GIANT SEARCH IS UNDER WAY FOR ATTACKER

Hundreds in Man-Hunt For Knife-Wielding Negro Who Assailed Woman

Columbia, S. C., June 3.—(AP)—Several hundred men directed by sheriff's deputies and armed with pistols, rifles, shotguns and clubs patrolled a three-square mile suburban area today in a man hunt for a Negro who stabbed a housewife and injured her two-year-old grandson.

Richland (Columbia) County Sheriff Alex Heise said "every inch of ground in the area is being covered, and every possible hiding spot is being explored. We must have almost 500 men on the job."

The bloodstained woman described the Negro man who she said had tried to rape her at her suburban Edgewood home last Wednesday after cutting open a screen door.

She told Heise she found the Negro in her bedroom this morning shortly after having seen her husband and their daughter off to work, and that he cursed her and in a scuffle slashed her arm with a knife.

The little boy, covered with blood from his grandmother's wound, had a severe head bruise. Both were treated at the Columbia hospital where seven stitches were taken in the gash in her arm.

The woman raised an alarm after arousing from fainting when her arm was cut. The attacker had fled.

Heise said she described the Negro as wearing dark clothes, gloves, and as being about five and a half feet tall, weighing 130 pounds.

"Most of the men in the neighborhood have kept loaded rifles and pistols at hand since last Wednesday," Heise said, when the woman reported breaking away from a Negro who she said tried to rape her.

She managed to escape from the man to scream for help, but her attacker was gone by the time neighbors arrived.

Approve Postal Nominee Inquiry

Washington, June 3.—(AP)—The Senate civil service committee today approved, 6 to 3, a resolution authorizing an investigation of 775 pending postmaster nominations.

The resolution goes next to the rules committee and then to the Senate floor.

It provides a \$33,000 fund for an investigation as to political activities in the civil service and the appointment of first, second and third class postmasters, and whether any postmasters on threat of losing their positions have been compelled to pay tribute money or otherwise to anyone or to a group of politicians.

Fewer Killed On N.C. Highways In April

Raleigh, June 3.—(AP)—A total of 62 persons were killed on North Carolina highways during April and 437 persons were injured, the State Motor Vehicles Department has reported.

The April toll compares with April, 1946, when 73 were killed and 482 were injured.

A Sign From Moscow

Two Negotiations Bear Watching For A Sign Whether Russia Wants Improved Relations With The U.S.; Korea, Austria, Scenes Of Meetings Over Issues

By EDWARD E. BOMAR

Negotiations on opposite sides of the world, at Vienna, a Seoul bear watching for a sign whether Moscow wants improved relations with the United States and the other Western powers just now.

Thus far no such sign has come from Vienna, where for three weeks negotiations of a Big Four committee of experts have been deadlocked on the Austrian peace settlement.

Some top American officials are about ready to write off the latest attempt and toss the Austrian problem back into the laps of the Big Four foreign ministers at their November meeting.

Prospects appear more hopeful, however, for the attempt of the Soviet-American joint commission meeting at Seoul to agree on the basis for a temporary trusteeship regime for all Korea. This would wipe out the existing separate occupation zones.

It is not impossible that Russia and the United States might agree on Korea's future while remaining at odds on almost every other major postwar issue.

In the Austrian capital the Soviet tactics thus far have followed the

Tax Decision Up To Pres. Truman

Four Billion Dollar Income Tax Slash Passes Senate By 48 To 28; Future Of Bill Is Uncertain As It Goes To White House

Washington, June 3.—(AP)—The \$4,000,000,000 a year income tax cut cleared the Senate today and headed for the White House, where its fate is uncertain.

The compromise bill worked out by a House-Senate committee, passed the Senate by 48 to 28 vote short of the two-thirds majority which would be required to override a veto.

It won House approval yesterday 220 to 99, more than the required two-thirds. But each House would have to run up a two-thirds tally to make the bill law over President Truman's disapproval.

Some of the Democrats opposed to the legislation expect a veto in the next few days. Mr. Truman repeatedly has expressed his opposition to a tax reduction this year.

The measure calls for cuts in individual income taxes ranging from 10.5 to 30 per cent, effective July 1.

Before the Senate acted, Senator Taft (R-Ohio) declared that President Truman can't afford to veto the bill. The Republican policy committee chief asserted that such

Married In Jail, Gets Long Term

Charleston, S. C., June 3.—(AP)—Eight years imprisonment today faced a man who was married in jail Saturday while awaiting trial.

John Curtis Polks, 26, pleaded guilty in general sessions court yesterday to assault and battery with intent to kill and to highway robbery.

Judge William H. Grimbell passed sentence. Solicitor Gedney M. Howe, Jr. told the court it was not the kind of case for probation or a suspended sentence.

Guaranty Bank Opens West End Branch Shortly

By CHESTER WALSH

President W. H. Woolard of the Guaranty Bank & Trust Company today announced that the West End Branch of the Guaranty Bank & Trust Company will be opened in the new building at Dickinson and Watauga Avenues about July 1.

The directors some time ago decided to open the branch bank for the convenience of farmers and tobaccoists.

President Woolard announced the following promotions: James M. Moye of the home office to be cashier of the West End Branch and William Woolard of the Dickinson Avenue Branch, to be assistant cashier.

Ralph P. Hardee, who has been with the Guaranty Bank & Trust Company's home office since 1935, has been elected assistant cashier at the home office.

The set-up at the Guaranty Bank & Trust Company's Dickinson Avenue Branch will continue as at present.

UN WARNED OF ATOMIC GOALS

Lilienthal Says U. S. To Keep Lead Until Control Fixed

Lake Success, N. Y., June 3.—(AP)—The United Nations struggled to reconcile American and Russian differences on atomic control today in the face of a warning that the United States intends to maintain and increase its supreme position in the field of atomic energy and atomic weapons.

David E. Lilienthal, chairman of the U. S. Atomic Energy Commission, told the United Nations yesterday that this would remain the purpose of his country until international machinery for control was established by the world agency.

With this warning before them, delegates of the U. N. Atomic Energy Commission met to continue their efforts at bringing Russia and the United States into agreement on whether or not the veto can be used in the Security Council if a country commits an atomic crime.

Lilienthal told the commission delegates that their task of charting a program for international control was of "supreme importance to the peace of the world."

He defined the aim of any worldwide organization as "elimination of national rivalries and dangerous aspects" in the development of atomic energy.

Williamston, N. C., June 3.—(AP)—J. Edward Corey, father of a 15-year-old girl who reported a Negro tried to attack her here last Saturday night, today appealed to Governor Cherry to assign State Bureau of Investigation agents to the case.

Corey said he also had asked the governor to enlist the aid of the Federal Bureau of Investigation. Corey said he made his appeal after local authorities had been unsuccessful in tracking down the Negro.

Chief of Police C. R. Mobley said his men were still working on the case but that they had exhausted about every lead. He said he would welcome assistance from state or federal bureaus.

Father Asks For Renewed Effort

Monroeville, N. C., June 3.—(AP)—A heavy trailer-tractor unit, believed loaded with explosive chemicals, turned over here today and the State Highway Patrol immediately rushed to the scene to prevent people from going too near the potential explosion.

The first thought of the patrol was to prevent a disaster similar to that near Smithfield several years ago when a truck loaded with explosives overturned and several persons were killed.

E. E. Walden, who runs an undertaking establishment in this tiny Chatham county town, said that the truck was owned by Miller Motor Express of Charlotte. It turned over about one half mile from the center of town on the Sanford highway. The truck started burning shortly thereafter.

Hungary's Fall Acts As Spur To Signing Peace

Washington, June 3.—(AP)—Hungary's fall under Communist domination even as Italy was ridding her government of Soviet ties provided Senator Vandenberg (R-Mich.) with ready ammunition today in his battle to win ratification of peace treaties with those and two other former enemy nations.

Vandenberg told a reporter he intended to discuss recent international developments in urging approval of the pacts which some of his Republican colleagues are expected to oppose vigorously during Senate debate opening today.

Vandenberg, who heads the Senate Foreign Relations Committee and is Capitol Hill's chief exponent of bipartisan foreign policy, declined to go into details.

But the Michigan senator is reported to hold the view that the recent Communist coup in Hungary should speed this country's acceptance of the treaty terms in order to

MINISTERS TO BE RECALLED TO BUDAPEST

Shake-Up Among Diplomats Expected By New Hungarian Government

Budapest, June 3.—(AP)—Hungarian political informants said today Hungarian representatives abroad, including Aladar Egedy-Massali, minister at Washington, would be recalled in the near future by the new Communist-dominated Hungarian government.

The diplomats are to "report to the government," the informants said.

Prominent among those said to be scheduled for recall were Paul Auer at Paris, who was pro-western in his views before he left Hungary, and Ferenc Gordon, Minister at Bern, a friend of former Premier Ferenc Nagy, who resigned as head of the government last week while on vacation in Switzerland.

Developments in the Hungarian political situation moved swiftly. It was announced that the new premier, Laslo Dinnyes, the leftwing small holder, had chosen two Communists to head his office's press department.

Rumors circulated without confirmation, that Minister of the Interior Laszlo Rajik, a Communist who several times has threatened to expel the foreign press, planned finally to do so when the Hungarian peace treaty was ratified.

An allied diplomatic source said today that Bela Varga, speaker of the house who fled Hungary yesterday in fear of arrest by the Communists, had crossed the Russian zone of Austria without incident and is now "in a safe place."

COAL PARLEYS ARE RESUMED

Little Hope UMW And Southern Mines Will Agree

Washington, June 3.—(AP)—John L. Lewis' United Mine Workers and Southern coal operators resume negotiations toward a new contract today, but there is little official hope the talks will last long.

Lewis and negotiators for the North and West recessed their wage discussions Saturday in disagreement over the miners' demand for a 35-cent hourly wage increase. Lewis rejected a 15-cent pay boost offered by the operators to meet the pattern in other basic industries.

The Southern negotiations, arranged because the Southern Coal Producers Association declined to

participate in the U. M. W. strike, are being handled by the U. M. W. and the Southern Coal Producers Association.

Will Ask For Truman Veto

Washington, June 3.—(AP)—House Labor Committee Democrats who are fighting the compromise union-curb bill bid today for an appointment with President Truman to ask for a veto.

Of course, Rep. Madden (D-Ind.) told a reporter, "we are going to ask for a veto."

Rep. Lesinski (D-Mich.) said the White House promised to let the group know sometime today about seeing Mr. Truman. Others who want to carry their appeal to the White House are Reps. Kelley (D-Pa.), Kennedy (D-Mass.), Powell (D-NY) and Klein (D-NY).

Lesinski said the conference may be arranged for Thursday.

The House is scheduled to act on the compromise tomorrow, the Senate Thursday, and there is no doubt of approval.

Find Evidence Orders Forged

Washington, June 3.—(AP)—A Senate committee said today it has found evidence of forgeries of steel orders on "stolen letterheads" of the Bethlehem Steel Company.

A small business subcommittee investigating a gray market in steel said in a statement that Bethlehem has given it an amazing story involving theft of company letterheads from its Philadelphia district sales office.

Freedom For Indians Assured; Will Decide On Partition Plan

London, June 3.—(AP)—The British government announced today that it will transfer power in India to the Indians almost immediately and leave it to the Indian people to decide whether there shall be one or two governments.

The announcement was made simultaneously by prime Minister Attlee in the House of Commons; by the viceroy, Lord Mountbatten, in a broadcast to the Indian people and by the British government in a white paper.

Legislation will be introduced during the present session of Parliament for the transfer of power this year on a common status basis to one or two Indian governments depending on which system the Indian people subscribe to.

Thus until the absolute withdrawal of the British, scheduled for July of 1948, India will be composed of one or two self-governing countries which will belong to the British Commonwealth of Nations.

Attlee said the new British plan with its offer of temporary dominion status, had been favorably received by the leaders of Indian political parties.

Former Prime Minister Winston Churchill threw the backing of the Conservative opposition behind the principle of temporary dominion status for India—whether as a un-

Former Prime Minister Winston Churchill threw the backing of the Conservative opposition behind the principle of temporary dominion status for India—whether as a un-

ited country of 390,000,000 or as a separate Pakistan (Moslem) and Hindustan (Hindu)—but reserved the right to oppose details of the plan.

Churchill said a blood bath for India may stand very near. He added that the partition proposal may offer to India some prospect of escape from one of the most hideous calamities that has ever ravaged the vast expanses of India.

Washington, June 3.—(AP)—Secretary Marshall told Congress today that unless the United States sends military training missions to foreign nations wanting them "some other country" will.

The secretary of state testified before the House Armed Services Committee in support of legislation authorizing the President to send peacetime military missions to any foreign country requesting them. The President now has that authority with respect to American republics.

And, under wartime powers soon to expire, the President has sent missions to Iran and China.

Fiery Crosses

Raleigh, N. C., June 3.—(AP)—High officials of North Carolina said today they had heard reports that "fiery crosses" might burn in Eastern North Carolina, scene of recent alleged Negro attacks upon white women, but that investigation as of late today disclosed nothing to back up the reports.

Director Walter Anderson of the State Bureau of Investigation said his department already had heard of the "fiery cross" report but that detailed investigation had led to nothing conclusive.

Governor Cherry, too, had also heard the reports.

One state official in close touch with the "trouble area" of Northampton and Martin counties said that his informant came from a war veteran who had contacted friends in the area.

Leaf Workers See Probers

Winston-Salem, June 3.—(AP)—Investigation of alleged Communist influence among leaders of the CIO Tobacco Workers union now on strike against the R. J. Reynolds Tobacco Company continued today.

Donald Appell, agent of the House Committee on Un-American Activities, planned to continue his questioning of various individuals.

Yesterday he said he had talked with some union leaders, but declined to name them.

He also conferred with Leon S. Dure, Jr., executive editor of the Journal and Sentinel, and with Chester S. Davis, a staff writer for the two papers.

Davis wrote news stories in the local papers charging that leadership of the union was Communist dominated.

The articles resulted in a demand by Rep. Bonner (D-NC) for an investigation by the Un-American Activities committee. Bonner is a member of the committee.

Police reported the situation around the huge plant as quiet.

Negotiations between representatives and management are scheduled to be resumed tomorrow in an effort to end the strike, which began May 1.

Flash Floods Follow Rain; Wreak Havoc

Torrenial spring rains brought flash floods to nearly a score of communities in northwest Pennsylvania and Ohio, forced well over 100 families from their homes and caused the derailment of a passenger train, injuring eight persons.

The swollen streams leveled off early today in northwest Pennsylvania, after flooding a dozen communities.

A washed out portion of roadbed near Cambridge, Pa. caused derailment of a Pullman car of an Erie Railroad New York to Chicago train. None of the eight injured was seriously hurt, although three were taken to Meadville Hospital for treatment.

Fifty families were driven from their homes at Springville when water reached the second-floor windows, and other families were evacuated at Conneautville. At Conneautville, Pa., a main highway was closed by debris as high as 18 inches. Last night water ran 10 inches deep in Kertown's main streets.

At least 80 families were driven from their homes in Ohio, among them 30 families removed by boats north of Dayton in the Miami River Valley. Twenty additional families were removed in Snyderville in lowlands southeast of Springfield. However, flood control installations in the Miami valley were expected to prevent any major damage in that area.

Several families moved from homes in the lowlands near Columbus, and occupants of 30 trailers caught by flood waters from Mill Creek were removed in boats at Garfield Heights, a Cleveland suburb.

Byrnes Selected To Help Guide Movie Industry

Hollywood, June 3.—(AP)—James F. Byrnes, former secretary of state, has been selected to help guide the destinies of the vast film industry.

Eric Johnston, president of the Association of Motion Picture Producers, said Byrnes, who has had a long and colorful public career, would be associated with him as his counsel.

Byrnes, now associated with a Washington law firm, expects to spend most of his time, in his new post, in the nation's capital. Johnston did not disclose salary terms but indicated Byrnes had been retained on a fee basis.

Development of a set of fair trade practices for member companies of the film association and protection of the "freedom of the American screen," Johnston said, would be the two immediate major tasks assigned to Byrnes.

Structural Failure Generally Accepted As Responsible

Washington, June 3.—(AP)—Investigators of the Civil Aeronautics Board today worked on a theory that a "structural failure" occurred in the tail assembly of an Eastern Airlines plane which carried 53 persons to their death.

CAB Chairman James M. Landis told newsmen "there are other possibilities" but that there seems to be no doubt parts of the tail tore off the aircraft between the time it was observed in level flight at 4,000 feet and the fatal crash moments later last Friday near Port Deposit, Md.

The CAB investigators found nothing in the engines or propellers to suggest that they contributed to the accident, Landis said, but are continuing their examination of these parts at the Bainbridge, Md. naval depot.

Among the citations comprising the lesson-sermon were the following from the Bible: "Am I a God at hand, saith the Lord, and not a God afar off? Do not I fill heaven and earth?" said the Lord. (Jeremiah 23:23-24) "And from 'Science and Health with Keys to the Scriptures' by Mary Baker Eddy: 'There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown. We can have but one Mind, if that one is infinite, when we admit that although God is infinite, evil has a place in this infinity; for evil can have no place, where all space is filled with God.' Whitehurst-Gaylord

In a beautiful ceremony marked by simplicity and impressiveness, Miss Harriet MacNeill Gaylord, daughter of Mr. and Mrs. Louis Greenwood Gaylord of suburban Greenville, N. C., became the bride of Cecil Gilbert Whitehurst, son of Mr. and Mrs. Charles Gilbert Whitehurst of Bethel, N. C., on Saturday morning, May 31, at 10:30 o'clock.

The wedding of this popular young couple was solemnized in the Eighth Street Christian Church in Greenville. Dr. H. Glenn Haney, pastor of the bride, officiated. Organ music, appropriate to the occasion, was rendered by Mr. Philip Edwards of Rocky Mount, N. C., and the soloist, Mrs. Sterling Hudson, Chapel Hill, N. C., sang "Because" and "At Dawning."

The bride, given in marriage by her father, was lovely in a striking, sheer gray traveling suit with black accessories and small hat trimmed with bright summer flowers. Her bouquet consisted of white roses, lilies of the valley centered with orchids.

The brides only attendant was her maid of honor, Miss Virginia Gaylord, her sister. She wore a lovely dress of aqua silk with harmonizing pink flowered hat and carried an arm bouquet of pink roses.

The bride's mother was becomingly attired in a black crepe dress and wore a hat trimmed in red roses. Her corsage was of orchids.

The groom's mother was attractively gowned in a black and white crepe dress with matching hat and accessories. She also wore orchids.

Alton Whitehurst, brother of the groom, was best man and Louis W. Gaylord, Jr., and Richard W. Gaylord, brother of the bride, and Clif-

ton W. Everett and Willard Whitehurst, brothers of the groom, acted as ushers.

The bride received her education at the Greenville High School and East Carolina Teachers college. In 1942 she made her debut in Raleigh at the annual ball held by the Terpsichorean club.

Mr. Whitehurst is a graduate of the Bethel high school and spent four years as a member of the army air forces during World War II. At the present he is engaged in farming in Bethel, N. C.

Rotarians Invited To Clean Up Camp

By WYATT BROWN
The Rotarians have been invited to Camp Hardee to do a little yard manning and other interruptions of the trends of nature in its unmoisted state. They are to swarm into Camp Hardee a week from this coming Wednesday.

The Rotary Club sponsors Camp Hardee for the Girl Scouts. So last night Charles Bisette, chairman of the Rotary Camp Hardee Committee reported how the camp has made its plans and is getting off to a good start, with full registration.

Ralph Hardee of Ayden was a visiting Rotarian last night and J. A. Clark was a guest of the club.

Using the myth, "Jack and the Beanstalk" and its symbolism, Dr. Carl Adams last night at the Rotary Club indicated the tendency of humans to live amatourishly. "People tend to fight along the line of impulsiveness rather than mature consideration," observed Dr. Adams.

Strength FOR THE DAY

A Good Word For Yesterday
Much derision is directed against New Year resolutions and against the unsuccessful attempts some people make to get rid of bad habits. A man who wants to break the drinking habit, for instance, makes certain resolutions and makes certain declarations, and frequently he does not keep them. The same is true in every variety of moral dereliction, from peccadillos to crimes.

Here is a good rule in the breaking of any bad habit: Never use the future tense; always use the present perfect. Don't say "I'm going to quit, or I will quit tomorrow"; say "I have quit; my most recent indulgence was also my last indulgence." The man who wants to stop smoking will therefore not say "I am going to stop on my birthday, or at the first of the month, or after the next date convention." Rather he will say, "I had a smoke yesterday, and I call that my last"; or, "that bad show of temper which spoiled things yesterday registers the end of something I knew I would have to quit sometime."

WASHINGTON LETTER

JEFFERSON STATUE TAKES ITS PLACE IN MARBLE HALL
By JANE EADS
Washington — The permanent bronze statue of Thomas Jefferson is being installed in the marble monument built to honor the country's third President.

It arrived a few days too late to receive the admiration of the thousands who flocked to the shrine on April 13, the 204th anniversary of Jefferson's birth.

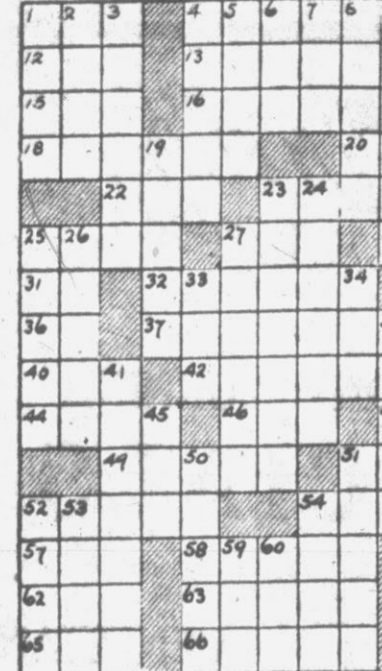

The visitors, many of whom had arrived for the capital's famed cherry blossom festival, had to be content with gazing upon a 19-foot plaster model, fashioned during the wartime metal shortage.

The bronze statue, weighing five tons, was cast in 21 pieces by the Roman Bronze Co. in New York and molded into one at a cost of \$21,164. It took one year to make the statue, but even then it was completed seven months ahead of schedule.

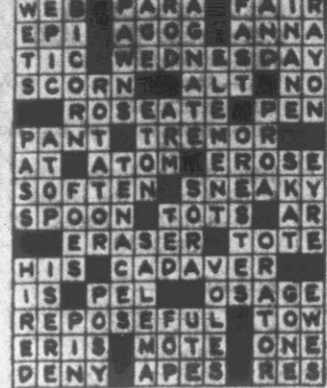

It will stand upon a six-foot high pedestal of black Minnesota granite.

Wife Of Former Gestapo Chief Sought As Nazi

Munich, June 3.—(AP)—Frau Heinrich Himmeler, widow of Nazi Germany's former Gestapo chief, was being sought throughout Bavaria today by German officials who wish to jail her for trial as a Nazi.
Dr. Alfred Loritz, Bavarian denazification minister, said he had been unable to locate Frau Himmeler after protracted inquiries. She and her daughter were imprisoned by American military intelligence authorities for nearly a year after the war ended, but no formal charges were ever placed against them.

Greenies Defeat Rocky Mount In Ninth Frame

Three-Run Onslaught In Last Inning Gains Decision; Foell's 6th Win; Jenkins And Mauney Star In Defensive Roles

By BERT MOYE
Johnny Foell registered his sixth win of the season last night as the Greenies took an 8-5 decision over the league-leading Leafs in Rocky Mount's Municipal Stadium.

After the Leafs had knotted the count at five-all in the eighth frame the Greenies came back in the top half of the ninth and tallied three runs to win the victory.

Greenie scored a marker in the first frame when Mauney singled went to second on a wild pitch, stole third and came home on Chute's single. The Leafs matched this in their half of the first.

Greenie went out in front in the second frame when Bobby Pare singled, Lynch reached first on a

fielder's choice, Foell singled to bring home Bobby Pare and Jenkins scored Lynch on a fielder's choice.

In the seventh, Foell led off with a single, Jenkins sacrificed him to second, Lee singled to bring home Foell and then scored when the pitcher threw the ball wild to second.

Rocky Mount scored in the second on Hanley's homer, then knotted the score at five-all in the eighth when they scored three runs on three hits, one a homer by Fowler a walk and a wild pitch.

Greenie's winning runs came in the ninth inning when Foell singled, Jenkins sacrificed, Mauney reached first when hit by the pitcher, Lee walked, leading the bases. Chute was hit by the pitcher, forcing in Foell, Johnny Pare flew out to deep right field with Mauney scoring on the out, and Bomar hit to second baseman who errored ball, with Lee scoring on the play.

Johnny allowed nine hits, including two homers, and three doubles but kept them well scattered. He struck out three and walked four

His teammates played errorless ball to give him perfect support. The Leafs used four hurlers, who were touched for nine hits, all of them singles, and Dutch Schultz who pitched a no-hit, no-run game against Tarboro last week, was chased from the mound in the second frame after yielding five hits and three runs.

Featuring on the defense for the Greenies was Howard Jenkins at short and Mauney, leftfielder. Jenkins' catch of Munday's ball in the fourth frame to catch May at home and stave off a Leaf run, and Mauney's catch of Mial's ball in the fourth against the left field fence brought great applause from the large number of fans.

Johnny Foell not only pitched his win but led the Greenies at bat getting three singles in four trips to the plate. Willie Mauney, with two singles in four trips to the plate, was the only other Greenie to get more than one hit.

Score by innings: 120 000 233-5
Greenie 120 000 233-5
Rocky Mount 110 000 032-5

ORGANIZE NEW BOY'S LEAGUE

Recreation Commission Plans Two Baseball Leagues

Greenville's young baseball stars will begin their quest for the city championship in a few days when the annual Boys League gets underway. The City Recreation Commission will again sponsor the program. Boley Farley, director of the boys program, announced today that there will be two leagues, one composed of boys who have not entered the ninth grade and not weighing over 110 lbs. and another for the boys who cannot make these requirements. Teams will be entered in both leagues from West Greenville, Third Street, Training School and Cotanche St. playground. Games will be played at the Guy Smith Stadium, W. Greenville field, Third St. field and Training School field.

Many boys have already signed up to play and many more are expected to join one of the teams when the have their organization meetings. A third league for the youngest boys will be sponsored if enough interest is shown.

Plans for the organization meetings are:

Meeting will be held at: Third St. School, 9:30 a. m. Wednesday; Training School, 7:00 a. m. Wednesday; W. Greenville, 9:30 a. m. Thursday; Cotanche Park, 11:00 a. m. Thursday.

The commission is also interested in organizing a softball league for the business men of Greenville. Boley Farley is contacting some softball enthusiasts to find out if he can get such a league started. Anyone interested should get in touch with him.

Game Schedule

June 3—Rocky Mount here.
June 4—Wilson here.
June 5—Greenies in Wilson
June 6—Goldsboro here (2 games)
June 7—Greenies in Goldsboro.

DIAMOND DUST

By BERT MOYE

Larry Baldwin will be on the mound for the Greenies tonight when they meet the Rocky Mount Leafs here in Guy Smith Stadium. The Leafs are expected to use Al Jettell on the mound, their ace hurler.

Phil Redden, who was put on the suspended list by Manager Pare last week in order to make room for Mauney, has been called to his home in Springfield, Mass., due to illness in the family. He left last night from Rocky Mount.

From the Goldsboro News Argus we find the following: First division race tighter and second bracket clubs farther behind than comparative week a year ago. Attendance off due to bad weather. Morale on at least two teams bad. One manager change already made, another rumored. Hitting improved over last year. More extra-base hitting. Kinston and Rocky Mount boast best pitching staffs. Roanoke Rapids, baby member, greatly improved after slow start; may give clubs about plenty trouble.

Johnnie Jones, former Army staff sergeant who brought long loud laughs from service men during the war years with his baseball clowning, will appear at Guy Smith Stadium here Monday night, June 9th, as an added attraction to the Greenville-Kinston game. Johnnie can do more with a baseball than Joudim could with a straight jack-knife. He's got a bag of tricks designed for hilarity and his repertoire will have you holding your sides. His act is paced with a gag-a-minute.

Many Golfers Expected In Wilson Tourney

Wilson, June 3.—Over three score golfers from all over Eastern Carolina are expected here Friday and Saturday of this week to play in the Annual Eastern Carolina Golf Championship over the 18 hole Wilson Country Club course.

The sponsoring Eastern Carolina Golf Association announced today that the tournament was open only to its member clubs in Wilson, New Bern, Plymouth, Rocky Mount, Farmville, Goldsboro, Greenville, Kinston and Smithfield.

President Billy Barnes of the Association said today that the event will be 36 hole medal play and entrants may play 18 holes each day or 36 holes either day. The first 18 holes of play will determine the flight of the tournament that the entry will play in. Awards will be given in each flight.
