Marketing Date Set For Tobacco

Local Sales Begin August 25; Piles Limited To 250 Pounds; Speed Of Sales Set At 400 e Sales Set At 400 Piles Per Hour; Opening Dates For Other Belts

Raleigh, N.C., June 25—(AP)—Marketing of the 1947 flue-cured tobacco crop will begin July 24, the same date as last year, from the Georgia-Florida belt. From there the auctioneer's chant will move northward through the leaf country of the Carolinas and Virginia.

A 15-man committee composed of five buyers, five warehousemen and five growers, representing the three branches of the industry, yesterday set these opening dates for the other belts:

North-South Carolina border—Thursday, August 7; Eastern (North Carolina) Monday, August 25; middle—Monday, Sept. 15; old (North Carolina-Virginia)—Tuesday, Sept. 23; and Virginia flue-cured belt—Monday, Dec. 8.

The committee, performing for the first time the duties formerly left to the Tobacco Association of the United States, also set the speed of sales on all markets at 400 piles per hour, and limited the maximum weight of each pile to 250 pounds.

The Georgia-Florida belt will open with five selling hours daily for each set of buyers, the committee decided. When the eastern belt opens August 25, sales on the Georgia-Florida belt will be automatically cut 40 per cent.

Border belt markets will open with a four-hour daily sales period for each set of buyers, reducing to three and a half hours when the middle belt opens. When the old belt opens, sales will be reduced 40 per cent on border markets, based on the four-hour selling time.

The eastern belt also will operate on the basis of four hours per day selling time, but automatically will be curtailed to three and a half hours with the opening of middle belt markets, which will be allowed four hours of selling time the first two weeks and three and a half hours a day thereafter.

The same sales schedule applies to the old belt for its first two weeks of operation. After that the committee will decide on whether

Auto Workers Policy Board Hold Meeting

Detroit, June 25—(AP)—Walter P. Reuther, president of the CIO United Auto Workers called the union's policy committee into emergency session today to consider a request for assistance from 3,800 striking Ford Motor Company foremen.

The plea came from the Foreman's Association of America, which has been on strike for 36 days against three Detroit area Ford plants employing 85,000 workers.

In a letter to Reuther, FAA President Robert H. Keys admitted an earlier decision to rely on the strength of unionized foremen alone was erroneous and asked the auto union to respect FAA picket lines at Ford's Rouge, Lincoln and Highland Park plants, as well as Garwood Industries, Inc. here and the Midland Steel Products Co. in Cleveland.

Keys asked that Reuther reply by Saturday.

TAX SLASHING BILL GATHERS DEMO SUPPORT

Reintroduced Knutson Measure Reported Gaining Votes In House

Washington, June 25—(AP)—Senator George (D-Ge.) threw his support today behind a Republican drive to re-pass the vetoed \$4,000,000 tax slash bill, revised only to make the cuts effective next January 1, instead of next week.

Chairman Knutson (R-Minn.) of the tax-framing House Ways and Means Committee reintroduced the bill yesterday, and Speaker Martin (R-Mass.) said it will be taken up by the House "at the first favorable opportunity."

Asked if this meant before Congress adjourns in July, Martin replied: "We certainly are not closing the door to that." He added:

Missing Iranian Prince Ran Away From School

Paris, June 25—(AP)—Princess Hamid-Reza Pahlavi, younger brother of the Shah of Iran, who disappeared from his New York hotel Monday night, arrived here by plane today and was whisked away to the Iranian legation by an attaché before the 15-year-old lad had time to protest.

Mahmoud Salehi, Iranian consul said the prince had run away from the school he had been attending in the U. S. and had intended to take the first available plane from Paris to Tehran.

The prince had been the object of a search by New York police since his disappearance from his hotel suite. The search ended last night when his name was discovered on the passenger list of an Air France plane after it had departed from New York for Paris.

Iranian legation officials in Paris learned of the prince's impending arrival on the Associated Press and on hand to meet him when he stepped from the plane at Orly Field.

President Of Italy Submits His Resignation

Rome, June 25—(AP)—Provisional President Enrico De Nicola sent his resignation to the constituent assembly today.

The resignation came after approximately 6,000,000 members of the communist dominated general federation of labor held a nationwide half hour strike at mid-morning in protest against a series of attacks on Sicilian communist headquarters Sunday.

De Nicola's message, read to a hushed assembly by Speaker Umberto Terracini said his health prevented him from exercising "my functions any longer."

Only railway workers and employees in the most essential public services were exempted from the confederation's call for a "folded arms" work stoppage.

Fire Sweeps Harbor Area After Tanker Explodes

Flames and smoke bill up from the oil tanker Markay after the ship exploded at Wilmington, Calif., and spread fire to other parts of the harbor. At least two persons were killed, 14 were reported missing, and damage was estimated at \$10,000,000. Fireboats are throwing water on a burning pier across the channel from the Markay. Firemen succeeded in keeping the flames away from the big fuel storage tanks in the foreground. The Markay was loaded with 2,940,000 gallons of fuel. (AP Wirephoto.)

PRAVDA COOL TO AID PLAN

London, June 25—(AP)—Pravda, the communist party organ in Russia, poured cold water today on the warm, friendly feeling which has encompassed Europe since the Soviet Union accepted last Sunday a British-French invitation to talk about the Marshall aid-Europlan.

With Soviet Foreign Minister Molotov reportedly scheduled to go to Paris tomorrow, where the three-power talks will get under way Friday.

(Continued on Page Two)

WELCOME FOR U. N. PROBERS

Jerusalem, June 25—(AP)—Irving Zvai Leumi, underground Jewish agency, unfurled banners today in the all-Jewish city of Tel Aviv proclaiming to the visiting United Nations investigators that "this is our homeland; out with the British invaders!"

Crowds lining the streets awaiting sight of the touring committee cheered when the Irgunists draped the banners hastily over electric wires just before the committee arrived. Police tore down these they could reach and burned others.

The Irgunists, who have claimed responsibility for numerous killings and bombings and kidnapings and the wholesale prison delivery at Acre in May, apparently were in Tel Aviv in force.

Masked youths lined the route of the committee to the municipal building and tried to interfere with reporters and photographers.

James Pringle, Associated Press cameraman, was pushed around with several others by the Irgunists. Three policemen who stood nearby said:

"We cannot interfere. We are only three and they are many." The entire street was lined with posters.

Chandler Sanity Issue Contested By Government

Boston, June 25—(AP)—The government called "four more psychiatrists today to support its contention that Douglas Chandler, charged with treason, is sane and was mentally competent when he allegedly broadcast Nazi propaganda from Germany during the war."

The 58-year-old former Baltimore writer heard four defense psychiatrists brand him a "paranoiac" and prosecution expert "declare him sane" in the past two days.

Dr. Norris B. Flanagan, professor of psychiatry at Tufts Medical School, called as a prosecution rebuttal witness yesterday, told Federal Judge Francis J. W. Ford and a 14-man jury that Chandler's personality was not consistent with paranoia, and that his ideas on the "Jewish question" were fanatical delusions.

He said that Chandler had ideas of persecution by the Jews but added these were "not what I'd call delusions."

The four defense experts, in winding up presentation of testimony in Chandler's behalf said the defendant suffered from delusions—a form of paranoia.

Auto Workers Policy Board Hold Meeting

Detroit, June 25—(AP)—Walter P. Reuther, president of the CIO United Auto Workers called the union's policy committee into emergency session today to consider a request for assistance from 3,800 striking Ford Motor Company foremen.

The plea came from the Foreman's Association of America, which has been on strike for 36 days against three Detroit area Ford plants employing 85,000 workers.

In a letter to Reuther, FAA President Robert H. Keys admitted an earlier decision to rely on the strength of unionized foremen alone was erroneous and asked the auto union to respect FAA picket lines at Ford's Rouge, Lincoln and Highland Park plants, as well as Garwood Industries, Inc. here and the Midland Steel Products Co. in Cleveland.

Keys asked that Reuther reply by Saturday.

Austrian Pledge

Washington, June 25—(AP)—Austria formally agreed today that under pain of losing all help no American relief supplies will be diverted to Russian or any other occupation troops.

This stipulation, plus a guarantee that the Austrian people will be clearly told when the aid came, was written into the first of a series of agreements under which the United States will spend \$350,000,000 to furnish food and other relief supplies to China and a half dozen European countries.

The agreement, signed today in Vienna and made public here and in the Austrian capital, also contains a pledge that full publicity will be permitted on the use of the supplies.

WOMAN JUROR IS ATTACKED

Santa Ana, Calif., June 25—(AP)—A woman juror in the Overell Yacht deaths case was beaten up by an unidentified intruder who broke into her house today. Her assailant was quoted by an authoritative police source as saying: "This isn't all you'll get if you vote the girl guilty."

The reference apparently was to Louise Overell, 18 year old heiress on trial with her boy friend, George Colburn, 21, in the slayings of her parents, Mr. and Mrs. Walter E.

(Continued on Page Two)

Eisenhower To Become University President

Washington, June 25—(AP)—Gen Dwight D. Eisenhower, who led allied armies to victory in North Africa and Europe, will become president of Columbia University when he is relieved as Army Chief of Staff, probably early next year.

Gen. Omar N. Bradley, the Veterans Administrator, was regarded today as Eisenhower's likely successor in the Army's top job.

Eisenhower also has been elected a member of the university's board of trustees. As president, he succeeds Nicholas Murray Butler, who retired in 1945.

Associates of the five-star general said last night he has discussed his departure from the service with President Truman and Secretary of War Patterson, but without submitting a formal request for release.

Heavy Rains Threaten New Flood In Iowa And Nebraska; Towns Hit Hard

Omaha, June 25—(AP)—Residents of Iowa and Nebraska primed themselves for new floods today, in the wake of widespread rain.

The new precipitation came even before the old flood waters had run their downstream course.

The heaviest downpour was recorded in northeast Nebraska where the rain measured four inches in the Neight area. Much lighter rain fell over the rest of the two state area.

With the rain came more difficulties for flood stricken towns engaged in cleanup and reconstruction work.

At Cambridge, Neb., the hardest hit town in Sunday's deluge, Mayor Lloyd C. Richardson declared:

"Our need is getting greater all the time. It is raining here again. It is not a hard rain, but adds to our misery."

Richardson said the entire flooded area of Cambridge might have to be evacuated again if the rains did not stop. He explained that last Sunday's flood hit the Medicine Creek bed so badly silted up that a very little rainfall might mean a repetition of the weekend disaster. The rain also made the mud wet and slimy underfoot.

Similar conditions prevailed in virtually every other flooded section.

In Missouri, the fight continued to strengthen the levees against new crests coming down the Mississippi River.

SEND PROTEST TO ROMANIANS

Washington, June 25—(AP)—The United States protested sharply to the Romanian Government today against the "arbitrary arrest without warrant or charge" of "hundreds" of opposition party members and others.

A note said that the arrests appeared to represent "a deliberate effort at the suppression of democratic elements opposing the present Communist-dominated regime."

The State Department made public the note which Roy M. Melbourne, acting United States representative at Bucharest, has been instructed to deliver to the Romanian foreign minister.

The note said that the arrests appeared to violate formal assurances given by Romanian officials that public liberties would be safeguarded. It said further that "such evident deprivation of the most elemental human rights and fundamental freedoms" conflicted with terms of the Romanian peace treaty.

This treaty has been signed by the Romanian Government and ratified by the United States.

Those arrested, the note said, are being held "in prisons and concentration camps under reportedly deplorable conditions."

The Romanian minister of interior said May 6 that the arrests were necessary to preserve internal order.

Greek Transport "Gifts" To U. S. Firms Sponsored

Athens, June 25—(AP)—Greek officials probed today into the shipment of thousands of food parcels from Greece to the United States which minister of coordination Stephan Stephanopoulos said had been inspired by transport companies making huge profits out of the traffic.

Stephanopoulos said the transport agents here encouraged Greeks who had received food parcels from America to send a "thank you" gift to their benefactors. The Greek senders were told that the American consignees would pay the transportation costs. Because of the high shipping rates charged, he declared, 15,000 packages were unclaimed by consignees in the United States.

Stephanopoulos said that a check showed that most of the mystery parcels contained not meat, as had been announced by U. S. customs officials, but quantities of figs, olives, grapes and raisins.

No Blank Check For Europeans

Washington, June 25—(AP)—Secretary of Treasury Snyder made it plain today that he does not view the Marshall plan for European recovery as giving foreign countries a blank check on the United States for what they need.

Snyder told a news conference that Secretary of State Marshall has not extended an implied invitation to other countries to tell this nation "what they need or want."

"My interpretation is that he is asking them to make a self-inventory and see what they can do for themselves," Snyder told reporters.

Negro Testifies He Entered Home

Jackson, N.C., June 25—(AP)—Will Cherry, 24-year-old Negro accused of rape, testified today that he entered the home of Mrs. J. R. Tarrant last April 25 but denied criminally assaulting her.

He said he had been drinking heavily and that he was drinking in entering the home by James (Dick) Boone, a 21-year-old Negro against whom Solicitor Ernest Tyler says he will seek an indictment of accessory.

Cherry testified as the lone defense witness after the state had sent almost a dozen witnesses to the stand this morning.

Hyderabad, the largest quasi-independent state in India is twice the size of Ohio and has 16,000,000 inhabitants.

Walkout By Coal Miners Is Threat To Other Industries

CHINA RELIEF QUESTION HAS U. S. ON FENCE

Sagging Economic Structure Said As Critical As That Of Europe

Washington, June 25—(AP)—President Truman and Secretary of State Marshall are faced today with a ticklish decision on whether the United States should do anything more right now to prop up China's badly sagging economic structure.

Some top-flight advisers contend the problem is fast becoming as urgent as the issue of aiding Europe. But they acknowledge that neither alternative offers solid ground for determining a positive policy stand.

The choice, they say, is between (a) delaying any decision at risk of seeing China fall prey to even greater disunity, possibly complete communist domination, or (b) responding to Nanking's pleas for new loans and grants with no positive assurance that the aid measures would be effective for long.

The problem of long range help to China logically falls within the scope of the new 19-member non-partisan committee appointed by Mr. Truman to weigh the effect of all such foreign assistance on the American economy.

But with one deadline falling next Monday night—a long pending bill never released Export-Import Bank credit earmarked for China—and with Congress aiming at adjournment by late next month, time is pressing on the administration to make at least a stop-gap decision shortly.

Rising inflation has just sent the Chinese national government dollar war to a new black market level of 38,000 to the American dollar.

As a result American as well as Chinese financial experts have told the State Department that, (Continued on Page Four)

VESEL BURNS TIED TO DOCK

Fire Of Unknown Origin Blazes In Hole Of Cargo Ship

Jersey City, N. J., June 25—(AP)—Fire spread through two holds of the U. S. President Lines' 10,780-ton cargo ship, the S. S. Marine Flier, today as longshoremen loaded the vessel for sailing Friday to the Far East.

A heavy pall of blue-gray smoke rose from the ship and drifted across the Hudson river over downtown Manhattan. Two coast guard boats including the fireboat John Harvey, 10 railroad tugboats, and 13 fire companies joined in subduing the blaze that broke out at 11:10 a. m. and was not under control until an hour and a half later.

When Jersey City firemen arrived at the scene they were told that eight longshoremen had been trapped in No. 2 hold of the Marine Flier. Fire Chief Frank J. Erie said. He added that the report was soon discounted when firemen, wearing masks, went down into the hold and found no evidence of anyone being (Continued on Page Two)

Drive For New Minimum Wage

Washington, June 25—(AP)—Republican congressional leaders—under sharp attack from organized labor—because of the new Taft-Hartley law—will push for speedy enactment of a 6 1/2 per cent minimum wage boost.

Hearings on bills to raise the current pay floor from 40 cents an hour will be started Friday by a House labor subcommittee, with indications that a 60-cent minimum will be recommended.

The New Labor Law

Here's How The Taft-Hartley Labor Law Affects Union Members; Privileges; Union Shop; Rights Of Representation And Contract; New Role Of The NLRB

By JAMES MARLOW

Washington, June 25—(AP)—If you're a union member, what does the new labor law do for you? Here are the main things:

1. In the first place, if you're about to join a union and you think the union's fee for joining is too high, you may be able to get it lowered. How?

By complaining to the national labor relations board (NLRB), the government agency which carries out the law.

The board must investigate. It will decide whether the fee is too high.

2. A union can't make you pay "contributions for political purposes" such as supporting a candidate or party.

3. Suppose you're dissatisfied with your union and don't want it to represent you any more. What can you do? If at least 30 per cent of the union members feel that way, they can ask NLRB to hold an election. It must be held. If a majority of the union mem-

Nearly Half Of Soft Coal Miners Idle; Coal-Using Industries Face Slow-Up; Shipyard Workers Threaten Strike

By ASSOCIATED PRESS Work stoppages made idle about 176,000 soft coal miners and threatened a slow-up in steel, railroad and other coal using industries today followed enactment of the nation's new labor bill.

Less than 24 hours after enactment of the Taft-Hartley labor law miners began leaving their jobs in 10 states. In Washington the National Coal Association, an operators group, said a full scale nationwide strike appeared to be developing, apparently in clear violation of the new law.

In other labor developments since enactment of the labor act, a strike of 40,000 shipyard workers threatened and Omaha's big union stockyards company was virtually idle following a strike of packinghouse workers.

In Washington, the Justice Department sought to determine whether the 176,000 miners left their jobs freely or upon advice of leaders of the AFL-United Mine Workers Union.

There appeared some evidence that the walkouts were breaking up, with the return of 50 workers at a mine in Monongahela county, W. Va., and a prediction by a UMW leader in West Virginia where 31,000 were idle, that half that number would end their stoppage today.

However, with the 400,000 soft coal miners scheduled to start a 10-day vacation at midnight Friday, there appeared no indication that the men who left their jobs in protest of the new labor act would go back to work before that time. Government control of the pits ends on June 30 and there was no sign of revived contract talks between John L. Lewis, UMW president, and operators.

A strike of 40,000 CIO Bethlehem steel shipyard workers in nine east coast yards threatened to start at midnight tonight following a break down of wage negotiations. Charles Leone, regional director of the CIO industrial union of marine and shipbuilding workers, said "We are ready to take a chance on testing the Taft-Hartley law."

In Omaha the union stockyards company, a livestock handling firm, was virtually inoperative by a strike of 425 CIO United Packinghouse workers.

Second Anniversary Of United Nations

Elaborate And Solemn Ceremony To Commemorate Signing Of Charter Tomorrow; Special Broadcast Scheduled

Lake Success, June 25—(AP)—Two years that have changed the world end tomorrow the second anniversary of the signing of the United Nations charter.

Since the charter was signed in San Francisco the world has seen: 1. The defeat of Germany and Japan. 2. A start on the road to outlaw war.

Last-minute preparations were made by U.N. officials here today, for observing Charter Day throughout the world.

At noon tomorrow, the 2,600 members of the U.N. Secretariat headquarters staff will assemble in front of the administration building for a solemn ceremony marking the charter signing. Short addresses will be made by Secretary-General Trygve Lie and Assistant Secretary-General Byron Price.

During the afternoon the U.N. radio division will broadcast a half-hour program in the five official languages, including recorded messages from President Truman, Premier Ramadier of France, Prime Minister Attlee of Great Britain, Generalissimo Chiang Kai-shek of China, and Deputy Foreign Minister Andrei A. Gromyko of Russia.

Premier Stalin had been invited to participate in the program but he declined.

Listeners in the United States will hear this program over the American Broadcasting Company's network at 11:30 p.m. (EDT) Thursday.

In addition to the main program the U.N. radio division has prepared a transcription program in 21 languages for broadcast in 54 countries.

Some "Horse Sense"

Russia's Entry Into Paris Conference To Discuss Europe's Rehabilitation Not Yet Cause For Rejoicing; Caution Necessary In Hope Of Cooperation

By DEWITT MACKENZIE

The proof of the plum duff is in the eating, and therefore we shall be smart if we don't allow ourselves to get exuberantly optimistic because Moscow finally has decided to send Foreign Minister Molotov to Paris to confer with Foreign Minister Bidault of France and Bevin of Britain regarding the American proposal for the economic rehabilitation of Europe.

Of course it's most gratifying that no less personage than Mr. Molotov is to join the representatives of Europe's other ranking powers in these conversations which may make or break the continent. The outside world looks on Molotov as, next to Premier Stalin, the most powerful figure in Russia.

However, the mere fact that Moscow is participating in this conference, and is sending such a distinguished envoy, doesn't in itself mean one iota more than that the Soviet Government is looking the project over. No matter what Russia had in mind, she would be bound to have a representative at this meeting. Then, having exam-

ined the situation, she would be in position to adopt any one of three courses—as diplomatic quarters in the Western democracies see it—namely:

1. Full-hearted participation in the Marshall project with determination to make it work; 2. participation with the idea of scuttling the ship; 3. Outright rejection of the proposal with a knowledge that this would further solidify the division of Europe into Eastern and Western camps.

That's not being cynical but is merely employing horse-sense in these dangerous days when caution is necessary. It's recognizing facts instead of indulging in wishful thinking.

There's a difference, though, between wishful thinking and hope. It is legitimate for us to hope that this reconstruction proposal may break the ice and so at long last permit of cooperation between the Russian bloc and the Western Allies. Such cooperation may not be probable at this time, but it is

Forty Years Ago Today

THE DAILY REFLECTOR
June 25, 1907
Edward Hearne today brought in the first ripe tomato we have seen this season.

Anybody who is able to live without work has a right to quit work when he wants to but there ought to be some law to prevent labor unions ordering a strike in any line of business that results in serious inconvenience and loss to the general public.

Temperatures up in the 90's. Miss Katie Moore, who has been visiting in Greenville, returned to her home in Washington today.

vice League and several members of the Recreation Commission volunteered to act as chaperones at the army for the club. The Junior Woman's Club, in cooperation with the police department, acted as chaperones and supervisors at the skating rink during the past year.

Eighteen Attending Girl Scouts Camp

By CHESTER WALSH
Eighteen girls enrolled for the first period of summer camp at Girl Scouts' Camp Hardee, on Pamlico River, below Chowan county.

A "big circus" has been planned for next Friday afternoon at the camp. The campers also will go on an exploring tour of a nearby Blue-beard's hideout and hunt for treasure—chocolate bars—under direction of Mrs. J. Knott Proctor.

The Recreation Commission has provided an 8-piece swing set at the West Greenville playground, a new slide at Cotanche Street Park and a castle tower at the Third Street playground. The Kiwanis club, the Elks lodge and the Parent-Teacher association have made generous contributions to the playgrounds. The necessary utilities and equipment were made possible by the action of the city aldermen when they increased the annual appropriation from \$2,500 in 1946 to \$4,000 for the 1946-47 season.

Robert Lee Humber Addresses Jaycees Long Beach, Calif.

Robert Lee Humber, distinguished Greenville lawyer, world traveler and author of the World Federation Plan, addressed the recent National Junior Chamber of Commerce convention in Long Beach, Calif. Three thousand persons were in the audience, representing 1,500 American communities and three foreign countries.

The National Junior Chamber of Commerce convention endorsed Humber's World Federation Plan and inserted its sponsorship as one of their objectives.

A card from Humber in Los Angeles said he was starting for Greenville and home.

Tobacco . . .

(Continued From Page One)
to revert old belt markets to three and a half hours or continue all blue-cured markets then operating on a four-hour sales basis.

Chairman Fred Rovster, at the outset of the committee's all-day session, emphasized that the group's authority did not extend to action upon a request for transfer of a market from one belt to another.

The committee also decided:
1. The U. S. Department of Agriculture's grading service should continue for its second season the administration of sales regulations.
2. The practice of "pan-caking," or mixing of tobacco grades in baskets, should be eliminated, with growers urged to remove strings from their offerings prior to sale.
3. It would be advisable for growers not to place their offerings on floors too far in advance of sales, since such practice resulted in damaged offerings.

MERCHANTS IN BUSY MEETING MONDAY NIGHT

Pay Tribute To Judson H. Blount As State President; Induct New Members

By CHESTER WALSH
The Greenville Merchants Association at its meeting Monday night congratulated Judson H. Blount, prominent Greenville citizen, on his election as president of the North Carolina Merchants Association at the convention held in Raleigh last week.

The Greenville association was well represented at the state convention by 10 members. The association pledged President Blount the fullest support and cooperation. Executive Secretary Cora S. Powell said in her report of the convention the secretary said one of the highlights of the convention was the address of former West Virginia Senator Jennings Randolph on "Community Relationship With the World."

Tax Bill . . .

(Continued From Page One)
"Since the tax veto was sustained last Tuesday a lot of Democrats who voted to sustain have come to me and said they were sorry—that they have changed their minds. We are sure we have the two-thirds in the House. It's entirely up to the Senate."

To this House Democratic Leader Rayburn (Texas) responded: "The Republicans say they will bring the bill up if they are sure of the two-thirds votes in the Senate and House to override another veto. It can't be done—in the Senate or House."

George, Senate tax manager

when the Democrats controlled Congress, told reporters he would support the new bill if it comes up "with more confidence than the previous bill." The Georgian voted for the previous legislation but said he would support the President's veto if it came to a test in the Senate.

The House, however, upheld the veto by a two-vote margin, 268 to 137. George observed that with the changed effective date "possibly" enough Democrats might back the law into pass if over a veto.

China Relief . . .

LEGION PLANS MEMORIAL TO WAR VETERANS

Would Erect Community Home Near Airport To Be Community Asset; Committees

Greenville Post No. 39, American Legion, at a recent meeting, appointed the Memorial Building Committee. J. Herbert Waldrop is chairman and Frank Taylor is vice-chairman. This committee has been assigned an important task, Commander James S. Jenkins, commander of the post, said.

Other members of this committee are Arthur B. Corey, Paul A. Scott, Walter Cherry, James Evans, J. Con Lanier, J. Knott, Proctor, June H. Rose, Larry Averette, Carroll Chauncey, Ty Wagner, James S. Worsley, J. Howard Moyer, Leon E. Evans, Bancroft Moseley, Jack Whitley, Jack Edwards, Willard T. Kyzer, W. C. Whitehurst and M. H. Whitehead.

It is upon this Building Committee that will devolve the formulation and execution of an over-all

INSPECTING YANKS — Lord Tedder, (second from left) marshal of the RAF, inspects personnel of a USAAF B-29 squadron on a goodwill tour at Norfolk, Eng. At left is Col. Charles L. Somers of Colorado Springs, 15th Air Force chief of staff.

plan to raise sufficient funds to erect a Legion home on Post 39's Airport Road property as a memorial to those Pitt County men

who served in the armed forces of U. S. in World Wars I and II. It is planned to have this building to serve as a repository for plaques containing the names of all Pitt County men who served, special citations of Pitt heroes, and other records of Pitt servicemen. The spacious auditorium and banquet hall contemplated would be large enough to take care of 1,000 persons and would, under Legion policy, be available for banquets, conventions, athletic games, and other gatherings of civic groups of Greenville and Pitt County. The funds for this ambitious building program will come from funds on hand in the building fund of Post 39, funds accruing to the post from the sale of the Falkland Highway fairgrounds, additional tunas to be contributed by members of the post, and contributions made by citizens of Pitt County who are sympathetic with this project as an adequate memorial to the living and dead of Pitt County who served in two World Wars. No general solicitation of the public for contributions is planned by the Legion. The generosity of those who desire to assist in this memorial is expected to prove ample.

The Post's executive committee are as follows:
Executive Committee: James S. Jenkins, chairman; W. C. Eagles, Thomas E. Wilson, Walter E. Lewis, Larry Averette, Harry M. Brown, T. K. Fountain, James R. Worsley, J. Howard Moyer, J. B. Tyndall, T. I. Wagner, Z. V. Bunting.
Boys' State Committee: James R. Worsley, chairman; O. E. Dowd, J. H. Rose.
Athletic Officer: Boley Farley.
Food Committee: T. I. Wagner, chairman; Amos Hudson, George S. Saad, Larry Averette.
Dance Committee: H. P. Johnson.

chairman; F. A. Jordan, J. K. Hester, L. B. Gowen.
Funeral Committee: H. G. Haney, chairman; A. B. Corey, J. B. Tyndall, L. B. Gowen, H. H. Duncan, Darwin Waters.
Armory Building Committee: T. I. Wagner, F. A. Jordan, Amos Hudson.
Membership Committee: Herman McLawhorn, chairman; Jack Moyer Jr., J. Hicks Corey.
Civil Service Committee: W. T. Kyzer.
National Defense Committee: T. K. Fountain, chairman; John W. Glover, Walter Lee, James O. Evans.
Program Committee: Carroll F. Chauncey, chairman; John W. Glover, Sam A. Whitehurst.

homa, has had an article accepted by a magazine. Friends theorized the title might have had something to do with the long consideration given the piece. It was: "Meroidentification of cupric and perchlorate ions as cupric pyridine perchlorate."

A white crystal salt with a strong meat flavor known as monosodium glutamate which has been recently introduced into the United States from the Orient has been placed in volume production. It is used for enhancing the flavor of fine foods.

County Is Well Represented At Summer Session

Pitt county is represented among the 707 students attending East Carolina Teachers College by a group of 149 students, of whom 82 are men and 67 are women. A large number of these students are teachers in the city and county schools. Teachers from schools in the county number twenty-four, of

Teachers of the Greenville city schools now at the college include Mrs. Myrtle B. Clark, Mrs. Katie Lee Gardner, Estelle Greene, Jane Hadley and Eva Keeter. Reba A. Proctor, supervisor of the Pitt county schools, is also registered as a student.

New Bern Tops Locals By 4-3 In Extra Inning

By BERT MOYE
The Greenville Greenies lost a heart-breaker to the New Bern Bears here last night as the Bears edged out a 4-3 victory in an extra inning affair.

Larry Baldwin, acting manager of the Greenies, hooked horns with Red Darda of New Bern and bested him in every department. He held the Bears to five hits, and for the first four frames held them hitless, struck out seven men, and walked three. Red Darda on the other hand was touched for eight hits, four walks and struck out six. Incidentally, it was Darda's fifth win of the season against no losses.

The Bears winning run came in the tenth frame after they had knotted the count at three-all in their half of the ninth when Soulas walked and Manager Worris Knowles hit over the left field wall for a homer. In the tenth inning Bill Bomar at third and Bill Settle took second. Zumbo singled into centerfield and Tommy Lee made a perfect throw to Willie Mauney behind the plate, but Pitcher Baldwin touched the ball and knocked it away from Mauney with Settle coming home for the winning run.

Greenville scored its first run in the sixth frame when Bobby Pare reached first on a fielder's choice, stole second, went to third on a passed ball and scored on a wild pitch. They took the lead in their

half of the eighth when Bobby Pare and Bill Bomar singled, a wild pitch advanced them to third and second respectively. Marvin Mauney hit to short forcing Pare at home. Marvin Mauney stole second, Baldwin hit to short who threw the ball wild with Bill Bomar and Marvin Mauney scoring on the error.

Willie Mauney with two singles in five trips to the plate, led the Greenies' eight-hit attack. All of the Bears' five hits were scattered among as many of their players.

Score by innings:

The Red Sox got back in the win column yesterday morning at W. Greenville by scoring a 16 to 12 win over the strong Cards. Although outhit 18 to 12 by the Cards the Red Sox played brilliant ball aimed to hold the Cards to a minimum of runs. Neat fielding by Pat Sawyer and Eddie Farley kept the Cards at bay and two fast double plays snuffed the life out of two promising Card rallies.

The Cards' eighteen-hit attack was led by Begie Whitehurst with two singles, a double and homer Earl Stocks with two singles and two doubles and Wilkins and Walters with three singles each. Quinn with a double, triple and homer Farley with two singles and a double and single did the clotting for the winners.

The Senators from W. Greenville lost another game in the late innings yesterday at Lihra St. park when the Greenies scored nine runs in the last two innings to win 15 to 11. The Senators outhit the winners 15 to 9 but loose fielding and base on balls proved their undoing.

Roscoe Little with two singles and a double, Troy Wilson with three singles and Willie Lewis with two singles were the leaders for the Senators. Eddie Tanner, Joe Allgood, Dave Clark and John Farley with two singles each led at bat for the Greenies. Claudius Henley and Diekey Gray starred afield.

The Training School Yankees rallied in the last inning to score three times to break the tie that had existed between the Yanks and the Lions since the fifth inning only to have the Lions come back to score four runs in the bottom half of the inning to win 14 to 13. Bobby Faulkner hit a homer to win the game for the W. Greenville team.

Both teams did some hefty clotting. Leading the Yanks' 13-hit attack were Dallas Evans with two singles, a double and triple, Hudson with four singles and Billy Catlett with three singles. Faulkner with two singles and a homer, Phillips with a triple and homer and Wingate with a double and homer led for the Lions.

Seven Cases In Recorder's Court

Seven cases were heard by Judge Dink James in county recorder's court yesterday.

Abandonment and non-support: Charlie Richardson, colored, not guilty; Donald W. Nobles, two years on roads suspended on payment of \$15 per week.

Non-support: Henry Haddock, not pros.

Non-tax paid whiskey for sale: John Cox, colored, not guilty. Delving drunk: William Jack McLawhorn, 90 days, suspended on payment of \$50 and cost and make restitutions for personal and property damage and lose license for 18 months and not to ride in motor vehicle except public bus for two months.

Careless and reckless driving: Joseph Bryant (also speeding) \$25, cost deducted and lose license for 30 days.

Speeding: Charles R. Gray, pay cost and lose license for 10 days.

New Labor Law . . .

(Continued From Page One)
they quit, the boss must fire them. That was true under the old law and it's still true under the new.

But under the old law if a union expelled a man for any reason—such as quarreling with union officials—the boss had to fire him.

Under the new law the boss does not have to fire a man expelled by

HAITIAN RODENTS — Two hutia from Haiti, a mother and her young, (above) have been added to the Lincoln Park zoo in Chicago. They're an unusual species of rodent.

a union for any reason except not paying his dues or initiation fee.

Suppose you're working in a place which already has a contract that has a year to run? The new law doesn't change anything in that case.

The new law leaves unchanged union shop contracts now in existence. But any such contract signed after August 22 must conform to the new law.

(Aug. 22 is 60 days from June 23, when the new law was passed.)
So if you're working in a union shop where the contract—say—has a year to run and you're expelled from the union for any cause, the boss must fire you.

(The new law bans closed shops where everyone working or later hired must be a union member.)

But just as in the case of union shops, closed shop contracts now in effect can run unaffected by the new law but for no longer than a year.

(No closed shop contract can be signed after August 22.)

4. Suppose you're a non-union man but work in a shop where a majority of the workers belong to a union. Must you join?

Only if:
1. The union can get the boss to agree to a union shop contract and
2. A majority of all the workers in the plant vote for a union shop. Under the old law there could be a union shop if only a majority of

possible.

Mind you, I don't believe Russia has completed her maneuvering for positions of advantage in Europe. The signs are that she intends to consolidate her hold on Hungary to bring Austria within the Red fold, and to establish her influence over Germany. There is every indication, too, that Moscow hasn't the slightest intention of abandoning its campaign for communication of the world. However, it is possible the Soviet has extended its influence sufficiently so that it now would be willing to cooperate with the Western Allies—provided it is satisfied that the allies have no designs against it.

That provision is a mighty item. Russia is deeply suspicious of her former allies. She has charged America and Britain with attempting to encircle her. And the Western Allies on their part have been watching Soviet expansion with suspicion and dismay.

Thus I believe we must arrive at the conclusion that the forthcoming conference of the three European powers in Paris will have to do more than put on paper the ways

DIAMOND DUST

By BERT MOYE

Sidelights: Errors, continue to plague the Greenies and the three errors committed by the Greenies last night figured in two of the Bear's runs including the winning run in the tenth frame. The loss for Baldwin was his fifth of the season. He has seven wins to date. One of the Greenies' runs was of the earned variety while two markers for the Bears were earned. Greenie had ten men left on bases, the Bears had five. Hobgood, the Bears left fielder tried to pull a fast one last night when Bill Lynch hit into short left and Hobgood made a dive at the ball and came up with it in his glove, but the umpires ruled that he caught the ball on the bounce and not as a line drive. The Bears had already come off the field but were called back by the umpires to finish the inning.

In the financial report issued by Dave Moore, Jr., secretary-treasurer of the club at Monday night's meeting of the directors, the club finances were reported as being in excellent condition. Attendance figures showed that approximately 37,000 fans have attended the home games for an average of 1,180 per game. The directors also are making plans in the near future to strengthen the local club and give the fans a better brand of baseball in the near future.

The appointment of Larry Baldwin as temporary manager of the Greenies appears to meet the approval of fans and players alike. Larry is a very likeable sort of fellow and is very popular among the Greenville players. Best of luck to you Larry, is the wish of the writer and all the Greenville fans.

Why Risk LOSING YOUR RIGHT TO DRIVE

One uninsured auto accident can cost you your right to drive. Under North Carolina's new Motor Vehicle Safety and Responsibility Law you must be able to pay damages within 60 days after judgment or lose your driver's license and car registration plates. The law becomes effective on July 1. Ask for quotation on insurance for your car - NOW - before you lose your right to drive.
