Paris, June 30—(AP)—Interior Minister Edouard Depreux announced today the discovery of a "very widespread" plot by an organization known as the Black Magicians to overthrow the French republic and set up a military dictatorship.

Depreux said Gen. Guillaudot, inspector general of the French gendarmerie; Maj. Jean Loustaun-Lacaus, a rightist resistance leader who before the war acknowledged that he was a member of the anti-Republican Cagoulauds (Hooded Ones), and other officers of civilians had been arrested.

He said some of the persons held had tried to enroll in Gen. Charles de Gaulle's French Peoples Rally.

# Gov't Steps Out Of Coal Business

## Soft Coal Mines Formally Restored To Private Owners After 13 Months Of Federal Operation; Negotiators Still At Odds

Washington, June 30—(AP)—The government lowered the American flag over more than 2,500 soft coal mines today and formally restored the pits to the private owners after 13 months of federal operation.

The contract dispute which prompted the federal seizure of the mines May 22, 1946, still was unsettled, however, and another strike at conclusion of the current 10-day vacation July 3 is a definite prospect.

The government stepping aside as operator, it will be up to the owners themselves to make terms with the miners. If they don't succeed by July 3, the miners are expected to strike.

The government gives back the mines in the same condition it found them 13 months ago—empty of workers.

Forced to step out of the pits at noon (11 a. m. EST) with final expiration of the Smith-Connally War Labor Disputes Act, one federal agency thus gets rid of the coal headache but another is ready to tackle the still unsettled contract war between John L. Lewis and the operators.

The Coal Mines Administration folds up with the end of government operation, leaving Secretary of Labor, Schwellenbach and his conciliation service the only official connection with the dispute. Schwellenbach will try to mediate a new contract to avert the threat of a full-blown strike eight days hence.

# President Signs Measure To Extend Rent Control

## Flood Threatens Power Plant

Smoke continues to pour from the stacks of the city power plant at Des Moines, Iowa, indicating it is still operating despite surrounding flood water from the converging Des Moines and Raccoon rivers. ## Tells Congress Bill's Provisions Are Inadequate, But Signed As A Choice Of "This Bill Or No Rent Control At All"; Says New Act Marks "Backward Step"

Washington, June 30—(AP)—President Truman today signed into law an extension of federal rent controls but said its provisions "are plainly inadequate."

In a message to Congress, Mr. Truman said he was confronted with the choice of "this bill or no rent control at all."

The new law extends federal controls eight months and permits landlords to negotiate rent increases up to 15 per cent in exchange for leases running through December 1948.

As between the rent control voted by Congress and none at all, the President said:

"I have chosen the lesser of two evils."

The new act, Mr. Truman said, "marks a step backward in our effort to protect tenants against unjustified rent increases arising out of war conditions." He added:

"For millions of families it will result in substantial increases in rents which until now have been held at a reasonable level. The cost of living is already too high without this additional burden. . . ."

"Without any rent control millions of American families would face rapidly soaring rents and wholesale evictions."

"We are still suffering from a critical housing shortage. Even this inadequate law represents fewer dangers than with the complete lack of rent control."

Mr. Truman said he was forced to sign an unsatisfactory price control law last July 25 "in order to prevent complete destruction of price control."

"But," he said, "effective price control was impossible under the new law."

The President said that if he had vetoed the rent bill the prospects of another measure being sent to him was "negligible."

"I had no choice but to sign," Mr. Truman added.

The provision permitting "voluntary" increases of 15 percent where landlord and tenant agree on a lease through December 31, 1948 the President said, "is voluntary only so far as the landlord is concerned."

He commented:

"The tenant will naturally fear more exorbitant increases when that unless he enters into such a lease he will be subjected to even more exorbitant increases when rent control is ended."

Mr. Truman also protested the "virtual elimination of controls which have prevented the diversion of building materials from homes to non-essential and deferrable construction."

# CUT IMPORTS TOMORROW TO SAVE DOLLARS

## Tobacco, Gasoline And Newsprint Trade Affected By British Order

London, June 30—(AP)—The chancellor of the exchequer, Hugh Dalton, announced today that Britain would cut imports of tobacco, gasoline and newsprint during the year beginning tomorrow to conserve her shrinking dollar supply.

In addition, Dalton told the House of Commons, he would ask Parliament for authority to put an import duty on motion pictures, if necessary, to economize in foreign exchange.

Dalton said a severe shortage of dollars was developing "in almost all parts of the world."

"In particular," he added, "our own line of credit under the Anglo-American loan agreement is being drawn upon much more rapidly than we expected. It is our clear duty to take further steps to close the gap between our necessary imports and our exports."

"The United States, which sends Britain films and tobacco as well as food and other commodities, is among producing countries chiefly affected by the cuts."

"We shall not be able to afford all the imports of foodstuffs for which we had hoped, but the government has decided to maintain—and, in some directions, slightly increase the volume of these imports compared to the year which ends today," Dalton said.

But food imports, he warned, may be restricted by shortages in supply countries, and he said: "The possibility of cuts in particular foods, including rationed goods, cannot be ruled out."

Newsprint economies, Dalton said, mean a return to four-page newspapers. Most papers have been alternating four-page and six-page editions since last year.

# Old Man River Reaches Record Crest; Recedes

St. Louis, June 30—(AP)—After climbing to its highest peak here in 103 years the Mississippi dropped slightly today but U.S. Army engineers warned that the battle for three critical levees in the area was "far from over" with another crest pouring down from the mouth of the Missouri River.

An earthquake last night added to the tenseness of the situation although it apparently had no connection with the flood. The tremor was felt as far away as 20 miles but no heavy damage was reported.

The hardest battle to keep levees intact was being carried on in Illinois around the Chouteau Island district.

The river reached a stage of 39.2 feet late yesterday, forcing additional hundreds of lowland residents from their homes and flooding waterfront industrial districts. The earthquake was felt for five seconds at 11:25 (Central Daylight Time) and while only minor damage was reported, startled citizens from over a wide area flooded police and newspaper switchboards with calls for nearly an hour.

# Lost Colony Drama To Open Season Tuesday

Manteo, N.C., June 30—(AP)—The 10th season of "The Lost Colony," a play telling of the ill-fated attempt to found the first white settlement in the new world, opens tomorrow at the Waterside Theater at Fort Raleigh on Roanoke Island.

The symphonic drama is scheduled for 49 performances before the season ends on Labor Day, Sept. 1. More than half the cast of 250 are Roanoke Islanders. Major roles will be played by New York professionals and members of the Carolina Playmakers, drama students at the University of North Carolina. Samuel Selden, head of the drama department of the university, is the director.

Paul Green, North Carolina dramatist who wrote the play, will make a short pre-curtain talk on July 4, the tenth anniversary of the premiere.

# WORLD TODAY

By DEWITT MACKENZIE

Little hope for unified action is found in early reports from the three-power conference (Britain, France and Russia) which is meeting in Paris to consider U.S. Secretary of State Marshall's proposal for the economic rehabilitation of chaotic Europe.

As had been widely anticipated, Russia has come out in opposition to any "all embracing economic program" for the hapless continent. Moscow takes the position that the task of the conference merely is to ascertain the amount of financial aid the various countries need from Uncle Sam and whether such aid could be secured under the Washington program. Each country would be dealt with as a unit in accordance with its own sovereign wishes, and not as a part of wholesale continental cooperation in recovery.

Of course if the Soviet Union adheres to this stand it will scuttles

# ARREST FIVE FOR VIOLENCE

## Rockingham Mill Is Scene Of Disorders On Picket Line

Rockingham, June 30—(AP)—Deputy Sheriff J. C. Bates said today five persons had been arrested on charges of affray as a result of a scuffle this morning between pickets and non-union workers at the Pee Dee mill No. 2 in Rockingham.

All five have been placed under bond.

An extra force of state highway patrolmen was ordered into Rockingham to cope with the situation at the Pee Dee mill, where members of the CIO Textile Workers Union of America are on strike.

# Reports U. S. Has Stockpile Of New A-Bombs

Chicago, June 30—(AP)—Chancellor Robert M. Hutchins of the University of Chicago, says in a published article that the U. S. has a stockpile of "new and improved" atomic bombs sufficient to wipe out all the large cities of the world.

Writing for Common Cause, monthly publication for the committee to frame a world constitution, of which he is president, the educator said:

"The Hiroshima and Nagasaki bombs are now obsolete. American science and technology have produced a stockpile of new and improved bombs large enough, according to usually conservative sources, to destroy every large city on the earth. He did not disclose the source of his information."

# Take Office

Mayor J. H. Boyd and five aldermen will be sworn in tomorrow at noon by D. T. House, clerk of Pitt county court, for the new terms to which they have been elected.

Aldermen to be sworn in are Heber B. Tripp, elected for his first term, W. G. Rayner, E. S. Moye, W. N. Morton, and C. A. Bowen, all re-elected to office.

## County Police Searching For Assault; Bloodhounds Fail

Pitt county officers today are searching for a Negro man who allegedly attacked a white woman of the Chapman Cross Roads community this morning about 9:30.

Officers with bloodhounds arrived at the scene of the alleged attack about 20 minutes after being called, but no trace of the attacker could be found in the area. Bloodhounds were unable to pick up a trail although the ground was damp and trailing should have been easy.

Sheriff Ruel Tyson had not returned to the city and the name of

# AWAIT BALLOT ON ACTIVITIES

## Tobacco Referendum To Chart Association's Future

Asheville, N.C., June 30—(AP)—Broadening of the activities of Tobacco Associates, Inc. to find foreign markets for other tobacco than flue-cured, for which it was originally chartered, seemed today to depend on a referendum.

One official who asked that his name not be used, said Tobacco Associates would be enlarged "before long" to include other types. He explained such action would require amendment to the present charter of Tobacco Associates and a referendum.

His statement came over the weekend at a meeting here of the Associates and burley tobacco interests of Kentucky, Tennessee and West Virginia.

J. B. Hutson, president of Tobacco Associates, said its immediate objectives are threefold:

1. Finding what problems confront flue-cured growers with the increase of tobacco taxes in Great Britain, normally a large purchaser.
2. Determining what can be done to make American tobacco available to civilians in the occupied zones of foreign countries, particularly.

# Living Costs Up After Year Without Controls

Chicago, June 30—(AP)—On this first anniversary of the end of federal price controls, pork on the dinner table costs 78 per cent more than it did a year ago, and beef and veal 62 per cent more.

Other food, clothing, and living costs in general also have undergone sharp rises, trade and government figures show. Within the year many prices soared to record peaks, topping the highs of the 1919-20 postwar period.

Market and retail supplies are higher in many lines, but farm supplies of livestock are lower than a year ago and cold storage stocks of many foods are lower. Such commodities as steel, oil, and lumber, still lag far behind demand requirements.

With 1926 prices as a base average of 100, the Associated Press whole price index Friday was 175.64. A year ago the figure was 122.22. This represents an increase of 43.6 per cent in the year. The highest was reached in March at 184.32.

A compilation by the Federal Bureau of Labor Statistics shows that for May, the most recent calculation available, this index was at 155.8 on a 1935-39 base average of 100. Throughout the war period up to a year ago the index had advanced 33.3 points. In the ensuing year it went up 22.5 points.

All cost of living items included in the index averaged 16.9 per cent above last June, with major items like food 28.8 per cent higher, clothing 17.3, and household furnishings 16.3.

# Five Fishermen, Lost On Tropical Island, Sailing Back To Mainland

San Diego, Calif., June 30—(AP)—Five weary and sun-blackened California fishermen, blown 1,000 miles off their course, were en route back to civilization today after six weeks of near starvation on a desolate Pacific island off the Mexican coast.

The five fishermen, missing with the 45-foot boat Thistle off of San Pedro since May 19, were rescued late Saturday by the Tuna clipper Normandine, a five square mile coral atoll, some 1,700 miles south of here and 300 miles from the Mexican mainland.

First word from rescuers to the Coast Guard and Navy here indicated the men were in "fair condition" but did not elaborate. The Thistle was shattered on the shore, but none of the crew was hurt.

The Navy requested the Normandine, a San Diego vessel, to take the fishermen to the Galapagos Islands, about 1,800 miles further south, and said it was sending a craft from Panama to pick up the victims.

The Thistle's crew members were Capt. William Noble, Charles E. Warren, Gilbert B. Stetche, Robert Marshall and Walter Richards, all of San Pedro.

Veteran fishermen said the boat probably was caught in a "cyclone" storm, the equivalent of a "typhoon at sea," and described tropical Clipperton as "a very bad spot, anytime."

# Boyd Says 351 Parking Meters For Greenville

Mayor J. H. Boyd announced today following a survey of the streets in the business district of the city, that 351 marked time parking meters will be bought by the city and placed on the streets of Greenville. "The object of the meters is to get a quicker turn-over of traffic for the benefit of the public and the merchants," Mayor Boyd said.

With the installation of the parking meters there will be a change in the parking arrangement in the business sections of Greenville, with the exception of the tobacco warehouse sections where no meters will be installed at present. All parking on the main streets in downtown Greenville will be parallel instead of diagonal as it has been for some time. Spaces of 22 to 23 feet will be marked off for each meter and will allow enough space "for even the poor drivers" to get parked safely, the mayor explained.

Meters will be placed on Dickinson Avenue from J. A. Collins & Son Furniture Store to Five Points on one side of the street; on Evans Street between Second Street and the end of the city library wall with parking on both sides of the street between Third and Fifth Streets and parking on one side between Second and Third Streets and between Fifth Points and the library; on both sides of Third and Fourth Streets between Washington and Reid Streets; on Fifth Street between Greene and Reid Streets; and on Cotanche Street between Fourth Street and the Cotanche Street park.

The meters are expected to be installed and ready for use by the time the tobacco market opens here (Continued on Page Four)

# MASS SEDITION CASE IS DEAD

## Court Upholds Dismissal Ruled By Justice Bolitha Laws

Washington, June 30—(AP)—The U.S. Court of Appeals today upheld a district court's dismissal of the wartime so-called mass sedition case.

The court's majority opinion, by Chief Justice D. Lawrence Groner, said "where there has been a lack of due negligence in the prosecution of a case, the trial judge may dismiss and his order will be sustained on appeal."

The case was dismissed last November by Justice Bolitha J. Laws. Indictments returned in 1944 charged 30 defendants with subversive activities. Death or dismissal of charges subsequently removed four defendants from the list.

Eight months after the case went to trial, a mistrial was declared in the fall of 1944 when Edward C. Elcher, the presiding judge, died.

# Six Inspectors To Be Sworn In

Raleigh, June 30—(AP)—Six new motor vehicle license inspectors will be sworn in tomorrow, bringing the number of inspectors to 12.

The six, all of whom are highway patrolmen, are J. H. Coman of Sanford, who will be stationed in Asheville; R. E. Sprinkle of Raleigh, who will remain here; Charles Payne of Hertford, who will be stationed in Elizabeth City; M. H. Bynum of Lenoir, who will be stationed in Greenville; Archie M. Gilbert of Statesville, who will be stationed in Wadesboro; and T. S. Secrest of Wadesboro, who will be stationed in Carthage.

# Lost Arm In Accident On Kinston Highway

Lewis Everette of Cox's Mill road lost his right arm about midnight Saturday night when the automobile in which he was riding was involved in an accident on the Kinston highway, 50 yards beyond the Serve-U service station.

Police said Everette was apparently riding with his arm resting in the window of the car when the auto in which he was riding ran into the back of a truck. His arm was severed in two places, once above the wrist and once below the elbow. A patrolman found the hand and took it to the hospital when Everette was carried in Saturday night, but the elbow was not found until Sunday morning, in a field at the scene of the accident.

Hospital officials reported Everette's condition satisfactory.

# Cashing Of GI Bonds Passed By Sub-Committee

Washington, June 30—(AP)—A House armed services sub-committee today approved legislation to permit holders of GI terminal leave bonds to cash them immediately.

The legislation tomorrow and its approval is expected in time to permit House action early next week. Republican leaders have tagged the bill for passage.

There are approximately 9,000,000 bonds outstanding, with a face value estimated at \$1,800,000,000.

The Treasury has opposed the legislation on the ground it would add to inflationary pressures.

The legislation is not mandatory. It merely allows holders of the bonds to cash them without waiting for the five year redemption period originally provided.

# NATION TODAY

By ELTON C. FAY

Washington, June 30—(AP)—The War Department wants a new army. It has assembled a bundle of plans and projects which, if all carried out, will drastically alter the appearance of the military establishment which fought in World War II—its men, its fighting units, its weapons.

Here are some of the changes: Promotion through the ranks by competitive examination instead of by edict of a commanding officer (and some commanding officers may not like the top kick sergeants they get).

This "career plan," which includes provisions for specialized education and a chance for trying for officers' training, will make it possible—in theory, at least—for a GI to finish up his military as a four-star general.

(A bill to do this has just cleared the first hurdle in Congress with House passage last week. The Senate may or may not act before adjournment next month.)

Eventually (as June 30, 1946 deadline now has been moved to 1949) both officers and men will be ordered to wear identical uniforms. Battle jackets and trousers will be of the same olive drab, with difference in rank indicated only by insignia. Gone will be the "pink" trousers and unmatched blouses of the officers. The army lets it be known it will do something about the enlisted man's food, too. It has received a critique on armychow methods, the report prepared by a civilian committee of restaurant experts who claim to know how and what folks eat.

Foxholes will be out of the army housing picture unless another war comes.

The GI of World War II he rode to battle; in World War II he rode in trucks; if there is a World War III he will fly. The idea is to make all infantry units "air transportable."

Forty Years Ago Today

THE DAILY REFLECTOR June 30, 1907

We do not have much heavier rains than that of Saturday. If the town officials had been compelled to wade through the oceans on Eighth and Ninth streets Saturday, they would feel like taking some steps to divert the water and prevent such floodings.

The Norfolk and Southern handled a good number of passengers and a considerable quantity of freight on its first regular train here.

decorated during the serving with a basket of yellow roses, and the remaining tables were centered with small baskets of mixed summer flowers.

Miss Bunting was presented a gift of silver in her pattern and Mrs. Whitehurst and Miss Ireton were remembered with gifts of perfume and crystal.

Out of town guests included Mrs. Nick Noble of Trenton, Miss Betty Ireton of Kansas, and Miss Alice Ruth Bundy of Greenville. Approximately forty guests were present.

Recreation News

There were 404 children present at the Third Street playground last week. This is an average attendance of 80 per day. Last year the average attendance was 51.

Last week there were 473 children present at the West Greenville playground. The average attendance was 94. Last year the average attendance was 67.

There were 472 children who attended Cotanche playground last week. Average attendance was 94. The Fourteenth and Charles street playground for the two days which it was open last week had 408 children present with an average of 54 children per day.

Around fifty guests were entertained. Out of town guests were Mrs. Stewart Davis of Wilmington, Mrs. Willie Burroughs of Greensboro and Mrs. Nick Noble from Trenton.

The marriage of Miss Louise Mills, daughter of Mr. and Mrs. W. S. Mills of Oriental, and Ebert Hugh Lee, son of Mr. and Mrs. Alton Lee of Janelo, N. C., was solemnized Friday evening, May 30, at the home of the bride, Reverend H. B. Hines, pastor of the Oriental Baptist Church, performed the ceremony using the single ring service.

The living room of the Mills home was beautifully decorated for the occasion with a profusion of summer flowers.

The bride, given in marriage by her father, was attired in a becoming street length dress of white faille with an embroidered neckline. She wore an orchid corsage. Her only ornament was a single strand of pearls.

Miss Lona Rouse of Greenville, cousin of the bride was her only attendant.

The bridesmaids were attended by Leona Rouse of Greenville and Mrs. J. C. Boyd of the same city.

The wedding took place at 8:00 a. m. Saturday morning at the home of the bride where the ceremony was in business with her.

The bride was centered with an arrangement of white carnations, gladioli and gerberas in a silver bowl flanked by white tapers in silver candelabras. Beautiful arrangements of ivy, yellow gladioli and gardenias banded the window sills. Bridal place cards and individual miniature daisy corsages marked the guest's places. A three course dinner was served to thirty-two guests.

The hostesses presented Miss Bunting a corsage of white and cerise gladioli, and gifts of silver in her chosen pattern.

Out of town guests were Mrs. Nick Noble of Trenton and Mr. and Mrs. Emerson Smith of Farmville.

Miss Bunting Honored. Bethel.—Honoring Miss Dot Bunting, bride-elect, Miss Frances Mae Elves entertained at bridge at the Bethel Rotary house Friday afternoon.

An arrangement of ivy and yellow gladioli flanked by white tapers in silver holders centered a table covered with a lovely embroidered linen cloth. The clubhouse was decorated throughout with tall baskets of mixed summer flowers. The hostesses presented corsages of gladioli to Miss Bunting, Mrs. Cecil Whitehurst, a recent bride, and Miss Betty Ireton, bride-elect. Each guest's place was marked with miniature corsages of gladioli.

Coca colas were served during play. Bridge prizes were awarded Miss Alice Ruth Bundy and Mrs. Ralph Highsmith for high and low scores, respectively.

A color motive of green and white was carried out in refreshments consisting of ice cream, cakes, mints and nuts. Miss Bunting's table was

Mrs. Minnie Bland Died in Washington

Washington, N. C., June 30.—Mrs. Minnie Coral Gabriel Bland died at the home of her daughter in Norfolk, Va., Sunday morning following an illness of several days. She was the widow of Claudius Franklin Bland. She was a native of Beaufort and had resided in Washington, D. C., for the past six years. She was the daughter of the late Samuel Willis and Sarah Haskitt Gabriel. She had been visiting her daughter in Norfolk for the past three weeks. She was a member of the First Church of Christ Scientist, 5th Church, Washington, D. C. Surviving are two daughters, Gay Bland of Washington, D. C., Mrs. P. A. Cabell of Norfolk; and two sons, R. D. Bland of Denver Colo., C. F. Bland, Jr., of Washington, D. C. Services were from the Paul Funeral Home Monday afternoon at 2 o'clock. Burial followed in Oakdale cemetery beside her late husband.

J. F. Boyd, 78, Dies After Long Illness

Mr. John Foreman Boyd, 78, died at his home, 508 W. 3rd St., at 10:45 o'clock Sunday night after being critically ill for several months. Funeral services were conducted at St. Paul's Episcopal Church at 5 o'clock Monday afternoon by the Rector, the Rev. Roscoe C. Hauser, Jr. and burial was in the Episcopal Churchyard.

J. C. Humphrey Died At Hospital Sunday

Mr. J. C. Humphrey, 69, died at Pitt General Hospital early Sunday morning after being critically ill for several days. Funeral services will be conducted at the S. D. Wilkerson & Sons Funeral Home Tuesday afternoon at 2 o'clock by the Rev. R. W. Bradshaw, pastor of the Davis Memorial Methodist Church. Burial will be in Hollywood cemetery in Farmville.

Women in the Church

The Protestant Episcopal Diocese of Vermont has amended its canons of many years standing so as to make women eligible for service as vestrymen of local parishes. At the same time the Diocese convention deferred for one year action on a canon to make women eligible for election to any office to which a layman is now eligible.

"In the United States, a college education is more or less a luxury, but in China, it is linked with patriotism and is regarded as essential for the training of leaders," says Miss Ruth Stahl, American dean of mission-supported Women's College, of Yenching University, Peiping. **Umstead Candidate**  
Winston-Salem, June 30 — (AP)—Sen. William B. Umstead (D-NC) has announced he will be a candidate for the Senate in 1948.  
He made the announcement here over the weekend. Umstead was appointed to the Senate last winter to fill the unexpired term of the late Josiah W. Bailey.

**Two Minor Car Accidents Here Over Weekend**  
State highway patrolmen reported two minor accidents in the Greenville vicinity during the week-end.  
Two cars collided soon after noon Saturday one mile north of the city limits when an automobile driven by James A. Crandle, Negro of Farmville route one, crashed into the right side of a car driven by William P. Waters of Flemings Cross Roads. Waters was making a right turn off the highway and Crandle, coming from behind, ran into the side of Waters' car. Damage to Crandle's car was estimated at \$250 and damage to Waters' car was about \$125. Patrolmen attributed the accident to the inefficiency of the brakes of Crandle's car.  
Charles Laughinghouse, Negro of Greenville route five, was charged with driving drunk and hit and run driving when he started from a parked position in front of the Catholic church on West Fifth Street and struck the right rear fender of a car driven by Thad Whitehurst of Stokes.

LUSH THEM OUT THIS DOCTOR'S WAY  
If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, lue to excess acidity in the urine, be glad you're reading this:  
Three generations ago Dr. Kilmer, a famous doctor, found hundreds of patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.  
Swamp-Root goes right to work to flush out kidneys . . . increases flow of urine, helping relieve excess acidity . . . so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

## Strength FOR THE DAY

### GENIUS MAKES ITS CHALLENGE

A young French composer was very much annoyed when the famous Cesar Franck criticized his work and wrote some changes and revisions into one of the young man's compositions. A few years later in going over his score, the budding composer was overwhelmed to discover how much Franck had really improved his work. He was eager then to take lessons from the great master. "Can you give me lessons?" he asked eagerly. "Oh certainly," said Franck, "come every day at six."

"But that," replied the youth, "will interfere with your summer hour." "Oh not at all," replied Franck. "I mean six in the morning."

In John Wesley's Journals we find that great religious figure speaking bitterly about his weakness, because he sometimes allowed himself to remain in bed a few minutes after four in the morning. Wesley then remained in earnest prayer until breakfast time.

Few musicians can be like Franck, either in the matter of talent or diligence. Few Christians would feel that it was even remotely possible for them to live up to the high spiritual standards which John Wesley set for himself. Men like this are not so much guides to be slavishly followed, as ideals to be studied and sought after. It is true that nothing succeeds like success, but it is equally true that nothing comes at a higher cost.

## WASHINGTON LETTER

Washington—The U. S. Navy is recruiting for clarinetists, saxophonists, drummers. Several hundred are needed.

Applicants must be between the ages of 17 and 31, must be physically fit and of good character.

There are vacancies in the U. S. Navy Band, the Naval Academy Band at Annapolis and on the staff of the Navy School of Music in Washington.

Musicians are also sought to fill vacancies in the various Navy bands scattered over the world. Some 50 of these are stationed in places like Argentina, Newfoundland, Honolulu and Yokosuka, Japan.

Pay ranges from \$50 a month up, with uniforms, food and doctor bills (if necessary) included. Men who apply for positions as musicians won't get shunted into some other rating either, the Navy promises.

Applicants may ask their local recruiting stations for an application blank, fill it out and send it on to the Navy School of Music, Naval Gun Factory, Washington 25, D. C. The Navy picks out the most likely applicants, pays their expenses for a trip to the school. If they pass the music exams, they are enlisted.

Carolyn Hagner Shaw, who publishes the Social List of Washington, D. C., and Social Precedence in Washington, has one of the busiest telephones in the capital.

Her callers include the newcomers, the newly rich and the social climbers.

Wives of new congressmen want to know about the time-accepted calling system. They want to know, among many other things, on whom they are expected to call, how many cards they should leave and so forth.

When the White House receptions were occupying everyone's attention, women wanted to know what to wear and asked for help on the glove problem. Men wanted to know whether to wear black tie or tails.

Mrs. Shaw's office told the women they ought to wear long gloves when wearing short sleeves, even though Mrs. Truman told them not to stay home if they didn't have the gloves.

Mrs. Shaw's office told the men they'd "feel more comfortable" if they wore white tie and tails.

President Truman came back from Mexico with colorful serapes and bits of silver—gifts a bit on the conservative side compared to those handed to Presidents before him by foreign governments.

Take President Jackson. The National Geographic Society says the Sultan of Morocco gave him a live lion after he'd paid a visit to the shores of the North African country

Infantry and armored divisions are being "souped up" in size, firepower and shock action. Eventually the infantry division will number about 18,000 men, more than 3,000 greater than the divisional strength in World War II. The division will have more tanks, more artillery, more anti-aircraft gun protection.

The armored division, which in the last war, operated at an authorized strength of 10,000, will have 15,000 men.

New modes of warfare have pushed some historic elements of the army out of the picture. Horse cavalry is gone, replaced by armored cavalry. The fixed seacoast artillery defenses are being abandoned in favor of highly mobile artillery units, some of them to be rocket-firing outfits.

Highly specialized technical units are to be organized for the use of guided missiles, as those weapons are developed. The use of those weapons, as well as the requirements for detection of approaching aircraft attack, is putting increased values on special corps of radar men.

The Army Air Forces, which emerged from World War II as the world's most modern and largest air fleet, is changing. The fighters and bombers it used are no longer adequate for atomic age missions. Subject to limitations of production and the size of congressional appropriations, the AAP fleet is being rebuilt around jet fighters and ultra-long range bombers. Jet-powered bombers are in prospect, but still in the experimental stage.

The Senate Appropriations Committee is going over the army's budget for next year to see whether some of the \$435,000,000 cut by the House should be restored. General Eisenhower told the senators Saturday that the House reductions "take us well into the danger zone."

As this column pointed out last week, one of the greatest possible achievements which could come out of the Paris parley would be the dissipation of the suspicions which the Eastern and Western Allies entertain for each other. Naturally that couldn't be accomplished unless the doubts were without foundation, as America knows to be the case in connection with Moscow's idea that Washington is up to political skulduggery in proposing the economic program.

The alternative to cooperation among all the allies would seem to be for the Western nations to go ahead with the project in that part of Europe which is free of Russian domination. The consensus among observers in both Washington and London is that the time has come to work without Russia if we can't have her with us. Any idea of appeasement is out the window.

Obviously this would mean further consolidation of the division of Europe into Eastern and Western blocs. That is far from being a good solution of an economic problem which depends on unified effort, but half a loaf still remains better than none.

## SHIPS COLLIDE IN HEAVY FOG

### Army Transport Sinking; Crew and Passengers in Boats

Boston, June 30—(AP)—An Army transport and a freighter collided in fogbound waters off Nantucket today and the transport's crew of 70 and 10 troops and a woman were taking to lifeboats in moderate seas, the Coast Guard reported.

Loaded lifeboats from the fast-sinking 7,500-ton Army ship St. Albans Victory were sighted by a circling plane as fog began to lift at the crash scene 60 miles off Nantucket.

The St. Albans Victory was in collision with the Danish motor ship Volvia, 3,500 tons, and the master of the transport reported that pressure from water in the hold was threatening to break up the transport's bulkheads.

The ships crashed about 17 miles southwest of the Nantucket lightship and both suffered "extensive damage" with a seven foot tear in the bow of the Bolivia.

The Bolivia was in "no immediate danger," the Coast Guard said, and could take aboard personnel from the transport.

The St. Albans was hit amidships and took heavy top deck damage but her underwater injury was not immediately known, the Coast Guard added.

America are on strike.

R. C. Thomas, TWUA international representative who is in charge of the CIO strikers, said today, that pickets had attempted to stop some 80 non-union workers who sought to enter the mill this morning on foot, and in cars.

He said this was the first violence since the start of the strike on June 1. The mill has been shut down since then, he added.

Thomas said 240 workers of the normal force of 270 at the mill had voted for the TWUA in a National Labor Relations Board election last fall.

Negotiations on a contract broke down June 1 and the strike was called. He explained. Previously the mill had operated without a union.

### Mass Sedition . . .

(Continued From Page One)  
In a dissenting opinion, Associate Justice Henry W. Edgerton said the trial court exceeded its authority in dismissing the case.

The case was the biggest attempt during the last war to bring to trial Americans accused of conspiracy to undermine armed forces' morale, interfere with the draft and set up a Nazi regime in the United States.

Defendants included William Dudley Pelley, leader of the Silver Shirts, and Elizabeth Dilling, author of the "Red Network."

### Woman Claims . . .

(Continued From Page One)  
the alleged victim could not be learned before press time this afternoon.

A member of the sheriff's searching party said people working in the garden near the house heard the woman scream and ran into the house, but the attacker had fled. No one saw the Negro except the woman who was attacked.

Officers are still searching for clues which may lead to the identity of the assailant.

## Grain Market

Chicago, June 30—(AP)—Corn prices climbed more than 3 cents a bushel in futures trading today. Oats and wheat also were more than 2 cents higher at times in active trading.

Continued heavy rains in the corn growing area of flood-harassed Iowa, and trade reports that northern Illinois corn generally was late, were bullish factors. Oats moved upward with corn.

Wheat moved higher on good buying and a general absence of the hedging pressure which is usual at this season, when the crop is moving to market.

Wheat closed 2 to 3 1/2 cents higher than the previous finish. July \$2.18 1/2-\$2.19, corn was up 2 1/2 to 4 cents, July \$2.00 1/2-\$2.01, and oats were 1 to 2 1/2 cents higher, July 96 1/2-\$97.

## Will the 4th of July be "Labor Day" for you?...

Lots of things could go wrong to spoil that wonderful weekend trip you've planned. Big things... like tire or engine trouble. Little things... like windshield wiper failure during a summer storm. Troublesome things... like a burned-out headlight. Upsetting things... like the wrong road without a good road map.

Why not let your nearby Esso Dealer keep the fun in your Fourth with a thorough car-check? He knows what your car needs for hot weather performance. He'll inspect... lubricate... and put it in top-notch running shape for that big 3-day weekend or vacation trip you're starting.

JUST A WORD OF ADVICE—don't wait too long. You can avoid the last-minute rush by taking the car to your Esso Dealer's now... today. While you're there, get a free, accurate Esso Road Map of the roads you plan to travel.

AND ONE OTHER SUGGESTION... have your Esso Dealer put in fresh, long-lasting Esso Motor Oil—it's unexcelled. Then fill 'er up with powerful Esso Extra Gasoline and you'll be off to a lively start... a great holiday weekend—and remember when you're at the wheel that CAREFUL DRIVING PAYS!

## Your Esso Dealer has the New ATLAS Tire

See today's big tire value—the husky new ATLAS, with the road-proved Grip-Safe tread! Have worn tires replaced before that trip with this long-mileage beauty—a great road performer that will add enjoyment and extra safety to your summer driving.

ONLY ESSO DEALERS sell the ATLAS Tire, backed by a liberal make-good warranty that is good at 38,000 Dealers on the road throughout the United States and Canada! In our honest opinion, there's no better tire value than ATLAS!

# Tars Trounce Greenies Sunday By 6-2 Margin

By BERT MOYE

The Greenville Greenies lost their only tilt of the weekend Sunday afternoon in Tarboro as the Tars took a 6-2 victory behind the four-hit hurling of Lefty Stacey Russell. The game between the Tars and the Greenies scheduled here for Saturday night was rained out.

Tarboro went out in front in the second frame when Caldwell and Hand singled, Elkins hit into right field, forcing out Hand at second with Caldwell scoring on the play, stole second and Ferguson singled to bring him home.

The Greenies knotted the count at two-all in their half of the fourth frame when with one man out, Tommy Lee singled and Willie Mauney hit a homer over the right field wall to bring him home.

However, the Tars broke the count at two-all in the fourth frame by making two runs. Komanecky and Caldwell singled, Hand sacrificed them to third and second respectively, and Elkins singled to bring them home. The Tars strengthened their lead in the eighth frame by adding two more markers. Kennedy singled, stole

second, went to third on a bad throw by Willie Mauney trying to catch him at second, and then Komanecky hit over the fence to clear the bases.

Tommy Lee collected two singles in four trips to the plate to lead the four-hit attack against Lefty Russell. The win for Russell, incidentally, was his seventh straight win of the season with no losses. Tommy also featured a field for the Greenies when he made two sensational catches in the seventh frame on long hit balls by Andrewsh and Kavanaugh into deep centerfield.

Joe Alamo, who lost his tenth game of the season as against five wins, allowed 11 hits, no walks and struck out four men.

Ordie Timm, making his debut as manager of the Greenies, was unable to get a bingle a yesterday's game, flying out to first, then to right field, striking out, and hitting into a double play for his four trips to the plate.

Score by innings:  
 Greenville ..... 000 200 000-2  
 Tarboro ..... 020 200 02x-6

## DIAMOND DUST

By BERT MOYE

Sidelights: Greenville had only three men stranded on bases in yesterday's game while the Tars had four. Willie Mauney, who has been switched to the backstop position, caught Hand in an attempted steal to second in the eighth frame; however, Kennedy and Elkins were able to steal a base each. Neither of the pitchers walked a single man in the tilt. The Greenies' two runs and the four runs of the Tars were of the earned variety.

The game rained out here Saturday night between the Tars and the Greenies will not be played as a double-header here on the night of July 4th. According to the by-laws of the league not more than two games can be played in any one day and with the Tars and Greenies meeting in an afternoon tilt at Tarboro means that the game will be played as a twin bill on Tuesday, July 15th, the next meeting of the two clubs here in Greenville.

## More Optimism Over Year's Cotton Crop

I. G. Anderson whose farm is about two miles this side of Winterville has brought another red cotton blossom to the Daily Reflector and added another optimistic note reflecting that his field is giving every evidence of being the finest he has raised in many years.

Mr. Anderson stated that the first cotton blossoms on his tract burst into bloom on June 24.

## All-Stars Trim Wilson By 4-0

The Legion All-Stars of Greenville won over the Wilson Grays yesterday afternoon by a score of 4-0 at Guy Smith Stadium.

Pitcher Morris left fifteen of the Grays standing at the plate in an exhibition of strikeout tactics. Manager Price credited the win to the excellent performances of Catcher Norflet, center fielder Atkinson and shortstop Winton.

Raleigh's Tigers will face the All-Stars here on Sunday, July 6.

winner and will play the winner of the second half at the conclusion of the season to determine the championship. The second half will begin with games on Monday, July 7th.

## Rent Controls . . .

This reference was to a provision immediately relaxing restrictions covering all construction, except amusement and recreational buildings.

It was "a deep concern" to him, Mr. Truman said, that "this most unsatisfactory law represents the only major action taken by the Congress at this session with regard to the housing problem which confronts the nation."

## Boys League

The Cards won their second straight by defeating the league leading Red Sox 12 to 10 in an extra inning ball game Friday morning at the Training School. It was the second "heart breaking loss" of the week for the Sox. They were way behind until the late innings and then they started rallies in the last four innings and climaxed it with the tying run in their half of the last inning. The Cards came right back and scored three runs to win.

Wilkins with two doubles and a single, Earl Stocks with two singles and a double and McLeod with a double and single led the hitting for the Cards. Eddie Farley with a double and triple, Milton Foley with a double and single and Pat Sawyer, Doug Morgan and Quinn with

two singles each paced the attack of the losers.

The Training School Yanks beat the Lions from W. Greenville Friday afternoon by the score of 7 to 6, putting an end to the winning streak that had reached four games. It was one of the fastest and low scoring games of the year for the junior league.

Wingate with three singles was the only Lion able to hit safely more than once. Tyndal with three singles and Evans with a triple and single were the leaders for the Yanks.

The Greenies slugged out an 18 to 2 decision of the Senators from W. Greenville to increase their league lead to a comfortable margin. While the Greenies were raining base hits all over the lot, Dicky Gray southpawed the usually hard hitting Senators into submission, limiting them to only three safeties.

Eddie Tanner, Glenn Perkins and Tommie Lupton got three hits each for the Greenies, Joe Sawyer, John Farley and Ben Robertson got two each for the winners. Claudius Henley for the Senators and Ben Robertson for the Greenies started afield. The first half of the Boys League will end July 3rd. The team that is on top of the standings at this time will be declared the first half
