SCHOLARS DIG INTO FILES OF ABE LINCOLN

Collection Of Long-Sealed Papers Opened; Seek Original Manuscripts

Washington, July 26.—(AP)—Thirty eminent scholars, locked in a room at the library of Congress, delved today into a collection of Abraham Lincoln's papers sealed from public view for 28 years.

The precisely worded terms of a bequest by the civil war president's son, Robert Todd Lincoln, were precisely carried out by officials of the library.

Robert Todd Lincoln left the papers with the library in 1919, or 28 years ago, under a stipulation that they would not be opened until 21 years after his death. He died in 1926.

It was exactly one minute past midnight, 21 years after the son's death in 1926, that the time limit ran out and five double safes full of papers were opened.

Amid the excitement breathed by more than 100 Lincoln scholars, newspaper, newsreel and radio men, who craned to see the first volumes, Dr. Luther Evans, librarian, said:

Inside the five safes were 194 volumes containing items ranging from correspondence to Lincoln's organization of the war effort to the original draft of the "Bixby letter," in which Lincoln

Two Mum, C Talks On Reds In Tobacco Union

Edwin K. McCrea (left) and W. Clark Shepard (center), officers of a CIO tobacco workers union at Winston-Salem, N. C., are shown testifying in Washington before the House Un-American Activities Committee. Both refused to tell the committee whether they are Communists. They maintained that to answer such a question "in any incriminate" them. Eugene C. Pratt, "right" who identified himself as a former business agent of the union, told the committee the union was controlled by Communists. (AP Wirephoto)

Casualties

Jogyakarta, Java, July 26.—(AP)—General Soedirman, commander of the Indonesian Republican Army, said at a news conference today Dutch casualties now totaled 9,000.

The general said his information came from Dutch sources loyal to the republic.

A Netherlands Army communiqué issued in Batavia yesterday put Dutch casualties since the beginning of operations Sunday at a total of 80-32 killed, 41 wounded and seven missing. Casualty figures normally lag considerably behind reports of operations.

Dutch Announce Large Part North Java Held

Coastline Sector Claimed Captured By Netherlands Force; Indonesian Communist List Own Successes

Batavia, Java, July 26.—(AP)—The Dutch claim the capture today of a large section of the North Java coast but the Indonesian Republicans reported successes also on at least three widely scattered fronts and spoke of rebellion among some East Indians in the Netherlands East Indies.

A Dutch spokesman said the northern coastline between Batavia and Cheribon, 130 miles east, was all now in the hands of Netherlands forces.

This reported mop-up resulted from an eastward drive from this Dutch colonial capital begun with the start of hostilities Sunday.

The conflict followed a breakdown in negotiations on how to carry out the Cheribon armistice of last March for a United States of Indonesia to become sovereign Jan. 1, 1949 as equal partner with the Netherlands under the Dutch crown.

The latest Indonesian successes were reported by the Republican Army. They are Communists, broadcast from the Republican capital of Jogyakarta, frequently are heard in Batavia. The Army told of action in west, central and east Java.

The Indonesian Army said it had recaptured Tjilatjeng, a town on the coast.

PRESIDENT TO RETURN HOME

Martha Truman Reported "Sinking"; "Sacred Cow" Alerted

Washington, July 26.—(AP)—President Truman arranged to fly to Grandview, Mo., today to visit his 94-year-old mother, who has reported "sinking."

Presidential Press Secretary Chas. G. Ross said Mr. Truman would take off from the Washington National Airport in his old plane, the Sacred Cow.

Ross said Mr. Truman called for his plane after being advised by

Dunn Warehouse Has \$5,000 Fire Damage

Dunn, N. C., July 26.—(AP)—W. E. Cook, local agent for Durham and Southern Railroad, today listed damage at between \$4,500 and \$5,500 on a warehouse as a result of a fire started by lightning. The roof of the warehouse caught fire, and the local fire department prevented the blaze from spreading. The warehouse is owned by the railroad.

New Envoy Wademeyer

What The General Will Find In China Is Vastly Different From Conditions He Saw Before; One Way Out For Kai-Shek Gov't; But Road Is Difficult

By DEWITT MACKENZIE

The elements which are contributing to it, there would seem to be only one way out for Chiang Kai-Shek and his government, and it is this:

1. To fling enough military force against the Communist armies to cripple them and hold them down, and then

2. To do a thorough job of housecleaning in the Nanking government, and inaugurate sweeping reforms attractive enough to win back that portion of the Chinese population which has forsaken Nanking to chase Communist rainbows.

Of these two essentials, the first obviously presents an obstacle which may be unsurmountable. The financing of an all-out war by Chiang's armies against the Chinese Communists would run into countless billions of dollars, a sum which would stagger the imagination of the only nation in the world capable of producing it—the United States.

Not only would there be the huge military expenditures, but meantime the economic machine of the country would have to be kept running full tilt.

Such an operation might easily last for years and the outcome would be problematical, for there are intangibles involved. The most

Tobacco Labor Pact Negotiations Break

Contract Talks Fail When FTAW Union Balks At No-Strike Clause; No Further Meetings Are Scheduled

Negotiations between the Food, Tobacco, and Agricultural Workers, Union—C.I.O., and three local independent tobacco companies reached a deadlock on Friday and no further negotiation meetings are scheduled.

Negotiations broke down due to the fact that the Union refused to sign a contract containing a no-strike clause.

Prior to reaching this deadlock, substantial agreement had been reached on contract provisions covering seniority, grievance procedure, vacations, recognition of the Union, check-off of dues, and several other important items. In addition to the no-strike clause, the major remaining point of difference concerns the question of wages.

Frank Green, named recently in the testimony being heard by the House Committee on Un-American Activities in its investigation into Communist activities and leadership in Local 22 FTAW CIO, Winston-Salem, N. C., has been representing

the union at negotiating sessions. Representatives of Federal Conciliation Service and the State Conciliation Service have been attending the negotiating sessions, which have been in progress about eight months. At the outset of negotiations, the Union was represented by, in addition to Green, Edwin K. McCrea, union official who recently refused to answer questions as to his Communist affiliations in testifying before the House Committee in Washington, D. C.

News Briefs

Washington, July 26.—(AP)—President Truman today signed the bill permitting GIs to cash their terminal leave bonds any time after September 1, 1947.

Washington, July 26.—(AP)—President Truman today sent to the Senate the nomination of James V. Forrestal to be Secretary of Defense under the new armed forces unification setup.

Forrestal's nomination went to Capitol Hill shortly after Mr. Truman signed legislation unifying the Army, Navy Marines and Air Forces under one cabinet office.

The Hague, July 26.—(AP)—The Dutch will seek contact with Indonesian Republican leaders and former Premier Sultan Sjahrir as soon as the current "police action" in the Netherlands East Indies is considered ended, an authoritative source said today.

Detroit, July 26.—(AP)—Production of the Ford Motor Company Lincoln and Mercury cars was suspended today because of a lack of parts from Murray Corp. of American plants, strikebound four days in a contract dispute.

Washington, July 26.—(AP)—The House sent to President Truman today a measure to renew the government's price support of domestic wool.

The measure does not contain the provisions for raising tariffs and fixing import quotas contained in previous legislation which Mr. Truman vetoed.

B-29 Is Altered To Carry New King-Size Bomb

Washington, July 26.—(AP)—The Army Air Forces said today that alterations to a B-29 to enable it to carry a king-size, 42,000-pound bomb—the heaviest bomb load ever projected for an airplane—are completed.

The modification of the Superfortress was made at the Wichita, Kas., division of the Boeing Aircraft company.

The huge bomb, it was learned, actually was developed in 1945 by the Army's Ordnance Department and two bombs were delivered in that year, with a number of others on order at that time.

A test drop of the giant missile is scheduled sometime this fall, presumably at one of the AAF's bombing ranges.

Few Barriers Remain For Closing Of 80th Congress

Washington, July 26.—(AP)—Three major appropriation bills, a wool bill and some legislative odds and ends stood as the only barriers today between the first session of the 80th congress and adjournment tonight or next January.

Republican leaders, running the congressional show for the first time in 15 years, were confident they could meet the adjournment deadline without difficulty.

But, if necessary, they stood ready to resort to the often-used legislative device of stopping the official clocks short of midnight to make the July 26 quitting date official.

GOP leaders Halleck of Indiana and Taft of Ohio carried in their pockets house and senate resolutions which, on adoption, will send congress home probably until next January 2, unless the Republican leadership, or President Truman, recall the legislators before then.

The adjournment resolutions were due to go into the hoppers as soon as it became certain that the remaining "must" bills were in the clear.

In that category were a rivers and harbors appropriation bill, the administration's foreign aid, supply measure, and the annual Agriculture department appropriation bill.

The house approached its final fresh from a normal quitting hour yesterday after their second straight after-midnight tussel. They ended a session of nearly 13 1/2 hours early today, a marathon which followed the 16-hour session terminated early Friday.

Senate-house conference committees on both the rivers and harbors and foreign aid bills and placed them in a position for a speedy final okay by both chambers.

The rivers and harbors bill left the house with a total of \$339,189,893, which the senate boosted to \$399,926,449 by adding some more projects. The senate-house compromise figure is \$537,000,000.

The foreign aid bill carried approximately \$1,000,000,000 most of it for leasing Europe and helping it back to its feet economically. The compromise last night fixed at \$625,000,000 the fund provided in the bill for military government and relief in occupied countries for 15 months.

The house already has approved a "Continued on Page Three"

BEVIN PLEADS FOR SOCIALISM

Calls On British Workers Not To Let Government Fall

Durham, Eng., July 26.—(AP)—Foreign Secretary Ernest Bevin appealed to British working people today not to let the Socialist government fall because of Britain's economic difficulties.

"I know there is a lot of hope and feeling that a crisis will be brought about, that labor will be brought down and will have to go into a coalition government or in opposition," he told thousands of miners at a rally in this northern England town.

"This is the first Labor government you have got. Don't let it fall for the sake of generations to come."

The foreign secretary's appeal came after a series of suggestions that the Conservatives press that the government might be forced into coalition with the Conservatives to present a united front against a possible new industrial crisis this winter.

Bevin hinted that the government might ask miners to give up their new five-day week temporarily to speed national recovery and strengthen Britain's bargaining position in international conferences.

(Continued on Page Three)

Bulgar-Yugoslav Treaty Said To Be In Offing

Sofia, Bulgaria, July 26.—(AP)—Georgia Dimitrov, Bulgaria's Communist premier, said in an interview with the Athens Communist paper Rizospastis available here today that Bulgaria in the "not distant future" would conclude a treaty of friendship, collaboration and mutual aid with Yugoslavia.

He said Bulgaria has "sincere feelings and sympathies" toward Greece but suffered from constant Greek border provocations, though he did "not interfere in Greek internal affairs."

Belgrade, Yugoslavia, July 26.—(AP)—Informed sources said today Premier Georgi Dimitrov of Bulgaria was expected to arrive here by plane tomorrow.

Babson Discusses Job Hunting

Gloucester, Mass., July 26.—With a possible 10,000,000 unemployed by 1952 unless labor relations get straightened out, both schools and parents should begin now to make graduates worth employing. Certainly, there then will be keen competition for whatever jobs there may be. Young people now in high schools should make up their minds to put work before play and cut out the social stuff which is making too many of them useful only for driving trucks and jerking soda.

Business expects the schools to equip our men and women with an adequate background of the historical, psychological and economic forces which have produced our nation. Our young people should also be given a background of the many "isms." With such a background students should understand the merits and benefits which our free society has to offer. However, the school cannot do much unless backed up by sensible table talk and religious instruction at home.

No nation can long prosper without the proper incentive, progress and efficiency. This causes a continuous improvement in the standard of living and security for all producers. When people produce more, standards of living rise, and our voters are happier. It is un-derstanding of these basic factors including some real religion, which our homes and schools should teach. These include emphasis on that simple economic fact that only as we all produce more is there more to divide.

Schools Shortchanging Pupils—Schools today are shortchanging

pupils. Youngsters are being shoved out into an ever increasingly competitive world with inadequate training in the fundamentals of reading, writing, spelling, arithmetic, self-expression, etc. Too many of our young people knock-ups on the employment manager's door are unable to do relatively simple mathematical tasks. These are basic tools of work, rather than the useless flills which schools now teach.

It is not the accumulation of vast amounts of factual material that makes a young person employable. Rather it is his character, his health, his desire to be of service and his ability to work with others. Schools are shortchanging students by their failure to teach how to work and live, how to get and hold good jobs. Schools should spend more time in both group and individual counseling to help students better understand themselves, their interests and their aptitudes.

Schools Shortchanging Vocationally—With 29,744 different jobs listed in the Dictionary of Occupational Titles, schools of this Atomic Age should offer systematic courses in vocational information, get their students out on field trips, make part-time job experiences, etc. Most important of all young people should be taught the dignity of working and the disgrace of loafing.

To teachers, I say: "Get to know your student more than from just grades." Prepare him for job interviews. Make sure a student understands his own balance sheet of assets and liabilities. Teach him how to sell himself on the interview. Schools should have students real-

SEEKING END OF EMERGENCY

Gov't Lawyers Study Means Of Nullifying War Powers

Washington, July 26.—(AP)—Government lawyers plunged back into their studies today to learn whether the eight-year-old state of national emergency can be ended soon.

Some 175 war and emergency powers designed to remain in force for the "duration" or longer were erased at a single stroke yesterday.

One effect of this action, President Truman's signature of a joint congressional resolution, is to prevent any new recruit to the armed forces, today and thereafter, from benefiting under the GI Bill of rights.

But for more than 100 other war powers, the emergency is still on. Some administration officials said they think it may be possible to nullify it "fairly shortly."

(Continued on Page Three)

Head-On Crash Wrecked 2 Cars Last Midnight

Cars driven by Thomas Venters, 27, of Ayden and Julius Bizzell, 27, negro, of Griston, collided head-on shortly after last midnight on two miles west of Ayden on the Suffolk town highway.

State Highway Patrolman D. K. Chadwick said they collided in the center of the road and that property damage will total about \$1,500. Both cars were badly damaged.

The drivers were painfully but not seriously injured. The patrolman arrested Bizzell for not having a driver's license. He is continuing his investigation. Another warrant for reckless driving will be issued against either one of the drivers when it is completed.

Venters' car was going toward Ayden; Bizzell's toward Suffolktown.

Tobacco Market Seeking A Level

Valdosta, Ga., July 26.—(AP)—Most grades were steady or higher on the Georgia-Florida Blue-Cured tobacco markets yesterday, but leaf grades retreated.

Drops from \$2 to \$6.50 a hundred pounds for leaf grades were recorded by the U. S. Department of Agriculture. The prices, however, still averaged well above the commodity "Credit" Corporation support level.

Reports from the 21 markets in Georgia and three in Florida indicated farmers were still withholding their leaf for higher prices. The Department of Agriculture said the market which opened Thursday was "seeking a level."

GAS BLAST IS CREDITED FOR MINE TRAGEDY

Mining Town Prepares Burial Of 27 Victims; John Lewis At Scene

West Frankfort, Ill., July 26.—(AP)—State and federal investigators today prepared official reports on a mine explosion in which 27 miners were killed Thursday at a 0.3 Ben Coal Mine No. 8.

Meanwhile this mining town of 13,000 is preparing for burial of some of the victims tomorrow while next Tuesday has been proclaimed by Mayor Luther Burps as a day of mourning, with all business suspended.

Federal Mine Inspector William Gallagher, after viewing the wreckage in the pit, said it was a gas explosion. There's no question of that.

Gov. Dwight H. Green, who temporarily plans to go on vacation, and John L. Lewis, president of the AFL United Mine Workers' Union were at the scene yesterday.

Lewis told reporters that he had come here from Springfield, Ill., because "I am extremely anxious to see that department's compensation is cleared quickly and satisfactory to all survivors."

He added that "I cannot make a statement on the 0.3 Ben No. 8 mine disaster at the present time. I shall reserve any comment until the state and national government mine examining groups and the company make formal announcement of the cause." He declined to elaborate.

Green said he was certain there had been no laxness in compliance with safety laws.

Harold L. Walker, state director of mines, said the entry where the blast occurred had been thoroughly rock-dusted to allay dangerous coal dust Wednesday night—the night before the blast.

Gallagher said safety precautions appeared to "have been a factor in localizing 'the explosion'."

Hughes Says Roosevelt Son Used No Influence

Seeking End Of Emergency

Washington, July 26.—(AP)—Howard Hughes was reported today to have denied specifically to the Senate War Investigating Committee that Elliott Roosevelt had anything to do with government award of a \$400,000 wartime plane contract to Hughes and Henry J. Kaiser.

A member of the committee told a reporter privately he was present when Hughes testified behind closed doors several weeks ago that the son of the late President contributed nothing toward obtaining the contract.

Senator Ferguson (R-Mich.) said a subcommittee he heads has been looking into reports that Elliott may have played a part in obtaining White House backing for the contract—described as having been strictly opposed by the armed services.

SPECIAL AUDIT SCHOOL BOOKS

State Board Of Education Orders Hudson Schools Report

Raleigh, N.C., July 26.—(AP)—The State Board of Education at a meeting here Thursday will receive the report of a special audit of the books of R. L. Fritz, Jr., supervising principal of the Hudson Schools in Caldwell County. Controller Paul Reid of the Board of Education, has announced.

Fritz, who is president of the North Carolina Education Association, said at Hudson that he had no comment on Reid's announcement except that "it's just a sort of smokescreen."

There's a regular audit every year," Fritz added, "and I don't know in what respect it would be a special audit now."

For Girl Collegians

Women's Bureau Of Labor Department Tries To Answer Some Questions For Puzzled College Girls Who Are Trying To Decide On Most Advantageous Careers

By JAMES MARLOW

The bureau says:

"For the girl who is not happy enough or inclined to buck longstanding prejudices, the bureau suggests one of the well-established occupations for women.

"There are scores in which the trial blazing has been done. For instance: there is home economics, teaching, library work, and nursing, in each of which women make up more than 75 per cent of all employed persons.

"Slightly newer are the occupations of medical laboratory technician, dental hygiene, physical and occupational therapist, doctor, and dentist's assistants.

"In these also women account for more than three-fourths of the employed."

"What of the girl who wants to work for a long time? The bureau says:

"In general, she will take more of a chance if she chooses a rapidly changing field rather than one of the older, more established ones.

"The demand for stewards, designers, interior decorators, or radio continuity writers, for example, is less predictable than that of teachers, nurses, social workers, or office workers."

Right there the bureau adds:

Strength FOR THE DAY

THE FAR LOOK
From the veranda of our summer home, it is possible to look out over a beautiful expanse of water. After the eyes have grown tired with reading, it is the most restful to raise them from the book and to look out over the dazzling waters of the harbor.

It is restful not only to the eyes but to the mind and spirit. Many locks today deal with material which fill the heart with discouragement because of their prophecies of calamity, or because the mind with corruption because they deal with situations about the decent of former ages have remained discreetly silent. The best relief from all such dolorous and salacious trash is raise the eyes and take a far look at life.

In long perspective life is hopeful. When we see it in its proper perspective it is clean and wholesome. There is much tragedy in life, but above the veil of humanity rises the pagan of joy men and women have in existence, daily living. Whole some family life, marriages entered into and maintained in loving fidelity are the rule in ordinary life, and the flagrant disregard of moral standards which certain authors depict with unwholesome relish is fortunately the exception. Religion teaches us that man is a fallen creature, but it also teaches that he is potentially a child of God. He is like the Creator who made him if we will only look carefully to see the resemblance. What we need is the penetrating look, and above all the far look.

WASHINGTON LETTER

B. JANE EADS
Washington—Despite mass firings resulting from the administration's recent economy measure, the U. S. Civil Service is currently posting examination announcements for certain federal jobs.

The examinations are being held in public buildings on set dates throughout the nation. Wanted are the following:

Aeronautical research scientists, chemists, clinical psychologists, dietitians, engineers, physicists, psychologists (personnel counselors), student dietitian aide for Washington and vicinity alone, stenographers and typists.

It was explained the examinations, hated by the government during the war when no permanent appointments to federal jobs were made, are being resumed to give veterans a chance to compete for such careers as may occur.

After applicants take the examinations, eligibles are listed with the agencies having jobs to fill.

The assassination of President Garfield on July 2, 1881 resulted in the Civil Service Act which provides for the examination of most of the government's thousands of employees.

Prior to that each President hired his own set of employees under the spoils system.

President Garfield was waiting for a train to take him to a college reunion on that July 2. A Mr. Guiteau, a disgruntled job seeker, slipped through the crowd milling around the Chief Executive in the railroad station, and shot him twice in the back.

While the President lingered three painful months before his death, the American people were deeply roused over the tragedy. Impatience at the spoils system became indignation.

Sen. Pendleton of Ohio introduced a bill to create a Civil Service Commission made up of three members, not more than two belonging to the same party. The bill became law Jan. 16, 1882.

When it first started operating, the commission's staff consisted of the three commissioners, one secretary, a chief examiner, a stenographer and a messenger.

Any other employees needed to help out when the load got too heavy were detailed to the commission from whatever other department could be persuaded to lend them. And they didn't lend their top employees at that.

Do Y' Think You Could Bring Bucks Back Alive?

In 1894 appropriations were provided to enable the commission to enlarge its staff, but there was no increase in personnel until 1903. Now the commission is hiring and paying its own staff. It has 3,500 employees here and in the field.

PUBLIC FORUM

Discussing Problems of Interest to This Community. In All Cases Names Must Accompany Any Communication.

Hardy, Folks:
Today we've been seeing the sights of Glacier Park and here's one place we don't have to stretch our necks through a pair of field glasses to see mountain peaks. They're sticking up all around us like huge Indian spearheads cooling their points in the clouds, and we're seeing what we really expected to see in mountain scenery and no fooling.

You couldn't get a true word picture of this scenery if you sent the whole English language packing up the peaks to describe them. Only the Indians have the touch—Red Eagle Mountain, almost a Dog Mountain, Little Chief Mountain, Two Medicine Lake, Rising Wolf Mountain, Morning Eagle Falls and Going to the Sun Mountain. The Indian legends are as beautiful as the peaks.

There wasn't any deal in our minds after seeing the "Going to the Sun" highway over Logan Pass, that we'd seen the greatest scenic highway in this country. At the east end an immense profile of a woman appeared in the skyline rim of the cliff across St. Marys Lake. A band of white rock clings to her forehead like a veil, and the resemblance to Saint Mary is almost perfect.

Except for cabins, hotels and cha-

lets, it's still a wild, primitive country out here, surrounded by Indians and Indian atmosphere. Especially when you get down to Glacier Park Station where the Blackfeet pitch their white tepees, you sense the redskin fringe which skirts the highways. We learned that these redskins were called Blackfeet because their moccasins were usually black in frontier times from walking over the burned prairie grass.

Glacier Park has been a great discovery. When you're resting by the shore of a lake in the shadow of these great old peaks or deep in the forest by a mountain stream you get what you come for—stillness—peace. You sense, too, that though we have cut our highways to make Glacier Park a great vacation spot it will never belong to us—not really. The smoke still rises slowly from hidden tepees all around Glacier, and the timeless trail over the "Going to the Sun" is still a lonely Indian trail.

We're having a wonderful time, and I only wish you were here to enjoy it, too.

Hurriedly yours,

L. S. Spence

New Envoy . . .

(Continued From Page One)
important of this is whether Nanking has the right information in saying that Moscow is backing the Chinese Reds. If Russia is giving such assistance, the situation looks grim indeed.

There is a school which holds that the Chinese Communists aren't the same brand as the Russians—that the Celestials are just discontented Agrarians. As a matter of fact General Chou En-Lai, one of the top 1943 at Chungking that there was no connection between Moscow and Chinese Communism. However, there are many observers who think otherwise, and they don't overlook the act that the late Dr. Sun Yat-Sen, founder of the Chinese Republic, called in several Russian Communists,

as advisers and that the formation of a Communist party resulted. It doesn't take much imagination to believe that Chinese Communism and Russian Communism aren't far apart.

In any event, our Uncle Sam certainly will be faced with a momentous decision if General Wedemeyer ultimately should report that the two conditions set forth above must be met if China is to be saved from Communism and put on her feet.

For Girl . . .

(Continued from Page One)
This fact probably would not stop the girl who has made up her mind, but it may influence the one who is trying to decide.

Suppose a girl can't afford a full college education. Of her, the bureau says:

"Lay a foundation that will enable you to branch off earlier, if you must. For example:

"If a girl takes science courses, she ultimately can become a nurse or a pharmacist.

"However, she can stop earlier and become a medical laboratory technician or a chemical analyst."

And—what of the girl who is looking for something new? If she's looking for something unusual, the bureau suggests she try to do something special in an old field. For example:

A person who wants to teach but hopes for something out of the ordinary, may become a teacher of deaf or blind children.

A secretary with ability in languages may be able to get jobs abroad.

And a librarian may specialize in science and become a top-ranking scientist's assistant.

getting a good position after graduation is to work summers. Whether or not your boy and girl does this is up to you, and not to any teacher. In some states boys and girls must get the okay of the superintendent of schools; but this always is obtainable if you as a parent request it. Parents who let their children run around or loaf all summer are committing a crime against them.

Too many parents hate to make their dear Susie and Johnnie get a job because their friends do not work. Instead of being content to listen to speeches, Parent-Teacher Associations should urge parents to refuse to give spending money or loan the car to kids who loaf summers or who fall in their studies in the winters. It is not now too late for parents to get tough this summer.

Brazil is the second largest producer of cocoa.

THIMBLE THEATER - Starring Popeye

BLONDIE - By Chic Young

Not A Respectable Family Woman.

Social and Personal

Mrs. O. G. Guiley, of Fayetteville, has arrived in Greenville to spend some time with Mrs. J. D. Swain.

Capt. T. L. Moore is visiting Mrs. O. C. Hawkins and family on 12th St. for a few days. He was a former resident of 120 Manhattan Ave. before entering service in June 1941.

40 Years Ago

THE DAILY REFLECTOR
JULY 26, 1907

Julius Brown went to Bethel today.

Miss Nonie Bloy came home this morning from Greensboro.

Durwood Wilson left this morning for Morehead.

Miss Lillian Whitfield left this morning to visit relatives in Nashville.

Miss Olive Morrill of Snow Hill, who has been visiting relatives in Greenville, left this morning for Morehead.

Mrs. Henry Bernice Jenkins, who before her marriage Friday, July 11, in Conway, S. C., was Miss Georgia King, daughter of Mr. King of Durham. Mr. Jenkins is the son of Mrs. A. S. Jenkins and

Mrs. W. D. McArthur and son are visiting their mother and relatives in Temple, Texas.

Miss Alice Ruth Bundy is attending a house party at Carolina Beach.

Mr. Sam B. Underwood, Jr., left last night for Lincoln, Neb., where he will attend the National Methodist Rural Life Conference as a lay delegate from the New Bern district of the Methodist church.

Engagement Announced
Mr. and Mrs. John Giles Fleming announce the engagement of their daughter, Rachel Dixon, to Isaac Jackson Edwards, Jr., son of Mr. and Mrs. Isaac Jackson Edwards. The wedding will take place on September 5.

Free Will Auxiliary To Meet
The circles of the Women's Auxiliary of the Free Will Baptist Church will meet Monday evening at 8:00 o'clock in the church.

Circle Meeting
The circles of the Women's Auxiliary of the Free Will Baptist Church will meet Monday evening at 8 o'clock in the church.

Circle Meeting
Grifton, July 26.—The Senior Circle of the Christian church held their July meeting on Wednesday afternoon at the home of Mrs. C. E. Gardner, lovely summer flowers were used as decorations. Presiding at the business hour was Miss Bert Johnson. Taking part on the program were Mrs. H. P. Quinerly, Mrs. Robert McWhorn and Mrs. Norwood Lockhart. During the social hour the hostess served a sweet course with salted nuts.

Florida Minister At Meadowbrook
The Reverend John Keels will conduct the evening worship and preach for the Meadowbrook Presbyterian church in North Greenville on Sunday at 8 o'clock p.m.

Mr. Keels is now pastor of the Presbyterian church at Wauchula, Florida, and the friends and membership of the Meadowbrook church are cordially invited to hear him during his visit to Greenville.

Hostess to Contract Club
Grifton, July 26.—Mrs. Josie Worthington was hostess to members of her contract club on Thursday night at a delightful supper party. Colorful summer flowers were used as decorations in the rooms where three tables were appointed for supper which was served prior to the bridge games.

Following progressions the high scores were held by Mrs. Milton Hart and Mrs. Nannie McGlohoor. Mrs. Glendel Tucker was given the floating prize, other players were Mrs. Edward Hart, Mrs. Roy Jackson, Mrs. Walter Patrick, Mrs. Sam Nelson, Mrs. Ben G. Tucker, Mrs. Norwood Lockhart, Mrs. Carey Garris, Mrs. Roger Johnson, Miss Hazel Jarrell, Mrs. Elmo Smith was supper guest.

Entertains At Bridge
Grifton, July 26.—Mrs. Paul Bradley and Mrs. Paul Clark entertained on Tuesday afternoon and evening at bridge at the home of Mrs. Bradley, having guests for four tables at three o'clock and at eight players for five tables.

Lovely arrangements of lavender dahlias were used throughout the home. During playiced drinks were served and at the conclusion of play a dessert course.

High scorers for the afternoon were Miss Bert Johnson and Mrs. Robert McWhorn, the consolation went to Mrs. M. B. Hodges and Mrs. A. D. Wall was holder of the floating prize, other players were Mesdames H. P. Quinerly, Cecil Cobb, Walter Murphy, P. L. Cox, Roy Jackson, Eleanor Gower, Josh Worthington, George Sugg, Vance Wall, Alton Chapman, L. L. Mewborn, Miss Marie Chapman.

During the evening holders of the high score awards were Mrs. L. D. McCotter, Mrs. Sam Nelson, the consolation went to Mrs. Ben G. Tucker and the floating prize to Mrs. Edward Hart, other guests were Mesdames Milton Hart, Harold Plake, Roger Johnson, Jack Chapman, Nannie McGlohoor, Norwood Lockhart, Julius Chaucery, Clay Burney, Roy Jackson, Jack Tucker, Walter Patrick, Glendel Tucker, Robert McCotter, Vance Abbott, Carey Garris and Miss Hazel Jarrell.

lished by the students of East Carolina Teachers college, was dedicated to President Dennis H. Cooke, whose resignation as president becomes effective September 1, 1947.

Thanking the members of the staff and faculty, and students of the college for their one hundred per cent cooperation, Dr. Cooke and his family published a farewell address in the Teco Echo.

Home Economics Conference At College Ends

Home economics teachers of the eastern counties of North Carolina completed on Friday their annual vocational home economics conference at East Carolina Teachers college.

The 123 home economics teachers attending the conference were instructed in home improvements; clothing; health, home nursing and consumer education; teaching food in the sixty minute period; visual aids; and care and use of equipment.

Themes for the general session throughout the week included "Forward New Horizons for Future Homemakers, 1947-1948," "Successful Experiences in Working with Adults in Home Economics," and "How Active County Organizations of Home Economics Teachers Can Contribute to More Successful Teaching."

Among the speakers and leaders of discussion groups during the week were Catherine T. Dennis of Raleigh; Mabel Lacy and Mrs. Adelaide Bloxton of East Carolina Teachers college; Mrs. Dorothy B. McClure of Clarkston; Julia Bradshaw of Rock Ridge; Rose Mary Codell and Mrs. Will Frances Sanders of Raleigh; Louise Lowe of the Woman's college, Greensboro; Emily Burt Person of Tarboro; Mrs. Clarinda Britt of Goldsboro; Maryline Smith of Burgaw; Carolyn Outlaw of Kenansville; and Josephine Grant of Eflington.

'Four Horsemen' Give Program For Kiwanians

By CHESTER WALSH
Frank Meadows of the Rocky club and Paul (Texas) Baker of the Kinston club, two of the Four Horsemen at the recent convention, provided the best program of the year at the Greenville Kiwanis Club's weekly supper meeting last night.

They showed color pictures of scenes on the Kiwanis special Pullman train which left Rocky Mount on July 28 for the International Kiwanis convention in Chicago. The pictures were all "naturals," one of them showing Greenville Secretary Dave Moore in a transitory stage of disfigurement in a Pullman berth somewhere between Pittsburgh, Pa., and Youngstown, O.

Baker showed the pictures and Meadows, widely known as "Zodiac," prognosticator of football games, "told the story." It was like a home-run at a ball game when the score was tied. The pictures were shown later on for the benefit of the wives and sweethearts of the convention journeymen.

Lieut.-Governor Ed Rawls and Mrs. Rawl entertained the "convention party" at their home on Pitt street later in the evening and served iced refreshments. Ed Williford entertained the men who attended the convention at a garden party at his home on Library street. Reminiscences of the Chicago trip developed some interesting situations. The convention-goers were Mr. and Mrs. Rawl, President Ed Bloom, Dave Moore, Mr. and Mrs. Milo Smith and daughter, Miss Peggy Rose, Mr. and Mrs. Ed Williford and Mr. and Mrs. Chester Walsh, and Mr. and Mrs. Reath Jones of Mount Olive. Plans were discussed for attending the Kiwanis convention in Los Angeles next June.

Vice-President N. C. Brooks appointed Arthur Tripp and James E. Tanner a committee to support

the hospital bond election to be held next September.

The Four Horsemen, Meadows and Baker, and Russell Braswell of Rocky Mount, and "Doc" Crowder of Henderson, while in Chicago, dedicated a safety island at LaSalle and Randolph streets as "North Carolina territory."

Scholars . . .
(Continued from Page One)
consided a Mrs. Bixby of Boston on the loss of her five sons in the war.

They were eager, too, Evans said, to try to find the original manuscript of Lincoln's farewell speech to the citizens of Springfield, Ill., when he left his home to begin his second term in the White House.

Dutch Announce . . .
(Continued from Page One)
bout 15 miles of Bandoeng. Bandoeng is roughly 75 miles southeast of Batavia in the interior.

(2) Driven the Dutch from Gooenoengpati southeast of Semarang four hours after the Dutch captured the place with four tanks and 11 trucks, loads of soldiers. Semarang is on the north coast some 150 miles east of Cherbon.

(3) Beaten back attacks by eight Dutch tanks on Lawang 15 miles north of Malang in the interior of East Java.

Seeking End . . .
(Continued from Page One)
Mr. Truman could do that by proclamation. That would simply reverse the procedure under which President Roosevelt declared the "limited emergency" on Sept. 8, 1939, shortly after Europe was plunged into war, and the "full emergency" of May 27, 1941 when most of the continent was falling prey to Hitler.

The end of World War II itself for international purposes and for domestic matters tied up with foreign affairs, probably cannot be declared until the peace treaties are signed, these officials said.

John Alden, of Pilgrim "speak for thyself John" fame, was a cooper by trade.

Rail Dispute . . .
(Continued from Page One)
The other four members are expected to be named Monday and the board probably will start hearings in Chicago within a week. Under the Railway Labor Act the hearings must be completed in 35 days unless extended by mutual consent.

The board will take testimony on only one issue, the wage request. The carriers' committees have estimated that the wage increase would cost the roads \$568,000,000 a year.

President . . .
(Continued from Page One)
Dr. Joseph W. Greene, the attending physician in Grandview and his sister, Miss Mary Jane Truman

Greenies Trim New Bern Paced By Marvin Mauney

By **BERT MOYE**
Manager Ordie Timm's Greenies trounced the New Bern Bears 13-1 here last night as Marvin Mauney paced the winners attack with three hits, including two homers, one of which came in the second frame with the bases loaded and the second one coming in the sixth frame with one mate aboard. Both homers were over the score board in left field.

Battering four Bear twirlers for 15 hits, the Greenies started the ball rolling in the first frame by scoring six runs, added four more in the second, one in the fourth and ended their scoring spree in the sixth with two more runs.

In the first frame, which saw three Bear hurlers in action, the Greenies sent six runs across the plate on six hits, two walks and an error. Tommy Lee walked, Jacob got an infield hit, Jenkins reached first on a fielder's choice to force Lee at third, Bomar singled to bring home Jacobs, Ranweiler singled to bring home Jenkins, Willie Mauney walked to leading the bases and Marvin Mauney singled with Bomar scoring and Ranweiler scored when shortstop Palmer threw the ball wild to third Arthur Godfrey singled to bring home the Mauney brothers to end the scoring in the first frame.

In the second frame after Bomar and Ranweiler had singled and Willie Mauney was given an intentional pass to first, Marvin Mauney connected with a homer to bring the three mates home.

In the fifth Willie Mauney led off with a triple and after the next two men had gone out, scored on Derda's wild pitch.

The Greenies ended their scoring in the sixth when Bomar singled and Marvin Mauney homered over the left field wall to bring him home.

Larry Baldwin, pitching his ninth win of the season, hurled four-hit ball and had shut against the Bears until the ninth frame when man was out. Baldwin struck out six men and walked four.

Marvin Mauney, in addition to his two homers, also got a single and during the ninth batted in seven of the Greenies' runs. Sharing honors with Marvin Mauney was Hank Ranweiler and Jack Bomar who got three singles each in five trips to the plate.

Score by innings:
New Bern 000 00 001—1
Greenville 640 102 008—13

DIAMOND DUST

By **BERT MOYE**

Jerry Chitty, Greenville hurler, is leading the Greenville hitters with a .379 clip, according to the latest figures released by the league statistician and which include all games played through Sunday, July 20. He is in fourth place among the individual hitters in the Coastal Plain. At bat 29 times he has collected 11 hits. Only two other players were listed in the 300 class, they being Willie Mauney who has been to bat 314 times, collected 109 hits for a .347 percentage, and Glenn Jarvis, who has been to bat 47 times with 15 hits for a .319 mark. Other Greenville players listed in this week's averages are: Jack Bomar, 269 times at bat with 79 hits for a .294 mark; Manager Timm, 67 times at bat with 19 hits for .284 percent. Tommy Lee, 248 trips to the plate for 69 hits for a .278 mark; Hank Ranweiler, 227 times at bat with 62 hits for a .273 mark; Arthur Jacobs, 83 times at bat for 20 hits for a .241 mark. Willie Mauney with a total of 55 runs batted in, is leading the other Greenies in this division. Roy Kennedy, Tarboro outfielder, continues to set the pace in the league hitting, having been at bat 284 times, collected 110 hits for a .387 mark.

Lister among the league leaders this week is Willie Mauney, who with 12 triples, is tied with Roy Kennedy of Tarboro, for top honors.

In team batting the Greenies continue in seventh place with a .262 mark. A total of 2,942 Greenies have been at bat, made 450 runs, 770 hits, 379 runs batted in. The Kinston club continues to set the pace in team batting with a .291 mark for the entire team.

In team fielding the Greenies dropped a notch this week and are now resting in eighth place with a .932 mark. They have made a total of 2,209 putouts, 914 assists, 277 errors and 54 double plays. The Wilson Totals lead all other clubs in
