Admitting Immigrants Has Support

Assistant Secretary Of Labor Argues For Stratton Bill; Says Act Will Increase Our Economic Well-Being

Washington, July 9.—(AP)—Assistant Secretary of Labor Philip Hannah said today admission of 400,000 displaced Europeans into the United States would "actually increase our economic well-being."

Arguing for passage of a bill that would let 100,000 a year through immigration barriers for the next four years, Hannah declared:

"The assumption of this responsibility is entirely in keeping both with our tradition of providing haven for the oppressed, and our present position of leadership in the world."

Hannah prepared his statement for a House Judiciary subcommittee which is considering the measure by Rep. Stratton (R-Ill).

Arguments against the proposal, Hannah said, are based on "the erroneous belief that in any given country during any particular period there are just so many jobs to be filled, and that an increase in population inevitably means that some must go jobless."

He estimated that of the 100,000 who would be admitted each year under the Stratton bill, not more than 60,000 would be of working age or in need of employment.

"This number," Hannah said, "is so small compared to our total labor force of 60,000,000 as to present no problem of competition with native workers."

He added "many of these people (Continued on Page Four)

No End To Fight Against Labor Bill Says Green

Washington, July 9.—(AP)—AFL President William Green told leaders of 105 AFL unions today "we will never stop fighting until the Taft-Hartley labor law is repealed and those who voted for it are defeated."

Green spoke at the opening of a special conference of union officials to determine policy toward the new labor law's provisions. He said:

"The Taft-Hartley Act represents a determined attack on the trade union movement by our enemies. It is an attempt to weaken unions and render them impotent so that the working people of the country can be exploited."

John L. Lewis, head of the AFL United Mine Workers, was not present but more than a dozen of his top ranking officials and lawyers attended.

Lewis and Green conferred last night, presumably on the mine workers' new contract and its relation to the Taft-Hartley law.

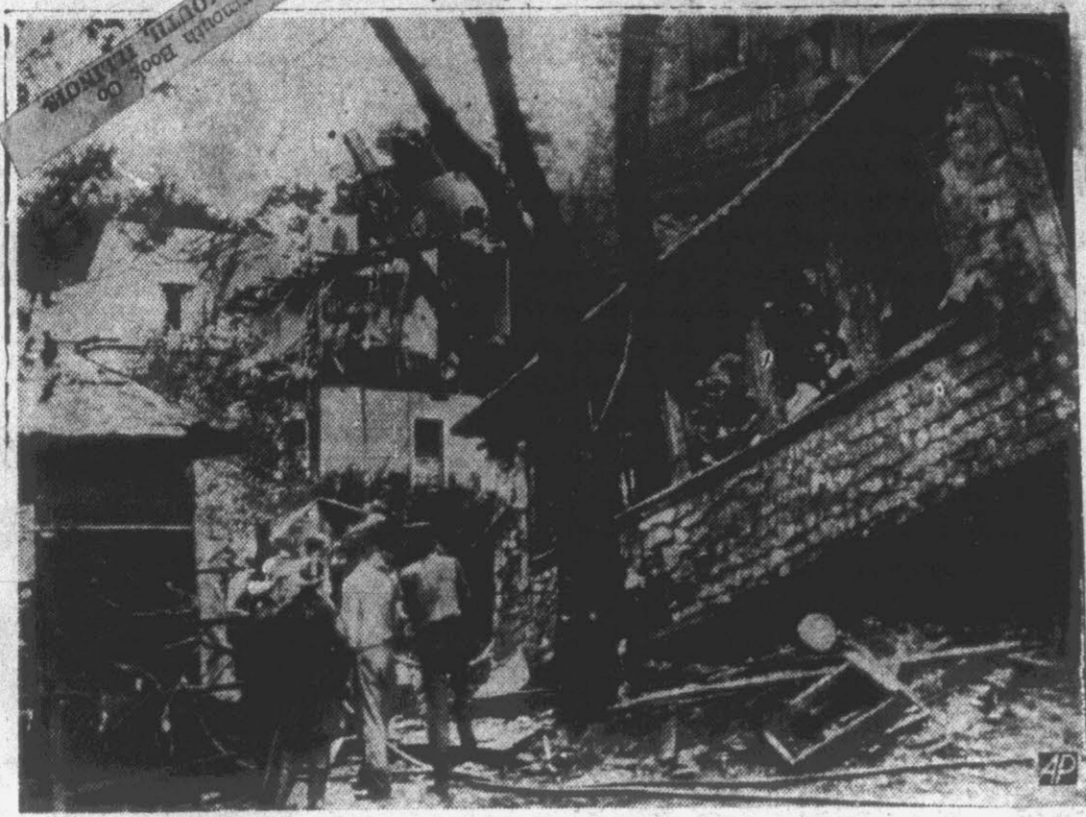

The miners' pact probably will come up for discussion at the AFL conference because it is the first major agreement negotiated since passage of the Taft-Hartley Act. It contains provisions skirting some requirements of the law.

CLIMAX OF FRENCH PLOT WAS DUE TODAY

Paris, July 9.—(AP)—Had it not been discovered in time, the Black Maqui plot to overthrow the French government would have reached its climax today with four columns of troops marching on Paris, says the interior ministry.

Further details of the plot, which the government announced last week had been smashed, were disclosed in a ministry press statement declaring that the conspirators proceeded on the supposition that France "is a powder keg and liable to have been either arrested

Home Wrecked, Flier Killed In Plane Crash

A naval pilot was killed, his passenger and a civilian on the ground were injured, and two houses were damaged when a Navy "Helliver" plane crashed into the buildings at Quirex, Mass. The plane sheared off the top floor of the house in center and plowed into the home at right, setting it afire. (AP Wirephoto)

New Pitt Hospital Election Sept. 16

Special County Election Called On Expenditure Of \$351,900 As Share In 140 Bed Hospital; State Will Supply \$248,000; Federal Aid Amounts To \$300,000

By STUART CARR

The County Commissioners met on Monday, July 7th, and decided to call a special election on September 16 of this year to ascertain whether the people of Pitt County are willing to expend county funds to the extent of \$351,900 as the county's share in a new 140 bed hospital.

Several months ago legislation was introduced in Congress to provide for federal aid toward hospital construction and considerable interest was shown by a large group of people within the county. However, Congress was confronted with more important foreign, tax and labor legislation and the bills for hospital aid were temporarily shelved.

Within recent months Congress has passed the Hill-Burton Act, which states that federal aid will be available to the extent of one-third of the cost of new hospitals. This program is to extend over a five-year period and on Monday of this week Congress, through the Surgeon General's office, made available \$3,431,550 to North Carolina for the twelve month period beginning July 1, 1947.

At the last session of the North Carolina Legislature a bill was unanimously passed appropriating (Continued on Page Two)

Golden Tide Of Wheat In Kansas Bumper Crop

Great Bend, Kas., July 9.—(AP)—The golden tide is rolling in from Kansas' big wheat harvest.

Grain belts reported indicated today farmers are capitalizing on a combination of good weather after a long rainy spell, improvement in the supply of combines, and just plain get-the-job-done determination to bring in the greatest crop in the state's history.

In many counties, yields were exceeding early expectations—bolstering predictions of some observers that the crop will top the government's latest estimate of 278,000,000 bushels.

But it all wasn't easy going. Just as in the war years, the wheat farmer was handicapped by shortages—lack of box cars, for one thing. With not enough cars available to move the grain, country

Romania Rejects Invitation To Paris Meeting

Paris, July 9.—(AP)—Romania rejected today the British-French invitation to a Paris conference on the Marshall aid-to-Europe proposal, and became the second nation in the Russian sphere to decline the bid. Bulgaria's rejection came last night.

The Romanian cabinet issued a communique rejecting the invitation.

In Moscow, meanwhile, the Soviet press made no mention today of the conference, which will open in Paris Saturday.

An Associated Press dispatch from Sofia said the council of ministers decided last night that Bulgaria would not take part in the meeting. The Oslo newspaper Aftenposten reported that Norway had decided upon participation.

Still unheard from were the governments of Poland, Hungary, Yugoslavia, Albania, Finland and Sweden.

The French Foreign Ministry yesterday said formal acceptance had come from 10—Belgium, Italy, Portugal, Eire, Greece, Turkey, the Netherlands, Luxembourg, Czechoslovakia and Iceland.

Associated Press dispatches have reported, in addition to Aftenposten's story on Norway, the favorable decisions of Austria, Denmark and Switzerland.

WORLD TODAY

By DEWITT MACKENZIE

Whatever may be the real significance of Czechoslovakia's decision to attend the forthcoming Paris conference on the Marshall rehabilitation plan (and the import certainly isn't clear at this writing) it's good to see this liberty-loving little republic among the acceptors of the invitation.

There is no country in whose heart the fire of freedom burns more fiercely, and it would have many if her membership in the Russian bloc had compelled her to decline participation in the parley. It has been my privilege to know Czechoslovakia well from her birth, and to have had the acquaintance of the late Dr. Thomas Masaryk, father of his country and her first president. And so, knowing her fighting spirit so well, it would have been a shock if she had stayed away from Paris on orders from Moscow after she already had expressed a desire to be present.

Naturally Prague's acceptance of the Anglo-French invitation to join in the economic discussion has given

view to widespread speculation, in view of Russia's condemnation of the Marshall program and refusal to participate in it. Why should Moscow seemingly acquiesce now? The answer would appear to be one of two things:

1. Czechoslovakia refused to take orders from anybody, or (2) Moscow decided that it would be a good thing for the Slavic bloc to be represented by Prague at Paris.

Strangely enough, at the same time, a Czechoslovak source in Prague was quoted as suggesting that Russia herself might try to get back into the conference. Simultaneously in London British Foreign Minister Bevin indicated that the door still was open to Russia. He expressed joy that Czechoslovakia would attend the conference and declared that the Marshall program was a step toward "a great unity of peoples throughout the world."

Thus the eyes of the world are centered on the Czechoslovakian development. Probably we shall not know its meaning until the Paris conference has demonstrated it by words and deeds.

LUMBERTON NEGROES FILE CLAIM SCHOOLS SYSTEM IS UNFAIR

Lumberton, N.C., July 9.—(AP)—Counsel for 3 Lumberton negroes have filed with the clerk of Superior Court a petition asking that Lumberton and Robeson County school officials be restrained from allegedly discriminating against negro children in school and transportation facilities.

The petition said that the two school for negroes in Lumberton are "unsafe and unsanitary" and no bus transportation is furnished.

The Lumberton School Board, the County Board of Education and the County Commissioners have 30 days to answer the petition.

GROUND FLYING SAUCER RUMOR SPOILED BY ARMY

Fort Worth, Tex., July 9.—(AP)—An examination by the Army revealed last night that a mysterious object found on a lonely New Mexico ranch was a harmless high-altitude weather balloon—not a grounded flying disc.

Excitement was high in disconsolate Texas until Brig. Gen. Roger M. Ramey, Commander of the Eight Air Force with headquarters here, cleared up the mystery.

FEVER SPREADS

TEHERAN, July 9.—(AP)—The flying saucer fever spread to Iran today.

Press reports from Zabool, Shosef and Sarbisheh near the Afghan frontier said residents there had observed strange star-like bodies in the sky that exploded loudly, leaving a cloud of smoke.

The newspaper Mehri Iran said the objects apparently had something to do with a secret weapon, which it dubbed "V-28."

Betrothal Of Royal Couple Expected Hourly

London, July 9.—(AP)—A royal announcement was expected momentarily today that Princess Elizabeth, heiress presumptive to the throne, would be married this fall to Lt. Philip Mountbatten, who renounced a Greek title for a minor commission in his prospective father-in-law's navy.

Afternoon newspapers anticipated the announcement with headline that delighted romantics: Britons who have taken the popular couple to their hearts.

"Princess Weds In October; Announcement Tonight or Tomorrow," the Evening Standard bannered.

"Princess and Philip to Wed," said the black type of the Star.

"Princess: A Statement Soon," cryptically said the Evening News.

The authoritative British Press Association said it had learned from official sources at Buckingham Palace this afternoon that an authorized statement will be made within the next day or two regarding reports of the betrothal, which will clear up the whole matter.

The prince, handsome and democratic, turned 21 last April. Her prospective groom, who would become a prince consort in the same manner as queen Victoria's Prince Albert, is 26 and a great-grandson of the last ruling queen of the British empire.

Hint Renewal Of U.S. Aid Needed

London, July 9.—(AP)—Parliament had a hint today the government may take effect next Jan. 1.

Chairman Millikin (R-Colo.) whipped the bill through his committee without the formality of hearings. The legislation, approved by a whopping 302 to 112 margin in the House yesterday, is identical with the original tax reduction measure vetoed by President Truman, except that the effective date is moved up from July 1, 1947, to Jan. 1, 1948.

The committee went into closed session at 9:14 a.m. (EST) and reached its decision at 9:57.

Before the deciding vote, the committee rejected, also 10 to 3, a substitute bill proposed by Senator Lucas (D-Ill.).

The Republican schedule for Senate action gives the tax measure right-of-way for consideration as soon as the Army-Navy unification bill is disposed of—possibly tomorrow.

Senator Proposes President Seek United Nations Charter Revision

Washington, July 9.—(AP)—Senator Ferguson (R-Mich.) proposed today that Congress ask President Truman to seek revision of the United Nations charter in behalf of a "permanent world peace."

Ferguson introduced a resolution for himself and a number of other Senators which would call upon the President to try to "strengthen the United Nations."

Ferguson said he offered the proposal in behalf of Senators Tobey (R-NH); Baldwin (R-Conn.); Cain (R-Wash.); Flanders (R-Vt.); O'Mahoney (D-Wyo.); Taylor (D-Id.); Byrd (D-Va.); McMahon (D-Conn.); and Sparkman (D-Ala.). Some of the group conferred dur-

Southern Coal Group Accept Pact

Association Announces It Will Accept New Soft Coal Wage Contract; About 150,000 Miners Will Be Affected

Washington, July 9.—(AP)—The Southern Coal Producers Association announced today it will accept the new soft coal wage contract, already signed by 75 percent of the industry.

Henry F. Warden, spokesman for the association, told reporters after a two-hour session that the organization had authorized its 13-member associations and individual companies to sign up.

"They will do it right away," Warden said, adding: "It might be possible to have some of the mines in operation tomorrow."

Warden estimated that about 150,000 miners would be covered by the signatures of the southern producers.

Lewis already had ordered the bulk of the country's 400,000 coal diggers back to work upon signing of the new pact by northern and "captive" mines and most of the midwestern and far western operators.

Warden said operators in a few southern states, Virginia, Tennessee and Alabama, would delay signing the pact pending a clarification of an apparent conflict between the agreement and state laws governing the union shop and check-off.

Pennsylvania counted about half its 100,000 miners on the job while in Illinois, the United Mine Workers headquarters said 75 percent of its 23,000 members were back at work.

The Illinois Coal Operators Association reported all mines in the state were operating.

In Ohio, about 14,000 of 16,000 diggers in the eastern Ohio field trooped back to work this morning and the remainder was expected to don helmets and caps before night-fall.

Production was spotty in West Virginia, normally the nation's largest producer. In the southern part of the state, only six mines owned by the U.S. Coal and Coke Co. and employing 2,500 were working. The return to work was more general in the northern section. Over the state about 23,000 of 100,000 miners were working.

In Alabama, two of 10 steel company-owned mines re-opened today with the day shift. About 800 miners of 5,500 employed by the U.S. Steel Corp. and Republic Steel were back. All other pits were idle.

UMW leaders predicted the bulk of the 300,000 miners covered in the agreement signed with northern, mid-western and western operators, would be digging coal today. Some steel company owned "captive" mines in the south also were scheduled to reopen.

Senate Finance Committee OK's Tax Reduction

Washington, July 9.—(AP)—The Senate Finance Committee approved the \$4,000,000,000 income tax cut bill today in 43 minutes.

The vote was 10 to 3, with only Democratic Senators Barkley (Ky.), Lucas (Ill.) and Connally (Tex.) opposing the reduction which would take effect next Jan. 1.

Chairman Millikin (R-Colo.) whipped the bill through his committee without the formality of hearings. The legislation, approved by a whopping 302 to 112 margin in the House yesterday, is identical with the original tax reduction measure vetoed by President Truman, except that the effective date is moved up from July 1, 1947, to Jan. 1, 1948.

Senate Told Secret Atom Files Have Been Stolen

Washington, July 9.—(AP)—Senator Hickenlooper (R-Iowa) told the Senate today that important information files were taken from the Los Alamos, N. M., atomic testing station in March, 1946, but were recovered without any breach in security.

Chairman of the Senate-House energy committee took the floor to say his group has no reason to believe a published report in the New York Sun that highly secret data on the atomic bomb is missing from the

panit. He said, however, that the atomic energy commission had reported to the committee that certain documents were taken by two army sergeants when they were demobilized from the Los Alamos project.

The theft was not discovered until this year after the atomic energy commission had taken over from the army the operation of the atom-

ic setup. Hickenlooper said the documents were recovered from the private files

of the two ex-soldiers, whom he described as souvenir hunters, with indications that they were not seen by any outsiders.

"The documents were, as we believe, completely and fully recovered," Hickenlooper told his colleagues. "There was no effective breach of security."

"We have no information that any unauthorized persons did see these Justice Department is still investigating. He added:

"The joint committee, the Federal Bureau of Investigation, the military and naval establishments are all keenly aware of the transcendent importance of the security of the facilities of the atomic energy commission."

Hickenlooper told his colleagues the committee has no reason to believe published reports that files have been stolen from the Oak Ridge (Tenn.) project.

The New York Sun, in a dispatch from its Washington bureau, reported today that highly secret data on the atomic bomb had been stolen by unidentified agents working from within the Oak Ridge plant.

The joint committee has no information on this subject and no reason to believe that highly classified, secret documents have been stolen," Hickenlooper said, in referring to the Sun article.

Lightning Raids Crush Revolt Plot In Athens

Greek Gov't Announces Over 2,000 Persons Arrested; Official Says Communists Had Set Zero Hour For Mass Uprising; Start Deportations

Athens, July 9.—(AP)—The Greek government announced that more than 2,000 persons were arrested in the Athens area early today in raids aimed at stamping out a Communist plot to stage a revolution and spread civil war throughout the entire country.

Minister of Public Order Napoleon Zervas said the zero hour for the Communist stroke was to have been around 1 a.m. tomorrow, when attacks were to have been staged simultaneously in all parts of Greece, bringing the present mountain guerrilla warfare into urban centers.

Between 3,000 and 4,000 police, gendarmes and soldiers staged the lightning raids before dawn this morning, Zervas said. He added that many important Communists

already had fled and either were hiding in Athens or in the mountains.

Most of those arrested, he said, will be taken to islands near Athens, while the investigating continues.

The transport already has begun. Some ringleaders, Zervas added, will remain in Athens to await hearings. Those not implicated in the plot will be released and others probably will be exiled, officials said.

A leftist leader who escaped arrest in the first raids declared: "They're making a clean sweep. The arrests were carried out by security police on orders of the council of ministers and followed rumors—current for several days—that the Communists were planning

Doctor Saves Lives Via Radio 6,000 Miles Away

24 Ital.—DOCTOR SAVES C Honolulu, July 9.—(AP)—Three blood transfusions—one administered by an expectant mother—listened to a doctor's instructions via amateur radio—enabled a 19-year-old Army radioman to survive a night plane crash at Palmyra Island which cost his right arm and leg.

The blond radioman, whom Seventh Air Force officers declined to identify, was brought by rescue plane to Hickam Field late today, with five shaken but unhurt fellow crewmen.

His C-46 cargo plane had crashed on a reef at Palmyra, 1,000 miles south of Hawaii.

The radioman, crewmen said, told them he thought at first the transmitter had exploded; he reached for a fire extinguisher but discovered "I don't have any hand."

Crawling from the shattered, burning plane into knee deep water,

he stumbled twice and thought he was stepping into a hole; "then I found my leg was gone."

He screamed for help, and other crewmen carried him 100 yards through the surf to shore.

Two men carried the severely injured radioman through the pounding waves to safety. Then they roused the Civil Aeronautics Authority crew on Palmyra, and first aid was given.

Tourniquets and bandages staunch the flow of blood while radio appeals for help were transmitted. An Audubon, N.J., amateur heard the calls and radioed instructions from a doctor in that city, some 6,000 miles distant.

GEN. WAINWRIGHT TO RETIRE; SUCCESSOR TO POST NAMED

Washington, July 9.—(AP)—Gen. Thomas T. Handy, Army Deputy Chief of Staff, will succeed Gen. Jonathan M. Wainwright, hero of the Fourth Army with Headquarters at San Antonio, Tex., when Wainwright retires.

The War Department said today that Wainwright will doff his uniform August 31. Handy will assume command the next day.

Wainwright, 64, whose Army career dates back to 1906, has said he will become an executive with a grocery chain with headquarters in San Antonio.

Handy has been mentioned, among in speculation over a successor for Gen. Dwight D. Eisenhower, Chief of Staff, will retire next year to become President of Columbia University.

The owners agreed that Lewis' union represented the miners. So Lewis did not have to get NLRB help to prove it.

Since he didn't, he doesn't have to tell anyone how much money his union has or who in the union draws how much pay.

As for disputes which may lead to strikes, Lewis and the owners agreed to settle that subject themselves.

But suppose some hot-headed miners, without okay from Lewis, go out on a wildcat strike at some mine.

The new law says a boss can sue a union for striking like that while a contract still is in existence. Could not a mine owner sue Lewis' union?

No, according to at least one lawyer expert on the new law, because the contract says: any time miners are not "able or willing to work" there's no contract.

Since the owners signed this, they seemed to give up any right they have under the law to sue for a strike that violates a contract.

The new law says a boss or union (Continued on Page Four)

'Mr. X' Gives Viewpoint Of Some Diplomats

Washington, July 9.—(AP)—A conviction that the United States must deal with Russia for many years as a rival, not a partner, is expressed in a highly authoritative but anonymously published article which is attracting much diplomatic attention.

It outlines the view that if the Soviet Union can be held in check for the next decade or longer, the result may be either a more cooperative attitude or a breakdown of Russian power.

The article is published in the July issue of Foreign Affairs, a quarterly magazine, under the signature "Mr. X." There is speculation among diplomatic circles that it sets forth the thinking of George Kennan, chief of Secretary of State Marshall's new policy planning staff.

The theme of the article is that (a) Soviet leaders hope for and expect an eventual breakdown of the capitalist world, (b) that meanwhile they justify their dictatorship by preaching inside Russia "the menace" of capitalist encirclement and (c) abroad they follow a practice of expanding into all areas where other powers are weak.

The writer speculates that if the United States, along with other western nations, can follow a policy of firm containment of the Soviet Union for 1 or 15 years the result may be either a meliorating or a breakdown of Soviet power.

10—BRITAIN TO WASH. London, July 9.—(AP)—A spokesman for the British war office said today that the British military forces in Greece will be reduced 25 percent by September 1.

The spokesman declined to state the number of troops in Greece, adding, "we only talk in percentages."

DEMO ADVISORS URGE PRESIDENTIAL TOUR Washington, July 9.—(AP)—Democratic leaders were reported today to be urging President Truman to make a cross country tour late this summer, presumably as a warm-up for the 1948 campaign.

Mr. Truman was said to have given no indication whether he will make such a tour.

News of the suggestion, which has been made by Democratic National committee officers over the last few weeks, came from authoritative sources following a visit to the White House today by Democratic leaders from six southern states.

White-Williams: Miss Margaret Christine Williams daughter of Mr. J. A. Williams and the late Mrs. J. A. Williams of Seven Springs, N. C. became the bride of Mitchell Erwin White, Jr., son of Mr. and Mrs. Mitchell Erwin White, Sr., of Greenville, N. C., in a candle light ceremony Saturday afternoon, July 21, 1947, at five o'clock in the Holy Innocents Episcopal Church.

Rev. Jack R. Rountree of the church officiated at the double ring ceremony. Prior to the ceremony a program of wedding music was presented by Mrs. J. A. Williams, step-mother of the bride and Mrs. Willard Rouse.

The bride, given in marriage by her father, wore a gown of white slipper satin designed with a sweetheart neckline, a fitted bodice and long sleeves ending in pointed over the hands. The full skirt, with wide lace insertion ended in a long sweeping train. Her finger tip veil of French illusion fell from a coronet of pearls, and she carried a white satin prayer book topped with a purple throated orchid and showered with baby breath and white satin streamers.

Mrs. W. L. Byrd of Greenville was matron of honor. She wore a dress of pale blue marquisette fashioned with basque bodice, sweetheart neckline and full skirt. She wore elbow length mitts and carried a nosegay of mixed flowers tied with pink ribbon.

The bridesmaids were Mrs. R. R. Rouse of Raleigh and Mrs. W. R. Burgess of Roseboro, sisters of the bride. They wore identical gowns of yellow and pink organdy fashioned after that of the matron of honor and carried nosegay of mixed flowers, tied with rainbow ribbon. They wore elbow length mitts and neaddress of matching net.

Sherod Smith White, brother of the bridegroom, was best man. Ushers were Frank Penny of Richmond, Va., Billy Wayne Tucker of Earl Rogers and Milton Howard of Greenville.

Mrs. White, mother of the bridegroom wore a blue mateglass crepe with white accessories. Her flowers were white carnations.

Following the ceremony parents of the bride entertained at a reception at their home. Guests were greeted by Mrs. Williams and Mrs. White and introduced to the receiving line composed of the bridal couple and attendants. Guests were invited into the dining room. The bride's table was covered with a white linen cloth centered with an arrangement of white flowers flanked by white tapers in an armed candle arbor.

After the bride and groom cut the three tiered wedding cake the guests were served coffee, punch, nuts and minis. The home was decorated throughout with white gladiolas and greenery.

The guests were then invited into the gift rooms and to register in the brides book.

Immediately following the reception Mr. and Mrs. White left for a trip to unannounced points. Following the trip the bride wore a light pink gabardine suit with white accessories and orchid from her grandfather. The couple are at home at 404 Rotary Avenue, Greenville, N. C.

The bride attended high school at Moss Hill and East Carolina Teachers College and at the present is a member of the Winterville school faculty.

Mr. White was graduated from Greenville high school and holds a position with Greenville Utilities Commission.

The bride was entertained at a number of parties before the wedding. An announcement party was given by Mrs. Willard Rouse at her home near Seven Springs in the form of a shower. A tasty salad course was served and the hostess presented the bride with a baby orchid and crystal in her chosen pattern.

Mrs. Billy Byrd and Mrs. Charles Edwards of Greenville and Winterville respectively entertained at a bridge party. The hostesses served cake and ice cream and remembered the guest of honor with a salad plate in her china pattern.

Mr. and Mrs. M. E. White, Sr. served a buffet supper in honor of the bridal couple at their home in Greenville. The bride was presented Luray china and a corsage of white carnations by the hostess.

After the rehearsal Mrs. W. R. Burgess and Mrs. R. R. Rouse, sisters of the bride entertained at a three course banquet supper in Kinston hotel.

The North Carolina Exposition and Festival to be held in Wilson August 14-15, will send a squadron of eight or ten planes here next Sunday on a boosting tour of the eastern part of the state. The planes will arrive at the airport here at 1 p. m. Miss Wilson, queen of the Tobacco Festival, will accompany the party here.

Chamber of Commerce Secretary Willard T. Kizer said the presidents of various civic clubs and other organizations will be invited to be at the airport to welcome the aerial guests. Various cities and towns of Eastern Carolina will elect queens of their own communities to represent them at the festival. It is understood that the Greenville Junior Chamber of Commerce will be named to select the queen here.

WORK CONFERENCE OF TEACHERS HELD AT ECTC TODAY

With Dr. Meredith N. Posey of East Carolina Teachers College as presiding officer, a work conference sponsored by the North Carolina English Teachers Institute was held in the Austin building of East Carolina today. Attending were approximately 50 teachers and prospective teachers from various localities in the eastern part of the state.

A program on the theme "Grammar and the Teaching of Grammar" was presented. During the morning session Dr. Lucile Turner, chairman of the department of English at East Carolina, presented a paper on "Current Precept and Practice in Grammar," and Emma L. Houser and Mary H. Greene, faculty members of East Carolina, discussed aspects of the teaching of grammar.

WILD LIFE CLUB TO MEET

The Pitt County Wildlife Club will meet at the Red Oak Community building, four miles out on the Farmville highway, Thursday night at 7 o'clock. Jesse R. Moye, president, will preside. Members of the Piney Grove Ladies Aid Society will serve supper—"dutch" treat. The Program Committee has arranged an entertaining program.

ELKS TO MEET THURSDAY

Greenville Lodge No. 1845, Benevolent and Protective Order of Elks, will meet Thursday night at 8 o'clock. Judge Albion Dunn, exalted ruler, will preside.

WHITE SHRINE TO MEET

The Greenville White Shrine will meet at the Masonic Temple tonight at 8 o'clock. All members are requested to attend.

STATE TREASURER TO SPEAK

Charles M. Johnson of Raleigh, state treasurer, will be guest speaker at the Kiwanis Club's weekly supper meeting Friday evening at 6:30. Past President Joe Tait will have charge of the program. Johnson, an announced candidate for the governorship of North Carolina, is reputed to be an interesting speaker. President Eli Bloom will preside. Members are requested to take a guest to the meeting.

GUESTS AT DINNER

Graduate students attending East Carolina Teachers College during the summer session were guests at a dinner in the college dining hall Tuesday evening. A program for the occasion was arranged by a committee headed by Baxter Ridenhour of Burlington, chairman; T. R. Ainsley of Cresswell, and Lava Howard of Statesville, all students at the college.

Ridenhour presided and presented as speakers Dr. Dennis H. Cooke, college president; Dean Ronald J. Slay, and Mrs. Ruth Garner, alumni secretary.

B. W. Jenkins of Bute's Creek gave the invocation. Guests were led in group singing by Dr. Karl V. Gilbert, member of the department of music. Jack Humphrey of Beaufort sang.

DR. F. T. HARPER BURIED IN KINSTON CEMETERY: Funeral services for Dr. F. T. "Bo" Harper, 38, who was killed with Stephen A. Douglas in an airplane crash near Burlington last Friday, were held at the First Congregational Church in Burlington, Sunday afternoon. Burial was in Maplewood Cemetery in Kinston. Dr. Harper was a son-in-law of J. O. Duval and Mrs. Duval of Greenville. Officiating ministers were Rev. Willard Stevens, pastor of the Congregational-Christian Church, of which Dr. Harper was a member, and Rev. Chester Alexander, pastor of the First Presbyterian Church in Burlington. At graveside services in

Kinston, Rev. R. B. Hunt, pastor of Gordon Street Christian Church, Kinston, and Rev. Robert W. Bradshaw, pastor of Jarvis Memorial Methodist Church, Greenville.

Surviving Dr. Harper are his wife, Mrs. Gladys Duval Harper; three daughters, Sue, Harriett, and Sara Ann, all of the home; his mother, Mrs. Claudia Grace Harper, and one brother, George G. Harper, all of Kinston.

CAMPUS VISITOR

Elise Camp of Raleigh, state school library advisor, spent Tuesday and Wednesday of this week on the campus at East Carolina Teachers College. While in Greenville, Miss Camp held conferences with students at the college and lectured in classes in library science. Miss Camp is an alumna of East Carolina. She began work in her present position with the State Department of Public Instruction on July 1.

Revolt Plot

(Continued From Page One) a coup in this area.

All KKE (Communist party) leaders in the Athens-Piraeus section were reported among those arrested.

The offices of the Communist newspaper Rizospastos were occupied at 4 a. m. and the editor, Andriehristo Kavafkis, was arrested.

Prime Minister Maximos issued a statement saying that police had intercepted a message from Gen. Markos Vafiades, commander of guerrilla forces in northern Greece, to Communist leaders in Athens directing them to "put into effect immediately Plan F."

Police said "Plan F" called for launching a campaign of violence in Athens, including "the murder of political leaders," the seizure of important ministries and general sabotage.

The planned uprising, police said, was designed to affect world public opinion concerning the situation in

Greece during hearings on the Balkan situation before the United Nations and Security Council in New York.

Southern Coal

(Continued From Page One) The full number was not expected before Thursday because of difficulties in contacting vacationing miners and in getting the pits in order after the long layoff.

New Hospital

(Continued From Page One) state funds in conjunction with and on an equal basis with federal aid.

The North Carolina Medical Care Commission has formulated a plan whereby the state supplies one-third of the hospital costs. This method, however, is on a graduated basis, making a greater percentage of state contribution available to counties such as Hyde, Dare, Jones, Pamlico, Alleghany and a smaller percentage going to more prosperous counties such as Durham, Wake, Mecklenburg, Catawba, New Han-

over, Alamance, Guilford, Pasquotank and Forsyth. The over-all state assistance does average one-third of the costs and their proposed arrangement is considered fair in every respect. For Pitt County's \$900,000 hospital, the state will supply 27.6 percent (\$248,400) the county 39.1 percent (\$351,900) and the Federal Government 33.1-3 percent (\$300,000).

Hospital facilities within Pitt County have been inadequate for a number of years. The present Pitt General Hospital, with a rated capacity of 52 beds, has made a wonderful contribution to the people of the county in operating at capacity for a long period of time and much credit is due the management and the doctors for the heavy load they have carried during the war years and subsequently.

U.S. WILL REJECT COMPROMISE OVER BALKAN PROPOSAL

Lake Success, July 9.—(AP)—The United States served notice today that it would reject any compromise plans growing out of Russia's counter proposal to the United Nations on Balkan disorders.

A spokesman said American demands for a semi-permanent border commission to watch over Greece's frontier with Albania, Yugoslavia and Bulgaria were not affected by the latest Russian arguments.

He added that the council eventually would have to vote on the American resolution, which embodies the principal points of a majority report submitted by the 11-nation Balkan investigating commission. Such a ballot would force Russia to veto or abstain in view of her announced refusal to accept the American motion.

ROYALL SAYS GOVMT PLANS UNDERGROUND FACTORY STRATEGY

Chapel Hill, N. C., July 9.—(AP)—Undersecretary of War Kenneth C. Royall says the government is planning to disperse and put underground many factories as a precaution against air and atom bomb attack—but for the present the decision is being left to industry.

He told a conference of North and South Carolina bankers here yesterday that industry is being advised of the facts and findings of a survey now being conducted by the Army and Navy Munitions Board.

Emphasizing the need for long range planning, the native of Goldboro said "we want to interfere with peacetime business procedures methods as little as consistent with national safety."

Strength FOR THE DAY

HUMBLE ORIGIN OF A GREAT GIFT

Some years ago President Harold W. Dodds of Princeton University in a speech made at the commencement season, pressed upon his hearers the need of the University for a new gymnasium. At the close of his address, a boy in his early teens came forward and handed President Dodds seventy-five cents. In the coming judging of the crowd, the boy got away and Dr. Dodds was not able to learn his name.

Just a few weeks ago the new Dillon Gymnasium was formally dedicated. Certain rich donors had given lavish gifts, but it all started with the 75-cent contribution of the youngster who slipped these three quarters into the hand of President Dodds and disappeared in the crowd.

Our Lord on one occasion was sitting in the treasury watching the faithful worshippers who, as they passed by, deposited contributions in the treasury chest. The contributor who caught his eye and caused him to exclaim with admiration was a poor widow who cast in a few small coins. Our Lord declared that was the most significant of all, for she had given not out of abundance but out of poverty.

The youngster who gave the 75-cent little realized what he was starting. It took millions to complete the gymnasium but it was the thoughtful sacrifice of his teen-ager boy which got the building project started.

WASHINGTON LETTER

By JANE EADS

Washington—For the Rev. J. Adrien Pfeiffer of the Takoma Lutheran Church here, the Biblical parable "Unto everyone which hath shall be given" as proven true.

Several weeks ago the pastor gave dollar bills to 325 of his parishioners and told them to use them to raise more money. On a recent Sabbath morning they brought this amount back to the church five-fold—more than \$1,500.

The Rev. Mr. Pfeiffer says the sum will be used as the nucleus of a building fund of \$250,000 with which the church hopes to erect a new building.

In addition to the \$1,500 already on hand, the pastor says from \$700 to \$1,000 more is expected in pledges and other contributions. By the middle of 1948, he says the church hopes to have \$100,000.

Mr. Pfeiffer says his congregation was enthusiastic about the plan for raising the money for its new building which he says will serve as a recreational and cultural as well as a religious center.

Unusual ways of swelling the \$325 to \$1,500 were used.

Mrs. John Souder of Derwood, Md., "coaxed" her chickens to lay eggs. She sold the eggs at a market stall she got for herself. With the egg money she bought turnip greens and with the money from the greens bought a sack of potatoes.

With the potato money she bought flowers. With the flower money she bought a fancy apron. Of course with each sale she made a profit. She finally turned in \$107.50 to Pastor Pfeiffer.

The dollar the pastor gave to Mrs. Vincent Gingerich went up to \$77.75. The wife of an attorney, she made tea cookies and sold them to members of the bar of Montgomery County.

By investing in some cleaning fluid and doing the family's dry cleaning and pressing for a month, Mrs. John Bopp increased her \$1 to \$18 through savings.

Another member of the congregation made slipcovers for her neighbor's furniture. Ordinarily she might have done the job as a neighborly gesture and for nothing. This time she charged for her services and gave the money to the church.

The Rev. Mr. Pfeiffer, who hails from Springfield, O., says his idea of using the parable of the pounds was not exactly a new one, that other churches had tried the same thing and with equal success.

ion who wants to end a contract must give the other side at least 60 days notice.

The new contract says that if the Lewis union or the owners want to end a contract, the side wanting it must give 30 days notice.

Is that contrary to the new law? Here the answer seems to be: Wait and see what happens, when and if it happens.

If there's a threat of a big coal strike, the government can try to use the new law to delay it although it can't stop it.

Under the law the President—if he thinks a big strike will hurt national health or welfare—is supposed to be able to delay it at least 80 days, with the help of court injunctions against a strike.

But what could the government do if, after a contract ended and the courts ordered "no strike," the miners decided they individually were not "willing" to work and stayed home?

It's an old custom for Lewis' miners, without direct orders from him, to stay away from work if a contract ends and no new one is signed.

In the new contract there's also the question of the check-off system. That's where, until now, a boss could deduct workers' union dues from their paycheck and turn them over to the union.

Until now this was always done through agreement with union officials. Individual union members had no voice in this.

The new law says a boss no longer can do this without an okay from the individual worker, in writing.

The new contract says the union will provide the owners with this okay in writing from the individual union members.

Since Lewis' union is a pretty tight outfit, it's not likely any individual miner will refuse to turn over his written okay to a union official.

But the new contract says the mine owners will check off not only union dues but also initiation fees and assessments.

In explaining how a boss now can check off anything from a worker's pay, the new law mentions only dues. It says nothing of initiation fees or assessments.

So is it all right—since the law doesn't say anything about initiation fees and assessments—to include them in the check-off?

This writer couldn't find any lawyer expert on the law—not connected with the union or the owners—who would say yes or no.

will meet labor needs that have gone unfulfilled for some time.

Among them he listed construction workers, nurses, dentists, physicians, farm help, machinists, railway workers and tool makers—all, he said, "in short, supply in various parts of the country."

MARTIAL LAW IN IRAN IS IMPOSED

Teheran, Iran, July 9.—(AP)—Martial law was imposed throughout Iran today and troops swiftly suppressed three newspapers which recently attacked Premier Ahmed Qavam's government.

The cabinet met in closed session for four hours before noon and was reported debating the edict, reestablishing rule by troops.

TEN CASES TRIED IN COUNTY COURT

Judge Dink James heard ten cases in county court yesterday. The following cases were tried:
 Driving drunk: Roy Bowers, Jr., pay \$50 and cost and lose driver's license for 12 months.
 False pretense with intent to

cheat and defraud: James Carson, not guilty.
 Worthless check: R. T. Moore, motion to non-suit allowed, case should have been brought in Edgecomb county.
 Operating vehicle while driver's license revoked: Durwood Smith, \$50 cost deducted and lose driver's license for an additional 12 months.
 Non-support: James Willie Kil-

patrik, colored, pay court cost and six months suspended on condition he pay for the support of his illegitimate child \$4 per week and keep the Welfare Office informed of his correct address; Ollie Hodges, six months suspended on payment of \$30 per month for the support of his children and to provide medical attention for his children when they need it.
 Abandonment and non-support: Raymond Best, colored, six months suspended on payment of \$8 per week for the support of his two children.
 Assault with a deadly weapon: Willie Dixon, case continued; Major Adams (and assault on female), transferred to superior court for jury trial.
 Assault: John Henry Kornegay, colored, guilty, pay \$25 today and keep payments current as per judgment on each Monday.

POLICE COURT HAD FULL DAY MONDAY

In Police Court Monday Judge Jimmy Roberts found Grover C. Moye, 28-year-old Negro of a rural point, guilty of trespass and indecent exposure and sentenced him to two months on the roads—not six months, as stated yesterday. Moye was arrested by a police in a radio car after half a dozen householders of West Greenville reported a nocturnal prowler in the neighborhood.
 Twelve persons were in the Monday morning parade of drunks before His Honor, included: George Boney, colored, 30 days on roads; Roy White, \$15; William H. Skinner, \$15; Elmer J. Louth, \$15; Herman C. Cannon, \$15; Wannie P. Gray, \$15; Jim Freeman, \$15; Ben F. Corey, \$15; Tobe Freeman, \$15; James Frizelle, \$15; Oscar Manning, \$15; Milton Randall, colored, \$15; Affray: Louis Jefferson, colored, \$15; Moses H. Wright, colored, \$15; Speeding: Harold V. Barnhill, \$20. Assault on female: John Wesley Murphy, colored, \$15.
 Common nuisance: Charlie L. Moore, not pros.
 Driving drunk: Norman J. Paramore, \$117.50.
 Disorderly conduct: Charlie Nobles, colored, \$15.
 Non-support: R. B. Coburn, pay \$15 weekly to wife and \$15 cost.
 The case against Bart B. Parkinson, charged with temporary larceny, was dismissed. Mrs. Martha K. Parkinson was taxed with court costs for frivolous and malicious prosecution.

FARM INCOMES GO ABOVE 1946 LEVEL

Washington, July 9.—(AP)—The Agriculture Department reported today that farm income, including government payments, was about 25 per cent higher during the first half of this year than in the first six months of 1946.
 Total cash receipts were estimated at nearly \$12,000,000,000 compared with \$9,600,000,000 in the same period last year.

"UNBLOCK"

your DIGESTIVE TRACT
 And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is constipation.
 In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.
 What you want for real relief is something to "unblock" your lower intestinal tract—something to clean it out effectively—help Nature get back on her feet.
 Get Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again. Buy Carter's Pills today. "Unblock" your stomach—get real relief from indigestion.

The purchaser of said timber shall have three years from the date of the commissioners' deed in which to cut and remove the same and shall have the full right of ingress and egress over all the above described lands for the purpose of cutting and removing said timber and shall have the right to cut smaller trees than those purchased whenever it shall be actually necessary to cut said trees for the purpose of getting out said timber, but in cutting and removing the same he shall not disturb any crops on any part of the lands in cultivation.

The deed executed to the purchaser for said timber shall provide that he shall have three years from the date thereof in which to cut and remove the same and shall limit to once only his right to cut and remove said timber, and shall further provide that the purchaser shall have the full right of ingress, egress, and regress above and upon said lands for the purpose of cutting and removing the same and shall have the right to construct such buildings, tramways, and roads over and upon said lands as may be necessary to cut and remove the same, and said deed shall further provide that the purchaser in cutting and removing said timber shall not disturb any crops that may be growing upon any part of said lands.

Looks that stay looked at

- and Ability to match

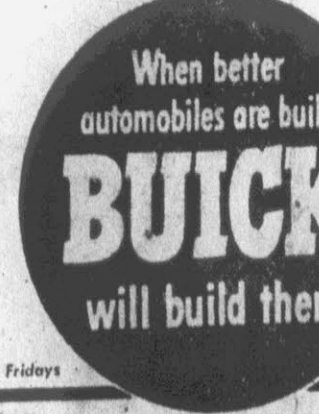

Give yourself five seconds, and you know that here's car styling as up to the minute as the time of day. Spend a few fast minutes to see why - and you spot both smartness right from tomorrow's designing boards and everything that should go with it. Measure the reach and spread of that Buick bonnet, brim-filled with Fireball power. Sweep your glance over the broad beam that spells wheel, the stretch that means easy-riding wheelbase, the size that tells of enough roadweight to end jounce and jitter.

Here, you tell yourself, is something to see. Here are looks to hold the eye for seasons to come - and lively, durable ability to match. Rich abundance of smooth, hushed Fireball horsepower from a straight-eight kept young and lively by Accurite cylinder finish. Tireless coil springing on all four wheels, leveling all roads to boulevard smoothness. Riding poise from two steadying tons of roadweight - ease of handling from balance to draw a ballet dancer's envy. Soft, roomy cushions seating three apiece - finish that's the very last word in richness and taste. Yes, it takes no time at all to show that you and Buick belong together, should go together steady - so what's holding you back? After all, we can't do much about getting one to you till you make your wishes plain. You do that simply by placing your order - which will get equal consideration whether or not you have a car to trade.

TUCK AWAY PLenty! Roomy luggage compartments hold plenty - and high-lifting lids make it easy to get at any piece.

Jaycees Sponsor Dog Show Sunday

The newly organized Greenville Kennel Club of Greenville, whose American Kennel Club sanction match is to take place in Greenville at the Armory Sunday, July 13, reports that entries are coming in better than expected and from points all over North and South Carolina.

The Kennel Club was fortunate in obtaining judges for this show. Col. Glenn Bowstead and Mrs. Charles H. Evans Jr. of Orlando, Fla., who recently judged the Miami show, will be on hand to make

the decisions. Any owner of a purebred dog is eligible for entry in this show. Anyone in Pitt County is eligible for entry in the local class as well as the regular classes.

It is reported that Mr. and Mrs. C. Wirt Brown of Greensboro will be on hand Saturday at 2 p.m. in the Greenville armory to hold classes in grooming dogs for the show. Saturday evening they will hold classes in handling the dogs for the show ring. They will also be on hand Sunday morning to help. The Browns have very generously consented to hold these classes free of charge in order to get the new club organized in its first show. There is no reason for anyone with a dog eligible for entry not to have their dog in this show. Entry blanks for this show may

be had at the Copeland Motor Co., Daily Reflector or the General Insurance Agency. The entry fee for the show is \$1 per dog. Spectators' tickets are on sale by members of the Junior Chamber of Commerce.

WEST COAST THEFT TRAIL LEADS TO NORTH CAROLINA

Charlotte, N.C., July 9—(AP)—Charlotte police have disclosed the recovery in antique shops here and in Winston-Salem of two eight piece silver tea sets, part of jewelry and silverware worth more than \$25,000 allegedly stolen from homes on the West Coast. Thirty-nine flat pieces of silverware, a \$1,500 watch and two neck-

laces were also recovered here yesterday. A routine tip from police in San Luis Obispo, Calif., broke the case. Police Chief Frank Littlejohn said here.

The smallest of stars is practically as big as the earth.

Negro Home Demonstration News

Haddock H.D. Club
The regular meeting of the Haddock Home Demonstration Club was held at the home of Mrs. Nettie Smith, July 1 at 2:00 p.m. with

the vice president, Mrs. Delphia Hardy, in the chair. The meeting was opened by singing "America, the Beautiful," followed by the club collect. Minutes were read and approved. Ten members answered to the roll call.

The annual county wide Achievement Day was discussed and each member present would take part in one or more of the contests to be had at that time.

Mrs. Amelia S. Capehart, Home Agent, was with us and gave us an excellent demonstration on accessories for the costume. We feel sure that from such a helpful lesson we are going to be much more careful in our dress and matching accessories.

Helen-Calico H.D. Clubs Joint Picnic
Approximately 125 club members and their families and friends enjoyed one of the best picnics ever to be held in the county on July 2 at the home of Mrs. Clay Strong in spite of a continuous downpour of rain all morning.

A picnic dinner was served at 2 p.m. which consisted of fried chicken, boiled ham, string beans, collard greens, cabbage, boiled potatoes, carrots and potato salad, pickles, corn bread, rolls, lemonade, home made cakes and ice cream.

After dinner was served everyone assembled in the spacious green shady yard for speech making and games. Miss Lois Clay, Assistant Home Agent, opened the hour of fun making by leading 4-H Club members and visiting teen-agers in a group of games which was followed by less active games for the older members led by Mrs. Capehart.

Every person present from the youngest enjoyed these games. There is probably no other phase of recreation quite as popular or quite as valuable as that of neighborhood groups and communities coming together for picnic meeting which is a demonstration in itself of cooperation. People who play together will work together for the betterment of home and family living.

Visitors present were: Mr. Dennis DuPre, Negro County Agent, Mrs. Rina Cherry, Mr. and Mrs. O. B. Drake, Greenville, Mrs. Garren, of Craven County, and Mrs. Mattie Gorham of Philadelphia.

Ayden H.D. Club
Thirty five members of the Ayden H.D. Club and their families made a record for themselves when they assembled on the school recreation ground Wednesday night July 2 for their first old-fashioned werner roast and games.

Games were led by Miss Lois Clay, Assistant Home Agent, followed by the roasting of werners and more games. Mrs. M. T. Burney and Mrs. Sarah Reaves acted as hostesses for the occasion. A very enjoyable and beneficial evening was enjoyed by all.

Lewis H.D. Club
A pre-Fourth of July picnic was held by the members of the Lewis Home Demonstration Club Thursday afternoon after their regular meeting at the home of Mrs. Emma Williams.

Mrs. Capehart, Negro Home Agent, gave a demonstration on accessories for the costume and after all routine business was transacted the ladies assembled in the kitchen and dining room and served a delicious picnic repast which was a surprise to the agents.

Games and songs were led by the assistant agent which were enjoyed by all. Approximately 35 club members and their families attended. Amelia S. Capehart, Negro Home Dem. Agent.

DIAMOND DUST

By BERT MOYE

The double-header between Rocky Mount and Greenville was rained out last night in the top half of the third with the Greens leading by a 3-0 score and all the boys playing tip top ball. Garland Little was on the mound for the Greens and had held the Leafs hitless up to this point. This means that the next two times the Leafs travel to Greenville there will be double headers with the first one scheduled for Saturday night, July 12, and the second one on Friday night, August 1.

Larry Baldwin, who was slated to pitch the second game of the double-header against the Leafs last night, will in all probability be on the mound tonight when the Greens meet the league-leading Kinston Eagles in the first of a two-game series. Ronald Turnage, former New Bern hurler and Kinston native who was recently signed by the Eagles, is slated to be on the mound for the Eagles here tonight.

Paul Simmons, who has been on the suspended list for the past several weeks, has been placed on the active list and was behind the plate for the abbreviated game last night.

Marvin Mauney was placed on the suspended list to make room for Simmons.

Following the game in Rocky Mount Monday night the Greenville baseball bus broke down between Rocky Mount and Wilson as the team was headed for Etheridge's place near Wilson for a bite to eat after the game. Through the generosity of the Wilson ball club and the driver of the Wilson bus, the boys were brought home safely on their bus. The Greenville bus is still in Wilson as the result of a rear wheel on the bus nearly falling off. Bill Phillips, driver of the bus, stated last night that he had been unable to get a part to fix the wheel with today after making a trip to Raleigh in an effort to find the part. He plans to go to New Bern today in an effort to find the broken part.

A club director told your reporter last night that the offer made by the Bears for Johnny Foell was now a thing of the past and that the New Bern officials had withdrawn their offer of a bonus and a player for the plucky left-hander.

Jerry Chitty, who has seen action in a total of seven games so far with the Greens for the current season, has issued 49 walks for an average of seven walks per game. Johnny Foell, in 20 games this season, has issued walks to 98 men. Other Greene hurlers are as follows: Joe Alamo in 17 games has issued 46 walks; Larry Baldwin in 17 games has issued 42 walks; Hank Ranweiler in 13 games, 28 walks; Garland Little in two games has

issued six walks; and Bill Anderson in one game has issued one walk.

An outfielder who formerly played with Kinston and was for a time optioned to Roanoke Rapids, has been returned to the Eagles because the Jays bought a player whose contract they own outright. Kinston is trying to find a job for the player, Outfielder Kimmerle, but so far has not been successful.

Bill Lynch, who was released by the Greens last week, has returned from his home in Springfield, Mass., and is working out daily with the Greens. He is making an effort to land with some other club in the league but at this writing has been unsuccessful.

Boys League

W. Greenville's Cardinals kept their second half record clean with 5 to 4 victory over the Red Sox at the Training School. It was the second straight win for the Cards. Pat Sawyer, pitching for the Sox, held the winners to four hits but errors presented the game to the Cards. The Red Sox continued their loose play both on offense and defense. Leading hitters were Batson and Stocks with two hits each for the Cards and Pat Sawyer for the Red Sox also hit safely twice.

Tigers vs Senators, W. Greenville, 1:30 p.m.
Dodgers vs Lions, W. Greenville, 1:30 p.m.

Junior Circuit Puzzles Nats With Tenth Win

Chicago, July 9—(AP)—The National League, whipped in the 14th star major league game, still wondered what makes the American League so tough.

Jubilant Joe Cronin, who directed the American Leaguers to a 2-1 triumph for their 10th victory against only four defeats before 41,123 at Wrigley Field yesterday, could point to several reasons.

One might be the hell-bent-for-election base-running of Cronin's own Boston second-sacker, Bobby Doerr, who scored the decisive run in the 7th.

Another was the pinch-hitter used by the American League. Ancl in Luke Appling of the Chicago White Sox, scoring in the sixth inning, and Washington's Stan Spence, rrammed a single to score Doerr from third in the seventh frame.

The national Leaguers had only one big moment and that was the home-run shot by big Johnny Mize of the New York Giants in the fourth inning which gave Eddie Dyers outclassed boys their lone marker and a short-lived 1-0 lead.

Even though Dyer trotted out 23 players the losers collected only five hits off our American League tossers.

WOMAN JUROR IN COUNTY SERVED IN 1943 SESSION

By CHESTER WALSH

Miss Margaret Register was the first woman to serve on a jury in Pitt County Superior Court, the record revealed today. A county official recalled that during a session of court in 1943 another juror was needed for a case about to be tried. The late Clerk J. Frank Harrington suggested to Judge J. Paul Frizzelle of Snow Hill that "we have some women on the jury." The Greene County jurist agreed and Miss Register served. The defendant was convicted.

Incidentally, at that time a woman could not legally serve on a jury, and had the case been important enough to appeal, the jury's verdict would have been set aside.

An amendment to the State Constitution made it legal for women to serve as jurors, effective July 1, 1947. At the recent meeting of the County Commissioners' women's names were placed in the boxes.

The first woman legally selected for jury duty in this county was Miss Bessie Tucker of Winterville, whose name was drawn last Monday. Wherever women have entered into business or public life, standards have been elevated, an official pointed out today.

MINOR LEAGUE CZAR DIES IN DURHAM
Durham, N. C., July 9—(AP)—William Gibbons Bramham, who ruled Minor League baseball for 14 years died in a Durham hospital yesterday after a brief illness. He would have been 73 next Sunday.
The retired president of the Association of Professional Baseball Leagues was admitted to the hospital only Monday.
front of the gun's muzzle. "Move on, you're holding up the line."
The would-be bandit fled, but the next man in line pursued, collared him and called the police.
