COUNTY BOARD TO CONSIDER FIRE TRUCKS

Commissioners Studying Application For Equipment; Reelect Frank Hart

By CHESTER WALSH The Pitt County Board of Commissioners, in monthly session at the Courthouse Monday, heard the petition of the fire chiefs of the five organized fire departments of various towns of the county for six trucks, especially equipped with 1,000-gallon water tanks and adequate chemicals to fight fires in rural sections.

The chiefs recommended use of special fire-fighting trucks for rural areas and pointed out that lack of water at the scene of fires handicaps the firemen.

The petition stated that such equipment would save much valuable property in the country and possibly some lives. Chairman W. Jasper Smith thanked the fire chiefs for their interest and assured them that the board will investigate the matter and later decide on the feasibility of the plan.

The County Commissioners turned down an application from a group of GI vocational training teachers which requested the county commissioners to advance funds with which to carry on this work until federal funds are available, when the money could be paid back. The board had no authority in this matter and referred the applicants to the State Board of Education.

Elmer Haddock was elected constable in Chicod Township to succeed Van Mills, resigned.

Frank Brooks, who has been special county tax collector, tendered his resignation, effective June 30.

At a joint meeting of the County School Board and the County Commissioners, Frank Hart of Ayden was reelected for a three-year term on the Pitt County Alcoholic Board of Control.

A petition from the Pitt County Memorial Hospital Committee composed of several hundred representative business and professional men and farmers, will be presented to the County Commissioners at its meeting on July 7. John G. Clark is chairman of the committee. The petition will state that to provide Pitt County with a modern 150-bed hospital costing about \$800,000, the federal government would provide one-third of the cost, the state one-third, and the committee will recommend that the County Commissioners authorize a special bond election to provide \$300,000.

Four Robberies; Three In Ayden, One In Fountain

Authorities were today continuing their investigation of three robberies in Ayden during the last weekend. A robber broke open a window at Eugene Tyson's service station in Ayden last Friday night and secured about \$40.

A nocturnal prowler broke into John Louis Williams' Negro Barber Shop in Ayden the same night and stole a razor and some small change.

A robber broke into the Ayden Tailoring Company's dry cleaning plant and took \$6 in cash. He gained entrance through a big ventilating fan in a window, authorities said.

A robber broke out a panel in a back door at R. A. Gardner's store in Fountain Sunday night and secured about \$12 or \$15.

Argentine Question

New "Friendship" With Peron Follows Five Years Of Backing And Filling By U. S. Statesmen; How Far Should We Go? Problem Of Inter-American Unity

By NORMAN CARIGNAN

The United States and Argentina are going to be friends again, but just how friendly?

This is the question that remains paramount in the wake of President Truman's patching up of U. S. differences with the Peron Government yesterday.

These troubles centered around Argentine efforts to clean house of Nazi influences there.

The White House indicated in a statement it is satisfied with Argentina's performance but wants to talk it over with the Latin American government before saying so publicly.

Diplomats say it is a cinch that when the formalities are over this particular U. S.-Argentine problem will have been removed.

What they are concerned about now are these questions:

1. The long-range U. S. policy toward Argentina.

2. The fundamental American policy toward all the Latin American countries.

Both tie in together because they seem to be recurrent.

It is well established now that both Assistant Secretary of State Spruille Braden and George Messersmith, ambassador to Argentina, will go out of office shortly and almost simultaneously. They have long been on mere official speaking teams because of their clashes over Argentine policy.

These clashes, while involving some element of divergent personalities, really represent a collision of fundamental ideas on U. S. Latin American policy.

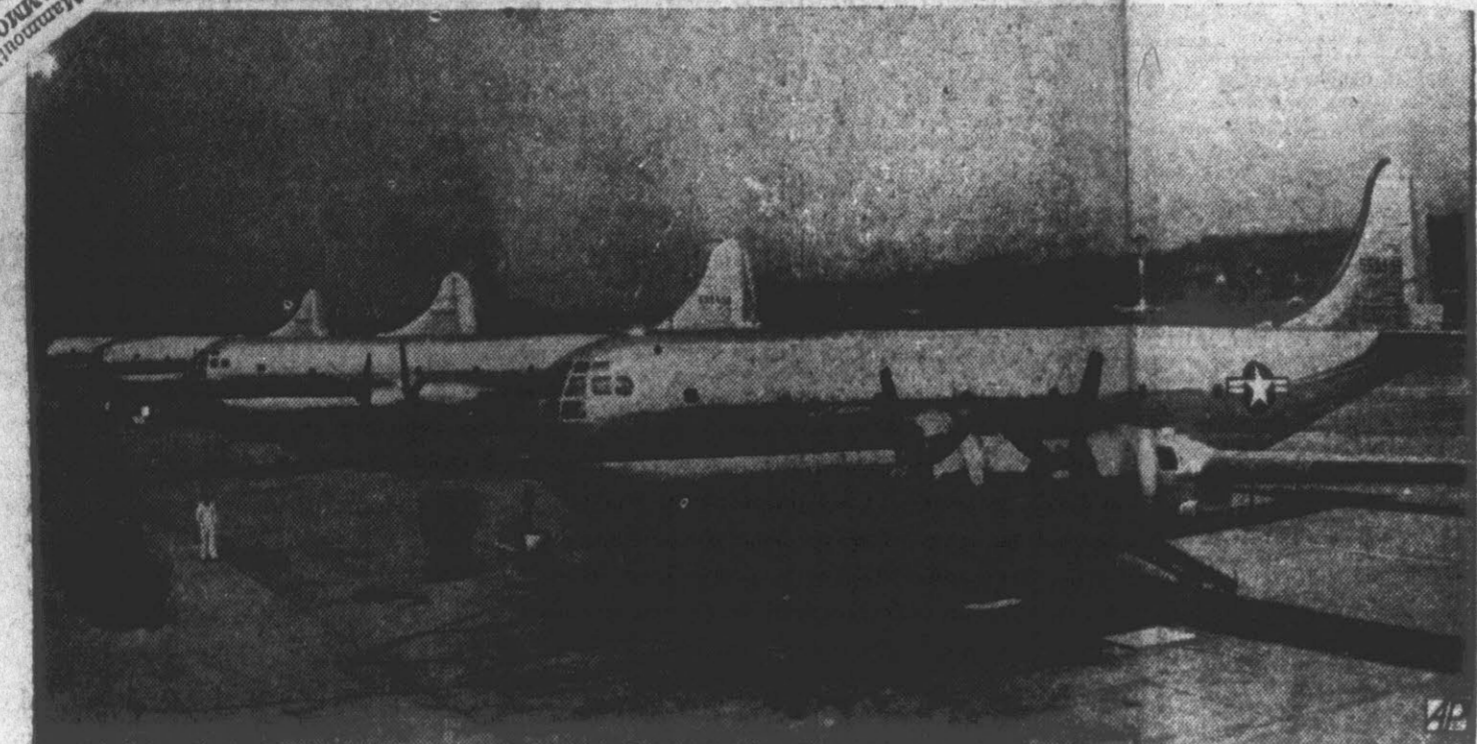

Oversimplified, the problem is: Shall the United States under the Good Neighbor policy treat all the Latin American neighbors alike or be firm with those it considers to be bad neighbors?

Should the United States maintain "inter-American unity" at all costs or play down this unity when the situation warrants?

Messersmith is generally classified in the school devoted to maintaining unity. Braden is regarded as

Senate Ratification Of Peace Pacts 'Certain' Says Connally

Upper Body To Vote Tomorrow On Treaties With Italy, Hungary, Bulgaria And Rumania; Delay Attempt To Be Defeated

Washington, June 4.—(AP)—Conceding opponents no more than a dozen votes, Senator Connally (D-Tex.) said today Senate ratification of peace treaties with Italy, Hungary, Bulgaria and Rumania is a certainty.

"This fight is all washed up," Connally told a reporter. "The Senate has agreed to vote at 2 p. m. (1 p. m. EST) tomorrow on the four pacts."

The Texas senator, chief Democratic sponsor of the treaties, held out no chance at all for a pending motion by Senator Fulbright (D-Ark) to defer action on the Italian document until January 25, 1948.

Fulbright added he has no illusions that he can win a delay in view of strong endorsement of the treaties by Chairman Vandenberg (R-Mich) of the Senate foreign relations committee, secretary of state Marshall and President Truman.

In offering his motion late yesterday, Fulbright told the Senate he was motivated by the renewed expansion of the communists as exemplified by their action in Hungary.

Leaf Exports Hang On Dollar Exchange

Raleigh, N. C., June 4.—(AP)—Members of the flue-cured Tobacco Cooperative Stabilization Corporation were told by Carl C. Farrington, vice president of the Commodity Credit Corporation, at a meeting here yesterday that future exports of tobacco depend upon better foreign trade relationships now.

"Our flue-cured tobacco is the best in the world and nearly all foreign countries want it, but are not buying as much of it as they would like, because of the shortage of dollar exchange," he said.

Braden Resigns

Washington, June 4.—(AP)—President Truman today announced the resignation of Spruille Braden as assistant secretary of state.

Braden is a former ambassador to Argentina and long was at the center of controversy in the administration over United States-Argentine relations.

There have been reports that he wanted to leave the department but was waiting until the outcome of the differences with Argentina.

Clinton Anderson Says Decontrol May Come Very Soon

Washington, June 4.—(AP)—Secretary of Agriculture Anderson told senators today that he is getting very close to the point where house hold rationing of sugar might be abandoned.

At the same hearing before a Senate banking subcommittee, Walter S. Mack, Jr., president of the Pepsi-Cola Company, contended that the agriculture department, in setting forward the dates of sugar rationing stamps, is trying to dump sugar on the housewife in large quantities, thus reducing stocks and making it appear that rationing remains necessary.

Mack advocated immediate decontrol of sugar. The committee is considering a bill by Senator McCarthy (R-Wis) and others which would do that. Under present law the controls may stay on until next October 31.

Anderson said an unexpectedly (Continued on Page Two)

Continue Search Without Let-Up

Columbia, S. C., June 4.—(AP)—State, city and county officers continued searching today for a Negro who cut a white housewife and injured her young grandson in her suburban home yesterday, as most civilians abandoned the posse.

Sheriff T. Alex Heise said the manhunt would continue without letup until the man was captured.

SBI Agent Sent To Williamston By Governor

Williamston, June 4.—(AP)—SBI Agent Guy L. Scott today had been assigned to assist local officers in their search for the Negro man who allegedly attempted to attack 15-year-old Louise Corey here last Saturday night.

Scott was assigned to the case by SBI Director Walter Anderson after J. Edward Corey, father of the girl, and R. A. Taylor, father of Betty Rhodes Taylor, also 15, who was walking home from the movies with the Corey girl after the attack occurred, appealed to Governor Cherry for state assistance in the case.

In their telegram to the governor Corey and Taylor said: "Would you try and get some of the FBI men that helped catch the would-be mob of white men in Northampton county to help catch the Negro who attacked our daughter?"

The governor said he would not request FBI assistance at this time

STEAMER LOST ON SUPERIOR

Eleven Drown, Three Missing As Ore Ship Hits Rock

Windsor, Ont., June 4.—(AP)—Eleven crew members were reported drowned and three others were missing early today after the heavily ore-laden steamer, Emperor struck a rock and sank in fog-shrouded Lake Superior off lonely Isle Royale.

Twenty-one survivors were taken to Ft. Williams, Ont. A Lake Superior port a short distance north of the Minnesota boundary.

The 7,600-ton freighter, operated by the Canada Steamship Lines, Ltd., struck a rock at 4:10 a. m. (EST), about five hours after she sailed from Port Arthur, Ont., for Ashitabula, O.

Capt. Norman Reoch of Montreal, operating manager of the line, listed Capt. Eldon Walkinshaw of Collingwood, Ont., among the victims. He said the first mate, second engineer, three cooks and five other crew members also drowned.

At Windsor, officials of the line said the Emperor carried a crew of 35 but no passengers.

The scene of the sinking was off Passage Island Light, where a wide but rock-studded channel connects upper Lake Superior with Thunder Bay.

The area is near Isle Royale, remote national park 48 miles off in Lake Superior from Michigan's northern-most tip.

The ship carried three women cooks and the Coast Guard said the body of one of them was recovered.

The Emperor went down in about 64 feet of water. Details of the sinking were meager.

Dam Burst; Huge Wall Of Water Floods City

Rutland, Vt., June 4.—(AP)—A nine-foot wall of flood water, released by a shattered dam, smashed into this city's electrical power, and drinking and commercial water facilities and left 500 persons temporarily homeless today.

Two children were reported missing after East Pittsford dam, north of the city, burst last night under pressure of the flood created by torrential rains.

Wide sections of the community were inundated, at least 500 residences were flooded from depths of a few feet to first floors, railroad service on several lines was interrupted and the city of 18,000 was left without drinking water and electric service.

City health authorities directed that all water be boiled.

Many evacuees were taken out in boats and canoes, but a majority had needed police and National Guard warnings and reached safety before the speeding water hit the city proper.

Witnesses reported that the water from the ruptured dam came in so fast that it buried rapidly moving vehicles attempting to run ahead of it, forcing occupants to race to higher ground.

Frank Lapine, a Rutland taxi driver, said he saw the water coming down a highway "so fast it went over the top of a truck. I saw the men get out of the truck and climb a telegraph pole. A boat rescued them."

Damage was estimated unofficially at hundreds of thousands of dollars. Officials said that the waters at times reached a peak higher than in the disastrous 1927 flood.

ARMS WANTED BY ARGENTINA

Sale Of Equipment To Peron Probable Say Diplomats

Washington, June 4.—(AP)—Diplomats look today for Argentina to be successful in its long bid to get United States arms, now that the two countries have quit glaring at one another.

They say that sale of American military equipment to the Buenos Aires Government is one of three major developments likely to follow yesterday's White House conference re-establishing formal good relations.

The turn came when President Truman indicated to Argentine ambassador Oscar Ivanissevic this nation's willingness to sit down with Argentina and the other American republics to draft a mutual defense treaty.

Besides the arms sales, diplomatic authorities also predict:

1. Holding of the inter-American defense conference at Rio de Janeiro, Brazil, in July or August if arrangements can be made in time.

2. A reestimate of the political situation in South America as a result of the changed relationship between Buenos Aires and Washington.

Urges Action On Training Plan

Washington, June 4.—(AP)—President Truman asked Congress today to give early consideration to the subject of universal training.

He made the request in sending to the legislators the report of his advisory commission on universal training. The report, made public by the White House earlier this week, recommended universal training and said the United States must strengthen its defenses or invite extermination in atomic warfare.

Claim Victory On Labor Legislation

Supporters Of Union-Restriction Bill See Three-To-One Margin Of Passage In The House; Senate Will Vote Tomorrow

Washington, June 4.—(AP)—Supporters of the compromise union-restricting bill laid advance claims to a three-to-one victory margin today as they called the measure up in the House for certain passage.

One more step—Senate approval—takes the bill to an uncertain fate at the White House. The Senate expects to vote tomorrow.

President Truman then will have to make a decision that could affect the direction the big organized labor vote swings in next year's election. The Democratic party has leaned heavily on union support in the past.

Word got around the capitol that Mr. Truman is getting conflicting advice from key administration officials on whether to veto or sign the bill, or let it become law without signing. Congressional opinion is split as to the smartest course politically.

But some House opponents of the measure carried a campaign for a veto straight to the chief executive. Reps. Lesinski (Mich.) and Madden (Ind) had an appointment with the president at noon.

Senator Hatch (D-NM) talked with Mr. Truman yesterday. And while he declined to say what they discussed, Hatch told reporters afterwards he thinks the threat of a new soft coal strike has increased the possibility that Mr. Truman will sign the bill.

It contains several provisions that would tighten the reins on strikes and unions in various ways. Chairman Hartley (R-NJ) of the labor committee predicted a three-to-one vote for the bill, noting that it takes a two-to-one margin to overcome a veto.

Republican leader Halleck of Indiana arranged to bring the bill before the House this afternoon. Democratic leader Rayburn of Texas protested.

NO PLANS TO RETAIN BASES

Military Posts In India Will Be Given Up By British

New Delhi, June 4.—(AP)—Viceroy Mountbatten, viceroy of India, promised the Indian people today that Britain would retain no bases whatever within the sub-continent when its complete independence is achieved under the new British plan.

"I think it would be most improper for any foreign power to have bases in India," the viceroy told a news conference.

He made it plain that under the plan, announced yesterday, Hindustan (Hindu India) and Pakistan (Moslem India) would be independent both of British and each other and that neither could control the other on the question of remaining within the British Commonwealth. Both will have dominion status for the transitional period.

"Dominion status is absolute independence," the viceroy said. Mountbatten emphasized that he had no intention of imposing British will upon the Indians on any question.

"Will you please believe me?" he said. "I am quite sincere. You must decide questions for yourselves. You can't always run to Britain to settle all your problems."

Political Boss Quits As Mayor

Jersey City, N. J., June 4.—(AP)—Frank Hague announced today his retirement as mayor of Jersey City. Hague announced that he was leaving office June 16, the 34th anniversary of his first election as a member of the city commission. He will be succeeded, he said, by City Commissioner Frank Hague Eggers his nephew.

The State Democratic leader said he would continue as vice chairman of the Democratic National Committee. He is 72 years of age.

Washington, June 4.—(AP)—The Senate Armed Services Committee today unanimously approved legislation to put the nation's military and naval forces under a single Secretary of National Security.

Lake Success, N. Y., June 4.—(AP)—Frederick H. Osborn, United States deputy on the United Nations Atomic Energy Commission, today called the Soviet plan for atomic control a "fraud on the peoples of the world."

Washington, June 4.—(AP)—The United States has renewed a demand on Yugoslavia for indemnity for two American air transports shot down last summer by Yugoslav fighter planes.

Des Moines, June 4.—(AP)—Former Vice President Henry Wallace was scheduled to leave for Raleigh, N. C. today to resume his speech-making tour after taking a four-day "rest" here.

Santa Monica, Calif., June 4.—(AP)—A new "Flying Whitehouse" was about ready for test flights today.

The four-engined presidential transport plane, replacing the "Sacred Cow" is a luxuriously fitted ship capable of cruising at 313 miles an hour, with a top of 358.

COAL MINERS QUIT PARLEY WITH OWNERS

Union Withdraws From Negotiations After Wage Offer Is Published

Washington, June 4.—(AP)—Contract negotiations between John L. Lewis' United Mine Workers and Southern coal operators broke down today.

Ten minutes before the talks were scheduled to resume, the UMW representatives notified operators they would not attend because the mine owners yesterday had made public their wage proposals. These included an offer of an 85 cents daily pay increase in return for abandonment of portal-to-portal pay time for underground travel in the mines.

Laurence E. Tierney, Jr., chairman of the negotiating conference, told reporters that the union representatives had warned the operators they "were not coming back" into the wage meetings if the owners issued a press release.

Formal collapse of the negotiations was delayed, however, because the conference officers stuck around in case the miners showed up later.

Similar negotiations between Lewis and operators from the West and North were suspended last week after the two sides disagreed on the issues of wages.

Tierney said the Southern contract meetings were recessed yesterday until 9 a. m. (EST) today under the rules of the conference.

That means, he said, that he, Secretary Joseph J. Ardigo and Secretary-at-Arms H. S. Homan would continue to go through the motions of being present daily at that hour to open the conference if the miners appear.

The Southern producers were preparing a statement on the situation and the union was expected to follow with a similar statement later.

After talks recessed yesterday, the Southern producers announced they had offered the UMW a \$12.70 a day pay scale, an increase of 85 cents daily over current wages. In return, the operators demanded abolition of portal-to-portal pay for underground travel time.

Scotland Yard Investigating Explosive Mail

London, June 4.—(AP)—Scotland Yard said today that several prominent persons in England had received envelopes, mailed in Italy, containing what appeared to be a dangerous explosive.

Informants said the packets were made up of an outer envelope, cream in color and measuring eight and three-quarters inches by six and one-half inches, bearing a typewritten name and address and the words "private and confidential."

Inside this was another envelope, seven and one-half by six inches, containing what was described as an "explosive powder" which would have been detonated by opening the envelope.

None of the inner envelopes was opened, however, since in each case, Scotland Yard said, the recipients became suspicious and notified police. Both the criminal investigation and political branches of Scotland Yard are making inquiries.

PATIENCE AND FORTITUDE

Boston, June 4.—(AP)—Patrolman John McMorris is man of understanding—even for a dog that bit him.

He accepted the young master's plea that the Pete once was kicked by a man in uniform.

Washington, June 4.—(AP)—You may not have thought of it that way but Washington is the world's science capital.

This city is the center of great scientific activity although the noise of the politicians and lawmakers drowns out the quiet scientists.

Yet, you could rubberneck around Washington a good while and still not see the work in science being done here.

Since World War I Washington has become more and more a scientific center. It spurred into first place under the drive of World War II.

The Washington Post, recently speaking of the scientific growth of the city, said:

"Growth has been topsy-like—a cyclotron here, a wind-tunnel there, Medical research laboratories somewhere else, until you look about and suddenly realize that your own backyard is a treasury of scientific endeavor."

Probably more scientific organizations, including some of the largest, have their headquarters here than in any other one city. For example:

The American Association for the Advance of Science, with more than 32,000 members all over the world; the National Academy of Sciences, with a membership of 350 top scientists; the American Chemical Society; the American Psychological Society, and so on.

The government, with its fingers in many pies, is doing most of the scientific work here.

The biggest non-governmental outfit is the Carnegie Institution of Washington, which operates a great cyclotron, used in atomic research. Here are some of the government centers:

The National Institute of Health—it investigates the cause of disease, and ways to prevent them.

The National Cancer Institute—it's doing research in cancer.

The Agriculture Research Center—its great acres, just outside Wash-

The Round Table With a special fund in the treasury of the Round Table the members decided to buy a 1947 revision of Webster's unabridged dictionary for the adult reading room of Shepard Memorial library. In the junior reading room they placed a dictionary suitable for use by children.

By this gift the Round Table honors members of club families who served in World War II, especially Bryce Brown, Jr., Kenneth Henderson and Matt Phillips, the three who did not come back. This designation of the gift is shown on the plate in each book.

In 1939 the Round Table placed this same type of dictionaries in the reading rooms of the library. The used books will be kept for reference and special study, the new ones for daily reference. The members hope to continue this plan of keeping the reading rooms supplied with recent editions of standard dictionaries.

Farmville and Green Springs

Wednesday, May 28, fair and cold, crops looking very bad, cotton especially. Friday, cool and rainy, Saturday, cool and rainy some more showers growing heavier. Sunday, rain, rain, cold and colder. But the rains and winds are never weary and why should we be? For the sun may be shining tomorrow.

What about the training school? We are getting anxious to hear. And another thing we want to see is better roads over which the teachers can get to school. Unless roads around Greenville are better than up here, the teachers would have to fly or wade.

There was a terrible hail storm in Otter Creek section from Crisp to Turnage, covering nearly five miles.

by Malotte. Traditional wedding marches were used.

The church was decorated with tall baskets of fern, white gladiolas, snap dragons, white carnations and baby's breath.

The bride, given in marriage by her father, wore a gown of Antique ivory satin with a pearl glow, fastened with a high neckline fastened with heavy corded satin, a fitted bodice, and long sleeves ending in points over the hand. Her fingertip veil of French illusion fell from a wreath of orange blossoms and her full skirt extended into a long court train. Her only ornament was a lavender which was worn by the groom's mother on her wedding day. She carried a white prayer book topped with a pure white orchid showered with white satin ribbon and valley lilies.

Mrs. A. M. Pravel of Washington, D. C., sister of the bride, was her only attendant. She wore a white tulle dress fashioned with a hoop skirt effect, an open crown, fastened with long ribbon streamers in the back and carried an arm bouquet of better Times Roses with bow and streamers of red ribbon.

Mr. D. Eric Bradshaw, brother of the bridegroom, was best man. The ushers were Mr. James W. Stocks of Kinston, North Carolina, and Mr. Alva M. Pravel of Washington, D. C.

Mrs. Stocks, mother of the bride, was not able to attend due to illness. Mrs. Bradshaw, mother of the bridegroom wore a hand painted white crepe dress, length dress with white hat and accessories and her shoulder corsage was of white gardenias.

Immediately following the ceremony the bridal couple left on a wedding trip to Florida. For traveling the bride wore a suit of brown linen with brown and white accessories and the orchid from her bridal bouquet. She also wore a string of pearls, a gift of the bridegroom. After June 9, 1947, the couple will be at home, 2512 Que Street, N. W., Washington, D. C.

Mrs. Bradshaw graduated from Greenville high school, attended East Carolina Teachers College and for the past five years has been employed by the U. S. Government in Washington, D. C.

Mr. Bradshaw graduated from the city high school in Asheville, N. C., and attended Hergrove Military Academy in Chatham, Virginia. After an extended tour of overseas duty as a medical administrative officer in the U. S. Army, Mr. Bradshaw is now employed by the U. S. Government in Washington, D. C.

Immediately following the ceremony the bride and groom will be at home, 2512 Que Street, N. W., Washington, D. C.

Bridal Couple Honored

### Insurance Men Re-Organize;

The Pitt County Association of Life Underwriters, an organization of successful and progressive life insurance men, which became disbanded during the war, held a luncheon meeting Tuesday for the purpose of reorganizing and electing officers of the association for the coming year. Mr. Jake Hadley, a local insurance man, presided over the meeting and explained the objectives and purposes of the organization. After Hadley's talk, Mr. Harvey Roberts, a guest and member of the Rocky Mount Association of Life Underwriters, spoke on the work and progress of his local as-

sociation. Following a discussion of many subjects by the members present an election of officers for the coming year was held, and the following men were elected: president, Jake Hadley; vice president, Joe Parkerson; secretary and treasurer, F. R. Bowen; national committeeman, P. L. Goodson; state committeeman, Ray Phillips; and directors, L. B. Fleming, Godfrey Oakley, Bancroft Moseley and Claude Tunstall. The other members of this association in addition to the officers and directors are: J. D. Wilson, A. B. Stallworth, Robert E. Taylor, W. D. Barbre, W. W. Lee, A. C. Howard, J. W. Williams and Frank House.

The North Carolina Association of Life Underwriters of which this

local organization is a part is having its annual meeting in W... Salem on Friday, June 6, 1947, at the Robert E. Lee Hotel and President Jake Hadley and Committeeman Ray Phillips plan to attend.

## Strength FOR THE DAY

### STRENGTH FOR THE DAY

**WITNESSING AS WE GO**  
Justin Martyr, a leader in the early church who lived and worked about the year A.D. 150, was said to have been converted to Christianity by someone whose name he never knew. Out of the shadows came some humble believer in Jesus Christ who said just the right word and put the case in just the right way when young Justin, a seeker after truth, was giving some attention to Christianity. The result was that he became one of the great defenders of the faith, a man useful in his own day and one whose writings at the present time throw considerable light upon situations of great importance which transpired in that ancient era.

This all goes to show that we never know the extent of our influence. Some people believe that in order to witness to Jesus Christ they must buttonhole the first person they meet and preach him a sermon. Undoubtedly seasons of evangelism have their advantages, and no one of sound common sense would say a word against them; but the greater evangelistic effort ever made in the church is made by the ordinary run of men and women who are constantly living up to the faith they profess.

We can help along the Christian enterprise better by being a sermon than by preaching a sermon. If we are living epistles in whose purity, honesty, and good cheer men see written large the truths of the gospel, we can be sure that we are doing something profound and significant in the service of our God.

## Bobby Pare Homers To Bring In Winning Runs

By BERT MOYE

Bobby Pare's 340-foot homer over the left field wall with one out to bring home Johnny Pare and Jack Bomar ahead of him gave the Rockies an 8-5 victory over the Rocky Mount Leafs here last night.

Johnny Pare led off in the ninth with a double. Chute flew out to the catcher, and Bomar was given an intentional pass to first to get on base before Bobby poled his homer.

the second hit of the night for him. Larry Baldwin, who won his third straight victory for the Rockies pitched 10-hit ball, but kept them well scattered. He struck out a total of six men and walked two.

Greenville scored singletons in the all the way in last night's game and as the Rockies entered into the fourth frame were trailing by three runs.

In the second frame Charlie

June 5—Greenvies in Wilson  
June 6—Goldsboro here (2 games)  
June 7—Greenvies in Goldsboro.

Chute and Bobby Pare singled, Bill Lynch walked to load the bases, and Baldwin was walked, forcing in Chute. Howard Jenkins hit to short forcing Baldwin at second, with Bobby Pare scoring on the play.

Greenville scored singletons in the fourth, sixth and seventh frames. In the fourth Baldwin was hit by the pitcher, Jenkins singled to centerfield, with Baldwin taking third, Mauney hit to deep centerfield and Baldwin scored on the out. In the sixth frame Baldwin led off with a double and reached home on Tommy Lee's single. Greenville knotted the count at five-all in the seventh stanza when Bomar reached first on Hendershot's error at second, went to third when Schultz threw ball wild to first, and Lynch singled to bring home Bomar.

Tommy Lee with a double and a single in five trips to the plate and Bobby Pare with a homer and a single in four trips to the plate led the eleven-hit attack off the three Leafs hurlers.

### Players Meet, Organize Teams

Organization meetings were held today at Third Street School and at the Training School for the purpose of lining up their entries in the Boy's Baseball League. Thursday, meetings will be held at W. Greenville playground at 9:30 a.m. and at the Cotanche St. playground at 11:00 a.m.

After the teams are organized team practices will be held for the remainder of the week. Regular

league games will start on next Monday. The "split-season" plan will be used this year in both leagues to determine the champion. The winner of the first half, which will end on July 4th, will play the winner of the second half at the end of the season for the pennant.

### Bilbo Awaits Third Operation On His Jaw

New Orleans, June 4—(AP)—Senator Theo Bilbo, awaiting his third jaw operation here, says he told his doctors "the first thing to do is fix me up so I can eat."

"Then," Bilbo said, "they can fix me up so I can speak."

The operation, scheduled for "some time this week" according to doctors at the hospital where Bilbo has an apartment, is to be followed by a fourth trip to surgery "in about three weeks."

The fourth operation will consist of grafting a piece of Bilbo's hip bone to his chin.

### "UNBLOCK" YOUR DIGESTIVE TRACT

And Stop Douing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.
