

## U. S. EFFORTS TO MEDIATE IN GREECE FAIL

### Leader Of Liberal Party Insists On Premiership; Tsaldaris Refuses

Athens, Aug. 26—(AP)—American efforts to mediate the deadlock in the Greek governmental crisis failed today when Themistokles Sophoulis, leader of the main branch of the Liberal Party, insisted that he become premier.

Constantin Tsaldaris, premier-designate, had been trying for three days to form a new government. Sophoulis, 56, had been one of the main obstacles to success because of his steadfast refusal to enter a coalition cabinet to solve the current crisis.

U. S. Ambassador Lincoln MacVeigh had conferred with Sophoulis during the morning.

Tsaldaris said after leaving the 90-minute mediation conference that he had proposed a neutral politician for premier, but that Sophoulis rejected the idea, proposing instead that he (Sophoulis) assume leadership of the state and that his party take the portfolios of war, justice and public order.

Tsaldaris said he would proceed with his own plans for forming a government.

Dwight P. Griswold, administrator of the U. S. aid program in Greece, called on Sophoulis at his home last night and an authoritative source said he had stressed the need for political unity if the American mission is to succeed. This informant said no "pressure" was put on Sophoulis, but that Griswold urged him to help achieve some solution of Tsaldaris' problem.

In reply, the informant said, Sophoulis intimated that he would be willing to give Tsaldaris' Populist Party most of the cabinet posts if Sophoulis himself were named premier. The government of Premier Demetrios Maximos collapsed last Saturday.

## Russia Rejects Consultation On Petkov Sentence

London, Aug. 26—(AP)—Soviet Russia has rejected a British-American request for consultation on the death sentence passed by a Bulgarian court on Nikola Petkov, Bulgarian Agrarian Party leader, the Foreign Office announced today.

Admiral Y. Vishinsky, Russian deputy foreign minister, said in a note delivered to the British charge d'affaires in Moscow that such a consultation would constitute "interference in internal Bulgarian affairs," a Foreign Office spokesman said.

This is the same contention advanced in Sofia last Friday by Soviet Lt. Gen. Alexander Cherepanov in rejecting a demand of the United States for a review of the death sentence.

Petkov, a top-ranking anti-Communist leader, was sentenced 10 days ago to be hanged on conviction of conspiring against the Communist-dominated Fatherland Front government.

## Murder Warrant Issued For Minister In Death

Summerville, Ga., Aug. 26—(AP)—The Rev. Gordon Miller read his bible and quoted from St. Mark to pass the time before his hearing today on a murder warrant, served after one of his flock drank poison "to prove his faith" and died.

"They shall take up serpents," the minister read to Sheriff A. L. Glenn last night, "and if they drink any deadly thing it shall not hurt them."

Sheriff Glenn said the Reverend Miller was arrested at the graveside of 33-year-old Ernest Davis, who died Saturday. And that the preacher later observed to him, "the poison killed Davis—he must not have had enough faith."

Dr. W. U. Hyden of Trion attributed Davis' death to "strychnine and other poisoning" and added "he never had a chance," the sheriff said.

The charges against Miller, who dubbed himself as a minister for the "Free Church of God," was recommended by Assistant Solicitor General T. J. Esty. Sheriff Glenn said, and the warrant was sworn out by Deputy Sheriff A. L. Martin.

The hearing before City Judge C. D. Rivers and Justice of the Peace T. C. Brown will be to determine what part the minister played in the death of the Taylors.

## Soldier Aids Short Skirt Group

Joe Malcomson, 75, veteran of the Spanish-American war, rides atop a float and looks at shapely Mrs. Polly Paulkner, member of the Little Below the Knee Club, as members of the club parade through downtown Dallas, Texas, protesting against the new fashion of longer skirts for women's dresses. (AP Wirephoto).

## WEDEMEYER IN SEOUL, KOREA

### Commission To Prepare Objective Report For President

Seoul, Korea, Aug. 26—(AP)—Gen. Albert C. Wedemeyer arrived today for a week's survey of uneasy Korea for President Truman. He said in a prepared statement that members of his mission would maintain "complete objectivity, with no commitments and no judgments."

The special envoy explained that information collected would help the United States "in making its decision on how to cooperate with the Korean people in order to advance their welfare and protect the hard earned peace."

He flew here from Tokyo, where he conferred briefly with General MacArthur.

Wedemeyer arrived during sharp exchanges between the American commander in southern Korea, Lt. Gen. John R. Hodge, and Col. Gen. Terentiy F. Shitikov of the Soviet delegation to the joint commission which is deadlocked on the American proposal to form a provisional government for Korea.

Shitikov charged the Americans with impeding the work of the commission by arresting leftists in southern Korea. Hodge countered that he was "astounded by the propaganda statement" of Shitikov and said such arrests were necessary "to control seditious activities aimed at destruction of the constitution, government and law and order in the American zone."

Miller told newsmen that Davis quaffed the poisonous draught of his own volition, taking three swallows after mixing it at the open air church last Friday. The minister said he also took a sip, adding that in previous "faith tests" both he and Davis had taken poison without ill effects.

## Wedemeyer's Report

### Central Government Comes In For Strong And Significant Criticism By U. S. Mission; Some Kind Of Aid For China In-Offing But Self-Help Needed

By JAMES D. WHITE

When Lt. Gen. A. C. Wedemeyer wound up his presidential fact-finding mission to China he left behind a public statement that contains this significant paragraph: "To regain and maintain the confidence of the Chinese people, the central government will have to effect immediately drastic, far-reaching political and economic reforms. Promises will no longer suffice. Performance is absolutely necessary. It should be accepted that military force in itself will not eliminate communism."

This is mostly a pointed rewrite of what Gen. (now secretary of state) George C. Marshall said early this year when he abandoned his efforts to mediate the Chinese civil war. It is important, however, because an American official now is telling the Chinese government to clean itself up in even stronger terms than Washington has been using to tell the Greek government to snap out of it.

## Veto Problem

Lake Success, Aug. 26—(AP)—The veto problem may come up for a brief round in the United Nations Security Council tomorrow.

Before the General Assembly meets Sept. 16 the council must consider a resolution adopted by the assembly last December calling on the council to adopt "practices and procedures" to assist in reducing the difficulties of the veto.

This resolution was the best that could be obtained by opponents of the veto after long debates in the assembly last year.

## POLE-TO-POLE DEFENSE AREA

### Pan-American Conference Gets Proposal Of Security Region

Quitandinha, Brazil, Aug. 26—(AP)—The Inter-American Conference received today a proposal, backed by the United States, to defend the entire Western Hemisphere from the Arctic to the Antarctic as a "security region" with military forces of all American nations.

Alexea and Greenland were included in the zone.

The subcommittee which drafted the measure was composed of Sen. Vandenberg (R-Mich.) and representatives of Brazil, Mexico, Peru and Bolivia.

Under the proposal, any attack on the vast strategic area would invoke defense measures under the proposed hemisphere treaty of mutual defense.

"An armed attack by any state against an American nation will be considered an attack against all American states and each one of the American states assumes the obligation to aid in facing such an attack, exercising the individual or collective right of self defense recognized by Article 51 of the United Nations Charter," the agreement (Continued on Page Six)

## Jet Plane "Skystreak" Has New Speed Record

### Navy Craft Breaks Own Record With Average Of 650.6 MPH; Combat Marine Veteran At Controls Of Speedster

Muroc, Calif., Aug. 26—(AP)—The Navy was doubly sure today that it has the fastest aircraft in the world—a snarling, snorting and howling plane that spun itself a 650.6-mile-an-hour new international speed record in four passes over a measured three-kilometer course on this Mojave Desert waste yesterday.

The blood-red Douglas jet-propelled Skystreak, with a long tubular fuselage and just enough wings to keep it in the air, set the new mark with a tail marine pilot, Maj. Marion E. Carl, 31, at the controls in a tiny cockpit which didn't look large enough for a man half his size.

In so doing, the Skystreak broke its own world speed record registered only last Wednesday.

"There's a ship," said Major Carl, a Pacific combat veteran with 18 Japanese planes to his credit. "I don't know if we set a record or not, but men, there's a plane."

Several hours before the speed had been computed officially.

Major Carl, resident of Hubbard, Ore., and Patuxent River, Md., smashed the record set last Wednesday by a Navy fighter, Comdr. Turner F. Caldwell, Jr., of Arlington, Va., in the Skystreak here.

It was several hours after the flight that the Navy got its instruments calibrated and was able to announce the official time.

In accordance with regulations of the International Aeronautical Federation, the Skystreak made four runs over the three kilometer (1.863 miles) course. The times for the four runs in miles per hour were 652.642, 649.358, 652.579 and 648.730.

At that, Caldwell last week made one run (faster than Ma), Carl's best mark yesterday. The commander's average was 640.7 mph; but he was clocked on one pass at 653.4.

On each run the major dived out of the skies, leveled off just before entering the measured course and streaked past the press observation post between 50 to 75 feet off the ground. You could see him coming but if you weren't quick in jerking your head around he'd be out of sight before you realized he had passed.

An uncanny part of the whole thing was that this craft would flash past without apparent audible sound. The noise was trailing it by several hundred yards and the ship would be almost out of sight before you heard the howl, roaring crescendo of its mighty General Electric Allison-built, TG-180 turbo-jet engines.

## ARMED FORCES KEEP SECRET

### Army And Navy Say Sandia Base Is Classified As "Top Secret"

Washington, Aug. 26—(AP)—The Army and Navy said today that construction and operations at the Sandia base near Albuquerque, N. M., are top secret under the Atomic Energy Act of 1946.

The services made the statement jointly in refusing to confirm or deny reports published in the Denver Post that huge caverns are being dug in a mountain range near Albuquerque for atomic war defenses. The Post's copyrighted story described the project as a "super-defense measure."

The Army and Navy linked the cavern report with construction at the highly-secret Sandia base in this joint release.

"On July 24, 1947, the War and Navy Departments released information regarding the armed forces operation regarding the Sandia base near Albuquerque, N. M., in that release it was stated that the principal field installation of AFSPW is Sandia base located at Albuquerque."

## Tobacco Prices In Line With Opening Day; Offerings Light

By the Associated Press  
Second day sales on the Eastern North Carolina flue-cured tobacco belt appeared today to be at least in line if not a bit higher than the 44-47-cent average of opening day.

Prices seemed to be stronger at Wendell and a 49-cent a pound average was expected there.

At Goldsboro, where more than 10 per cent of opening day offerings were resold to the Tobacco Stabilization Cooperative, poundage was lighter today. The official average there yesterday was 45.65.

Greenville reported light sales, with prices running much stronger than yesterday. Official figures on yesterday's sales released by Supervisor W. L. Windobee were 1,170,164 pounds for \$52,933.84, an average of 45.23 per hundred.

In Rocky Mount, a total of 946,932 pounds of tobacco sold for an average of \$45.05 yesterday. Sales Supervisor Ed Johnston, Jr., said today. Approximately 450,000 pounds were on the warehouse floors today and Johnston said that the quality and prices remained about the same.

Reports of light sales came from other markets in the belt, with most of them paying averages approximately those of yesterday. Farmville said its prices today were close to 45.

Prices were off throughout the belt as much as 13 cents yesterday. Wilson, largest of the eastern belt markets, gave today's official sales report as 135,716 pounds selling for an average of \$43.17 per hundred, with quality of the offerings described as "only fair," the price trends were about the same as yesterday's.

The majority of opening day losses on the Eastern North Carolina belt were from \$5 to \$9 from last year's record figures, the Federal and State Departments of Agriculture reported.

Most sales were confined to low to fine lugs and last cutters with total volume about five million pounds, about half of the 1946 first-day figure.

Best crude nondescript at \$10.50 and fair lemon cutters at \$58 per hundred represented the extreme averages with most grades selling between \$36 and \$58.

Washington, Aug. 26—(AP)—Officials of the National Labor Relations Board today took private apprehension over what a union challenge might do to their plans for applying new Taft-Hartley Act policy to 3,500 old NLRB cases.

A CIO official disclosed anonymously that some CIO unions are considering asking the courts to rule on the legality of this procedure because:

1. The Taft-Hartley law went into full effect only last Friday while, 2. The cases involve conditions which existed under the Wagner National Labor Relations Act.

In calling for a separate review of each of the old cases, NLRB General Counsel Robert N. Denham has expressed the opinion they can be examined in the light of the Taft-Hartley Act and modified if necessary.

Some NLRB officials, however, acknowledged that if a number of unions raised a challenge to this procedure in the form of court suits the result might be to "hamstring" the board pending a final judicial determination.

Denham had nothing to say on this point.

## Repudiates His Resignation

Bogota, Colombia, Aug. 26—(AP)—Jose Maria Velasco Ibarra repudiated today his resignation as president of Ecuador and charged that the regime of Col. Carlos Manchengo who engineered a bloodless one-shot coup Saturday night, was founded in violence and without legal authority.

The exiled president, who fled after Manchengo proclaimed himself chief of the government in Quito Sunday, declared in an interview at from the presidency was meaningless because it was executed under compulsion and because he had been deprived of his liberty at the time it was signed.

## Sumner Welles Is Subpoenaed

Washington, Aug. 26—(AP)—Chairman Thomas (R-NJ) of the House committee on un-American activities announced today Sumner Welles, former under-secretary of state, has been subpoenaed to explain how Hanns Eisler, Hollywood musician, obtained papers to enter and remain in the United States.

Subpoenas also have been issued, he said, for the appearance of George Messersmith, former ambassador to Argentina, and several other present and former government officials as part of an investigation of alleged communistic infiltration in the motion picture industry.

## System Of Seniority

This System In Congress Almost Constantly Under Fire; Two Sides To Story; What Advocates Say About It; What The Critics Say; Suggested Remedies

By J. FRANK TRAGLE

Nothing came of it. But other attempts to do away with it undoubtedly will be made. What's been said in defense of it?

1. It eliminates squabbles and petty fights.
2. It eliminates log-rolling. ("You vote for me for chairman of armed services and I'll vote for you for chairman of banking and currency.")
3. It ensures that the work of Congress will be directed by persons experienced in the ways of Congress and of its committees.

What's been said against it?

1. A member becomes a chairman not because he is necessarily qualified for the position, but because he comes from a safe district and has managed to stay alive a long time.
2. Ambitious men often are discouraged from running for Congress because they feel that their education and experience won't count for anything.
3. A man who heads a committee solely through seniority is not under control of the party.

Here's the thought behind that last point:  
(Continued on Page Four)

## FRENCH VETO IS TWENTIETH IN UN HISTORY

### Kill Majority-Supported Russian Plan For Indonesian Investigation

Lake Success, Aug. 26—(AP)—Shaken by its first non-Russian veto in 14 months, the United Nations Security Council was called back into session today in an attempt to wind up action on the turbulent Indonesian case.

The delegates agreed last night on resolutions calling for situation reports from consuls in Batavia and for the council to tender its good offices to the Dutch and Indonesian governments. However, France invoked the 5-veto power to kill a majority-supported Russian plan for an 11-nation council commission to investigate violations of the U. N.'s August 1 cease fire order in the East Indies.

Topping the calendar for today's session were a Belgian proposal to seek the international court of justice to rule on the council's right to act and a Polish resolution calling upon the Dutch and Indonesians to comply with the cease-fire edict.

Soviet Deputy Foreign Minister Andrei A. Gromyko has bitterly attacked the Belgian proposal and some observers believed the might go so far as to veto it. Gromyko contends it is really a Dutch plan and "would cast a shadow" on every council decision taken so far in the case.

With France facing colonial problems of her own in North Africa and Indonesia, French Delegate Alexandre Parodi raised his hand for the second French veto in history. His first came June 26, 1946, in the Spanish case.

It was the 20th veto in U. N. history, Russia having used the other 18.

Parodi explained to reporters that he vetoed because the question of competence had not been decided.

## Epileptic Girl To Be Admitted State Hospital

Raleigh, N. C., Aug. 26—(AP)—An epileptic girl who has lived in a stockade for three years will be placed in Dix Hill here either today or tomorrow, Dr. R. G. Blackwelder, Superintendent of the State Hospital for Epileptics, said.

Dr. Blackwelder said he was trying to reach the Cabarrus county clerk of court by phone with instructions to bring the 14-year-old Maxine Smith here. His decision followed a conference with Governor Cherry.

Citizens of Kannapolis, home of the hopelessly sick girl, took their fight directly to the Governor when Dr. Blackwelder informed them that no room was available for Maxine Smith.

Maxine's parents, Mr. and Mrs. M. L. Smith, said the stockade arrangement was necessary for the protection of themselves and the girl. They said they had tried without success for three years to have her admitted to an institution.

## Early Legionnaires Ready For Convention

New York, Aug. 26—(AP)—Baby "blitzers," hand-operated sirens, called today that the 28th American Legion convention opening Thursday may combine many of the features of election night, Mardi Gras, a homecoming football game and a political convention.

The sirens (for noise) were brought by early arrivals from Chicago's Commonwealth Edison Post and proved capable of causing a near traffic jam on Eighth avenue.

Thirty-nine baby "gators" (for seating) and 5,000 coconuts (for civic pride) came along with a Florida delegation. It also brought the standard equipment of a drum and bugle corps. This one, from Fort Lauderdale, wears Seminole Indian blouses.

While the first few thousands of war veterans already were making themselves known on Manhattan's bunting-hung Fifth Avenue, where as many as a million members of the legion and Auxiliary may march Saturday, officers of the veterans groups held two public meetings today.

The Legion's National Housing committee opened a full-dress review of the housing problem, and preparedness was considered by the National Security Committee and the National Defense committee.

Mrs. Norton H. Pearl of Detroit, president of the Legion's Auxiliary which claims 925,000 members, yesterday echoed the demand voiced Sunday by the Legion commander, Paul H. Griffith of Uniontown, Pa., that Congress convene in special session to establish universal military training.

"If after World War I we had enacted universal military training, as the Legion advocated, we never would have been attacked in the last war," Mrs. Pearl said in an interview. "All aggressor nations understand in force, and they wouldn't dare attack us if we are strong."

BULGARIAN PARLIAMENT.  
Sofia, Bulgaria, Aug. 26—(AP)—Parliament passed a law today dissolving the Agrarian Party, chief opposition to the Communist-dominated fatherland front government.

Nikola Petkov, head of the party, is under death sentence for what the government said was plotting against the regime.

# Social and Personal

Quinn Bostic, Jr., little son of Mr. and Mrs. Quinn Bostic underwent an operation for appendicitis last night in Pitt General hospital.

Mr. and Mrs. Charles R. Fleming left for Detroit Sunday morning to visit their son, Charles, Jr., and his wife.

Miss Emile McGee has returned from her home in La Grange, Ga., where she has been spending the summer.

Jimmie Sellers of San Jose, Ill., is visiting friends in Greenville and staying in the home of Mr. and Mrs. Edward Austin.

Mrs. Norlean Hardee is recuperating from an operation in Pitt General hospital on Friday.

## Social Calendar

**TUESDAY**  
8:00 p. m.—Withla Council degree of P. C. at 8:00 p. m.

**WEDNESDAY**  
1:00 p. m.—Mrs. J. K. Spivey and Mrs. Ernest Winslow, Jr., will entertain at luncheon honoring Miss Betsy Hobgood, bride-elect.

5:00 p. m.—Mrs. R. E. Corbett and Miss Joyce Corbett will entertain honoring Miss Rachel Fleming, bride-elect.

**FRIDAY**  
6:30 p. m.—Kiwanis Club

Alum. Community of Syracuse, N. Y., a former Greenville resident spent today here greeting friends.

**Reedy Branch Revival**  
The revival meeting began Monday night at Reedy Branch Free Will Baptist Church and will continue through Sunday night, August 31. Rev. M. Clinton Lupton will be the guest evangelist. Everyone is cordially invited to this series of services.

**Cosmetologists to Meet**  
The Eastern Carolina Cosmetologist Association meets in Washington, N. C., at 6 o'clock on Wednesday.

There are 52,000 auto repair garages in the United States.

## Piney Grove News

The Sunday school will have its annual picnic at Farmville Park Wednesday, August 27. All are asked to meet at the church at 4:30 and bring enough tea for your family. The Sunday school will furnish the ice. Those who don't have a way can go with others if they will be at the church.

Mr. and Mrs. Albin Millard Talley of Key West, Fla., are spending a few days with Mr. and Mrs. Aaron Case.

Miss Betty Jean Allen spent last week with some friends at Carolina Beach.

Mr. and Mrs. N. S. Tyson and daughter, Janice, are visiting with their relatives in New York.

Mr. and Mrs. Elvy Forrest, Mrs. Bernice Causey, and Miss Jov Tyson were the week-end guests of Mr. and Mrs. Joe Tyson at Carolina Beach.

Don't forget the community sing which will be had at Mount Pleasant August 31.

## U. S. Civil Service Examination Soon

The Fourth U. S. Civil Service Region has announced a vacancy in the position of substitute clerk in the postoffice service at Bethel, N. C.

Competitive examination for provisional appointment will be held. Further information is obtainable at your nearest postoffice.

Iron ore found in Liberia is rated as equal to Swedish ores in quality.

# WOMAN JUROR MAKING GOOD WITH 11 MEN

## Miss Annie Askew Adds Dignity To Jury Box; To Try Important Case

By CHESTER WALSH  
Miss Annie Askew of Greenville serving as the lone woman juror in numerous cases in Superior Court yesterday and today, was functioning efficiently and acceptably, court officials said, and she appeared to be enjoying having a part in dealing out justice in the high tribunal.

The recent General Assembly passed a law legalizing the service of women on juries, effective July 1, 1947.

Yesterday afternoon Booker T. Anderson, 29-year-old Negro, who is charged with the murder in connection with the death by fire in the night of last May 15 of Willie Belle Crutch, Negro, and her two children, Bobbie Gene, 7, and Jessie Juanita, 1, was arraigned in court and entered a plea of not guilty.

Solicitor Dave M. Clark, who had planned to call the case today said he will try it tomorrow.

Judge Henry A. Grady of New Bern is presiding.

In the case of Earl C. and Booker T. Peyton, convicted of assaulting Willie Hines with a deadly weapon, the court made the following judgment: Six months on the roads, sentence suspended provided the defendants each pay court costs and pay to the clerk of the court for Willie Hines, prosecuting witness, \$25 on Sept. 1, and \$27.50 on Oct. 1, to compensate him for loss of time from work, and that the Peytons pay to Dr. A. M. Mumford of Winterville for medical services \$25 on Nov. 1, and \$25 on Dec. 1.

Robert Earl Cherry, on trial for having carnal knowledge of a female under 16 and incesting her, pleaded guilty to non-support of an illegitimate child. Judgment of the court was that he support the child.

In the case of Billy Harris, charged with reckless driving and driving drunk, Judge Grady ordered a verdict of not guilty.

Walter Wilson, indicted for the murder of John Garris, Negro, was arraigned in court yesterday afternoon and entered a plea of not guilty.

Numerous important cases are on the docket for trial.

## H. B. Doughty Died After Long Illness

H. B. Doughty, 66, died at his home, 1365 1-2 Cotanche street at 5:25 a. m. Monday after being ill almost five years.

Funeral services will be held at the home of his daughter, Mrs. Leona Byrum, 1307 Cotanche street, Wednesday at 2:30 p. m. by Rev. Ralph Johnson, Holiness minister of Greenville, assisted by the Rev. C. L. Patrick, pastor of the Free Will Baptist Church in Greenville. Burial was in Greenwood cemetery. Members of the Woodmen of the World were pallbearers.

Mr. Doughty was born in Pamlico county, but spent most of his early life in Beaufort county. He lived in Grimesland for several years before coming to Greenville in 1917. He was a member of the Woodmen of the World. He was married to Janie Bell of Beaufort county in 1925.

Surviving are his wife; two sons, Lonnie L. Doughty of Franklin, Va., and Walter R. Doughty of Washington, D. C.; three daughters, Mrs. Leona Byrum and Mrs. J. I. Coward of Greenville, and Mrs. L. W. James of Norfolk, Va.; 13 grandchildren, four great-grandchildren; a brother, C. K. Doughty of Edward, N. C., and a half-sister, Mrs. Jennie Warren of Edward.

## Mrs. John Taylor Died This Morning

Mrs. Magnolia Taylor, 68, wife of ABC Officer John L. Taylor, died Tuesday morning at 3 o'clock at her home, 425 West Fourth street. She had been ill for two years.

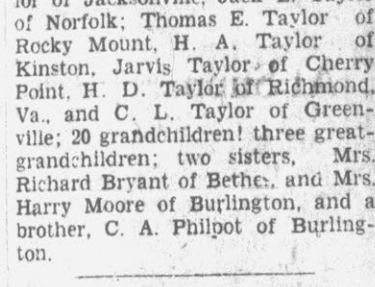

Funeral services will be conducted at the home Wednesday afternoon at 3 o'clock by Rev. E. R. Clegg, Methodist minister of Farmville, assisted by Rev. E. S. Coates, Presbyterian minister of Farmville. Burial will be in Forrest Hill cemetery in Farmville.

Mrs. Taylor was born and reared in Martin county and was married there. Later she made her home in Bethel. After that she lived in Farmville until 1941, where Mr. Taylor was chief of police for many years. In 1935 Mr. Taylor became a special ABC officer. They came to Greenville in 1941. Mr. and Mrs.

## Refugees Arrive At Giralta

Gibraltar, Aug. 26—(AP)—Three British transports carrying 4,400 Jewish refugees to Germany are escorted by a cruiser and two tugs at Gibraltar this morning.

## SAVE YOUR VISION

## SAVE YOUR LIFE

23% of all automobile accidents are traceable to defective vision. When sight is right, driving is safer. Less fatiguing. More enjoyable. Just as you correct motor, light and brake defects—correct your eye defects, too! You are only as safe as your eyes let you be! Take no chances. Take care of your eyes.

**Farmers Reminded Of Stabilization Loans By Head Of Pitt Farm Bureau**

An urgent appeal to tobacco farmers of Pitt County to take full advantage of government loans through the Flue-Cured Tobacco Cooperative Stabilization Corporation was made today by Dr. M. T. Frizzelle, Ayden, president of the Pitt County Farm Bureau Federation.

Frizzelle said that many farmers are now selling their tobacco below the 40-cent per pound average guaranteed support price which is made on a prorated grade basis. This is in keeping with the government's commitment to support tobacco prices at 90 percent of parity as of June 15 each year receding market openings.

The tobacco farmer—the actual owner of the tobacco—is the only person who can authorize tobacco to be turned over to the Stabilization Corporation for loan purposes.

Dr. Frizzelle quoted from a statement by Carl T. Hicks, president of the Stabilization Corporation, in appealing to Tar Heel farmers to get a fair and stable price for this year's crop. "Many farmers do not remain with their tobacco until sale is completed. Warehousemen will cooperate by setting the time of sale to enable the farmer to be present. He can then arrange for his tobacco to be placed under loan if the price falls below the support level."

"To eliminate confusion on the warehouse floor, farmers may join the Stabilization Corporation prior to taking tobacco to market. Memberships may be obtained at the local tobacco warehouse or the Stabilization Corporation office, Raleigh, N. C.

**Howard Moye Was Lions Speaker At Supper Meet**

Members of the Greenville Lions Club learned the importance of planning for the "unforeseeable future" at their regular Monday night when Howard Moye, trust officer of the Guaranty Bank and Trust Company, explained the necessity of making wills, naming administrators and being prepared in general when the notes on Gabriel's horn are heard in place of the alarm clock some bright, sunny morning.

Moye, speaking from much personal knowledge, pointed out some of the pitfalls and losses to estates and loved ones, when proper care had not been taken in time. He also recommended highly, the advantages to be found in dealing with reliable and established trust institutions.

The speaker defined the differences existing between trust agreements, guardianships and other types of services rendered by most institutions. He also spoke of various federal and North Carolina taxes involving inheritances and estates.

Other than the speaker, guests of the club included Lee Hodges of Lumberton, John Thompson of Winston-Salem, and Ralph Fonville of Reidsville.

**Our Farla Folks**

Farm and Home Week State College officials report that the attendance at Farm and Home Week will be the largest this year since the special week that was instituted forty years ago.

Attracted by a program of eminent speakers and a wide variety of interest built around the things that appeal most to farmers and homemakers of the state; farm people are demonstrating that they plan to be on hand. Reservations have been made by our office for the following men and women from Pitt County that plan to spend a week's vacation on State College Campus: Mr. and Mrs. D. N. Nobles, Jr.

## Strength FOR THE DAY

### WATCH OUT WHOM YOU BLAME

Young people are what the older people make them. If you do not like the actions and antics of the younger generation, just remember that these reprehensible characteristics are largely the outgrowth of a world which adults created. Youth is always a problem. The oldest literatures in the world mention situations almost identical with situations which modern parents confront. The present generation of parents are the children of present-day young people who carry their parents as every other generation of youth has done.

Taken by and large, young people are about what their homes, their schools, their cities, and their social set make them. And adults make the homes, administer the schools, build the cities, and create the social situations, all of which the social set grows. The worst influence on the life of young people today is the behavior of certain middle-aged people who believe they still can fool themselves and the world into believing they are thirty years younger by kicking up their heels and making fools of themselves.

### TOBACCO

Why is tobacco selling low? Cigarettes are going up all the time. Chewing tobacco that was 12 cents per cut 30 days ago is 15 cents now. Everything the farmer has to buy has gone up. Guano advanced from 3 to 5 dollars a ton this year. The cost of living has gone up this year. We farmers have joined every organization that we have been asked. We plant just what they asked us to. If we plant 1-10 acre too much, they measure us up and we have to cut it down. Now the hauled potatoes in piles and paid for them and then poured ink or dye on them to keep them from being used. Well, did potatoes ever pay our federal government any revenue? No. Well tobacco pays out government between one thousand and fifteen hundred dollars per acre. Now I believe that not only our congressman would help but if the congressman from other states could know what a loss we are taking and how much revenue our government is getting out of each acre of tobacco, I think that they would be willing to cooperate with our congressmen in seeing that we get a fair price. After all, the high cost of living, the high cost of everything we have to buy, then we are going to have to raise from one hundred and fifty to two hundred dollars an acre loss on our tobacco from last year. Now Mr. are we farmers entitled to a living? If so will you please do something about this.

W. H. Manning, Grimesland  
And Every Farmer That Raises Tobacco.

## WASHINGTON LETTER

By JANE EADS

Washington—Only 254 members of the Army's K-9 Corps, which served so stout-heartedly during the war, have been kept in service and these are now romping out their days at Fort Royal, Va.

Talk of using these carefully-picked, highly-trained dogs for breeding purposes apparently has been abandoned, spokesmen at the Quartermaster Corps say.

Some 19,004 canines were recruited by the Army at the time of the corps' inception in 1942. Of this number 10,526 measured up to specifications, were trained and put into service.

Some of the dogs were purchased. Their average price was around \$50. Some were donated by patriotic citizens.

Dogs for Defense contributed a large number. It was a private organization headed by Mrs. Eileen Blanger of New York, who later

## Getting Closer?

served as an advisor to K-9 because of her expert knowledge of dogs.

All K-9 recruits had to weigh about 50 pounds and be from 23 to 24 inches high at the shoulder. The age range was from 14 months to three and a half years at time of enlistment.

## Fraud Evidence Will Be Aired

Washington, Aug. 25.—(AP)—Evidence of outright fraud and unexplained overpayments in the settlement of government war contracts is billed for a public airing on Capitol Hill next month.

## System Of . . .

(Continued from Page One)

The people elect a party to carry out—or to make a real effort to carry out—its platform pledges. A committee chairman out of sympathy with the party and outside party control can stall or kill legislation which the party has elected to adopt.

Among suggested remedies are that chairmen be elected by (1) the committee themselves; (2) party membership of the House or Senate; (3) a special committee of the party; or (4) that they be appointed by the presiding officers or the majority leaders of the two chambers.

There have been occasions—though very few—when the seniority rule has been ignored.

Dr. Floyd M. Riddick, Senate editor of the Congressional Digest, says in his book, "Congressional Procedure" that the seniority rule "is neither absolute nor invariable" but that it "is followed so closely, however, that it serves as a deadly obstacle to many ambitious representatives."

## Wedemeyer's . . .

(Continued from Page One)

of that government which has been waging civil war against the Communists.

He did say "it should be accepted that military force in itself will not eliminate communism," but this is merely saying that it cannot do the job alone. This has been proved by government military operations dur-

ured in Greece, an important question arises:  
Can the two countries be treated the same?  
Greece is unalterably a small power, with about 50,000 square miles of territory and 6,000,000 people.

China's vast bulk stretches over 5,000,000 square miles of the earth and her half billion citizens constitute—for all their internal differences—the oldest and largest segment of the human race.

The eight-year war with Japan, through which the Chinese variously fought, died, starved, collaborated or looted—but never surrendered as a government of a people—is a measure of their insistence upon running their own show, however badly.

The government of such a country must weigh its need for aid from outside against the loss of involvement at home if it should accept that help on the indicated terms.

## PIN-WORM MYSTERY ENDED

Pin-Worms have been a causing trouble for centuries, and millions of victims have desperately sought a way to deal with this pest that lives inside the human body.

It is now also known that Pin-Worm infection spreads rapidly and can cause real distress if neglected. So beware of that aggravating rectal itch, and act fast. Ask your druggist for JAYNE'S P.W. at the first sign of Pin-Worms. P.W. is a medical by sound treatment based on an officially approved drug principle. The easy-to-take P.W. tablets act in a special way to remove Pin-Worms easily and safely.

It's easy to remember: P-W for Pin-Worms!

# Greenies Pound 15-5 Victory Over Tarboro

**By BERT MOYE**  
The Greenies pounded out 16 hits off two Tarboro hurlers to romp to a 15-5 victory here last night to give them a clean sweep of the two-game series with the Tars.

Manager Ordle Timen set the Greenies off on a hitting spree by belting an inside-the-park homer in the first inning. The Tars came back in the third frame to knot the count at one-all when Andrewsh walked, advanced to third on an error and scored on Howell's infield out.

The Greenies came back in the next five frames and put across fourteen runs to coast to an easy victory, scoring three in the fourth, two in the fifth, three in the sixth, five in the seventh and one in the eighth frame.

In the fourth frame Willie Mauney singled, Bomar singled with Willie going to third, Marvin Mauney hit into a double play with Willie scoring, Simmons walked, Lynch got an infield hit and Chitty got an infield hit to load the bases, and Lee singled over second base to bring in Simmons and Lynch.

Two runs were chalked up in the fifth when Willie Mauney singled and brother Marvin brought him home with a 30-foot homer over the left field wall. Three more runs scored in the sixth when Lynch singled, Chitty sacrificed, Lee singled, Jacobs walked, loading bases, Willie Mauney doubled to bring home Lynch and Lee, Bomar hit to Riddle who bobbled the ball with Jacobs scoring.

The Greenies' big inning was the seventh when they made five markers. Marvin Mauney was hit by the pitcher, Simmons walked, Lynch singled to bring home Marvin Mauney, Chitty singled to bring home Simmons, Lee singled to bring home Lynch, Lee stole second, Timm walked, loading bases, and then a wild pitch enabled Chitty to score. Willie Mauney flew out to left field with Lee scoring on the out. Their final run came in the eighth when Marvin Mauney and Simmons led off with singles, Lynch hit into a double play with Marvin Mauney scoring on the out.

The Tars scored one run in the sixth when Neville doubled and scored on Jacobs' error to first base. They tallied again in the seventh when Early was hit by a pitched ball, Andrewsh and Jeffries walked, loading bases and Howell forced Jeffries at second with Early scoring.

ing on the play. Their final runs came in the ninth frame on three singles, a walk and an error.

Jerry Chitty held Tarboro to eight hits to notch his eighth pitching triumph of the season. He walked five and struck out a total of eight. Tars Ray Komanecky with two singles in five trips to the plate was the only Tar to get more than one single off the offerings of Chitty.

Willie Mauney with a double and two singles, Tommy Lee with three singles and Bill Lynch with three singles led the Tar attack off the two Tarboro hurlers.

Scores by innings:  
Tarboro..... 001 001 102-5  
Greenville..... 100 323 51x-15

# URGE PEOPLE TO VOTE FOR NEW HOSPITAL

## Merchants Directors In Busy Meeting Stand For Progress Here

**By CHESTER WALSH**  
At a meeting of the Greenville Merchants Association directors in the City Hall last night Judson H. Blount, local association's representative on the state association's board of directors, urged that the merchants use their influence and get behind the hospital bond issue to be held in the county on September 16 to provide Pitt county's one-third of the \$940,000 modern hospital. The federal and state governments will provide the other two-thirds of the money. He urged citizens to register and then vote.

Registration books are open at the various voting places in the county the next two Saturdays. President John W. Glover presided over the meeting. C. A. Plyler, chairman of the Trade Promotion Committee, urged business firms to give the Christmas season and street decorations program some consideration now, and he reminded that this material has to be ordered some time in advance.

Executive Secretary Cora S. Powell made a report of the secretaries institute which she attended at the University of North Carolina at Chapel Hill August 18-23.

The Membership Committee reported the following new members: Jones Harris & Bullock, electric appliances and radio; Carolina Dry Cleaners; Greenville Full Fashioned Hosiery Mill; Home Builders and Supply Company; Pitt General Hospital; Saad's Shoe Shop. Charles E. Blair, chairman of the committee, urged the directors to seek new members and have a good report at the next meeting.

It was announced that the Merchants Association provided gifts for Mrs. J. Brooks Tucker, who sails today for Amsterdam, and The Netherlands to attend the international meeting of the Associated Country Women of the World as the representative of the North Carolina Federation of Home Demonstration Clubs. The souvenirs advertise Pitt County as the "Greatest Bright Leaf Tobacco County in the World."

## DIAMOND DUST

By BERT MOYE

Frank Fabianich who started the season with the Kinston Eagles but was farmed out to Concord because he was in a hitting slump, has been recalled by the Eagles for an outfield position. Two new hurlers have been added by the Eagles. They are Thomas Witz, righthander from Americus, Georgia and Lou Harrington of Anniston, Alabama.

Herbie Pate Kinston hurler has been given his release.

Over the past 40 games, the Roanoke Rapids Jays have taken 29 wins. Not bad for a club that spent the greater part of the season in the cellar.

With the season drawing to a close in the Coastal Plain, here's hoping the umpires snap out of their slump and start calling closer games. Too many times this year have decisions slipped by (for both the home club and the visiting nine) that have seemed mighty one-sided. The job of an umpire is most difficult. Every second of the time pressure is on, and when he misses both players and fans alike are on his back. He will miss some, for that is only natural when the close one come shooting home. But when the strikes break down in the middle then it is only right he should see them that way.

We've seen some mighty good umpiring this season at the local park and in many cases it has been bad. From here out every ball and strike counts toward the playoffs. Here's hoping the umps crack down.

# Rotarians Hear About Veterans Farm Training

By WYATT BROWN

The veterans farm training program was discussed last night for the Greenville Rotarians by Frank Peterson, head of the Ayden High School, where a group of 48 veterans are enrolled. Then Jamie Wilson, one of the enrolled veterans, told of his experiences with the program.

The aim of the farm training program is to get veterans established on farms was brought out by Peterson. The school gives classroom instruction on farming and related subjects and shopwork training in a shop located at the school which trains the veterans in making things for the farm and in repair of farm machinery; the third phase is carried on by assistant teachers who visit the veterans on the farms to keep in touch and keep records.

Wilson related how his service disability rendered his former civilian occupation unsuitable; so, he chose farming as his field. The program has given him new ideas such as planting hybrid corn. It has taught him how to make things; the supplement paid him is used to make improvements about the farm. He said he thinks the program is a fine thing, and some of its requirements, such as requirement of canning, was helpful. He is looking forward to continued help until he has used up his four years of time in his service record merits.

The program was presented under the direction of Fred Langston, area veterans administrator in the farm training program. Sam Winchester, county farm agent, presented Langston.

Guests of the club were Edwin Wilkerson of Rochester, N.Y., and Dr. Alva VanNortwick of Jacksonville, Fla.

Visiting Rotarians were Clifford Aman of Washington, Bob Booth and Garland Bullock of Ayden, Leon Krutch of Graham, Ralph Hardee of Ayden.

Ernest L. Willard, vice president of the club, presided.

## Parade Drunks In Police Court Monday Morning

In Police Court yesterday fifteen persons were convicted of being drunk during the recent weekend. The following cases were tried: Trespass and profane language: Willie J. Bishop, colored, \$25. Assault on female: Raymond Best, colored, \$25; Levi J. Tyson, \$50. Disorderly conduct and profane language: Minnie E. Huggins, Hattie Grice and Elizabeth Tucker, all colored, each paid \$15.

Reckless driving: Willie J. Gorham, colored, \$25. Carrying concealed weapon: Moses Wilson, colored, \$50 and costs.

Drunk: Arthur E. Manning, (and making insulting remarks to Mrs. James R. Tanner, wife of the police chief in front of her home, not over a telephone, as stated yesterday), was fined \$50. Francis Dancy paid \$20; James E. Taylor and Russell Moble, each paid \$15; George Spencer and Caesar Grandle, both colored, each paid \$15; Charlie Simpkins, \$15; Nathan Coward, Robert Smith, Neal Cherry and Julius King, all colored, paid \$15 each; Jethro J. Johnson, paid \$16.75, and John Mabry, colored, paid \$30. Johnnie Harris paid \$20 for being drunk and disorderly, assault and resisting arrest.

Many people in ancient times and in the Middle Ages believed that cotton grew on lambs which were attached to plants.
