

North Carolina—Partly cloudy and slightly warmer this afternoon, tonight and Saturday.

RUSSIAN "NO" TO LAWMAKERS MAY REBOUND

Refusal Of Passport Visas Rankles Congressmen; Propose Retaliation

Washington, July 25 (AP)—Moscow's "No" to a Russian visit by three American lawmakers rubbed raw today a new point of irritation between Congress and the Soviet Union.

The turn down produced: 1. A proposal that hundreds, maybe thousands, of Russians be expelled from the United States.

2. A curt letter to Soviet Ambassador Nikolai V. Novikov asking "diplomatic deterrents."

3. Complete junking of plans for the trip. 4. A rise in congressional temperatures, especially that of Rep. Kersten (R-Wis.).

A.J. May And Garssons Given Prison Terms In Bribery Case

Washington, July 25.—(AP)—Congressman Andrew J. May was sentenced today to a term of from eight months to two years in prison on charges of accepting \$53,634.07 in bribes while he was wartime chairman of the House military affairs committee.

The two men accused of paying May the bribes—munitions makers Murray and Henry Garsson—also were given prison terms with a minimum of eight months and a maximum of two years.

The maximum penalty that could have been imposed on each by Judge Henry A. Schweinhaut was six years in prison and a fine of \$30,000.

GREEKS REPEL REBEL ATTACK

Rocket-Firing Planes And Artillery Used Against Guerrillas

Athens, July 25.—(AP)—A war ministry spokesman said Greek government forces using rocket firing planes and artillery, repelled a strong guerrilla attack today on Grevena, about 40 miles east of the Albanian border.

The ministry said a guerrilla force of from 1,200 to 1,500 men, equipped with heavy weapons, launched the attack at 3 a. m.

The spokesman said the initial assault forced back guard posts outside Grevena, a town of 4,000 in the Pindus mountain foothills, southeast of the Mount Grammos border area where government forces have been battling leftist units for almost a month.

The attack was repelled and the guerrillas were decimated, the government spokesman said.

Military sources said the attackers were part of the guerrilla units which attacked Konitsa, south of the Mount Grammos region and 10 miles east of the Albanian frontier.

The Greek second army corps said at Larissa that reinforcements had been moving toward Grevena since early morning and the situation was "developing favorably."

Some reinforcements already had joined the battle. Spillfire firing rockets and machineguns were reported keeping the attackers under steady fire.

they will carry the case to the Supreme Court if necessary. "I never did a thing in Congress that today vexes my conscience. "I stand here today on the mercy of the court. If I go to jail my grandchildren will drop out of college.

"Regardless of what has been said in the malicious press... I'm not guilty."

This map illustrates China's military situation which has come under close scrutiny by an American presidential envoy. Lt. Gen. Albert C. Wedemeyer, whose survey for President Truman likely will determine U. S. policy toward China.

Republicans Beaten In Fight For Probe

Washington, July 25.—(AP)—A hectic 18-hour and 12-minute senate session ended at sunrise today with Republican leaders conceding defeat in their demands for an investigation into Attorney General Clark's handling of Kansas City vote fraud charges.

Determined to carry out their plans to adjourn congress for the year tomorrow night, GOP chiefs bowed before unbending Democratic opposition.

The decision to quit until noon came at 6:12 a. m. (5:12 a. m. EST). The Republicans hours before had won a battle but obviously lost the war in their effort to force the inquiry.

House Republican Leader Halleck of Indiana told newsmen flatly that there will be no resolution offered for a house investigation.

They battered down a Democratic attempt to postpone formally until January any decision on the resolution by Senator Kem (R-Mo.) demanding the Clark investigation.

But the bitter debate dragged on through the night. Then, shortly after daybreak, the Republican leadership agreed to lay aside the Kem matter long enough to take up one of several appropriation bills that must be passed before congress can quit for the year tomorrow night.

That measure, carrying funds for the Greek-Turkish aid program and foreign relief, was discussed only 29 minutes, however, then the weary lawmakers decided to call it quits so members could get a few hours sleep.

ACTORS JOIN IN REBUILDING 'LOST COLONY'

Amphitheatre's Fire To Cost Over \$50,000; Hope To Reopen July 30

Manteo, N.C., July 25.—(AP)—Actors in "The Lost Colony" put away their late 16th century costumes today and donned carpenter overalls as they joined Roanoke Island natives in restoring the stage to their big amphitheater which was gutted by fire yesterday.

Officials of the symphonic-drama, which depicts the first English attempt to colonize America, placed the loss between \$50,000 and \$75,000 which they said was partially covered by insurance.

The fire, of undetermined origin, started in a prop room and quickly spread to the stage, destroying a chapel, two log cabins, the choir loft, an organ and the women's dressing room.

Officials have tentatively set the reopening date for Wednesday, July 30.

Hardly had the flames been brought under control through the efforts of firemen, islanders and members of the cast before the executive committee of the Roanoke Island Historical Association which produces the play met and announced that its restoration would be undertaken immediately.

Even as they met, members of the cast and the people of Roanoke Island formed teams and worked through the night, carting away the blackened debris.

The workers—including women and children—flocked around Albert Bell designer and builder of the theater in 1937 who was designated to superintend the reconstruction job.

Scores of the men volunteered to cut timber and serve as carpenters so that resumption of the play would not be delayed.

The theater, which seats 3,200 persons, is one of the largest on the eastern seaboard for summer productions.

HOUSE ARMED SERVICES BODY UNANIMOUS ON TRAINING MEASURE

Washington, July 25.—(AP)—The House Armed Services Committee today approved a universal military training bill by a vote of 20 to 0.

Chairman Walter G. Andrews (R-NY) told reporters immediately that there is no intention of bringing the bill to a House vote this year. He said the committee action is intended solely to get a bill before Congress.

The bill, drafted by a subcommittee, goes on the House calendar and will be ready for consideration early next year.

Eight Republicans and 12 Democrats, with three of the Democrats represented by proxies, voted to send the bill to the House floor. There are 33 on the committee.

Closely following the recommendations of President Truman's special commission on universal training, the legislation calls for six months of basic training in an Army or Navy establishment for all qualified American males after they reach the age of 18.

Truman Declares End GI Benefits

President Declares War Over Insofar As Vets' Benefits Concerned; Marks Beginning Of End For GI Bill-Of-Rights

Washington, July 25.—(AP)—President Truman declared the war over, insofar as veterans' benefits and a batch of other war and emergency statutes are concerned.

The chief executive signed a Senate joint resolution (SJR 123), making inoperative some 175 laws whose effect was based on the status of war and emergency.

But he said some other extraordinary powers must be retained for a time, and announced that he has asked Attorney General Clark to continue his studies on the ending of the remaining war statutes.

In interpreting the 175 acts, the resolution says, the proclamations of World War II, the limited emergency and the unlimited emergency "shall be construed as terminated and peace established."

It is therefore T-Day—Termination-of-War-Day—for about 16,000,000 war veterans and servicemen.

It marks the beginning of the end of the educational unemployment and loan-guarantee benefits of the GI bill of rights, veterans benefits will not longer be available to:

- 1. New enlistees. They will not be entitled to unemployment allowances, educational or job-training allowances, or government loan-guarantees.

2. Men and women in service at time the measure is signed but who leave the services after less than 90 days of service. Those who have even one day of service before the act becomes law however, and remain in service for the minimum 90-day period will qualify to some degree for the benefits.

For men and women still in service when the President signs S-123 termination of benefits will begin with the day of their discharge. For other veterans or World War II benefits will be affected as follows:

- 1. Education and job-training—courses must be started not later than four years after the date of the signing, and must be completed not later than nine years after T-Day. The Veterans Administration pays up to \$500 a school year, for from one to four years—depending upon length of service.

2. Unemployment allowances—will cease two years after T-Day. They range up to \$20 a week for not more than 52 weeks.

3. Loan guarantees—will be made any time within 10 years after T-Day. The government guarantees up to 50 percent on farm, home and business loans to veterans—loans not exceeding \$2,000 on non-real estate property and \$4,000 on real estate.

6-123 sets termination dates for the benefits not only of the GI Bill of Rights—Public Law 346, officially known as the Servicemen's Readjustment Act—but of the vocational readjustment of disabled veterans—Public Law 16.

4. Veterans' benefits—will be affected as follows: a. Education and job-training—courses must be started not later than four years after the date of the signing, and must be completed not later than nine years after T-Day. The Veterans Administration pays up to \$500 a school year, for from one to four years—depending upon length of service.

5. Unemployment allowances—will cease two years after T-Day. They range up to \$20 a week for not more than 52 weeks.

6. Loan guarantees—will be made any time within 10 years after T-Day. The government guarantees up to 50 percent on farm, home and business loans to veterans—loans not exceeding \$2,000 on non-real estate property and \$4,000 on real estate.

7. Veterans' benefits—will be affected as follows: a. Education and job-training—courses must be started not later than four years after the date of the signing, and must be completed not later than nine years after T-Day. The Veterans Administration pays up to \$500 a school year, for from one to four years—depending upon length of service.

TWENTY-SEVEN MINERS KILLED IN EXPLOSION

Bodies Recovered From Coal Shaft; Relatives Seek Identity Of Victims

West Frankfort, Ill. July 25.—(AP)—Twenty-seven miners lost their lives in an explosion yesterday in one of the state's largest mines in the heart of the southern Illinois coal fields.

Twenty-six of the approximately 200 miners at work in the diggings 500 feet underground were found dead about a mile and a half south of the bottom of the shaft at the main entrance to the Old Ben Coal Company's No. 8 mine. One of the five seriously burned and injured in the blast died today in a hospital.

The bodies of all 26 had been brought to the surface early today by rescue squads and were placed in an emergency morgue set up at the Central Junior High School gymnasium. Relatives who remained at the mine throughout the night during rescue operations sought to identify the victims.

Work was hampered by carbon monoxide gas and the last three bodies found were buried beneath coal and debris.

Harold L. Walker, Illinois director of mines and minerals, said many of the bodies were badly burned, indicating he said a fire had broken out following the explosion. The cause of the blast early had not been determined.

During the rescue operations there had been conflicting reports of the total number of men trapped. The rescue teams worked frantically to reach the men in the belief they had been trapped by rock slides and might be alive. However, early today Walker said all 26 men were dead. Earlier Coroner D. J. Clayton of Franklin said 28 had lost their lives.

One of the miners at first believed among those trapped but who later was reported safe was Howard Lewis, underground superintendent and a brother of John L. Lewis, president of the AFL United Mine Workers.

Fears Hiccoughs Will Break Neck

Winston-Salem, N.C., July 25.—(AP)—Miss Wayne Ferguson, 28-year-old book store clerk, was living today in hopes that she wouldn't get the hiccoughs.

Miss Ferguson is the victim of a strange ailment. As she relates it, she yawned on June 28 and her mouth wouldn't close for hours. When it finally snapped shut, she found that she couldn't open it for more than a quarter-inch.

Since then she's been examined by 15 physicians and has tried numerous remedies, including head harness. Today she was gnawing balsam wood, the latest suggested cure.

Despite a loss of 33 pounds in weight, she's taken it all good naturedly. But, she says, "I'm afraid I'll get the hiccoughs and break my neck."

FURLOUGH IS PRIZE

Davton, O., July 25.—(AP)—The soldier "guinea pigs" today ended 10-day stay in a 25-below-zero chamber to test an arctic ration kit, but they must wait five more days before starting 30-day furloughs promised for volunteering for the experiment.

(Note that it said the full congress, which passes laws, was to quit by then.)

But congressional committees, which make investigations, can keep on working all through the year.) Suppose, though, that congress has so much piled-up, important business that it can't quit by the last day of July. What then?

NEUSE RIVER FUNDS VOTED

Senate Approves \$85,200 For Flood Control Project

Washington, July 25.—(AP)—The Senate last night approved \$85,200 for flood control on the Neuse River near Goldsboro, N. C.

The fund, already approved by the House, is part of the War Department civil functions appropriations bill for the year which started July 1.

The bill goes to a Senate-House conference today for consideration of changes made by the Senate; if the House bill, Congress is expected to pass the bill before adjournment.

Army Engineers plan a 6,400-foot cut-off channel across the river in flood control program. Actually it means taking the curve out of the river.

Rep. Barden (D-NC) explained the river "comes down from Raleigh and takes a loop around near Goldsboro so that the loop zig zags its way right back within 5,000 feet where it left, actually travelling over seven miles to get 5,000 feet."

Barden in urging Congress to provide funds for the project told the House Appropriations Committee at recent hearings:

"Here is a benefit that would reach from the capital of the state up here in Johnson County, Wayne County, Pitt County, Lenoir County, Craven County, and right on down."

Cohen's Successor

Charles E. Bohlen (above), a foreign service officer from Massachusetts, has been nominated by President Truman to be counselor of the State Department, succeeding Benjamin V. Cohen, resigned. Bohlen is regarded as an expert on Russian affairs.

Washington, July 25.—(AP)—The House Armed Services Committee today approved a universal military training bill by a vote of 20 to 0.

BETTER LEAF'S GO ON MARKET

Offerings For Higher Grades Tops Last Season's Opening

Valdosta, Ga., July 25.—(AP)—Millions of pounds of tobacco were sold yesterday as the 1947 Flue-Cured Leaf auctions opened at 10 Georgia and three Florida markets and started a flood of dollars into the two-state Bright Leaf belt.

Better quality offerings brought from \$3 to \$8 more a hundred pounds than opening day last season the U. S. Department of Agriculture said. The warehouses themselves reported average prices a hundred pounds ranging from \$43 to \$47.60 and \$62 for top grades.

The Department said fair to good cutters and fair to choice lugs had the largest price increases while most low lugs and all lower leaf offerings dropped \$1 to \$5 a hundred Best thin nomenclature open at \$10.75.

All except a few grades, however averaged from \$1 to \$10.50 a hundred over government support levels. Approximately 20 percent of the baskets were rejected on some markets and delivered to the Flue-Cured Stabilization Corporation at support prices based on 90 percent of parity.

Sees were heavy in volume on all markets and the general quality of the offerings as a whole was better than last year's opening day.

S. M. Holton New Head Of College

Louisburg, N. C., July 25.—(AP)—The president-elect of Louisburg College is Samuel M. Holton, Durham native who formerly was principal of a Mckenlenburg county school and superintendent principal of a Davie county consolidated schools.

He was elected unanimously yesterday by the trustees to succeed the late Dr. Walter Patten. He has been associated with Virginia State Teachers College.

Holton is a member of a family well-known in the teaching profession. An older brother, Dr. Holland Holton, is head of the Department of Education at Duke University.

UN Hangs On Thread

Uprisings Against Russian Tactics In World Organization Virtually A "Declaration Of Independence"; If Two Sides Go Separate Ways, UN Is Ruined

By DEWITT MACKENZIE

The unprecedented tongue-lashing administered by American-British representatives to Russian speakers in United Nations meetings Wednesday, during heated debate over the extremely dangerous Balkan situation, looks to your correspondent like a declaration of independence by the democracies.

And I don't seem to be alone in this thought, because some U. N. delegates have expressed the view that the future of the peace organization might depend on the outcome of this verbal battle of the Balkans. Authoritative sources say that if Russia vetoes an American proposal for the establishment of an international border-watch in the Balkans, the United States and Britain and their supporters might feel forced to take action outside the United Nations. That of course would be the finish—or close to it—of the U. N.

Wednesday's upheaval really was the product of several explosions in separate meetings. One of these came in the Security Council which was considering the bitterly debated border-watch along the frontiers of Albania, Bulgaria and Yugoslavia, three Soviet satellites which are accused by Athens of aiding the Communist "rebellion in Greece—a charge confirmed by a majority of the U. N. investigating commission in the Balkans.

American Deputy Delegate Herschel V. Johnson suddenly erupted with the declaration that Yugo-

Social and Personal

Miss Abbe Newell Sutton is spending several days in Miami, Fla.

Mrs. S. T. Hicks is quite ill in Dr. Joseph Smith's Clinic.

Mrs. Harry Smith, of Weldon, will arrive tonight to spend the weekend with her mother, Mrs. Susie Warren.

Mrs. F. R. Wingate, Miss Lou Winkler and Mrs. Hazel Sawyer left today for Carolina Beach. They will return Sunday.

Mrs. J. L. Williams and her sons, Louis Howard and Harold Lee, have left for Petersburg, Va., Washington, D.C. and points north, including Canada.

Gay Dale Vaughan, of Bethel, is enrolled for the summer quarter at Ohio State University, Columbus, Ohio.

Mrs. Edith M. Jones and daughter, Mrs. Beverleigh M. D'Alesandro, and son, George Thomas, of Baltimore, are visiting Mr. and Mrs. W. K. Jones.

Doyle G. Gover, of Washington, D.C. is visiting his mother, Mrs. Clara Gover.

Miss Austin Brigg Jossess
Miss Mary Elizabeth Austin was hostess at bridge on Friday afternoon, honoring Mrs. Norman Wilkerson, a bride of June.

Three tables were arranged for the games in a setting of summer flowers. Early in the afternoon a tea drink was served and later Miss Austin, assisted by her mother, Mrs. Edward Austin, served a sweet course.

Mrs. Wilkerson was presented a corsage of white carnations and a pair of embroidered pillow cases. Miss Rachel Fleming won the high score prize and Miss Pauline Bell, the low. The floating prize went to Miss Frances Lamb.

To Speak At Immanuel Church
Dr. D. B. Bryan, dean of Wake Forest College, will speak at Immanuel Baptist church on Sunday morning in the absence of the pastor, Mr. J. A. Neilson. There will be no evening church service.

Card of Appreciation
We wish to express our appreciation for the kindness shown by our many friends during the sickness and death of our sister, Mrs. Lucy Barnhill.

R. L. Roberson
Arie S. Roberson

Presbyterian Church Announcements
Dr. Robert S. Boyd, who for the past eight and one-half years, has been pastor of the First Presbyterian Church, will preach his farewell sermon to this congregation next Sunday morning at 11:00 o'clock. All members of this church and their friends are invited to be present. A congregational meeting has been called after the morning service on same date to hear a report of the committee appointed some weeks ago to recommend a pastor. It is rumored that the committee has a man to recommend and members are urged to be present. This afternoon a commission from Albemarle Presbytery will meet at Twin Oaks Chapel to organize a Presbyterian church of that congregation. Fifty persons have been received into that group and their names are held on the roll of the First Church, and are being dismissed to form the new church.

This will leave a total of some 440 names on the roll of the First Presbyterian Church. When Dr. Boyd came, there were 253 names on the roll. During the eight and one-half years he has been here, a total of 186 persons have been received into the church, 77 of whom came on profession of their faith in Christ. Three out-pastorations have been granted and 11 during the past year. His total membership is about 235; these are Hollywood, Meadowbrook and Twin Oaks. About \$12,000 is on hand for the improvements and building of additional worship and educational facilities of the First Church, and additional funds will be raised in the future for this expansion program. Every effort is being made to secure a successor to Dr. Boyd as soon as possible, that the work may not lag too much in the change of pastorate.

Dr. and Mrs. Boyd will go to Wrightsville Beach for August, and on August 28th plan to move their furniture to Laurinburg, N. C., where they will make their home for a few years.

Florida Minister At Meadowbrook
The Rev. John Keels will conduct the evening worship and preach for the Meadowbrook Presbyterian Church in North Greenville on Sunday at 8 o'clock p.m.

Mr. Keels is now pastor of the Presbyterian Church at Wauchula, Fla., and the friends and membership of the Meadowbrook Church are cordially invited to hear him during his visit to Greenville.

Humber To Speak At Police Convention

Police Chief James E. Tanner and State Highway Patrol Capt. Lester Jones are going to attend the North Carolina Police Executives' Association meeting at the Robert E. Lee Hotel in Winston-Salem next Sunday and Monday. Robert Lee Humber, distinguished Greenville attorney, will speak at the banquet Monday night on "Police In Their Part In World Peace." Rocky Mount Police Chief J. P. Thomas, president of the association, will preside. Tanner is chairman and Jones is a member of the Executive Committee.

Christian Church Announcements
Dr. H. G. Haney, pastor of the Eighth Street Christian Church, will preach at the 11 o'clock service Sunday morning using as his subject, "Jesus, Man of Sorrows, or Man of Joy." Two wholly different conceptions of Christianity grow out of the ways in which one looks at As a directive of our motives, our desires, our standards of living, how do we see the Man of Galilee, as a man of sorrows, or as a man of abundant life?

Several members of the Eighth Street Church will go to Buffalo, N.Y. this week to attend the International and the World Conventions of the Disciples of Christ, among them being Mrs. Agnes Settle, Miss Jean Garris, Miss Peggy Williams, and Dr. H. G. Haney.

Methodist churches in the Philippine Islands were just in the process of organizing the Woman's Society

Women IN THE CHURCH

Under the leadership of Mrs. William F. Campbell, of South Orange, N. J., the New Jersey Welfare Council, representing some 2,500 public and private special welfare agencies throughout the State, is undertaking to attack juvenile delinquency at what it considers the greatest factor in its cause: the disintegration of the family and family life. A first step in the fight will be a study of the activities of all the agencies of the Council and a mapping of additional services where family case work is "thin." The churches will be asked to aid in the new services required.

Mrs. J. Forrester-Paton, of Alloua, Cackmannanshire, Scotland, is the new president of the World's Christian Temperance Union, succeeding the founder of that body, Mrs. Ella Alexander Boole, of Brooklyn, N. Y. Mrs. Boole, now 89 years of age, has been active in the W.C.T.U. for half a century—heading successively the New York State, the National, and the World Unions. Mrs. D. Leigh Colvin, of Evanston, Ill., American national president, is the new World vice-president.

Methodist churches in the Philippine Islands were just in the process of organizing the Woman's Society

of Christian Service in the local churches of the archipelago when "Pearl Harbor" broke upon the Pacific. For five years the societies were quietest, though Methodist church women did their share of keeping the fires of Christianity burning during the dark days. In February, 1946, there were but four local societies existing in the churches; today there are more than 10, and the goal is "an organized society in each church." One goal of the year is the holding of training conferences for society officers in each district. In addition, the women are helping to increase the salaries of the poorest-paid preachers on each district, and planning to eventually send their "own" missionary to some foreign land.

Miss Sarah Chakko, principal of Isabella Thoburn College, Methodist school in Lucknow, India, has been invited by the World's Young Woman's Christian Association to attend the World Council of the Y. W. C. A. in Hangchow, China, in October. She will address that body on "The Role of Christian Women in Present-Day Society."

RETONGA HAS KEPT HIM FIT, SAYS N. C. MAN

"At Times I Felt So Weakened And High Strung It Looked Like I Would Cave In Completely," States Mr. Wallace

Hundreds of grateful men and women throughout North Carolina are praising Retonga. Among the latest is Mr. J. C. Wallace, Sr., expert machinist for the Whitin Machine Works, who resides at the Piedmont Hotel, Charlotte, who states:

"My trouble seemed to be what we used to call auto-intoxication. I had no appetite and at times I felt so weakened and high strung it looked like I would cave in completely. My tongue was badly coated and I would go for days at a time without wanting a bite. Everything tasted so much alike I could not have told one meat from another. I was practically a slave to laxatives. I felt so miserable and all-in that I hardly see how I kept going."

Retonga gave me such remarkable relief that I was soon feeling better than in years. Ever since then I have taken a little Retonga each Spring and Fall, and I feel that every time I hear anyone speak of suffering from acid indigestion, sluggish elimination or feeling jittery and run-down, I tell them to try Retonga."

Retonga is intended to relieve distress due to insufficient flow of digestive juice in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bisset's Drug Store—Adv.

NEGRO YOUTH JAILED HERE FOR ASSAULT

Police Arrest Paul Harris, 15, On Charge Of Attacking Young White Woman

By CHESTER WALSH
Police last night arrested Paul Lawrence Dunbar Harris, 15-year-old negro delivery boy, at the home of his mother, Mrs. Sudie Harris, 810 Fleming Street, on a charge of attempting to criminally assault Miss Frances Nelson while she was passing through the edge of the college woods on her way to lunch at the home of her aunt, Mrs. J. Roy Martin, 412 East Eighth Street,

shortly after noon last Monday. Police Chief Jim Tanner quoted Harris as saying in a signed statement in the presence of his mother and several police officers last night that he went into the college woods near the swimming pool about noon last Monday; that when Miss Nelson came along he left his bicycle and followed her several hundred yards, and that he grabbed her just before she got out of the woods and intended to criminally assault her; that she screamed and ran, and that he ran back to his bicycle and fled.

The young woman reported the attempted attack to Mrs. Martin, but it was more than an hour before it was reported to police, the chief said. She said she could not identify her attacker.

Police suspected Harris after it was reported that he had frequently been seen in those woods. Patrolman Charles H. Little, found the convincing clue and reported to Chief Tanner. Detective M. E. Corbett and Little arrested Harris at his mother's home after midnight. His signed confession followed.

Miss Nelson lives with Mr. and Mrs. N. C. Brooks, 203 Greene street. She is secretary for an attorney. She eats lunch with her aunt, Mrs. Martin, on East Eighth street.

INDONESIANS HAVE SUCCESS

Enter Dutch City In Sumatra; Penetrate Java Port City

Jogjakarta, Java, July 25.—(AP)—Indonesian army communiques said today republican forces had fought into Dutch-held Medan in northwest Sumatra and penetrated the north Java port of Semarang. The Dutch command previously had said there was little fighting in the Medan area.

An earlier Indonesian communique said republican forces had penetrated one sector of Semarang on the northern Java coast, jump-off point of a Dutch march into the interior this republican capital. Semarang is about 60 miles north of Jogjakarta.

"Our forces received the full support of the population surrounding the city," the bulletin said, "and clashes were reported between the Dutch troops and Indonesians serving in the Dutch army."

The Indonesian army said a half battalion of volunteer "foreign soldiers" had joined the republican army, expressing the wish to be sent to the fighting fronts. The announcement did not specify the nationalities of the volunteers. Unconfirmed reports circulated before the outbreak of hostilities said many Indians had been training with the republican army in the mountains of Sumatra.

Navy's Music School Open To Applicants

Lieutenant Paul G. Sumrell, Officer in Charge of the North Carolina Recruiting District, stated today that openings still exist for qualified men who desire to attend the Navy School of Music, Washington D. C. Lieutenant Sumrell urges those men who are interested to apply immediately while vacancies still exist. It was further announced that the terms of enlistment for these applicants is identical with those for men enlisting for general service; namely: Two, Three, Four or Six years at the option of the man concerned, however, men who have not attained their eighteenth birthday can enlist for only a period which would insure their discharge prior to their twenty-first birthday.

Durham Boy Wins Kyser Scholarship

Durham, N. C., July 25.—(AP)—Harold Lee Andrews of Durham has been advised that he has won the Kay Kyser music scholarship at the University of North Carolina. Andrews, who as a freshman at Carolina last year majored in music and was sent to the Interlochen, Mich., music camp, will receive \$800 for the coming academic year.

Another Refugee Ship Approaches Palestine Coast

Jerusalem, July 25.—(AP)—A refugee ship named "Return to Zion", carrying 400 illegal immigrants, was reported by the Jewish underground organization Haganah to be nearing Palestine waters today with British destroyers "already on her track." Haganah announced the approach of the ship simultaneously with an

assertion that it had learned through its intelligence corps that the British planned to impose martial law on all Jews in the Holy Land in an effort to curb a wave of violence in which at least 10 persons have been killed and 75 wounded in the last nine days.

British quarters have predicted a tightening of security controls to check the spreading wave of bloodshed. Highly placed informants hinted that the measures would take the form of sanctions against official Jewry, widespread arrests and stricter curfews.

Strength FOR THE DAY

LIFE IS AFTER A PLAN

Two carpenters worked on a scaffolding recently and at the end of the day discovered that the wide board on which they had been standing had been held by nothing but a single penny nail. There was not a moment of the day that they were not in great jeopardy of plunging to serious injury.

Soldiers are in the habit of saying that they will not be killed until their time arrives—that no bomb will hit them until the one is dropped that has their name on it. Stonewall Jackson used to say that he felt as safe in battle as in bed because he knew he would not get until his time arrived and that nothing could delay his going when it did.

Physicians tell us that there is not a moment of the day when we do not have in our systems enough germs to kill a dozen persons. Why is a man spared today and taken tomorrow? Why can two carpenters work for hours on a board held up by one nail and not fall while another man stumbles as he walks along a sidewalk and receives a fatal injury? These things are all locked up in the inscrutable mysteries of God's providence. We can see no planning, no rhyme or reason to many of life's occurrences. But because he cannot discern a plan is no reason for believing that a plan does not exist.

HEALTH INSPECTIONS
Yesterday's announcement by the Pitt County Health Department that regular inspection of eating places has been resumed should be met with cheers by the "eating-out" populace of the entire county.

Director S. J. Philips deserves commendation for the capable manner in which he has assumed his duties in the county's Health Department and re-introduced a very important step in safe-guarding high standards of cleanliness and sanitation in restaurants and lunch-rooms.

Dr. Philips is entitled to the fullest cooperation from all of Pitt's restaurateurs. We are sure it will be given.

POOR STRATEGY
The proposition of the Democratic party to a congressional probe of the circumstances surrounding the now famous charges of fraud in the Kansas City primary election was poor political strategy.

By their actions, Democrats in Congress infer a fear of the results of such an inquiry. They have made virtually a national issue of what was (and should have been kept) a purely local political issue.

The Republican party is going to make good use of this blunder in the 1948 elections.

Post-War Boom In Marriages Reaches Peak

Washington, July 25—(AP)—The post-war boom in romance has reached its peak; marriages are on the decline.

County Schools Open August 27

Pitt County schools will open this year on August 27, Don H. Conley, county superintendent of schools, announced today.

FINES SELF

Arkansas City, Kas., July 24—(AP)—Honesty and his job cost C. A. Smiley two dollars.

DIES UNDER TOMBSTONE

Kalamazoo, Mich., July 25—(AP)—Two-year-old Nancy Pendowski of Texas Corners was smothered to death yesterday beneath a four-foot tombstone which fell on her.

FINANCE BILL

Washington, July 25—(AP)—The Senate today passed a bill providing \$300,000 to finance America's foreign policy operations, including the \$400,000,000 Greek-Turkish aid program. It goes back to the House for action on Senate additions.

GETTING UP NIGHTS
GETTING YOU DOWN?
Here's good news for you folks who have to get up at night to pass water, have backache, too, because of minor functional kidney disorders.
Three generations ago, a famous doctor developed a medicine for this very trouble. Now millions have used it, often with amazingly fast, effective results. The medicine is Dr. Kilmer's Swamp-Root, made of 16 herbs, roots, vegetables, and balsams—truly nature's own way to relief. Instantly you take it, it starts to work flushing out kidneys. . . . increases the flow of urine, helping to relieve excess acidity. . . . so irritated bladder gets a good flushing out, too. Caution: Take as directed. You'll say it's marvelous.
For free trial supply, write Dept. K, Kilmer & Co., Inc., Box 1255, Stamford, Conn. . . . get full-sized bottle of Swamp-Root today at your druggist.

Fisherman Catches \$1,000 Fish In Derby

Hot Springs, N. M., July 25—(AP)—You've heard stories about those big fish that got away, so listen now to the tale of George Mackey.

AFL Attorneys To Further Test Closed Shop Law

Asheville, N. C., July 25—(AP)—Attorneys for the American Federation of Labor today began working on an appeal for eight men convicted of violations of the state's anti-closed shop law in an effort to test the constitutionality of the act.

Merger Bill . . .

It incorporates safeguards designed to preserve the identity of the marine corps and the navy's air arm.

Greenies Go Down Before Goldsboro By 8-5 Score

By BERT MOYE
The Greenville Greenies were pushed nearer the cellar position by the high flying Goldsboro Bugs as they took their tenth win of the season against the Greenies, 8-5, in Goldsboro last night. The loss for the Greenies was their fourth straight.

The Bugs, who have won their last 12 out of 14 games, collected a total of ten hits off Garland Little bunched nine of them in the first fourth and eighth frames to score their runs.

Their winning runs came in the fourth frame when Payne singled and scored on Timm's error, and Rowland singled to bring him home and Nick Papio homered over the left field wall to clear the bases. Two more were scored in the eighth when Payne, reached first on a fielder's choice, Rowland singled and Pepto tripled into deep center-field to clear the bases.

The Greenies scored two runs in the fifth on Ranweiler's single, W Mauney's double to bring home Ranweiler, M. Mauney flew out to left field with W. Mauney advancing to third on the out and came on home when Pepto threw wild to third in an effort to catch him. Scored one in the sixth when Jacobs doubled and Ranweiler singled to bring him home; scored again in the seventh when W. Mauney doubled. Posavec reached first on catcher's error Timm singled to load the bases and Jacobs long fly to right field enabled W. Mauney to score from third. Their last tally was made in the ninth when Timm doubled, advanced to third on an infield out and came home on Jenkin's infield out.

Hank Ranweiler with three singles in four trips to the plate and Marvin Mauney with double and a single in four trips to the plate led the 10-hit attack off the two Bug hurlers.

Garland Little, losing his third straight game for the Greenies allowed 10 hits, struck out five and issued two walks.

Score by innings:
Greenville 000 021 101-5
Goldsboro 300 300 02X-8

DIAMOND DUST

By BERT MOYE

Among the North Carolinians who spark the rosters of our sixteen major league clubs are: Enos Slaughter (St. Louis Cardinals) of Roxboro; Dick Culler (Boston Braves) of High Point; Al Evans (Washington Senators) of Kenly; Buddy Lewis (Senators) of Gastonia; Rae Scarborough (Senators) of Mt. Gilead; Stanley Spence (Senators) of Kinston; and Dewey Williams (Chicago Cubs) of Durham. Outside of the major leagues, Denton's famous southpaw—none other than Lefty Max Lanier has created many a sensation by his none to clever tactics with the Pasquel brothers down Mexico way. He formerly played with the Cards. Those listed above are only the stars, more than 20 other Carolinians being included on the major league rosters at the present time.

SPORT magazine, that terrific slick devoted to nothing but sports, comments in the latest issue that because of night baseball the day of very high batting averages may be regarded as gone. In an article entitled, "Why Do They Hate Night Baseball?" Sport reviews the reasons why players dislike playing under the lights, and why the owners find it most inviting. There are articles by Grantland Rice and other top-flight articles, besides feature stories on Ted Williams, Tommy Henrich and others. It's a publication well worth reading.

Sam McLawhorn, the Kinston ace, suffered his seventh defeat against 18 wins when Goldsboro topped him Tuesday night. Mac, with two other hurlers—Pate and Taylor—have given the Eagles 32 of their wins this season.

Larry Baldwin, with a record of 8 wins against six losses, is scheduled to be on the mound tonight when the Greenies meet the New Bern Bears in the first of a two game series at Guy Smith park here.

Yesterday's Results

New Bern 7, Rocky Mount 6
Tarboro 12, Wilson 7
Goldsboro 8, Greenville 5

Boys League

The Red Sox had on their hitting clothes yesterday and defeated the Cards 16 to 3. Five of their hits were for extra bases. Billy Brady got three singles, James Ray Robinson got a single, double and triple, Eddie Farley got a double and triple and Hylton Quinn got a triple and single. The Cards got only one hit off of the combined efforts of Robinson, Morgan and Farley and that came in the final inning on a misjudged fly ball.

W. Greenville's Lions tightened their grip on top yesterday with a 12 to 9 victory over the second place Yanks. Phillips and Howell got four hits each for the Lions. Hudson and Folger got three each for the Yanks.

The Greenies edged out the Tigers to keep ahead of the Third St. team yesterday at the Training School field, the final score was 8 to 7. Johnny Farley and Bobby Fyfe hooked up into a pitchers battle that was not decided until the last inning. Fyfe, who is the leading pitcher in the league was not himself, he walked eight batters and was touched for eight hits. Farley was the victim of some bad outfield play that nearly cost the Greenies the game.

Willie J. Lewis with a homer and single and Fred Joseph with two singles got all of the Tigers hits. Joe Allgood hit three singles and a triple in four trips to the plate to lead the winners.

Games for Monday
Cards vs Giants, Third St., 10 a.m.
Greenies vs Tigers, Third St., 2 p.m.

Ezzard Charles And Elmer Ray Fight Tonight

New York, July 25—(AP)—Ezzard Charles, who rather have a shot at Gus Lesnevich's 175-pound title than be offered up as an opponent for Joe Louis, makes his New York debut tonight in a 10-round party with Elmer (The Violent) Ray Minneapolis heavyweight.

The newcomer from Cincinnati, winner of 15 straight since coming out of the Army, is only a light-heavyweight of 174 pounds. When he enters the Madison Square Garden ring tonight he will be spotting his rival 20 pounds, but his record is such that he has been established a 5 to 9 favorite over Ray.

The 20th Century Sporting Club has announced that the winner if he scores convincingly, will qualify for a "non-title" bout with Louis November 14.

No Cooperation?

Lake Success, July 25—(AP)—Indications mounted today that Yugoslavia, Bulgaria and Albania will refuse to cooperate with a proposed United Nations "watchdog" commission in the Balkans if Russia withholds her veto power and permits establishment of the semi-permanent commission.

This possibility was raised as the Soviet Union's three Balkan satellites repeatedly told the Security Council yesterday that under the United Nations charter such a commission as proposed by the United States would not have authority to cross their frontiers without the consent of their governments.

Farmer Is Held Without Bond In Death Of Wife

Dunn, July 25—(AP)—A 39-year-old Harnett county farm hand who only recently was discharged from the regular army today was under a murder charge in the bludgeoning of his estranged wife.

Emmett Garner was jailed for the slaying after a coroner's jury recommended that he be held without bond for murder in connection with the death of his wife, Mrs. Dessie Woodell Garner, 34, in the Harnett County hospital.

Garner's arrest Wednesday night climaxed a three-county manhunt launched by Sheriff W. E. Salmon Tuesday night after Mrs. Garner had been left battered, bleeding and unconscious on a farm where she had taken employment as a tobacco hand.

Mr. and Mrs. Willie Smith, who had hired Mrs. Garner, related to the coroner's jury that Mrs. Garner had been beaten around the head and face by a singletree.

Credit Curbs May Soon End

Washington, July 25—(AP)—A return to unrestricted installment buying by Nov 1 appears likely today with the possibility that President Truman might end controls on time payment purchases even earlier.

Compromise legislation to kill the credit buying curbs at the end of October passed the house by voice vote and was sent to the senate. Senate action is expected to send the measure on to the White House by tomorrow night.

Meet To Handle Flood Of Bills

Washington, July 25—(AP)—President Truman called off his usual Friday meeting with his cabinet in order to give his time to the flood of bills pouring in the White House from adjournment-bound Congress.

Presidential Press Secretary Chas. G. Ross said Mr. Truman planned to remain in Washington over the week-end, working on legislation. The President has 10 days after Congress adjourns to decide whether to sign measures sent him at the last minute.

Measures not signed in ten days will be called a "pocket veto." Ross said that the bill letting veterans cash their terminal leave bonds is still under consideration. He did not know when Mr. Truman will act on it.

The number of U. S. farms shrank from 6.4 million in 1920 to 5.8 million in 1945.

READY TO AID VETS.
Service Officer Arthur B. Corey announced today that his office is ready to assist veterans in the cash-
