Bevin, Spaak And Bidault Jubilant

Paris Conference Praised For Spirit Of Cooperation And Speed With Which Decisions Have Been Reached; Organization Is Approved

Paris, July 15.—(AP)—The 16-nation European economic conference approved today plans for organizing a cooperative effort to speed the continent's recovery under the Marshall proposal. The delegates unanimously approved a rules committee report nominating Britain, France, Italy, Norway and The Netherlands to a key executive committee and setting up four subcommittees on food and agriculture, iron and steel, coal and transport and energy.

Addressing the session, Premier Paul-Henri Spaak of Belgium urged long range economic planning which would not be limited to immediate objectives, as well as a shorter range program to qualify the nations for the American aid. Speaking for the Benelux delegations—those of Belgium, the Netherlands and Luxembourg he said the nations should seek by their actions here to convince the American public "that we are on a constructive path."

In brief talks closing the first part of the conference, British Foreign Secretary Bevin and French Foreign Minister Bidault praised the spirit of cooperation shown here. "This meeting has been remarkable for the extreme speed with which fundamental decisions have been reached."

Bevin said that "we can go away from Paris under the certainty that we will agree if they are permitted to." Spaak paraphrased an old French proverb: "Help yourself and heaven will help you."

"Help yourself and the U. S. will help you," he said. Then in an apparent reference to the Russian objection that economic cooperation would threaten national sovereignties, he declared: "We have often heard talk of the sovereignty of states. Experience indicates that there is a tendency to invoke sovereignty as a cloak for aggressive nationalism or a selfish economic policy."

Proclamation

J. H. Boyd, Jr., Mayor of the City of Greenville, want to thank the Business and Professional Women's Club of Greenville in behalf of the city administration and the entire citizenship of the city for spearheading a project for a local Youth Center.

"Recreation—and adequate recreational facilities—is one of the great needs of our community, and as the women project such an activity in our midst, we will, as individuals and as a community, enter into such a program wholeheartedly and necessary funds for the erection of a Youth Center will soon be forthcoming."

"Every interested citizen is asked to contact Mrs. J. B. Spillman, president, or any member of the Business and Professional Women's Club at once and make a liberal contribution to this cause."

"Other civic clubs should match, double, or triple this first contribution of \$1,000 toward a Greenville Youth Center."

"Let's take off our hats to these women and let's open our pocket-books for the Greenville Youth Center."

"It is the intention of the sponsor of this project to create with the donations that are made a Community Trust Fund. The directors of the two banks will be asked to become trustees in administering these monies under the direction of a Board of Directors."

"J. H. BOYD, JR.,

DEWEY LEADS NOMINEE POLL OF GOVERNORS

Republicans Favor New Yorker; Demos Split On Truman Running Mate

Salt Lake City, July 15.—(AP)—Gov. Thomas E. Dewey of New York won first place by a wide margin today in a secret-ballot poll of Republican governors expressing their preference for the 1948 GOP Presidential Nominee.

Democratic Governors showed such a wide variance of opinion in the same poll that only one potential candidate got as many as many as two first place votes for the Vice Presidential nomination. He was former Secretary of State James P. Byrnes.

In a poll conducted by the Associated Press in cooperation with the Desert News and the Salt Lake Telegram, Dewey received 10 first place votes and his nearest contender Gov. Earl Warren of California two.

The remainder of the total of 17 first place votes cast by the Republican Governors were distributed one each to Senator Robert A. Taft of Ohio, former Gov. Harold E. Stassen of Minnesota, Gov. Dwight Green of Illinois, Senator Leverett Saltonstall of Massachusetts and Senator Edward Martin of Pennsylvania.

The inclusion of Democrats about a vice presidential runner with President Truman was demonstrated by single first place votes for nine possible candidates, following the two for Byrnes.

This field included Secretary of State Marshall, who addressed the (Continued on Page Four)

Winterville Man Wins Citation

Cherry Point, N.C., July 15.—(AP)—Jake S. Stokes of Winterville has been given one of the highest awards that a civilian can receive from the Navy, the distinguished Civilian Service Medal. The medal was awarded by Brig. Gen. I. W. Miller, USMC, commanding general of Cherry Point Marine Corps Air Station.

Stokes last November 12 entered a carbon-dioxide flooded test cell and removed a fellow civilian worker, Dozier M. Henderson of Henderson, overboard by the gas Stokes, the citation said, could not be, but managed to find Henderson and drag him to safety.

The citation was signed by Navy (Continued on Page Four)

Coal Prices Rising In North Carolina Cities

By the Associated Press Coal is costing more in North Carolina. Price increases of up to \$1.50 a ton to consumers have been announced in at least three of North Carolina's largest cities and are already in effect in Durham.

M. M. Floyd of Durham said the price of coal had been raised \$1.50 a ton to Durham consumers on the first of July. In Raleigh, T. C. Powell, president of the Raleigh Retail Coal Dealers' Association, said hikes of from \$1 to \$1.50 were in prospect within the next 30 days. And in Charlotte, J. Arthur Eagle, spokesman for the Charlotte Retail Coal Dealers Association, said the increase in the Queen City within the next month would be at least \$1.50.

Eagle said the increase was only a few cents more than the actual increase charged dealers by mine operators following the new wage increases given hard and soft coal miners.

In Raleigh the present prices were listed as \$12.25 per ton for stoker coal; \$12.50 for popular brands of coal; and \$13.75 for stove coal. The Durham official said he expected a possible adjustment in price when labor-management negotiations are completed in the mining industry and that the adjustment was not expected to be upward.

President Truman asked the coal and steel industries to hold the line on prices to give the new contracts a chance to work.

Post-UNRRA Relief Program Is Falling Down

Lake Success, July 15.—(AP)—Trygve Lie, Secretary-General of the United Nations, reported today that an "extremely serious" situation existed as a result of a disappointing response to the U. N. plan for providing post-UNRRA relief on a voluntary basis. In a report to the Economic and Social Council, Lie declared the contributions offered so far would meet no more than 60 per cent of the world's urgent relief needs and called for immediate action to remedy the situation. The council meets next Saturday.

Lie reported that only five of the 55 members of the United Nations had offered cash contributions to meet relief needs which continued after the expiration of UNRRA last June 30. These were the United States, Britain, Canada, Australia and Denmark. Greece agreed to make a "token" contribution of dried currants for Romanian children.

Bricker Tells Of Shooting Attempt

Senator John W. Bricker (R-Ohio) (right) tells Ed Haakirson, Associated Press reporter, how a man fired two shots at him in the senate subway between the Capitol and the Senate office building Saturday. The senator was unharmed. William L. Kaiser, discharged Capitol policeman was arrested and charged with the shooting. (AP Wirephoto.)

Greek Army Acquiring Upper Hand In Struggle

Two Important Engagements With Guerrillas Imminent; New Invasion Believed Possible From Direction Of Yugoslavia

Athens, July 15.—(AP)—Air Minister Panayotis Canelopoulos announced today that "the situation has radically changed in favor of national forces" in Epirus, where Greek army troops were reported snapping a pincers on strong guerrilla units driving south on the key city of Ioannina (Jaja).

Army sources said two important engagements with guerrilla columns were imminent in northwestern Greece. The government charged that the guerrillas had invaded Greek soil from Albania. Informants close to the Greek general staff said a new invasion was possible from the direction of Yugoslavia.

The informants quoted headquarters of the second army corps and the army of northern Greece—both of which are involved in the current operations—as saying: "We've got the invading forces in a difficult position." (Continued on Page Four)

Coal Prices Rising In North Carolina Cities

By the Associated Press Coal is costing more in North Carolina. Price increases of up to \$1.50 a ton to consumers have been announced in at least three of North Carolina's largest cities and are already in effect in Durham.

M. M. Floyd of Durham said the price of coal had been raised \$1.50 a ton to Durham consumers on the first of July. In Raleigh, T. C. Powell, president of the Raleigh Retail Coal Dealers' Association, said hikes of from \$1 to \$1.50 were in prospect within the next 30 days. And in Charlotte, J. The Durham official said he expected a possible adjustment in price when labor-management negotiations are completed in the mining industry and that the adjustment was not expected to be upward.

His First Break

Barrington, N.J., July 15 (AP)—James Bark, 23, set out for the shore on Sunday, the thirteenth, with his wife, five children and two in-laws, had seven flat tires going and coming and ended up in the Audubon, N.J. jail.

Charged with taking a wheel from a parked car after the seventh flat, Bark, a Philadelphia naval base employe, got his first break when Police Recorder Howard J. Rowen suspended a \$10 fine.

New Rent Lease Forms Expected By Local Rent Office In Next Few Days

The Greenville Area Rent Office is expecting to receive quite a number of the "15 percent leases" within the next few days, it was indicated today by John P. Proctor, Area Rent Representative. Stating that his office has received several requests for copies of the "registration-of-lease" forms, Proctor said this presumably means that landlords have at least quite a few leases completed or in preparation, since rent regulations require that three copies of the form be submitted to the rent office with a manually signed copy of the original lease.

LITTLE HOPE OF TAX SLASH BEATING VETO

Majority Fell Two Votes Shy Of Two-Thirds Needed To Override Truman

Washington, July 15.—(AP)—The possibility of enacting the \$4,000-\$2,000 income tax cut over President Truman's promised veto all but disappeared today despite the 60 to 22 Senate vote which headed the measure toward the White House.

Although yesterday's roll call on passage gave the tax-cutters a 28-vote edge, the majority fell two votes shy of the two-thirds needed to override the rejection which Mr. Truman has announced will be sent back to Capitol Hill.

With the Senate membership now 95, those 32 "nay" votes would be sufficient to prevent enactment. And the Administration is counting on another sure vote with the scheduled return of Senator Elbert Thomas (D-Utah) today from an international conference in Switzerland.

Republican backers of the bill refused to concede defeat. Senator Millikin (R-Colo.), manager of the bill, told reporters there still is "a fighting chance." Senator Taft of Ohio, the Republican Policy (Continued on Page Four)

ASK PRIORITY FOR BALKANS

Urgency Of Situation Cited By U.S. Before Security Council

Lake Success, July 15.—(AP)—The United States demanded today that United Nations Security Council give top priority to the Balkan problem in view of its "urgency."

Mercel P. Johnson, U.S. Delegate, proposed that the Council sidetrack all other issues this afternoon and work exclusively on the Balkan case until it arrived at a decision. Johnson declared that he was acting on instructions from Washington where top officials considered the situation "urgent."

He disclosed that he had proposed last night to Dr. Oscar Lange of Poland, Council President, that the Balkan discussions, originally scheduled for this afternoon, be moved up to the morning session. Lange assured Johnson that all council meetings this week, except this morning's session, would be devoted to the Balkan question. He said he would announce the schedule for next week later.

Johnson's move came after the council received an urgent appeal from the Greek government to expedite the Balkan debate.

National Guard Unit Organized In Greenville

Organization of Battery C, 680 Field Artillery, has been started in Greenville. The new National Guard unit will be stationed here, with Capt. J. B. Tundall as battery commander, 1st Lieut. C. A. Burnett, executive officer, and 1st Sergeant Snerman Parks having the ground work for the new unit.

Battery C's strength is set at 80 enlisted men and four officers. Pay scales for enlisted men range from \$2.90 to \$5.50 for each night of drill. Information and enlistments will be handled at the armory, which will be open evenings from 7:30 to 10 o'clock, with the exception of Saturdays, when it will be open during the afternoon, and on Sundays.

Blimp Victim Of Air Down-Draft

Eureka, Calif., July 15.—(AP)—Navy blimp K-99, caught in a terrific down-draft of air, plunged into the ocean south of here yesterday, and after its 11 occupants had escaped unhurt, rose again to come finally to earth eight miles north of Eureka.

Lt. D. E. Devaney of San Jose, Calif., the pilot of the 250-foot craft, said it became unmanageable when caught in the draft while cruising approximately 150 feet above the water on a photographic mission for the California Bureau of Marine Fisheries.

Approve Navy's Appropriation

Washington, July 15.—(AP)—The House passed and sent to the Senate today a compromise bill giving the Navy \$3,433,046,100 in cash appropriations for the current fiscal year. In addition, the bill carries \$248,000,000 in contract authority for the purchase of aircraft.

It provides for a projected program supporting an average Navy strength of 395,000 enlisted and 42,000 officer personnel.

Big Business Says Nation Can Absorb Wage Increases

SEC. MARSHALL SAYS AMERICA AT CROSSROAD

Warns Huge Stake In Europe Can Be Lost Without Relief; Gets Support

Salt Lake City, July 15.—(AP)—Secretary of State Marshall told the nation's governors that the U.S. has reached a "turning point" in European relations and got prompt assurance today of bipartisan support for his plan to help rebuild Europe.

Unless it elects to lose its "incalculable stake" in Europe, the Cabinet member said, America must extend a justifiable measure of aid to friendly countries or see them drift into a non-democratic orbit.

In a crowded eight-hour stopover on a strenuous roundtrip flight from Washington, the graying soldier-diplomat grimly told the governors' conference here that there is "no blinking the fact that this country now stands at the turning point in its relations to its traditional friends among the nations of the old world."

Before he climbed wearily aboard the presidential plane "Sacred Cow" for the return trip to Washington, Marshall made a detailed explanation of his economic rehabilitation plan to the state executives in a closed door session.

The secretary's public call for support from the governors in building up the public opinion behind his program met with prompt responses of support from Republicans and Democrats.

Gov. Thomas E. Dewey, New York Republican, declined any comment, but Gov. Earl Warren, California Republican, said that Marshall's proposal constitutes "a very sound approach to the international situation."

Gov. Mon Wallgren, Washington Democrat and close personal friend of President Truman, told a reporter that he fully endorsed Marshall's statement. "It calls our shots, as I see it," Wallgren said.

Decrees End Of State Guard

Raleigh, July 15.—(AP)—The State Guard, organized to protect the home front during World War II, will pass out of existence at midnight tonight. Disbanding of the guard, which at its peak enrolled 2,128 in 42 units, was decreed in an order signed by Ad. Gen. J. Van B. Metts on June 3 which said:

Britain Investigating International Brigade

London, July 15.—(AP)—A Foreign Office spokesman said today Britain was investigating reports that an "international brigade" was invading Greece.

Whitehall informants said that if the existence of such a brigade is proved, a joint British-American protest may be entered in the United Nations Security Council.

These sources added that American and British civil and military authorities in Greece already were in communication with one another over "the very serious turn of events" in Greece.

The Foreign Office spokesman, answering Greek correspondents' questions at a news conference, declared:

Blimp Victim Of Air Down-Draft

Eureka, Calif., July 15.—(AP)—Navy blimp K-99, caught in a terrific down-draft of air, plunged into the ocean south of here yesterday, and after its 11 occupants had escaped unhurt, rose again to come finally to earth eight miles north of Eureka.

Lt. D. E. Devaney of San Jose, Calif., the pilot of the 250-foot craft, said it became unmanageable when caught in the draft while cruising approximately 150 feet above the water on a photographic mission for the California Bureau of Marine Fisheries.

Earl Humphrey, Pittsburgh coal and steel executive, said today the new coal wage contract "will do more to stabilize the economy and retard inflation" than settlement of any controversy in the industry in several years.

Humphrey who played a major role in negotiation of the agreement with John L. Lewis United Mine Workers, told the joint congressional committee on the economic report that the contract will spur output of coal, and added: "Production and only production which creates a balance of supply and demand is the only sure cure for the increasing wage and price spiral."

Humphrey testified after Earl Bunting, president of the National Association of Manufacturers, told the committee that the nation should be able to absorb this year's second round wage without going on an inflationary spree.

The NAM head also declared that the key to continued economic growth and prosperity is a united effort for greater production, plus tax cuts to provide venture capital for expansion of industry by 600,000 new jobs a year.

"Prices are high, as compared to pre-war, but the increase has been less than the rise of wages and during the last four months the price level has definitely flattened out," Bunting said in a statement prepared for the joint committee on the economic report.

"We've got to see the full effects on prices of the current round of wage increases. But if we can keep production and productive efficiency moving forward, we should be able to hold this potential price rise from getting out of hand."

Bunting said he considered it amazing that the death of OPA a year ago has resulted in such moderate price increases. In view of cost increases, he added, "I believe that manufacturers' prices have been kept well in line."

But the NAM chief forecast that the wage increases recently granted the coal miners will be reflected in increased costs of manufactured productions and of transportation.

TRUMAN SIGNS CONTROL BILL

Foreign Trade In Some Commodities Kept Under Supervision

Hold Hearings On Youths Who Shot At Scouts

Charleston, S.C., July 15.—(AP)—Three white youths, who County Police Lieutenant Julian T. Williams said confessed sending volleys of buckshot into a tent occupied by Negro Boy Scouts Sunday night, were scheduled for hearings today.

Williams said the boys signed confessions admitting they fired the shots, which injured three teen-age Negroes who huddled behind duffle bags as shot after shot ripped through their tent.

The boys told Williams they fired upon the Scouts as a prank, with the intention of frightening them. No charges were filed immediately, but the officer said the trio would be charged with assault and battery with intent to kill.

In their confessions, Williams quoted the youths as saying "we first thought of running a rosin string through a can, but we decided that wouldn't scare them enough."

Claim New Coal Contract Will Markedly Stabilize Economy

George M. Humphrey, Pittsburgh coal and steel executive, said today the new coal wage contract "will do more to stabilize the economy and retard inflation" than settlement of any controversy in the industry in several years.

Humphrey who played a major role in negotiation of the agreement with John L. Lewis United Mine Workers, told the joint congressional committee on the economic report that the contract will spur output of coal, and added: "Production and only production which creates a balance of supply and demand is the only sure cure for the increasing wage and price spiral."

Humphrey testified after Earl Bunting, president of the National Association of Manufacturers, told the committee that the nation should be able to absorb this year's second round wage without going on an inflationary spree.

The NAM head also declared that the key to continued economic growth and prosperity is a united effort for greater production, plus tax cuts to provide venture capital for expansion of industry by 600,000 new jobs a year.

"Prices are high, as compared to pre-war, but the increase has been less than the rise of wages and during the last four months the price level has definitely flattened out," Bunting said in a statement prepared for the joint committee on the economic report.

"We've got to see the full effects on prices of the current round of wage increases. But if we can keep production and productive efficiency moving forward, we should be able to hold this potential price rise from getting out of hand."

Bunting said he considered it amazing that the death of OPA a year ago has resulted in such moderate price increases. In view of cost increases, he added, "I believe that manufacturers' prices have been kept well in line."

But the NAM chief forecast that the wage increases recently granted the coal miners will be reflected in increased costs of manufactured productions and of transportation.

The Greek Situation

Communist Rebellion A Fuse Which Could Blow Up In-Major War, Although Nobody Wants One; Quarrel Not Yet "War"; Wagons Hitched Soviet Star

From whatever angle you view it, that Greek situation doesn't look so good. The Communist rebellion with its international complications constitutes a fuse which could set off a mighty charge of high explosive. Greece is perhaps the greatest danger spot on the globe today.

It's generally accepted that the whole world wants peace. The only great power capable of waging a major offensive war is the United States, and she certainly isn't looking for trouble. Russia doesn't want war; Britain doesn't want it; nobody wants it.

And yet we find aggressive communism so determined on expansion that it is taking an enormous chance of precipitating a Balkan upheaval which in turn assuredly would threaten world peace. Greece furnishes an extreme example of this determination.

The Athens government claims the Red revolt is backed by the neighboring Communist countries of Albania, Yugoslavia and Bulgaria. A majority of the United Nations Balkan Investigating Commission agrees that the rebellion is being festered by these countries.

What Next On Taxes?

Insistent Effort By Republicans To Cut Taxes Part Of Election Promises; Passage Of Bill Unlikely This Session; When Will They Try It Again?

Washington, July 15.—(AP)—Once more—the second time this year—Congress has passed an income tax cut bill but the Republicans couldn't get up enough votes to re-pass it into law over the veto. So the bill died.

It was hardly stiff before the Republicans got busy again and rammed through a bill exactly the same as the one Mr. Truman vetoed except for this:

The bill vetoed June 16 would have cut your taxes, beginning July 1. This one would cut your taxes, starting next Jan. 1.

Last November, when they were running for Congress, the Republicans promised to cut taxes in 1947. They won. So they shoved through the first tax-cut bill. Now they're trying again.

And Mr. Truman has announced he'll veto this one, too, promptly. As noted, it's doubtful the Republicans can get up enough votes to re-pass it into law over the veto. What then? That will be about the end of any attempt by Congress this year to cut taxes. It plans to quit for 1947 by the end of this

# Social and Personal

Rev. H. F. Jones, who has been conducting a revival at Chase City, Va., and Williamsburg, Va., has returned.

Mrs. H. F. Jones has returned after visiting her son, H. F. Jones, Jr., and daughter, Mrs. Dulaney Foster in Baltimore, Md.

Miss Marguerite Winn of Richmond, Va., is the guest of Mrs. Vance Perkins.

Mr. Vance Perkins is in Pitt General Hospital for a few days.

Mr. and Mrs. James Dunn Elmore and son Ashby Dunn, of Scotland Neck were guests of Mr. and Mrs. Abdon Dunn Sunday.

Mrs. Annie Long left today for Hot Springs, N. C. to spend several weeks at the Montague hotel.

Dr. and Mrs. H. C. Haynes and Miss Eleanor Haynes left this morning for a visit to relatives in Georgia.

Mr. and Mrs. J. J. White and Miss Josie Barnes White left today for Virginia Beach.

Mr. Lozan Elliott, of Edenton, is now with Batchelor Bros. as salesman.

Mrs. E. C. Caughey of Chester West Virginia, is visiting her daughter, Dr. Mary G. Caughey at Ragsdale Hall on the college campus. Dr. Caughey has returned to East Carolina Teachers college to teach in the department of science during the second summer session. Dr. Caughey and Mrs. Caughey made the trip from Chester to Greenville by automobile, following a route through the Shenandoah Valley and visiting such places as Monticello along the way.

**Notice Teen Age Club**  
There will be very important meeting of the Teen-Age Club tonight at 8:30 at the club. All high school students please attend.

**Charities Debutante Ball Status**  
The North Carolina Debutante Ball, sponsored annually by the Raleigh Terpsichorean Club and held in the Memorial auditorium in Raleigh, is in no way connected with the Debutante Register, a yearly publication by the Debutante Register of New York City, or any other organization. James H. Pou Bailey, president of the Raleigh Terpsichorean Club, announced.

"There has been a great deal of misunderstanding," said Bailey, "concerning this matter, and I wish to clarify it for the people of this state."  
Bailey explained that the Debutante Register, which contains photographs and brief biographies of young ladies of debutante age throughout the United States, is compiled by the Debutante Register

Home Demonstration Club members remember tea-club picnic for our families at the Farmville pool Friday, July 18, at 6:30.

The July meeting of the Woman's Missionary Society will be held at the parsonage Saturday, July 19, at 3 p. m. with Mrs. L. B. Bennett hostess.

Mr. and Mrs. Howard G. Porter and daughter, Dinan, of Greenville, were supper guests of Mr. and Mrs. Robt. McArthur on a recent Saturday night.

Mr. and Mrs. Dan E. Todd spent Saturday with Mr. and Mrs. Willis Allen.

Mrs. Pittman Wainwright and mother, Mrs. Annie Hadlock were Kinston visitors Thursday.

Little Miss Katherine Tucker, daughter of Mr. and Mrs. Lloyd Tucker, spent several days last week with Lillian Ann McArthur.

Mrs. Richard Nichols spent Thursday with her daughter, Mrs. Earl Coward.

Mrs. Robert McArthur has been confined to her home with mumps since last Tuesday.

Mr. and Mrs. Joe Sutton who were recently married, are residing in their new brick home on the Farmville-Greenville highway. Mrs. Sutton is the former Miss Lillian Martin and will be remembered by persons of the school as a former teacher here.

Miss Irene Hester was in the community Wednesday. We are delighted to know that Pitt county will have a bookmobile by the fall, perhaps, or as soon as one is available. We rural folk are particularly grateful for the recent action of the county commissioners which makes the operation of a "library on wheels" possible.

Friends of Fred McLawhorn, son of Mr. and Mrs. R. A. McLawhorn, Greenville, Route 1, will be sorry to know that he is confined to his bed for several weeks.

Mr. and Mrs. Joe McArthur and daughter, Jean of Morehead City left Tuesday for Greensboro to visit her parents after spending a few days with his mother here.

## Recreation News

Wednesday afternoon, July 16, at 4 o'clock there will be a "children's fair" at Cotanche Park.

Tex Street and his horse will give a free performance for the children. Mrs. L. C. Smith's kindergarten will take part on the program. After the short program there will be games of all kinds including bingo, fishing, fortune telling, darts for dough, horseshoe throwing, tossing rings, button game, three legged race, pony rides and donkey rides.

Everything will be free except drinks and peanuts which will be sold at cost. Free prizes will be given for all the winners in the games.

All playgrounds will be closed Wednesday afternoon in preparation for the fair. Cotanche will be open at 4 p. m. Every child in Greenville is invited to attend.

Any parent who will help with the fair please call Mrs. Vance Perkins 2236.

## Enforce Law To Cut Weeds And Grass

Alderman Heber Tripp, chairman of the Health and Sanitary Committee issued the following statement about weeds and grass today:

"Owing to rains this summer, we have an unusual growth of weeds. Under the health and sanitation law property owners in the city are required to cut their weeds, which have proven not only breeding spots for mosquitoes, but also harbor them. The weeds are beds for snakes, rats, etc., and are very unsightly.

"If the law will be enforced by the police department, advise your neighbors and friends to cut their weeds and grass. The city ordinance will be enforced."

The weeds will remain at S. G.

## Mrs. Minnie Piver Died Pitt Hospital

Mrs. Minnie Wessott Piver, 77, died at Pitt General Hospital at 12:30 a. m. today. She had been in declining health the past 18 months and critically ill three days.

Funeral services will be conducted at Trinity Methodist Church, Southport, N. C. Wednesday at 3 p. m. by Rev. P. H. Fields, pastor of Immanuel Baptist Church of Greenville. Burial will be in the old Southport cemetery.

The body will remain at S. G.

## Wilkerson & Sons' Funeral Home

Funeral services for Eugene B. Allsbrook, 72, who died Sunday morning at 3 o'clock at his home, 902 Charles street, following three years of failing health, were conducted at S. G. Wilkerson and Sons' Funeral Home Monday afternoon at 4 o'clock by the Rev. J. A. Nielson, pastor of Immanuel Baptist Church, Church. Burial was in Cherry Hill Cemetery.

Active pallbearers were Dr. Fred Irons and the following nephews: Charles Ives of Bethel, Charles Crom of Ayden, William Woolard of Greenville, B. W. Allsbrook of Roanoke Rapids and Roland Madlin of Washington.

Honorary pallbearers were the officers and directors of the Home Building and Loan Association and close friends.

Mr. Allsbrook, son of the late Bennett and Mary Parks Allsbrook, was born and reared in Scotland Neck. He came to Greenville in 1910 as a house contractor. He was a partner in the Baker & Davis Hardware Company, local hardware firm, for about 15 years, retiring several years ago because of failing health. He was a member of Immanuel Baptist Church and the local camp of Modern Woodmen of the World. Until recently he was a director of the Home Building and Loan Association.

Mr. Allsbrook was first married to Mollie Dickens of Enfield, who died in 1923. Surviving this union are a daughter, Mrs. B. H. Knight of Surr, Va., and a son, Worth Allsbrook of Tennek, N. J. He was later married to Virginia Ives of Greenville, who survives. Also surviving are five grandchildren: Robert, Christine and Carolyn Allsbrook and Linda and Betsy Knight; and two brothers, L. T. Allsbrook of Richmond, Va., and Bernard A. Allsbrook of Scotland Neck.

## Funeral Services For E. B. Allsbrook

## Light Docket Today Pitt County Court

Judge Dink James disposed of the following cases in County Court today:

Henry Flood, Jr., driving while drunk, transferred to Superior Court with a companion case.

Walter L. Moore, abandonment and non-support, six months on the roads, sentence suspended on condition that Moore pay \$7 a week for the support of his child.

Bill Hardy, Arthur L. Hodges and George Tom Brooks, assault with a deadly weapon, each found guilty and to pay \$25, costs deducted.

## Rotarian Cites Ideals Of Club

By WYATT BROWN

The utilizing of the ideals and aims of Rotary in the building of a better community and a peaceful world was presented in a brief address last night at the Rotary Club meeting by Rotarian Maynard O. Fletcher of Washington. He covered, in treating four phases of Rotary—membership, service, fellowship and citizenship.

"Before we destroy battleships, we had better build substitutes. Rotary has the means for building the substitutes into the cherished desires, aspirations and the heart throbs of human souls," declared Mr. Fletcher.

Pointing out that each Rotarian is chosen as the leader in his vocation, Fletcher said each was obligated to take the ideals and program back to his group. Indicating that the passion for service was the drawing power of Rotary, their speaker inspired the Rotarians to use it.

In these trying days "each man is isolated by preoccupation with his own problems" and Rotary affords an opportunity to restore the social. Under fellowship, the speaker said that international understanding would be an outgrowth of understanding among individuals. He cited the existence of Rotary in 72 nations with 300,000 members as a force which could help through fellowship toward peace but the members would have to be increased.

In treating citizenship in concluding his remarks, Mr. Fletcher emphasized that youth was the future citizen and that Rotarians had an opportunity to contribute in helping youth find its way and be helped.

A French process for making synthetic rubies, sapphires and spinels was developed in 1902.

themselves in so doing.

Visiting Rotarians were: Nat Goble of Ayden, Leroy Rollins of Farmville, Joe Joyner of Farmville, Norman Winslow of Washington, S. J. Willis of Farmville and Steve Gardner of Washington.

Guests of the club were Dr. John Mewborn of Farmville, Hamilton Hart of Brunswick, Ga., Leon Roebuck, Sr., of Washington, L. M. Ernest and Jack O. Howard.

Last week guests of the club were Billie and Joe Goodson, Dr. A. D. Frank, W. S. Tyson, G. R. Patrick and Howard Porter.

In times of famine, the ancient Hebrews ate the locust.

## Strength FOR THE DAY

### HARDSHIP CULTIVATES CHARACTER

When we are inclined to think that our lot is hard, we should recall the sterling characters of history who have had their goodness repaid with malice and persecution. Socrates was one of the wisest Greeks that ever lived yet his generation demanded and secured his death. The martyrs throughout the history of the Christian Church, the patriots who suffered for love of country, demonstrate in their careers that there is something about hardship and tribulation which accrues to the infinite benefit of the soul.

No one in the history of the race ever endured such injustice and unrepented mistreatment as did Jesus of Nazareth. What a commentary on human intelligence that when the wisest and only perfect man ever to appear on the earth began to move about among his fellows, there was a widespread and fanatical death wish against him. He was crucified, and 30 years in toil, three years in confinement, and three hours in racking torture on the cross.

Was it not and right? To meet have been, because we are told that "the Lord's obedience by the things he suffered." This thing for us to remember is that if life was not easy for him, we cannot expect it will be easy for us. Furthermore, if hardness of life made his perfect character more perfect, it may well do something to make these imperfect characters of ours passable.

### On Taxes . . .

(Continued from Page One)  
Keep running and pay for the war. It will take years, maybe generations to pay it off!  
4. We're in an inflationary period (prices higher than they should be). A tax cut now would give people extra money to spend and make the inflation worse.  
5. This isn't a good tax-cut bill. Congress should do a real job of overhauling the entire tax set-up and produce a good bill.

The Republicans in the elections of 1948 will be able to say they tried to keep their 1946 promises and cut taxes in 1947. They'll blame it on the President that the tax cut was killed.  
Mr. Truman will have to explain pretty clearly why he found it necessary to keep taxes high, since a lot of people early this year probably thought they'd have more money to spend—through a tax cut.

### Greek Situation . . .

(Continued from Page One)  
Look that Tirana's wagon is hitched to the Russian star. It would be interesting to know who thinks up such speeches for the hardy Albanian mountaineers.

In any event, one wonders whether for once Russia and the Western Allies might not agree to let the Security Council of the United Nations put the clamps on this whole Balkan shot-a-we-bit.  
"Annoys of this thought, London official sources yesterday said Britain was concerned over the wholesale arrests of Communists, trade unionists and leftwing liberals in Greece. These sources also said the cabinet was worried over signs that the Greek offensive against the guerrillas was failing, and that high-level Anglo-American talks might be initiated to consider possible future steps in Greece if the situation doesn't improve. Another source, asked whether intervention by British or American troops in Greece was possible, gave this reply (our Uncle Sam please note):  
"Britain has only 5,000 troops left in Greece. We certainly will not send more. Greece is more a United States than a British responsibility, anyway."  
America recognizes the responsibilities she has undertaken. Dwight D. Eisenhower, chief of the American economic aid mission to Greece, announced last Friday in Washington that the United States was sending an initial shipment of artillery, ammunition and other military equipment to Greek armed forces.

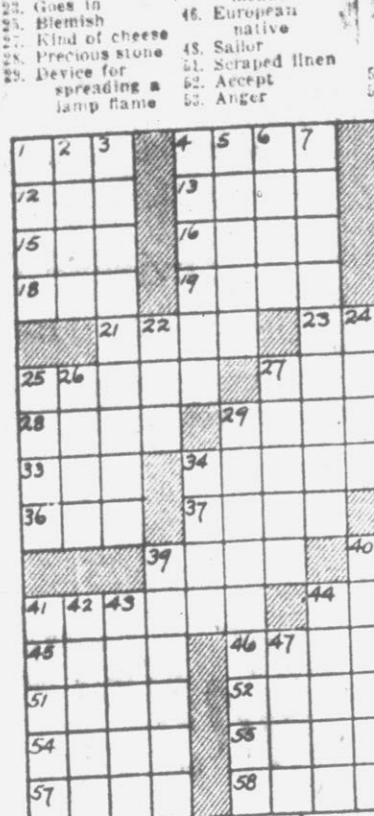

### Greek Army . . .

(Continued from Page One)  
The official estimate said eight battalions—about 2,500 men—were in the guerrilla forces in the areas where the two battles impended.

## Blind Center In Goldsboro Area

Goldboro, July 15.—(AP)—Headquarters for work with the blind for 25 southeastern counties extending from Moore and Lee to Hyde have been moved from Greenville to Wayne County, and Mrs. Louise Carter Bullock, with the State Blind Commission, the past two years, has opened offices in the Wayne Health Center in Goldsboro. The center has been moved to assure central location and also in connection with present plans of the Blind Commission to have district clinics set up at Goldsboro.

Mrs. Bullock, native of Mount Olive, has just returned to the State Commission after a six-month leave of absence, follows up eye cases and holds clinics in counties that do not have ophthalmologists. She works through contacts made by the welfare and health departments, case-workers for the blind and Lions clubs.

## Rush Relief To Quake-Stricken Colombian City

Bogota, Colombia, July 15.—(AP)—The government rushed medical supplies and assistance today to quake-stricken Pasto in southern Colombia, cut off since yesterday from communication with this capital by a series of tremors feared to have caused heavy casualties and damage.

Unofficial reports said that hundreds of buildings in Pasto, a city of 50,000 near the Ecuador frontier, had been wrecked. There also were indications that Ipiales, a town of

today or tomorrow. Mr. Truman's assurance to congressional leaders that he intends to act promptly may mean that both Houses will get a chance at overriding the veto this week.

It will go first to the House, which passed the bill a week ago today by a vote of 302 to 112.

The current measure is identical with the one Mr. Truman killed last month except that it would take effect next Jan. 1 instead of July 1, 1947.

### Truman Signs . . .

(Continued from Page One)  
islation extending export-import controls over scarce commodities until next February 29 and said some foreign trade supervision will be needed even after then.

These controls, embodied in the second war powers act, originally expired June 30, but were extended for 15 days by a stop-gap congressional resolution.

In a statement, Mr. Truman said the administration will use these controls sparingly and discontinue them as soon as conditions permit. He added:  
"I should be less than candid, were I not to say that I believe the need for some supervision of our foreign trade will continue beyond next February."

The law vests authority for handling the program generally in the hands of the secretary of commerce. It ends present controls on Manila and other types of fiber and cordage but retains import controls on a number of products.

### Little Hope . . .

(Continued from Page One)  
Committee chairman, held that there is a possibility yet of passing it over the veto.  
The bill probably will not actually reach the White House until late

### Dewey Leads . . .

(Continued from Page One)  
Annual governors' conference here last night.  
Others are Navy Secretary Forrestal, Commerce Secretary Harriman, Gov. Mon Walker of Washington, Senator Scott Lucas of Illinois, Senator Harry Bird of Virginia.

## Attention Farmers

Again this season we are pleased to announce to the public that we will do airplane crop dusting in an effort to control crop pests, such as tobacco worms, beetles, etc.

In offering this service to the people of this community, we do so with the sincere desire that we may assist you in harvesting a more abundant crop, thereby increasing your production income.

Again this year we are using Naco K-70 dust, which is the finest dust for destroying tobacco worms. As a result of using this dust in the past we will guarantee every acre we contract for dusting to be satisfactory to the owner.

We have many hundreds of acres for dusting already contracted for (in case tobacco worms appear) so get your name on our list so that this service will be available to you when needed.

To the farmers who use their own dusters we can furnish Naco K-70 dust in any amount.

## LUCKY STRIKE presents THE MAN WHO KNOWS

**THE TOBACCO AUCTIONEER!**  
"I'VE SOLD well over 350 million pounds of tobacco at the auctions down South, and year after year, I've seen the makers of Lucky Strike buy quality tobacco... fine, light, fragrant tobacco that makes a grand smoke."  
Joe Burnett  
J. H. BURNETT, INDEPENDENT TOBACCO AUCTIONEER of Buffalo Springs, Virginia (16 YEARS A LUCKY STRIKE SMOKER)

## FINE TOBACCO is what counts in a cigarette

JOE BURNETT IS RIGHT!... And like him, scores of other experts... who really know tobacco... have seen the makers of Lucky Strike buy the kind of tobacco that makes "a grand smoke."  
After all, that's what you want in a cigarette... the honest, deep-down enjoyment of fine tobacco.

So remember...  
L.S./M.F.T.

## Grain Market

Chicago, July 15—(AP)—Grain futures leaped upward in late trading today with wheat and corn showing gains of about 5 cents a bushel at times. Oats weak early strengthened with other grains.

September and December wheat, and September, December and May corn reached new seasonal highs. July corn reached \$2.21 a bushel, equalling its all-time high set last week.

Wheat closed 2 1/2 to 4 1/2 cents higher than the previous finish. July \$2.39 1/2, \$2.39, corn was up 1 1/2 to 5 cents, July \$2.20 1/2, and oats were 1/2 off to 7 1/2 cents up, July \$1.02-1.01 1/2.

## New York Cotton

New York, July 15—(AP)—Cotton futures opened 10 cents a bale higher to \$1.05 lower.

Noon prices were \$1.85 to \$1.85 a bale higher than the previous close. July 39.20, Oct. 34.15 and Dec. 33.32. Futures closed \$4.45 to \$5.25 a bale higher than the previous close.

Open	Last	Prv Cl
July	38.85	38.98
Oct.	33.70	34.79
Dec.	32.90	34.00
March	32.45	33.65
May	32.11	33.20
July	31.25	32.30

Middling spot 39.69, up 82.

## N. Y. Stock Market

New York, July 15—(AP)—Short covering and mild investment demand kept assorted stocks on the upgrade today although light selling depressed many market leaders.

Transfers tapered to around 1-

## Cases Tried In Police Court

The following cases were tried by Judge Jimmy Roberts in Police Court Monday.

Disorderly conduct and profane language: Willie Jenkins, colored, \$20; Carlton Morris, not guilty, prosecuting witness, J. R. Medlin, taxed with the costs, \$13.

Fornication and adultery: Henry Gaskins, Jr., and Sudie Harris, both colored, each paid \$25.

Speeding: Noah B. Baker, colored, \$20; John Bryant, \$20; James R. Hudson, \$20.

Driving while drunk and speeding: Tip Clinton Adams, Jr., \$100 and costs and driver's license ordered revoked for a year.

Drunk: Mrs. L. P. Ross, \$15; Otis Hawkins, colored, \$15; Joseph Hoell, \$15; L. D. Taylor, \$15.

Walter L. Williams, colored, trespassing on the property of Mrs. Josephine Smith, Fourth and Cotanche Streets, 30 days on the roads. It was testified that Mrs. Smith found Williams on her front porch at night. When discovered he asked her for a match. She phoned police and officers in the radio car apprehended Williams nearby. They found several boxes of matches in his possession, they said. Williams appealed.

Disorderly conduct and property damage: Elbert Moye of Pactolus, \$20.

Affray: L. T. Dixon, \$20 and to pay \$20 to Charlie Stafford for damage; Charlie Stafford, not guilty.

Reckless driving and hit-and-run:

John D. Mercer, \$30 and \$15 for damage to city property.

A hard pine wax from the leaves of the Carolina pine is being exported to 22 foreign countries, bringing \$14,500,000 annually.

The largest Sequoia tree east of the Rockies is growing near Media, Pa.

## Colored News

Special notice to all members and officers of the Red Rose Social Club. You are requested to attend a special business meeting Thursday night, July 17th, at 8 o'clock.

Mrs. Gertrude Gardner, president of the Rose Bud Usher Board of Mt. Calvary P. W. B. Church was honored with a surprise birthday party Friday night, July 11, given her by the Rose Buds at the home of Mr. and Mrs. Ernest H. Eaton. The house was beautifully decorated with pink and white gladioli. The cake which was made of ice cream was six inches tall.

There were about 50 guests attending. She received many beautiful gifts which are of great value to her. The serving was enjoyed by all. Candy, peanuts, mints, potato chips, ham sandwiches, punch, ice cream cake and chewing gum.

# "What a Thrill!"

... to take the wheel of a smart new Oldsmobile!

You've probably heard these words on the radio—these catchy, up-to-the-minute words from the brand new Oldsmobile song.

THE LOWEST-PRICED CAR WITH

Until your new Oldsmobile is here...

... let us help you keep your present car in shape. Summertime is vacation time—you drive more often and make longer trips. That's why top-quality service—Oldsmobile service—is particularly important during these next few weeks!

What a thrill!... to drive a car so smart in appearance, so advanced in styling, that people turn admiring eyes as you go sailing by.

What a thrill!... to drive a car so smooth in performance, so soothing in its cushioned riding ease, that the last mile of your vacation trip seems just as restful as the first.

And what a special thrill!... to drive mile after mile, through town and cross-country, without ever shifting gears or pushing a clutch! That's what motoring is like with GM Hydra-Matic Drive\*—the fully proved, fully automatic drive that is available only in Oldsmobile among low and medium-priced cars. Hydra-Matic Drive shifts gears automatically—eliminates the clutch pedal completely. And Hydra-Matic Drive brings stepped-up performance—improved economy—greater safety, too!

No wonder so many enthusiastic owners agree... "It's SMART to Own an Olds!"

**Greenies Blanked 5-0 By Goldsboro Ball Club**

By BERT MOYE

Manager Timm's Greenies were shutout for the second time this season last night by the Goldsboro Bucs 5-0 behind the two-hit pitching performance of Lefty Bob Gauldin.

The only other club in the league to shellack the Greenies was the Tarboro Tars in a game played here on May 11 when Pete Clark and Ed Neville limited the Greenies to four hits and took a 4-0 win.

The Greenies were able to get only two men to second base; one in the first frame, one in the second frame; only had two men left on base during the game, this being in the first inning. After the first inning it was three up and three down for the Greenies. In fact only four men were able to reach first. Lee reached first in the first frame on an error and Jacobs singled in the first; then in the second Jenkins reached first in the second frame on Pitcher Gauldin's error and went to second on a wild pitch but was thrown out at third when Simmons hit into a double play. In the seventh frame Willie Mauney reached first on the only other hit given up by Pitcher Gauldin, and

after Tim had flied out to first base. Bomar hit into a double play to retire the side.

Goldsboro scored three runs in the fifth frame to clinch the win. They scored again in the sixth frame, and ended their scoring in the eighth.

Greenie added four more double plays in last night's game to bring their total for the past two days to seven. Hank Ranweiler, who was the victim of last night's white-washing job, lost his fourth game of the season. He allowed eight hits, two for extra bases, walked five and struck out none.

Score by innings:  
Greenie 0 0 0 0 0 0 0 0  
Goldsboro 0 0 0 3 1 0 1 5

**Boys League**

Although Doug Morgan pitched two-hit ball and should have had a shutout win, the Red Sox gave the Giants four unearned runs and went down to defeat by the score of 4 to 1. On the other hand the Giants played airtight ball defen-

sively, making three double-plays on the three occasions that the Red Sox started rallies.

Pat Sawyer Eddie Farley, James Roberson and Quinn got the loser's hits off Virginius Haymes who worked a steady game for the Giants. Bobby Watson and Nobles got the only two hits for the Giants.

Johnson pitching for the Greenies didn't allow a hit for five and a third inning, but in the last three innings his support cracked and the Tigers scored six runs in the 6th, 7th and 8th innings to win 7 to 6. The Greenies had built up a 6 to 1 lead in the first three innings and apparently had the game sewed up until errors set the stage for the winning runs.

Bobby Fye allowed the Greenies only five hits and was the winning pitcher. In the 6th after the side should have been retired, Sydney Briley hit a triple to bring the score to 6-4 and in the 8th a fly ball that the infield let drop among them allowed the tying runs to score. Fred Joseph opened the last inning with a triple and scored the winning run on an error by the shortstop.

Third St.'s Dodgers strengthened by the addition of several new players put up a strong fight but lost to the Yanks in a free scoring game 12 to 9.

Ipock with three hits and Siders and Cox with two each led the hitting for the Dodgers. Wingate got five for five for the Yanks.

Games for Wednesday  
Cardinals vs Red Sox, Training School, 10 a.m.  
Senators vs Greenies, Training School, 2 p.m.  
Lions vs Yanks, Training School, 2 p.m.

**Three Highway Accidents Near Here On Weekend**

The State Highway Patrol today reported a series of accidents to heavy motor vehicles near Greenville during the weekend.

A oil tanker driven by Walter T. Wheeler of Burgaw and owned by A. F. Comar Transport, Rocky Mount, got out of control when the driver was blinded by the lights of an oncoming vehicle and landed in a cornfield five miles south of here last night about 10 o'clock. The driver was considerably shaken up.

An oil tanker driven by James E. Sutton of Greenville and owned by Sutton's Service Center, was damaged when it had to leave No. 11 highway to avoid colliding with a car that was making a U turn several miles south of Greenville Sunday morning. The driver was painfully injured and was taken to Pitt General Hospital, the highway patrol reported.

A large bread truck driven by Alton C. Woodruff of near Selma and owned by Bell's Bakery of Raleigh, turned over on the Bethel highway several miles from here Saturday after damaging an Atlantic Coast Line Railroad section house. The driver said he was blinded by the lights of another vehicle.

No arrest was made in connection with the accidents.

ley act will be ignored by the CIO-Food, Tobacco, Agricultural and Allied Workers union.

The union's national policy committee said in a statement it "will submit no issues to the board."
