

Protest Russian Asset-Removals

U.S. Sends Note To Moscow Expressing Concern Over Removals of Property Belonging To Italy, Germany, Hungary, Bulgaria And Romania

Washington, July 30—(AP)—The United States has protested to Russia against Soviet removal of former German and Italian assets from the defeated Balkan states—Hungary, Bulgaria and Romania. Undersecretary of State Robert Lovett told a news conference today that a note had been delivered to Soviet Foreign Minister Molotov in Moscow yesterday asking full information regarding such transfers of property. Lovett said the State Department took the position in its note that: 1. All removals of property to Russia before the Hungarian, Bulgarian and Romanian peace treaties come into effect are of "provisional character." 2. Austrian assets in these countries cannot be seized on the grounds that they are German properties pending allied agreement on a definition of "German assets." 3. Only removals made in accordance with peace treaty provisions can be recognized by the U. S. as legal. The note said the United States is concerned because it was one of the signers of the peace treaties with Hungary, Bulgaria and Romania and thus holds responsibility for enforcement of the treaty provisions in these countries, the note said. In discussing Italian assets in these countries, the note said disposal of such properties is specifically provided for in the peace treaty. Dispatches from London said the British government had delivered a similar protest to the Russians in answer to questions that he does not know the value of the properties involved but assumes it is considerable, otherwise the United States would not have taken the matter up with Moscow.

Will Distribute Intangible Tax Levies

Raleigh, N. C., July 30—(AP)—The State Treasurer prepared today to distribute a record-breaking \$2,366,266.96 among counties and cities of the state as their share of intangible tax levies. Total collections from the levies on bank deposits, money on hand, stocks and other levies last fiscal year amounted to \$3,150,022.62 of which the state will retain \$788,755.66. The largest amount of intangibles was collected in Mecklenburg County, \$330,613.95, and Mecklenburg city and county units will receive the largest amount when the funds are distributed, \$247,960.36.

Union Would End Communist Mail

Durham, N. C., July 30—(AP)—Members of American Federation of Labor unions in Durham have adopted a resolution in which their names be taken of the mailing list of the Communist party. E. R. Williamson, financial secretary and former president of the Durham Central Labor union said A. F. L. members have been receiving unsolicited literature. The literature, he said, came from the North Carolina headquarters of the Communist party in Winston-Salem.

Grasping For Straws

Europe's Big Hope For Future Is In Marshall Plan; Last Gold And Dollar Reserves To Be Tapped; Russia Withholds Wheat Surplus From Western Nations. By DEWITT MAURKENZIE. Britain, France and other economically distressed nations of Western Europe are reaching for the prospective benefits of the Marshall Rehabilitation project like drowning men grabbing for life-boats. For example: Authoritative sources in London stated yesterday that the government had under consideration the drastic course of spending some of England's \$2,560,000,000 gold and dollar reserve as an emergency measure to deal with the difficult days which are expected to plague the country next winter. But the important point of this disclosure—and your special attention is drawn to it—is that the tapping of the reserve would be a stop-gap between the period when the \$3,750,000,000 loan from the U.S.A. is exhausted about the end of the year and the time when the Marshall Plan or some other American program of financial aid to Europe becomes effective. Yesterday, too, France made a new appeal to Russia in the United Nations Economic and Social Council to join in implementing the Marshall Plan. The Paris government, fighting to keep out of the grip of the powerful French Communist party, is greatly worried over Moscow's attitude. Delegate George Boris told the council that distrust between Russia and the Western powers was paralyzing European economic recovery. The Russian reply was to rebuke France for bringing the Marshall Plan into a United Nations debate. White Russian Representative Kaminsky declared the Economic and Social Council has no right to discuss the Marshall Plan. He further said the plan was linked with German economy, which he maintained had no place on the agenda. With the above as background I am going to set down here a sensational and, if substantiated, vastly important report which comes to me from a usually exceedingly well informed European source. You will recall that last May French Socialist Premier Ramadier dismissed from his coalition cabinet the five Communist ministers, after the National Assembly had given him

TWO SOLDIERS SAID HANGED AS REPRISAL

Jewish Underground Announces "Execution" Of British Sergeants. Jerusalem, July 30—(AP)—Irgun Zvai Leumi issued a "communiqué" today asserting that two British sergeants whom it kidnapped July 12 had been hanged in a forest near Natanya in reprisal for the execution of three Irgun members at Acre Prison yesterday. Shortly after the "communiqué" was issued from Tel Aviv, a police source there reported that the bodies of the two soldiers had been found. Official government sources, however, were not immediately able to confirm that the sergeants—Clifford Martin and Nervis Palce—had been slain. In issuing its "communiqué," Irgun Zvai Leumi also disclosed that it had received an appeal for clemency from Palce's father, but said it had been ignored because it should have been directed "to those who refused clemency" to the executed Irgunists. "We cannot do anything about it," Irgun said the elder Palce had been told. The underground Jewish organization asserted the British, seized at Natanya, were tried by a "military court" and convicted on charges of "illegal entry into Palestine, being members of an illegal British criminal terrorist organization known as the British occupation force in Palestine, which is responsible for the suppression of Jewish rights in Palestine and for the deportation of Jewish citizens from their home land." "As members of the British Army, the sergeants also were accused by Irgun of what it called the "murder" of Jewish women and children and of "illegal possession" of arms. Hagana, another Jewish underground agency of less violent leanings, was reported to have conducted an all night search for the sergeants despite the British curfew.

One Of Seven Escapees Caught

Rutherford, N. C., July 30—(AP)—Garland Smith, 23, one of seven white prisoners who escaped yesterday from the Rutherford County jail, was captured early today near his home in Golden Valley. Sheriff Vance H. Wilkins said. The sheriff added that other arrests are expected momentarily. Ben Cooper of Rutherford and C. B. Gussey of Spindler, arrested yesterday on suspicion of aiding the escape have been released, Wilkins said.

State College Sees Record Enrollment

Raleigh, N. C., July 30—(AP)—A record enrollment of approximately 5,000 students is expected at N. C. State College this fall, Registrar W. L. Moyer announced today. Moyer said that State's fall term will get underway with the annual fall meeting of the faculty on Sept. 19, freshmen will arrive on Sept. 22 and classes will begin on Sept. 29.

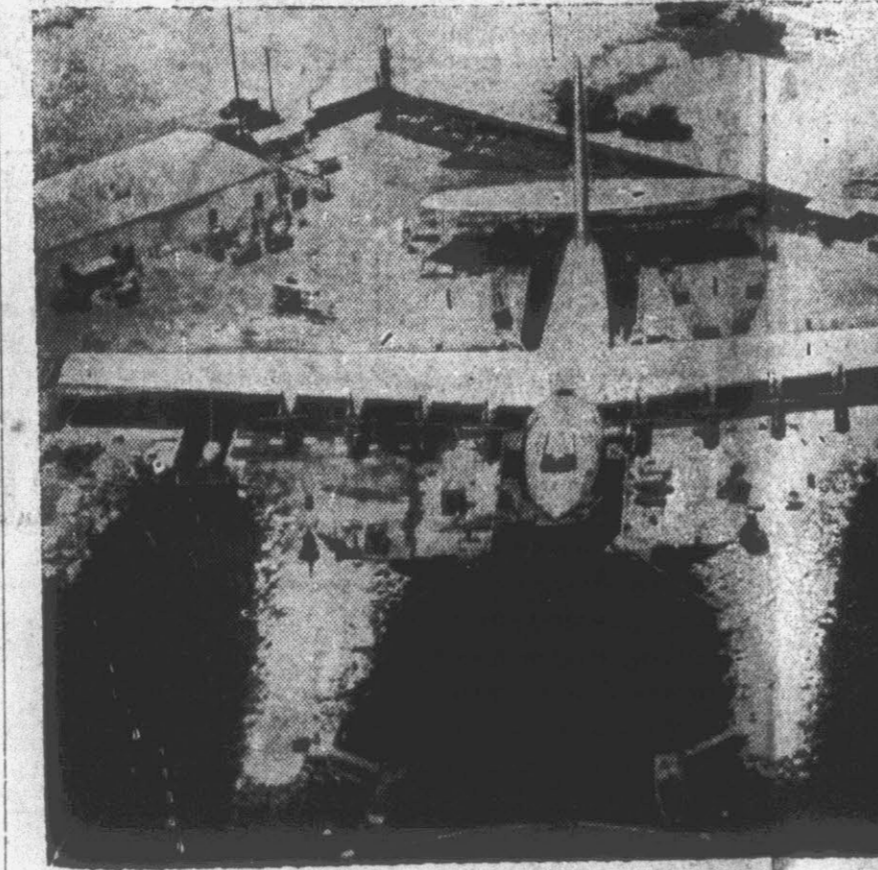

Mrs. Ingalls Told To Pay Fine And \$6,000 To Dora Jones

San Diego, Calif., July 30—(AP)—A federal judge's mercy spared Mrs. Alfred Wesley Ingalls going to prison today but the 62-year-old club-woman must pay \$6,000 to her former Negro maid, Dora Jones, for nearly 40 years enslavement. Sobbing Mrs. Ingalls listened with bowed head yesterday as Judge Jacob Weinberger suspended a three-year prison sentence. "The defendant is no hardened criminal," he said. "She has been subjected to national disgrace because of the publicity and attention given the trial. She is ill. She is past middle age. Further incarceration might lead to serious results and might hasten her death. Together with the cash retribution for Dora Jones, the court dictated other terms as the price of freedom for the defendant who was convicted of forcing her maid into slavery because of an affair nearly 40 years ago with Mrs. Ingalls' first husband, Walter Harman of Washington, D. C. She was fined \$2,500; placed under "rehabilitation" treatment of a physician-psychiatrist; and ordered to avoid any act of retaliation against witnesses in her four-week trial. The court was advised that the \$6,000 settlement was acceptable to the 58-year-old Dora Jones, now living with a brother in St. Louis.

Complete Selection Of Jury For Trial

Lillington, N. C., July 30—(AP)—Selection of a jury was completed today for the second trial of Charlie Phillips, 31, Angier tenant farmer, charged with slaying his wife. The jury, all men, included eight farmers, three textile workers, a businessman and an electrician as an alternate. Two of the jurors are war veterans. Phillips served in the navy during the war.

Howard Hughes' \$40 Million Plane

The giant flying boat at its graving dock in Long Beach, California, has not yet to fly. The ship will be launched late this summer or early fall. It represents the only tangible results of \$40,000,000 invested by the U. S. in 1942 for a fleet of ply-wood air transports and photo-reconnaissance planes for war use. Circumstances surrounding the contract are currently under Senate investigation.

Hughes Charges Inquiry Aimed At Forcing Airlines Merger

Declares Chairman Of Probe Board Offered To Call Off Investigation If TWA United With Pan-American Airways. Washington, July 30—(AP)—Glenn L. Martin said today that Henry J. Kaiser proposed in July, 1942, the formation of a six-company combine to manufacture 500 flying boats "at a good profit" on a government order which Kaiser said he alone could get. Martin, Baltimore aircraft manufacturer, told the Senate War Investigating committee that Kaiser, wartime shipbuilder, approached him with this proposition. It was some time later, Martin said, that Kaiser obtained a government contract jointly with Howard Hughes to build three 400-ton cargo planes. The committee is now holding hearings here in effort to determine what were the circumstances of the award of \$40,000,000 in plane contracts to Kaiser and Hughes. As the hearings were resumed, with Martin in the witness chair, Hughes, Hollywood film producer and airplane designer, issued a statement in California asserting that the investigation is an attempt to "coerce" him into agreeing to a merger of Trans World Airlines with Juan Trippe's Pan American Airways. Hughes has an extensive interest in TWA. Hughes declared that Senator Brewster (R-Maine), chairman of the senate group, once offered to

Ordered Work

Washington, July 30—(AP)—Jesse Jones testified today that the late President Roosevelt ordered that work continue on a \$20,000,000 flying boat ordered during the war from Howard Hughes. Jones, former Secretary of Commerce, said he talked with Mr. Roosevelt following a cabinet meeting in February, 1944, and that the chief executive said he did not believe money already spent on the project should be thrown away. At that time, the government had spent approximately \$13,500,000 on the 200-ton flying boat which has not yet been flown.

RETRIBUTION FOR SLAVERY

Mrs. Ingalls Told To Pay Fine And \$6,000 To Dora Jones. San Diego, Calif., July 30—(AP)—A federal judge's mercy spared Mrs. Alfred Wesley Ingalls going to prison today but the 62-year-old club-woman must pay \$6,000 to her former Negro maid, Dora Jones, for nearly 40 years enslavement. Sobbing Mrs. Ingalls listened with bowed head yesterday as Judge Jacob Weinberger suspended a three-year prison sentence. "The defendant is no hardened criminal," he said. "She has been subjected to national disgrace because of the publicity and attention given the trial. She is ill. She is past middle age. Further incarceration might lead to serious results and might hasten her death. Together with the cash retribution for Dora Jones, the court dictated other terms as the price of freedom for the defendant who was convicted of forcing her maid into slavery because of an affair nearly 40 years ago with Mrs. Ingalls' first husband, Walter Harman of Washington, D. C. She was fined \$2,500; placed under "rehabilitation" treatment of a physician-psychiatrist; and ordered to avoid any act of retaliation against witnesses in her four-week trial. The court was advised that the \$6,000 settlement was acceptable to the 58-year-old Dora Jones, now living with a brother in St. Louis.

Dutch Report Amphibious Attack On North Sumatra

Batavia, Java, July 30—(AP)—The Dutch, engaged since July 29 against the Indonesian Republic, today reported a new amphibious operation aimed near the northern end of Sumatra, big island north-west of Java. A Netherlands army communiqué said Dutch forces had swarmed ashore from landing craft at Lohbichakam, 38 miles southeast of Medan, itself near Sumatra's north coast some 725 miles from the island's northwestern tip. At the same time, the communiqué reported, Dutch forces burst eastward from their Medan positions into a rich agricultural region of Sumatra. Early in the current hostilities, Dutch marines took control of a series of strategic points in east Java through landings on the east and north coast under protection of naval shelling. A dispatch from Soerabaya in east Java today said Dutch troops with American-made tanks and field guns had moved out of Lawang at sunup and officers forecast the capture by nightfall of Malang, interior port town 15 miles south of Lawang. This dispatch said the forces, among them marines trained in the United States, passed through at least three villages destroyed by Indonesian Republicans in line with a "scorched earth" policy, and there were reports Malang would be found in a similar state.

Beauty Shop Blast Kills Ten Women; Rescuers Seeking More In Rubble

Harrisburg, Va., July 30—(AP)—A terrific explosion originating in a one-story combination beauty shop and school snuffed out the lives of 10 women here yesterday, injured at least 10 other persons, shattered glass in a number of business establishments and homes, and kept rescue workers toiling far into the night. The weary rescue men, using power machinery and working in dust and smoke, planned to resume work today in an effort to ascertain if more bodies might be hidden in the ruins of the beauty shop and a jewelry store, which adjoined it. Nine of the women apparently were killed instantly, while Miss Dorothy Gail Bowman, of Mount Jackson, getting a permanent wave as a 20th birthday present from her parents, died of injuries shortly afterward at Rockingham Memorial Hospital. All were nearby residents. The blast was felt as far away as

Family Of Eight Hit By Housing

Cleveland, July 30—(AP)—A family of eight, whose only wish is "to find a place for the kids to live, even if it means splitting up," slept in a gasoline station last night and faced the prospect of spending to-night in a 1936 automobile. This housing problem has been facing Mr. and Mrs. Robert Briggs and their six children since July 9. They said they were evicted on that date from a dwelling which had been sold. "All I'm asking is a place for the kids, even if it means splitting up temporarily," Briggs said. "I'm willing to rent a house for any price I can pay, and I'm willing to pay for the kids' board." Judge Henry A. Grady of New Bern will preside over a one-week civil term of Superior Court here the week beginning August 18. The Craven County jurist will preside over a one-week criminal term beginning August 25.

Judge Grady Will Preside In August

Judge Henry A. Grady of New Bern will preside over a one-week civil term of Superior Court here the week beginning August 18. The Craven County jurist will preside over a one-week criminal term beginning August 25.

EX-PRISONER RE-ARRESTED

Fountain Police Arrest Linwood May For Secret Assault. By CHESTER WALSH. Linwood May, 24-year-old negro farm laborer of the Fountain community, arrested near Fountain Sunday night and charged with secret assault with a shotgun with intent to kill at the home of Martha Ann May and with assaulting with a deadly weapon A. C. Gay, negro, and Herman Davis, white, when they started to get police, was paroled last year after serving a small part of a seven-to-ten-year sentence in State Prison for attempted rape on a feeble-minded negro woman. May was jailed here and then turned over to State Prison officials. (Continued on Page Two)

BILLS SWAMP TRUMAN DESK

President Signing Many Important Last-Minute Measures. Washington, July 30—(AP)—President Truman worked rapidly at his desk today on legislation passed by Congress in its final days before adjournment, signing many bills including important government appropriation measures. Presidential Secretary Charles G. Ross said the President passed on a number of bills before retiring last night and continued signing others today. Besides the legislation, the Chief Executive also must make recess appointments to two members and a general counsel for the National Labor Relations Board. With the three hold-over NLRB members they will undertake administration of the new Taft-Hartley labor legislation August 22. Bills signed into law by Mr. Truman include: \$3,482,529,633 appropriations for the army; \$3,188,822,927 appropriations for independent offices, providing funds for a dozen big federal agencies, including the Veterans Administration and the Atomic Energy Commission; \$613,146,826 appropriations for the Agriculture Department; \$35,400,000 appropriations for a score of miscellaneous government corporations, including the National Housing Agency, the Institute of Inter-American Affairs, and \$18,700,000 for the Tennessee Valley Authority.

U. S. House-Cleaning

Gov't Workers With Communist Inclination Will Be Removed From Positions Through Plan New Being Set Up; How It Will Work; Past Activities. By JAMES MARLOW. Washington, July 30—(AP)—President Truman's plan to rid the government of workers considered disloyal—finally is being set up. It's aimed mainly at Communists and fellow-travelers, those who follow the Communist party line although not Communists themselves. Government officials, in deciding who's disloyal, will have a grave responsibility: not to injure innocent people. Mr. Truman proposed the plan last March and asked Congress for about \$24,000,000 to make it work. It was ignored by the Republican-controlled Congress for months. And one of the top Republicans, Speaker of the House Joseph Martin, said: "The Republicans had promised to do just this kind of job themselves and were going to keep the promise. So in mid-July the House passed a bill of its own, very much like Mr. Truman's plan, to fire disloyal workers. The Senate ignored this."

Warren Silent On Stassen Hope

Sacramento, Calif., July 30—(AP)—Governor Earl Warren, a Presidential possibility himself, remained silent today on Harold Stassen's expressed hope that the California Chief Executive would support his Republican Presidential aspirations in '48. The Minnesota governor and avowed candidate for the Republican presidential nomination, called on Warren at the State House yesterday just as the late Wendell Willkie died in lining up his campaign in 1944. They talked for two hours. Will Veto. Lake Success, July 30—(AP)—Russia served notice today that it would veto Ireland, Portugal and Trans-Jordan again when the United Nations membership applications of those three nations go to a formal vote in the Security Council. The Council test will come in August and the repeated black-balls would boost the Soviet veto total to 14.

U. S. Will Not Drop Balkan Question In Face Of Veto

U.S. Will Not Drop Balkan Question In Face Of Veto. Britain Will Cut Military Program. Commitments In Germany, Italy And Greece To Be Slashed Because Of Looming Economic Crisis; Attlee Wins Confidence. London, July 30—(AP)—A Socialist source said Prime Minister Attlee told Labor legislators today that Britain would slash her military commitments in Germany, Italy and Greece almost immediately because of the nation's looming economic crisis. Attlee won a virtual vote of confidence from Labor members of Parliament after explaining to them the "broad lines" of his plan for meeting the crisis. A bulletin issued after the meeting said the members had expressed "complete satisfaction of the party" with the prime minister's statement and added: "The members assured him of the united support of the Parliamentary Party (the Labor MPs) in all the measures which the government might think it necessary to take." Attlee faced the legislators, many of whom had been critical of his leadership, at a strictly private caucus. Details of the explanation which he made at the caucus were not made public, but the bulletin issued after the meeting said he would explain his plan in the House of Commons next week. Earlier a well-informed source had said that Attlee would call upon Britain's miners to work an extra hour daily to increase the production of critically needed coal—principal prop of the nation's trembling economic structure. The source said Attlee would suggest time and a half pay for the overtime. Later in the day Attlee was scheduled to confer with leaders of the

WORLD SURVEY TAKING SHAPE

Plans For Special House Committee Are Nearly Finished. Washington, July 30—(AP)—Plans for a powerful, Special House Committee for Surveying Global Economic Requirements began taking shape today with emphasis on western Europe's needs high on its agenda. While still in its tentative stage the broad outline appears to be based on the theory that first consideration in any future American aid program must be given the western countries, getting Germany industry back into gear, and perhaps strengthening British finances. This much is clear: 1. The full committee—minus only Rep. Easton (R-N.J.)—will sail from New York August 27 for a five-week on-the-spot survey of conditions in Europe. 2. Base headquarters will be set up in London with a staff of financial experts to coordinate the findings of the various subcommittees and perhaps attempt to measure them against the requirements of the Marshall Plan. 3. One subcommittee of the full group will inspect means of getting greater production from the Ruhr coal mines. 4. Another group will study the British financial position. 5. Still another subcommittee will study Europe's Agriculture problems. 6. Three "area" subcommittees will fan out to make studies of particular areas one to France and the low countries, another to Germany and Austria, and a third to Italy, Trieste and Greece. 7. All members will reassemble in London, pool their findings, then leave about October 4 and start writing a report to Congress aboard ship.

Will Veto

Lake Success, July 30—(AP)—Russia served notice today that it would veto Ireland, Portugal and Trans-Jordan again when the United Nations membership applications of those three nations go to a formal vote in the Security Council. The Council test will come in August and the repeated black-balls would boost the Soviet veto total to 14.

Social and Personal

Mr. and Mrs. R. B. Lee and family have gone to Blowing Rock to spend ten days.

Mr. and Mrs. Lloyd C. Turnage and sons, Lloyd and Vance, of New News, Va., are visiting Mr. and Mrs. R. G. Clark on Jarvis street.

Miss Ruby Paul and Louise Harlow just returned from Hanesport, Ind., where they were the guests of Mr. and Mrs. Bernal Laah. Mrs. LaReau was the former wife of Laelle Daniels of this city.

Mrs. Irma C. Dunn has entered a general hospital for an operation.

Carl Gorch, editor of State Magazine, is in Greenville today.

Junior Choir Rehearsal The junior choir of Emmanuel Church will rehearse Thursday morning at 10 o'clock in the church on Friday morning.

Funeral Greenville Man Dies J. C. Byrum formerly of this city died Tuesday at his home, 264 Carolina Avenue, Suffolk, Va. Mr. Byrum was the father of Elton H. Byrum of Greenville. Funeral services will be held in Happy Home church near Turner, N. C., on Thursday afternoon at 3 o'clock.

Birth Announcement Mr. and Mrs. Clinton P. Foster of Lyden announce the birth of a son on July 28.

Mrs. Foster is the former Miss Georgia Moore, of Ayden.

Miss Tyndall Honored Miss Helen Kemp entertained at a shower at her home last Thursday evening honoring Miss Gladys Tyndall. Upon arrival Miss Tyndall was presented with a corsage of white roses.

The house was decorated with arrangements of dahlias and gladioli. Bridge and rummy were played. Prizes were won in bridge by Mrs. L. Williams and Miss Anne Smith and in rummy by Miss Dorothy Kewels and Mrs. James Briley. The conclusion of the games consisted of Coca Cola cake were served. Miss Tyndall received many lovely and useful gifts from her friends.

Youthful Workers' Club The Youthful Workers' Club held a regular monthly meeting at the Red Oak Community building Thursday night, July 24. After the president called the meeting to order, the group sang "We're Marching to Zion," followed by a benediction, which was closed with the Lord's Prayer. The secretary called the roll and the minutes were approved and read.

A motion was made and carried that the secretary write a note of appreciation and enclose \$2.50 to

Mr. Fenner Allen for the use of his truck on our weiner roast. The report of the cost of the weiner roast was made by Mrs. Bettie Sue Forrest and the total cost was \$11.22. It was moved and seconded that her report be accepted.

The names were then drawn for the committee's next month as follows: Program committee, Brownie Manning, Linwood Heath, Leroy James, Alton Beddard and Louis Holloway; Leroy James was appointed chairman of this committee and Mrs. Wilma James was chosen to help them along; refreshment committee, Dorothy Move, Robert Allen and Elv Forest.

The meeting was then turned over to Mrs. R. R. Tyson, chairman of the program committee. The committee presented a very interesting program, their theme being the Old Testament. After a few games had been played we were served punch and cookies, and then sang our benediction and adjourned to meet again, Thursday night, August 21, 1947—Reported.

Birth Announcement Mr. and Mrs. Roscoe Barnhill announce the birth of a daughter on July 28 in Pitt General hospital.

BUNDY KIWANIS SPEAKER W. J. (Dick) Bundy, Greenville attorney and potentate of Sudan Temple Mystic Shrine, will be the speaker at the Kiwanis Club's supper meeting, Friday evening at 6:30 p. m. Archie Rogers will have charge of the program.

Mr. and Mrs. Edgar Denton Honored Mesdames James Allen, Fenner Allen, Leon Tyson and N. S. Tyson were hostesses at a lovely shower Friday evening honoring Mr. and Mrs. Edgar Denton of Chapel Hill.

Red Oak Club Center was attractively decorated for the occasion with white baskets of pink gladioli, fern, white dahlias and feverfew. The brides table was covered with a white cloth over which a deep plume of lime-colored net was placed. White satin ribbon and little white bows were placed around the top and a large bow of the net and white satin ribbon with a nosegay of white dahlias and fern was placed at the center front.

A beautiful arrangement of white asters, white carnations, feverfew and fern was used on the table. This was flanked on each side with crystal candle holders and white candles tied with lime ribbons and tiny white flowers.

On one end was a white wedding cake nestled in a bed of lime net and white dahlias.

A large punch bowl was placed at the other end of the table. The guests were greeted at the door by Mrs. B. Tyson, who introduced them to the receiving line composed of Mr. and Mrs. Denton, Mrs. Jarvis Tripp, Mrs. Arthur Denton, Mrs. N. S. Tyson, Mrs. James Allen and Mrs. Fenner Allen.

Mrs. Joe Tyson registed the guests. Mrs. Pattie Jenkins and Mrs. Sam Pollard rendered several piano selections.

Mrs. Tyson, assisted by Miss Jenkins, Mrs. L. W. Edwards, Mrs. Elv Forest, Mrs. Hubert Crawford and Mrs. James Allen led the guests in several novelty songs and stunts. "Lime shrub," green and white mints, salted nuts and decorated cakes were served by the hostesses.

Beautiful gifts of silver, china and crystal in their chosen pattern and other lovely gifts were showered on this popular young couple by the large number of people present.

CANDY REFRIGERATOR HERE ORDERED FIVE YEARS AGO Bissette's Drug Stores here and in Wilson gave an order for two combination candy refrigerators and display cases five years ago, and they have "just arrived." Manager Charles B. Bissette said today while exhibiting the innovation in a group of friends in the store on Evans Street, near Five Points. The refrigerator, the only one in the city, is a work of art; it has an electrical refrigerating unit which

SANG "HAPPY BIRTHDAY." Pitt County Sheriff Ruel W. Tyson had a birthday today. To remind him of the event, Phil Goodson, insurance man, circulated in the courthouse offices and in a little while led a procession to the sheriff's office and sang "Happy Birthday" to him.

James M. Moye Will Be Cashier Branch

The Guaranty Bank and Trust Company's new branch on Dickinson avenue at Watauga street, will be opened for business Friday, August 1. James M. Moye, who has been with the main office of the bank about 10 years, will be cashier. William Woolard, Jr., who has been with the Guaranty Bank's Dickinson Avenue branch the past five years, will be assistant cashier.

W. H. Woolard, president of the Guaranty Bank and Trust Company's West End Branch is being opened to provide more convenient service to the bank's customers and friends.

Robert L. Humber Given Ovation

Chief Jim Tanner and Highway Patrol Capt. Lester Jones returned here yesterday from Winston-Salem where they attended the annual meeting of the North Carolina Police Executive Association. Tanner was elected second vice-president. He and Capt. Jones are members of the Executive Committee.

Robert Lee Humber of Greenville the speaker at the banquet at Robert E. Lee Hotel Monday night, was given an ovation at the conclusion of his address on "The History of Policing." The audience arose to applaud the distinguished lawyer and world traveler. Chief Tanner said.

Mt. Pleasant News

The Ladies' Aid Society of Mt. Pleasant Christian Church held its regular meeting Monday, July 14, in Greenville at the home of Mrs. Agnes Settle and Mrs. Fannie Spain.

New officers for the year were elected: President, Mrs. Dorothy Bolin; vice president, Mrs. J. L. Harris; secretary, Mrs. A. C. Boland, Jr.; treasurer, Mrs. Andrew Rose; reporter, Pattie Jenkins. Mrs. Agnes Settle, Mrs. Clifton Bullock and Pattie Jenkins were appointed as advisors.

Mrs. Clifton Bullock and Mrs. Nina Vainright will be hostesses for the August meeting to be held in the community building.

A social hour followed the business meeting and refreshments were served by the hostess, Mrs. Agnes Settle, Mrs. Hugh Briley and Mrs. Fannie Spain.

There were 23 members present. The Adult Bible class met at the home of Mr. and Mrs. W. L. Mayo Monday night, July 7.

A committee was appointed to make plans for the addition of new Sunday school classrooms. W. L. Mayo, Rufus Mayo, Andrew Ross and C. H. Hagan are on the committee.

Several games conducted by Mattie Harris Mayo were played and refreshments served.

There were 25 members and five visitors present.

The next meeting will be held at Belpoit at the home of Mr. and Mrs. Clifton Bullock.

The choir of Mt. Pleasant Christian Church participated in the community sing held at Red Oak

Christian Church Sunday afternoon, July 20. The next sing will be at Mt. Pleasant Church the fifth Sunday in August.

Sunday, August 3, will be homecoming day at Mt. Pleasant Christian Church. After services dinner will be served on the church lawn.

Mrs. Lula H. Boyd Died This Morning

Mrs. Lula Hodges Boyd, 67, wife of Alonza D. Boyd, died at her home, 310 East 13th street, at 10 a. m. today, following several months' illness. Funeral services will be conducted at the Free Will Baptist church in Greenville Friday at 3 p. m. by the pastor, Rev. C. L. Patrick, assisted by Rev. J. C. Moye, Free Will Baptist minister of Snow Hill. Burial will be in Greenwood cemetery.

Mrs. Boyd was born in Beaufort county and spent most of her early life in the Grimesland community. She was married in 1902 and had lived in Greenville since Mr. Boyd began working for ECTC in 1911. She was a member of the Free Will Baptist church in Greenville.

Surviving are her husband, four daughters, Mrs. R. P. Gurganus of near Greenville, Mrs. A. H. Jackson of near Wilson, Mrs. Ruth Boyd of Jacksonville, Fla., and Mrs. L. W. Perkins of Greenville; two sons, Ivey B. Boyd of Wilmington and Jesse R. Boyd of Greenville; 10 grandchildren; two sisters, Mrs. Frank Taylor of Greenville and Mrs. Carrie Harris of near Greenville; six brothers, Oscar Hodges of Greenville, J. J. Hodges of Elizabeth City, Robert Hodges of Baltimore, Md., Allie Hodges of Asheville, and John and Prate Hodges of Washington.

for violating his parole. Police Chief Oscar Bryant of Fountain said May went to Martha Ann May's home Sunday night and fired a blast from a shotgun through a window. Some of the shot struck the woman about the face and body. Shot also struck a small boy about the face and body; another boy on an arm, and a little girl about the face and body. One shot seriously wounding her in an eye. The chief said when Gav and Davis started in Gav's car to get an officer, May tried to intercept them and that when their car failed to stop May fired a blast at it but missed. Dr. E. B. Beasley of Fountain treated the wounded woman and three children.

May will be tried before Judge Henry A. Grady of New Bern in Superior court here the week of August 25.

Another paroled prisoner is to be tried at this term of court for arson and murder. Booker T. Anderson, negro, is charged with setting fire to a negro dwelling here last May 15 and causing the death of a mother and two children. Anderson, serving a long term for murdering his brother on Christmas Day, 1937, was paroled nearly two years ago. His parole was revoked and he was taken back to State Prison. He will be tried here in August.

country to see me, and spend two days closeted in secret conference with me at Palm Springs, Calif., or did he not?

"And when you returned from Europe thereafter, did Juan Trippe tell you to hold up and not push this investigation for a while, as he and I were still trying to get together, or did he not?"

Shown Hughes' statement, Brewster commented that he did not intend to "engage in running controversy" with Hughes.

In reply to a question from Ferguson, Martin said it appeared that Kaiser thought he could change the entire military program approved by the Army and Navy.

Kaiser contended before the committee yesterday that the aircraft manufacturers opposed his wartime move to enter their field.

Kaiser and Hughes first contracted to build a flying boat in about 12 months.

House-Cleaning . . .

(Continued from Page One)

public and probably won't. This list will be a guiding star in deciding who should be considered for disloyalty. Membership in those organizations will tag a man for firing.

Each government agency will set up its own loyalty board. It will consider the cases of workers suspected of disloyalty.

If this board thinks a man should be fired for disloyalty, he can appeal to a still higher board, set up in the Civil Service Commission.

That's the court of final appeal. Accused employees can bring witnesses and their own lawyers along at each step of the hearings.

In making a check, each agency can call on any government investigative agency, like the FBI or Military Intelligence, for information.

Mr. Truman said those investigative agencies can keep secret the names of "confidential informants."

In addition, the various government agencies will check on people looking for government jobs.

And all government agencies must furnish the FBI a list of their present employes, about 2,100,000, for checking with FBI files.

Since the plan couldn't be started until Congress voted money for it, it is just getting under way now. It will take time to get in motion.

This doesn't mean that, in the meantime, government agencies haven't been checking on disloyalty.

In the past year, in one way or another, the government agencies have been making checks of their own.

A total of no less than 233 government workers have been fired for disloyalty or as "bad risks."

Another 29 people, looking for government jobs, have been turned down on grounds of disloyalty.

And another 18 government workers, whose loyalty was in question,

have resigned.

(Of the 233 fired, 190 were fired by the Army in one Army area alone. The Army didn't release figures for its other three areas in

this country.

(But it guessed the firings in those would be about the same. If so, that would bring the total firings up to around the 300 mark).

# Soil Conservation District Is Assisting Farmers Of County

## Pitt's Soil And Water Conservation Problems Are Getting Technical Advice And Assistance From Experts; Many Farmers Benefiting From Planned Conservation

Since the Coastal Plain Soil Conservation District started operation in July, 1942, it has assisted farmers in Pitt County, in making complete soil and water conservation plans on 272 farms, totaling 28,407 acres. Each of the individual farm plans includes:

- (1) A Soils Map. (This map shows the different soil types on the farm the amount of erosion that has already taken place, the slope of the land and the land use.) This soils map is used as a basis to help the farmer make good conservation farm plan; it helps in deciding the best land use for different sections of the farm and in deciding the type of soil conservation practices needed to conserve, build up and maintain the productivity of the soils.
- (2) Land Use Map. (This map divides the farm into fields with each field numbered. In each field the land use is shown as well as the conservation practices planned for the field.) The land use map is used to locate the exact place where the planned conservation practices are to be established.
- (3) Write-up of the Conservation Practices Planned for the Farm. This write-up gives the field number for each practice planned, the amount of each practice planned, a clear explanation of the different practices that are planned, and what the District will do to help the farmer get the planned practices established.
- (4) Summary Sheet. This sheet shows the land use before and after planned, the kind and amount of crops before and after planned and kind and amount of livestock before and after planned.

Some of the conservation practices planned on these 272 farms are:

Terracing and contour tillage, 1,452 acres; permanent pasture improvement, 1,002 acres; farm drainage (mostly tile), 5,084 acres; crop rotations, 11,254 acres; woodland improvement, 10,812 acres; perennial crops (kudzu, sericea and alfalfa), 342 acres; firebreaks, 39 miles; tree planting, 79 acres; fish

ponds, 2; wildlife areas, 94 acres. Besides these practices planned on individual farms, there have been 32 group drainage jobs planned, benefitting 578 farms and benefitting 29,822 acres.

The District has furnished in Pitt County technical assistance to stake off 26 miles of terraces; it has shown the farmers how to construct and maintain these terraces and how to run their rows with them.

On the 3,103 acres of farm drainage in this county that have been established, the District has furnished technical assistance to stake off and get the proper grade line and show the farmer how to properly install the tile so that satisfactory drainage is assured.

On the 20 group drainage jobs that have been completed in this county, the District has furnished technical assistance to stake off the right-of-way for clearing (65 acres), stake off canal and laterals (29 miles) for construction, and supervising and checking the excavation of 294,971 cubic yards of earth.

The District has furnished technical instruction for the establishment of 108 acres perennials, has furnished the planting stock for 66 acres of kudzu for hay and grazing, and 2 acres of perennials planted for wildlife.

The District has furnished the trees and instructions for reforestation of 27 acres, has furnished technical instruction for woodland improvement on 8,200 acres, and has furnished technical assistance in staking off 11 miles of fire lanes.

Listed below are a few of the farmers in Pitt County, and the conservation practices that they have established during the last six months, with the technical assistance of the Coastal Plain Soil Conservation District:

Monk Bros.: 31,000 feet tile; one mile dynamited canal; 1,425 feet of terraces, with contour tillage. John Flanagan: 5,235 feet terraces, with contour tillage; 2 meadow strips, and 3 acres pasture.

Howard Raspberry: 14,992 feet canals with dragline. W. I. Bissette: Reconstructed 10,090 feet farm ditches and established 6 acres of pasture.

Elbert Holmes: 12,235 feet tile and 6 acres pasture. L. B. Johnson: 6,857 feet tile. John King: 4,194 feet terraces, with contour tillage.

Mrs. Vina Simmons: 1,125 feet terraces, with string method contour tillage. Sutton Bros.: 6,541 feet farm canal with dragline.

Alton Gardner: 4,922 feet farm drain ditches. Jack Jones: 4,500 feet farm ditches with dragline.

Bill Jefferson: 2,000 feet terraces, with contour tillage. (The Coastal Plain Soil Conservation District includes Pitt, Martin, Edgecombe, and Greene Counties.

The District supervisors are: Mr. M. O. Speight of Pitt County, Mr. C. U. Rogers of Martin County, Messrs. W. W. Eagles and G. E. Goff of Edgecombe County, and Mr. A. C. Edwards of Greene County. The Soil Conservation Service furnishes technical men to help the district supervisors to carry on the Soil Conservation Program.

In Pitt County the technical men are W. C. Eagles, Conservationist, and Messrs. O. S. Joyner and E. L. Bland, conservation aides.

## Greenville Man Urges Support Of New Hospital

By STUART CARR

The need for greater hospital facilities within Pitt County has been present for many years. Even after the building of Pitt General Hospital in 1924 the population has not been afforded anything like adequate medical care. The county has consistently grown for the past 25 years and today Pitt, the largest county in Eastern North Carolina, is by far the most backward regarding available hospital treatment.

While Pitt General Hospital has done an outstanding job in taking care of a tremendous volume of patients, nevertheless, it is a plain fact that the facilities are nowhere near those needed to accommodate this county. Every day people are obliged to seek hospitalization elsewhere because the local unit is full and overflowing. Free patient care for the indigent sick of the county falls far short of what is our moral obligation to the less fortunate ones who cannot pay.

We in Pitt County have a wonderful opportunity to get a new hospital. The federal government and state of North Carolina together are willing to give the county \$548,000 toward the cost of a new \$900,000 hospital. Such an opportunity should not pass our hands; nor without profound enthusiasm on the part of our citizens. A special election is to be held on September 16th to decide if the county shall issue bonds for her \$351,000 share of the new hospital construction program.

Registration books are open August 16th through September 6th and every person who can possibly reach the polls to register, and later vote, should feel it his duty to support this worthy cause.

The United States Public Health Service recommends four hospital beds per thousand population, whereas Pitt County has 52 beds for 61,000 people, which is less than one per thousand. In comparison with adjoining counties the population and number of beds reads as follows: Wilson, 45,713-168 beds; Lenoir, 38,356-111 beds; Edgecombe, 43,009-63 beds; Craven, 35,669-125 beds; Beaufort, 31,312-85 beds. It may be seen that Pitt County is not only far short of hospital beds but for 61,000 people, which is less than neighbors and dangerously below minimum health standards. If our people rally to the support of the bond issue we will have in the new hospital 140 beds and a much healthier population.

Recruits Enlist In New Battery For Greenville

By CHESTER WALSH

The new N. C. National Guard unit being organized here is continuing to enlist recruits. 1st Sgt. Sherman Parks reported today. The outfit has been designated as Battery C, 680th Field Artillery. Capt. James B. Tyndall is the commanding officer. 1st Lt. Clay Burnette is executive officer. They are World War II veterans. Thirteen men from various parts of Pitt county have enlisted, most of them with previous military experience. The battery must have 20 men enlisted before the Federal government will recognize it. The final quota will be 85 enlisted men and four officers, it is understood. Sergeant Parks said today members of the battery will be paid from \$2.50 to \$5.50 for each drill. Drills will be held weekly. At annual summer encampments the officers and men will receive regular army pay. Special recreation features will be provided for the men at the armory. Capt. Tyndall, Lt. Burnette and Sgt. Parks will be at the armory each night, Monday through Friday, to give information and enlist new members. They also will be there Saturday afternoons.

## Veterans' Service Officer Advises Holding Leave Bonds Until Maturity

The County Veterans Service Officer, Arthur B. Corey, advises that the President signed the bill permitting veterans of World War II to cash their terminal leave bonds beginning September 1, 1947. It is not compulsory that veterans cash their bonds, but they may if they wish. However, the Service Officer advises and urges all veterans who do not really need to cash their bonds to hold them until maturity as they bear 2 1/2 per cent interest, and might and could be of great help at a later date. This is particularly true in connection with the buying or building of homes by veterans, when it is taken into consideration that a veteran has ten years from the time he was discharged or from July 26, 1947 whichever is the later, to make application for a GI or home loan, at which time his terminal leave bond cash would be very helpful.

The Service Officer also advises that an extension of time until January 1, 1948 has been given to veterans of World War II in which to restate their government insurance. And it is urged that all service men avail themselves of this most excellent protection. This reinstatement can be had, without examination, upon payment of two monthly premiums.

Veterans are also advised that Congress did not pass a measure boosting by 15 per cent subsistence allowances for veterans attending school, and neither did it pass the bill increasing salary ceilings for on-the-job training.

## Speight Farms To Demonstrate Tobacco, Corn

A demonstration of hybrid corn production and disease-resistant varieties of tobacco will be demonstrated on the Speight Seed Farms near Winterville tomorrow.

At 2 o'clock, Sam C. Winchester, Pitt county farm agent, announced today. Farmers are invited to attend the demonstration. Hybrid corn in the field and in the processing plant will be demonstrated. Different varieties of tobacco which resist Black Shank disease and Granville Wilt will be shown growing in the same field.

The Speights have had unusual success growing hybrid corn and disease-resistant varieties of tobacco.

## Australia To Put Indonesian Case Before UN

Canberra, July 30—(AP)—Prime Minister J. B. Chifley announced today that Australia had directed her representative in the United Nations Security Council to draw the council's attention to the Indonesian situation under article 39 of the U. N. charter.

Article 39 provides that the Security Council "shall determine the existence of any threat to the peace, breach of peace or act of aggression, and shall make recommendations or shall take such measures as shall be taken to maintain or restore international peace and security." The interim government of India at New Delhi appealed to the Council to intervene in the fighting and bring it to an end as a menace to the peace of the world.

## Tobacco Crop Is "Fair To Good"

Raleigh, N. C., July 30—(AP)—North Carolina's tobacco crop as a whole is in "fair" to "good" condition, and the cotton crop has made rapid progress recently, the Federal-State Crop Reporting Service reported today.

Weather conditions last week were favorable for boll weevils and heavy infestation was reported in some areas of the state. Harvest of the flue-cured tobacco crop is well advanced in the east and is getting underway in the Piedmont, the report said.

## BIRDS SPOILED RAISING HOGS

Walla Walla, Wash., July 30—(AP)—A flock of seagulls, making hogs of themselves, have contributed to driving farmer Carl Nelson temporarily out of the hog-raising business.

The gulls, estimated by Nelson at from 1,000 to 2,000 in number and protected by law, invaded his hog lot two months ago.

At first Nelson did not object to their presence but shortly they became so bold, he said, that they would crowd the hogs away from the feed troughs by sheer force of numbers.

"A sack of shorts would last only about five minutes," the hog feeder said.

Various attempts were made to scare the birds away but nothing worked. Nelson resorted to firecrackers, thinking the noise might scare the visitors away, but "they seemed to get a degree of entertainment from the flashes."

The latest effort has been to sell the hogs and shut off the water that formerly flowed through the feed lot.

However, some of the birds have persisted in hanging around and Nelson is thinking of appealing to the county commissioners to abate the nuisance.

"If the bird lovers want the seagulls to stay around here someone's going to have to buy my land. I can't afford to feed them," he said.

## Hollywood Stars Featured In Leftist Probe

Washington, July 30—(AP)—The investigation of communism in Hollywood, scheduled by the House Committee on Un-American Activities to begin Sept. 23, got advance billing today as stupendous and colossal.

Almost, that is.

Most of the names and to produce witnesses who will testify they have seen some persons prominent in Hollywood at Communist meetings and who will report what they said."

"It will be sensational," Rep. Nixon (R-Calif.) predicted.

A member of the committee, Nixon told reporters:

"We intend to name names and to produce witnesses who will testify they have seen some persons prominent in Hollywood at Communist meetings and who will report what they said."

"It will be sensational," Rep. Nixon (R-Calif.) predicted.

## Corp. John Laws Places In Pistol Shooting Match

Winston-Salem, N. C., July 30—(AP)—The State Highway Patrol won almost all honors in the pistol shooting matches yesterday at the convention of the North Carolina Police Executives Association, their five-man team placing first and members of the team taking the first three places in individual firing.

The four teams entered finished in this order:

State Highway Patrol, 1270 of a possible 1,500; Durham, 1214; Winston-Salem, 1212 and Asheville 1199.

Highway Patrolman G. C. Langston of Vanceboro won individual honors, with 266 of a possible 300. Firing was over a 25-yard course with a .38 caliber revolver, 10 rounds each of slow, rapid and timed shooting.

Corp. John Laws of Greenville was second with 265 and Sgt. S. L. Willard of Burlington had 264. Policeman H. W. Cox of Winston-Salem was fourth with 262.

Corp. John Laws of Greenville was second with 265 and Sgt. S. L. Willard of Burlington had 264. Policeman H. W. Cox of Winston-Salem was fourth with 262.

The four teams entered finished in this order:

State Highway Patrol, 1270 of a possible 1,500; Durham, 1214; Winston-Salem, 1212 and Asheville 1199.

Highway Patrolman G. C. Langston of Vanceboro won individual honors, with 266 of a possible 300. Firing was over a 25-yard course with a .38 caliber revolver, 10 rounds each of slow, rapid and timed shooting.

## HAIL IN WASHINGTON

Washington, N. C., July 30—(AP)—Beaufort County farmers today were checking estimates on damages of a short-lived hail storm which struck this area Monday. Some crops were described as a complete loss. Biggest damage was reported near Chocowinity and in the Big Swamp areas.

## A Statement To Our Customers About Resale

## PRICES of PRODUCTS

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt at their retail prices.

\$20,000,000 Price Reduction  
Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately \$20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers. The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak  
Inflated prices are caused by

the difference between supply and demand. To increase supply, we now have the greatest number of employees in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

Distribution to Dealers  
But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions en-

danger the good will of both the dealer and the Company in any community.

Distribution to Customers  
Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

What Price Should You Pay?  
While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

## Strength FOR THE DAY

**HOLLYWOOD AND MORALS**  
The recent trend of Hollywood toward themes which many consider too suggestive has led to considerable criticisms of the moral standards of the film industry. But actually it is not Hollywood that deserves the criticism so much as it is the mass of American people who pay their money to see these films.

The film producers have no desire either to undermine or foster morals they only want to make money. Because of the tremendous overhead production costs, movies must sell to a almost universal audience. They are not to be financial failures. Therefore the producer adapts his material so that it will offend as few people as possible. During the 1920's when films went the limit, producers found that box office receipts were dropping, so they decided to clean up their shows. But the decision was based on financial not moral reasons. Elaborate public opinion tests were then devised to keep producers informed as to what the people wanted in their movies.

Therefore, when today movies are again degenerating, it seems to indicate that the American people even more than Hollywood, want looseness in movie standards. We can be sure that the producers would not turn out this variety of picture unless they anticipate a wide market for them.

The place to clean up Hollywood primarily, therefore, is not in Hollywood but on Main Street.

### REACHING FOR STARS

To say that we are "only human," and "to err, is human," does not negate the finer qualities which are demonstrated from time to time by mankind.

There are reaches of human nature which approach godliness in magnanimity, and these are occasionally seen in great moments of trial or when men earnestly yearn and strive for great ideals.

These glimpses of our better nature may more often be observed among individuals, but there have been these great moments among large numbers of peoples.

One such example of mankind's highest potential for good is the Preamble to the United Nation's Charter. If the lofty ideals and pledges which were approved had been lived up to by the signatories — keeping to the spirit of the charter as well as living within the written word — this world of ours would be transformed from a sphere of hate, fear and suspicion to a veritable paradise.

We, the people of the United Nations, determined to save succeeding generations from the scourge of war, which twice in our lifetime has brought untold sorrow to mankind, and

To reaffirm faith in fundamental human rights, in the dignity and worth of the human person, in the equal right of men and women and of nations large and small, and

To establish conditions under which justice and respect for the obligations arising from treaties and other sources of international law can be maintained, and

To promote social progress and better standards of life in larger freedom, and for these ends

To practice tolerance and live together in peace with one another as good neighbors, and

To insure, by the acceptance of principles and the institution of methods that armed force shall not be used, save in the common interest, and

To employ international machinery for the promotion of the economic and social advancement of all people, have resolved to combine our efforts to accomplish these aims. x x x x

The dream and the intention

## Too Many Dishes Spoil The Cook

tion of such a world was in the mind of all peoples when the UN Charter was written, but the moment of greatness swiftly passed and the long wished-for One World has reverted to a hope for the distant future.

## WASHINGTON LETTER

Washington — Stilled by war, international school bells are ringing again.

The largest interchange of teachers and students in history will begin this month between Europe and the United States.

Reconditioned troop ships will carry some 7,000 from the United States. Europeans will be brought back on the westbound trips of tankers—the Marine Juniper and the Marine Tiger. An indefinite number are being selected by U. S. embassies and missions abroad.

The program was arranged by the Division of International Exchange of Persons of the State Department's Office of International Information and Cultural Affairs.

The State Department says there will be no expense to the taxpayer. Students and teachers will pay their own expenses. The Institute of International, a private organization in New York, is footing the administrative cost.

Each of the two vessels can carry 925 passengers and will make four round-trip voyages during the summer.

The exchange of teachers represents some 25 different organizations and come from all parts of the country. Many of the groups include ex-servicemen who are studying under the GI Bill of Rights.

The program includes special summer seminars, field studies and world conferences, including a number of international scientific conferences such as The International

Congress of Microbiologists and the Fifth International Congress of Pediatrics.

Other groups include students and teachers sponsored by the American Friends Service, the University of Minnesota Summer Project, the Harvard Student Council, the Fountainebleau School, the Yale Department of Education, the Girl Scouts and the World Federation of Education Associations.

Attending seminars in England, France, Denmark and Switzerland this summer will be about 450 teachers, members of the World Federation of Education Associations.

The Youth Hostels Organization is sending about 250 members to Belgium, the Netherlands, France and England to help rebuild postwar destroyed during the war.

Later in the summer a large group will attend the World Conference of Christian Youth at Oslo, Norway. Otto L. Mohr, rector of the summer school of the University at Oslo in correspondence regarding the plan wrote:

"Norway is already profoundly indebted to the educational institutions of the United States for reception of many of its students and we look forward with anticipation to the time when we can fulfill our share in the work of student exchange. Our summer school is a step in that direction.

Vivian Mills and Pauline Bush of the Winterville 4-H club were declared the winners in the state team demonstration contest. Durham county won second place and Pender County third.

Delegation assemblies, class periods, dress revue and team demonstration contests, recreation and the election of state officers rounded out the week long event.

State committee officers elected for 1947-48 were: Rufus Kelly, Anson county, president; Susie Moore, Bladen county, secretary; Gwendolyn Harris, Franklin county, treasurer, and Annie Shaw, Gates county, historian.

Persons who appeared on the program as guest speakers included Dr. Elin Winston, Commissioner State Board of Public Welfare, Mr. Aaron Day, assistant secretary North Carolina Mutual Life Insurance Company, Dr. Frank P. Graham, president, University of North Carolina, and Dr. L. G. Green, president of North Carolina Good Health Association. The Rev. Morris Tynes and Rev. Cleo McCoy conducted the daily vesper services.

The meeting which was planned to provide information, inspiration and recreation to the delegation attending was enjoyed by everyone—Louis M. Clay, Negro Assistant Home Agent.

Geologic timetables usually are based on millions of years.

### PUBLICATION OF SUMMONS

North Carolina  
Pitt County

In The Superior Court  
Willie Mae Staton

vs.  
Joseph Staton  
The defendant, Joseph Staton will hereby take notice that a Civil Action has been instituted in the Superior Court of Pitt County, North Carolina, by the plaintiff, Willie Mae Staton for the purpose of obtaining an absolute divorce on the grounds of two years separation and the defendant, Joseph Staton, will further take notice that he is required to appear before the Clerk of the Superior Court at his office in the Court House in the City of Greenville, N. C., or before the 15th day of July 1947, and either answer or demur to the Complaint which has been filed in said office or the relief therein demanded will be granted.

Haddock, notice is hereby given to all persons indebted to said estate to make immediate payment to the undersigned Administrator, and all persons holding claims against said estate are hereby directed to file their claims itemized and duly verified with the undersigned Administrator within twelve months from the date hereof, or this notice will be pleaded in bar of recovery of said claims.  
This the 30th day of July, 1947.  
WOODROW HADDOCK, Administrator of the estate of Annie J. Haddock.  
July 30-11w-6wks.

Take a Vacation from Clutch Pushing—

The open road is calling... vacation time is here! And lucky is the family that sets out from home in an Oldsmobile with GM Hydra-Matic Drive. For here is a car whose smooth lines and smart styling fit right into that carefree vacation spirit. A car whose gentle coil spring ride means comfort every mile. A car that lets the driver take it easy from the start and enjoy the trip as much as his passengers!

Hydra-Matic Drive gets the credit for that. This fully proved, fully automatic drive provides a real vacation—a permanent vacation—from all gear shifting and clutch pushing. In the city or on the highway, Hydra-Matic Drive keeps you always in the right gear... automatically. And Hydra-Matic Drive makes every mile of your trip safer, more economical, and infinitely more enjoyable.

Oldsmobile is the lowest-priced car with GM Hydra-Matic Drive—one big reason why "It's SMART to Own an Olds!"

**Tired Kidneys**  
Often Bring  
Sleepless Nights

Doctors say your kidneys contain 16 miles  
of tiny tubes or filters which help to purify the  
blood and keep you healthy. When they get  
tired and don't work right in the daytime,  
many people have to get up nights. Frequent  
or constant urination with smarting and burning  
sometimes shows there is something wrong  
with your kidneys or bladder. Don't neglect  
this condition and lose valuable, restful sleep.  
When disorder of kidney function permits  
poisons to build up in your blood, it  
may also cause nagging headache, rheumatic  
joint, leg pains, loss of pep and energy,  
swelling, puffiness under the eyes, backaches  
and dizziness.  
Don't wait! Ask your druggist for Doan's  
Pills, a stimulant diuretic, used successfully  
by millions for over 40 years. Doan's Pills  
help you feel better and will help the 16 miles  
of tiny tubes flush out poisonous waste from  
your blood. Get Doan's Pills.

# 'Flatbush Faithful' Are Sure Of World Series

## Brooklynites Certain Bums Will Play In October Classic As Cards Fall 4-0; Giants Nip Cincinnati 2-1

By JOE REICHLER

Associated Press Sports Writer Flatbush faithful today were exhibiting haste to order World Series tickets, with hardly a soul in Brooklyn holding any doubt over the Dodgers' participation in the October classic.

They had plenty to support their contention. For last night the Brooks, behind the superb pitching of Rookie Harry Taylor, whipped the St. Louis Cardinals chief threat to their pennant hopes, 4-0.

Yesterday's victory increased the Dodgers' National League lead over the runner-up Redbirds to eight full games and stretched their current victory string to 11 straight, the highest streak in the league this season.

The New York Giants remained in third place, nine games behind first, when they nipped the Cincinnati Reds 2-1 in a night game at Cincinnati. Will Marshall's 26th home run proved to be the deciding run.

Held to two hits for six innings, the Chicago Cubs broke loose with a five-run attack in the seventh to defeat Philadelphia 5-4 for their 13th success in 14 games with the Phils.

Ernie Bonham won his ninth game against three defeats as he pitched the Pittsburgh Pirates to a 6-5 victory over the fourth place Boston Braves in a night game at Pittsburgh. A four-run third inning against Bill Voiselle sewed up the victory. Third Baseman Frank Gusline of the Pirates made four hits in five times at bat to extend his consecutive hitting streak to 21 games.

The Boston Red Sox dropped 10 1-2 games behind the idle American League leading New York Yankees by losing a 5-1 decision to Bobby Feller and the Indians in Boston. Feller gained credit for his 13th win but needed help from relief Ace Ed Klemm in the ninth.

Philadelphia's four place Athletics outscored the Chicago White Sox 5-2 in a night game at Philadelphia. Hank Majeski, A's third baseman, was beamed by a pitched ball by Earl Harrist in the fourth inning

## Best Dog In The Show

Dick Stokes III, president of the Greenville Kennel Club, presenting the trophy to Claudius P. Jones of Durham for having the best dog in the general class at the recent Dog Show at the Armory in Greenville, sponsored by the Greenville Kennel Club. Jones' dog, 10-month-old American Ascob Cocker Spaniel, Park's Golden Emperor, easily won the trophy. In the background is Mrs. Charles H. Evans of Bowshire Kennels, Pine Castle, Fla., one of the judges. The show was held under the auspices of the Greenville Junior Chamber of Commerce. Dogs were exhibited here from North and South Carolina, Georgia and Virginia.

and was carried from the field on a stretcher. The extent of the injury has not yet been determined. The St. Louis Browns walloped the Senators 8-2 in a night game in Washington.

## Lesnevich and Tami Mauriello Clash Tonight

Brooklyn, July 30—(AP)—Gus Lesnevich, the light heavyweight champion who seems to improve with age, and Tami Mauriello, the cut down bear barrel from the Bronx, clash tonight in a non-title ten-rounder at Ebbets Field with charity a certain winner and with the victor facing a possible quickie with Joe Louis later on in the year.

Mauriello, having trimmed himself down to 197 pounds, has been installed a five-to-seven favorite against the stolid, former carpenter's mate from Cliffside Park, N.J. The Bronx barkeep needs a decisive victory tonight if he still harbors any hopes of meeting Louis again. Mauriello was stopped by cuts against one Johnny Shkor in Boston and didn't look too hot against Jimmy Carollo in his last match.

In two previous tilts with Lesnevich back in 1941—both for the 175-pound diadem—Tami lost on points both times.

Gus, who will tip the scales at about 180 even, stopped Billy Fox's long knockout streak by flattening the young Philadelphian, and blacked out Meho Bettina in less than a

minute in his last two outings. Off those showings, Lesnevich figures to be a good bet to make it three sets and match over the melted down Mauriello.

**DIAMOND DUST**  
By BERT MOYE

With the game with Wilson rained out here last night, six double-headers are now booked for Greensboro between now and the end of the current season. Of this number five of them will be played at the local diamond. The first in the series of double headers will be played Friday night here when the Rocky Mount Leafs play here. On the following night, Saturday the Greensboro go to Tarboro to play a twin bill. On Monday, August

## Grasping . . .

(Continued From Page One)

a two-to-one vote of confidence in which Communist members dissented. Since then the Communists have been outside the government.

It's clear that this split was the result of Communist refusal to collaborate. My source now tells me that the crisis was deliberately precipitated under orders from Moscow, and the strategy was this: It had just become apparent that the Russian wheat crop this year would be excellent, barring unfore-

seen contingencies. Possession of this breadstuff would provide a mighty bargaining weapon on a continent which, in many places, was hard pressed for food. France for almost the first time in her history was short of bread.

Well, with that set-up the French Communists were to undertake a program of harassing the government. An important phase of the campaign would be the causing of labor troubles, the Reds being powerful in important trade unions. This would add further to the economic chaos of the nation. When autumn approached, and the gov-

ernment was beside itself with tribulations, ship loads of Russian wheat would be offered to the distressed country and the time would be ripe for the French Communist party to zoom into power on the gratitude of the populace and the weakness of the government.

There is one more item to be added. Last Sunday a communique was issued in Moscow giving the first authoritatively published news that the Soviet wheat crop is indeed excellent. There is grain for export.

The largest meteorite ever found weighs 36 1-2 tons.

President Ray H. Goodmon of Williamson has sent out a call to all the directors in the league regarding a meeting of directors to be held here at the City Hall on Friday afternoon at two o'clock. Matters pertaining to the league will be discussed and will include player's suspensions and the adding of new men to the clubs as the season draws to a close.

Last week it was stated that Verne Blackwell, the Leafs outfielder, had been released and would go to another club. Although Blackwell is on the released list, he is very much in the picture of the Rocky Mount club. He can be put back into action at any date, although it would require taking one class man from the lineup.

The grandstand at Kafer Park in New Bern, the home of the bears has had a brand new top put on it and looks very good. This leaves the grandstand at the Tarboro park the only one in the league at the present time without a top.

Question for today: In a game played in the state recently, a player on third broke for the plate as the pitcher was in his windup and slid across before the ball reached the batter. On the pitch the latter swung, connected and was tossed out at first base. Does the run count?

Answer: According to J. Taylor Spink, Sporting News Editor, the run is void. Says Spink, "the run was scored on the third out or which the batter was retired at first base. The play began when the pitcher took his position on the mound and started his windup or preliminary stretch."

An ingenious baseball device scientifically determine balls and strikes and, consequently, eliminates actual and suspected errors in judgement by the umpire. It consists of a vertical beam and a horizontal beam of invisible light which cross each other and form an area in front of the plate that, when pierced by the ball, causes the indicator to register a strike.

## Ten North State Cage Tilts For ECTC Quintet

A basketball schedule of ten games has been arranged for East Carolina Teachers College for this winter with teams of the North State Conference, according to an announcement by Coach James Johnson and Howard Porter.

The schedule is as follows: January 17, Atlantic Christian, here; January 24, Elon, Elon; January 26, Appalachian, here; January 31, Atlantic Christian, Wilson; February 6, Lenoir-Rhyne, here; February 9 and 10, Western Carolina, Cullowhee; February 11, Lenoir-Rhyne, Hickory; February 12, Appalachian, Boone; February 19, Elon, here.

Several non-conference games will be scheduled and announced later.

NEWS OF THE WORLD

If your husband did the ironing just once... he'd buy a THOR Gladiron tomorrow!

You'd never catch a man bending over a hot, steaming ironing board until his back ached—not while there was a Gladiron in the world to make ironing easy! And why should he—and why should you—once you can get a Gladiron that stands while you sit—takes all the fret and fatigue out of ironing.

Men's shirts are easier than you'd believe when ironed with the patented Gladiron roll. Slacks and children's clothes whisk through like nothing at all. And flatwork goes as fast as you can guide it through. A new Thor Automagic Gladiron

## B.F. Goodrich Tires

Now at LESS than PREWAR PRICES!

Quality is up!

Looking for a postwar tire that really outwears prewar tires? Cast your eyes on the new B.F. Goodrich Silvertown—proved and approved in millions more miles of service than any other postwar tire. Wider, flatter, buskier tread puts more rubber on the road. More and stronger cords take more strain from road shock and resist blowouts better.

### OUTWEAR PREWAR TIRES!

But the best news is today's low price—lower, in fact, than prewar with a Big Trade-in Allowance.

Every B.F. Goodrich Tire Carries This Guarantee: "Every tire or tube of our manufacture bears our name and serial number is guaranteed to be free from defects in workmanship and material without limit as to time or mileage."

Price is down!
