HEAVY FLOODS AND BLIZZARD OPEN SUMMER

Deadly Reception For New Season In Midwest; At Least 18 Killed

By the Associated Press. Tornadoes, flash floods and howling blizzards claimed at least 18 lives, left hundreds homeless and trapped 70 vacationists in a swirling snow storm yesterday as a reception to summer.

Hardest hit was Nebraska where at least 15 were known to have perished as a 12-foot wall of water from an overflowing creek surged through the town of Cambridge at dawn, taking the 1,100 inhabitants by surprise that they were unaware of the disaster until their homes were sent sprawling from their foundations.

At least three persons died in the cold of the blizzard which left snow drifts as much as 15 feet deep at Beartooth Pass between Yellowstone National Park, Wyo., and Red Lodge, Mont.

The floods in several areas of Nebraska followed cloudbursts which brought an estimated 12 inches or more of rain at Burwell and Broken Bow.

Mayor Lloyd C. Richardson of Cambridge said about 100 were homeless there, and North Loup, in the north-central part of the state was inundated. Streams throughout the state went out of their banks.

Agree To Divide Punjab Between Indian Parties

Lahore, India, June 23—(AP)—The Punjab legislature, meeting behind protective barred wire barricades heavily manned by police, voted today to divide the fertile province and its 30,000,000 people between Hindus and Moslem Pakistan.

In a joint Sikh-Hindu-Moslem meeting, 91 legislators voted to join a new constituent assembly to write a constitution for Pakistan and 77 to join the present, constituent assembly to write a constitution for Hindustan.

The vote followed a week-end of bitter communal rioting in which 28 persons were slain, and strict security measures were invoked by police in an effort to prevent any new demonstrations.

The city was relatively quiet this morning, however, and up to the time the vote was taken shortly before noon no trouble had been reported.

BPW Convention Ends; Five New Directors Named

Wrightsville, Beach, June 23—(AP)—The State Federation of Business and Professional Women's Clubs concluded its annual convention here today after the national president had criticized the United Nations for placing "practically no women on important committees."

Miss Sally Butler said yesterday "men have failed long enough at making the peace and have failed utterly at keeping the peace. No women have been appointed to the Security Council or to the Economic and Social Council, and none have been made assistants to the secretariat of the assembly."

These five district directors were named by the federation yesterday: Asheville, Alice Pratt; Hickory, Mrs. Earle Townsend; Goldsboro, Miss Annie Stevens; Thomasville, Miss Jewel Sink; Greenville, Mrs. Chester Walsh.

Two-Edged Question

Muscovites "On-The-Spot" In Answering Anglo-French Call To Confer On Rehabilitation Of Europe; Acceptance Means Hamstringing Of Own Policies

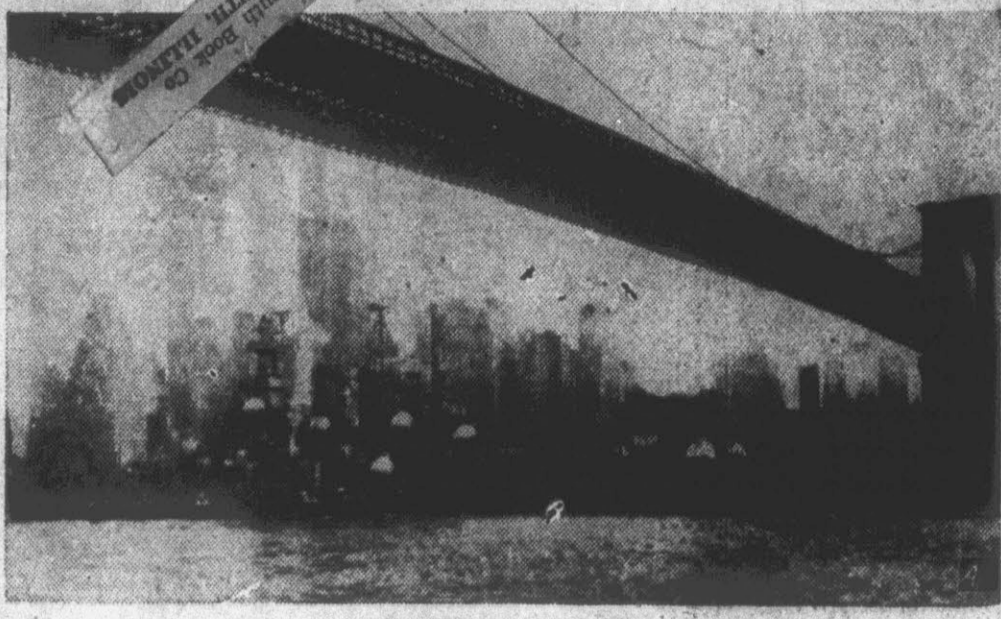

By DEWITT MACKENZIE

History will receive a momentous contribution when time finally is able to disclose the conversations which must have been proceeding in the Kremlin between Soviet Premier Stalin and his captains in their search for an answer to the Anglo-French call to join in the program of European economic rehabilitation proposed by U.S. Secretary of State Marshall.

It was a tough question for the Muscovites to decide, and they have gone as far as agreeing to discuss the matter with France and Britain in Paris next Friday. Obviously Soviet cooperation is essential for European recovery. But diplomats and other observers in the Western Democracies have expressed the view that wholehearted Russian participation in the Marshall plan would be likely to slash a knife across the roots of Communism.

Why? Well, because the Red aims to thrive on economic and political chaos such as now has Europe by the throat.

U.S.S. North Carolina Heads For 'Operation M othball'

The mighty U. S. battleship North Carolina is moved by tugs in the East river beneath New York's Brooklyn bridge en route from the Brooklyn navy yard to the naval supply depot at Bayonne, N. J., for a rendezvous with "operation mothball." The ship will join the fleet of vessels which are having their guns and engines greased and webbed to be held in reserve. (AP Wirephoto).

Russia Agrees To Discuss European Relief; Date Set

HUNGARY HAS 'WHITE PAPER'

Link British With Hapsburg Restoration; Accuse Ex-Premier

Budapest, June 23—(AP)—Hungary's government, under communist control, has published statements purporting to link the British with a movement to restore the Hapsburg monarchy in Austria and Hungary and accusing ex-Premier Ferenc Nagy of issuing orders for unauthorized armed formations.

These statements were contained in a 150-page white paper, made up by the communists with some help from Soviet occupation forces and released yesterday.

The white paper quoted Major General Zoltan Szogyi, now in prison, as saying in a deposition that three British officers were on hand for negotiations with Austrian royalists late in 1945 aimed at the restoration of the Hapsburgs both in Hungary and Austria.

Two other men—Bela Kovacs, former secretary general of Nagy's majority small holders' party, and Paul Jaczko, small holders deputy—were quoted as saying in similar depositions that Nagy had ordered formation of an armed group for the struggle for power in Hungary on behalf of the party in event of an anticipated communist attempt at a putsch.

Other parts of the white paper said Nagy tried to make Hungary the southeastern European economic and political base of the United States.

Coldest June

This has been the coldest June since 1941, Mrs. C. E. Malden, weather observer here for the U.S. Department of Commerce, reported today. The Weather Bureau in Raleigh reports the coldest June there since 1898.

Over two inches of rain has fallen here since the first of the month, and the seasons were favorable to growing crops.

Temperatures for the past few days follow: Friday—minimum, 65; maximum, 72 degrees.

Saturday—minimum, 65; maximum, 79.

Sunday—minimum, 55; maximum, 76.

Today—minimum, 50 degrees at 7 a.m., and maximum at 10:30 a.m., 68 degrees.

France Calls For Paris Conference On Friday; Clayton To Begin Series Of Talks With Bevin; May Attend Session As U.S. Observer

London, June 23—(AP)—Russia announced today she would join Britain and France in a conference on American aid to Europe, and France called the three European foreign ministers to meet in Paris Friday.

The French Foreign Ministry said it would be happy to welcome Russia's V. M. Molotov and Britain's Ernest Bevin to join Georges Bidault of France in the discussions. The French expressed "lively satisfaction" at the Soviet suggestion that the meeting begin Friday.

Gratification at the Soviet consent was expressed both here and in Paris.

William L. Clayton, U.S. under secretary of state for economic affairs, who arrived in London yesterday, was expected to begin meetings today with Foreign Secretary Ernest Bevin and other cabinet ministers on the proposed aid program.

British government informants looked for him to propose that a U.S. observer attend the British-Soviet-French talks. They mentioned Paul Porter, head of the U.S. mission for economic affairs.

The Tass dispatch quoted the Russian Government as saying "identical notes."

"The Soviet Government x x x," the agency quoted this reply as saying, "accepts the proposal of the French and British Governments and agrees to take part in a conference of the three ministers of foreign affairs. In the opinion of the Soviet Government, such a conference could take place in Paris on June 27."

This disclosure came on the day that had been set as a deadline for the Soviet response by British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault, who talked over the aid plan in Paris last Tuesday and Wednesday.

The Soviet note, as quoted by Tass, agreed that the prime task now before European countries was "the speediest possible rehabilitation and further development of their national economies disrupted by the war."

Pitt Tobacco In Good Shape

Tobacco in Pitt county is reported to be in good condition following the rains last week which broke the few weeks of dry weather which threatened the crop. Reports from the county agent's office say the extent of damage caused by the dry weather was the delaying of replanting. The lack of rain will make this year's crop approximately one month later than last year's crop.

Black Shank disease has been reported widespread over the county since the heavy rains and is appearing in several communities which did not suffer from the disease last year.

The unusual small amount of Granville wilt in the county this year is attributed to the use of Oxford 26 variety of tobacco which was developed to resist the wilt.

Blue Ribbon Jury Is Upheld By Justices

Washington, June 23—(AP)—The Supreme Court today upheld a New York "blue ribbon jury" conviction of Joseph S. Fay and James Bove, labor union officials on charges of extorting money from construction contractors.

Fay and Bove protested to the Supreme Court that their trial before a jury comprised of persons from the upper stratum of economic and social life "violated their rights."

COURT OKAYS PETRILLO LAW

Lea Act Is Upheld By Supreme Court In 5-3 Decision

Washington, June 23—(AP)—The supreme court today decided the Lea act—generally known as "the anti-Petrillo law"—is constitutional. It sent the case of James C. Petrillo, head of the AFL Musicians union, back to the trial court, however, for new proceedings.

The case came before the high court on the government's appeal from a Chicago court's ruling that the law is unconstitutional.

That ruling was on charges brought against Petrillo under the law.

The act prohibits forcing broadcasting to hire more workers than they need to perform actual radio station services.

It was passed by the last congress to curb powers of Petrillo. Justice Black delivered the court's 5-3 decision. Justice Reed dissented. (Continued on Page Two)

Indict Negro For Rape, Burglary

Jackson, N.C., June 23—(AP)—The Northampton grand jury today indicted Will Cherry, 24, Negro, on charges of rape and first degree burglary in connection with an attack on a Rich Square white woman. His trial was to start today after a jury was chosen from a special venire of 50 men that included Negroes.

Meanwhile some 23 State Highway patrolmen rode through this predominantly Negro rural area in northeastern North Carolina where race feeling has run high following similar reported rape attempts.

Immunization Against Polio Brought Nearer

Baltimore, June 23—(AP)—Three Johns Hopkins scientists reported today they have successfully vaccinated monkeys against infantile paralysis.

It is the first time the "microscope corps" in the fight against polio-myelitis has ever achieved what the Hopkins people call "solid immunity."

The time when you can have the family doctor give your children "shots" against polio still seems far off. However, the work by Drs. Isabel Morgan, Howard A. Howe and David Bocian at the Hopkins Polio-myelitis Research Center may have brought it a step nearer.

They used an "active" polio virus to immunize the monkeys, injecting it into their muscles.

On the basis of what they know now, the doctors figure it would be too dangerous to give a child a shot

Second "Texas City" Is Averted By Fate And Foresight In Harbor Blast

Wilmington, Calif., June 23—(AP)—At least two, and probably 14, men were dead today following a \$10,000,000 ship-explosion fire—Los Angeles harbor's costliest calamity which only fate and foresight apparently kept from becoming another "Texas City."

The 11,083-ton tanker Markay blew up with 2,940,000 gallons of fuel in a triple explosion that razed several docks—and harbor authorities said—missed lightning huge petroleum storage tanks only because of favorable winds.

Senate Passes Taft-Hartley Labor Bill By 68-25 Margin

TRUMAN CALLS FOR HELP IN PLANNING AID

Assigns Non-Partisan Committee To Weigh U. S. Relief Ability

Washington, June 23—(AP)—President Truman going part way with Republican Senator Vandenberg called for outside help today in weighing America's foreign aid policy with this country's ability to pay.

The Democratic Chief Executive designated 19 leaders of business, labor, agriculture, education and research as a "non-partisan" committee to advise him on how much help can "safely and wisely" be sent abroad.

The implication was plain: That the United States may find it necessary to stem the flow of dollars, food, fuel and materials to war-damaged nations.

The "impact upon our domestic economy" of such aid is of "grave concern to every American," said Mr. Truman's announcement last night, and "merits most careful study."

It was equally clear that the President was making a final effort to prevent the bipartisan foreign policy from piling up in the veto-strewn wreckage of his domestic legislative program.

Mr. Truman took the words "safely and wisely" from the call Vandenberg sounded 10 days ago for a council of Democrats and Republicans to help set the limits within which this government can plan its economic help to foreign nations.

But whether Vandenberg, chairman of the Senate Foreign Relations Committee, and his Republican colleagues will be satisfied remained to be seen.

Youths Released In Rape Charge

Raleigh, June 23—(AP)—Three youths were absolved of charges of assault with intent to commit rape and a fourth, accused of rape, was freed without bond pending further investigation at a hearing by Justice of the Peace M. J. Carlton here today.

Charges against Seawell Lester Flowers, 29, of Knightdale, Archie M. Johnson, 19, and Marvin Junior Chappell 22 both of Raleigh, were dismissed and John Ralph Morris 20, of Knightdale, was released without bond.

The prosecuting witness, Dorothy Jean Harrison, 17, told Justice Carlton that she wished to withdraw the warrants. She was taxed with the court costs.

Victors

Senator Robert A. Taft (upper), Republican of Ohio, chairman of the Senate Labor Committee, and Rep. Fred A. Hartley, Jr., (below), Republican of New Jersey, today saw their labor-curbing measure become law over President Truman's strongly-worded veto. (Ap Wirephoto).

Eleventh Hour Appeal By President Fails; Result Is Major Victory For Republican-Controlled Congress; Action Requires Truman And Administration To Enforce New Law Termed "Unworkable"

GOV'T CLAIM TO TIDELANDS UPHELD TODAY

Supreme Court Says Oil-Rich Submerged Land Is Federal Property

Washington, June 23—(AP)—The Supreme Court today upheld the federal government's claim to ownership of the oil-rich submerged lands off the California coast.

The United States succeeded in its bid to win a 5-4 majority at low tide and extending seaward three miles.

California claimed ownership of the lands, on which it has issued about 100 leases for withdrawal of oil by various companies. The oil and other mineral deposits at stake in the litigation were believed to be worth many billions.

Justice Black delivered the court's 5-2 decision. Justices Reed and Frankfurter wrote separate dissents. Justice Jackson took no part in the case.

Attorney General Tom C. Clark at the time the case was argued before the Supreme Court, said in a press statement that the suit involved only the area off the California coast and would not affect all rights in submerged lands on other states.

Attorneys for California, for the National Association of Attorneys General, and for the American Association of Port Authorities, disputed this interpretation.

Price Daniel, attorney general of Texas and counsel for the National Association of Attorneys General, told the high tribunal that the case has turned out to be a real test case of the rights of the coastal states to lands under their navigable waters.

Closing Ditches Two Parts City

Two more drainage projects, one on Skinner's ravine in the western part of the city, the other in the valley between Third and Fourth streets, starting at the Jarvis Street Grocery, are to be carried out to eliminate open mosquito-breeding ditches.

Property owners in Skinner's ravine provided the pipe for closing a ditch between Third and Fourth streets. The city provided the labor. The Carolina Dairy, getting ready to construct a garage and storage house on Third Street nearby, will dump the dirt from its excavations over the pipe line and close the ditch. The pipe has been laid.

Property owners on both sides of the ditch starting at Third and Jarvis streets will share in the expense of installing a drainage pipe here to eliminate the ditch. Materials for this job have been ordered, Mayor Jack Boyd said.

ABANDON HOPE. Lake Success, June 23—(AP)—The United Nations virtually abandoned all hope today of writing an international atomic control treaty before the General Assembly meets next September.

Washington, June 23—(AP)—Legislation making permanent the present three-cent postage rate on first class letters was passed unanimously by the House today. The rate will revert to two cents July 1, 1947, unless the Senate and the president also approve the legislation before then.

Taft-Hartley Bill

By Nightfall This Measure Will Be Law Or It Will Be Dead; If Passed It Will Occupy Center Of Stage For Years To Come; Complicated Do's And Don'ts

By JAMES MARLOW

Washington, June 23—(AP)—Here is a brief ABC on the Taft-Hartley labor bill and what led up to it. By nightfall today it will be law or it will be dead.

Friday the House re-passed it over President Truman's veto. The Senate votes today. If it re-passes the bill, it's law at once. If not, it's killed.

In all its history Congress has never passed a bill which affects labor and management in so many ways.

If it becomes law, you'll be reading about it for years to come. It's so big, it's so complicated, and it does so many things that the wisest labor lawyer right now can't tell you all it means or would do.

By ASSOCIATED PRESS. WASHINGTON, June 23—The Senate voted the Taft-Hartley labor bill into law today by overriding President Truman's veto, 68 to 25.

This was more than the two-thirds margin required to enact the hotly-contested curbs on labor unions.

The action was taken despite an 11th hour appeal from Mr. Truman to Senate Democrats to uphold his June 20 veto and kill the measure as "dangerous legislation."

President Truman wrote Senator Barkley (D-Ky) just before the Senate vote that he is convinced the bill will "do serious harm" to the country.

The new law provides for government injunctions to halt national emergency strikes for at least 80 days. It also bans the closed shop and amends the Wagner act to restrict some other union activities.

The result was a major victory for the Republican Truman. Last week the House sustained by a two-vote margin the president's veto of the \$4,000,000,000 Republican tax cut bill.

The House overrode the labor bill veto last Friday, by 331 to 83 a 1 margin. Thus more than two-thirds of the members of Congress, including his own party, went against President Truman's wishes.

Labor leaders bitterly assailed the measure. Calling it a "slave bill," they and their followers flooded lawmakers with thousands of messages urging them to sustain the president's veto.

A coalition of Democrats and a few Republicans fought the bill to the last. They had delayed the vote until today with filibustering tactics during a 30-hour continuous session that ended Saturday night.

Before the crowded galleries supporters of the bill and backers of the veto fought the ballot all over again in a three-hour period before the showdown came.

The Senate action places on the president and his administration the enforcement of a law that he defined flatly in his veto message as unworkable and "a clear threat to the successful working of our democratic society."

Senator Taft (R-Ohio), one of the authors of the measure, expressed confidence, however, that Mr. Truman will do his best to administer it.

In his letter to Senator Barkley, Senate Democratic leader, Mr. Truman praised those who had fought the bill.

WITH MAJORITY. WASHINGTON, June 23—(AP)—Both of North Carolina's senators, Clyde E. Hoey and W. B. Umstead, voted today with the majority to override President Truman's veto of the labor bill.

Superior Court Here August 18

Judge W. C. (Buck) Harris of Raleigh is scheduled to ride the Fifth Judicial Circuit the last half of the year.

He will preside over a civil term of Superior Court here the week of August 18. The Wake County jurist will hold a criminal term of court here the week of August 25. The criminal docket is unusually heavy and contains several capital cases for trial.

Superior Court will not be in session here during June or July, the busiest two months in the year for farmers.

# LOCALS DROP ANOTHER GAME IN GOLDSBORO

## Payne Knocks In Winning Run For 3-2 Count; Crucial Game Tonight

By BERT MOYE  
Larry Baldwin lost his second straight game last night in Goldsboro as the Goldsboro Bugs edged a 3-2 decision over the Greensies. The win for the Bugs was their fifth over the Greensies this season as against four losses.

Greenville was held scoreless until the eighth frame when they put across two runs to knot the count at two-all. However the Goldsboro Bugs came back in the last half of the eighth to push across a tally to win the game when Lingle walked, stole second and Virgil Payne doubled to bring him home.

Larry Baldwin, who went the route for the Greensies, was touched for seven hits, four of which were extra bases including a home run by Jack Husey, the Bugs' first baseman. He struck out one man and walked two men.

Dopkin started on the mound for the Bugs but was forced to retire in the eighth frame during the Greenie rally after pitching seven and two-third innings. Whitehurst relieved him at this point of the game and received credit for the win after holding the Greensies in check.

Greenville was limited to our hits, all of which were singles, and were divided among Willie Mauney, Jack Bomar, Billy Lynch and Baldwin. The Greensies played errorless ball while the Bugs made two miscues which figured in the Greenie scoring.

The two teams play a return game here at Guy Smith Stadium tonight which will be a crucial game for the Greensies as at the present time they are out in front of the Bugs in sixth place by a lone game. Should Goldsboro win this game tonight the two teams would be tied for sixth place in league standings.

Score by innings:  
Greenville ..... 000 000 020-2  
Goldsboro ..... 000 100 11x-3

# DIAMOND DUST

By BERT MOYE  
According to the latest figures released by the league statistician and which include all games played through June 15th, four Greensies continue to hit in the 300 class. Willie Mauney, with a 370 percentage, stands fourth in individual batting in the Coastal Plain League. He has been to bat 189 times, collected 70 hits to gain this position. Roy Kennedy of Tarboro at the present time is leading the league, having been to bat 155 times, with 64 hits for a 413 percentage. Other Greensies in the 300 class are Charlie Chute, who has been at bat 187 times for 62 hits for a 315 percentage; Tommy Lee, 147 times at bat with 46 hits for a 313 percentage; and Jack Bomar who has 42 hits for 138 times at bat for a 304 percentage. Other Greensies listed in this week's tabulation are: Hank Ranweiler, 33 hits in 118 trips to the plate for a 280 percentage; Johnny Fare, 34 hits in 129 times at bat for a 264 percentage; Bobby Faye; 52 hits in 203 trips at bat for a 256 percentage; Howard Jenkins, 22 hits in 89 trips to the plate for a 247 percentage; and Bill Lynch, 47 hits in 193 trips to the plate for a 242 percentage.

Among the league leaders Willie Mauney continues in second place in the number of triples with 10, being topped only by Roy Kennedy of Tarboro, with an even dozen. Charlie Chute is in second place in the number of homers with eight, while Gashouse Parker of Tarboro is in first position with 12.

In the strikeout division Johnny Foell is in second place, with 104, while Sam McLanahan of Kinston takes first place with 106. Incidentally, Johnny struck out eight men in his last game pitched on Tuesday at New Bern to bring his total for the season to 112.

In team batting the Greensies

# GOODMON WILL STAY ON JOB

## CPL Officials Talk President Out Of Resignation

Coastal Plain League directors like their president, although he may not like his job.

Ray Goodmon of Williamston, president of the Class D circuit since 1939, yesterday tendered his resignation to the officials, because of conditions in the league which, he said, were "intolerable insofar as I am concerned."

However, the directors and managers of the teams flatly turned down the resignation, and pledged support and cooperation of Goodmon's administration. So Goodmon will continue as president until the end of the season.

Goodmon listed as reasons for his tendering his resignation: protests, counter-protests, appeals and continual wrangling by managers and club presidents over decisions, bottle-throwing incidents, verbal assaults on umpires and players, and lack of sufficient protection.

League directors and managers said they would do all possible to eliminate the above troubles.

The directors also approved of raising the protest fee from \$25 to \$125, and directed that \$25 must be posted by a manager at the time of the protest with the head umpire—the remaining \$100 is to be paid if the protest goes through league channels.

HEAVY FLOODS AND BLIZZARD OPEN SUMMER

Deadly Reception For New Season In Midwest; At Least 18 Killed

By the Associated Press. Tornadoes, flash floods and howling blizzards claimed at least 18 lives, left hundreds homeless and trapped 70 vacationists in a swirling snow storm yesterday as a reception to summer.

Hardest hit was Nebraska where at least 15 were known to have perished as a 12-foot wall of water from an overflowing creek surged through the town of Cambridge at dawn, taking the 1,100 inhabitants by surprise that they were unaware of the disaster until their homes were sent sprawling from their foundations.

At least three persons died in the cold of the blizzard which left snow drifts as much as 15 feet deep at Bearfoot Pass between Yellowstone National Park, Wyo., and Red Lodge, Mont.

The floods in several areas of Nebraska followed cloudbursts which brought an estimated 12 inches or more of rain at Burwell and Broken Bow.

Mayor Lloyd C. Richardson of Cambridge said about 100 were homeless there, and North Loup, in the north-central part of the state was inundated. Streams throughout the state went out of their banks.

Agree To Divide Punjab Between Indian Parties

Lahore, India, June 23 (AP)—The Punjab legislature, meeting behind protective barbed wire barricades heavily manned by police, voted today to divide the fertile province and its 30,000,000 people between Hindustani and Moslem Pakistan.

In a joint Sikh-Hindu-Muslim meeting, 91 legislators voted to join a new constituent assembly to write a constitution for Pakistan and 77 to join the present, constituent assembly to write a constitution for Hindustan.

The vote followed a week-end of bitter communal rioting in which 28 persons were slain, and strict security measures were invoked by police in an effort to prevent any new demonstrations.

The city was relatively quiet this morning, however, and up to the time the vote was taken shortly before noon no trouble had been reported.

BPW Convention Ends; Five New Directors Named

Wrightsville, Beach, June 23 (AP)—The State Federation of Business and Professional Women's Clubs concluded its annual convention here today after the national president had criticized the United Nations for placing "practically no women on important committees."

Miss Sally Butler said yesterday "men have failed long enough at making the peace and have failed utterly at keeping the peace. No women have been appointed to the Security Council or to the Economic and Social Council, and none have been made assistants to the secretariat of the assembly."

These five district directors were named by the federation yesterday: Asheville, Alice Frank; Hickory, Mrs. Annie Townsend; Goldsboro, Miss Annie Stevens; Thomasville, Miss Jewel Sink; Greenville, Mrs. Chester Walsh.

Two-Edged Question

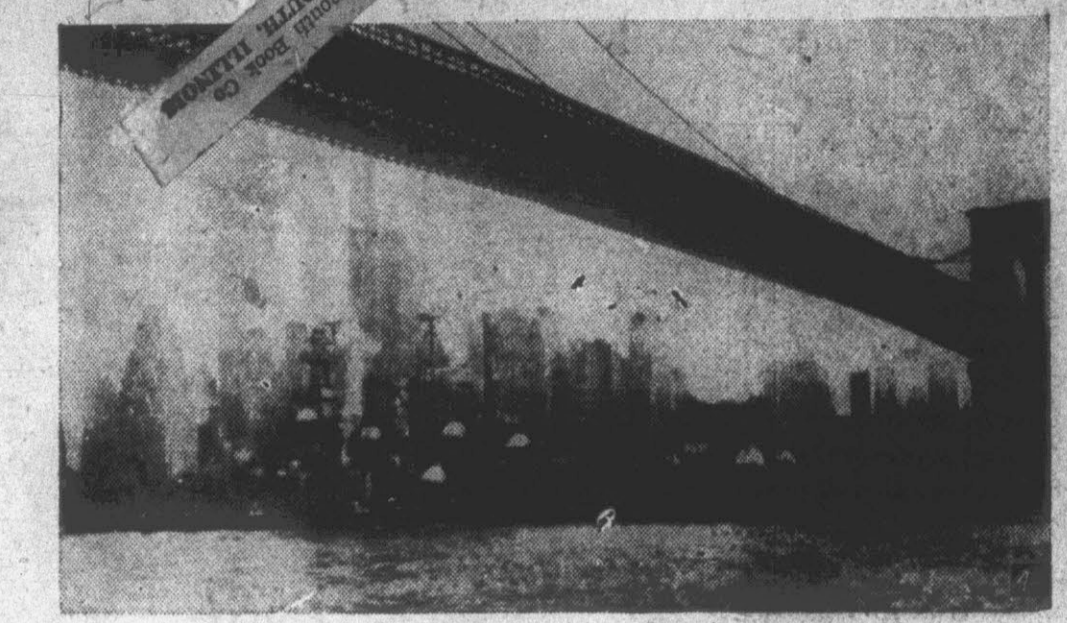

Muscovites "On-The-Spot" In Answering Anglo-French Call To Confer On Rehabilitation Of Europe; Acceptance Means Hamstringing Of Own Policies

By DEWITT MACKENZIE

History will receive a momentous contribution when time finally is able to disclose the conversations which must have been proceeding in the Kremlin between Soviet Premier Stalin and his captains in their search for an answer to the Anglo-French call to join in the program of European economic rehabilitation proposed by U.S. Secretary of State Marshall.

It was a tough question for the Muscovites to decide, and they have gone as far as agreeing to discuss the matter with France and Britain in Paris next Friday. Obviously Soviet cooperation is essential for European recovery. But diplomats and other observers in the Western Democracies have expressed the view that wholehearted Russian participation in the Marshall plan would be likely to slash a knife across the roots of Communist expansion westward, thrives on economic and political chaos such as now has Europe by

U.S.S. North Carolina Heads For 'Operation M othball'

The mighty U. S. battleship North Carolina is moved by tugs in the East river beneath New York's Brooklyn bridge en route from the Brooklyn navy yard to the naval supply depot at Bayonne, N. J., for a rendezvous with "operation mothball." The ship will join the fleet of vessels which are having their guns and engines greased and webbed to be held in reserve. (AP Wirephoto).

Russia Agrees To Discuss European Relief; Date Set

HUNGARY HAS 'WHITE PAPER'

Link British With Hapsburg Restoration; Accuse Ex-Premier

Budapest, June 23 (AP)—Hungary's government, under communist control, has published statements purporting to link the British with a movement to restore the Hapsburg monarchy in Austria and Hungary and accusing ex-Premier Ferenc Nagy of issuing orders for unauthorized armed formations.

These statements were contained in a 150-page white paper, made up by the communists with some help from Soviet occupation forces and released yesterday.

The white paper quoted Major General Zoltan Szuzi, now in prison, as saying in a deposition that three British officers were on hand for negotiations with Austrian royalists late in 1945 aimed at the restoration of the Hapsburgs both in Hungary and Austria.

Two other men—Bela Kovacs, former secretary general of Nagy's majority small holders' party, and Paul Jacsko, small holders deputy—were quoted as saying in similar depositions that Nagy had ordered formation of an armed group for the struggle for power in Hungary on behalf of the party in event of an anticipated communist attempt at a putsch.

Coldest June

This has been the coldest June since 1941, Mrs. C. E. Maiden, weather observer here for the U.S. Department of Commerce, reported today. The Weather Bureau in Raleigh reports the coldest June there since 1898.

Over two inches of rain has fallen here since the first of the month, and the seasons were favorable to growing crops.

Temperatures for the past few days follow: Friday—minimum, 65; maximum, 72 degrees. Saturday—minimum, 65; maximum, 79. Sunday—minimum, 55; maximum, 76. Today—minimum, 59 degrees at 7 a.m., and maximum at 10:30 a.m., 68 degrees.

France Calls For Paris Conference On Friday; Clayton To Begin Series Of Talks With Bevin; May Attend Session As U.S. Observer

London, June 23 (AP)—Russia announced today she would join Britain and France in a conference on American aid to Europe, and France called the three European foreign ministers to meet in Paris Friday.

The French Foreign Ministry said it would be happy to welcome Russia's V. M. Molotov and Britain's Ernest Bevin to join Georges Bidault of France in the discussions. The French expressed "lively satisfaction" at the Soviet suggestion that the meeting begin Friday.

Gratification at the Soviet consent was expressed both here and in Paris.

William L. Clayton, U.S. under secretary of state for economic affairs, who arrived in London yesterday, was expected to begin meetings today with Foreign Secretary Ernest Bevin and other cabinet ministers on the proposed aid program.

British government informants looked for him to propose that a U.S. observer attend the British-Soviet-French talks. They mentioned Paul Porter, head of the U.S. division for economic affairs.

The Tass dispatch quoted the Russian Government as saying in identical notes: "The Soviet Government x x x," the agency quoted this reply as saying, "accepts the proposal of the French and British Governments and agrees to take part in a conference of the three ministers of foreign affairs. In the opinion of the Soviet Government, such a conference could take place in Paris on June 27."

This disclosure came on the day that this has been set as a deadline for the Soviet response by British Foreign Secretary Ernest Bevin and French Foreign Minister Georges Bidault, who talked over the air plan in Paris last Tuesday and Wednesday.

Pitt Tobacco In Good Shape

Tobacco in Pitt county is reported to be in good condition following the rains last week which broke the few weeks of dry weather which threatened the crop. Reports from the county agent's office say the extent of damage caused by the dry weather was the delaying of replanting. The lack of rain will make this year's crop approximately one month later than last year's crop.

Maek Shank disease has been reported widespread over the county since the heavy rains and is appearing in several communities which did not suffer from the disease last year.

The unusual small amount of Granville wilt in the county this year is attributed to the use of Oxford 26 variety of tobacco which was developed to resist the wilt.

Blue Ribbon Jury Is Upheld By Justices

Washington, June 23 (AP)—The Supreme Court today upheld a New York "blue ribbon jury" conviction of Joseph S. Fay and James Bove, labor union officials on charges of extorting money from construction contractors.

Fay and Bove protested to the Supreme Court that their trial before a jury comprised of persons from the upper stratum of economic and social life violated their rights.

COURT OKAYS PETRILLO LAW

Lea Act Is Upheld By Supreme Court In 5-3 Decision

Washington, June 23 (AP)—The Supreme Court today decided the Lea act—generally known as "the anti-Petrillo law"—is constitutional. It sent the case of James C. Petrillo, head of the AFL Musicians union, back to the trial court, however, for new proceedings.

The case came before the high court on the government's appeal from a Chicago court's ruling that the law is unconstitutional.

That ruling was on charges brought against Petrillo under the law.

The act prohibits forcing broadcasting to hire more workers than they need to perform actual radio station services.

It was passed by the last congress to curb powers of Petrillo. Justice Black delivered the court's 5-3 decision. Justice Reed dissented.

Immunization Against Polio Brought Nearer

Baltimore, June 23 (AP)—Three Johns Hopkins scientists reported today they have successfully vaccinated monkeys against infantile paralysis.

It is the first time the "microscope corps" in the fight against poliomyelitis has ever achieved what the Hopkins people call "solid immunity."

The time when you can have the family doctor give your children "shots" against polio still seems far off. However, the work by Drs. Isabel Morgan, Howard A. Howe and David Bodian at the Hopkins Polio-miylitis Research Center may have brought it a step nearer.

They used an "active" polio virus to immunize the monkeys, injecting it into their muscles.

On the basis of what they know now, the doctors figure it would be too dangerous to give a child a shot

Senate Passes Taft-Hartley Labor Bill By 68-25 Margin

TRUMAN CALLS FOR HELP IN PLANNING AID

Assigns Non-Partisan Committee To Weigh U. S. Relief Ability

Washington, June 23 (AP)—President Truman going part way with Republican Senator Vandenberg called for outside help today in weighing America's foreign aid policy with this country's ability to pay.

The Democratic Chief Executive designated 19 leaders of business, labor, agriculture, education and research as a "non-partisan" committee to advise him on how much help can "safely and wisely" be sent abroad.

The implication was plain: That the United States may find it necessary to stem the flow of dollars, food, fuel and materials to war-damaged nations.

The "impact upon our domestic economy" of such aid is of "grave concern to every American," said Mr. Truman's announcement last night, and "merits most careful study."

It was equally clear that the President was making a final effort to prevent the bipartisan foreign policy from piling up in the veto-strewn wreckage of his domestic legislative program.

Truman took the words "safely and wisely" from the call Vandenberg sounded 10 days ago for a council of Democrats and Republicans to help set the limits within which this government can plan its economic help to foreign nations.

But whether Vandenberg, chairman of the Senate Foreign Relations Committee, and his Republican colleagues will be satisfied remained to be seen.

Youths Released In Rape Charge

Raleigh, June 23 (AP)—Three youths were absolved of charges of assault with intent to commit rape and a fourth, accused of rape, was freed without bond pending further investigation at a hearing by Justice of the Peace M. J. Carlton here today.

Charges against Seawell Lester Flowers, 29, of Knightdale, Archie M. Johnson, 19, and Marvin Junior Chappell 22 both of Raleigh, were dismissed and John Ralph Morris 20 of Knightdale, was released without bond.

The prosecuting witness, Dorothy Jean Harrison, 17, told Justice Carlton that she wished to withdraw the warrants. She was taxed with the court costs.

Indict Negro For Rape, Burglary

Jackson, N.C., June 23 (AP)—The Northampton grand jury today indicted Will Cherry, 24, Negro, on charges of rape and first degree burglary in connection with an attack on a Rich Square white woman. His trial was to start today after a jury was chosen from a special venire of 50 men that included Negroes.

Meanwhile some 23 State Highway patrolmen rode through this predominantly Negro rural area in northeastern North Carolina where rape feeling has run high following similar reported rape attempts.

Second "Texas City" Is Averted By Fate And Foresight In Harbor Blast

Wilmington, Calif., June 23 (AP)—At least two, and probably 14, men were dead today following a \$10,000,000 ship-explosion fire—Los Angeles harbor's costliest calamity which only fate and foresight apparently kept from becoming another "Texas City."

The 11,083-ton tanker Markay blew up with 2,940,000 gallons of fuel in a triple explosion that raged several docks and harbor authorities said—missed lightning huge petroleum storage tanks only because of favorable winds.

Two bodies were recovered from the harbor shortly after the blast yesterday and searchers planned to board the shell of the tanker today to remove others which were spotted by Coast Guard observers last night after the vessel stopped burning.

Senator Robert A. Taft (upper), Republican of Ohio, chairman of the Senate Labor Committee, and Rep. Fred A. Hartley, Jr., (below), Republican of New Jersey, today say their labor-curb measure become law over President Truman's strongly-worded veto. (Ap Wirephoto).

WOULD REVISE VETO POWERS

Proposed Amendment Requires Mere Majority To Override

Washington, June 23 (AP)—Two hotly disputed presidential vetoes in a single week stirred talk of Capitol Hill today of a constitutional amendment making it easier for Congress to override White House objections to legislative acts.

Voicing publicly the privately expressed sentiments of many of his colleagues, Rep. Arends (Ill.) said he is considering a proposal calling for only a majority vote of the elected members of each branch of Congress.

The constitution now requires a two-thirds vote in the Senate and the House before legislation can become law over a veto.

The House failed by two votes to override Mr. Truman's veto of the Republican tax reduction bill last Tuesday. But it ran up a vote of nearly four to one in favor of passing the Taft-Hartley Labor Bill over President Truman's objections.

Arends, who as Republican whip in the House acts as assistant majority leader, told reporters he sounded out other members and found strong sentiment in favor of a change.

The constitution, Arends contended, contemplated infrequent use of the veto "and certainly not its use for political purposes as was the obvious case on the tax and labor bills."

THREE-CENT POSTAGE

Washington, June 23 (AP)—Legislation making permanent the present three-cent postage rate on first class letters was passed unanimously by the House today. The rate will revert to two cents July 1, 1947, unless the Senate and the president also approve the legislation before then.

West Pointers At Fayetteville

Fayetteville, N.C., June 23 (AP)—The first group of 300 West Point cadets will begin arriving by plane at Pope Field late today (5 p.m.) to attend an airborne school conducted by the "All America" 82nd Airborne Division.

The military academy's class of 1949 has been divided into two groups of 300 men each. The first group, arriving today, will remain until July 2, and the second group will arrive July 5 and stay until July 14. The highlight of the tour of instruction will be a battalion jump and tactical problem on June 25, culminated by 40 minutes of actual sustained firing under simulated combat conditions. The airborne exercises will be presented by veterans of the first battalion of the 504th parachute infantry regiment who jumped in Sicily, Italy and Holland.

Eleventh Hour Appeal By President Fails; Result Is Major Victory For Republican-Controlled Congress; Action Requires Truman And Administration To Enforce New Law Termed "Unworkable"

GOV'T CLAIM TO TIDELANDS UPHELD TODAY

Supreme Court Says Oil-Rich Submerged Land Is Federal Property

Washington, June 23 (AP)—The Supreme Court today upheld the federal government's claim of ownership of the oil-rich submerged lands of the California coast.

The United States claimed title to a belt beginning at low tide and extending seaward three miles.

California claimed ownership of the lands, on which it has issued about 100 leases for withdrawal of oil by various companies. The oil and other mineral deposits at stake in the litigation were believed to be worth many billions.

Justice Black delivered the court's 6-2 decision.

Justices Reed and Frankfurter wrote separate dissents. Justice Jackson took no part in the case.

Attorney General Tom C. Clark at the time the case was argued before the Supreme Court, said in a press statement that the suit in California was won, but added that the vote until today with filibustering tactics during a 30-hour continuous session that ended Saturday night.

Before the crowded galleries supporters of the bill and backers of the veto fought the ballot all over again in a three-hour period before the showdown came.

The Senate action places on the president and his administration the enforcement of a law that he defined flatly in his veto message as unworkable and "a clear threat to the successful working of our democratic society."

Senator Taft (R-Ohio), one of the authors of the measure, expressed confidence, however, that Mr. Truman will do his best to administer it.

In his letter to Senator Barkley, Senate Democratic leader, Mr. Truman praised those who had fought the bill.

Closing Ditches Two Parts City

Two more drainage projects, one in Skinner's ravine in the western part of the city, the other in the valley between Third and Fourth Streets, starting at the Jarvis Street Grocery, are to be carried out to eliminate open mosquito-breeding ditches.

Property owners in Skinner's ravine provided the pipe for closing a ditch between Third and Fourth Streets. The city provided the labor. The Carolina Dairy, getting ready to construct a garage and storage house on Third Street nearby, will pump the dirt from its excavations over the pipe line and close the ditch. The pipe has been laid.

Property owners on both sides of the ditch starting at Third and Fourth Streets will share in the expense of installing a drainage pipe here to eliminate the ditch. Materials for this job have been ordered, Mayor Jack Boyd said.

ABANDON HOPE

Lake Success, June 23 (AP)—The United Nations virtually abandoned all hope today of writing an international atomic control treaty before the General Assembly meets next September.

GOV'T CLAIM TO TIDELANDS UPHELD TODAY

By ASSOCIATED PRESS. WASHINGTON, June 23.—The Senate voted the Taft-Hartley labor bill into law today by overriding President Truman's veto, 68 to 25.

This was more than the two-thirds margin required to enact the hotly-contested curbs on labor unions.

The action was taken despite an 11th hour appeal from Mr. Truman to Senate Democrats to uphold his June 20 veto and kill the measure as "dangerous legislation."

President Truman wrote Senator Barkley (D-Ky.) just before the Senate vote that he is convinced the bill will "do serious harm" to the country.

The new law provides for government injunctions to halt national emergency strikes for at least 90 days. It also bans the closed shop and amends the Wagner act to restrict some other union activities.

The result was a major victory for the Republican-controlled Congress over President Truman. Last week the House sustained by a two-vote margin the president's veto of the \$4,000,000,000 Republican tax cut bill.

The House overrode the labor bill veto last Friday, by 331 to 83 a 4-1 margin. Thus more than two-thirds of the members of Congress, including his own party, went against President Truman's wishes.

Labor leaders bitterly assailed the measure. Calling it a "slave bill," they and their followers flooded lawmakers with thousands of messages urging them to sustain the president's veto.

A coalition of Democrats and a few Republicans fought the bill to the last. They had delayed the vote until today with filibustering tactics during a 30-hour continuous session that ended Saturday night.

Before the crowded galleries supporters of the bill and backers of the veto fought the ballot all over again in a three-hour period before the showdown came.

The Senate action places on the president and his administration the enforcement of a law that he defined flatly in his veto message as unworkable and "a clear threat to the successful working of our democratic society."

Senator Taft (R-Ohio), one of the authors of the measure, expressed confidence, however, that Mr. Truman will do his best to administer it.

In his letter to Senator Barkley, Senate Democratic leader, Mr. Truman praised those who had fought the bill.

WITH MAJORITY

WASHINGTON, June 23.—(AP)—Both of North Carolina's senators, Clyde R. Hoey and W. E. Umstead, voted today with the majority to override President Truman's veto of the labor bill.

Superior Court Here August 18

Judge W. C. (Buck) Harris of Raleigh is scheduled to ride the Fifth Judicial Circuit the last half of the year.

He will preside over a civil term of Superior Court here the week of August 18. The Wake County jurist will hold a criminal term of court here the week of August 25. The criminal docket is unusually heavy, and contains several capital cases for trial.

Superior Court will not be in session here during June or July, the busiest two months in the year for farmers.

Taft-Hartley Bill

By Nightfall This Measure Will Be Law Or It Will Be Dead; If Passed It Will Occupy Center Of Stage For Years To Come; Complicated Do's And Don'ts

By JAMES MARLOW

Washington, June 23 (AP)—Here is a brief ABC of the Taft-Hartley labor bill and what led up to it. By nightfall today it will be law or it will be dead.

Friday the House re-passed it over President Truman's veto. The Senate votes today. If it re-passes the bill, it's law at once. If not, it's killed.

In all its history Congress has never passed a bill which affects labor and management in so many ways.

If it becomes law, you'll be reading about it for years to come. It's so big, it's so complicated, and it does so many things that the wisest labor lawyer right now can't tell you all it means or would do.

For that reason many suits and test cases will be taken into federal courts to get decisions on what this or that means.

For 150 years in this country un-

ions fought to force employers to bargain with them. No law said a boss had to bargain with a union.

To gain their point, unions went on strikes. Frequently a boss could get federal judges to order them, by injunction, not to strike.

In 1932 Congress gave organized labor its first big help. It passed the Norris-LaGuardia act. This law practically made it impossible for a boss to get a court order stopping a strike. This act strengthened unions' bargaining power a bit.

But there still was no law compelling a boss to bargain with a union. Labor got this in 1935 when Congress passed the Wagner act. This act, in brief, did two main things. It said: 1. A boss has to bargain with a union of his workers. It didn't say a union has to bargain with a boss. The union could stall, if it wished. (Continued on Page Four)

Social and Personal

Miss Marie... Greenville, N. C. left today for... West Virginia to...

Joe Goodson left today for Washington, D. C., with Luis Lopez of...

Mrs. Oscar White, who entered the General Hospital last Thursday for an operation, is slowly recovering.

Mrs. Carl Ingle and children, who have been visiting Mrs. Frank Wilson, returned to their home in Jacksonville, Fla., yesterday.

Dr. F. P. Brooks and family have returned from a trip to Grand Forks, N. D.

Mrs. C. W. Dunn and little son, Charles, left Sunday for Saluda, S. C., where they will visit friends and relatives for a week.

Miss Ruth Hillhouse will leave tonight for Montreal, N. C., where she will attend the Christian Education Conference for Student Workers.

Mr. and Mrs. Tom Wilson have returned from their wedding trip to Williamsburg, Va., and Sea Island, Ga.

Mr. and Mrs. Alton Spain and Miss Hazel Smith are spending this week in the mountains of western North Carolina visiting friends and relatives.

Miss Joyce Smith is spending the week at Pioneer Camp near New Bern.

Mr. and Mrs. Sidney Johnson returned yesterday from their wedding trip to New York.

Miss Margaret Moore has returned from Rex Hospital. She will return to the hospital in about four weeks.

Mr. and Mrs. Norman Wilkerson have returned from their wedding trip and will be at home for a few weeks with Mr. and Mrs. S. G. Wilkerson on East Eighth street.

Sellers Crisp left today for Camp Yonahook, N. C., to spend two months.

Miss Eunice McGee left today for her home in La Grange, Ga., to spend the summer.

In Hospital: Petite Hathaway the daughter of Mr. and Mrs. J. A. Hathaway, underwent an operation for appendicitis this morning in Pitt General hospital.

Masonic Notice: Hiram Council No. 18 Royal and Select Master will be honored by the presence of the most illustrious grand master, D. Ernest Bullock of Rocky Mount, N. C., at a special assembly Wednesday night June 25th, at 8 o'clock.

The occasion will be the conferring the Royal and Select Masters Degrees on a class of candidates. Delegates from Kinston, Wilson, Washington, Rocky Mount and New Bern are expected to be present. The work will be done by the New Bern degree team.

Supper will be served at the Hall at 6:30 o'clock. All candidates and companions are urged to attend.

Attention Y. W. C. Members: In the Daily Reflector Saturday, June 21, it was incorrectly stated that the Y. W. C. would have a weiner roast on July 12. The weiner roast is to be Wednesday, July 2.

Christian Science Service: To the service, including Mary Evans, "The Divine Force" was the subject of the lesson-sermon in all Christian Science churches and Societies on Sunday, June 22. The Golden Text, Hebrews 1:10: "Thou, Lord, in the beginning hast laid the foundation of the earth; and the heavens are the works of thine hands."

Among the citations comprising the lesson-sermon were the following from the Bible: "For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world. And the world passeth away, and the lust thereof." (1st John 2:16-17) and from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "The compounded minerals or aggregated substances composing the earth, the relations which constituent masses hold to each other, the magnitudes, distances, and revolutions of the celestial bodies, are of no real importance, when we remember that they all must give place to the spiritual fact by the translation of man and the universe back into Spirit." (Page 209).

Red Cross Worker Visits College: Antoinette Beasley of Monroe, field representative for the southeastern area of the Junior Red Cross with headquarters in Atlanta, is spending this week on the East Carolina Teachers college campus. Miss Beasley is consulting with teachers attending the college and instructing them in the work of the Junior Red Cross, especially in its opportunities for child training and such services as community health, international aid, and help for veterans.

Materials showing the types of work of the organization have been arranged by Miss Beasley for display in the Classroom building on the campus.

Miss Beasley is working during this week with the Junior Red Cross of Greenville, of which Mrs. J. Knott Proctor is chairman.

Editors of Tece Echo: Merlelin Maxwell and John Coover, both of Greenville, will serve during the summer session as co-editors of the Tece Echo, student newspaper at East Carolina Teach-

Social Calendar

MONDAY: 6:30 p. m.—Rotary Club. 7:00 p. m.—Lion's Club. 8:00 p. m.—Circles of the Woman's Auxiliary of the F. W. B. Church will meet at the church. 8:00 p. m.—Business meeting of the Greenville White Shrine will meet in Masonic Hall. TUESDAY: 8:00 p. m.—Willa Council Degree of Pochantas meets. FRIDAY: 6:30 p. m. Kiwanis Club.

Forty Years Ago Today

THE DAILY REFLECTOR June 23, 1907

After the conclusion of the regular service in Memorial Baptist Church, Sunday night, Rev. J. M. Ayscue administered the sacred rite of baptism to eight persons who had united with the church. It was the first baptism to take place in the new pool that has been constructed in the main auditorium of the church. The pool is in the choir gallery between the organ and pulpit and commands a good view from all parts of the room.

Women in the Church

This granary was reopened in 1946 through the generous gift of Christ Church, New York City. That is the inscription on the bronze plate on the door of the "rice house" of Wuhu hospital of the Methodist Church in Wuhu, Kiangsi Province, China, according to Miss Hyia S. Watters, M. D., of White Plains, N. Y., missionary surgeon at the hospital. Before the Japanese occupation the hospital built a large rice house, supplied with rice-milling and rice-polishing machinery and the food supply for patients and staff. "But we never polished it enough to destroy the Vitamin B layer," says Dr. Watters, "but taught the people to eat rice 'red' with thaters college. The first issue of the paper will appear on Friday of this week.

Miss Maxwell was an associate editor on the staff for the regular session on 1946-1947. She was elected in the spring quarter as editor of the Tecon, college year book for next year. Corey was also a staff member of the paper during the past school year and did both sports and feature writing for the paper.

With Army in Japan: With the Eighth Army in Jimmaichi, Japan—(Delayed)—Mary Sutton from Greenville, N. C., who is serving with the 457th Parachute Field Artillery Battalion of the Airborne Division Artillery, has been promoted recently to the grade of Technician Fifth Grade.

T-5 Sutton enlisted in the army in June, 1945, and was sent to Camp Croft, S. C., for his basic training. He arrived overseas in November of 1946 and volunteered for parachute duty and was sent to the division parachute school where he qualified as a parachutist. His parents, Mr. and Mrs. Leon Sutton, reside on Route 2, Greenville.

Neil Evans: St. Louis—Miss Jangle Elizabeth Evans, daughter of Mrs. Bessie S. Evans of Detroit, Mich., who has been making her home with Com. and Mrs. Leslie Durwood Edwards, 29 Rosemont Avenue, Webster Groves, was married May 25 to Ernst Avery Neil, son of Mr. and Mrs. Parke K. Neil of Johnston, N. Y. The ceremony took place in the Elizabeth Holloway Woods Memorial Chapel of Webster Groves Presbyterian Church, with Rev. C. Orville St. John officiating at the 6:30 o'clock candlelight service. Afterward, a family dinner party was given at Candlelight House.

The bride wore a white satin gown, fashioned with lace out-lining the high-scalloped neckline of the fitted bodice, long tight sleeves and full skirt with sweeping train. A heart-shaped halo of satin held secure the three-quarter-length illusion veil, and white orchids decorated the bride's white satin prayer book. There were no attendants.

Mr. Neil will be graduated June 3 from Parks Air College. Afterward, he will take his bride to New York for their wedding trip, and will visit his parents, who were unable to attend the wedding June 13, they will go to Minneapolis, Minn., and shortly after, to Seattle, Wash., where they will make their home. Mr. Neil served as meteorologist with the First Wing Division of the Marine Air Corps for two and one-half years in the south Pacific.

Miss Evans, who moved here in 1941 from Greenville, N. C., was graduated from Webster Groves High School.

REST HAVEN Cottages For Rent Weekly Electricity — Water Boats for Fishing Write or See Foye H. Mason OWNER BATH, N. C. ROUTE 1 3 Miles E. Bayview

layer on." When Dr. Watters returned to Wuhu after the war she found neither machinery nor rice. But the gift from Dr. Sockman's church enabled her to reestablish the house and also to buy rice—now very scarce and expensive.

The president-elect of one of the great colleges for women in India is today enrolled at Scripps College in Claremont, Cal., completing post-graduate studies in education. She is Miss Elizabeth George, the first Indian woman elected to the presidency of the Woman's Christian College in Madras, and a member of the faculty and vice principal at Madras. Miss George holds B. A. and M. A. degrees, and has studied in Madras and Edinburgh, and taught in Madras and Lahore. As a distinguished scholar in the field of Indian and western philosophy, Miss George was recently awarded the honorary degree of Doctor of Laws by Mount Holyoke College.

In a pastoral letter to the clergy of the Diocese of Sydney (Australia), Archbishop Mowll admonishes: "I write to remind rectors of my earnest wish that divorced persons shall not be remarried according to the rites of the Church of England in this diocese. In view of the light regard which many pay to their marriage vows, I believe that the strict stand advocated is the right one. The only possible exception is where the decree nisi state that the ground for divorce was adultery and the innocent party desires remarriage. I also wish to know that the parties to be remarried according to the rites of the church are regular churchgoers."

TWIN SQUASH: An almost perfect twin squash was brought to the Reflector office by Gus Stokes of Greenville. The squash are joined at the stem and the same stem connected the two squashes to the vine. The necks and bodies of the squash are joined all the way to the tip.

Girl Scout Camp Has Full House Pamlico River

By CHESTER WALSH: Camp Hardee, Greenville Girl Scouts' camp, on Pamlico River below Onocowitzy, started the summer season last Friday with a full enrollment and the most efficient staff it has had since the camp was opened. The first and second two-week periods have full quotas. There are some openings for the third period. Mrs. E. L. Henderson, acting executive secretary, said. Girls in camp there are from two states.

Miss Marguerite Whipple of Dayton, Mo., widely experienced in recreation and camping work, is director of arts and crafts; Miss Vera Williams of Williamston, military and assistant in intermediate unit.

"RAZOR'S EDGE" PITT FEATURE THREE DAYS

Based on W. Somerset Maugham's novel this master production with a cast headed by Gene Tierney (above), Clifton Webb, comes to the Pitt Tuesday—Wednesday—Thursday.

Miss Julia Hill of Montreat, water-front unit head for intermediate unit; Mrs. E. L. Henderson of Greenville, business manager and director of the story hour; Mrs. J. Knott Proctor of Greenville, unit head for the Brownies; Miss Evelyn Hill of Vanceboro, song leader and unit head; Miss Josie Keeler of Merry Hill, games and intermediate unit head, and Mrs. L. E. Teasley of Hartwell, Ga., assistant unit head for the Brownies. Minnie McAniff, one of the best Negro cooks in the state, is in charge of the kitchen.

Housing, culinary, health and sanitation facilities at Camp Hardee are ideal. Pure water is plentiful. The beach is safe, ample equipment is available, and trained lifeguards are on duty at all times. A physician and registered nurse are always available.

Henry M. Hardee, retired Norfolk, Va., businessman, a native Pittsboro, donated \$10,000 to Greenville Girl Scouts for buildings at the camp in memory of his mother. A bronze tablet in her honor will be unveiled in the main building sometime during the summer, when Mr. and Mrs. Hardee are expected to be present.

Males Take Lead In Honor Roll Of Spring Quarter

That men students at East Carolina Teachers College had a good margin over women in scholarship during the spring quarter is indicated by the college honor roll for the period, just announced by Registrar Howard J. McGinnis. Of the total of 165 students whose grades merited the inclusion of their names on the honor list, 94 are men and 71 are women. The total registration for the spring quarter was 542 men and 570 women.

By classes, those having outstanding records for the spring are as follows: seniors, 40; juniors, 23; sophomores, 34; and freshmen, 61.

Marshall Speaks In Support Of Standard Arms

Washington, June 22—(AP)—Secretary of State Marshall said today Latin America and Canada will seek aid "elsewhere" if this country fails to help them get weapons and military know-how for their armed forces.

Heading a delegation of top-flight government officials, the former army chief of staff asked the House Foreign Affairs committee to speed action on legislation permitting this country to take the lead in trying to standardize western hemisphere armaments.

Marshall was the first of a group of witnesses that includes Secretary of War Patterson, Secretary of the Navy Forrestal, General Dwight D. Eisenhower and Admiral Chester W. Nimitz.

President Truman requested the legislation in a special message to Congress last month.

Quality Shoe Repairing at Saad's Shoe Shop Next to College View Cleaners Phone 2656 All Work Guaranteed. We Deliver WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have backache, due to excess acidity in the urine, be glad you're reading this: Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 16 herbs, roots, vegetables, balsams. He called it "Swamp-Root." Millions of men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. R, Kilmer & Co., Inc., Box 1235, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

Super-Speed For Radio Messages

Washington, June 23—(AP)—NBC President Niles Trammell said today a new radio communication system has been developed which can send 1,000,000 words a minute. He said the new system, known as ultrafax, "could transmit twenty 50,000 word novels from New York to San Francisco in only 60 seconds."

It's so speedy, the National Broadcasting Company head told Congress, that present communications methods will seem as "slow as the ox cart compared with a straitliner."

Trammell said that the way it works: "Each printed page is treat-

ed as a x x x picture and (is) flashed in rapid succession. At the receiving end, the pages are reproduced by new high-speed photographic process for quick delivery."

### Pitt 4-H Club Back From Manteo Outing

Saturday 115 members of the Pitt County Four-H clubs returned from a five-day outing at Camp Manteo which is open for the Four-H clubs of the state.

Pitt County young people were members of the camp along with club members from Wayne and Dare counties, and took several honor positions when the camp superlatives were selected at the end of the camping period.

Ruth Moore of the Lang's community, president of the state Four-H Club, was selected the most attractive girl of the camp and the best camper from the three counties.

Gurney Manning of Belvoir was selected the best leader of the camp and the "cutest" boy of the camp. Hazel Garris of Lang's community was selected the cutest girl of the camp. Lucile McGowan of Chocowin won the "best amateur" award for the reading of "My Cat."

Although the production of the Lost Colony is not being presented to the public at present, the campers were allowed to attend the practice of all the group scenes from the production.

Stunt nights, supervised recreation, swimming and handicraft instruction and tours of historic places about Manteo were included in the activities of the campers.

**BIG SNACK**

Seattle, June 20 (AP)—Feeling a bit hungry at 6 p. m. and unable to wait for an eating contest, police patrolman Bill Hill polished off a snack of two hamburger steaks, four platters of spaghetti, five cups of coffee and two dishes of ice cream.

A couple of hours later he entered—and won—a steak eating derby, wrapping himself around seven steaks and a strawberry sundae.

"I could have eaten more," Hill said, "but everybody else quit and I didn't want to show off."

### Cases Tried In Police Court

The following cases were tried in Police Court Friday:

Driving on left side of the road: Fred L. Jenkins, not guilty.

Driving while drunk: Horace L. Joyner, colored, \$50 and costs and license ordered revoked for a year.

Larceny of silverware: Luvenia Brown, colored, 60 days in jail.

Assault with a deadly weapon with intent to kill: Augustus Smith, colored, \$40.

Drunk: William J. Smith, colored, \$15.

Improper passing a car: James A. Peel, \$15.

Carrie Lee Nobles, colored, who swore out a warrant against Bettie Jenkins and Dotsey Edenton, colored, charging assault, was taxed with court costs for malicious and frivolous prosecution, \$15.

### Deafened Now Hear With Tiny Single Unit

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship.

Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 14, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.

From where I sit... by Joe Marsh

**When Ed's Crops Failed**

Three years ago Ed Smith's luck went bad. His crops failed, and it wasn't long before Ed's home and furnishings were up for auction.

Half the town turned out, and Ed must have thought his neighbors turns to the crowd and says: "All right, folks, let's take time out for a glass of beer, and then put this stuff back where it belongs!"

Two hours later, Ed was in possession of his home and furnishings; and the folks who'd paid for them were sitting around Ed's fire enjoying a neighborly glass of beer—to show their friendship and their confidence in Ed.

Today, Ed's back on his feet—another constructive member of the community. And from where I sit, we've all been well repaid—a good investment in a good man.

Joe Marsh

## Strength FOR THE DAY

### PROVIDENCE AND A BARKING DOG

One night about a hundred years ago in a village in England, a dog's barking disturbed a girl who lay sick in a nearby home. Her mother wrote a note to the owners of the dog, asking that he be silenced. The note she received in return was so gracious that she decided to call on these people, new in the community. She found a retired army officer, Captain Robertson, his wife and several children. She regarded the eldest son, Frederick, twenty-one years of age, as a boy of unusual personality and ability.

Through these newly acquired friends, young Robertson began to meet prominent clergymen. He had always looked forward to being a soldier. In the end he became a minister, and, in a ministry which lasted only a few years, for he died before he was forty, Frederick W. Robertson became one of the greatest preachers in the history of the Christian Church.

Some would call this chance. Those who believe in providence, however, would certainly say that God used the barking of a dog to open the pathway for a brilliant young man to enter Christian service. Robertson died without knowing that he was famous, but for the past seventy-five years ministers have been reading with growing appreciation the hundred or more sermons that have come down to us from his masterful pen. Tucked away in a little town in Great Britain, this man, whose career started with the barking of a dog, changed the thinking of a whole generation of spiritual leaders.

### WASHINGTON LETTER

By JANE EADS

Washington—Miss Olive Dennis, who taught harmony and voice, taught mathematics for 10 years and goes in for puzzle and cryptograms, is the only woman research engineer on any railroad in the United States.

When the American Railway Engineering Association holds its conventions she is the only woman among the more than 1,000 delegates in attendance.

Miss Dennis was appointed research engineer for the Baltimore and Ohio Railroad in January 1946. She first went to work for the B. & O. in September 1920, as a draftsman in bridge engineering. She served in that capacity until the following year, when she was made engineer of the service, reporting to the president.

I had lunch with Miss Dennis and an official of the Association of American Railroads recently. She said it was her job to find out what changes could be made on her railroad to give passengers a pleasanter and more comfortable ride. She got most of this information first-hand by riding the trains.

She stresses she has traveled close to a million miles on the B. & O. and other railroads. She admits she has traveled several times by air, but she doesn't like flying. "It isn't my mind. It's my body that keeps me from liking air travel," she says.

One of the first things Miss Dennis discovered about passenger service on trains was that the seats in day coaches were so high the average woman's feet couldn't comfortably reach the floor. The seats were lowered. This improvement was followed by the individual seat with a shrouded back curved into the seat cushion itself. Then coach seats on night trains were made with reclining backs. Overrunners of today's trains are followed to this.

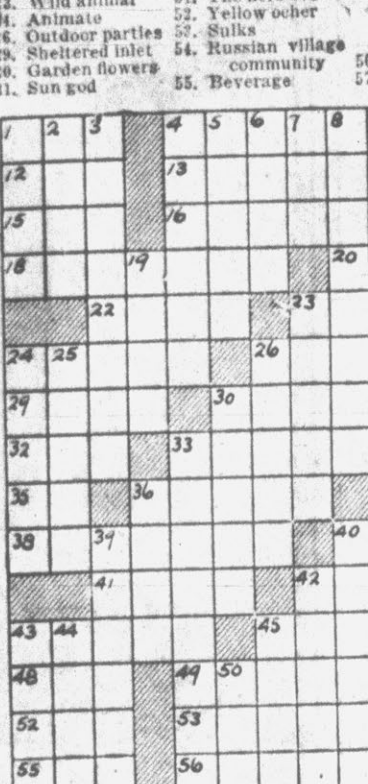

In day coaches diners were placed on either side. Tickets were collected at the start of the run so through passengers wouldn't have to be disturbed after every station stop.

Attention was turned to relieving the monotony of furnishings and color in trains. Dressing rooms for women were modernized, dining car menus perked up.

At present Miss Dennis is working on an idea to have mirrors installed in dressing rooms so that

### Solution of Saturday's Puzzle

6. Bosses don't have to bargain with their foremen, even though they join a union. The Wagner act ignored this.  
7. Unions can't charge excessive dues. The Wagner act put no limit on this.  
8. Unions and bosses can't break contracts without being liable for damage suits. The Wagner act did not cover this.  
9. Unions can't commit unfair labor practices. (There's a list of them.) Under the Wagner act, bosses were forbidden such practices.  
The list of do's and don'ts is very long.

### Two-Edged . . .

(Continued From Page One)  
Russia's hidden intentions in this respect of course have been the crux of the whole situation. They represent the answer to the great question which Western democracy long has wanted settled, namely: Has Russia just about fulfilled her ambitions in the way of establishing her new zone of influence or is she bent on indefinite expansion of communism?

So in effect this is the query which General Marshall's plan raised in such manner that a reply couldn't be avoided. Refusal to cooperate in putting Europe on its feet would, in the view of Western democracy, mean that Russia intended to play a lone hand in the interests of spreading communism and ipso facto, Moscow's influence over other nations.  
That much has seemed clear. But what if Russia agreed to participate in rehabilitation with the other powers? At first blush it would seem the answer must be that Moscow would really play ball with the West and abandon the idea of forcing Communist expansion. However, that doesn't necessarily follow.  
Authorities in the Western capitals are noting that it would be possible for Russia to accept the invitation and then work to defeat the project. They base this unhappy thought on such past events as the inability of the Big Four to

### Heavy Floods . . .

(Continued From Page One)  
Nine persons were known to have drowned at Cambridge and four others were missing.  
Almost 200 persons were rescued from trees and house-tops.  
Several communities along the Republican River and other streams were without communications and the McCook Gazette, expresser of the death toll would rise as soon as these facilities could be restored.  
Hundreds of miles of railroad tracks were washed out.  
Nine persons were injured by tornadoes which struck Loomis and Gothenburg, Neb.

Bangkok has been the capital of Siam since 1782 and as a port handles four-fifths of the country's seaborne trade.

### NOTICE OF DISSOLUTION OF PARTNERSHIP

Notice is hereby given that the partnership heretofore conducted by Seba E. Flanagan and John L. Causey under the trade name, "Simpson's Flowers," located at No. 206 Third Street, Greenville, N. C., has this day been dissolved by mutual consent of the partners. Seba E. Flanagan has purchased the entire interest of John L. Causey in said business and is now the sole owner thereof.

All lawful indebtedness of said business has been assumed by Seba E. Flanagan, and all accounts and notes owing said business will be collected by and paid to the said Seba E. Flanagan.

JOHN L. CAUSEY  
June 17-19-47s.

### SALE OF REAL PROPERTY

By virtue of a decree of the Superior Court of Pitt County, made by Hon. D. T. House, Jr., Clerk Superior Court of Pitt County on the 23rd day of May, 1947, in that certain Special Proceeding entitled Albie E. Williams and husband, Willie Williams, O. R. Cannon and wife, Mattie Cannon, et al., Ex Parte, the undersigned Commissioner will on Monday, the 23rd day of June 1947 expose to public sale at 12 o'clock noon before the Court House door in Pitt County, to the highest bidder for cash, the following described real property to-wit:  
Lying and being situated in Chisolm Township, Pitt County, North Carolina, beginning at a marked gum and stake, it being the Tucker,

runs thence with the Williams line to a marked poplar and stake, it being Maggie Mills corner, and running thence with the Mills line to a stake, thence with another line of the Mills land to a stake in Garris Evans Lumber Company line, thence with the Garris Evans Lumber Company line and the North Side Lumber Company line to a stake on the old Tram Road, thence with James Smith line to a stake, James Smith corner, thence with the James Smith line to a stake, the corner with another of James Smith's lines to a marked gum, thence with the old John Haddock line to a marked gum, thence with the Mills line to a marked gum, thence to a marked pine, the Tucker and Cannon corner, thence a straight line to the bearing and containing 309 acres, more or less, together with all timber and growth of every kind on said land.  
This sale will be made for the purpose of making partition of the proceeds thereof among tenants in common.  
It is the 23rd day of May, 1947.

E. C. HARDING, Commissioner  
Harding and Lee, Attys.  
May 24-19-47s.

women can see the backs of their heads as well as their faces, a plastic seat cover and a coat hanger for upper berth.

She designed the blue china service on the B. & O., the first design for china registered in the U. S. Patent Office in the name of a woman.

Many folks say Miss Dennis actually runs the railroad, but she insists she only makes suggestions.

dia act, the government can get injunctions to hold up for 90 days strikes endangering national health and welfare.

4. Bosses are freer now to tell workers what they think about a union. The bosses had to be pretty careful under the Wagner act.

5. A boss doesn't have to bargain with a union if any of its officers are communists. The Wagner act

### Taft-Hartley . . .

(Continued on Page Six)  
2. The boss can't be unfair to unions, such as threatening to fire a man if he joins a union.

(The National Labor Relations Board "NLRB" set up to administer the Wagner act could, with the help of courts, make a boss stop being unfair.)  
In the 12 years since 1935, by grace of the Wagner act, unions have grown tremendously strong, too strong to suit some people, including congressmen.

Critics of the Wagner act said it gave unions all the benefits and bosses none.

Now this year Congress has passed the Taft-Hartley bill to put restrictions on unions.

It puts more restrictions on them than they've had in all history.  
The bill would make changes in the Wagner act and add some things of its own.

2. Closed shops—where everyone must be a union member—are forbidden. The Wagner act permitted closed shops.  
3. In spite of the Norris-LaGuardia

# TOBACCO GROWERS

I wish to announce that I will be associated this fall with Mr. C. H. McGowan in the operation of his New Warehouse, which will be known as the McGowan Warehouse No. 2. The location of the McGowan Warehouse No. 2 is on the main highway leading into Greenville from Ayden and Farmville section. It is a modern up to date building with all conveniences and has ample parking room for farmers' vehicles.

I am especially proud of my connections with Mr. McGowan, because I know that he is a good judge of tobacco. It gives me great satisfaction to team up with a man of his experience. I feel that with both of us pulling for the top dollar on every pile of tobacco, we can send you home satisfied.

## Bring Us Your First Load

To my old customers and friends of past years as well as you who have seen fit not to sell with me, I extend to you a hearty welcome and pledge my best efforts in your behalf.

## To The Automobile Owners Of Pitt County And Vicinity!

There has been enacted by the General Assembly of North Carolina, effective July 1, 1947, House Bill No. 63 known as the "MOTOR VEHICLE SAFETY AND RESPONSIBILITY ACT."

**THIS ACT PROVIDES:**

- (1) After involvement in an automobile accident causing bodily injury or death of any person or damage to property in excess of \$50,000, such damages must be satisfied within 60 days after judgment has been rendered by a court of competent jurisdiction.
- (2) The Commissioner of Motor Vehicles of the State of North Carolina upon receiving proper evidence that a person has failed to satisfy a judgment within the prescribed period shall suspend the person's driver's license and registration plates.
- (3) In effect the law provides further such person's driver's license and registration plates will not be reinstated until such judgment is satisfied and further that such person furnish the State of N. C. proof of financial responsibility.
- (5) Proof of financial responsibility means the taking out of a Liability Insurance Policy or posting bond or cash or securities for (\$11,000) as prescribed by law.

**NOTE:**

To all persons carrying automobile insurance policies with the undersigned agents, such policies are NATIONAL STANDARD POLICIES and therefore comply with the law mentioned above and with laws of all other states having such a law or one similar.

The following Agents are in a position to provide the needed insurance for careful and responsible car owners. Unless you can satisfy a judgment up to \$11,000 we urge that you consider the desirability of securing liability and property damage insurance for the protection of your driving rights.

# DOUBLE LOSS FOR GREENIES OVER WEEKEND

## Goldsboro Takes Saturday's Tilt 8-1; Wilson Wins Sunday By 6-1

By BERT MOYE  
 Manager Pare's Greensies lost both weekend tilts out at Guy Smith Stadium, dropping the Saturday night game to Goldsboro 8-1 and the Sunday afternoon game to the Wilson Tobs by the score of 6-1. The double loss for the Greensies put them in a tie for seventh place in league standings with Goldsboro.

In the Saturday night game Dick Cooper of the Bugs, pitching his first win against the Greensies, allowed only six hits which he kept scattered among as many innings.

The Bugs scored enough runs in the first frame to win the game when they tallied three markers on two singles, two errors and two walks. They put across a singleton in the seventh, and three more runs in the eighth.

The Greensies earned their lone tally in the second frame when Lee walked and came home on Marvin

Mauney's triple.  
 Johnny Foell, losing his seventh game of the season, allowed 11 hits, six walks and struck out nine to bring his total for the season to 125. Of the eight runs made off Foell only one of them was of the earned variety.

Greenville's six hits were scattered among as many players with Willie Mauney and Hank Ranweiler getting doubles for the only extra base knocks.

In Sunday's game the Greensies were held to one run by Lefty Monk Webb and eight scattered hits. The Tobs put across one run in the second frame on a single and an error; scored what proved their winning run in the sixth on two singles and a sacrifice, and put across three more in the seventh, then added one more in the ninth.

Joe Alamo started on the mound for the Greensies and received credit for his ninth loss of the season. He has won five. Garland Little relieved him in the seventh and was touched for one run and one hit.

The Greensies' only run in this game came in the sixth when Bobby Pare doubled and scored on Ranweiler's single. Jenkins with two singles in four trips to the plate led the eight-hit attack off Monk Webb.

Sunday's game:  
 Wilson ..... 010 001 301-6  
 Greenville ..... 000 001 000-1

## Wilson Team In Bus Accident

A bird flew into the cab of a

half-ton pickup truck driven by Henry Moore of near Greenville, causing him to lose control and crash head-on into the bus of the Wilson Baseball Club driven by Edward Strickland of Wilson, five miles from here on the Farmville highway about 5 o'clock Sunday afternoon.

Strickland and the baseball players were shaken up considerably, but all escaped serious injury. Moore was treated for minor injuries.

State Highway Patrolman L. H. Taylor said that the truck was nearly demolished. The baseball bus was damaged badly and had to be towed to a garage.

The collision occurred on a straight stretch of road. No charge was preferred.

## DIAMOND DUST

By BERT MOYE

Facts and Figures: During the past week the opposing teams of the Greensies have made a total of 41 runs against the Greensies, 16 of them of the earned variety, while the Greensies have committed a total of 20 errors. During the past week the Greensies have made a total of 19 runs against all competition. Total runs for the week by other clubs in the league are as follows: Goldsboro 56, Tarboro 55, New Bern 54, Kinston 48, Rocky Mount 43, Wilson 27, and Roanoke Rapids 22.

In the "nine-game" series played between Wilson and Kinston so far this season, Wilson was won six and lost three. Monk Webb, who has pitched in five of the games, has won three and lost two so far against the Greensies. In the ten-game series between Goldsboro and Greenville, Goldsboro has come out victorious in six wins against four losses. The Greensies have won more games from the Kinston club than any other in the Coastal Plain, so far this season, having whipped the Eagles six times in a ten-game series.

The Greensies take to the road today when they play a return game with Wilson in Wilson. Tuesday they are at home to the New Bern Bears and on Wednesday go down to New Bern for a return game. On Thursday they play hosts to the Roanoke Rapids Jays, going to Roanoke Rapids on Friday night. Saturday they play the Tarboro Tars here and on Sunday

## The Movies Today

Pitt: "IT HAPPENED IN BROOKLYN," F. Sinatra, K. Grayson.

State: "ANGEL AND THE BAD-MAN," with John Wayne, Gail Russell.

play in Tarboro.

Bill Kennedy, who struck out 456 Coastal Plain batters for a new organized ball record with Rocky Mount last year, whiffed ten Binghamton Triplets in pitching a one-hit, 7-0 triumph in a game between Binghamton and Scranton last Monday. Bill is at present a member of the Scranton club of the Eastern Class A League.

## Dogs Are Flown To Singapore

Sydney, June 21—(AP)—Sixty-five pedigreed dogs took off in a "flying kennel" today for Singapore where they will be sold to help build up that city's canine population, much of which was eaten during the Japanese occupation.

Seventeen breeds were represented, including Alsatians, Great Danes and Dalmatians. The charge for transporting the animals aboard "the converted Halifax bomber," "Waiting Matilda," was 50 Australian pounds (\$161.50) per dog.

## NOTICE TO CREDITORS

GOVERNMENT SURPLUS Is For YOU

BACK two—or three—or five—or seven years ago . . . . .  
 YOUNG Johnny Jones was a soldier—Ellen was a WAC or a WAVE—they traveled the earth—where weather was hot—or days were cold—they needed the things you and I need and use here at home every day—the pots and pans—the shirts and shoes—the trappings and tools of every trade.  
 TODAY—Johnny and his buddies—and Ellen and her friends are home again—working and playing and living.  
 MOST of the many things they used—and the reserve supply that was ready for them to use—is now GOVERNMENT SURPLUS PROPERTY that is offered to YOU. Thousands of people and hundreds of communities have already bought some of this surplus at a fraction of its original cost—and they are putting it to good use.

SOME government surplus property is reserved for sale to Veterans of World War II—MOST of it is first offered to State and Local Governments, Small Business and charitable and non-profitable institutions and schools—MUCH of it is for sale to anyone who can buy commercial lots.

WAR ASSETS ADMINISTRATION has opened Customer Service Centers to make it easy for you to find the surplus property YOU can use or resell—there is one of these centers within easy driving distance wherever you live. Customer Service Centers are not retail stores—but through them you and your local officials will find many things you need and can use—at a substantial savings—each Customer Service Center can show you every W. A. A. offering currently being made throughout the country—quote you prices and quantities—it will pay you to visit your nearest Customer Service Center. In North Carolina, W. A. A. Customer Service Centers are located at:

CHARLOTTE, N. C.  
 317 South Tryon St.

GREENSBORO, N. C.

## FRESH BLOOD A MUST FOR FREE ENERGY

Do you feel like you are tied to a drag every time you try to do something? If so, don't let a low blood count hold you down when you may release vibrant energy to every muscle, fibre, cell.  
 Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.  
 To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.  
 Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.  
 Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.
