Czechs Accept Invitation To Attend Paris Session

Paris, July 7.—(AP)—Semi-official circles in Prague said today Czechoslovakia—a member of the Slav bloc—had decided to accept an invitation to the Paris conference on the Marshall proposal despite Soviet rejection of the implementation plans.

The decision, the informants said, was taken by the government in Prague on the eve of the delayed departure to Moscow of Communist Premier Klement Gottwald and Foreign Minister Jan Masaryk.

House Gets Tax Bill Tomorrow

Brief Debate And Passage Anticipated; No New Amendments Will Be Considered Says Rules Committee

Washington, July 7.—(AP)—The House rules committee kept the new income tax reduction bill on its fast timetable today, sending it to the House floor for two hours of debate and expected passage tomorrow.

The bill, proposing income tax cuts ranging from 10.5 to 30 percent starting next January, is identical, except for the effective date, to one vetoed last month by President Truman. The effective date of the vetoed bill would have been July 1, 1947.

The rules committee ordered that no amendments except those sponsored by the ways and means committee, which drafted the bill, shall be considered. The ways and means group has some clarifying and corrective changes proposed.

The House Republican leadership, confident it can override another veto, has scheduled the bill for passage tomorrow. The Senate also plans early action, possibly by the weekend.

Chairman Knutson of the House Ways and Means Committee, author of the bill—identical with the one the president rejected except that the effective date would be Jan. 1, 1948, instead of July 1, 1947—made two moves to head off any further changes.

He asked the House rules committee to approve procedures to prohibit any amendments being offered when the House takes up the measure tomorrow.

ORDER UNION VOTE AT TOBACCO PLANTS

Washington, July 7.—(AP)—The National Labor Relations Board today ordered that elections be held to determine a collective bargaining agent for employees of the Liggett and Myers Tobacco Company plants at Winston and Greenville, N. C.

The election was sought by the Tobacco Workers International Union, AFL and the food, tobacco, agricultural and allied workers of America, CIO.

The board said that since neither of the plants were now in operation it would not set dates for the elections.

APPROVE ELECTION

The County Commissioners in session today approved an election to decide whether the people of the county are willing to support a \$251,900 bond issue for a new hospital in Pitt county. The proposed hospital will cost \$900,000 and will be financed by the county, state and federal governments.

The date for the election has not been set.

Arrest Convict; Stolen Car Will Be Returned

By CHESTER WALSH
Harold Kelly of Egg Harbor, N. J., 34-year-old convict who escaped from the State Prison Camp road working crew near here about two weeks ago, with Marion (Bunk) Gardner, 28, another prisoner, was arrested by Raleigh police last Friday. Gardner is still at large.

The escaped convicts were suspected by Greenville police of stealing a new Nash Ambassador automobile from the Greenville Equipment Company. The car belonged to James E. Phelps, office manager of the Carolina Sales Corporation, Chief Jim Tanner said.

LIGHTNING BOLT STRIKES IN CROWD

Colorado Springs, Colo., July 7.—(AP)—Lightning struck in a crowd of 2,000 holiday race spectators near here yesterday but severely shocked and burned persons were reported recovering today.

Fifty persons standing on the crest of a hill were knocked down when the lightning bolt burst near them as they were watching the main event at a jalopy race track west of Colorado Springs.

Twenty were shocked and five persons were hospitalized.

WORLD TODAY

The battle of the isms between the Russian bloc and the western democracies is intensifying as the result of Moscow's curt refusal to join in a unified program for the economic rehabilitation of stricken Europe—a refusal generally accepted in the western world as signifying Soviet intentions to push the campaign for the communication of all the continent, and other lands.

That's a disconcerting development, though not unexpected. It likely means an ideological fight to a finish. However, it strikes me we shall make a mistake if we adopt the pessimistic viewpoint being advanced by some that this ideological warfare necessarily means combat with bombs and guns.

Switzerland. French quarters said that thus far only one nation, Finland, had given a provisional negative reply, and that this was "for political and geographical reasons."

The Italian communists, meanwhile, approved Italy's participation. The National Council of the French Socialist party adopted resolutions expressing confidence in the Socialist Premier Paul Ramadier's government, recommending an anti-inflation policy and approving in principle the Marshall aid-Europe program.

Foremen At Ford Plant End Strike

Return To Jobs After 47-Day Walkout That Saw Them Lose Bargaining Rights; Failed To Get Support

Detroit, July 7.—(AP)—Some 3,000 Ford Motor Co. foremen returned to their jobs today after voting to end a 47-day strike that saw loss of their union's bargaining rights. Nearly 3,800 members of the Foreman's Association of America (Ind.) in Ford's Detroit area Rouge, Lincoln and Highland Park plants had walked out May 21 in a dispute over a new contract, demanding exclusive bargaining rights for company foremen.

In recent weeks, however, many of them left their posts on picket lines to return to work. Company and union officials agreed the number reached about 800.

Two other factors were believed instrumental in leading to the back-to-work vote.

Passage of the Taft-Hartley law, which relieves employers of any obligation to bargain with foremen's unions, and the company's subsequent withdrawal of recognition from the FAA.

Failure to get supporting action from the CIO United Auto Workers hurt the foremen's cause. Several weeks after the walkout the FAA asked the UAW-CIO to authorize its 85,000 members on production lines at the three plants to refuse to cross the foremen's picket lines.

The auto workers' executive board sought to intervene as mediator in the strike and when the company rejected the offer the board promised a decision next Wednesday on the FAA request.

Over 500 Die During Holiday

By ASSOCIATED PRESS
More than 500 persons died of highway traffic and other mishaps during the nation's three-day weekend observance of Independence Day.

From 6 p. m. Thursday until Sunday midnight there were 248 reported deaths in automobile accidents, 160 drownings, five in fire works explosions, and 103 from miscellaneous causes, a total of 516.

California had the highest number of fatalities with 38. New York and Pennsylvania had 36 each.

The traffic toll was under the total of 275 predicted by the National Safety Council, but higher than for the same period last year when 241 deaths were reported. The worst record was in 1941 when 623 persons were killed.

The deaths by states in traffic, drownings and miscellaneous causes include: North Carolina, four in automobile accidents; seven drownings, and eight from miscellaneous causes.

POLICE ARREST MAN AS "PEEPING TOM"

The Greenville police radio cars again proved their efficiency and value Saturday night when they rounded up George C. Move, 28-year-old Negro of a rural point, and charged him with being a "peeping Tom." In Police Court today, Judge Jimmy Roberts found him guilty of trespass and gave him six months on the roads.

Chief Jim Tanner said six complaints came into headquarters that night about prowlers in the western part of the city. The radio cars were alerted and in a short time officers had the nocturnal prowler in custody.

Deadline Nears And Coal Pact Unsigned

Mine Representatives Fail To Reach Agreement With Lewis To Avert Industry-Wide Strike In Soft-Coal Fields Tomorrow; Late Legal Obstacles

Washington, July 7.—(AP)—Representatives of northern mine operators and steel companies failed in a four-hour session today to reach an agreement with John L. Lewis to avert an industry-wide strike in the soft coal fields tomorrow.

However, they arranged to go back into conference (at 115 p. m. EST) after an hour's recess in an attempt to put the finishing touches to a tentative draft of a new work contract covering about 40 percent of the nation's 400,000 miners.

Charles O'Neill, representing the northern commercial operators, and Harry M. Moses, speaking for the steel companies which operate "captive" coal pits, told reporters they left Lewis' headquarters that they had not completed writing a contract.

Otherwise they had nothing to say about legal obstacles which arose at the last minute to block ratification of a pact between the operators and Lewis' United Mine Workers.

The soft coal miners are due back from a 10-day vacation tomorrow. Without a contract or a notice from Lewis that accord has been reached, the miners are expected to stay home indefinitely.

One industry member, not in the negotiations but close to them, said the operators entered today's talks "feeling pretty blue. Now they are feeling for a midnight deadline."

The coal operators, he added privately, cannot see how they can grant Lewis' demand for protection against penalties in the new Taft-Hartley act without placing themselves in violation of the law.

Leave Bond Bill Passed By House

Washington, July 7.—(AP)—Legislation permitting an estimated 9,000,000 ex-GIs to cash their terminal pay bonds after next September was passed today by the House. It now goes to the Senate.

The House action followed assertions by Republicans and Democrats alike that Congress should have permitted, cash payment in the terminal pay law last year. Officers have been paid in cash for the leave time they were unable to obtain while in service.

The 1946 law requires recipients of the bonds to hold them for five years and makes them non-negotiable.

Treasury officials have estimated there are \$1,800,000,000 in bonds outstanding and told the House armed services committee the effect of cashing them now might be inflationary.

The new legislation would make it optional, not mandatory, for holders of the bonds to cash them through local banks.

GIANT TREE LIMB FALLS ON AUTOMOBILE

A massive limb measuring a foot in diameter fell from an ancient oak tree at the northwest corner of Evans and 11th streets last night shortly after 9 o'clock and crashed on top of the parked car of J. W. Allen, manager of the Jarvis Street Grocery. The car was unoccupied. It was considerably damaged. Traffic was blocked at that point for some time.

Police called the superintendent of streets and the Utilities Commission. An emergency crew from the Water and Light Department removed the giant tree limb from the car and street department workers assisted in clearing the thoroughfare for traffic.

Truman Asks For U. S. To Open Immigration Doors

Washington, July 7.—(AP)—President Truman today asked Congress to admit a "substantial number" of Europe's displaced persons into the United States as immigrants. In a message, Mr. Truman told Congress "special legislation" would be necessary if the U. S. is to share in offering "an opportunity for a new life to these people."

The president said Congress would be dealing "solely with an emergency problem growing out of the war—the disposition of a specific group of individuals, victims of war who have come into the hands of our own and the other western allied armies of occupation in Europe."

Musicians Union Plans On Stoppage

Petrillo Says Union May Halt Record-Making And Radio Network Shows; Union Dissatisfied With Contracts

Washington, July 7.—(AP)—James J. Petrillo said today that "as of now" his musicians' union plans to bar its members from making records after December 31 and from participating in radio network music shows after February 1.

Those are the dates present contracts expire.

Petrillo said the American Federation of Musicians (AFM) is now planning to take those steps because of dissatisfaction over present contract conditions with the radio and record industries.

This outline of union plans was given by Petrillo to a House labor subcommittee headed by Rep. Kearns (R-Pa.) as it opened a probe into what Kearns said were Petrillo's dictatorial labor powers.

The federation is contemplating a change in policy after next Feb. 1, Petrillo said. This would be to prohibit the piping of network shows to radio stations all over the country.

Petrillo told a House labor subcommittee that his organization's membership is very much dissatisfied with the present royalty arrangement with the recording companies.

The union president said the union is considering making musical recordings and issuing them through the union.

The union leader appeared at the opening of the subcommittee's investigation of his organization.

Petrillo stated in response to questions from Rep. Fisher (D-Tex.) that he received \$46,000 annual salary plus \$13,000 annual expense aid a car.

Armory Question Before Aldermen

By CHESTER WALSH
The Board of Aldermen in regular session Thursday night rejected C. W. Howard and Dr. S. M. Crisp of the City School Board.

Capt. James B. Tyndall, commander of the Greenville unit of the recently organized National Guard unit, requested the board to turn over to the unit the armory, which had been leased during the war to the local post of the American Legion. The board approved the request, and the County Commissioners were expected to take similar action at their meeting at the courthouse today.

Mayor Jack Boyd, in a brief address, reviewed the administration's achievements during the past two years, assured the board of his continued best efforts for the progress of Greenville, and invited the aldermen's full cooperation. He praised the outstanding work of the various municipal departments, especially the police and street departments, and commended their heads, Police Chief Jim Tanner and Street Supt. Clyde Mallison. Mayor Boyd appointed the various committees.

The city budget will be approved within the next week. It was indicated that the city will go along with the \$1 tax rate on the \$100 valuation.

BANDIT KILLED ON TIMES SQUARE BUS

New York, July 7.—(AP)—A suspected bandit fleeing from the scene of a \$10,000 holdup in the Times Square area was shot to death by a patrolman in a crowded bus at 42nd Street and the Avenue of the Americas (6th Ave.) today.

Since the end of the war, Mr. Truman said, the armies of occupation have been able to return to their homes approximately 7,000,000 people. He added:

"But there still remain in the western zones of Germany and Austria and in Italy close to a million survivors who are unwilling by reason of political opinion and fear of persecution to return to the areas where they once had homes."

"The great majority come from the northern Baltic areas, Poland, the Russian Ukraine and Yugoslavia."

Saying that countries in western Europe and Latin America have opened their doors to substantial numbers of these people, he told the Congress:

"Our plain duty requires that we join with other nations in solving this problem."

"We ourselves should admit a substantial number as immigrants. We have not yet been able to do this because our present statutory quotas applicable to the eastern European areas from which most of these people come are wholly inadequate for this purpose."

Claims Credit For 'Inventing' Flying Saucer

Chattanooga, Tenn., July 7.—(AP)—A 34-year-old watchmaker said today he invented the flying saucer and submitted a model of it to the war department in 1943.

A. B. Cross said he sent a model, drawings and photographs of a flying disc to the department but that it kept only two drawings and returned the others, saying the idea was not practical "at the present time."

He said the department told him to get in touch with Bell Aircraft and that this firm advised him to contact Alexander Seversky, aircraft inventor, but he said he got tired of the "run-round" and gave up.

Cross, native of Newcastle, Pa., said he became convinced by statements made to him by members of the air force that the war department had elaborated on his original plan and had begun production of such planes. He said he had worked at Patterson Field, O., and Hendricks Field, Fla.

He told the News-Free Press his model was powered with a rubber band—but that he thought the discs were atomic powered.

Adding to the general confusion, W. D. Secret said he saw three discs while hunting turtles near the municipal airport Sunday. He made a sketch of what he said he saw and brought it to the newspaper. The discs, he said, were bigger than a house and had smoke and fire shooting from exhausts.

UNIFICATION BILL IS BEFORE SENATE

Washington, July 7.—(AP)—The postwar attempt to unify the Army, Navy and Air Forces under a single cabinet officer reached a Senate showdown today.

Chairman Gurney (R-SD) of the Armed Services Committee told a reporter he is confident the Senate will stamp its approval on the compromise bill evolved after more than two years of argument.

FRANCO UPHOLD FIRST ELECTION

Madrid, July 7.—(AP)—Unofficial returns indicated today that Spanish voters had ratified yesterday by a margin of approximately 19 to one a law confirming Generalissimo Francisco Franco as chief of state and giving him the right to propose his successor, who would become either king or regent.

Results tabulated by the Associated Press from 12,018 out of 21,242 polling places showed 5,694,904 affirmative votes to 350,477 opposed and 195,855 blank. Approximately 16,185,000 persons were eligible to vote in the elections—the first to be held in Spain in 11 years.

'Saucer' Is Seen Over N. Carolina

Asheville Woman And Neighbors Saw Mystery Disk Thursday; Thirty-Nine States Report Phenomenon

Asheville, N. C., July 7.—(AP)—Western North Carolina's first "flying saucer" has shown up.

Mrs. J. D. Norwood told the Asheville Times today that she, her son, John D. Norwood, Jr., and her neighbors, Mrs. Kate Medlock and Miss Martha Medlock were riding near Asheville shortly before dusk Thursday when they saw the "flying saucer" in the evening sky.

It became much larger and appeared rather low—lower than a plane normally flies, Mrs. Medlock said. She said that, as the four watched, the object swiftly disappeared to the westward.

San Francisco, July 7.—(AP)—From one end of the country to the other, new reports of disk-like "flying saucers" skimming through the sky today added to the mystery which has baffled the nation since June 25.

There was no satisfactory explanation of the phenomenon. The saucers first were reported seen in the state of Washington, June 25. Then persons in other western states said they had seen them. The peak came over the July 4 holiday, when they first were reported seen east of the Mississippi.

The latest tabulation showed the mystery objects had been reported seen in 39 states, the District of Columbia and in Canada.

An aerial patrol by the Oregon National Guard reported it had failed to sight one of the objects. The Guard planned to send a plane today to a spot near St. Maries, Idaho, where a woman said 10 persons saw eight of the disks disappear in timber on July 3.

150,000 LOSS IN WAREHOUSE FIRE

Henderson, July 7.—(AP)—A loss estimate of \$150,000 was placed today on a fire here yesterday which destroyed a warehouse of the Henderson Bonded Warehouse Co.

The building housed about 150 bales of cotton and approximately 1,000 bales of cotton lint. Fire in the building, which was located one mile west of the city limits, was discovered when an automatic sprinkler system set off an alarm.

ECTC TRUSTEES

Raleigh, July 7.—(AP)—John P. Stedman of Lumbering, Arthur L. Tyler of Rocky Mount and Dr. Lewis H. Swindell of Washington were appointed today by Governor Cherry to six-year terms on the board of trustees of East Carolina Teachers College at Greenville. Arthur B. Corey of Greenville was reappointed.

Three not reappointed were Mrs. Frank L. Greathouse of Rocky Mount, and J. Herbert Waldrop and F. C. Harding, both of Greenville.

A lovely arrangement of white carnations centered the bride's table and the dining room was lighted by burning white tapers in silver candelabra Mrs. Smith and Mrs. Whitehurst assisted in service.

After a delicious three course supper, the guests were seated at appointed tables throughout the house. Each table was centered with crystal vases holding summer flowers. Miss Bunting's place was marked by a corsage of white carnations.

The hostesses presented Miss Bunting gifts of crystal in her chosen pattern.

Guests included the members of the Taylor-Bunting bridal party. Approximately thirty guests were entertained.

Bethel.—On Tuesday evening, July 1st, Mrs. Eugene Carson and Mrs. P. L. Andrews, Jr. of Bethel entertained at an after-rehearsal cake cutting honoring the bridal couple—Miss Dot Bunting and James Van Taylor, Jr., both of Bethel, at the home of Mrs. James Van Taylor, Sr., mother of the groom.

Upon their arrival the guests were greeted by Mrs. James Van Taylor, Sr. The rooms were thrown en suite and were beautifully decorated with white and pastel summer flowers.

The bride's table, covered with a lovely linen cloth, was centered with a low silver bowl holding an all-white arrangement of gadiolas, carnations and feverfew. The centerpiece was flanked by burning white tapers in silver candelabra tied with tulle and the dining room was lighted by candles.

After the cake was cut by the bride, the bride and groom were seated at the head of the table. The bride's place was marked by a corsage of white carnations.

Assisting the hostess in serving were Mrs. L. N. James and Mrs. Julien Smith.

Approximately twenty guests were entertained.

Fish Stew By Meadowbrook Club
A delicious fish stew was enjoyed last Wednesday night, given by the Meadowbrook Men's Club, at their regular monthly meeting. There were about 300 men present. Mr. Stokes, a new member of the club, prepared the stew of well cooked flounders for most part.

Mr. Cliff Rhodus, president, presided in his usual informal but gracious manner. J. W. Hassell gave a brief devotional emphasizing the sin of fruitlessness in the Christian life.

The minutes were read by the secretary and then Mr. Robert Booth of Ayden and several Rotary friends entertained the club with an informal sing. Several spirituals were rendered, several choruses were sung by the group and one gentleman entertained the group with several accordion selections. As usual the ministry was well represented at this fish stew. Rev. J. W. Hassell, Rev. O. C. Hass, Rev. Robert S. Boyd and the Rev. H. G. Haney, who was introduced as the pastor of Meadowbrook, Dr. Haney is supplying while they look for a regular pastor.

Funeral services for Frank Moore 34, who died in Washington Friday

Paul Conant, national affairs advisor with the Southeastern division of the United States Chamber of Commerce, spoke Thursday at a meeting of the legislation and national affairs committee and chairmen of the other committees of the Greenville Chamber of Commerce. Conant urged the businessmen of Greenville to take an active interest in the legislation being considered in Congress, declaring, "There is an opportunity now for businessmen to make themselves heard." He explained the effort now being made throughout the country to organize the local chambers of commerce so there can be unity action when there is legislation in Congress that is questioned in its advantages toward business.

"For the last 14 years we have not had a Congress friendly to business," Conant stated. He added that the "sorry bills" which have been passed must be corrected "so a man can stay in business."

L. S. Picklen, chairman of the legislation and national affairs committee of the Greenville Chamber of Commerce, presided at the meeting.

morning following a heart attack, were held at Chocowinity Baptist Church Sunday at 4 p. m. Rev. Duff Toler, Free Will Baptist minister of Chocowinity, officiated. Burial was in Trinity Episcopal Church cemetery.

"LARGEST INSURER OF CARS IN NORTH CAROLINA"

Now! LIFE INSURANCE EXPERTS PROVE THAT FORD TRUCKS LAST up to 19.6% LONGER

FOR THE first time in history, scientific methods used by life insurance companies in computing rates have been put to work in figuring out life-expectancy tables for Ford Trucks.

4,967,000 Trucks Tested . . .

Wolfe, Corcoran and Linder, leading New York life insurance actuaries, assembled the records of all trucks of the five sales leaders registered from 1933 through 1941 . . . 4,967,000 trucks in all. Then they prepared truck life-expectancy tables in exactly the same way that they prepare human life-expectancy tables for life insurance companies.

Ford Trucks On Top!

The result? Ford Trucks Last Longer! Up to 19.6% longer than the other 4 sales leaders! Why is this true? Because Ford

What Longer Truck Life Means to You . . . Why it Pays to Wait for a New Ford Truck!

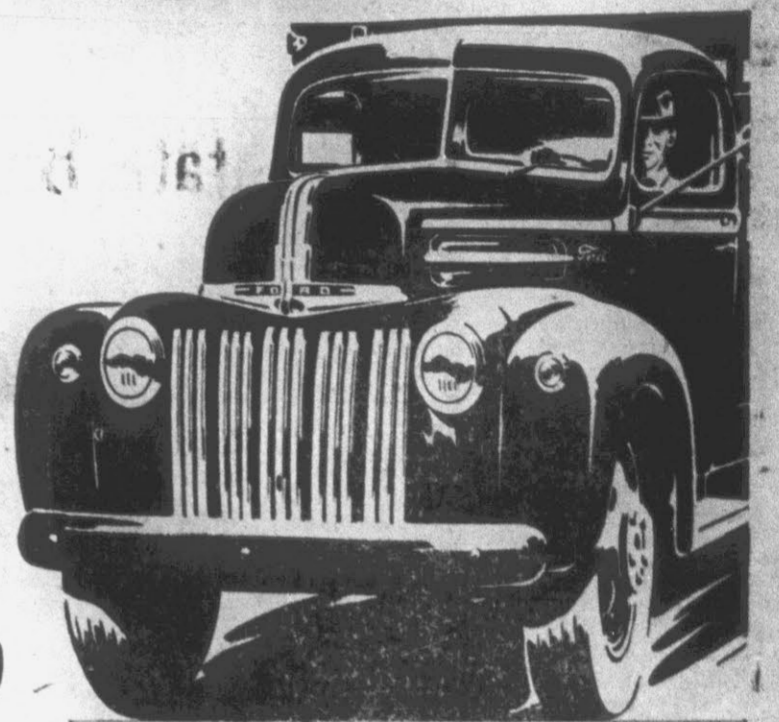

It stands to reason the longer you use a truck, the less it costs to own. That's why longer-lived Ford Trucks are the top truck value. And, logically, Ford longevity means lower maintenance costs . . . less time in the shop. It means more unused miles when you're ready to trade, and a better trade-in. Yes, any way you look at it, you'll get more truck for your money with a Ford Truck . . . because Ford Trucks last longer!

Trucks are built stronger. They're built to last longer! That extra life that's put into Ford Trucks comes from Ford experience in building more trucks than any other manufacturer. Ford knows how to build trucks that last longer!

See us today. See the life-expectancy charts. You'll see why it'll pay you to place your order for a Ford . . . the truck that lasts longer!

Certified Proof

FORD TRUCKS LAST LONGER!

The life-expectancy of a Ford Truck is:

- 13.1% longer than that of truck "B" 3.2% longer than that of truck "C" 7.6% longer than that of truck "D" 19.6% longer than that of truck "E"

OFFICIAL ACTUARIAL CERTIFICATE

Based on the application of sound and accepted actuarial methods to the actual experience as measured by truck registrations, we hereby certify that, in our opinion, the accompanying table fairly presents the relative life-expectancy of the trucks involved.

Strength FOR THE DAY

FROM DESPAIR TO NEW TRIUMPHS

In 1453 the Turks entered Europe by capturing Constantinople. It looked as if the end of European culture had arrived. With the route to the Orient blocked, Europe was now hemmed in. It appeared that further growth was impossible.

People talk today about the possible collapse of civilization. We should remember that civilization is always on the verge of collapse. But if with our added knowledge today we are not able to avoid catastrophe, then something of dreadful character has happened to the human mind and spirit—and this is improbable.

In individual life as well it often happens that having one source of satisfaction and achievement denied us, we turn our faces in another direction and find new and greater triumphs in 1453 everyone was talking about Constantinople.

asked to join the western countries in the forthcoming Paris conference. However, unless Moscow changes its attitude we would expect it to order its satellites not to participate, thus precluding hope of achieving the badly needed economic unity for all Europe.

Approach of this Russia already is beginning to put the screws on some of the western democracies to keep them from adhering to the project. This is being done through the communist parties in the various countries, again demonstrating the significant fact that many communists take their orders from Moscow, irrespective of the policies of their own countries.

France already is coming under fire of her own big communist party and she is vital to the economic recovery program. If Moscow so increases the French reds can do much damage, for they are power-

ful both politically and in the trade unions. Italy is another country which is eager to participate in the recovery program, and is in much the same position as France with respect to the communists.

Unless Russia unexpectedly changes her mind and joins with the west, she probably will concentrate heavily on France and Italy in an effort to hamstring them. Both of these war-torn countries had large communist representation in their cabinets until recently when the red ministers were ousted by the premiers.

The way things look now, one may expect the success of the rehabilitation program in western Europe to depend largely on how fast it can be got into action. Countries like France and Italy must be dealt with quickly.

Winning Homer Hit By Jacobs In 7-6 Victory

Uphill Fight Against New Bern Ends In Eighth With 300-Foot Drive Over Right Field Fence

By BERT MOYE
Arthur Jacobs' 300-foot homer over the right field wall in the eighth frame with two men out gave the Greensies a 7-6 win over the New Bern Bears at New Bern yesterday and evened the two game series between the two clubs during the weekend.

Fighting an up-hill battle all the way the Greensies knotted the count at six-all in the seventh frame with a single marker, after scoring four runs in the third stanza and one in the fourth.

New Bern took the lead in the second stanza by scoring four runs on five hits, including Manager Worliss Knowles' homer over the right field wall, together with the aid of an error. They came back in the third to score a singleton when Soufas walked and scored on Earp's double. They ended their scoring in the sixth when Settle doubled and Zunno doubled to bring him home.

Trailing by four runs in the third frame, the Greensies scored four markers to come within one run of knotting the count at five-all. Joe

Alamo walked, Lee walked, Willie Manney loaded the bases when Shortstop Palmer booted the ball. Timm walked to force in Alamo, Bomar walked, forcing in Lee, Jenkins hit to shortstop, forcing Bomar at second with Willie Mauney scoring, and in attempting a double play New Bern's first sacker booted the ball, with Timm scoring on the error.

Greenville knotted the count at five-all in the fourth frame when they scored a singleton. Ranweiler hit to Soufas at third who threw the ball wild to first, enabling him to take second and Willie Mauney singled to bring home Ranweiler. Jack Bomar's homer over the right field wall with one man out in the seventh frame knotted the count again in the seventh frame.

Joe Alamo pitched the win for the Greensies, his second since Friday, to bring his record for the season to seven wins against seven losses. Although he was touched for a dozen hits, he kept them well scattered with the exception of the second inning when they collected five of their total hits. Joe only struck out one man and issued only one free pass to first base.

Arthur Jacobs with a homer and single, and Jack Bomar with a homer and a single in four trips to the plate respectively led the eight-hit attack off the two New Bern hurf-

ers. Since last Thursday the Greensies have won three of their five contests, losing to Roanoke Rapids here Thursday night 15-7, took a clean sweep of their July 4th games with Tarboro, winning over in Tarboro in the afternoon 6-4, and 2-1 in the night contest. On Saturday night the Greensies lost to the Bears by a 10-3 score and then won from New Bern Sunday at New Bern 7-6.

DIAMOND DUST

By BERT MOYE

The Greensies travel to Rocky Mount tonight to meet the Leafs in a game there, on Tuesday night they play the Leafs in a double-header here with the first game getting underway at 7 o'clock. On Wednesday night they play the high flying Kinston Eagles, on Thursday the Greensies go to Kinston for a return game. On Friday night Wilson plays here, and Saturday night a return game is played in Wilson. On next Sunday afternoon the Goldsboro Bugs will come here in the first of a two game series with the first game getting underway at 3:00 p.m.

Bobby Page, Greenville third sacker, who received a broken ankle in the game at Roanoke Rapids last Thursday afternoon, was seen around town yesterday getting around on crutches. He will be out of the lineup for several weeks.

Bill Anderson of Mocco, Kentucky, has signed a Greenville contract. He was sent here on option from

Bill Lynch, Greenville second sacker, who was placed on the suspended list to make room for the signing of Arthur Jacobs and Glenn Jarvis, has been given his outright release by club officials. Bobby Page has been placed on the suspended list to make room for Anderson.

Zippy Zunno of New Bern, in teasing a base here Saturday night, reached the 51 mark for a new record in the Coastal Plain, topping Anderson's record of Fayetteville last season, which was 50.

Boys League

In the final games of the first half which were played last Thursday the Giants won over the Red Sox, the Tigers defeated the Senators 12 to 0 and the Yanks won over the Dodgers 10 to 4.

The Giants won the first half in the Intermediate League, the Lions in the Junior League and Greensies in the Senior League. Only a few games separated any of the teams and a hard fight is expected to be waged for the second half title and the right to engage in the final championship series.

Facts and Figures

for the buying public to consider . . .

To meet the present post war high price situation, Quinn, Miller & Stroud immediately reduced their prices when President Truman made his first request.

TRUE FACTS AND FIGURES

Our records show for the months of May and June only we saved the buying public in reductions from the regular prices the sum of

\$4,188.80

The manufacturers' prices for fall have not been reduced and in some instances they are slightly advanced. However, it will be our policy to hold down these prices by continuing our liberal reductions on all merchandise in our lines

For Cash or Credit

For the past 3 to 5 years, prices have been high on all merchandise, and when we reduced our prices we were in hopes that all would do likewise. We still invite those who will to-join us in our fight for lower prices.
