Steel Union Will Ignore Labor Law

Executive Board Will Not Recognize New Labor Board; Electrical Workers Union To Take Similar Course

Pittsburgh, July 3 (AP)—The United Steelworkers Union, largest in the CIO, has voted, in effect, to ignore the new Taft-Hartley Labor Act passed by Congress over President Truman's veto.

In triple-pronged action, the union's 42-man executive board yesterday agreed:

1. Not to recognize the new labor board to be set up under the law, but to "seek to resolve all issues between the union and the employers through bona fide collective bargaining and other peaceful means wherever possible."

2. That the union will not commit itself to a no-strike obligation enforceable by harassing labor suits.

3. To follow the International CIO policy, adopted last week, of refusing to "comply with unconstitutional limitations of political activity which are written into the Taft-Hartley bill."

The general executive board of the CIO United Electrical, Radio and Machine Workers of America, in New York, advised its local unions, representing more than 600,000 workers in 1,300 plants, "to submit no issue" to the new labor board.

The 23-member board said in a statement that "it shall be our policy to submit no issue to the determination of the Taft-Hartley board, nor in any other manner, upon union initiative, to step among the snares and pitfalls that the NAM (National Manufacturers) authors of the law have spread for labor's feet."

The steelworker action was in line with the instructions of CIO President Philip Murray who had announced the parent labor body would leave it up to its international unions and their local units whether to resort to the new labor board.

CARAWAY SCHEDULED TO DIE IN OSSINING

Ossining, N. Y., July 3 (AP)—Airing executive clemency, Ward Beecher Caraway, 22-year-old North Carolina native chauffeur-butler, will die tonight in Sing Sing Prison's electric chair for the robbery-slaying last July 24 of Long Island socialite Mrs. Marjory Church Logan.

Caraway, employed on an estate neighboring the Logan home on the exclusive north shore, was convicted of first degree murder last Dec. 13. His conviction was upheld later by the court of appeals.

Britain Warns UN Must Act In Balkans

Says They Might As Well "Tear Up The Charter" If Can't Settle Balkan Trouble As Recommended By U.S.; Cadogan Accepts Report Of Commission Blaming Yugoslavia, Albania And Bulgaria

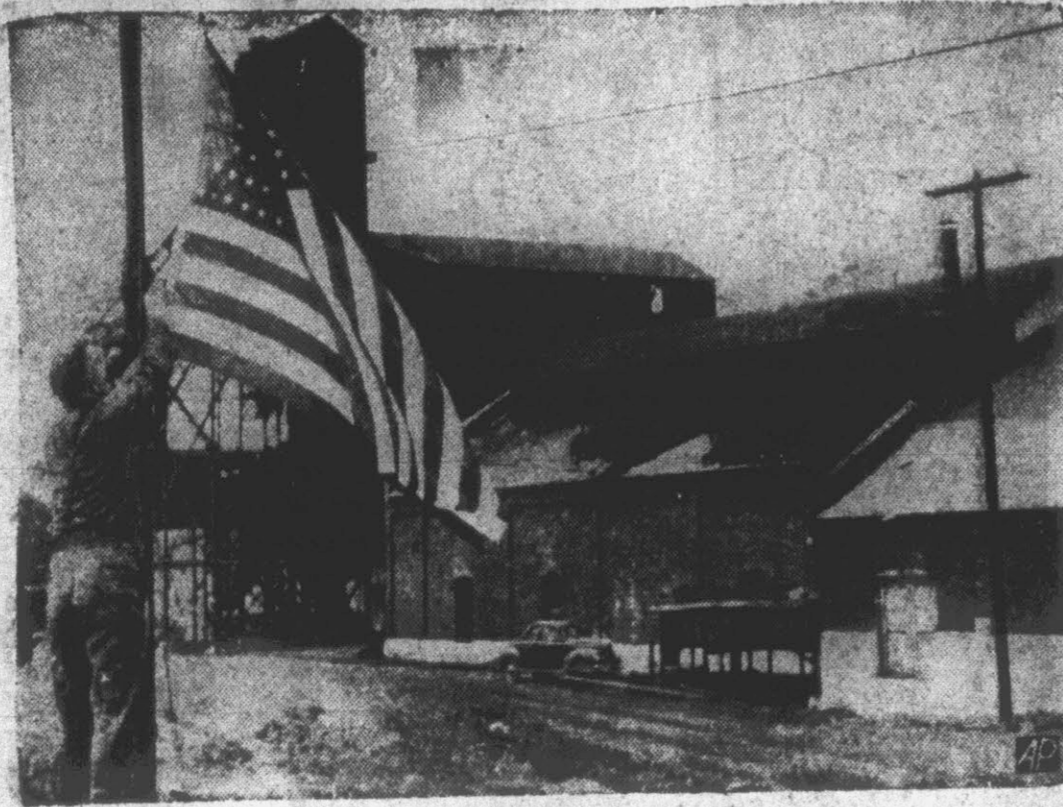

Lake Success, July 3 (AP)—Britain told the United Nations today that they might as well "tear up the charter—and pack up" if they could not settle the Balkan trouble as recommended by the United States.

Sir Alexander Cadogan, British delegate, lining up solidly with the United States proposal for a commission to watch the Balkans indefinitely, said in a statement to the Security Council:

"If we cannot apply proposals such as those submitted by the commission (the Balkan Investigation Commission) and now in the United States resolution, we had better tear up the charter—and pack up."

Cadogan referred to the recommendations by the investigating

Uncle Sam Releases Coal Mines To Private Owners

Joneses May And Garssons Are Found Guilty

Washington, July 3 (AP)—The Navy counted up its John Paul Joneses today and announced it has 13 times as many as in the days when the original was the naval hero of the Revolutionary War.

The occasion is the 200th anniversary of his birth on July 6, 1747. The event will be observed with traditional dress-ship and open-house ceremonies aboard ships and at shore stations Sunday.

Of the 13 John Paul Joneses now on active duty, only one is an officer—Lt. Comdr. Paul Jones, of the Atlantic Reserve Fleet staff, New London, Conn. He was born in Athens, Ohio.

The ratings, home addresses and duty stations of the twelve enlisted John Paul Joneses include:

Photographer's mate, third class; 618 Ninth Avenue, Hendersonville, N.C.; USS Quirinus, landing craft repair ship.

ARREST FISHERMAN WITH "QUAIL BAIT"

Morganton, July 3 (AP)—Game protectors came upon a man fishing in Lake James and arrested him for hunting out of season.

The wardens said he was using as bait the flesh of quail, which he had just shot.

The quail bait wasn't jail bait—he received a thirty-day suspended sentence. But he was taxed with court costs.

House Group To Vote On Tax Cut

Ways And Means Committee Will Act This Afternoon On Measure

Washington, July 3 (AP)—The House Ways and Means Committee agreed today to postpone until the afternoon its showdown vote on the new \$4,000,000,000 tax slashing measure for 48,000,000 major taxpayers.

The Republican majority consented to the delay on a request by Democrats for a little time to study the legislation.

The bill differs from the measure vetoed by President Truman June 16 only in a change of the effective date from July 1 to next January 1. Chairman Knutson (R-Minn) told reporters: "We will approve the measure this afternoon."

Speaker Martin (R-Mass) has forecast passage of the bill by the House next Tuesday. A House vote

Ford Withdraws From Union Pact

Jury Reaches Unanimous Decision In Less Than Two Hours; Defendants Receive Verdict Calmly; Defense Counsel Plans To Make Appeal Within Five Days; Sentence Is Deferred

Washington, July 3 (AP)—Ex-Congressman Andrew J. May was convicted today of selling his influence while wartime chairman of the House Military Committee.

A federal court jury also convicted munitions makers Henry and Murray Garsson of paying the 72-year-old former Kentucky congressman more than \$50,000 in bribes for favors during the war years.

The three defendants received the verdict calmly. All had relatives near them in the courtroom.

The jury deliberated only an hour and 50 minutes before reaching its verdict, climax of a trial that lasted 11 weeks.

Announcement of the verdicts, however, was delayed more than 20 minutes while court officials were assembled.

Foreman George E. Wells solemnly answered "Guilty" to each of the three counts in the indictment, which charged that May took money for interceding at the War Department for the \$70,000,000 Garsson munitions combine.

In response to a defense request, each of seven men and five women jurors were polled on his decision.

Each juror replied "Guilty" to each of the three counts against each of the three defendants.

The court deferred sentence until later to give the defense an opportunity for appeal motions.

The maximum penalty would be a (Continued on Page Six)

TWO INJURED AS CAR ROLLS OVER EAST OF AYDEN; IN HOSPITAL

Two Pitt county men were seriously injured Tuesday night when the automobile in which they were riding left the highway and turned over about three times. Highway Patrolman Gibbs reported.

Joe Raymond Phillips, driver of the car, and Leroy Stocks, a passenger, both of Ayden route two, were admitted to Pitt General Hospital. Phillips has been transferred to the Veterans hospital in Fayetteville, but Stocks remained in the local hospital where he is being treated for back injuries.

According to the patrolman report the accident occurred at the intersection of Cannons Cross Roads and highway 102 about three miles east of Ayden. Officer Gibbs said the car was apparently traveling at a high rate of speed and from all indications the driver lost control of the vehicle, which overturned as it left the highway.

Gibbs stated the investigation is not complete and no charges have been preferred.

NEGRO DROWNS IN CANAL BACK OF DAIRY FARM

Willie Reeves, 21-year-old Negro who lived on the Blount-Harvey dairy farm near Bethel drowned about two o'clock yesterday afternoon in a canal on the back of the dairy farm.

A companion who was swimming with Reeves said Reeves jumped off a bridge into about 12 feet of water and drifted under the bridge. Reeves called for help, his companion said, but when he went to his aid Reeves grabbed him and pulled him under. To keep from being drowned himself, the would-be rescuer broke away and Reeves went under.

Ford Withdraws From Union Pact

Company Says Experiment With Foremen's Union Hopeless Failure

Detroit, July 3 (AP)—The Ford Motor Co., which signed the nation's first contract with the Foreman's Association of America three years ago, today withdrew recognition of the independent union, whose 3,800 Ford supervisory employees have been on strike more than six weeks.

The company said its three-year "experiment" with the independent union had "failed hopelessly."

Strikers were urged to return to work immediately without fear of "discrimination of any kind."

The FAA immediately replied that Ford was "retreating in public what they told us when the strike began."

President Robert H. Keys of the FAA said Ford's attitude toward the experiment "with the foreman" is the same as the company has taken toward all unions—however, ours is a small one and they can get away with it.

He said the union would meet Sunday to discuss the company's action.

In a letter to Robert H. Keys, FAA president, John S. Bugas, vice president and director of Ford public relations, said:

"Our experience with the Foreman's Association of America has forced us to the conclusion that management unions in this company are unsound in principle and unworkable in practice."

New Coal Pact Biggest Single Victory For Lewis

Washington, July 3 (AP)—John L. Lewis is well on the way today toward getting the best wage contract in the history of his United Mine Workers—who otherwise would extend their current vacation into a full-blown strike next Tuesday.

The way some operators figure the tentative settlement reached late yesterday by Lewis and top executives of "big steel" mine owners and northern commercial producers, the soft coal diggers will get a 44 1/2 cent boost in their basic hourly pay rate.

The "pattern" increases negotiated by rival CIO unions in other basic industries earlier this year have averaged 15 cents an hour.

The big question remaining, however, is: How many mining companies will accept the agreements

Reign Of Terror Ends In Philippine City; Four Convicts Still At Large

Manila, July 3 (AP)—An intrepid little Mexican widow, who fought with a guerrilla band during the war, and a husky Filipino Bataan veteran, were heroes today of the 15-hour reign of terror by 32 escaped convicts who seized Calapan, capital of Mindoro Island.

Lt. Col. Florencio Selga, a military police zone commander, returned to Manila today at noon to report to President Roxas that law and order were restored primarily by these two, and that 26 of the convicts already had been recaptured. Two others are dead.

Forty military police reinforcements from Batangas are pursuing the four fugitives.

Col. Selga gave this report: Lt. Antonio Banta of the military police escaped from the convicts as

French Invite 22 Nations To Plan For Cooperation

Paris, July 3 (AP)—The French foreign office announced today that 22 nations will be invited to a meeting in Paris July 12 to discuss European economic cooperation as outlined in the Marshall proposal.

The countries invited will include Austria, Turkey, Albania, Ireland and all former enemy states except Germany, it was announced.

A foreign office spokesman said the invitations would be sent to Paris embassies tonight.

The French foreign ministry announced earlier a British-French decision to invite all European states, "with the provisional exception of Spain," to take part in drafting a reply to the proposal advanced by U. S. Secretary of State Marshall for European economic recovery.

A foreign office spokesman said a letter had been sent to Russian Ambassador Alexandre Bogomolov expressing the hope that the Soviet Union, which has denounced the Marshall plan, would reconsider her refusal to join in economic cooperation. However, he said no invitation would be sent to Russia for the July 12 meeting.

The spokesman said that while Germany was not invited, the commanders in chief of her four occupation zones—"including the Russians, of course"—will be consulted regarding the availability and needs of their zones.

The spokesman said the United States "will be informed of this (July 12) meeting and will be sent a copy of the final invitation."

GOP Priority Schedule Mapped

Armed Forces Unification And Taxes Slated For Top Consideration

Washington, July 3 (AP)—Senate Republican leaders agreed today to give top priority to legislation for unification of the armed forces and tax reduction.

Chairman Taft (Ohio) of the Senate Republican Policy Committee said this was agreed upon at a closed-door strategy session.

"We'll take up unification first and taxes next," he told reporters. "That should keep us busy all next week."

Taft said the steering group also decided to:

1. "Proceed a little farther upon the West Virginia election contest" in which the place of Senator Kilgore (D-WVa) is challenged by Tom Sweeney, Republican candidate in the last election.

ACC PRESIDENT IS INJURED IN WRECK

Tarboro, July 3 (AP)—Dr. Howard Hilley, president of Atlantic Christian College at Western, was injured seriously late yesterday in an automobile accident at an intersection near here.

Also injured were John L. Goff of Williamston and Ivan Adams, whose home address was not known here. Both are ministerial residents at the college. Goff also was hospitalized.

Their car was in collision with one driven by A. R. Parker of Wilson, who was alone.

FORMER SLAVE DIES; COLLEGE PRESIDENT AND HEAD OF BANK

Philadelphia, July 3 (AP)—Maj. Richard Robert Wright, a 94-year-old former Georgia slave who became president of a college and a bank, died yesterday in Jefferson hospital.

Wright, who twice declined to become U. S. minister of Liberia, headed the first negro high school in Georgia and later became president of Georgia State College. He was founder and president of the Citizens and Southern Bank and Trust Company, Philadelphia.

President William McKinley appointed Wright as special paymaster with the rank of major during the Spanish American War.

Daughter Termed 'Judas' At Trial

San Diego, Calif., July 3 (AP)—A daughter of Mr. and Mrs. Alfred Wesley Ingalls declared in federal court that her mother sometimes struck and scratched Dora Jones, the negro maid the couple are charged with enslaving.

The witness, Mrs. Richard Roberts of Berkeley, Calif., said Mrs. Ingalls once pushed the maid down stairs. Mrs. Roberts denied under cross examination that she ever saw Dora strike her mother.

She also testified in her parents' slavery trial that her mother called her a "Judas."

Railroads Asking For Rate Hike

Washington, July 3 (AP)—The nation's railroads today asked for a new increase in freight rates estimated to yield approximately \$1,091,000,000 a year in additional revenues.

A total of 699 carriers, representing all the operating lines, filed a joint petition with the Interstate Commerce Commission asking the increase and terming it necessary to "bridge the gap" between present railroad revenue and increased costs of operations.

The lines involved have estimated their freight revenues for 1947 at \$6,812,000,000, based on present rates.

The increase sought will average 16 percent above current rate schedules for the country as a whole, the petition said.

The railroads asked for a 25 percent rate increase in the eastern territory north of the Ohio and Potomac rivers and east of the Mississippi river and for a 15 percent boost in rates in the western and southern states.

In addition for the entire country the railroads asked upward revisions (Continued on Page Two)

Witness In Slavery Trial Testifies Her Mother Abused Negro Maid

San Diego, Calif., July 3 (AP)—A daughter of Mr. and Mrs. Alfred Wesley Ingalls declared in federal court that her mother sometimes struck and scratched Dora Jones, the negro maid the couple are charged with enslaving.

The witness, Mrs. Richard Roberts of Berkeley, Calif., said Mrs. Ingalls once pushed the maid down stairs. Mrs. Roberts denied under cross examination that she ever saw Dora strike her mother.

She also testified in her parents' slavery trial that her mother called her a "Judas."

Dora herself was expected to testify today. Mrs. Ingalls' daughter by her first marriage, Mrs. Ruth Castendyk of Chicago, also was to testify.

Mrs. Roberts said that Dora, who she declared never received any pay from her parents, was described once by Ingalls as really a rich woman, because they had so many things in her name.

The 62-year-old Mrs. Ingalls buried her face in her handkerchief and tears came to her eyes when her younger daughter took the stand.

The daughter also said that "I remember from my earliest childhood, my mother telling me that Dora Jones was a criminal and had been paroled to my mother. I never was told what the crime was."

"RECIPROCAL AID" FROM CHINESE FOR FLOOD VICTIMS

Shanghai, July 3 (AP)—The American-owned Shanghai Evening Post and Mercury didn't expect to be taken seriously when it editorialized yesterday:

"The Mississippi is at its highest point in 100 years and a China commission for 'Mississippi River flood relief' may be expected to start any minute now."

The editorial, entitled "Reciprocity, Naturally," brought an anonymous contribution of \$100,000 in banknotes—Chinese national currency, that is, worth \$3.33 (U. S.) at the official exchange rate of around \$2.25 on the black market.

Editor Randall Goff turned the money over to the Shanghai branch of the American Cross.

Four Find Can't Stay On Fence

Washington, July 3 (AP)—Four nations—Poland, France, Italy and Czechoslovakia—appear destined today to get caught in the middle of the expected conflict between Russia and the western powers over the economic organization of Europe under the Marshall plan.

The breakdown of the Paris conference yesterday and Soviet Foreign Minister Molotov's assertion that the Marshall proposal means the division of Europe left little doubt among diplomatic authorities here that such a conflict would develop.

They said it would have repercussions in every part of the continent but that the squeeze almost certainly would be most intense in four countries for these reasons:

Poland—The Polish government already has notified the State Department of its adherence to the Marshall plan. Yet Poland is in the Soviet's sphere of influence, and Russian troops operate there in support of their occupation forces in Germany.

Poland is in great need of American help and is especially eager to get direct relief at once. She faces a grain deficit of 200,000 tons by October. If Molotov's Paris statement is taken at face value, the Soviet government is expected to turn thumbs down on Polish economic cooperation with the West despite the economic interests of the Polish people.

France—as one of the co-sponsors with Britain of the European effort to develop a joint economic program, France is a key point in the organization of western Europe. It is also the home of a powerful Communist party. Thus if the party, as expected, follows the Moscow line and opposes the Marshall plan, the French government probably will find itself faced with an extremely difficult internal political situation.

Czechoslovakia—the Czechs have not gone as far as the Poles in announcing cooperation with the Marshall plan. But they have expressed deep interest, and indications are they would prefer to cooperate.

Like Poland, Czechoslovakia is in the Soviet sphere but without Soviet troops. Russian opposition to a line of action which the Czechs believe to be in their own economic interests could cause great trouble in that country.

Italy—the Italian government like the French was reorganized last spring without Communist participation. But the Communist party is strong and in a position to bring (Continued on Page Six)

Claim 275 Will Die Over Holiday

By The Associated Press

A near record high travel on a peacetime holiday as indicated for the three-day Fourth of July holiday as millions of Americans finished plans today for trips by auto, bus, plane and railroad.

Spokesmen for many railroads, airlines and bus companies reported record reservations and many were adding all available extra equipment to meet the heavy demand.

In addition, millions of motorists will hit the highways to parks, beaches and outing places. The National Safety Council estimated that 30 million cars will be on the highways over the three days, causing the biggest traffic jam in history. The council predicted that 275 persons will be killed in traffic accidents over the holiday period.

A forecast of generally fair weather for most of the nation was an added incentive for travel. (Continued on Page Two)

FISCAL YEAR SHOWS MORE N.C. TAXES

Greensboro, July 2 (AP)—North Carolinians paid \$92,837,304 more in Uncle Sam's coffers during the fiscal year ending Monday than they did during the previous year, a report by District Internal Revenue Collector Charles H. Robertson shows.

Collections for the past fiscal year were \$1,182,571,841.29, a new record for the state.

STORM WARNINGS UP ALONG EAST COAST; FIRST OF SEASON

Miami, Fla., July 3 (AP)—The Federal Storm Warning Service, in its first advisory of the 1947 hurricane season, advised south of Cape Hatteras to remain in port along the North Carolina coast and to hold ships at sea to expect heavy gales off the middle and north Atlantic coast during the next two days.

Grady Norton, chief storm forecaster, said a frontal disturbance centered over the Atlantic 150 miles south-southwest of Cape Hatteras had developed a circular motion and is increasing in intensity as it moves northeastward.

NATION TODAY

By JAMES MARLOW

Washington, July 3 (AP)—The new labor law does things to, and for, you if you're an employer. Here are some of them.

Independent bargaining—A union no longer can force you to do all your bargaining with it through an employers' association. Example: A union insisted that you and several of your competitors bargain with it through your trade association in order to have the same contract apply to all workers. It's an unfair labor practice for the union to try that now. You can bargain with it individually, or thru an association, as you wish.

Before the National Labor Relations Board (NLRB) will approve a union as a bargaining agent for your employees, it must file with the secretary of labor information on its finances. Can you see that information?

PREDICT PROTESTS OVER NO ACTION ON JAP REPARATIONS

Tokyo, July 3 (AP)—Informed sources predicted today several Allied nations may protest officially to the United States soon if General MacArthur does not alter what one called his "do nothing" reparations policy.

The Philippines, China, Netherlands and Britain were named among those nations which sources said were growing increasingly impatient for a start on transfer of much of Japan's industrial capacity to the victor nations.

WORLD TODAY

By DEWITT MACKENZIE

AP Foreign Affairs Analyst

Russia's rejection of the Marshall program for European economic rehabilitation is good news for western democracy.

It is good because it removes a terrible handicap of uncertainty which has been impeding world peace and recovery.

Now please don't misunderstand. The ideal for which all people of good-will have labored would be unity of purpose among the nations, and especially among the major powers upon whom rests the main responsibility for global welfare. There could be no greater boon to humanity than that.

However, with each passing day since the end of the war it has become increasingly clear that the way of totalitarian communism was not that of western democracy. More-over western suspicion that the Soviet Union was bent on communizing

the world have grown as Moscow has brought nation after nation in Europe and Asia within its zone of domination by coups which have evoked vigorous protests from Washington and London.

For a considerable time it has been obvious to informed observers that there must be a labing of cards among the major powers. Secretary of State Marshall's economic proposal has forced the showdown.

The Western Allies labied their cards when that altruistic proposal was made, and was agreed to by Britain and France. Then the Anglo-French pair extended an invitation to Russia to join, thus leaving Moscow the choice of three courses to pursue.

The Daily Reflector  
July 3, 1907

Mayo-Patrick Nuptials

At 7:30 this morning at St. Paul's Episcopal Church the marriage of Miss Bessie Patrick and Cary Mayo took place. Notwithstanding the early hour and the inclement weather, the church was crowded with relatives and friends. The church was beautifully decorated, the windows were screened and the glow of electric lights made the interior brilliant.

The entire chancel and altar were decorated in green and white, potted plants forming a background. At the appointed hour, preceding the ceremony, Miss Mary Medearis, of Winston-Salem, sang "Because of You." The bride party entered the church to the strains of Lohengrin's Wedding March, skillfully rendered by Miss Helen Forbes. The ushers wore Prince Albert coats, grey trousers with gloves and ties to match.

The maids of honor, Miss Bertha Patrick, sister of the bride, and Miss Lottie Blow wore white net and carried white prayer books.

The bride entered on the arm of her father. She wore a handsome going-away gown of champagne wool, with hat and gloves to match. She carried a bouquet of bride's roses. She was met at the altar by the groom.

To the strains of Mendelssohn's wedding march the bride and groom passed out the aisle followed by the attendants.

The couple departed on the 8:26 train for an extended bridal tour north, after which they will be at home in Greenville.

Both these young people are exceedingly popular and the best wishes of a great host of friends are showered upon them.

NAVY MAINTAINING OFFICE IN GREENVILLE

The U. S. Navy is now maintaining an office on the second floor of the Greenville Post Office building in response to the interest shown in this area to enlist in the regular Navy and the new civilian Reserve.

Chief Firecontrolman J. A. Watson is maintaining the office here during the first two weeks of July. Interested young men, 17 or over, can call for free literature at the office and learn more about the advantages the Navy offers, said Watson. "There are over 50 trade schools in the Navy today," he stated, "offering young men rapid advancement with good pay and a chance to travel—which in itself is a great teacher."

Social Security

Timely Notice To Employers From The Social Security Office

Some misunderstanding still exists regarding the social security tax returns made quarterly by industrial and business concerns. All tax and informational returns should be sent direct to the Collector of Internal Revenue, NOT to the Social Security Office.

This caution was issued today by Marshall Barney, manager of the Rocky Mount office of the Social Security Administration.

He also stated that employers subject to the tax are safe in the present time and trouble by making certain that the name, account number, and wage earnings of each employee are shown on this quarterly tax report.

Mr. Barney explained that old-age and survivors insurance benefits which will be paid to the worker when he reaches 65 and retires from his job or those paid to survivors, in case of the worker's death, will depend upon the wages credited to his social security account. Each individual account is identified by an account number—the same one that appears on the workers social security card. Therefore, it is important that the account number of each and every employee be included in the employers quarterly wage report.

July is the month in which the employer will make his social security tax return for April, May and June of 1947. If his books fail to show the name and account number of every employee who worked for his company during April, May and June, steps should be taken immediately to secure the required information.

French Invite

The communique made no reference to Soviet Russia, nor to the failure yesterday of Russia, Britain and France to agree on the Marshall aid-Europe proposal.

Use of the term "provisional" in excluding Spain appeared to indicate that the final decision on whether Spain would permanently be outside any economic agreement reached would rest with an international "temporary organization" which the communique said the British and French proposed to establish.

FORMER GREENVILLE GIRL WEDS

Miss Helen Elizabeth Butler, daughter of Mr. and Mrs. Rufus Ernest Butler of Kingston, and Rev. Robert Lee Bame of Enfield, son of Mr. and Mrs. James R. Bame of Carolina Beach, were united in marriage in a double ring service at 5 o'clock, Tuesday afternoon, in the Queen Street Methodist Church in Kingston. Dr. Henry Glass, pastor, performed the ceremony assisted by Dr. Thomas M. Grant, district superintendent in the Methodist Church of the Rocky Mount District.

The bride, a native of Greenville, was graduated from high school in Kingston and from East Carolina Teachers College, where she majored in primary education. She taught for one year in Lenor County Schools and in Sanford for one year before

coming to Nashville, Tenn., for special training in church school extension corps work at Scarritt College. Following her training, she was at Hunter's Point, San Francisco, for one year in volunteer religious work prior to accepting position as director of Christian education at the Queen Street Methodist Church in Kingston in February, 1946.

Rev. Mr. Bame was graduated from New Hanover High School in Wilmington and Louisiana College at Louisiana. He received his A. B. degree from Wofford College at Spartanburg, S. C., and a Bachelor of Divinity from Duke University in Durham in 1943. Since that time he has been serving the West Halifax charge of the Methodist Church in the Rocky Mount District.

Baltimore, July 3 (AP)—The Glenn L. Martin Company said today two bombs fell yesterday on Wittman, Md., were non-explosive ballast missiles which broke loose from a twin-engine amphibian plane the company is testing for the Navy.

Four men were stunned and scratched by debris when one of the bombs hit the end of a boat repair shed.

BRITAIN TO EXPAND EAST EUROPE TRADE  
London, July 3 (AP)—Government spokesmen said today the cabinet was expected to issue a dispatch soon dealing with British plans to expand trade with Eastern Europe, despite failure of the Paris conference on the American aid plan.

He did not attempt to conceal the fact that Russia's decision to eschew the Marshall proposal for European reconstruction had been a foregone conclusion to the Labor Government.

# General Forms Organization To Promote Ideals

By JANE EADS  
Washington—Gen. John H. Hilldring, who recently retired from the Army after 30 years, is now heading up a new organization formed of "Military Government Alumni."

The association is non-political, private and non-profit. Membership is open to all persons of all ranks of the U. S. Armed forces, as well as civilians, who have served in military government.

Organization figures that from 30,000 to 50,000 or more persons are eligible to the group, which General Hilldring says would constitute "a head of steam" behind a proper U. S. foreign policy.

General Hilldring, who was director of the Civil Affairs Division of the War Department during the war, retired from the Army last year in the grade of Major General and was appointed an Assistant Secretary of State.

In this capacity he is responsible for formulating our policy in the occupied areas—Germany, Austria, Japan and Korea. More than 10,000 Americans now are serving the military government set-ups in these countries. About two-thirds are civilians.

"We fought the war to bring into the world a lasting peace of freedom, tolerance and decency and yet none of these objectives has been wholly attained," says General Hilldring.

The new association he hopes "will be able to make a genuine contribution to the realization of these objectives."

"We have throughout the country many thousands of Americans who took the first constructive steps toward the peace," he says. "They were the military government personnel who operated in the wake of our advancing armies, administering the welfare of conquered, or liberated civil populations. These are the persons who have no doubts in their hearts as to why the war was fought."

"If this country exerts the leadership expected from it," he says, "the subject of military government must have a large place in the military establishment."

He believes, in fact, that the Army's largest job today is military government. A program of the new association he says would be "promotion of efficiency in military government affairs of the armed forces."

"The Military Government Association, as it is called, will be organized on a state-by-state basis with national headquarters in Washington. The first directors' meeting will be held later this month."

General Hilldring, blue-eyed, ruddy-complexioned and energetic, was a New York newspaperman before he went into the Army. He went to France with the 38th Infantry Regiment in 1918 and served in Germany with the Army of Occupation in 1919.

He holds the Distinguished Service Cross for extraordinary heroism in action and in 1944 was awarded the Distinguished Service Medal with Oak Leaf cluster. He also is a Commander of the Order of British Empire and the Order of Leopold.

In addition, he is president of the Military Association.

## INDICT EIGHTEEN S.S. OFFICERS FOR MASS MURDERS

Nuernberg, July 3—(AP)—An indictment charging 18 S.S. (Elite Guard) officers—including six generals—with directing the slaughter of more than 1,000,000 persons during the Nazi occupation of Eastern Europe was handed up to an American war crimes court here today.

Brig. Gen. Telford Taylor, chief war crimes prosecutor, who filed the indictment, asserted that the defendants had perpetrated the murder of all murders.

The accused S.S. officers were said to have led special task forces sent

## TOP STATE DEPT. OFFICIALS SUBMIT TO FBI CHECK-UP

Washington, July 3—(AP)—Names of the State Department's 500 top ranking officials and staff employees have been submitted to the FBI for the start of a loyalty check which includes all of the department's staff in the United States and abroad. Secretary Marshall's name heads the list.

Officials said today the first list submitted also includes the names of Marshall's immediate aides—Undersecretaries Robert A. Lovett and William L. Clayton and six assistant secretaries.

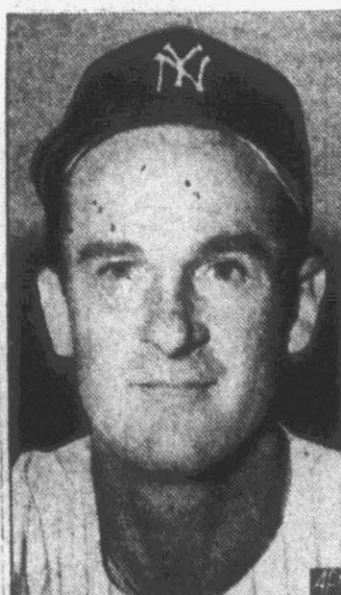

Marshall announced yesterday he had asked the Federal Bureau of Investigation for quick action in checking the department's entire list of officials and employees, numbering some 21,000, to determine whether there is any evidence to suspect their loyalty.

The purchaser of said timber shall have three years from the date of the commissioners' deed in which to cut and remove the same and shall have the full right of ingress and egress over all the above described lands for the purpose of cutting and removing said timber and shall have the right to cut smaller trees than those purchased whenever it shall be actually necessary to cut said trees for the purpose of getting out said timber, but in cutting and removing the same he shall not disturb any crops on any part of the lands in cultivation.

That the deed executed to the purchaser for said timber shall provide that he shall have three years from the date thereof in which to cut and remove the same and shall limit to once only his right to cut and remove said timber, and shall

further provide that the purchaser shall have the full right of ingress, egress, and regress over and upon said lands for the purpose of cutting and removing the same and shall have the right to construct such outbuildings, tramways, and roads over and upon said lands as may be necessary to cut and remove the same, and said deed shall further provide that the purchaser in cutting and removing said timber shall not disturb any crops that may be growing upon any part of said lands.

The purchaser of the timber shall be required to deposit with the commissioners at the time of sale five per cent of the amount of his bid as evidence of his good faith and upon failure to make such deposit at once said trees shall be immediately offered for re-sale without further

advertisement. Map of timber acreage above described may be seen by interested parties at the offices of A. C. Carter and Grimes and Grimes in Washington, North Carolina, and at the office of Albion Dunn in Greenville.

Strength FOR THE DAY

JULY FOURTH
July 4th, 1776, was in truth one of the greatest days in history. At this date we are likely to forget how important it really was. Only one other date in the eighteenth century—or for a century preceding or following—compares with it in importance, and that is the date when the Constitution of the United States was adopted.

The Declaration and the Constitution implemented and brought to final conclusion a process of democratizing which had been going on for several centuries. All modern so-called democracies—which of course are not democracies at all but republics—are molded after the instrument which was forged in the Declaration and finished in the Constitution.

Back of it all lies the religious idea that man is a child of God, that no man has a right to rule another man save as the governed accords to the governor the right to exercise such authority. This is the working out of the Christian gospel regarding the dignity and worth of man. It is the political application of the doctrine of the complete and sole sovereignty of God.

INDEPENDENCE DAY

Tomorrow the United States pauses in a whirl of foreign and domestic problems to celebrate its 171st birthday—and to reverently thank God for 171 years existence as a nation—171 years which have seen many nations old and young, democratic and otherwise, fall by the way and become mere names in the archives of the world.

During these years the U. S. has been led through years of strife and years of peace by great men, but our nation has been made great and made strong by millions of people who have been good followers, living and sometimes fighting for the things in which they believe. The names of the great leaders have gone down in the history of the nation, but the unsung heroes of every domestic or international struggle of our nation are the common people who have remained unknown and followed, and whose names have remained unknown and unrecorded.

The days of the Revolution and the doubtful early years of the republic, the trying days of the War Between the States and reconstruction in the South, the First World War and the hard times of the depression, the Second World War and the soaring prices, strikes and other internal troubles which we now face, have all been faced and overcome, not alone by the planning of the leaders, but by the efforts of the every-day men and women on the farms, the towns and cities of the United States.

The holiday for celebrating our nation's independence should also be a day of thanksgiving for our being preserved a nation—a day on which all Americans could well remember "A mighty

'BLEST WITH VICT'RY AND PEACE, MAY THE HEAVN-RESCUED LAND PRAISE THE POWER THAT HATH MADE AND PRESERVED US A NATION!' (FROM 4TH STANZA, 'STAR-SPANGLED BANNER')

fortress is our God—Our stay what 'ere doth happen."

WASHINGTON LETTER

By JANE EADS
Washington—When Bert Sheldon got off the train from the middle-west 26 years ago he spotted a big sign in Union Station. "Policemen, Firemen Wanted!" it read.

Bert got a job as a policeman, worked himself up to lieutenant of the Seventh Precinct on the Metropolitan force. Two-thirds of his work was at night. Daytimes he browsed around in second-hand bookstores, got interested in books on Abraham Lincoln.

He made the acquaintance of the two men, and the three decided to get a group of folks who were interested in the Lincoln story together once in a while.

"Now mind you," says Lieutenant Sheldon, "the others are scholars, erudite in the Lincoln story. I'm just an ordinary policeman. But we're all interested in the story of Lincoln as it represents a phase of our philosophy."

"We got our membership from the second-hand bookstore dealers and from college history teachers, and for a number of years we jogged along, meeting now and then at a local hotel. We used to have about 20 members. Someone would make a talk."

Soon the group was getting too large for the hotel meetings, and Dondero, Wilson and Sheldon went

to the National Park Service and got permission to meet in the Old Ford Theater now a museum, where Lincoln was assassinated on the cold and foggy night of April 14, 1865.

The meetings are public and now sometimes as many as 200 to 300 people crowd into the historic little building. Sometimes they have to turn people away, Sheldon says, because too big a crowd might cause the floors to give away.

Among those who never miss a meeting is Congressman Chauncey W. Reed (R-Ill.), who Lieutenant Sheldon says is a distinguished authority on the assassination of Lincoln and gives lectures on the subject with slides. Most important meetings of the group are held on Lincoln's birthday anniversary and the Sunday nearest the anniversary of his assassination. Lieutenant Sheldon, who is in his 40s, weighs about 175 pounds and is tall, dark and handsome, hails from Jefferson City Mo. He describes himself as a sort of amateur historian. He lives with his wife, who is chief attendance officer in the District public schools, and his son David in a modern two-story brick house in a Washington suburb. He has collected about a hundred books on Lincoln.

STEEL OUTPUT SET BACK BY COAL LACK

New York, July 2—(AP)—The steel industry "will be flat on its back within three weeks" unless a satisfactory coal contract is negotiated today, the metalworking paper The Iron Age said today. "Already," the publication said, "steel consumers are suffering the most serious setback since April, 1946," as the result of the coal mine shutdown which came at a time when steel deliveries were beginning to take on a normal aspect.

In times of famine, the ancient Hebrews ate the locusts.

STATE'S SELECTIVE SERVICE IS HISTORY

Raleigh, July 2—(AP)—State Selective Service headquarters which directed the induction of some 300,000 men into the armed forces has passed into history.

Adj. Gen. J. Van B. Metts said that Lt. Col. Thomas H. Upton, who was his assistant in Selective Service headquarters, would assume the position of director of the office of Selective Service records.

2. To join with tongue in cheek and then try to settle the ship.

3. To reject cooperation thereby widening the breach between East and West.

The Soviet Union has chosen the third course. Foreign Minister Molotov in turning down the proposal declaring that it "would lead to interference in the internal affairs of European countries."

So it's to be non-cooperation—unless Russia has an unexpected change of heart. As long last we know exactly where we stand and we can plan accordingly.

This clash is a tragic circumstance. Obviously it presents potential dangers. Still, these dangers will be lessened by the fact that we can see them plainly and can plan to meet them. We no longer are laboring under any illusions—we hope.

NLRB. The board must ask for an injunction to stop the strike.

If this jurisdictional strike has cost you money, you can sue the union for damages in federal court. Other damage suits—

When a union strikes unlawfully—say in violation of a contract—you can sue it for damages if the strike cost you money. And—

Any number of other firms—if they've lost money by the illegal strike at your place—can also sue that union for damages.

If you violate a contract and it costs the union money, it can sue you for damages.

Featherbedding— It's an unfair labor practice for a union to try to force you to pay for work not done. This is featherbedding. Example: Hiring a union man to stand by, doing nothing, while a non-union man does the job.

You can complain to the NLRB. It can ask for a federal court injunction to stop such union demands.

No one at this time can say precisely when, in all cases, hiring a man is featherbedding, or when it isn't.

NLRB will have to work that one out, in time, as featherbedding complaints come before it for decision. Unfair labor practices by employers—

## Negro Home Demonstration News

**4-H District Federation Winners**  
The annual Northeastern District 4-H Club Federation was held June 26, 1947 at the W. S. Etheridge High School, Windsor, N.C. with approximately 600 4-H members, leaders and parents attending.

The subject used for all the girls demonstration teams was "Food for Health." Vivian Mills and Pauline Bush of the Winterville 4-H Club used as their subject: "Milk Desserts for Health." These girls did an outstanding job in presenting their demonstration which won for the county and district first place honors.

Girls participating in the Teen Age School Dress Revue were Carthia Rogers and Dora Vines from the Farmville 4-H Club. These girls made their dresses and a part of the 4-H Club project. Dora Vines' dress won third place honors in the district.

Winners in District Contest will compete for State Honors July 22 at A.&T. College, Greensboro, N.C. Maybe you would like to try these recipes too.

Recipes used: Milk Desserts for Health  
Basic Recipe for Making Boiled Custard

2 Eggs 1-8 salt  
2 cups milk 1-2 t. vanilla  
4 tbsp. sugar  
Method:

1. Heat milk in top of double boiler until bubbles appear around the edge.

2. Beat eggs slightly and add sugar and salt.

3. Add scalded milk slowly to egg mixture.

4. Place in double boiler, stir constantly until mixture coats the spoon.

5. Remove from fire at once and place double boiler in cold water.

6. Add vanilla and beat with Dover egg beater.

Ways of serving: Plain Custard — Fill dessert dish 3-4 full with chilled custard and sprinkle nutmeg or cinnamon over top.

Custard with whipped cream: Fill dessert dish 3-4 full of chilled custard. Place a big spoon full of whipped cream in center of custard and garnish with a cherry or a teaspoon of jelly.

Floating Island: An old spring time delight — Fill dessert dish 3-4 full with chilled custard. Place big spoonful of meringue on top and garnish with jelly.

Fruit Trife: Slice fruit into dessert dish (any fruit may be used) a layer of chilled custard, a layer of fruits, a layer of stale or left over cake, another layer of custard and fruit for garnish. This may be made using the warm custard and then chilled after it is mixed.

4-H Club County Wide Round-Up: 4-H Club members representing eight of the fourteen 4-H Clubs in Pitt County held their first joint picnic Saturday June 28, 1947 in Greenville, N.C.

Speakers for the occasion were Mr. W. C. Cooper, Negro 4-8 Club specialist and Mr. H. B. Sugg, supervisor of county schools and principal of Farmville High School.

The purpose of the meeting was outlining and a report of boys' activities in club work was given by James Crandel, president of the 4-H County Council. Fannie Mae Edwards of the Winterville 4-H Club, gave a report of work that is being done by 4-H Club girls in the county.

Group singing, games, lunch and the aforementioned activities rounded out the events of the day.

**Clemens H.D. Husband Night** Twenty six club members and following men: Messrs. Gant, Williams, Garrett, Coley, Dixon, Wil-

Home Demonstration held their first husband night June 3, from 8 to 10 o'clock at the home of Mrs. Cora Wilson.

The first on program was a paper bag hand shake one of the best acquainted game to get everyone in readiness for full participation of other games. Other games and songs followed, led by Mrs. Capehart, Home Agent.

At the end of games the group assembled around an outdoor pit to roast their winners for the repeat which was served with onion, mustard or chile sauce and ice cold lemonade.

Mr. and Mrs. Matthew Lewis and family were visitors. Before leaving every sang "Good Night Ladies and Gentlemen."

**Pleasant Place H.D. Club Picnic** Approximately 75 club members and their families enjoyed their first family picnic when they met at the home of Mrs. Fannie Gant, June 24 at 7 o'clock. The activities of the evening were carried on in the yard of Mrs. Gant. Games were led by Mrs. A. S. Capehart, Home Agent, and Mrs. M. T. Boney, teacher of the community. The games included the electric shock, Quaker meeting, barnyard chorus, 4-H cracker eating contest, twenty ways of getting there, imitation husband and wife relay and turn the bottle.

When everyone felt like playing no more the ladies made ready the picnic table which included fried and baked chicken and country ham, potato salad, string beans, collard greens, pickles, potato custard pie, cake and delicious home made ice cream. Grace was said by Mr. Richard Coley, after the meal the group listened to remarks from the following men: Messrs. Gant, Williams, Garrett, Coley, Dixon, Wil-

liams, Allen and Williams. Visitors present were: Mr. and Mrs. G. Gorham of Greenville.

**New H.D. Club Organized** A new H.D. Club organized on Monday afternoon, June 23, at 2:00 p.m., the agent met with 16 ladies at the home of Mrs. E. Gardner of the 4-H club community and organized a home demonstration club, before organizing the agent explained what the Home Demonstration Program offered for better rural home and farm living. And the officers and leaders needed for a local club. Officers and leaders selected:

Mrs. Emelia Gardner, president; Mrs. Roberta Green, vice-president; Mrs. Lillie Gray Hooks, secretary; Mrs. Nancy Chapman, treasurer; Mrs. Ida Ellis, song leader; Mrs. Malissa James, food and nutrition; Mrs. Ida Bell Chapman, clothing; Mrs. Eula Holloway, home beautification; Mrs. Julia Ellison, garden; Mrs. Julia Holloway, home beautification; Mrs. Alice Chapman, house furnishing; Mrs. Velma Carnegie, health.

The agent gave a short demonstration on the use of the sewing machine attachment which will help them to do a better job in their home sewing.

Queenie Gardner and Dollie Mae Chapman, 4-H Club members, served the group delicious pineapple cake and home made ice cream prepared by them which the ladies did enjoy.

Other meetings held: Meetings were held with fourteen other Home Demonstration Clubs with large attendance for the month. Demonstration on sewing machine attachment were given, assisted by the clothing leaders.

Attachments demonstrated were the foot hemmer, and gather, ruffler, tucker, adjustable hemmer, tucker and quilter. Special emphasis was placed on the use of the attachment for making curtains and quilting.

# Locals And Jays Split Twin Bill, 6-12, 12-4

By BERT MOYE  
 Greenville split its twin bill with the Roanoke Rapids Jays here last night, dropping the opener 12-6, but came back in the night cap contest to slam out a 12-4 win.

In the opening game the Greensies took a 4-1 lead in the first three innings, but the Jays came back in the fourth and fifth frames to put across nine runs which featured a grand slam homer by Merle Blackwell in the fourth frame and one by Catcher Pavlich in the fifth with none on.

Johnny Foell started on the mound for the Greensies and pitched the first five innings during which time he allowed nine hits, seven walks

and struck out five batsmen. His loss was the ninth of the season. Manager Timm pitched the final two innings and let the Jays down with two hits and two runs.

Glenn Jarvis with two doubles and a single in four trips to the plate, and Marvin Mauney with a double and a single in three trips to the plate, led the Greensies' eight-hit attack off Lefty Knorek.

In the night-cap, which was halted at the end of the eighth frame on account of the midnight curfew, Jerry Chitty held the Jays to four hits while his teammates slashed out 20 hits off three Jay hurlers as he registered his third win for the

Greensies this season.

The Greensies scored one run in the first frame and then came back in the third, fourth and fifth frames to put across eleven runs to coast to an easy win.

Willie Mauney with a double and four singles in five trips to the plate, Arthur Jacobs with double and two singles in six trips to plate, Jack Bomar with double and two singles in four trips to plate and Henry Ranweiler with three singles in five trips to the plate, led the Greensies in their barrage of hits against the Jays.

Chitty walked eleven Jays and struck out a total of eleven and it was his wildness in the seventh frame which netted the Jays two runs without getting a hit.

## DIAMOND DUST

By BERT MOYE  
 Two new players saw action for the Greensies in last night's game, they being Arthur E. Jacobs, who played right field, and Glenn Jarvis, who held down the shortstop position. Jacobs, whose home is in McClure, Illinois, was sent to the Portsmouth Cubs of the Piedmont League. Jarvis, who hails from Fairfax, Alabama, was brought to the club by Umpire Knight.

## Boys League

All games in the Boys League were rained out yesterday. Today the final games of the first half of the split season were played and on Monday the first games of the second half are scheduled.

Should the Giants win today, they would sew up their division for the first half and the same is true of the Lions. But should the Lions lose they would then be tied for first place with the Yanks of the Training School and a play off would be necessary.

No games will be played tomorrow, the 4th, since so many of the boys will be out of town for the holiday. Mondays schedule  
 Giants vs Cards, Third St., 9:30 a.m.  
 Tigers vs Senators, Third St., 2:00 p.m.  
 Dodgers vs Lions, Third St., 2:00 p.m.

Bill Bomar, older brother of Jack Bomar, was given his release by club officials yesterday in order to make way for these two boys. Bill Lynch, Greenville second sacker, was put on the suspended list for ten days. Bomar has returned to his home in Nashville, Tenn.

Tommy Lee was out of the Greenville lineup last night due to a message he received from his home in Elizabeth City stating that his brother was in the hospital there. He is expected to return shortly and in the meanwhile the fans hope for an early recovery of our brother, Tommy.

Rex Benton, former Greenville hurler, was seen in a Leaf uniform in Rocky Mount last night, prior to the start of the game. As yet, he has not been taken on regularly by that club.

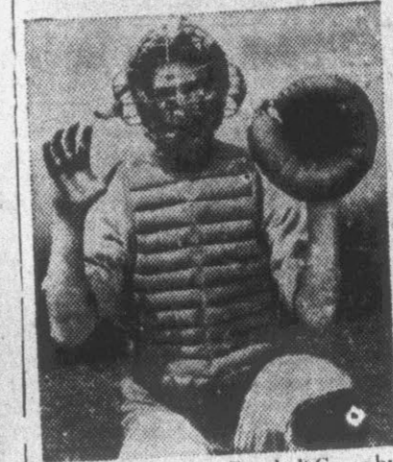

Final standings and batting averages of the first half:

TEAM	Senior League	Intermediate League	Junior League
Greensies	7 3	7 4	6 3
Tigers	5 4	5 5	5 4
Senators	2 7	4 7	2 6

 group and the United States proposal for the Security Council to set up a commission to remain indefinitely in the Balkans and try to smooth the differences in that unsettled zone.

"It seems to me that here we have a danger point," Cadogan continued. "It is just such a case as the United Nations was designed to meet. We have practical proposals, which can perhaps be perfected and elaborated. We must try them."

Cadogan accepted the conclusion of the Balkans commission holding that Yugoslavia, Albania and Bulgaria mainly were responsible for the Balkans disorders. This verdict has drawn strong denials from each of those three countries.

The Soviet Union has objected that the creation of a border watch commission to remain in the Balkans would hit the sovereign rights of those states.

"In these days," Cadogan answered, "sovereign rights do not retain their pristine inviolability. In course of time many have been entered into, and each one of these detracts, in lesser or greater degree, from national sovereignty. . . if it was desired to maintain sovereign rights inviolate, that ought to have been thought of (when the charter was drafted) at San Francisco x x x."

 has been set for that date.

Rep. Doughton (D-NC), ranking Democrat on the committee, requested the delay after the committee had considered the new measure for an hour behind closed doors.

Knutson commented that the decision by Republican leaders to go ahead with the new tax bill "apparently took many members by surprise."

Some Democrats predicted that Mr. Truman again would veto the tax legislation and doubts arose that the Senate would override a second presidential objection.

## KIDNEYS MUST REMOVE EXCESS ACIDS

Help 15 Miles of Kidney Tubes Flush Out Poisonous Wastes

If you have excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous wastes. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up, headaches and dizziness. Frequent or scanty passages with smearing and burning sensations show there is something wrong with your kidneys or bladder.

Kidneys may need help the same as how do you take your drug for Doan's Pills, a stimulant diuretic, used successfully by millions for over 50 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
