. Truman makes on the labor bill.

Women IN THE CHURCH

"The industrialization of life in America, the rapid tempo of our life, the growth in urban population, the commercialization of recreation and entertainment, together with the general secularization of life in our country, seriously complicate home life," says Dr. M. E. Sadler, president of Texas Christian University. "Ways must be found to overcome these handicaps if our way of life is not to increasingly deteriorate. The home is basic in the life of our civilization. It has the child first and in the most impressionable age. Many of the fundamental attitudes and reactions of a child are determined before he is six years of age, during which time the home is the most influential group touching his life."

The House earlier had pledged a \$6,000,000,000 spending cut without any specific debt payment promise.

While the Ohio senator was silent on the particular point, he obviously hopes to be armed with an agreement on spending cuts before the Republicans undergo a Democratic change—inspired by pot shots from some GOP members—on the tax reduction bill.

A CHALLENGE TO THE CLASS OF '47

Your country needs you now. The future of a free America may rest on your decision.

There is no Draft today to put you in the Army. Yours is the first class since 1940 that faces a free choice. But with that freedom, as with every freedom, goes responsibility.

The nation has put the maintenance of a strong, alert, defensive force squarely up to you. This is the only country in the world that dares to raise and maintain a million-man Army by voluntary enlistment, in the American tradition. The duty of keeping our Army ready for emergencies is shared by every citizen—for never before, in peacetime, has the need for it been greater.

Our freedom, our ideals, the safety of our homes and families, depend on a world peace backed by

firmness and justice. It's your Army now — yours to keep strong.

Joining the Army as a volunteer may mean some sacrifice to you. On the other hand, you have much to gain from the experience. Sound physical condition, training in leadership, world travel and adventure, the comradeship of a fine group of young men, a job with a real future at better pay than you can get in most civilian work—all these make the Army an excellent career for young men who can measure up to its high standards. And in addition you will be entitled to educational benefits under the GI Bill of Rights, if you enlist before Congress officially terminates the war.

Locals Split Weekend Contests Against Tars

Take 15-8 Win Saturday But Encounter First Shut-Out (4-0) Sunday; Mauney And Rogers Continue Heavy Slugging

Manager Johnny Pare's Greenies clubbed three Tar pitchers for 14 hits to take a 15-8 win over in Tarboro Saturday night in a game which lasted three hours. The locals scored in every stanza but two and built up a safe lead early in the game which they held with the greatest of ease.

In the first stanza Lynch walked. R. L. Pare was hit by the pitcher and Lynch scored on two wild pitches by Dietrick.

During the second frame two more runs were scored when Rogers doubled, Simmons walked, a wild pitch advanced Rogers and Simmons. Rogers scored on Lynch's infield out and R. Pare's infield hit scored Simmons for the second run.

Three more runs were added in the third frame when Fraker and Chute walked, Ranweiler hit to pitcher who errored ball with Fraker scoring. Rogers singled to bring Chute home, with Ranweiler scoring from third on Husarik's infield out.

In the fourth frame two more runs were tallied when Mauney singled, stole second, and Charlie Chute homered over the right field wall—a distance of 370 feet—to

bring him home. One more was added in the sixth when Mauney singled, Ranweiler hit to third baseman who errored ball with Mauney taking third and came on home on a balk by Pitcher Russell.

The Greenies went on a scoring spree in the seventh and put across five runs. Lynch, first up, walked. R. Pare got an infield hit, Mauney singled, scoring Lynch, Fraker sacrificed, Chute was given an intentional pass to first, loading the bases. Ranweiler flew out to left field with R. Pare scoring, Rogers singled to bring home Mauney, Yeagle, who went in to pinch hit for Simmons, singled to bring in Chute and Davis singled to score Rogers.

The scoring for the Greenies ended in the eighth when R. Pare singled, Mauney sacrificed and Fraker singled to bring in R. Pare.

Frank Husarik pitched his first win for the Greenies, allowing 10 hits and seven runs. However, he had to call on Ralph Davis for help in the sixth frame after he had issued two walks and a double for two runs, but Davis came through in grand relief work and pitched two-hit ball and allowed only one run.

Rogers with a double and two singles and Mauney with three singles led the 14-hit attack of the locals.

SUNDAY'S GAME
Tarboro handed Greenville its first shut-out of the season here yesterday afternoon by taking a 4-0

LINKS TITLE IS WON BY ALLEN

Defeats Defending Champ, Simon Moye, In Final Playoff

W. L. Allen won his third championship of the Greenville Country Club when he defeated defending champion Simon Moye on the thirtieth hole of the scheduled thirtysix hole final playoff yesterday afternoon on the local links. Allen was three up at the end of the first nine two up after eighteen, six up at twenty-seven and closed the match on the third hole of the four round.

Allen had rounds of 38-38-33 and was one under par for the three holes on the last nine; Moye had rounds of 40-38-36. Allen's third round, two under par, is one of the lowest scored. He birdied numbers two, four and nine, bogied number seven and pared the others for his thirty-three. Both players had excellent long games with fine approaching but Allen's putter made the difference.

In other matches played over the week-end, Jesse Moye won the 4th flight by defeating Bill Davenport; Red Corbett the fifth flight with a win over Gentry Galloway and J. B. James defeated Grove to win the sixth flight.

In the semi-finals of the first flight, Bruce Baker defeated Don Conley and Dave Mosier won over Hunter Keck to enter the finals. Two Eastern Carolina golf matches are scheduled to be played here this Wednesday when Greenville meets Goldsboro and Smithfield.

win behind the four-hit hurling of Pete Clark. The Tars clinched the game in the third frame when they put across three runs on five hits and two errors, and came back in the ninth to score a singleton on two hits and a sacrifice.

Larry Baldwin, pitching his first game for the Greenies, was touched for eleven hits, and with the exception of the third inning, kept them well spread.

The Greenies' four hits were scattered among Mauney, J. Pare, Ranweiler and Rogers—with Rogers getting the only extra base knock—a double.

According to Dave Moore, club secretary, Tommy Lee will report for the Greenies today and will do most of his playing this season in the outfield, filling the shoes of Fraker. He was supposed to have been here for Sunday's game but did not show up. However, Ranweiler filled in for him yesterday Tommy, who hails from Elizabeth City, played in a total of 91 games for the Greenies last season and ended the season with a .280 per cent.

Here is a word about umpires. They, like the ball players on the field, are capable of making errors. The only difference is that the fielders are marked with miscues in the box score, the umpires are not. If a crowd would ride a player for dropping a ball as it bounds an umpire for a bad decision, there is no telling what the teams would look like at season's end.

The official is out there to call the plays as he sees them. He gets a better view of the situation from his post, so he might call a lot of decisions right that look wrong from the stands. So next time if you happen to see a bad decision, instead of taking digs at the guy about being blind, take up a collection to buy him glasses. The pay is so poor that most officials can't afford them anyway.

Friday night the Greenies play at Wilson and on Saturday night they play a return game here.

DIAMOND DUST

By BERT MOYE
Paul Simmons, who has been doing most of the catching for the Greenies this season, has been put on the sidelines with a sprained ankle he received in Saturday night's game with Tarboro. He will probably be out of the line-up for about 10 days.

Dick Fraker, the Greenies' hard-hitting leftfielder, has been sent to the Clinton club of the Tobacco State League for a tryout. Fraker, a veteran, had to be disposed of when Larry Baldwin, also a veteran, put on a Greenie uniform. The club is allowed to take on three veterans during a season and this makes Johnny Pare, Mauney and Baldwin our present three veterans.
