FLOOD CREST HEADS TOWARD SAINT LOUIS

Leaves Behind Much Destruction; Danger Said Far From Being Over

St. Louis, June 11—(AP)—Four over at least a million acres of farmland, crests of the flooded Missouri and Mississippi rivers headed toward this river city today, leaving behind a scene of destruction in three midwestern states.

The Mississippi began to recede at Quincy, Ill., after a record peak of 23.3 feet. However, Col. W. M. Leaf, district army engineer, warned the danger was far from over.

He said the crest was nearing the St. Louis district levee, across Hannibal, Mo., where some 120,000 additional acres would be affected if the levee gave way. Water was estimated at about six inches from the levee top. Evacuation of the area was underway.

On the Missouri river some 900,000 acres were flooded in the Glasgow-Boonville area where only six levees remained standing—five of which were expected to be washed out at any time.

Farmers near the confluence of the Missouri and Mississippi rivers, with the help of army engineers and the coast guard, began evacuation of the area in anticipation of a repetition of the flood last April, but the weather bureau here said that the high water in this area was not (Continued on Page Two)

Flooded River Swirls Over Ottumwa, Iowa

Flood water of the Des Moines river swirls past a hydro-electric plant at Ottumwa, Iowa, hardest hit of many towns inundated by the middle reaches of the Mississippi river and its tributaries. The electric plant is out of operation and the high water threatens to undermine its foundation. Ottumwa had seven of Iowa's 11 deaths attributed to the flood. (AP Wirephoto)

ALLOT BIGGER SUGAR QUOTA

U.S. Gets Extra 350,000 Tons From World Sugar Pool

Washington, June 11—(AP)—Prospects for an end to household sugar rationing by July 1 brightened today as the United States was allotted a bigger share of the world sugar pool.

The International Emergency Food Council, inter-government agency which divides scarce foods among importing areas, granted this country 350,000 tons more than originally had been allotted for this year.

This increase is equivalent to about five pounds a person.

A highly placed Agriculture Department official who asked that he not be named said the additional supply should be enough to permit rationing to householders, if not to institutions and to industrial users, to be dropped by the end of this month.

He said supplies available for the last half of the year should be sufficient to allow consumption—including industrial use—at the pre-war rate of nearly 100 pounds a person.

The new allocation for the United States is 7,150,000 tons, compared with an earlier allocation of 6,800,000 tons. Pre-war consumption averaged about 6,700,000 tons annually. However, the population is (Continued on Page Two)

Strong Note To Russia Sent By United States

Reportedly Carries Threat To Take Hungarian Case Before UN; Proposes Joint Inquiry Of Situation In Hungary

Washington, June 11—(AP)—The United States today sent Russia a strong protest against the Soviet upsets of Hungary's government.

The State Department note reportedly carries a threat to take the case before the United Nations if necessary.

The main proposal for action contained in the protest is understood to be a request for a joint American-British-Russian investigation of the situation in Hungary. It was possible that some last minute changes were made in the text of the note by Secretary of State Marshall, who went over it finally shortly before it was sent out.

State Department officials declined to detail the note's proposal immediately, but it was learned that the message on this country's views was sent to Soviet Lieut. Gen. V. P. Sviridov, chairman of the Allied Control Commission in Hungary, with copies to Moscow and to London.

As the document was originally prepared, it accused the Soviets of unjustified interference in the internal affairs of Hungary, and of violating the Yalta agreement. It proposed the three-power investigation with the threat of taking the whole case to the United Nations unless satisfactory information can be turned up, absolving Russia of the American accusations.

(The late President Roosevelt, Prime Minister Churchill of Britain and Generalissimo Stalin of Russia reached an agreement at a Yalta conference regarding policies to govern occupation of enemy nations.)

Diplomatic officials indicated today that the term "United Nations" is not actually used in the text of the note as finally sent, but said there was no mistaking that an appeal to the United Nations is the ultimate move.

DIRECTORS IN BUSY MEETING

Chamber Of Commerce Favors Federal Labor Bill

The Directors of the Greenville Chamber of Commerce, at their meeting held on June 9, voted to urge President Truman to sign the labor bill recently enacted by the Congress: opposed consolidation of the United States Employment Service with the United States Labor Department; opposed consolidation of Federal Home Finance Agencies with War Liquidation Activities and Subsidized Government Housing Activities; directed the secretary to attend the session of the Southeastern Institute for Commercial Organization Secretaries to be held at Chapel Hill June 22 to 28, and unanimously endorsed the adoption of a standard zoning ordinance for the City of Greenville.

Directors also heard a report from Executive Secretary Willard T. Kizer to the effect that the Interstate Commerce Commission has postponed from May 29 to July 29, 1947, the effective date of cancellation of the depressed freight rates established in 1931, between northeastern and eastern seaboard points into North Carolina. Counsel for the Carolina Shippers' Association, protestants in this action, have appealed the decision of Division 3 of the ICC to the full commission. The result of this appeal has not been announced.

The Chamber's Legislation and National Affairs Committee was requested to attend a National Affairs Conference for this area to be held in Rocky Mount on June 20. This conference is sponsored by the U. S. Chamber of Commerce to acquaint businessmen in the area and Chambers' National Affairs Committees with happenings in Washington.

The board, in opposing the consolidation of the U. S. Employment Service with the Labor Department, based its opposition on the fact that the Department of Labor serves mainly labor, while the Federal Security Agency serves both employers and employees. President Truman has recommended that consolidation be made with the Labor Department instead of the Federal Security Agency.

CAR INDUSTRY ENSNARED IN LABOR CRISIS

First Sitdown Strike In Ten Years Forces Plants To Halt Work

Detroit, June 11—(AP)—The automobile industry became ensnared in new labor troubles today as farmed production shutdowns at plants of the Hudson Motor Car Co. and the Continental Motor Co.

A sitdown strike of 1,200 Continental workers developed a few hours after 15,000 Hudson CIO United Auto Workers refused to cross picket lines set up by an estimated 6,000 union office workers who are now seeking wage increases.

Three two newest strike developments came within hours averted through a zero-hour contract agreement between the CIO United Auto Workers and the Briggs Manufacturing Co.

Continental's sitdown strike was the first in the industry since one occurred at the General Motors Buick plant in Flint more than a decade ago.

A spokesman for Continental said the strike came after some production workers had been disciplined for refusing to work.

He said the company has been negotiating on wage increases with the UAW-CIO during which it has insisted that such increases must be met by union recognition of the need for full cooperation in turning out a fair day's work.

Union officials were not available for comment on the company's charge that the "sitdown" followed discharge of two employees for stoppage of work. (Continued on Page Six)

Fire Destroys Planes, Hangar

Honolulu, June 11—(AP)—A roaring fire destroyed the main hangar and two transport planes at Honolulu airport last night.

Unofficial estimates placed the loss at \$1,000,000 or more. Planes destroyed—equipment, machinery and plane parts as well as a Navy C-54 "Skymaster" and a trans-Pacific Airlines DC3.

One firefighter was treated for minor injuries in the only reported casualty.

Chinese Protest To Mongols And Soviets

Gov't Said To Consider Russia Responsible For Attack On Chinese Territory; Fighting Said Still Going On

Nanking, June 11—(AP)—The Chinese Government today instructed its ambassador in Moscow to protest to both the Soviet Government and the Outer Mongolian minister there over alleged violation of the border in remote Sinkiang Province of China.

Chang Yuan-chang, foreign office spokesman, said this action indicated the Chinese Government considers the Soviets responsible for the attack on Chinese territory by a band of Mongolians supported by planes with markings described as Soviet.

Chinese dispatches from Sinkiang said fighting still was "raging unabated" between Outer Mongolian troops and Chinese four days after a Mongol cavalry battalion dipped 50 miles into China on a punitive mission.

Two Chinese soldiers were reported killed and others wounded in the initial assault Friday on Peitashan by Mongolians angered at failure of Chinese authorities there to release eight Mongolian soldiers seized earlier by a Chinese border patrol.

Reliable sources here said the (Continued on Page Two)

COAL STRIKES REACHING END

Miners Slowly Returning To Work After Union Appeal

Uniontown, Pa., June 12—(AP)—Wildcat strikes by some 17,000 soft coal miners protesting current labor legislation were gradually ending today as AFL-United Mine Workers leaders appealed to the men to go back to work to protect the membership.

The return to work came as the steel industry began to feel the pinch of the work stoppage. The U. S. Steel Corporation reported it closed two more blast furnaces in the Pittsburgh district, making the curtailment because of coke shortages equivalent to 3 1/2 blast furnaces.

The steel corporation earlier had reduced operations equivalent to 1 1/2 blast furnaces to build up coke supplies in anticipation of the miners' paid holiday at month's end.

Miners at seven of the 23 struck mines in southwest Pennsylvania returned to work today, the navy coal administration's Pittsburgh district office reported. The mines em- (Continued on Page Two)

President Stresses Role Of U.S. In World Affairs

Full Inquiry

Washington, June 11—(AP)—A House Un-American subcommittee today ordered a full investigation of reports that Communists have penetrated into a CIO union representing employees of the Reynolds Tobacco company at Winston-Salem, N. C.

The action was taken, the committee announced, after it received a report of an eight-day inquiry by Donald Appell, committee investigator.

The union involved is the F. & T. Tobacco and Agricultural Workers Local No. 22 (CIO). The committee's announcement said the decision to conduct the investigation was based on evidence obtained by Appell.

Robert E. Stripling, chief investigator, said subpoenas have been issued or will be issued for approximately 12 witnesses for a hearing to be held late this month.

The subcommittee that ordered the investigation is composed of Representatives Vail (R-Ill.), Nixon (R-Calif.) and Bonner (D-NC).

N. C. WILDLIFE BOARD NAMED

Nine-Member Commission Appointed By Gov. Cherry

Raleigh, June 11—(AP)—Governor Cherry appointed today a nine-member N. C. Wildlife Resources Commission which, by direction of the 1947 Legislature, will succeed the division of game and inland fisheries on July 1.

The commission will hold its first meeting here June 18, but the governor said he would leave entirely to that group the task of selecting its chairman and director. The salary of the director will be fixed by the governor and council of state. Other members will be paid on a per diem basis.

Members, by districts, starting the first, are Joseph R. Winslow of Robersonville, Thomas J. White of Kinston, S. B. Coley of Raleigh, Harry A. Greene of Raeford, Frank T. Erwin of Durham, D. K. Sing of Charlotte, R. Floyd Crouse of Spartanburg, W. Kessie of Gastonia and Dan M. Furr of Asheville. Terms of the first three expire in January, 1948, of the second three in January, 1951, and of the last three in January, 1953.

Crouse will have to resign from the board of conservation and development when he takes his new office.

All of the appointees are members of the N. C. Wildlife Federation, statewide organization of outdoorsmen who sponsored the separation move.

Warns Surplus Potatoes In N.C. May Be Dumped

Raleigh, N.C., June 11—(AP)—Dumping of U. S. 1 grade Irish potatoes will begin in eastern North Carolina today unless farmers immediately halt harvesting. O. Tom Scott, state director for the Production and Marketing Administration, has announced.

Scott revealed that five carloads of U. S. Grade B spuds, purchased by the PMA at \$1.30 per hundred pounds under the potato price support program, were dumped yesterday and left to rot.

State Rep. J. V. Whitfield of Burgaw, chairman of the State Farm Bureau Federation's Fruit and Vegetable Committee, wired county agents in Currituck, Camden, Pasquotank, Tyrrell, Hyde, Beaufort, Pitt, Pamlico, Wayne, Duplin, Carteret and Columbus Counties:

"After consultation with PMA and Department of Agriculture officials urgently advise every potato grower to cease harvesting until Monday. If this is done, it should not be necessary for the government to buy U. S. 1 potatoes."

Meet Today For Special Study

The local Employment Security Office is meeting for training in Occupational Analysis at East Carolina Teachers College.

Those scheduled to attend the meeting are: M. G. Hill, J. W. Beach, Miss Blanche Lancaster and C. C. Love, State Office in Raleigh, P. B. Pollock, Area Supervisor, Raleigh, Miss Miriam Patrick from the Kinston Office, G. W. Albee, E. P. Gillikin and C. A. Hamilton, Jr. from New Bern office, G. W. Churchill, Washington, Howard Sexton, Williamston, E. W. Winstead, Mrs. Edna S. Burgess and L. E. Bray, Elizabeth City, E. G. Parkers, Roanoke Rapids and Audrey Gibbons, Mrs. J. B. Spelman and J. E. Pope from the Greenville Office.

GROMYKO HAS DAY "FULL OF COMPROMISE"

Calls For Strict Atomic Controls; But Keeps Plan Under Veto Roof

Lake Success, June 11—(AP)—Russia today called on the United Nations to establish a world commission "for strict international control over all facilities engaged in mining of atomic raw materials and in production of atomic materials and atomic energy."

Speaking in English, Soviet Deputy Foreign Minister Andrei A. Gromyko told the 12-nation U. N. Atomic Energy Commission that such an international group, operating within the framework of the veto-conscious Security Council, would have access to "any facilities for mining, production and stockpiling of atomic materials."

Gromyko said that in fulfilling its tasks of control and inspection, the proposed commission would have the right of "requesting from the government of any nation and checking of various data and reports on the activities of atomic energy facilities."

Yesterday Gromyko had told the commission's working committee that for him it was a day "full of compromises."

Since the Atomic Energy Commission (Continued on Page Six)

Child Patients 'Saw Something' In Nursery

Massillon, O., June 11—(AP)—Police Chief Stanley W. Switzer today said several child patients at Massillon City hospital "actually saw something" the night two infants were slain in the pediatrics nursery.

In a news conference Chief Switzer disclosed that Dr. Persis Simmons, chief psychologist of the bureau of juvenile research at Columbus, had questioned children patients who had been quarantined on the same floor with the nursery at the time of the slaying last Friday night.

"It has been sifted down," Chief Switzer told newsmen, "to the fact the children actually saw something. We believe they saw something."

"But, they are too upset emotionally for us to determine just what they saw."

Tobacco Men Wind Up Three Day Convention

Myrtle Beach, S.C., June 11—(AP) Discussion of present and future problems of the South's major crop—the flue-cured tobacco industry—highlighted today's concluding talks as the three-day annual convention of the Bright Belt Warehouse Association came to an end.

The export-conscious group, representing five flue-cured tobacco belts from Florida to Virginia, has delved deeply in the matter of extending foreign markets for its crop and since the meeting began has been listening to the advice of experts in the export field.

J. Con Lanier, secretary of the Leaf Tobacco Exporters Association, suggested yesterday that an export subsidy plan be worked out at a future date to help place the leaf on foreign markets.

Meanwhile, the group re-elected Fred S. Royster of Henderson, N. C., president for his third successive term.

J. E. Thigpen, assistant director of the Agriculture Department's tobacco branch, suggested that the association support a plan of market openings designed to assure "orderly marketing."

He recommended that markets in South and North Carolina open as early as practical. Old belt markets in North Carolina and Virginia, he advised, should not open before heavy sales are completed in the border belt.

Deadline Is June 16

By Next Monday Night President Truman Must Decide His Action On Income Tax Cut Bill And Also Several Million Taxpayers Must Make Quarterly Payments

Washington, June 11—(AP)—Monday, June 16, is a double deadline: For several million taxpayers and President Truman.

It's a double deadline by accident, but just because of that, it may mean a problem for those several million taxpayers.

Here's why: By Monday midnight those several million must make the second quarterly payment on their estimated income tax for 1947.

And by Monday night President Truman must approve or veto the new income tax bill.

The problem of the taxpayers and the answer follows: In 1947 most people will have their full income tax taken out of their wages and salary.

But some don't have any tax taken out of their income during the year and some know they'll owe more tax than is taken from them. The two groups in the paragraph above—there are several million of them—had to do something special (Continued on Page Two)

Godwin Bush Is Freed On Bond From Prison

Rich Square, N.C., June 11—(AP) Godwin (Buddy) Bush, who surrendered to officers after escaping from a band of armed men who removed him from the jail at Jackson May 23 in an apparent lynching attempt, was free today under \$1,000 bond.

The 24-year-old Negro was brought here yesterday under Highways Patrol escort for the funeral of his father.

At Raleigh, Governor Cherry said he was "sorry" Bush had left his refuge at Central Prison.

"I hope nothing will happen. I don't think anything will happen but I think every precaution should be taken," the governor said.

State Highway Patrol Command H. J. Hatcher who escorted Bush to the funeral said that after talking with numerous residents of Rich Square he had decided that there was "no feeling at all against the Negro."

Mayor Convinces Mob Lynching Does Not Pay

Huntsboro, Ala., June 11—(AP)—A 19-year-old Negro was alive today because Mayor Hurt Vann of this small, deep-South town had the courage to convince a lynch-bent mob that the law was better than the rope.

The Negro, Jimmy Harris, thus became the second within the past three weeks to escape a Southern mob intent on avenging the alleged attempted raping of two white women.

Harris was rescued yesterday by Mayor Vann, former Mayor H. M. Rutherford and his son, Phil, and City Councilman H. T. Ellison as he lay in the dirt, bound and with a rope around his neck.

The 48-year-old Mayor Vann said that when he and the others arrived they found Harris being beaten with fists and the other end

of the rope which the mob of "about 25" white men was threatening to swing over a tree near the center of town.

Vann said he told the crowd they ought to release the Negro because "that is the best way—we ought to let the law take its course."

Asked why he thought the mob, hot and hot-tempered in the 90-degree-plus sun, had released Harris, Vann replied, "We all cooperate pretty good around here. I told them this was the best way. We didn't want to give the town a black eye."

Rushed out of town by Vann and his companions, Harris was turned over to Sheriff Ralph Matthews who placed him in the Kilby State Prison for safekeeping. Matthews said the Negro was held on charges of attempted rape.

Mongolian Incident

If Chinese Official News Agency's Version Of Attack Is Correct, It Marks Another Phase Of Communism's Drive; Mongolia Puppet State; Eye On Sinkiang

By GLENN BABB

If the alarms being sounded in Nanking prove true, the worldwide struggle against the spread of communism has extended to the great interior plateau of Asia, the roof of the world. That is an area where nearly all factors are in favor of the Red forces; there is little anti-Communist elements can do to oppose any advance.

The Chinese official news agency's version is that troops of the Mongolian People's Republic (Outer Mongolia), supported by four battalions bearing Soviet insignia, crossed the border into Sinkiang, or Chinese Turkestan, and marauded some 40 miles before meeting opposition. That would be easy enough in those distant, desolate wastes.

The reason for the invasion, if such it is, remains obscure. Doubtless if there is military action in progress we shall have shortly some account from the other side, some familiar story of border violation or other justification for punitive action. It is doubtful that the outside

world ever will know much about what really is happening.

However, it is impossible to separate this flare-up on one of the world's most isolated frontiers from the worldwide pattern of Russian pressure and expansion. Outer Mongolia ostensibly is an independent republic, having won its freedom from China late in 1945 as the result of a plebiscite which followed the Soviet model of near-unanimity. The plebiscite itself was one of the concessions the Kremlin wrung from China in the treaty signed just as Japan was collapsing and which carried so many seeds of Russian-Chinese discord.

But Mongolian independence is strictly qualified. The first major act of the infant republic was to sign, on Feb. 27, 1946, a treaty of friendship and mutual aid with the Soviet Union. Soon thereafter Moscow was sponsoring its application for membership in the United Nations, a bid which was rejected by (Continued on Page Two)

Claims Senate Will Exempt Railroad Rate Pacts From Anti-Trust Laws

Washington, June 11—(AP)—Senator Reed (R-Kan) said today the Senate, with not more than 25 dissenting votes, will approve this week his bill to exempt railroad rate making conferences from the anti-trust laws.

He told newsmen he knows of only about three senators who want to speak further against the measure. But he added that if it appears he will act on night sessions, possibly starting tonight.

Reed said his only reason for his pressing for early action is that he does not want to tie up the Senate.

All the principal opponents of the measure, Reed said, have assured him they will not attempt to block a vote by delaying tactics.

Claims Senate Will Exempt Railroad Rate Pacts From Anti-Trust Laws

When Reed announced that he might seek to hold the Senate in session at night, however, Senator Russell (D-Ga) said he would be opposed and "I intend to squirm and protest against it (the bill) as vigorously as I can."

The bill, similar to one approved by the House last year, would exempt railroads and other common carriers from prosecution under the anti-trust laws for entering into rate making conferences approved by the Interstate Commerce Commission.

Senator Tobey (R-NH) who led attack on the bill yesterday, said its enactment would place a monopoly grip on the neck of American small business and the American farmer.

Promises To Help Nations That Want To Live In Peace... American Resources Will Be Used To Promote World Recovery; Calls For Completion Of St. Lawrence Project

Ottawa, June 11—(AP)—President Truman said today the United States intends to help those nations that want to live in peace with their neighbors, without coercion or intimidation.

He also promised that American resources will be used to promote world recovery by aiding those who are willing to make the "maximum contribution to the same cause."

Addressing the Canadian Parliament in a speech in which he called for completion of the St. Lawrence project, a subject which long has stirred controversy in the United States the President declared:

"We seek a peaceful world, a prosperous world, a free world, a world of good neighbors, living on terms of equality and mutual respect, as Canada and the United States have lived for generations."

"We intend to support those who are determined to govern themselves in their own way, and who honor the rights of others to do likewise."

"We intend to aid those who seek to live at peace with their neighbors, without coercion or being coerced, without intimidating or being intimidated."

"We intend to uphold those who respect the dignity of the individual, who guarantee him equal treatment under law, and who allow him the widest possible latitude to work out his own destiny and achieve success to the limit of his capacity."

"We intend to cooperate actively and loyally with all who honestly seek, as we do, to build a better world in which mankind can live in peace and prosperity."

In what was interpreted by many as an indication that the \$400,000,000 Greek-Turkish aid program and the \$350,000,000 relief measure for other devastated countries may be followed later by support for other countries, Mr. Truman asserted:

"At this critical hour in history we of the United States are deeply conscious of our responsibilities to the world. We know that in this trying period, between a war that is over and a peace that is not yet secured, the destitute and the oppressed of the earth look chiefly to us for sustenance and support until they can again face life with self-confidence and self-reliance."

"The President spoke after Canadian Prime Minister W. L. Mackenzie King quoted him as having said previously that "the breaking (Continued on Page Two)

Chief in Chapel Hill Today Police Chief James E. Tanner went to Chapel Hill today to attend a meeting of the executive committee of the North Carolina Police Chief's Association at the Institute of Government. He is chairman of the executive committee of 12 chiefs in the state.

Masonic Notice A special assembly of Hiram Council No. 18, Royal and Select Masters, will be held Wednesday night, June 25 at 8 o'clock. The assembly is called to confer Council Degrees on a class of candidates. Out-of-town councils will be represented. Supper will be served at the Hall at 6:30.

Entertainers at Kitchen Shower On Tuesday morning Mrs. Charles A. White entertained informally at a kitchen shower honoring Miss Elizabeth Bridgers, bride-elect of June 16.

Upon arrival guests were served coca-colas, party sandwiches and sweets.

Little Miss Anna Louise White, dressed as a maid, presented the honoree a dish pan, laden with gifts, tied with red ribbon.

The brides presented Miss Bridgers a handsome gift and also remembered Miss Mumford and Christine Hinkle, brides-elect, and Mrs. Cecil Whitehurst, nee Miss Harriet Cayford.

Farmville Kiwanis Club Told Of Milk Miss Hazel Garriss, president of the Laps' 4-H club entertained the Farmville Kiwanians last Monday night by giving a dairy demonstration. She was such a tremendous success with the Greenville Kiwanians.

Funeral Services For Edward Franks

Funeral services for Ernest Edward Franks, 53, who died at his home at Minnetonka Beach in Pamlico county Tuesday, were conducted this afternoon at 4 o'clock from the Arapahoe Methodist Church by Rev. L. C. Vereer, youth director of the Methodist Youth Group at the beach.

Mr. Franks was born and reared near Vanceboro. He worked in the civil service department at Cherry Point four years. He was custodian of the postoffice at New Bern for a short time last year. He was first married to Clara Sumner, who died in 1943. He married Mrs. Lonnie Turrage in 1945.

Survivors are his wife; one son, Elvin Franks, of Morehead City; two daughters, Mrs. Leslie Smith of near Vanceboro and Mrs. J. C. Lancaster, Jr., of Morehead City; one stepson, J. M. Turnage of the Navy; one stepdaughter, Mrs. J. H. Wilhelm of Havelock; two brothers, Glenn Franks and Cletus Franks of near Vanceboro; four sisters, Mrs. Irene Smith and Mrs. Perry Walls of near Epworth, Mrs. Lillie Holmes of Vanceboro, and Mrs. Mary Haddock of Cherry Point.

Mongolian ... (Continued on Page Four)

Deadline Is ... (Continued from Page One) Strictly by accident, and not by intention, the deadline for his signing or vetoing falls on Monday, also.

Will he veto it; it's widely believed he will. What will that mean? It will mean no tax cut at all this year, unless Congress, by a two-thirds vote, can repeal the bill over the veto. Not much of a chance.

Maybe some of those who are going to pay their second quarterly installment of estimated tax by Monday midnight, are asking themselves: Should I take a chance on the tax cut bill becoming law and cut down on my estimated tax for 1947 when I pay by June 16? The answer: Don't cut it down.

Have Father's Day Program Black Jack

On Sunday night, June 15, at 8 o'clock, the Black Jack Free Will Holiness Church will honor the fathers of the nation at a special Father's Day Program under leadership of Mrs. A. G. Gaskins and Mrs. Elijah Mills.

There will be special singing by the Hines quartet of Winterville, Nobles quartet of Greenville and the Conway trio of Greenville. Numbers will be sung by the All-Star Girls quartet of Black Jack, Edna Earle Mills will give a musical recitation, "God Bless Our Dads."

The special feature of the evening will be a dramatization, "I And the Lad." At the close of the program, gifts will be awarded the three oldest fathers present.

The public is invited.

Greenville Kennel Club Is Organized

The Greenville Kennel Club was organized here Tuesday night to work in cooperation with the American Kennel Club in the furtherance of pure-bred dogs and to stage dog shows for local dogs and dogs from other parts of the country.

Plans now are under way to hold a dog show here, probably in July. R. C. Stokes III was elected president; Charles D. Cobb, vice-president; Mrs. Frank G. Copeland, secretary and treasurer. Dr. S. M. Crisp, Dr. Joseph C. Bateman, Thomas M. Sellers, Charles H. Whedbee and Vann C. Fleming, Jr. compose the board of governors.

Other details of organizing the kennel club included adoption of a constitution and by-laws.

When the dog show is held in Greenville the American Kennel Club will send licensed judges here. Pure-bred dogs from various parts of Eastern North Carolina are expected to be sent here for competition.

Chinese Protest ... Allot Bigger ...

(Continued from Page One) Mongolian commander had issued a 48-hour ultimatum demanding the release of the captives. The Chinese garrison commander ordered the men freed, these sources said, but his order reached Peking too late.

The Government-sponsored Chinese Central News Agency correspondent at Tihwa, in a story dated June 10, said the bombing of Hedashan had continued up to the time he filed the story and fighting between Mongol and Chinese ground forces still was under way. One Chinese dispatch reported a 200-mile invasion of Sinkiang.

President ... (Continued from Page One) of the peace anywhere is the concern of peace-loving nations everywhere," and declared "this statement of American policy might equally be a statement of Canadian policy."

Flood Crest ... (Continued from Page One) expected to equal the overflow of 1944.

The Red Cross' midwestern headquarters estimated the number of homeless in Missouri and Illinois at 5,700 with another 15,000 believed to be still washed out in Ottumwa. The Des Moines river valley and other parts of Iowa, which have been under water since last week.

Twenty Marriage Licenses Issued

Register of Deeds J. D. Joyner today reported twenty marriage licenses issued in Pitt County since June 1.

Licenses were issued to Herman Wellenmann of New York and Beatrice Cherry of Stokes; William G. Connolly of Coral Gables, Fla. and Hazel Virginia Owens of Fountain; Ely K. Forrest and Betty Sue Tyson of Greenville; Thaddeus A. Whelshus of Stokes and Ester Jordan Corbett of Guilford College and Miss Moore of Greenville; John Stokes and Blanche Haddock of Greenville RFD; L. Busbee Pope, Jr. of Dunn and Ruby Stroud Britt of Ayden; Cecil Batchelor and Mary Louise Allen of Greenville RFD; William E. Hardee of Grimesland RFD and Myrtle Lee Manning of Chocod; J. W. Deadline Is ...

(Continued from Page One) Strictly by accident, and not by intention, the deadline for his signing or vetoing falls on Monday, also.

Will he veto it; it's widely believed he will. What will that mean? It will mean no tax cut at all this year, unless Congress, by a two-thirds vote, can repeal the bill over the veto. Not much of a chance.

Maybe some of those who are going to pay their second quarterly installment of estimated tax by Monday midnight, are asking themselves: Should I take a chance on the tax cut bill becoming law and cut down on my estimated tax for 1947 when I pay by June 16? The answer: Don't cut it down.

From 1934 to 1942 Sinkiang, which has a population of perhaps 4,000,000 and an area of about 600,000 square miles, was under virtual Soviet domination. A Russian controlled agency, the Sovintorg, monopolized all Sinkiang's export trade. Russian troops, wearing Chinese uniforms, were reported stationed at Hami. In 1942, when Russian fortunes in World War II were low, the Chinese succeeded in negotiating a Russian withdrawal and resumption of full Chinese control.

Sinkiang lies at the juncture of three tremendous land masses: Russia, China, and India. Were it more developed and less savage physically, Russian penetration there would doubtless cause immediate alarm throughout the Western world as well as China. But some of the world's greatest mountain ranges and most forbidding wastelands isolate it from the great Asiatic centers of population. Even so, with India soon to be cut loose from British protection and with China in tragic upheaval, there will be added cause for concern in Western capitals should the Red banner be carried across Sinkiang to the mountain passes.

Actualy the Mongolian People's Republic is one of the oldest examples of the puppet state, and one of the most effective. It moves at Moscow's bidding and if Russia does have designs on Sinkiang—and she has given evidence of such in the recent past—Mongolia would be a logical instrument for pushing them. The Mongolian Army, a farmed-out and feeble descendant of the hordes of Genghis Khan before the Russians came in, now is trained, supplied, guided by the Red Army.

A movement into Sinkiang would be a flowing back of Russian power rather than a new expansion. Russian influence for decades has been strong in that westernmost territory of China. The building of the Soviet's Great Turkestan trunkline railway brought it well within the Soviet economic orbit and this hold has been reinforced by the new feeder branches of the Turkestan built and building as part of the Soviet Union's current five-year plan.

Eighteen Local Youths Joined Army in May

Master Sergeant Virgil B. Lindsey, Commander of the Army Recruiting Substation in Greenville, has announced that a total of 540 young men from North and South Carolina joined the Regular Army during the month of May. Eighteen of these young men, listed below, were accepted through the Green-

ville substation: Walter B. Swindell, Norwood L. Little, Glen E. Diddy, James E. Speight and Edward K. Dixon, all of Greenville; Clarence F. Smith, Connie M. Little, James T. Newton and Robert G. Mumford, all of Ayden; Hubert E. Sheppard, Felix E. Asby, Osborn I. Walker, Edward R. Beacham and Henry F. Talley, all of Washington; Fred W. Harrison and Daniel D. Morris, of Snow Hill; David E. Chandler of Chocowinity. Sergeant Lindsey said that the GI Bill of Rights is still available to young men who are now enlisting in the Army. The month of

OH--HE ALWAYS GRINS FROM EAR TO EAR EVERY TIME HIS WIFE GETS ANOTHER LOAF OF DELICIOUS SOUTHERN BREAD!

WHICH IS OFTEN, OF COURSE!

Southern Bread
ALWAYS GOOD AND FRESH

ALWAYS ASK FOR SOUTHERN WHEN YOU ASK FOR BREAD

This delectable bit of femininity is Miss Alyce Ruth Bundy, a recent graduate of the University of North Carolina. She will represent Pitt County Post No. 39 as Miss Greenville in the American Legion beauty contest held in conjunction with the State Convention at Carolina Beach.

June is expected to be a peak month of the year in the Recruiting Service, due to the large number of high school graduates who have indicated their intentions of joining the new Regular Army for 18 months, 2 years or 3 years.

Combine Operators Must Get Permits

By S. C. WINCHESTER
County Agent

Operators of combines and threshing machines are reminded that they are required to obtain permits to operate their machines in North Carolina. The permits are obtained through the Register of Deeds office in each county of the state. There is rarely any charge for these permits, although handy daily record books are provided along with forms on which to report the acreage threshed and bushels obtained from this acreage.

Roberts Hears Fifteen Cases

In Police Court Tuesday 15 cases were heard by Judge Jimmy Roberts.

Drums: Oscar Anderson, colored, \$15; O. B. Drake, \$15; Raleigh B. Coburn (and disorderly conduct), \$15; Alfred Anderson, Jr., colored, \$20; Eddie Barrett, colored, \$20; William M. Johnston, \$15.

Larceny: Pettigrew Grice, colored, (auto) four months on roads; Robert L. Shirley was not guilty.

Disorderly conduct: John Donaldson, colored (and profane language and assault), \$25; Robert T. Cutler, \$15; Jack L. Parker paid cost.

Assault with a deadly weapon: Jimmie Jones, \$25.

Reckless driving: Allen G. Forrest was not guilty; James W. Clark,

Cases Tried In County Court

The following cases were heard by Judge Dink James in the county recorder's court Tuesday:

Disorderly conduct: James Langley, colored, paid one-half cost.

Non-support: Will Oscar Carr, colored, six months on roads suspended on condition he pay Pitt county welfare office \$3 per week for the support of his minor illegitimate child; John Wesley Harris, colored, paid up to date.

Assault with deadly weapon: Marshall Clark, colored, (and drunk and disorderly), 90 days, suspended on payment of \$51 to Marshall Buck and \$51 later to Marshall Buck and pay costs; James Crandall, colored, (and disorderly conduct), paid one-half costs; Arthur Tyson, colored, (and drunk and disorderly), \$50 and cost and 12 months on roads, suspended and placed on probation for two years, that he drink no intoxicants and not go to Ballard's Cross Roads except to pass through for a period of six months.

Sale of whiskey: Sam Cox, colored, four months on roads, suspended and put on probation for two years and to remain sober and

to work diligently and provide for his wife and children and pay cost of court.

Assault and battery: Marshall Buck, not pros.

Abandonment and non-support: Sam Cox, colored, was not guilty;

Mack Joyner, colored, six months, suspended on payment of \$30 by Thursday and \$5 per month each month hereafter and pay \$68 doctor bill by October 1 and in addition to keep doctor's bills paid up and not to change his address without notifying the welfare office.

"UNBLOCK"

your DIGESTIVE TRACT

And Stop Doing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get Carter's Pina right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pina today. "Unblock" your digestive tract for real relief from indigestion.

Strength FOR THE DAY

TRIUMPH WHICH NEVER ENDS

It is hard for us to realize that above the power and pretensions of man is the unmeasurable, immeasurable might of God, who never for a moment has been defeated and whose designs have never in a single instance been pushed aside by the willfulness of man.

The emperor Julian, known as the Apostate, was a fearful enemy of Christianity. It happened that as he lay on his deathbed, one of his pagan subjects was poking fun at his Christian neighbor and ridiculing the idea that Jesus, in whom this neighbor put his trust, was still alive and was reigning as King in the unseen realm. "What," asked the pagan, derisively, "do you think this Son of a carpenter, whom you profess to worship, is doing now?" The Christian, remembering that Julian the Apostate who had an unsuccessful assault on Christianity was lying at the point of death, replied quietly, "Maybe our carpenter's Son right at this moment is making a coffin."

We can go along for years thinking we can have our own way, and then sometimes we discover that through all these years we have been almost walking down a blind alley. There is no power in this universe but the power of God. The carpenter's Son triumphed 2000 years ago, and he has opened a way of triumph for everyone who is willing to walk therein. When men think they can defy him, they are pitiful little pretenders. All power is his, and through him is ours.

WASHINGTON LETTER

Washington—Former Sen. William H. King of Utah is going back to Salt Lake City to "settle down" after 50 years' residence in the capital, during eight of which he served as "official" mayor.

"I'm leaving with tremendous regret," the tall, kindly man whose mind is "pushing 80" told me at a party.

King, who came here in 1896, can't quite seem to call Salt Lake City home.

He was a foreign missionary of the Mormon Church while yet in his teens, but from the age of 20 onwards he has devoted himself almost exclusively to public office in his native state and in Congress, both House and Senate.

Back in Salt Lake the former Democratic salon expects to reopen his old law office.

He spent four years in the House of Representatives—1897 to 1901—and then, after 16 years, entered the Senate in 1917 and served until 1941.

In the Senate he was noted chiefly for his interest in foreign affairs, but he served on the committees on finance, immigration, mines, judiciary, elections, territories, District of Columbia and insular affairs, and on a special committee to investigate air and ocean mail contracts.

As chairman of the Senate District Committee, he is credited with helping shape this city's destiny and planning for many of its landmarks.

Long-opposed to setting the District apart as an independent municipality, King says that Washington as a capital represents not just its citizens but all citizens.

He believes there is a great necessity for men of courage, independence and integrity to enter public life. He feels the United States will "carry the banner" of world leadership and the emblem of justice and liberty.

But he warns we're still "students."

"Our preparation develops continually. We're not as we should be in all respects, but we're going forward."

Looking back over his years in Congress the former senator said he considered his first speech, delivered in his 20s in the House in 1897, his best speech. It urged the United States to intervene in behalf of the Cuban revolutionists who were seeking to wrest their island home from Spain.

King was a member of the Democratic minority. His speech was sufficient to cause the Republicans to dispatch two senators and a repre-

sentative to Cuba to "look things over. They came back with the same story of horror and oppression he had related. Then came the Maine disaster, and America entered the war that freed the island.

The first settler of Boston was William Blackstone, who built a hut on what is now known as Beacon Hill and planted an orchard on what is now Boston Common.

CIO Supporting Anti-Lynch Law

Washington, June 10.—(AP)—The CIO urged Congress today to start hearings on anti-lynching bills immediately "in order that adequate legislation may be secured during this session of Congress."

CIO Secretary-Treasurer James B. Carey made public telegrams to chairmen of House and Senate judiciary committees saying:

"The Congress of Industrial Organizations believes your committee has a clear mandate, in view of the history of the crime of lynching, to approve federal legislation against denial of simple justice."

NOTICE OF HEARING ON CREATION OF WINTERVILLE SCHOOL DISTRICT OF PITT COUNTY
Notice is hereby given that on July 7, 1947, at 11:30 o'clock A. M., at the office of the Board of Education of Pitt County, the Board of Education of Pitt County will hold a public hearing upon the question of creating a school district, to be known as the "Winterville School District of Pitt County," comprising the following described territory located in Pitt County:

Beginning at the Wood McGlohom old store site at a point immediately south of Hancock Church, including Wood McGlohom lands and Josephus Cox Farm; thence with the Ayden School District line to Fork Swamp; thence up Fork Swamp in a northerly direction to the road leading to Haddock's Crossroads, said road being the Ayden School and Winterville School District line; thence in a northerly direction along the Ayden School District line to a point where Ayden and Chicod School Districts meet; thence in a northerly direction along the Chicod School District line to and including the lands of Charlie McCoy, the eastern boundary of said lands being the Winterville School District line; thence in a northeasterly direction to the J. H. McGlohom farm and including said farm; thence in a northeasterly direction to the lands of Louis Branch on Highway No. 43; thence along the eastern boundary of Herman Garris and R. H. McGowan lands, both lands being included in the Winterville District; thence to Hardee's Run and up said Run to the road leading from Highway No. 264 to Bell's Fork; thence up said road to the Norfolk Southern Railroad at a point where Greenville District line crosses said railroad; thence west with the southern right of way of the Norfolk and Southern Railroad to a point on the said right of way line over Greens Mill Run just south of railroad trestle; thence up Greens Mill Run and Patrick's Mill Run in a southwesterly direction and a westerly direction; thence in a northwesterly direction crossing the Atlantic Coast Line Railroad and State Highway No. 11 at the Ralph Garrett place, including the said place and the Cliff Edward's property or Harvey property; thence up the Mill Run from this farm to the northern boundary of the Country Club; thence around and including the Country Club property; thence

up Patrick's Branch to and including the Ben Jolly farm; thence in a northwesterly direction and including the following lands adjoining the Jolly farm—J. T. and J. B. Manning, H. P., N. S., N. W., and R. K. Tyson, lands of Mrs. James Case, and J. L. Joyner, and the Charlie Smith farm; thence in a westerly direction to the corner of May Bet Crawford farm, which is not included; thence to corner of Elias Crawford farm, but not including said farm; thence in a westerly direction to a big ditch in the northwest corner of Henry Forlines land, which is included; thence with the Forlines and Dr. B. T. Cox line and including all the lands of the late Dr. B. T. Cox; thence in a straight line to the north corner of

Oscar Speight's Cobb farm near Warrens Chapel Church; thence in a southerly direction around Oscar Speight's Cobb farm toward Noble Town and including all the lands of Oscar and Louis Speight, district line being their western boundary; thence in a southerly direction around the Royce Tucker farm, owned by Chester Worthington, to Little Conketter Creek; thence along the said creek to the Ayden School District line; thence in an easterly direction with the Ayden School District line across Highway No. 11 to the Wood McGlohom old store site, the beginning.

At the time and place stated above any taxpayer or other interested person may appear and be heard.
Dated this 3rd day of June, 1947.
D. H. CONLEY, Secretary, June 4-11-18.
Board of Education of Pitt County, North Carolina.

THE WAY TO GO . . .

AUTOMATICALLY . . .

WITHOUT A CLUTCH PEDAL—

GM GENERAL MOTORS HYDRAMATIC DRIVE

*Optional extra cost

All signs point to the new Oldsmobile with GM Hydra-Matic Drive . . . as the year's smart choice in ultra-modern transportation. For when you go the Hydra-Matic way, you go without shifting—you go without pushing a clutch. You get livelier performance . . . automatically. Greater safety . . . automatically. Improved economy . . . automatically. And as you relax and enjoy the ride, the gears shift for themselves . . . automatically . . . through all four forward speeds!

Hydra-Matic Drive is built and backed by General Motors—has been proved in the hands of more than 300,000 Oldsmobile owners during the past 7½ years. Today, the lowest-priced car to offer GM Hydra-Matic Drive* is the 1947 Oldsmobile—just as smooth to look at as it is to drive—just as smart in ultra-modern styling as it is in automatic driving ease!

Prefers Jail To Making Apology

Lexington, N. C., June 11—(AP)—Oliver A. Farabee, veteran service officer here, today entered the Guilford county jail prepared to serve a 15-day sentence rather than apologize in the courtroom of Judge Farabee, a retired navy petty officer, said he had recommended with Justice of the Peace Harvey L. Beck over criticism orders affecting veterans. In the contempt order, the magistrate asserted that Farabee had threatened to do him bodily harm and had used contemptuous language. Farabee denied that Beck was talking court at the time he talked with him and stated he had not threatened him.

Troops Flown To Bolster Defense Of Chinese City

Nanking, June 10—(AP)—Artillery regiments were flown into Mukden today to strengthen the Manchurian city's outer defenses as strong Communist forces battered Szeepingkai to the north and the Fushun area, to the east. Mukden dispatches to the pro-government newspaper Hsin Min Pai said 50,000 Red troops had renewed attacks on Szeepingkai, 60 miles southwest of Changchung on the Mukden-Changchung railway. The same dispatch said severe fighting had developed around government-held Fushun, 20 miles east of Mukden. The report said the Communists appeared to be moving troops in to form an arc around Mukden on the north and east. From Changchung, the official central news agency reported the arrival of Gen. Sun Li-Jen, American-trained former commander of the government's crack first army. He opened a restaurant yesterday.

Urges Means To Recall Congress

Washington, June 10—(AP)—Speaker Joseph W. Martin, Jr., of Massachusetts said today that when congress adjourns—as it hopes to do next month—it should leave the way open for its own leaders to recall it into session if necessary. It could do this by adopting a resolution providing for a special session at the order of party leaders in both the senate and the house.

PROMISE KEPT

Livingston, Mont., June 11—(AP)—When ex-Marine Joe M. Bentley was half starved as a prisoner of the Japanese following Wake Island's fall, he resolved he'd never let himself get hungry back in the states. He opened a restaurant yesterday.

9 Big Features in 1 Great Gasoline

Fred H. Martin Elected Head Of Student Govm't
Fred H. Martin of Asheville has been elected president of the Student Government Association of East Carolina Teachers College for the summer session. Martin was president of the association during the regular 1946-1947 school term and in the spring was reelected to serve during the 1947-48 term.
Chosen also as officers for the summer session were Anne Beddard of Snow Hill, secretary, and Margaret Carr of Wallace, treasurer. Six newly elected members-at-large of the student council who will hold office for the summer are Harold Woolbridge of Hopewell, Va., George Jackson of Washaw, Jack Kimbrell of Concord, Ruth Krank of Poplar Branch, Robert Martin of Rich Square and Sue Cotten of Kipling.

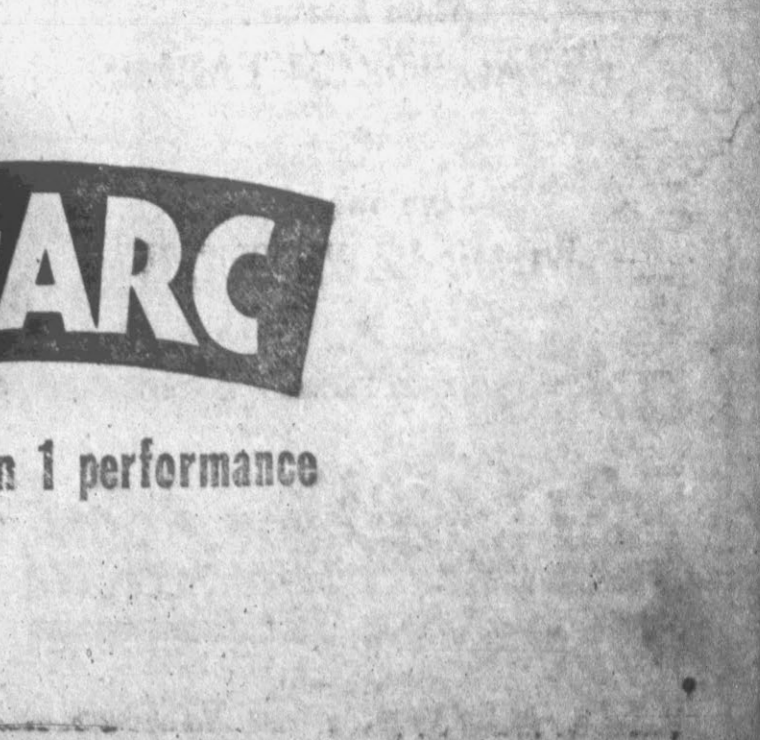

Denounce Action By Bulgarians

Washington, June 11—(AP)—The United States today denounced the Bulgarian government's arrest of Nicola Petkov, anti-Communist leader in Bulgaria.
A statement issued by the State Department said that in putting Petkov on trial the Bulgarian government is also putting in the minds of many Bulgarians and certainly in the opinion of all freedom-supporting peoples outside Bulgaria.
Petkov was arrested "arbitrarily" last week on a charge of conspiring with subversive foreign and domestic elements to overthrow the existing government, the Department statement said.

Garsson Admits Filing No Tax Returns On Co.

Washington, June 11—(AP)—Munitions maker Henry Garsson acknowledged at his war crime trial today that he never filed income tax returns for the Cumberland Lumber Company, Prestonburg, Ky.

HI-ARC's balanced when it's pumped in your tank and stays balanced right up to the minute your gauge says get another tankful of smooth HI-ARC power. Count up to 9—and get HI-ARC!

TARS SCUTTLE GREENIES BY 14-2 VICTORY

Chitty Credited With Second Loss; Greenies Held To Seven Hits

By BERT MOYE
The Tarboro Tars put a halt to the Greenies' winning streak last night by blasting the Greenies 14-2 over in Tarboro.

Jerry Chitty, who pitched the first seven innings and received credit for the loss, which was his second this season, allowed 12 hits, walked nine men, and struck out three men, and all of their 14 runs. Hank Ranweiler went in and pitched the final frame, allowing one hit and no runs.

Greenville went into the lead in the first frame, but not for long, when they put across one marker when Mauney singled and Centerfielder Jeffries of the Tars let the ball get away from him, with Mauney going to third, and later scoring on Chite's single. However, the Tars came back in the second frame and scored two runs on single, error, passed ball, three walks and two stolen bases. Their winning runs were scored in the third frame on two singles, a double, two errors, walk and a stolen base. Their big inning was the seventh when they put across six runs on four hits, three walks and an error.

Greenville's other run of the game came in the ninth frame when Bob-

by Pare doubled, went to third on Ranweiler's single and scored on Mauney's fielder's choice.

Eddie Neville, the Tars' ace left-hander, held the Greenies to seven lone hits, with Bobby Pare getting a double and a single to be the only Greenie to get more than one bingle off Neville's offering.

Score by innings: 100 000 001—2
Greenville 100 000 001—2
Tarboro 024 032 006—14

Boys League

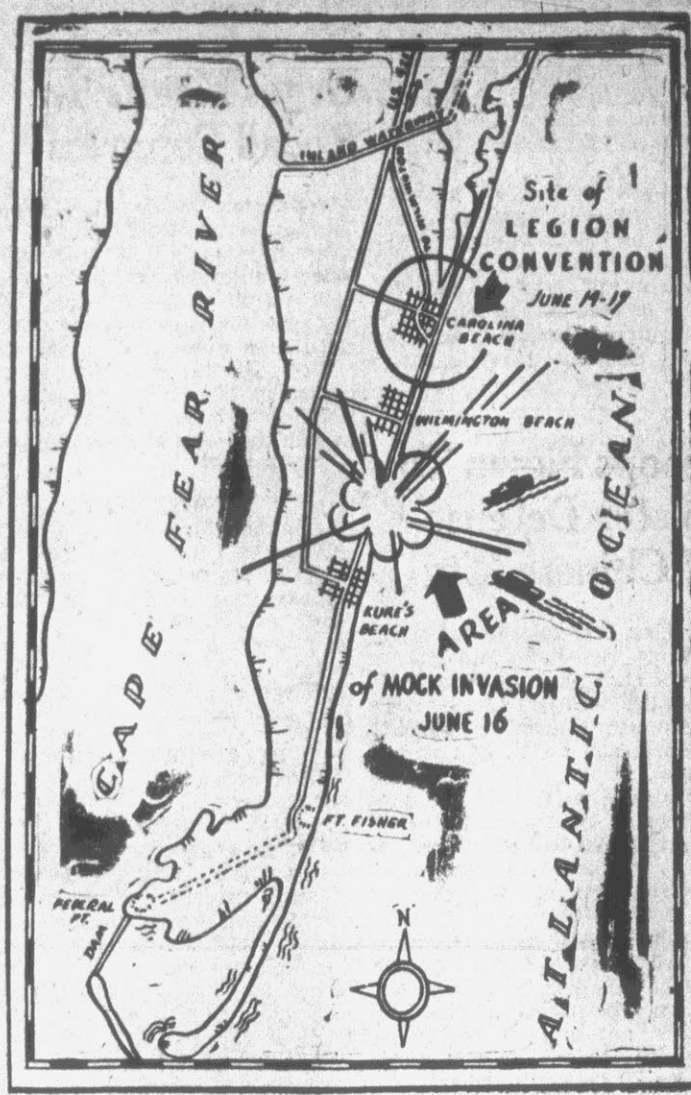

W. Greenville's Cardinals out-slugged the Giants from Third St. yesterday morning at the Stadium and posted a 14 to 12 victory in their first game of the year.

Begie Whitehurst was the hitting star for the game with a single, triple and home run in four trips to the plate. McLeod with three singles and Howell with two singles helped spark the Cardinals' victory. Bobby Watson with a triple and two singles and Virgilus Haynes and John Sideris with two singles each did most of the damage for the Giants.

Cards 140 450 6—14-12-6
Giants 340 311 0—12-7-5

The Senators, W. Greenville's entry in the Senior Boys League, broke loose for 12 runs in the first inning in their game with the Tigers from Third St. and then coasted in for their first win of the season. Julian Vainwright who started pitching for the Tigers could not find the plate consistently and when he did one of the West Siders would get a base hit so before the first inning was over the ball game was practically won. Bobby Fye, the Tigers' ace flinger, went to the mound in the second inning and kept the Senators under control for the remainder of the game. Joyner pitched a steady game for the winners, allowing only five hits.

Willy Lewis with four for four

The spotlight of state interest will focus this weekend on the two points shown on the "operation" map above—Carolina Beach, which will be "invaded" by 25,000 delegates to the North Carolina American Legion's June 14-17 convention, and the adjacent area of the Army-Navy-Marine Corps mock invasion Monday afternoon, June 16. Staged by more than 1,000 Camp Lejeune Marines and men of Navy Trans-

port Division 121 and Army Air Rescue Squadron "A", the realistic beachhead assault will be broadcast from 2 to 2:45 p.m. over the Tobacco Network, which will air a running commentary on the maneuvers. The spectacle, first of its kind ever broadcast in North Carolina, is expected to have an audience of several hundred thousand listeners, plus about 100,000 on-the-scene witnesses.

Greensies Baldwin has won his last five straight games for the Greenies.

Bob Weirich, Tarboro newspaperman and official scorer for the Tars this season, has a splendid article in the current issue of Baseball Illustrated magazine on Bill Kennedy, the Leafs' ace hurler last season. Bob was sports editor of the Rocky Mount Evening Telegram last year and served as official scorer for the Rocky Mount club last season. It is a good article and well worth reading.

Austrian Gov't Refuses Probe

Vienna, Austria, June 11—(AP)—Parliament rejected today a demand by Communist Ernst Fischer that a committee be appointed to investigate Foreign Minister Karl Gruber and his "negotiations" with American authorities in Vienna.

Fischer, who has been loudly demanding a new election, told a Communist meeting last night that "Gruber must go." He objected also to the foreign minister's giving a report of a political discussion to an American news agency.

Seventeen Hurt Aboard Carrier

Philadelphia, June 11—(AP)—Seventeen workmen and crew members of the 27,000-ton aircraft carrier Valley Forge were scalded today when a broken steam line flange flooded the ship's No. 3 fire-room with steam, the Navy Public Relations office reported.

A spokesman said 10 men were in the Philadelphia navy hospital, with burns ranging from minor to second degree. The remainder of the injured were treated at the ship's sick bay.

Relief From Heat Promised By Weatherman

By the Associated Press
Sun-baked North Carolinians today fanned themselves during the sixth day of the year's first extensive heat wave and relied on the weatherman's word that tomorrow will bring cooling relief.

Official forecasters said a moist concentration of air moving from the Gulf of Mexico was due to reach the state shortly after night-fall, bringing with it increasing cloudiness and occasional rain over a wide area tomorrow.

The predicted rain won't be a day too early for farmers. Farm service officials said today there is danger of severe damage to crops unless rain comes soon.

A blazing sun, which yesterday shot the mercury at Salisbury to a sizzling 102 degrees, made its appearance again this morning and promised to keep the mercury well above the 90-degree mark before the scheduled break tonight.

Joseph Beirne Newly Elected

Miami Beach, Fla., June 11—(AP)—The Communications Workers of America, the nation's newest labor union, has elected 30-year-old Joseph A. Beirne to a two-year term as president at an annual salary of \$13,200.

The handsome, dark-haired labor leader was chosen unanimously at the CWA's first convention late yesterday to the office that will pay him \$1,200 a year more than he received as president of the National Federation of Telephone Workers, which was dissolved Sunday.

LONGEST TOWN
Island Park, Idaho, June 11—(AP)—This two-day village claims it's the nation's "longest" town.

The town, incorporated Monday, extends along Yellowstone National Park highways for 25 miles.

DIAMOND DUST

By BERT MOYE

In the seven games played between the Tars and the Greenies so far this season the Tars have been victorious in five of the contests. A check up of the records shows that in the seven-game series the Tars have scored a total of 70 runs while the Greenies have scored 38 runs.

Much comment was heard in the press box last night on the work of Jerry Chitty on the mound last night. He certainly had a fast ball, but was unable to get control of the situation. But maybe it was because the Greenies made five miscues and a total of six Tars stole bases that really got him nervous. He really showed his stuff in the very first frame when after waiving the first two men he retired the side on an infield play and two strikeouts to stave off what looked like possible runs.

Pete Clark will be on the mound for the Tars when they invade the Greenies' park tonight. Larry Baldwin will do the hurling for the

was the offensive star for the winners, followed closely by Earl Stocks and Claudius Henley with three hits each. Sam Northrop and Lem Pleasants led the losers with two hits each.

W. Greenville's Lions made it a clean sweep for the West Side teams yesterday at the stadium when they won the last game of the afternoon from the Dodgers from Third St.

This game was a battle all the way and the winners had to score their winning runs in the last inning to overcome the Dodgers who battled all the way. This was the second loss for the Dodgers and the first win for the Lions.

Teete got three of the losers' five hits, Bobby Faulkner got two safeties for the winners.

This Worm turns a Big Car

You know how it can be. A Buick can steer with a finger-touch. One of the secrets is a stream of 66 steel balls that circle the worm on the steering column. With these balls there is so little friction that steering is featherlight—so little wear that the gear stays taut and firm without frequent take-ups.

To keep this steering gear in the shape Buick intended, the authorized Buick dealer lubricates it with just the proper oil. Anything heavier would make steering stiff in winter—anything lighter fails to give full protection against wear.

It's a typical example of how Buick care keeps Buicks best. The same holds true with every part of the car. So whatever your car needs, a lube job, a tune-up, a major or minor repair, come in and get the extra satisfaction and assurance of longer car life with Buick car care.

Buick Care Keeps Buicks Best
