## GREAT RECORD MADE ON CITY TAX RECEIPTS

### Report To Aldermen Shows Unprecedented Collections; Favor Parking Meters

By CHESTER WALSH  
At the Board of Aldermen's meeting at the City Hall last night a report showed that the city administration has made another fine record in collection of taxes.

The report showed that the budget for the fiscal year 1946-47 general fund is \$211,715.09. Collections for 11 months of the year total \$194,879.50.

In addition, over-collections on certain items, \$1,789.91; due from the Utilities Commission, \$20,000 and \$1,000 due for a loan to the schools.

When June (last month of the fiscal year) collections are completed, the city will have made tax collections unsurpassed, as far as is known. The board complimented City Clerk and Tax Collector J. O. Dural and approved this and other reports.

The board agreed that parking meters will help to solve the parking problem here and agreed that the city will install them after further investigation in cities where they are in operation. After a factory representative had demonstrated a meter which showed that a motorist may deposit a penny and park for 12 minutes, or for five pennies or a nickel, he may park for an hour, the aldermen were impressed.

Mayor Jack Boyd appointed N. C. Brooks, Mosh G. Raynor and W. Z. Morton a committee to investigate. When the report is made the board will ask for bids from various parking meter manufacturers.

Alderman C. A. Bowers said nearly all business places on two blocks of downtown Evans Street favor the meters.

A request from City School Supt. June H. Rose for a permit to erect a cement block building for the school band practice room on city property back of the swimming pool was referred to a committee.

Attention was called to three ordinances which are constantly violated by some persons and firms. It is against the law for an awning over a street to be less than seven feet from the ground. Numerous awnings are only five feet. The ordinance prohibiting merchandise from being stored on streets, except while loading or unloading, was ordered enforced. A new ordinance will forbid persons from dumping trash, debris or garbage at any place in the city except at the city dump.

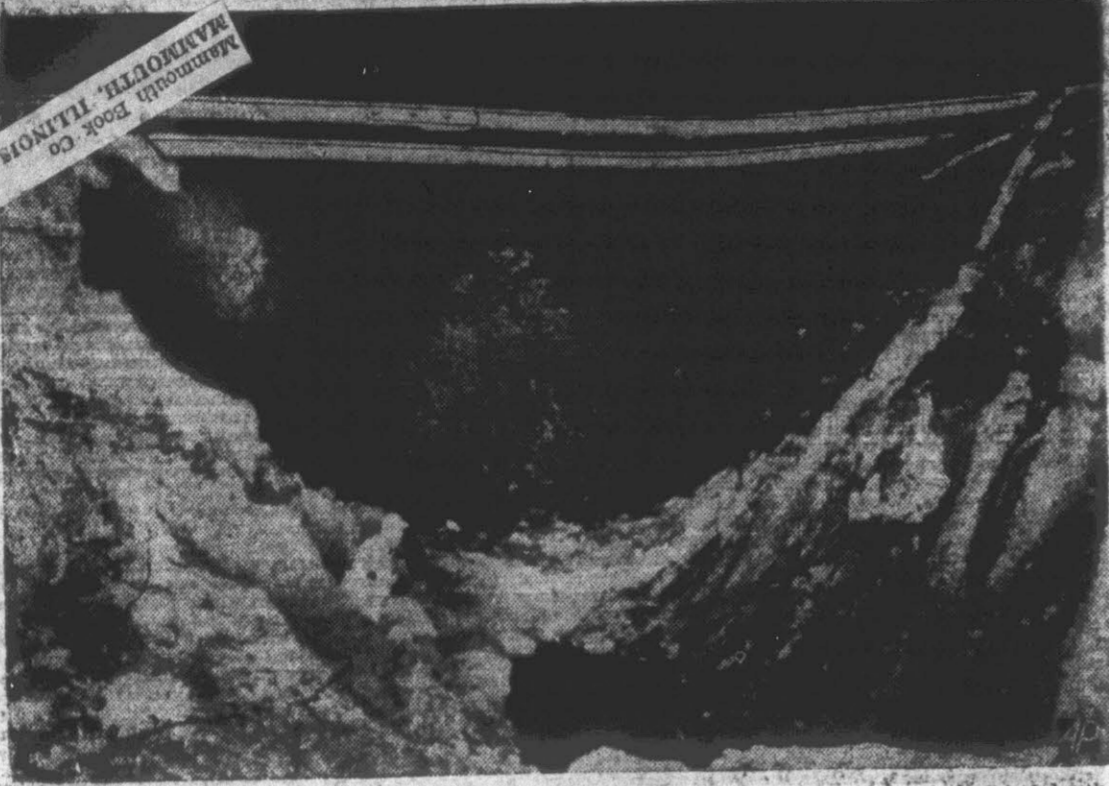

The board authorized the Negro fire department to take a reel and 16 men to the State Fire Convention at East Spencer in July and appropriated \$250 for expenses. This Greenville reel company has won the prize for expert work for nine years. Leroy Barnhill, leader of the Negro firemen, appeared for them.

The mayor appointed a committee and the city engineer to check a map of a subdivision of the C. W. Shuff property near the N.Y.A. center, before it is approved. The map shown last night provides for 60-foot streets within the subdivision but no plan is made for a street on one side of it.

Two new garbage collecting trucks were ordered to take care of additional population when the city limits are extended July 1. It is estimated that 3,500 persons will be added to the population and that \$2,000,000 of property will be taken in.

R. V. Keel and E. Hoover Taft provided the drainage pipe for an area in Skinner's ravine, between Third and Fourth streets, in the western part of town. The Carolina Dairy will erect a garage and (Continued On Page Eight)

## A Train Passed Over This Washed-Out Track

Photographer Joe Pohl of the Erie (Pa.) Dispatch-Herald, who took this picture of a wash-out under the Erie railroad track about an hour after the New York-Chicago Erie Limited passenger train had gone by this point, estimated the wash-out was at least 10 or 12 feet wide when the train passed over the "waving" rails. The locomotive and several cars passed safely, but a Pullman car was derailed a short distance beyond, injuring eight persons. Pohl estimated the wash-out was about 30 feet wide and 20 feet deep by the time he made the picture. (AP Wirephoto.)

## Final Action On Labor Bill In Senate Seen By Nightfall

### Some Demos Plan Another Critical Barrage Pining Hopes On Veto Message Strong Enough To Turn Tide In Their Favor

Washington, June 6—(AP)—Senator Taft (R-Ohio) said today he expects final congressional approval of the union-curbing labor bill by nightfall despite another critical barrage planned by a group of Democrats.

Taft also stood pat on his prediction that the bill will become law even if President Truman vetoes it. That means the Ohio senator is confident the Senate will muster at least a two-thirds majority on passage and maintain the margin on a veto test, if it comes.

House Republican leaders have no doubt their chamber can overcome any presidential dissent. The House passed the compromise bill by a vote of 320 to 79, better than four to one.

Senators Pepper (D-Fla.), Murray (D-Mont.), and Barkley (D-Ky.) planned to assail the bill. "I think there is a fairly good possibility of a veto today," Pepper said, "but you never can be sure."

The Florida senator said he and Murray intended to concentrate attack on changes made in the Senate bill by the conference committee which adjusted differences between the separate measures passed by the two chambers.

"At the conference bill," Pepper declared, "makes it all the more clear that the president will have to veto." (Continued on Page Eight)

## Give Up Waiting For Coal Miners

Washington, June 6—(AP)—Southern coal operators gave up waiting for John L. Lewis' miners to return to contract talks today and the meetings were recessed indefinitely.

Actual negotiations between the United Mine Workers and the Southern operators broke down Tuesday after the producers made public their offer of an 85 cent daily wage increase.

Squat, bespectacled Kawakita was ordered held for the Federal Grand Jury which will consider indictment June 11. He appeared near tears as the commissioner told him that treason is punishable by death.

Richard Hood, FBI chief here, said investigation disclosed that Kawakita obtained a passport in 1939 to go to Japan to study at Keiji University. He returned to the United States Aug. 15 1946, a year after the war's end, after obtaining a passport in Yokohama on the representation he was a student before the war years, the federal officer said.

In Washington, FBI Chief J. Edgar Hoover said Kawakita, son of a former Calico grocer, had, as camp foreman, assigned prisoners to "impossible tasks and cruelly and maliciously mistreated the men under his control."

Philadelphia, June 6—(AP)—A strike of 9,000 employees of the Campbell Soup Company was averted by a 14.7 cent an hour wage increase in what an official described as "one of the most difficult disputes" ever handled by federal conciliators.

The pact, signed shortly before midnight last night, came after 32 unsuccessful meetings among members of the union, the Food, Tobacco, Agricultural and Allied Workers (CIO) and the company.

Peter J. Manno, U.S. Conciliation Service Commissioner in this area, said a threatened strike would have idled workers at the company's Camden and Camden, N. J. plants and would have affected 3,000 farmers with millions of dollars worth of tomatoes.

## TAFT REPLIES TO ATTACK BY PRES. TRUMAN

### Declares President Has Created Conditions Which Caused High Prices

Washington, June 6—(AP)—Senator Taft (R-Ohio) today declared President Truman has "created all the basic conditions which compel high prices."

This was Taft's reply to Mr. Truman's assertion yesterday that the Republican Senate policy chief is following a "boom and bust" economic theory.

In a formal statement, Taft listed a five-point program which he said illustrated "the President's inconsistent talk about lowering prices, when every policy of his Administration has increased prices and is still doing so." He named these points in his reply:

1. Mr. Truman vetoed the first OPA bill and "then abandoned OPA control after Congress gave him full power to regulate most prices, including the price of all manufactured goods."
2. "The President encouraged a pattern of general wage increases all over the United States on the theory that they could be granted in all fields without price increases, a theory which even his strongest supporters immediately found to be unsound."
3. "The President has fought every effort of the Congress to reduce government expenses and taxes. Taxes increase cost and increased cost inevitably means higher prices."
4. By a veto of the Ose labor bill last year, the President "has resisted the effort to curb the power of labor union leaders which means higher wages for a very limited group of powerful unions but increased costs for everybody else."
5. "Huge dollar funds have been made available through the International Bank, the international fund, the British loan and many special loans, far beyond the proof of specific needs to which I have always voted to meet. This has, of course, forced up the price of many basic materials. x x x"

## Defendant In Lynch Trial Is Again In Court

Greenville, S.C., June 6—(AP)—Hendrix Rector, 32-year-old taxi driver who was one of 31 defendants acquitted in the recent Greenville lynch trial, was given a hearing today in Police Court on a charge of discharging firearms in the city, a case in which four Negroes were state complainants.

Rector denied the charge. Weided Arthur, a Negro, testified that while he stopped for a red light last night at the intersection of Main and Washington Streets a Commercial Cab Company taxi with two men in it pulled up beside him and blew. Arthur said he crossed when the light changed and that the cab again pulled alongside and that a man pulled out his gun and said "I ought to kill you." The Negro said he continued on his way but that the man shot and punctured his spare tire. Three other Negro witnesses corroborated Arthur's testimony.

## President Delays Final Tax Decision For Trip

Washington, June 6—(AP)—President Truman, putting off a final decision on the income tax bill, left by air today for a weekend reunion with World War I buddies in Kansas City.

The President's plane, the "Squadron," took off from the National Airport at 7:42 a.m. EST for the flight which normally requires a little more than four hours.

Mr. Truman will attend a reunion of the 35th division with which he served in France as a battery commander in the 129th Field Artillery. He will speak tomorrow night at memorial ceremonies for the division's dead of two World Wars.

He told reporters at the airport he will drive from Kansas City to Grandview this afternoon to visit his ailing mother, 94-year-old Mrs. Martha Truman. He recently spent several days with her when her condition became critical as a result of complications from a hip fracture.

The Chief Executive left behind with White House aides a survey of Cabinet and other Administration views on the \$4,000,000,000 Republican backed income tax legislation.

Mr. Truman will return to Washington Sunday and leave by train Monday night for Ottawa on a three-day good will visit to Canada.

He assigned to Presidential Assistant John R. Steelman the job of assembling Cabinet and other Administration views on the bill.

## United States Preparing Sharp Protest To Russia

### EXPLAINS WHY HUNGARY NOW RUN BY REDS

### Ruler Says Crisis "Solved" Before U. S. "Could Rub Its Eyes"

Budapest, June 6—(AP)—Matyas Rakosi, Hungary No. 1 Communist and virtual dictator, has told factory workers that his party took over control of this country "before the United States could rub its eyes."

"We were able to solve the crisis before the foreign press, good and bad, was able to intervene," Rakosi said. "Before the United States could rub its eyes, everything was perfectly put over."

"Such a task could only be carried out when democracy is united and is led by the brave and iron-fisted Communist party, conscious of its aims."

"This is why the feat has been acclaimed by the lovers of democracy all over the world."

Rakosi's description of the events which culminated in the resignation of Premier Ferenc Nagy was delivered Wednesday, but was not published in the press here. The excerpts were found today in an official text from the files of MTI, the official government news agency.

(With President Truman's approval, the U. S. State Department today drafted a hotly worded note to Russia protesting the events in Hungary. The note hinted at an appeal to the United Nations.)

President Truman's view—that the coup was an outrage—was not published in any Hungarian newspaper. Brief mention was made that the peace treaty for Hungary had been ratified by the U. S. Senate, but there were no comments.

## CRY 'FAILURE' IN ECONOMIES

### House Democrats Cried "Failure" Today as the Republican Drive to Cut \$6,000,000,000 From President Truman's \$37,500,000,000 Spending Estimate for 1948 Passed the Halfway Mark with About Two-Thirds of the Budget Disposed of.

The Democrats based their assertions on a cut of less than eight per cent in the War Department military budget which the House passed yesterday after adding \$46,000,000 for new airplane purchases.

The \$5,280,982,423 bill went to the Senate \$435,869,077 below budget estimates but with the plane fund added to the amount the House appropriations committee had recommended. The committee accepted the boost after acknowledging that it had made a \$280,000,000 error in its original report to the House.

The \$280,000,000 represents contract authorization for new planes. In its formal report the committee said this was in addition to recommended new cash of \$98,000,000. Yesterday the committee explained the \$280,000,000 actually was included in the \$396,000,000.

Immediately after the House acted, Chairman Gurney (R-SD) of the Senate armed services committee said he has asked the War Department for a report on the effect of the House cuts.

Correction

A typographical error in The Daily Reflector of May 28 gave a directly opposite interpretation of a statement made by Congressman Herbert Bonner in his recommendation that a subcommittee of the House Un-American Activities Committee be sent to investigate charges of subversive elements in the strike at the R. J. Reynolds Tobacco Co. in Winston-Salem, N.C.

The corrected paragraph reads as follows:

In a report to the committee Bonner said he is not concerned with labor-management issues, but with "alleged Communist domination" of local 22 of the CIO Food, Tobacco and Agricultural Workers union "which is quite possibly being used by the high command of the Communist party of the United States to foment racial feeling and to exploit the racial issue throughout the South."

This line of type was omitted.

## MORE DEADLY LETTERS SENT

### Stern Gang Claims Branch Sending Explosive Envelopes

London, June 6—(AP)—Scotland Yard reported today that nine new letter bombs for Britons had been found in the mails, making a total of 20 discovered since early this week.

Reliable sources said that all 20 of the "murder by mail" letters had been posted in Turin, Italy. Dispatches from Jerusalem, meanwhile, said the so-called Stern Gang, Palestine Jewish underground group, had announced that its European branch has been sending the bombs.

Scotland Yard said some of the new bombs were addressed to former cabinet ministers, but refused to name any of them or to say whether Winston Churchill was among them. A Churchill spokesman said the ex-prime minister had no knowledge of any bombs having been sent him.

Foreign Secretary Ernest Bevin and his predecessor Anthony Eden were among those to whom the earlier dynamite-laden envelopes were mailed. None of the bombs has been exploded, except in postal tests which have shown them powerful enough to maim—or kill a man. (Continued on Page Seven)

## Stassen, Dewey Hold Meeting

New York, June 5—(AP)—Governor Thomas E. Dewey, 1944 Republican presidential nominee, and Harold E. Stassen, only avowed candidate for the 1948 GOP nomination, conferred today, with both asserting afterward only Stassen's European trip was discussed.

In separate news conferences both said there was no domestic political significance to their meeting.

## Burying The Hatchet

### United States And Argentina End Long Feud; Background To Dispute; Braden's Fight And "Blue Book"; Messersmith's Attitude; The New Policy

By JAMES MARLOW

Washington, June 6—(AP)—The United States and Argentina finally are burying the hatchet. The dispute has been long and involved.

Until this week, this country's main complaint against Argentina has been this:

It didn't keep its word that it would get rid of the Nazis who had found refuge there and were up to Nazi tricks.

Here's a simplified story of the dispute. It began in 1942, after the U. S. had entered World War II.

In that year all the American republics, including Argentina, agreed to get rid of any remaining Nazis.

In that same year of 1945 Spruille Braden was sent to Argentina as American ambassador. He did not like what he saw. It was this:

Juan D. Peron, an army officer, was boss of the country. He was part of a military clique which overthrew the legitimate government in 1943.

Braden said Argentina, under Peron, was anti-democratic. He said it was a nest of Nazi agents.

Braden was brought back here and given a stronger spot for hammering away at Argentina. He was made assistant secretary of state for Latin America.

He laid down, and stuck to, a tough toward Argentina policy. He finally in 1948, under constant nag-

ging by the other American republics, Argentina declared war on the Axis.

But this wasn't done until just before Germany and Japan fell.

Pigford, of Rocky Mount, pianist, and Miss Betty Croom, vocalist of Rocky Mount, and room mate of the bride at East Carolina Teachers College, Greenville, presented a program of nuptial music, and the traditional marches by Wagner and Mendelssohn were used as processional and recessional.

The marriage of Chapel Hill, brother-in-law of the bride, and Adrien Brown, Jr., of Greenville, brother of the bridegroom, were ushers.

The couple approached the altar unattended. The bride wore a two-piece suit of light blue crepe with white accessories and a shoulder bouquet of pink rosebuds.

Immediately following the ceremony the couple left for a wedding trip to the mountains of Western North Carolina, after which they will spend the summer in Miami before resuming their studies at East Carolina Teachers College.

The bride, a senior at E. C. T. C., is the daughter of Mr. and Mrs. A. C. Cox of Stantonburg.

The bridegroom, son of Rev. and Mrs. Adrian E. Brown of Bridgeton, served overseas during World War II, and since his separation from the service, has been a student at E. C. T. C.

Early summer flowers were used to decorate the rooms where five tables were set for play. Miss Bridgers found her place marked by a corsage of white carnations. The place of Miss Edna Munford, bride-elect, was marked with a corsage of pink carnations.

An iced fruit drink was served during the games and later the hostesses assisted by Mrs. E. H. Gray of La Grange, Mrs. F. V. Johnston and Mrs. Jack Foley, Sr., served an ice course.

Miss Rosalie Brown won the high score prize and Miss Rosalie Taylor, the floating prize fell to Miss Pauline Bell. The honors was presented a gift of china in her pattern. Miss Munford was presented crystal. Mrs. F. V. Johnston, Jr., who is a

guest in the Johnston home, was also remembered. During the refreshment hour Mrs. S. O. Wilkerson and Mrs. S. L. Bridgers joined the players.

Hodges-Galloway

In a beautiful ceremony marked by simplicity and impressiveness, Miss Ruby Best Galloway, daughter of Mr. and Mrs. Raymond Hick Galloway of Grimesland, N., became the bride of Louis Elmore Hodges, son of Mr. and Mrs. Louis Eddie Hodges of Grimesland, N. C., on Sunday, June 1, at 6 o'clock. The wedding of this young couple was solemnized in the Christian Church in Grimesland. Mr. G. Henry Sullivan, pastor of the couple, officiated. Organ music, appropriate to the occasion, was rendered by Mrs. H. C. Haynes of Greenville, N. C., and the soloist, Mrs. Burt Greene, Greenville, N. C., sang, "I Love Thee" and "Because." After the vows were spoken, Mrs. Greene sang, "The Lord's Prayer."

The bride, given in marriage by her father, was lovely in a striking white dress with white accessories. She wore an orchid.

The bride's only attendant was her maid of honor, Miss Joanne Galloway, her sister. She wore a lovely dress of blue silk with harmonizing hat and carried an arm bouquet of red roses.

The bride's mother was becomingly attired in a black dress and wore a white hat trimmed in black. Her corsage was of white carnations. The groom's mother was attractively gowned in a black dress with matching hat and accessories. She wore a corsage of white carnations.

Fodie Hodges, uncle of the groom, her best man, Ervin Evans and Joseph acted as ushers.

The bride received her education at the Grimesland High School. The groom is also a graduate of Grimesland High School.

Immediately after the ceremony Mr. and Mrs. Hodges left for a trip to southern cities.

Memorial Baptist Choir Practice The choir of Memorial Baptist Church will meet for practice tonight at 8 o'clock. All members are urged to attend.

To Speak at Ridgecrest Rev. J. A. Nelson, Beverly, and Jack, are spending a week at Ridgecrest, attending the Baptist Training Union assembly. Each evening Mr. Nelson will bring the inspirational message to the large group assembled there.

Meadowbrook Community Club

The regular monthly meeting of the Meadowbrook Men's Community club was held last Wednesday night in the Meadowbrook Presbyterian Church, at which time all members were invited to bring their wives or sweethearts. The meeting to be known as "Ladies' Night." The attendance was good but not as many as had been anticipated by the committee that prepared the food. Mr. Cliff Rhodus, the congenial president, presided and after the blessing was asked by Rev. R. S. Boyd, all enjoyed a sumptuous supper of chicken, dressing and gravy, with all the side dishes that generally accompany such a meal. A helpful de-

votional was given by Rev. Haas, of Greenville, and Mr. Moore tendered his resignation as secretary and his successor, Mr. Bunk Roberts was elected.

The main feature of the program was a message brought by Rev. J. E. Hoyle, who interested and delighted all there by his mixed humor and inspiration with which he spoke, his subject being "The Challenge of the Christian Life. Few men have come to the club who filled the bill as well as Rev. Hoyle. He caught the spirit and purpose of the meeting and delighted all who heard him.

The club meets once each month for the purpose of developing a friendly neighborly feeling among the men of Meadowbrook. Mr. Cliff Rhodus is to be commended for the idea and the zeal back of the organization. It has the potentiality of great good in the community.

Mr. J. Nat Harrison, a commissioner to the general assembly of the Presbyterian Church, returned from Montreal last Wednesday night where he had a most interesting and enjoyable trip and the meeting of many old friends and acquaintances.

Strength FOR THE DAY

BELLS WHICH CALL US BACK.
When a church in one of our big cities installed a carillon recently a mother bought a 500-pound bell hoping that her boy, who in a spirit of willfulness and petulance had broken with the home ties and self, would hear and remember those whom he had left. The bell is tounded over the streets of a great city. Perhaps the boy may read in the papers or hear over the radio what his mother did. If in addition he also hears the bell, he will know that home and loved ones are still calling him.

God has arranged many a 500-pound bell to call you and me back to the enjoyment of life's best things. The largest bell of all is the Bible. But there is the bell of the preacher's voice which sounds out in warning against our sin and calls us home to the blessings of the gospel. There is the bell of happy memories which rings faintly but with infinite sweetness in mind and heart. There is the harsh bell of adversity. There is the booming bell of good cheer which bids us forsake the things that will never give pleasure and lay hold on those other things in which pleasure is immeasurable.

WASHINGTON LETTER

Washington — After doffing the coats of their business suits, putting on beaded vests and feathered headdresses and wrapping themselves in blankets, the nine Indians squatted on chairs in the office of Pughumthoe.

Pughumthoe is the name the Indians gave Rep. Karl Stefan (R-Neb). It means "Leader Man."

The red men, who represented 5,000 of their brothers in the Omaha, Ponca, Santee-Sioux and Winnebago tribes, had come to the capital by train to appear before congressional committees.

They wished to discuss the "need for retention of the Indian Service, tribal and individual claims and definite objectives for the federal government" in its relations with Indians.

During their visit the red men had a pow-wow with White Father Truman.

The Indians sort of hammered away at the idea that they were the first Americans but one of them explained:

"We do not feel we are greater than any other Americans. Neither are we less than they."

Generally they favor removal of government restrictions against them but insist that the government retain the Bureau of Indian Affairs until enough of their young braves are educated to take over.

One of their biggest gripes is the fact that it is "wrong for anyone to give these citizens a drink of beer or wine." It's against the law to sell intoxicants to Indians anywhere in the United States.

"The boys feel deprived," said Pughumthoe. "After all the fighting, they should have the same rights as other citizens."

Through the Bureau of Indian Affairs it is costing the government \$40,705,879 this fiscal year to look after the "First Americans" scattered over the continent from Point Barrow, Alaska, to the Everglades, Fla.

In between are about 50 reservations regulated by 64 Indian agencies and administered by most of the 11,373 Indian Affairs employees. The job is to furnish the equivalent of Federal State and local government to something less than 400,000 Indians.

Several weeks ago, Senator William Langer (R-ND), chairman of the Civil Service Committee, said it was about time the government let the Indian run his own business.

His committee has asked acting Indian Affairs Commissioner William Zimmerman to prepare a model bill showing how certain of the 200 tribes can be removed from gov-

ment supervision.
The Indian Office, in reference to giving the red man his "freedom," has this to say:
"There are no restrictions on him now. He may leave the reservation when he pleases. The bureau urges Indians to attend public schools and enter the white man's world."

Women IN THE CHURCH

Miss Maria E. Jones was born on a farm near Polo, Ill., in 1843, and died in Polo in 1916. Deprived of higher education in her youth, she helped educate others as her situation enabled her. When she died she left her Polo residence and a rich \$50,000 farm to the Board of Missions of the Methodist Church for the erection of a classroom and dormitory building at Nanchang Academy, Methodist boys' school in Kiangsi Province, China.

TO THE RESCUE!

"The problems of young people today are chiefly problems of human relationships," says Mrs. Arthur F. Anderson, president of the National Board of the Young Women's Christian Associations. "Our divorce rate is the highest in history, one in every three marriages, marital stresses and family problems have arisen through emotional disturbances and maladjustments which can be traced directly to inadequate and crowded housing. The family problems which have arisen and the maladjustment of young people have stemmed, in the majority of cases, from a lack of living space." To help relieve this situation, Mrs. Anderson points out the "room registries" maintained in every major city by the Y. W. C. A. to help girls and young wives find investigated rooms. Many thousand

**Norfolk Southern Officials On Visit**

Norfolk Southern Railroad Company officials came on a special train to Greenville yesterday afternoon on an inspection trip to look over the company's tracks and physical properties between Norfolk Va., and Charlotte, N. C.

A delegation of 30 or 40 Greenville businessmen met the railroad executives and welcomed them. While here the officials said the

inspection was being made with a view to making improvements preliminary to equipping their trains with Diesel-powered engines as soon as such equipment is available. Plans provide for improving freight mail and express service.

**Mrs. Annie Lancaster Died Here Yesterday**

Mrs. Annie C. Lancaster, 85, widow of Fred H. Lancaster, died at the home of her son-in-law and daughter, Rev. and Mrs. Ralph R. Johnson, here Thursday afternoon at 5:15. She had been critically ill five weeks and in failing health several years.

Funeral services will be conducted at Stony Creek Free Will Baptist Church, five miles north of Goldsboro, Saturday afternoon at 3 o'clock by the Rev. Jerome Hodges, Pentecostal minister of Roanoke Rapids, assisted by the Rev. C. J. Peyton, pastor of the Goldsboro Pentecostal Holiness Church. Burial will be in the church cemetery.

Surviving in addition to her daughter are a son, F. H. Lancaster, Jr., of Greensboro; four grandchildren; two sisters Mrs. G. C. Lancaster of Goldsboro and Mrs. J. R. Johnson of Middlesex; a brother, J. W. Collier of Goldsboro, and several nieces and nephews.

Palbearers will be nephews, Winfred and Willie Gray Lancaster, David and Lloyd Collier, and Sebastian and Cyrus Johnson.

**May. Boyd To Speak At Rose Hill Church**

A community sing and Fathers Day program will be held at Rose Hill F. W. B. Church Sunday afternoon at 3 o'clock. Mr. J. H. Boyd, Jr., mayor of the city of Greenville, will be the speaker for the afternoon. Mr. W. J. (Jim) Daniels of Edenon, N. C., will lead the singing.

A number of guest singers are expected. The featured soloists will be Mrs. Ollen McGowan, soprano; Mr.

**Smokey Says:**

Timber is the South's great natural resource. It is constantly renewing and growing. Fire is a destructive force. Help keep fire out of the woods.

Herman Nobles, base, and Mr. Macon Page, tenor. Among the quartets to sing will be the noted Hines quartet of Winterville and the Hollywood quartet. And of course, there will be singing by the whole congregation. Mrs. Hattie Lou Mills and Mable Ann Mills, mother and daughter, will sing a duet "Daddy Has Gone." One of the outstanding numbers for the afternoon will be a trumpet solo by Mr. Billy Cox of Cox's Mill.

The young folks to sing will be Bobby Wilson and Peggy and Jo Ann Williams.

The flowers for the decorations are being contributed by Mrs. Betty Mae Nobles of Greenville.

Gifts for the occasion are being contributed by Mr. P. R. Taylor of Ayden, Flanagan Buggy Co. of Greenville, and Mr. and Mrs. Linwood Haddock of near Greenville.

**WOMAN TROUBLE**

Wint.rop. Mass., June 6—(AP)—Five-year-old Billy Roach has outwitted a little girl who loved his dog more than she loved Billy. "They struck up a chance acquaintance and were getting along famously until she spotted her shaggy dog. He spotted her again after a three day search and reclaimed his pet."

**'RETONGA JUST WHAT NEEDED', SAYS N.C. LADY**

"Sometimes I Felt So Weakened And Fagged Out I Could Hardly Stay Up," States Mrs. Davis

"I have told lots of my friends it's grand medicine," declares Mrs. Marie Davis, Route 3, Marshall, N. C., one of the best known women in her country. Discussing this famous Vitaminized gastric tonic, Mrs. Davis gratefully continued:

"Retonga not only relieved distress of three years standing for me, but I have regained ten pounds of needed weight. I could hardly look after my house-work. I felt sluggish and tired, had no appetite, and what I did eat didn't seem to give me any strength. I felt high strung and easily upset. I had to resort to the use of laxatives continually, and I lost several pounds in weight. Sometimes I felt so weakened and fagged-out I could hardly stay up."

"Retonga surely brought me the relief I wanted. I now have a splendid appetite. I sleep well, and I feel so good that I am on the go all the time. Even the constipation is relieved. Retonga is the best medicine I ever saw."

Thousands praise this noted medicine. Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissette's Drug Store.—Adv.

## PEPPER WILL REMAIN DEMO

### Will Work With Wallace, But Won't Leave His Party

Washington, June 6—(AP)—Senator Pepper (Pla) said today he is going to stick with the Democratic party through thick and thin but will fight along with Henry A. Wallace to make it "the liberal party."

Pepper told a reporter he thinks the present Democratic leadership had better take heed of what Wallace is saying or it may find some of the citizens whose support it needs staying away from the polls in November, 1948.

At a news conference in Raleigh, yesterday, Wallace was asked directly if he would support Mr. Truman for reelection.

"That depends on—" he said, pausing a moment and then adding: "I would say 'No.'"

**Great Pocahontas Meeting**  
The twenty-fifth annual Great Council meeting of the Degree of Pocahontas of North Carolina was held May 19th and 20th at the Langren hotel in Asheville, North Carolina.

Several members of Withla Council No. 42 of this city attended. The two day council was opened with the death benefit meeting at 3 p. m. on Monday. At 8 p. m. a most impressive candlelight memorial service was held. All state officers who took part wore white evening gowns.

All business of the Great Council was held Tuesday. Mrs. Betty P. Nobles, of 1800 Myrtle Avenue of this city, was installed as Great Pocahontas of North Carolina and Mrs. Stella Fleming, Great First Scout, by Harry Albro of Cape Cod, Massachusetts, who is Great Prophet of the Great Council of the United States.

At 7 p. m. a banquet was held for members of the Degree of Pocahontas and Improved Order of Red Men. Immediately following the banquet a formal dance was held on the roof garden of the hotel which climaxed the two day meeting.

Home office explosives experts and Scotland Yard criminal investigation agents removed them and examined them for further clues to the senders.

### Recreation News

The Cotanche Park playground opened Wednesday with Miss Frances Hobgood as supervisor. On Thursday the attendance was 106. At West Greenville the attendance was 73. Mrs. R. C. Pierce is supervisor.

At Third Street Miss Pat Waldrop is supervisor. The attendance was 36.

There are capable workers at each playground and the children and mothers are urged to cooperate in attending the Third Street area. There are swings slides, a castle tower, games of all kinds at this park. Come and help make the program a success.

The Teen Age club opened yesterday in the cafeteria of the high school with Mrs. Jake Hadley as supervisor. Over 110 teen agers registered yesterday. The club will be opened from 3 p. m. to 6 p. m. each afternoon Monday to Saturday and from 7:30 p. m. to 10:30 p. m. each night, Monday to Saturday.

### Liquor Industry Doubles In Value

Asbury Park, N. J. June 6.—(AP)—An increase of more than 100 per cent in the U. S. liquor industry between 1941 and 1946 was reported to the World's Woman's Christian Temperance Union last night by Rep. Joseph R. Bryson (D-SC).

Addressing the world union's first convention in 10 years, Bryson said the liquor industry was valued last year in the United States at \$2,000,000,000 as compared to \$3,500,000 in 1941.

These figures refer to cost, not quantity of liquor.

## HELPS KIDNEYS

**Remove Harmful Impurities**  
Backache, loss of the old pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.  
So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out . . . increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water . . . helps that bladder irritation that makes you get up nights.  
Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Millions have taken it for three generations . . . often with wonderful results. Caution: take as directed.  
For free trial supply, send to Dept. X, Kilmer & Co., Inc., Box 1755, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

# GREENIES TOP WILSON WITH 5-3 SETBACK

## Alamo Hurls Fourth Winning Game Of Season; Chute Leads At Bat

By BERT MOYE  
Manager Johnny Pare's Greenies registered their third win of the season against the Wilson Tobs last night by handing them a 5-3 setback in Wilson's Municipal Stadium.

Joe Alamo, winning his fourth game this season for the Greenies, pitched eleven-hit ball which he kept well scattered and received perfect support from his teammates. He walked three men and struck out one man.

Lefty Monk Webb, losing his second game to the Greenies this season, pitched seven-hit ball, struck out three and walked two.

Greenville put across two runs in the first stanza when Mauney and Lee singled, and Ranweiler, who went into the game to run for Mauney, came home on Jenkins' infield out; Chute singled to bring home Lee.

The Tobs knotted the count at two-all in the third frame on three timely singles, but the Greenies came back in the seventh to go ahead again when Lynch singled advanced to second on a wild pitch and scored when Alamo hit to second baseman Sorgi, who threw the ball wild to first.

Greenville put across two runs in the eighth to provide them with the

win. Lee walked, Jenkins sacrificed him to second, Charlie Chute hit to left fielder Bangs for a single with the ball getting away from him which Chute converted into a home run to bring Lee in ahead of him. The Tobs ended their scoring in the eighth on a single, double and an infield out.

Charlie Chute with two singles in three trips to the plate led the Greenies' seven-hit attack.

Score by innings:  
Greenville ..... 200 000 120-5  
Wilson ..... 002 000 010-3

## East End Teams Hold Workouts; Play On Monday

The three teams from the East End staged workouts at the Training School yesterday. These three teams open the season Monday when they travel over to Third St. to play the opening games in the Boys Baseball League. The Greenies, the senior team from the Training School, take on the strong Third St. Tigers. The Giants of Third St. will play host to the Red Sox in the Intermediate League in the opening of the East End Yankees will play the game at 10:00 a.m. on Monday, and Third St. Dodgers in the afternoon.

The Third St. teams had their first formal workouts this morning and are ready to get off to a good start in the race for all of the league championships.

W. Greenville is expected to enter three teams. Their first workout was held this afternoon. They will open the season on Tuesday, when they play host to the teams from Third St.

From the looks of all the teams that have been working out there should be some good baseball played. Each team has its share of talent and leagues are arranged so that no boy is playing against his superior in age and experience.

**DIAMOND DUST**

By BERT MOYE

Sidelights: Greenies pulled three beautiful double plays in last night's game at Wilson to help Alamo get his win. In the first Bomar made a double play unassisted when Sanner hit a line drive to him. In the second a double play was executed between Jenkins, Lynch and Bomar, and in the fifth the same trio pulled another fast double play... Tommy Lee's catch of Manager Max Wilson's fly to deep center

really robbed the Tob manager of what looked like a sure hit in the ninth frame.

Willie Mauney turned his ankle in the first frame of last night's game and had to be carried from the field by his teammates. It was the same one which he sprained in Wilson several weeks ago. However, Manager Johnny Pare states that he was not hurt seriously and will be back in the game tonight.

Manager Pare has announced his choice of hurlers in tonight's twin bill with Goldsboro as being Johnny Foell, who will pitch the first game and Hank Ranweiler who will hurl the second game. Johnny will be after his seventh win of the season and Ranweiler will be after his second win for the season.

Paul Simmons, Greenies' catcher, who had a bad sprained ankle several weeks ago, has had the cast removed from his foot, but doctors state that it will be at least a couple of weeks before he will be able to get around very much.

The Wilson ball park is the only park in the league where the announcer does not give the summary of every inning to the fans. He also only gives the lineup once but announces any changes which may take place. It is certainly soothing on the nerves to sit there and score a game under such circumstances.

### U.S. And India

(Continued From Page One)  
always talked in terms of a strong India and a strong China stabilizing peace in Asia. China at the moment is anything but strong. India divided will be far weaker than India united would have been. The most authoritative American estimate is that the period of transition to self-rule will be marked by some rioting and bloodshed. The hope is that it will be local and not snowball into anything like civil war. Communists of course can aggravate natural conditions of unrest at such a time. American diplomats say the Indian Communist party numbers about 50,000 members—not large among India's millions, but energetic and resourceful. In the American view, what India needs is an uninterrupted opportunity to work out her own destiny. This means at the outset rapidly decreasing interference in Indian affairs by Britain; no interference by America and none by Russia. But if the Communists should make bad matters worse in line with some Moscow controlled policy it would be construed by U.S. officials as interference probably calling for American counter-action.

Burying Hatchet... (Continued from Page One) banged away at Peron for letting Max Wilson's fly to deep center

Nazis stay there. He kept this up even though Peron was chosen president by the people in a regular election early in 1946.

A few days before the election the State Department issued an attack on Peron and his government. This wasn't intended to help Peron. The attack was in the form of a Blue Book. It was full of Nazi documents captured by the American army in Germany.

The State Department said those documents furnished proof positive of Argentine complicity with the enemy.

The Blue Book charged the Nazis in Argentina had built up a carbon copy of the war machine built by the Nazis in Germany.

All this time the U. S. was attacking Argentina for not keeping its promises of 1942 and 1945 to get rid of the Nazis. Shortly after issuing the Blue Book in 1946, the U. S. sent George Messersmith to Argentina as American ambassador.

War began between him and Mr. Braden. Messersmith wanted a softer policy toward Argentina. Braden would have none of it.

Now the Argentine government has announced it has deported to Germany 60 top Nazis and is investigating 69 others.

As soon as it heard this, the U. S. started the wheels in motion for getting all the American republics together, including Argentina.

We've postponed ever since 1945 because Argentina didn't get rid

of the Nazis—a meeting of all American republics to draw up a mutual defense agreement.

This kind of agreement would protect western hemisphere countries from attacks by one another or outsiders. Now we're going to start talks with the others. All may meet within a couple of more months.

As if to clear the decks for all of this, Braden quit Wednesday and Messersmith quit Thursday.

Now the U. S. can set up a new staff—and a new policy—for dealing with Argentina.

Great Record... (Continued From Page One) storage house in the vicinity and agreed to fill in with dirt the pipe line.

Mayor Boyd recommended that a sub-fire station be established west of the Atlantic Coastline Railroad tracks for emergencies in that part of the city.

"It would be too bad if a long freight train blocked the way when the fire department was on its way to a fire in that area," it was pointed out.

An ordinance prohibits parking vehicles on the south side of Second street from Washington to Evans street. This will be amended to include Second street from Evans to Cotanche street, and on the west side of Cotanche street from Second to Third street.

The Board of Aldermen adjourned to meet again on Tuesday, June

17, in the courtroom at the City Hall, at 8 o'clock, when interested citizens may ask questions and be informed about the proposed zoning ordinance. The board will also meet on June 26 at 8 p. m. to wind up certain details for the closing of the fiscal year.

Complying with a complaint from the Greenville Garden Club, Mayor Boyd recommended that the board pass a law governing what may be erected in Greenwood Cemetery.

The club found fault with an unobscured black vault erected above ground for the purpose of burials. Prompt action will be taken on this matter, it was stated.

Algermen Raynor, Brooks and Morton are on this committee.

**Announcing The Hardale Airovac Tobacco Curing System**

The answer to bad curing barns, high fuel cost, insufficient curing space. Not another curer but a new system of curing.

**THE Hardale Airovac Curing System WILL**

1. Cut fuel cost approximately one-half.
2. Cut curing time one-half after yellowing period.
3. Permit 20% more tobacco in barn without sweating.
4. Bring tobacco in order in 3 to 4 hours.
5. Give you a cool barn in which to hang your tobacco.
6. Eliminate swell stems and cold corners. Makes temperature same in every part of barn.
7. Permits killing out at 140-50 degrees.
8. Will work satisfactorily with any type of heat.

This is not a new curer but a new method of curing that gives amazing results.
