Officers Sent On Prospects; Considerable Tension In Rich Square

Jackson, N.C., May 29.—(AP)—State officers continued their investigation in this vicinity today into the seizure of a young Negro prisoner from the Northampton county jail Friday for which seven white men have been arrested.

Hints of other possible arrests were heard earlier in the week but officers followed a shut-mouth policy today.

All of the seven men arrested were released on \$2,500 bond. Officials indicated the charges against them would be submitted to the county grand jury at the next term of Superior Court, set for August 4.

In Raleigh, it was reported that Walter Anderson, head of the State Bureau of Investigation, had left this morning for Jackson.

There was considerable tension in Rich Square, 12 miles away, the little town in which the alleged attempted rape took place and the home of the seven men arrested in the case.

Reporters said townspeople represented the entrance of the Federal Bureau of Investigation into the case.

One reporter said that an official who was not further identified, advised reporters not to remain in Rich Square overnight. He said friends had advised that reporters had better go away overnight "if they don't want their cars torn up."

No direct threats have been reported. Some of the town's most prominent citizens signed bonds for the release of the accused men. These included Mayor Charles E. Myers.

Chief of Police Frank Outland was quoted by reporters as saying: "Continued on Page Four"

Not Satisfied With Reduced Freight Rates

Raleigh, N.C., May 29.—(AP)—The State Utilities Commission is not satisfied with reduced freight rates on coal as recommended by an Interstate Commerce Commission examiner.

H. M. Nicholson, commission rate expert said that the commission planned to file "vigorous objections" to the recommendations.

Under the recommendations of ICC Examiner Martin J. Walsh the freight rate on coal from West Virginia and Tennessee fields would be reduced by 10 cents a ton to points in Piedmont and Western North Carolina west of Raleigh—a saving of about \$6 on each carload of coal.

The order resulted from a complaint, filed by the commission in December, 1945, that coal freight rates into North Carolina were "unreasonable." Another complaint was filed by large coal consumers of the state.

Those Italian Colonies

Disposition Of North African Colonies Wrested From Italy Will Be Discussed At Next Big Four Meeting; Many Claims To Area; Moscow Eyes A Mandate

By DEWITT MACKENZIE

One of the highly controversial international questions—disposition of Italy's North African colonies which were the apple of Benito Mussolini's eye—will come up for consideration at a meeting of the Big Four (America, Britain, Russia and France) in London shortly.

Moscow recalled the Soviet ambassador from Britain yesterday and diplomatic circles speculated that this was for the purpose of briefing him, for this important conference.

Il Duce's cherished African empire consisted largely of vast wastes of desert which under the summer sun blazes at a soil temperature of something like 175 degrees Fahrenheit. Few folk loved those scorching sands, except Benito and the Bedouins—albeit there are pleasant, fertile tracts along the coast of the blue Mediterranean with here and there an ancient and

STAND UNITED ON ATOM PLAN

U. S. And Britain Again Reject Veto In Atomic Controls

Lake Success, May 29.—(AP)—The United States and Britain, determined to prevent any country or individual from escaping United Nations punishment for atomic crimes, stood united today in opposition to a Soviet proposal which would put atomic energy controls within each of the Security Council's veto.

The two Western powers backed by Canada, made plain their stand during a closed meeting of the working committee of the U. N. Atomic Energy Commission.

The committee was scheduled to hold another closed meeting today, but most delegates agreed that hopes for solving the basic differences between the United States and Soviet Russia were slim.

The committee is specifically considering 12 amendments submitted by Soviet Deputy Foreign Minister Andrei A. Gromyko to the commission's first report adopted last December.

Gromyko insisted yesterday that his proposal to take atomic control organs within the jurisdiction of the Security Council was in line with a U. N. General Assembly resolution on arms and atomic control.

Furthermore, he said, the delegates would be discussing Russia's proposals "for the next two years" if they proceeded as slowly as they have in the last two months.

Czechs Ask New Credits To Buy American Cotton

Washington, May 29.—(AP)—The Czechoslovakian government has applied to the Export-Import Bank for a second credit of \$20,000,000 to finance purchase of raw cotton from the United States.

This is the first effort by the Czech Government to obtain American financial assistance since last September when the State Department abruptly cancelled Czech negotiations for loans totaling \$100,000,000 in cash and surplus Army property.

Government officials reported the new request was put forward to enable the Czech Government to continue purchases of American cotton for the Czech textile industry.

A previous \$20,000,000 cotton credit, granted last July, was reported nearly exhausted.

Senate And House Conferees Reach Accord; Action May Be Taken On Monday In Both Houses

Washington, May 29.—(AP)—Senate and House conferees agreed today on final terms of a \$4,000,000,000 a year income tax cut to take effect July 1.

The measure provides for individual slashes ranging from 10.5 per cent to 30 per cent.

The Senate bill was accepted by the conferees except for only one change in rate reduction brackets. The area of 15 per cent cuts was made from \$136,720 of taxable income to \$302,400.

The Senate had provided for a 15 per cent reduction between \$79,700 and \$302,000.

Senator Millikin (R-Colo.), head of the Senate conferees, said both houses would expedite final action on the legislation.

It is expected to come up in the House Monday, and possibly later the same day in the Senate.

The big question remaining is whether President Truman will sign or veto the tax cuts. He has maintained that the present is not a suitable time for reducing government revenue.

Millikin estimated the change in the 15 per cent reduction bracket will add \$62,300,000 to the cost of the bill.

Senate Democratic leader Barkley was the only one of the five Senate conferees who did not sign the conference report. He voted against the bill yesterday when it passed the Senate 52 to 34.

If both houses act finally Monday the bill will be speeded to the White House.

UMW REVEALS NEW DEMANDS

More Pay For Less Work And Higher Royalty Is Sought

Washington, May 29.—(AP)—The United Mine Workers disclosed today that John L. Lewis' new contract demands include a wage increase, shorter hours, longer eating period and a boost in the tonnage royalty for the union health and welfare fund.

All of them, except the request that the paid lunch time be increased from 15 to 30 minutes daily, had been foreseen by the industry.

The contract betterment sought by the miners' negotiating committee in talks with the operators was revealed in general terms in the new issue of Lewis' UMW Journal—but the details were carefully excluded.

There have been reports that Mr. Lewis wants the same pay for a five-day week as the miners are getting for six days, or reduction of the work day from nine to eight hours without loss in pay.

He also is believed to have asked that the present five cent health and welfare royalty on each ton of coal produced be doubled and that the operators accept the federal mine safety code set up under his contract with the government.

CALL GENERAL TO MAY TRIAL

Eisenhower Testimony Delayed By Interview With Lawyers

Washington, May 29.—(AP)—Gen. Dwight D. Eisenhower appeared today as witness in the May-Garson war fraud trial but his testimony was delayed while trial attorneys interviewed the Army Chief of Staff.

Eisenhower showed up in answer to a subpoena obtained by ex-Congressman Andrew J. May's attorneys.

Part of the government's bribe charges against the 72-year-old May and munitions makers Henry and Murray Garson allege that May twice wrote letters to Eisenhower in Europe in 1945 interceding in behalf of Murray Garson's son, Capt. Joseph Garson.

The captain was convicted of refusing to obey a battlefield command but his sentence of suspension from the Army was later lifted.

May has testified that he wrote to Eisenhower asking him to review Captain Garson's court martial merely because he wanted to "see justice done."

May said Captain Garson refused to send his men on a battlefield assignment because they had just emerged from another engagement with 40 percent losses.

Waldrop Named Vice-President

Asheville, N.C., May 29.—(AP)—Warren S. Johnson of Wilmington today was elected president of the North Carolina Bankers Association.

Custom was followed at the opening of the 51st annual convention when the former first vice president was elected.

John F. McNair of Laurinburg moved up from the second to the first vice presidency.

J. Herbert Waldrop of Greenville was named second vice president.

Emma Goering Be Tried As A Nazi

Munich, Germany, May 29.—(AP)—Dr. Alfred Lortz, Bavarian denazification minister, announced today the arrest of Mrs. Hermann Goering to face trial as a Nazi party member. He said he would demand ten years in jail for the former actress.

Colonel Convicted Of Taking Japanese Gems

Yokohama, May 29.—(AP)—Edward J. Murray a colonel of infantry who won his decorations in combat, heard an Army court martial sentence him to ten years imprisonment for misappropriation of a fortune in diamonds he had taken home as "souvenirs of war."

Murray stood silent, shoulders sagging, as the sentence was read. The Palo Alto, Calif., officer was convicted on all six specifications filed against him—covering misappropriation of the stones and failure to declare them or pay customs on them. In addition to serving ten years at hard labor, he was ordered dismissed from the service with forfeiture of all pay and allowances.

25 GRADUATE EPPES NEGRO HIGH SCHOOL

School Board Chairman Praises School Officials At Commencement

By CHESTER WALSH

Impressive commencement exercises were held at C. M. Eppes Negro High School last night when J. Burton James, chairman of the Greenville City School Board, presented diplomas to 25 graduates and congratulated them for their good work.

The distinguished Greenville attorney gave earnest praise to four graduates who delivered brief commencement addresses on "The Home," "The School," "The Church" and "The States." The speakers were, respectively, Eleanor Cherry, Mabel Moe, John Taylor and Levy Tyson, Jr.

The school board chairman lauded Prof. W. H. Davenport, principal of Eppes High School, for his excellent work; the teachers and students for harmonious cooperation and the parents and friends for loyal support of the school.

Mayor J. H. Boyd Jr. presented special awards and gave high praise to Eppes High for its notable achievements.

June H. Ross, superintendent of city schools, presented certificates and in a brief heart-to-heart talk encouraged the school to continue on its progressive march for education with 12 grades.

The program opened with the procession of the graduates to the strains of "The Lord Is Great," "Rev. P. H. Mumford said the invocation and pronounced the benediction. Prof. Davenport made the announcements.

The music was a feature of the program. The Mixed Chorus, under direction of Mrs. W. H. Davenport sang "To A Wild Rose," by MacDowell and "Bless the Lord, O My Soul" by Ippolitoff-Ivanoff.

The Eppes High School band, under direction of H. A. McDougle played three numbers in a creditable manner. The young musicians have much talent and are well trained.

Jean Johnson, senior student who has a wonderful lyric soprano voice which is well trained, featured the program with a song, "O Divine Redeemer," by Gounod. Musicians who have heard her sing predict a fine career for her.

The male quartet, John Hill, John Taylor, Joseph Little and Levy Tyson sang "Dedication."

Charles Davis, president of the Senior Class, presented to Prof. Davenport a recording machine for the school, a gift of the seniors.

Alice Jenkins, student accompanist for the Glee Club, was accompanied at the piano for the chorus. H. R. Foust is director of the tricking department of the

Conferees Agree On Labor Measure

Compromise Legislation Completed By Senate-House Group; Must Still Pass Two Houses And Win Truman Signature

Washington, May 29.—(AP)—Congressional conferees on legislation designed to check strikes and labor union activities reached final accord today on a compromise bill.

An agreement to scrap a House provision which would have excluded food processors from collective bargaining rights was the last action taken by the conferees before returning the measure to the House and Senate for further action.

Senator Taft (R-Ohio) told reporters the committee decided to remove this controversial section from the final draft and leave the matter to interpretation by the National Labor Relations Board.

This means it continues a matter of dispute so far as the NLRB and the courts are concerned.

Taft reported the compromise bill was approved by seven of the 11 conferees.

The compromise bill contains these provisions:

1. Authorization for the government to obtain injunctions to block "national paralysis" strikes.

2. A new National Labor Relations Board set-up. The board would have five members instead of three as now.

3. A ban on the closed shop, under which employers can hire only union members.

4. A prohibition against jurisdictional strikes and secondary boycotts. The NLRB could get injunctions to block them.

5. A provision creating a new federal mediation agency, independent of the Labor Department.

6. Health and welfare funds set up since January 1, 1946, and administered solely by unions, are outlawed.

7. Parties to a collective bargaining contract must serve notice 60 days in advance of expiration of the pact if they wish to change its terms.

8. It would be an unfair labor practice for unions to keep non-striking workers from their jobs by mass picketing or through violence.

9. Unions are prohibited from charging dues and initiation fees which the NLRB judges to be "excessive or discriminatory."

PROBERS SENT TO CAROLINA

Will Investigate Complaints In Winston-Salem Strike

Washington, May 29.—(AP)—Washington, May 29.—(AP)—Two investigators of the House committee on un-American activities were on their way to Winston-Salem, N. C., today to determine if any communist influences are involved in a strike at the R. J. Reynolds Tobacco Company.

Rep. Herbert C. Bonner (D-NC), member of the committee, who asked the investigation, said the two will arrive over the weekend. He withheld their names.

Congressman Bonner told a reporter more investigators may be sent later if necessary.

The committee agents, he said are under instructions to bring back a preliminary report by June 5. At that time the committee will determine whether the findings warrant sending a subcommittee to Winston-Salem for a possible hearing.

The committee yesterday authorized the inquiry immediately after it was proposed by the North Carolinian, who said he was concerned lest the people of his state "become the victims of a communist-inspired race riot" or of "communist-inspired violence and unrest."

City Fathers Become Cautious

Los Angeles, May 29.—(AP)—The City Council debated painting this line from Hamlet on the chambers' wall: "This above all, to thine own self be true, and it must follow as the night the day thou canst not then be false to any man."

Councilman John C. Holland declared: "Admirable. Ideals are something we all need."

But Councilman John R. Roden observed: "It might serve to scare hell out of some councilmen when they turn around in their swivel chairs."

The council, after learning the cost would be from \$375 to \$750, tabled the matter.

TRUMAN BACK IN WASHINGTON

Leaves Grandview After Hearing Of Mother's Progress

Washington, May 29.—(AP)—President Truman returned to the capital today from a 12-day visit with his ailing mother, Mrs. Martha Truman, in Grandview, Mo.

The president, his wife and his daughter, Margaret, took off at 9:06 a. m. (EST) from the Fairfax airport in nearby Kansas in the presidential plane, the so-called "Sacred Cow."

Shortly after arising in his apartment at the Hotel Muebach here, the president telephoned to Grandview to get a report on 94-year-old Mrs. Martha Truman. Her surprising comeback during the past few days enabled him to give up a 12-day vigil at her bedside in nearby Grandview, Mo.

He told reporters at the airport his mother had a good night and was still on the mend.

Presidential secretaries Charles G. Ross and Matthew J. Connolly and the president's military and naval aides accompanied Mr. Truman.

FBI And Lynchings

An Explanation Of Why Federal Bureau Of Investigation Can Act Whenever A Mob-Murder Takes Place; Can't Bring Charges Unless Federal Law Broken

By JAMES MARLOW

Washington, May 29.—(AP)—Lynchings are murder under state laws but there's no federal law against lynching.

So how can the FBI, a federal agency whose job is to investigate violations of federal laws, investigate lynchings?

Here's an explanation. The U. S. Constitution says no state shall deprive a person of life, liberty or property without due process of law.

So, before a state can take away a man's property or take his life by executing him, he must be given a fair trial.

If a man is taken into custody or locked up pending trial, it's the state's duty to see he is unharmed while he's in custody or jail.

When a man is lynched, the FBI's first question is: Did the state do all it could to protect him before the lynch mob got him?

COMMITTEE IN HOUSE LOWERS ARMY BUDGET

Appropriations Body Recommends 8.3 Per Cent Reduction From Request

Washington, May 29.—(AP)—The army's 1948 military budget was cut 8.3 per cent by the House Appropriations Committee today despite testimony from General Eisenhower and Secretary Patterson that "real danger" lies beyond the irreducible minimum of men and money they had requested.

If Congress upholds the committee, the army will receive \$8,240,982,423 in new appropriations for the fiscal year starting July 1. President Truman had asked \$5,716,791,500 for the army's military activities, exclusive of foreign relief and other civil functions to be financed in a later bill. For the current year military activities appropriations totaled \$7,263,542,400.

The committee thus slashed off \$475,809,077 from next year's requests and cut \$2,022,559,977 below current year funds.

It did, however, approve the army's full request for \$283,000,000 in contract authority to buy new airplanes.

In addition to the budget cuts the committee cancelled \$1,100,000,000 of money appropriated for the current and prior years but not (Continued on Page Two)

Submits List Of Men For Army Commissions

Washington, May 29.—(AP)—President Truman submitted to the Senate today an additional list of about 9,200 officers of the National Guard, reserve corps and Army of the United States for permanent commissions in the Regular Army. Senate confirmation of the nominations is necessary.

The men, all of whom had wartime service, were selected from a field of about 70,000. Today's list was a part of the second program of integrating officers into the Regular Army. The first list for this year, issued in January, contained about 1,850 names.

A third 1947 list will be announced this summer.

One hundred and 19 North Carolinians were appointed; among them, 1st Lt. (Capt.) Marion A. Bradshaw, and 1st Lt. (Capt.) John H. Legwin, both of Greenville.

Russians Charge Hungarian Chief With Conspiracy

Budapest, Hungary, May 29.—(AP)—A high Hungarian source said today that the Russians, in an official note, had accused Prime Minister Ferenc Nagy and two other officials of complicity in a recent plot to overthrow Hungarian "democracy."

This informant identified the two other officials as Foreign Minister Janos Gyongyosi and Bela Varga, speaker of the House.

All three men are members of the anti-Communist Smallholders Party.

A government announcement on May 14 said Nagy would leave that day for a three-week vacation in Switzerland and that Deputy Premier Matyas Rakosi a Communist, would be left in charge. Private sources in Budapest said Nagy probably would stay longer than three weeks.

The government announcement followed by two days reports that Nagy was planning to leave for Switzerland and Paris to stall off another Communist-inspired "crisis" in his coalition government.

End of the Century Club
 The End of the Century Club held its last meeting of this season at the home of Mrs. James Fleming on Tuesday afternoon. The attendance was not large but the enthusiasm of those present compensated for the absentees.

The program for the next year was discussed. The subject chosen was "Our Country."

The only visitors present was Miss Hadley, of Wilson, who assisted the charming waitress in serving the refreshments.

The purchase of new books and additional book shelves was discussed and the librarian instructed to place a good encyclopedia in the library.

 spent. The army concurred in the cancellation. Its finance officers explained that (A) the money was not included in the 1948 budget and (B) was no longer needed for the purposes for which it originally was appropriated.

The committee did not claim the cancelled \$1,100,000,000 as a saving in its goal to cut \$6,000,000,000 from the president's overall \$37,500,000,000,000 budget for next year.

May Day Exercises Held Kindergarten

by JESSIE ROUNTREE MOYE
 The children of Mrs. Francis Bowen's Kindergarten happily celebrated the close of their school year with the traditional May Day fete Tuesday afternoon at 6 o'clock.

The May Court was again in Mrs. Bowen's lovely garden before a large attendance of parents and friends.

The charms of the versatile young ladies and gentlemen were enhanced by their lovely old English frocks and bonnets, parasols and nosegays of olden and Greenway suits of light or gay colors.

To the strains of Mendelssohn's "Spring Song" played by Mrs. Marshall at the piano, the procession entered the court preceded by the court jester, Coleman Ruffin.

The maids of honor leading the way were Betty Derrick, Lou Cross and Katherine Raynor, Lib Rogers, and Anne Evans.

They were followed by Libby Keel, the flower girl, who made rosy the pathway of the Queen of the May, and Les Jackson.

Burt Aycock served Her Majesty as train-bearer.

After Her Royal Highness had mounted the throne, her attendants greeted her by singing "Spring has Come." The queen welcomed all with hymn and song.

The jester announced the approach of the King of May, N. O. VanNortwick, III, attended by his three courtiers, "The Fiddlers," Salem C. Bullard, Sterling Jones and Louis Arthur II, who serenaded the court with selections on their fiddles.

The king responded with a song, "Old King Cole."

Then appeared the children of "Beloved Mother Goose," each of whom sang and played and danced delightfully. They were Edward Higgs Buchanan as "Bobby Shaftoe" and Sally Ross Simpson as "Curley Locks."

Priscilla Aycock as "Mistress Mary" accompanied by the flowers of her garden, Becky Basnight and Libby Keel.

Whit Brown as "Tommy Snooks" and Louise Picklen as "Beulah Brooks."

Catherine Moore as "Mary with Her Little Lamb"

Libby Keel as "Little Bo Peep" and Salem Cooper Bullard as "Boy Blue."

Billy Young as "The Farmer with His Wife," Lib Rogers, Jim Winstead and Mary Harrington as "Jack and Jill."

"Peter Pumpkin Eater," Joe Taff, arrived with his wife, Becky Basnight, in a lovely pumpkin coach.

Mary Retha Hice as the "Old Lady Who Lived in a Shoe" was accompanied by her children, Harry Forbes, Mary May, Mary French Haves, Davis Moore, and John Adams, Jr.

To the delight of all, the "Baker Man," Joe Moyer, Jr., appeared sharing his wares with the royal subjects.

Burt Aycock as "The Ten O'clock Sentinel" made a tardy entrance.

The queen then sang Brahms' "Lullaby," her subjects responding in chorus.

Three selections were ably rendered by the Rhythm Band who then danced the "Yankee Doodle Folk Dance." All sang "The Alphabet Song."

After dancing the May Pole, the assemblage was thanked by the king and queen and the pageant ended with the amusing antics of their "jester."

Service League Meets, Submit Annual Report

The annual luncheon meeting of the Service League was held Wednesday at the community house of the Oak Church. The room was decorated as an old fashioned garden with the well and old oaken bucket in one corner, and the May poles in another. The singing of the birds in the trees outside added to the perfect setting. On arrival each guest and member was presented with a nosegay by the president, Mrs. Ly-

man Ormond, as a token of appreciation of the cooperation they had given her.

The meeting was opened by singing "America," after which Mrs. Ormond read a most appropriate prayer. Monthly reports were given by the various committees. The year's work was summarized in the report of the president as follows:

1. Laughinghouse Hospital Bed. This is a project close to the hearts of the League as suffering humanity is made more comfortable by it. Twenty-one white and three colored were cared for making a total of 287 days hospitalization furnished amounting to \$1,177. Since 1939 \$4,663.23 have been spent on this project rendering a real service to our community.
2. Thrift Shop. Answered many calls for the needy, furnished clothes and furnishings for a family whose house was burned, donated toys to needy children, gave several large boxes of clothing for war-ridden countries.
3. Filled Christmas stockings for hospitalized service men.
4. Kept the hospital bed shelf at Ellington's Book Store.

The finance committee reported a second edition of the Cook Book, "From Grandmother to Granddaughter," is being edited and will be for sale during the fall.

A shower of gifts was presented to be placed for sale on the hospital bed shelf at Ellington's. Mrs. Ormond expressed thanks to Miss Ellington who made the shelf available, the proceeds from which accumulate for the bed fund.

The League is deeply indebted to the Daily Reflector and to the radio station WGTC for much publicity.

The Advisory Council was represented by Mrs. Judson Blount, Mrs. El Harvey and Mrs. Will Hooker who always add much by their presence.

A delightful luncheon was served by members of the Red Oak Church. Places were designated by attractive pencil sharpeners holding a candle given as a memento of the occasion by the president. The candle was to light the way to a year of greater service to our community.

Miss Mimi Tripp accompanied by Mrs. B. L. Tyson presented a most enjoyable musical program.

The work of the year was dedicated to the Service League husbands. Mrs. Ormond read the following poem taken from the Junior League magazine:

We nominate for Hall of Fame
The gentleman who does not
blame
His wife and turn quite apoplectic
When life at home is more than
hectic;
Who does not mind if there's a mess
Throughout the house because the
press
Of work with which his wife doth
wrestle,
Allows no time to dust his castle;
Who gives the kids their supper so
Mama can go to her meeting go;
Who does not mind the lack of plan
When dinner's late and from a
can.
Who patiently waits and does not
groan
When ceaseless rings the telephone
Who stands behind her in a crisis
With sympathy and good advice,
Whose lot in life to him seems
merger;
The husband of a Service Leaguer.

Strength FOR THE DAY

"THINK ON THESE THINGS"
 Deaf people sometimes complain that certain singing tones seem excessively loud to them. In fact they seem often to hear only the unpleasant tones and to be greatly distressed by them. The explanation sometimes advanced is that they have lost the capacity to hear the lower tones and such sweet and dulcet ones give pleasure. All they are able to hear are the harsh and unpleasant tones.

This is a great misfortune, and it often fills the life of deaf persons with considerable irritability and frustration. One can only commiserate with them, these unpleasant realities being as they are.

But there are many people who have come to the place where they see nothing and hear nothing in life but the unpleasant. They are both blind and deaf to the situations and sentiments which in the majority of people produce peace and happiness. Mention the name of a person, and they can tell you immediately some whispered scandal or point out an unworthy trait in this person which you had never before observed. The capacity to appreciate goodness in mankind has departed from such people. They see and hear only the discordant things.

 Trade School. P. D. Sledge supervises carpentry. Erma Stapleford is head of the home economics department.

Special awards made to students: Levy Tyson, Jr., \$100 scholarship at Shaw University; \$10 to John Taylor, best all-around student; \$5 to Eleanor Cherry, best all-around girl student; gold basketball emblems to Frederick Johnson and Mary Streeter, for most progress in basketball.

Levy Tyson, Jr., was valedictorian; Mabel Clarice Moyer was salutatorian.

The trade school shop and the home economics departments of the school are splendid and doing fine work.

In the Trade School Frank Moore, second year shop student, and George James, for most progress. The two students recently won first places in a statewide bricklaying contest in Greensboro.

D. Koven's "Recessional" concluded the commencement exercises.

The graduates: Phillip F. Barnhill, Ellis L. Brown, Julia Ann Calehorne, Eleanor Wyatt Cherry, Lemuel Clemons Jr., David Earl Darden, Charles J. Lynch Attempt . . .

(Continued from Page One)
 "Those boys could have raised four million dollar bonds if they needed it. They're not criminals. They're the highest type families we have."

FBI And . . .

(Continued from Page One)
 The penalties under these federal laws run from 1 to 10 years in jail and fines of \$1,000 to \$5,000.

The FBI—as soon as it learns of a lynching—can move right in. Always on the theory that maybe a state officer was involved.

If it investigates and finds it can take no action under federal law—because no state officer was involved—the FBI can do this:

It can turn over to state authorities, for action under state laws, whatever information it has been able to pick up.

The FBI found no violation of federal law, so it turned its information over to the state. The men were acquitted.

This week again in North Carolina the FBI provided officials with information on which seven white men were charged with kidnaping a Negro.

In this case the FBI moved in as soon as it heard reports a Negro had been taken from jail. He escaped the mob.

The FBI's work on lynchings has been under way only since about 1940.

In 1939 a special section on civil rights was set up in the Justice Department.

It took the government attorneys about a year, after studying the law, to decide how they could move to stop lynchings. They decided to use the federal laws, mentioned here, as the wedge for the FBI's work.

One of the strongest and most interesting claims comes from the Senussi, natives of Libyan Cirenaica which adjoins Egypt and within which lies Tobruk. During the war Britain promised the Grand Senussi, the princely personage who is leader of the Senussi, that his country should have independence and one would expect this pledge to be honored, with Britain or American perhaps holding a trusteeship; until the Senussi are capable of handling their own affairs.

Failure to carry out this promise might result in serious trouble, for the Senussi are a liberty loving people who are quite willing to fight for their independence.

BACKACHE, LEG PAINS MAY BE DANGER SIGN

Of Tired Kidneys
 If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. They help most people pass about 3 pints a day.

If the 16 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's give happy relief and will help the 16 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

THE EXTRA COMFORT HINGES ON GOOD GEOMETRY

YOU know how that Buick of yours can take the turns without swaying, swaying or squeal. It means less fatigue and more solid hold-the-road comfort from every mile you travel.

Credit a big share of that comfort to the geometry of Buick front-wheel suspension. The wheels are set so that they bank slightly on the curves—and so the inside wheel turns a degree or two sharper than the outside one. And they're hung at an angle that lets them give slightly to help in cushioning road shocks.

So good Buick front-wheel service means a lot more than lining them up to ease tire wear. It's a job for men who know Buick front-wheel action—who have Buick approved checking equipment and tools to make adjustments—who have at hand Buick Engineered Parts for any replacements.

This is just another example of what we mean when we talk about Buick car care. Whether it's for a front-end check or any other attention, bring your car to us. We'll show you the difference between ordinary service and Buick car care.

ROANOKE JAYS GAIN TIE FOR SIXTH PLACE

Defeat Greenies 9-6; Lee Leads Locals At Bat With Homer, Double And Single

By BERT MOYE
Catcher John Pavlich and Outfielder Charlie McNay's big bat helped keep the Jays' winning streak alive last night as the Roanoke Rapids Jays downed Greenville 9-6 at Roanoke Rapids. The

win for the Jays put them in a tie with the Greenies for sixth place in league standings.
Karczewski spun the victory, the Jays' sixth straight. He yielded eight hits, two walks and struck out five Greenies in outpitching Rex Benton, who gave up nine rallies walked five and struck out six men. The loss for Benton was his fifth of the season. He has two wins to his credit.
It was Pavlich who stole the show before 2,100 customers with a tremendous 45-foot grand slam homer that sailed over the left field fence for what proved the Jays' winning run. Charlie McNay homered over the right field fence in the eighth frame with a mate aboard.
Greenville tallied twice in the second frame to take the lead for the moment, when Johnny Parc reached first on an error, stole second, Bobby Parc reached first on a fielder's choice, Lynch singled to score Johnny Parc, Benton reached first on an error to lead the Greenies and Bobby Parc scored when Jen-

kins hit to third forcing out Benton for the second out. After scoring in the first frame on a walk, sacrifice and a single, the Jays came back in the count at two-all on two timely singles and a walk.
The Greenies then went out in front with a tally in the fourth frame when Lynch doubled and Rex Benton brought him home on a single.
In the ninth the Greenies staged a rally for three runs when two men out, Tommy Lee homered over the right field fence to bring home Jenkins who had singled ahead of him. Bomar walked and scored on Johnny Parc's double. Clute went out second to first to retire the side.
Tommy Lee with a homer, double and a single, by two trips to the plate, and Bill Lynch with a double and a single in four trips to the plate led the Greenies' eight-hit attack.

George Sanders with Ann Dvorak have top roles in "The Private Affairs of Bel Ami" Pitt today and Friday.

WGTC they will receive reports every three innings on all out-of-town games in the future.

Verne Blackwell, former Greenie now with Rocky Mount, who was slated to begin workouts with the Leafs yesterday after suffering a leg injury several weeks ago, has been ordered by his doctor to stay off the playing field for at least another two weeks.

Don Murray is the new manager of the New Bern Bears. Murray who has been running the club for the past two nights, is a third baseman. He was obtained by the Bears to replace Jake Daniels, who resigned "because of ill health." The new manager had been playing with Portsmouth's Cubs of the Class B Piedmont League. He performed with Herb Bretts Danville, Va. club in the Class C Carolina League three seasons ago. It was erroneously reported in this column several days ago that Sam Naron would be pilot of the Bears but it was understood that he could not come to salary terms with the Bears' officials.

DIAMOND DUST

By BERT MOYE
Manager Johnny Parc has announced that his starting hurler in tonight's game with the Jays will be Johnny Fowl, Johnny, who started off the game here with Kinston Tuesday night, complained of a bad back before the start of the game and said he had no business even starting. However, he reports that his back is much improved and that he will be able to render much better service in tonight's game. When Tarboro plays here on Friday night in the second game of a twin bill with the Tars, Larry Baldwin will be on the mound for the Greenies.

Drops Dead

Allen Rountree, 65-year-old Negro tenant farmer, suffered a heart attack and died while plowing a field on the J. Herbert Harris farm, near Ayden, in Swift Creek Township, yesterday afternoon about 6 o'clock.
Coroner Griffin H. Rouse, after investigation, said Rountree died of natural causes. No inquest will be held.

GOP ECONOMY DRIVE SLOWS

Difficulties Apparent In Effort To Meet Savings Goal

Washington, May 29—(AP)—The Republican congressional economy drive was still rolling along today, but it was beginning to develop some squeaks.
By a slim six-vote margin, and only after a \$40,000,000 compromise, then GOP leadership shoved a \$47,600,976 Agriculture Department appropriation bill for 1948 through the House last night and over to the Senate.

This brought to slightly over \$2,610,000,000 the claimed savings in the House drive to cut \$6,000,000,000 from the President's budget for the year starting July 1.
With only five more 1948 supply bills to be handled, there were signs that the going may be tough if the goal is to be reached.
For the bills which make up the balance of the President's overall \$27,500,000,000 spending estimate are for local rivers and harbors projects and the Veterans' Administration, in addition to the War Department and some assorted federal agencies.
The appropriations committee may have trouble keeping Republicans in line when it comes to cutting funds for veterans' and rivers-harbors projects.

in the world.
The Federal Public Housing Authority previously secured some of the property, the Federal Credit Administration was assigned \$500,000 worth of farmlands for resale and the cities of Laurinburg and Maxton were jointly awarded the airport which cost the government \$6,481,387.

Coroner Orders Firebug Held For Grand Jury
By CHESTER WALSH
At an inquest at the City Hall last night the coroner's jury ordered Booker T. Anderson, 29-year-old Negro, held without privilege of bail for the grand jury in connection with the death of Mrs. Willie Belle Cratch, 27, and her children, Bobbie Gene, 7, and Jessie Juanita, 1, when their house at First and Cotanche Streets burned on the night of May 15. Coroner Griffin H. Rouse presided.
Police Chief Jim Tanner and Fire Chief George Gardner testified that the three victims burned to death and that Mr. Annie Belle Spain, 45, the woman's mother, was severely cut when she broke out a window trying to rescue the occupants.
Testimony was that Anderson entered the house through the unlocked front door, that he ignited a pan of kerosene oil and placed it under the bed on which the three were asleep and then went to his home.
The officers testified that Anderson went with them to the scene of the tragedy and retracted the crime for them.
It was further testified that Anderson, who was serving 30 years for murdering his brother, was paroled from State Prison several years ago.

For ITCH and BURN of POISON OAK ANTISEPTIC LIQUID! CLEAN! FAST!

BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.
Watch for the warning signs, especially the embarrassing, nagging rectal itch. After centuries of Pin-Worm distress a really effective way to deal with them has been established through JAYNE'S P-W, the new Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son. The small, easy-to-take P-W tablets give satisfaction or your money back. So why take chances on Pin-Worms! If you suspect this ugly infection, ask your druggist for P-W and follow the directions. It's easy to remember: P-W for Pin-Worms!
