Must Rush Food To Avoid Riots

Emergency Food Council Chairman Says U.S. Must Ship "Maximum" Quantities Of Food To Europe This Summer; Food Shortage Critical Until Harvest Time

Washington, May 26—(AP)—The United States must rush "maximum" quantities of food to Europe this summer to prevent widespread violence and rioting, D. A. Fitzgerald, secretary-general of the International Emergency Food Council, said today.

Fitzgerald said the food shortage abroad between now and fall harvest will be at least as critical as last year, when emergency action was taken to provide relief.

He added in a report to the council that stocks in shortage areas are considerably lower than they were a year ago and "the cumulative effect of these food shortages is becoming more and more serious nutritionally, economically and psychologically."

"People are protesting more and more about the continued shortages. In some instances, the protests have reached the stage of violence and rioting."

The big need until harvest time is for cereals, Fitzgerald told the council to meet this need, he said the United States and Canada could have to ship 5,000,000 tons (about 180,000,000 bushels) during the July-September period. He described this as the maximum that can be expected from these countries in view of their own small reserves.

Such cereal would have to be supplied largely from this year's crop, which in the case of wheat will start moving to market late next month.

Argentina, Fitzgerald said, would have to furnish 2,000,000 tons, substantially more than that country has been supplying.

The council is an inter-governmental agency charged with dividing scarce foods among importing countries. It met to review the world food situation and to make plans for the year ahead.

Fitzgerald, a former Agriculture Department official, said surplus-producing nations will need to continue heavy shipments to deficit areas at least until the autumn of 1948.

He said that in perhaps a dozen countries there is grave doubt whether...

Safecrackers Do Slick Job

Chicago, May 26—(AP)—The removal of a 600-lb. safe to where it could be quietly blown up was no problem to robbers in suburban Wilmette.

The thieves saturated the floor of a grocery store with water and put the safe onto a dozen bars of soap police said. The safe was then slid into a large refrigerator where explosives were attached. The explosion was muffled by the soundproof room.

Utilizing a dolly at hand several steel compartments of the safe were taken to a nearby vacant lot and the contents totaling \$1,000 removed. Police said it was one of the slickest jobs they had even seen.

Unless India's Smoldering Civil War Can Be Confined To Isolated Spots Much Blood Will Flow; Leaders Responsible; Present Outlook For The Future

By DEWITT MACKENZIE

You would think that India, after all her centuries of subjugation and longing for freedom, would be able to submerge her politico-religious strife and grasp with eager hands the gift of independence which England is offering—but no, the Moslem-Hindu hostilities continue in a pitch which is causing authorities to fear further bloodshed.

The hope is that the civil warfare, which in recent months has taken thousands of lives in various parts of the country, can be confined to isolated communities while the independence program is ironed out. Should it spread the length and breadth of that mighty subcontinent with its four hundred millions, we should see one of history's great tragedies, for there is nothing to equal the ferocity of religious warfare among Oriental peoples. However, at this juncture that's a danger to be recognized as a possibility rather than something to be expected.

We can add this more positive thought: If there should be an upheaval, the responsibility for it will rest heavily on the shoulders of leaders among both factions. Sparks

NEGRO TAKEN STATE PRISON

Accused Rapist Removed To Raleigh For Safekeeping

Clinton, N. C., May 26—(AP)—Police Chief E. L. Cherry said today a Negro he identified as Bill Simmons, 24, had criminally assaulted a white woman last night.

The chief said the Negro had been taken from the Clinton jail to Central Prison in Raleigh for safekeeping. He said the Negro had been charged with raping a mother of three children.

The chief said the woman had been walking from a cafe about 150 yards from her home on the Wilmington road about 9 p.m. and had just turned off the hard-surfaced road toward her home when the Negro seized her. He dragged her to a field and kept her there for almost two hours, the police chief said.

He said the woman later went home, told her husband and he in turn notified the police department and Sheriff P. B. Lockerman of Sampson County. The Negro was sleeping on a couch at the home of his parents in Clinton when apprehended, the chief explained.

The Negro offered no resistance and he was taken to Raleigh early this morning before most townspeople had heard of the incident, the chief said. The Negro came here from Washington about two months ago, police said.

MOB'S VICTIM OUTRAN DEATH NOW IN PRISON

"Buddy" Bush Gives Himself Up To Protective Custody Of FBI

Raleigh, N. C., May 26—(AP)—A young Negro, who outran almost certain death at the hands of a white lynch mob and then hid without food for 48 hours in the dense pine forests of northeastern North Carolina, was in State Prison today after giving himself up to the protective custody of the FBI.

In the predawn hours of last Friday morning an armed, masked band of white men seized Negro Godwin "Buddy" Bush, 24, from the Northampton county jail in Jackson where he was being held on charges of attempting to rape a young married white woman.

They carried him to one of four waiting automobiles. Bush gambled, wrenched himself free, and fled into the protective darkness.

A mob member fired one shot and missed. Late yesterday after some 75 law enforcement officers had spent two days combing the woods for Bush—or his body since no one was certain he had escaped—a Negro preacher called Solicitor Ernest R. Tyler.

Bush was ready to surrender, the preacher said, if Tyler would guarantee he would not be harmed.

Tyler and two FBI agents went to an appointed place and found the Negro. They brought him here to the prison last night.

The solicitor would permit no interviews and gave out only the bare facts of the surrender. However, it was learned here that Bush remained in the woods until early yesterday, finally going to the home of a friend after being without food since his escape.

Tyler was asked if he had obtained any clues from Bush as to the identity of the mob.

"I'm sorry, I cannot answer that question at this time," he replied.

He added that "we're trying to find those people who got him out of there."

ASSERTS LOAN BOOMERANGED

Senator Says British Are Using Our Own Loan Against Us

Washington, May 26—(AP)—Senator O'Mahoney (D-Wyo.) contended today that Great Britain is "using our own loans against us" in a battle for world trade centering around such products as wool and cotton.

The Wyoming senator, who voted for the \$3,750,000,000 British loan when it was approved by Congress a year ago, told a reporter he regards recent action by the British Parliament as putting an end to private cotton trading.

Army Takes Over Government Of Nicaragua

Managua, Nicaragua, May 26—(AP)—The army took over the government today.

"Travelers reaching Guatemala said the national guard had taken over the government without opposition and that Managua was quiet. Communications companies posted notices in Guatemala that message to Nicaragua were subject to delay. Plane service to Managua was normal, however, Pan American Airways said.

Dr. Leonard Arguello was elected last February and installed as Nicaraguan president May 1 to succeed Gen. Anastasio Somoza, who had been chief of state for 10 years. Somoza had announced in January that he would not be a candidate. He favored Arguello's election.

Family Honors Dowager Queen

London, May 26—(AP)—The British Royal Family honored Dowager Queen Mary on her 80th birthday anniversary today with a Buckingham Palace luncheon. The Duke and Duchess of Windsor were not there but Lt. Philip Mountbatten, often mentioned as the future husband of Princess Elizabeth, was there. Large crowds gathered outside the palace during the afternoon and the regal old lady appeared on the balcony with King George VI, Queen Elizabeth and other members of the Royal Family.

The Duke of Windsor's absence was not explained officially.

L. A. BROWN'S FUNERAL HERE

Last Rites To Be Held At St. Paul's Tuesday Afternoon

Funeral services for L. Ames Brown, 55, public relations director for Pan American Air Lines, who died of a heart attack at his home at Croton-on-Hudson N.Y., yesterday will be held at St. Paul's Episcopal Church here Tuesday afternoon.

He is survived by his mother, Mrs. Nancy Lee Brown of Greenville; his widow; a son, Ames-Brown, Jr., and a step-daughter, Diana Harris, all of New York City; two sisters, Mrs. J. J. Summerell of Raleigh, and Bessie Brown of Greenville; and a brother, Zeno Brown of Knoxville Tenn.

Brown, whose death was attributed to a heart attack, had been a newspaper man, advertising executive and magazine writer in addition to his government and public relations work.

He was a native of Greenville North Carolina. Brown, a graduate of the University of North Carolina in 1910 began his career as a cub reporter on the Baltimore Sun in 1911 and a year later became Washington correspondent for the Raleigh, N. C. News and Observer, the Nashville Tennessean and other papers.

In 1913 he became White House correspondent for the New York Sun and later served as Washington correspondent for the Philadelphia Record, as well as the Sun.

Brown left newspaper work in 1917 to take the position of publicity director for the Committee on Public Information in Washington and in 1918 was commissioned a captain in the Army. His services were requested by Edward N. Hurst.

Russia Breaking Word In Austria Says Clark

24 Ital—RUSSIA BREAKING C New York, May 26—(AP)—Gen. Mark Clark, back from Europe to become Sixth Army commander, said night accused Russia of not cooperating in Austrian rehabilitation and said the Soviets fostered communism in their zone by giving Communists more food and higher wages, and better rations have been given to Austrian workers who joined the Communist Party.

The general said the U.S., Russia, France and Britain had agreed their occupying armies "were not to subsidize off the land."

"Despite my personal, repeated protest to the Soviet high commissioner, the Soviet occupation forces—contrary to their pledge—seized Austrian farm products and livestock and other Austrian resources and even exported surpluses above their own needs," Clark said.

"These acts increased the burden of UNRRA, and indirectly the burden of the American taxpayer who was the principal contributor to UNRRA. As a result the Austrian people have existed on a starvation diet."

Greenville Woman's Club Approves Plan To Give A Yearly Scholarship

The Greenville Woman's Club has notified Superintendent of City Schools Julius H. Rose, that a yearly scholarship of \$300 to be known as the Greenville Woman's Club Scholarship has been voted by that organization.

The scholarship is to be given to a Greenville High School senior who wishes to continue his education at East Carolina Teachers College.

A committee of three; the superintendent of city schools; the chairman, the principal of Greenville high school, and the president of the Greenville's Woman's Club, will select the candidate.

Character, scholarship, ambition and need, will be the basis for making the award. If the recipient proves to be able and worthy, the scholarship can be renewed.

Mrs. Lucy G. Vornholt, chairman of the Greenville Woman's Club American Citizenship Committee, expressed the appreciation of her organization to Mr. Rose and Mr. O. E. Dowd, principal of Greenville high school, for their help in planning and carrying out the undertaking.

TWENTY-EIGHT FROM COUNTY TO GRADUATE

Exercises Begin At College May 31; Degrees Conferred On June 2

Twenty-eight students from Pitt County are scheduled to be graduated from East Carolina Teachers College at commencement exercises which will begin on May 31, and will terminate with the conferring of degrees on Monday morning, June 2. Eight are men and twenty are women.

Three of the students are candidates for the master's degree: Mrs. Janie Eakes Council of Greenville, Mary Lois Stator of Bethel, and Aline Barnhill of Greenville. Mrs. Council, who completed her work at the end of the fall quarter last December, will receive her degree at the June exercises. She is at present employed in the treasurer's office at the college.

Candidates for the A. B. degree which is conferred on students taking work in teacher training, total 11. They are Nell Overton Barnhill, Rachel Brooks, Thomas Cox, Nellie Ruth Crawford, Ola Forrest, Elizabeth Heilen, Margaret Louise Lewis, Audrey May, Della Ann Slaughter, Dallas Whitford, Carl Whitehurst and Mary Elizabeth Worthington, all of Greenville; Margaret Coats, Douglas Jones and Frances Elen Lewis of Farmville; Hannah Ruth Humbles and Betty Joyce, Kiriath of Ayden, and Anna Elaine Forrest of Winterville.

Those scheduled to receive the B. S. degree which is conferred on those taking liberal arts work, are Kartha Bland, Evelyn Cox, Robert Musselwhite, and William Tucker of Greenville; Wallace Reid McLawhorn of Winterville; Dorcas Samrell of Ayden, and Martha Jefferson of Fountain.

Whitehurst completed his work at the end of the fall quarter in December, and Miss Jefferson at the end of the winter quarter in March. They will receive their degrees official June 2, along with their classmates.

STAND ASIDE FOR INQUIRIES

Possible Probe Of "Waste" In Agriculture Dept. Seen

Washington, May 26—(AP)—The House expenditures committee ducked out of the way of the agriculture committee today to permit a possible investigation for "waste and overlapping" in the agriculture department.

Support for an inquiry developed among Republican and Democratic members of both committees.

The Expenditures Committee has been set up by Republican leaders as the chief investigating arm of the House. The probe was suggested as it held hearings today on a presidential reorganization plan that would keep for secretary of agriculture Anderson direct control of eight research agencies in his department.

Rep. August H. Andresen (R-Minn.) said he thought the secretary should do some consolidating of research work.

BRITISH DRAFT HAS APPROVAL

Peacetime Conscription Heavily Backed In Party Vote

Margate, Eng., May 26—(AP)—The Labor Party voted by a ratio of 2,332 to 571 today in favor of peacetime conscription to back up the nation's foreign policy.

The vote underlined an apparently waning opposition within the party to Secretary Ernest Bevin's stands. It repulsed "rebel" elements who have argued this policy was too closely aligned with that of the United States and too antagonistic to Russia.

A draft bill for 12-month conscription already has passed the House of Commons.

Earlier today the ruling party's conference scaled down expressions of criticism against Bevin's actions, and voted a rebuff to communism.

With Prime Minister Clement Attlee and nearly all of his Cabinet attending, the party conference dedicated by a show of hands a motion to permit Laborites to join the anti-Soviet Society. Opponents of the resolution said the Society was dominated by Communists.

The conference also eliminated 19 resolutions, 15 of them critical of Bevin, and substituted on the agenda two composite motions, the most critical of which condemned British policy in Greece and denounced the "Truman Doctrine" of aid to Greece and Turkey.

Boom In Farm Prices

A Source Of Concern To Pres. Truman And Secretary Anderson; A Comparison Of What's Happening Now With What Happened After The First World War

By JAMES MARLOW

Washington, May 26—(AP)—The boom in farm land prices is worrying President Truman and Secretary of Agriculture Anderson.

They remember the boom, and the bust, in farm land prices after World War I. They don't want a bust after this boom.

Here's a comparison of what's happening now with what happened after the First World War. World War I started in 1914. The war meant a big demand for food. The price of farm products jumped. So farm land prices jumped, too.

The war ended in 1918. Food needs still were great. Farm food prices continued up. So, farm land prices continued up.

Between 1914 and 1920 farm food prices went up a little over 100 per cent and farm land prices went up 70 per cent.

The 1920 depression hit. Down went farm food prices. Down too went farm land prices.

Farm food prices recovered a bit in the mid-1920s. Not so with farm land prices.

President Asks Cooperation With All Nations Of Western Hemisphere; Includes Arming, Training And Organization Of Armed Forces In Latin America And Canada

Washington, May 26—(AP)—President Truman asked Congress today to approve a broad program of military cooperation with all western hemisphere nations, including the arming, training and organization of the armed forces of Latin America and Canada.

Declaring that world developments in the past year give still greater importance to close hemispheric collaboration than a year ago—when similar legislation was proposed—Mr. Truman asked very prompt congressional action.

A key segment of the program is the standardization of armaments throughout the hemisphere, and the transfer of U. S. military and naval equipment to the sister governments by sale or other methods.

"This government will not, I am sure, in any way approve of, nor will it participate in, the indiscriminate or unrestrictive distribution of armaments," Mr. Truman said.

The White House forwarded the message to Congress for Mr. Truman who is in Missouri where his mother is ill.

The president assured the legislators:

"It is my intention that any operations under this bill, which the Congress may authorize, shall be in every way consistent with the working and spirit of the United Nations charter."

The U. S., Mr. Truman said, will continue its military support to reasonable and limited purposes.

A more lavish distribution of weapons would only contribute to a useless and burdensome armaments race," he said.

The president said the U. S. did not desire to raise unnecessarily the size of armaments in the western hemisphere.

Rather, he made it clear, the aim

Supplemental School Tax Is Up For Decision

The election on the question of the supplemental school tax will be held tomorrow between the hours of six thirty a.m. and six thirty p.m. The polling place is the City Hall. Only those who registered for this particular election can vote on the issue tomorrow.

The question of this school tax, to be used to boost teachers' salaries, has been discussed rather widely in the city and has been unanimously endorsed by the leading organizations of the city. Sentiment seems to be overwhelmingly in favor of the levy.

The Parent-Teachers Associations of the city have organized committees which will function tomorrow in getting the registered voters to the polls. Mrs. Vance Perkins, president of the Training School PTA, Mrs. Vance Arnold, president of the Third Street PTA, Mrs. W. J. Stull, president of the West Greenville PTA, and Mrs. K. B. Pace and Mrs. Foster Young for the high school, will direct the work of their various organizations.

Christian Science Service

"Soul and Body" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, May 25.

Golden Text, Psalms 42:11. "Why art thou cast down, O my soul? and why art thou disquieted within me? hope thou in God: for I shall yet praise him, who is the health of my countenance, and my God." Among the citations comprising the lesson-sermon were the following from the Bible: "Know ye not that ye are the temple of God, and that the Spirit of God dwelleth in you? If any man defile the temple of God, him shall God destroy: for the temple of God is holy, which temple ye are." (I Cor. 3:16-17). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Soul, or Spirit, is God, unchangeable and eternal; and man coexists with and reflects Soul, God, for man is God's image." Robert Bracken Loses His Life In Sanford Fire

Robert D. Bracken, who suffered severe burns when his two-story home in Sanford burned early Sunday morning, died early today at Duke hospital in Durham. Funeral services will be held at the Presbyterian Church in Sanford Tuesday afternoon at 3 o'clock. His wife the former Pearl Lauter of Greenville, escaped with two small children, Amanda Bracken, daughter, sleeping on the second floor, was awakened by her dog and escaped with the dog through a window. Mr. Bracken was burned about the face and arms and legs when he re-entered the house to ascertain if all of the children had escaped. The fire, believed to have started in the den, made rapid headway and enveloped the home. The Sanford fire alarm system was out of order, and the firemen were notified by car.

Edwin F. Tucker Died Yesterday

Edwin Franklin Tucker, 72, deputy clerk of Superior Court in Pitt County for many years, died in Pitt General Hospital at 12:15 o'clock Sunday morning after having been critically ill for the past three weeks and in failing health for two years.

Funeral services were conducted at S. G. Wilkerson and Sons Funeral Home at 3 o'clock this afternoon by the Rev. J. A. Neilson, pastor of Immanuel Baptist Church, assisted by the Rev. R. W. Bradshaw, pastor of Jarvis Memorial Methodist Church. Burial was in the Greenville Cemetery. Members of the Greenville Masonic Lodge, No. 284 AF&AM, had charge of the service at the grave.

Son of the late Wyatt and Henrietta Brooks Tucker, he was born in Pitt County, near Winterville May 5, 1875. He was reared in the Winterville community and became a rural mail carrier in Winterville serving from 1904-1916. He came to Greenville in December, 1916, to serve as deputy clerk of Superior Court and held this position until he retired on August 1, 1946. He had recently been living at Carolina Beach. He was a member of Immanuel Baptist Church and Greenville Masonic Lodge, No. 284 AF&AM.

Surviving are his wife, the former Mrs. Sarah Elliott Taylor, whom he married in 1907; three sons, Edwin T. Tucker of Oshkosh, Wis., William Eric Tucker of Richmond, Va., and Kenneth E. Tucker of Rocky Mount; a stepson, Gherman A. Taylor of Greenville; eight grandchildren; two brothers, O. Jarvis Tucker of Winterville, and Wyatt Tucker of Farmville, and four sisters, Mrs. Ann A. Tripp of Ayden, Mrs. Melissa Byrd of La Grange, Mrs. Pattie Worthington of Winterville and Mrs. Hennie Buck of Hertford.

FINE SERMON TO GRADUATES SUNDAY NIGHT

Mr. Hardaway Inspires Students At High School Commencement Exercises

By CHESTER WALSH Commencement exercises of the Greenville High School started last night in the High School auditorium with an inspiring sermon to the graduates by Rev. Richard E. Hardaway, pastor of Memorial Baptist Church of this city. The large auditorium of the school was completely filled for the occasion and the citizens of Greenville were impressed and inspired by what they heard and saw. An impressive feature was the procession down the aisles by the nearly one hundred graduates, robed in white graduation gowns in the traditional "senior professional" to the music of "God of Our Fathers," played by the High School Orchestra under the direction of Harold A. McDou-

Mr. Hardaway was impressive and eloquent in his message to the graduates. His discourse was convincing and inspiring. He made it plain that he understands young people's outlook on life—their impulses and emotions and their ambitions. He advised that what sets out of life depends a lot on what a person contributes in faithful and Christian service, and he enumerated many of life's opportunities and the manner of grasping and making the best of them. The popular Baptist minister reminded the nearly 100 boys and girls who graduate this year that "commencement" marks the beginning of schooling in practical everyday life. The radio station broadcast the exercises and in addition to the overflow audience at the high school, thousands of radio listeners had the privilege of hearing a wonderful commencement sermon which will be long remembered. The audience was pleased and impressed when the Boys' Glee Club sang "The Creation," by Richard and the entire Mixed Chorus sang "Gloria in Excelsis," by Mozart, accompanied by the orchestra. The High School commencement music last night was better than ever and was a tribute to the talent and ability of the participants and Miss Ona Shindler's splendid training and direction. Greenville High ranks high in the world of music.

Superior Court In Second Week

Judge John J. Burney of Wilmington reconvened the civil term of Superior Court here this morning. Numerous divorce actions were disposed of during the forenoon session. Four suits seeking to set aside four deeds to land conveyed by W. L. Smith, prominent farmer, merchant and mill man, of Chicod, who died in February, 1946, have been set for hearing at 2:30 p. m. tomorrow. They may be consolidated, it is understood. The four suits were instituted against Alton Gardner of the Chicod section, Ruth Gardner of Mr. Olive, R. G. Godley and James Smith, both of Chicod. The actions were instituted by Sallie Pro-

Women IN THE CHURCH by Mary Fowler

Of the almost 15,000 foreign students now studying in colleges and universities in the United States, 3,500 are women, according to the Committee on Friendly Relations Among Foreign Students, a church-sponsored group that attempts to see that the students are "made at home" in America and have a chance to see some of the best of American Christian life. These women come from 90 different nations, from every continent, and are scattered in more than 500 colleges and in every state. The largest numbers of women students come from Canada, 717; China, 326; Cuba, 215; France, 141; Germany, 115; Great Britain, 159; Mexico, 112; Norway, 70; Philippines, 12; Puerto Rico, 94; India, 65. The University of California enrolls 147 of these foreign women students, Columbia University, 696, and New York University, 102. Governments, private organizations and church bodies are giving scholarships to many of these students, both men and women. The American Association of University Women cares for the expenses of 41 women; the Rockefeller Foundation has provided 7,729 scholarships (men and women) in 72 countries; the Methodist Church is granting scholarships to 400 Christian nationals from the countries to which it sends missionaries. The governments of Turkey and of India have financed several hundred students. The hope of the Committee on Friendly Relations (347 Madison Avenue, New York City) is that the students will see phases of American life that will send them back as "unofficial ambassadors" to their peoples.

Mrs. Madeline Dennis, of Fredericksburg, Md. of the Methodist Church in Yenching, Fugien Province, China, is a graduate nurse with a master's degree in public health nursing. Besides her work in training Chinese nurses at the Nanning Training School for Nurses, Mrs. Dennis heads a mobile health team which takes medical aid and prevention of disease instruction to scores of outlying villages. Recently she opened a health station at Hsiao-tao, a trading center ten miles from the river from Nanning. When the Rotary Club in Yenching recently discussed this work of Mrs. Dennis, one Chinese member offered \$100, 00 (Chinese) to start a similar community service elsewhere.

Fire Saturday Damages House On Chestnut St.

Fire originating in a defective flue at 1112 Chestnut street Saturday afternoon about 3:30 did considerable damage to the shingle roof and ceiling of the two-apartment frame dwelling occupied by Paul Brown and Guy Whitehead. Fire Chief George Gardner said much water was poured on the roof to stop the fire. The blaze started in Whitehead's apartment while the family was away. Neighbors assisted in removing furniture, including an electric refrigerator and washing machine from the burning house. Both occupants expressed thanks to firemen and neighbors for their good work.

Police Arrest Negro Charged Highway Robbery

Detective M. E. Corbett and Policeman J. R. Mobley yesterday arrested Richard Deimar Gray, 22-year-old Negro wanted by authorities here for highway robbery since October 27, 1945.

Chief Jim Tanner said Gray is charged with robbing David Jackson, Negro tenant farmer on Mrs. Novella Fornes' farm near Greenville of \$1,100. He said Gray followed Jackson from the Negro section of the city to a point near the NYA center and beat up his victim, robbed him and left him in a ditch. Jackson had that day made a financial settlement with his landlord. He had spent the evening "seeing the sights" of Greenville and was on his way home when he was waylaid and robbed.

Gray will be given a preliminary hearing before Judge J. W. H. Roberts in Police Court next Friday.

E.C.T.C. Alumni Elect President Of Association

Mrs. George Crawley of Aurelian Springs was elected president of the Alumni Association of East Carolina Teachers College in balloting conducted by mail, according to an announcement by Mrs. Ruth Garner, secretary of the college alumni group. Chosen at the same time were James M. Butler executive secretary of the Goldsboro Chamber of Commerce, as vice president, and Mrs. Thornton Meeks of Greenville as treasurer.

The new officers will be installed at a special ceremony conducted on Alumni Day, Saturday, May 31, at the college. Mrs. J. L. Marcom of Raleigh, now president of the Alumni Association, will be in charge of the program. New officers are elected for a two-year term.

Mrs. Crawley, who was graduated from the college in 1936, is a teacher in the Aurelian Springs high school.

Charge Officer With Taking Jap Gold Coins

Los Angeles, May 26—(AP)—The arrest of William Kenrick Evans, 36, former Army lieutenant-colonel, on charges of appropriating and selling for about \$100,000 a supply of gold coins confiscated from Japanese on Formosa was announced today by U.S. Attorney James M. Carter.

Carter said the case would be submitted to a federal grand jury June 4.

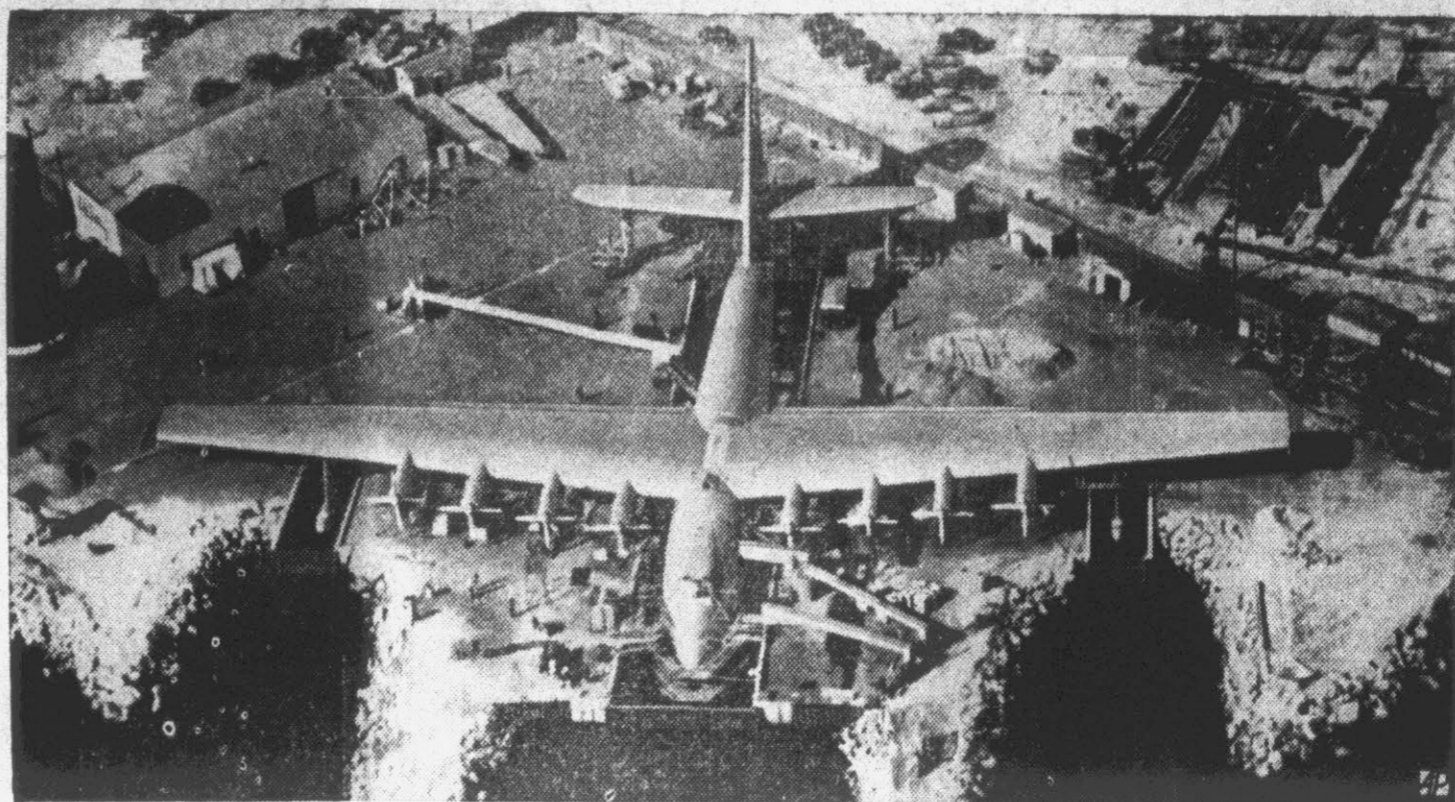

He said Evans denied selling the 2,000 coins, contending that he turned them over to Chinese military authorities. Evans was a member of the first advance party which went into Formosa at the end of the war.

Evans was arrested at his Santa Barbara home and ordered held for arraignment by a U.S. commissioner. Bond of \$25,000 will be requested, Carter said.

BACK ACHE DUE TO KIDNEYS?

Read This: If excess acidity of your urine makes your back ache so you grow . . . so you get up three or four times a night to pass water, now be of good cheer. Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of sixteen herbs, roots, vegetables, and balsam — truly Nature's own way to relief. Now millions have used it. The medicine is Dr. Kliner's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache . . . increasing the flow of urine to help ease that burning sensation when you pass water . . . and that bladder irritation that makes you get up nights. Strength FOR THE DAY

The Miracle Of Renewed Life
"Getting religion" is more akin to falling in love than to anything else. The people who suddenly light upon what our Lord called the pearl of great price, who find heaviness of heart supplanted by joy and the slavery of degrading habits succeeded by the true spiritual liberty, are like people who suddenly encounter someone who fulfills every need of life and releases every pent-up spring of joy. Religion can truly be defined as discovering God and falling in love with Him. The person upon whose heart God has laid his hand and caused the miracle of new moral enthusiasm and purpose to spring forth is truly a person in love.

St. Francis of Assisi did this. He was a worldly, pleasure-loving youth until one day God touched his heart and brought it under the power of a new experience. John Wesley did this when at a Moravian prayer meeting in Aldersgate Street, he felt his heart strangely warmed and went forth to remodel the character of the English-speaking people. Dwight L. Moody declared in the latter years of his life that as he left the store in which he was working, after his Sunday school teacher had spoken to him earnestly about religious things, the Boston Common, into which he walked assumed an aspect of most supernatural glory.

The Bible tells us that God is love. To know Him is to fall in love with something greater and more significant than the universe itself.

WASHINGTON LETTER

By JANE EADS
Washington—In September farm women representing 20 nations will meet in Amsterdam, Holland, to discuss problems that touch the lives of rural people the world over. Food, health, housing, education and just the plain personal adjustment of family life to a post-war world are on the agenda.

The women are members of the Associated Countrywomen of the World, organized in Vienna, Austria, in 1930 and now boasting a membership of more than 3,000,000. The last meeting of the group which normally meets every three years, was in London in 1939. It met in Washington in 1936.

To the Amsterdam convocation it is expected the United States farm and home demonstration groups affiliated with the international outfit will send about 175 delegates. Twenty-five women are planning to go from Canada.

The American group, which is called the Countrywomen's Council of the United States, is under the chairmanship of Mrs. Spencer Ewing of Bloomington, Ill. Ninety-five percent of its membership are actual farm women.

All during the war in many nations the groups affiliated with the Associated Countrywomen of the World worked through a sub-committee on a program for reconstruction.

This included surveys and studies on food and nutrition; housing and home planning, including community housing; health and education. This reconstruction program was under the direction of Lady Eleanor Cole, a widow of Kenya Colony, East Africa, active manager of a sheep "station" on which she raises a flock of 800,000 sheep.

In discussing the production, distribution and consumption of food for instance, Lady Cole says that even before the war the interchange of food between countries lacked organization and that many international restrictions obtained. She says:

"We recognize that this question of the distribution of food is full of difficulties, but if approached from the point of view of human needs rather than from the view of profits and loss, we feel that many of these difficulties can be overcome."

It is her intention to make the following suggestions:

- 1. An immediate post-war program of feeding the starving countries of the world.
- 2. If transportation of food is to

Shadows Don't Have To Mean Events Are Coming

precede the return of armies and dispossessed populations, it will be necessary to explain the need for patience to the women waiting for the return of their menfolk.

3. Long-term policy suggests it should be possible for all producers to consume all they need of their own products. Only surpluses in the real sense of the word should be sold or exported.

"Some consumption habits of farm populations will need reform," Lady Eleanor says. "In the past rural poverty has driven many to sell products urgently needed by themselves and their families. On the other hand, the right of populations to benefit from the produce of the whole world must not be lost sight of."

Boom In . . .
(Continued from Page One)
On their farms, they lost them. As this country edged out of the depression, farm land prices picked up a bit in the 1935-39 period. Even so, by 1939 they still were 15 per cent below 1914. In 1939 World War II started.

With the war came another big demand for food. As farm food prices started upward, farm land prices started upward, too. Since World War II started in 1939, farm food prices have gone up 180 per cent.

(They went up only a little more than 100 per cent between 1914 and the crash of 1920.) Since 1939, farm land prices have risen 92 per cent. As noted, they went up only 70 per cent between 1914 and 1920.

A lot of farmers in the 1939-47 period—although not so many as in 1914-20—have gone heavily into debt by farm lands.

For many of them a bad crash now would be a repetition of what happened to farmers after World War I.

Worried government officials desire that farmers now, while still prosperous would pay off their debts instead of buying more land.

At Mr. Truman's request, Secretary Anderson has called a conference here June 9-10.

It will be a meeting of government officials, leaders of farm organizations, bankers and other parties which lend money to farmers. The purpose: To ask the money lenders to tighten up a bit on loans that go into buying farm land.

The average price of an acre of farm land now is \$51.33. But in range in price is great. It runs from less than \$5 an acre for poor range land to perhaps \$4,000 or more for specialized land like orange groves.

He decided to retire in 1931 he was president of the agency. However, Brown gave up his retirement in order to perform wartime service in World War II with what is now the Pacific-Alaska Division of Pan American, where he was assistant to the division manager. Subsequently he was made assistant public relations director and then director.

During his college days at North Carolina he was editor of the student newspaper and a member of the varsity football team in 1909 and 1910. He received a master's degree from the University in 1911.

Upon word of his death, the University disclosed that Brown had in 1930 given, anonymously, \$80,000 for completion of the student activities building and that he had been a generous contributor to the Woolen Gymnasium.

Under such an arrangement it is possible that some 600 princely states might group together and ask for outright independence or what seems more likely request dominion status in the British Commonwealth of Nations. The princes had been prepared to join in a federal government with the provinces of British India.

What eventually will come out of this bickering and confusion remains to be seen. Sumner Welles says that a solution to India's problem "will only be found if and when the Indian leaders are willing to think in terms of India rather than in terms of their own communities."

GOD HEALED HIM

★ "I dressed his wounds, and God healed him," was the modest statement of the great French physician, Paré. It was he who first insisted on cleanliness and fresh air for his patients.

These things now are accepted as the minimum essentials for health, although in the sixteenth century they were revolutionary. Medical science has traveled a long road since the days of Paré. Some diseases have been eliminated, others drastically curtailed. Given full co-operation, physicians could eradicate many of the infectious diseases still rampant today. It is up to you to take advantage of the knowledge your physician possesses.

Your prescriptions will be promptly and accurately filled.

Two Homers By Bomar Keynote 11-6 Victory

Greenies Out-Hit Goldsboro Nine, Climb One Notch In League Standings; Bomar, Pare And Jenkins Lead At Bat

By BERT MOYE

Manager Johnny Pare's Greenies tied off on three Goldsboro hurriers yesterday afternoon in Goldsboro for 23 hits, six of which were for extra bases, including two homers by Jack Bomar, to take a 11-6 victory and climb out of seventh place in league standings.

Greenville started the ball rolling in the first stanza by registering three markers and sending Dick Cooper, starting pitcher to the showers with only one man out. Howard Jenkins, Greenies' shortstop led off with a single. Lee got an infield hit, and Bomar got an infield to load the bases. Jenkins and Cooper walked to force in Jenkins and Chute singled to bring home Lee and Bomar.

Jack Bomar's home run over the right field wall accounts to the tally in the third frame; doubles by Johnny Pare and Ranweiler produced another tally in the fifth frame; Bomar's single, Johnny Pare's single and Chute walk with a timely single by Ranweiler scored the two tallies in the sixth frame; Lynch's walk, Alamo's sacrifice and

Jenkins' single scored the marker in the seventh; singles by Chute and Ranweiler and Alamo's double accounted for two runs in the eighth frame and Charlie Bomar hit his second homer of the game in the ninth to account for the final tally.

Joe Alamo, who registered his third win of the season was touched for 13 hits, all of which were well scattered; he struck out four men and walked five. Larry Baldwin relieved him in the ninth frame and put the Bugs out in one-two-three order.

Jack Bomar, with two home runs and two singles, led five top bats to the plate. Johnny Pare with a double and three singles in five trips to the plate, and Howard Jenkins with four singles in five trips to the plate, led the attack for the Greenies. Bill Lynch, Greenville's second sacker, was the only man on the local club who failed to get a hit.

DIAMOND DUST

By BERT MOYE

The Greenies had their second game-out since the season here started with the Goldsboro Bats. This game will be played on Friday night, June 6, the next scheduled meeting of the two clubs here.

Greenville was the club in which all stars in the Coastal Plain League had to put down their squad to be high ranking the manager. Manager Pare has announced the following roster in his club's prepared: Pare, large infielder, and High Duster pitcher have been given their releases. Willie Mauney and Paul Simmons are on the suspended list. Two new players have been signed, including a shortstop from Greensboro, whose home is at Belmont near Greensboro, and who came to the club from the Burlington Club of the Carolina League. He formerly played with the New Bern Cubs in the Coastal Plain League during the 1939 season, and during the 1942 season played with Rocky Mount when they were a member of the Bi-State League. He bats and throws right-handed. Jerry Cptiley, left-handed pitcher of Martinsboro, has been added to the pitching staff. He is a rookie and has just finished the Murfreesboro High School where he made quite a record during the past season. He also hurled for Coleman in the Alocmacie League, a semi-pro outfit, during last season.

Club officials announced today that the two-bill with Tarboro for Memorial Day on Friday of this week had reversed the playing card of the original schedule. As a result the day game will be played in Tarboro on Friday afternoon at three o'clock and the second game of the double-header will be played in Greenville on Friday night at 7:45 o'clock. The reason for the change is that high school commencement will be in progress at the school building just across the way from the Tarboro park.

Bill Lynch, Greenville second sacker, in the opinion of the majority of the Greenville fans, has been really showing some marked improvement at the second sack during the past week. He has really been holding down the job in great fashion and is rapidly gaining control of himself. His playing has created many favorable comments from local and out-of-town fans, in his great improvement shown in the playing field the past week.

Forty-Nine To Die On Gallows

Munich, Germany, May 25 (AP)—For two days, starting tomorrow, 49 convicted operators of the Mauthausen concentration camps will be taken to the gallows in the largest group executions in the history of the American occupation of Germany.

A United States war crimes court condemned the operators for the murder of thousands of Mauthausen inmates.

Asserts Loan . . .

(Continued from Page One)
Parliament earlier this month passed a bill banning private importation of cotton and closing the Liverpool Cotton Exchange. The bill provides for a government commission to buy the fiber in bulk lots, as was done during the war. England also maintains controls over wool transactions.

"We are up against a wall of state monopolies in the sale of wool and cotton and any international trade agreement is doomed to failure until we succeed in getting Great Britain and Russia to agree to a private trading system again," O'Mahoney declared, adding:

"The British are using our own loans against us to finance these operations. The Russians are doing

Child Found In Chicken Coop

Charleston, W. Va., May 25 (AP)—Seven-year-old Delores Diaz, said by police to have been half-naked and suffering from malnutrition when they removed her from a trash-filled padlocked chicken coop, was being cared for by social workers here.

Child Found In Chicken Coop

Her parents, Domingo and Mary Diaz, were in the county jail charged with felonious assault and neglecting a dependent child.

State Police Cpl. R. T. Cummings said the mother told him she frequently looked up Delores to her from running away and her wrists and legs were tied together "every night."

CIO Will Drive To Enlist Phone Workers

Washington, May 25 (AP)—The CIO today set up a committee to organize a full fledged drive to enroll telephone workers and establish a new industrial union in the telephone industry.

CIO President Philip Murray directed Allan S. Hayward, chairman of the committee, to call a two-day conference May 31 to set up machinery for the proposed new organization. He added in statement that "opportunity for affiliation" will be extended to other telephone workers who do not take part in the meeting.

The 20,000 members of the American Union of Telephone Workers are voting in referendum this week on a unanimous decision of their executive board to join the National Federation of Telephone Workers and join with the CIO. The NFTW, an independent, directed the recent telephone strike.

HOOKEER TOPS SUNDAY FIELD

Four Golfers Tied For First Place; 19th Hole Decision

Seth Hooker topped a field of almost forty golfers to win the first in a series of Sunday one-day 18-hole tournaments at the Greenville Country Club yesterday. Boley Farley was runner-up. Hooker won an all leather golf bag and Farley an overnight bag. The match was decided on the nineteenth hole after it was found that four players had tied for first place with net scores of 67, the other low scores were Joe Egan and Ben Harrison. The four names were placed in a hat and so the winners were decided.

Medalist for the day was Boyd Moore with a 76 and runner-up, Ercell Webb with a 77, immediately next was Jimmy Phelps with a 78. Moore was awarded a dozen golf balls and Webb a half dozen.

The two flag prizes were won by former club champ Simon Moye and Dave Mosier who hit their tee shots closest to the hole on holes three and eight respectively. The "blind bet" prize was won by Lee Hannah.

The tournament chairman, A. C. Ruffin, announced that due to the amount of interest and participation shown there would be another similar tourney, medal play, handicapped and flag play, this coming Sunday and urged all golfing members to enter.
