

Partly cloudy and continued hot tonight and Friday with scattered thundershowers.

UNION PLAINTS AFFECTED BY NLRB RULING

Over 3,000 Cases In NLRB Office May Die If Affidavits Not Filed

Washington, Aug. 21—(AP)—Many unions today face the prospect that their pending complaints against employers will be wiped off the government's books under provisions of the Taft-Hartley act effective at midnight.

Robert N. Denham, General Counsel of the National Relations Board said more than 3,000 back cases in NLRB field offices, including all union petitions for plant elections will be dismissed unless the union registers and files non-communist affidavits under the new law within 20 days.

Today is the final day of the Wagner act as it has existed for 12 years. Tomorrow, labor and management will be under a new and thoroughly revised Wagner act. For one thing unions will be subject to charges of "unfair labor practices" for the first time.

This revision of the Wagner act is the most important part of the Taft-Hartley law which Congress passed over President Truman's veto on June 23.

Today is the last day for signing of closed shop contracts. Any such contract signed today can run no longer than one year. (Under a closed shop, the employer agrees to hire only union members and fire all non-union people.)

The 3,000 NLRB cases affected (Continued on Page Four)

U.S. Delegates At Defense Conference

Rep. Sol Bloom (second from right), chats with Secretary of State George C. Marshall (right), at the Inter-American defense conference at Quito, Ecuador, with three other members of the U. S. delegation (left to right), Warren Austin, representative of the United States to the United Nations, and Senators Arthur Vandenberg and Tom Connally, look on. (AP Wirephoto)

Soviet Protest

Washington, Aug. 21—(AP)—Russia has protested the proposed American-British-French conference on raising the level of German industry.

Official United States sources acknowledged this today, but did not disclose the reasons the Soviets gave for their objection.

It is understood, however, that Russia claims the plans for the conference would nullify terms of the Potsdam agreement holding down German industrial productivity.

British Credits In U. S. To Reach Low In August

Withdrawals Will Reduce Loan Balance To \$400 Millions; Treasury Officials Convinced Britain Has Reached Crisis

Washington, Aug. 21—(AP)—Withdrawals by Great Britain will reduce to \$400,000,000 by August 29 the amount of credit remaining of her original \$3,750,000,000 loan, U. S. treasury officials said today.

The loan balance already had been reduced to \$850,000,000 when Anglo-American talks began here Monday to consider emergency steps aimed at relieving Britain's current economic crisis.

Only yesterday the British agreed with U. S. approval to suspend temporarily the free exchange of dollars for pounds in trade with other countries. It was learned this step was necessitated by dollar demands which had risen recently to a rate of \$27,000,000 a week from the \$3,750,000 American credit.

A treasury official told a reporter that permission for Britain to make withdrawals below the remaining \$850,000,000 stemmed from a need for \$400,000,000 to pay for goods on order in the United States.

One request for a \$100,000,000 withdrawal already has been made. Other requests for withdrawals in the same amount will be made August 2 and 9, cutting the credit balance to \$400,000,000.

Once the loan is down to the \$400,000,000 point British withdrawals will cease pending arrangements at the Anglo-American financial conference here to control the flow of dollar exchange from London.

Treasury officials were described as convinced that the British have arrived at a genuine crisis and that only drastic emergency action—such as that taken yesterday—can avert a financial collapse.

The treasury was reported as believing that action does not violate the spirit of the loan agreement, even though that document obligates the British to exchange dollars for pounds freely when other countries request such payment.

John L. Sullivan, now undersecretary of the navy, will replace Forrestal as secretary when the latter takes his oath as secretary of defense. (Continued on Page Eight)

POLIO RISING IN 32 STATES

But Total For Year Still Remains Lowest Since 1942

The year's sharpest rise in the number of infantile paralysis cases occurred last week—with increases noted in 32 states—but the 1947 total to date remains the lowest since 1942.

Only two communities in the nation found it necessary to take unusual precautions during the sudden disease. Swimming pools have been closed in Wilmington, Del.

Furthermore, reports from 20 states which have figures on deaths available, show only 30 so far this year, compared with 338 in those same states a year ago, when the nation suffered its worst outbreak since 1916.

The U. S. Public Health Service in Washington had reports of 411 new cases for the week ended August 19. (Continued on Page Four)

MCMULLAN TO ACT FOR ETC IN SEPTEMBER

Will Seek Dismissal Of Motion For Recovery Of Back Pay By Henderson

Raleigh, N. C., Aug. 21—(AP)—Attorney Gen. Harry McMillan says that when the suit of a former professor at East Carolina Teachers College is called for trial in Pitt County Superior Court Sept. 8 he will ask that the motion for recovery of \$14,004 in back pay allegedly due be dismissed.

Dr. E. L. Henderson of Greenville seeks that amount for the school years 1944-47.

The attorney general said he will introduce evidence that the former head of the college discharged Henderson in January or February, 1944. McMillan said that Henderson alleged in his complaint that his contract with the college contained a provision that if his services for the next year were not required, notice should be given during February. This was done, McMillan said.

The attorney general will serve as counsel for the college Board of Trustees directors who are named defendants.

McMillan also said he will move to dismiss a section of the complaint which alleges that Henderson was discharged by Dr. Leon Meadows, at that time president of the college, "for the sole purpose of protecting Meadows' own misdeeds and wrong-doing."

In the spring of 1944 the Board of Trustees exonerated Meadows of a charge he "had not satisfactorily accounted for" more than \$1,800 in college funds. Dr. Meadows later was convicted of the charges in Pitt County Superior Court. He recently finished his sentence.

Brake Lining Firms Indicted

New York, Aug. 21—(AP)—A federal grand jury today returned an indictment charging the brake lining manufacturers association, incorporated, 20 friction material manufacturing companies, and 53 of their officials with conspiracy to fix prices of replacement brake lining and clutch facings.

The filing of the indictment, that charged violation of federal anti-trust laws, was personally supervised by U. S. Attorney General Tom C. Clark.

At Least 28 Die From Heat Wave

By ASSOCIATED PRESS

At least 28 persons have died as a result of the midwest's prolonged heat wave, and the hot weather continued today with no prospect of relief.

In Chicago, 24 persons were reported to have died of causes induced by heat since midnight Monday, while two such deaths were reported in Indiana and two others in Minnesota.

The Canadian cold air mass was stalled at the U. S. boundary, moving eastward but not southward.

Jewish Refugees Afloat Given British Ultimatum

London, Aug. 21—(AP)—Britain handed an ultimatum today to 4,400 Jewish refugees aboard three British ships off southern France, ordering them to disembark by 12 noon (EST) tomorrow or be transported to Germany.

A foreign office announcement said that if the Jews declined to go ashore, "the ships will sail for the British zone of Germany where their passengers will be immediately disembarked."

The refugees, who are without visas for Palestine, were intercepted by British craft off the Holy Land coast as they tried to evade the British blockade last month in the vessel called "Exodus 1947." They were placed aboard the three British ships and returned on July 26 to France, where they began their voyage.

Fifty-Three Students To Graduate At College

Among the 53 students scheduled to be graduated at East Carolina Teachers College on Friday, August 22, will be Mary Alice Davis and Shirley Savage of Greenville.

Charles Little of Winterville and Charles Deen James of Bethel. All but two of this summer's graduates are North Carolinians. Twelve are candidates for the master's degree; 10 for the B.S. degree; and 21 for the A.B. degree, which is conferred upon those taking work in teacher-training. Of the total: seven are men, and the others are women.

Miss Davis and Miss Savage are candidates for the A.B. degree; Little, B.S. degree; and James, master's.

Truman Forecasts Treasury Surplus

Record - Smashing Fiscal Surplus Report Brings GOP Clamor For Tax Slash In 1948; Congressional Fight Looming

Washington, Aug. 21—(AP)—President Truman's forecast of a record-smashing Treasury surplus of nearly \$5,000,000,000 next June touched off a fresh Republican clamor today for a tax slash in 1948.

Chairman Bridges (R-NH) of the Senate Appropriations Committee said the President's mid-year budget review estimating tax receipts this year at \$41,667,000,000—\$2,100,000,000 higher than any previous forecast—proves that the country was "robbed of a tax reduction by purely political vetoes."

Mr. Truman twice vetoed efforts of the Republican-dominated Congress earlier this year to trim individual income taxes by \$4,000,000,000.

"Perhaps," Bridges declared at Fall River, Mass., "the President now will not be so determined about vetoing a tax reduction bill when it is presented to him."

The Chief Executive said the \$4,687,000,000 Treasury surplus expected for the fiscal year ending next June 30 should go to debt retirement and to a stand-by fund to meet any domestic or world emergency.

Thus, a new tax battle when Congress returns in January began to take form.

Mr. Truman put the total expected expenditures in the current fiscal year at \$37,000,000,000, and estimated Uncle Sam's income in the same period at \$41,667,000,000. Last January he set the spending figure at \$37,228,000,000 and the surplus only \$207,000,000.

His new bright budgetary outlook was hinged on an expectation of continued high prices, taxes, incomes and employment—thus indicating he sees no depression clouds on the horizon.

The President's summation last night of the government's current financial position was issued against a backdrop of sharp controversy over how near the controlled Congress came to hitting its goal of slashing his 1948 budget by up to \$6,000,000,000.

Mr. Truman's report credited the Republicans with trimming his original spending estimate by \$1,520,000,000 but he said the "net" saving likely will dwindle to only \$528,000,000 or less because of factors that were not foreseen last January.

Bridges and other GOP leaders immediately challenged the President, crying "politics."

Senator Young (R-ND) said the Chief Executive's estimate that Congress saved only \$1,500,000,000 in its economy drive is a "political" stroke, evidently "an attempt to delude the nation into believing that Republicans are incompetent of carrying out an economy program."

Senator Bridges (R-NH) said the President's estimate that Congress saved only \$1,500,000,000 in its economy drive is a "political" stroke, evidently "an attempt to delude the nation into believing that Republicans are incompetent of carrying out an economy program."

RUSSIAN VETO IS USED TWICE AGAIN TODAY

Gromyko Overrides Majority On Admitting Italy And Austria To UN

Lake Success, Aug. 21—(AP)—Russia today used the veto twice in rapid succession to block action on the applications of Italy and Austria for membership in the United Nations.

These were the sixth and seventh Soviet vetoes cast this week and they ran the Russian string to a total of 18 against majority decisions in the security council.

On both Italy and Austria, the vote was not on immediate admission, but on Australian proposals to leave the decision up to the general assembly which meets in New York Sept. 16.

The vote on Austria was 8 to 1, with France and Poland abstaining. The vote on Italy was 9 to 1, Poland abstaining.

The action came after the United Nations Security Council had rejected Hungary's application for U. N. membership by a vote of 1 to 1, with nine abstentions.

The United States, which had advocated immediate admission of Italy, did not press for further action after the Soviet veto. The Australian resolution, instead of calling for admission now, left the question up to the general assembly.

Soviet Delegate Andrei A. Gromyko argued that the resolution was a violation of both of the Potsdam agreement and of the U. N. charter.

He said it by-passed the Security Council by giving the assembly the right to make a decision which should be made by the council. He (Continued on Page Four)

More Speed

Washington, Aug. 21—(AP)—Rear Admiral Alfred M. Pride said today the Navy anticipates that a speed of 675 miles an hour may be reached by the D-558 Skystreak in further tests. The jet plane set a world record of 647 miles an hour at Muroc, Calif., yesterday.

Pride, chief of the Bureau of Aeronautics, said in an interview that the Navy has no expectation that the Skystreak can reach the speed of sound, 730 miles per hour, but believes information gained from its performance will enable experts to design planes to go through the sound range.

Navy Fighter Pilot Holds Speed Record

Experimental Jet Plane Flies At Highest Speed Man Has Yet Attained Streaks Over Test Course At 640.7 MPH

Muroc, Calif., Aug. 21—(AP)—A slim, wiry naval pilot flying a trim, stub-winged experimental airplane today held the international air speed record after having bulletted four times over a three-kilometer (1.863 mile) course at an average of 640.7 miles an hour. The mark was set with a Douglas built jet-propelled Sky Streak flown by Commander Turner Foster Caldwell, Jr., 33, of Arlington, Va., a former Pacific combat pilot. After traveling at a higher speed than man had ever attained, he shrugged his trim shoulders and said:

"It was a great relief from the paper work I've been doing in Washington. It's a great day and a great ship."

The navy pilot held the former world mark which had been set last June 19 by an army man, Col. Albert Boyd, who flew the same course at an average of 623.8 miles an hour in a Lockheed P-80 jet plane. Boyd's flight had broken the British-held record of 616 miles per hour.

But the Maine senator, here to attend Fall River's celebration of "Joe Martin Day," said he and other Republicans have no intention of suggesting that the group, once headed by President Truman when the latter was a senator, continue its inquiries in the next session of Congress.

Senate Democrats have made it plain they would fight any such move.

"It was never the intention to continue the special committee," Brewster told a reporter. "Under the Congressional Reorganization Act, the standing committees should take over these investigations. We will be ready for that in January—in fact, our final report is already half drawn."

Brewster, who touched off a Republican presidential political note in an otherwise largely non-partisan affair honoring Martin because of his elevation to the top job in Congress as Speaker, said there is "no doubt" that subcommittee hearings into the Hughes contracts will be resumed in November.

Interest In Education

Reaches New High Level Since War; Increased Federal Expenditures For Education System Studied For Improvements; Number of Schools, Colleges Growing

Washington, Aug. 21—(AP)—There is more interest in education in this country than ever before, authorities say.

Much of that interest can be traced to the war and to the troubled times which followed it. The American people became interested in new fields of knowledge, like atomic energy.

Thousands more students enrolled at colleges and universities, mainly because of the GI Bill.

Educators thought more about using education to prevent future wars.

Congress became concerned about democracy and thought about education as one way to protect democracy in this country.

Results: 1. The United States Office of Education was one of the few government agencies to receive more money this year than it did last year—in fact, more than ever before—from a Congress interested in education.

2. Educators who thought Hitler's rise to power could be traced to faults in the German education system began to plan changes in the American system to prevent anything similar from happening here.

3. Colleges bulging with students had to decide whether to increase their size or support the growth of new, small colleges.

4. States and communities tried to solve the problem of finding schools for the students the crowded colleges could not take.

Let's take those one at a time and see what they mean.

The Office of Education told Congress it will use its additional money to increase education in the social sciences (the study of people), exact sciences (chemistry, for example—the study of things) and physical education.

That ties in with the second step, because many college officials think that if the Germans had learned things like the social sciences they might have been better citizens, with more political wisdom.

So more American colleges are trying to give students a "general education" so that even those studying engineering, for example, will have knowledge of people, politics and other current matters.

Some educators say this process may grow until it changes the whole direction of American education, which before and during the war seemed to be concentrating more and more on specialized studies.

Finally, there has been a spreading movement toward stopping the growth of large colleges and substituting one of three plans:

1. "Residence extension centers," which are like branch colleges. The University of North Carolina, for example, has such centers. (Continued on Page Four)

U. S. Prepares New Approach To Soviet

Breakdown In Korean And Austrian Conferences; U. S. Determined Not To Consider Issues Entirely Washed Up

Washington, Aug. 21—(AP)—The United States appears ready today to write off two more attempts to reach agreement with Russia—on Korea and Austria—in favor of a completely fresh approach.

This impending development stands out against a Library of Congress report declaring that relations between this country and the Soviet Union have deteriorated "dangerously."

In the case of Korea, Foreign Minister Molotov thus far has failed even to acknowledge Secretary of State Marshall's proposal for a re-examination of the deadlocked efforts to set up a unified government for that country.

Marshall set today as the deadline for a report from the so-called Soviet-American Joint Commission at Seoul. He told Molotov in a note last week that if this showed the two powers could not agree on a provisional regime to take the place of the separate occupation zones it was time to decide whether to call off the negotiations which started three months ago.

Meanwhile, the chief American representative on the four power treaty commission which has been trying even longer to settle disputes (Continued on Page Eight)

DEPT. LEADERS WILL BE KEPT

Truman To Use Navy And War Department Heads In New Set-Up

Washington, Aug. 21—(AP)—President Truman, it was reported today, has decided to keep present war and navy department leaders at key posts under the new national defense set up.

High White House officials, asking not to be quoted by name, said that was the president's decision.

Presidential press Secretary Ross would not confirm the reports but did say the president will have an announcement on the new defense organization at 3 p. m. news conference.

Mr. Truman already has announced that James V. Forrestal will take over as secretary of national defense under new legislation putting the war and navy departments under a single cabinet officer.

As disclosed by White House officials, this will be the line-up in key posts under Forrestal:

John L. Sullivan, now undersecretary of the navy, will replace Forrestal as secretary when the latter takes his oath as secretary of defense. (Continued on Page Eight)

Five Vetoes In A Week

Need For Revision of UN Machinery Again Pointed Up; Unrecorded Vetoes Also Figure In Paralyzing Security Council; Three Possible Courses Ahead

By LARRY HAUCK

Five Russian vetoes in the Security Council this week pointed up again the need for revision of the United Nations machinery.

The situation was viewed by Secretary-General Trygve Lie as a continuing one, "no more serious than a year ago," but Council Chairman Paris El Khoury frankly acknowledged that the council was "paralyzed" by the veto.

In every one of the latest vetoes, which ran the Soviet string to 16, Andrei A. Gromyko killed a decision agreed to by nine of the 11 council nations, Poland, as usual, supported Russia.

More important in the general picture than the mere 16 vetoes were the dozens of silent or unrecorded vetoes—the times when proposals never went to vote because Russia announced she would kill them.

The entire question will be aired again in the September meeting of the General Assembly, Lie said. To meet the situation, the U. N. has roughly three courses of action:

1. Attempts could be renewed to remove or modify the veto, but these apparently are doomed in advance.

2. Nations could put pressure on Russia through world opinion to hold down use of the special voting privilege granted by the charter to the Soviet Union, United States, Britain, France and China.

55-nation Assembly, where there is no veto, and gradually and quietly give the big body more prestige and power.

The first course cannot be considered seriously because Russia has said repeatedly that the veto must stay as it is. Neither does the United States want to give it up entirely because that would mean the committee to a declaration of war by a council vote regardless of the feeling of Congress and constitutional processes.

The real answer to the first point of course lies in the charter itself, which must be changed to kill or modify the veto and which provides that any amendments shall be subject to unanimous approval of the five major powers.

Starting with last year's assembly, attempts were made by the small nations to implement point two by exposing the frequent Russian vetoes to a thorough airing. This apparently had no effect on the Kremlin.

A weighted system of voting in the assembly, under which a nation's ballot would be assessed on such factors as population, area and resources, has been discussed at intervals. The biggest barrier here is the charter again, which gives all the real power in the U. N. to the Security Council and leaves the larger body principally rights to recommend and advise.

Cadiz Casualty Report Says 150 Victims Counted

Cadiz, Spain, Aug. 21—(AP)—The Provincial Board of Health, giving the first official casualty figures for Monday night's arms blast in Cadiz, said today 150 persons were known to have perished and that about 30 bodies remained beneath the wreckage.

The board said the number of injured totaled approximately 5,000, including 250 seriously hurt. Several thousand persons, the board added, suffered cuts and bruises from flying glass and debris.

Mayor Francisco Sanchez Cossic estimated earlier that the death toll from the shattering explosion at the nearby naval torpedo and mine factory would reach approximately 200.

He stressed problems of housing employment and business resulting from the blast damage, which early estimates said would surpass \$10,000,000.

Truman's Plane Given Check-Up

Santa Monica, Calif., Aug. 21—(AP)—The Flying White House, a four-engine special DC-6, returned today to Douglas Aircraft Co. plant yesterday for a final checkup before taking President Truman to Rio De Janeiro conference.

Le. Col. Henry T. Myers, pilot, said the plane "tickled like a well-oiled watch" on its shakedown flights, logging 100 hours, 32,000 miles and 28 countries. Mr. Truman has yet to fly in the plane, named the Independence.

Social and Personal

Social Calendar
FRIDAY
 7:45 p. m.—Called meeting of Masons, Eastern Stars and White Shriners at Masonic Temple.
 Misses Melvin Smith, Marjorie Spruill and Arleen Crisp of Norfolk, Va., are visiting Miss Smith's father, W. C. Smith.
 Mrs. G. C. Brewer and son, Zack, of Wilmington, Delaware, are visiting Mrs. Brewer's father, W. C. Smith.
 Mrs. B. M. Reagan and daughter, Bratha, are spending a few days in New York City.
 Mrs. C. F. Oakley and family have returned from Carolina Beach.

Mrs. Hubert P. Williams of Raleigh is visiting her mother, Mrs. Nannie D. Holloman.
 Mrs. Cecil Bullock has returned to her home from Pitt General hospital and is recuperating nicely.
 Mrs. L. T. Shotwell and Miss Muriel Showell have returned from Ocean Drive, S. C., where they have been spending the summer.
 Mr. and Mrs. Ed Batchelor have returned from a short stay in the mountains of western North Carolina.
 Miss Lytle Batchelor has returned from Camp Bear Walla where she has been spending the summer.
 Billy Mae Batchelor is visiting relatives in Cincinnati and Detroit.

Life Underwriters to Meet
 Pitt Association of Life Underwriters will hold its regular monthly meeting at 12:30 o'clock Friday, August 22, at Respass.

Immanuel Baptist Church
 The chancel choir will not meet for rehearsal tonight, and the juniors will not meet tomorrow morning. Both choirs will meet next week as usual.

HAS KIWANIS PROGRAM
 Marvin K. Blount will have charge of the program at the Kiwanis Club's weekly supper meeting Friday night at 6:30. President El Bloom will preside.

JUDSON BLOUNT TO SPEAK
 An important message for every citizen of Pitt County will be broadcast from Radio Station WGTC Friday evening, August 22, at 7:30 o'clock when Mr. Judson H. Blount will speak in behalf of the proposed new hospital for Pitt County.

NEW AVALON ROOM
 Club Saleeby, Fifteenth and Market streets, Washington, announces completion of the new Avalon Room for dining and dancing and for group luncheon and supper meetings.

IMPROVE HOTEL BUILDING.
 L. M. Ernest and Son, building contractor, had a crew of workmen erecting a safety passageway in front of Proctor Hotel today in preparation for extensive improvements and alterations on the front of the building.

David Turner Buys Asheville Hotel

The following item from the Asheville Times will be of interest to many:

W. David Turner, formerly of Greenville, N.C., who has operated the Princess Anne hotel the past year under lease with option to buy, has purchased the property. The purchase price, plus improvements Mr. Turner has made the past year is approximately \$70,000, it was announced.

The real estate transfer was filed today from John Carroll, Raymond Matthews, R. P. Booth and J. L. Widman to Mr. Turner. The operator leased the hotel from this group in July of last year with option to buy. He exercised his option today and the property changed hands.

The Princess Anne hotel, at the intersection of Furman Avenue and East Chestnut Street, is a four-story frame building with 50 rooms. It was erected by Merchant Construction Company in 1927 for Miss Anne O'Connell, who operated the hotel several years.

For the past several years, the building has been owned by the G. A. Mercer interests of Savannah, Ga. In the interim, the house was occupied and operated for a time by A. H. Malone, Asheville hotel man, and by Appalachian Hall Hospital, which used the place as a unit of its institution.

Mr. Turner said he plans further improvements at the present season as possible after the present season is over. He will operate the hotel on a year-round basis.

Mr. Turner has had many years experience in the hotel business. For the past 24 years, he has operated hotels in Raleigh and Greenville, N.C. Mr. and Mrs. Turner reside at the hotel. They have three sons, W. D. Turner, Jr., who is on vacation here from Cornell University, where he is majoring in hotel management, and Jim and Henry Turner. Mr. Turner is a member of the Asheville Hotel Association.

Belgium has the world's densest railroad network, and a system of waterways second only to the Netherlands.

TARSIER—What big eyes—and what a long tail—you have, little tarsier! One of a rare species of monkey, it came to the Philadelphia zoo from the Philippines.

Criminal Court Here Next Week
 Judge Henry A. Grady of New Bern will preside over a one-week criminal term of Superior Court here next week. Several important cases are on the docket for trial, several of them capital offenses. Some women have been summoned for jury duty.

Resigns As Pastor After Three Years
 Rev. I. C. (Carl) Morris, who has been pastor of the Church of God on Broad street, the past three years has resigned to become pastor of the Church of God in Washington, N. C. He will continue to live in Greenville. During his pastorate the church here has prospered and increased its membership. Mr. Morris will assume his pastoral duties in Washington next Sunday morning.

Police On Job 24 Hours A Day In Greenville

By CHESTER WALSH
 The police have to do a lot of other things besides arresting speeders and drunks. The records of the three shifts of the officers each 24 hours reveal unusual activities and they range the full gamut of human woes.

For instance, calls at headquarters for police investigation at night included the following: Radio in a home on the 800 block of Evans Street was disturbing neighbors; another man trying to commit suicide on west Fifth Street; another nocturnal prowler on premises on Douglas Avenue; and a garbage can was stolen from the rear of Bissette's Drug Store on Evans St. on three successive nights, and then the manager called for police assistance. Another call—a nighttime prowler in the 200 block of

Library Street.

Daytime calls to police, incidentally, were from householders in the western and eastern sections of the city, reporting that boys were shooting song birds with air rifles. The "log" of the police radio car, the "log" of telephone complaints, and the police "blotter," recording arrests, indicate to the most casual observer that Greenville police are on the job maintaining peace as well as enforcing the law. Their job may appear easy, but it's no cinch.

Church of God here. He will begin his duties next Sunday morning.

of all auto driving in the United States is for business purposes.

The rate of scrapping motor vehicles in the United States from 1942 through 1946 was only 40 per cent of the rate at which they were scrapped in the 1937-41 period.

The Flour the Best Cooks Use

Wilson's Weekly Bulletin
 By George Rector

Food Consultant to Wilson & Co.

Buy Meat With Eye On Cost
 By selecting carefully you can trim your food budget considerably. Porterhouse steak is delicious and tender but so is round steak if properly prepared. Try the method below and you'll agree, I'm sure, it's a favorite of mine.

Individual Swiss Steaks

Order 1 lb. round steak, 3/4 inch thick. Cut into 4 pieces.
 1 tsp. WILSON'S ADVANCE SHORTENING. Season with 1 tsp. salt.
 Top with 8 slices onion and 8 slices green pepper.
 Add 2 tsp. water, cover tightly, and cook over very low heat about 1 hour or until very tender. Add more water if needed.

Consider Eye Appeal
 A dinner of individual Swiss steaks, browned potatoes and gravy, seven minute cabbage, and sliced tomatoes, with green apple pie and a wedge of Certified American Cheese for dessert, is mighty tasty. Costs very little too, compared with many other foods on the market today. For further economy, use Wilson's Certified Margarine on the cabbage and as a spread. You'll find it is sweet and mild in flavor. Color the margarine and shape it in quarter-pounds for greater attractiveness. Remember that the more you economize the more you need to consider eye appeal. It pays in dollars and cents... in satisfaction.

Economical Meat a Favorite
 Short ribs is one of the less expensive cuts of meat that was a specialty in my father's restaurant. They're delicious if well browned and then cooked slowly for 3 or 4 hours in moist heat. If time is short just before serving, cook the short ribs in the cool of the evening the day before you want to serve them. Reheating is a matter of minutes and leaves your kitchen... and you... cool.

Good Cooking Important
 Steaks, either beef or veal, are also relatively inexpensive and can be made to look and taste attractive enough to please the most discriminating guest. You've guessed it! Serve the steak in individual ramekins topped with pastry or mashed potatoes. Take care that the meat is cooked until very tender... be equally careful that the vegetables are not over-cooked. Add a bit of B-V, if needed, to perk up the meat flavor in the gravy.
 Yes, it's absolutely true. Good cooking has more to do with the pleasure one derives from food than the amount spent for it. And isn't it fortunate that the less costly cuts of meat contain the same high quality proteins, minerals and B vitamins as the more expensive steaks and roasts?

Yours for good eating,
 George Rector

Strength FOR THE DAY

LIFE IS A SCHOOL
If anyone thinks for a moment
that upright living can be achieved
without effort he is, to put it mild-
ly, mistaken. Someone has said
that saints were saints because they
were cheerful when it was difficult
to be cheerful, patient when it was
difficult to be patient; because they
pushed on when they wanted to
stand still, kept silent when they
wanted to talk, and were agreeable
when they wanted to be disagree-
able.

Some men have consciously spent
the whole of their lives trying to
attain perfection of character. No
one, of course, has ever entirely
succeeded, and it is a dangerous
thing to make this an end in itself
lest one withdraw too much from
the life of his fellows. Yet certain
of the saints who have worked for
nothing out of enrichment of char-
acter in themselves and others:
have been among the most success-
ful and honored men in history.
Most of us have to make our char-
acters as we busy ourselves with
daily tasks. But as a matter of fact
there is no place where we can
make a better job of character
building than right in the circum-
stances where destiny has placed
us. There we have a chance to be
cheerful, patient, diligent, self-re-
strained, and agreeable while the
circumstances of life are pressing
us on all sides. There must we all
make good in the matter of char-
acter building or nowhere.

WASHINGTON LETTER

Washington—Wedding bells rang
at Bolling Field the other after-
noon, and three pairs of newlywed
ducks ducked blithely through a shower
of rice under an arch of crossed trom-
bones as they emerged from the lit-
tle chapel.

The bridegrooms were members of
the Army Air Forces Band—the as-
sistant conductor, a tuba player and
an oboe player. One was a member
of the Jewish faith, one was a Catho-
lic and the other a Protestant. The
ceremonies were performed consecutively
and the entire band turned out
for the occasion.

This performance was a follow-up
of Operation Melody, a series of per-
formances by the band, which was
flown to key cities throughout the
midwest in six C-46 transports.

The band, which now includes 115
outstanding musicians, was orga-
nized by Maj. George S. Howard, a
well known music educator and con-
ductor of Reading, Pa.

Major Howard said that time was
executive officer of music of the
Army's Special Services Division in
the War Department. Gen. H. H.
Arnold, then chief of the Army Air
Forces, asked him to take over the
band-building project and told him
he wanted to have the best empty-
ump band in the world.

The artists come from the Cin-
cinnati Symphony, the Pryor Band,
Woody Herman's orchestra and the
Honolulu Symphony, to name but a
few, and is noted for its versatility.

"It has amazed critics," says Con-
ductor Howard, "by its ability to re-
solve into a marching band, a sym-
phony orchestra, a concert band,
five dance units, a radio studio or-
chestra, a glee club and a faculty
to train new musicians for band
units at Air Force stations through-
out the world."

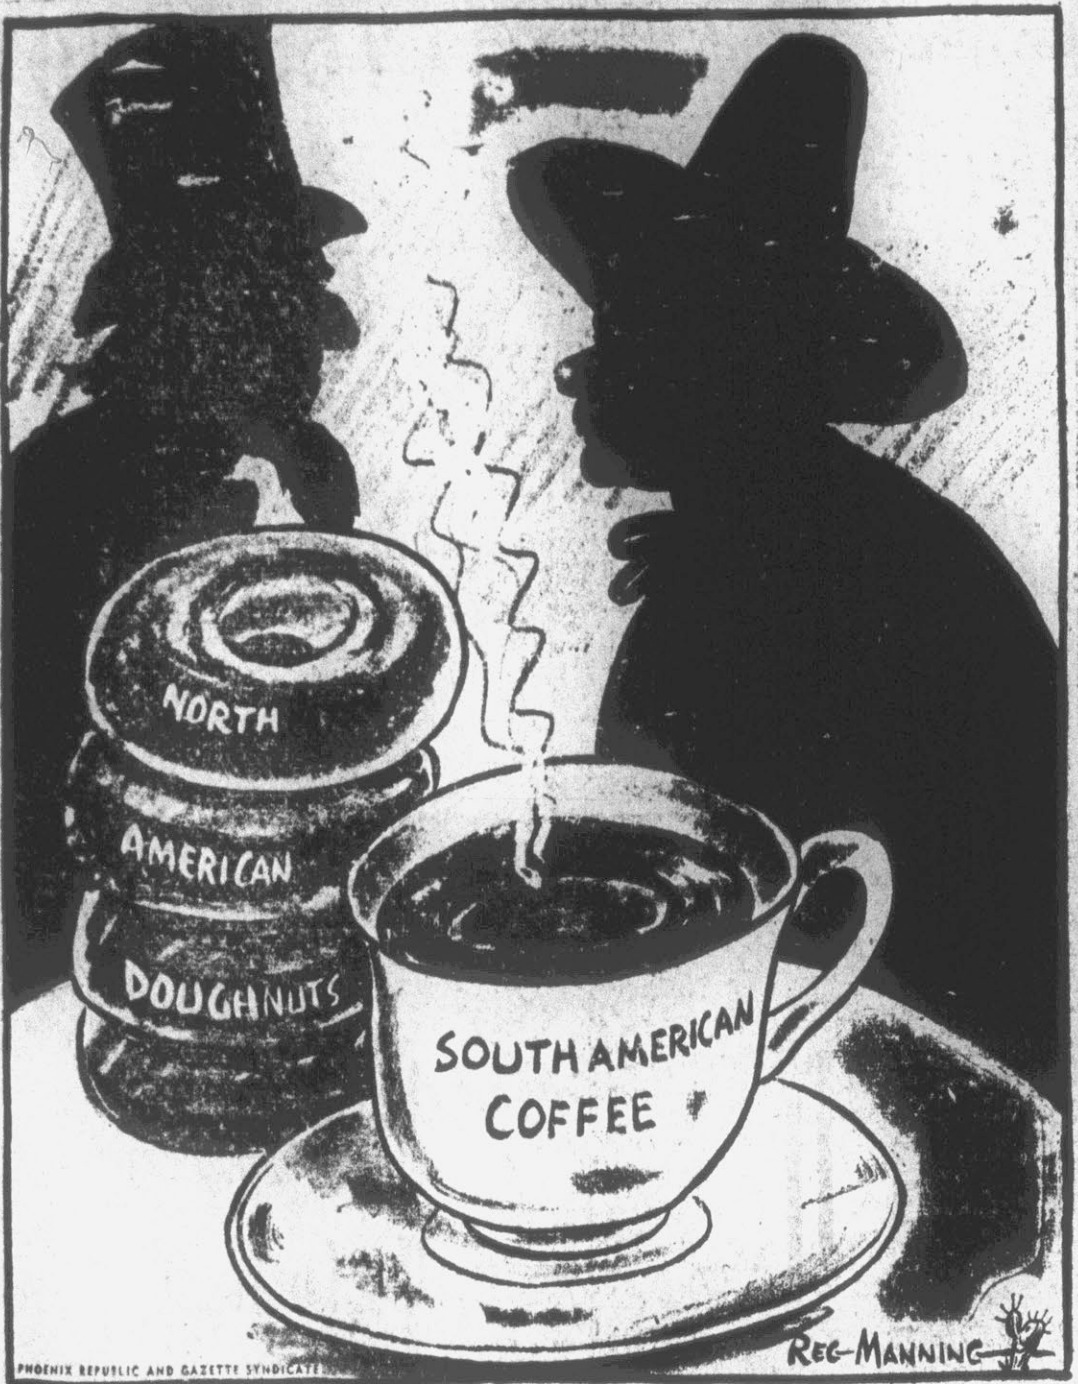

"In private life," Major Howard
goes on, "you wouldn't ever be able
to get musicians from such varied
fields together. It's been a good
thing all way around. Bach and
Boogie-Woogie players now enter-
tain a new respect for each other."

Since the war's close, Major How-
ard has been organizing a perman-
ent band unit. Now he takes on
only men who have enlisted for
three years. The bandmen are not
filers. They're doing a civilian job
in uniform. The pay is comparable
to salaries paid outside for musi-
cians. The men all have top ratings
as master sergeants, technical ser-
geants and staff sergeants.

Most of the men were in the Ar-
my during the war and re-enlisted
to join the band. Almost all are
college men, some with masters'
degrees. Beverly percent are mar-
ried. All of them live in Washing-
ton. Their average age is 25 to 26
years, and they're good-looking.

"They've got to be," says Maj.
Howard. "They're the show unit of
the Air Forces."

They Just Naturally Go Together

Union Plaints

(Continued from Page One)
by Denham's ruling last night are
more than three-fourths of all
those pending before the board.
In order to keep a case alive, not
only the local union which began
it but also its national union and
any other parent body (CIO or AFL
or example) must comply with the
filing requirements of new law
Denham has ruled.

Starting tomorrow, this compli-
ance will also be necessary before
the NLRB can accept new com-
plaints or petitions from unions.
Neither the CIO nor the AFL
has announced a formal policy on
filing the required information and
the statements from their officers
swearing they aren't communists.

Russian Veto

(Continued from Page One)
also argued that Italy, under the
Potsdam agreement, could not be
considered for membership until
the peace treaty enters into force.
This was Gromyko's sixth veto of
the week and Russia's 17th in the
history of the U. N. Earlier in
the week Gromyko vetoed mem-
berhip applications of Ireland, Portu-
gal and Transjordan and used the
veto twice on the Balkan question.

Speed Record

(Continued from Page One)
our set by a Gloster Meteor IV
plane in 1946.
Commander Caldwell, since re-
lieved from his combat duties, has
been serving as assistant chief of
the fighters design branch, pilot air-
craft division, Bureau of Aeronautics
in Washington and indicated that
a Washington swivel chair
rather than a pilot's seat had be-
come a little monotonous in late
months.

The tiny plane, with a wingspan of
2 feet and length of 35 feet,
made four passes over the three-
kilometer course, and the fastest
time was recorded at 63.4 miles an
hour. The times for the other three
passes were not at once announced.

Polio Rising

(Continued from Page One)
just 16 throughout the nation. This
compared with 279 in the preceding
week and brought to 2,864 the total
recorded by the service for 1947,
compared with 8,841 for the com-
parable period in 1946. In 1942, there
were 1,505 cases for the same pe-
riod.

Reports gathered by the Associ-
ated Press in 28 states, plus figures
for the other 20 and the District
of Columbia obtained from the
Public Health Service, show a total
of 2,769 cases for 1947, compared
with 9,554 on a comparable basis
for last year.

Nations Plan

(Continued from Page One)
conference arranged by confer-
ence President Raul Fernandes, the
Brazilian foreign minister, in an ef-
fort to avert an almost certain con-
troversy between the U. S. and
Cuba.
The island republic's stand was
against what it called "economic
aggression" or "unilateral economic
acts and threats."

Dutch Expecting Resumed Attack

The Hague, Aug. 21—(AP)—A
high source said today "there can
be no doubt" that Dutch action in
Indonesia will be resumed on a
large scale "if the Security Council,
in its meeting tomorrow, should
refrain from ordering the Indo-
nesian Republic to cease their pre-
sent hostilities by which they vio-
late the council's cease-fire order."
The source did not indicate what
the direct objectives of new mili-
tary action would be, but a drive
to Jayakarta, the Republican cap-
ital, has been discussed in both
Netherlands and Indonesia.

Interest In

(Continued from Page One)
example, is setting up regular col-
lege classes in any community in
the state which provides at least
100 students.
2. Public junior colleges—which
offer the first two years of college
free, as part of the regular public
school system.
3. Private junior colleges support-
ed partly by money from the states
or town in which they are located.
All of these plans together, edu-
cators hope, may result in more
education and better education for
Americans.

tondale gave a birthday supper
August 15, in honor of their baby
son and daughter, Allen and Car-
theen.
Barbecue, chicken salad, crackers,
cake, and ice cream were served to
144 people.
Rev. P. H. Mumford, pastor of
York Memorial Church, states that
the anniversary of Dr. T. S. Mauls-
by, presiding elder of the Washing-
ton district, has been quite a suc-
cess along all lines. Many good
things in regard to his service has
been expressed, by some of the lead-
ing friends of his church.
Tonight Dr. U. S. Johnson of
Tarboro and his choir will serve to
his honor, Friday night Dr. T. W.
Thurston of the New Bern district
will deliver the anniversary sermon.
A banquet will follow the closing
program in the basement of the
church. Come and bring your
friends.
There will be a special message
Sunday by Pastor Mumford at 11
a. m. The junior choir will sing. We
kindly ask every member to be
present and play your part in this
service. Let the Christian people
rise up and save this world for
Christ.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak—at such times? Then go to try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!
In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a grand soothing effect on one of women's most important organs.
Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic!
LYDIA E. PINKHAM'S VEGETABLE COMPOUND

All these thrills are yours when you own this one car giving **BIG-CAR QUALITY AT LOWEST COST**

Here are all the major thrills of motoring combined in one outstanding automobile—the new 1947 Chevrolet. Big-Car styling—Big-Car comfort—Big-Car performance—and big savings, too! They're all yours in this only motor car giving BIG-CAR QUALITY AT LOWEST COST.

One look at this smartly styled Body by Fisher will tell you it's the most beautiful motor car body in its field—both inside and out. It's extra-roomy, extra-comfortable, and extra-safe as well. It's one of the many Big-Car advantages found only in Chevrolet and higher-priced cars.

You ride in safety when you ride in this bigger-looking, better-looking Chevrolet for 1947, thanks to its Unisteel Body by Fisher, Knee-Action Gliding Ride and Positive-Action Hydraulic Brakes—a combination of features found only in Chevrolet and higher-priced cars.

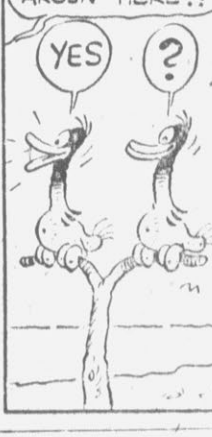

In the new Chevrolet, riding is like cruising in perfect weather. Your trip is so smooth, so steady, so enjoyable! You ride in solid, balanced comfort over all types of roads, with the famous Knee-Action Gliding Ride—exclusive to Chevrolet and higher-priced cars.

Count on having hair-trigger getaway—power for any hill—all the speed you'll ever need! For this new Chevrolet boasts a Valve-in-Head Engine—the extra-efficient type of engine—giving maximum results from every gallon of fuel. Remember—Valve-in-Head performance and reliability are exclusive to Chevrolet in the lowest-price field.

THIMBLE THEATER — Starring Popeye Oysterburgers Coming Up!

Greenville Is Ready For Leaf Market's Opening

The busiest people in the world at this time are the farmers, with the temperatures hovering in the upper 90s, and tobacco ripening so rapidly that curing barn space is at a premium. Due to cool, dry weather in the early summer, the tobacco crop in this area is much later maturing this year, growers said.

Greenville, "The Best Tobacco Market in the State," with its 15 warehouses, accommodating warehousemen and five sets of buyers, is ready for the opening next Monday, August 25. The Greenville market has generally provided improved facilities at all of the warehouses and re-drying plants. Due to lateness of the crop, heavy sales are not expected the first few days of the selling season, warehousemen said.

Farmers and others who come to Greenville to sell their tobacco and do their shopping and trading here will find many improvements. The city recently extended its limits to include several million dollars of property and 5,000 or 6,000 more inhabitants. The city's paved streets have been extensively repaired; \$250,000 of new paving has been laid; a 42-inch surface drainage pipe line has been installed from Albemarle Avenue to the river to prevent flooding of the streets during heavy rains and other improvements made to keep Greenville abreast of other Eastern Carolina cities.

The outstanding feature of city improvements was installation of

several hundred parking meters in the business district. As a result plenty of parking space is available in the business section, and the parking arrangement has speeded up traffic on some streets as much as 20 per cent. A motorist can spot a parking place the minute he enters a block. A penny in the meter entitles a vehicle to remain there 12 minutes; five pennies or a nickel allows a full hour's parking time. If the motorist decides to remain longer he may drop in another nickel or pennies. The meters are hand operated and simple. A chart on the meter shows at all times how much remaining time is left. The meters are in operation from 9 a. m. to 6 p. m. They are not used for Sundays and holidays.

The merchants of Greenville are cooperating to make the city the shopping center of Eastern Carolina and they have merchandise in abundance.

Happy days will be here again when the auctioneers start their sing-song chanting of prices at the warehouses Monday morning.

SHAKEN UP

Ephrata, Wash., Aug. 21—(AP)—Meeting for the first time in six years, brothers Luther Gray of Ephrata and Homer J. C. Gray, Yakima, Wash., shook hands enthusiastically.

The vigorous handclasp fractured Luther's arm.

Interracial Band Departs Halifax

Halifax, Aug. 21—(AP)—An interracial band of traveling missionaries, composed of Negro and white persons, today had departed this northeastern North Carolina community where their appearance caused resentment among local citizens.

Halifax county Sheriff Harry House said the group had left quietly and without disturbance—in compliance with an order by a county health officer who told them to either meet sanitary regulations governing camp facilities or leave.

Reappointed Chairman Of TB Sanatoriums

Raleigh, N.C., Aug. 21—(AP)—L. Lee Gravelly of Rocky Mount has been reappointed chairman for a six-year term of the Board of Trustees of North Carolina Tuberculosis Sanatoriums.

Gov. R. Gregg Cherry yesterday also announced appointments of four other board members. Carl C. Council of Durham and E. A. Rasmussen of Snow Hill were named again for six years. Charles Cannon of Concord was named to succeed Robert M. Hayes of Winston-Salem, resigned. Mrs. P. P. McCain of Southern Pines was named in place of Mrs. Max Payne of Greensboro, resigned.

More than 90 per cent of domestic packaged shipments are made in some type of fiber containers.

POISON OAK
ANTISEPTIC LIQUID CLEAN FAST

KIDNEYS MUST REMOVE EXCESS ACIDS
Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes show there is something wrong with your kidneys or bladder. Kidneys may need help the same as how-
ever, so ask your druggist for Doan's Pills, a standard diuretic, used successfully by millions for over 60 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

IS YOUR CHILD HANDICAPPED?
Many children go thru school—and thru life—severely handicapped by an unsuspected but serious defect in vision. Make sure your child's sight is right before school starts. You owe it to the child and to yourself.

At Five Points, Greenville, N. C.

Charlotte To Get Air Unit Of Nat'l Guard

Raleigh, N.C., Aug. 21—(AP)—An air unit of the North Carolina National Guard will be stationed at Morris Field in Charlotte, the office of the State Adjutant General has announced.
Funds have been allotted for 34 planes and 35 officers and men. North Carolina also is authorized an air control squadron of 450 officers and men, but officials said this would not be activated at present.

Tarheel Flier Is Rainmaker

Greensboro, N.C., Aug. 21—(AP)—Max Trull, Greensboro man who was a Navy flier in the war, says he too has made rain, by dropping crushed dry ice through a cumulus "thunderhead" cloud about 15 miles northeast of here near Gibsonville. Trull said he dropped 40 pounds of the dry ice from 12,000 feet while flying a converted Army T-13 last week, and spotters on the ground reported a "pretty good shower."

FALL PROOF
Philadelphia, Aug. 21—(AP)—Doctors examined Louis W. Lewis, 54-year-old riveter, after he fell 25 feet from a scaffolding and found he had sustained only a broken tooth.

Then Lewis did a little examining of his own and discovered that a pair of eye glasses carried in his hip pocket were undamaged in the fall.

LOST 32 lbs. of Ugly FAT!

Once 156 lbs. Miss Reynolds lost weight weekly with AYDS Vitamin Candy Reducing Plan. Now she has a model's figure. Your experience may be the same, but try this easier, reducing plan. Very First Box Must Show Results or money back. In clinical tests conducted by medical doctors more than 100 persons lost 14 to 18 pounds average in a few weeks with the AYDS Vitamin Candy Reducing Plan. No exercise. No laxatives. No drugs. Eat plenty. You don't cut out meats, potatoes, etc., you just cut them down. Simple when you enjoy delicious AYDS Vitamin Candy before meals. Only \$2.25 for 30 days' supply. Phone

BISSETTE'S

Here Friday

JOHN H. PARKER

CHARLES C. RICKER

John H. Parker, Eminent Grand Commander of the Grand Commandry of Knights Templar, New Bern, and Charles C. Ricker, Grand High Priest of the Grand Chapter, Asheville, will be among the Grand York Rite Masonic Officers to visit the Greenville bodies on Friday.

Parking Meters Serving Purpose

By CHESTER WALSH
Motorists generally are cooperating in the effective use of the parking meters in the business section of the city. Result No. 1 is the fact that parking spaces are readily available and traffic is moving faster on Evans and other streets. Mayor Jack Boyd has received two letters, one from Durham, the other from Charlotte authorities, asking for copies of Greenville's parking meter ordinance. The success of operation of the meters here is eliciting favorable comment from numerous other towns and cities in North Carolina. Incidentally, a comparatively small number of motorists has been tagged for violating the parking meter law. In most cases the ticket holders have gone to police headquarters to report and they have been asked to be careful and abide by the ordinance. Motorists who tore up the parking tickets or failed to go to headquarters will receive a notice from the police, and if they don't take the tickets in, well that's where trouble begins. Next time, the violators will be arrested and go to the police Court.

N.C. School Bus Drivers Trained

Raleigh, Aug. 21—(AP)—Some 9,000 school bus drivers are being trained in safety for the opening of the next school year. The Highway Safety Division has 15 safety field representatives stationed throughout the state. They give much stiffer tests than are given private drivers. Assistant Director S. L. Gaynor, Jr., said not a single fatality in the state last year was attributed to a school bus driver.

Hog Market

Raleigh, Aug. 21—(AP)—(NCDA)—Hog markets stronger with tops of 26.50 at Rocky Mount, Fayetteville; 26.00 at Greenville and Pichmond; and 26.25 at Smithfield-Mount Olive and Clinton-Warsaw-Lumberton.

Hay should be well cured to prevent spontaneous combustion of haystacks.

Greenies Trimmed Again As Goldsboro Wins 7-4

By BERT MOYE
The Goldsboro Bugs had little trouble in taking their twelfth win of the season against the hapless Greenies last night 7-4, as Dave Hamrick, making his first appearance on the mound for the Bugs, held the Greenies to seven scattered hits and struck out a total of 4 Greenies.
Greenie scored two of their runs in the first frame on two hits, a sacrifice walk and a wild pitch. Tommy Lee singled, Lynch sacrificed him to second, Jacobs singled to bring home Lee. Bomar walked, a wild pitch advanced the runners, and Hank Ranweiler hit to deep left field with Jacobs scoring on the out.
The Bugs knotted the count at two-all in their half of the first on two walks and a double. After the

first two Bugs were out, Garland Little walked Hussey and Evans and then Ruthko hit a double to bring in the two men.
The Bugs' big inning was the fifth when they chalked up five runs on three hits, two walks, wild pitch, hit batsman and an error. Hussey led off the inning with a triple. Evans walked, Ruthko hit to deep centerfield with Hussey scoring. Evans took second on the play and advanced to third on a wild pitch. Whitener walked, Lingle singled to bring in Evans. Lowry bunted down in front of the pitcher with Whitener scoring on the play and Lingle scored when the ball got away from the catcher. Hamrick was hit by the pitcher and Schroeder singled to bring home Lowry for the fifth run.
Greenie scored its final two

Pitt Horse-Shoe Pitching Tournament Soon

The second annual Pitt County Horse-Shoe Pitching tournament will be held Tuesday afternoon, August 26, at 4 p. m. at Guy Smith Stadium, it was announced here today by N. L. Stott, manager of the Pitt PCX Service.
The tournament which is being held as a part of the annual county meeting and picnic of the Pitt PCX Service, is open to any male resident of the counties which are serviced by the local PCX Service.
In addition to the prizes being offered to the winners and runners-up in the local tournament, the winner also receives an all-expense trip to Raleigh on September 30, where he will represent Pitt county in the Carolina Horse Shoe Pitching tourney also sponsored by the PCX.
"In order that our county may be represented in the Carolina tourney by the best horse-shoe pitcher available, we are not limiting the entries to PCX patrons, but are inviting anyone who wishes to compete to enter the tournament," Stott said. "And I would like to call their attention to the starting time of the tournament which is set for 30 minutes before the scheduled time of the meeting."
great degree of mental and physical co-ordination. As a kid he broke the bone in his leg. It is fastened together with a plate, attached with silver screws. This apparent handicap may be the reason why he has learned to concentrate and get the most out of one body movement. In brief it is the old story—have the odds stacked against you, come up fighting all the way, be mentally determined that nothing will hold you back, that no one can be better than you can make yourself." Palmer, a Florida native, was a pilot and navigator in the air corps. He finished his college education at Duke with the year starting this fall.
Stanley Milankovich, Goldsboro, Manager Bill Herring picks Stan, a right-handed pitcher with excellent control, as his best rookie prospect. "He is a clean liver with a great desire to get into higher ball. I believe he will make it," says Herring.
Kenneth Royall will continue as secretary of war, although losing his cabinet status.

RIFLE CHAMPIONS—Mrs. Adelaide McCord, Ridgefield, N. J., and G. Wayne Moore, Washington, Pa., (l. to r.) won titles in the national rifle contest at Camp Perry. O. Mrs. McCord is four-time winner of the women's title; Miss Bockmann won the junior small bore and Moore the men's small bore title.

No Recession In Sight Despite Predictions

Washington, Aug. 20—(AP)—Ewan Clague, director of the Bureau of Labor Statistics, said today there is no business recession in sight with a predicted summer business slump "postponed indefinitely."
Referring to peak employment which remained above 60,000,000 in July for the second consecutive month, Clague told a news conference:
"From my vantage point of viewing employment and construction, I don't see any weakness yet. Nothing looks startling and I don't see anything that will topple us over."
The director commented that only a "complete collapse" of the current high export levels could reduce present peak employment. Even if exports "fell off drastically," he added, there would not be a corresponding drop in employment because "we have a very resurgent domestic demand."

Dept. Leaders . . .

(Continued from Page One)
W Stuart Symington, now assistant secretary of war for air, will become the country's first secretary of the air force with independent status.
Kenneth Royall will continue as secretary of war, although losing his cabinet status.

Prepare New . . .

(Continued from Page One)
over a peace treaty for Austria was due to leave Vienna today for consultations in Washington.
Robert A. Lovett, undersecretary of state, used diplomatic language to say in effect that Joseph M. Dodge had been recalled because the Russians were stalling at Vienna.
Despite the apparent breakdown of both talks, officials here made plain that this government is determined not to consider them washed up entirely. The United States already has alternate courses blocked out in each case.

Openings For Army Recruits In Third Army Area

The Greenville sub-station of the United States Army Recruiting Service has received notice of 74 openings for former servicemen of the army, navy, marine corps, and coast guard in units stationed at four different installations in the third army area, according to a statement issued today by First Lt. George C. Blinbury, commanding officer of the local sub-station.
The openings are as follows: Hq Third Army, Atlanta, Georgia, 7; "V" Corps, Fort Bragg, N. C., 36; 138th Medical Battalion, Fort Jackson, S. C., 8; Hq Detachment, 335th Ordnance Battalion, Fort Bragg, N. C., 5; 2nd Mobile Army Surgical Hospital, Fort Bragg, N. C., 11; and Army Service Unit 3442, Fort McPherson, Georgia, 7. These openings will be changed from time to time as they are filled and more openings occur.
Lt. Blinbury states that this offer to former servicemen is in conjunction with the recruiting service "VJ" or "Veterans Joining" activities, being carried on this month. The openings are in many different military occupational specialties and in all grades.
