

Red Balkan Bloc Is Now Possible

Communist Coup In Hungary May Be First Step In Russian-Dominated Federation In Southeastern Europe; Marshall Tito Outspoken Advocate Of Action

Washington, June 5 (AP)—Diplomatic authorities speculated today whether the Communist coup in Hungary may be followed by steps to set up a Balkan federation of Soviet-dominated states in eastern and southern Europe.

Until last week, Hungary's non-Communist government was the sole break in an otherwise solid lineup of Moscow-controlled nations extending from the Baltic to the Adriatic Seas.

Marshall Tito of Yugoslavia has been an outspoken advocate of a formal Balkan federation, and such a development now is being viewed here as a definite possibility. Like the Hungarian overture, it would be regarded as (1) a curt Moscow rejoinder to the American program of aid to Greece and Turkey and (2) a move to solidify the Soviet bloc before final ratification of the satellite peace treaties forces withdrawal of Red Army occupation forces.

Diplomats also consider as a possible next Russian step in Eastern Europe some action to perpetuate the Communist domination of Czechoslovakia. A leftist bloc which included Communists won last year's elections there, but a more recent rightist trend has suggested that the Communists might slip back to second or third place in the next national balloting.

Meanwhile, a formal United States protest and further economic slaps remained under consideration at the State Department to express this government's concern over the Communist seizure of control in Hungary.

That country's minister to Washington, Aladar Szegedy-Maszar issued undiplomatic terms to denounce "the Soviets and their agents" in announcing yesterday that he and most of his staff will not "recognize" the new Budapest regime.

Both the minister and 23-year-old Francis Nagy, Jr., legation attache and son of the ousted prime minister, defied an order to return to Budapest for "consultation."

Asks Congress To Cash Leave Bonds

Washington, June 5 (AP)—Rep. W. J. Bryan Dorn (D-SC), himself a veteran of the second World War, urged Congress to let "ex-GI's cash their terminal leave bonds at once."

Denounces Coup

Washington, June 5 (AP)—President Truman today denounced the Communist coup in Hungary as an outrage and asserted that the United States does not intend to stand idly by in that situation.

He told a news conference that the State Department right now is looking into the whole Hungarian affair.

Middle East Program

America Gaining Over Rivals For Arab Friendship In This Important Area; Great Advances Made For Benefit Of Many Peoples; What It Means To Us

By JERRY KORN

The United States is swiftly outstripping both Russia and Britain in the one spot in the world where interests of the three big powers meet head-on—the Middle East.

That area is extremely important to all three nations because of its strategic position astride the crossroads of the air, sea and land routes around the globe.

For many years the nations of the Middle East have been among the most backward in the world. Now they are modernizing, with American assistance. And as the lot of the people improves, the stock of the United States rises.

Take Saudi Arabia, which contains much of the Middle East's oil. A great development program is under way there which American officials say will change the country more in the next five years than it has changed in the last five centuries.

King Ibn Saud's own five-year plan will cost about \$100,000,000. A little of this is being furnished by American private and government sources. American oil companies have vast projects which will bring the total to more than \$100,000,000. But Americans are furnishing something harder to find in the

TRUMAN SAYS TAFT "WRONG" ON ECONOMICS

Raps Statement That U.S. Keeping Prices Up By Spending Abroad

Washington, June 5 (AP)—President Truman said today that Senator Taft (R-Ohio) has advocated "fallacious and dangerous" procedure on the economic front.

In a lengthy prepared statement Mr. Truman took issue with Taft's recent statement that "apparently the President and the Administration are abandoning talk of keeping prices down in favor of heavy spending abroad that will keep them up."

Reading his statement rapidly, the President said bluntly the Administration does not advocate the Greek-Turkish aid program "for the purpose of bringing prices down," but to aid starving millions and restore their economies "to outwork them" against totalitarian aggression.

Mr. Truman said: "Senator Taft's argument that high demand justifies or necessitates high prices is fallacious and dangerous. It is based upon the idea that prices should seek as high a level as the traffic will bear, rather than the lowest level that is consistent with fair profits.

"That kind of practice is indefensible, and in the long run it would destroy both prosperity and jobs."

Mr. Truman said that Taft contended the only way to bring prices down was to reduce the demand for goods.

"If the government were to abandon its vitally necessary loan and expenditure programs, if wages were reduced, if savings were exhausted, and if unemployment set in, then there would be less demand and prices would drop.

"Senator Taft would call this an adjustment. I would call it a tragic recession or depression. There is nothing novel and nothing worthy about getting a price collapse through reducing the demand. That is the typical road to a depression."

First Step To Rebuild Flooded Vermont Town

Rutland, Vt., June 5 (AP)—Emergency crews worked desperately today to restore gas and water facilities to this flood battered Green Mountain community of 18,000.

The first major step in rehabilitation was taken last night when electric power, ruptured for 24 hours, reached the city through auxiliary feeder lines.

Authorities estimated it would be two or three weeks before normal gas service was restored, but city officials hoped to establish a water connection today for sanitary purposes.

Meanwhile, drinking water was being rushed in tank trucks from Bellows Falls to this city. The vehicles with a total capacity of nearly 30,000 gallons, were loaned by Greater Boston milk distributors.

Spring water also was available in several sections of the city. Officials reported that the food and milk situation, described as critical yesterday, was relieved by arrival of emergency supplies.

Few of the 500 families that abandoned homes when the water bounded out of a 20-foot wide creek had returned to their mud strewn dwellings. At least 60 persons were being cared for at the state army where the Red Cross set up quarters. Others had been taken in by friends.

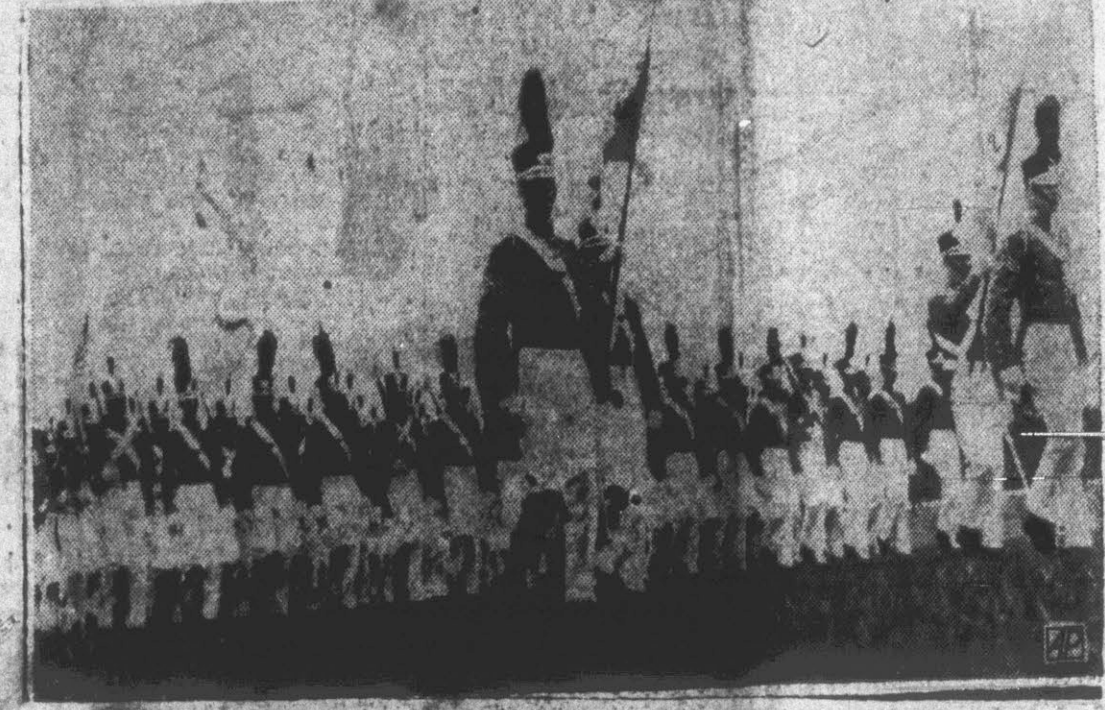

The raging waters spewed mud from five inches to two feet thick in hundreds of residences in the northerly section of the city and battered foundations in some areas. Four persons reported missing during the height of the flood had been accounted for. The last—a 13-year-old boy who wandered from the yard of his home—showed up yesterday.

Cleo Rainwater, faculty member of East Carolina Teachers College the past 20 years, has resigned as teacher of the fifth grade in the college training school and has accepted the position of supervisor of elementary schools in Sarasota County, Florida. She will be in charge of the work of teachers in the elementary schools there.

Miss Rainwater is widely known among educators of the state. For the past year she has been a member of the State Text Book Commission. She has served on numerous committees in the N. C. Education Association and has frequently spoken at district and state meetings. She has been interested in the work of the local and state branches of the Association for Childhood Education and has served as chairman of the study group on elementary science for the regional organization of the ACE.

Per capita use of salt in the United States is about 190 pounds, but much of this amount is consumed in non-dietary ways such as in tanning and tyeing.

PEACE PACTS ARE RATIFIED

First Treaties Of World War II Approved By Senate

Washington, June 5 (AP)—The Senate completed ratification of the first four of World War II's peace treaties today.

After ratifying the Italian treaty by a 79 to 19 vote, the Senate then gave voice vote approval to treaties with Romania, Bulgaria and Hungary.

Opponents of the ratification generally conceded their defeat days ahead of the actual balloting. Sen. Bridges (R-NH), who criticized the Italian treaty yesterday as "an invitation to war," told reporters in advance that the fight to block approval appeared lost.

Senator Wherry (R-Meb.) caused a brief flurry just before adjournment yesterday when he read a copy of a document he described as an official message from the Italian Constituent Assembly to the United States Senate, pleading for revision of the Italian treaty.

Wherry said that although the communication was sent last March so far as he knew it never had been presented to the Senate. It was addressed to the president of the Senate, an office held by Senator Vandenberg (R-Mich.) in the absence of a vice president.

Vandenberg discounted the importance of the document in discussion.

U. N. Global Police Report Criticized

Small Nations Caustically Review "Flaws" In Plan; Big Five Still Divided, Usage Would Be Permitted

Lake Success, June 5 (AP)—The small countries in the United Nations Security Council today leveled their fire at a Big Five report on organization of a global police force.

Belgium led off the criticism at the opening of general debate yesterday, charging that the major powers were making plans only to stop "certain categories of wars" and offering no provisions to block aggression by a big nation.

Australia was ready to take up the fight upon resumption of discussions tomorrow.

Meanwhile, the Big Five itself was divided over plans for establishing the international army, with Russia standing alone against the United States, Britain, France and China on more than a third of the case principles.

The report was drafted after 15 months of secret deliberations by the Military Staff Committee, which comprises admirals and generals representing the chiefs of staff of the five great powers. Its acceptance would be the first step toward conclusion of individual agreements with U.N. member nations whereby they would provide land, sea and air contingents for an international force.

GOV'T DROPS BUSH INQUIRY

No Federal Laws Broen By Mob Action Says FBI

Raleigh, N.C., June 5 (AP)—There was no federal statute violated by the mob seizure of Godwin (Buddy) Bush, 22-year-old Negro from the Northampton county jail U.S. District Attorney John Hall Manning said today.

Manning said that he conferred yesterday with length with federal, state and county officials.

"No evidence was disclosed to justify any further action of the federal government," Manning said. "We have carefully reviewed the evidence uncovered by the FBI, and are convinced there was no violation of federal statutes."

Participating in the conference with Manning here in the office of the state attorney general were John M. Kelly of the Department of Justice, two unidentified FBI agents, Attorney General Harry McMullan, and Solicitor Ernest R. Tyler of Roxobel.

Bush was taken from the jail early in the morning of May 23 out managed to escape his captors as they sought to change seats in their car. Bush was jailed on charges of attempted criminal assault.

Unification Bill Spells 'Merger' For Armed Services Claims One Senator

Washington, June 5 (AP)—Senator Robertson (R-Wyo.) said today the pending Army-Navy unification bill actually would merge the two services.

"It's merger legislation, pure and simple," the Wyoming lawmaker told a reporter. "Let's not fool ourselves about that."

Robertson's argument is that making the three departments part of an "organization" spells merger. He said he intends to fight the bill on that ground when it reaches the Senate floor, probably next month.

Senator Bridges (R-NH), who voted for the bill in committee but reserved the right to offer amendments on the floor, told a reporter he has no major changes in mind. "I may have a few little revisions to offer and I didn't want to be bound by the committee vote from doing so," Bridges said.

Aid To Rebuilding Europe Is Promised By Marshall

SIGNS POINT TO THREAT OF COAL CRISES

"War Of Nerves" Apparent As Contract Negotiations Break Down

Washington, June 5 (AP)—Every sign points today to a new case of coal strike jitters before the threat of another mine shutdown July 7 is settled by John L. Lewis and the operators.

Both the United Mine Workers' chief and the soft coal mine owners prepared to put each other's patience to the test as the last of their contract negotiations broke down yesterday.

The government must return the mines to private ownership July 1, and the operators to continue running the seized pits runs out.

However, on June 27 the miners begin a 10-day vacation called for officially under their government contract.

Thus the deadline for any new strike now looms as July 7, unless some other arrangement is made in the meantime.

There are at least four reasons why either the union or the operators—or both—seem content to bide their time:

1. The Taft-Hartley labor bill containing restrictions on strikes in essential industries and providing new mediation machinery, probably will reach the President's desk in a few days, and it should be known definitely by about June 15 whether it is to become law.

2. Lewis builds up more pressure on the operators for a favorable settlement as the deadline for a strike approaches. But even the owners probably will not object to

Demand Inquiry

Budapest, Hungary, June 5 (AP)—An authoritative American source said today U. S. and British military representatives here would send Russian authorities within two days renewed official demands for a three-power investigation of what amounted to a communist coup d'etat in Hungary.

The spokesman said that British and American communications to the Russians today on the matter indicated that the two western powers might ask a united national inquiry into the events which led to the resignation of Premier Ferenc Nagy and the communist assumption of complete authority.

The representatives of the western powers asked the Russians for documents which the Soviet officials say implicated Nagy in a plot to overthrow the Hungarian republic.

Without naming any foreign nation or party, Marshall declared in the outline of an address prepared for a meeting of the Harvard Alumni Association:

"Governments, political parties or groups which seek to perpetuate human misery in order to profit therefrom politically or otherwise will encounter the opposition of the United States."

Marshall did not specify how much money the American government intends to make available but said Europe must have substantial additional help during the next three to four years or face economic, social and political deterioration of a very grave character."

The cabinet officers' call for a joint effort by European countries to develop a reconstruction blueprint represented the first step of the new State Department approach to the problem of world wide rehabilitation.

He disclosed several weeks ago that his policy planning staff is engaged in a gigantic survey of world needs.

Marshall said United States financial and other help "must not be on a piecemeal basis as various crises develop. Any assistance that this government may render in the future should provide a cure rather than a mere palliative."

The secretary declared "our policy is directed not against any nation or doctrine, but against hunger, poverty, desperation and chaos. It is logical that the United States should do whatever it is able to assist in the return of normal economic health in the world, without which there can be no political stability and no assured peace."

AWAIT BALLOT ON LABOR LAW

Washington, June 5 (AP)—Senators step up today for their turn at approving the compromise labor bill that rode a rock-crusher vote to passage in the House.

Senator Taft (R-Ohio) said there was a chance the Senate ballot might go over until tomorrow. It depends, he said, on how many people want to speak how long.

Once the vote comes, the bill goes to the White House, where some key Democrats expect a veto.

There is no doubt about Senate passage. The only question is whether the vote will turn up a margin indicating that Congress will veto a veto. That takes a two-to-one majority in both branches.

The House score late yesterday was better than four to one—326 to 79. Chairman Hartly (R-NJ) of the House Labor Committee grimaced.

LEGISLATIVE TALE

Springfield, Ill., June 5 (AP)—All activity in the Illinois House of Representatives was stalled during a five-day filibuster which ended yesterday.

Then the House started trying to catch up with clogged work sheets. One of the first acts by House members was to kill a bill making it unlawful to cut the tissue or muscle of a horse's tail to alter the animal's natural carriage, unless authorized by a veterinarian.

Wallace Is Working To Liberalize Democrats

Raleigh, N.C., June 5 (AP)—Henry A. Wallace said here today that he would not support a campaign for the reelection of President Truman.

The former vice president made the statement at a press conference held in advance of a speech he is scheduled to make here tonight.

Wallace, who has been crusading vigorously against the "be firm with Russia" aspects of President Truman's foreign policy, had been asked earlier if he planned to lead in the forming of a third party, and he replied:

"I'm doing everything I can to make the Democratic party a liberal party. If the Democratic party becomes a war party, a party of reaction and depression, then I'll no longer be a Democrat."

Explaining his answer to the question about supporting President Truman for reelection, Wallace said that his support of the Democratic party in the 1948 election depended on whether it is a "war party" at that time.

Calls Upon European Nations To Unite In Working Out Their Own Reconstruction; Pledges American Opposition To All Forces Which Maneuver To Block Recovery

Cambridge, Mass., June 5 (AP)—Secretary of State Marshall called upon the countries of Europe today to work out together a great new program of reconstruction.

He promised American economic assistance and support "so far as it may be practical."

And at the same time he pledged the United States to oppose "any government" which maneuvers to block the recovery of other countries.

Without naming any foreign nation or party, Marshall declared in the outline of an address prepared for a meeting of the Harvard Alumni Association:

"Governments, political parties or groups which seek to perpetuate human misery in order to profit therefrom politically or otherwise will encounter the opposition of the United States."

Marshall did not specify how much money the American government intends to make available but said Europe must have substantial additional help during the next three to four years or face economic, social and political deterioration of a very grave character."

Griswold Named To Head Greek Relief Program

Washington, June 5 (AP)—Dwight Griswold, former Republican governor of Nebraska, was named by President Truman today to direct the United States economic mission in Greece under the \$400,000,000 Greek-Turkish aid program.

Mr. Truman also appointed Richard F. Allen, veteran Red Cross relief administrator in Europe, as "field director" for the \$350,000,000 American foreign relief program. It is separate from the Greek-Turkish aid setup.

Mr. Truman said Griswold, Nebraska's governor for six years, is now one of the principal officials on the staff of Gen. Lucius Clay, United States commander in Germany.

Displaced Families

They Are People Of Many Nations, Over Half In American Camps; United Nations Plans For Their Care; Congressman Proposes Admitting Some Into U. S.

By JAMES MARLOW

Washington, June 5 (AP)—There are about 850,000 homeless people in Europe, living in displaced persons' camps in Germany, Austria, Italy.

The camps—run by the American and British armies in their zones of occupation—mean a place to stay, something to eat, but no jobs.

"The displaced persons are people of many nations. Perhaps 250,000 are in American camps. About 550,000 are in American camps. The United Nations considers them an international responsibility. And pretty soon UN's international refugee organization will run the camps.

Through fear, or some other reason, these people don't want to go back to their own countries. But where can they go? What can they do? How can they get their lives straightened out and start over again? Can this country take some in? A proposal to do just that was made in Congress by Rep. Stratton, Illinois Republican. Last April he offered a bill to let 400,000 of the 850,000 displaced persons into this country at the rate of 100,000 a year for four years. This week a House subcommittee started hearings on the bill. At this moment the chance of Congress doing much about it this year seem slim.

The hearings will go on for about two weeks and, probably, not much more than that will happen. A vote to House or Senate seems unlikely.

There's a good deal of opposition, inside and outside Congress, to letting displaced persons come here. To understand what Stratton proposed, here's an explanation of the immigration set-up: We have a quota system on immigration. Which means we'll let in only a certain number of immigrants from European countries in any one year. Stratton wants 100,000 a year for four years let in but only provided they fill the same requirements as other immigrants. Opponents of Stratton's bill argue in the words of Rep. Gossett (D-Tex): "There are a lot of trouble-makers in the camps, crackpots and communists." Stratton says it's costing American taxpayers now about \$182,000,000 a year to take care of displaced persons in American camps abroad. He says letting in 400,000 would save money.

Forty Years Ago Today

THE DAILY REFLECTOR

June 5, 1907

City Lanier has returned home from school in Durham. Sheriff L. W. Tucker left this morning for Plymouth to get a prisoner.

The weather has been doing some warming today, but we are almost afraid to speak of it lest it turn cold again. Greenville drew number seven in the turn to go before the state board of education in the Eastern Training School hearing and had 11 representatives present. That is "come 7, some 11."

If that doesn't win the school there is nothing in lucky figures.

Garden Club

At a meeting of the Garden Club on Friday, May 30, at the club house, Mrs. W. J. Stell was installed as chairman.

Preceding the installation services the chairman of various committees gave their reports. After which Mrs. Vance Perkins gave an annual report summarizing the work done by the Garden Club.

During the year many interesting and helpful programs have been given by members and outside guests. One special program given by Mrs. Charlotte Hilton Green, and three shows have been open to the public.

In November a nature exhibit was held with the Greenville primary grammar grades, high school and East Carolina Teachers College Science class and club members participating. In December the executive board, assisted by the club, gave a beautifully arranged show which was enjoyed by school children as well as adults.

In April a show, "Flower Arrangements for the Home" was given in cooperation with the Art Festival.

The city planning committee with Mrs. J. B. Spilman as chairman has been active in helping to beautify homes and public grounds. The conservation committee with Mrs. C. E. Oakley, Mrs. Charles Reynolds, and Mrs. G. C. Honeycutt, has had several projects and programs on conservation of soil, birds, trees and wild flowers.

The horticulture chairman, Mrs. J. H. B. Moore, and the garden center chairman, Mrs. Ralph Garret, have been most helpful in giving timely suggestions on planting and new plants for the gardeners.

Following the reports these new officers were installed: Mrs. W. J. Stell, chairman; Mrs. J. Key Brown, vice chairman; Mrs. N. C. Brooks, recording secretary; Mrs. Arthur Corey, corresponding secretary; Mrs. H. L. Andrews, treasurer; Mrs. S. M. Crisp, reporter; Mrs. J. B. Spilman, city planning; Mrs. J. H. B. Moore, horticulture chairman; Mrs. J. Lindsay Savage, bird chairman; Mrs. Travis Hooker, wild flower chairman.

Special Service at Gum Swamp The Rev. Calvin J. Harris, who has recently moved from Petersburg, West Virginia, to Greenville, will preach at Gum Swamp F. W. B. Church at 11 a. m. Sunday, June 8.

Rev. Harris has resigned as pastor of his churches at Petersburg, and Mayville, West Va., and moved to Greenville to help care for his father-in-law, Mr. H. R. Bullock, who recently suffered a stroke.

Rev. Harris is the son of the late Rev. C. J. Harris, of Greenville, and was reared on adjoining farm of church property. Everyone is welcome to attend this service. Register Sunday school at 10 a. m. Floyd P. Harris, superintendent.

Joins National Society Grady Cox, son of Mr. and Mrs. George Cox of Winterville, and a senior at Alabama Polytechnic In-

stitute, Auburn, Alabama, has been selected for membership in Phi Lambda Upsilon (national honorary chemical society), and elected president of the American Institute of Chemical Engineers; he has also been appointed to the engineers council.

The Wesleyan Service Guild Monday night the Wesleyan Service Guild of Jarvis Memorial Methodist Church held its June meeting at Mrs. Julia Blanchard's home with Mrs. R. P. Rogers, Miss Sylvia Rogers and Miss Mary R. Blake assisting. The meeting was opened with prayer by Mrs. R. P. Rogers, acting president in the absence of Miss Annie L. Askew. Reports were given by the various committees.

The devotionals were given by Miss Bernice Powell. She used as text the eighth chapter of John, 22 verse. "If you abide by what I teach, you are really disciples of mine and you will know the truth and the truth will set you free."

Dr. Malene Igou gave an inspiring speech on "Children and Their Family, Children and Their Family, and Children and Recreation." She stressed the idea of children being reared in peaceful and Christian homes.

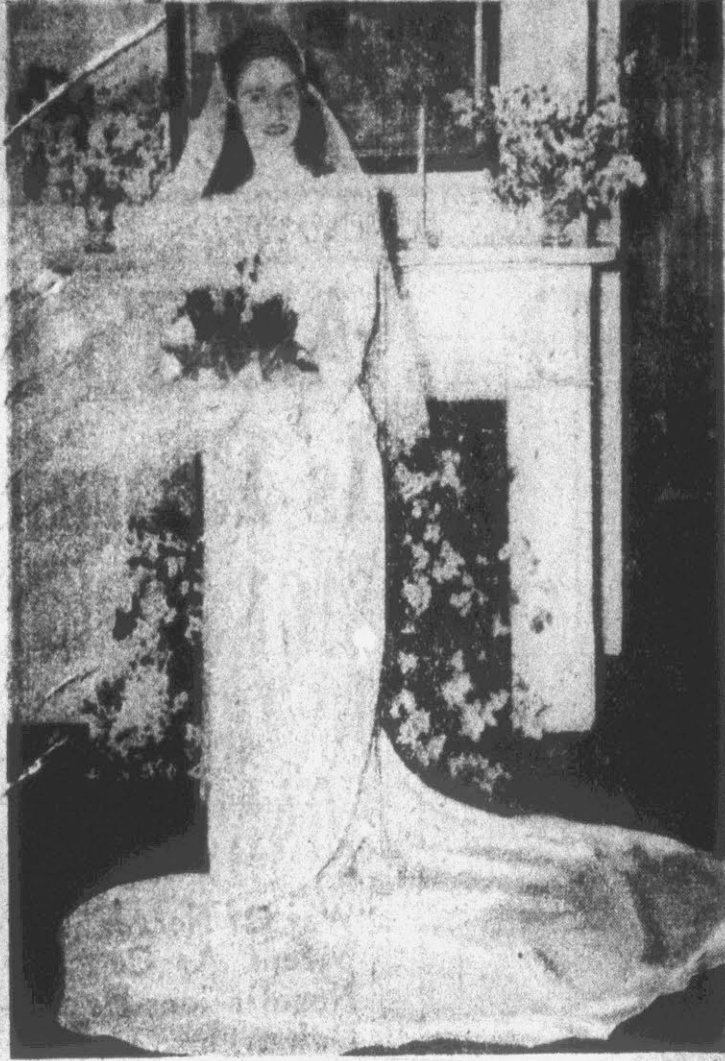

The hostesses served a strawberry dessert and coffee. The meeting was adjourned to meet the first Monday in September.

Miss Sylvia Rogers and Miss Mary R. Blake were visitors.

Entertain at Coca Cola Party Stokes.—Mesdames W. F. Stokes, L. H. Roberson and Harold Watson, delightfully entertained at a cola party in the home of Mrs. Stokes on Friday morning, May 23, at 10:30 o'clock, complimenting Misses Rebecca Cherry and Beatrice Cherry, brides-elect of June. The home was attractively decorated with early summer flowers.

The hostesses, assisted by Mrs. Frances Van Dyke, served party sandwiches, dainty cheese biscuits, potato chips and bridal cakes. Coca-colas, in a large cut glass bowl of crushed ice, were served from a beautifully arranged centerpiece.

The hostesses presented Miss Beatrice Cherry a lovely corsage of gladiolus and gifts of silver. Miss Rebecca Cherry was also presented a corsage of gladiolus and gifts of china and a lovely crystal vase.

Mrs. Oscar E. Roberson, of Robersonville, who before her marriage on April 26 in formal ceremony at 5 o'clock in the afternoon in Memorial Baptist Church in Greenville, was Miss Katherine Davenport, daughter of Mr. and Mrs. James F. Davenport, of Greenville. Mr. Roberson is the son of Mr. and A. O. Roberson of Robersonville.

Alyce Ruth Bundy Chosen By Legion Post As Entry For Beauty Pageant

Miss Alyce Ruth Bundy has been chosen "Miss Greenville" to represent Pitt County Post No. 39 in a mammoth Beauty Pageant and Contest which will be one of the highlights of the Annual Convention of the North Carolina Department of the American Legion to be held at Carolina Beach June 4-17. The Pageant will be staged on Sunday, June 15. Competition is expected to be keen since virtually every Legion post in North Carolina has entered a contestant.

Beauty alone will not be the criterion. Selection of the winner, who will be "Miss North Carolina American Legion of 1947," is to be made on the basis of poise, personality, intelligence, charm, and beauty of face and form. The Grand Prize includes a \$500 summer wardrobe from Taylor's, of Raleigh, an expense-paid seven-day vacation, with chaperone, at Carolina Beach, and other awards. The "First Maid of Honor" award is a \$150 diamond ring from the Jewel Box, of Wilmington; and the "Second Maid of Honor" award is \$150 worth of airplane luggage.

The blue-eyed, dark-haired Greenville Queen is 20 years of age, stands 5 feet, 4 inches, and weighs 110 pounds. Development of her natural grace and poise began at an early age when she entered dancing school, and became one of the stellar performers of Ramona's School of Dancing while still a child. That Alyce Ruth possessed intelligence as well as beauty is demonstrated by the fact that she attended Greensboro College for Women, where she made an excellent record, and after two years at the University of North Carolina has earned her A. B. degree. She will return to Chapel Hill on June 9 to receive her degree before entering competition for the title of Miss North Carolina American Legion.

Miss Bundy is the daughter of Mr. and Mrs. William J. (Dick) Bundy of Greenville.

The American Legion committee responsible for the selection and arrangements is composed of T. K. Fountain, Paul A. Scott and Harry M. Brown, chairman.

Law enforcement authorities who come to Greenville from time to time have been impressed by the splendid cooperation among the police department here, police departments in Pitt county towns and other cities, sheriff's officers, state highway patrolmen and township constables. It has been pointed out that nearly all of the local officers are church members and that they take part in community affairs and are generally useful citizens.

"Greenville and Pitt County are well organized for law enforcement and the people here should be proud of it," is a frequent comment heard here.

TRIPLE BIRTHDAY Salt Lake City, June 5.—(AP)—Mrs. William L. Adams celebrated her birthday Tuesday by giving birth to a son, Jene William. On her birthday in 1946 she gave birth to a daughter, June.

LOCAL POLICE ONE OF BEST IN THE STATE

Visiting Law Enforcement Officials Praise Good Work Here; Radio Valuable

By CHESTER WALSH

The Greenville police department, regarded by numerous state law enforcement authorities and FBI men as one of the best equipped, best manned and most efficiently functioning police groups in the state, is making a wonderful record under direction of Police Chief James E. Tanner.

A hoboing reporter picked up this information from police and other law enforcement officials who visited Greenville after the time when the Police Training School started its 13-weeks course at the City Hall here for Greenville and Washington officers.

The local police force is well organized. It is free of political entanglements. Some of the men are veteran police officers of honorable record. Many of the policemen are World War II veterans, who know discipline and the importance of order. Greenville citizens who take pride in the city's progress frequently praise the police and fire departments for efficient service and intelligent and faithful performance of duty. The fire department, under Chief George Gardner, was equipped and improved to the point where several years ago fire insurance rates in Greenville were reduced.

Since the police cars were equipped with two-way radio and the sheriff's cars similarly equipped, there has been a coordination of service which provides the city and county with unsurpassed policing service. The radio station at police headquarters has direct contact with the State Highway radio station at Williamston, and instant communication may be had.

Police radio is having an effective influence on would-be lawbreakers. The radio equipment has paid for itself many times, businessmen and others say.

Law enforcement authorities who come to Greenville from time to time have been impressed by the splendid cooperation among the police department here, police departments in Pitt county towns and other cities, sheriff's officers, state highway patrolmen and township constables. It has been pointed out that nearly all of the local officers are church members and that they take part in community affairs and are generally useful citizens.

"Greenville and Pitt County are well organized for law enforcement and the people here should be proud of it," is a frequent comment heard here.

**Grain Market**

the activity on the board of trade today was centered in oats, which advanced about a cent to new seasonal highs while wheat and corn showed only minor changes. Best prices in oats were reduced toward the close.  
Wheat closed 1/2 lower to 3/4 higher, July \$2.28-\$2.28 1/2, corn was 1 cent lower to 3/4 higher, July \$1.85 1/2, and oats were 1/2-1 1/4 higher, July 93 3/4-94.

**New York Cotton**

New York, June 5—(AP)—Cotton futures opened 5 cents a bale lower to 50 cents higher.  
Noon prices were 5 to 70 cents a bale higher than the previous close. July 34.86, Oct. 29.97, and Dec. 29.10.  
Futures closed 53 cents to \$1.55 a bale higher than the previous close.

**N. Y. Stock Market**

New York, June 5—(AP)—Wall Street found scant buying inspiration in the news today and stock market leaders generally were permitted to shuffle over a moderately irregular route with dealings among the slowest of the year.  
Transfers for the full proceedings dwindled to around 550,000 shares.

## Strength FOR THE DAY

**WITH THE LITTLE FINGER**  
The Bible refers often to the fact  
that God laughed. The laughing is  
always derisive—at man's vain or  
wicked pretensions.

When the whole world was stand-  
ing anxiously before loud-speakers  
hearing the German paper hanger,  
in the middle and late 30's, shriek-  
ing out his accusations against his  
enemies, we can well imagine that  
God laughed at this impious little  
pretender. Sometimes we do not  
have to go so far as across the ocean  
to see situations which call forth  
laughter of deity. If we will only  
think back over our own lives, and  
see how confidently we have made  
our plans and how miserably they  
have often been brought to naught  
because they were fallacious and  
foolish, we can see why it is that in  
his high heaven God frequently  
laughs. We read in the Bible that  
thousands of years ago on the plain  
of Shinar, men planned to build a  
tower whose top would reach to  
heaven. But God came down and  
confounded them and scattered  
them and their vain enterprise in  
all directions.

At the very center of the think-  
ing of truly religious men has al-  
ways resided the conviction that God  
is in charge of this world and is  
managing its enterprises to their  
smallest detail. When our charac-  
ters fail, when we become vain, when  
we set ourselves up as little deities  
who will order and achieve, God  
laughs and knocks down our towers  
of Babel with the little finger of  
his left hand.

## WASHINGTON LETTER

By JANE EADS

Washington—As the 50 men—like  
the true gourmets they are—sit  
down to dine, they tuck a napkin  
under their chin, frown on politics,  
religion and personal affairs as top-  
ics of conversation.

Smoking is prohibited until after  
dessert. Though six kinds of wine  
are served, to become tipsy would  
be a great honor.

Meeting for the first time since  
before the war, they are "Les Amis  
d'Escoffier," friends and admirers  
of the "greatest chef of all time,"  
August Escoffier. He was one-time  
chef to Kaiser Wilhelm II, chef  
of the Savoy and Carlton hotels in  
London and the Ritz in Paris.

"You've heard of his French Mel-  
ba and Poire Sarah Bernhardt?"  
asks Kurt Schiffler, Vice President  
and Managing Director of a  
(the Raleigh) hotel, who organized  
the Washington society in March  
1938.

The group meets every spring  
and fall. The finest that the kitchen  
affords is brought forth but  
served with the great simplicity  
that marked a typical Escoffier din-  
ner.

Women are not invited to these  
affairs.  
"Women can make fine home-  
cooked dinners," explains Schiffler,  
"but now we're talking about a  
great art. Women are too fussy  
about their cooking. They don't have  
the same professional touch that  
men do."

To drink wine properly, accord-  
ing to Schiffler, is a "greater piece  
of art than falling in love or giving  
a girl her first kiss."

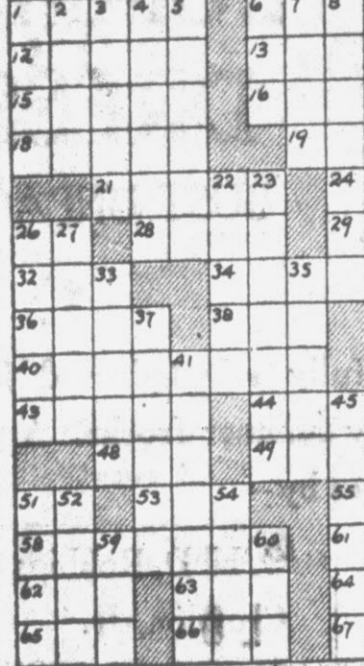

Before the dinner, together with  
all sorts of hot and cold appetizers,  
is served an aperitif or "palate-  
tizer"—dubnet or vermouth.

The eight-course dinner begins  
with a special double-strength beef  
"Consomme des Diplomates," flav-  
ored with the fresh leaf of the herb  
chervil on top.

The fish course is a mouse of  
sole in a rice, encasing tender  
root legs boiled in wine with herbs.  
This is a recipe of Schiffler and a  
former chef of the hotel.

## Geo. T. Young Field Executive In Scout Council

George T. Young, former Scout-master of Troop 23 of Weldon, today became the second Negro Field Executive of the East Carolina Council, Boy Scouts of America, it was announced by N. M. Schaum president of the council.

He is a former teacher and coach in the public schools of Weldon and is a graduate of the North Carolina College for Negroes in Durham.

Field Executive Young will devote all of his time to the promotion of Scouting for the Negro boys of Albemarle, Beaufort, Edgecombe, Halifax, Greenville, Martin, Roanoke and Roanoke-Chowan Districts of the council, and, for the present, will make his home in Roanoke Rapids.

On June 28th, Young will leave to attend the National Training School of the Boy Scouts of America, in Mendham, N. J., and upon his return in 30 days, will be equipped to properly promote and supervise the program.

The employment of this second man to devote his full time to the program of Scouting for the Negro boys has been made possible thru the efforts of Negroes throughout the entire council, and the Executive Board expressed appreciation to all who have had a part in making this forward step possible.

## Yadkin Project Up For Hearing

Washington, June 5—(AP)—The House Appropriations committee tomorrow will hold a hearing on a \$17,194,000 flood control project for the Yadkin river valley affecting the Elkin and North Wilkesboro areas in North Carolina.

Rep. John H. Folger (D-NC) introduced the measure in the last congress and said yesterday he will again ask the appropriations committee to provide the money. Four flood control dams would be erected, two on the Yadkin river and two on the Reddies.

Eugene Meyer, owner of the Washington Post and one of the prominent guests invited to the affair, declared it was the most "important event since V-J day."

## LARGE NUMBER ARE ENROLLED

Record Number Of Students Signing For Summer Term

Registration for the first term of the summer session at East Carolina Teachers College was in progress from 8:30 this morning until

aster which claimed 111 lives. Submitting a report to the Senate on an investigation it made, the committee said:

"In summing up the responsibility, committee members found that almost everyone concerned was guilty of negligence to one degree or another—management, the miners, the mine workers' union, state bureaus and federal bureaus." Chairman Corbin (R-Ore.) told the Senate the committee recommends federal legislation giving the U. S. Bureau of Mines or some other federal agency authority, not only to promulgate an adequate safety code, but also authority to enforce it.

mid-afternoon. The number of those enrolled has not yet been announced but is estimated to be the largest in several years, according to Dr. R. J. Jay, college dean and director of the summer school. Registration will continue for late-comers until June 12.

Class work will begin tomorrow on all departments of the college. A faculty of fifty members is carrying on the work in the college proper and at the Training School on the campus. Student teaching and demonstration and observation work for teachers attending the college are part of the summer program.

QUIZ BUSY  
New York, June 4.—(AP)—For two days Patrolman Andrew Stiefvater watched a 17-year-old boy repeatedly enter and leave an office building. His suspicions aroused, he demanded explanation. The boy had been visiting radio studios and still held tickets for 25 programs, mostly quiz shows.

## WILSON TAKES BOYS LEAGUE 6-4 VICTORY OVER LOCALS START DRILLS

### Jerry Chitty Shows Promise As Hurler And Leads Team At Bat

By BERT MOYE  
 The Wilson Tobs mixed timely hitting with the aid of two costly errors to take a 6-4 decision over Manager Pare's Greensies last night. The win for the Tobs was their fourth over the Greensies this season.

Jerry Chitty, pitching his first pro ball game, who received credit for the loss, turned in some mighty fine work on the mound and at bat. He allowed 10 hits, four walks, struck out seven men on the mound, while at the bat he led the team in hitting, getting three singles in four trips to the plate, one of which drove in the Greensies' first run of the game.

Manager Max Wilson of the Tobs, who opposed Chitty on the mound, allowed nine scattered hits, no walks, and struck out three in gaining his first pitching victory against the Greensies this season.

The Tobs did their scoring in the first, second, fifth and sixth stanzas last night. One run was scored in the first on a walk, wild pitch and a double. Two singles, a sacrifice and a passed ball netted two runs in the second stanza. In the fifth two singles and a stolen base gave them another run. Their winning runs came in the sixth on hit batsman, sacrifice, and two singles mixed with two errors.

The Greensies scored their first run in the third frame when Bobby Pare and Lynch singled in succession and Bobby came home on Chitty's timely single.

Their big inning was the fifth when they scored three runs to knot the count at four-all. Chitty singled, went to second on Jenkins infield out, Mauney singled to bring Chitty home, stole second, Tommy Lee singled to bring home Mauney, stole second, and Johnny Pare singled to bring home Lee.

Score by innings:

### First Teams Organized; Two Groups Hold Workout Today

Teams at Third St. and Training School were organized yesterday and are to begin workouts today and tomorrow. The teams at the Training School got the jump on the others by staging a workout this afternoon. Teams at Third St. will practice at their field Friday morning at nine-thirty.

Teams that will represent the Cotanche Park and W. Greenville areas had their organization meetings this morning and will work out on Friday.

Third St. will have a team in each league, the Tigers will play in the Senior League, the Giants will play in the Intermediate League and the Dodgers will compete in the Junior League. Training School will be represented by the Greensies in the Senior League, the Red Sox in the Intermediate League and the Yankees in the Junior League.

The leagues are graded so that any boy in Greenville can play ball with players of his own age and experience. Any boy who wants to play and has not signed up for any of the teams may get in touch with Boley Farley and he will be placed on one of the teams.

**MAY QUEEN**—Virginia (Ghny) Wright, senior and campus figure, was named Temple University's May Queen.

The justice department's actions in a situation which has brought a state grand jury's indictment of 78 persons for election law violations and the theft from a blown safe of some ballots on which the grand jury based the charges.

### Garsson Brings Shell To Court

Washington, June 5—(AP)—Henry Garsson obtained permission to bring a 100-pound, eight-inch shell into federal court today as a sample of the work done during the war by the 78,000,000 munitions combine he headed.

Garsson said the Chicago army ordinance district charged him with "obstructing justice" and "for that reason he went to Washington and obtained May's help."

"They told me they did not like me," Garsson testified. "One of them said it perhaps was due to religious grounds. But in the case of the eight-inch shell they said they

### No Relations With Nicaragua

Washington, June 5—(AP)—The United States is not "disposed to enter into official relations" with the new regime set up by revolt in Nicaragua.

The State Department today issued a statement that this was the government's attitude "pending further developments." A department official said this meant consultations with the other American republics.

This government's position was given today to Dr. Guillermo Sevilla Sacasa, Ambassador of the Nicaraguan government which was overturned on May 25-26.

### FBI Taken Off Vote Inquiry

Washington, June 5—(AP)—J. Edgar Hoover said today the FBI had questioned only six persons when the Justice Department decided last fall that there was no grounds for federal prosecution of alleged voting frauds in Kansas City.

This preliminary inquiry, the FBI chief testified to a Senate Judiciary subcommittee, was limited on instructions from Attorney General Clark.

The committee is inquiring into

### Indian Leaders Get Problems

New Delhi, June 5—(AP)—Seven Indian leaders who agreed to accept the British plan for settling India's political problems by partition buckled down with the Viceroy today to the job of ironing out some of the major administrative wrinkles which lie directly ahead.

Official sources said there would be one and possibly two more meetings to straighten out such problems as the process for establishing a commission to draw the boundaries between Hindustan and Pakistan, for setting up machinery of self-determination in such disputed regions as Punjab, Bengal, Assam, and the like.

### Davenport And Ewing Verdicts Upheld By Court

Raleigh, N.C., June 5—(AP)—The State Supreme Court today found "no error" in the convictions of Wall C. Ewing and Roderick Davenport.

Ewing was sentenced to 18-20 years imprisonment at the August term of Cumberland County Superior Court after being found guilty of manslaughter in the death of his wife, Mrs. Douglas Southerland Ewing. Defense counsel contended today a motion for a non-suit should have been allowed by Judge R. Hunt Parker.

Davenport was sentenced to 3-7 years imprisonment after being found guilty in Pitt County Superior Court of obtaining money by a big apple loan agency he operated. Testimony in the lower court showed he had loaned at 10 percent a week interest thousands of dollars he had borrowed on a promise to repay five percent a week.

## DIAMOND DUST

By BERT MOYE

Latest figures on the Greensies' pitchers are as follows: Larry Baldwin, five wins and two losses; Johnny Foell, six wins and four losses; Joe Alamo, three wins and four losses; Rex Benton, three wins and six losses; Hank Ranweiler, one win and two losses; Phil Redden, two losses and no wins.

Jake Daniel, former manager of the New Bern Bears, recently signed to play with LaGrange, Georgia, of the Georgia-Alabama League, at the first base position. During the recent sickness of their manager Jake handled the reins of the club for a short time.

Verne Blackwell has been working out with the Leafs the past few days, and the outfielder, who has been out of action for several weeks with a knee operation, is rapidly getting back in shape. He is expected to be a regular in the Leafs' lineup shortly.

The Greenville Greensies have won their last ten out of the sixteen games played by them for a percentage of .625 which is certainly a good sign that they are playing heads-up ball.

The Greensies will play their third double-header of the season here Friday night when they meet the Goldsboro Bucs under the arcs here at Guy Smith Stadium. The first game will get under way at 7 o'clock. The game was rained out here on Saturday night, May 24th.

Make your plans now to be on hand early Monday evening so that you can see Johnnie Jones, former Army staff sergeant, unfold his bag

## Red Blood Cells Must Be Kept Up If You Want To Feel Alive

Thousands Now Regaining Old Time Pep, Vigor and Drive By Releasing Vibrant Energy To Every Muscle, Fibre, Cell

Overwork, undue worry, and lack of certain foods often reduces the red-blood strength—and started, weak, puny blood just hasn't the power to keep up your energy and drive.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

**Side by Side**  
 With the roast, serve baked potatoes and baked stuffed tomatoes direct from oven to table. Add lettuce salad with Thousand Island dressing and fresh, chilled rhubarb sauce with cookies, and the meal is complete.

**Dress-up Dressing**  
 The difference between a mediocre salad and a good one is usually just a matter of dressing. Try this Thousand Island dressing on your lettuce salad: To 1 tsp. of Wilson's Mayonnaise add 3 tbsp. chili sauce, 5 tbsp. chopped stuffed olives or pickle, 1/2 tsp. grated onion, and 1 hard-cooked Clear Brook Egg. One-half cup heavy cream, whipped, may also be added, if desired. It's out of this world.

**Hot Weather Tips**  
 Salad plates are perfect for hot weather dinners. Be sure to have a good supply of Wilson's Certified Cold Cuts and Cheese on hand to serve with the salads.

Yours for good food,
