THE DAILY REFLECTOR
August 8, 1907
Today the Jefferson Standard Life Insurance Company which is said to be the biggest corporation ever launched in North Carolina, will begin actual business. Quite a number of soliciting agents had been appointed in advance and they were last evening apprised by telegram of the readiness of the company for business.

July Successful Month For Army Recruiting

Enjoying its most successful month of the year, the Army Recruiting Service enlisted a total of 934 men in the states of North and South Carolina during the month of July, according to the figures made public today by Lt. George C. Blinbury, Commanding Officer of the Greenville Sub-Station of the Army Recruiting Service located at New City Hall Bldg.

Of this number the two Recruiting Areas of North Carolina, with main stations at Durham and Charlotte, enlisted 261 and 354 men respectively. South Carolina supplied 241 men, with remaining 78 men enlisting through the various military posts, camps, and stations in the two states.

The local sub-station, which is under the jurisdiction of the Durham Main Station, enlisted a total of 17 men in July.

Lt. Blinbury said that special emphasis had been placed during July on reaching the recent high school graduates with information on the many opportunities open to them in the Army.

Charge Druggist With Abortion, Manslaughter

Wilkesboro, Aug. 8.—(AP)—The Wilkes County grand jury today returned a true bill against Hugh West, a junior druggist of North Wilkesboro, charging him with abortion and manslaughter in connection with the death of Miss Pearl Jenkins near here last Thursday night.

District Solicitor Avalon E. Hall said a copy had been issued for West, but that it had been reported to him that West had left North Wilkesboro earlier this week. Hall said the state would seek to prove that Miss Jenkins died as the result of an attempted abortion. He said drugs were found in her purse.

G. F. Fields, a former paratrooper who had been held in jail without bond in the case, was released here last night. No charges were brought against him. Fields went to his home in Winston-Salem last night but returned here today to testify before the grand jury.

Employment In July New High

Washington, Aug. 8.—(AP)—Civilian employment mounted to a new all-time record of 60,079,000 in July, the Census Bureau reported today.

Joblessness climbed also, reaching 2,584,000 as students sought summer work and graduates hunted their first jobs. This was 29,000 above June.

This month was the second in which the working force topped 60,000,000, the "full employment" goal as defined by former vice president Henry A. Wallace. July employment topped June, the previous high, by 24,000 workers.

Cotton Yield To Top 1946 Crop

Washington, Aug. 8.—(AP)—The Agriculture Department today forecast this year's production of cotton at 11,840,000 bales of 500 pound gross weight.

This estimate, based on conditions of Aug. 1, compares with last year's abnormally small crop of 8,640,000 bales and with a ten-year (1936-45) average of 12,390,000 bales.

Condition of the crop as of Aug. 1 was reported at 78 percent of normal compared with 72 a year ago and 76 for the ten-year average.

The indicated yield of lint cotton per acre was reported at 270.8 pounds compared with 235.3 last year and 250.6 for the ten-year average.

Mrs. James Warren Clark Jr., who before her marriage on Saturday evening, June 12, in the Rosboro Baptist Church was Miss Margaret Estman, daughter of Mr. and Mrs. W. E. Estman of Rosboro. Mr. Clark is the son of Mr. and Mrs. J. W. Clark of Greenville.

Charge Murder

Hendersonville, Aug. 8.—(AP)—J. R. Caltan, night watchman of the Asheville-Hendersonville airport, was charged with murder today in a warrant sworn out by Sheriff F. D. Dalton in connection with the fatal shooting of Nash Cecil Rhodes, Jr., of Wilmington, at the airport early yesterday.

Dalton said he acted after a conference with Solicitor C. O. Riddings. The warrant was made returnable as of August 25 before Judge J. E. Shipman of County Court, who will sit as a committing magistrate.

The sheriff said bond of \$2,500 will be required of Dalton. The night watchman was not arrested immediately.

Clark Promises To Check Charge

Washington, Aug. 8.—(AP)—Attorney General Tom Clark promised today to give his "attention" to Howard Hughes' charge that Senator Brewster (R-Maine) offered to call off an investigation of Hughes' activities if the plane builder agreed to a merger of the Trans World Airline with Pan American.

Clark, chairman of the Senate investigating committee, requested the inquiry after Hughes, who controls TWA, accused him of making the offer during a private luncheon early this year.

Brewster made public Clark's reply today.

News Briefs

Washington, Aug. 8.—(AP)—Tentative plans of the public buildings administration disclosed today that the civil service commission's fourth regional office is scheduled to be returned to Washington from Winston-Salem, N. C., in December.

Washington, Aug. 8.—(AP)—President Truman today signed legislation establishing sugar quotas for use in times of surplus.

Simultaneously he made public a letter from secretary of state Marshall intended to allay any fears that the legislation might be construed as an unfriendly act.

Washington, Aug. 8.—(AP)—Bishop Homer A. Tomlinson, general overseer of one faction of the Church of God, announced today he would extend the olive branch personally to his brother, Bishop Milton A. Tomlinson, general overseer of the other faction, after their four-year separation.

Washington, Aug. 8.—(AP)—President Truman has advised Rep. Herbert Bonner that he will be unable to attend the Lost Colony pageant at Manteo August 18.

Globe-Girdler Lands In Cairo

Cairo, Aug. 8.—(AP)—A third of the way around the world, Pilot William P. Odom reached Cairo tonight at 5:44 p. m. (10:44 a. m. EST).

The Roslyn, N. Y. airman, flying solo in a converted A-26 bomber, was 21 hours 51 minutes out of Chicago, his starting point. He hoped to complete the circumnavigation feat in 90 hours, beating the 188-hour solo record set by Wiley Post in 1933.

Odom averaged about 315 miles an hour on his flight from Paris, where he set down earlier today after an overseas hop from Gander, Nfld. Tail winds were expected to help him on the next leg, to Marachi, India.

Wedemeyer Returns From Survey Tour

Nanking, Aug. 8.—(AP) Lt. Gen. Albert Wedemeyer returned today from a fact-finding tour of North China and Manchuria. He will remain in Nanking a week before going to Formosa to continue his survey. An official source said the general expected to make a trip to western China, stopping at Chungking and Chengtu, before leaving for Korea about Aug. 24.

Education Board May Be Asked To Review Action

Hickory, N. C., Aug. 8.—(AP)—The State Board of Education may be asked to reconsider its action in revoking the teaching certificate of R. L. Fritz, Jr., Hudson school principal.

Steering Committee members who directed the campaign last spring for the South Piedmont salary schedule for teachers have been asked to meet here Sunday afternoon. Miss Margery Alexander of Charlotte, chairman of the South Piedmont Teachers Committee, called the meeting here and said the Fritz case would be discussed. She said a resolution might be adopted and presented to the board.

Miss Alexander said she had heard from many teachers throughout the state and that many believed (1) that if Fritz had not served as chairman of the South Piedmont Committee, the Hudson bookkeeping matter would never have been called to the attention of the state board, (2) that the board should not have taken such drastic action as to deprive Fritz of his earning a livelihood as a teacher.

Reports Demise Of Hungarian

Budapest, Aug. 8.—(AP)—A reliable informant said today he had seen a Soviet letter reporting the death of Bela Kovacs, former secretary general of the Smallholders Party whose arrest by the Russians provoked protests from the United States government.

The informant said Russian Minister G. M. Pushkin had reported the death, without specifying place or time, to the office of Hungary's acting foreign minister, Erno Mihalffy. Since Kovacs was arrested by the Russians, he presumably died in a Russian prison.

Frustrate Plans Of Divorcee And Boy To Marry

Detroit, Aug. 8.—(AP)—A 24-year-old divorced mother and the high school boy she came to Detroit to marry were ready today to be returned to Ohio—their project a failure.

But red-haired Mrs. Dolly Cox, who has waived extradition to Ohio where she is charged with contributing to the delinquency of a minor, insisted she was determined to become the wife of 16-year-old Louis Kotonis "even if I have to wait until he's 21."

"He's my man," Dolly said at the police station after she was arrested with Louis late Wednesday at the home of her relatives.

Here's How Agriculture Department Expects Food Prices To Be This Fall

Washington, Aug. 8—(AP)—Here is the way the Agriculture Department expects prices and supplies of major farm and food products to stand up during the next few months:

Meat and livestock—A seasonal decline expected in fall, but the amount will be "only moderate" if consumer incomes stay high.

Feed grains—The weather remains important to price prospects for corn and other feed grains. If it's favorable through the remainder of the growing season, prices probably will decline this fall and winter, but may average higher than last year.

Dairy products—Further increases expected during fall and winter, but they are unlikely to reach levels of a year ago after ceilings were removed.

Eggs—A less-than-usual increase expected this fall.

Wheat—Prospects for a small corn crop are tending a strengthening prices despite record wheat crop.

Fats and oils—Larger production forecast.

Fruits and vegetables—Growers' fruit prices this summer expected to continue below last year. Fruit production will be larger. A more rapid decline than usual is expected in prices of most commercial truck crops grown for the fresh market this summer. Potato prices will average higher than last year for the next few months.

RECOVER BODY DROWNED TOT

Parents Watch Firemen Find Child Near Family Home

Falmouth, Mass., Aug. 8—(AP)—The body of Nancy Perini, 4, niece of Lou Perini, millionaire contractor and part owner of the Boston Braves baseball club, missing since yesterday, was recovered today from the ocean in full view of her parents watching dragging operations in the family porch.

The body was recovered while District Attorney Frank E. Smith's investigators were proceeding on the theory she had been kidnapped. Police said there appeared to be no doubt the drowning was purely accidental.

The body was hooked by firemen who began dragging operations at 3 a.m. under floodlights.

As it was pulled ashore, Mrs. Perini cried, "Oh, my baby," and collapsed in the arms of her husband, Charles, a Braves stockholder and associate of his brother, Lou, in the contracting business. He carried her gently into the family summer home.

The tot's tiny form was hooked about 20 feet from shore at a spot that has a seven foot drop on Meganset Beach, directly in front of the Perini summer estate.

Police said that the little girl apparently wandered alone from the yard of her home to the beach and waded to death while the resort was deserted. She was wearing a tiny bathing cap.

Campus Intruder Gets Six Months Prison Sentence

By CHESTER WALSH
In Police Court today Judge J. W. H. Roberts sentenced William H. Renn 22-year-old typewriter and adding machine repairman, to six months on the roads after finding him guilty of disorderly conduct and indecent exposure on East Carolina Teachers College campus on the morning of August 1. Judge Albert Dunn, his attorney, gave notice of appeal to Superior Court.

Several young women women students testified that early in the morning Renn parked his car in front of the library and indecently exposed himself. Renn went on the witness stand and admitted he was there and said if he was indecently exposed he did not know it.

One of the women students testified that when she learned that Renn's conduct had attracted attention of girls in Wilson Hall, that she got a message to Garland Bailey in another dormitory to identify the man in the parked car. Bailey said that he and Everett Hudson got in his car and that as they approached Renn, he backed his car and fled. Bailey said he told his roommate to get the car license number and that he chased Renn some distance and finally got up with him at Fifth and Cotanche Streets and then reported the case to police, who later arrested him.

JAYCEES BACK NEW HOSPITAL; CARR SPEAKS

Junior Chamber Falls In Line With Other Civic Organizations; Vote Support

Following an enlightening and inspiring talk by Stuart Carr, the Greenville Junior Chamber of Commerce last night fell in line with other civic organizations of the city in voting unanimously to support the movement to pass the bond issue for a new \$900,000 Pitt county hospital which will be decided by the voters of the county on Sept. 16.

In pointing out to the Jaycees the need for a larger hospital in Pitt County, Carr cited the fact that Pitt county, while having one of the largest populations of the Eastern North Carolina counties, has less hospital facilities than do most of the counties in the section. "As a progressive," Carr stated, "we are way behind the other counties as far as hospital facilities are concerned."

The movement for building a hospital in Pitt County with State and Federal aid was begun more than a year and a half ago and based on a survey made by Dr. Rankin of the State Medical Board plans were made for a 140 bed hospital. The size of the proposed hospital was based on the ratio of two and one-half beds for each 1,000 population in the county in 1943.

Carr explained that for the \$900,000 hospital, Pitt County would pay only \$351,000, the rest being financed by the federal and state governments "with no strings attached." The proposed hospital will be owned and operated by a board of trustees which will be appointed from the county at large. A medical advisory board will be appointed for advisory purposes by the Pitt county medical association, but will act only in the capacity of advisor to the board of trustees.

According to Carr, the trustees of Pitt General Hospital have agreed when the new hospital is opened the present Pitt General hospital will be sold and the proceeds and all usable equipment will be turned over to the new Pitt County hospital.

Registration for the bond issue will be held at the regular polling places throughout the county on the three Saturdays from August 16 through September 6, and the actual vote will be taken ten days later on September 16. Every person who wishes to vote in the bond election must register during the time appointed, but it was pointed out any person registering for the election and failing to vote on September 16 will be counted as voting against the bond issue.

Triple Funds For Wildlife Projects

Washington, Aug. 8—(AP)—Federal funds for North Carolina wildlife restoration projects for the fiscal year ending June 30, 1948 will be three times as great as last year.

Interior Department spokesmen said that \$105,515 had been allocated. With the state providing an additional 25 percent, the overall fund would total about \$130,000.

P. R. Masten Engaged By Life Insurance Co.

P. R. Masten, 25-year-old World War II veteran and Greenville resident, has joined the Mutual Life Insurance Company of New York as a field representative in Greenville, according to an announcement by Stanley K. McAfee, manager of the company's Charlotte agency. Mr. Masten will work under the supervision of John R. Taylor, assistant manager, as at New Bern.

Mr. Masten, who is a native of Mount Airy, was graduated from high school in Winston-Salem and attended the University of North Carolina. Before joining the Mutual Life he was with the Taff Office Equipment Company. He enlisted in the United States Marine Corps in 1942 as a private and was discharged as a lieutenant in 1945. He spent two years in the Pacific Theatre and was a member of one of the first contingencies that landed at Guadalcanal.

The young war veteran is married to the former Elizabeth Wells of Greenville and they have two daughters, Alice Joyce, 2, and Betsy Lou, 3 months.

AFFIX METERS ON EVANS ST.

Greenville's Parking Meters Go Into Use Next Week

By Chester Walsh
The "Mark Time" parking meters had been installed on Evans street from Five Points to Third street today and they were attracting considerable public interest. Their ease and simplicity of operation appeared to have impressed them. Three hundred and fifty-five are to be installed. They will be officially put into operation next week. In the meantime police officers are on duty to explain their operation.

The parking meters may be operated with a penny or nickel—no other coin. A clock-like mechanism operates the parking-time recorder. Cars are to be parked parallel to the curb and within five inches of it. A penny in the slot and a turn of the crank until it clicks entitles a motorist to park for 12 minutes. Five pennies or a nickel permits parking for an hour. Insertion of additional pennies extends the parking time and a dial on the meter shows just how much time is left. Don't put in two nickels. If you do one of them will come back to you. If you want to extend your parking time, simply insert more pennies, but not more than five at one time. The meters are set for one-hour parking. They are on both sides of the streets.

Installation of meters will relieve the parking congestion in the business section, city officials believe. As early as it has been shown that parallel parking has widened the traffic lanes and traffic is considerably speeded up. "A frequent comment of pedestrians is, 'the street looks wider.' Another comment 'There will be fewer collisions since cars are not now park too close to street corners.' Parking spaces are visible at once when a motorist enters a block and he has clear vision when he leaves a parking space.

The meters are mounted on four foot galvanized iron pipes. Before the meters were attached the iron posts along the blocks recalled among old-timers "the long ago hitching posts for horse-drawn vehicles were here, there and everywhere."

Strength FOR THE DAY

GOOD TREES AND CORRUPT
"Make the tree good" is the very solemn counsel of our Lord. See to the health of the inner life, and actions will take care of themselves. We must make the tree good and therefore its fruit good, or else the tree will become corrupt and its fruit also.

What is the result? If we make the tree good, God will prune any dead or unnecessary branches and cultivate it like a good husbandman, and it will bring forth much fruit. But if we make the tree corrupt, God will not allow it forever to lumber the ground. If a tree brings forth good fruit, it is hewn down and cast into the fire. A good tree is known by its fruits and so is a man. The true test of religion is its usefulness. The question of outstanding importance is not, Who are you? Rather is it, What are you doing to fulfill the will of God and make the world a better place in which to live? Some people want to judge others by their roots rather than by their fruits; by their size rather than their usefulness; by appearance rather than by utility. These, said Jesus, are false tests.

The question is not only, What do you believe? but also, What difference does this belief make?

WASHINGTON LETTER

By JANE EADS

Washington.—The darkened city was suddenly bright with the yellow blaze of torches, the quiet worried by the wailing of weeping men and women. Louise Yim's home was like a house of mourning. The news that Japan had annexed Korea had swept through Seoul, the capital. The Mayor had committed suicide. Louise vowed then that when she grew up she would save Korea.

Miss Yim, a delegate to the United Nations, chosen by her people and the United States military government, will never forget that day in August, 1922.

Louise says she felt like she was imprisoned in a "dungeon of rock" until her grandmother, a curious woman, took her to see a "different kind of lady—from America," a missionary.

"God will help you get what you ask for, if your parents can't," the missionary lady told Louise, "all you have to do is pray."

So pray Louise did. She read about Joan of Arc helping to save France and George Washington to save America.

"I can do this for Korea," said the growing young girl.

Miss Yim, besides being a UN delegate, has been president of the Central Women's University of Korea for 14 years and is also chairman of the Korean Women's Democratic party. This group was organized right after Korea's liberation. It boasts 100,000 members, and its committee chairmen were leaders in Korea's underground during the war.

This is Miss Yim's third trip to the United States. She first came to this country in 1923 to study at the University of Southern California. She majored in political science. In 1933 she returned to Korea, organized and became general secretary of the TWCA. Later she was made president of the University. She again came to this country from 1937 to 1940, visiting our educational institutions and raising funds for schools in her own country.

When she returned to Korea the Japanese asked her to broadcast throughout the land against the United States.

"Even if you kill me, I can't," she told them.

"They placed me under arrest, held me prisoner in my home, closed my school," she says, "but she maintained contact with underground forces. Recruitment and training of more physicians, nurses and professional people throughout the world for tuberculosis work.

The two doctors offer no suggestion as to the means of raising money for such a program.

Dr. Hilleboe, now New York State Health Commissioner, said in a separate editorial that the details of an international tuberculosis control program "properly should be developed by the World Health Organization."

Attlee Plan . . .

(Continued From Page One)

Home Secretary Clive Ede, backing the bill, said "we believe that this is a crisis likely to move forward with such rapidity that we should have power to deal drastically and swiftly with awkward situations that may arise."

Churchill snapped: "Hitler said that."

Launching an all-out conservative attack on Prime Minister Attlee's plans for meeting the economic squeeze—which labor spokesmen asserted were "appropriate and necessary"—Churchill declared:

"The government's proposals will mean the abolition of Parliament and of all our long cherished rights."

Government-requested legislation to implement the Attlee program would extend and strengthen government powers, dating from wartime, to direct labor into "necessary" industry and intervene in "inefficient" industries. The pro-

gram itself was aimed at cutting down imports and boosting production for export.

Speaking just before Churchill took the floor, Deputy Prime Minister Herbert Morrison declared: "We are not going to be cross-examined in advance as to exactly what we will do with the powers when we get them."

Churchill maintained that the labor and industry controls asked by the government would destroy British freedom and added:

"These powers are the negation of 'British freedom and way of living in time of peace.'"

He said the Socialist ministers would be "the absolute masters" of the country while Parliament was in recess. It is scheduled to adjourn for the summer next week.

Senator Regrets Press Statement

Washington, Aug. 6.—(AP)—Senator Brewster (R-Me) said today he regrets making a press statement that an airline hostess was afraid to travel alone with Howard Hughes.

"I am not proud of my comment on that affair," the Maine senator told a news conference.

Brewster made the original statement 10 days after Hughes, multi-millionaire plane builder, had asserted that Brewster accepted \$1,400 worth of free air transportation from him.

HIS TWO YEARS SEARCH ENDED BY RETONGA

"I now enjoy every meal, sleep soundly and get up feeling refreshed," states Mr. Galloway

"I feel better and stronger than in years and I have Retonga to thank for it," declares Mr. J. W. Galloway, expert machinist who resides at 219 Piedmont Court, Charlotte, N. C., in adding his name to the thousands happily praising this famous vitaminized gastric tonic.

"About two years ago," continued Mr. Galloway, "I began to suffer from acid indigestion after meals and soon got to where I had to be very careful about my diet, but even this didn't seem to help much. My appetite left me, and so much gas formed in my stomach I always felt uncomfortable. I slept poorly, I woke up feeling worn out, and constipation kept me taking strong laxatives. I felt all fagged out and nothing seemed to give me worthwhile help."

"A relative recommended Retonga and it gave me so much relief that I now enjoy every meal. I sleep soundly and get up feeling rested and fresh. The sluggish elimination is relieved and I feel better and stronger than in two years. It would be hard to praise Retonga enough."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissett's Drug Store.—Adv.

Dodgers Depend On Home Tilts To Make Up Losses

Ten-Game Lead Cut To Margin Of Four; Cards Continue Winning Drive; Giants Not To Be Forgotten

By JACK HAND

(Associated Press Sports Writer) Brooklyn's weary Dodgers their 10-game lead sliced to four by a series of disasters in Chicago and Boston, stagger back to home cooking tonight, banking on a 700 winning record at Ebbets Field to halt their toboggan slide.

World Series talk has evaporated and the question of the day in Flatbush is "what's the matter with the Dodgers?" The fellow who knows the answer could command a princely salary from President Branch Rickey.

While the Dodgers have been losing six of their last seven since sweeping three at St. Louis the world champs have racked up seven straight wins, to cut six full games of the Dodger lead.

Nor can the Dodgers concentrate solely on the Cardinals for the Giants, the real surprise club of the year, have stuck with the pace. They trail the leaders by only five games.

Red Barrett, a choice target for Leo Durocher's barbs in other years, tripped the Dodgers all by himself yesterday, throwing a three-hitter and doubling to start the Braves' winning rally, 3-1. The Dodgers' Harry Taylor came up with a well pitched ball game but not good enough.

The Giants took another fall out of the injury-riddled Phillies for a third straight 5-2 win. For the second day in a row there were no

Fight Tonight

New York, Aug. 8.—(AP)—Billy Fox, the hard-punching Philadelphia light heavyweight and Georgia Kochan, veteran New Yorker, clash tonight in the feature 10-round bout at Madison Square Garden. It will be a third meeting between the two, Fox having previously twice stopped Kochan in heated struggles in Philadelphia and St. Nicholas Arena here.

Giant homers in fact only four hits off Oscar Judd and Al Jurisich but a pair of wild pitches and an error by Jim Tabor made hits unnecessary.

Enos Slaughter led the blazing Cardinals with a pair of singles and a triple, driving in three runs in the 9-2 romp over Cincinnati's Kent Patterson.

The Reds lost more than the ball game because their ace rookie outfielder, Frank Baumholtz, suffered a slight concussion in a collision with Shortstop Eddie Miller while chasing a Texas leaguer. Miller received a deep cut on his chin.

Kirby Higbe lived up to his high price tag by hurling a seven-hit 3-0 shutout for Pittsburgh against Chicago. It was the first shutout of the year and a ninth victory for "Old Hag" Ralph Kiner's 27th homer in the second inning started Hank Borowy on the way to his ninth loss.

The Boston Red Sox, who open a last ditch stand tonight against the New York Yankees whom they trail by 13 1-2 games warmed up with a 12-2 slaughter of Washington.

Only 698 cash customers braved the 96-degree heat to watch the St. Louis Browns lose another one, this time to Chicago, 8-4.

The American Legion-sponsored Greenville All-Stars will play the Norfolk Royale here Sunday, August 10, in Guy Smith Stadium at 3 o'clock. Special seats will be reserved for white patrons.

Greensboro, Aug. 8.—(AP)—Nick Sacraty, star Wake Forest half-back, has signed a \$30,000 three-year contract to play professional football with the Chicago bears.

Los Angeles, Aug. 8.—(AP)—The 100-meter American breast stroke record of one minute, 12.4 seconds was bettered by nearly three seconds last night in the Los Angeles swimming stadium by Bobby Soh. University of Michigan entrant in the Meet of Champions.

Boston, Aug. 8.—(AP)—Yesterday's turnout of 16,977 at the ball game between the Brooklyn Dodgers and the Braves boosted the series' total paid attendance to 103,038, the largest for a four-game series in Braves' history. It also boosted the year's paid attendance at Braves field to 88,071.

Boys League

Training School's Red Sox won their series with the Giants of Third St. by taking their third game yesterday, 9 to 7. The Sox seemed destined to win, after losing the first game they put on rallies during the late innings in their last three games to grab the honors. The Giants built up a 5 to 1 lead going into the fifth inning on the solid hitting of Larry Fife and Bernie Harrison, who got three hits each. Harrison, who got three hits each, only to have the Red Sox to score four times in each of the last two innings to win. Begie Whitehurst led the Red Sox hitting with two doubles and a single. Billie Wooten got two singles for runnerup honors.

The Yanks of the Training School took the honors in the Junior league by trimming the Lions from W. Greenville for their third win in the series in an extra-inning thriller 15 to 14. The Lions scored one run in the seventh to tie the score at 14 to 14 and send the game into extra innings. Both teams had big opportunities to break the tie but double plays nipped the rallies. Jerry Phillips with three singles and two doubles, George Philis with three singles and Howell with three singles led the hitting for the Lions.

George Sideris with two doubles and two singles and Morgan with two triples and a single led for the Yanks.

After losing their first two games in the series the Tigers of Third St. came back to win over the Greenies yesterday 9 to 7 and stay in the fight for the playoff honors. Bobby Fife relieved Jordan on the mound for the Tigers after the Greenies had scored four runs in the second inning and retired the side without further scoring. He was given considerable aid by some poor base-running on the part of the Greenies. The "Greenies" scored two runs in the sixth but could not overcome the lead of the Tigers. Julian Vainwright led the hitting for the winners getting two doubles. Tom Lup-ton with a double and two singles was the leader for the Greenies.

These two teams play this afternoon at Third St. If the Greenies win the series will be ended, if the Tigers win the series will be tied up with the deciding game to be played next week.

Greenies Fall, 10-4; Foell Faces Former Teammates

New Bern Aug. 7.—Johnny Foell, sold recently by Greenville to New Bern, held his former mates to seven hits here tonight while the Bears were pounding out 17 blows against the Greenies to score a 10-4 triumph.

Urban, Soufas and Settle, each with three hits, paced New Bern's heavy assault on Greenville's Larry Baldwin who went the route for the visitors.

Settle, Brooks and Knowles had homers for the Bears.

Social Security

Every person who is planning to work in a tobacco warehouse or tobacco factory this season should check now to see if he has his social security account number card. This is important because every employee must show his social security card to his employer when he starts work according to a statement made today by M. H. Barney, manager of the Social Security Administration field office, located in the post office building, Rocky Mount, N. C.

If a man or woman has never had a social security number and intends to work this tobacco season, he may obtain an original social security account number card by filling out an application blank and mailing it to the Social Security Administration, Rocky Mount, N. C.

These application blanks may be obtained from your local post office, employment service office or from the field office of the Social Security Administration.

If a worker finds that he has lost his social security card, he should apply immediately for a duplicate card. A duplicate card is also obtained by filling out an application blank and sending it to the Rocky Mount office.

Every person who gets work in a tobacco warehouse or tobacco factory should have a social security card. "A social security card," Mr. Barney said, "immediately establishes an insurance account with the United States Government and opens the door to eventual benefits under the federal old-age and survivors insurance system."

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY

• If you get up nights—have frequent de-

sire to pass your water—but have only

scanty passages—yes, and have backache,

due to excess acidity in the urine, be glad

you're reading this:

Three generations ago Dr. Kilmer, a

famous doctor, found hundreds of his

patients with this trouble. Painstakingly

he made a medicine of 16 herbs, roots,

vegetables, balsams—Nature's own way to

relieve. He called it "Swamp-Root" and

millions of grateful men and women have

taken it—often with amazing results.

Swamp-Root goes right to work to

flush out kidneys... increases flow of

urine, helping relieve excess acidity... so

the irritated bladder gets a good flushing

out, too. Many report getting a good

night's sleep after the first few doses.

Caution: take as directed.
