Schedule Monday For Loan Session

Secretary Of Treasury Snyder Announces Discussion Of Easing American Loan Terms To Britain Will Start Next Week

Washington, Aug. 13—(AP)—Secretary of Treasury Snyder announced today that discussions will start Monday with British officials on easing terms of the \$3,750,000,000 American loan to Britain.

Snyder told a news conference that the National Advisory Council on International Monetary Problems headed by himself, will conduct the discussions on behalf of this country.

The British delegation, which will fly here this week-end, will be headed by Sir Wilfred Eady, Special Assistant to Chancellor of the Exchequer Hugh Dalton.

Although no formal requests have been made, it is understood that England will ask concessions which would permit her to conserve her dwindling dollar supply by increasing imports from British dominions and decreasing imports from the United States.

The present terms of the loan agreement prohibit this.

Snyder emphasized it was his understanding that the conference would be strictly limited to the British loan and not delve into other aspects of the British "dollar crisis" or European aid.

He declined to comment on prospective changes, saying: "I want to find out what the British delegation has in mind before making any statement."

"We are prepared to listen to anything they bring up, as long as it is within the area of the Anglo-American loan agreement."

In the weeks since full convertibility became effective, the flight of dollars from Britain's dwindling supply has increased.

The Treasury Secretary said he could not guess how long the conference will last. He plans to go to London for the opening on September 10 of the annual meeting of the Board of Governors of the International Monetary Fund and the International Bank for Reconstruction and Development.

The importance of the talks was emphasized by the announcement that the National Advisory Council will speak for the United States.

Members of the council include Secretary of Treasury Snyder, Secretary of Commerce Hiramman and heads of the Federal Reserve System and the Export-Import Bank.

In dealing with routine matters sides act for them.

It was the National Advisory Council which agreed last month to relax one clause in the loan agreement with the aim of permitting greater trade between the United Kingdom and British Territories.

Vandenberg To Nip '48 Draft

Washington, Aug. 13—(AP)—Senator Arthur Vandenberg was said today to be planning to chill the new grass-roots movement developing in Michigan to draft him for the 1948 Republican presidential nomination.

Although the Michigan senator himself declined comment, friends said the chairman of the Senate foreign relations committee will make it plain when he returns from the Rio de Janeiro inter-American conference that he does not intend to be even a darkhorse candidate.

Developing Self Rule Peoples Who Have Been Living Under American Rule Gaining More Voice In Own Affairs; Movement Is Faster Than Before; Speed-Up Is Noticeable

Washington, Aug. 13—(AP)—Outside this country's borders, the peoples who long have lived under American rule are gradually gaining more voice in their own affairs.

To some, this progress must seem slow.

But it is faster than before. There has been a noticeable speed up in the movement toward greater self-determination in U.S. territories and possessions during the past few weeks.

Here is a roundup of the situation: Hawaii—This territory of half a million people has a good chance of becoming the 49th state of the union, and relatively soon.

EGYPT AGAINST PUTTING CASE BEFORE COURT

No "Legalistic" Settlement Of Dispute With Britain Said Desired

Lake Success, Aug. 13—(AP)—Egypt is opposed to putting her case against Britain before the International Court of Justice at the Hague, an authoritative source declared today.

This view was expressed as the United Nations Security Council gathered for the third airing (at 3 p. m.) of the case in little more than a week.

Sir Alexander Cadogan, the British delegate, who so far has delivered two long speeches on Egypt, was ready with an answer to an Egyptian blast delivered Sunday.

Egypt has demanded repeatedly that the Security Council order the British to leave Egypt "immediately and to terminate the joint British-Egyptian rule over the Sudan."

The British argue that Egypt signed a treaty covering these several points which is good until 1956 and that the issue is whether any nation can break a treaty by appealing to the United Nations.

Apparently seeking to down reports that the case might go to the International Court, a source familiar with Egyptian policy said that Egypt is opposed to any "legalistic" settlement of the dispute.

This source said that the Egyptian people wanted a clean-cut decision and did not want to become involved in legal maneuvering.

Meanwhile, the Security Council paved the way for a long session on the conflict in the East Indies by deciding to seat a representative of the Indonesian republic at the council table.

The vote, taken late yesterday, was 8 to 3, with Britain, France and Belgium in the negative.

The Indonesian affair was put off until tomorrow afternoon. The council also must decide on a second request from the Philippines to be heard on the Indonesian row and an Australian motion for the council to create a commission to report directly to the Security Council on the situations in Indonesia.

The vote, taken late yesterday, was 8 to 3, with Britain, France and Belgium in the negative.

President Sees Delegation Off For Conference In Rio

Washington, Aug. 13—(AP)—President Truman sent the United States delegation off to the Pan American security meeting in Rio de Janeiro today with his best wishes for "a successful conference."

"I come to bid you gentlemen farewell, and wish you a happy and successful trip and a successful conference," Mr. Truman told the departing delegation at Washington National Airport.

"I am glad to have this delegation—as it has so many times in the past—working for peace in the world, particularly in the Western Hemisphere."

The United States delegation to the conference, opening in the Brazilian capital Friday, is headed by Secretary of State Marshall and includes Chairman Vandenberg (R-Mich.) of the Senate Foreign Relations Committee and Warren R. Republics since 1942 when they

Austin, U.S. delegate to the U.N. Security Council and former Republican senator from Vermont.

After the delegation had received the President's good luck wishes, Senator Vandenberg stepped to the microphones and declared he hopes "the Rio conference will set an example to the rest of the world."

Mr. Truman commented: "I agree with that."

Secretary Marshall, replying to the President's brief, informal speech, said that he and his colleagues are flying south "in the interest of what is very important in the world of today—the solidarity of the Western Hemisphere nations."

Austin said the "unique thing about the Western Hemisphere is the development of unity out of disunity."

He called the forthcoming conference of foreign ministers the "second chapter in the Act of Chapultepec, with endless possibilities for world peace."

Mr. Truman himself will fly to the Brazilian capital later this month or early in September to address one of the final sessions of the conference, called to write a formal military defense treaty for this hemisphere.

Due to open Friday, the conference will be the first meeting of the foreign ministers of the American

gathered to declare their unity in the war against the axis.

The foundation for the Rio assemblage was laid two years ago at Mexico City. At that time the Act of Chapultepec was drafted to meet the problems of war and peace facing the nations of the new world.

Austin, as a member then of the Senate Foreign Relations Committee, helped write the Act of Chapultepec.

Although a veteran of many international huddles, the Brazilian meeting will mark Vandenberg's first actual conference table work with Marshall since the former Army Chief of Staff succeeded James F. Byrnes as secretary of state.

Senator Connally (Tex.) and Rep. Blom (N.Y.), Democratic members of the bipartisan foreign policy team, went to Brazil by boat 10 days ago.

Two Arabs Die In Knife Fight; Score Or More Injured

Jerusalem, Aug. 13—(AP)—Two Arabs were reported stabbed to death and six Arabs and two Jews suffered knife wounds in three separate incidents today in the slum quarter between Jaffa and Tel Aviv.

Reports from the area said that Jews and Arabs had been engaged in a stone-throwing battle along the dividing line between the two cities since dawn and that almost a score of injured had been given treatment at clinics.

The stabbings raised to 10 killed and 25 wounded the casualties resulting from racial strife between Jews and Arabs which broke out Sunday night.

Troops of the British first infantry division were stationed throughout the trouble area in an effort to avert further bloodshed—but military authorities in Jerusalem said no curfew was contemplated at the moment.

All shops in the border area between Tel Aviv and Jaffa remained closed this morning and most residents of the squalid region on both sides of the dividing line kept their shutters closed despite the intense heat.

Boy Held As Train-Wrecker

Frederick, Md., Aug. 13—(AP)—A 12-year-old boy was held by Frederick County police today after his second attempt within six days to wreck a train.

Kenneth McGaha of the Baltimore and Ohio Railroad police said spikes placed on the tracks near Reel's Mill failed to derail a freight train only because it had slowed for a curve.

The boy said he "wanted to see what would happen to the engine."

British Draw \$150 Million From Remaining U.S. Loan

Washington, Aug. 13—(AP)—Britain hard up for dollars, has withdrawn another \$150,000,000 of her United States credit, the Treasury disclosed today.

The withdrawals leaves only \$850,000,000 remaining of the \$3,750,000,000 granted in mid-1945.

(Britain's loan from the United States was handled similar to a loan an individual gets from a bank but leaves on deposit there. The Treasury simply set up a \$3,750,000,000 credit account on which Britain could draw for dollars as needed.)

Treasury officials have estimated the entire credit will be exhausted by Oct. 1 if the present rate of withdrawals is continued.

Originally, it was estimated the funds would last until June 30, 1948, by which time the British government expected to have its economy stabilized.

The British "dollar crisis," besides necessitating heavy drains upon the American financial credit, caused Prime Minister Attlee to invoke stringent checks last week on British imports.

British withdrawals have totaled \$850,000,000 since the start of the U.S. government's new fiscal year on July 1.

Advice For Yawn-Victim From All North America

Winston-Salem, N. C., Aug. 13—(AP)—Miss Ferguson, 28-year-old victim of a strange ailment which partially locked her jaws, was learning to eat all over again today.

Unable to open her jaws for more than a quarter-inch for several weeks after she yawned last June 22, Miss Ferguson reported definite improvement in her condition today, saying she was responding to heat treatments and now was able to open her mouth about a half-inch.

She was ready to turn her back on a liquid diet under which which she dropped from 135 pounds to 100 pounds a week ago. She stopped weighing then as, she said, she didn't want to see her weigh fall under the 100-mark.

Today she pattered around her kitchen table, eating a little bit of "this and that." She grinned and pointed to her "yawn scrapbook," which she started when letters and

telegrams first started pouring in to her from well meaning advisors in this country and Canada. She counted 721 letters, 20 telegrams and several long distance calls.

She lifted her three prize letters from the scrapbook and read them to friends:

"London, Ontario, Canada I would advise you to put on turpentine—I have used it for broken limbs and many other cases—"

Haughton, La.—Here is some button snake root. Make a tea out of it—my husband saw it open a man's jaw who had been lock with measles—"

Los Angeles, Calif.—Will you please try standing on your head. Let someone throw you in some cold water—"

She said she still hasn't dared yawn again. She learned a way to cut of a yawn in its infancy.

"Just press your thumbs under your chin," she said. "It'll work every time."

CIO Renews Request That President Call Price Council

Seek Industry-Government-Labor Conference To Work Out Voluntary Price Reductions; Clark's Order Criticized

Washington, Aug. 13—(AP)—The CIO, contending the price situation demands further action than a Justice Department investigation, renewed today a request that President Truman call an industry-government-labor conference to seek voluntary price reductions.

Emil Rieve, chairman of the labor organization's full employment committee, said in a statement that the CIO welcomes Attorney General Clark's announcement that an investigation of high prices will be made.

"But many prices are set by large monopolies and monopolies do not necessarily fall under the criminal law and Clark's investigation," he added.

"For example, in the automobile industry, General Motors controls probably 60 percent of the business and therefore is able to dictate prices."

"So we feel that steps should be taken at once to carry out our proposal of yesterday, that President Truman summon a conference of industry, government, and labor representatives to seek voluntary price reductions and that Congress immediately upon reconvening, should reestablish price and rationing controls."

On Capitol Hill, Rep. Crawford (R-Mich.), a leading congressional

critic of OPA, labelled as "fantastic" Clark's order for an anti-trust investigation into food, clothing and shelter prices.

The lawmaker said it appears to him to be aimed at bringing about a depression at home to help foreign nations buy more goods here.

He added that Clark ought to turn his attention to the Administration's fiscal policies which, Crawford contended, are the cause of high prices.

"The National Federation of Small Business announced, meanwhile, that Clark's program is in line with what that organization has been urging since last spring.

Washington representative, said reports indicate particular concern over "growing economic concentration in distribution businesses."

The Justice Department itself was silent on what leads, if any, it may have uncovered to prompt Clark's promise of jail terms for anyone found guilty of "conspiracies" to force prices up and keep them there.

New York spokesmen for the thirty industry groups cited said their records are clear.

Most Congress members still in Washington adopted an attitude of waiting to see what their committees find out during a series of cross country studies this summer and fall.

Paraguayan Forces Pursue Rebel Army

Buenos Aires, Aug. 13—(AP)—An official Paraguayan source here said rebel forces were fleeing from their positions around Asuncion today after suffering a sharp defeat at the hands of loyal Paraguayan troops in the latest action of a five month old civil war.

This informant said the loyalists were "tenaciously pursuing" the retreating insurgents in the direction of Piquete Cue and Villeta, north of the capital. An earlier official announcement said a loyalist relief column—pressing down from the north, where the rebel capital of Concepcion was captured on July 31—had reached a point only 12 miles from Asuncion.

The official source here said the message he received from Asuncion last night reported that insurgent forces around the threatened loyalist capital had been "destroyed."

He did not make plain, however, whether the insurgent troops mentioned constituted the entire rebel force concentrated there or a part of it.

On the other hand, rebel sympathizers in the border city of Formosa said they heard a broadcast rebel communique last night which said the insurgents "were fighting in the center of Asuncion and advancing steadily despite desperate government resistance."

The communique stated that the fall of Asuncion was only a "matter of hours."

Paraguayan refugees reaching Asuncion (Continued on Page Four)

Both Houses In Parliament Plan Adjourn

London, Aug. 13—(AP)—Conservative members of the House of Lords rallied behind a motion for a special summer session to guard against abuse of the labor government's new crisis powers as Parliament prepared to recess today one of the most momentous sessions in its history.

While the House of Lords, sitting by itself, would have little control over any government action, the Marquess of Salisbury, Conservative leader, said he believed it should meet again in three weeks, if only to keep an eye on the situation.

"If the other house is not willing to take such a course, it is entirely 'their affair,'" he declared. "We in this house must regard ourselves as trustees of the British people."

Before acting on the motion for a summer meeting, the House of Lords is scheduled to consider possible amendments to legislation giving the government almost unlimited powers to deal with Britain's growing economic crisis.

Upper Chamber May Call Special Session; Historic Steps Accomplished

London, Aug. 13—(AP)—Conservative members of the House of Lords rallied behind a motion for a special summer session to guard against abuse of the labor government's new crisis powers as Parliament prepared to recess today one of the most momentous sessions in its history.

While the House of Lords, sitting by itself, would have little control over any government action, the Marquess of Salisbury, Conservative leader, said he believed it should meet again in three weeks, if only to keep an eye on the situation.

"If the other house is not willing to take such a course, it is entirely 'their affair,'" he declared. "We in this house must regard ourselves as trustees of the British people."

Before acting on the motion for a summer meeting, the House of Lords is scheduled to consider possible amendments to legislation giving the government almost unlimited powers to deal with Britain's growing economic crisis.

The possibility appeared slight, however, that the Lords would attempt any major modifications of the measure.

While the government thus was assured of the powers it requested to cope with the economic situation, the end of the parliamentary session found it showing signs of slowing down on the road to socialism along which it has been leading the nation.

Major steps have been taken along that road since King George VI opened the session last Nov. 12. Railroads, long distance motor transport, canals, electricity supply plants have been brought under public ownership. The coal mines, the Bank of England, atomic research and civil aviation were nationalized during the 1945-46 session—the first after labor came to power.

Perhaps the most historic action of the session now ending was the granting of freedom to India, while among the most hotly contested steps was the adoption of legislation providing for a year's compulsory military service for young men reaching 18.

Governor and Judge Confer

Raleigh, Aug. 13—(AP)—Governor Cherry conferred today with high state officials about reopening the Northampton county attempted lynching trial and said afterwards that "I'll probably have something to say later in the week."

The governor met with Superior Court Judge J. Paul Frizzelle, solicitor Ernest Tyler, both of whom officiated last week in Jackson when the grand jury failed to return a true bill against seven white men accused of kidnaping Godwin Bush, a Negro, from the Jackson jail, and with Attorney General Harry McMullan.

After the grand jury failed to return a bill, and did not indict Bush, accused of assault on a white woman, the governor ordered the case reopened and said he would assign a Superior Court judge to it as a committing magistrate.

The governor had indicated he would ask Judge Frizzelle to hold the hearing. However, at the conclusion of today's hearing, the governor said that "that phase was not discussed."

The governor said that "there are so many phases to be considered" that he could not have a definite announcement until later this week.

Dutch Complain New Violations

Batavia, Java, Aug. 13—(AP)—A Netherlands army communique today said that one Dutch soldier was killed and 16 were wounded yesterday in Indonesian violations of a cease fire order in Java and Sumatra.

The communique made no mention of any fighting east of Bandung, in Java, where the Indonesians yesterday said the Dutch were engaged in a campaign to seize strategic points on the railway to the republican capital of Jogjakarta.

Light Sales On Border Belt

Raleigh N.C., Aug. 13—(AP)—Extremely light sales on tobacco markets of the border belt of North and South Carolina were noted yesterday despite an advance from \$1 to \$7 for most grades.

Cutters and most better quality offerings were steady at \$2 a hundred, while medium and lower qualities were up from \$1 to \$7 with low lemon and fair lemon lures showing the greatest advances. Fair orange cutters dropped \$3, orange primings were off \$1 to \$2 and non-descript dropped \$5 to \$4.25.

The Federal-State Agricultural Service reported a total of 2,688,746 pounds were sold Monday at an average of \$47.62. This brought sales for the season to 9,756,891 at an average of \$47.99.

Arab-Jewish Clash Fatal

Jerusalem, Aug. 13—(AP)—Two Arabs were reported stabbed to death and six Arabs and two Jews suffered knife wounds in three separate incidents today in the slum quarter between Jaffa and Tel Aviv.

Reports from the area said that Jews and Arabs had been engaged in a stone-throwing battle along the dividing line between the two cities since dawn and that almost a score of injured had been given treatment at clinics.

The stabbings raised to 10 killed and 25 wounded the casualties resulting from racial strife between Jews and Arabs which broke out Sunday night.

All shops in the border area between Tel Aviv and Jaffa remained closed this morning and most residents of the squalid region on both sides of the dividing line kept their shutters closed despite the intense heat.

Hughes Lands In Los Angeles

Los Angeles, Aug. 13—(AP)—Howard Hughes, tired and unshaven, landed his personal plane here last night after flying from Washington, D.C. but he wasn't too weary to come up with another verbal blast at Sen. Owen Brewster (R-Me.), chairman of the Senate War Investigating Committee.

"The press-and-public have my undying gratitude," Hughes said replying at his Coney City air field. "It was they who made it impossible for Senator Brewster to continue his gestapo methods. He has an unlimited capacity to hit below the belt. I know he will be in my hair for the rest of my life."

Hughes, cheered by about 500 employees of the Hughes Aircraft Co. when he arrived, said when he stepped from his plane: "The left hand seat of my B-23 is much more comfortable than that electric chair in the Senate office building."

Social and Personal

Miss Vivian Allen and Mr. and Mrs. Paul Revelle, of Hampton, Va., are visiting their aunt, Mrs. A. W. Baker.

Mrs. Lizzie Pollard of Tarboro underwent an operation yesterday in Edgecombe General Hospital in Tarboro. Mrs. Pollard is the mother of R. S. and W. M. Pollard, merchants of this city.

Li and Mrs. P. J. Da-sen of Santa Ana, Calif., are visiting Mrs. Dayson's parents, Mr. and Mrs. J. R. Carrington.

Mrs. J. T. Bland and daughter, Mrs. John W. Potter, Jr., of Vandeventer will leave tomorrow for Asheville to attend the Bland-Setzer wedding Sunday at 5 p. m.

Mr. Russell Kogerson, clerk of City Recorder's Court and police sergeant, is ill at his home, 312 Summit street.

Mr. Hermon L. Norris is ill at his home, 508 Cotanche street.

Ed Anthony of New York is visiting his mother, Mrs. P. T. Anthony.

Two New Doctors
The State Board of Medical Examiners qualified two Greenville men for license to practice.

The new doctors are: James Hicks Corey, Jr., and Karl B. Pace, Jr.

Brides-Elect Honored
An informal coca cola party yesterday morning honored Misses Rachel Fleming and Betty Hobgood, brides-elect. Mrs. Norman Wilkerson was hostess at the home of Mrs. Georgia Wilkerson on East Ninth street.

Mid-summer flowers were used to decorate the living room and to center the refreshment table in the dining room. With the coca colas, dainty accompaniments were served to about 30 guests.

The hostess presented her honor guests gifts of silver in their patterns. Mrs. Leonard Briley, a recent bride, was remembered with an attractive luncheon cloth.

Celebrates Birthday
John Harvey Nicholson, III, son of Capt. and Mrs. J. H. Nicholson, II, celebrated his first birthday at the home of his grandparents, Mr. and Mrs. "Tige" Gardner, on Monday, August 11th, at four o'clock.

The following little friends were present to help celebrate and blow out the candle: Rave Marie Pittman, Elizabeth Hauser, Carolyn Humley, Tommy Irons, Hiram Mayo, Jr., "Butch" Renfrew, and Phil Warren.

Refreshments consisting of ice cream, animal crackers and birthday cake were served. The birthday cake, in the form of a merry-go-round, was in three tiers of yellow, pink and blue. Pastel animals marched around the bottom tier, and on top was one pink candle.

Attending Training Course
Mrs. Carl Adams, Mrs. Porter and Mrs. E. L. Henderson are attending a scout leaders training course in Washington given by Miss Katherine Park and Mrs. Lucy Stroup, from national headquarters. The scout office in Greenville will be closed until August 20.

Social Calendar

THURSDAY
7:30 p. m.—V. F. W. "Ladies Night" to be held at Clark's Club across the river.

FRIDAY
6:30 p. m.—Kiwanis Club.

Special Masonic Meeting
A called communication of Greenville Lodge No. 284, A. F. and A. M., will be had Thursday night, August 14th, at 7:30 o'clock, for work in the Entered Apprentice degree. All local brethren and visiting Master Masons are invited to be present.

L. F. STOKES, Master.
A. R. HOUSE, Secretary.

40 Years Ago

THE DAILY REFLECTOR
August 13, 1907

The better grades of tobacco have advanced from two to ten dollars per hundred on the Greenville market in the last two days. There is no danger of blocking the Greenville market as they are equipped to handle a million and a quarter pounds per week. In order to avoid keeping the farmers so long in town the Greenville Tobacco Board of Trade decided to put on double sales this season.

Mid-Week Prayer Service
Mid-week prayer service will be held Wednesday evening at 8 o'clock in the Ellington Bible class room. The pastor will conduct the service.

Notice V. F. W. Members
All members who have not returned their cards for the "Ladies Night" banquet and desire to attend please call 3441 or 3383—Walter Lewis, Commander.

Tobacco Barn Burns
A tobacco barn and its contents on Stuart Carr's farm, near Frog Level, were destroyed by fire Monday.

Kiwanis Meets Friday
Aubrey Tilley will provide a musical program at the Greenville Kiwanis Club's weekly supper meeting Friday evening at 6:30. President: Eli Bloom will preside.

Last Half-Holiday
The last Wednesday half-holiday of the year will be August 20. The mid-week early closing of stores and other business places is sponsored by the Merchants' Association. This summer half-holiday also is observed by other towns and cities in Eastern Carolina.

Beauty Contestant
Miss Linda Renfrew, daughter of Mr. and Mrs. Henry Renfrew, Junior, member of Commerce's selection, will represent Greenville in the beauty contest at the Exposition and Tobacco Festival in Wilson Thursday and Friday of this week. The contest will be held Thursday afternoon at 5 o'clock. The Wilson Kiwanis Club is sponsoring the contest.

Alderman Suggests Cutting Of Weeds

Alderman Heber Tripp today suggested that property owners cut all weeds and tall grass on their premises before the weeds go to seed. The heavy growth of weeds and grass is a harboring place for malaria-bearing mosquitoes. There is a penalty for failure to cut grass and weeds on property in the city. The alderman also suggested that property owners rid their premises of tin cans and other debris that will hold water because they are breeding places for mosquitoes. There is a penalty for failure to cut grass and weeds on property in the city limits.

"Let's all cooperate to safeguard the health of the community and have a cleaner city," he said.

Brother Bishops Meet Seek End Of Cleavage

Murphy, N. C., Aug. 13—(AP)—The Bishop of the northern faction of the Fundamentalist Church of God stood on the same platform here with his brother Bishop of the southern faction, and invited him to attend the general assembly of the northern faction in New York next month, after a four-year cleavage.

The invitation came yesterday at the start of the 42nd annual assembly of the southern faction in the fields of the woods on Burger mountain 20 miles southwest of here. It was extended by Bishop Homer A. Tomlinson, general overseer of the northern faction.

His brother, Bishop Milton A. Tomlinson, general overseer of the southern faction, replied without committing himself: "I hope you enjoy your stay here. We are only trying to do our father's work."

He referred to their father, Bishop A. J. Tomlinson, whose death in 1943 precipitated the break between the brothers. Their father had founded the sect.

W. E. Marshall, ECTC Professor, Resigns Post

W. E. Marshall, professor of political science and director of student affairs at East Carolina Teachers College, has resigned his position at the college, effective August 31, and will begin work in the fall at the Oklahoma A & M college, Stillwater, Okla. In his new position he will be professor of government.

Marshall, a native of Texas, joined the East Carolina faculty in 1945. He holds the B.A. and the M.A. degrees from the University of Texas. Before coming to East Carolina he was professor of government at the Louisiana Polytechnic Institute.

At East Carolina he has served as faculty adviser to the International Relations Club, chairman of the Commencement Committee, and director of the college radio hour.

Sincerely interested in his work, Marshall is a member of the Southern Political Science Association; Southwestern Political Science Association; Pi Sigma Alpha, honorary political science fraternity; and Pi Delta Kappa, honorary educational fraternity.

Savings Bond Sales For July Surpass June

Mr. J. H. Waldrop, chairman of the Pitt County U. S. Savings Bonds Committee, announced today that according to the monthly report received from State Director Allison James in Greensboro, total E, F and G Bond sales in July for Pitt County amounted to \$108,388.75. Of this total \$48,188.75 was in Series E Bonds; \$7,400.00 in Series F Bonds, and \$52,800.00 in Series G Bonds.

The total state sales in North Carolina's 100 counties were as follows: Series E Bonds, \$3,922,801.25; Series F Bonds, \$486,254.00; Series G Bonds, \$1,863,700.00; total E, F and G Bond sales, \$6,272,755.25. This represents a 5 percent increase over total June sales for the state as a whole.

Bell Arthur News

Arthur Christian Missionary Society will meet Saturday afternoon, August 16, at the church rather than with Mrs. Verna Crawford as previously planned due to the fact that Mrs. Crawford is sick.—Mrs. W. O. Allen, president.

MARRIAGE COSTS UP

Chicago, Aug. 13—(AP)—The cost of marrying will go up today in Cook County.

The county clerk's office announced that, effective today, marriage license fees in Cook County will be increased from \$3 to \$5. The increase was authorized by a new state law.

Strength FOR THE DAY

DON'T BE AFRAID

When Charles Dickens was becoming famous as a novelist, an acquaintance asked him to attend an entertainment being given for charity, and in order to attract others to give a public reading from his works, Dickens was very reluctant to do so. He had never given such a reading, and he seriously doubted whether it would interest an audience. Because he wanted to aid a good cause, however, he finally told his friend that he would try it. On the night of the entertainment Dickens read some selections from one of his novels, and was amazed at how much people seemed to enjoy hearing him. As a consequence he arranged for another reading; and for the rest of his life, Charles Dickens read to large, applauding audiences, attracting huge crowds wherever he went, winning new fame, and making more money than he had received for many of his books.

We are amused to read how reluctant Dickens was to give his first reading—because he had never done it before. Like Dickens, we too are often unwilling to take the first step to benefit ourselves, if that first step is an unfamiliar one. We live in an age which prides itself on progress. It is well to remember that progress depends on constantly leaving familiar things behind us.

TEACHER SHORTAGE

The irony of it! Here's Pitt County blessed with the presence of a college for teachers and as each school term nears its opening date there's a last-minute scramble to find qualified teachers.

At last report, Supt. D. H. Conley indicated that the county schools still need six teachers.

The teaching profession was finally credited with part of the recognition it deserves in the last session of the State Assembly when higher wages for these "parents by proxy" were approved. The intention was to induce more people to consider teaching as a career. The results will not be seen for several years.

Immediate needs must be met. Wanted: Six teachers.

JAY WALKING

"There oughta be a law," but there won't be until somebody gets seriously hurt by jaywalking.

We all do it, but that doesn't make jaywalking smart. A misstep, or forgetting to watch traffic may mean a shortcut to the hospital instead of to just across the street.

Another important reason which should carry much more weight with all of us, is the example we set for the youngsters.

Judge for yourself the impression a child of four, five or six years of age may get when he observes others crossing a street and ignoring traffic lights or pedestrian lanes. Carry the thought a bit further and watch parents hustle their little ones across streets, violating these simple safety precautions.

How will these kids react to traffic lanes and lights when they go to the business district for the first time by themselves?

When The Sands Of The Desert Grow Hot - - -

WASHINGTON LETTER

Washington—Two lads who claim that having been children was their only civilian pursuit have been recognized by the Navy Department for their literary prowess.

They are Lt. (J.G.) Arnold Samuel Lott, on temporary duty with the 13th Naval District headquarters at Seattle, and Chief Machinist's Mate Carroll Eldred Cain of Oakland Calif., attached to the aircraft carrier Boxer.

The two, both tall and on the lanky side, are co-winners of an all-Navy literary contest. Their contributions were judged the best from 157 entries submitted between Dec. 1, 1946 and May 1, 1947, by active duty officers and enlisted personnel of the Navy and Marine Corps.

The contest was held under the sponsorship of the Navy League by direction of the Secretary of the Navy.

Lt. Lott and Chief Cain were awarded fellowships to the Bread Loaf Writers Conference at Middlebury, Vt.

Chief Cain who keeps his ship's engines running and has been "afloat for 15 years," won the award for his short story called "No Plans." It's a tale about two kids of 15 who decide on a stichup to get money to buy an automobile.

Lt. Lott's entry was a book-length poem "Hits and Misses with Eric the Seagull," written in free style verse. It records the travels and opinions of a roaming seagull who, as envisioned by the author, "was once a cabin boy for Lief Erickson and was reincarnated as a seagull full of the spirit of adventure and a cynical outlook on the affairs and futures of the human race."

"My winged reporter, Eric explains why there is only one side to the moon," completes a fantastic trip to infinity and relates the tale of a seaman who made his fortune

selling post holes in New York City," says Lott.

Lt. Lott says he has been trying to write ever since he could use a typewriter back in his Fort Dodge Ia. high school days. Neither he nor Chief Cain has ever had anything published, but both vow they will keep on trying as long as the Navy has typewriters.

Previous to this prize, Lt. Lott won an art show with a group of water colors entitled "Pacific Portfolios." During the past two years while serving as assistant personnel officer at the Naval Training Center at Bainbridge, Md., he has spent a lot of his spare time painting barns.

"Mostly, however, I paint patches of water with clouds on top," he says.

Preliminary judging of contest entries two-thirds of which were the work of enlisted personnel, was done by writers in the Navy Department.

One of the final judges was Dr. Theodore Morrison of Harvard's English Department, head of the Bread Loaf Writers Conference.

Egypt . . .

(Continued From Page One) backed out of the room. Even the austere titled personality who in effect was the sultan's boss, had to kiss the royal hand.

Your correspondent had an audience of one hour and twenty minutes with Hussein Kamil—without hand-kissing. The sultan flayed the sultan in such terms that had he not been talking "off the record" his statements most certainly would have caused the downfall of his royal house.

This anti-British feeling has persisted to greater or lesser degree just now it is greater, as Cairo presses its claim to the whole Nile Valley, including the Sudan. The British warned that the Egyptian arguments for annexation of the Nile territory could apply equally to Ethiopia, Uganda and the Belgian Congo.

Britain has asked that the Egyptian case be taken of the U. N. Agenda as without justification she shows every intention of pro-

tecting her interest in the Nile territory.

Self-Rule . . .

(Continued From Page One) He is William H. Hastie, who was dean of the Howard University law school in Washington, D.C., when the President appointed him a little over a year ago.

Hastie was also the first Virgin Islands governor who had lived in the islands. He once served as federal district judge there.

Philippines—They were given their independence on July 4, 1946. Guam—Under U.S. Navy rule for 50 years, this Pacific island may soon get an organic act, giving the populace U.S. citizenship, the right to appeal cases through courts on the mainland, and an effective legislature.

House hearings have been held on a bill for that purpose, and more hearings are scheduled. No action can come before 1948.

Samoa—There is talk of an organic act for Samoa, too, but that's about all so far. Samoa is also governed by the Navy.

In the case of both Guam and Samoa, and also of the islands which the U.S. has taken over as trustee for the United Nations, such as the Marianas, Carolines, and Marshalls, four departments of the government agreed informally this year on a policy of getting them out of military control and under civilian governors "as soon as practicable."

CIO Renews . . .

(Continued From Page One) rentina said that when they left the government was preparing Ascension strongpoints for a building to building defense in the event of a break through by the rebels.

Relief of the loyalist capital would end a paradoxical situation which found the government of President Higinio Morinigo faced with defeat less than 10 days after its troops conquered the rebel capital, 125 miles to the north, in what then appeared to be the victorious climax of the 15th Paraguayan rebellion in 12 years.

The explanation of the paradox still is obscure and even military experts would like to know exactly what happened between the fall of Concepcion July 31 and Aug. 7, when rebel forces appeared at the gates of Ascension.

Note To Russia

Washington, Aug. 13.—(AP)—Secretary of State Marshall proposed to Russia today that the U. S. and the Soviet re-examine by August 21 their stated efforts to agree on a unified provisional government for a Korea.

In a letter to Soviet Foreign Minister Molotov, Marshall said that the failure of a joint Soviet-American commission to make progress was a matter of great concern to the U. S. "The U. S. government believes that, in justice to the Korean people whose hopes of independence have been so long postponed, there cannot be further delay," Marshall added.

U.S. Civil Service Examinations Open

The United States Civil Service Commission today announced examinations for Engineering Aid and Coal Mine Inspector for making probational (permanent) appointments to Federal positions.

Full information and application forms may be obtained from the local post office. Applications for the Engineering Aid examination must be received in the Commission's Washington office not later than September 9, 1947. The Coal Mine Inspector examination will remain open until further notice but persons interested in being considered for positions to be filled immediately should file their applications with the Commission not later than September 9, 1947.

Railroad Held Blameless In Negro's Death

At an inquest held at the City Hall in Farmville yesterday morning a jury found the Norfolk Southern Railroad to be blameless in the death of Robert Baines, 30-

year-old Negro bicyclist, at a grade crossing in the city Sunday night, Coroner Griffin H. Rouse stated. It was testified that Baines and Tommy Lee Frizzelle, Negro youth, were riding down the street parallel to the freight train, and that when they turned to cross the tracks, the engine barely missed Frizzelle, who was in front, and struck Baines, hurling him and his wheel about 22 yards, killing him instantly.

Scouts Get New Outlook On "Foreigners"

Moisson, France, Aug. 13.—(AP)—Better than the official huzzahs, a sample interview with two of the participants at the World's Boy Scout Jamboree showed today that its spirit had really struck home in the hearts of the boys themselves. They were two Pittsburgh, Pa. lads—15-year-old Mark M. Chamberlain, who said he had learned "foreigners can be as good as us and sometimes better," and Bernard T. Rodgers, 14, who has found out that "the boys of the world want to forget the war and start all over again."

Mark, a Life Scout, said "this is the best thing that ever happened to me." He said he was most impressed on a tour of Belgium by the military cemeteries at Bastogne.

"There were about 2,700 U. S. graves on one side, 6,000 German graves on the other. That seems like an awful lot of lives to settle an argument," he said.

Park Needs More Appropriations

Gallinburg, Tenn., Aug. 13.—(AP)—The need for increased appropriations for the Great Smoky Mountains National Park is pressing, conservation officials from Tennessee and North Carolina were told at a meeting here.

The operating budget is \$128,000,

about \$5,000 less than in 1946, President Francis J. Heazel of the Asheville Chamber of Commerce told the group yesterday. Two committees selected by the Tennessee Conservation Commission and the North Carolina Parks, Parkway and Forest Development Commission, were directed to meet in the next two or three weeks to make plans to present to National Park officials reason why appropriations for the Great Smokies area should be increased.

EXECUTRIX NOTICE
Having this day qualified as Exec-

utrix of the Last Will and Testament of George Spearman, notice is hereby given to all persons indebted to said estate to make immediate payment to the undersigned Executrix, and all persons holding claims against said estate are hereby directed to file their claims itemized and duly verified with the undersigned Executrix within twelve months from the date hereof, or this notice will be pleaded in bar of recovery of said claims. This the 12th day of August, 1947. MARY SPEARMAN, Executrix of the Last Will and Testament of George Spearman. Aug. 13-17w-6wks.

BEGIN TALKS ON POLICY OF GERMAN COAL

U.S. and British Delegates Meet To Straighten Out Ruhr Coal Production

Washington, Aug. 12—(AP)—The door was opened for discussion of controversial policy matters affecting Germany as Anglo-American talks began today on ways to boost Ruhr coal output.

Willard Thorp, assistant secretary of state who heads the American delegation in the discussions with the British, told reporters after the initial session that "any problem which has a direct bearing on coal production in the Ruhr can be discussed."

This statement indicated a softening of a previous State Department attitude that such issues as socialization of the mines should not be topics for conversation since the conference is aimed solely at boosting coal production.

The British government, prior to agreeing to this conference, had asked that the agenda include examination of basic questions like food, transport, finances and other items.

The State Department had rejected

Prices Upped

New York, Aug. 12—(AP)—Socony-Vacuum Oil Co. tomorrow will extend its recent price increases for gasoline, kerosene and distillate fuels to New Jersey and states south along the Atlantic Coast to South Carolina.

The company announced the increase results from "higher basic costs over which we have no control." The same reason was given for the earlier price hikes in New York, New England, Pennsylvania and Delaware.

Gasoline will be raised a half cent, all methods of delivery, in New Jersey, District of Columbia, Maryland, Virginia, West Virginia and North and South Carolina.

ed this approach and also turned down a British suggestion that the talks be held in Berlin since the conference obviously would be on a technical level.

Thorp made it plain in answer to questions that both policy and technical matters would be tackled, but he declined to list any specific ones.

Delegates from both sides of the Atlantic emphasize that the outcome of their talks will be critically important to the success of the Marshall Plan for European recovery.

Ruhr coal—the central theme of the delayed conference—now is going to seven fuel-short nations. Along with food, it represents the key to the war-torn continent's reconstruction.

Top-ranking American officials say they expect the major result of their meeting to be a detailed program spelling out progressive steps for increasing the output of the Ruhr mines.

Forest Fires In West Continue

San Francisco, Aug. 12—(AP)—Forest fires continued to destroy timberlands in California and some other western states today in what forest service officials say is the driest season since 1924.

Several of the major California blazes were either under full control or nearly so, but threats of more damage arose with outbreak of new conflagrations yesterday. One was in the vicinity of Yosemite National Park where flames broke out in Merced River Canyon at the park's southwestern approach.

AT EDISON DINNER—Shown at a Thomas Alva Edison Foundation dinner at the Waldorf-Astoria in New York are (left to right) Harvey S. Firestone, Jr., rubber executive; Charles F. Kettering, automotive official; and Charles Edison, son of the inventor.

Ohio Professor Speaker Rotary Club Meeting

By DR. CARL ADAMS

Pointing out that the youth and children are confused today because of the lack of definite and fixed loyalties, Dr. G. R. Patrick of Ohio University, Athens, O., stated before the Greenville Rotary Club Monday night that "Oldsters should be more definite in their loyalties." He further indicated that the one paramount need of the world today is leadership sponsored by those who live by principles evolved through observant and intelligent experience.

Taking examples from history, Dr. Patrick showed that the outstanding accomplishments of the past were associated with personalities loyal to some ideal. Specific instances cited included Solomon, Christ, Job, Washington, Lincoln, Wilson and others. These "lived by dignity, respect for freedom, and integrity for the individual. Grown-ups who live by clear-cut loyalties must fix the pattern of their living today," continued the speaker.

Because of lack of clearly drawn designs in this respect, the world and specially our young people are "muddled" in their adjustive thinking. Getting down to specific things, he suggested, "Truth, right, fact, church, home and duty" as worth while objects of our loyalties.

At present Dr. Patrick is a member of the summer faculty in the department of psychology at East Carolina Teachers College. Visiting Rotarians at the meeting were: Charles McCullers and Bill Smith of Kingston, Ned Hawks, L. C. Stocks and Thelbert Worthington of Ayden and Leo Grutsch of Graham.

Guests of the club were: Harold Haine of Hartford, Conn., and Charles V. Morgan and H. B. Trill of Greenville.

Vice-president Ernest Willard presided.

No Abatement In Sight For Heat Wave In West

By ASSOCIATED PRESS

The current heat wave, withering thirsting crops throughout most of the midwest, showed no signs today of abatement.

Except for rather cool temperatures in the Dakotas, western Nebraska and the northern Rock Mountain states, the weather outlook for today was continued warm, similar to that of yesterday, the weather bureau said.

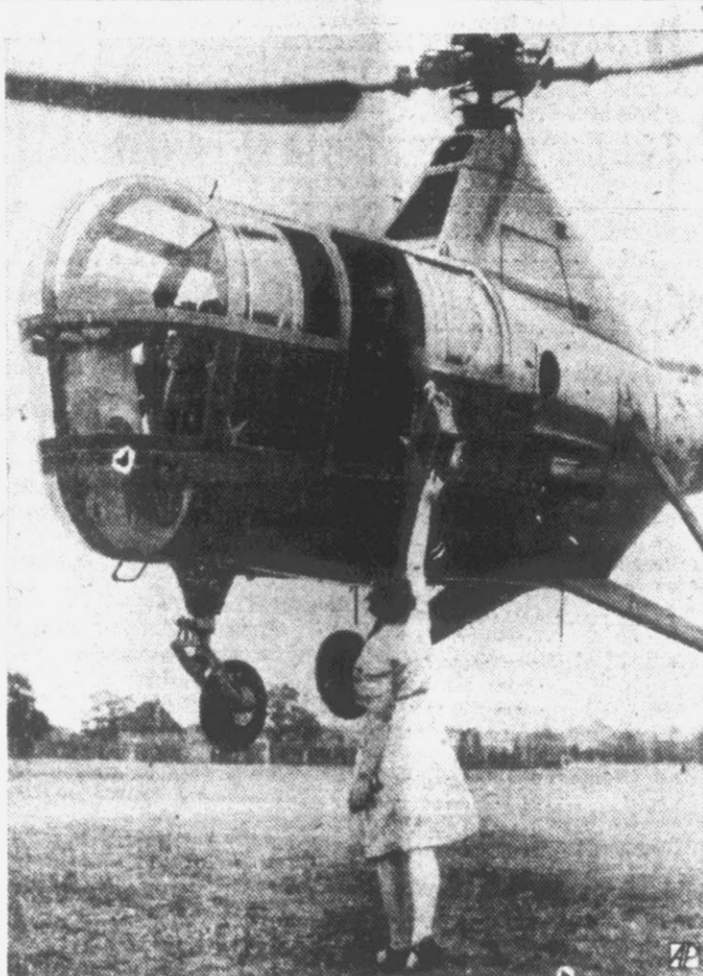

The corn crop in southern Illinois and Iowa was reported in pretty bad condition, the bureau said, adding that moisture now is needed generally in all the area from the Appalachians to eastern Nebraska and southward through Kansas, Oklahoma and Texas.

The hot dry weather was described by Agriculture Department officials in Washington as a serious threat to all midwestern crops. The only relief in prospect for any of the midwest, forecasters said, would be a narrow band of cool air moving eastward across Minnesota and the northern Great Lakes region.

Principal occupations of Sicily are the raising of grapes, lemons, oranges, olives almonds and wheat and macaroni manufacture.

NOTICE OF DISSOLUTION
This notice to take effect immediately. I am not connected with John's Flowers and will not be responsible for any debts incurred by this firm after this date.

MRS. MARIE L. CLARK
July 23-30-Aug. 6-13.

OFF TO OFFICE—Mrs. G. S. Lindgren hands briefcase to her husband, parliamentary secretary to British Ministry of Civil Aviation, as he leaves for office in helicopter from home at Welwyn Garden City, London suburb.

Grain Market

Chicago, Aug. 13-(AP)-Corn broke sharply at times on the Board of Trade today as thundershowers were forecast for parts of the main corn belt and country offerings of cash grain expanded. Wheat and oats were steady despite the corn downturn.

Wheat closed 1/4 lower to 1/2 higher. September \$2.35-2.35 1/4, corn was 4 1/2-7 1/2, lower. September \$2.24-\$2.24 1/2, and oats were 1/2-1/2 lower September \$1.01 1/2-1/2.

New York Cotton

New York, Aug. 13-(AP)-Cotton futures opened 15 to 25 cents a bale higher.

Noon prices were unchanged to \$1.20 a bale higher than the previous close. Oct. 32.70, Dec. 32.36 and March 32.23.

Futures closed 80 cents to \$1.50 a bale higher than the previous close

Open	Last	Prv. Cl
Oct. 32.52	32.75	32.47
Dec. 32.15	32.39	32.17

If you'd prefer new tires, we'll be glad to talk trade-in. Ask about our liberal change-over deal!

Greenies Take Double-Header Over Rocky Mount, 3-2, 8-7

Take Twin Tilts "The Hard Way"; Marvin Mauney Singles In Winning Run Of The First Game; Baldwin Bunts Crucial Score In 12th Frame Of Nightcap

By BERT MOYE

Manager Ordle Timm's Greenies took both ends of a twin bill with the Rocky Mount Leafs here last night by winning the seven inning opener 3-2, and then came back in the night cap to take an 8-7 win in a 12-inning affair.

First Game

Marvin Mauney's timely single in the sixth to bring home Art Jacobs who had reached third via street wild pitch and Hank Ranweiler's single provided Greenville with the winning run in the opening tilt.

The Leafs went out in front in the second frame when they chalked up two runs on three hits: Fowler singled, went to second on Rhodes' infield out, Jarlett doubled to bring him home and Webb singled to bring home Jarlett.

The Greenies came back in the fifth frame to knot the count at two-all as Ranweiler singled, Timm singled with Ranweiler taking third, Simmons singled into centerfield to bring home Ranweiler and Timm

PUP NIPPED — Johnny McGreevy, 18 months old, of Chicago playfully nips tail of his puppy, Spot.

scouted across the plate from first when the Leafs' centerfielder Latsko booted the ball.

Bill Anderson, pitching his first win for the Greenies as against two defeats, scattered his eight hits with the exception of the second frame when the Leafs bunched three of them. Latsko, the Leafs' centerfielder, got two singles which the only Leaf to get more than one bingle.

Hank Ranweiler with two singles in three trips to the plate led the six-hit attack of veteran Al Jarlett. Score by innings: 020 000 0-2 Rocky Mount 020 021 x-3 Greenville

Second Game

Trailing by one run as they went into their half of the 12th, the Greenies put across two runs after two men were out to take the second tilt from the Leafs in a game that was studded with thrills from beginning to end. Jacobs first up in the 12th, flew out to right field; Jack Bomar got a double, Ranweiler went out short to first, Marvin Mauney singled to bring home Bomar to knot the count at seven-all, then stole second. Willie Mauney was given an intentional pass to first and Jerry Chitty, who went in to pinch hit for Simmons, was also given an intentional pass to first to load the bases and then Larry Baldwin, who had entered the game as relief hurler in the tenth frame, bunted the first ball thrown him down the first base line for a perfect infield hit and brought home Marvin Mauney for the winning tally.

The Greenies piled up a 6-2 lead up to the ninth inning by scoring one run in the first, two in the third, one in the fourth and two

in the fifth frames, but the Leafs came back in their top of the ninth and counted the score at six-all when May Leafs leftfielder, hit over the leftfield wall with the bases loaded.

Joe Alamo started on the mound for the Greenies and was relieved by Larry Baldwin in the tenth who received credit for his second win in as many days and his 12th of the current season.

The Greenies pounded three Leaf hurlers for 18 hits with Rex Benton, former Greenie, who went in to relieve Gunder in the ninth, receiving credit for the loss. Score by innings: 001 000 014 001-7 Rocky Mount 102 120 000 002-8 Greenville

DIAMOND DUST

By BERT MOYE

Another Coastal Plain League record was established in the game Saturday night when Kinston played here as Pete Hader, the Eagles' hurler, was credited with eight assists. According to League Statistician J. Gaskill McDaniel, Hader's feat is unequalled in the recent history of the circuit and probably ranks as an all-time high for a pitcher.

Gashouse Parker, the giant first sacker of Tarboro, has been given his release from the club. Although a favorite of the fans, Parker has been on the doubtful list for some time. His recent hitting and fielding slump called for the papers, and now the Tars are in line for a new infielder that should carry them along.

Andy Tomasic, former Kinston hurler, and one of the leading pitchers in the Inter-State League with Trenton, has informed the

COMEBACK — Susan Peters, film actress seriously injured in a hunting accident in 1945, is making a comeback.

All-Stars Will Play Kinston On Friday

The Legion-sponsored Greenville All-Stars will play their Kinston counter-parts in Guy Smith Stadium at 7:45 Friday evening. Colored baseball games have been

enjoying considerable support by local fans throughout the season. As in the past, a number of seats for white patrons will be reserved.

The topaz, while used as a gemstone, has virtually no practical application in industry.

9 BIG FEATURES IN 1 GREAT GASOLINE

gives you 9 in 1 performance

CLEAN COMBUSTION is one of the 9 big features you get in Atlantic HI-ARC. This gasoline is blended for performance. It's balanced to give power on the hills and pep in traffic. Balanced for road pleasure—and economy. Balanced for day-after-day satisfaction. Count up to 9—and get HI-ARC!

Tune in on TOMORROW!

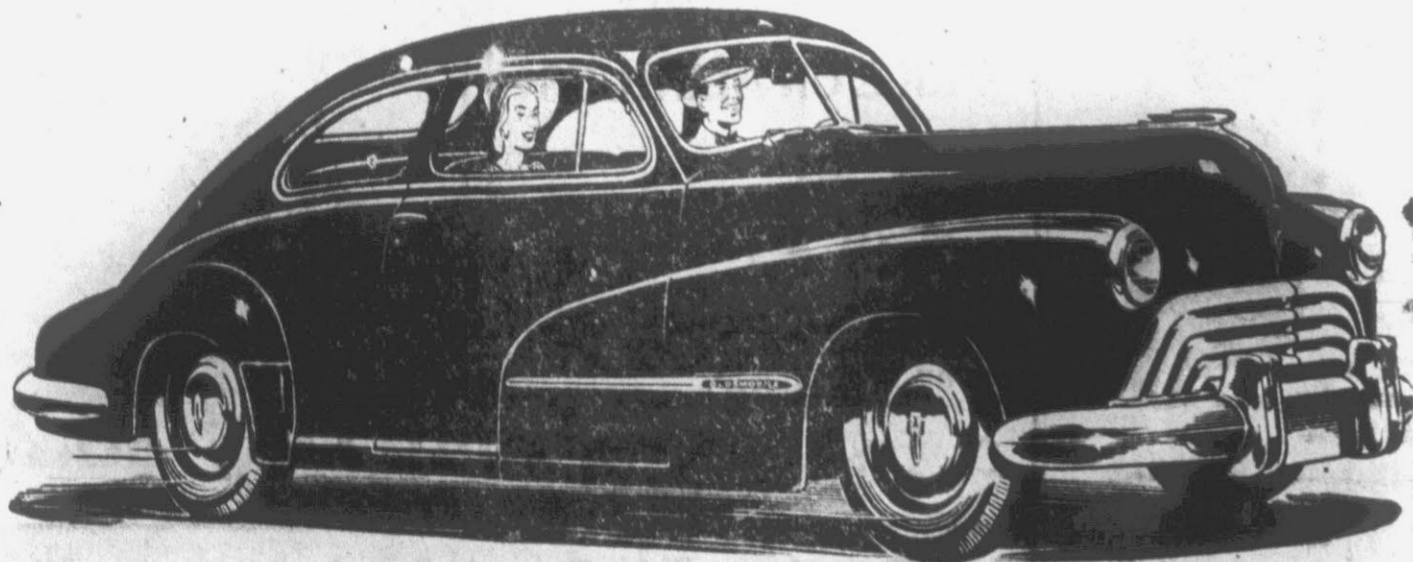

The "drive" of tomorrow is here today! ... as ultra-modern as television, and with nearly 8 years of PROOF behind it!

It's in the picture for the future—and Oldsmobile brings it to you today! Just as television is the big news in the field of electronics, automatic transmissions are the number-one topic of conversation in the automobile industry. Some day ... nobody will shift gears ... nobody will push a clutch. But today ... only Hydra-Matic Drive provides fully automatic shifting! Only

Hydra-Matic Drive eliminates the clutch pedal entirely! What's more ... Hydra-Matic Drive was introduced by Oldsmobile nearly 8 years ago! Since that time it has been proved in the hands of nearly 100,000 Oldsmobile owners—proved in literally billions of miles of driving—even proved in combat use on Army tanks! Today, the lowest-priced car to offer

GM Hydra-Matic Drive* is the smart new Oldsmobile—away out ahead automatically—away out ahead in appearance, too. Owners know Oldsmobile is always in tune with tomorrow. They expect Oldsmobile to come out first with the really important advancements like Hydra-Matic Drive. That's why so many future-minded people say, "It's SMART to Own an Olds!"

GIVING THANKS — School children at Fen Ditton, Cambridgeshire, England, say grace over their milk ration of slightly more than one-third pint which each receives free daily.

Moslem "Grand Mufti" In U.S. Is Ex-Marine

Oakland, Calif., Aug. 13.—(AP)—Sheik W. Obdurrahman Lutz—who used to be plain William Lutz when he taught Sunday school as a teenager in the Berkeley Congregational Church—says he has become the grand mufti for the Western United States.

The young ex-Marine said he adopted the Moslem faith in Saudi Arabia in 1942 where he was employed by an oil company.

"I'm not prophetic," he said, and "there was no 'flash of light' revelation. I became interested in the faith when I saw the compassion, the charity of the true Moslem."

While working with the oil company in Saudi Arabia, Sheik Lutz said, "I became better acquainted with the Arabs than most of the Americans. I saw their generosity, the way they would share their pitifully small incomes with others."

The sheik paused, adjusted his turban as he sat cross-legged on an ottoman in the apartment he shares with his mother, and said he had been named grand mufti—the first in the western states—by the Moslem community.

There are approximately 1,500 of the faithful, most of them living in or near Sacramento, he related.

He prays five times daily, he stated, "bringing into every action every muscle in the body—it's the minimum daily exercise needed by any man."

Sheik Lutz said, "Sure, I go to shows and drink milkshakes. Nothing wrong with that." But no alcohol, no pork.

"Flying Boxcar" Gets Army Test

Fayetteville, N.C., Aug. 13.—(AP)—The Army will drop by parachute such heavy equipment as jeeps and howitzers from a Fairchild C-82 packed "flying boxcar" in an experiment at nearby Pope Field, Fort Bragg, on Aug. 21.

The C-82 is said by the manufacturer to have 93 per cent as much cubic capacity as a railroad boxcar. It is being tested by the Army both as a cargo carrier and a paratroop transport. It can carry 42 paratroopers with full equipment, or a maximum payload of nine tons on flights up to 500 miles.

Parking Meters Will Be Ready Last This Week

By Chester Walsh
The "Mark Time" parking meter, being installed in Greenville will be officially put into operation the latter part of the week. In the meantime, city officials request motorists to park their vehicles properly in the mark-off places. Parallel parking of cars on Evans street has widened the traffic lanes and considerably speeded up traffic.

A motorist may park his car 12 minutes for a penny, each penny inserted in the meter gives an additional 12 minutes, up to one hour. Or, a motorist may insert a nickel and park for an hour. They are one-hour parking meters. If a nickel has been inserted in the coin slot and the motorist finds it necessary to park longer, he may insert pennies and extend his time. A dial on the meter always indicates how much parking time is left. When the dial shows all red, that's
