GOP Ired; Ask Truman Back Claim

Appeal For Probe Of "Subversive" Lobbyists Bring Angry Reply From Congressmen

Washington, July 2—(AP)—Angry Republican demands that President Truman produce evidence that real estate lobbyists influenced Congress' rent control action exploded a new political battle today between the Democratic White House and GOP lawmakers.

Calling on the President to order prosecution of any lobbyists he considers guilty of "subversive" activities, Senator Wherry (Neb.) the Republican Whip, said that if Mr. Truman has no concrete evidence to back up his charges "he ought to apologize to Congress."

In his message to Congress when he signed the rent control bill Monday, Mr. Truman said the "real estate lobby" had "displayed a ruthless disregard of the public welfare" by attempting to "weaken rent control and do away with necessary aid to housing."

The President asked for a congressional investigation of what he called the "brazen operations" of lobbyists, contending that "nothing could be more clearly subversive of representative government" than efforts to "block programs so essential to the needs of our citizens."

"I challenge him to bring one man in here who is guilty of subversive activity," Wherry said. "Subversive"—he is putting them right in the corner with Communists. To me subversive means criminal.

The Nebraska senator's angry speech came after most senators had left, including Senator Taylor (Idaho), who earlier in the day proposed a \$50,000 congressional inquiry into the President's charges.

Senator Buck (R-De), in questioning the President's right to send his rent bill message to Congress, declared:

"The practice indulged in by the President in this instance is one which in effect undermines the very law to which he has put his signature."

"I pose this question: How can an executive charged with the duty of enforcing the laws of Congress x x x hope to gain the support of the people x x x and honestly enforce the law himself, if he declares the law?"

Senator Hatch (D-NM) replied that "Every senator has the right to criticize the President of the United States, but by the same token it is just as proper" for the chief executive to criticize Congress.

Before he left, Taylor said if he had vetoed the bill, Buck asked whether Taylor, a member of the Banking Committee, had contributed anything constructive to the bill, and the Idahoan retorted, "There's nothing constructive in it."

HOPE EBBS FOR MEN TRAPPED IN VESSEL

Rome, July 2—(AP)—Hopes for the rescue of four or five men trapped in the hull of the sunken Italian military transport Panigaglia—whose cargo of munitions blew up yesterday at Porto Santo Stefano—ebbed today as sounds of tapping rain side the vessel ceased.

Reports from the scene of the disaster, which took from 80 to 90 lives, said the last tapping was heard at a late hour last night as a lone diver, exhausted and without underwater acetylene equipment, stood helpless.

BANKS DIRECTED TO REPORT CONDITION

Washington, July 2—(AP)—The Controller of the Currency today issued a call for a statement of the condition of all national banks at the close of business Monday, June 30.

The Federal Reserve Board issued a similar call for state banks that are members of its system, and the Federal Deposit Insurance Corporation issued another for all other banks that it insures.

French President Host To Foreign Ministers

French, British and Russian representatives chat in Elysee Palace of Paris after a luncheon given by President Vincent Auriol of France for the Big Three foreign ministers conferring on the Marshall Plan for Europe. Left to right: Great Britain's Ernest Bevin, President Auriol, an unidentified Russian interpreter, V. M. Molotov, Russia's foreign commissar, and Georges Bidault of France. AP Wirephoto via radiophoto from Paris.

Soft Coal Producers Under Pressure, Seek UMW Pact

Secret Meetings Continue; Activity Indicates Possibility Of Accord; Northern And Western Operators Reported Ready To Meet Pay Demand

Washington, July 2—(AP)—Major soft coal producers, under pressure of a threatened walkout of 400,000 miners, next Tuesday, sought today to agree with John L. Lewis on a new contract with a 35 cent hourly pay increase.

Secret meetings which have been underway almost daily as the July 8 deadline for ending the miners' current 10 day vacation neared continued at a midtown hotel.

The activity of the operators and their associates indicated there is a possibility that accord is near between Lewis and at least part of the northern section of the industry.

Northern and western operators last week reportedly agreed to meet Lewis' full wage demand for a 35 cent hourly increase and a reduction in the work day from nine to eight hours.

After that concession was made, Lewis held firm for side issues, including a 10 cent royalty on each ton of coal for the union welfare and retirement fund. He has been getting five cents a ton under the government contract of the last year, which expired June 30 with the return of the pits by the U. S. to the private owners.

The additional cost of settlement has not yet been concurred in by some influential producers of the north and west who were willing a week ago to go as high as the 35 cent wage demand but were unwilling to grant the additional demands in full. In spite of the mixed-up picture, and apparent differences of opinion between the operators themselves, some powerful operators predicted that an agreement will be reached in time to avert an all out strike.

The concessions were made at a secret meeting last Thursday attended by Lewis, President Benjamin F. Fairless of the U. S. Steel Corporation, Chairman George M. Humphrey of the Pittsburgh Consolidation Coal Company, and other northern producers.

The industry spokesmen who confirmed this meeting said western operators agreed to the wage pledge. This left southern mines—which produce about 25 percent of the nation's soft coal—with the prospect of capitulating on the same terms or seeing their pits closed when the miners' 10-day vacation ends next Tuesday.

The southerners had insisted on separate bargaining conferences. Side issues—chief among them Lewis' demand for a 10 instead of a five-cent-a-ton royalty or his union welfare and retirement fund—were said to be the only barrier to a formal north-west settlement.

Boy Attacked, Slain By Pack Of Bull Terriers

New York, July 2—(AP)—Eleven year old Stanley Balaban was chewed and clawed to death yesterday by a pack of bull terriers in a tract of undeveloped marshlands and a patrolman sent to investigate the case was injured severely by the animals before they were driven off by gunfire.

The boy was attacked after leaving a Bronx swimming pool. Several hours later, another boy crossing the marshland noticed five dogs tearing at some object—then he saw a boy's foot, chewed to the bone, protruding from tall grass and called police.

Patrolman Louis Rissone, 31, went to investigate. As he approached the pack, one of the dogs lunged at him and threw him to the ground while others circled about.

As Rissone wrestled with the animal, reinforcements arrived and shot two of the dogs dead while the others scattered. The other animals were rounded up and sent to the Society for the Prevention of Cruelty to Animals.

Police said the dogs were owned by Svend F. Sandgren who was quoted as saying the animals usually were kept locked up in a bungalow-type boathouse. He could not offer any explanation as to how they got loose.

Smash Plot To Grab Air Force

Black Maquis Planned Seizure Of Airports And French Warplanes

Paris, July 2—(AP)—National security police, continuing their investigation into a "Black Maquis" plot to overthrow the government, claimed today to have smashed a conspiracy to seize control of all of France's military airports and warplanes.

The information bureau of the police organization announced that Capt. Roger Prat of the French Air Force had been arrested in connection with the airport conspiracy and indicated that other members of the air force were involved.

Few details of the plan were revealed, but it apparently was part of the over-all program by which the Black Maquis—described as a right-wing underground organization—reportedly had hoped to upset the republic and set up a form of military dictatorship.

The security police also announced the arrest of Claude Chauvel, 20-year-old son of the secretary-general of the Foreign Affairs Ministry, in connection with their investigation and said a warrant had been issued for Count Auroret de Merwels, whom they described as "one of the principal members" of the revolutionary group.

Two other men whose names were not disclosed were arrested on charges of soliciting funds for the conspirators.

CLOSED JULY 4

Postmaster J. Knott Proctor, announced today that the local Post Office will observe Friday, July 4th, by closing on that date. There will be no rural or city delivery. There will, however, be a delivery of parcel post throughout the city and Special Delivery mail will be delivered as usual. A collection is to be made from all city mail boxes beginning at 4:00 P.M.

FEDERAL TAX REFUNDS HIT NEW HIGH THIS YEAR

Washington, July 2—(AP)—Federal tax refunds for the year just ended hit a record high of over \$3,030,000,000.

That sum is more than half as much money as the government ever collected in any year before the 1940 defense program got into high gear. Collections last year, however, were in the neighborhood of \$42,500,000,000.

Refunds to individual income tax payers scored records both in number and amount, with over 30,800,000 persons sharing a total of \$1,467,000,000.

Thus about three out of every four taxpayers got back a check averaging slightly over \$48.

One big reason for the heavy refunds to individuals was the large amount of job-shifting, partly connected with reconversion, and the re-entry of former soldiers into the civilian working force.

PRES. TRUMAN GETS SLEEK NEW PLANE FOR PERSONAL USE

Washington, July 2—(AP)—President Truman has a sleek new personal plane—the "Independence"—but he apparently has no early plans to use it on a long flight.

Messick Is Named New ECTC Head

Board Of Trustees Unanimous In Electing Carolinian; Takes Over Sept. 1

Dr. John Deatur Messick, native North Carolinian who is now dean of the college in administration at New Jersey State Teachers College, Montclair, New Jersey, was unanimously elected president of East Carolina Teachers College by the Board of Trustees at a meeting held at the college yesterday.

Dr. Messick will assume office at the college on September 1. He will succeed Dr. Dennis H. Cooke who has resigned his position, effective September 1, to become head of the department of education at the Woman's College of the University of North Carolina in Greensboro.

The announcement of Dr. Messick's appointment to the presidency of East Carolina was made at five o'clock in the afternoon by Dr. Clyde A. Erwin, chairman of the Board of Trustees. The committee appointed by Dr. Erwin in May to recommend a successor to Dr. Cooke presented its report this afternoon. Members of the committee are T. T. Hamilton of Wilmington, chairman, Thomas J. Mackney of Greensboro, and Ralph M. Garrett of Greenville. Dr. Messick's name was the only one presented, and the decision to elect him was unanimous. All members of the Board were present except Hugh Horton of Williamston and Warren Williams of Sanford.

Dr. Messick who has been spending a few days with relatives in Washington, N.C., was notified by telephone of his appointment and accepted the position. He has resigned his position at Montclair, effective August 15.

Dr. Messick spent his early life in North Carolina and received a major part of his education in the schools of that state. He was born at South Creek in Beaufort County on November 9, 1881, the son of Jesse M. and Mary Z. Flowers Messick. He attended the public schools of the state and received the Ph.D. degree (Continued on Page Four)

Surging Torrent Smashes Levees

Mississippi Continues Destructive Sweep Past St. Louis Area

St. Louis, July 2—(AP)—The raging Mississippi River continued its destructive sweep past the St. Louis area today after breaking four nearby levees and routing thousands of persons from their homes when additional dikes were threatened.

The river surged to a 103-year high of 40.2 feet following Monday night's torrential rains, then remained stationary for several hours, but Harry F. Wahlgren, U. S. meteorologist, said the stream would probably climb another tenth of a foot before falling. The all-time record here is 41.3 ft in 1844.

U. S. Army engineers estimated damage between Louisiana, Mo., and Cairo, Ill., at nearly \$12,000,000—most of which was caused to farmland and buildings. Farm agents pointed out that most of the agricultural loss would result from inability to raise a crop in the growing period remaining.

Some 26,000 persons were reported homeless by the Red Cross in the four-state area of Missouri, Illinois, Iowa and Nebraska but many of (Continued on Page Four)

Area Rent Advisor Explains New Law Effective Tuesday

John P. Proctor, area rent advisor for the office of housing expediter and rent control for Pitt and Beaufort counties, yesterday issued a statement to help in clarifying the new rent control law which became effective yesterday. According to Proctor the new law contains no eviction regulations and the matter is now left to the local courts.

State laws, which now control the eviction regulations, require only seven days notice of eviction if the dwelling is rented on a monthly basis, and three days notice if the dwelling is rented on a weekly basis. An order of eviction must be issued through the local legal channels and the waiting period, if there is any, will be fixed by local courts. There is no longer any recourse to the office of the housing expediter. A landlord may evict a person from a dwelling if he wishes to live in it himself or to construct a new dwelling but he may not evict a person to rent the house to another person or to convert the property to commercial use.

The law provides for increases up to 15 per cent in rent if the landlord and the tenant reach a voluntary agreement and sign a lease which terminates not later than February 29 of next year. Proctor said the lease may contain a clause which would allow the tenant to terminate the lease on a given notice agreed upon by the landlord and the tenant. But no such contract for the landlord is legal under the new legislation. All leases must be registered with the office of housing expediter within 15 days after the lease becomes effective. Proctor stated. Tenants who refuse to sign leases are protected under rent regulations and are not liable for eviction if they refuse to sign a lease, Proctor explained.

If a tenant is overcharged for a dwelling under the new law, he may sue for triple the amount overcharged, or \$50, whichever is the greater amount, and may receive in addition cost and a reasonable attorney's fee.

Decontrol of certain dwelling is provided under the new law was explained by Proctor as referring to new and converted dwellings completed after February 1, 1947 and units not rented between February 1, 1945 and January 1 of this year. Dwellings coming in these categories are not affected by any rent regulations, but a decontrol request must be filed for the dwelling not later than 30 days after July 1 or the first rental date of the dwelling.

Commenting on the local situation under the new regulations Proctor said, "It is a little too early for any direct indication as to whether landlords will ask for the maximum increase under the new regulation, but we have had frequent inquiries about raising rents under the 15 per cent law."

The office of housing expediter and rent control for Pitt and Beaufort counties is located at 119 West Fourth Street in Greenville.

Russia Balks; Paris Meeting Is Failure

No Trains At Agency, Mo., Today

Near Decision On Last Ditch Plans

Republican Leaders Huddle To Decide Whether To Tackle New Tax Cut Bill This Session; Will Determine Final Legislative Program For Windup

Washington, July 2—(AP)—Republican leaders approached a decision today on a windup legislative program in which they may try again to cut taxes.

They probably will put off until next year, however, final action on universal military training, federal aid to education and a long-range housing program.

The top question before the Republican lawmakers at a conference arranged by House Speaker Martin (Mass.) and Chairman Taft (Ohio) of the Senate GOP policy committee was whether to attempt to repeal the vetoed \$4,000,000,000 tax reduction bill.

Last minute nose counts apparently left doubt about the Senate's ability to override possible new presidential rejection of a measure to start the proposed income tax (Continued on Page Four)

Mindoro Capital Taken By Escaped Prisoners

Manila, July 2—(AP)—A heavily armed group of escaped prisoners captured Calapan, the capital of Mindoro Island last night, taking the island's governor and two city officials as hostages, and still were in control today although their leader was killed in a 40-minute gun fight with military police.

Military police reported regaining control of the airport at noon today, freeing a Philippines airline pilot who flew to Manila with the first report of the outbreak and a desperate plea for aid.

The pilot, Flight Capt. Manuel Conde, reported he had been captured by a Lieutenant Romero, former military police officer serving 16 years for rape and who had boasted he controlled the town.

Romero, and about 45 men broke out of the prison stockade, taking with them Governor Conrado Morante, Calapan's Mayor Filomeno Sumacanal and the city's police chief. One congressman also was reported taken along as hostage.

He was Representative Raoul Leuterio, majority floor leader.

Romero then forced the town's police and one platoon of military police to disarm and rounded them up in a stockade the prisoners had just occupied.

Radio operators at the airfield and aboard ships anchored in Calapan harbor were seized simultaneously, blocking out all communication with the outside world.

Military police headquarters here ordered two platoons of reinforcements to Calapan late today while additional forces were brought from Batangas, on Luzon.

Molotov Says "No" To Co-operative International Effort For European Economic Recovery; Predicts Division Of Europe; Today's Session Ends Conference; Britain And France Expected To Go Ahead

Paris, July 2—(AP)—The three-power foreign ministers' conference on the Marshall proposal ended in failure today when the Russians refused to agree to join in a co-operative international effort for European economic recovery.

Before the conference was terminated Soviet Foreign Minister V. M. Molotov declared that British-French proposals relating to U. S. Secretary of State Marshall's suggestions would lead to a division of Europe. He also predicted the proposals would "lead to no good results."

The British-French suggestions had dealt with organizing the continent for mutual self help with financial aid from the United States, as suggested by Secretary of State George C. Marshall in a speech at Harvard University June 5.

A high Soviet official said today's session ended the conference. "It is finished," French Foreign Minister Georges Bidault told French newsmen as he walked out of the Foreign Ministry.

Failure of the conference raised the immediate prospect of British-French attempts to initiate the Marshall program without Russian help.

An official British source predicted earlier that Britain and France soon would invite other European countries to participate in a program of over-all economic planning to help restore the continent's war-shattered economy.

Molotov, opening today's session, made a five-page statement criticizing the British-French proposals as a threat to the economic independence and sovereignty of the small European nations.

"Under these conditions," Molotov said of the proposals, "how would the small countries and by general the less powerful states be able to safeguard their national economies and their independence?"

"The Soviet government certainly cannot venture along this path and continue to support its proposals put forward at this conference on June 30."

Russia rejected the original French and British proposals under the Marshall program on the grounds that they would constitute interference with the sovereignty of European countries.

Official French sources reported that French Foreign Minister Georges Bidault entered today's session with full cabinet endorsement of his efforts to save the conference from failure.

In Geneva U. S. Under-secretary of State William L. Clayton told a news conference Marshall's offer could be carried out even though (Continued on Page Four)

ADDITIONAL FUNDS FOR "VOICE OF AMERICA" URGED

Washington, July 2—(AP)—Secretary of State Marshall urged senators today to approve in this session of Congress legislation to expand a foreign information program which he termed "vital to the success of our foreign policy."

Marshall told a Senate Foreign Relations subcommittee that unless the Senate acts on legislation authorizing such a program, the State Department will face "serious handicaps" abroad.

Rep. Mundt (R-SD), author of the House-passed measure now before the committee, also urged speedy action. He told the senators that "Russians and others are spreading malicious lies about us every day."

Republican leaders have indicated they may pigeonhole the Mundt bill until next January and rely on a \$13,470,000 appropriation passed by the Senate to carry on the cultural program, including the shortwave radio "Voice of America" broadcasts.

union are supposed to bargain in good faith in an effort to reach an agreement.

For those 60 days the union can't strike and you can't lock out the unionists, even though no agreement has been reached in that time.

If a union strikes within those 60 days, you can fire outright all the strikers. You can bring in strike-breakers, if only as temporary workers.

If a union strikes after the 60 days, you can't fire the strikers outright but what you can do amount to the same thing because:

You can replace the strikers with permanent workers (not temporary ones like strikebreakers who are used only to break a strike).

But if, after making replacements with permanent workers, you still have jobs open, you must give them back to the strikers when the strike's over.

Freedom of speech— (Continued on Page Four)

WORLD TODAY

If your columnist could be given two wishes in connection with the British-French-Russian conference in Paris regarding the Marshall economic program, with the assurance that one of them would come true, they would be these:

1. That the Soviet Union and the Western Allies might compose their grave differences and join hands not only in the Marshall plan but in rehabilitation of the whole war-plagued world.

2. That they quit shadow-boxing, agree to disagree and go their respective ways. This would mean consolidating the division of Europe into eastern and western blocs, but it would at least enable the Western Allies to get ahead with rehabilitation, in as wide a sphere as they could reach, not excluding even the so-called Soviet sphere of influence.

Now of course he would be a super-optimist who expected wish No. One to be granted. Moscow already has turned thumbs down on

the Marshall project, and charges America with having ulterior purposes in making the suggestion—an accusation which Marshall yesterday termed "fantastic" and "malicious."

However, that should clear the way for the granting of wish No. Two. Russia has given her answer—in effect that she doesn't want to participate in a unified effort.

The Western Allies long had feared this was the situation, but they had hesitated to force the issue with their World War ally.

Then out of the blue came General Marshall's proposal for European rehabilitation. It was a proposition which called for a direct response—cooperation or non-cooperation.

As was widely anticipated, Russia has come through with a blunt refusal to cooperate. Thus it only remains for the western democracies to act accordingly—to start energetically to take their own line in dealing (Continued on Page Four)

NATION TODAY

By JAMES MARLOW

Washington, July 2—(AP)—Here are some things the new labor law does to, or for, you if you're an employer.

Strikes—If your union employs strike against you for any reason—except unfair labor practices by you—you can replace them with other workers.

An unfair labor practice would be something like this: Your refusal to bargain with a union which the National Labor Relations Board (NLRB) has approved as bargaining agent for your employees.

New contracts—If you want to change a contract, you must so notify the union 60 days before the contract ends.

If a union wants to change a contract, such as to call for higher pay, it must notify you 60 days before the contract ends.

Within those 60 days you and the

Plan To Remodel Men's Dormitory

**East Carolina's Wilson Hall
Being Turned Into
Apartments**

Work has begun on the remodeling of the north, first-floor wing of Wilson hall, men's dormitory at East Carolina Teachers College, into a series of seven apartments, Dr. Dennis H. Cooke, college president, has announced.

The apartments, some of which will have two rooms and some, three, will be used by new faculty and staff members who will come to East Carolina in the fall. The housing shortage in Greenville has made it necessary for the college to provide temporary living quarters for new-

comers to the campus. The apartments will be used until housing conditions in the city improve.

The work now being done includes the shutting off of the north wing from the rest of Wilson hall, the cutting of doors to join the present rooms into groups of two and three, the installing of additional plumbing and wiring, and the repainting of the wing. The apartments will be only partially furnished by the college.

Those who will occupy the new apartments will be the following new faculty and staff members and their

families: Dr. J. K. Long, registrar; Dr. Allan S. Hurlburt, administration; Dr. John O. Reynolds, mathematics; Dr. Clarence J. Best, music; Dr. Hubert A. Coleman, history; Dr. John B. Shackford, English; and Dr. Niphi M. Jorgensen, health and physical education.

Got some hard work to do?

Here's the **BUICK Industrial Engine**

Need power for a sawmill, a hoist, welder, compressor or what-have-you? Need power that's always ready, starts in a second and that's light and portable?

Here it is. And it's power you know well—good dependable power—Buick Fireball Industrial Engine.

Eight powerful cylinders in line make these engines smooth. Valve-in-head design—like every aircraft engine in the war—provides plenty of quick power to pick up a load. And Dynafash combustion wrings the most work out of every drop of fuel.

Being a Buick engine, there are always expert service and replacement parts near at hand if they're needed.

This is hard-working, inexpensive power that's well worth looking into. Come in and let us tell you all about it.

Strength FOR THE DAY

Actors In The Drama Of Life
One of the easiest epithets to let
slip from one's lips is "hypocrite."
We find it hard when people dis-
agree with us to believe in their sin-
cerity. It is so easy to call a per-
son a hypocrite, and the word is
often used to compensate for the
fact that the person who considers
himself injured is unable to meet
his opponent's position with a sound
argument.

But there is enough in the word
"hypocrite" to make us stop and
think. The hypocrite is an actor. He
pretends to be one type of person
when he is really another. The most
troubling factor in hypocrisy is that
a true hypocrite almost always suc-
ceeds in deceiving himself. Others
may call him a hypocrite but he
honestly disagrees with them. He
considers himself frank while others
are furtive; he prides himself on a
cleverness which is shared only by
himself and a few of the elect.

Hypocrisy arises from a man's in-
ability to distinguish between the
genuineness of inner and outer
spontaneity. The truly good man is
the man who has a good heart. His
righteousness starts with impulse
and manifests itself in helpful acts.
The hypocrite is interested only in
whitewashing the sepulcher, paint-
ing the house, lifting the face of
factuality that which is dishonest
and hateful takes on the appearance
of pleasantness. Hypocrites are rare,
but they are devastating in their
beneficial influence.

World Today . . .

(Continued From Page One)
ing with world affairs.

This brings us up against another
and perhaps even more serious
thought. Many of the delegations
to the United Nations have been
awaiting Russia's verdict on the
Marshall proposal with great an-
xiety, figuring that this would give
a gauge by which to measure Mos-
cow's intentions regarding coopera-
tion in the peace organization.

That is a momentous question. For
two solid years the U. N. has strug-
gled vainly to get ahead with its job,
because the will of the majority on
most of the vital questions has been
nullified by the veto of the Soviet
Union.

The affairs of the unhappy U. N.
have reached a pass where members
are wondering whether the organiza-
tion can be made to function as it
is constituted or whether it may have
to be replaced with another League
of Nations. The makers of the con-
stitution unwittingly hamstringing the
U. N. by providing that the constitu-
tion couldn't be altered over the
veto of any one of the Big Five—
Russia, Britain, France, China and
America.

Will the time arrive when there
will have to be two leagues, just as
there presumably will continue to be
two blocs in Europe?

Good News for Folks Who Suffer From

- ✓ STOMACH GAS
- ✓ SOUR FOOD TASTE
- ✓ ACID INDIGESTION

Do you feel bloated and miserable after
every meal, taste sour, bitter food? If
so, here is how you may get blessed relief
from this nervous distress.
Everytime food enters the stomach a
vital gastric juice must flow normally to
break-up certain food particles; else the
food may ferment. Sour food, acid indig-
estion and gas frequently cause a mori-
bid, touchy, fretful, peevish, nervous
condition, loss of appetite, underweight,
restless sleep, weakness.
To get real relief you must increase
the flow of this vital gastric juice. Medi-
cinal authorities, in independent labora-
tory tests on human stomachs, have by
positive proof shown that SSS Tonic is
astoundingly effective in increasing this
flow when it is low, little or scanty due
to a non-organic stomach disturbance.
This is due to the SSS Tonic formula
which contains special and potent acti-
vating ingredients.
Also, SSS Tonic helps build-up non-
organic, weak, watery blood in nutri-
tional anemia—helps with a good flow of
this gastric digestive juice, plus rich
nutrients and vitamins, sleep better,
feel better, work better, play better.
Avoid purchasing your own with over-
doses of soda and other alkalizers to
counteract gas and bloating when what
you need is SSS Tonic to help
you digest food for body strength and
repair. Don't wait! Join the host of
happy people who SSS Tonic has helped.
Millions of bottles sold. Get a bottle of
SSS Tonic from your drug store today.
SSS Tonic is a solid sturdy base.

Solution of Yesterday's Puzzle

Grid for crossword puzzle solution with numbers 1-27.

through agreement with a union, de-
ducts union members' dues from
their paychecks and turns them over
to the union.
Under the old law a union made
that deal with you. Rather, the union
officials did. The individual union
member had no say-so about it.
From now on you can't checkoff
dues from the paychecks of any
worker unless he himself, tells you
in writing to do so.

Near Decision . . .

(Continued From Page One)
from the President that it favors
the rich, who have sufficient in-
comes to make the division profit-
able.

Whether the Senate gets over this
hump, Martin said that House pass-
age of the bill is likely. That would
leave it on the Senate's calendar
for action in January, if no new
move were made to pass it there.

There was some talk of seeking
Senate passage in the closing hours
before the scheduled July 26 ad-
journment, leaving the bill on the
President's desk. But Taft told a
reporter he doesn't believe any such
attempt will be made.

"If we find we have the votes to
override a veto, we'll try to pass the
bill," he said. "If we don't I think
we'll just let it go until January."

Russia Balks . . .

(Continued from Page One)
some European countries refused to
participate.

Washington, July 2—(AP)—What-
ever American help is given to Eu-
rope under the "Marshall plan" will
be surrounded with safeguards to
make sure that it actually is used
for economic recovery. State De-
partment planners emphasized today.

At the same time fresh assurance
is being given to European nations—
primarily to combat Communist pro-
paganda—that the aim of American
help is only to promote recovery and
not to establish United States polit-
ical or economic domination.

Dr. Messick . . .

(Continued From Page One)
at Elon in 1922. Later he entered the
University of North Carolina as a
graduate student and received the
master's degree there. He has at-
tended Columbia University in New
York City and was granted the doc-
tor's degree at New York University
in 1924.

The long and distinguished career
of East Carolina's new president be-
gan in the schools of North Carolina
in 1924. He became principal of the South

ARMY, NAVY CHIEFS WANT WAC'S, WAVES

Washington, July 2—(AP)—
Gen. Dwight D. Eisenhower and
Fleet Admiral Chester W. Nimitz
urged Congress today to authorize
permanently the services of women
in the regular and reserve Army and
Navy.
The Army and Navy chiefs dis-
cussing hospital treatment for
ed before the Senate armed services
committee the parts played in
World War II by the WACs and
Waves, Auxiliary Women's Corps of
the two service branches.

Surging Torrent . . .

Nation Today . . .

(Continued from Page One)

You can't threaten to fire a man
if he joins a union or promise him
something if he doesn't. That's part
of the old law. It still stands.

But under the new law you are
supposed to have more freedom
of speech in telling employees what
you think of unionism. How much free-
dom?

That will have to be decided—in
time—by the NLRB and the courts
on cases which eventually will come
before them.

Under the old law the NLRB and
the courts had to decide how much
freedom of speech a boss had.

Plant guards—
They can't belong to any union
which includes other workers. But
they can form their own union. You
will have to bargain with their union,
if NLRB approves it.

Foremen—
A foreman's union has no standing
under the law. You don't have to
bargain with it.

If foremen join a union of your
other employees, any contract you
sign with that union doesn't have to
cover foremen.

You can fire a foreman for joining
a union. When you pick a man to
be a foreman, you can order him
not to join a union.

Bargaining in good faith—
Suppose a union stalls or other-
wise doesn't bargain in good faith
with you.

You can make charges of unfair
labor practices against the union
with NLRB, if NLRB has approved
it as the bargaining agent for your
employees.

Under the old law you had to bar-
gain in good faith with a union. It
could charge you with unfair labor
practices if you stalled or refused to
bargain.

You couldn't do that to a union.
The old law didn't say a union had
to bargain in good faith with you.
Checkoff system—
A checkoff system means a boss,

Greenies Drop Twin Bill In Rocky Mount

By BERT MOYE
The Rocky Mount Leafs made a clean sweep over the hapless Greenies in a twin bill at Rocky Mount last night 9-1 and 12-10, in two games which appeared more amateurish than regular league ball.

hits and coasted to an easy win by scoring in four of their six innings. Greenville was saved from a shut-out in the seventh frame when Willie Mauney singled and Jack Bomar doubled to bring him home.

Garland Little, pitching his first full game for the Greenies allowed eleven hits, walked four, and struck out two.

Home runs featured the second game of the double-header with the Greenies and the Leafs each getting two apiece. Greenville jumped into a 5-2 lead in their top of the fifth inning by scoring in the third when Howard Jenkins homered over the left field wall after two men away; scored three runs in the fourth when Timm walked and singles by Jarvis and Pare loaded the bases and Hank Ranweiler tripled to clear the bases.

The Leafs after putting across two runs in the third on Mustal's single and Jim Thompson's homer, came back in the fifth frame and put across seven runs on five singles, three walks and a wild pitch to go out in front and then came back in the eighth and tallied three more runs on a single, double and Hanley's homer to clear the bases.

Greenville rallied for five runs in the ninth when Jacobs walked, Marvin Mauney doubled, Timm singled to bring in Jacobs, Pare singled to bring in Mauney and Ranweiler numbered to bring in Timm and Pare.

Larry Baldwin started on the mound for the Greenies, but was relieved in the fifth frame with one out after allowing eight hits and nine runs, walking six and struck out two.

The loss for Baldwin was his sixth of the season. Joe Alamo relieved Baldwin in the fifth with three men on base, allowed six hits, three runs, two walks and struck out three men.

Hank Ranweiler provided the big gun in the final game getting a single, double, triple and a three-run homer in five trips to the plate. He knocked in six of the Greenies' 10 runs. Bobby Pare got three singles in five trips to the plate to take second place honors in the hitting

division.

Boys League

The Giants took over sole possession of first place in their league yesterday at W. Greenville by winning over the Cards 7 to 4. It was a fast, well-played game; each side went scoreless until the fourth when the Giants scored four runs. Haynes, pitching for the Giants, held the Cards at bay while he was on the mound. Larry Flye pitched the sixth and part of the seventh but had to have help from Haynes to get the side retired in the last inning when the Cards scored three runs.

Connor with a single and double was the only Card to hit safely twice. Bobby Watson and Wiley Gardner got two for three for the Giants.

The Dodgers won over the Lions yesterday at Third St. Park by the score of 15 to 13. This win broke a losing streak of the Dodgers that had reached six games.

The Lions ran out around and were beaten badly but put on a rally in their final turn at bat that scored seven runs.

Billy and Phillips with a double and single were the leading hitters for the Lions. Hudson, Brown and Siders got two hits each for the winners.

Third St. Tigers won in a slugfest with the Senators from West Greenville by the score of 20 to 15. Each side used several pitchers, none of them being very effective except Bobby Flye who came in the sixth to quiet the Senators' bats after
