GRADUATE 132 IN EXERCISES HELD AT STC Tax Bill Is Voted By House 220-99

Stamp Final Approval On GOP-Sponsored Income Tax Cut; Routine Senate Sanction Is Expected To Follow Tomorrow

Washington, June 2.—(AP)—The House stamped its final approval today on Republican backed legislation to reduce income taxes July 1 by \$4,000,000,000 annually. Routine Senate sanction is expected to follow tomorrow. The vote was 220 to 99.

The bill then would go to President Truman, confronting him with one of his biggest decisions since the GOP took control of Congress—the question whether to veto it. The president has contended this is not the time for tax cutting. The legislation, first bill introduced in the House when Congress convened in January, would trip individual income taxes from 10.5 to 30 per cent beginning July 1.

The congressional action was a foregone conclusion. Before next week is out the chief executive will have to decide whether to (A) veto the measure, (B) sign it or (C) let it become law simply by doing nothing about it for 10 days.

Mr. Truman has said repeatedly that this is not the time for tax-cutting, but Speaker Martin (R-Mass.) predicted in a statement last night that the president will sign the bill as a safeguard against a business downturn.

Democrats were making no forecasts of White House action, but one minority party member who voted against the bill declared the Republicans will believe they have the 1948 election in the bag if there is a veto.

Universal Training Has Commission's Blessing

Exhaustive Study Points To Urgency Of Early Action; Drop In U.S. Military Strength Encouraging Aggression

Washington, June 2.—(AP)—The nation heard from a commission of nine prominent civilians today that the compulsory training of up to 950,000 American youths a year is an urgent military necessity in this world of insecure peace.

The alternative to that and other multi-billion dollar outlays for national defense is to invite extermination, President Truman's advisory commission on universal training declared. The group painted this bleak picture of the future if its warning goes unheeded.

For a few years—from four to ten—our monopoly of the atom bomb and the availability of battle-trained veterans of World War II may serve as insurance against a sneak assault on the American mainland.

But the precipitate drop in the nation's state of readiness—"our weakness on the part of a hollow shell"—will encourage those to whom weakness on the part of peace loving nations is a passport to aggression.

Other countries who share our democratic ideals will lose faith. And then...

The mantle of totalitarianism will spread its darkness over still larger sections of the earth, increasing the peril to us and narrowing the company of those whose aid we can count in the search for lasting peace.

The document was drafted and signed by the nine members of the commission headed by Dr. Karl L. Compton, scientist and president of the Massachusetts Institute of Technology.

A delegation met in the office of Senator Maybank to discuss the serious air travel deficiency. In addition to Maybank, Senators Umstead of North Carolina and Johnston of South Carolina joined in the conference.

Here to urge air service, especially for Wilson, and Fayetteville, N. C., and Florence, Columbia and Greenwood, S. C., are Charles Young, Greenwood; R. Walter Carter, Columbia; E. E. Stone and T. J. Mitchell, both of Florence, and others.

Carlier told a reporter "We're trying to get the eastern section of the two states out of the air service doghouse. The southeastern section of this country has been badly neglected by the Federal government in establishing new and improved air routes.

Washington, June 2.—(AP)—The Senate reversed itself today and struck from its rent control extension bill a provision requiring decontrol at a fixed rate.

By a voice vote, it removed an amendment by Senator McCarthy (R-Wis.) which would have required that five per cent of areas under control be freed of such controls each month.

Washington, June 2.—(AP)—Secretary of State Marshall today ordered a suspension of an unused half of a \$30,000,000 credit to Hungary, where a pro-Communist regime has just been set up with Russian support.

In a statement Marshall also said the United States "wishes every success" for the new non-Communist Italian regime formed by Prime Minister Alcide De Gasperi. He said...

REPORT GIRL ATTACKED IN WILLIAMSTON

Sheriff's Office Seeking Negro; Poor Description Of Assailant

Williamston, N.C., June 2.—(AP)—Sheriff C. B. Roebuck of Martin County said today a Negro had attempted to rape Louise Corey, 15, daughter of a tobacco warehouse owner on a Williamston street Saturday night.

The sheriff said eight Negroes have been released after questioning and investigation continues although his department and Williamston police have conflicting descriptions of the attacker.

Williamston is 30 miles south of Rich Square where a Negro allegedly attempted to rape a white woman last week and near where three other Negroes were arrested Sunday after another reported rape attempt on a young white bride of two weeks.

The sheriff said the alleged attacker will be charged with attempted rape when caught. He said the girl and a friend, a Miss Taylor, daughter of Robert L. Taylor, a Williamston barber, were walking home from a movie when a Negro attacked Louise. She is the daughter of Mr. and Mrs. J. Edwin Corey.

The sheriff said Miss Taylor, also about 15, ran to a nearby home and (Continued on Page 20)

Bread Stores In Paris Closed

Paris, June 2.—(AP)—A Bakery strike closed 40 per cent of the Paris bread stores today and added to labor troubles of the government.

A threatened strike of 3,000,000 French shopkeepers, however, was cancelled without explanation. Leaders of the shopkeepers' union had planned to close stores through the nation Wednesday in protest against price ceilings, rationing and other government regulations.

A small crowd massed before the residence of Premier Paul Ramadier and cried "Give us bread."

Rowan County Will Stay "Dry"

Salisbury, N.C., June 2.—(AP)—Salisbury, last to go dry 40 years ago when North Carolina established prohibition, was still dry today as far as county controlled liquor stores were concerned.

The dry vote in Rowan County's ABC election Saturday piled up a 2,435 majority in unofficial returns. The county was 8,423 votes against county controlled stores and 5,068 for in a total vote of 14,411.

The balloting, first of several liquor votes to be run off this spring and summer in Western North Carolina counties, saw overwhelming opposition registered in the county, while ABC store proponents in Salisbury, Spencer and East Spencer precincts led the drys by 1,810 votes.

ASK CAROLINA AIR SERVICE

Carolinians Visit Congressmen Over More Air Facilities

Washington, June 2.—(AP)—Carolinians today asked their congressmen to see that the eastern section of both the Carolines get more air service as quickly as possible.

A delegation met in the office of Senator Maybank to discuss the serious air travel deficiency. In addition to Maybank, Senators Umstead of North Carolina and Johnston of South Carolina joined in the conference.

Here to urge air service, especially for Wilson, and Fayetteville, N. C., and Florence, Columbia and Greenwood, S. C., are Charles Young, Greenwood; R. Walter Carter, Columbia; E. E. Stone and T. J. Mitchell, both of Florence, and others.

Rule Out Rent Decontrol Plan

Washington, June 2.—(AP)—The Senate reversed itself today and struck from its rent control extension bill a provision requiring decontrol at a fixed rate.

By a voice vote, it removed an amendment by Senator McCarthy (R-Wis.) which would have required that five per cent of areas under control be freed of such controls each month.

Throng Gathers To See "Healer" Visit Church

Los Angeles, June 2.—(AP)—Ropes and policemen failed to curb a crowd of believers—and the curious—who thronged about Avak Hagopian, 20-year-old Armenian self-styled faith healer when he visited a Los Angeles church yesterday.

Women fainted and children were caught in the crush and nearly trampled. A man prostrated himself on the sidewalk to kiss the hem of the robe worn by Avak, the bearded mental mechanic who turned to ministrations to the ill thru prayer.

Avak attended communion services at the Armenian apostolic Holy Cross Church. Curious crowds followed the foreigner.

HIDE NEGROES AFTER ATTACK

Posse Thrown Off Track By Authorities To Avoid Bloodshed

Rich Square, June 2.—(AP)—A 17-year-old bride's report that a Negro tried to rape her resulted in the arrest of three Negro men, who were held today in undisclosed jails.

The sheriff said authorities had thrown a posse off the track to avert possible violence and then gone to the homes of the Negroes Sunday morning and arrested them.

"If we had let those people get the Negroes Saturday night, there wouldn't have been a grease spot left of them," the sheriff said.

He said the negroes had been taken to jails outside the county. Police Chief Frank Outland said the new case was reported by Mrs. Allen Davis Byrd, a bride of two weeks, while she was with her mother-in-law at the latter's home at Lasker, a village five miles from Rich Square.

Sheriff J. C. Stephenson said Mrs. Byrd reported that a Negro came to the door, grabbed her and tried to pull her outside. She screamed and fainted, and he fled.

Solicitor Ernest R. Tyler said he was among the hundred or more men who set out to look for the women's alleged attacker. About three hours after Mrs. Byrd was molested two Negroes were arrested a mile and three-quarters from the house. Tyler said one would be charged with attempted rape and the other with aiding in unlawful flight.

Douglas Chandler Goes On Trial For Treason

Boston, June 2.—(AP)—Douglas Chandler, tall gray-haired 58-year-old former Baltimore newsman, charged with treason for alleged Nazi radio wartime broadcasts under the name of Paul Revere, went on trial today in a crowded federal courtroom.

In anticipation of numerous challenges in the selection of a jury an extraordinarily large panel of veniremen was drawn and only a fraction of this number can be squeezed into the courtroom.

Current Off

The electric current went off this afternoon shortly after 2 o'clock. It caused a cessation of operations at the Reflector office. A report from the Utilities Commission was that the trouble could be corrected within several hours and the current would be turned on. The "juice" came on at 6:45.

Reflector typesetting machines in which the metal is heated were ready in an hour and the men in the printing shop did a good job turning out the paper shortly after 9 o'clock.

An hour is required to melt the lead. Incidentally, the delay in delivering the paper was due to circumstances beyond our control.

OBSTACLE TO TRUMAN VETO

Coal Strike Threat May Result In Passage Of Labor Bill

Washington, June 2.—(AP)—Congress may have to cut short its summer vacation if the threatened coal strike develops and the labor disputes bill up for final passage this week becomes law.

Predicting that last week's collapse of wage negotiations will "stimulate" President Truman to sign this bill, Senator Ellender (D-La.) said congress in any event may have to take a direct hand if John L. Lewis calls his United Mine Workers out of the pits.

In the absence of a new law, Lewis could do this after June 30 without the threat of federal intervention. (Continued on Page 3)

Martha Truman Said "Holding Her Own"

Grandview, Mo., June 2.—(AP)—President Truman's ill mother today was reported "holding her own" by Brig. Gen. Wallace Graham, the President's personal physician.

Graham said 94-year-old Mrs. Martha E. Truman's condition was fair and added she was resting comfortably.

TRY TO COUNT TORNADO TOLL

Fifteen Unaccounted For Following Arkansas Twister

Pine Bluff, Ark., June 2.—(AP)—With 33 bodies in mortuaries, Jefferson county officials pushed their search today for an additional 15 persons believed missing after a tornado ripped a 20-mile path south of here, injuring hundreds and then leaving hundreds more homeless.

Coroner Dupree, who announced early today 37 bodies had been recovered, said he still believed that was correct, but that some confusion may have resulted from the shifting of corpses among the various establishments.

A check of the four mortuaries here showed 18 white persons and 15 Negroes. The majority of the victims were children, including members of a Negro teen-age group attending a meeting in a house where 11 persons were killed. At least 10 white children died.

Searchers began at dawn a careful check of the rain soaked plantation fields and bayou swamps for additional victims of the storm. Sheriff Garland Brewster said 15 persons were believed missing.

Pontiff Warns Against Losing Big Opportunity

Vatican City, June 2.—(AP)—Pope Pius XII warned the rulers of the world today not to let the opportunity to restore normal relations between nations escape them.

"It could—God forbid it be the last," he declared in a radio broadcast to the world.

The pontiff said the security which "was to have been the fruit of victory" and "for which humanity ardently aspires" had not yet been achieved.

He talked of "the great questions, the formidable events of the present hour, the dangers that menace the whole world."

The pope said history's verdict upon the year 1947—"already half of its course almost run"—would depend upon the coming months.

"Do not," he said to the world's rulers, "let this occasion pass."

Convicted

MAY UNNEEDED SAYS GARSSON

Firm Had Big Contracts Before He Met Congressman

Washington, June 2.—(AP)—Henry Garsson testified today in his war fraud trial that his munitions firm already has \$10,000,000 in war contracts before he ever met former Congressman Andrew J. May whom he is accused of bribing for government favors.

Garsson said he met May, then chairman of the House Military Committee, in November, 1942. Murray, the 72-year-old May and Garsson are jointly charged with bribe conspiracy.

The government contends the Garsson brothers paid Mr. \$35,000 for favors the former Democratic congressman from Kentucky obtained for the Garsson munitions combine which held a total of \$78,000,000 in war contracts. (Continued on Page Four)

United Europe Test

Three Small Nations, Belgium, Holland And Luxembourg, Working Towards Economic Union; An Experiment; Common Currency Ahead; Late Progress

The recurring notion that Europe might be happier as a "United States of Europe" is getting a sort of laboratory test in three of the little north countries.

Belgium, The Netherlands and Luxembourg are working toward an economic union which will mean their people can do business with each other just about as the people of Pennsylvania, New Jersey and Maryland do.

The experiment is getting a good bit of anxious and hopeful watching from experts who think Europe's tariff walls and patch-work currency systems only add fuel to the flames of antagonistic nationalisms.

Parliament Will Hear President

Ottawa, Ont., June 2.—(AP)—President Truman will address the Canadian Parliament next week in the course of a three-day visit to Ottawa, Prime Minister W. L. Mackenzie King advised the house of commons today.

President and Mrs. Truman and their daughter Margaret will arrive by train Tuesday, June 10, and attend a state dinner given that night by the governor general, Viscount Alexander.

San Francisco, June 2.—(AP)—Steinhart Aquarium's Willis is or odd kind of an octopus. Or maybe he isn't an octopus at all.

Robert Dempster, California Academy of Sciences biologist, discovered that Willis has only seven tentacles instead of the eight common to his breed. There is no stump to show the little fellow ever had an eighth arm.

Does that make him a septimus?

Miss Warner, at the Class Day exercises, gave the valedictory address. This year she has been board student vice president of the Student Government, a member of Legislature, the Honor Council, and was selected to represent the college in Who's Who Among College and University Students. She is a member of Sigma Xi, honorary scholastic fraternity, Alpha Kappa Gamma, honorary leadership fraternity, and Phi Mu, national social sorority.

Miss Ewart, this year, was vice president of the Athletic Council and senior representative to boarding student council. Her first two years she was a member of the college choir. She graduated from the Montreat high school.

Catholic Books Donated Libraries Greenville Public Library and the Colored Branch both received a donation of Catholic books this week from the North Carolina Catholic Laymen's Association. The presentation was made by Mr. James Worsley.

Books donated to the white library were "Paddy the Cope" by Gallagher (an autobiography about cooperatives), "The Pilgrimage of Life" by Rev. Albert Muntach, S. J. (spiritual helps for Christians), "Mere Marie of the Ursulines" by Agnes Repplier (a French-Canadian biography), "The Burning Heat" by Maise Ward, "Whereon to Stand" by Brudini (what Catholics believe, and why), "The Heathens" by Agnes Repplier (an impetuous discussion of the French Revolution), "Stendhal, Hitler, and an escape from France," "Now I See" by Arnold Lunn (a conversion from agnosticism), "White Moon" by Sigrid Van Sweringen (a story about Mother Elizabeth "Seign").

Books donated to the colored library are "Road From Olivet" by Murphy, "Song of Bernadette" by Werfel, "The Story of Sir Charles Vereker" by Jessie Gaughan (an adventure), "Helps to a Spiritual Life" by Rev. Joseph Schmieder, S. J., "Life of Our Lord" by Sister Jane Marie, and several other books including a New Testament.

The North Carolina Catholic Laymen's Association was formed last April to create a better understanding between Catholics and non-Catholics in the state. Dale Francis is executive secretary of the state association and James Worsley is president of the local association. Local members are the parishioners of the Catholic churches of Greenville. The pastors are Father Gable and Father Maurice. The association publishes a weekly paper, the North Carolina Catholic, of which Mr. Francis is also the editor.

Inter Se Book Club The Inter Se Book Club held its last meeting of the year at the home of Mrs. James Jenkins with Mrs. Sam Northrop as hostess.

Honored at Coca-Cola Party Miss Edna Munford, bride-elect, was honored Thursday morning at 11:15 when Miss Josie Barnes White delightedly entertained at a Coca-Cola party at her summer home on Falkland highway.

The hostess presented lovely coronas to her honor guest, and to her mother, Mrs. H. R. Munford and Miss Harriet Gaylord. The guests were greeted by Miss White and Miss Munford after which they were invited into the sun porch.

Spring flowers in varied colors were beautifully arranged throughout the home.

Mrs. J. J. White, assisted by Miss Terry Flanagan served Coca Colas, party sandwiches, hors d'oeuvres and bridal cakes from a table of beautiful appointments in the dining room. The honoree was presented a breakfast set of china by Miss White and a serving tray by Mrs. White.

John Flanagan Funeral Tuesday Morning At 11

John Flanagan, 45, died at the home of his mother, Mrs. E. G. Flanagan at noon Sunday following an illness of 10 months.

Funeral services will be held at his mother's home, 832 Evans St., Tuesday at 11 a. m. Dr. H. Glenn Haney, pastor of Eighth Street Christian Church, and Rev. Roscoe C. Hauser, rector of St. Paul's Episcopal Church, will officiate. Burial will be in Cherry Hill Cemetery.

Palbearers will be W. B. James, W. H. White, L. A. Whitehurst, Charles Laughinghouse, Matt R. Long, and O. L. Joyner, Jr., of Greenville, and Avery Wynn and J. S. Gardner of Rocky Mount.

Mr. Flanagan, son of Mrs. Rosa Hooker Flanagan and the late Edward C. Flanagan, was born and reared in Greenville. He attended the Greenville City Schools, August Military Academy and Porter Military Academy. He was married to Josephine Skinner of Greenville in June, 1922.

During World War I he served in the United States Navy. He was general manager of the Twin-County Motor Company of Rocky Mount for eight years and until recently retired, he was vice-president of the John Flanagan Buggy Company of Greenville. For the past several months he had been living in Miami Beach, Fla.

He was a member of the Eighth Street Christian Church and the Benevolent and Protective Order of Elks, Greenville.

White Shrine Ceremony Held Wednesday Night

An impressive ceremony was performed last Wednesday evening at the Masonic Temple when the Bar and Honorary Officers of the Greenville White Shrine were officially installed by the Past Officers of Gate City Shrine No. 2, Greensboro, and Friendly Shrine No. 5, Durham.

Mr. J. Edward Robbins sang a solo, "Open the Gates of the Temple," accompanied at the piano by Mrs. Barbara Connady. Mrs. Miss Thomas, WHP Friendly Shrine, acting as inviting WHP, invited the WHP, Mrs. Carrie Munford and her officers to enter.

The most distinguished guests were asked to assemble in the East for introduction. They were the Present and Past Worthy High Priestesses and Watchman of Shepherds from each Shrine represented.

The Escort with National Emblem was invited to enter and allegiance to flag was pledged the song "God Bless America" was sung. The Charter was presented to WHP Carrie Munford by S.J. Fred Lortz of DSWs. Each Bar officer was officially installed and all Honorary Officers were installed too. After all ceremonies were completed everyone was invited to the reception room where the table was so beautifully decorated with the Shrine colors, yellow and white and a beautiful cross stood in the center of table as center piece. Miss Ailya Taylor and Mrs. Pearl Johnston served punch and cookies.

journey through war and back to the priceless privilege of working as a free man again. It is one of the largest one-man shows presented by the gallery so far, with 41 water colors and oils in the main gallery and a number of smaller paintings, drawings, and sketches in the small gallery.

Hios visited Greenville a number of times during his training at Camp Lejeune, and is well-remembered there. A combat artist and photographer with the Fourth Marine Division, he brought back a record of the vivid sunlit beauty of Hawaiian hills and valleys, as well as tragic documents of battle and after-battle scenes. Outstanding among the war paintings are "Tunian Prisoners," "Moon at Maui Camp," and "Sura-bachi," the flag as an artist saw it against a purple blood-stained sunset in the strange after-battle silence.

There is strong contrast between the work done under stress of war and the recent paintings. In the latter work the nervous rhythms and occasional indecision and overcrowding observed in some of the war pictures give place to strong, simply-stated conclusions and reflections on the timeless concerns of man: The puny strength of man against the lowering forms of great rocks; the problem of sorrow as seen in gulls mourning their dead on a lonely cliff by the sea; the vase-like beauty of a woman bowed in tenderness over her flower-filled arms. In these latter paintings there is a sense of statements made with quiet conviction that portrays Hios for what he is—a serious artist concerned only to say and to say it with all the simplicity, strength, and integrity he can command.

Although this is his first one-man show, his work was included in service exhibitions in many major galleries, and during the last year has been seen in group exhibitions at Toledo; Albany; the Weyhe and Binet galleries in New York; the "Critics' Choice" show at the Grand Central Galleries; and in the current International Water Color show at the Brooklyn Museum. His exhibit at the State Gallery will be on display through June 27.

By LUCY CHERRY CRISP Raleigh—The one-man exhibition of oils, water colors, and drawings by Theo Hios that opened this week at the State Art Gallery in Raleigh is a sincere and sometimes poetic and moving record of an artist.

IF BACK ACHES DUE TO KIDNEYS Flush Them Out This Doctor's Way

If excess acidity of your urine makes your back ache so you groan . . . so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache . . . increasing the flow of urine to help ease that burning sensation when you pass water . . . and bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's really marvelous.

For free trial supply, send to Dept. W, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

State Patrolmen Recover Stolen Car and Truck

By CHESTER WALSH State Highway Patrolmen Cpl. John Laws and Dick Chadwick did some fast riding Saturday night to apprehend Foster Rollins, Jr., Negro, who was charged with stealing Leroy Cherry's car from near the Airport Inn. The patrolmen said Rollins sideswiped three cars between here and Grimesland, where they took the car and driver into custody. Rollins will be tried in Police Court Friday.

State Highway Patrolman Clyde Pentress of Edenton arrested Peter Grice, Negro, in Edenton yesterday and recovered H. G. Tripp's truck, which Grice is accused of stealing from Howard Allen's service station on Evans Street near the postoffice. Chief Jim Tanner and Detective M. E. Corbett brought Grice back here today for trial in roauce Court Friday.

The Greenville police and Highway Patrol radio systems played a prominent part in apprehension of the alleged thieves and recovery of the car and truck.

Junior Women's Club Honored At Convention

By CHESTER WALSH The Greenville Junior Woman's Club won special recognition for community activities at the recent convention of the North Carolina Federation of Women's Clubs at Ocean Terrace Hotel, Wrightsville Beach.

Mrs. W. H. Pruden, president represented the Greenville club. Mrs. Karl Bishopric of Spray, federation president, presided.

The Greenville Junior Woman's Club won the Bida Jackson Award for the best child welfare work in the state. The junior clubwomen presented to the Dr. Watson Memorial Wing of Pitt General Hospital with an electric oxygen tent and incubator during the past year.

The junior clubwomen also won the Jacqueline Jones Candelstick for paying the largest sum of money to the Sallie Southall Cotton Endowment Fund, according to per capita membership.

The Junior Women's Club of Greenville also was given special commendation for adopting two French children and sending school supplies to Greece, Korea and other countries.

Mrs. Pruden said the State Federation of Junior Women's Clubs annual convention was one of the best in years. The attendance was gratifying, interest in the various activities was keener and a fine spirit of fellowship prevailed, she added.

Garbage Cans

By CHESTER WALSH The city ordinance requiring all householders and business places to have standard size metal garbage cans with close-fitting tops is now being strictly enforced. The ordinance provides a fine for violation of this public health law.

The street department workers have been ordered not to collect garbage from places where the refuse is not contained in metal-covered garbage cans.

Standard cans may be procured at hardware and other stores.

For the benefit of the public, it should be stated that 50-gallon iron oil drums are not suitable for garbage cans. When filled they are too cumbersome and heavy to be dumped onto the trucks without spilling the contents.

City officials solicit the cooperation of those who are interested in the good health of Greenville.

Zoning Expert Coming To City For Conference

George C. Franklin of Raleigh, attorney consultant of the North Carolina League of Municipalities, is coming to Greenville Wednesday and will remain here through Friday to work out final plans for the proposed city zoning ordinance.

Mayor Jack Boyd announced today. The zoning specialist will be at a mass meeting of interested citizens to be held Friday night at 8 o'clock in the courtroom at the City Hall. Mr. Franklin will answer questions and give other information desired by those who desire to make Greenville a greater place in which to live and do business. The purpose of the meeting is to permit the public to become familiar with the city zoning plans.

Strength FOR THE DAY

LIFE'S WORST ENEMY
Fear is life's worst enemy. Half
the people walking on the streets
today are held in the bondage of
some fear. Some fear disease; oth-
ers, poverty; others, social ostrac-
ism. Some people are in constant
fear of an employer. The worst and
most devastating fear in all the
world is the fear of fear.

Jesus said there is only one thing
to fear, namely, that we may lose
our souls through sin. He warned
men to fear God, who after He has
killed the body is able also to "cast
the soul into hell. Yea, I say unto
you," he added solemnly, "fear
him."

But opposite every other situation
in life Jesus wrote the words, "Fear
not." Just as he believed in stopping
sin at its source, so he believed in
stopping fear at its source by han-
dling anxieties from the mind. He
taught that if men would combat
the anxious mood, they would avoid
the bondage of a great phobia. Be-
cause God is in control of his world
and we are in his hands, he de-
clared that we have nothing to
fear. The circumstances of life may
assail us, but if we have fellowship
with God and trust in his might,
these circumstances can never dan-
ger that real life which exists in
the inmost recesses of our hearts.

Fear tears down all those quali-
ties and moods which faith cre-
ates. The constant word of Christ
is, "Fear not."

WASHINGTON LETTER

Washington—From where it sits,
the National League of Women
Voters says it looks like women
are more interested in world affairs
than at any time in history.

The League, a non-partisan orga-
nization, was formed at Chicago in
1920 at the Victory Convention of
the National Woman's Suffrage As-
sociation. It now boasts 70,492 ac-
tive, dues-paying members.

This represents a 13 per cent in-
crease over last year, when a 25 per
cent increase was reported for the
two previous years.

The League says its program is to
"promote political responsibility
through informed and active par-
ticipation of citizens in government."
It has 542 local leagues in 35 states
and the District of Columbia.

In addition, 10 provisional leagues
in three other states—Idaho, Missis-
sippi and Virginia—are about to be
taken into the fold.

Mrs. Anna Lord Strauss, president
of the League, says problems of in-
ternational life are not beyond the
ken of the ordinary woman.

At its convention in Kansas City
last year the League chose for con-
cerned action such issues as:

- 1. International control of atomic
energy through the United Nations;
domestic control under a civilian
agency, which it says would insure
full development in the public in-
terest.
2. Acceptance by the United States
of its full share of responsibility for
strengthening the United Nations.
3. Governmental economic policies
which prevent inflation and deflation
and stimulate maximum produc-
tion and employment.
4. Strengthening the organiza-
tion and procedures of Congress.

Leagues all over the country are
working to get the public to think
in terms of economics.

All day conferences on economics
have been held by the New Jersey
League and the District of Colum-
bia "Voteless" League.

The Michigan League is working
for better child labor laws in this
section of its legislature. Missouri
is working for a minimum wage law.
Taxation is a leading item on many
League programs.

Housing also is a problem that
many leagues are attacking on the
local, state and national level. The
Wagner-Elender-Taft bill had the
active support of the League in the
19th congress, and any bill similar
to it will be supported in this con-
gress, according to the League.
"Other nations are concerned not
only with what we do about our
tariffs, but also with what we do to
control inflation in the U. S. and a
possible recession or depression,"
Miss Strauss says. "They are so de-
pendent upon our economy that
their standards of living will be

acts and world famous bulbs. And
the Dutchman has bought a good
bit of his iron and steel products
from his western neighbor.

Up to World War II the three
nations charged tariffs on each
other's products. With the tariff
now out of the way, the price the
consumer pays in all three countries
will be lower. Trade has already
picked up in the area noticeably.

All three nations are working to
keep comparable and rigid price
control and rationing systems go-
ing. Their citizens have little chance
to complain of a neighbor's unfair
advantages.

The Dutch have already licked
their major reconstruction problem
the repair of the bridges which
the warring armies blew up. Trains
are moving on a reasonable mita-
tion of pre-war schedules. Even the
Dutch farmlands which were flood-
ed when the dikes were blown up
are dry again and will produce their
first peacetime crops this year.

Belgium came out of the war with
a happy difference from most of
her neighbors. She had a compara-
tively large supply of foreign cur-
rencies, due in part to the fact that
the U. S. Army lived there for a
year, leaving behind a legacy of
American dollars.

Auto Accidents Lead Death Toll

By The Associated Press

Despite the nation's two worst airplane crashes and two disastrous tornadoes, automobile mishaps again headed the list today of violent holiday deaths over the Memorial day week-end.

The total of 215 fatalities was far ahead of the 164 for the same holiday week-end last year but well under the 275 predicted by the National Safety Council for the period up to last midnight. The total from all causes was 480, compared with 292 last year.

The 95 deaths in the two airplane crashes and the 43 known dead in tornadoes in Oklahoma and Arkansas boosted the toll from miscellaneous violent causes, homicides excepted, to 208. Drownings totaled 58.

tion. That is the date expiration of the Smith-Connelly plant seizure law forces the government to turn the mines back to private ownership.

The miners already are scheduled to go on a 10-day vacation beginning June 27, so any walkout under their traditional "no contract, no work" policy would be delayed beyond that point.

Ellender told a reporter the possibility of a strike is going to make it more difficult than ever for Mr. Truman to veto the compromise labor bill, awaiting expected house approval Wednesday and a senate okay immediately thereafter.

From where I sit... by Joe Marsh
How to Outsmart a River
Maybe you read about the flood in Litchfield County. It never bothered our town—even though the river's only half a mile away.
Seven years ago, the farmers around here got together—and put in a set of flood controls, to regulate high water, and protect our fields. It took a pack of labor and co-operation, but it worked.
We were talking about it in Andy's Garden Tavern, over a friendly glass of beer; and Andy was saying how it was like the brewing industry's Self-Regulation, as he called it. The brewers work with beer retailers to help them maintain decent, clean taverns. Brewers don't want beer sold in the other kind. This system of moral suasion and self-control works mighty well, too, Andy says.
From where I sit, co-operative regulation is the best way of getting sure results—whether it's keeping our wheat fields healthy, or keeping our taverns neat and clean and law-abiding.

RAPID TURNOVER
Alhambra, Calif., May 28-(AP)—The sheriff's office heard this story yesterday from the proprietor of an appliance store:
A motor was stolen from a washing machine, presumably while everyone was out for coffee.
Later two men entered the store and offered a motor for \$15. It seemed a good buy and was purchased.
Then the proprietor found the motor was the one stolen earlier. The two men had disappeared.

Locals Overcome 9-Run Advantage In Last Two Innings; Tommy Lee Brings In Needed Two Runs; Saturday Tilt Lost 11-6

By BERT MOYE

Tommy Lee's double to deep centerfield with one out to bring in Johnny Foell and Johnny Pare ahead of him gave the Greenies a 16-15 win over the Bears here yesterday in regular slugfest.

Greenville, trailing at the seventh by nine runs, put across eleven runs in the last two frames to take the win and get Rex Benton his third win of the season.

A total of eight hurlers was used in the game with the Greenies using three and the Bears using five. Joe Alamo started on the mound for the Greenies and was touched for five hits and seven runs in the first three frames. Jerry Chitty pitched the next four innings and allowed six hits and seven runs, and Rex Benton pitched the final two innings, allowing two hits and one run—a homer by Worlis Knowles over the left field wall.

Greenville scored one run in the third when Lee walked, Jenkins reached first on an error, and Bobby Pare singled to bring home Lee. They scored again in the fifth when Jenkins walked, Bobby Pare singled and Lynch hit through the shortstop to bring home Jenkins in the sixth. Mauney reached first on a fielder's choice, advanced to second on a wild pitch and came home on Jenkins' double. Two more runs were added in the seventh frame when Bomar walked, Lynch singled, Yeagle hit through second baseman Maloney with Bomar scoring and Lynch taking third on the play, then Baldwin, pinch hitting for Chitty, hit a long fly to deep center with Lynch scoring on the out.

Greenville then scored six runs in the eighth frame on five singles, three walks and a hit batsman. Their winning runs were scored in the ninth as follows: Bobby Pare walked, Bomar singled to right field with Knowles letting the ball getting away from him to allow Bobby Pare to score, Lynch walked, Foell, hitting for Yeagle, was walked, Johnny Pare singled in four trips to the plate, led the Greenies' attack.

Rex Benton and Ranweller did the hurrying for the Greenies and were touched for eight and ten hits respectively, with Rex Benton getting credit for the loss, his sixth of the season.

EXUM WINS IN GOLF TOURNEY

Cards 66 To Take "One-Day Handicap" At Country Club

Joe Exum, turning in the best two rounds of his golfing career, won the One-Day Handicap Tournament yesterday with a low net of 66 blows at the Greenville Country Club. Joe Taft with a 70 was runner-up. Exum won a set of irons and Taft one dozen balls.

Medalists for the day were club champ Bill Allen and ex-champ Simon Moyer, who both had 78's. They putted it off on the ninth green, and Allen was the winner. Prizes for this event were an overnight bag and a half-dozen balls.

Flag prizes went to Ben Harrison who was closed to the pin on hole number three and to Tyson Hilbro who was closest on number eight. Studie Ficklen and Cecil Bilbro tied for the "blind bogie" prize; their names were placed in a hat and Bilbro came out with the prize of three balls and a sport shirt.

Forty players teed off yesterday in the second of a series of one day tournaments for members of the club. The date of the next event has not been announced. Jesse Moyer, Jack Kilgo and Dave Mosier conducted yesterday's tournament.

Howard Jenkins with a double and two singles led the Greenie attack.

Saturday's Game
 Jerry Sheehan, pitching his first game for the Bears in over two weeks, held the Greenies to seven hits while striking out 13 Greenies to get a 11-6 decision in Saturday's game at Kafer Park in New Bern. Greenville did all their scoring in the fifth frame when they collected four of their seven hits, aided by two errors and a wild pitch to score their six runs.

Of the seven hits collected by the Greenies Charlie Chute and Bobby Pare with two singles in four trips to the plate, led the Greenies' attack.

Walter E. Lee of Greenville caught while trolling a 35-pound rockfish near Wilmington Sunday. The fish is being frozen in a block of ice and tomorrow will be on display in front of Lee's Sport Shop, Fifth and Cotanche streets.

Lee is going to be host at a rockfish stew and "all the trimmings" for the Greenville baseball players after the ball game Wednesday night.

DIAMOND DUST

By BERT MOYE

Willie Mauney, Greenies' hard-hitting outfielder, has returned to his old position at left field after an absence of the past ten days with a sprained ankle. Phil Redden, Greenville hurler, has been placed on the suspended list to make room for Mauney.

Manager Worlis Knowles protested the game here yesterday afternoon at the start of the ninth inning on the grounds that the last inning was started later than allowed under league rules which states that "no inning shall be started on Sunday later than twelve minutes to six o'clock and the umpire's watch to govern, but when any inning is started it shall be finished unless interrupted by rain or darkness."

Of the total games won and lost by the local club, 13 have been lost away from home, nine at home. Eight games have been won away from home and nine games have been won at home during the season. The Greenies have won two games from Tarboro, one from Rocky Mount, three from Roanoke Rapids, two from Wilson, three from Goldsboro, three from Kinston and three from New Bern so far this season. They have lost four to Tarboro and Wilson, three each to Rocky Mount, Roanoke Rapids, Kinston and New Bern, and two to Goldsboro.

Bill Kennedy, the former strike-out king of Rocky Mount, lost his second game for the Chattanooga Lookouts this past week. Kennedy now has a 6-2 record.

The Greenies face a tough week as they open play with the Rocky Mount Leafs in Rocky Mount on Monday night, Tuesday night they meet the Leafs at the local park. Wednesday night they play the Wilson Tobs at the local park, on Thursday night they travel to Wilson for a return game. Friday night will be another double-header night when they play the Goldsboro Bugs at the local park in a twin bill. Saturday a return game will be played with the Bugs at their park and on Sunday the Greenies will be away entertaining the Kinston Eagles.
