HANG TRIO IN DEFIANCE OF RETALIATION

Members Of Underground Executed; Irgun Zvai Leumi Tries Captives

Jerusalem, July 29—(AP)—The British hanged three Jews today in defiance of a Jewish underground threat to retaliate with the execution of two British hostages and "bathe the Holy Land with blood."

A British military announcement said Meir Nakar, Yacoub Weiss and Absalom Habib were put to death between 4 and 5 a. m. in Acre Prison on Palestine's north coast for their part in the May 4 break there, in which 251 prisoners were freed and 16 persons were killed.

A Jewish underground source said last night that Irgun Zvai Leumi, to which the three belonged, had tried British Sergeants Clifford Martin and Mervin Paice and condemned them to death for being members of a force "illegally occupying Palestine" and "conspiring to oppress the rightful citizens of Palestine." The sergeants were kidnapped July 12 at Natanya.

This source said that while Irgun Commander-in-Chief Manachem Beigin had confirmed their sentences, it was unlikely they would be executed "until the final disposition of the case of our three soldiers."

Irgun had held Martin and Paice since their kidnapping and British soldiers and police searched eight Jewish villages near Tel Aviv last night in an effort to liberate them.

The hunt for the hostages continued throughout Palestine today, but many government officials expressed fear they would not be found alive.

Meanwhile, a reliable source said the Palestine government, widening its war on violence, planned to enact a law to permit destruction of houses connected with suspected underground attacks.

Among Palestine executions of recent years, today's hanging was exceeded only by that of last April 16, in which Dov Betz Gruner and three other Jews were put to death in the same prison.

Only an hour after the hangings had been made public, a grenade was thrown at a police armored car in Jerusalem, giving rise to a 35-minute general alarm sounded by sirens.

Will Not Resign During Campaign For Governor

Raleigh, N. C., July 29—(AP)—State Treasurer Charles M. Johnson doesn't plan to resign while campaigning for governor unless he finds that his stumping activities interfere with his state duties.

"If there comes a time in my campaign when I feel that I am neglecting my duties as treasurer, I will resign," Johnson said in a statement. "Otherwise I will not. I did not resign either of the times that I had opposition as state treasurer (in 1936 and 1944)."

"Attorney General T. W. Bickett did not resign when he ran for governor in 1916. Nor did Governor Kitchen and Chief Justice Walter Clark of the Supreme Court when they ran for the Senate in 1912."

"It isn't my intention at this time to resign at all. So far as precedent is concerned, I am ready to stand on that set by Bickett, Kitchen and Clark."

Politics In Britain

Economic Crisis Produces Political Storm; Attlee's Government Concerned Over Statements Of Split In National Unity; Bevin's Star Is Rising

By DEWITT MACKENZIE

England's exceedingly grave economic crisis has produced—after the manner of this affliction—a political storm which has the country by the ears and is causing Prime Minister Attlee's Labor (Socialist) Government much concern.

The great conservative party, which was thrown out of power two years ago by the Socialists, charges that Labor has divided the country at a time when unity is paramount. Newspapers of all complexions have been lambasting the cabinet. Even the Daily Mirror, long a staunch supporter of the Attlee regime, now declares that the premier has failed to cope with the pressing economic problems. The Mirror goes so far as to demand that he resign.

Whether this storm will clear up quickly remains to be seen. We may get some clarification tomorrow, when Attlee is scheduled to meet with the Labor members of Parliament in caucus to explain to that critical gathering just why the goddess of fortune seems to be mad with Britain's experimental Socialist Government.

Mr. Attlee most certainly will maintain that the good lady really isn't angry but that the country is suffering from a heavy war-hangover for which his government isn't responsible and which it hasn't been

Kaiser Says Roosevelt Note Brought Contract

Industrialist Testifies Note To FDR Obtained Contract For Small Aircraft Carriers Over Strong Navy Objections

Washington, July 29—(AP)—Henry J. Kaiser testified today that he sent a brief note to the late President Roosevelt and got a wartime contract to build small aircraft carriers after top navy officials previously had rejected his offer.

The wartime industrialist told the Senate war investigating committee of this incident after saying "I can't recollect" when asked as to whether he went to the White House in connection with contracts he secured to build cargo carrying airplanes.

The committee is seeking facts regarding some \$40,000,000 worth of airplane contracts awarded to Kaiser and Howard Hughes, aircraft designer and film producer.

At the outset of the hearing, Kaiser protested there has been a smear campaign against him.

"I have never in my entire history had such a smear campaign directed against me," the west coast industrialist told a Senate war investigating subcommittee as it prepared to hear his story of his \$18,000,000 wartime cargo plane contract.

Before Kaiser was permitted to testify, Senators Ferguson (R-Mich.) and Pepper (D-Fla.) clashed sharply over the procedure to be followed.

Kaiser had prepared a statement to testify.

OHIOAN ASKS GOP POLICIES

Washington, July 29—(AP)—Senator Taft of Ohio called today for "frank discussion" by his fellow Republicans of domestic and foreign issues.

The Ohio senator, scheduled to receive his state's "favorite son" endorsement for the GOP presidential nomination at Columbus Thursday, said he plans to bear down during his western trip in September on issues likely to arise before the next session of Congress.

"I plan to talk about the issues before the country," including the Marshall plan for economic aid for Europe," Taft told a reporter.

"Before congress meets again (in January), I think all of these matters should be freely discussed throughout the country, particularly by Republicans."

Although they declined to link it in any way to any other potential presidential candidate, his statement was interpreted immediately as a challenge to Gov. Thomas E. Dewey of New York.

Dutch Strengthen Grasp On Java, Sumatra Areas

Batavia, July 29—(AP)—Dutch military authorities, busily extending their hold on the rich resources of Java and Sumatra, today reported scattered instances of Republican sabotage in oil field areas and elsewhere but said that the general situation was "developing favorably."

The Republic's air force, reported at the outbreak of hostilities to consist of about 40 Japanese planes, was declared in a broadcast Indonesian communique to have bombed Dutch positions in Semarang and Salatiga and returned unharmed.

Semi-official Dutch dispatches said seven persons were killed and seven wounded by the bombing and strafing of Semarang.

Hundreds of fires, set as part of the Indonesian scorched earth policy, crackled across the rice lands and rubber plantations of southwest Java.

The Netherlands army meanwhile said its casualties had reached a total of 145—since hostilities began July 20. (General Soedirman, Indonesian commander, Saturday estimated Dutch losses at 1,000. His army reported 763 soldiers in Dutch service surrendered yesterday.)

The Dutch military, issuing two communique, said that in the captured north Java port of Tegal, some 35 miles east of Cherbon, a bank, a power station and half the docks had been destroyed.

(A Republican communique issued in the Indonesian capital of Jogjakarta said a Dutch warship bombed Pekalongan, 30 miles east of Tegal, Saturday.)

Seven Escape Rutherford Jail

Rutherfordton, N. C., July 29—(AP)—Seven white prisoners, including four alleged rapists, escaped from the Rutherford County Jail here early today.

Jailer W. H. Griffin said they sawed the bars on one of the windows in their cage and dropped three stories to the ground on a rope blanket. The jailer said the break was not discovered until more than three hours later.

Some burglar, they reported—to themselves—yesterday, broke into their pistol range and stole 1,700 pounds of lead on hand to reload cartridges.

Eisenhower Bids Patterson Farewell

Gen. Dwight D. Eisenhower, army chief of staff (center), bids farewell to Robert F. Patterson (right) at the airport in Washington as Patterson leaves for his home in Washington as Patterson leaves for his home in Washington.

Former government officials testified yesterday about the \$40,000,000 in contracts awarded Kaiser and Howard Hughes, movie producer and industrialist originally associated with Kaiser in the plane-building project. They said the contracts were awarded despite the opinion of technical experts that the Kaiser-Hughes plans were fantastic.

TRUMAN FLIES BACK TO DESK

Grandview, Mo., July 29—(AP)—President Truman departed at 9:43 a. m. (CST) from Grandview airport for the capital, where a White House spokesman said a "flood" of legislation awaited his approval.

The President paid a final one-hour visit to the Truman cottage in Grandview, where funeral rites were held yesterday for his mother, Mrs. Martha Ellen Truman, 94, to say farewell to his sister, Miss Mary Jane Truman.

Then he motored to Grandview airport and took off in the presidential plane, the Sacred Cow.

Accompanying him on the return visit was the ambassador of Mexico, Espinosa de los Monteros, who had come to Grandview to convey the condolences of President Aleman.

Presidential Secretary Charles G. Ross said the President will be faced with "a flood of all the bills passed in the final days of Congress—probably more than 150."

Ross said they were "mainly routine legislation," however.

"Mrs. Martha Ellen Truman, who said her son could "do anything just a little better than anyone else," was buried yesterday in Forest Hill Cemetery at Kansas City, beside the unmarked grave of the President's father, John A. Truman.

The President and his family sat in the kitchen of her little house in Grandview and others filled the dining room and parlor, while the Rev. Welborn Bowman, a near neighbor, read a simple, 20-minute funeral service. There was no eulogy because, he said, "she would not have wanted a eulogy."

"Lost Colony" Opens Tomorrow

Manteo, N. C. July 29—(AP)—The Waterside Theatre at nearby Fort Raleigh, partly destroyed in a \$40,000 fire last week, will resume performances of the Lost Colony tomorrow evening.

A dress rehearsal will be held tonight.

The Roanoke Island Historical Association, sponsor of the symphony-drama, has been receiving public donations to help repair the stage and women's dressing rooms.

Members of the cast of almost 200 have pitched in with the reconstruction.

Marshal Montgomery Curtails Tour To Discuss Reducing Britain's Army

London, July 29—(AP)—Authoritative sources said today that Field Marshal Viscount Montgomery would curtail his Far Eastern tour immediately and return to Britain to discuss slashing the nation's armed forces in view of the economic crisis.

Montgomery, chief of the British Imperial General Staff, was to have gone to Tokyo to visit Gen. Douglas MacArthur on Aug. 5. He left Britain July 21, and has spent most of his time in Australia and New Zealand.

Whitehall sources said Montgomery was returning on his own initiative because of the increasingly serious view taken in high government quarters of the industrial and financial crisis stemming in part from the rapid dwindling of the American loan.

The acute need for greater production, stressed last weekend by leaders of all major political parties, may well mean that Britain's armed forces will have to be cut to provide more men for coal mines and factories, official quarters said.

Montgomery, they explained, will be on hand to advise the government what cuts can be made without endangering Britain's defense position.

Balkan Watch Has Majority Support

Delegates On UN Security Council Announce One By One Support Of American Plan; Eye Russian Silence As Vote Nears

Lake Success, July 29—(AP)—Soviet Russia vetoed today a United States resolution setting up a Balkan commission.

The vote on a long resolution proposed by the United States was 9 to 2, with Russia and Poland voting "No."

This was Russia's eleventh veto in United Nations history.

Lake Success, July 28—(AP)—A majority of the delegates of the United Nations Security Council swung their support today to an American proposal for an 11-nation commission to stand guard over the Balkans.

As the council headed toward an imminent showdown between Russia and the United States over the Balkan problem, delegate after delegate announced support of the American plan.

But Russia continued the silence he maintained throughout yesterday's session.

U. S. Deputy Delegate Herschel V. Johnson opened the first of two council sessions today by insisting that the proposed commission should be composed of eleven members.

He made it clear he would fight all attempts to set up a smaller commission.

Will Russia veto or abstain from voting on a U. S. proposal to establish a "watchdog" commission over the strife-torn borders of the Balkans?

The way for a vote on the American proposal appeared to have been cleared yesterday when the council tentatively accepted a series of minor amendments to the U. S. proposal.

The only question remaining before the council began voting on the American plan was the size of the proposed commission. The U. S. has suggested an 11-man commission, representative of all the nations on the Security Council. The French have suggested that the commission be composed of only the six non-permanent members on the council.

Although Soviet Deputy Foreign Minister Andrei A. Gromyko remained silent throughout yesterday's debate, the Russian delegate was expected to make a major speech today, giving the Russian position and revealing what course he would take in the voting.

Delegates hesitated to speculate on what Gromyko would do. Some delegates believed he would abstain and thus permit the council to establish the commission. Others felt he would veto the plan.

Michigan Is Dewey Target

Valdosta, Ga., July 29—(AP)—Sales volume was heavy and price higher the opening day of the current week in the Georgia-Florida Blue-Cured tobacco markets.

The quality of offerings continued very good and showed a slight improvement over Friday. The U. S. Department of Agriculture reported best demand centered on leaf grades which were from \$2 to \$5 higher than the closing day of last week.

Some cutters were up around 81 cents, mostly steady to slightly higher. Top qualities were generally unchanged at \$4.

Markets at Blackshear, Ga. Reported prices took an upturn with much of the good grade leaf averaging above 50 cents. The market opened strong in Claxton, Ga., with prices ranging to 60 cents. Good quality leaf went two to six a pound over government loan.

Total sales at Adel, Ga., were 320 884 pounds at the average of 47.47 cents; Baxley, Ga., sold 290,000 pounds at the average of 46.21 cents. Lake City, Fla., sales reached 283 176 pounds, bringing growers \$128 248.92 for an average of 45.28 cents. Tobacco growers in Live Oak, Fla. disposed of 623,252 pounds for \$73 010.46. The average price was \$23 82 with top quality tobacco bringing (Continued on Page Four)

Nitrate-Laden Freighter Explodes; 15 Seamen Die

Brest, France, July 29—(AP)—Officials reported 15 dead and at least 422 injured in this port today from the explosion and fire that wrecked the nitrate-laden Norwegian freighter Ocean Liberty yesterday.

Four of the injured died this morning, the French Ministry of Marine said. Badly injured and hospitalized at nearby Landerneau were 46 others, five of whom doctors termed critical. In addition, Poncehale Hospital reported it had treated 376 for cuts and bruises inflicted by flying debris.

Hundreds more were severely shaken when the nitrate went off with a shattering blast that smashed in building fronts along the sea front, set off an explosion in the city's gas system, fired a gasoline storage tank and demolished lines of communication.

All those killed were dock workers or seamen. The crew had been taken off the ship before the explosion, but her captain was reported killed by flying debris.

The explosion occurred as the American-built Liberty ship was being towed out to the roadstead after an unsuccessful five-hour battle to extinguish a fire discovered in her hold as she lay alongside a dock waiting to discharge her cargo.

The blast rocked the entire city, many of whose residents had fled to the hills in response to warnings. (Reports from Falmouth, Eng., 120 miles from Brest, said a fairly sharp tremor was felt there yesterday which shook doors and windows, and the British Press Association speculated that the Brest explosion might have been responsible.)

Fires started by the explosion leveled flimsy dockside buildings and spread to a gas plant, an oil depot, a hotel and to the business district. Electric service and communications were blacked out.

Help was rushed to Brest from nearby Morlaix and Landerneau.

William Heman Hall, Jr. of Rose Hill died Sunday afternoon at 2:40 at the Veterans' Hospital, Columbia, S. C. The cause of death was a fatal injury received while he was swimming in a pool at Columbia. Hall was a physical education major at East Carolina Teachers College 1st year. A veteran of World War II, he served 37 months in the army. He was a German prisoner for a year. He was honorably discharged at Fort Bragg.

Funeral services were held at Oak Plain Presbyterian Church near Rose Hill this afternoon. Surviving are his parents, Mr. and Mrs. W. H. Hall; two brothers, Charles and

Gene Hall of the home; one sister, Betsy Hall, also of the home.

## Boyd Memorial Organized By Presbyterians

A meeting of the membership of the Twin-Oaks Presbyterian Chapel was held last Sunday afternoon at 4 o'clock, when the Boyd Memorial Presbyterian Church was organized with fifty charter members.

On the second Sunday in September 1944, Dr. Robert S. Boyd, pastor of the First Presbyterian Church of this city, conducted services under the Oaks at the residence of Mr. Cliff Whitehurst on the Falkland-Highway Four and one-half miles from Greenville. From this small beginning a Sunday school outpost of the First Church was established, and which has since continued under the name of Twin-Oaks Chapel.

A congregation meeting of the new church was held after the organization services and officers of the church were elected as follows: Elders, C. R. Lane, Ola Forbes, Arthur K. Evans and Leonard Lee Forlines; Deacons, D. O. Forlines, Emmis Forlines, Mack Allen, Maynard Earl Forlines and Edward Dixon.

The organization of this church was carried out by a Commission of Albemarle Presbytery consisting of Dr. J. W. Hassell, Chairman, Rev. Samuel H. Zealy of Washington, N. C., Dr. Robert S. Boyd and Elders, E. Withers Harvey, Jr., and J. Nat. Harrison. Dr. Hassell presided. Moderator of the meeting, Dr. Boyd delivered the sermon, and the charge to the newly elected officers was made by the Reverend Mr. Zealy.

## Bethel Man Given Place State Board

W. Jasper Smith of Bethel, chairman of the Pitt County Board of Commissioners, who was recently appointed by Governor Cherry a member of the State Board of Correction and Training, and other members will be sworn in at the governor's office Thursday morning. New members are: Smith, Dr. C. F. Stresnider, Goldsboro; Dr. Sankey L. Blanton, Wake Forest and Miss Diana Dyer, Winston-Salem. Members reappointed are C. A. Dillon, Raleigh; Dr. W. A. Stansbury, Gastonia; Mrs. Howard Etheridge, Asheville; T. A. Haywood, Rockingham, and W. N. Harrell, Wilson.

The Board of Correction and Training was reorganized by the 1947 General Assembly and its membership was reduced from 18 to nine.

## Recover Stolen Car And Arrest Raleigh Coburn

A short time after A. C. Fletcher Jr., of Winterville notified Greenville police that his 1946 Chevrolet car had been stolen from Sutton Oil Company's service No. 2 on Dickinson Avenue last night. State Highway Patrolman Saunders of Williamston arrested Raleigh Bob Coburn of Greenville and recovered the car. The car was wrecked about eight miles from Williamston on the Plymouth Highway. It was badly damaged.

The Williamston officer charged Coburn with careless and reckless driving. He charged with larceny here. He will be tried in police Court Friday morning.

## Ford Workers Ask For Walkout

Detroit, July 29—(AP)—The CIO United Auto Workers Ford Council asked permission to strike against

the Ford Motor Co. by Aug. 4 in a resolution on file today with the union's executive board.

While negotiations with the Ford concern on a new contract continued UAW-CIO Ford Director Richard T. Leonard announced he would ask an "immediate" meeting of the board to consider the action taken yesterday by the National Ford Council, a group made up of representatives of all Ford locals.

### Lions Club's Supper Meeting

The Lion reared its "tough, but oh so gentle" head last night as it custom on Monday nights when the members of the Greenville Lions Club gathered for their weekly one-hour dinner meeting.

President Tyson Bilbro presided at the meeting and was aided in keeping the members in order by the diligent vigil of Tail-twister Jimmy Jones, who as usual was caught in the well known back-fire and contributed a greater portion to the fines he was collecting than did the wayward Lions he was representing.

The program for the evening was opened with the singing of "Home on the Range," led by Lion Dan Vornholt of the ECTC faculty, and after the members and their guests

had eaten their fill the entertainment passed into the hands of John Biggs, who acted as master of ceremonies for a quiz program and distributed packages of cigarettes for the correct answers to his questions about local and state affairs. Vernon Rawls won the jackpot prize of a carton of cigarettes by being the first member to shout the name of the North Carolinian (Kenneth Royal) who has served in the cabinet of the United States without attending a cabinet meeting.

In the more serious portion of the meeting the members considered and endorsed a resolution from the Pismo Beach, Calif., club to petition the National Infantile Paralysis Foundation to establish near Pismo Beach a clinic similar to the one at Warm Springs, Ga. Also discussed were the revenue for blind fund for work which is carried on by the club, and possibilities of placing in more stores of the city

gum machines to supplement the 50-odd machines already purchased by the local Lions to provide funds for aid to the blind in this community. Lion Frank Brown in a committee report said about 20 per cent of the revenue for the blind fund comes from these gum machines.

### Rotary Program About Cuba At Supper Meeting

By WYATT BROWN

Cuban citizens answered interested Rotarians questions last night at the Rotary club affording the exchange of ideas between nationals that Rotary International utilizes to promote world understanding.

The Cuban citizens being interrogated were two young ladies who are finishing their training for teaching at ECTC to return to Cuba next year to teach. James Fleming, chairman of the International Relations Committee, sparked the discussion and Dr. Howard McGinnis, chairman of the International Relations Committee, presented Miss Louise M. Foeger, Santa Barbara, Isle of Pines, Cuba, and Miss Barbara Molly Howard, Neva Gerona, Isle of Pines, Cuba, students at ECTC.

The questions ranged from why the young ladies chose ECTC to what was the dominant political leaning of the people of Cuba. It seems their Methodist preachers told them of Louisiana and ECTC. It seems the Isle of Pines lies nine miles south of Cuba and the young ladies teach in a private American school. The Cuban public school stops at the eighth grade, so, the private schools gets some Cubans but the natives have to start in the first grade learning English, causing the age in one class to extend from nine to 21 years.

Cuba is divided into seven provinces for political subdivisions. It has a republican form of government with a declaration of democratic intent. The young ladies felt the majority of the people of Cuba are of a communist party leaning.

In their opinion, fair elections have obtained since Batista.

Sugar was short in Cuba during the war, too. Nationalities present in Cuba, are of all varieties with a mixture of Spanish and Indian being most numerous. The temperature varies from 50 to 95 degrees. (Climate attracts many residents to Cuba accounting for the presence of Miss Foeger and her folks who went down from Wisconsin.) They mentioned that it is cheaper to live in Cuba.

Amusements were listed as baseball—the most popular—horse racing, the national sport of jai-lai, and cock fighting. Young peoples' social life includes beach, horseback riding, tennis, etc., but not so much movies as in the U.S. Radio can be had direct from many points including Raleigh, but mostly they get transcribed programs from Miami. The people prefer South American music and dancing.

The young people of Cuba look upon the United States as a fine place to come and get educated, but most of them want to go back to live. Of course, they realize greater opportunity exists in the United States for it is an older country. The young ladies brought out. All dates require chaperones for young people or else they are looked down upon. But some have dates like in the United States anyway.

The Rotary club received a letter from the Greenville Council of Girl Scouts thanking it for providing two Camp Hardee scholarships. Charles Gaskins was a guest of the club. The visiting Rotarians were: Leo Grutch of Graham, T. T. Hammock of Bristol, Va., Vance Roebuck of Washington, the following from Ayden: W. C. Ormond, J. R. Turnage, Fred Johnson, Faust Johnson, and Harry Stillman.

Bob Bradshaw, club president, presided.

# 44 ways

## To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions . . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

#### More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men to do the same work; the rest would bring about changes in operating practices at increased cost.

#### For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

#### "Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders really want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service

conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

#### You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost a BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employes, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in production—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to work, not waste, this is it.

is performed as a part of the same day's work. The crew would get at least two days' pay for one day's work.

The Union leaders demand that the present basic day for passenger con-

## KINSTON WINS OVER LOCALS

### Greenies Lose Again To Eagles, This Time By 2-1

By BERT MOYE

The Kinston Eagles made it two in a row over the hapless Greenies last night by edging out a 2-1 win over them in their own back yard. The win for the Eagles was their eighth of the season over the locals. The Greenies' only run was scored in the first frame on one hit, two walks and a passed ball. Tommy Lee led off with a single, Jacobs and Bomar were walked to load the bases, and Lee scored when Catcher Bill Sweet missed a third strike on Bomar.

Kinston knotted the count in the sixth when Seawell walked, Tepe-dino singled, advancing Seawell to third and Cohen singled to bring home Seawell. Their winning run came in the eighth frame when

Bomar dropped a pop fly off the bat of Cohen, who advanced to second on Collins' infield out and came home when Deaton singled into centerfield.

Jerry Chitty, who lost his eighth of the season, pitched four-hit ball against the Kinston Eagles last night and limited all his hits to singles. He struck out six men and walked five, but his walks never put him into deep water with the exception of one inning.

Lefty Grant Eoff, pitching for the Eagles, pitched six-hit ball, he walked a total of eight men and struck out ten.

Tommy Lee got three singles in four trips to the plate to lead the six-hit attack off Eoff. Kinston's four hits were scattered among as many players.

Score by innings:  
Greenville 100 000 0-1  
Kinston 000 010 01x-2

## Boys League

The Red Sox from the Training School fought their way into a tie for the top position with the Giants yesterday morning at Third St. Park. Winning 14 to 9, the Giants had one of their bad days at bat, getting only three hits off the combined

pitching of Aman and Farley, who were very generous with their walks issuing a total of eleven.

Virginius Haymes, the leading pitcher in the league, was given a good going over by the Sox who combed his offerings for 14 hits. Billy Wooten got four singles, Eddie Farley a double and two singles and Brady and Rowland a double and single to lead the winners at bat. Lee, Haymes and Watson got the losers' hits.

Both afternoon games were called on account of rain after two innings of play. The Tigers were leading the Greenies 4 to 3 and the Lions were leading the Dodgers 5 to 4.

## DIAMOND DUST

By BERT MOYE

Sidelights—Greenville had a total of 13 men stranded on bases last night, seven of which were in the first three frames. . . Kinston had only seven men left on bases. . . In five of the nine frames the Greenies had men in scoring positions but were unable to deliver the necessary blow to bring them home. Tommy Lee, in addition to his hitting, was the only Greenie to steal a base. . . From the press box last night it looked as if Jenkins had an easy double play when Cohen was advanced to second on Collins' infield out but the ump ruled that he failed to touch the bag and put out Deaton. . . Incidentally the Greenies now rest within a half game of being on the bottom—to be exact they are six points behind the Jays who were rained out last night. . . Tepe-dino stole fielding honors in last night's game with his brilliant handling of the ball in the shortstop position.

Rex Benton, former Greenie now with the Leafs, has failed thus far to gain a win and has lost two since joining them. . . New Bern officials were again trying to purchase Pitcher Johnny Foell on their visit here Friday night but local club officials refused to sell him. Incidentally seven of the present Greenies' roster next season will become veterans and only three are allowed on any one club.

How fast can a ball be thrown? Better than most cars can travel to be assured. Bob Feller, the Cleveland Indian ace, threw a baseball in 1946 at a recorded speed of exactly 98.6 miles per hour.

## Meadowbrook Splits Weekend Contests

On Saturday night, Meadowbrook suffered its third defeat, this time at the hands of the Ayden Aces by the score of 5-3. Dick Paul, of Greenville hurled 5-hitter ball with eleven strikeouts for Ayden while J. C. Pollard accounted for thirteen strikeouts and gave up seven hits while on the mound for the Tigers. Meadowbrook trimmed Muary Sunday to the tune of 15-1. A. G. Warren was on the mound for the Tigers, giving up four hits, and striking out fifteen. Muary's only run came in the ninth frame. Leading at bat for Meadowbrook were R. Ross and G. Hardee with four for five each. The two contests now give Meadowbrook a total of fourteen wins to three losses during the current season.

(Continued From Page One)  
times rash in his bluntness, he is a brilliant and colorful speaker, capable of dealing either with an audience of workers or a conference of international statesmen. He is a fighter and likes a good scrap. Small wonder then that many of his party should think of him as being the right man to inspire the workers of the country to undertake the production needed to put England on her feet, especially since he is exceedingly strong with the miners. Small wonder, too, that there are many who feel sure, he would like to be prime minister, although the question of his loyalty to his present chief doesn't arise. However, Bevin isn't the only

fighter among the Labor leaders. Prime Minister Attlee is one of the sturdiest of the lot, and is sure to battle to retain his leadership—unless he becomes satisfied that he has lost the support of the Labor party. But Attlee has a universal reputation of being a sincere and loyal servant of the state, and few doubt that he would resign if he found that he had lost the confi-
