Truman Calls For Health Insurance Plan

Asks Congress Give Immediate Attention To Enactment Of Federal Health And Disability Insurance Program; Wants More Medical Care

Washington, May 19.—(AP)—President Truman asked Congress today to give immediate attention to enactment of a federal health and disability insurance program.

In a special message to the legislators, Mr. Truman declared such legislation is "crucial to our national welfare."

Under the type of program he asks, a worker unable to work because of injury or illness would receive government payments.

Mr. Truman told Congress: "Of the four basic risks to the security of working people and their families—unemployment, old age, death and sickness—we have provided some insurance protection against three."

"Protection against the fourth—sickness—is the major missing element in our national social insurance program."

Mr. Truman's message asked, in addition: 1. Adequate public health services, including an expanded maternal and child health program.

2. Funds for research and medical education.

3. More hospitals and doctors especially in sparsely settled areas.

"The total health program which I have proposed is crucial to our national welfare," he said.

"Until it is a part of our national fabric, we shall be wasting our most precious national resources and shall be perpetuating unnecessary misery and human suffering."

The president asserted that an insurance plan is the democratic way of coping with the menace of serious illness which requires expensive care and services.

Patrol Streets Of Indian City Following Riots

Lahore, India, May 19.—(AP)—Police and troops today patrolled the streets of Lahore, capital of the Punjab, following weekend riots which caused thousands of persons to flee the city to escape spreading battles between Hindu, Moslem and Sikh mobs.

It was Lahore's fiftieth day of communal unrest, and the city was placed under 24-hour curfew.

No estimate of the casualty toll was made this morning, but police reported that 15 had been killed and 12 wounded in one skirmish alone.

Meanwhile District Manager J.C. W. Meade imposed a collective fine of 200,000 rupees (approximately \$60,000) on a predominantly Moslem area of the city and another of 100 rupees on a Hindu section because "there appeared to be no serious attempt (on the part of citizens of those areas) to stop commission of acts prejudicial to maintenance of law and order."

Propaganda Assault

Russia Using Violent Tactics In Attempt To Draw Nations Away From U.S.; Harp On "Coming Depression" Which Will Ruin Countries Associated U. S.

By DEWITT MACKENZIE

Soviet Russia's propaganda offensive against what it regards as an American attack on communism has developed new and violent tactics which have subordinated political issues to economic issues.

The latest thesis of the Moscow press is that the United States is headed for a whirl of a depression and that the other nations of the world had better hitch their commercial wagons to the Soviet star.

Why turn to Russia? Well, to use the language of the Communist newspaper Izvestia, it's because the Soviet Union doesn't have any depression and isn't going to have any for "the great country of the Soviet does not depend on the wild swinging pendulum of the American economy."

All this is aimed at attracting the attention of countries for which Moscow believes America is angling—and probably is. These include the Scandinavian states, Italy, France and South America.

Eight Name Him

Roosevelt Carlos Hurd (above), one of 31 defendants on trial at Greenville, S. C., for the lynch slaying of Willie Earle, a Negro, was named in eight purported statements of four fellow defendants as the man who fired three shotgun blasts into the Negro's head. (AP Wirephoto).

Italy Applies

Lake Success, N.Y., May 19.—(AP)—Italy's application for membership in the United Nations was handed to Secretary General Trygve Lie today by Alberto Tarchiani, Italian ambassador to Washington.

The application dated May 7, Rome, was signed by Carlo Sforza, Italian foreign minister. Italy thus followed the lead of Hungary, which recently became the first of the former enemy countries within the axis to seek membership.

"Until it is a part of our national fabric, we shall be wasting our most precious national resources and shall be perpetuating unnecessary misery and human suffering."

The president asserted that an insurance plan is the democratic way of coping with the menace of serious illness which requires expensive care and services.

The latest thesis of the Moscow press is that the United States is headed for a whirl of a depression and that the other nations of the world had better hitch their commercial wagons to the Soviet star.

Why turn to Russia? Well, to use the language of the Communist newspaper Izvestia, it's because the Soviet Union doesn't have any depression and isn't going to have any for "the great country of the Soviet does not depend on the wild swinging pendulum of the American economy."

All this is aimed at attracting the attention of countries for which Moscow believes America is angling—and probably is. These include the Scandinavian states, Italy, France and South America.

Russia apparently thinks England is in the grip of American money lenders but hopes to win the British over to the Soviet fold.

Washington, not attempting to hide its light under a bushel, yesterday made it known that Secretary of State Marshall's policy planning staff soon will reexamine world economic conditions to determine America's long range policy. It is said this survey may result in a

JEWS DECLARE VIOLENCE WILL BE CONTINUED

Hopes Of Truce Urged By UN Members Dashed By Underground Radio

Jerusalem, May 19.—(AP)—Conditions laid down by the Jewish underground as the price of peace in the Holy Land appeared today to have virtually killed all hopes of a truce urged by United Nations members pending settlement of the Palestine problem.

In a clandestine radio broadcast yesterday, Irgun Zvai Leumi and the so-called Stern gang declared they would not halt their campaign of violence until the British lay down their arms, "end the arrests of Jews in Palestine, cease deporting Jews to other countries and respect their rights of Jewish citizens in their homeland."

"We struggle for the establishment of a free, Jewish, undivided Palestine," the broadcast said, "and we cannot be forced to end that just struggle."

"The announcer asserted that Britain had shown her 'unwillingness to keep a truce' by deporting to Cyprus Saturday night 1,141 uncertified Jewish immigrants intercepted as they neared the Palestine coast aboard the 1,200-ton vessel Trade Winds after a 23-day voyage from Genoa.

"Britain's violence is only answer—' (Continued on Page Two)

Stage Debut Called Off By Miss Truman

Pittsburgh, May 19.—(AP)—Margaret Truman said today that against the wishes of her aged and seriously ill grandmother—who wanted her to go on with it—she canceled her concert stage debut scheduled here for tomorrow night.

Miss Truman made the cancellation because of the grave condition of Mrs. Martha E. Truman, 94

Students Form Chapter Of Federalists, Inc.

Students at East Carolina Teachers College have organized a chapter of Student Federalists, Inc., and have applied to the national organization for a charter. Following a visit to the East Carolina campus in March by Colgate Prentice, student president of the national organization of Student Federalists, much interest has been shown at the college by the organization and its aim of gaining world peace through world law.

Noah Alvin Toier of Point Harbor, freshman at the college here, led the East Carolina organization's president for 1947-1948. Other officers will be Harold Woolridge of Hopewell, Va., vice president; George Jackson of Concord, secretary and Ernest Connolly of Lilling, treasurer. James L. Fleming and Dr. Lawrence Brewster will serve as faculty advisers.

Part Of B-29 Armada Over New York

Here are some of the more than 100 B-29 Superfortresses streaking over New York City Friday in a mock attack. This view was made from the top of the RCA building, looking south, as the planes flew northward. The Empire State building looms up in center background. (AP Wirephoto).

TANKER BURNS IN GAS BLAZE

Texas City Scene Of Four-Hour Fire; Seamen Injured

Texas City, Tex., May 19.—(AP)—Gasoline-fed flames which sent a spiral of smoke 4,000 feet into the air badly damaged the tanker Pan-Massachusetts, a tug and a dock and injured 47 seamen before being extinguished yesterday.

Credit for extinguishing the four-hour fire went to Texas City's heroic volunteer fire department which lost 27 members in the fires and explosions that wrecked this waterfront town a month ago.

Two crew members of the tug Richard Clarke were burned critically as they jumped from the burning vessel and swam through burning gasoline. Forty-five members of the Pan-Massachusetts crew also jumped overboard and were treated for minor burns.

Texas City Police Chief W. L. Ledwith said the fire started as the tanker prepared to sail from the Pan-American Refinery Company dock.

The tug was tied up alongside the Pan-Massachusetts at the time. After it caught fire, the crew cut the towing lines to permit the vessel to drift away, and extinguished the blaze.

Announce Losses To Greek Rebels

Athens, May 19.—(AP)—The Ministry of Public Order said today that 45 rebels had been killed and 87 wounded in three engagements in the rugged gorges and passes southwest of Lamia.

Government losses were placed at four dead and three wounded. The engagements were around Mts. Oiti and Varoussia, apparently with part of a guerrilla force which filtered through a government encirclement of southern Mt. Pindus a month ago.

Voicing confidence that the final version will be much closer to the Senate bill than the one the House passed, the Georgia lawmaker added to a reporter:

"It may not even be as strong because in rewriting its terms in conference some of its provisions may be diluted. In fact, it probably won't be as drastic as the Case bill that the President vetoed last year. It will be difficult to veto."

The House sustained Mr. Truman's veto of the Case bill.

HIGHER POST OFFICE RATES ARE PROPOSED

House Committee Approves Legislation To Provide Additional Revenue

Washington, May 19.—(AP)—The House post office committee today approved legislation increasing postal rates to provide an estimated \$110,000,000 additional revenue annually.

The committee voted to raise the air mail rate from five to six cents on letters and to recommend increasing rates for second-class mail—newsletters and magazines—if the papers are mailed beyond the county of publication.

Ross said the latter increases are based on hopes and on advertising content in addition to a boost of half a cent a pound on the reading portion of the publication.

Besides the increase in the air mail letter rate, the committee recommended establishment of an air mail postage which may be mailed for four cents.

(Continued on Page Two)

Strategists In UMW Hold Meet

Washington, May 19.—(AP)—John L. Lewis called his United Miners' policy committee together today for a last minute strategy huddle before he gets down to brass tacks bargaining with northern and western operators.

The union's unstated contract demands presumably will be given a final review, but whether Lewis will lay them before the operators when the wage talks resume tomorrow remains to be seen.

If he follows last year's pattern it may be days before the UMW chief announces his specific requirements for bargaining his men at work after the government relinquishes possession of the seized pits June 30.

Total Eclipse

Ecahuva, Brazil, May 19.—(AP)—American scientists deep in the interior of Brazil put the finishing touches today to 30 months of preparation to observe and record a total eclipse of the sun tomorrow.

When the big moment arrives, however, they will be so busy with the task of operating intricate astronomical equipment that they probably will see less of the eclipse than the average casual observer.

Defense Rests In Trial Of Accused Lynch Mob

Offer No Witnesses; Judge Directs Acquittal For Three, Gives Acquittal On Two Of Four Counts To Seven Others

Greenville, S.C., May 19.—(AP)—The defense rested today in the trial of 28 white men accused of lynching a South Carolina Negro without offering any witnesses in its behalf.

The dramatic climax to the week-long trial came 5 1/2 minutes after Circuit Judge J. Robert Martin, Jr., had directed full acquittal of three defendants, and given acquittal on two of four counts to seven others.

Chunky, grey-haired Defense Attorney Benjamin A. Bolt closed the case with the simple statement: "The defense rests."

The words were almost lost in the shuffle of chairs and mumble of conversation which followed Judge Martin's summary of his ruling to the jury.

Judge Martin immediately recessed court for the second time in twenty minutes. Earlier he had halted proceedings after announcing his directed verdicts for one-third of the original 31 defendants.

The court announced the trial would be suspended until 9:30 a.m. tomorrow when defensive arguments will begin. Judge Martin said each side would be allowed four

General Combats Red Propaganda Among Germans

Berlin, May 19.—(AP)—Gen. Lucius D. Clay pressed a press-radio campaign today to "give the German people the full story about what the United States is doing to help feed them" and also to combat Communist propaganda which has been making capital of food shortages in the Western zones.

"We Americans here know what we have been doing to help the Germans," the American Military Governor said, "but unfortunately many Germans don't have these facts. Therefore our renewed efforts must aim to show them in graphic form the extent of this help, where it's coming from and how it is to be paid for with exports abroad of German products."

Gen. Clay said the food shortage in the British-American zones would remain severe for several weeks, but pointed out that the schedule of shipments from America had eased a marked improvement.

Tax Reduction Is Near Says Snyder

Secretary Of Treasury Before House Ways And Means Committee Says Congress Should Consider How To Cut Taxes At A Later Date

Washington, May 19.—(AP)—Secretary of Treasury Snyder told Congress today that "a period of tax reduction is approaching." But he made no recommendations as to what taxes should be cut or when.

Snyder further told the House ways and means committee that Congress should consider how to reduce taxes at some later—and unspecified—time.

The 5,000-word prepared statement by the treasury head made no mention of the \$1,000,000,000 tax reduction bill passed overwhelmingly by the House despite administration opposition. The bill is now awaiting Senate action.

Snyder was the first witness as the committee began hearings on a general revision of the entire tax setup.

He did not elaborate on his reference to an approaching period of tax reduction, saying simply: "We are nearing lower peacetime levels of government expenditures and continuing high levels of national income and production. A period of tax reduction is approaching."

Snyder's statement contained thumbnail sketches of 20 levies which have been under treasury study, but made no recommendations concerning them.

"It is highly unlikely that the fiscal and economic situation will warrant enactment of all the ultimately desirable revisions at the same time," he said.

At another point, Snyder said that "at this time we have a unique opportunity to modernize the federal tax system." But he added that "it is not my intention today to make recommendations on any specific tax question."

Tax subjects on which the treasury head commented included personal income taxes and the splitting of family income; corporate income taxes; taxation of dividends; tax-exempt organizations such as cooperative, excise, estate and gift taxes, and social security taxes.

TRUMAN STILL IN GRANDVIEW

President "Standing By"; No Plans To Return To Capitol

Grandview, Mo., May 19.—(AP)—President Truman cheered up a bit today as he reported his 94-year-old mother, fighting for her life against a "very tired and weak heart," as better this morning.

The President, talking with reporters at 6:20 a.m. after his usual 20-minute before breakfast walk, reported: She's better this morning.

The conversation took place near the doorway of the Hotel Muehlebach where the President spent the night, 17 miles from his mother's frame home here.

Mrs. Martha E. Truman began "slipping" yesterday afternoon after an unexpected rally Sunday morning and the President made no plans for returning to Washington today.

Because of his mother's grave condition he had important papers and reports flown to him from Washington.

While the President spent the night in his penthouse apartment in the Hotel Muehlebach, at Kansas City, 17 miles away, he left instructions that he be called immediately in the event of any disturbing change in his mother's condition.

The President looked tired and worn as he walked into his hotel shortly before dinner time last night from a constant vigil at his mother's bedside with his brother, J. Vivian Truman, and his sister, Miss Mary Jane Truman.

Automobile Rackets

Complaints Piling Up On Actions Of Some New, Second-Hand Car Dealers; New Car Buyers Are Victims; How Worked; An Example Of What's Happening

Billion Dollar Loan To Japan Is Considered

Tokyo, May 19.—(AP)—A detailed proposal for a one billion dollar long-term credit to Japan from the United States is circulating through allied headquarters.

The plan, drafted by Japanese industrialists with government assistance, suggests the credit be repaid over a ten-year period at three percent interest, by the excess balance of foreign trade.

It would include the \$180,000,000 Japan owes the United States for imports from the end of the war to the first of this year, and an additional \$140,000,000 she is expected to owe by next July.

The proposal has brought no official comment from General MacArthur's staff. But the fact that it is being circulated indicates that it is being considered.

Joins Pierrette Players
New members of the Pierrette Players, honorary dramatics organization at Salem College, Winston-Salem, N. C., were taken into the club at an installation program Thursday, May 15, at 5:00 p. m. in the Old Chapel.

New officers of the club, elected at a recent meeting of the group, were also installed. The new members include Mary Wells Bunting, Bethel, N. C.

New members are taken into the Pierrette Players on the basis of a point system according to their interest and work done in the Salem Players, other campus dramatics organization open to all interested in putting on plays.

Winterville Future Homemakers
The Winterville Future Homemakers held their regular meeting May 14, 1947, in the Teen Age room. The out-going president, Barbara Dail, called the meeting to order and old and new business was discussed.

The girls on the Refreshment Committee sold drinks to the members of the club. After this, the chairman of the program committee, Annie Rose Harrington, had a wonderful program planned. First on the program was a poem by Gladys Hines, "How to Kill a Club." This was followed by Alice June Haddock's talk on "Buying Your Cottons," which was quite interesting and useful too, since we are approaching the summer season. Shirley Bright gave a wonderful talk on "If They Are Rayons Wash 'em This Way." Annie Rose Harrington gave a report on the Rally which was held in Grimesland on April 26. During the recreation period we listened to the new records which the Teen Age Club has just bought and enjoyed our drinks. Then the meeting adjourned until the installation ceremony which is to be held on May 20, at 8 o'clock. The new officers will be installed at this time.—Virginia Worthington, reporter.

Police Radio Cars Again Prove Value
The value of the Greenville police radio cars was again demonstrated Sunday night, when officers cruising in it saw smoke coming from the A&P store on Dickinson Avenue, and turned in an alarm and notified headquarters by radio to phone Manager Ed Ratcliffe.

The smoke was coming from a

Christian Science Service
"Mortals and Immortals" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, May 18.

The Golden Text from Romans 8:18: "The earnest expectation of the creature waiteth for the manifestation of the sons of God." Among the citations comprising the lesson-sermon were the following:

Social Calendar

MONDAY
6:30 p. m.—Dinner meeting of American Association of University Women in the Episcopal parish house.
6:30 p. m.—Rotary Club.
7:00 p. m.—Lions Club.
8:00 p. m.—Ada Cherry class meets at the home of Mrs. N. G. Raynor.

TUESDAY
1:00 p. m.—Mrs. Dan Wright will be hostess to the Thalian club.
1:00 p. m.—Mrs. D. L. Moore and Mrs. R. R. Taylor will be hostesses to the Round Table at the home of Mrs. Moore, 502 E. Fifth street.

3:30 p. m.—Sons Souci Book club meets with Mrs. C. S. Forbes on E. Ninth street.
6:30 p. m.—American Home Department picnic in Cotanche Street park.

7:00 p. m.—The Woman's Auxiliary of St. Paul's Episcopal Church will hold a dinner meeting in the parish house.
8:00 p. m.—Chapter 149 of the Eastern Star meets.

WEDNESDAY
8:00 p. m.—West Greenville P. T. A. meets. Glee Club and band will furnish program. All parents invited.

THURSDAY
8:00 p. m.—Lydia Wooten class of Jarvis Memorial Methodist Church meets with Mrs. R. W. Davenport, 222 Library street.
8:00 p. m.—Senior recital by Donald Perry, lyric tenor, of East Carolina Teachers College in the Austin auditorium.

FRIDAY
6:30 p. m.—Kiwanis club.
8:00 p. m.—GHS Dramateers and Black Masquers present "Music in the Valley" in High School auditorium.

SATURDAY
9:00 p. m.—12:00 p. m.—German Club dance at Country Club.

Music in the Valley

Dave Clark will portray one of the leading roles in "Music in the Valley," which will be presented by the Black Masquers and Dramateers of G. H. S. on Friday, May 23. Dave was recently taken into the Black Masquers as an honorary member because of his outstanding work on the stage. His interpretation of "Crooge" in "The Christmas Carol" will long be remembered.

Dot Savage will play opposite Dave Clark in "Music in the Valley." Dot has studied dramatics in high school and with Mrs. J. H. Rose. She appeared in "The Christmas Carol" and she has done outstanding work in stage productions and radio plays.

ing from the Bible: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." (Romans 8:1). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As mortals give up the delusion that there is more than one Mind, more than one God, man in God's likeness will appear, and this eternal man will include in that likeness no material element." (Page 141).

Judge John Burney Opens Civil Court

Judge John J. Burney of Wilmington convened a two-weeks civil term of Superior Court here today. Numerous important cases are on the calendar for hearing.

A long list of divorce actions are scheduled to be tried this week.

Police Radio Cars Again Prove Value
The value of the Greenville police radio cars was again demonstrated Sunday night, when officers cruising in it saw smoke coming from the A&P store on Dickinson Avenue, and turned in an alarm and notified headquarters by radio to phone Manager Ed Ratcliffe.

The smoke was coming from a

THE DAILY REFLECTOR May 19, 1907

Tom Dupree reached home Saturday evening from Bingham school at Mebane, where he made a fine record. He brought with him a gold medal which he won for oratory and a diploma award for proficiency in the business course of the school.

Miss Birdie McKinney, one of the teachers in the graded school, left this morning for a visit in Sanford.

motor on which a belt was slipping. Fire Chief George Gardner said slight damage was done by smoke, there was no blaze.

Lightning Bolt Causes Serious Fire Grimesland

A bolt of lightning during Saturday night's thunderstorm struck the home of J. J. Elks in Grimesland and started a fire which destroyed the two-story building and contents of the nearby home of his daughter, Mrs. Leila Belle Hoell, and much of the contents. Both families were away from home at the time of the fire. Both houses are a total loss.

When neighbors saw smoke arising from the eaves of the Elks home they got busy and phoned Washington and Greenville fire departments. Both responded, but the Elks and Hoell homes were beyond control when the firemen arrived. The firemen did good work preventing the fires from spreading.

Mrs. Hoell today expressed appreciation to M. L. Slaughter and other neighbors who saved some of her furniture and to the Washington and Greenville fire departments.

Open Search For Early Chevrolet Truck Models

Owners of early-model Chevrolet trucks in this vicinity were invited today by the White Chevrolet Co. to participate in a nationwide search by the Chevrolet Motor Division to locate the oldest Chevrolet truck still in active service in the United States.

"The owner of the oldest truck will be presented with a brand-new Advance-Design Chevrolet truck and may choose any standard model in the current line of Chevrolet commercial cars and trucks," Mr.

W. L. Harrington, local manager said.

Trucks entered in the search must be carrying 1947 license plates and must be driven to a Chevrolet dealership, where official entry blanks are available. The search ends June 15, 1947 and the winner will be notified on or before June 3, 1947.

Certificates Of Eligibility To Be Put On File

Certificates of eligibility for participation in the 1947 price support program for early commercial Irish potatoes must be filed at the local County AAA office before the close of business on May 31. J. V. Taylor, chairman of the Pitt County AAA Committee, announced this week.

Mr. Taylor said that potato producers planting within their acreage goals and meeting all terms and conditions of eligibility requirements will be certified as eligible and receive marketing cards for keeping records of sales.

Mr. Taylor pointed out that potatoes offered by growers for price support will be subject to a service fee of one cent per hundred weight but in no case less than \$3.00 to take care of inspection, storage, and other loan servicing.

Support prices for the 1947 early commercial crop are \$2.60 for June-July period and \$2.40 during August. These prices are for 100-pound bags grading U. S. No. 1 which are sacked and loaded f.o.b. through carrier in carlots or trucklots at country shipping points.

Truman . . .

(Continued From Page One)
The committee rejected a post-office department suggestion to double the present one-cent rate on postcards, retained existing rates on newspapers and periodicals sent through the mail in the county of publication, and continued the present first class mailing rate of three cents for letters.

Increased piece rates and advertising surcharges recommended by the post office department for second-class matter also were rejected by the committee.

The legislation is subject to House action next week. Chairman Rees (R-Kan) made the estimate on the additional revenue the bill would provide.

Jews Declare . . .

able with violence on our part," the broadcast added.
It suggested that U. N. members who signed the truce appeal "try again to induce Britain to lay down her arms."

TO WED—Lloyd Bowers Taft, (above) son of Senator and Mrs. Robert Taft, is engaged to Miss Virginia Stone of St. Joseph, Mich., daughter of Mr. and Mrs. C. E. Stone.

Accepts Post At Maryland Univ.

J. C. Shepherd of Lexington, graduate student at East Carolina Teachers College has accepted a position as instructor in mathematics at the University of Maryland and will begin his work there

in September.
Shepherd entered the college here in the fall of 1941. As a major in athletics and science he studied here until he was awarded the A.B. degree in March 1944.
Following his graduation, he entered the Army Air Corps and was in service for 25 months.
After his discharge in May, 1946, Shepherd again entered East Carolina. For the past year he has been a graduate student in the department of mathematics and will receive the master's degree at the commencement exercises in June.

Freedom From Censorship Tops UN Discussion

Lake Success, N. Y., May 19—(AP)—An American proposal for worldwide elimination of censorship topped the calendar for the United Nations sub-commission on freedom of information and of the press today.

The U. N. selected Assistant Secretary-General Henri Laugier to welcome representatives from 12 nations for the first meeting. Twice daily sessions are expected to continue for two weeks.

The principal item of business will be drafting of plans for an international conference on freedom of information, to be held early next year.

Zachariah Chafee, Harvard professor and American representative, offered the censorship ban by a working paper which also called for measures to provide full freedom of movement and residence in all countries for accredited correspondents, equal access to news sources, and equal opportunity to transmit news.

There are 562 prince-ruled states in India.

Arrest Leader Of Berlin Black Market Ring

Berlin, May 19—(AP)—Agents of U. S. Military Government have smashed one of Berlin's biggest black market rings and arrested the leader, a 30-year-old German named Karl John. Officials said John began his operations in Holland during the German occupation there and then switched to the high profits available in Berlin under the allied occupation.
John, described as "a very clever guy" by American agents, was sent to Holland in 1942 with 100,000,000 marks to make purchases for the German Army. One of his fraudulent operations, American officials said, was to purchase a large consignment of cocoa for the Wehrmacht, which turned out to be brick dust when the German quartermasters received it.

"KNOWN FOR GOOD CLOTHES"

Women IN THE CHURCH

Miss Betty Graham, an American journalist who recently got deep into Shantung Province, China, found seven model nurseries established by Madam Sun Yat-sen's China Welfare Fund, and much of their support comes from America. The largest nursery is on the Chiating Peninsula (it moved three times during the war), and cares for 300 children. There Miss Graham found Miss Chang Ta, the head worker, a graduate of Chung Shan University; Miss Yang Chün-tse who was trained in missionary schools; and Miss Min Pi-chen, who has trained 50 nursery attendants. The International Peace Hospital conducts a clinic for the nursery.

The ancient Waldensia Church has come through the war years "quite alive" in Italy, according to Miss Constance White, of Geneva, Switzerland, who visited the scattered churches in Italy recently on behalf of Church World Service. "Waldensian church-goers in Pisa must direct their steps to a cinema theater for services, because their church building is not big enough to accommodate the worshippers," she says by way of example. "The church holds only 200, and today

their numbers approach 600. A new searching spirit in Italy presents the Waldensian Church with a tremendous challenge. On the other hand, losses through the war and post-war inflation have left the church no longer self-supporting. It depends on the reconstruction aid of the World Council of Churches to rebuild."

In hundreds of Methodist churches across the nation, Mother's Day this year was more than a day for "saying nice things about mothers."

In addition, offerings were received for relief of mothers and children, hungry and homeless, and ragged, and hopeless in Europe. The offerings will be administered by the Methodist Committee for Overseas Relief, Bishop Herbert Welch, chairman. Principal relief will be the feeding of mothers and children in Poland, Czechoslovakia, Austria, and Germany. At present M. C. O. R. is endeavoring to feed 2,000 German children at Zwickau, Saxony; 1,000 in Chemnitz, Saxony; 1,200 in Poland. In Poland alone there are 13,000 more refugee children waiting to be fed and clothed.

Strength FOR THE DAY

BANNERS AND TRUMPETS
Robert Browning was not only a great poet but a great man. He believed devoutly in the priceless value of things spiritual and without apology urged men to turn their thoughts to the unsearchable riches of God.

The artist Burne-Jones attended Browning's funeral and afterward wrote to a friend saying: "Much would I have given for a banner or two, and much would I have given had a chorister come out of the triforium and rent the air with a trumpet."

Browning's faith and life had been such that when he died, men and women with tear-moistened eyes might well rejoice, not because he was gone but because he had meant so much to the morale of his generation while he was alive. He believed so implicitly in life that the waving of banners was in order at his passing. He had stood so valiantly for God's gracious sovereignty among men that the trumpet was indicated as a body was lowered into the grave.

How wonderful to live one's life in such a way that when one passes on, his generation wants to wave banners and sound trumpets in remembrance of the glory which has ended! But has it ended? Those who share Robert Browning's faith cannot believe that it ended for him. Nor can we believe, if we have a like faith, that the glory will ever end for us.

WASHINGTON LETTER

ONLY ABOUT 10 PERCENT OF WAR RECORDS WILL BE SAVED

By JANE EADS
Washington—The National Archives reports that of the more than 10,000,000 cubic feet of records accumulated by government agencies during the war, it is possible that only 10 percent will have to be kept permanently.

It probably wouldn't have to be even that high except that service records have to be preserved to protect benefits and privileges guaranteed to service men and women.

This does not mean that the other 90 percent of the records was unnecessary. It is only that their value was more or less temporary.

If all the records of World War II were kept, the archives people say, buildings to house them permanently would cost at least \$75,000,000.

In addition to the service records among the mass of files of the war years, there is a core of very valuable records which picture the experience of the government in:

Mobilizing its industrial and manpower resources.
Organizing its diplomatic and military forces for operations throughout the world.
Conducting scientific research to augment the military.

Organizing the economy at home so that war needs could be met and scarce materials divided.

Although the war agencies were naturally more concerned with winning the war than recording it, Dr. Solon Buck, Archivist of the United States, says "there can be no doubt that in every aspect this war was incomparably better recorded than any previous war."

Dr. Buck says the proposed reduction in volume will be made without serious loss to the future administrator or scholar.

Even before the fighting was begun, the archives staff began to work with the emergency agencies to supply them with information on how to control their records and to reduce the quantity of them each year as part of the files lost their value.

The very inadequacy of the records of the last war, on which administrators in this conflict had often to rely for guidance, made them aware of the future utility of well-kept records," Dr. Buck says.

The National Archives says it will shortly need more space.

Its present building on Pennsylvania Ave., completed in 1935, will hold about 1,000,000 cubic feet of records and those are already

nearly 800,000 cubic feet of files in it.
These go all the way back to Revolutionary War records and range from George Washington's military orders to documents of World War II including the German and Japanese surrender papers.

Propaganda . . .

(Continued on Page Six)
and France—should stand together. If there is a people whom the Germans hate more than they do the French, British and Americans it is the Russians. Hitler's raucous harangues against everything communistic still rings in the ears of his people. It's true that communism frequently thrives on chaos, but the Reich is a dangerous area for experiments.

Ugly signs of revolt have been showing themselves among some Germans of late. Thomas Mann, widely known German author who is now in London, yesterday declared that "it is self-pity, part of the national egotism, which is preventing Germany from cooperating with the allies in her revival."

We can accept that estimate of the position, but I would add something a bit more pointed. It also is the damnable Prussian arrogance—the foundation of militarism—which is making itself evident. I saw it in Germany right after the signing of the armistice at the end of the First World War—heard the Prussian burghmaster of the great city of Cologne demand (!) that the allies ship in food and clothing to the defeated Germans or he would not be responsible for what the people might do—and I've seen plenty of the same since then!

Anyone who thinks to gain by stirring up the Prussianism in the Germans had better stop and reconsider.

Negro Confesses . . .

(Continued on Page Four)
abouts at the time of the tragedy and was released Saturday at noon. Police Chief Jim Tanner said they re-arrested Anderson an hour later.

The news release said the board considered the newspaper article this morning as a "desperate" last minute effort of the company to defeat the strike, which is in its third week.

Strike Blow At Cigaret Trading

Washington, May 18 (AP)—Striking at black market trading, the Army today banned private shipments of American cigarettes and tobacco to Germany effective Monday May 28.
The action does not affect the supply made available through Army Post Exchanges, which the Army said is sufficient to meet "the normal individual needs" of GIs and civilian workers.
The ban applies to "the mailing or shipment of these commodities through Army post offices, the international mails or commercial channels." Army officials said such shipments are largely in the form of gift packages and that commercial trading is not a factor.

Jet Planes For Russian Foods

London, May 18 (AP)—Hints in the British press of an impending trade agreement between Britain and Russia were pointed up yesterday by the Empire News in an article asserting that the British Cabinet was considering a Soviet offer to trade grain and industrial raw materials for jet planes and technical processes.
"The foundation for the gigantic barter was laid by Foreign Secretary Ernest Bevin at the Moscow Conference," the Empire News said.

Doris Duke Ends Long Tax Feud

New York, May 18 (AP)—Multi-million heiress Doris Duke and tiny Hillsborough Township, home of sprawling Duke farms, have declared tax peace, a family attorney said today.
The township has agreed to appeal in the state courts the dismissal by the New Jersey Board of Tax Appeals of a personality tax suit against the Duke endowment fund it assessed at \$251,471.619, Attorney Thomas Perkins said.
Miss Duke has agreed not to collect some \$2,500 in court costs awarded her after the township lost a tax suit against her personal fortune.

KEY TO HAPPINESS

★ "With health, everything is a source of pleasure; without it, nothing else, whatever it may be, is enjoyable. It follows that the greatest of follies is to sacrifice health for any other kind of happiness, whatever it may be—for gain, advancement, learning, for fame, let alone, then, for fleeting sensual pleasures," advised Arthur Schopenhauer.
As pharmacists, we are constantly alert to forward measures important to public health. In our prescription department we have assembled the important drugs from all over the world. These medicinal supplies represent the community's arsenal against disease. Bring your prescriptions to us for expert compounding.

Grain Market

Chicago, May 19—(AP)—Moderate selling pressure centering in deferred deliveries sent the grain market lower today. Earlier, the market had been firm with buying based on receipt of unwanted rains in wide areas of the southwest and middle west.

Wheat closed 1 cent lower to 1/2 higher, May \$2.70 1/2-1/2, corn was 1/2 lower to 1 1/2 higher, May \$1.78 1/2-1/2, and oats were 1/2-1/2 lower, May \$1.15 1/2-1/2.

N. Y. Stock Market

New York, May 19—(AP)—Professional short covering and investment buying brought recoveries to individual stocks today after many market leaders had touched new lows for the past 15 months. Dealings were liveliest since mid-April. Transfers for the full stretch ran to around 1,800,000 shares.

Grimesland Alumni Association
A large number of ex-graduates, together with the senior class of 1947, met at the Pitt County Training School at Grimesland last Friday night at which time they organized an alumni association of the school. Ex-graduates were present from the class of 1929 through 1947. Many ex-graduates scattered throughout the county and overseas sent letters of stating their interest in the organization and pledging their wholehearted support.

After the opening song, "Lift Every Voice and Sing," two solos were presented by Daisy Stevenson and Floyd Dudley. The address was delivered by Mr. O. A. Dupree, principal.

Officers were elected and the following persons received office: Aleshie Thompson, president; Charles Highsmith, vice president; Miss Vivian Dudley, secretary; Miss Pauline Moore, assistant secretary, and Mrs. Hattie Thompson, treasurer.

The group pledged to assist the school in promoting those high ideals for which the school stands. Many objectives were set forth. High tribute was paid to Mr. G. R. Whitfield, founder of the school, and an early pioneer and trailblazer in education in this county.

After leaving the auditorium where the meeting was held the group assembled in the high school building in a beautifully decorated room to enjoy a social. A delicious repast was served.

W. H. Robinson Union School
The eleventh annual commencement exercises of the W. H. Robinson Union School, Winterville, will be held Monday, May 19, at 8:30 p. m. in the school auditorium. The program follows: Professional, "Largo," Star Spangled Banner.

Greenies Stop Kinston With Four-Run Attack

Locals Halt McLawhorn's Winning Streak And Take First Victory Over Eagles; Bunch Hits In Seventh And Eighth Frames

By BERT MOYE
Manager Johnny Pare's Greenies took a 4-1 win over in Kinston yesterday afternoon to halt Sam McLawhorn's winning streak at seven wins in a row. The win for the Greenies was their first over the Eagles this season and their fourth win in the last five games. The Greenies bunched four of their seven hits in two frames to do all their scoring, while Joe Alamo getting his second win of the season for the Greenies, pitched seven-inning ball which he kept well scattered with the exception of the second stanza when they put across their lone run in the seventh frame. The Eagles put across their lone run in the second frame on two hits and an error and kept the lead until the seventh frame. In this stanza Jack Bomar singled, Johnny Pare walked, and Bobby Pare singled to bring home Bomar for the tying run. In the eighth frame the Greenies went out in front for keeps when they put across three markers on two hits, two walks, a sacrifice, a wild pitch and an error. Joe Alamo led off with a single, Tommy Lee sacrificed him to second, a wild pitch enabled Alamo to take third. Mauney walked, stole second and Jack Bomar walked to load the bases. Jack Bomar, getting his second single of the game, brought home Alamo and Mauney. Johnny Pare hit a ball through the Eagles' third baseman's legs and Chute came home on the play for the third run of the inning. Joe Alamo, in getting his second win for the Greenies, pitched eight-inning ball, failed to walk a man nor did he strike out a man. Sam McLawhorn, known for his strikeout record in the league, struck out only five Greenies while issuing three walks. Jack Bomar and Bobby Pare with two singles each in four trips to the plate led the Greenies' attack. Score by innings:
Greenville 000 000 0130-4
Kinston 010 000 000-1

DIAMOND DUST

By BERT MOYE

The game rained out between the Wilson Tobs and the Greenies here on Saturday night will be played as a double-header on Friday night of this week when the two teams meet again in the second of a two-game series. Don't forget there is a double-header out at Guy Smith Stadium tonight when the Greenies meet the Kinston Eagles in a twin bill, the game having been rained out last Saturday a week ago. To you who bought tickets to witness Saturday night's game, hold on to those rain checks as they will let you in tonight's game to see the win-bill, Johnny Foell is scheduled to pitch one of the games and Rex Benton the other. Starting time is 7 o'clock.

Willie Mauney, the Greenies' hard-hitting outfielder, failed to get a hit in yesterday's game at Kinston and was the second game this season he had failed to get a single. Prior to Sunday's game he had hit safely in 21 consecutive games.

Batting averages of the Greenies as released by the League Statistician and including all games played through May 11th is as follows: Mauney with .453 for second place in the league; Chute, .383; Ranweiler, .293; Simmons, .273; Bobby Pare, .260; Lynch, .217; and Luke .167. The club as a whole is hitting at a .286 clip and dropped from first to fourth place in standings. Only players at bat 25 or more times were listed.

The Harrisburg Senators continue to set the pace in the Inter-State League and in all games played through last Thursday had won nine and lost one for a 900 percentage. They are four and one-half games out in front of York, Pa., the second place club.

Governor Proclaims Naval Reserve Week

Raleigh, N.C., May 19—(AP)—Governor Cherry today proclaimed May 18-25 as Naval Reserve Week and called upon the people for continued interest in naval affairs. "A strong peacetime naval reserve, according to stated policy," he said, "is vital if the United States is to keep its world peace pledge."

AUTOMOBILE ON FIRE

The fire department sent a small truck and three firemen to near the Busy Bee Cafe Sunday night about 8:30 when the engine of a car belonging to Bruce Sutton caught fire.

Crops Severely Hurt By Drought

Raleigh, N.C., May 19—(AP)—Prolonged dry weather has caused damage to early-maturing truck crops and delayed farmers in their planting and cultivation of other crops, the State Department of Agriculture has reported. The department reported that the commercial strawberry crop has been reduced severely because of the drought. Berries ripened before turning marketable size. There also have been reports from northeastern North Carolina that the Irish potato crop would be reduced considerably unless rain is forthcoming.

Weather Delays Korean Meeting

Seoul, May 19—(AP)—Bad flying weather may delay the resumption of American-Soviet negotiations on Korea scheduled for tomorrow. The Russian delegation was due from the Soviet North Korean zone yesterday but failed to arrive. American military sources said unfavorable weather will delay the joint commission meeting possibly one or two days. Other members of the 75-man Soviet staff will travel here by train.

SEABISCUIT DIES

Ukiah, Calif., May 19—(AP)—The Biscuit is no more. Charles S. Howard's mighty Seabiscuit, once the greatest money winner of the American turf, died of a heart attack Saturday midnight at Howard's Ridgewood Ranch where he has sired 100 colts since his retirement in 1940. He was 14 years old.

Bethel Ball Club Is Seeking A Challenge

The Bethel Township baseball club started off their season last week with a 6-1 victory over Connettee. The game was the first for the newly organized team. J. P. Harris, Jr., manager of the team, is seeking further competition and has invited any team wishing to challenge his club, to contact him.

All-Stars Take 24-3 Decision

18—ALL-STARS
The Legion All-Stars of Greenville won over the Kinston Tigers by a score of 24-3 at Guy Smith Stadium yesterday afternoon. Manager Dennis Norris, in speaking of his one-sided victor over the visitors from Kinston, gave much credit to first-sacker Price, hurler Morris, third baseman Norfleet and shortstop Winston for the outstanding performance of his team.

There are approximately 1,500 railway tunnels in the United States with an aggregate length of about 320 miles. At the peak of World War II spending, the U. S. government was disbursing \$200,000 a minute.
