WILL DISCUSS PROPOSAL TO END NEWS CENSORSHIP BAN

Elimination Of World-Wide Peacetime Censorship To Get UN Hearing

Lake Success, May 24—(AP)—United Nations consideration of a proposal to eliminate world-wide peacetime censorship of news was assured today.

Despite Russian opposition, a U. N. subcommittee decided by a vote of 9 to 1 that this subject should be considered at next year's international conference on freedom of information.

The subcommittee also adopted a proposal that the world conference should consider measures to protect accredited correspondents against arbitrary expulsion from foreign countries.

Both actions were taken yesterday by the subcommittee on freedom of information and of the press, which is drafting proposals for the international conference to be held either in Geneva or Prague.

The proposals, both of which brought Russian opposition, were presented by the United States.

Under these proposals, the world conference would discuss the elimination of peacetime censorship, including measures to insure that where such censorship is still applied, the directives governing it should be made public, the censorship should be open and the originators of reports be promptly notified of deletions or suppressions.

Soviet Representative Y. M. Lomakin, in demanding deletion of this part of the U. S. proposal, contended that censorship was normally exercised only against correspondents who were not acting in good faith and whose reports were designed to create misunderstanding and unfriendly relations between states.

"Naturally," Lomakin said, "no government can stand for that." (Continued on Page Two)

De Gasperi Is Asked Again To Set Up Cabinet

Rome, May 24—(AP)—Alcide de Gasperi, who resigned as Italy's premier 11 days ago, announced today that he had been asked to form a new government, his fourth since the end of the war.

Leaving Provisional President Enrico de Nicola's residence after an hour-long conference, the Christian Democratic party's leader told newsmen he would "reserve decision according to customary procedure."

"That meant he would confer with leaders of other parties and of his own about the prospects of organizing a Cabinet before giving a definite answer as to whether he would accept the post again."

"My program is well known to you all," de Gasperi declared. "It consists in an appeal to everyone to collaborate in solving our economic problems for the salvation of our country."

He resigned because of criticism of his economic policies.

Prison Sentence Is Given To Erwin Man

Lillington, N. C., May 24—(AP)—Harry Jordan of Erwin was under a sentence of eight to 18 years today after pleading guilty to manslaughter in the shotgun death of his wife, Mrs. Pearl Jordan, 38, last March 25.

Jordan was charged with murder but Solicitor Jack Hooks agreed to accept the manslaughter plea Judge W. H. S. Burgwyn sentenced Jordan, a painter.

Prompt Aid To Turks

U. S. Military Mission Arrives In Ankara With Goal Of Strengthening Turkey; Defense Of Dardanelles Still Paramount Feature Of Today's Strategy

Even as President Truman signed the historic Greco-Turk aid bill into law, there arrived in Ankara a United States military mission to help the Turks rehabilitate their poorly equipped army for defense aggression.

Thus without delay was begun the implementation of America's new foreign policy of helping weak countries which are threatened by the Red tide. Meantime the vanguard of another American military party was enroute across Europe to Athens, there to perform similar duties for the Greeks—but main interest centered in Turkey and the Dardanelles Strait which for three thousand years has been one of the world's most important military positions.

The security of the Dardanelles is vital strategically to the success of the American policy. Greece is important also, but in the sense that it is a bastion which guards the flank of the strait. This narrow stretch of water between the Black Sea and the Aegean is the barrier on the turnpike between Europe

and Asia. Times without number it has run crimson with the blood of armies battling for its control.

Thirty centuries ago the king of Troy used to exact heavy toll from merchant ships passing between the Black Sea and the Aegean which in turn gave access to the Mediterranean. There was the conquest of Troy by the Greeks who worked the wooden-horse trick. Many other attacks followed on the strait until finally came the disastrous allied attempt at the beginning of World War I, when the Turks were fighting on the side of Germany. We don't need to go over that story again, but a glimpse of the main points shows the extreme importance of this position.

Because the Turks controlled the Dardanelles (as they do now) they held the gateway to Russia. Thus the Western Allies were split. England and France couldn't get badly needed grain and similar supplies from the czar's domains, and the latter wasn't able to secure war supplies from Britain and France. (Continued on Page Two)

Wool Tariff May Kill Trade Talks

Washington, May 24—(AP)—A House vote to boost the tariff on wool was described by opponents today as a possible knockout blow for the 18-nation international trade conference in Geneva.

Rep. Cooley (D-NC) told newsmen President Truman will have no other choice than a veto unless the measure extending a wool price support program one year from next Dec. 31 is revised by a House-Senate conference.

As the measure passed the Senate it called only for government support payments to domestic wool growers through the commodity credit corporation equal to the 1946 level.

The House yesterday added a clause in effect directing the chief executive to order the tariff commission to increase the present import levy of 34 cents a pound for clean, raw wool if imports threaten to undercut the support program.

It turned thumbs down on a move to make that protective clause inoperative if it affected present or future international agreements.

If the bill becomes law, the American delegation at Geneva will be unable to write any agreements involving lower barriers here for importation of wool.

Paintings Found To Be Nazi Loot

Berlin, May 24—(AP)—The American Military Government announced today that six valuable paintings on the walls of Gen. Lucius D. Clay's office and conference room had been found to be Nazi-looted and would be returned to the Netherlands.

A formal press release said the pictures, including "Portrait of a Woman" by Van Dyck, had been purchased in good faith for the equivalent of \$6,640 from a German firm at Baden, in the French occupation zone, late in 1945.

Undergrads Hold Battle-Royal In Baltimore

Baltimore, May 24—(AP)—Two hundred police today broke up a three-hour battle royal when an estimated 250 undergrads of the University of Maryland raided the Johns Hopkins University campus in an effort to recapture their kidnapped bronze terrapin.

Police said the battle was brought "under control" after eleven Maryland University students had been arrested on charges of disorderly conduct to face a court hearing later today.

Police said the Marylanders "failed to retrieve the turtle," and retired in disorder.

Hopkins students, several hundred strong, backed by two radio cars and 12 city policemen, had awaited the fleet of raiding autos but when the Maryland cohorts arrived, emergency calls went out for more bluecoats.

FBI Agents Aid In Hunt For Burglars

Rutherfordton, N. C., May 24—(AP)—Sheriff Vance Wilkins and FBI agents worked together today in an effort to solve the reported theft of more than \$1,500 from the vault of the Henrietta Mills store Thursday night.

Wilkins said the money was taken after burglars pried off the steel frame and panel on the door to the vault.

Broadcast High School Program Sunday Night

The Greenville radio station will broadcast the High School finals program at the school tomorrow night at 8 o'clock.

Rev. Richard E. Hardaway, pastor of the Memorial Baptist Church, will deliver the baccalaureate sermon. A special program of music will be presented.

KIWANIS CLUB FAVORS MORE PAY TEACHERS

June H. Rose Tells Civic Leaders Of Need Of School Supplement Here

By CHESTER WALSH

At the Kiwanis Club's weekly supper meeting last night, the 75 or 80 members gave spontaneous and prolonged applause after Supt. of Schools June H. Rose explained why there is urgent need of a school teachers' salary supplement and declared that the people here have a golden opportunity to make Greenville the center of education in Eastern Carolina.

Joe Taft, vice-chairman of the school board, presented Mr. Rose.

A special election will be held next Tuesday to permit the citizens to vote their approval of a special tax levy of 15 cents on the hundred dollar property valuation to provide funds to pay school teachers living wages. It was pointed out that other organizations had pledged support to Tuesday's election. President Eli Bloom presided.

Preliminary reports last night indicated that the Kiwanis mustered for the underprivileged child fund presented two nights at the college last week, was a financial success and the best show yet given by the Kiwanians.

A vote of thanks was given Director Milo Smith for entertaining the club officials at supper Thursday night.

Lieut.-Governor Ed Rawl stated that 10 are going from here to the Kiwanis International Convention in Chicago June 29-July 3. The party will leave from Rocky Mount at 11:30 on June 28 on the Kiwanis Special train.

The Seventh Division meeting will be held in Greenville on June 13. Representatives of a dozen Kiwanis clubs are expected to attend. Plans are being made for 200 guests at the banquet.

Argentina Says Nazis Deported

Buenos Aires, May 24—(AP)—The next step in the long series of efforts to restore harmony between the United States and Argentina appeared today to be up to the State Department in Washington.

Foreign Minister Juan Bramuglia informed a news conference last night that eight more Nazi agents were deported two days ago, bringing the total number of agents thus expelled to 60, and that Argentina "now considers she has satisfied all her hemisphere obligations."

The U. S. State Department has been insistent that Argentina clean out Nazi influences to complete fulfillment of her pledges of continental solidarity and Bramuglia's statement was an indication that Argentina now is ready to stand on her record of compliance with the Chapultepec agreements.

Lynchings In South Show Increase During First Two Post-War Years

Atlanta, May 24—(AP)—Negro lynchings in the South, which decreased during the war years but have produced two internationally notorious cases within the past ten months.

The first was the multiple slaying of four Negroes—two men and their wives—near Monroe, Ga., on July 25, 1946, by a mob of about 20 white men.

The other was the lynching of Willie Earle, 23-year-old Negro which resulted in the recent mass murder trial of Greenville, S. C., of 31 white men, each of whom was acquitted.

Tuskegee Institute, Alabama's Negro school, lists three lynchings in 1943, two in 1944 and one in 1945. During the first post-war year—

1946, the number, however, increased sharply to six, to direct renewed attention to the South's serious racial problem.

This problem was highlighted even today by the search through the thick pine forests of northeastern North Carolina for a young Negro who was seized by armed masked mobsters at the Northampton jail and spirited away.

Meanwhile, Negro Willie Lee Duke was under heavy guard for safekeeping in an undisclosed jail in Arkansas as an aftermath of the fatal knifing of Mrs. Eberl Ellis Boyd, a cab company owner and driver. The Negro farm hand has been charged with her murder. A second Negro, reported to have been with Duke on the night Mrs. Boyd was slain, is being questioned by Arkansas authorities.

Babson Discusses Shipping Stocks

New York City, May 23—Aid and loans abroad are bound to expand U. S. trade with most of the nations of the world. Therefore our farmers and manufacturers will benefit! What about our merchant fleet? Are we to let other nations take away our war-built lead in maritime commerce as after World War I? Wall Street is trying to get small investors "to hold the bag."

What Happened After World War II?

Let us look upon our maritime fleet before and after World War II. In 1939 we had about 14 per cent of world shipping, today we have about 40 per cent. Great Britain today has about 22 per cent, nearly the same as in 1939, and is building more. Other nations are rapidly replacing their war-depleted fleets with the intention of bettering their pre-war status.

Although U. S. ships were carrying about half of the world trade after World War I, they had lost 30 per cent of that trade, up to

World War II. By 1939 our merchant fleet had been reduced to only about 14 per cent of the world's shipping. It looks very much as if this peacetime reduction in our merchant fleet were to be repeated.

Ships Available From the end of World War II to the present day the U. S. Merchant fleet has been reduced in tonnage close to 55 per cent. When this program has been completed it is doubtful if we have more than 1500 ships in use. Today we have three main classes of dry cargo vessels. The first class includes long-range freight vessels with medium speeds, combined cargo-passenger ships with comparable speeds and other faster cargo-passenger ships. These three types are the most useful for post-war shipping.

Officials Turn To Belief No Lynching Has Occurred

Truman Signs Greek-Turkish Bill

Sitting alone in his hotel suite at Kansas City, Mo., President Truman glances up just as he finishes signing the \$400,000,000 Greek-Turkish aid bill Thursday. The ceremony, originally scheduled as an elaborate White House affair, took place in a small room of the hotel and was attended only by newsmen. The President is in Kansas City to be near his aged mother who is seriously ill. (AP Wirephoto).

Justice For All

Topeka, Kas., May 24—(AP)—United States Attorney General Tom Clark has called for local judicial strength to combat injustice and declared the Justice Department "may go into court if the outrage in South Carolina where a local jury freed all the admitted participants in a lynching."

In a speech to the Kansas Bar Association meeting here, Clark said, "So long as I am Attorney General and there is any threat of law to stand on, I shall try to see that justice is done to all our people, white or black."

MRS. TRUMAN SAID WEAKER

Grandview, Mo., May 24—(AP)—President Truman became more anxious and perturbed today as his 54-year-old mother weakened perceptibly.

While his personal physician would not go beyond the assertion that Mrs. Martha E. Truman's condition was "unchanged," Mr. Truman said she was growing "a little weaker."

He abandoned all thought of returning to Washington in view of the gravity of her case.

His physician, Brig. Gen. Wallace H. Graham, limited his own report to a terse assertion the elderly patient's condition was "unchanged."

Presidential Press Secretary Charles G. Ross declined to elaborate, or answer questions, asserting it was "all he had to say" other than that Mrs. Truman was "resting fairly well" in an oscillating bed.

Observers were struck by the President's despondency, as he returned to his Kansas City Hotel (Continued on Page Two)

RAPS GOP FOR BUDGET SLASH

Washington, May 24—(AP)—Rep. Cannon (D-Mo.) declared today the sharply-trimmed agriculture appropriation measure for 1948 is "the worst bill of its kind ever sent to the house floor."

In trimming 32 per cent off President Truman's budget requests for the fiscal year starting July 1, Cannon told reporters, "The Republicans have tossed the farmers to the lions."

As ranking minority member of the House Appropriations Committee, Cannon said he will lead a Democratic fight against the reduction. (Continued on Page Two)

Few U.S. Dollars For Britain In Greek Relief

Washington, May 24—(AP)—The state department says Great Britain will get some American dollars out of the \$400,000,000 Greek-Turkish aid program, but only by selling the Greeks military equipment.

Undersecretary of State Dean Acheson denied at a news conference late yesterday that there will be any kickback of funds to cover British expenses in supporting the Greek armed forces since March 31.

The British may obtain several millions in badly needed dollar exchange, he added, by delivering munitions of a type which could not be obtained elsewhere. This is because the Greek army now uses British equipment.

Similarly, Acheson said, Italy and France and other countries which need American dollars to buy goods in this country may be able to supply some of the things which the United States will send into Greece.

Sen. McKellar Goes To Naval Hospital

Washington, May 24—(AP)—Senator McKellar (D-Tenn.) was removed from the Senate office building to the Bethesda, Md., naval hospital today after he suffered a fainting spell.

Office aides described McKellar's illness as a "light attack, about like he has had before," and said they did not believe he is in serious condition.

Lawmen Scour Area; Rumor Growing That Godwin Bush Escaped Captors; Sheriff May Have Witness; Solicitor Hopes Full Story Will Be Clarified By Nightfall

Jackson, N. C., May 24—(AP)—Solicitor E. R. Tyler said today: "I do not think that Godwin Bush was lynched. I hope by nightfall we can prove it."

He made this statement to the Associated Press.

The State Bureau of Investigation, Sheriff J. C. Stephenson and Police Chief Frank Outland are doing all in our power to ferret out the true facts of this case."

Sheriff Stephenson said he believes he has a witness who would testify that Bush was not lynched.

He made that statement in the presence of Solicitor Tyler and requested the solicitor to accompany him to re-examine the supposed witness whom he identified as a woman.

A few minutes before the solicitor made his statement, Tyler was in conference with several SBI agents.

One agent, R. A. Allen, hurriedly left the conference and nobody would say where he had gone.

Other investigating officers suggested the possibility that there had been no lynching in the case of the young Negro who was whisked away from the Northampton county jail by a masked, white band early yesterday after he had been arrested on a charge of attempted rape.

"We worked all night," said a State Bureau of Investigation agent who would not be quoted by name "and we are not so sure there has been a lynching."

A half dozen officers nodded concurrence as he made his statement. None of them would offer a theory as to what had happened to the suspect, but there were rumors of "unknown origin" among the town and country people that he had escaped from his captors.

Meantime, law enforcement officers continued to comb through thick pine woods of Northampton and Hertford county for the missing Negro.

No trace of the Negro, nor of his white captors, has been found by the more than 75 state highway patrolmen, State Bureau of Investigation agents, and city and county officers who have joined the search.

Pair Face Death In Gas Chamber For Slayings

Sylva, N. C., May 24—(AP)—Two young white men today faced death in the state's gas chamber following their conviction last night in the hammer slaying last April 21 of Jack Hall, taxicab operator, and his wife, Margie.

The men, Robert Messer, 21, of Dillsboro, and Earl O'Dear, 24, of Sylva, were sentenced to die July 11 by Judge W. H. Bobbitt, presiding over the Jackson County Superior Court. The jury was out for three hours and 10 minutes before reporting it had found both defendants guilty of first degree murder on two counts.

Hall's badly beaten body was found on the Sylva-Dillsboro highway early April 21. His wife, also severely beaten, was found beside him. She died later in a Sylva hospital.

On Guaranteed Wages

No Pressure For Such A Plan At Present, But In Future Years Unions May Put Up A Strong Fight For Action; Federal Experts Studied It; Results

Washington, May 24—(AP)—Unions some day may put up a strong fight for guaranteed wage plans.

They're not doing it now. But there's no great pressure now. Employment is high and seems likely to continue so for some time.

A guaranteed wage plan means this: An employer guarantees wage or employment to his workers for a certain number of months within a year, or for a full year.

So far, and after a great many years of experimenting, the idea of guaranteed wage plans has caught on less rapidly than wildfire.

Back in 1945 President Roosevelt started, and President Truman also continued, a study of guaranteed wage plans.

The job was done by experts, including economists. And it had the help of the government's labor department.

The labor department polled 90,000 business firms to see whether they had such plans.

The general study, including the

WASHINGTON LETTER

Washington—The U. S. Senate's new chaplain, Dr. Peter Marshall, says he doesn't believe "God has any political affiliations."
He says the chaplain offers prayers at each day's opening session of Congress for divine guidance "because we still believe God governs the affairs of man."

Democratic leader Barkley, after attempting to win reelection of the outgoing chaplain, Dr. Frederick Brown Harris, declared the chaplain's office "should be above politics."
The chaplain was born in Contuldie, Scotland, and speaks with a soft and entrancing burr. He says he is not disappointed at the small number of Senators present to bow their heads to as he delivers the prayers before the Senate roll call.

Dr. Marshall says he feels it is possible to find God's will in every specific question and that while we talk about America as being "God's own country" we ought to begin doing what God wants us to do.
In his prayer before the Senate the day I met him Dr. Marshall asked God to "help us to cultivate proper speech."

difficulties with the allies. So with all these lessons to learn from America is helping the Turks get on their feet militarily.
It is estimated that Turkey can maintain perhaps 700,000 men under arms, and could produce more in an emergency. Well trained and thoroughly equipped, they could hold their Dardanelles defenses against a vast weight of attack.

There followed the protracted allied naval attack on the defenses of the strait, and the bloody campaign waged by a British expeditionary force on Gallipoli. It was a terrific contest, but the Turks held their ground and the allies finally were compelled to abandon the effort in that theater.

Jarvis Memorial Church The young people of the church who are in the high school graduating class will be honor guests at the morning worship service at Jarvis Memorial Church on Sunday. Seats will be reserved for these 26 young people and the pastor will bring a special message appropriate to the commencement season. Parents of these young people are given a special invitation to share in this service with their young people. The Youth Fellowship will not meet Sunday evening and there will be no evening service on account of the baccalaureate sermon at the High School. The mid-week prayer service will not be held on Wednesday of next week.

Attend Play in Chapel Hill A group of students and faculty members of East Carolina Teachers college are in Chapel Hill today, where they will attend the performance of this evening by the Carolina Playmakers of Shakespeare's Macbeth. Those making the trip are students in the senior course in Shakespeare taught by Mary H. Greene, members of the Chi Pi Players, Miss Mamie Chandler, Mrs. J. H. Rose, and from the college, Miss Jean Lane, Miss Elizabeth Walker, and Dr. Christine Wilton. The play will be given in the Forest theatre at Chapel Hill as the annual spring performance of the Carolina Playmakers. Among those taking part will be James Warren of Greenville.

Greenville students who went to Chapel Hill are Thomas Larkins, Meredith Cavendish, Betsy Hellen, James Bullock, Henry Speight, Elizabeth Tripp, Hennie Rarden, Marilyn Mazwell, Hennie Ruth Whitchard, and Rachel Brooks.

Youthful Workers' Club The Youthful Workers' Club held its regular monthly meeting Thursday night, May 22, at the Red Oak community building. The meeting was called to order by our acting president, Joe Tyson, with the group singing "The Old Rugged Cross," following which Mrs. R. R. Tyson led us in prayer. The secretary called the roll and the minutes were approved as read. The treasurer then made her report and it was found that from giving the minstrel we had \$169.95 to be divided between Red Oak and Piney Grove Churches. A motion was made and carried that we take \$30.05 out of our treasury, add it to this amount, thus making a total of \$100 to be given to each church. The acting president, Joe Tyson is to present this gift from the club to Piney Grove next Sunday and the secretary, Frances Cassick is to present it to Red Oak next third Sunday. A motion was made and carried that we donate \$30 to be applied on

chairs for the Red Oak community building and Mesdames R. R. and B. L. Tyson are to see about purchasing them. The suggestion was made that decals be superimposed on each chair to denote who donated them.

Nominations were then made for the officers for the coming year, and Joe Tyson was elected president; Leroy James, vice president; Joy Tyson, secretary; and Dorothy Moye, treasurer. It was suggested that instead of having a reporter to let the secretary report the meeting each month, Mesdames R. R. and B. L. Tyson were chosen as advisors and Messrs. R. R. and B. L. Tyson, assistant advisors.

The program committee presented a very interesting program which was the life of Fannie Crosby and songs written by her. Because of lack of time we only played two games, then we were served ice cream sandwiches, after which we sang our benediction, and adjourned to meet again Thursday night, June 19.—Reported.

The Girl Scout troops, as has been the custom in the past, will discontinue their regular weekly meeting after school closes next week. Many of the girls will be going to Camp Hardee and various other camps for the summer.

Troop 5, Mrs. Knott Proctor's troop, made a very happy occasion of their last meeting on Thursday afternoon. They had a tea and invited the mothers to share the fun with them. It is useless to say they had a big crowd and lots of fun along with the punch and cookies.

We hope that every Scout will be able to spend one day, at least, at Camp Hardee before the regular camping period opens. Get your plans made to go, Scouts.

The Scouts who need camp equipment will find everything they need at the local "scout equipment" headquarters. A complete supply has just been received.

Milo Smith Host At Supper Meeting The Kiwanis Club's officers and directors were guests of Director Milo Smith at a barbecued chicken supper Thursday night at Nelson Hopkins Tavern on the Tar, in the Principality of Bruce. Reports indicated that the club is functioning smoothly; the committees are active and the officers and directors are on the alert to recommend to the club projects for the good of the community. President Eli Bloom presided.

Those present were: President Bloom, Lieut.-Gov. Rawl, Vice-President N. C. Brooks and Dave C. Moore, Jr., and David A. Evans. Judge J. W. H. Roberts, Guy W. Smith, W. H. Woodard, J. Arthur Collins, Tige Gardner, Tom Wilson and Milo Smith, directors; and Ed Williford and Chester Walsh. It is a custom in Kiwanis for an officer or director to entertain club officials at monthly meetings at their own home or elsewhere. Judge Roberts will be host next month.

Elks Lodge Adds Five New Members At a meeting of Greenville Lodge No. 1646, Benevolent and Protective Order of Elks, Thursday night, five new members were initiated. They are Herman L. Norris, Hans Scheller, Jimmy Phelps, Guy Ecum and Joe Dresbach. Exalted Ruler Judge Albin Dunn presided. The lodge

Forty Years Ago Today

THE DAILY REFLECTOR, May 24, 1907

A large crowd went on the moonlight sail on the Eagle Tuesday night and all reported the trip a great success.

The morning train was filled with old soldiers on their way to Richmond, where they will attend the reunion.

The East Carolina Teachers Training school is going to sit on one of the eminences that run along the northern border of the city of Kingston, which one we don't know. Kingston Free Press.

now has nearly 200 members. Supper was served before the lodge met.

Important Suit To Be Tried In Superior Court

When Judge John J. Burney of Wilmington reconvenes the civil term of Superior Court Monday morning an important case will be called for trial.

Mrs. Sallie Proctor and other heirs of W. L. Smith of Chocowoc who died about a year ago, are suing to have set aside a number of deeds to land Smith conveyed to Alton Gardner of near Stokes-town.

The land involved is estimated to be worth \$40,000 to \$50,000. A dozen or more heirs are parties to the suit, it is understood.

Hearing of the case is expected to take up the better part of next week.

Cancer Fund Drive Extended To May 31

Dr. J. L. Winstead, chairman of the National Cancer Drive in Pitt County, announced today that the drive has been extended to May 31 to permit those who were missed during the canvass to contribute to the worthy cause and put Pitt County well over the top.

Contributions may be sent to W. H. Woolard, president of the Guaranty Bank & Trust Company or to Mrs. Helene Higgs Kirkpatrick, 622 Evans Street.

Farmers Combat Cricket Horde On Wide Front

Ordinance, Ore., May 24—(AP)—Pushed back by a relentless advance of Mormon crickets, farmers attempted to establish a new "extermination" line today just three miles from the green gardens and farm fields of this lush eastern Oregon town.

The crickets, emerging from the dry sagebrush country surrounding the rich Umatilla river farmlands, awled and hopped through a poison bait line established four miles from here.

Farm crews began laying a new line of bait in an attempt to prevent the bugs reaching Ordinance and Hermiston. The latter town, now just six miles from the crickets, is the center of the Umatilla river farming area.

The insects, which cover a 500-square-mile area, have been advancing on a 12-mile front.

Waitress Freed On Pie Assault

Jackson, Miss., May 24—(AP)—A 30-year-old waitress who couldn't resist an urge to smash a chocolate pie in her boss's face, was free today on a charge of assault.

The charge against the waitress, Diana Gaunce, was dismissed in city court yesterday. Chris Costas of the Ritz cafe, her one-time boss, failed to appear to press the charge.

Later, Costas said that all was forgiven.

"But he tacked up a 'waitress wanted' sign at his restaurant.

Refuse Warrants On Policemen

Louisville, Ky., May 24—(AP)—City officials refused today to issue warrants against three policemen who arrested Actress Diana Barrymore and her husband, Tennis Pro John Howard, here May 11.

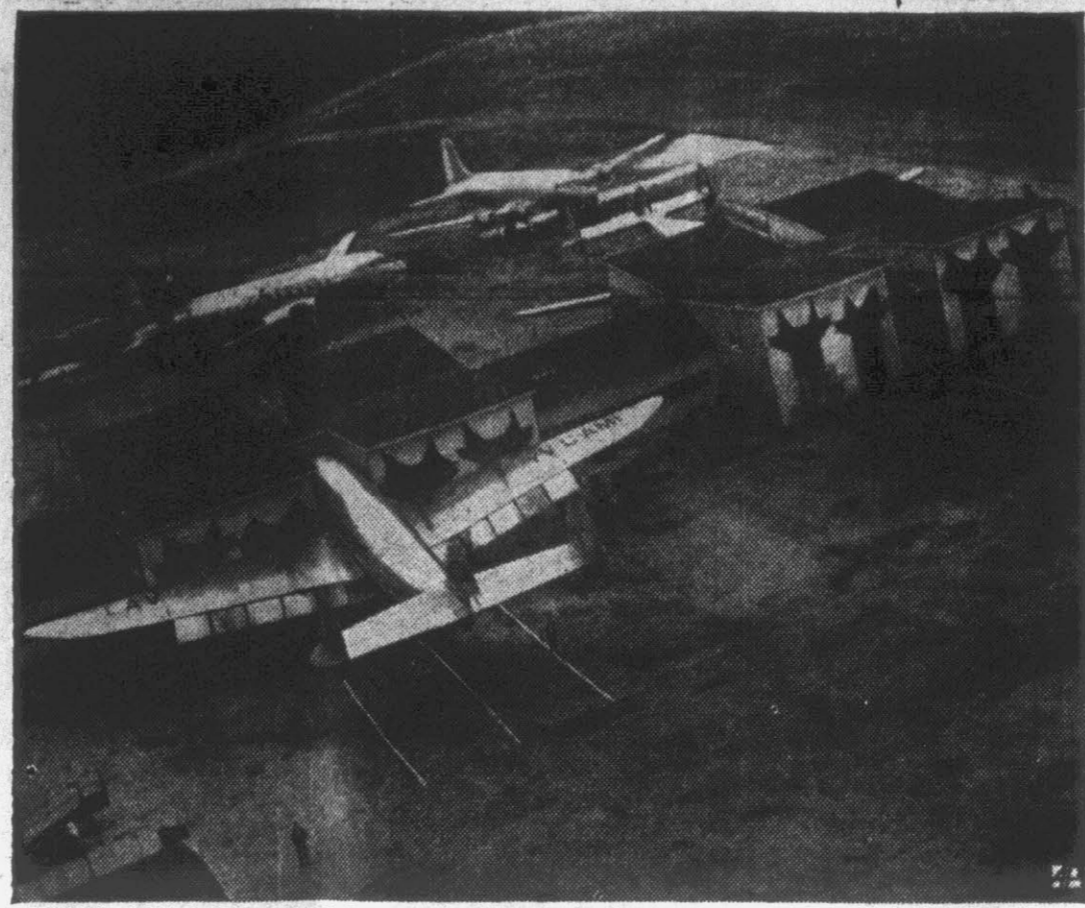

The couple swore to affidavits accusing the policemen with assault and battery during the course of their arrest. Miss Barrymore and her husband were charged with disorderly conduct. He is a tennis pro here.

Police Court Prosecutor Forest DeWees said it might set a bad precedent to issue the warrants against the arresting officers.

WILL RUN AGAIN. Lake Charles, La., May 24—(AP)—Former Governor Sam H. Jones, who ousted the late Huey Long's political heirs from power in Louisiana's state government in 1940, announced today that he would seek a return to the gubernatorial position in 1948.

Poison Reaction Said Resisted By Anesthesia

Moscow, May 24—(AP)—Soviet scientists have established that subjects under anesthesia can resist the reaction of any poison, however powerful, and now are studying the possibility that anesthetics could have great influence on brain ailments. Dr. I. Friedland said today

in the Moscow News. The article said that Prof. V. Galinkin of the department of physiology and pathology, Leningrad naval academy, rendered even powerful potassium cyanide impotent in experiments on cats. The question now arises, the article said, whether it would be possible to use anesthesia against such ailments as epilepsy. The articles recalled the experiments of the scientists Roux and Bezdek on prevention of cholera, typhoid and other diseases. In these experiments guinea pigs died after being injected with a horse serum which should have been relatively harmless. Other guinea pigs receiving injections while under the influence of ether, lived.

Amputee Auto Deadline Near

The Pitt County Service Officer, Arthur B. Corey, advises that World War II veteran amputees have no later than June 30, 1947, to make application for automobiles. Veterans who have lost use of one or both lower extremities should make application to the Veterans Administration on V. A. Form 4502 "Application for Automobiles or other conveyance."

Key Witness Found Dead In East River

New York, May 24—(AP)—Police said today that fingerprints taken from the body of a man recovered from the East River four days ago tallied with those of Anthony Lagana, sought as an important witness in the fatal election day beating of Republican campaign worker Joseph Scottoriggio.

Cut Lifeline To Manchuria

Nanking, May 24—(AP)—Communists cut the Peiping-Mukden railroad at several points south of the Great Wall last night, again severing the Nationalist lifeline to Manchuria as fighting continued around Changchun.

The Reds appeared to have reentered or retaken Kungchuling, 35 miles south of the Manchurian capital, Nationalist dispatches reported.

The Communist forces Friday captured the famous prewar summer resort of Peitaiho, near the Great Wall, and the nearby rail station of Nantanzu.

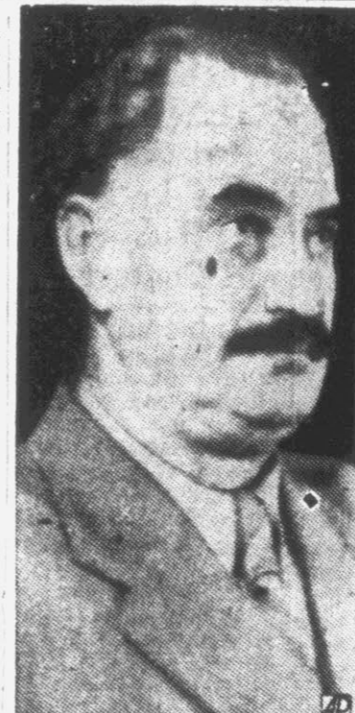

Tom Clark Asked To Rule On Girl Stowaways

New Orleans, May 24—(AP)—The attorney general of the United States was asked today to rule on whether three girl stowaways from Australia will be allowed to stay in this country and continue their search for their American sweethearts.

The girls, Wanda Sauderum, 19, Sandra Lee, 20, and Norma Hughes, 22, all of Sydney, were denied admittance to the United States yesterday by an immigration service board of inquiry.

The three were taken into custody by customs officers Thursday when the freighter Ephraim Brevard docked here. They admitted they had stowed away on the vessel and crossed the Pacific to be with their American sweethearts.

ANOTHER LETTER FROM MR. C. H. ELKS Claude D. Tunstall, General Agent, Occidental Life Insurance Company Greenville, North Carolina Dear Sir:

I wish to thank you for check in full settlement for my recent claim. Due to the fact it was with a North Carolina Company payment was really more prompt because it was closer home.

I take pleasure in endorsing your combination Life Insurance that pays retirement income at 60 but, also, pays disability beginning with the first day from either sickness or accident. This should appeal to anyone who wants full protection either man or woman. Best wishes.

Yours truly CLARENCE H. ELKS, Elks Market Greenville, N. C.

## Greenies Split Two Tilts With Wilson

**Bill Lynch Drives In Crucial Eleventh Inning Run As Locals Win 7-6 In First Game; Tobs Take Second Contest 12-8**

By BERT MOYE

Bill Lynch's smashing double against the left field wall in the eleventh frame with two men out to bring home Tommy Lee, who had reached first in a fielder's choice gave the Greenies a 7-6 victory over the Tobs in their first extra inning contest of the season in last night's opening game.

The Greenies knotted the count at six-all in the eighth frame by scoring four runs in the first, one in the seventh and one in the eighth. In the first frame Lee and Lynch walked, went to second on a passed ball scored on Johnny Pare's double and Charlie Chute hit his seventh homer of the season to bring home Johnny Pare. In the seventh frame the Greenies put across a marker when Luke singled Lee walked, a balk advanced the runner and Luke scored on Lynch's infield out. Johnny Pare's double and Charlie Chute's timely single knotted the count at six-all in the eighth frame.

Johnny Foell, getting his fifth straight victory for the Greenies struck out seven Tobs to bring his total to 72 for the season, walked five men, and allowed 10 hits. Lefty Monk Webb of the Tobs lost his third game of the season and his first to the Greenies this season.

## India To Receive Jap Production

Tokyo, May 24—(AP)—Eighty million linear yards of cotton fabrics will be exported to India within the next few weeks, Frank F. Picknell, deputy chief of Occupation Foreign Trade Division, said today.

The shipment will mark the first postwar sale of Japanese products to India. A headquarters spokesman said that a six-man Indian trade commission recently approved will negotiate for the export to India of needed industrial raw materials and other Japanese goods.
