THREE GROUPS PROBE CHARGE OF FLOGGING

Alleged Beating Of Recaptured Convict Will Undergo Close Scrutiny

LITTLETON, N. C., Aug. 25.—(AP)—The question of whether a recaptured convict was beaten by officers was being investigated by three independent groups today with conflicting reports resulting.

The convict in question is Claude Gregory, 45, of Cleveland County. Gregory was recaptured Thursday after an escape from Halifax Prison Camp. He exhibited bruises on his back and said he was beaten by officers when he was recaptured.

Solicitor Ernest R. Tyler said his information indicated that Gregory was handcuffed to a tree and beaten. He said he planned to issue warrants for three "possibly four" officers in the near future.

Sheriff H. A. House and other officers in the Halifax area told Capt. Lester Jones of the State Highway Patrol yesterday that Gregory was definitely not beaten. Jones was ordered to investigate by Col. L. C. Rosser, State Motor Vehicles Commissioner under whom the Highway Patrol operates.

Rosser and Col. H. J. Hatcher, head of the patrol, went today to Windsor to confer with Solicitor Tyler.

Hatcher, before leaving Raleigh, said that "if we find there is one shred of evidence to prove that any of our men had anything to do with it, they will be discharged immediately. We won't put up with any such action for a minute."

The State Bureau of Investigation, ordered into the case by Gov. R. Gregg Cherry, reported sufficient evidence to warrant further study. Gregory said he was beaten by three highway patrolmen and a Littleton police officer. He said that a Littleton patrolman who wore glasses said:

"I promised Halifax Prison Camp Superintendent Griffin that when I caught him, I was going to give him the worst whipping he ever had in his life."

Winterville Man Victim Lightning

Walter A. Dail of Winterville, who was struck by lightning and remained unconscious for four hours Fayetteville last Friday, is improving at a Fayetteville hospital. Dail, employed by Woodrow Worthington of Winterville, who is building a tobacco re-drying factory in Fayetteville, was struck by the bolt while at work. His life was despaired of for a time.

Heat Breaks

By ASSOCIATED PRESS

The Midwest's week-long heat wave was broken today in a flood of cool air from Canada which brought rain to much of the parched corn belt. H. S. Kenny, government weather forecaster at Chicago, said the rainfall, ranging from very light to moderate, brought relief to the parched corn belt. The rains had sharp repercussions on the corn futures markets, September quotations at Chicago breaking the limit of eight cents before rallying slightly.

Motives Distorted

Russia's Propaganda Machine Working Day And Night To Throw Mud On Marshall Plan; Intensity Unbelievable; Excerpts From One Day's Radio Program

By EDWARD E. BOMAR

American motives in trying to help Europe back on her feet are being distorted in a propaganda campaign whose intensity is hard to realize in a land where a free press and fair play are traditional. Reminders bob up in news dispatches quoting Moscow's Pravda and Izvestia on some current turn of events, but only from time to time. In the meanwhile the campaign is being pressed relentlessly, day and night, in two score or more languages.

Both inside and outside the Soviet sphere of influence people are being told insistently that the Marshall Plan for helping Europe help herself is just a device to fasten the grip of American trade monopolies on the continent.

As for Greece and Turkey, Uncle Sam is said to be backing reactionaries to extend American imperialism. Britain is pictured as "deep in the plot." These at the moment are the main themes of Moscow and its satellites.

In an effort to keep tabs on what is being said about us abroad, the State Department receives a constant flow of reports from diplomats and carefully monitors the outpourings of scores of foreign radio transmitters, giving particular attention to Radio Moscow.

A summary of foreign broadcasts

Young Huntress Bags Huge Elephant

Virginia Walton Brooks, 14-year-old daughter of Mr. and Mrs. Berry B. Brooks of Memphis, Tenn., sits on a huge elephant she bagged July 15 on her first big game hunt in Kenya Colony, Africa, Virginia, who just arrived in New York from Africa with her parents, carried a letter from the head game warden of Kenya Colony which said he believed her to be the youngest girl ever to shoot an elephant. Clear Big Hurdle In Defense Talks

Argentina Consents To Compromise On Actions To Be Taken In Event Of Intrahemispheric Aggression

Quitandinha, Brazil, Aug. 25.—(AP)—A big hurdle in inter-American defense conference was believed cleared today with Argentine agreement that all American nations might act to stop an attack of any one upon another.

The 20-nation conference has been sitting since Aug. 15 to draw up a treaty of mutual defense for the western hemisphere. Informal sources said last night two-thirds of the treaty had been agreed upon. Argentina had insisted that joint sanctions—such as a breakoff of trade and diplomatic relations and military action—should be called in to play only in case an American nation was attacked from outside the hemisphere.

She had argued that in event of aggression from within the hemisphere, steps to stop the aggression should be limited to consultation among the American republics. Last night, however, she consented to application of collective means to stop intra-hemisphere attacks, but "only after such steps are resolved by consultation."

Her consent was given in reply to a compromise plan proposed by Venezuela. A high conference source reported that the United States already had accepted the compromise formula and said the problem now is adequately settled.

Bulgars To Oust Agrarian Party

Sofia, Bulgaria, Aug. 25.—(AP)—Members of Nikola Petkov's Agrarian Party will be banned from Parliament under present plans of the National Fatherland Front, responsible sources said today.

An Agrarian member of Parliament reported the Communist-dominated Fatherland Front Committee adopted Saturday a resolution calling upon the government to consider the Agrarians an illegal party.

Prepare Warrant Charging Murder By Patrolman

Shelby, N. C., Aug. 25.—(AP)—County Solicitor Bynum E. Weathers said today a warrant was being drawn charging State Highway Patrolman Haroldot Dayton of Shelby with murder.

Patrolman Dayton was absolved last week by a coroner's jury in the fatal shooting of Police Chief Albert Carl Short of Cherryville. Patrolman Dayton testified that he had sought to arrest Short several miles south of Kings Mountain on a charge of not having a driver's license when the officer cut him with a knife. When Short persisted in the assault, Dayton testified, he shot him five times.

Solicitor Weathers said the murder warrant was being drawn at the behest of Short's daughter, Mrs. Verta Short Lubaneky of Kings Mountain.

GROMYKO ASKS A-BOMB COUNT

Demands Arms Data Include Report On Atomic Stockpile

Lake Success, Aug. 25.—(AP)—Russia demanded today that any United Nations proposals to collect official data on troops and arms from the 55 member governments must include figures on atomic bomb stockpiles.

Soviet Delegate Gromyko said it would be unrealistic to gather military figures without listing the number of atomic bombs held by any country.

Gromyko took his stand at the 11-nation commission on conventional armaments, now limited in its discussions of arms reduction to weapons outside the "destructive category," failed to agree on a suggestion for collecting information.

The U. S., Britain and France also opposed proposals to get the figures but their objections were on the grounds that the moves were premature.

Before the arms commission was a proposal for drafting a questionnaire to member governments for data on their troop and armaments strength. Delegates also were to consider an American recommendation which would take the atomic bomb, radioactive materials, and deadly chemical and biological pictures out of the hands of the arms treaty and leave the study of all such weapons of mass destruction to the U. N. Atomic Commission. The U. S. move would rule out any U. N. inquiries about atomic bomb stockpiles.

Greek Liberal Party Refuses Join Tsaldaris

Athens, Aug. 25.—(AP)—The liberal party of Themistokles Sophoulis, 85-year-old former premier, refused tonight to join a new government under Constantinos Tsaldaris.

Sophoulis, co-leader of the party, announced the decision after a two-hour party conference. Participation of the liberals had been sought by the United States which has pledged \$300,000,000 in supplies to Greece as a part of the Truman plan against totalitarianism.

Tsaldaris, leader of the Populist or Royalist party, was foreign minister and the most active member of the Demetrios Maximos cabinet today he hoped to form a new government by nightfall "on so broad a coalition basis as possible."

He said his group will have specific recommendations ready for Congress after "we get all the facts" their way free.

The storm, with winds of 68 to 70 miles per hour, centered on Galveston at 4:45 p. m. yesterday and on Texas City a short time later, causing considerable property damage of a minor nature. Residence and store windows were smashed, homes were unroofed, small boats were battered or set adrift, signs were blown down, communication lines suffered and both cities temporarily went without power.

Until late last night were power circuits restored in Galveston. So many power lines were knocked down that electric current was cut off to forestall live wire danger. Joseph Tale, however, lost his life by electrocution in Galveston when he came in contact with a fallen power line.

Forty young Romeos bitter over want ad

Springfield, Mass., Aug. 25.—(AP)—Forty young Romeos were bitter today over "two charming young ladies" whose charms are still a mystery.

Twenty pairs of young blades drove off sulking in 20 automobiles last night for their own towns of the city after rising to the bait of this newspaper advertisement: "Wanted—two young college men to take two charming young ladies on a tour through the city. If interested before that date would not be exchanged."

That was called a "convertibility" clause. It enabled countries to con-

HINDU-MOSLEM WORKERS RIOT

Refugees Flee To New Delhi; Border Killings Continue

New Delhi, India, Aug. 25.—(AP)—Four persons were stabbed to death today in a riot between Delhi Hindu and Moslem millworkers in the first outbreak since spring in the capital of India.

An official estimate placed at 30,000 the number of refugees who have fled into New Delhi from the troubled areas of the partitioned Punjab, where some persons speculated that a border conflict of months, or even years, might be in prospect between rival religious communities.

From both dominions came repeated reports of attacks on such trains as still were running. The pattern was the same: Trains were stopped and searched and passengers belonging to the opposite religious community were slaughtered.

The Sikhs and Hindus generally were killing Moslems in India and receiving treatment in kind in Pakistan.

Prime Minister Jawaharlal Nehru of India and Gov. Gen. M. A. Jinnah of Pakistan appealed for a cessation of reprisals. The Pakistan government of West Punjab issued a public warning at Lahore that travel was "wholly insecure" between Lahore and Delhi.

Newspapers here said some areas of West Punjab were cut off to refugees seeking to get into India. There also were stories of streams of Moslems trying to reach Pakistan. Accounts of murder, rape, arson and train holdups were printed in profusion.

PRIEST BEHEADED

Trieste, Aug. 25.—(AP)—Allied intelligence officers received information today that a mob had beheaded a Catholic priest and seriously wounded another cleric yesterday in a church in the Yugoslav occupation zone of Venezia Giulia.

by means of public hearings and a visit to the occupied countries of Europe.

The Senate authorized the committee inquiry in lieu of acting immediately on a bill to authorize the admission of 100,000 European refugees a year over a four-year period. A \$50,000 fund was made available for the study.

In advance of his committee's report, Revercomb said he believed at least three safeguards should be written into any plan to admit additional immigrants:

1. They must not displace United States citizens in either jobs or housing.

2. They must go to locations where they are needed and "not just dumped into our large cities."

3. All must be carefully screened to see that they can fit into our scheme of government."

Revercomb is Chairman of a Special Senate Committee which plans to investigate Mr. Truman's proposal and other immigration problems.

He said his group will have specific recommendations ready for Congress after "we get all the facts" their way free.

ECUADOR GETS NEW RULER IN COUP D'ETAT

Former Minister Of Defense, Mancheno, Deposits Pres. Velasco Ibarra

Quito, Ecuador, Aug. 25.—(AP)—Col. Carlos Mancheno, erstwhile minister of defense, was self-proclaimed ruler of Ecuador today after the bloodless overthrow and exile of President Jose Maria Velasco Ibarra.

The colonel yesterday announced that Velasco Ibarra had resigned, called upon the army for support and issued a decree in which he assumed "the function of executive power as in charge of the presidency of the republic." He told reporters he would summon all political parties to advise him in choice of a cabinet.

Twelve hours after his reported resignation, Velasco Ibarra and his Argentine-born wife, Mrs. Corina Baral de Velasco Ibarra, flew to Cali, Colombia, where the Colombian government granted them asylum.

His downfall was believed to have stemmed from his effort to oust Mancheno from his cabinet, in which the colonel had served since a revolution established the Velasco Ibarra administration in mid-1944.

Heavy armored car movements Saturday foreshadowed the revolt, a surprise to most residents of this capital. Late that night a delegation of army officers went to the presidential palace. The presidential guard fired one shot but then, told the officers had come to call on Velasco Ibarra, let them go in.

The president, taken into custody, was granted an interview with Mancheno, and at 3:30 a.m. yesterday the colonel issued a purported statement from Velasco Ibarra which said he was resigning "for the sake of the republic" and had handed over power to the defense minister.

Col. Mancheno later notified all army commands that in view of the resignation "members of the armed forces see ourselves in the necessity of taking over in the government temporarily" to prevent power from falling to "a party divorced from the people."

10 Barns Leaf Burn Near Ayden

A packhouse containing 10 barns of tobacco on Ernest Williams' farm, three miles east of Ayden, was destroyed by fire Sunday morning. The building and contents were partly covered by insurance.

Investigation failed to reveal the origin of the fire.

Finds Guns, Shells, On Way To Church

Atlanta, Aug. 25.—(AP)—Such collections you pick up on the way to church these days!

Carl Sutherland on his way to a Sunday sermon noted a small black bag. He found five pistols and five and a half boxes of ammunition.

He turned the arsenal over to police and went his Sabbath way, peacefully.

Entry Of DP's Urged As 'Race Suicide' Fear Told

Washington, Aug. 25.—(AP)—Senator Downey (D-Calif.) said today the United States faced a serious menace of race suicide.

Hence, the California lawmaker told a reporter, he is "very sympathetic" to President Truman's proposal to admit some 400,000 of Europe's displaced persons.

Senator Revercomb (R-WVa.) declared in a separate interview, however, that efforts are underway to "break down" this country's immigration barriers and "this must not happen."

Revercomb is Chairman of a Special Senate Committee which plans to investigate Mr. Truman's proposal and other immigration problems.

He said his group will have specific recommendations ready for Congress after "we get all the facts" their way free.

Tobacco Markets Open At 42 To 47 Cents Average

GI's Not Molested By Russians; Make Report

Trio Guarded By Tommygunners But Not Searched Or Closely Questioned; Only Complaint Was Red Army Chow

Seoul, Korea, Aug. 25.—(AP)—Three American soldiers, released unharmed by the Russians after 12 days' detention in the Soviet zone, said today that guards with Tommyguns accompanied them constantly, but that they were not subjected to close questioning.

The three men, detailed to inspect a telephone line paralleling a railroad linking Seoul with Russian headquarters at Pyongyang, were taken into Soviet custody August 12 at the village of Voyho-Ni, inside the Russian zone and about 40 miles northwest of Seoul. They were released at the same spot Sunday afternoon.

T-5 Tommy F. Pugsley, Renton, Wash.; Pic John D. Hope, Seattle, and Pic Gerald K. Cefen, Port Chester, N. Y., told their stories to intelligence officers today and then met news correspondents.

The three said they walked into the Soviet zone inadvertently by (a) failure to see a marker at the 38th parallel—dividing line between the American and Soviet areas. They said they believed a Korean section-hand had hung his coat over the marker.

Soviet officers questioned them twice on their birthplaces, ages, and similar matters and repeatedly asked them why they crossed the border, but never searched them or examined their wallets or personal papers, the three told correspondents.

There were no questions about American installations or operations in South Korea, the soldiers added, and the only time politics came up was when they were asked if they had heard of Stalin and Lenin. The three answered yes.

Hope said they were taken about 100 miles north by train next morning to a battalion headquarters. After being held in a Russian barracks for four days, they were moved to a Korean house occupied by Russians.

He said the Russians offered them greasy fish stew which the Americans couldn't eat. At the barracks, he related, they had been given what they assumed to be the regular Soviet soldier diet—awfully greasy chunks of potatoes with the skin still on, bits of meat, lost of rice.

"All that grease gave us stomachaches," Hope commented. "American GI chow—how I love it!"

Super-Secret Army Project Being Built

HARTLEY MAPS NEW REMEDIES

Says Labor Law Not Yet Effective; Will Press For Revision

Washington, Aug. 25.—(AP)—Chairman Hartley (R-N.J.) of the House Labor Committee said today the Taft-Hartley Act "does not have enough teeth in it to give the public real protection against nationwide strikes."

The co-author of the new labor measure said he will try to have Congress remedy the situation next year.

Hartley told reporters the measure of necessity was a compromise document, adding that its machinery to stop strikes "does not go far enough."

Under the act the government is authorized to obtain court injunctions against nationwide strikes endangering health and safety.

"At the very best," Hartley said, "this only stalls a strike off for 85 days. There may be some means of extending the injunctions for additional 85-day periods but even this is doubtful."

The Labor Committee head said he plans to press for enactment of the monopolistic strike section of the original Hartley bill.

This provision failed to win Senate approval and was discarded from the final draft of the act, which became law over President Truman's veto.

It defined as a monopolistic strike a walkout resulting from "any conspiracy, collusion or concerted plan of action between employees of competing employers" where the employees are not represented by the same union.

It defined as a monopolistic strike a walkout resulting from "any conspiracy, collusion or concerted plan of action between employees of competing employers" where the employees are not represented by the same union.

Prices Strengthen On Greenville Market As Sales Progress After Opening Price Range Of Two To Fifty-Eight Cents; Sales Volume Generally Light

By the Associated Press

The estimated general average for the first 30 minutes of sale for the majority of the Eastern North Carolina flue-cured tobacco markets was from 42 to 47 cents, the Federal-State Departments of Agriculture reported.

Opening day averages for gross sales last year was 54.2 cents. According to the Federal-State Reporting Service, the bulk of sales today ranged from 39 to 55 cents, with the lowest priced basket observed, best thin non-descript, bringing one cent. The highest brought 60 cents for fine lemon cutters.

The service said that fine leugs ranged from 52 to 57 cents; good leugs, 52 to 56 cents; and fair leugs, 37 to 51 cents. Cutters generally brought 57 to 58 cents.

Medium quality offerings were in the best demand, with poorest demand for the top grades and extra low quality. The principal offerings were fair to fine leugs and low to fair cutters and primings.

In spite of the late crop, the general quality of the offerings was only slightly lower than last year. Most offerings were in good condition, the reporting service said.

The volume of sales generally was light on almost all markets.

There were only a few rejections, the service said, with approximately 8 to 10 per cent of the sales being sold under support rice.

In Greenville, the opening price range was from two to fifty-eight cents, with the bulk selling for around forty-five. As sales progressed prices became stronger. Quality of offerings was as good or better than on opening day last year.

Tarboro reported the first 4500 baskets sold brought an average price of \$7.51 a hundred pounds. Almost 180,000 pounds were cleared off the floor of the Farmers Warehouse in the allotted one hour and 20 minutes.

Farmers said they were pleased. (Continued on Page Four)

Can't Swallow; Is Fed By Tube For 26 Years

Pittsburgh, Aug. 25.—(AP)—Mickey Schuster will mark his 29th birthday today by eating some cake through a tube inserted in his stomach and then undergo the first of a series of operations which doctors believe may enable him to swallow food normally.

Mickey, six-foot furniture worker from Youngstown, O., has been fed through a stomach tube since he swallowed a can of lye 26 years ago. The lye seared his throat and closed off his Esophagus with scar tissue.

Through his school years Mickey attended regular classes and participated in sports. Later when he started to work, Mickey explained to his companions that he did not bring any lunch because of stomach ulcers, when out with friends, he pretended to eat and drink.

Not long ago Mickey experienced a burning sensation which meant that one of the strictures closing his Esophagus had opened. Today's operation will start the work of opening the other.

British Dollar Crisis

United States And Britain Agreed Last Week On What To Do About Money Troubles; Explanation Of — The Loan, Attached Strings, Dollar Crisis, New Terms

By JERRY KOHN

Washington Aug. 25.—(AP)—You've been hearing a lot about Britain's money troubles and about how the United States is trying to help solve them.

The two countries agreed last week on one way of doing that. Here, in simple language is what it adds up to:

Britain, still feeling the effects of the war, needs American dollars badly. She needs them to buy things in the United States and in the Western Hemisphere which she cannot get elsewhere.

She must have dollars to buy these things because we won't take any other kind of money.

So last year we lent Britain \$3,750,000,000 to help her recover from the war. We wanted her to recover because a strong Britain would be an important market and a valuable ally.

But we attached strings to the money. One of them said this: If after July 15, 1947, any nation sold products to Britain and got British pounds for them, Britain would have to buy those pounds back with dollars—if her customer nation wanted to swap. Pounds received before that date would not be exchanged.

That was called a "convertibility" clause. It enabled countries to con-

Social and Personal

Mr. and Mrs. Louis W. Gaylord, Jr., have moved into their new home, 294 Rotary Avenue.

Friends of H. B. Doughty will regret to learn that he is critically ill at his home 1307 1/2 Cotanche street.

Mr. and Mrs. Norman Wilkerson have moved to Robersonville, where Mr. Wilkerson has charge of the S. G. Wilkerson and Sons Funeral Home.

Mr. and Mrs. W. B. Harris and Mrs. Ruth H. Harris spent the week-end in Rocky Mount with Mr. and Mrs. Norman E. Warren.

Mr. and Mrs. W. B. Harris returned to their home in Chapel Hill after spending a week with Mr. Harris' mother, Mrs. Ruth H. Harris.

Mr. and Mrs. J. Preston Corey of Elizabeth City are visiting relatives in and near Greenville.

Woman's Auxiliary of Holiness Church The Woman's Auxiliary of Holiness Church will meet tonight at 8 o'clock at the church.

Pope-Vandford Mr. and Mrs. James Vandford announce the marriage of their daughter, Kelly Rue, to Jesse M. Pope, son of Mrs. Sadie Pope and the late James Pope of Belvoir on Wednesday, August 20, 1947, Greenville, N. C.

Vocational Teachers Meet The vocational home economics teachers of Pitt county met on Thursday, August 21, at the home of Miss A. R. Taylor in Greenville. Officers for the coming year were elected. Miss Taylor, the Winterville teacher, served as chairman last year, and was elected to serve again this year. Miss Nora Lee Hinnant of the Bethel school was elected secretary and Mrs. Elsie Edwards of the Ayden school was elected reporter.

The group made plans for each monthly meeting for the coming year. These plans included the day to meet each month, the place to meet, the topic for discussion, and the person to lead the discussion. It was decided that the meetings be held in the different home economics departments in the county. Those teachers attending the meeting were Miss Taylor, Winterville, Miss Hinnant, Bethel, Mrs. Edwards, Ayden, Mrs. Thelma Whitehead Page, Chocod, Miss Ruth Parker, Farmville, and Miss Eleanor Watkins, Grimesland.

Social Calendar

MONDAY

6:30 p. m.—Rotary Club. 7:00 p. m.—Lions Club. 8:00 p. m.—Circles of F. W. B. Church meet in the church.

TUESDAY

8:00 p. m.—Withia Council of the church.

WEDNESDAY

1:00 p. m.—Mrs. J. K. Spivey and Mrs. Ernest Winslow, Jr., will entertain at luncheon honoring Miss Betsy Hogwood, bride-elect.

FRIDAY

9:30 p. m.—Kiwanis Club.

Christian Science Service

Miss was the subject of the lesson-lesson in all Christian Science Churches and Societies on Sunday, August 24.

Golden Text: Psalms 119, 137, 144. Righteous are Thou, O Lord, and upright are thy judgments. Give me understanding, and I shall live.

Among the citations comprising the lesson-lesson were the following from the Bible: "Hast thou not known? Hast thou not heard, the everlasting God, the Lord, the Creator of the ends of the earth, faintest not, neither is weary? There is no searching of his understanding." (Isaiah 40:28). And from "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Mind is God. There can be but one Mind, because there is but one God; and if mortals claimed no other Mind and accepted no other, sin would be unknown." (Page 469).

Tent Revival

Tent revival now being held at Fleming's Cross Roads conducted by Rev. George Gaskins and his hymn singers. Service each evening at 8 p. m. The public is cordially invited.

Children Attending St. Raphael's School

Have registration August 28 and 29. The children for the first and second grades are asked to meet their teacher on the 28th at 9:30 a. m. The kindergarten group will make their acquaintance with the school on the 29th at 9:30 a. m. The children of the nursery department should report on the 29th at 2 o'clock.

As last year, the school is conducted by the Sisters Adorers of the Most Precious Blood.

Anyone who is interested in the school may obtain information by calling 3529.

Moore-Tucker

Invitations have been issued by Mr. and Mrs. Paul Haynes Sager, of New Freedom, Pa., for the wedding of their daughter, Miss Mary C. Tucker, to Walker J. Moore, Washington, D. C.

The wedding will take place August 27 in St. Aloysius Catholic Church, Washington, D. C.

Miss Tucker is the daughter of the former Mrs. Mary Hart Tucker and the late Mr. Charles M. Tucker of this city.

Birth And Death of Infant.

Mr. and Mrs. E. G. Nobles of near Ayden announce the birth and death of an infant son, Dowell Gray, on Sunday, August 24, 1947. Surviving are his parents; his maternal grandparents, Mr. and Mrs. D. W. Loftin, Route 2, Ayden, and his paternal grandparents, Mr. and Mrs. C. B. Nobles, Route 2, Winterville.

MRS HENRY C. BRILEY

Rouse-Briley

On Wednesday night, August 20, at 8 o'clock in a candlelight ceremony at the home of Mr. and Mrs. Griffin H. Rouse, the bride, Miss Irene Rouse, became the bride of Henry Cotton Briley, son of Mr. and Mrs. Jesse Briley of Simpson P. A. Winham.

Prior to the ceremony a program of nuptial music was rendered by Mrs. Roy Page Gaskins, sister of the bride.

The bride, given in marriage by her father, wore a blue tailor-made gabardine suit and a corsage of red roses.

Miss Frances Briley, sister of the groom, was maid of honor and only attendant of the bride. James Earl Mills, cousin of the bride, was best man.

Following the ceremony the couple left on a wedding trip to the western part of the state, after which they will make their home near Greenville.

Revival Services

You are invited to attend the revival services this week at the Pleasant Hill Free Will Baptist Church, located 14 1/2 miles from Greenville on Vanceboro highway.

Rev. C. L. Patrick, pastor of the Greenville Free Will Baptist Church, will bring the messages each evening at 8 o'clock.

Women in the Church

In a message to the men and women of Protestant churches of the United States—to be read from pulpits on Labor Sunday—the Federal Council of the Churches of Christ in America has a special word for people in homes and in local congregations. The beginning of the solution of differences between workers and employers, says the Council, must be made in the home itself.

"There must be a vigorous effort to see that no congregation is a class church or a racial church. That is not easy, for churches are usually neighborhood organizations, and people live in neighborhoods of similar economic status. But a true visitation evangelism by the laymen of the churches will make possible a congregation that crosses economic and racial lines."

The Woman's Society of Christian Service in the Union Methodist Church—one of six small charges on the Morgantown, West Virginia, circuit of which the Rev. D. M. Cain is pastor—had given so many used articles of clothing and so much canned goods for relief in Europe that it looked as if no more clothing could be had in the community. But someone had the idea that there might be unclaimed clothing at the laundries—and a number were glad to give them garments. Then the women visited the shoe repair shops in nearby communities, and gathered a large number of pairs of shoes that had been "left over thirty days"; and at several shops they secured quantities of unsaleable but wearable articles of merchandise. The result has been a large shipment of goods from Union to needy people in Europe through the Methodist Committee for Overseas Relief.

"The church must be humble if it is to have a place of leadership in the world today; it must be distinctive in the Christian lives of its members; it must be a fellowship that is different—evangelizing, and teaching its message to the world, beginning with its own children," Miss Ruth I. Seabury, of Boston, Mass., secretary of the American Board of Commissioners for Foreign Missions (Congregational-Christian) told a recent gathering of the International Council of Religious Education, in Des Moines, Iowa. She called upon church leaders to bring up a generation of young people, through the church schools, to know the true meaning of "Our Father," and to show individuals and nations how to live in unity and understanding.

Miss Betsy Martin of Winston-Salem visited her aunt, Mrs. Joe Sutton last week.

Miss Lucy Fleming of Grifton who

will be a member of the Arthur faculty moved into the teacherage today.

Mr. and Mrs. D. E. Todd spent Friday night with Mr. and Mrs. W. O. Allen.

Mrs. Mark H. Smith and daughter, Mr. and Mrs. R. A. McLawhorn and daughter spent last week at White Lake.

Alvin McArthur, Jr., arrived home Friday night with Mr. and Mrs. W. O. Allen.

Mr. and Mrs. L. B. Bennett and son returned today from Atlanta, Ga., where they visited relatives.

Misses Edith Tyson and Beulah Rasberry will leave within a few days for Black Creek and Kinston where they will be members of the faculty of the Black Creek and Moss Hill schools respectively.

Mrs. C. D. Smith and Mrs. Bertha Parker of Greenville were Arthur visitors Monday.

Don't forget services at the local Christian Church Sunday, August 31, due to the ministers' absence.

Mr. Bruce Strickland has been a patient in Pitt General hospital for several days.

Bruce Strickland, Jr., underwent a minor eye operation last week. He has returned to his home.

Mrs. Robert McArthur and children, Margaret, William and Gilbert, left Sunday night for their home in Clearwater, Florida. Mr. McArthur and Marshall will join them at an early date. Mr. McArthur will be connected with the A. & W. Bulb Co. of Clearwater, while Mrs. McArthur will teach English in the Palm Harbor junior high school.

Mr. Manly Cashwell, who spent the summer with his brother here, and attended E. C. T. C., has resumed his duties at the West Edgecombe high school near Rocky Mount.

Mrs. J. E. Koeger and children, who spent last week with her mother, returned to their home in Portsmouth Sunday.

Lindsay McArthur has returned from Georgia where he was with the E. B. Ficklen Co., on the Nashville, Ga., market.

Mr. and Mrs. Robinson of the Western Union office moved into the Robert McArthur home today.

Mrs. Mary S. Mills, 67, widow of Louis Henry Mills, died at her home near Black Jack early Sunday morning. She had been in failing health for about eight years and an invalid for five years.

Funeral services will be conducted at the Black Jack Free Will Baptist Church at 3 o'clock Tuesday afternoon by the Rev. J. C. Griffin, Free Will Baptist minister of New Bern, and burial will be in the Mills family cemetery near Black Jack.

Mrs. Mills, daughter of the late Robert and Julia Mills Smith, spent all her life in Pitt County and was married to L. H. Mills, who died in 1938.

She is survived by six daughters, Mrs. Guy Dixon, Mrs. John G. Bailey, Mrs. Hubert Boyd, and Mrs. Henry Hudson of Black Jack, Mrs. Snade Hardee of near Chocod School, and Mrs. G. H. Chelsey of Richmond, Va.; four sons, Zeno Mills of Shelderville, Roy Mills of near Kinston and Herman and Henry Lee Mills of Black Jack; 24 grandchildren; four great-grandchildren; a sister, Mrs. Sam Harris of Greenville, and her step-mother, Mrs. Robert Smith of Laurel Ford Va.

About 31 per cent of all motor trucks in the United States in 1945 were used on farms.

School Notice

Supt. J. H. Rose of the Greenville City Schools announced today that a seventh grade will be in each of the three white elementary schools in the city and all eighth grades will be in the high school. Parents of children who have moved from one section of the city to another as well as students who are entering the Greenville City Schools for the first time are urged to register their children between Monday and Thursday mornings. The principals of the respective schools will be in their offices each morning to register the children. A student is expected to attend the school located in the district in which he lives unless special permission is granted to do otherwise.

will be a member of the Arthur faculty moved into the teacherage today.

Mr. and Mrs. D. E. Todd spent Friday night with Mr. and Mrs. W. O. Allen.

Mrs. Mark H. Smith and daughter, Mr. and Mrs. R. A. McLawhorn and daughter spent last week at White Lake.

Alvin McArthur, Jr., arrived home Friday night with Mr. and Mrs. W. O. Allen.

Mr. and Mrs. L. B. Bennett and son returned today from Atlanta, Ga., where they visited relatives.

Misses Edith Tyson and Beulah Rasberry will leave within a few days for Black Creek and Kinston where they will be members of the faculty of the Black Creek and Moss Hill schools respectively.

Mrs. C. D. Smith and Mrs. Bertha Parker of Greenville were Arthur visitors Monday.

Don't forget services at the local Christian Church Sunday, August 31, due to the ministers' absence.

Mr. Bruce Strickland has been a patient in Pitt General hospital for several days.

Bruce Strickland, Jr., underwent a minor eye operation last week. He has returned to his home.

Mrs. Robert McArthur and children, Margaret, William and Gilbert, left Sunday night for their home in Clearwater, Florida. Mr. McArthur and Marshall will join them at an early date. Mr. McArthur will be connected with the A. & W. Bulb Co. of Clearwater, while Mrs. McArthur will teach English in the Palm Harbor junior high school.

Mr. Manly Cashwell, who spent the summer with his brother here, and attended E. C. T. C., has resumed his duties at the West Edgecombe high school near Rocky Mount.

Mrs. J. E. Koeger and children, who spent last week with her mother, returned to their home in Portsmouth Sunday.

About 31 per cent of all motor trucks in the United States in 1945 were used on farms.

"THE HUCKSTERS" EAGERLY-AWAITED FILM

Based on the sensational novel "The Hucksters" opens Tuesday at the Pitt. Above scene features Clark Gable, Ann Gardner and Edward Arnold.

Offer Course In Buying, Selling, At High School

Greenville High School for the first time is offering a course in Distributive Education. This course is concerned with teaching students the art of buying and selling correctly.

A student will go to school in the mornings and will be allowed to work in the stores during the afternoon. This course will be a great benefit to the merchants of Greenville and at the same time provide merchandising training for students who are going into that field as an occupation.

The Greenville high school is co-operating with the local Merchants Association and State Department of Public Instruction in the organization of this work. The course will be taught by Mr. Gaither Frye who has had considerable training and experience in this field of work.

Students of Greenville High School who are interested in this work as well as merchants who wish such students trained should contact the principal's office of the high school, telephone 2198, for further information. Students interested are especially urged to contact the principal's office this week between Tuesday and Thursday for schedule training.

Strength FOR THE DAY

IS MATERIALISM AMERICA'S FUTURE?

In a recent edition of a widely read magazine appeared a series of graphs drawn by a reputable statistical organization illustrating the trends in the dominant factors of American life today.

The graphs show in black and white what the church has been maintaining for some time: that materialism is rapidly and fearfully on the increase.

Dr. McIntire estimates that when the program gets under way one person in every 35 will have to give blood at least once a year to supply the need.

It will take time—three to five years—before reaching its fullest achievement. It will also take money. The cost for the first year is estimated at between \$3,000,000 and \$5,000,000.

Finally, their supply of dollars dangerously low, the British came to us for help. We decided the loan agreement would permit the British to do this:

WASHINGTON LETTER

By JANE EADS

Washington—The blood of Pennsylvania miners, Wall Street bankers, Iowa farmwives Hollywood stars and D.C. government girls saved the lives of millions on the front lines of our world-encircling battlefields during World War II.

The wartime program was a spectacular success. Now the Red Cross is embarking on a peacetime program to provide blood and its derivatives to the nation's hospitals without cost for all the people.

Some 6,000,000 persons, averaging two pints each, donated blood during the war years. By January 1945 each week 100,000 persons—church groups, labor unions, students, housewives and soldiers and sailors—were giving blood at 35 donor centers or to the 63 mobile collecting units which the Red Cross was operating throughout the country for the purpose.

This project, the largest singly-controlled medical undertaking in history, started out in a small way back in 1941.

The surgeons general of the Army and Navy had requested the Red Cross and the National Research Council to cooperate in collecting human blood to be processed into dried plasma and used by the army and navy medical departments, chiefly in combating traumatic shock.

Such shock frequently follows severe injuries, loss of blood or burns and is accompanied by an alarming fall in blood pressure and general collapse of the patient. Blood transfusion had been the essential feature in shock treatment.

New properties of blood were then discovered. Their usefulness in a wide variety of diseases became revealed.

Plasma can be preserved for one year in the liquid state. Better still, it can be frozen and kept at least three years. But, best of all for modern military use, it can be dried and later dissolved in water. Its life-giving power can be held in dry form for five years in intense heat or cold, and there is no need for expensive, space-taking refrigerators.

On the basis that any beneficial knowledge that can be gained from war should be turned to the aid of all people in time of peace, the Red Cross is embarking on its new program.

The Red Cross will seek an estimated ultimate peak of 2,700,000 blood donations annually.

The program is headed by Vice Adm. Ross T. McIntire, wartime navy surgeon general and former White House physician. The program was approved by the Red Cross Board of Governors at a meeting in Cleveland a few months ago.

Dr. McIntire points out that the source of blood is confined to the veins of people. It cannot be compounded or manufactured as are certain other biological products, medical supplies and drugs.

Dr. McIntire estimates that when the program gets under way one person in every 35 will have to give blood at least once a year to supply the need.

It will take time—three to five years—before reaching its fullest achievement. It will also take money. The cost for the first year is estimated at between \$3,000,000 and \$5,000,000.

British Dollar

(Continued from Page One)

But by the middle of August, 1947, less than 13 months later, all of it was gone but \$43,000,000.

In July, when it became possible to sell pounds for dollars, Britain spent about \$700,000,000 of the loan money—more than one fifth of the \$3,350,000,000 she has spent so far.

Finally, their supply of dollars dangerously low, the British came to us for help. We decided the loan agreement would permit the British to do this:

1. Stop swapping pounds for dollars for a while.

2. Use that time to get ready for the future convertibility requests—requests from countries wanting to swap pounds for dollars. Britain will now examine all such requests to make sure she isn't buying back pounds obtained by these countries before July 15.

3. Start converting again—but on a smaller scale.

4. If any nation comes to Britain with so many pounds to sell that it may leave Britain short of dollars, Britain can set a limit on how many dollars she must give up. But in each case of that sort, the U. S. must agree.

The British hope these steps—and others still being discussed—will be enough to save some of their scarce dollars.

But Britain still does not have as many dollars as she needs.

Sir Wilfrid Eady, chief British delegate to the Washington talks, was asked if he thought Britain might be forced to look for still

more help. All he said was: "We shouldn't like to."

Motives

(Continued from Page One)

Moscow in Hungarian to Europe—As regards the so-called Communist putsch, it exists only in the heated imagination of certain U.S. circles. In cancelling a \$7,000,000 cotton credit the United States wanted to deal Hungary a blow at the moment when the latter country was embarking on its large scale creative efforts aimed at the raising of the Hungarian people's material and cultural standards.

Moscow in Norwegian to Europe—"There is no doubt that the U.S. policy which aims at handing over industrial concerns in western Germany to their former owners is also stimulating fascist activity in other countries."

Moscow in German to Europe—"England (in Austria) tries with noisy propaganda and alleged 'generosity' to disguise the expansionist schemes of British imperialism."

These were taken from broadcasts of August 23 but it might have been any other day or night. Means of coping with the campaign are another matter.

Congress has shown that it is far from being fully sold on the idea that the State Department should use an official American radio in peace time to counter propaganda with "facts" rather than devote its efforts to fighting for the free-flow of objective news across all boundaries.

The issue is due for another congressional airing next year.

Super-Secret

(Continued from Page One)

underground workings would provide storage for atomic bombs and perhaps for a plant to produce such weapons and for a fast global air force capable of carrying them.

As announced by the War Department last month, Sandia base is a unit of the armed forces special weapons project. Its personnel includes Maj. Gen. Leslie R. Groves, who was director of the Manhattan Project which made the atomic

bomb. Varying reports came from Albuquerque fliers. One described half a dozen moundlike structures several miles from the base: "They look like igloos at an army ammunition depot and have a covering of dirt like buildings used for ammunition storage."

"There are at least six of them, and each is surrounded by a fence with guard towers at the corners. They are 200 to 300 yards apart."

This source said the Army has a P-51 and a P-80 at Kirtland Field ready to take the air, and could turn back any ship and force it to land for investigation.

The base is closely restricted. That means no visitors. Townsfolk say the workmen are carefully screened and are employed on too small a portion of the construction to be able to give clues as to its final nature.

Tobacco

(Continued from Page One)

with the prices, which they described as \$2 to \$3 above their expectations. Very few tags were turned. Prices ranged from a high of \$59 to a low of \$50.

Goldsboro reported a light break of low quality tobacco. Prices ranged from one cent to 58 cents and many farmers turned tags. The first 5,008 pounds sold for \$1,806.01, or an average of 36.6 cents per pound.

Kinston reported that about 1,000,000 pounds was on its floors with the bulk of offerings being sold from 44 to 54 cents. Best quality was bringing 58 cents. Lugs were bringing 16 cents. Quality was considerably off last year's opening day offerings. There were few rejections.

At Rocky Mount where approximately 900,000 pounds of the golden weed had been stacked upon warehouse floors during the week-end, Sales Supervisor Ed Johnston said that after the first two hours of selling prices were averaging about 45 cents with a top of 59 cents. Quality was described as "not better than fair."

Early opening day sales on the Smithfield market averaged from 35 to 58 cents. Quality of the offerings was light, and many growers reported that they still were harvesting crops. Volume was off.

Washington found the best grade of tobacco selling at 58 cents, but the bulk of the offerings ranged from 35 to 40 cents. Most of the farmers appeared pretty well pleased with prices, for many had not expected high prices on opening sales.

BILLIE BRANCH MADE RECORD.

Billie Branch of Winterville, veteran tobacco auctioneer, has returned from the Fitzgerald (Ga.) tobacco market, where he sold for four warehouses 5,639,000 pounds of leaf, more than a million pounds more than sold there in one season when they had two auctioneers. Mrs. Branch, and his children, Dorothy, Joyce and Kirby, returned with him. Branch is auctioneering at Keel's warehouse in Greenville again this season.

Assault, Armed Race Called Off

Chicago, Aug. 25—(AP)—The Assault-Armed showdown—which loomed as the race of the year to determine the horse of the year—today has faded from reality back into a dream.

The nationally acclaimed \$100,000 winner-take-all match race, scheduled for Saturday at Washington Park, was canceled when Assault pulled up lame after a mile and an

Dental Survey Urged For State

Raleigh, N. C., Aug. 25—(AP)—The Executive Committee of the State Dental Society has proposed a one-month survey to determine the state's need for a dental school.

North Carolina does not have a dental school and, the Society predicts, will be unable to license the usual 40-odd yearly dental graduates because crowded out-of-state colleges are rationing North Carolina applicants.

Epilptic Girl Kept In Stockade And Caged Room; Townspeople Seek Help

Kannapolis, N. C., Aug. 15—(AP)—Townspeople sought today to force the state of North Carolina to find a place in its mental hospitals for a 14-year-old epileptic girl who has been housed for three years in an open-air stockade and cage-like room.

Police Chief I. T. Chapman said the girl's parents, Mr. and Mrs. M. L. Smith, told him they had tried unsuccessfully to have their daughter, Myrtle, committed to a state institution.

A town meeting was sponsored last night by the radio station WCTL to find a solution to the problem of caring for the girl. State Representatives E. T. Best Jr. of Concord and Hugh Alexander of Kannapolis enlisted the aid of most persons present along with an impressive list of business leaders in the community.

Dr. R. G. Blackweider, Superintendent of the State Hospital for Epileptics in Raleigh, said there was nothing he could do. He said Maxine is one of a hundred or so on a long waiting list and that not one or more patients could be admitted until more facilities are available.

Additional buildings are under construction at the hospital and are due for completion this winter.

Chief Chapman said the stockade of wooden two-by-four's was built for the protection of the parents of the girl who alternately roams the grounds tearing bits of paper, and battering her head against a wall and screaming.

The girl's case came to light several weeks ago when the parents asked the County Board of Welfare for aid.

Arrest Georgia Man Here For Abducting Girl

Linwood Betts, 26-year-old World War II veteran of Macon, Ga., who was arrested by Greenville police Saturday night on request of Wilson authorities for allegedly kidnaping a nine-year-old girl from a motion picture theater there Saturday afternoon, waived preliminary hearing in Wilson Recorder's Court today and was ordered held under \$5,000 bond for the September criminal term of Superior Court.

Police Chief Albert A. Privette said Betts sent the girl on her way after arriving at a Wilson hotel and boarded a bus for Greenville. He said Betts admitted to him and other officers that he intended to assault the girl, but changed his mind when he arrived at the hotel. Chief Jim Tanner and Officers Peterson and Hill, in the radio car, arrested Betts shortly after he arrived in Greenville near the bus station. Wilson Detectives P. R. Hartis and Claude Fulghum, who came to Greenville to take back the prisoner, said that the little girl went to her father, a prominent Wilson merchant, and told him what had happened. He reported it to police. After a statewide alarm was sent out Greenville police apprehended the alleged kidnaper here.

LEGION CHIEF HAS WARNING

Griffith Favors Use Of Troops To Support Truman Doctrine

New York, Aug. 25—(AP)—National Commander Paul H. Griffith, sounding a serious warning amid the festive preparations for the American Legion 29th annual convention opening Thursday, said that "the critical situation which has developed in Greece within the past few hours x x x could spread into world conflagration on a moment's notice."

Griffith called a news conference late yesterday soon after his arrival from Washington, D.C., where he said he had talked to President Truman. Asked by a reporter if he favored sending troops abroad to support the Truman Doctrine, the Legion commander replied:

"I don't see how you can enforce anything without using police. If it takes troops we should send troops. If and when Greece is invaded there's no use to wait like we waited before. If there is no other way to stop them but to send troops, then we should send troops."

Griffith, who lives in Uniontown, Pa., said that the Legion's Executive Committee, which begins pre-convention sessions today, was "almost unanimously in favor" of the Truman policy "of aid to Greece and Turkey" and any other small countries having "a foreign ideology forced upon them."

Asked if he thought the United Nations could resolve the situation in Greece, where a government crisis developed over the weekend, Griffith replied:

"If the United Nations is mature enough it should handle all world affairs. But we believe the United Nations is a baby in swaddling clothes without the power to act. I don't believe the United Nations is capable of acting at this time."

Jail Term For Sass Over Phone

In Police Court today Judge Jimmy Roberts sentenced Arthur Manning to 90 days on the roads or pay \$50 fine and costs after he found him guilty of being drunk and using vulgar and profane language over a telephone to Mrs. James E. Tanner, the police chief's wife, Saturday night.

Greek Law Student Observing Court

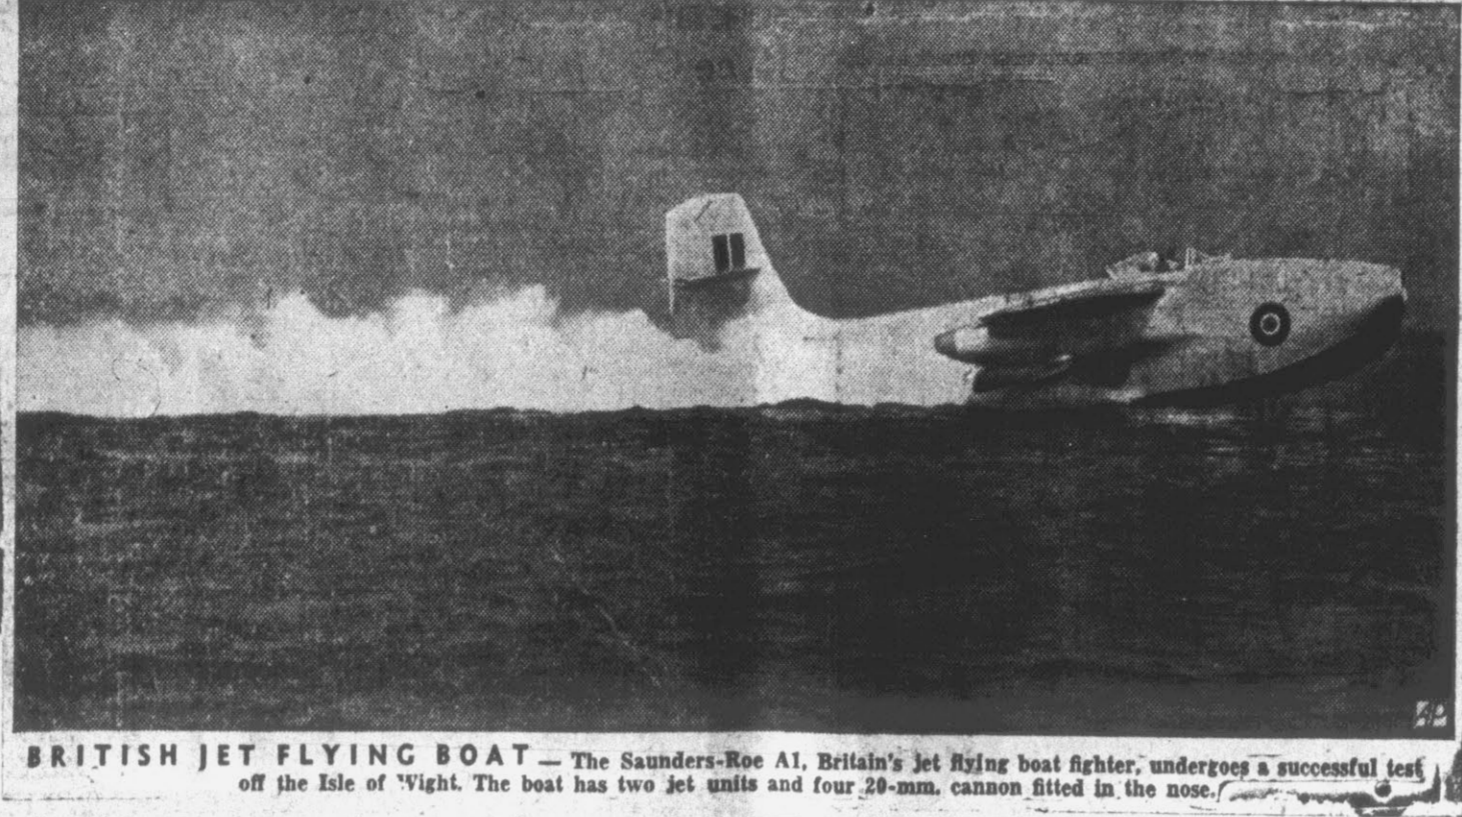

Solon Ivraakis of Athens, Greece, who has a scholarship at Harvard University, Cambridge, Mass., as an international law student, and who is visiting his uncle, Nicholas Sideris, well known Greenville restaurant owner, and Mrs. Sideris, was an observer of proceedings of Judge J. W. H. Roberts in Police Court today.

Another observer at today's session of Police Court was Louis W. Gaylord, Jr., young Greenville attorney.

After adjournment of Police Court they sat in and observed Judge Henry A. Grady of New Bern, who is presiding over the criminal term of Superior Court this week.

With less than seven per cent of the world's population, the United States has 81 per cent of the world's passenger automobiles and 57 per cent of all trucks.

sign up for EUROPE or the Far East!

At long last, vacancies have opened in the European Command. But to get one YOU'LL HAVE TO ACT PROMPTLY. Only Veterans who sign up for 3 years or more will be considered. There's an intensely important job to do in Europe. And in intervals of work there's leave time on the French Riviera, skiing in the Alps, sightseeing in Bavaria and Austria. Don't forget there are still openings for service with famous divisions in the Far East for Veterans and non-Veterans alike. Quarters and recreation facilities in Japan are excellent. The Regular Army's high pay (20% higher overseas), the excellent opportunities to further your education in Army technical schools or through the Armed Forces Institute, the chance that your previous Army experience may speed your promotion to positions of high skill and responsibility make this an over-all opportunity that's too good to pass up! Call at your nearest Army Recruiting Station now.

JUDGE GRADY IS PRESIDING OVER COURT

Many Important Cases On Criminal Docket For Trial; Big Crowds Attend

By CHESTER WALSH
In Superior Court today eight cases had been disposed of by the midday recess. Judge Henry A. Grady of New Bern is presiding over the one-week criminal term.

Fifth Judicial District Solicitor D. M. Clark said they would start after lunch on the case against Robert Earl Cherry, indicted for having carnal knowledge of Lucy Mae Edwards, under 16 years old.

Present plans provide for calling tomorrow morning the case against Booker T. Anderson, 29-year-old Negro, who is indicted for arson and murder in connection with the death by fire of Willie Belle Crutch, Negro, and her two children, Bobbie George T. and Jettie Juanita, the night of last May 15. Anderson made a signed statement to Police Chief James R. Tanner and others in which he admitted setting a bowl of kerosene oil under the bed where mother and two children were sleeping and hurried to his home in order to establish an alibi. Anderson was arraigned this afternoon.

Cases disposed of in court this forenoon were: Aron Credle and John W. Murphy, abandonment, both not prosed. In the case of Henry Wilson, driving drunk, he was called and failed to answer and a capias was issued for him.

Charles E. Pool, pleaded guilty to driving drunk and was fined \$50 and costs and his license was ordered revoked for a year.

Trevi Colville was not guilty of assault with a deadly weapon. Willie O. Carr was not guilty of non-support.

Earl C. Payton pleaded guilty to assault with a deadly weapon. Judgment will be pronounced later.

The case against Louis Braxton, charging trespass, was not prosed.

Man Convicted 13 Times Being Drunk

Francis Dancy, a painter, who paid his 13th official visit to Judge Jimmy Roberts in Police Court today for being drunk on the street, was given 30 days in jail or to pay a \$50 fine and costs.

Police said Dancy has a continuous record of public drunkenness and arrests and convictions.

Policeman Here Is College Graduate

Charles Little, 24 year-old graduate of East Carolina Teachers' College and World War II veteran is making good on the Greenville police force. Chief James R. Tanner said today.

Little's studies at ECTC were interrupted when he entered the armed forces. When he returned here he resumed his studies at the college and graduated with a degree.

While at school Little served as a special police officer and after graduation was appointed a regular. He is married.

Farmers Can Find Parking Places Now

Traffic conditions in Greenville today showed considerable improvement over last year as a result of the city installing several hundred parking meters in the business section.

Businessmen and employes now appear to be parking their cars in more remote places and the farmers who sell tobacco here and those who

FCX Speaker

W. O. Mann, general manager of Farmers Cooperative Exchange and well known farm leader, will be the featured speaker at the annual county meeting and picnic of the Pitt FCX Service which will be held at Guy Smith Stadium Tuesday, August 26, at 4:30 p. m.

come here to do their shopping and trading a chance to find convenient parking spaces. A motorist may park at a meter for 12 minutes by inserting a penny in the slot, or for an hour by inserting five pennies or a nickel.

Inventor's Wife Dies Following Long Illness

New York, Aug. 25—(AP)—Mrs. Mina Miller Edison, 82, who lived to see her husband, the late Thomas A. Edison, hailed as one of the greatest inventors in history and one of her sons become a cabinet member and governor of New Jersey, died last night.

Former Secretary of the Navy Charles Edison, inventor Thomas Miller Edison and Mrs. John Eyre Sloane were at their mother's bedside when she died in the Raritan Pavilion of the Columbia Presbyterian Medical Center, a few hours after lapsing into a coma. She had been a patient there since July 16. Dr. James Coss, her physician, said the "presumptive cause of death was cardiac failure."

A friend of Herbert Hoover and his late wife, Mrs. Edison worked actively in both of Hoover's presidential campaigns. But in 1943, saying she was "ashamed of my party" in New Jersey, she announced she would be a political independent.

Indonesian War Said Continuing

Batavia, Java, Aug. 25—(AP)—The Dutch and Indonesians reported continuing fighting in Java, Sumatra and Madoera today, though at midnight tonight three weeks will have passed since a mutual cease-fire order went into effect by request of the United Nations Security Council.

A Netherlands Army communiqué said 32 casualties with Republicans had taken place yesterday on the three islands.

Daughter Born Aboard Airliner

Medford, Ore., Aug. 25—(AP)—A young woman passenger gave birth to a four pound, five ounce daughter aboard a Southwest Airline plane yesterday, and airline Station Manager Richard Day reported an undergraduate nurse attended the mother in the plane.

Day said the plane left here at 3:25 p. m. and that 15 minutes later the pilot radioed that the woman—one of six passengers—was having a child and he was turning back to Medford.

Fire Destroys Kinston Laundry

Kinston, N. C., Aug. 25—(AP)—Fire destroyed the plant of the Kinston Laundry late last night. Loss was estimated at \$90,000. Firemen saved the adjacent Harvey C. Hines ice cream plant and warehouse and a score of Negro dwellings near the laundry on West Blount Street. Firemen said oil soaked sawdust had caught fire from an acetylene torch used by workmen and had spread rapidly over the structure.

NOTICE TO CREDITORS

Having qualified, as Executor of the estate of Lucy E. Barnhill, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned, on or before the 29th day of July, 1948, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.
This the 29th day of July, 1947.
ROBERT LEE ROBERSON,
Stokes, N. C., executor of the estate of Lucy E. Barnhill.
July 29-11w-6wks.

NOTICE OF FINAL PASSAGE OF BOND ORDER

The Board of County Commissioners of Pitt County, in regular meeting assembled on July 7, 1947, the same being the first Monday in July, do now declare that:

(a) Bonds shall be issued by Pitt County for the purpose of the erection and purchase of a hospital, the same being a purpose authorized by G. S. 153-77, Subsection "D".

(b) Bonds of Pitt County shall be issued in the maximum aggregate principal amount of \$352,500.

(c) That a tax sufficient to pay the principal and interest of the bonds as issued, when the same shall become due, shall be annually levied and collected by Pitt County on the taxable property situate within said county.

(d) A statement of the county debt of Pitt County has been filed with the clerk of the Board of Commissioners of Pitt County, Hon. J. D. Joyner, and the said statement is open to public inspection at his office in the court house in the City of Greenville, North Carolina.

(e) This order will become effective thirty (30) days after the date of an election called pursuant to the provisions of the County Finance Act for securing the approval of the voters of Pitt County and provided that in such election the issuance of these bonds shall be approved by the number of voters required to approve such bonds under the terms and provisions of the County Finance Act, the same being Article "9" of Chapter 153 of the General Statutes of North Carolina.

The foregoing order was finally passed on the 15th day of August, 1947, and was first published on the 18th day of August, 1947. Any action or proceeding questioning the validity of said order must be commenced within thirty days after its first publication.

(Signed) **C. P. GASKINS**
Clerk of Board of Commissioners
Aug. 18-25.

Greenies Defeat Tarboro 5-2 As Lee Leads At Bat

By BERT MOYE

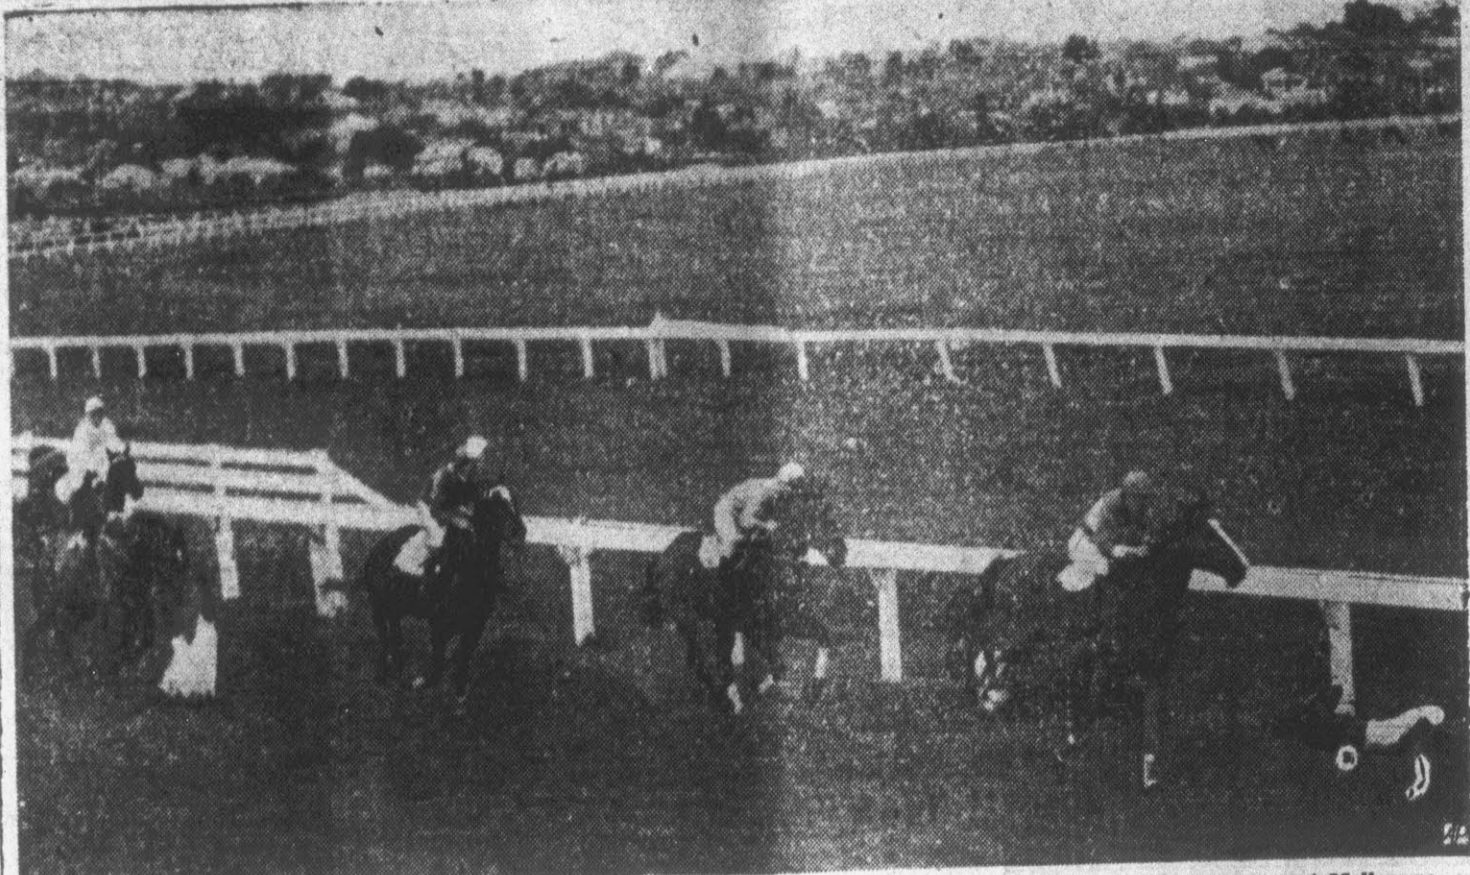

Manager Timm's Greenies registered their seventh win of the season against the Tarboro Tars yesterday afternoon as they took a 5-2 win over the Tars behind the five-hill pitching of Hank Ranweiler, as he registered his second win of the season on the mound.

Held scoreless until the fifth frame, the Greenies put across three runs on two hits, a walk and two errors to take the lead after which they were never headed. Simmons on an infield single, Lynch walked, Ranweiler reached first on Riddle's error at second to load the bases, Tommy Lee singled to bring home Simmons and Lynch with right-fielder Neville erring the ball, allowing Ranweiler to take third and Lee second, then Manager Timm hit second and was thrown out at first with Ranweiler scoring on the infield out.

The Greenies put the game on in the ninth frame when Bill Lynch singled and Tommy Lee homered to the right field wall to bring him home.

The Tars scored one run in the fourth frame when Kom-necky homered over the leftfield wall, and chalked up their other run in the sixth when Neville reached first on catcher's interference. Keane-Necky came home on Riddle's infield out.

Tommy Lee with a homer and a single in three trips to the plate led the seven-hit attack off Stanley Plos of the Tars. Tommy really showed the locals how to play ball as he batted in four of the Greenies' runs with his timely hitting. The other five hits were scattered among as many Greenie players with Willie Mauney getting a double for the only other extra base hit of the game.

DOUBLE 'HEADER' — Jockey W. Aldridge (right) was thrown as his mount, Golden Tax, fell in a race at Melbourne, Australia, just before Manirim, (left) ridden by L. Dixon, catapulted his rider out of the saddle.

BASEBALL

TARBORO

vs.

GREENVILLE

Guy Smith Stadium
Greenville, N. C.

game.

Ranweiler struck out five men and walked only two in pitching his first full game in a long time. Kom-necky with a homer and two singles in four trips to the plate was the big gun in the Tars' attack.

Score by innings:
Greenville 000 030 002—5
Tarboro 000 101 000—2

ALL STARS LOSE

The Legion sponsored Greenville All Stars were defeated Sunday by the Durham Tigers 6-3 in Guy Smith Stadium. The contest mar-

ked the close of the baseball season for the colored team.

DIAMOND DUST

By BERT MOYE

The game which was postponed here Saturday night with Roanoke Rapids leaves two doubleheaders facing the Greenies, both of which will be played this coming week. The first double header will be played here Wednesday night when the Rocky Mount Leafs pay their final visit to the local park this season. Game time is 7:00 o'clock. On next Sunday afternoon, beginning at 1:30 the Greenies will play the Roanoke Rapids Jays in the game which was rained out here Saturday night. Other games for the Greenies this week finds the Tars playing here Monday (tonight) and Friday night the New Bern Bears will play their final

game of the season here.

The death of Tarboro's Mary McCabe Godfrey is grieved by many Greenville citizens. Known throughout the state, "Monk" as she was known to her many friends, was one of Tarboro's greatest boosters of athletics. She will be missed by her many friends here in Greenville and to the members of her family goes our deepest sympathy.

The Jays management picked up Gashouse Parker, who obtained his release from Tarboro. They didn't keep Gashouse, though, for they sold him to the Norfolk Tars very shortly afterwards.

Roy Kennedy, who is currently leading the league in the hitting department, played his final game in a Tar uniform Saturday night. Kennedy is slated to leave for Panama today. That leaves the Tars with a mighty big gap to fill.

Bill John and Val Gonzales, pitcher and first baseman of the Jays, will move up to Norfolk of the Class B Piedmont League next year

for a trial with the Tars. Both will have a limited period of time to be returned to the Jays. But if they do, the Roanoke Rapids club will receive a reported \$2,000 or four players.

Bill Kennedy, former Rocky Mount hurler, has a 11-2 record in the Eastern League. Playing with the Scranton Miners, Blazin' Bill has worked in 17 games, ranks second in pitching record for the loop.

Incidentally, Sport magazine celebrates its first anniversary with the September issue, and the articles for the month are tops in any field. Included in the pages are features on the St. Louis Cards, Joe Louis a human interest yarn on Joe and Dom DiMaggio and other articles that are of lasting interest.

Fastest Pitcher To Get Chance

Memphis, Tenn., Aug. 25—(AP)—Long, loose-jointed Dan Bankhead moved into baseball bigtime today eager for the chance to prove the tag tacked on him by many of his contemporaries in the Negro major that he is the "fastest pitcher in baseball, black or white."

The 24-year-old Negro athlete made an overnight flight to Brooklyn shortly after it was learned that Dodger President Branch Rickey, following a personal look-see

Willie Tip Says!

If everybody knew what I know about GREENVILLE, they'd sell every leaf of tobacco here this year.
