ACCUSE RAILS EXCESS RATES ON SHIPMENTS

Attorney General
Seeks Reparation
for
Overcharges During
Wartime

Washington, July 31.—(AP)—Attorney General Clark on a complaint today accused more than 900 railroads of collecting "unjust and unreasonable" rates on wartime shipments of steel airplane landing mats.

The action was filed with the Interstate Commerce Commission. The government is asking reparation for alleged overcharges on the landing mats moved from eastern shipping points to Pacific coast ports between Jan. 1, 1942 and June 30, 1946.

The Justice Department announcement said "thousands of carloads" of landing mats were involved. The petition to ICC states the exact amount of money sought to be recovered is "not presently ascertainable."

The complaint is another in a series which Clark has made before the ICC concerning wartime freight charges.

In one of the earlier actions, he alleged that the government had been overcharged on shipments of aluminum landing mats.

Such mats were fabricated in this country in the form of broken down strips which were shipped overseas for assembly in remote areas to provide quick landing fields for all operations.

In connection with today's complaint, Clark said that "in the midst of the war the railroads refused the government's request for rates on these landing mats equal to that accorded other articles made from iron and steel."

"Accordingly, the government was required to pay, in many instances more than six times as much as any other shipper for the equivalent transportation of similar iron and steel articles."

End Walkout In Electric Plant

Burlington, N. C. July 31.—(AP)—Workers in the Burlington plant of the Western Electric Company where a demonstration walkout was staged yesterday were back at their jobs today.

They returned to the plant following a mass meeting last night when a majority of the plant's 1,700 workers voted to call off the strike which reduced operations by 90 percent and which was termed by a union official as unauthorized.

Meanwhile, negotiations continued between company officials and representatives of the equipment workers division of the Communications Workers of America, an affiliate of the National Federation of Telephone Workers.

Convict Caught In Baltimore

Baltimore, July 31.—(AP)—Police today arrested at pistol point a man they identified as James F. Rogers of Charlotte, N. C., and said he escaped last week from a North Carolina State Prison at Raleigh where he was serving an eight-year term on a rape conviction.

Sgt. James M. Murray reported he and two patrolmen spotted a car in which Rogers was seen riding with another man soon after his escape from the prison. They found Rogers a block away, hustled him to headquarters, and returned to find the car missing.

Lawmakers Still Busy

Lots Of Congressional Committees Have Full Schedule Of Work Before Congress Reopens Next January; Members Of House Especially Plan Many Tours

By JAMES MARLOW

Washington, July 31.—(AP)—It's still a busy season for lots of congressmen even though the full Congress has quit for 1947.

That full Congress won't be back until next January.

So now most congressmen are flocking home where, as usual, they are supposed to learn what the homefolks think of the job they did. But between now and January plenty of congressional committees will have plenty to do.

Some of the work cut out for the committees will take congressmen to Europe, Asia, Latin America and all over the United States.

Some of the committees' work will make headlines, some will be dull routine.

Some will be in the form of investigations, some will be to get information on which Congress can pass laws next year.

This kind of between-sessions committee work isn't unusual. It happens after each session ends.

But the number of committees working between now and January is unusually large. And so are some of the trips they take.

The House members will be much bigger travelers than the senators. Members of two separate House committees—the foreign affairs committee and a special 19-man committee—will visit Europe, Asia,

Scouts Off To France

Hundreds of Boy Scouts are shown loading the U. S. army transport Gen. C. H. Muir at New York, en route to the sixth World Scout Jamoree which will be held near Paris.

Taft Given Clear Field By Bricker

Junior Ohio Senator
Gives Taft Right-Of-
Way To Seek State's
GOP Backing For
Presidential Nomi-
nation; Candidacy
Not Yet Announced

Columbus, O., July 31.—(AP)—Ohio Sen. Robert A. Taft today had the right of way from his junior colleague, Sen. John W. Bricker, 1944 vice-presidential nominee, to seek the 1948 Republican presidential nomination.

Bricker officially stepped out of Taft's path on the eve of an Ohio race rally that state political observers were certain would launch a Taft-for-president campaign on a "favorite son" basis sometime around noon.

The man who campaigned with New York Governor Thomas Dewey against the late Franklin D. Roosevelt and Harry S. Truman three years ago, is said definitely he was not running for anything in 1948. The announcement came as a surprise here since Bricker's position with respect to any Taft presidential aspirations had been removed for some time.

Senator Taft said today he wants to be certain "there's a good chance to win" before definitely deciding to run for the 1948 Republican presidential nomination.

He made this statement to reporters prior to a meeting of the Republican state committee which was expected to endorse him unanimously for the nomination.

During the news conference, Taft termed the Congress session just closed "a great success" and said Republicans should take all possible advantage of its record by talking out on it to the people.

He added that on the basis of that record, he believed the Republican Party was entitled to the support of the people at the next election.

Taft will speak on the accomplishments of the Republican-controlled Congress at a rally tonight and will discuss that record of a speaking trip in the west in September.

BRITISH CALM DESPITE NEWS

Disclosure Of Future
Economic Crisis Has
Little Effect

London, July 31.—(AP)—British arranged high-level economic talks with the United States today in a renewed bid to state of her looming economic crisis.

The government's chief economic adviser, Sir Stafford Cripps, would fly to Paris this afternoon for a conference with William L. Clayton, U. S. Undersecretary of State for economic affairs and the British press said they would consider slashing Britain's imports from America to save dollars.

Meanwhile, the British people took calmly disclosure that the government almost immediately would cut its armed strength, scale down the nation's standard of living and call for longer working hours to save British economy.

Few newspapers commented editorially on the revelations, which followed a "crisis" meeting yesterday of Prime Minister Attlee and his labor members of Parliament. Those that did wrote approvingly "It is high time that they (the government) took this step, though it will mean a still more austere way of life for everyone," said the conservative Yorkshire Post, owned by the family of former Foreign Secretary Anthony Eden.

"We are eagerly waiting to see the government take bold steps to appeal to the nation's patriotism and self respect."

Farmers' Income Rises With Cost Of Living

Raleigh, July 31.—(AP)—The state's farmers, although troubled with rising costs of living during the past year, realized a 20 per cent jump in income, the federal-state crop reporting service said today.

It reported that the farmers collected \$766,404,000 in cash income during 1946, far above \$638,414,000 for 1945.

Chief source of the income, the reporting service said, was from tobacco, which constituted about 57 per cent of the total cash receipts.

The state ranks third in total cash receipts from farm marketing of crops, 28th in cash receipts from marketings of livestock and livestock products and 13th in total cash income from crops, livestock and livestock products combined, the reporting service said.

Flood Control Funds Approved

Washington, July 31.—(AP)—President Truman signed today a \$502,123,912 appropriation bill for flood control, navigation and other non-military activities of the War Department.

One of the last measures approved by the 80th Congress before the July 26 recess, it carries \$298,334,825 for flood control construction and maintenance, plus \$116,718,700 for navigation improvements and maintenance during the year ending next June 30.

Money is provided for the \$46,000,000 Clark's Hill reservoir, O. C. and S. C. and the \$57,000,000 Buggs Island reservoir, Va. and N. C.

Torrid Weather

The weather was the principal topic of conversation downtown today while the mercury in the Weather Bureau passed the 95-degree mark and was ascending toward 100. It was expected to go to 100 degrees during the late afternoon.

Mrs. C. E. Malden, always observer here for the Weather Bureau, U. S. Department of Commerce, recalled today that on a Sunday during the middle of June the official thermometer went to 101 degrees, reached 100 the next day and 101 degrees again on Tuesday. Those were the two hottest days of the year.

EIGHT B-29'S LEAVE TOKYO

Superforts Plan Ar-
rival In Washington
Noon Tomorrow

Tokyo, July 31.—(AP)—Eight superfortresses took off today on a one-stop flight to Washington in a display of long-distance U. S. aerial might for Army Air Force Day tomorrow.

Their first and only scheduled stop will be Anchorage, Alaska. The squadron expects to show up over Washington by noon tomorrow.

The squadron expected to cover the gruelling 7,086 miles across the desolate wastes of the North Pacific, Alaska and Canada and a northern arc of the United States in about 31 hours.

A maximum of three hours was expected to be consumed in refueling at Anchorage, and then the big silver craft were due to start the last leg.

The departure was from the Yokota air field, 30 miles west of Tokyo. Here the men of the squadron had been undergoing intense training since their arrival from the United States July 2.

The purpose of the flight is to (Continued on Page Eight)

Seek Withdraw Merit System

Charlotte, July 31.—(AP)—Mayor H. H. Baxter has named a City Council committee to study withdrawal of the Charlotte Health Department from the state merit system.

"The war is over now and this dictation from Washington and Raleigh gets under my skin," the mayor said. He made the comment when it was pointed out that merit regulations will not permit several employees of the Health Department to receive a \$10 a month pay increase voted by the Council. City Manager Henry A. Yancey said only those health workers not receiving the merit system maximum for their job classification would be able to benefit by the increase.

Bodies Of Soldiers Used As Terrorist Booby Trap

Jerusalem, July 31.—(AP)—A cunningly contrived booby trap today blasted to bits the bodies of two British sergeants hanging from a tree near Natanya 24 hours after Irgun Zvai Leumi had slain them in reprisal for the execution of three Irgunists by the Palestine government.

One British soldier was wounded by the blast and Associated Press photographer James Pringle was knocked to the ground. Pringle's camera was destroyed by the explosion, which blew pieces of flesh over an area of 50 yards.

The blackened and bloody bodies of the two sergeants were found hanging five miles from Natanya. The booby trap exploded as the first body was being cut down.

Greece Reported Considering Most Drastic Charges To UN

Lake Success, July 31.—(AP)—The Greek government was reported by informed sources today to be considering the possibility of bringing charges against Russia's Balkan satellite under the most drastic provisions of the United Nations charter.

The Greek delegation to the United Nations would not comment, but informed sources said that the Greeks were studying closely Chapter 7 of the charter, which provides for United Nations action in cases of aggression and breaches of peace.

That chapter was invoked for the first time in U. N. history yesterday by Australia in bringing the Indonesian case to the Security Council. Both the Indonesian and Balkan issues are on the council's agenda for the meeting today.

It was said authoritatively that the Greeks have been told by the United States that the Truman aid plan remained definitely in force despite the Russian veto of an American proposal to set up a Balkan commission. Furthermore, it was said that the U. S. told the Greeks this country was firmly behind them in their efforts to establish a stable government and stop the disorders in the Balkans. Chapter 7 includes strong measures from breaking off relations with the aggressor up to actual military operations by the United Nations against any country the Security Council decides has committed an act of aggression.

However, the United Nations police force which would carry out any such military orders still is in the discussion stages. Not one soldier has yet been committed to the U. N. force.

FRITZ READY RESIGN OFFICE

Leaves Offer To Dis-
cretion Of Board
Of Education

Raleigh, July 31.—(AP)—R. L. Fritz, president of the North Carolina Education Association, today told the State Board of Education he is ready to resign as supervising principal of the Hudson school district in Caldwell county if the board wants him to in connection with an audit of his books.

The board decided to give Fritz at least five days in which to enter a written statement into its records. Dr. J. F. Reece, chairman of the Caldwell county board of education, told the State Board that Fritz had come to him this morning before the meeting and said "if the State Board thinks it wise I will admit I made mistakes and step aside."

D. Hiden Ramsey of Asheville, a member of the State Board, said that by stepping aside he understood Fritz to mean that he would resign as supervising principal if the board desired.

Reece concurred in this interpretation. Fritz said "my agreement (with Reece) was to leave the matter of my resignation to you gentlemen entirely; your judgement and discretion."

The State Board examined an audit by E. W. Snow, Lenoir accountant, which showed that Fritz had issued checks to persons not teaching in the Hudson School or had taught only a few days. This money, the audit showed, was returned to the school and was used to pay regular teachers for what Fritz said was extra work.

Baptist Leader Raps Communism

Copenhagen, Denmark, July 31.—(AP)—The Rev. Dr. Louis D. Newton of Atlanta, Ga., president of the Southern Baptist Convention, says communism is "pushing its way across continents, laying hold upon bewildered youth, harnessing whole populations to the chariot of materialism."

Addressing the seventh Congress of the Baptist World Alliance last night, he added, however, that "the more excellent way" will push communism back and back.

by delegate to the Security Council, was back at his desk today after a short visit at the State Department in Washington during which, a reliable informant said, State Department officials specifically approved his conduct of the fight with Russia in the council over the Balkans.

The possibility that the U. S. might announce her next move in the Balkans case today was advanced here, but some sources said the U. N. likely would wait for Gromyko's explanation of his veto. Gromyko was slated to speak this afternoon.

A call for immediate action on the Indonesian question, brought before the United Nations yesterday by India and Australia, meanwhile was put on the council's provisional agenda for this afternoon's session.

Dutch Gains In Indonesian War

The arrow on this map indicates the drive by Dutch forces from Palembang (underlined) into rich oil and coal area of eastern Sumatra. Batoeraja, 80 miles to the southwest, was reported captured by the Dutch pushing into the coal fields below and west of the city. At Padang, Dutch marines landed to capture Indonesian batteries. The reports of Cheribon (1), Probolinggo (2), and Banjoe-wangi (3) were thrown open to normal trade in Java. The Indonesians claimed a force of Dutch paratroopers was destroyed 20 miles south of Bandoeng. (AP Wirephoto Map)

Dutch Claim Key City In East Java Captured

TWO MARKETS CLOSED DOWN

Too Few Buyers
Cause Closing Of
Flue-Cured Leaf
Marts

Valdosta, Ga., July 31.—(AP)—Insufficient sets of buyers have caused the closing of two of the Georgia-Florida flue-cured tobacco markets.

A spokesman at the Jasper, Fla., market reported that efforts were being made to resume the auction of tobacco today after inspectors were withdrawn yesterday by the Commodity Credit Corporation.

The same situation existed at Claxton, Ga., where the CCC notified graders to stand by until the end of the week to determine if more buyers would be available.

Prices throughout the belt were irregular yesterday. Most leaf grades, except those of green color, gained from \$1 to \$4 per hundred pounds. Green leaf was off in most instances \$2 to \$3.

Cutters were reported mostly steady to \$2 higher and lugs fluctuated as much as \$4.

Fire-Scarred Malang Falls; Republicans Claim Japanese Company Used In Advance Across Is- land

By STANLEY SWINTON

Batavia, Java, July 31.—(AP)—The Dutch army announced tonight the capture of fire-scarred Malang, former resort city which is the key to East Central Java.

A broadcast Indonesian communiqué said the Dutch were within mortar range and that Indonesians were applying the scorched earth policy.

The republicans asserted also that their forces were within 12 miles of Batavia and had recaptured the perimeter towns of Tangerang, Serpong and Tjineke. The Dutch declared this claim was nonsense. This reporter found no sign of republican activity in the general Batavia area.

The Indonesian broadcast said Malang was "heavily gassed and machinegunned" during the night, and that republicans started fires in the city yesterday. It said Dutch planes strafed Malang.

The Indonesians said another column of the Dutch army, equipped largely with U. S. lend lease

(Continued On Page Eight)

FEDERAL RENT CONTROL WILL NOT EASE LID

Decides Against Fur-
ther Action To Lift
Ceilings; Move Left
To States

Washington, July 31.—(AP)—The federal rent control office with a wary eye on Congress, has decided against further action on its own to lift ceilings from any of the 614 areas remaining under control.

Future policy, an agency official told a reporter today, will be for the federal office to check the decontrol question to the local advisory boards authorized under the new rent law enacted last month.

Although the law provides that Housing Expediter Frank R. Creedon who administers rent regulations, may lift ceilings if conditions warrant, it also gives the local boards a strong voice in their own areas.

The official emphasized that the new policy is not delaying any decontrol actions "since none are up for approval at present."

However, he said that should the agency—before the boards are set up for business—develop evidence that decontrol "might be warranted" in any of the areas, "it likely would wait for recommendations from the local board rather than going ahead on its own."

Another official said information which "might lead to decontrol of some fringe sections of several areas" is being gathered and will be submitted "when the boards are ready to begin their studies."

"Certainly Congress wanted the boards to have a strong voice in operation of the new law," this official said, "and it seems only right they should pass on decontrol matters."

Congress when it returns in January will have to decide shortly whether it wants to extend controls beyond February 29, the new expiration date.

Control officials said it is up to the various governors to decide how quickly the boards will begin functioning.

Under terms of the new control act which became law July 1, Creedon was directed to appoint local boards of at least five members each on recommendations submitted by the governors.

But in the month that has elapsed, only nine governors have submitted lists and area boards in only two states—Georgia and Wyoming—have been approved.

Refugees Will Be Sent Germany If Won't Debark

London, July 31.—(AP)—An authoritative source said today Britain would send the 4,500 Jews of the S. S. Exodus of 1947 expedition to Germany—and perhaps later to Africa—if they persisted in refusing to disembark at Port-De-Bloc, France.

The source said Prime Minister Attlee and his cabinet took that decision at a meeting in which the entire Palestine situation was considered.

Under the plan, the Exodus of 1947 refugees would remain temporarily in the British zone of Germany until the British cabinet picked a place for them in some other British-controlled area of the world, possibly an African colony, the source said.

The Jewish refugees arrived off France Monday.

Attlee's Compromise

British Decision To Cut Military Commitments Leaves America Last Of Great Democracies Capable Of Man-
ning War Machine; The Vote Of Confidence

By DEWITT MACKENZIE

Britain's drastic decision to reduce its global military commitments, in a further effort to overcome the economic crisis gripping the country, is a potent reminder that the United States is the last of the great democratic powers still capable of fully manning a war-machine—and that this can be a mighty lone-some world.

England has been America's staunch ally in two world conflicts, and remains the chief base of western Europe for the defense of democracy. It's tough to see her striking-power reduced even temporarily in these explosive days.

This reduction of military commitments was one of the concessions Prime Minister Attlee promised the Labor members of Parliament, meeting in secret caucus yesterday to listen with critical attention to an accounting of his stewardship. He has been under heavy fire, not only from his conservative opposition but from many of his own followers, because of dissatisfaction with the government's progress in dealing with the economic upheaval.

The prime minister defended his position with determination, as this column yesterday said he likely would do. The result was that he won a virtual vote of confidence from the caucus.

The prime minister is reported not only to have promised to cut down military commitments in Greece, Italy and Germany, but to reduce the number of men under arms and send them back into the ranks of labor to meet the demand for workers. Thus he got over one of the high hurdles.

But that wasn't his only promise. It is said that he will call on Britain's coal miners to work an extra hour daily in order to get the production which is so badly needed to stimulate badly lagging industry. Lack of coal is the crisis of the economic crisis. It is suggested that the miners get time and a half for this overtime.

The vote of confidence means that the question of Attlee resigning the prime ministership doesn't arise, at least pending developments. There had been a demand in some quarters that he give way to other leadership, and Foreign Minister Ernest Bevin was mentioned as possible successor.

However, a high government source says that Attlee may make changes in his cabinet soon. In this connection the political correspondent of the London Daily Mail said yesterday, prior to the caucus, that (Continued On Page Eight)

NONE KILLED

Oslo, Norway, July 31.—(AP)—An American diplomatic plane carrying the U. S. ambassador to Denmark, Josiah Marvel Jr., crashed at the Oslo field today. None of the DC-3's passengers was fatally injured.

Social and Personal

Miss Sarah Jean Ellis has returned to Greenville after an extended visit with relatives and friends at Newnan, Ga., and to points of interest in and around Atlanta.

W. B. Warren and daughter, Hannah, of Asheville, are visiting Mrs. Susie Warren.

Mrs. P. M. Johnston has returned from a two weeks visit with relatives in Henderson.

Miss Christine Johnston has returned from a two weeks vacation at Crescent Beach, S. C. and Redville, N. C.

Miss Edna Earl Tucker is a patient in Pitt General hospital where she underwent an operation for appendicitis.

W. A. Sugg, who has been visiting his parents, Mr. and Mrs. H. C. Sugg, has returned to New York. On the week-end he will leave for Battle Creek, Mich., to assume his duties as associate advertising manager for General Foods.

In Hospital
William R. Furrer, freshman at East Carolina Teachers college, underwent an operation for appendicitis this morning at Pitt General hospital.

Notice to All Masons
Eastern Stars and White Shriners: Mr. H. J. Sawyer, chairman of the building fund, requests that all workers report to the Masonic Temple between 8 p. m. and 9 p. m. Friday night, August 1. We would like to get in all reports.

Attends Florist School
Miss Aileen Flanagan, manager of Simpson's Flowers, has returned home after completing an intensive course in floral work at the Southern School for Florists held in Columbia, S. C. She was awarded a certificate of merit.

Card of Appreciation
We wish to express our thanks to the people here for their kindness shown us in the recent death of William J. Baldree.

Card of Thanks
I wish to thank the many friends for their expressions of sympathy and kindness during the illness and recent death of my mother, Mrs. Minnie F. Tew.

Bride-Elect Honored
Bethel. On Tuesday afternoon Mrs. A. M. McWhorter entertained at bridge for Miss Frances Rives whose engagement to C. B. Rowlett was recently announced.

The home was beautifully decorated with pastel shades of summer flowers, blue and yellow being the predominant scheme. Miss Rives' place was marked by a corsage. She was presented silver in her chosen pattern.

Mrs. Edward Hemmingsway, a recent bride was presented with a gift of china. Mrs. J. L. Gurganus received top score prize, and Mrs. W. C. Whitehead received a consolation gift.

Woodrow Tew
Frosted punch and ice cream parlais were served to sixteen guests. —Reported

Mrs. Corey Hostess at Bridge
On Wednesday morning at 10:30, Mrs. Arthur Corey delightfully entertained at bridge honoring her sister-in-law, Mrs. R. W. Ferrell of Wilmington.

The home on Woodlawn Avenue was lovely with arrangements of mixed summer flowers. During the game iced drinks were served by the hostess.

High score was made by Mrs. Howard and Miss Joy score prize was won by Mrs. S. J. Taylor. The home was lovely with arrangements of mixed summer flowers. During the game iced drinks were served by the hostess.

Touring Europe
Mr. and Mrs. Herman Wellenman, of Brooklyn, N. Y., sailed from New York Friday for a tour of England, France, Switzerland, Italy and the Mediterranean area. They plan to return to the States in October. Before her marriage on June 7, Mrs. Wellenman was Miss Beatrice Cherry of Stokes. She taught several years in this county. She is the sister of Mrs. W. E. Small of this city.

Miss Flanagan Honored
A bridge party honoring Miss Helen Flanagan, August bride-elect was given by Mrs. W. L. Hall and

Miss Jane Hall at her home on Fourth Street on Tuesday afternoon at 3:30.

At the end of the afternoon's play, the high score prize was awarded to Mrs. Charles Flanagan and the low score prize went to Miss Elizabeth Wilson. Miss Flanagan, the honoree, was presented a gift of silver.

An ice course in the bridal motif was served by the hostesses. Summer flowers decorated the house.

Guests, in addition to the honoree were: Mrs. J. E. Waldrop, Mrs. Walter Harrington, Mrs. Travis Flanagan, Mrs. Tom Rivers, Miss Elizabeth Wilson, Mrs. Charles Flanagan, Miss Nancy Hannah, Mrs. J. E. Whitely, Mrs. Ray MacKenzie, Mrs. E. B. Aycock. Those coming in for refreshments were: Mrs. R. C. Flanagan, Sr., Mrs. E. S. Flanagan, Mrs. E. W. Hellen, Miss Alice Wooten and Miss Elizabeth Deal.

Memorial Baptist Choir Rehearsal
The choir of the Memorial Baptist Church will meet for practice Friday night at 7:30 at the church. All members are urged to attend.

Red Oak News

We are more than glad to welcome a newcomer to our community. This newcomer is none other than little Miss Ethel Corrine Joyner, infant daughter born to Mr. and Mrs. James Joyner last week. Her grandparents, Mr. and Mrs. Herman Coons of New Hampshire, who came down to greet her upon her arrival left for their homes last Thursday after a two weeks visit.

Mrs. Bernice Causey spent last week-end with her son and daughter and their families in Portsmouth.

Mr. and Mrs. Bill Jenkins and son, Billy and Mr. and Mrs. B. L. Tyson spent last Sunday at Atlantic Beach.

We are mighty sorry to learn that Mrs. Nan Barber and her sister, Mrs. Fred Worthington are both ill. Mrs. Worthington sprained her ankle recently.

We are glad that Mr. Hugh Sutton has returned from a Baltimore hospital where he has been a patient for a long, long time.

Everybody is in full swing now housing their tobacco crop. So far, only one barn in the immediate community has burned down this year. That belonged to Mr. Godfrey Evans.

Safety Division Warns Motorists About Licenses
The State Highway Safety Division has issued the following important notice to motorists:

Motorists whose last names begin with A or B are urged to have their examination for new licenses as soon as possible. At present there are two examiners stationed in Greenville most of the time and ready to serve the public.

Those who prolong their tests are subject to have to wait in line hours and hours to go back the second day. By coming early you are saving yourself plenty of time to have a re-examination in case you fail.

There are plenty of manuals for those whose names call for immediate examination. Go to the City Hall, third floor, and ask for one.

The license examiners will be ready to serve you from 9 to 5 each week day and from 9 to noon on Saturdays.

Contrary to popular belief the tests are not hard or rigid. But they are thorough. A full understanding and knowledge of road laws and rules are required in addition to the ability to drive a car safely and efficiently.

Have your car in good mechanical conditions. If you have no car borrow or rent one. Be sure the safety devices are in good working order such as: windshield wipers, lights (head and tail), horn, foot brakes, emergency brakes, rear view mirror and muffler.

Those whose last names begin with

GOWN—Lucille Ball poses in a filmy, strapless evening gown she wore in one of her recent pictures.

A or B and have not had a re-issue of their drivers' license since July 1, 1947, will be subject to arrest and punishment for driving with the old license after January 1, 1948, under the Uniform Drivers' License Act.

ECTC Has 492 Students During Second Session

East Carolina Teachers College has 492 students attending classes the second half of the summer session, of this number 241 are men and 251 women, according to an announcement from the office of Registrar Howard J. McGinnis.

North Carolinians now at the college number 458 and represent 65 counties of the state from Dare to Cleveland. Other students come from ten states from Florida to Massachusetts and from the east coast to the state of Washington. Two students from Cuba are registered for the summer session.

Pitt county, which has the largest registration, is represented by 104 students. The 13 other counties sending the largest numbers to the college are Beaufort, 26 students; Craven, 17; Edgecombe, Lenoir and Martin, 16 each; Wayne, 13; Duplin, Nash, New Hanover and Northampton, 12 each; Wilson, 11, and Onslow and Wake, 10 each.

Auto Production Idled By Strikes And Cutbacks

Detroit, July 31 — (AP)—Nearly 34,000 auto workers here were idled today by strikes and production cutbacks while additional hundreds faced layoffs next week.

The Ford Motor Co., threatened with a strike by the CIO United Auto Workers, notified 22,000 employees not to come in today or tomorrow because of a strike at the Murray Corp. of America.

Earlier Ford laid off 4,500 due to the strike at Murray, where 7,000 UAW-CIO members are demanding protection from civil liability suits for unauthorized work stoppages under the Taft-Hartley Act.

Chrysler Corp. said a shortage of car frames usually supplied by Mur-

ray will force a 50 percent cutback in Dodge truck production effective Monday, necessitating layoff of 1,300 employees.

Reciprocate On Shrimp-Fishing

Atlantic Beach, July 31 — (AP)—Shrimp fishermen of North and South Carolina will be permitted to operate in either state by holding only one license under a reciprocal agreement signed by the state's Board of Conservation and Development yesterday.

License fees are the same in each state—\$2.50 for all boats except those which have shrimped for the past three years. These are required to pay \$125.

The board took no recognition of published reports that the South Carolina Seafoods Conservation Association had asked its State Board of Fisheries to investigate the granting of shrimping licenses to North Carolinians.

The world's largest fleet of trucks is comprised of 30,000 that keep U. S. telephone lines in order.

Hughes And Aide To Take Stand In Investigation

Washington, July 31 — (AP)—Howard Hughes and his globe-trotting publicity man, John Mayer, will take the stand side by side tomorrow in the senatorial investigation of Hughes' wartime plane contracts.

Senator Ferguson (R-Mich.) announced today that arrangements have been made for the joint appearance of the Hollywood millionaire and the man who said he spent lavish sums to entertain government officials in Hughes' behalf.

Ferguson's announcement was made after a session in which the senate war investigating committee heard testimony that top military leaders turned down a mass flying boat program in July, 1942, yet contracts for three boats were made later with Hughes and Henry J. Kaiser.

Undersecretary of State Robert A. Lovett testified that the joint (Army-Navy) chiefs of staff de-

clared in July of that year that the diversion of materials to such a program would be "inadmissible" because everything was needed for fighting planes.

WAA Practices Hit By Lawmaker

Washington, July 31 — (AP)—Rep. Rizley (R-Okla.) today accused the War Assets Administration of using a fleet of planes to haul stenographers, clerks and other "unauthorized passengers" with some of the trips "week-end" affairs.

Rizley told reporters expenses in flying authorized passengers were far above commercial costs.

He cited 37 flights between November, 1946, and March, 1947, on which he said 117 authorized passengers were carried at a cost of \$72,572.87, including 28 test flights of planes. He said commercial air transport could have provided the same service for \$13,141.48, making a savings of \$59,431.39.

American-flag vessels carry 70 per cent of the trade between the United States and Caribbean ports.

Strength FOR THE DAY

LIVE DAY BY DAY.
Despite the proverb "Never put
off till tomorrow what you can do
today," the habit of putting things
off is a favorite one with us all.
Probably we would not postpone
things so much if we did not al-
ways feel sure of so much time in
the future. It is important, of
course, to provide for the future,
but it is equally important to do
as much as possible now, lest some-
thing unexpected may prevent us
from carrying out our plans.

The ancient Greeks told of a phi-
losopher who went to visit a prince.
When the latter had shown him
his guest around his beautiful estate,
he told him of the new gardens,
orchards and terraces he intended
to make and how much he would
enjoy them in his old age.

"But," asked the philosopher,
"can you be sure of enjoying them?
Can you even be sure of what you
will do one moment from now?"

The prince poured a glass of wine.
"I am sure I will drink this!" he
tasted, sipping it to his lips. Just
then a servant burst in, crying that
a wild bear was outside. Seizing
his spear, the prince rushed out to
slay it. Instead, the bear killed him.
The glass of wine stood un-
touched where he had left it.

INSULATION NEEDED

We see little prospect of a
second "Garsson-May" re-
velation coming out of the
present Senate investigation
of the Kaiser-Hughes air-
plane contract fiasco.

Kaiser, like A. J. Higgins
(New Orleans boat-builder)
will probably emerge as a
hustling industrialist with all
the enthusiasms of a super-
salesman, who had an idea
but became enmeshed in a
business with which he had
little experience.

Higgins, will likewise sur-
vive the questionings and
sensational headlines with
his tail-feathers unscathed.
(His entry into the big-plane
picture was an afterthought
of the Kaiser-dynamo be-
cause he was more familiar
with what went into making
airplanes.)

As for the forty-million
dollar investment, with a
one-plane return, the people
are simply stuck with some-
thing they can't eat.

The whole deal is a re-
grettable instance of a good
idea which didn't turn out.
The only value of today's in-
vestigation is that it may in-
duce a sort of insulation for
government officials who
lack sales-resistance to fu-
ture enthusiasts willing to
sell "nothing for some-
thing."

WASHINGTON LETTER

Washington—Here for at least
one good meal a day for some of
the millions of starving children in Eu-
rope and the Far East lies in the
foreign relief program just approved
by Congress.

Of this sum, President Truman
has set aside \$150,000,000 towards a
United Nations International Child-
ren Emergency Fund (ICEF) being
set up to provide special nourish-
ment, such as cod liver oil and milk
for children.

Funds from other United Nations
members are to be sought also.
The goal is to give one good meal
a day for a year to 20,000,000 chil-
dren. This number includes babies
for whom extra supplies of milk are
needed. It also includes a supple-

You Can't Trick Me!

mentary feeding for pregnant wom-
en.

The primary problem concerning
children in war-ravaged countries
today is undoubtedly that lack of
understanding . . . lack of calories
and even minimum amounts of milk
proteins and fats necessary to pro-
duce growth and health in children.
The problem is an emergency
help will be needed especially over
the next two or three years.

It is estimated that the cost of this
proposed meal under the ICEF plan
would be about six cents a day, or
roughly \$20 a year.

Trygve Lie, Secretary-General of
the United Nations, says that in
each country the government would
provide a part of the cost of the
meals for its own national child-
feeding project.

The Fund would provide in food-
stuffs the deficit that would have to
be overed to ensure the daily meal.
The UN Food and Agriculture
Organization says a minimum of
2,000 calories per person per day is
necessary to protect a population
against the most serious diseases and
the danger of civil unrest. This is
known as "emergency" sustenance,
and is low when you know that the
average intake in countries where
food is plentiful is over 3,000 calories.

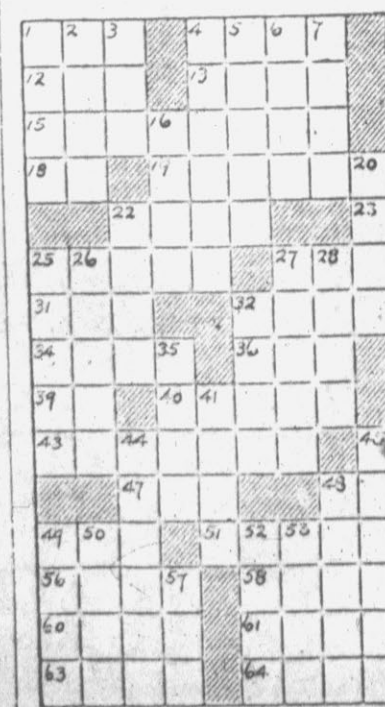

Many areas in central and eastern
Europe have barely made the 2,000
mark, and then only with UNRRA
aid. But even UNRRA's resources
have not been sufficient to prevent
underfeeding UNRRA folded up
the end of June.

Underfeeding results in undersized
children. For instance, in the area
around Athens, Greece, boys aged
14 are now three inches shorter
than boys of the same age a year
ago. Similar evidence of defective
growth exists in Vienna, Prague,
Warsaw and many other places.

The rate of infant mortality is
still far above pre-war levels every-
where in central and eastern Europe.
Tuberculosis, whose association
with underfeeding is well known, is
now the most important infectious
juvenile delinquency is rampant
disease in Europe.

NOTICE OF ELECTION
The Board of Commissioners of
Pitt County, in regular meeting
assembled on July 7, 1947, the same
being the first Monday in July, do
now declare that:

(a) Bonds shall be issued by Pitt
County for the purpose of the erec-
tion and purchase of a hospital,
the same being a purpose authoriz-
ed by G.S. 153-77, Subsection "D";
(b) Bonds of Pitt County shall
be issued in the maximum agree-
ment principal amount of \$332,-
500.00;

(c) That a tax sufficient to pay
the principal and interest of the
bonds as issued, when the same
shall become due, shall be annually
levied and collected by Pitt County
on the taxable property situated
within said county;

(d) A statement of the county
debt of Pitt County has been filed
with the clerk of the Board of Com-
missioners of Pitt County, Hon. J.
D. Joyner, and the said statement is
open to public inspection at his of-
fice in the courthouse in the City
of Greenville, North Carolina;

(e) This order will become effec-
tive thirty (30) days after the date
of an election called pursuant to
the provisions of the County Fi-
nance Act for securing the approval
of the voters of Pitt County and
provided that in such election the
issuance of these bonds shall be
approved by the number of voters
required so to approve such bonds
or the issuance of such bonds in-
der the terms and provisions of
the County Finance Act, the same
being Article "9" of Chapter 153
the General Statutes of North Caro-
lina.

The foregoing order was finally
passed on the 7th day of July, 1947,
and was first published on the 9th
day of July, 1947. Any action or
proceeding questioning the validity
of said order must be commenced
within thirty (30) days after its
first publication.
J. D. JOYNER, Clerk
Board of County Commissioners

CHANDLER TO MAKE APPEAL

Counsel For Convicted Traitor Have Ten Days To File Plea

Boston, July 31—(AP)—Counsel for Douglas Chandler today prepared an appeal for the 53-year-old Chicago-born writer sentenced to life imprisonment and fined \$10,000 for serving as a Nazi mouthpiece during the war.

The gray-haired Chandler—branded a "snob" by the presiding judge—made an aggressive last-minute personal plea reasserting statements he made over Berlin radio when he was landing Hitler and denouncing Jews.

Federal Judge Francis J. W. Ford, commenting he was satisfied the sentence would act as a "deterrent" to any future would-be traitors, refused to grant a stay of execution.

While Chandler remains in jail here, defense counsel has 10 days to file an appeal with the U. S. Circuit Court of Appeals. If that fails, the defense still can move to bring the case before the U. S. Supreme Court.

Brushing aside his court-appointed attorney's plea that he was "mentally ill," Chandler told the court that "of course" he was not insane and charged he was convicted "because of my beliefs."

Unrepentant, Chandler asserted defiantly that he was not asking for clemency, and then asserted with all the dramatics he used in his German broadcasts as "Paul Revere":

"If I must die because I dared to speak the truth as I see it, then let me die. If I die for my beliefs they will not die with me."

Dubiously Eye Refrigerated Van Of Tobacco

Wilmington, N. C., July 30—(AP)—Folks around here who know their tobacco curing raised uneasy eye-brows as a load of 800 sticks of green tobacco, packed in a refrigerated van, passed through bound for Fairmont.

The older heads were unfamiliar with such. They nodded again when told the crop was part of two farms which Mrs. Stell Bass of near Rocky Point decided to transfer since she believed her crop was ripening too fast.

Officials of the Wilmington Produce Company, which moved the tobacco in a cold-storage van, said it is the first consignment of refrigerated tobacco for this area, and added it was the first time one of their trucks carried a load of cold smoking leaf.

London Stock Market Dropping

London, July 30—(AP)—The London Stock Exchange continued its downward spiral today with industrial issues losing heavily.

Uncertainty over Britain's financial and economic position was regarded as the main factor behind the rush of selling, although prices were also influenced by yesterday's sharp Wall Street break.

The London News Chronicle called it the worst slump in many months and said millions of pounds had been wiped off values of industrial stocks.

Kinston Assured Of 500 Parking Meters

Kinston, N. C., July 30—(AP)—Kinston is assured of having 500 parking meters within the next 60 days, Police Chief George E. Canaday said today.

Canaday is hopeful that the meters may be installed prior to August 25, opening of the tobacco market here.

DOING HIM A FAVOR
Philadelphia, July 31—(AP)—Charles L. Sisk 35, of High Point, N. C., who yesterday admitted stealing an automobile while on parole, told a district judge: "I'm having a lot of trouble. I want you to send me away so I can get it all out of my system."
He began serving six months today.

HELP BUILD AMERICA'S AIR POWER ON AIR FORCE DAY, AUGUST 1st

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. The security of this country demands strong, well-trained, well-equipped Air Forces, superior to any in the world.

And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's Air Power... on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

Think it over. If there are Air Force Day exhibits in your locality, be sure to visit them on August 1st. If no demonstrations are to be held nearby, get a

copy of the new Air Forces pamphlet, "Know Your Air Forces," at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—and select your school or course before you enlist.

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, explain the kind of aviation training you want and you will receive an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you have chosen.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your nearest U. S. Army Recruiting Station.

Largest Audience Heard Swan Song Of Pet Canary

Chicago, July 31—(AP)—Butch, a three year old canary, flew out the window of his home yesterday and perched on a ledge below the roof of the Chicago Avenue police station—next door.

Walter Smilor said Butch had developed into a fine singer since he acquired him in 1944 but yesterday Butch got the wanderlust while Smilor was cleaning his cage.

Fifty policemen gave Smilor, 58-year-old window washer, advice on how to rescue his canary. So did many of the scores of pedestrians who stopped to watch. Smilor whistled and cooed but Butch wouldn't budge from his perch. But he kept on singing—for his biggest audience.

The fire department said it couldn't tie up fire equipment to rescue a canary. The anti-cruelty society also reported it couldn't help.

Finally Smilor and Detective Thomas McManus went to the roof and tied a rope to Butch's cage. McManus, who weighs 240 pounds, held Smilor's legs while Smilor leaned over the roof's edge and dangled the open cage in front of the canary.

Butch ignored the lure. But as he suddenly flew upward Smilor grabbed him. There were cheers from the street below.

But they did not know that Butch had given his swan song.

Smilor had grasped the canary too tightly when he caught him. Butch, with a song in his tiny heart, was crushed to death.

REPAIR TRACK AFTER WRECK

Line Reopens Today After Derailment Of Freight Train

Wilson, July 31—(AP)—Repair crews are working to open the Norfolk Southern railroad main line to traffic by this afternoon following derailment of a locomotive and 17 freight cars at nearby Bailey yesterday which tore up 100 feet of track.

Engineer Charles Mattox of Raleigh and the train crew said they had seen the rails were twisted out of line at a trestle and jumped to safety.

State Highway Patrolman W. M. Whitley of Wilson said a truck higher than the 8 1/2 foot trestle clearance had struck one of the steel girders and twisted the rails.

Southbound trains were being held at Marsden and northbound trains at Raleigh until service is restored.

The patrolman said he had determined that the trestle was struck five minutes before train No. 63, a Norfolk to Charlotte freight, was to pass.

The locomotive stopped crosswise to the roadbed and the tender flopped over on its side down an embankment.

Steel and wooden box cars, a tank car and coal cars piled up in a tangled mass. Some fell down an embankment and others across the track. A coal car overhung the highway, and motor traffic was temporarily blocked by state highway patrolmen.

Bailey is 15 miles west of Wilson in the direction of Raleigh.

Smokey Says:

A brush burning fire can get away mighty easy in a high wind.

NOTICE OF ADMINISTRATION

Having this day qualified as Administratrix of the estate of John Foreman Boyd, notice is hereby given to all persons indebted to said estate to make immediate payment to the undersigned Administrator, and all persons holding claims against said estate are hereby directed to file their claims itemized and duly verified with the undersigned Administrator within twelve months from the date hereof, or this notice will be pleaded in bar of recovery of said claims.

This 8th day of July, 1947.
BESSIE HAYDN, Administratrix estate John Foreman Boyd.
Harding and Lee, Attys.
July 10-11w-6wks.

NOTICE

In The Superior Court
North Carolina
Pitt County
Roland Lee Hopkins
Vs.
Gladys Burney Hopkins

The defendant Gladys Burney Hopkins will take notice that an action as above has been commenced in the Superior Court of Pitt County, North Carolina, to obtain a divorce from the defendant on the grounds of two years separation; and the said defendant will further take notice that she is required to appear at the office of the Clerk of the Superior Court of Pitt County in the courthouse in Greenville, North Carolina, on or before the 3rd day of September, 1947, and answer or demur to the complaint in said action, or the plaintiff will apply to the court for the relief demanded in the complaint.

This 22nd day of July, 1947.
D. T. HOUSE, JR., Clerk Superior Court.
Wm. J. Bundy, Attorney for Plaintiff.
July 23-11w-4wks.

ADMINISTRATOR'S NOTICE

Having qualified as administrator of the estate of Mrs. Pattie Forbes, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned at Greenville, N. C., on or before the 24th day of June, 1948, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 24th day of June, 1947.
E. E. FORBES, Administrator of the Estate of Mrs. Pattie Forbes.
June 24-11w-6wks.

NOTICE TO CREDITORS

Having this day qualified as Administrator of the Estate of Roy T. Cox, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of the deceased to exhibit them to the undersigned Administrator at Winterville, N. C., within twelve months from the date hereof, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make payment to the Administrator.

This 21st day of July, 1947.
JANE K. COX, Administratrix of the Estate of Roy T. Cox, deceased.
July 23-11w-6wks.

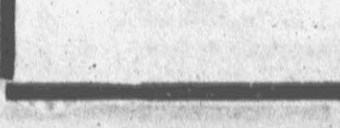

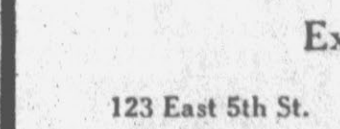

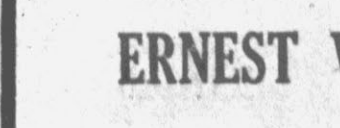

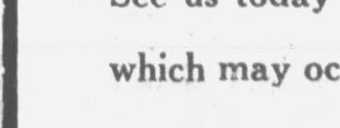

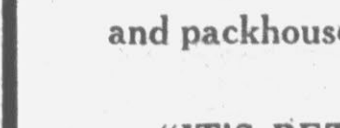

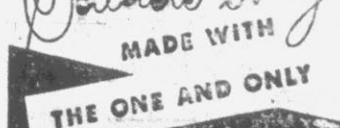

NOTICE OF RE-SALE

Under and by virtue of the authority and directions contained in the last will and testament of Mrs. Mary Elizabeth Cox, deceased, the undersigned will offer for re-sale and sell to the highest bidder, for cash, before the court house door in Pitt County at 12:00 o'clock noon on Wednesday, August 6, 1947, the following described property:

Beginning at a stake in the southeastern intersection of Tenth and Cotanche Streets, and runs thence an easterly course with the south side of Tenth Street 65 feet to a stake; thence a southerly course 80 feet to a stake, a corner with lot formerly owned by D. L. Cox; thence a westerly course with said D. L. Cox lot line 65 feet to the east side of Cotanche Street; thence with the east side of Cotanche Street a northerly course 80 feet to the point of beginning, and being a part of the property conveyed to Elizabeth Cox (Mary Elizabeth Cox) by J. S. Cokerell and wife Estella Cokerell by deed of record in Pitt County Registry in Book R-10 at page 47.

A 10 per cent deposit will be required of the high bidder.

This 19th day of July, 1947.
ARTHUR B. COREY, Executor of the Estate of Mary Elizabeth Cox.

PRELIMINARY CERTIFICATE OF DISSOLUTION

State of North Carolina
Department of State
To All to Whom These Presents May Come—Greeting:

Whereas, it appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Best Jewelry Company, Incorporated, a corporation of this State, whose principal office is situated at No. 444 Evans Street, in the City of Greenville County of Pitt, State of North Carolina, H. Q. Best being the agent therein and in charge thereof, upon whom process may be served, has complied with the requirements of Chapter 55, General Statutes, entitled "Corporations," preliminary to the issuing of this Certificate of Dissolution:

Now therefore, I, Thad Eure, Secretary of State of the State of North Carolina, do hereby certify that the said corporation did, on the 30th day of June, 1947, file

In my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings aforesaid are now on file in my said office as provided by law.

In testimony whereof, I have hereto set my hand and affixed my official seal at Raleigh, this 30th day of June, A. D. 1947.

THAD EURE, Secretary of State.

Wilson's Weekly Bulletin

Food Consultant to Wilson & Co.

Stuff Frankfurters to Add Interest
Many simple foods take on a party air when given a little extra touch. The dish shown below can be prepared very quickly, slipped into the oven, and forgotten while the rest of the meal is being prepared. . . a great convenience when Mother has no helper.

a Rector Recipe

Stuffed Frankfurters
Wash 1 lb. Certified Frankfurters, dry, and split nearly through. Insert slivers of 1/4 lb. Certified American Cheese and wrap a slice of partially cooked Certified Bacon, spiral fashion, around each "frank," fastening each end in place with a toothpick.
Place on a rack in a shallow pan, cheese side down, and bake in a slow oven, 325° F., about 20 min., turning after the first 10 min. (or broil 8 to 10 min.).
If preferred, the bacon may be used without pre-cooking; in this case, bake 40 min. or broil 20 min. Serves 4.

One Goodie Deserves Another

The pleasing combination of flavors of the Wilson's Certified Frankfurters, Certified American Cheese and Certified Bacon will be the highlight of this dinner. Keep pace with this goodness by serving glazed sweet potatoes, green beans in onion rings, and lettuce with chiffonade dressing. Finish off with a refreshing orange ice for dessert and everyone will forget the heat.

Adds Fun to Picnic

The glorified stuffed frankfurters shown above are grand for picnics . . . both for their excellent flavor and as a fun-maker. Stuff and wrap the "franks" at home . . . unless you're sure the crowd would enjoy doing it. No need to pre-cook the bacon when you're going to use an open fire.

Step-Savers

Keep a small jar of flour handy to your range—right next to the salt, pepper, and B-V. Saves many a step when making gravy, sauces, etc.

Why not store all the small "necessaries" for each meal on a tray—take all to table at one trip without having to stop to collect them each time. Include sugar, salt and pepper, other condiments, napkins, etc.

Efficiently yours,
George Rector

Lesnevich Earns Convincing Victory Over Mauriello; Jake LaMotta Next

Brooklyn, July 31—(AP)—It would be a nice thing for Joe Louis to sit down today and drop light-heavy-weight champ Gus Lesnevich a note of thanks for being just about the best "bumper" a fellow ever had, next to the one on the front end of his 16-cylinder de luxe jalopy.

Gus deserves it not only because he's easily the most improved fighter to come out of the armed forces, but also because he's done Joe a couple of very nice favors.

Last May, for instance when Lefty Mello Bettina was being talked up loudly as a possible contender for Louis, Gus punched Lefty Mello into what the trade calls a "transom" in exactly 50 seconds.

And last night, Gus did it again over here in Ebbets Field before some 24,000 customers. He took on Tami Mauriello the chubby Bronx barkeep, for the benefit of the Damon Runyon memorial cancer fund. He played the role of Tami for a good part of the evening. He staggered Tami three times and he pounded out a convincing ten-round decision to win. Up to then, Tami was being mentioned for a Louis shot, in spite of the fact Joe caved the roof in on him in a round last September.

Now, Gus figures it's all well and good spotting these overstuffed divans large chunks of weight—last night he gave Tami 18 1-2 pounds. But he's about made up his mind it's about time to try on a little man for size again.

So, he's talking over a possible defense of his light-heavyweight crown in September in Cincinnati against 1-2 hold your hats, folks—Jake LaMotta, the fire hydrant with the cement chin from the Bronx. Sure, Jake's only a middleweight, but most of the 160-pounders shudder at the mere thought of fighting him.

He's already accepted the Cincinnati party, incidentally.

A new mineral found in alluvial deposits in the Merume river, British Guiana, has been named Merumite.

GREENIES NOW HOLDING DOWN CELLAR POST

Join Roanoke Rapids In CPL Standings As Wilson Scores 10-9 Victory

By BERT MOYE

The Greenies are now tied with the Roanoke Rapids Jays for the cellar position in the Coastal Plain League following a 10-9 setback at the hands of Wilson last night. The Tobs scored the tying and winning runs in the eighth on two singles and a double. Dickins and Moss singled, Sammer doubled to bring them home. The defeat was chalked up against pitcher Larry Baldwin, although Garland Little had started on the mound for the local nine.

The Greenies jumped off to a four-run lead in the top half of the first on singles by Lee, Jacobs and Bomar and Manager Timm's three-run homer over the left field wall.

The Tobs bounced back in their half of the first with a four-run splurge and knotted the score. Five singles and a walk and a double steal netted the runs.

Greenville scored three more runs in the second frame when Little walked, Lee and Jack Bomar singled to bring home Lee and Jacobs.

The Tobs came back in the second and third frames and scored three runs to knot the count at seven-all but the Greenies went out in front in the fourth when they chalked up two runs on two singles and an error and held the one-run lead until the fatal eighth.

Garland Little started on the mound for the Greenies and was relieved by Baldwin in the second after he had allowed five hits, three walks. Baldwin pitched the next six and one-third innings yielding to Alamo in the eighth who pitched the last two outs.

Lefty Monk Webb started on the mound for the Tobs but was taken out in the second after allowing seven hits and seven runs. Nesbit pitched the remainder of the game to receive credit for the win. Arthur Jacobs with three singles.

SUMMER SKI COURSE—Nelson Bennett slaloms through gates at Boulder Mountain, Idaho, where peaks are covered with snow and skiing will be good all this summer.

In the four trips to the plate and Manager Timm's three-run homer featured the Greenie attack.

Score by innings:

Boys League

Boy's LEAGUE
The Giants started out by scoring nine times in the first two innings yesterday and seemed to have the Red Sox licked but the Sox came back strong and nosed them out 12-10. Ray Sawyer started on the mound for the Red Sox but retired after three innings. Poor support kept him in trouble from the start he was relieved by Doug Morgan who shut out the Giants the rest of the way. Bobby Watson with 4 singles and Julian Vainwright with a double and single were the leaders for the Giants. Aman, Brady and Wooten were the top hitters for the winners.

Third St. Tigers won over the Training School Greenies 17 to 9 in the poorest game of the season yesterday. Errors contributed greatly to the score of both teams. Willie Lewis with a double and two singles and Fred Joseph with a homer and single were the only Tigers to hit safely more than once. Ed Farley got two hits for the Greenies.

DIAMOND DUST

By BERT MOYE

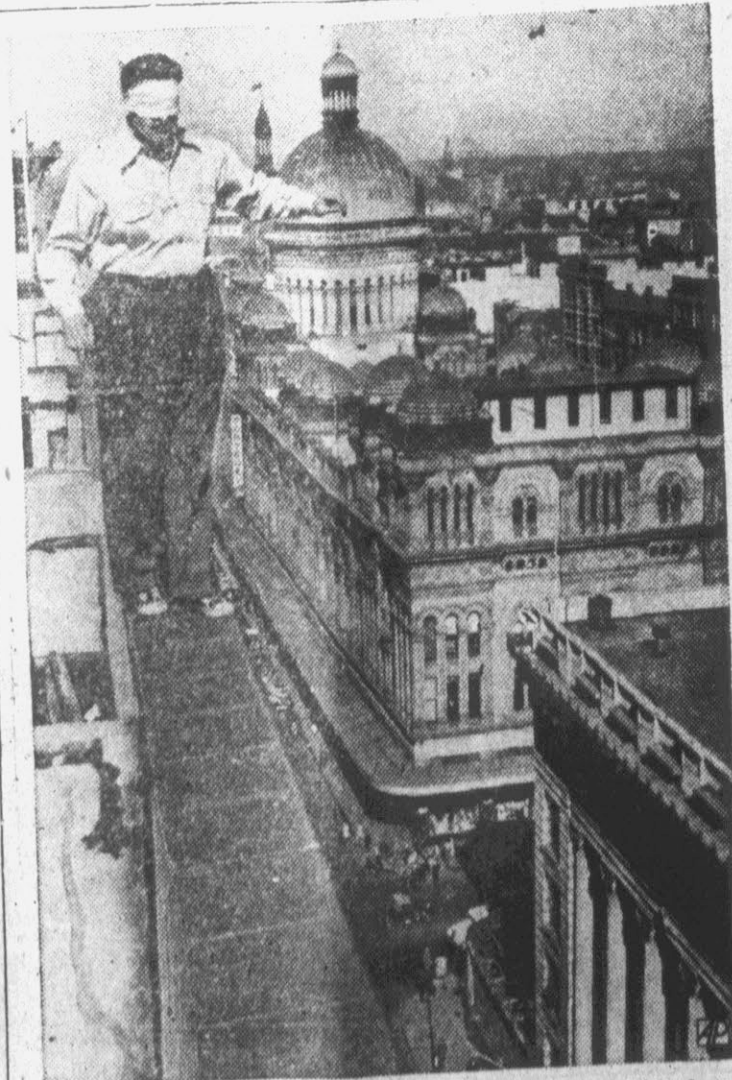

Johnny Foell was yesterday afternoon sold to the New Bern club in the Coastal Plain League, it was announced by local officials. The amount received for the lefthander was not disclosed. Foell during the current season had a record of nine victories as against 13 defeats. He is among the league's leading strikeout artists, with 151.

Facts and Figures—In the 45 games that the Greenies have played at home this season, they have won 20 and lost 25. In the 49 games played away from home this season they have won 15 and lost 34. Their greatest number of wins in a row this season is three, this happening only twice during the season. Their greatest number of losses in a row is 7 games which happened between May 1 through May 8th. Jerry Sheehan of New Bern has won from the Greenies four times without a loss, and Ellington of New Bern has won three without a loss, and Red Derda of New Bern has won two without a loss. Pete Clark of Tarboro has been victorious in four out of five times against the Greenies. Chuck Harrison of the Leafs has won three and lost one to the locals. Fan Bissette of the Tobs has won three and lost two, and Monk Webb has an even break with the Greenies thus far with three wins and three losses. Sam McLawhorn has won four and lost two to the Greenies thus far. Greenville wins against the other clubs this season are as follows: six each from Tarboro, Roanoke Rapids, Wilson and Kinston; four each from Goldsboro and New Bern; and three wins from the Rocky Mount Leafs. In the loss column the Greenies have dropped 10 each to Wilson, Goldsboro and New Bern; eight to Kinston; and seven each to Tarboro, Rocky Mount and Roanoke Rapids.

Attlee ...

(Continued From Page One)
The only concession the prime minister was prepared to make would be the formation of a sort of emergency battle squad of five senior ministers to tackle the economic problems. The big five would be Attlee himself, Foreign Minister Bevin, Chancellor of the Exchequer Dalton, Deputy Prime Minister Morrison and President of the Board of Trade Sir Stafford Cripps.

So Mr. Attlee's government would seem to have weathered a nasty hurricane. The storm signals aren't down yet, though, and won't be until there is marked improvement in the economic situation—a matter of concern not only to the people of Britain but to the world at large—especially America.

WINNING A WAGER—Vic Perry, a British showman, walks blindfolded along a 14-inch-wide parapet 150 feet above the street at Sydney, Australia, to win a bet. He also received a reprimand from police for risking his neck.

SECOND TRIAL FOR PHILLIPS

Bigamous Wife Is Witness; Mother-In-Law Testifies

Lillington, July 31—(AP)—A young Raleigh woman, brought into court on a stretcher, testified in the wife-murder trial of Charlie Phillips today that the accused 31-year-old Angler tenant enticed her into a bigamous marriage in 1945.

The witness, Mrs. Jack Walters, 20, was brought to Lillington from Raleigh in an ambulance to help the state build its case against Phillips who was convicted at a previous trial and sentenced to die for the pistol slaying of his 28-year-old wife last August.

Use of the stretcher was made necessary by the fact that the young witness gave birth to a babe in Raleigh last Friday.

Mrs. Walters told the court she went through a marriage ceremony with Phillips in South Carolina late in November, 1945. She did not know, she said, that he was married and the father of two children. They lived together only three days, she testified.

She quoted Phillips as denying that he was married, and still later, after admitting the fact, as telling her he wanted to marry her again if he could.

The next witness was Mrs. Etta Watson, mother of Phillips' wife. She declared her son-in-law made life for his wife "a misery," with constant cursing, drinking, and mistreatment.

Living directly across the street from the couple, she testified she heard the shot that killed her daughter. On going to the home, she said, she found her daughter fatally shot.

She declared she accused Phillips of killing his wife, and told him, "Now, you've done it."

Phillips replied, she said, "She tried to commit suicide. I knocked the pistol and it went off and shot her."

Dr. Cooke Addresses Meet Of Principals

Dr. Dennis H. Cooke, president of East Carolina Teachers College, spoke on Tuesday evening at the Principals' meeting at Chapel Hill, using as his topic "Adjusting Curriculum Offerings for a Better Development of Worthy Citizenship."

There has been an increase in the number of crimes committed, both in rural and urban districts, Dr. Cooke pointed out. "The greatest percentage of increase was among college graduates."

"Who is to blame?" he asks. "Is it society, parents, schools, churches? Of course, the school and its curriculum are not altogether to blame, but should assume a large part of the responsibility for this increase in crime, this increase in unworthy citizenship," he went on to say.

Dr. Cooke brought his speech to a forceful conclusion with this statement: "Certainly the home, the parents, and others of our social institutions are responsible for a large measure of this decrease in worthy citizenship, but the curriculum offerings must be adjusted to strengthen these institutions as well as to exert a direct influence upon more worthy citizenship."

The republican seventh division, pitted against the Dutch advancing on Malaga from the north, offered no organized resistance except that of log road blocks, tank traps, land mines and occasional sniping, a dispatch from Soerabaya said. The Dutch jungle troops were backed by mechanized forces. Dutch officers said four Dutch soldiers had been killed and six wounded and that a number of enemy snipers were killed.

A Jogjakarta broadcast declared Indonesian shore batteries sank a "Dutch warship" of Tjimring, in Central Java.

The Indonesians said also the Dutch had occupied Lahat, in Sumatra west of Palembang, but that Indonesian troops had halted the advance.

Offer Self-Help Jobs To 51 ECTC Students

East Carolina Teachers College is offering self-help positions to 51 students during the second summer session at the college, according to information from the office of Dean Ronald J. Slay.

Students are paid by the hour at an average wage of 40 cents, and are scheduled to work a total of approximately 3,736 hours during the term ending August 22. The largest number of hours assigned to a worker is 90. The pay is generally used by students to meet college expenses such as room, board and tuition.

The dining room and library require the services of the two largest groups of student workers; 23 men and women students are employed in the former, and eight work as assistants in the library. Four women serve as dormitory hostesses, and one man is in charge of Wilson hall, men's dormitory.

Other assignments are as follows: Infirmary, 3; postoffice, 2; news bureau, 2; administrative offices, 2; departments of instruction, 4; and Austin telephone room, 2.

Eight B29's ...
