LESS MEAT AT HIGHER PRICE SEEN FOR '48

Possibilities Based On Agriculture Dept. Crop Forecast; Corn Scarce

Washington, July 11—(AP)—The nation faces the prospect today of possibly 10 per cent less meat by early 1948.

Such a reduction would be accompanied by higher prices if consumer demand continues strong.

These possibilities are based on an Agriculture Department crop report yesterday forecasting a sharp drop in the corn crop as a result of one of the worst planting seasons on record.

The corn crop—which is the basic raw material for meat, dairy and poultry products—was forecast at 2,612,000,000 bushels. This compares with last year's record of \$3,287,927,000, the government's goal of 3,000,000,000 bushels and a ten-year average of 2,639,927,000.

Officials said a crop of around 2,850,000,000 bushels of good quality corn would be needed to maintain meat production at the present level of 153 pounds a year for each consumer.

A crop of the size indicated, officials said, would require a cut in meat production of about 10 per cent, or about 15 pounds per consumer. This still, however, would leave supplies at about 138 pounds per person compared with the pre-war average of 126 pounds.

Officials are not ready, however, to accept the crop forecast as final. Still, they hope for a harvest of at least 2,850,000,000 bushels, they noted that acreage planted to corn is only 4.9 per cent below last year when the record crop was produced, despite adverse planting season weather.

Grain experts said that if corn gets a "good break" on the weather during the remainder of the summer and is not caught by an early frost before it has matured, the crop could easily reach 3,000,000,000 bushels. In that event, there would be no reduction in livestock production.

Credit Control Extension OK'd In Senate Group

Washington, July 11—(AP)—Legislation extending controls on consumer installment buying through Dec. 31 but requiring more liberal credit terms was approved 7 to 4 today by the Senate Banking Committee.

The House Banking Committee has voted to eliminate such controls, currently in effect under a presidential executive order.

The resolution approved by the Senate committee would prohibit the Federal Reserve Board from fixing less than a 24-month period for paying for consumer goods on credit.

All such goods now covered by the board's regulation "W" must be paid in at least 15 months.

A committee official told newsmen that under the proposed extension of controls it would be up to the board to decide whether 24 months or some longer period would be the maximum.

Slain Actress Had Cash, Bonds

New York, July 11—(AP)—A bank safety deposit box maintained by 49-year-old Mrs. Sheila Manning, slain actress, contained \$8,100 in cash, \$2,200 in war bonds and an undisclosed amount of jewelry, police announced today.

Detectives continued questioning persons whose names were found in the woman's address books but no promising leads appeared to have developed.

More than 300 persons have been quizzed but no arrests have been made.

Division Is Complete

Split Into Eastern And Western Blocs Formalized By Moscow; Russian Counter Economic Program Indicated; Soviet Industrialization Key To Own Plan

By DEWITT MACKENZIE

Well, the division of Europe into Eastern and Western blocs finally has been formalized—and by Moscow.

Russia knew whereof she spoke when she warned that the American program for European rehabilitation would result in the formation of two blocs. She knew it because she herself was prepared to make the division arbitrary.

Only one of the small nations within the Soviet Union sphere of influence dared accept the Anglo-French invitation to attend the rehabilitation conference scheduled to open in Paris tomorrow. That was Czechoslovakia—Slavic in origin but Western in its ideas and ideals. Moscow put on the screws, and the Prague government, with its Communist premier, gave in.

One wonders, by the way, what reaction we may get ultimately from the very Democratic President Edward Beneš, one of the founders of the republic, and from Foreign Minister Jan Masaryk, son of the late Dr. Thomas Masaryk, father of his country and its first chief executive. The Czech spirit isn't adapted to servitude. Smoldering fires burn long.

Indications are that Russia is preparing to inaugurate a counter economic program for her Eastern bloc. Thus, as things now stand, instead of a coordinated effort in the interests of European rehabilitation there will be two competing areas. Each of them will have resources which the other needs and can't get. One of the most extraordinary (Continued on Page Four)

Many Saw These Flashes—But What Are They?

Many persons in all parts of Kentucky reported they saw these luminous objects flash across the northern sky from East to west about 10:30 o'clock Monday night. The weather bureau in Louisville said most called them the objects "flying discs" or "flying saucers," but the bureau had no explanation. Photographer Al Hixenbaugh of the Louisville Times made this picture of two of the three objects hurtling through space. (AP Wirephoto).

Senate Republicans Schedule Pre-Adjournment Legislation

Housing Program, Cashing Of Leave Bonds, St. Lawrence Project And New Minimum Wage Scale Are Omitted

Washington, July 11—(AP)—Measures providing for a long-range housing program and for immediate cash payment of terminal pay for veterans were omitted today from a list of legislation scheduled for action before adjournment of Congress July 26.

Chairman Taft (Ohio) of the Senate Republican Policy Committee told reporters the GOP leaders plan to try and push the \$4,000,000,000 income tax-cutting bill and a cluster of delayed appropriations bills through the Senate by Tuesday.

After that, he said, 10 measures regarded as "non-controversial" will be speeded to completion. Missing from this list were bills for housing, cash terminal pay for veterans, the St. Lawrence seaway project and increasing the national hourly minimum wage scale.

But Taft, in answer to queries about these, said they may get congressional approval if it can be agreed to out "without long debate."

Taft outlined at a news conference the Republican plans agreed to at a strategy session of Senate GOP leaders last night.

Taft listed these measures for action following tax and appropriation legislation:

President Truman's reorganization plan No. 3 to establish a central housing and home finance agency.

A Senate bill to increase subsistence allowances to veterans who are studying under the GI Bill of Rights.

A Senate bill to authorize continued purchase of automobiles for blind and amputee veterans.

A House-approved resolution that would allow citizens of Puerto Rico to elect their governor. Currently he is nominated by the President and confirmed by the Senate.

A Senate resolution to extend the wartime safety codes for mines.

A House-approved measure freezing social security taxes at 1 per cent each for employers and employees. Unless this is approved the taxes would rise to 2 per cent each at the end of this year.

A five-year extension of the sugar quota system.

A Senate resolution approving the convention for trusteeship over Pacific islands under the United Nations.

A resolution approving the site agreements for United Nations headquarters in New York City.

A House-approved bill increasing payments to Spanish-American war veterans.

Athens, July 11—(AP)—Some 4,000 guerrillas, said to be trying to win territory in which to set up a Communist government near the Albanian border were reported retreating slowly today under pressure by the Greek Army.

Minister of War George Stratos said in a news conference last night that the army had dislodged the rebels from their fortifications on Mount Grammos and pushed them back to within a few miles of the Albanian frontier.

He declared that the guerrillas' objective was to make room for establishment of a KKE (Communist) government in the area lying roughly west and north of Kastoria, east and north of Monitsa and southeast of Koritsa, Albania.

They tried to neutralize the army attack, he said, by infiltration.

The war minister said another insurgent objective was to clear the way into Greece from Albania for an international brigade 2,500 strong, which he declared was now at the Yugoslav port of Split on the Adriatic coast. He reported that the battle had been going on for two weeks.

Disclosure of the agreement came with surprising suddenness last night after only a few hours of negotiations between the United Mine Workers' chief and representatives of the anthracite industry.

It gave added point to a discussion by President Truman and his full Cabinet today of whether coal wage concessions mean a new wage-price spiral.

The President's three-man council of economic advisers is reported to have taken the view that the boosts do not pose a serious inflationary threat.

The council's chairman, Edwin G. Nourse, summed up the group's analysis in a mid-year economic report and said the Cabinet would consider the findings at its weekly meeting.

TOBACCO VOTE DUE SATURDAY

Assessment Question To Promote Exports Will Be At Stake

Raleigh, July 11—(AP)—Growers of flue-cured tobacco in North and South Carolina will ballot tomorrow on the question of assessing themselves 10 cents for each acre of tobacco they grow in order to support a program to maintain and develop foreign markets for their leaf.

All farmers with an interest in the flue-cured crop in the two states—landowners, tenants and sharecroppers—are eligible to vote, making a total of approximately 200,000 eligible—about 160,000 in North Carolina and 40,000 in South Carolina.

The polls will open at 6:30 a. m. and close at 6:30 p. m., and the polling places will be located at the spots where the growers are accustomed to vote on the tobacco acreage quotas.

A favorable vote by two-thirds of those participating in the election will be necessary to put the assessments into effect. If the vote is favorable, the assessments will be made on the 1947 crop and will remain in effect for 1948 and 1949.

Revenue derived from the assessment will go to the support of Tobacco Associates, Inc., which was organized several months ago to handle the program of promoting exports of the wolden leaf.

A favorable vote by two-thirds of those participating in the election will be necessary to put the assessments into effect. If the vote is favorable, the assessments will be made on the 1947 crop and will remain in effect for 1948 and 1949.

THREE AUTOS IN COLLISION

Five Injured In Accident On Bethel Highway Last Night

By CHESTER WALSH

Five persons were injured, none seriously, one car was demolished and another was badly damaged in a three-car collision on the Bethel highway, one mile north of here, last night about 8 o'clock. Some of the injured were treated at a local hospital, others by physicians.

Highway Patrolman S. G. Gibbs said M. L. (Shot) Stocks of near Winterville, driving toward Bethel, turned out to pass a car and collided head-on with a car driven by Stephen W. Johnson of Greenville.

The car behind Johnson, driven by Norman R. Harris of near Greenville, turned out slightly and avoided full impact when his car collided with Johnson's. The wreckage blocked traffic for some time.

The patrolman arrested Stocks and charged him with reckless driving and not having a driver's license.

Stocks was badly bruised. John David Stocks, his brother, was severely cut about the face and leg. Harvey Butts of near Greenville, another passenger, was treated at a hospital for cuts and lacerations.

Johnson was painfully cut and bruised. Miss Myrtle Johnson, 20, of near Greenville, was taken to a hospital with severe cuts and lacerations about the head and face.

Harris, driver of the third car involved in the collision, was not injured.

Shipments of military supplies, scheduled to comprise half the \$300,000,000 aid program, probably will continue into the fall, Griswold said.

Describing the efforts to maintain security as an essential part of economic recovery, Griswold said that "it would be hard to build a bridge and have it blown up right away."

"We believe the reconstruction program will help break up the guerrilla bands," he added.

In the first break-down of plans, Griswold said that it is proposed to spend about \$19,000,000 for agricultural rehabilitation, \$48,000,000 for rebuilding ports, highways and industry, \$75,000,000 for food, clothing and other civilian goods, \$30,000,000 to cope with malaria, tuberculosis and other health problems, and \$1,500,000 to train Greek nationals.

Potato Headache In Prospective Crop Shortage

Washington, July 11—(AP)—The lowly potato, may cause the government another headache this year.

There's a shortage in prospect. Last year there were too many spuds.

The Agriculture Department has forecast this year's production at 351,000,000 bushels. This is about 125,000,000 bushels less than were produced last year and about 25,000,000 bushels less than the country requires each year for food, planting and other purposes.

Last year the government had to buy nearly 100,000,000 bushels under a law requiring it to support grower prices. Many of these were dumped.

Unless this year's crop turns out to be larger than indicated, supplies may be very short late next winter before the 1948 crop is available.

Don G. Mitchell, chairman of NAM's taxation committee, told the House ways and means committee the NAM program is designed to insure full production and employment by encouraging investments.

The proposed tax slash would not be in addition to the \$4,000,000,000 Republican backed bill now before Congress, but an alternative means of reducing taxes.

After the meeting, Senator George (D-Ga.) said "nothing startling" took place, but Senator Wiley (R-Wis.) said Marshall's statement, given informally, was "very illuminating."

Senator Barkley (D-Ky.) said: "We discussed a lot of things, but I'm not saying what was discussed or what was said."

Members said there was no plan to call Marshall back at any definite date, although more or less regular meetings with him on a one member basis had been "developing." Marshall said to Europe plan are expected later.

Marshall, Chairman Vandenberg (R-Mich.) and other committee members refused to comment even in a general way on the nature of their conference which lasted an hour and 45 minutes.

The lid appeared to have been clamped on tighter than ever before, with commitment repeating over and over that it was an "executive session."

Marshall had been expected to give the committee his opinion on several proposals to put Congress on record as favoring a United Nations charter revision session.

After the meeting, Senator George (D-Ga.) said "nothing startling" took place, but Senator Wiley (R-Wis.) said Marshall's statement, given informally, was "very illuminating."

SAYS SENATE CAN SUSTAIN TAX CUT VETO

Democratic Whip Declares Lower House May Also Support President

Washington, July 11—(AP)—Senator Lucas of Illinois, the Democratic whip, declared today the Senate "definitely can sustain" President Truman's promised second veto of the \$4,000,000,000 income tax reduction bill.

The party liner-upper also told reporters, however, he is not at all sure the Senate will get a crack at overriding the Chief Executive.

"If (the veto) might be sustained in the House again," Lucas remarked.

The bill will come to a vote three first after its round-trip to the White House.

But Senator Wherry of Nebraska, the Republican whip, said he feels "absolutely certain" the House will vote to override.

The House, which passed the first tax cut bill 373 to 137 but then failed by two votes to get the required two-thirds margin to override, re-passed the measure by a tally of 302 to 112.

As for the Senate, Wherry said: "I think we have the votes."

Both Wherry and Lucas voiced hope the Senate would reach a roll-call today.

Before the final decision, however, the chamber faced votes on a (Continued on Page Two)

FINLAND REJECTS INVITATION TO ENTER PARIS CONFERENCE

Cleavage Between East And West Europe Completed; Talks On Marshall Proposal For European Reconstruction Opens Tomorrow; Sixteen Nations Represented

Paris, July 11—(AP)—Finland joined all the other states in the Russian orbit tonight in rejecting invitations to the Paris economic conference, completing a cleavage between eastern and western Europe.

A Helsinki broadcast announced the Finnish cabinet's 11th hour decision and said a communiqué was forthcoming later. The Moscow radio said this morning the Finnish cabinet had rejected the bid, and that the decision was unanimous.

The talks on the Marshall proposal for American-backed aid in European reconstruction will open tomorrow with Britain and France as the sponsoring nations.

Fourteen nations have accepted the invitation to the conference. Seven others—Yugoslavia, Poland, Rumania, Hungary, Bulgaria, Albania and Czechoslovakia—have rejected it.

French Foreign Minister Georges Bidault will press for full publicity for the conference sessions, the foreign ministry announced. The ministry said that in his welcoming speech to the delegates tomorrow the foreign minister would propose that reporters and photographers attend all sessions.

Of the non-participating countries, Czechoslovakia had said earlier this week she would attend the conference, but last night announced she had changed her mind because "acceptance of the invitation might be construed as an action against the Soviet Union."

The announcement in Prague said the entire cabinet had approved the decision. The cabinet had been in session six hours after a telephone call from communist Premier Klement Gottwald in Moscow. Gottwald night before last saw Soviet Prime Minister Stalin.

The lineup on tomorrow's conference: Out—Russia, Czechoslovakia, Poland, Yugoslavia, Hungary, Rumania, Bulgaria, Albania and Finland. In—Britain, France, Austria, Belgium, The Netherlands, Luxembourg, Eire, Iceland, Norway, Sweden, Denmark, Switzerland, Italy, Portugal, Greece and Turkey. Not invited—Spain.

Berlin, July 11—(AP)—The Russian official and German communist newspapers today told the German people that the conference on European economic cooperation which opens tomorrow in Paris is contrary to the interests of Germany.

The newspapers alleged that the western powers intended to bring western Germany into the cooperative aid plan "in order to get its industry working for a west bloc and not for a unified Germany."

However, one Russian-controlled newspaper, the Christian Democratic Union "Neue Zeit," departed from this line with the Paris conference luck in "preparing the way for neighborly help from the United States."

Richmond, Va., July 11—(AP)—The Southern Baptist Foreign Mission Board has appointed three new missionaries for life-time service in foreign fields and commissioned three members of its staff and two members of the board to represent the denominations international agency at the Baptist World Congress in Copenhagen, July 29-August 3.

Appointed as missionary at the board's meeting yesterday was Lucy Ernelle Brooks, of Greenville, N.C., and Alexandria, a nurse for Nigeria.

Washington, July 11—(AP)—When John L. Lewis got the coal mine owners to sign a new contract this week, he practically wrote his own ticket.

Don't be surprised at the ease with which he got the contract, the best he ever got from the owners.

In the end you may have to pay for it, and in a number of different ways.

Before seeing why it was easy for Lewis, first step back a second into some recent history.

During the war and for some time afterward the government controlled prices and wages.

When Lewis wanted wage increases for his miners, the owners yelled they couldn't do it without price increases for their coal.

But the government last year, 1946, finally gave up its control over prices and wages.

Yet, during one of the squabbles between Lewis and the owners more than a year ago the government took over the mines and made a contract with Lewis.

The government held Lewis in that contract even after it had abandoned its price control.

On June 30 its contract with Lewis ran out.

For the first time in five years that left Lewis and the owners free (Continued on Page Four)

LEWIS SIGNS SOFT COAL CONTRACT

John L. Lewis, president of United Mine Workers, sits at a desk in Washington and signs a contract covering 150,000 of the nation's soft coal miners. The agreement averts a nation-wide coal strike. Watching are Charles O'Neill (left), representing northern coal mine operators, and Harry M. Moses (right), representing "captivity" mines operated by steel companies. Southern mine operators had not accepted the agreement. (AP Wirephoto).

RUSSIA READY TO FIGHT AGAINST MARSHALL PLAN

Appears Prepared To Throw Every Political, Economic And Propaganda Weapon Into Obstruction Of West Europe's Recovery

Washington, July 11—(AP)—Russia appears ready today to throw into a bitter fight against the Marshall plan for European recovery every weapon of political, economic and propaganda power at its disposal.

The division of Europe over the issue is virtually complete and a series of critical tests of relative Soviet and American strength are at hand.

That is the situation with which Secretary of State Marshall had to deal today as he prepared for the first of a series of semi-secret sessions with the Senate Foreign Relations Committee in an effort to strengthen bi-partisan foreign policy support in the critical months ahead.

Concern over the situation in Europe was focused here by Czechoslovakia's decision—under direct dictation from Moscow—not to attend the Marshall plan conference opening tomorrow in Paris. Diplomatic officials placed considerable emphasis on the fact the Czechs explained that Moscow might regard their attendance as "an action against the Soviet Union."

The Prague government thus was compelled to shelve what American officials had regarded as that country's primary interest—in economic recovery—to avoid possible reprisals from its powerful eastern neighbor.

Some authorities here called this the "crudest demonstration yet" of ruthless Soviet domination of border governments. They said it showed also the extreme concern with which the Soviets view the Marshall plan and the vigor with which they can be expected to oppose it at every point.

Washington, July 11—(AP)—This put the government on a hot spot, since it was sitting on both prices and wages.

To keep peace, it several times had to step in and run the mines itself.

But the government last year, 1946, finally gave up its control over prices and wages.

Yet, during one of the squabbles between Lewis and the owners more than a year ago the government took over the mines and made a contract with Lewis.

The government held Lewis in that contract even after it had abandoned its price control.

Pineapple Workers On Strike In Mid-Season

Honolulu, July 11—(AP)—CIO workers struck the multi-million dollar pineapple industry today at the harvest peak, but negotiations on the deadlock wage issue continued.

Representatives of the pineapple companies and Harry Bridges' International Longshoremen's and Warehousemen's Union conferred without apparent headway long past the midnight strike call for some 12,000 union members.

Nathan P. Feinsinger, U.S. Labor Department Conciliator, kept the negotiations going in renewed efforts to settle the long-threatened walk-out in Hawaii's pineapple plantations and canneries, which grow and process 90 percent of the world's supply.

Acting Governor Oren E. Long announced he will appoint a fact-finding board which, under Territorial law, can do just that and no more; it has no powers to halt the strike. Long stepped out of the dispute late last month when three U.S. Cabinet members requested continued production until Feinsinger's arrival.

The ILWU said over 50 men in the

Warehouse and Transportation Division at Hawaiian Pineapple Company's Honolulu plant walked out at 12:01 A.M. (5 A.M. E.S.T.)—first to answer the strike call.

The strike at harvest peak hit eight companies which process 90 percent of the world's pineapple supply in a \$65,000,000 annual industry.

The union ordered its workers off both canneries and plantations but provided for essential utilities on the latter.

The industry has estimated losses in the highly-perishable crop—now golden ripe in the fields of Oahu, Maui, Molokai and Lanai islands would run upwards of \$500,000 daily.

Wildlife Club Active Group In Pitt County

By CHESTER WALSH

About 50 sportsmen and nature-lovers attended the Pitt County Wildlife Club's supper meeting at the Red Oak Community Building, three miles out on the Farmville Highway, last night. President Jesse R. Moyer presided. An open forum discussion of the game and fish laws, methods of enforcing them, opening and closing of seasons, bag limits and the activities of the N. C. Wildlife Resources Commission, developed some fine points concerning conservation of wildlife.

Joe R. Winslow of Robersonville, commissioner of district 1, talked interestingly about the commission's plans for future work and he invited suggestions from Wildlife Club members.

President Moyer thanked State Senator Arthur B. Corey for his good work in having the bill to separate the departments passed by the Legislature. The senator encouraged the conservation of woodlands. Dick Stokes III told about the dog show sponsored by the American Kennel Club and the Greenville Junior Chamber of Commerce to be held at the armory next Sunday. Speakers included W. H. Woodard, Rufus Keel, J. Howard Moyer, Sam T. White, District Game and Fish Protector J. O. Teel, Chester Walsh and others. Sam T. White, J. Paul Davenport, Sr., and Secretary Johnnie Overton were elected delegates to the general convention to be held in Asheville on July 28.

Joe Joyner introduced as guests of the club H. C. Newell, Amos Evans, Sidney Allen, B. L. Tyson and George Corbett of the Red Oak community.

At the conclusion of the meeting a motion picture of wildlife was

Miss Summer School of ECTC

The lovely-looking blonde pictured above is Miss Lynn Raper of Lenoir, N.C., who was recently elected Miss Summer School of East Carolina Teachers College by the students in an election sponsored by the Teco Echo, ECTC's Wednesday night. Standing five feet four inches and weighing 120 pounds, Lynn is a blonde with blue eyes. She is a junior and majors in commerce.

NOTICE

In The Superior Court North Carolina Pitt County

E. B. Higgs, appearing here by his guardian, Lella Higgs

vs. William Overby (Obey) and wife, Martha Overby, Robert Overby (Obey) and wife, Bertha Overby. The defendants, William Overby (Obey) and wife, Martha Overby, will take notice that an action entitled as above has been commenced against them in the Superior Court of Pitt County, North Carolina, for the purpose of foreclosing a mortgage on real estate in which defendants have an interest or an inchoate interest, said real estate lying and being in Pitt County, North

Carolina. And the said defendants will further take notice that they are required to appear at the office of Clerk of Superior Court of Pitt County, North Carolina, and answer or demur to the complaint filed in said action within twenty days after the 18th day of July, 1947, or the plaintiff will apply to the court for the relief demanded in said complaint.

This the 11th day of June, 1947.
D. T. HOUSE, JR., Clerk of Superior Court
S. B. Underwood, Jr., Atty.

IN A KAISER OR A FRAZER YOU GET THE 100% POSTWAR RIDE

You should drive one!

If you want to know what "the 100% postwar ride" is like, there's only one way to find out. Come and get into a KAISER or a FRAZER and—take a ride! You really ought to do it before you pay money for a prewar car that will soon

be obsolete. Compare the ride! Try being a passenger! You will notice the difference before you have gone two blocks! And you'll agree there never was a ride like this before. Then take the wheel! No matter how many cars or miles you've driven, you'll get a kick out of the relaxed ease with which you control and guide either of these most modern of motor cars. You'll want a KAISER or a FRAZER for sure!

You and all five of your passengers relax in roomy comfort in the KAISER or the FRAZER. A "front-seat" ride in both seats is result of advanced chassis and body design that lets you all ride between the axles! Low center of gravity also improves riding qualities.

Compare the ride today!

CHECK THIS LIST OF POSTWAR FEATURES BEFORE YOU BUY ANY NEW CAR

- MEDAL-WINNING STYLING:** Fashion Academy gold medal award (to the FRAZER Manhattan) as "best dressed car of 1947" — for body lines that establish a new trend in motor car design, and its fashionable new exterior and interior color schemes. "Beauty with a purpose!"
- LUXURIOUS ROOMINESS:** Wheelbase—123 1/2 inches; overall length—203 inches—big, roomy cars, with all their width inside! Both front and rear seats, scientifically designed for restful comfort, are 62 inches—more than five feet—wide! More headroom; more legroom. And a super-size luggage compartment.
- TOMORROW'S ENGINEERING:** The extraordinary ride is the result of postwar chassis engineering—improved distribution of mass and load—back seat well forward of rear wheels. Remarkable performance and gas mileage—from economical, 100 hp. L-head, six-cylinder engine.
- EXTRA SAFETY FACTORS:** "Open-car" visibility in all directions. Smooth, "feather-touch" hydraulic brakes. Low center of gravity—minimum sidesway on curves. Wide rims—more rubber on road. Stabilizer bars both front and rear. You feel safer—you are safer! "Push-button" door openers mean greater safety for children!

Grain Market

Chicago, July 11—(AP)—Wheat futures leaped the 10 cents a bushel limit today and July corn climbed to another new all-time high in heavy buying influenced by reports that the government had raised its price for southwestern wheat for export.

Chicago wheat closed 7 1/2 to 9 1/2 cents higher than the previous finish, July \$2.29 1/2-\$2.40, corn was up 2 1/2 to 4 1/2 cents, July \$2.17 1/2-2 1/4 and oats were ahead 1 1/2 to 3 1/2 cents, July \$1.01 1/2-1 1/4.

New York Cotton

New York, July 11—(AP)—Cotton futures opened 20 cents to \$1.50 a bale lower.

Non prices were 35 cents to \$1.45 a bale lower than the previous close July \$38.83, Oct 33.80 and Dec. 32.93

Futures closed 90 cents to \$2.60 a bale higher than the previous close

Open	Last	Prv. Cl.

Hog Market

Raleigh, July 11—(AP)—(NCDA)—Hog markets steady to stronger. Tops of \$24.00 at Rocky Mount, Greenville, Smithfield, Clinton, Warsaw, Lumberton and Richmond, and \$24.25 at Fayetteville.

Poultry and Eggs

Raleigh, July 11—(AP)—(NCDA)—Raleigh egg and poultry markets steady. Eggs—grade AA large 56 fryers and broilers 33.

Washington—Egg market firm, U. S. grade A large 63, broilers, fryers and roasters 32.

N. Y. Stock Market

New York, July 11—(AP)—The forward swing continued in today's stock market with favorites advancing 1 to around 3 points and the industrial average posting another new high for the year.

While profit selling reduced gains here and there after the opening demand for steels, motors, oils, tobaccos, utilities, rails and a wide assortment of special issues more than offset this factor. Transfers expanded to approximately 1,400,850 shares, among the largest since May 19.

Flue-Cured Leaf Crop Below '46

Raleigh, N. C., July 11—(AP)—North Carolina's flue-cured tobacco growers are coming through this year with a crop estimated to total approximately 864,965,000 pounds, the Federal-Isate Crop Reporting Service has announced.

Such a crop would be 47,985,000 pounds below last year's record-breaking 912,970,000-pounder.

The crop is being grown on 811,000 acres—slightly more than in 1946. Quotas are slightly less than last year, but the growers came closer to planting their full allotments, the Crop Reporting Service said.

Curran Bridges Is Nominated For Head Of Business Club

Dayton, O., July 11—(AP)—Curran Bridges of Greenville, N. C., and Paul D. Fossett of Enid, Okla., were nominated today for president of the American Business Club at the organization's annual convention here.

PONTIAC

A fine car made finer

The right car for most people!

Most people would be well advised to own a Pontiac.

In the first place, it fits readily into the average budget—for, over the years of ownership, no car is more economical.

Second, it serves so dependably that the average family is content to keep a Pontiac to the full period of its usefulness.

When a car combines such outstanding economy and such a high degree of owner satisfaction—the combination is hard to beat.

Consider Pontiac when you order your next car. Regardless of when you expect to get it—Pontiac will prove a wise choice.

TWO POINTS WORTH REMEMBERING—(1) It will pay you to wait for a Pontiac; (2) You will get more for your present car when you trade if you take good care of it now.

Always Drive Carefully

PONTIAC Owners Enjoy More Worthwhile Features

SMOOTH, POWERFUL L-HEAD ENGINES—Your choice of a six or an eight, 100% Full-Pressure Metered Flow Lubrication, Gaselector, Scotch-Mist Manifold, Vacuumatic Spark Control, All-Weather Engine Temperature Control, Rifle-Drilled Connecting Rods, Electro-plated Pistons, insure greater economy, performance and dependability. INSURE LIGHT STARTING—More positive control with less effort. In combination with small turning circle, makes parking easier.

TRIPLE-CUSHIONED SEATS—Shockproof Knee-Action, Duffel Rear Springs, Hydraulic Cushion Levellers. MULTI-BAL HYDRAULIC BRAKES—Protected against dirt and water.

BODY BY DESIGN—Big and roomy, Upsteel construction, Fisher No-Draft Ventilation, Hi-Test Safety Plate Glass, custom-type interiors.

Kinston Again Defeats Greenies By 7-5 Count

By BERT MOYE
The Kinston Eagles made it two in a row over Greenies by taking a 7-5 victory over in Kinston last night behind effective pitching of Turnage and Taylor who kept the nine hits gathered by the Greenies very well scattered.

The Eagles went into the lead in the first frame by scoring four runs on two singles, two walks and 2 errors. They scored one run in the fifth frame on Collins double, an error and an infield out. What proved their winning runs came in the sixth frame on a walk, error and two singles.

The Greenies put across two markers in the first when Authur Jacobs singled and Willie Mauney parked a homer over the 325-foot right field wall. A singleton was scored in the second when Tommy Lee singled and Jacobs doubled to bring him home. Another marker was made in the fifth when Bomar singled, Jenkins singled, Jarvis reached first on a fielder's choice to lead the bases, and Ranweiler was walked forcing Bomar for a tally.

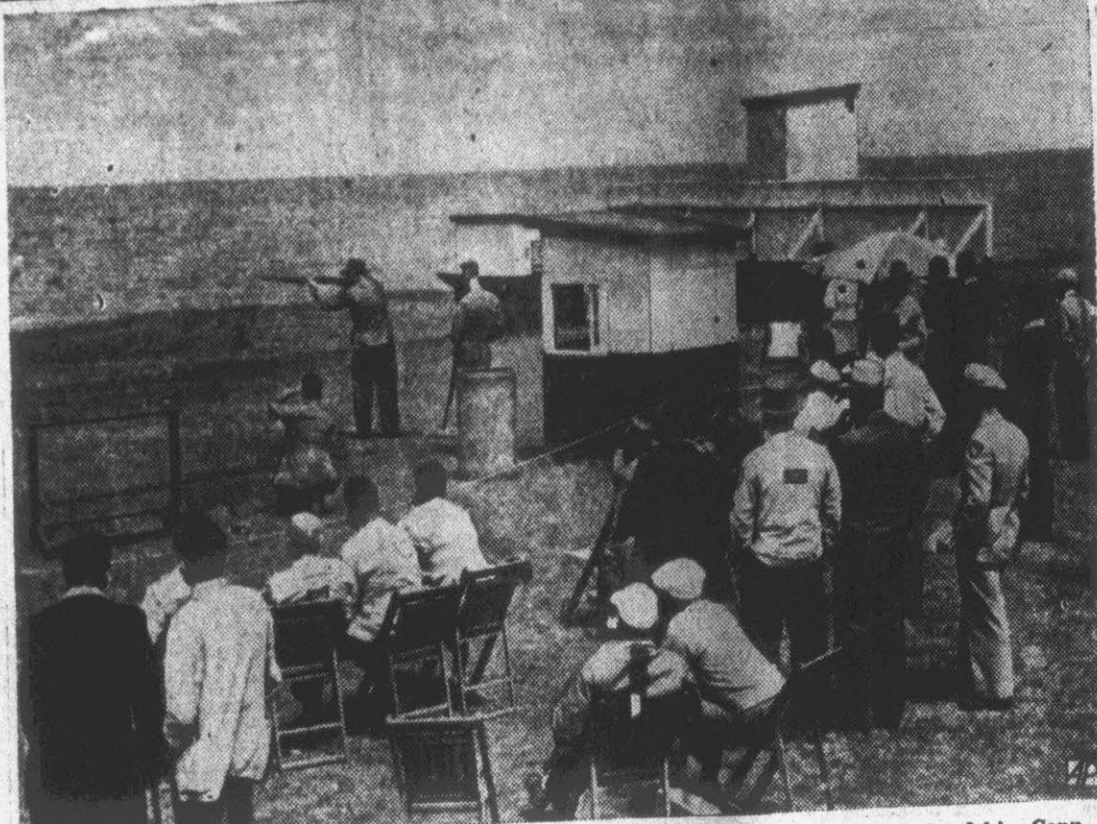

The final score of the Greenies was made in the eighth frame when Foell doubled. Lee and Jacobs walked to lead the bases and Willie Mauney walked forcing in Foell.

Johnny Foell, losing his sixth straight game in a row and his eleventh of the current season, pitched seven-hit ball, walked six and struck out six, but received ragged support from his teammates which spelled defeat for them.

Turnage started on the mound for the Eagles but was relieved in the fifth after yielding 8 hits and four runs. Taylor went into the game in the fifth with the bases loaded and yielded one hit and one run.

Authur Jacobs, Greenie third baseman, with two singles and a double in four trips to the plate led the local attack. Howard Jenkins with two singles four trips to the plate was the only other Greenie to get more than one hit.

Score by innings:
Greenie 210 010 010-5
Kinston 400 012 00x-7

DIAMOND DUST
By BERT MOYE
Sidelights: Manager Orde Timm continued to bring the fans to their feet in last night's game with Kinston as he made several beautiful catches in rightfield. Greenville had a dozen men left on bases and had many chances to score in last

night's game but were unable to hit at the opportune time; the Eagles had seven stranded on bases. . . All of the Greenie runs were of the earned variety while the seven runs off Foell were of the unearned variety. . . Winkler was the only man able to steal a base last night for either team. . . No double plays were executed.

Bobby Pare, who received a broken ankle in the game at Roanoke Rapids on July 3rd and who will be out of the Greenie lineup for the rest of the season, has gone to his home in Miami, Fla., to recuperate. He is expected to return here next year, however.

Kinston's win last night was their twelfth in the last fourteen games. On the other hand the Greenies have won five and lost fifteen out of their last twenty contests played.

Joe Alamo, who has won his last two starts for the Greenies, is scheduled to take the mound for the Greenies when they meet the Wilson Tobs here tonight in the first of a two-game series.

Ballard's X Roads News

The Grange held its annual picnic supper at the Ballard's community building on the last Thursday evening in June.

Mr. and Mrs. Harry B. Caldwell of Greensboro were special guests. Mrs. Caldwell is master of the state Grange organization.

Mr. and Mrs. Caldwell both made helpful and interesting talks on the farming situation in this country today.

After the picnic supper, community singing was engaged in and a moving picture on modern methods of raising and harvesting hay closed the program. Mr. F. F. Hendrix of the Allis-Chalmers place in Greenville furnished the picture.

Mr. and Mrs. Will Elks and daughter Nannie Sue have returned from a trip to Washington City and New Jersey.

Mr. and Mrs. Rob Anderson of Spring Hope were guests of Mrs. Verna Jovner Sunday.

Miss Josie Crawford spent the past week end at Carolina Beach.

Miss Leather Tyson spent the 4th of July at Atlantic Beach.

Misses Gladys, Ann and Jean Crawford visited White Lake last week.

Miss Angeline Tripp of Farmville has returned home after spending a few days with her aunt, Mrs. I. A. Joyner.

Miss Edith Tyson visited Fayetteville and White Lake last week.

Mr. and Mrs. Robert Tyson of Newark, N.J. visited Mr. and Mrs. Elbert Tyson last week.

The U. S. Department of Agriculture has developed a vaccine for the prevention of bovine Bang's disease. It is not a cure.
