UNIONS FACE TWO INQUIRIES OF ACTIVITIES

Charges Of Racketeering And Communist Influences To Be Studied

Washington, June 17.—(AP)—Two House committees are mapping investigations of labor unions, one centering on racketeering, the other on charges of communist infiltration into unions.

Both inquiries may come to a head within two weeks.

The Un-American Activities Committee already has picked June 23 to begin hearings on what Chairman J. Parnell Thomas (R-N.J.) calls Communist infiltration into unions.

Chairman Hartley (R-N.J.) says the Labor Committee hopes to get started a little later on alleged racketeering.

Thomas' committee tees off on the CIO-United Electrical Workers Union, which it described in an official report last week as "Communist controlled." Members of the union from Bridgeport, Conn., Schenectady, N.Y., and New York City are being questioned.

The Labor Committee took a brief look into the question of communism in the CIO-UEW during hearings on the labor bill now awaiting presidential approval or rejection.

The bill would deny bargaining rights to a union having an official who is a Communist or can "reasonably be regarded" as one. Hartley predicts it will become law even if President Truman vetoes it.

Thus the Un-American Activities hearings may have an important bearing on the future authority of the UEW to bargain for more pay for its members and possibly could lead to a purge within the union.

Hartley told a reporter the Labor Committee inquiry may produce proposals to plug gaps in the bill now before the President. Furthermore, he said they will be expanded into such things as the operations of union welfare funds.

Ewing Is Given Prison Number

Raleigh, N.C., June 17.—(AP)—The routine of prison life began today for Wall C. Ewing, former Cumberland County political leader who faces an 18 to 20-year term for slaying his wife.

At the prison, he was assigned the number 4664 and placed in the quarantine cell block where he will remain for the next five days while being processed, which will include examination by a doctor, a dentist, and a psychiatrist, fingerprinting, photographing, and an interview with a representative of the State Parole Commission. Finally he will appear before the prison classification board which will assign him to the work he will perform while in prison.

Twelve Victims Are Put In Same Grave

Leesburg, Va., June 17.—(AP)—The bodies of 12 of the 50 victims of last Friday's airliner crash were buried in a common grave yesterday in the Leesburg cemetery.

Ten of the bodies, for which mass services were held, were unidentified.

Disparaging Remarks

Newspaper Pravda Says Marshall's Plan For Economic Rehabilitation Of Europe Is Extension Of Truman Doctrine; Russia Expected To Ignore Project

By DEWITT MACKENZIE

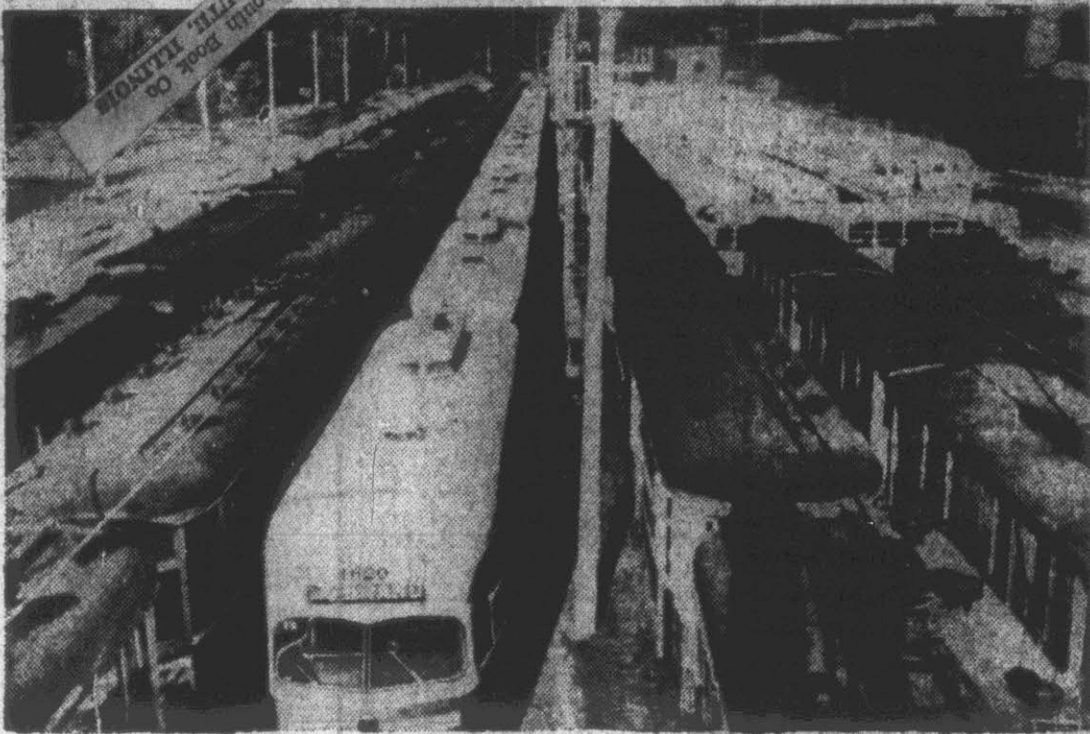

The Moscow newspaper Pravda, official organ of the Communist party, comments disparagingly on Secretary of State Marshall's plan for economic rehabilitation of Europe, and remarks that it merely extends the Truman Doctrine.

The Truman "Doctrine" of course is designed to help needy countries defend themselves against Communist aggression—Greece and Turkey, for example. On that basis there can be no quarrel with Pravda's appraisal. It's true that the United States aims at halting the expansion of communism by such strong-arm methods as those employed in the recent communication of the Hungarian government.

This being so, there would seem to be no profit in hiding our light under a bushel. We are out to organize defense against aggressive communism, both at home and abroad. And it strikes me that the more bluntly this fact is stated, the better for all concerned.

However, this is a defensive move. The United States isn't bent on an attempt to "convert" political pressure with the aid of dollars," as Pravda alleges. General Marshall's program for the economic rehabilitation of Europe encompasses all nations which are willing to play the game. There is no design to create a Western bloc to oppose Russia's Eastern bloc.

Strike Hits St. Louis Street Cars And Buses

Street cars and buses stand idle in the Grand Avenue yards at St. Louis after operators went on strike and tied up public transportation in the city and its suburbs with a population of more than 1,000,000. The operators struck in demanding higher pay. (AP Wirephoto).

House Upholds Pres. Truman's Veto Of Cutting Income Taxes

INDICT WOMAN FOR ASSAULT

Robeson County Grand Jury Asks Mrs. Miller Be Tried

Lumberton, N.C., June 17.—(AP)—A Robeson County grand jury today indicted Mrs. Mary Edna Curran Miller, 34, on a charge of assault with a deadly weapon with intent to kill her husband David Miller.

Solicitor F. E. Carlyle of the ninth district asked Superior Court Judge Walter J. Bone to instruct the clerk of court that the husband, 27-year-old Rowland merchant, would be a witness for the state.

Yesterday Fred Wiggins, 24, Negro farmhand, pleaded guilty to a similar indictment. He is alleged to have been hired by Mrs. Miller to shoot her husband.

The judge deferred sentencing the Negro until trial of Mrs. Miller, tentatively set for the Aug. 11 term of court.

Convictions of the indictments could result in sentences ranging from 12 months to 20 years.

Wiggins did not have an attorney, but three lawyers for Mrs. Miller yesterday obtained continuance of her case. Dr. Ray Griffin of Appalachian Hall, an Asheville sanitarium, presented an affidavit that Mrs. Miller, is ill in that institution.

Top Diplomats Gather To Discuss U.S. Offer

Paris, June 17.—(AP)—Top diplomats of Britain and France meet today in the first of a series of international conferences on the United States' offer to help in the economic rehabilitation of Europe.

British Foreign Secretary Ernest Bevin, French Foreign Minister Georges Bidault and Premier Paul Ramadier scheduled exploratory talks in response to U.S. Secretary of State George C. Marshall's suggestion that Europeans draw up a program to restore their continent's

economy with American aid.

On the eve of their consultations, France was disclosed last night to have proposed that specialized international committees be set up to assist in drafting this program.

Herve Alphand, chief of the French Foreign Office's economic section, told a news conference these committees should consist of representatives of European nations and of the U.S. and should survey Europe's needs in transport, fuel and energy, agriculture and the iron and steel industry.

He said the idea would be taken up in the Paris consultations and he himself would push it further in London. French Ambassador Henri Bonnet laid the suggestion before Marshall last Friday, Alphand reported.

There is nothing which would please Washington, London, Paris and the other capitals of democracy more than to see Moscow signify its willingness to join in this altruistic plan of economic cooperation. Indeed both Britain and France already are seeking Russia's views on the Marshall proposal.

At this writing there is no expectation among diplomats in the Western capitals that Russia will join in the project. If she couldn't see her way to join Britain and America in the economic rehabilitation of Germany, why look for collaboration in the rest of Europe? As a matter of fact one can't escape the repetition of just such obstructive tactics as have hamstrung progress in the Security Council of the United Nations and in the efforts to frame a German peace treaty.

If Russia and her satellites in Eastern Europe don't join in the Marshall program, it is quite possible that the Western nations of Europe will form themselves into a bloc, thereby further splitting up an already harassed and unhappy continent. The London Daily Telegraph (conservative) is concerned about Russia's attitude and says that if Moscow doesn't cooperate, either the division of Europe will be further hardened or no agreement can be forthcoming.

Measure Finally And Completely Killed By Margin Of Two Votes; Senate Will Not Conduct Ballot; GOP Will Use Tax Policies As Issue In '48

Washington, June 17.—(AP)—The House today upheld President Truman's veto of the \$4,000,000,000 tax reduction bill; thus killing it finally and completely.

The vote was 268 to pass the bill over the veto and 137 against. Thus it was two votes short of the two-thirds majority to pass a law over the president's disapproval.

When that count turned up on the roll call, Republican leader Hallett of Indiana demanded and obtained a recount, but no votes were changed.

Voting to override the veto were 263 Republicans and 35 Democrats.

Supporting the president were 134 Democrats, two Republicans—Carl Anderson of Minnesota and Hull of Wisconsin—and the American Labor member, Marcantonio of New York.

Applause broke out on the Democratic side as the vote was announced.

The House action means the Senate will not even vote on the issue of overriding the veto.

It means, too, that Republicans (Continued on Page Four)

ALDERMEN TO MEET TONIGHT

Board To Pass Zoning Ordinance At Special Meeting

The Board of Aldermen will meet at the City Hall tonight at 8 o'clock in an adjourned meeting to pass on the zoning ordinance for the city.

A zoning specialist from the North Carolina League of Municipalities spent considerable time in Greenville studying the situation and drawing a map and his plans are expected to be made into law at tonight's meeting.

The zoning ordinance would prohibit a person or firm from erecting an undesirable building in a residential section and thus maintain the property value.

Zoning would prevent a person or firm from placing a boiler factory or some other objectionable business in a strictly residential area.

A map of the proposed zoning of the city is on file at the City Hall. Interested citizens are invited to attend tonight's meeting.

The Aldermen will meet again on Thursday, June 26, at 8 p. m. to wind up details of the present fiscal year which ends on June 30. A tentative budget has been made for 1947-48, to be approved later.

Alderman N. C. Brooks, insurance agent, who has done outstanding work as an alderman, will retire June 30. Heber Tripp, real estate agent, who was elected alderman at the recent primary election, will be sworn in at the City Hall on July 1. He will sit with the board the first time at the regular July 3 meeting.

World Police Offered But One French Division

Lake Success, June 17.—(AP)—An authoritative source said today France had informed the United Nations she could contribute at this time only one infantry division to the proposed global police force for enforcing world peace.

This was confirmed by a French spokesman, who explained that if the international army were established now, France could not make a larger contribution because of previous military commitments in Indo-China and elsewhere.

The French offer was said authoritatively to be the first specific figure of troops to have been made by any of the five major powers on the U.N. Military Staff Committee.

Thus, if the other Big Five nations made contributions identical to that suggested by France as her maximum at this time, the international army contemplated in the world charter would consist of a force of only about 70,000 men. One French infantry division totals approximately 14,000.

Littlest Quad Dies, Three Others "Well"

Miles City, Mont., June 17.—(AP)—Tiny Donna Mae Randolph, smallest of the Randolph quadruplets, died just before midnight last night, 65 hours after she was born last Saturday.

Hospital attendants said the other three children, two girls and a boy, apparently are in good health.

Rent Control

Washington, June 17.—(AP)—The House accepted today a joint congressional committee's recommendations on the terms of a measure to extend rent control until Feb. 29, 1948.

The action came on a standing vote of 163 to 73 after the House, by a standing tally of 114 to 87, rejected a move to send the measure back to a House-Senate conference committee for further study.

The legislation now goes to the Senate.

Included in the bill is a controversial provision permitting a 15 per cent hike in rents when landlords and tenants "voluntarily" get together "in good faith" and agree to the boost in exchange for a lease through 1948.

WORK TO HALT NMU STOPPAGE OF SHIPPING

Tie-Up Is Called "Strike" And "Lock- out"; Vessels Kept From Sailing

New York, June 17.—(AP)—Assistant Secretary of Labor John W. Gibson arranged a meeting today of shipowners and union officials to seek to end the strange shipping tie-up which the owners call a strike and the union call a "lockout."

Ordered upon the expiration of contracts Sunday midnight, the work stoppage prevented the sailing of ships yesterday and could immobilize eventually all American shipping if it reached the picketing stage. So far, it has affected chiefly East and Gulf coast ports.

The nation's largest passenger vessel, the United States liner America, which was scheduled to sail for Europe tomorrow, may be held at its New York pier by the stoppage. The National Maritime Union, key union of the CIO organization directly involved, announced 601 crew members were being called off the ship today.

Meanwhile, Paul Palazzo, New York port agent for the NMU, called a meeting of a 20-man "mobilization committee" which he said would ask all CIO unions in the city to help the maritime unions "to smash the lockout."

In last year's shipping tie-up, American Federation of Labor unions and CIO unions mutually respected each other's picket lines.

So far, the only picketing reported in the current dispute was at Baltimore where the National Union of Marine Cooks and Stewards (CIO) picketed the freighter James A. Drain yesterday because, said Union Agent Irv Dvorin, ship officers were "ignoring our lockout" by preparing to sail. The picketing ended when the ship was moved to anchorage.

High Waters Menace Area

Missouri And Illinois
Towns Braced For
Coming Flood

Keokuk, Ia., June 17.—(AP)—Residents along the Mississippi River south of here in Missouri and Illinois braced today for the high flood waters in history as floods throughout Iowa were reported receding.

With levees in weakened condition from last week's floods, Army engineers worked to prevent major levee failures and the U.S. Coast Guard was prepared for rescue work in the area near Quincy, Ill.

Army trucks moved rescue boats to the Hunt Lima Lake and the Indian Grave districts in Illinois north of Quincy and to the Fabius district, where the threat to the levees appeared to be the greatest in that section.

Army engineers reported that the Mississippi below Keokuk will reach flood stages equal to those of last week at Canton, Mo. today and at Quincy and Hannibal, Mo. tomorrow.

"The fight to hold the levees will continue unabated," said Col. W. N. Leaf of the Army Engineers.

At Alexandria, Mo., a few miles upstream from the mouth of the Des Moines River, water was several feet deep in the town while the Mississippi had risen more than two feet here since Sunday night.

No Floods For Roanoke River

Raleigh, June 17.—(AP)—Although rising, the Roanoke river is not expected to hit flood stage in North Carolina as a result of heavy rains in western Virginia and North Carolina last weekend, the Weather Bureau here said.

The river at Weldon now is 23 feet, with 31 feet as flood stage. It is expected to hit 28 feet at Scotland Neck, where the flood stage is 28 feet. The river is expected to hit 25 feet tomorrow at S.otland Neck.

Truman Nominates James Bruce To Be Next Ambassador To Argentina

Washington, June 17.—(AP)—President Truman today nominated James Bruce, Maryland corporation executive, to be ambassador to Argentina, succeeding George Messersmith, who recently resigned.

Bruce, 54, is vice president of the National Dairy Products Corporation and a director of 14 corporations.

Mr. Truman's action completes a series of shifts marking this nation's swing to more cordial relations with the Argentines.

Messersmith and Spruille Braden, assistant secretary of state for Latin American affairs, and an ex-

ponent of a firm Argentine policy, resigned after Mr. Truman's recent announcement that he is satisfied with the South American republic's purge of fascist influences.

Braden succeeded as assistant secretary by Norham Armour, career diplomat with a background of service in South America.

Bruce is a graduate of Princeton and the University of Maryland. In World War I he was assistant military attaché to Italy and representative at the 1919 peace conference in Montenegro and Albania.

He had various banking connections after 1921.

President Says Universal Training Now A Necessity

Wallace For President Move By Californians

Ousted Cabinet Officer Predicts "There Will Be A New Party" If Course Towards "War And Depression" Continues

Washington, June 17.—(AP)—A "draft Henry Wallace for President" movement began to take shape today as the former vice president awaited an official response to his call for a Truman-Stalin meeting in Berlin to settle Soviet-American differences.

Wallace, the most vocal critic of President Truman's foreign policy in this country, said he knew nothing of the "draft" move, which originated in California.

But in his address here last night before a cheering outdoor crowd estimated at from 8,000 to 10,500, the ousted Cabinet officer said "there will be a new party" if the two major parties "insist on pursuing the present suicidal course toward war and depression."

He called on Mr. Truman to invite Premier Stalin to meet with him in Berlin to discuss economic

and trade relations between the two countries as a "first step" to world peace.

Robert W. Kenny, former California attorney general, said in Los Angeles that the draft-Wallace campaign would get under way at a meeting in Fresno, Calif., July 19. Wallace will not appear, but may send a message to the gathering, Kenny said.

The primary purpose, he added, will be to select a committee to name a slate of 54 candidates for a pro-Wallace California delegation to the next Democratic National Convention.

Kenny, Southern California chairman of the Progressive Citizens of America, which sponsored many of Wallace's recent speeches across the country, said:

"This may be the first in a series of grass-roots get-togethers throughout the country."

The Freedom Party members beat them back with fists and chairs. Thirty police then stopped the meeting. Outside, police smashed rifle butts into the faces of rioters and arrested some.

through loudspeakers.

The ballroom interlopers heckled speakers with cheers for Soviet Prime Minister Stalin and Hungarian Communist and Social Democratic leaders and then charged the audience with brass knuckles, rubber hoses and other weapons.

The Freedom Party members beat them back with fists and chairs. Thirty police then stopped the meeting. Outside, police smashed rifle butts into the faces of rioters and arrested some.

These are the major things it has done:

1. Passed a tax cut bill, President Truman vetoed it yesterday.

2. Passed a bill restricting labor unions. Mr. Truman may veto it. If so, Congress is expected to re-pass it into law over the veto.

3. The Senate okayed peace treaties with Italy, Hungary, Romania, Bulgaria. Mr. Truman signed them. The House doesn't act on treaties.

4. Voted \$400,000,000 aid for Turkey and Greece, as part of the Truman doctrine to stop communism. Mr. Truman signed it.

5. Voted \$350,000,000 in American relief for liberated countries. Mr. Truman, who asked for this, signed it, too.

6. Approved a constitutional amendment limiting the presidency to two terms. Now it's up to 35 of the 48 states to do likewise.

Pledge To Help Free Nations Resist To- talitarian Pressures Requires Military Training Says Tru- man; Asserts Action Might Prevent War

Princeton, N.J., June 17.—(AP)—President Truman said today this country's pledge to help free nations resist the "encroachment of totalitarian pressures makes universal training a military necessity."

"We must remember above all," the Chief Executive asserted, "that these men would not be training in order to win a war, but in order to prevent one."

The President came here by special train from Washington to receive his tenth honorary doctor of laws degree at a Princeton University bicentennial convocation in which similar honors were bestowed on 36 other outstanding leaders.

"Peace-loving nations," Mr. Truman said in his prepared address, "can make only slow progress toward the attainment of a stable world—in which all peoples are free to work out their own destinies in their own way—unless their moral leadership is supported by strength."

"Weakness on our part would stir fear among small or weakened nations that we were giving up our world leadership. It would seem to them that we lacked the will to fulfill our pledge to aid free and independent nations to maintain their freedoms, or our commitments to aid in restoring war-torn economies."

"In such an atmosphere of uncertainty, these nations might not be able to resist the encroachment of totalitarian pressures."

"We must not let friendly nations go by default."

The President said "universal training is vital to the national welfare."

(Continued on Page Four)

Too Much Liquor Is Against Law

Raleigh, N.C., June 17.—(AP)—Chairman Carl Williamson of the State Alcoholic Control said today that possession of more than one gallon of tax paid whisky, no matter whether in a county having legalized stores, is a violation of the law.

ABC stores will not "sell more than one gallon to a customer at a time."

Williamson said that possession of more than one gallon of legal liquor in a person's home probably would be prima facie evidence of having it for sale.

Blount Elected

Judson H. Blount, prominent Greenville businessman, today was elected president of the North Carolina Merchants Association at the annual convention in Raleigh. He will be installed at the banquet at 7:30 tonight.

Mr. Blount held the high office some years ago. He is one of the most active members of the association and considerable pressure was brought to bear on him to accept the office. He has been president of the Greenville Merchants Association and is a member of the state board of directors.

This 80th Congress

A Review Of What Congress Has Accomplished In Five And One-Half Months; Much Remains To Be Done; Many Measures Waiting, Some Put Aside

By JAMES MARLOW

By JAMES MARLOW
Washington, June 17.—(AP)—This 80th Congress has been working five and a half months. It has a month and a half to go. What has it done?

Starting Jan. 3, it is supposed to—under the new reorganization law—finish by July 31.

If Congress can't finish by that time, it can continue by doing one of several things, such as passing a resolution to continue.

If it finished by July 31, that does not mean Congress did all the work it has to do only all the work it decided to do.

These are the major things it has done:

1. Passed a tax cut bill, President Truman vetoed it yesterday.

2. Passed a bill restricting labor unions. Mr. Truman may veto it. If so, Congress is expected to re-pass it into law over the veto.

3. The Senate okayed peace treaties with Italy, Hungary, Romania, Bulgaria. Mr. Truman signed them. The House doesn't act on treaties.

4. Voted \$400,000,000 aid for Turkey and Greece, as part of the Truman doctrine to stop communism. Mr. Truman signed it.

Social and Personal

Social Calendar

Mrs. and Mr. C. F. Stokes spent Sunday, June 8, at Asheville with Mr. and Mrs. V. L. McKel. On Monday Mr. and Mrs. Stokes and Mr. and Mrs. McKel left by plane from the Raleigh-Durham airport and went to Detroit, Michigan, on vacation. After spending several days there they came back through Fayette Gap and Blue Ridge mountains by car. Mr. and Mrs. Stokes returned to Greenville on June 16.

Mrs. T. B. Polk and Miss Agnes Fullow have gone to Watkinsville, Ga., to spend the summer.

Miss Bertha Parker of Greenville and her daughter, Mrs. Carlisle Lupton (nee Miss Mevis Parker) of Norfolk, Va., are spending a few days at York City, while away they will visit in Philadelphia, Washington and Richmond, Va.

Little Margaret McArthur, 15 months old daughter of Mr. and Mrs. Robert McArthur is a patient in P. I. General hospital.

Mr. and Mrs. Morgan P. Gibson of Washington, D. C., and New York City will arrive tomorrow to be the guest of Mrs. Gibson's sister, Mrs. Vance Perkins.

Mrs. Lillie Morrisette and sons, John and Warren, left today for Beaufort, S. C., to visit Mrs. Morrisette's sister, Mrs. C. W. Williams.

Little Margaret Ella Greene, daughter of Mr. and Mrs. Robert Greene, is recovering from a tonsillitis.

Mrs. J. D. Bullock and daughter, Mary Lee, arrived last night from New York to visit Mrs. J. L. Nobles on Summit street. Mrs. Bullock's husband is a grandson of the late Mrs. Laura Brown of Greenville.

Attention Junior Hostesses
You are invited to a dance at Cherry Point Thursday night, June 19. Those who wish to go, register at Key Brown's Drug Store at Five Points Wednesday. Bus will leave Service Men's Home for dance at 6:30 Thursday evening.—Mrs. Key Brown.

Notice to Stokes School Patrons
There will be a meeting of Stokes school patrons in the auditorium of the Stokes school Friday night, June 20, at 8:45 o'clock. This meeting is being held for the purpose of discussing plans for operating the Stokes high school during the next school term. All Stokes patrons are urged to attend this meeting.

Willoughby-Smith
Mr. and Mrs. Claude Smith, of Greenville, announce the marriage of their daughter, Stella, to Royce Willoughby on June 14, 1947, at the home of the bride.

Immediately after the wedding the couple left for a trip to the Blue Ridge mountains. They will be at home, 304 E. Fourteenth street, in Greenville.

The bride is a graduate of Chicod high school.

Mrs. Humber Guest Speaker
Mr. and Mrs. N. C. Brooks, Judge and Mrs. Dink James and Mrs. Robert Lee Humber attended the meeting of the Kiwanis club in Washington last night. Mrs. Humber was guest speaker.

Lydia Wooten Class to Have Picnic
The Lydia Wooten class of Jarvis Memorial Methodist Church will have a picnic at the home of Mrs. Charles R. Fife on Falkland highway, Thursday, June 19, at 6:45 p. m. Every member of the class is urged to be present.

White Shrine
A ceremonial will be held by the Greenville White Shrine No. 7 Thursday night at the Masonic Temple. All members and guests are requested to be present at 8 o'clock. All members are urged to be present.

Public Tennis Courts
The three tennis courts at Guy Smith stadium have recently been opened to the public.
Players are requested to use regulation tennis slippers and not street shoes or basketball shoes.

Vacation Reading Club
On Thursday, June 19, at 4 p. m., the annual Vacation Reading club sponsored by the Sheppard Memorial library opens. Boys and girls are asked to meet at the library at 4 o'clock to register for the reading program. A number of new books will be ready for circulation as a feature of the opening day.

The club is to be known this year as the Star Reading club. A large cardboard sky has been set up as a part of the central exhibit entitled "Watch Your Wagon to a Star," and on this will be kept the progress of each child in the reading program. Stars will be used to indicate the number of books read by each child. The reading club will last through August 31. At the conclusion of the club program, certificates will be given to all children reading as many as twelve books. Each child enrolling in the reading program is given a small notebook in which a short record is kept of the books read.

Family Reunion
Fathers Day, June 15, the children of Tom Adams gave him a surprise dinner. Tables were placed under trees in the yard on which to spread dinner.

Attending the dinner were Mr. and Mrs. Walter Coward and sons, Alton, Otis, Lee, Ledrew, Linwood, Earl, Gene and Kirby, Mr. and Mrs. Tommie Adams, Jr., and sons, Elmer, Joseph, Kenneth, Earl and Wade, Mr. and Mrs. William Earl Adams and son, William Earl Adams, Jr., Mr. and Mrs. W. C. Hartley, Mrs. Luther Coward, Mr. and Mrs. T. J. Haddock and daughters, Angelina and Lois, Mr. and Mrs. Paul Walters and sons, Mr. and Mrs. Mrs. Garland Purser, Mr. and Mrs. Hubert Cox, Mr. and Mrs. Lloyd Adams and

Rural mail carriers who have been receiving \$720 per year will be raised to \$900, those receiving \$576 will be raised to \$630. The highest salaried men will get an increase of \$180.

F. C. Harding went to Washington City today.

Manufacturing enterprises are what Greenville needs and must have.

A. M. Moseley was in Ayden on business today.

Some men are so nice to their wives it arouses the suspicion of the neighbors.

Card of Thanks

We wish to thank our many friends and relatives for the beautiful floral offering and sincere kindness and deep sympathy shown us during the recent illness and death in the family.

MRS. R. A. GASKINS and Family

Spain-Hooker

The wedding of Miss Pauline Augusta Hooker, daughter of Mrs. Argent Chapin Hooker and the late Eugene Taylor Hooker, and Mr. Jettie Johnson Spain, son of the late Mr. and Mrs. John Sidney Spain of Grimesland, took place Sunday afternoon, June 15, at four o'clock in the Aurora Methodist Church.

Rev. Harold Glenn Cuthrell, cousin of the bride and pastor of the Methodist Church in Marshallberg, performed the ceremony.

Mrs. Mattie Boyce rendered a program of wedding music prior to and during the ceremony. Mr. Richard Jackson of Grimesland was soloist.

The bride entered the church with and was given in marriage by her mother.

The bride was dressed in a white weathervane suit tailored by Handmacher. She wore a white off the face hat designed by Gage. Her accessories were white and she carried a white satin prayer book, topped with white orchid and showered with rose buds and ribbon. Her

The dining table was covered with

wedding ring was one used by her mother.

Miss Elizabeth Allen, cousin of the bride, was maid of honor. She wore a pink suit and carried a bouquet of summer flowers tied with blue ribbon.

Mr. G. C. Elks of Grimesland, brother-in-law of the groom served as best man. Ushers were Mr. Fodde Hodges of Grimesland and Mr. Troy Godwin of Dunn.

The bride's mother wore a dress of pink eyelet with picture hat. Her corsage was white rose buds.

The bride is a graduate of East Carolina Teachers College and has taught in the public schools of Pitt and Beaufort counties.

The bridegroom attended East Carolina Teachers college was in service four years, two and one-half of which were spent in the European theatre. He is now a medical technician at Pitt General hospital in Greenville.

After a trip to unannounced points Mr. and Mrs. Spain will make their home in Grimesland.

Out of town guests: Dr. and Mrs. A. C. Bone, Mrs. S. W. Staley, Mr. and Mrs. Walter R. Staley, Rocky Mount, N. C.; Mrs. E. S. Poole and son, Asheville, N. C.; Mr. and Mrs. J. K. Spruill, Colerain; Mrs. H. B. Chapin, Virginia Chapin, Plymouth, N. C.; Miss Carolina Cowell, Bayboro, N. C.; Miss Margaret Butler, Windsor, N. C.; Mrs. Oscar Shelly, Monroe, N. C.; Mr. and Mrs. Cannon, Mr. and Mrs. Dan E. Todd, Mr. Tommy Buck, Mr. O. P. Polard, Miss Susie Buck, Miss Doris Buck of Greenville, N. C.; Mrs. R. H. Jernigan, Raleigh, Mr. and Mrs. Jesse Shearin, Scotland Neck; Mr. and Mrs. W. S. McGaney, Mildred and Mrs. Bonner, Washington, N. C.; Mr. Elwood Willis, Mrs. H. G. Cuthrell, Miss Ruth Davis, Marshallberg, N. C.; Mr. Wm. Hudson, Mr. Cecile Clark, Mr. and Mrs. Lloyd Whichard, Miss Jennie Outlaw, Mrs. T. R. Raval, Mrs. G. C. Elks, Grimesland, N. C.

Miss Elizabeth Allen entertained at a cake cutting on Saturday evening, June 14th, at her home on West Main street in Aurora, honoring the Spain-Hooker wedding party and out of town guests. The house was decorated throughout with arrangements of gladioli and burning tapers.

Friends of Mrs. J. F. Parker, Sr., of Raleigh, formerly of Falkland, will be pleased to learn that her condition is much improved. Mrs. Parker entered Pitt General hospital about 10 days ago for a general check-up, but she sustained a fracture of the pelvis bone, after having been in the hospital for about 2 days, when she slipped and fell.

a hand-made lace cloth and on one end was a beautiful arrangement of white gladioli mixed with fever few in a silver bowl, on the other end was the three tiered wedding cake which was topped with a miniature bride and groom. Burning pink tapers in crystal holders centered the table.

Mrs. C. A. Litchfield served the cake after the bride couple-elect cut the first slice. Black ice cream and salted nuts were served by Mrs. W. A. Broome and Mrs. Jno. C. Broome.

There were 28 guests.

Miss Helen Hellen bride-elect was the honor guest at a one o'clock luncheon Saturday given by her cousin, Mrs. W. L. Hall, at her home, 502 West Fourth St.

The guests were greeted at the door by Mrs. Hall, Miss Jane Hall and Miss Helen.

Tomato juice cocktails and cheese wafers were served in the living room where spring flowers added beauty to the room.

The dining room table was lovely with its damask cover, gleaming silver and centerpiece of daisies and Madonia lilies.

Miss Helen and Mrs. Oscar Roberson a bride of April, were presented bon-bon dishes of sandwich plates.

The following guests enjoyed Mrs. Hall's hospitality: Mrs. E. W. Hellen, Betsy Hellen, Christine Hellen, Rosalie Brown, Mary Eakes, Jane Hall, Mrs. Oscar Roberson of Robersonville and Mrs. Carl Pelgre.

St. Louis, June 17.—(AP)—Down-town retailers today estimated their trade 30 to 40 per cent below normal as the strike of streetcar and bus operators which has paralyzed public transportation entered its fifth day.

While most workers managed to get to their jobs by ride-sharing and hitchhiking, thus holding absenteeism to about normal, spokesmen for many downtown stores described business as poor.

Falkland News

Friends of Mrs. J. F. Parker, Sr., of Raleigh, formerly of Falkland, will be pleased to learn that her condition is much improved. Mrs. Parker entered Pitt General hospital about 10 days ago for a general check-up, but she sustained a fracture of the pelvis bone, after having been in the hospital for about 2 days, when she slipped and fell.

Hunter-Jackson

Plymouth.—Beautiful in its simplicity was the marriage of Miss Helen Lorraine Jackson and Ralph Hunter, which was solemnized on the organ as the guests arrived.

Saturday evening at 5 o'clock at the Methodist Episcopal Church of Plymouth, with the Rev. T. R. Jenkins officiating. The chancel arrangement of tall white baskets filled with white gladioli, tube roses and feverfew flanked by the mellow glow from the multiple Cathedral candles burning in white standards, formed the setting for the ceremony.

A program of nuptial music was rendered by Mrs. Laura S. Johnston and the organ as the guests arrived.

and just prior to the ceremony Mrs. T. R. Jenkins sang "I Love Thee" and just before the bride party entered the church, the full vested church choir sang "O Perfect Love." Schubert's "Serenade" was softly played during the ceremony which ended with a prayer and the choir singing the "Benediction with Seven-Fold Amen." Mendelssohn's wedding march was used as recessional.

The bride, a striking brunette, given in marriage by her uncle A. V. Eden, wore a gown of Ivory Satin, fashioned with sweetheart neck line embroidered with seed pearls, long sleeves ending in points over the hands, panel basque bodice sheered of satin, ribbon and seed pearls. The skirt was on tailored lines ending with long train. Her

finger-tip veil of imported illusion fell from a Dutch Cap of round thread lace embroidered with seed pearls and caught on either side by clustered pearl ornaments. She carried a bridal bouquet of white rose buds, tube roses and centered with white orchids. Her only ornament was a strand of pearls, a gift of the bride-groom.

Miss Miriam Patrick, acting as maid of honor, was gowning in a white French Moire taffeta basque waist to which a full three tier imported tulle floor length skirt was attached by love-knots of taffeta applied. She wore a French type hat of taffeta with a sheered net crown and a soft fold of net falling from the brim. Her bouquet was an old fashion French nosegay of American Beauty roses and del-

phenium with Cerise ribbons. Best man was Clifford H. Hunter, brother of the groom. Ushers were Wilford L. Whitley, Jr., cousin of the groom, and Billie Taylor of Greenville.

The mother of the bride chose for the occasion a floor-length dress of powder blue with black accessories and her corsage was of pink roses. Mrs. Hunter, mother of the groom, wore a long white crepe and her flowers were American beauty roses.

Following the wedding ceremony Mr. and Mrs. A. V. Eden entertained with an informal reception at their home on West Third Street. Miss Mary Elizabeth Bray received guests and Miss Meredith Johnston directed them to the dining room where Mrs. Edward L. Owens poured punch and Mrs. Claudius McGowan poured coffee, seated at opposite ends of a banquet table which was covered with imported lace cloth and centered with a three tier wedding cake, which was mounted on a crystal cake plate about which was banked tiny pink roses and clusters of feverfew. This decoration was repeated elsewhere in the room and the scene softly lighted by the gleam from white tapers in silver holders. Mrs. Richard Lucas and Mrs. Henry E. Harrison assisted in serving. In the living room Miss Eunice Modlin presided over the bride's registration book.

The bride, for traveling, changed to an Irish linen suit of cinnamon brown, with blouse of matching background and rose stripe, her hat was natural beaver with band and drape of brown crepe, her accessories were of brown calf. She wore a corsage of white orchids from her bridal bouquet.

The bride is the only daughter of Mrs. Isolina J. Jackson and the late William Joseph Jackson. She received her education at Plymouth High School, Meredith College in Raleigh and East Carolina Teachers College in Greenville. The bride-groom is the son of Mr. and Mrs. Clifton S. Hunter and went to State College in Raleigh and ECTC at Greenville.

Out-of-town guests included Mr. and Mrs. Roy Bailey and family of Norfolk, Va., Misses Eulalia Perkins and Mae Briley and Mrs. Jack Teale of Greenville, Mrs. Holder and Miss Etta Bazemore of Windsor Nick Marshall, of Richmond, Mrs. Ethel Allen, and Sgt. and Mrs. Henry L. Dew and family of Washington City.

may reinstate National Service Life insurance by paying two monthly premiums and signing a statement that their health is as good as when the insurance lapsed. After that date, he said, a physical examination will be required in most cases.

He advised veterans who desire to pick up their GI insurance to either visit the local VA office in the insurance lapsed. After that date, he said, a physical examination will be required in most cases.

Leaf Referendum Is Discussed At Rotary Meeting

By WYATT BROWN

Discussion of the July 12 referendum in which tobacco farmers will vote whether they are to be assessed ten cents per acre to support a program to expand the world market of tobacco was held last night at the Greenville Rotary Club in an open forum meeting with Haywood Dail acting as moderator. The first potato situation was briefly mentioned as was the proposed city zoning ordinance.

At the outset Dail gave the background leading to the referendum. The first year's money has already been raised for carrying out expansion of international export markets and the referendum is the method being arranged for continuing the program. Each speaker was in favor of the program, and urged everyone to get the idea across to all persons interested in the welfare of tobacco farming. Two-thirds of all tobacco farmers must vote in the affirmative to carry the referendum.

Leon Roebuck was the first to speak from the floor. He made several points. First, that in view of the fact that normally 45 per cent of the flue cured tobacco is exported the export market must be kept open. That if the referendum goes other states will follow suit. He took cognizance of the high tax imposed in Great Britain on tobacco. James T. Keel spoke, stating that warehousemen were to pay \$10 per million pounds of tobacco to support the program.

J. Con Lanier gave the position of the Independent buyers—those who reddy but do not manufacture. He explained that the British tax is on all tobacco imported and is not discriminatory against U. S. tobacco. The British are trying to discourage the use of tobacco with the tax. In Mr. Lanier's opinion, Britain will buy as much tobacco this year as they did last in view of the fact that Great Britain sells large quantities to other countries after processing it. In emphasizing the need of the market expansion program, Lanier said that domestically, only 70,000,000 pounds of tobacco are used and the rest must be exported.

Jasper Winslow requested Rotarians to urge all farmers to vote in the referendum in favor of the program.

On a question from Beecher Flanagan, Lanier stated that Great Britain does not put the new high tax on the tobacco she processes for sale to other countries.

NSLI Renewals Will Need Examination

World War II Veterans who wish to reinstate lapsed GI insurance have only until August 1 in most cases to pick up their policies without a physical examination. James D. Walters of the Greenville VA Contact Office, pointed out today.

Until that date, he explained, ex-servicemen and women ordinarily

Strength FOR THE DAY

THE SOUL FINDS REST
When Jesus asked his disciples
whether they would remain loyal to
him or desert him, Peter replied,
"To whom shall we go? thou hast
the words of eternal life."
The basic teaching of revealed re-
ligion is that the human soul has
nowhere to go unless it go to God
himself. If we think for a moment
that anything will suffice to sat-
isfy our souls save the generous and
loving providence of God, we are
mistaken.

The poet Milton lived in times of
great social discord. He lived to see
his ideal of the Christian state shat-
tered and his hopes for a better
world outraged. But Milton's faith
in God never wavered. In his Para-
dise Lost he said:
"Instruct me, for thou knowest
What in me is dark
Illuming, what is low and sup-
port
That to the height of this great
argument,
I may assert Eternal Providence,
And justify the ways of God to
men."

A great mathematician upon read-
ing these lines from Milton said
that after all they proved nothing.
He was right—they prove nothing in
the mathematical sense of the term,
but they draw back the veil from
the face of God and enable men to
understand themselves and God in
a new and better fashion.

WASHINGTON LETTER

By JANE EADS
Washington—When Casey Jones
piloted his iron horse across the
country, the folks knew who was at
the throttle. Casey made his whistle
sound like the call of the Whip-
pool-will.

An engineer could really express
himself on the old-style locomotive
with the whistle blown directly by
hand. Some had special ways of
blowing their whistles as they ap-
proached their homes. Others sig-
nified what kind of a run they had
had. Some folks used to swear they
could tell by the way the engineer
blew whether he had enjoyed his
breakfast.

But the art of "quilling," or
"making her talk," went out with
electric and diesel locomotives, with
their shrill horns and pneumatic
whistles.

Now most locomotives "talk"
the same language. About the only vari-
ation left is the shrill or soft-pedaling of
the whistle. Although operating rules of an
individual railroad may vary ac-
cording to such things as terrain
and local and state statutes, the
Association of American Railroads
standard code of operating rules
recommends two long, a short and
a long toot to be used when ap-
proaching public grade crossings.
Most railroads follow this recom-
mendation and a Georgia statute
requiring two long and two short
toots was recently amended to
require the suggested "toooooo-
toooooo, toot, toooooo."

Listen the next time you hear a
train whistle. A short toot means
"stop." If this is followed by two
long toots it means that the brakes
have been released and the train
is to proceed.

A number of short toots is an
alarm for persons or livestock on
the track.

An incident that happened at a
railroad crossing between Bes-
worth and Thornton, England, May
4, 1833, resulted in the first train
whistle. A train ran into a cart
bearing 40 sheep and 50 pounds
of butter.

The train people got excited, de-
cided to put a steam trumpet on
the engine. It was 18 inches high and
shaped like a megaphone.

When this railroad first started
operations a man rode on horse-
back ahead of the train to warn
people, but when it got to going 15
miles an hour the horseman was
ordered off the tracks.

America's first recorded train
whistle was put into use in 1837.
In 1890 the "bull whistle" appeared.
It had a chamber of increased
depth and gave forth a sound more

Today's Standings

on the baritone side.
Then chime whistles came into
use. One critic described them as
so seductive that they lured cattle
on the tracks instead of frighten-
ing them away.

Here's how one railroad figured
the cost of whistle blowing on one
run where the whistle was sounded
300 times and blew a total of 42
minutes and 37 seconds. It took
4,709 pounds of steam.

Steam is evaporated water. The
total cost of the water for blowing
the whistle would be \$3,536.
At the rate of 6.5 pounds of water
evaporated per pound of coal, 724.46
pounds of coal would be used. With
coal costing (then) \$2.33 per ton on
the engine, the total cost of coal
would be \$8,844.

Eighty-eight cents was, therefore,
the total cost for 3.9 operations of
the whistle.

House Upholds . . .

(Continued from Page One)
have an issue they already have
made clear will figure prominently
in the 1948 presidential campaign.
Before the vote, Speaker Martin
had declared that if the Senate or
House upheld the veto it would
mean no new attempt this year to
reduce taxes.

VFW Post Held Meet Thursday

The Veterans of Foreign Wars
Post No. 702 held its regular meet-
ing Thursday night, June 12.
A report on the state encampment,
which was held at Beaufort
June 2-5, was given by Post Com-
mander Walter Lewis and Past
Commander Larry Averette. This
report brought out that the VFW
in North Carolina has grown from
1,009 members in 1943 to 20,000 in
1947; also that the VFW has filed
more claims for veterans in the
past year than any other service
organization.

The post was unanimously in fa-

vor of retaining the Pitt County
Veterans Service office. It was
realized that this office has been
and will continue to be of great
service to veterans with problems.

It was decided to have only one
meeting a month during the sum-
mer. This meeting is to be held
the second Thursday night in each
month and combine a supper and
business meeting. The next meet-
ing will be held July 19. All mem-
bers will be notified by postcards.

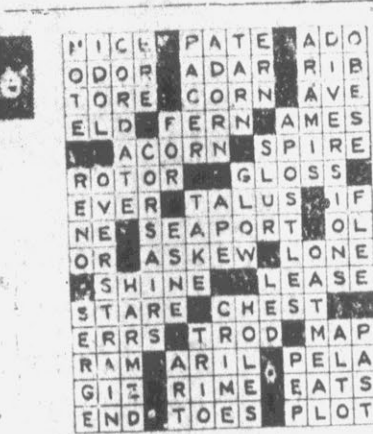

Potato Growers Warned Of Pest

County Farm Agent S. C. Win-
chester today warned farmers about
the potato tubeworm which dam-
ages Irish potatoes, especially in
hot periods which have little rain-
fall.

Winchester suggested farmers, in
harvesting potatoes, not allow vines
infested with the worms to remain
in the fields, but to remove the
vines and burn them a few days
before harvesting begins. To protect
potatoes in storage he suggested
the use of carbon bisulphide—five
pounds to each 1,000 cubic feet of
space—or methyl bromide—two and
one-half pounds to each 1,000 cubic
feet of space. The storage space
should be fumigated for 48 hours.

President Says . . .

(Continued from Page One)
He declared:
"Universal training represents the
most democratic, the most econom-
ical, and the most effective meth-
od of maintaining the military
strength we need."
"It is the only way that such
strength can be achieved without
imposing a ruinous burden on our
economy through the maintenance
of a large standing armed force."
A report by a presidential commis-
sion recommending a universal
training law has been forwarded to
Congress, but no action is expected
at this session.

WOULD RE-TRY ACCUSED MOB

Justice Dept. Seeks Loophole In Willie Earle's Lynching

Washington, June 17—(AP)—Justice Department officials said today they are considering federal prosecution of persons connected with mob violence during which Willie Earle, Greenville, S. C., Negro, lost his life in February.

None of them would permit use of their names. One told a reporter the department has continued investigation of events leading to the death of Earle steadily since a jury acquitted the 26 men indicted in the lynching case.

Earle was lynched Feb. 17 after being arrested in the fatal stab-
bing of cab driver T. W. Brown on Feb. 15.

Oscar A. Dowle, federal district attorney for western South Carolina, is here for conferences with justice officials. He declined to comment except to say "discussions which are continuing have accused mention of the Greenville case."

Justice Department officials said they have received numerous requests to see if there has been violation of federal law in the jury trial.

One official said it may be quite possible that means will be sought by which to get the case before a federal grand jury.

Hikes Estimate Of Money Left For Government

Washington, June 17—(AP)—President Truman apparently has tripled his original estimate of the amount of money the government will have left over a year hence.

In vetoing the \$4,000,000,000 Republican-backed tax reduction bill yesterday, Mr. Truman asserted that if the measure were to become law "the amount available for debt retirement would be entirely too low for this period of unparalleled

A Weak, Run-Down Feeling Is Often A Warning That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?
Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.
To get real relief you must keep your blood strength. Medical authorities by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.
Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organic only too little or scanty—thus the stomach will have little cause to get balky with gas, bloated and give off that sour food taste.
Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

high levels of peacetime income and employment.

Never before has the Adminis-
tration acknowledged that there
would be anything at all left for
debt retirement if the government
lost \$4,000,000,000 in tax revenue.
The President's official estimate
of the coming fiscal year's surplus
still remains at the \$1,302,000,000
figure he set forth last January.

Chinese Clash In Street Fighting

Nanking, June 17—(AP)—Street
fighting between Chinese Reds and
Government defenders was under-
way today in battered Szejingkal,
Manchuria, Chinese dispatches said,
after Government gunners used ar-
tillery to repulse four Red regiments
which smashed into the city from
the southwest.

The independent newspaper Hsin
Min Pao said half of the Commu-
nists in the four regiments were
destroyed and the other half re-
tired. Members of a fifth regiment
gained a foothold within the city's
walls and engaged the garrison in
battle, the newspaper reported.

Horton Said In 'Fair' Condition After Accident

Durham, June 16—(AP)—Local
hospital attaches described as "fair"
today the condition of Wilkins P.
Horton of Pittsboro, chairman of the
state democratic executive commit-
tee and former lieutenant governor
of the state, who was injured in a
three-way automobile accident on
the Chapel Hill-Pittsboro highway
last night.

Horton sustained severe chest in-
juries in the accident and was re-
ported to have had a "poor night."
His secretary, Mrs. Elizabeth Blair
Clark of Pittsboro, who sustained
facial lacerations, was reported in a
"good" condition.

Four Negroes also are in local hos-
pitals as a result of the accident,
being reported in a "fair" condition.

Most major nations have access
to sufficient quantities of uranium
and thorium to supply large-scale
atomic energy programs.

What's Back of the Big Swing to Nash?

EVERYWHERE today, the swing is to Nash.
You see it on the highway, in your neighborhood.
In city after city, leading dealers are handling Nash.

And listen to the "talk" about new cars . . . the
fine performance of the 1947 Nash "600" . . . its big
car economy of 25 to 30 miles on a gallon at moderate
highway speed . . . its single-unit body-and-frame.

The talk is about Nash Conditioned Air—automatic
fresh air heat, and ventilation . . . banishing cold,
dust, drafts and smoke from motoring forever!

The talk is about the room in a Nash—extra head-
room, seat-room, leg-room—the big double bed you
can have in the back.

The talk is about easy handling . . . the wonderful
ride of coil springing at all four wheels. And the talk
is about value—a Nash "600" is low in price.

This, then—is why Nash popularity is breaking
all records. See your dealer now, drive a new Nash
"600," or its running mate, the Nash Ambassador.

See your Nash dealer, too, for the kind of modern automobile service you've been waiting for.

You'll be Ahead with Nash

MAKE REPAIRS LIGHT PLANT

Now Generating
Plenty Electric Cur-
rent; Make Improve-
ments

By CHESTER WALSH
The city's electric generating plant is again operating on stand-
ard efficiency. Repairs were made
Sunday and yesterday.

While the repairs were being
made it was necessary to cut off
the current in different sections at
different times while the small gen-
erating unit was being used.

Martin Swartz, superintendent
for the Greenville Utilities Com-
mission, today expressed apprecia-
tion to electric consumers for their
cooperation Sunday in using as lit-
tle current as possible.

The trouble at the plant was
caused by the breakdown of a big
electric fan which eliminates ex-
tended gases and smoke from the
boiler. This has been replaced now
and there's plenty of current for
everybody.

Incidentally, a new building is
being erected at the plant, the other
building is being enlarged and
additional generating equipment is
to be installed at the electric plant.
Improvements and enlargements
also are being made at the water

works. Citizens sometime ago voted
funds for the improvements. On an
\$800,000 bond issue to provide
July 1; when the city limits are
extended by legislative act to take
in Hillsdale and adjacent territory,
the Fleming's Cross Roads com-
part of the city, including the NYA
community and an area in the eastern
center, the population of the city will
increase by several thousand per-
sons and take in several million
dollars worth of property. A steady
increase in consumption of electri-
city and water is reported.

Standard Oil Officials Visit Local Airfield

By CHESTER WALSH
Standard Oil Company of New
Jersey officials from the New York
office flew into Greenville yester-
day on a tour of inspection of com-
mercial airports. After a survey,
they were impressed by the three
5,000-foot paved runways, airfield
and the personnel of the Barnes
Aircraft Service, Inc., base opera-
tor. The officials were scheduled to
make stops at Virginia Beach, Va.,
Wilson, Greenville, Wilmington,
Pinehurst, Raleigh, Greensboro and
Charlotte. They were here a short
time. Airport Commission Chairman
L. M. Buchanan, Executive Sec-
retary Willard T. Kizer, W. B. Mc-
Donald, local representative of the
company, C. E. Steinmeyer, airport
manager, a newspaperman and
others were at the field to greet the
aerial visitors.

E. H. Collins of New York, re-
gional sales director, said they are
surveying airports with a view to
encouraging interest in aviation
and to develop plans to provide
better service. He said the company
has many planes, but they were not
using the larger ships in order to
permit landing on smaller fields
for interviews with base operators,
pilots and local officials and other
citizens. "We could land any of our
planes on this field. It is a great
asset to the community, and we
plan to do all we can to encourage
its use and development," Collins
said.

The party came here in two
Beechcraft planes, one a twin-en-
gined ship piloted by S. H. Murphy
and F. Van Dusen; the other a
single-engine biplane piloted by R.
C. Wormald, a company official.

Those in the party were E. H.
Collins, regional sales director; R.
C. Ortel, manager of aviation sales;
R. C. Wormald, assistant; W. N.
Farlie, director of aviation adver-
tising; J. L. Rianhard, airport sales
department, all of New York, and
W. B. (Bill) Sample of Charlotte,
North Carolina aviation sales man-
ager, and C. C. Duncan of Charlotte
marketing assistant.

Cases Tried In Police Court

Judge J. W. H. Roberts dispos-
ed of the following cases in Police
Court Monday:
Drunk: Witley Clemons, col-
ored, \$15; Clarence D. Pridden, \$15;
A. C. Ward, \$15; Otto Joyner, col-
ored, \$15; Pete A. Ford, \$15; Os-
car Manning, \$15; Columbus E. Ar-
tis, colored, \$5.

Gambling: Willie Morris, colored,
\$22; Earl Jenkins, colored, \$10.
Assault: Walter Hazelton, col-
ored, \$15; Sauter Harris, Jr., col-
ored, \$15.

Careless and reckless driving:
Wilton Langley, colored, \$15 and to
pay \$10 damage to B. B. Sugg.
Four cases were tried in Police
Court Friday.

Assault on a female: Louis Har-
per, colored, \$15; Matthew Daniels,
colored, \$15.

Assault on a female with intent
to commit rape: Willie Kelley, col-
ored. Probable cause found and
Judge Roberts ordered Kelley held
under \$1,000 bond for Superior
Court.

Non-support: James C. Carson,
60 days suspended. Carson was
placed on probation for one year
and ordered to pay \$15 weekly and
costs.

Judge Roberts Host Kiwanis Officials

Judge J. W. H. Roberts, member of
the board of directors, was host at
a supper meeting of the officers
and directors of the Kiwanis Club
at the Olde Towne Inn last night.
Pres. Eli Bloom presided. Reports of
Secretary Dave Moore, Jr., and com-
mittees indicated that the club is
in a flourishing condition. The club
raised nearly \$2,000 on the recent
minstrel show. The proceeds are to
be used in the club's underprivileg-
ed child work. The Kiwanians are
now putting a worthy young man
through East Carolina Teachers
College and have a trust fund to
assist other worthy boys and girls
in securing an education.

Officers and directors are: Eli
Bloom, president; Ed Rawl, lieuten-
ant-governor; N. C. Brooks, vice-
president; and Dave C. Moore, sec-
retary-treasurer. David A. Evans,
Judge Roberts, Guy V. Smith, W.
H. Woolard, J. Arthur Collins, Tige
Gardner, Milo H. Smith and Tom
Wilson are directors.
The Greenville club will be repre-
sented by 10 persons at the Kiwanis
International convention in Chic-
ago June 29-July 3.

Wall C. Ewing Goes To Central Prison

Payetteville, June 16.—(AP)—
Wall C. Ewing, former state sena-
tor from Cumberland county whose
appeal from a conviction of 18-20
years' imprisonment for the slaying
of his wife was recently denied by
the Supreme Court, was taken to
Central Prison in Raleigh today.
He surrendered himself to Sher-
iff N. H. McGeachy this morning
and was taken to Raleigh by Rural
Policeman Dave McNeil. Ewing

was convicted at the August term
of Cumberland Superior Court of
shooting his wife Douglas Soutter-
land Ewing at their home here in
March, 1946.

Veterans Hospital To Be Built Soon

Buham, N.C., June 16.—(AP)—
Construction of the \$10,000,000 vet-
erans hospital here is expected to
begin during the fiscal year begin-
ning July. The Veterans Adminis-
tration has agreed to pay \$30,875 for
an 18-acre tract for the site near
Duke University and preliminary
work on transfer of the property has
been completed.

to the federal government has been
completed.

UNLUCKY WINNER
Philadelphia, June 16.—(AP)—
Joe McCauley, walking through the
lobby of Radio Station WIP, was
persuaded to witness an audience
participation show.
He won a prize—two tickets to a
midnight movie.
McCauley is a disk jockey who
starts work every morning at 12:30
o'clock.

The Hiroshima atomic bomb de-
molished four square miles of build-
ing and left another three square
miles uninhabitable.

LUCKY STRIKE presents THE MAN WHO KNOWS—

THE TOBACCO AUCTIONEER!

"I SPEAK as an eye-witness when I
say that season after season, I've
seen the makers of Lucky Strike
buy fine, ripe, mellow leaf... the
kind of tobacco that makes a
swell smoke."

J. M. Ball

J. M. BALL, INDEPENDENT TOBACCO AUCTIONEER
of Winston-Salem, North Carolina
(29 YEARS A LUCKY STRIKE SMOKER)

FINE TOBACCO is what counts in a cigarette

JIMMY BALL IS RIGHT!... And like him,
scores of other experts... who really
know tobacco... have seen the makers
of Lucky Strike buy "fine, ripe, mellow
leaf."

After all, that's what you want in
a cigarette... the honest, deep-down
enjoyment of fine tobacco.

So remember...

"The Ladies' Store"

Our Statement Of Policy

We Want Our
Customers
And The Entire
Community
To Know—

1. That it is our constant endeavor to raise to the highest degree the standards, ethics and practices of automobile merchandising.
2. That we seek, through cooperative efforts of local, state and national automobile dealers associations, the correction of any unfair or unbusinesslike practices.
3. That new cars are being distributed fairly and equitably, with every consideration being given to our community's interest.
4. That new cars will be sold at established prices current at time of delivery, and no bonus payments or premiums of any kind will be accepted.
5. That fair and reasonable value is given for every used car taken in trade; while we hope customers having used cars will, as in the past, trade them with us (so we in turn may supply more people with needed transportation) we will still make every effort to provide new or used cars to those not having cars to trade.
6. That while we are glad to install special accessories (when available) which add to the appearance, usefulness, comfort and convenience of the new car, no customer is required to purchase any extra equipment which he does not desire.
7. That we are doing everything in our power to help eliminate black market operations in our industry.
8. That despite the continued, critical shortage of new cars we are anxious at all times to talk over with you your new car needs.
9. That regardless of the termination of government regulations, affecting our business, we believe the high standards herein expressed are sound business principles, and we will be guided by them.
10. That our business is being conducted on a basis to merit public confidence and respect.

NINE ERRORS PROVE COSTLY FOR GREENIES

New Bern Hands Local 11-3 Drubbing; Baldwin Winning Streak Broken

By BERT MOYE

Manager Johnny Pare's Greenies presented to a large audience at Guy Smith Stadium last night a Shakespeare's Comedy of Errors in four acts (the innings in which the Bears scored), and nine scenes (the nine mistakes made by the Greenies), as the New Bern Bears handed a 11-3 drubbing to the Greenies.

The New Bern Bears did all their scoring in the first four frames, tallying five runs in the first inning walk, came back in the second to score 4 more on 4 hits, 3 errors and a sacrifice. The Bears scored on 4 hits, 3 errors, a stolen base and a sacrifice, scored one in the third on no hits, two walks, a passed ball and an error, and ended their scoring for the night in the fourth with a singleton on three singles and an error.

The Greenies did their scoring in the first frame and the sixth. Jenkins' single aided by a wild pitch and Mauney's single produced the first run. Two more were added in the sixth when Jenkins singled, Mauney reached first on fielder's choice by reason of Andriach's error, and Jack Bomar singled to bring home Jenkins and Bobby Pare's single brought home Mauney. Larry Baldwin, losing his first game after a six-game winning streak, pitched 11-hit ball, all of the hits coming in the first four frames and all of them being singles. He walked four men and struck out five. Red Derda, the Bears' hurler, pitched eight-hit ball and kept them well scattered. He walked six men and struck out four. Howard Jenkins with two for three and Jack Bomar with two for five led the eight-hit attack of the Greenies. Stolt, New Bern's left fielder, got three singles in four trips to the plate to top the New Bern hitters.

Score by innings:

New Bern	541	100	000	—11
Greenville	100	002	000	—3

Boys League

The Red Sox continued to win yesterday at the expense of the W. Greenville Cardinals. The game was played at Third St. and the final score was 14 to 7.

The Cards started well and at the end of the third inning had a 7 to 3 lead but the rampaging Sox came back in the next two innings to

score ten runs and sew up the game. Whitehurst started on the mound for the Cards and was pitching a creditable game but was removed in the fourth when the Red Sox scored two runs and in the fifth the winners scored eight times on relief pitcher Stocks. Eddie Farley with two for four and Aman and Morgan with a double each provided most of the hitting for the Red Sox. McLeod and Wilkins with two hits each featured at bat for the Cards.

The Yanks and Lions put on a free scoring game yesterday afternoon at Third St. park with the Yanks coming out on top by the score of 23 to 9. Wilkins started on the mound for the Lions but was wild and ineffective and the game was finished by Bobby Faulkner who was not in his usual form. Hudson pitched for the winners and was very effective in the pluches striking out ten men.

Catlett, R. Tyndal, Evans and Hudson with two hits each were the leaders for the winners. Bobby Faulkner was the only Lion to hit safely twice.

The Training School Greenies made it a complete sweep for the East Side teams yesterday by winning over the W. Greenville Senators by the score of 13 to 5. Joe Clark, pitching for the Greenies had the game in charge and not until his teammates had built up a comfortable lead did the Senators players, all hitting safely at least once with the exception of two.

Billy White with three hits and Brady, Ben Robinson and Eddie Dave Clark, John Farley, Bobby Tanner with two hits each were the leaders for the Greenies. Willie Lewis with two doubles and Earl Daugherty with one double starred at bat for the losers.

Improved Market May Have Ended Potato Dumping

Raleigh, N.C., June 17—(AP)—Improved market conditions may have ended the dumping of Irish potatoes in Eastern North Carolina, G. Tom Scott, state director of the Production and Marketing Administration, has reported.

Scott said that potato prices on the New York market yesterday ranged up to \$3 to \$3.25 per 100 pounds, far above the government support price of \$2.60 per hundred for U.S. No. 1's, and that "I feel if we can get through this week we won't have to dump any more."

The PMA official added, however, that hot weather in the Elizabeth City area this week might force farmers to harvest their crop quickly, and then "we might have to dump some more," but "I don't think there'll be any more dumping of No. 1's."

Smaller Tobacco Export For '47

Washington, June 17—(AP)—J. B. Hutson, president of Tobacco Associates, Inc., says tobacco exports will be less this year than last.

He said he expected to go to England and France early next month to survey the situation. Growers of flue cured tobacco have put up \$100,000 for investigation of markets by Tobacco Associates.

Hutson said a slightly smaller crop and a slightly smaller export business is the prospect now.

He added that Tobacco Associates, formed early in April by growers, warehousemen and exporters of flue cured leaf, will open offices in Raleigh about Aug. 1.

Our Farm Folks

By MRS. FRED T. LANGFORD
VERNA BELLE LOWERY
LILLIAN B. HINES
Home Demonstration Agents
Pitt County

Who does not like to go visiting where you find a kindly welcome and good time awaiting you? Entertaining gives us a chance to do something for some one else, and to develop our own poise and personality. Home Demonstration club members are very interested in the demonstration this month on "Simple Entertaining," which includes simple courtesies, refreshments, points in serving, and table decorations. These club members see the joy of celebrating with the family on such occasions as anniversaries, holidays, Sunday night suppers, and birthdays. Don't wait until you have the finest linen, china, silver, and glassware to entertain. Arrange what you have in a neat orderly way. Real happiness comes from working and playing together. Six clubs met last week.

Stokes Club—Mrs. Abe Gray was hostess to the Stokes club at her spacious country home near Stokes. Mrs. A. B. Etheridge, president, presided. Mrs. John Gray gave a very interesting talk on Czechoslovakia, relating many interesting facts about her son's visit to this country in the war. Mrs. Lydia Barnhill gave a few interesting historical facts about Edenton. Mrs. Gray assisted the Home Agent, Mrs. Langford in the demonstration on "Simple Entertaining," after which she served punch and party cookies and sandwiches. The hostess conducted a contest. Mrs. Ed Hawkins was the winner.

Littlefield Club—The club met June 10 at the home of Mrs. Levi Worthington. The president, Mrs. J. T. Beddard, Jr., presided. The secretary, Mrs. G. C. Garri, read the minutes of the May meeting and called the roll. The members decided to have a family night supper on August 29 at the Farmville recreational park. After the demonstration on "Simple Entertaining," given by Verna Belle Lowery, assistant home agent, Mrs. Levi Worthington invited the members into the dining room where she had arranged a lovely table with a Christmas idea for a family meal which was a part of the demonstration the hostess planned. Then she served punch, party sandwiches and cookies from a table which was beautifully decorated for the occasion.

St. John Club—The St. John Home Demonstration club held the June meeting at the community building on Tuesday, June 10. Mrs. L. B. McLawhorn gave a very interesting talk on Czechoslovakia. Mrs. Langford, home agent, assisted by Mesdames Alton Chapman and Wilbur Fleming, gave the demonstration on "Simple Entertaining." This was followed by a demonstration on "Baking a Chicken" given by Mrs. J. R. Moore. A beautiful platter of chicken and dressing was arranged by Mrs. Moore, garnished with red cinnamon apples.

members modeled a dress that each had made. Mrs. L. W. Taylor, first place winner, modeled a cotton chambray. She was awarded a pair of scissors. Mrs. K. E. Price, Jr., second place winner, modeled a flowered cotton print; she received a dozen spools of thread. The fashion show was under the direction of Mrs. J. R. Moore, clothing leader of St. John club.

Mrs. Wilbur Fleming, hostess for the afternoon, served punch, party cookies and nuts from an attractive tea table centered with an arrangement of red roses. She was assisted by Mrs. Alton Chapman.

Mrs. J. Brooks Tucker of the Red Banks club was a guest and served as a judge for the fashion show. Bethel Club—The Bethel Home Demonstration club met at the home of Mrs. R. N. Simmons with Mesdames Clayton House, Dennis Hardy, and E. J. Whitehurst as co-hostesses. Mrs. Simmons' new home was attractive with arrangements of summer flowers. Her daughter, Mrs. Shelton, gave a few facts on Czechoslovakia.

Mrs. Langford, home agent, demonstrated a few simple party refreshments after which punch, fancy cookies, sandwiches, and cheese dainties were served by the hostesses.

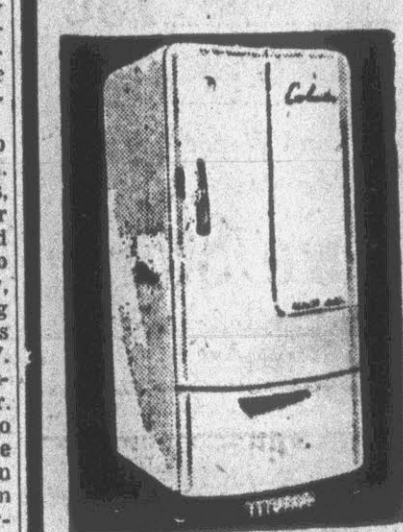

Farmville Club—Farmville club met at the club house on June 11. The president, Mrs. J. R. Lewis, called the meeting to order after which the members sang "The Old North State" and repeated the club collect. Mrs. B. R. Fields, secretary, read the minutes of the last meeting and called the roll. Mrs. Ben Lewis gave a family life report. Mrs. W. J. Baker gave a report on "Freezing Foods for Family Use." Mr. Charlie Raspberry of Farmville who served three years in Italy in the army gave an illustrated talk on Italy. After the demonstration on "Simple Entertaining" given by Verna Belle Lowery, assistant home agent, the hostess, Mrs. Herman Baker assisted by Mrs. Earl Bagley and Mrs. Speight served fruit drinks, party sandwiches and cookies and pickles.

Fountain Club—The Fountain Home Demonstration club met in the home of Mrs. C. W. Gaynor with Mrs. H. T. Smith as co-hostess. Mrs. L. E. Baker reported on the International Neighbor for the month, Czechoslovakia. Mrs. Jennie Johnson, garden leader, gave a few garden hints for the summer vegetable gardens. Mrs. Langford, home agent, assisted by the hostesses gave a demonstration on "Simple Entertaining."

NEED A SPACIOUS BUILDING?

All-steel, clear-span Stran-Steel "Quonsets" are the answer to scores of building problems. Low in cost, easy to erect and maintain, they are now widely used on farms for barns, implement and vehicle storage, feed storage, utility buildings and tenant houses... in business and industry for offices, storage, workshops and other purposes. Three great basic buildings, the 20-foot-wide "Quonset 20," 24-foot-wide "Quonset 24" and 40-foot-wide "Quonset 40"—all available in practically any desired length—meet practically every need for building space.

Let's talk over your building needs NOW!

In Appreciation To All Our Customers:

During the partial shutdown of the Electric Plant during the weekend it was not possible to carry all the load due to the excessive demand and therefore current was supplied on the various circuits intermittently in order to maintain refrigeration and for other essential needs.

Repairs have now been completed and we are again in position to supply your full demand, barring unforeseen eventualities.

We regret exceedingly the inconvenience caused you during this emergency and wish to take this means of expressing to everyone our sincere appreciation for your splendid cooperation.
