U.S. Insists On Jap Treaty Plan

Firmly Reject Soviet Demand That Drawing Up Peace Treaty Be Left To Big Four; Will Proceed With Eleven-Nation Conference If Russia Remains Aloof

Washington, Aug. 15—(AP)—The United States has rejected firmly a Soviet demand that the job of drawing up a peace treaty for Japan be left to the Big Four Pacific powers—the United States, Britain, China and Russia.

The American position was disclosed in a note made public today by the State Department. It was delivered to Semen K. Tsarapkin, Russian charge d'affaires, by C. E. Bohlen, departmental counselor, two days ago.

In the note, the United States maintained its unyielding position that the treaty should be drafted by an eleven-nation conference.

And it made plain that this country will proceed with that work even if Russia refuses to attend.

However, it expressed its hope that the Soviet Union would participate in the Japanese peace treaty conference to be held "in the near future."

There has been no definite date set as yet for the conference but the eleven nations which have been invited to attend are this country, Britain, China, Russia, Australia, New Zealand, The Netherlands, France, the Philippines, India and Canada.

All but Russia have accepted the invitation.

The United States note was in answer to one from Russia July 22, in which the Soviet Union called for examination of the Japanese peace treaty problems by the Council of Foreign Ministers.

This would be in line with the procedure followed in drawing up peace treaties for Italy and Hitler's Balkan satellites which produced long wrangling before the drafts were finally completed and approved.

Soviet Foreign Minister Molotov, in suggesting that procedure be followed in the case of Japan, accused the United States of acting unilaterally by inviting the 11-nation conference.

In its reply, the United States said that none of the agreements reached at Cairo, Yalta or Potsdam contains provisions giving the Council of Foreign Ministers "any authority in connection with a Japanese peace settlement."

The note then reviewed the decision in Moscow in December, 1945, to set up the 11-power Far Eastern Commission to act upon policies in the occupation of Japan.

"It is the view of the United States government," the note said, "that this action constituted a recognition of the primary interest of these powers in post-surrender policy matters for Japan and hence in the peace settlement."

THIRD DEGREE TACTICS USED

U.S. Officials Report Romania Forcing 'Confessions'

Washington, Aug. 15—(AP)—American officials in Romania have reported to the State Department that the Communist regime there apparently is trying to extort "confessions" from arrested opposition party leaders by "third degree methods."

Roy M. Melbourne, U.S. political representative in Bucharest, forwarded the report following two formal American protests charging suppression of civil liberties in Romania in violation of the new peace treaty.

The State Department said the attempt to obtain "confessions" was in anticipation of forthcoming trials of the opposition leaders seized in a recent round-up of remaining opposition to the Communist government.

The nature of the "confessions" allegedly sought was not brought out. (Continued on Page Three)

SEVEN ARABS EXECUTED BY JEWISH GROUP

Hagana Announces Action For "Brigandism" Responsible For Recent Attacks

Tel Aviv, Palestine, Aug. 15—(AP)—Hagana, the Jewish underground defense organization, announced today it had executed seven Arabs "for the brigandism which has been responsible for recent attacks on Jewish settlements."

A gun fight took place, unofficial sources said, near an orange grove sited which housed the Arabs. "There are possibly a dozen dead," police said. "There are some bodies still under the debris."

Four Arabs were found shot to death in the yard. The house itself was demolished by a blast early this morning. The house was about six miles from Jewish Tel Aviv and Arab Jaffa, scenes of bloody racial clashes which have taken a heavy toll in dead and wounded since Sunday.

Hagana's communique said it had found the house "which was the headquarters for the brigandism which has been responsible for the recent attacks on Jewish settlements in the plains of Sharon and for the attack on the Fan Hava (C. on the Yarkon River) Sunday night."

At the cafe 20 men, described by Jewish sources as Arabs, killed four and injured 10 others. "Our soldiers executed the leader of the brigands and then executed six of his men found in the house," the communique said.

In continuing racial strife near the boundary of Tel Aviv and Jaffa two Arabs were found stabbed to death near the Hatikva quarter in the same area where two Jews were killed yesterday. One Jew was found shot to death in the Sabab colony, 112 miles north of Tel Aviv and Jaffa.

The new killings brought the toll of dead since Sunday to at least 28—7 Arabs and 11 Jews. Forty Arabs and 17 Jews have been wounded, officials said, and about 50 Arabs and Jews have been hurt.

DUTCH PREFER ARBITRATORS

Ready To Propose Board To Act Independently Of UN

Lake Success, Aug. 15—(AP)—The Netherlands was reported ready today to propose creation of a three-man arbitration board to try to settle the Indonesian dispute independently of the United Nations.

A reliable informant, who said he had talked with Netherlands representative Dr. Elio N. Van Kleffens, reported the new Dutch plan to be as follows:

1. A three-man arbitration board would be set up along lines similar to terms of article 17 in the Lingard agreement signed at Batavia last March 25 between the Netherlands and the Indonesian republic.

2. The international court of justice would be asked at the same time to decide whether the U. N. Security Council had jurisdiction over the Indonesian question. Van Kleffens was expected to announce. (Continued on Page Three)

Four Die As Army Planes Collide

Indians Begin New Life Tormented By Conflict

Vast Subcontinent Split In Two Independent Dominions; Mountbatten Sworn In As The First Governor-General

New Delhi, Aug. 15—(AP)—The vast subcontinent of India, though still tormented by bloody communal conflicts split itself in two today and joyfully joined the world family of free nations as two new and separate dominions—Muslim Pakistan and Hindu India.

In New Delhi, Lord Mountbatten, the last viceroy of British India, who turned over the reins of authority to the Indians at the last stroke of midnight, was sworn in as the first governor-general of Hindu India—populated by most of India's 227,000,000 Hindus.

In Karachi, Mahomed Ali Jinnah, the spare, monocled leader to whom the new Muslim dominion chiefly owes its existence, was sworn in as governor-general of Pakistan—populated by most of India's 70,000,000 Moslems.

Mountbatten said it was a "historic moment," an "event in history."

But in the Punjab, the great northern province which is to be split between Pakistan and India the flames of communal strife still raged. Moslems and non-Moslems—mostly Sikhs and Hindus—fought to the death and whole sections of the capital city of Lahore were ablaze.

Unofficial counts fixed the death toll there since Wednesday morning at 153 and the number of injured at 136.

Pandit Jawaharlal Nehru, the Hindu leader who was sworn in this morning as the first prime minister of Hindu India, and Dr. Rajendra Prasad, president of the Constituent Assembly, were rudely mobbed by unruly celebrating mobs earlier as they went to notify Mountbatten that the assembly had endorsed him as governor-general. They were not injured.

Even Mohandas K. Gandhi, who is counted almost a saint by his followers, encountered hostility and threats of violence in Calcutta. A gang of youths who resented his preachings of non-violence hurled stones at his house, but he was unharmed.

Mountbatten, addressing the Hindu Constituent Assembly after being sworn in, paid high tribute to Gandhi as India's "architect of freedom," and to Nehru as "a world-renowned leader of courage and vision."

Tropical Storm Hits Tampico; Moving Inland

Tampico, Mex., Aug. 15—(AP)—A major tropical hurricane with winds well over 100 miles an hour struck the coast near this oil city at dawn today, ravaging Tampico itself with 90 to 95 mile winds.

For two days the storm had moved along the Mexican coast, playing with Tampico like a cat toying with a mouse.

Streets were deserted at 7:30 a.m. (EST) today as winds uprooted trees, shattered windows and destroyed signs and foliage. Damage to oil wells was expected.

The weather bureau here said many of its instruments were broken or accurate measurements had become impossible for the present. The full force of the hurricane is expected to become apparent later in the morning.

A U.S. Weather Bureau report at Brownsville earlier had said the storm "definitely" was moving inland.

THREE KILLED IN EXPLOSION AT COAL MINE

Disaster Scare Brings Hundreds Of Persons To Shaft; Two Hours Suspense

West Frankfort, Ill., Aug. 15—(AP)—Three men were killed and two others slightly injured last night in a mine explosion which brought hundreds of people to the shaft fearing it was a third major disaster in southern Illinois within five months.

For more than two hours, a crowd of about 2,000 milled around the property in the belief that many of the night crew of about 100 men had been killed or trapped.

Not until about 11 o'clock when many of the workers came to the surface, unaware of the blast, was the worst of the shock and two-hour suspense dispelled.

Harold L. Walker, state superintendent of mines and miners, said the blast "probably was a local gas explosion." One man, working in a neighboring entryway, said he saw a cloud of smoke and dust in the area but that he did not know there had been an explosion until he reached the surface after the night's work.

Mine company spokesmen said only the five men were in the blast area, and that all other workmen had been accounted for and were not injured.

The accident occurred between 8:30 and 9 p.m., mine officials said, in the New Orient mine of the Chicago, Wilmington and Franklin Coal Co. It is the largest one-shaft mine in the world, employing more than 1,100 men who produce about 10,000 tons a day. The mine is about a mile north of here.

In two recent Southern Illinois disasters, 111 men were killed in an explosion at a Centralia mine March 29 and on July 24 an explosion in a mine across town here from the New Orient killed 27 men.

EARLY ARREST OF MOB SEEN

Seven Northampton Men May Be Arrested This Week

Jackson, N.C., Aug. 15—(AP)—Seven white men who were released by a grand jury here last week from charges growing out of the attempted lynching of Godwin "Buddy" Bush, youthful Negro, will be rearrested "in all probability before the end of the week," Solicitor Ernest R. Tyler has announced.

Also before the end of the week, Governor R. Gregg Cherry, who denounced the action of the grand jury as a "miscarriage of justice," is expected to announce plans to have a Superior Court judge sit in the case as a committing magistrate and hear all the evidence in a public hearing.

Tyler said that he plans to draw warrants under North Carolina's 54-year-old anti-lynching statute and charge the seven with conspiring to break and enter a jail and with breaking and entering a jail with intent to kill or injure Bush.

Superior Court Judge J. Paul Frizzelle of Snow Hill, who presided over Northampton County Superior Court last week when the grand jury refused to act in the case, is expected to act in the case. (Continued on Page Four)

Jap Volcano Is Suddenly Active

Karuizawa, Japan, Aug. 14—(AP)—Mt. Asama, 90 miles north-west of Tokyo, erupted suddenly this afternoon, probably killing four of a party of 20 Japanese mountaineers near the Summit.

The 9,315 foot volcano sent clouds of smoke and ash thousands of feet into the air in six separations within four hours. There was no lava.

Japanese rescuers brought 16 climbers to safety, but one was burned so badly that he was not expected to live.

Dutch Report Heavy Attacks

Batavia, Java, Aug. 15—(AP)—A Netherlands Army communique today noted increasing severity of Indonesian Republican attacks on Dutch outposts in the Indies and reported six Dutch soldiers killed and 14 wounded yesterday.

The Dutch said they had repulsed a 600-man Republican attack on Kajoengong in South Sumatra, and a 200-man attack on a Dutch motor patrol near Salatiga in central Java. They said Indonesian losses were from mortars and automatic weapons.

Dollar Loses Buying Value

Ben Benson, 64-year-old self-styled King of Hoboes, reads a copy of the Bowers News in Chicago as he declares the annual hobo convention this year is "for phoney"—and he is boycotting it. "To be a bona fide hobo, you got to be on the bum half the time, absolutely pay no fare, and positively be a single man without a wife," Benson says. (AP Wirephoto.)

Your 1939 dollar is worth only about 50 cents today in buying the ordinary necessities of life, but it buys a lot more in some parts of the United States than in others.

An Associated Press survey of retail prices in 13 leading cities in all sections of the nation revealed strikingly irregular increases.

Some products have soared out of all relation with others compared with prewar days.

Some cities there living costs were lowest in 1939 pay the most now.

The survey showed: You can eat for less, by and large, in Minneapolis than in most cities.

You pay more for meat in the packing capital of Chicago than elsewhere.

Your housing dollar buys more in San Francisco and St. Louis, and least in Denver, compared with the other cities.

Your clothing dollar goes about as far one place as another, but buys a lot less than in either 1939 or 1946.

Your meat bill has gone up much more, percentage-wise, than your bread or milk bills. Butter and eggs take much higher on your budget than they did comparatively before the war.

In most items, half or more of the price increase has come in the last year.

But while your housing dollar buys only half as much most places as in 1939, in Columbus and San Francisco it buys more than it did in June, 1946.

Surveying typical products in the three fields of food, clothing and housing marked by the Department of Justice for "price conspiracy" investigation, the Associated Press survey found, in the 13 cities, item by item:

Bacon: Prices jumped 300 to 400 per cent in many cities in all sections of the country between 1939 and the present. In money, the range of increase was from 35 to 63 cents a pound.

Wide variations, both in present prices and in increases in the last eight years, were reported by various cities. Chicago has the highest present price, 95 cents a pound. Minneapolis reports the lowest price, 50 cents, a jump of only 28 cents from the 1939, and only 32 cents from June, 1946.

Bread: Between 1939 and the present, bread prices advanced from two to nine cents a loaf; between June, 1946, and today, the increase varied from 10 to 15 cents. (Continued on Page 3)

Rising Prices Brings Dollar Down To Approximately One-Half Value Of 1939; Survey Shows Irregularities In Commodity Prices

RIO DIPLOMATS HOLD SESSION

Agree To Support Mediation In Paraguayan Civil War

Petropolis, Brazil, Aug. 15—(AP)—Delegates to the inter-American defense conference agreed at a preparatory session today to support mediation efforts in the Paraguayan civil war, a delegation member said upon leaving the closed meeting.

Raul Fernandes, Brazil's foreign minister, was unanimously chosen president of the conference, but asked that the delegates confirm the election later at the first plenary session (at 2 p.m. EST).

Conference action to support mediation efforts of Brazil and Argentina to end the civil war in Paraguay had been urged here by Justo Prieto, former foreign minister of Paraguay self-styled "observer" for (Continued on Page Four)

Plan To Consider Fritz Case At An Early Date

Raleigh, N.C., Aug. 15—(AP)—The question of a criminal proceeding in the case of R. L. Fritz, Jr., who admitted he padded the payroll of the Hudson school in Caldwell County in order to pay his teachers for extra work, will be decided at a conference between Attorney General Harry McMullan and Solicitor

James C. Farthing of Lenoir. McMullan revealed yesterday that he had written Farthing and asked him to come to Raleigh for the conference "at the earliest convenient date."

Fritz, who is president of the North Carolina Education Association, was ordered by the State Board of Education last week to forfeit his teaching certificate. The order came after Fritz had admitted that he placed on the payroll the names of persons who did not teach, and when the checks were issued the money was used to pay his teachers for extra work.

He denied any intention of wrongdoing and sent the Board of Education a check for the \$1,600 involved. The state board turned the record of the case over to McMullan.

Writing to Dr. Clyde A. Erwin, state superintendent of public instruction and secretary of the Board of Education, McMullan said: "As Mr. Fritz has already tendered his check in settlement of the amount found to have been misapplied and as the State Board of Education has taken action cancelling his certificate as a teacher and principal, I would assure that the only reason for the reference of this matter to me by the State Board of Education is to give consideration to the question of criminal prosecution."

Kai-shek Nears Major Victory

Nanking Aug. 14—(AP)—Chiang Kai-shek's armies appeared today to be on the verge of a major victory in coastal Shantung Province, where Communist forces had been cut into several fleeing segments.

Government Gen. Wang Yu-wu's North Shantung Army was reported less than 50 miles from the sea in its northward drive. Completion of the drive would cut Shantung peninsula from the remainder of the province.

Registration Books To Open Saturday Morning

Tomorrow the registrars the four precincts of Greenville township will be at the regular polling places to register citizens for the special hospital bond election to be held on September 16.

Registration books will be open at the polling places on the four Saturdays between now and Election day, and in addition anyone may register by contacting the registrar on days other than Saturdays.

New York, Aug. 14—(AP)—A 19-year-old Marine private who donned an Army officer's uniform and moved into the bachelor officers' quarters at Mitchell Field, on Long Island, will be sentenced Wednesday in Federal Court.

Phillip M. Reilly, of Jersey City N. J., pleaded guilty yesterday to wearing illegally the uniform of a First Lieutenant in the Army Air Forces.

Prices In The News

Price Forecasts Gloomy; Who Is To Blame For Rising Costs? Some Dangers In Event Of Eventual Price Drops; What Can Actually Be Done About It?

By MAX HALL

Washington, Aug. 15—(AP)—Once again, high prices are big news in Washington and the nation.

Howard Hughes and Senator Brewster have gone home. The weather may improve, but price forecasts are gloomy.

The Bureau of Labor Statistics announced yesterday that its "consumers" price index reached a new record high of 157.1 on June 15 after leaving off in April and May.

In the year since June 5, 1946 when a roaring fight was going on over OPA, retail prices of living essentials in large cities had risen 79.9 per cent. Foods had risen 30.7, house furnishings 17 per cent, rents less than 1 per cent, and gas and electricity actually dropped.

It's not easy for the average American to understand or accurately judge the various causes of the continued rises.

One man says it's the government's financial policies. Another says it's our horse-and-buggy system of distribution.

Even more important than assigning blame is the question of what to do.

It isn't only that all of us suffer the discomfort of paying high prices. There is also the peril that if prices keep rising and rising—blam!—one of these months they may fall suddenly and factories may be shutting down and people may be out of work.

Here again, the average American finds it hard to decide what ought to be done.

Congress' approach is to send out committees this fall and try to discover why prices are high.

Auto Insurance Rates Permitted To Rise Again

Raleigh, N. C., Aug. 5—(AP)—For the second time in five weeks Commissioner of Insurance William P. Hodges has permitted automobile insurance companies to increase their rates.

Hodges announced rates in several categories which he estimated will cost motorist approximately \$403,000 a year.

On July 6, Hodges announced a 30 per cent boost in property damage liability insurance and estimated the increase would cost motorists approximately \$180,000 a year.

Hodges announced the following increases: 1—20 per cent in fire theft and comprehensive rates on old or used private passenger automobiles written on an actual cash basis.

2—10 per cent for \$25, \$50 and \$100 deductible collision insurance on old private passenger cars.

4—20 to 25 per cent on commercial cars, depending upon the length of routes customarily traveled.

More And Poorer Leaf On Market

Raleigh, N. C., Aug. 15—(AP)—More and poorer tobacco is coming to the 17 markets of the border belt, and with the lower quality the average price is going down.

Prices yesterday were down 50 cents to \$4 per hundred from Wednesday when the official average was \$45.94, a low for the young season, the Federal and State Departments of Agriculture reported.

Good Lemon leaf was down \$1 while the fair variety dropped off \$3 yesterday. Low grade primings were off \$4 while among the cutters fair orange was up \$2 at \$57 per hundred and fair lemon was up \$1 at \$58 per hundred.

The Truman administration's approach is to turn loose the Justice department bloodhounds to sniff out any illegal conspiracies to raise prices—and drag the guilty parties to jail.

Both of those approaches are admittedly not likely to bring about much price reduction—at least not soon.

The administration announced the Justice Department drive this week after months and months of (Continued on Page Four)

Miss Nell Perry Of Edenton Winner In Beauty Contest

Miss Nell Perry, beautiful brunette of Edenton, was the winner of the Wilson Kiwanis Club's trophy in the bathing beauty contest at the North Carolina Tobacco Exposition and Festival in Wilson yesterday afternoon. Miss Natalie Nunn of Kinston, winsome brunette won second place, and Miss Ella Margaret Morris, demure blonde of Morehead City, was third.

Miss Perry and the other contestants in the bathing beauty contest were guests at the Wilson Kiwanis Club's banquet at the Zam-Zam Club last night. Dr. Charles Armstrong of Salisbury, president of Kiwanis International, presented the trophy to Miss Perry, and the distinguished physician received a kiss while photographers flashed their bulbs taking pictures. Second

and third place winners received gifts. President Ed Tow of Wilson presided. The judges were more than middle-aged newspaperman, Presbyterian minister, physician, and young banker and tobaccoist.

A Greenville newspaper reporter who acted as one of the five judges had an exhilarating experience. An airplane flight to Wilson with Chief Pilot Steinmeyer of the Barnes Aircraft Company, Inc., Greenville airport, permitted the flying newsman to breathe rare ozone at an 1,800-foot level, then a thrill while circling low over the Wilson swimming pool when mermaids were seen dotting the silvery water of the pool, and then one full hour of watching the passing parade of blonde's red heads and brunettes for nearly an hour before the queen and the two runners-up could be selected caused the reporter to soliloquize and imagine he was Billy Rose for the time being. Ah-h-h! David, Blow your horn.

### Plan To Stimulate Tobacco Exports May Be Based On Report By Hutson

Raleigh, N.C., Aug. 15—(AP)—A plan to stimulate exports of flue-cured tobacco may be drafted by Tobacco Associates, Inc., as result of a report made to the board here yesterday by J. B. Hutson, president of Associates.

Hutson, who has just returned from a trip to Europe where he studied the possibility of increasing tobacco exports, told the directors there is a chance to ship upwards of 25,000,000 pounds of leaf to the American-British occupied area of Germany.

There may be a possibility of continuing large exports to Great Britain if the British government will restore prices to wartime levels and eliminate preferential import duties to British dominions.

Up to 30,000,000 pounds could be shipped to Japan and Korea if military authorities will cooperate, and if special legislation is passed.

Hutson said the possibility of increasing exports to Central and South America and to Africa and Asia should be studied.

"The big job in the European occupation areas x x x is to increase production," he said. "The Germans need an incentive, and we are going to have to give them not only more tobacco, but also some of the other things they need and want for a normal life before they will increase their production appreciably."

### Boy's Attacker Fined In Police Court Today

By CHESTER WALSH  
In Police Court today, Judge Jimmy Roberts found William Aman, 25, of Kinston, guilty of an affray near the ball park Saturday night with Joseph E. Harrington, farmer, and gave him 30 days in jail, sentence suspended on payment of \$25 fine. Harrington was not guilty.

It was testified that Aman had hold of Harrington's nine-year-old son in a threatening way; that Harrington, who had been curing

tobacco near the ball park, passed with three empty cold drink bottles to buy drinks at the time, told Aman it was his son and to turn him loose; that he refused and struck the boy's father with his fist on the head, and that Harrington then struck Aman with a bottle, breaking the bottle and Aman's nose. Chief Jim Tanner and Detective M. E. Corbett took Aman to a hospital for treatment and issued warrants for both men.

Attorney W. J. (Dick) Bundy, counsel for Harrington, moved that Harrington acted in self defense and that the charge against him be dismissed. Aman paid the fine.

### Employment Service Says Peak Will Pass

Washington, Aug. 15—(AP)—The United States Employment Service looks for that figure of 60,000,000 jobs to falter before long.

Veterans heading back to school next month, farmers laying off harvest hands and similar seasonal factors probably will shave the number of employed by about 3,000,000 persons by the end of the year, U. S. E. S. officials said today.

## Strength FOR THE DAY

### CAN WE HOLD OUT TO GLORY?

At the battle of Yorktown, Alexander Hamilton asked the advice of Thomas Nelson, Governor of Virginia as to the building upon which he should train his artillery. "Destroy that house," said Governor Nelson, pointing to his own fine mansion. "It is the most comfortable house in town, and you can be sure the Cornwallis and his officers will be there."

One remembers also the sharp letter which George Washington wrote to his messenger Lord Washington, during the Revolution, rebuking him for going to British soldiers in exchange for a new pair of shoes. "I am not a man to be trifled with," said Washington. "I have had my shoes burned in the ground then to have given any assistance to the enemies of my country."

There are few people in the world for whom complete self-effacement is the interest of higher things. Most of us think almost exclusively about ourselves and our personal interests. A few men and women truly rise above themselves and do so to such an extent that they are willing to sacrifice in behalf of the intangibles.

One reason why post war periods are always trying and generally disgusting is because people tend to sink back into their old selfishness, usually forgetting the good cause for which they sacrificed.

The hope of the future rests upon the few people who can continue selflessness until something worth-while is accomplished.

### LETS REGISTER

Tomorrow the registration books will be opened for the special election which has a new county hospital as the door prize.

Strictly speaking the occasion should be a time for soap-box orations, banners and speech-making to build up the enthusiasm of the voters; but people don't go for that sort of thing any more. We are admittedly lethargic except under duress.

Now we believe that every soul in Pitt County knows how badly we need a larger hospital, that issue has never been raised. All that certain civic-minded Pitt-booster have been urging is that we reach out and for once show our active participation in home affairs.

If only two voters registered and balloted in favor of a county appropriation to supplement \$548,000 of outside aid, we would have our hospital. Under the rules of the special election, those two voters would actually be the "voice" of the entire county. None of us could be particularly proud of such feeble representation.

Three minutes of your time is all that is needed to take an active and important part in your county's government. Surely we can, all of us, indulge that fraction of our day in the luxury of voting.

One last item; when you register, be sure to cast your vote on September 16, otherwise your missing ballot will count against (what we hope will be) the tide of "Aye's."

### INDIAN QUESTION

Peoples on attaining the stature of a nation seem to find the process linked with a bath of blood; the most recent demonstration of this is

India, where today two new states have struggled out of the centuries-old mire of exploitation.

With notably few exceptions independence has been acquired by wars for freedom, but India's blood is flowing not from conflict against outside oppression but from the more cruel and deadly spectacle of neighbor against neighbor.

The futility of the conflict and the lack of responsible leaders raises a very reasonable question. Were the people of India ready for the self-government given to them by Great Britain?

### Rio Conference . . .

(Continued From Page One) which the U.N. has been able to render has been to provide a theatre in which to epitomize the battle of the great powers. This fight has emphasized that there are two worlds and not the one which had been so eagerly sought—that Russia is bent on global revolution for the spread of communism. It has become clear that peace is in danger of being disrupted again.

And so it is encouraging now to see the Rio meeting finally underway. It is in no way a challenge to the U.N., since regional agreements among nations are permissible under the charter of that organization. On the contrary a Pan-American agreement for defensive solidarity would provide a grand complement to the U.N., and would strengthen its hand immensely.

The writing on the wall is clear. The time has arrived when the Western Hemisphere should go all out in providing for solidarity of defense.

### Early Arrest . . .

(Continued From Page One) expected to be Governor Cherry's choice to serve as a committee magistrate.

The hearing is expected to be held in September. Tyler said that a charge of kidnapping which was brought against the seven men when they were arrested originally will be dropped. He explained that the kidnapping charge does not come under the anti-lynching statute and that a trial on that charge would have to be held in Northampton County.

### Prices In . . .

(Continued From Page One) pleading with business to make voluntary price cuts. Indeed, hundreds of companies, large and small, have voluntarily cut their prices. But the general price level keeps going up. The CIO wants to restore price controls as soon as possible. The AFL doesn't think this is practicable in the present state of public opinion.

The CIO also demands a national conference of labor, industry and government to plan voluntary price cuts. President Truman doesn't think that would do any good. In the last year there have been buyers' strikes, Newburyport plans for 10 per cent price cuts and other schemes. They may have accomplished something. But the 17.9 per cent rise in prices stands right here, staring the nation in the face.

The preparatory commission for the conference, which is to write a treaty of mutual defense, met with all the 20 nations participating represented. Chile's foreign minister, German Vergara Donoso, told newsmen he

would oppose the Argentine proposal to include discussion of economic questions.

Cuba, however, announced she would press for a treaty clause against "economic aggression" in Mexico and several other countries are known to favor consideration of hemisphere economic problems at this meeting.

## Dollar Loses . . .

(Continued From Page One)  
from more at Denver to four cents at Philadelphia.

Butter: Prices today are from 26 to 54 cents a pound higher than in 1939 in the various cities reporting, and from one to 27 cents above June, 1946.

Eggs: Price jumps were erratic across the nation. Today's quotations were 52 cents a dozen higher than 1939 in Boston and San Francisco, and only 19 cents higher in Kansas City.

Milk: Effects of government subsidization and control are shown in the comparatively stable course of milk price rises. Increases over 1939 range from five cents in Boston to nine cents in St. Louis, New York and Dallas.

Men's suits: The average man is paying from \$10 to \$20 more for a suit than he did in 1939, but in many cities he pays no more than he did in June, 1946, and in others from \$5 to \$10 more.

Shirts: The common man's shirt costs him from \$1 to \$2.50 more now than in 1939, depending on where he lives. Some cities, however, report he spends \$1 less now than in June, 1946, while others say he pays almost \$1.50 more.

Men's shoes: Price increases over 1939 averaged \$3 a pair across the nation, but the hikes varied widely in the different sections.

Cotton dress: Women's housedresses advanced about 50 per cent in price since 1939, but changes since June, 1946, were highly irregular.

Women's shoes: The housewife was nicked less than her husband by shoe price increases since 1939, but her shoe costs rose a little more since June

## Medical Test Proved This Great To Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer? Nervous, restless, weak—at such times? Then no try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a "miraculous" relief. It has a grand soothing effect on one of women's most important organs. Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic.

# Timm Bats In Winning Run In Overtime Game

### Greenies Edge New Bern 9-8 As Manager's Deep Center-field Fly Brings Willie Mauney Home In Eleventh Inning

By BERT MOYE  
Manager Ordie Timm's fly to deep centerfield to bring home Willie Mauney from third with one out in the eleventh inning gave the Greenies their second straight win in overtime play here this week as they edged a 9-8 victory over the New Bern Bears.

Willie Mauney led off in the eleventh with a single, was sacrificed to second by Bill Anderson. Tommy Lee was given an intentional pass to first and Bill Lynch got an infield hit to load the bases prior to Timm's long fly for the winning run.

The game changed leads on three different occasions with the Greenies leading at the end of the second, the Bruins in the lead at the end of the fifth and Greenville back in the lead at the end of the seventh and New Bern knotting the count at 9-all in their top of the ninth when Settle, the Bears' catcher, led off with a homer over the left field fence.

New Bern went out in front in the first frame by chalking up two runs which were made without a hit but with the aid of three walks. The Greenies matched this in their half of the first on two hits and a walk. The Bruins scored one run in the second on one hit and an error and the Greenies came back in the second to score two runs on two walks, a single and a hit batsman, which put them in the lead. The Bears came back in the fifth and went out by one run when they tallied on three hits, an error, stolen base and a walk. They tallied again in the sixth on a jingle and two errors. The Greenies then went out in front by two runs by putting across three markers in the seventh frame on four hits, a walk and a

wild pitch. This led the Greenies held until the ninth when New Bern knotted the count to make the game an overtime affair.

Tommy Lee turned pitcher in last night's game but was chased from the mound in the seventh after allowing nine hits, five walks and one strike out and Bill Anderson went in to pitch the remainder of the game and received credit for his second straight win.

Manager Ordie Timm led the 14-hit attack off the three Bears' hurlers, getting three singles and a double in five times at the plate.

The Greenies made two beautifully executed double plays last night to stave off the Bears' attack and also featuring on the defense was the work of Bill Lynch at second, Willie Mauney in the left field, and Art Jacobs at third. These boys were really hustling in their last night and played the type of ball which Greenville is capable of producing.

## Injuries Plague Collegians As Grid Epic Nears

Evanson, Ill., Aug. 15—(AP)—With the 14th annual all-star football game only a week away, the college all-star squad today counted a record number of misfortunes in the way of injuries to top-ranking players.

In the Collegian's morning scrimmage yesterday, in preparation for their night game next Friday at Soldier Field, Chicago, against the Chicago Bears, three more players were injured.

Julie Rykovic, Illinois, halfback and Tom Hayes, Army end, both suffered shoulder injuries, and Claude (Buddy) Young, Illinois, halfback, twisted his ankle after reeling off several impressive runs in practice.

Young's injury was not regarded as serious, but trainers said they did not know how long Rykovic and Hayes would be sidelined.

Arnold Tucker, Army quarterback displayed a fine exhibition of pass-throwing in yesterday's drill while Gene Roberts, University of Chattanooga halfback, got away for several long runs.

Army's Felix (Doc) Blanchard and Charley Trippi, former Georgia star were slated to join the collegians today to swell the all-star roster to 83.

## Babe Didrikson Quits Golfing Amateur Ranks

New York, Aug. 15—(AP)—Mrs Mildred (Babe) Didrikson Zaharias, unquestionably the world's greatest women athlete, has forsaken the amateur ranks—for the third and perhaps last time—to accept a \$300,000 motion picture offer, among other lucrative offers.

The only American ever to capture the British women's amateur golf championship, the Babe told a news conference here yesterday that she reached the decision to turn professional after much deliberation.

"I feel that by doing a series of motion pictures on golf I will further the advancement of women's golf in general," she said, and that by way of justification added that she had found amateur golf "an expensive luxury."

She said that she competed in 18 tournaments this year. "That competition has cost me and George (her husband, George Zaharias former wrestler and currently a boxing promoter in Denver) about \$14,000."

Delegates, district workers and local workers gathered in Wilmington from August 2 to 7 to attend the general conference of the Woman's Home and Foreign Missionary Society. It was almost a hand shake across the waves. Representatives were there from every state. The 11th quadrennial convention attracted some of the world's outstanding church men and women. The most sacred hour of the conference was Sunday evening at 8 o'clock when the entire delegation took communion. The lower auditorium which was reserved for the delegates was filled with missionary ladies who were dressed in white.

One of the most solemn periods of the conference, was the memorial service held Monday morning for missionaries who had passed since the last conference, four years ago. Tears came to the eyes of the Washington district delegates, unbidden when the names of our beloved dead were called and could not answer. Our dead whose lives had been transferred to another clime. Mrs. S. P. League, chairman of life members council, Rev. C. L. Spaulding one of our pastors, and Mrs. Mattie Daniel, district reporter. At the conclusion of the program a solo "Be Still My Soul" was rendered by one of the delegates.

The trumpet is believed to have been invented around 1500.

while a bunch of white flowers was deposited in honor of our dead. One of the high lights of the conference was the address by Governor Cherry.

Following the governor's address a beautiful pageant was given by the young missionaries and buds of promises. During the program a very small girl sang "The Lord's Prayer." Two girls spoke on "Rebuilding a War Torn World With Youth."

After a very stormy election, officers were elected for the next four years. The officers were installed by Mrs. Gertrude Brown of Los Angeles, Calif. A beautiful feature of this installation service was a lighted candle placed in each officer's hand and the beautiful prayer made.

The delegates from the A. M. E. Zion Church of Greenville, Mrs. Lena Cherry, district superintendent of "Buds of Promise," Mrs. Etta Dupree, district secretary of young women, Mrs. Frances Tatum, local president of the Missionary Society, and Mrs. Maggie Woodard, district delegate. These women have returned from the conference with no new resolutions, but encouraged to do better work.

Visitors to the conference for one day were Mr. Charles Allen, Mr. Matthew Lewis, Mr. Eppes, Mr. Dennis Dupree and Mr. Walter Aske. The pastor, Rev. Mumford, attended the Bishop's Council and the convention too.

Too much can't be said in congratulating the people of Wilmington who spared no pains to make the stay of all delegates happy while there. Reported by Etta Dupree, district secretary of Y's.

English Chapel F. W. B. Church Rev. S. Hemby, pastor. Sunday school 9:30, S. M. King, superintendent. 11 o'clock, sermon by the pastor.
