FCX MEMBERS MEET; UNITED FRONT URGED

Five Directors Are Elected; General Manager Warns Of "Smear Campaign"

Nearly six hundred stockholders and patrons of the Pitt FCX Service met Tuesday afternoon at their annual county meeting.

Five directors were elected: Mary H. Smith, Greenville, Route 1; J. V. Taylor, of Bethel; J. B. Speight, Winterville; J. S. Fleming, Greenville and L. W. Cherry, of Greenville.

M. G. Mann, general manager of the Farmers Cooperative Exchange urged the stockholders and patrons of the Pitt FCX Service to unite through their farm organizations and fight to keep agriculture in its rightful place in regard to labor and industry.

"It is imperative that agriculture be regarded as one of the main foundation stones of our economic structure if farming is to remain a prosperous way of life," Mann said.

"If we are to accomplish this, then we cannot bury our heads in the sand, as our forefathers did or as many of us did in the early twenties and let labor and industry gain a stronger foothold in our economy at the same time, showing agriculture more and more into the background."

"I want to make this plain," Mann stated emphatically. "It is not all the merchants and manufacturers who are fighting you and your co-operatives, but mainly a group of manufacturers and distributors, who ironically, have made their millions out of handling and manufacturing farm supplies at a 100 percent who have organized the National Profit, who have organized the National Tax Equality Association and who are contributing hundreds of thousands of dollars to put on one of the greatest smear campaigns ever planned."

The Pitt FCX Service was organized in 1934 and for the year ending June 30, 1947, did a volume of \$274,840, with a reported net savings of \$9,088.67.

King, Queen Of Hoboes Elected

Britt, Ia., Aug. 27—(AP)—"Highway Johnny" Weaver, 53, of Ashland, Neb. regained today with Polly Ellen Pep of Cuba, N.Y. as royalty of America's hoboes.

The knights of the road at their annual convention here yesterday elected Weaver King (to succeed Skeets Simmons of Detroit, who was unable to attend the convention this year due to illness).

Ben Benson, former king who once threatened to boycott the convention this year, was elected King Emeritus and "Woody" from Wisconsin was named crown prince.

Suspect Arson In School Fire

Lincolnton, N.C., Aug. 27—(AP)—The blaze which destroyed the South Aspen St. primary school Saturday night was set, Chief of Police Ben Sigmon said today as he announced continued investigation by local police and state insurance men into the fire which caused an estimated \$50,000 damage.

One suspect, the chief said, is already in jail being questioned. "I expect a definite break in the case soon," he added.

Empires Collapsing

Growing Rebellion Of Dependent Peoples Against Great Imperial Powers Is Major Post-War Trend; Examples; Powers Revising Tactics To Keep Overseas Grip

By MAX HARBELSON

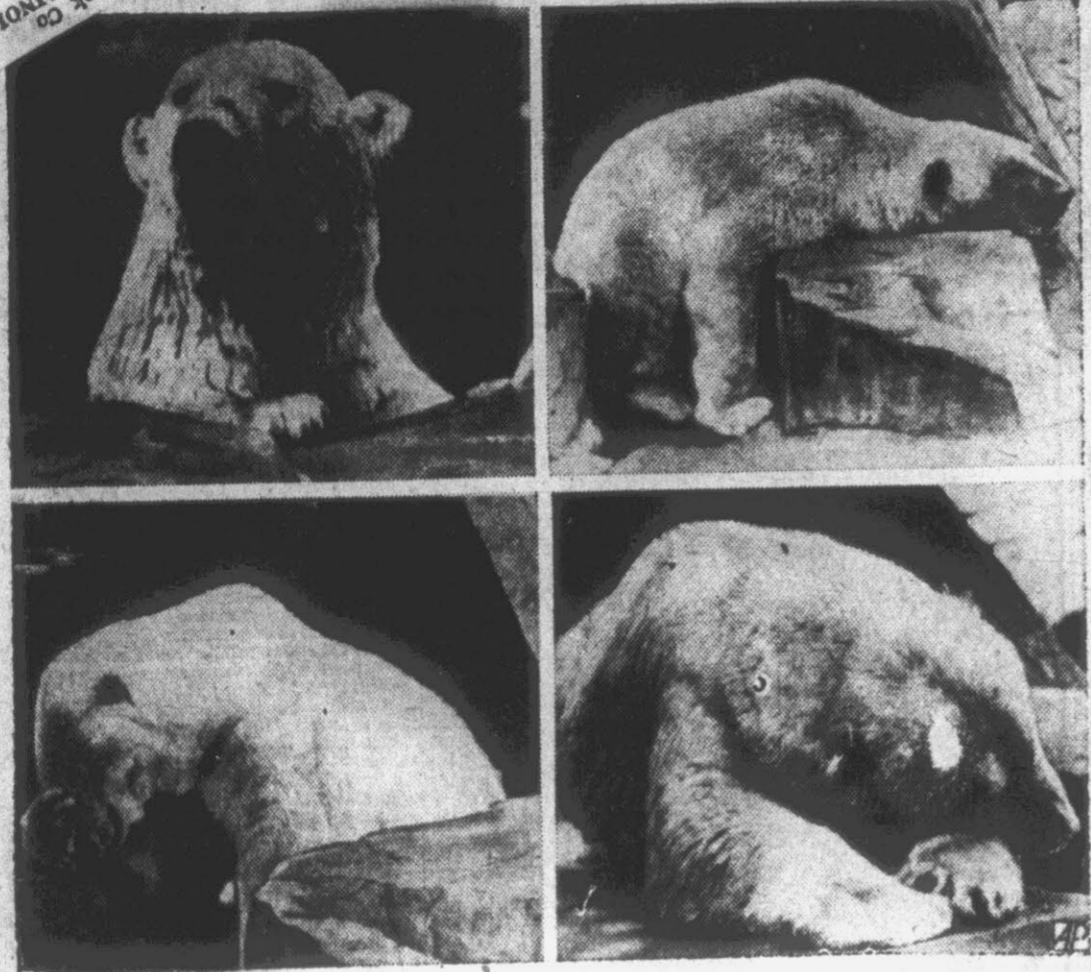

One of the most spectacular political trends since the end of the war has been the growing rebellion of dependent peoples against the great imperial powers that have ruled them.

The old fashioned brand of imperialism has been taking a terrific beating since the colonial powers are still in there swinging. The Dutch struggle to hold Indonesia is a case in point. And it is noteworthy that other nations which own colonies, such as Belgium and France, are more than a little inclined to back up the Hollanders in United Nations debates.

It is not without justification that Winston Churchill and other leaders of the nations that won the last war have shown concern over the liquidation of empires. Among the victors no whole empires have been liquidated yet, but some big chunks of territory have been whittled away. Among the losers the Japanese empire is gone, of course, and Italy's chances of retaining much of her overseas possessions are not bright.

British India has just won independence and has been reorganized as two new dominions. The Philippine Islands previously had been cut loose from the United States and became an independent

O'Mahoney Raps Steel Moguls For Fear Of Economic Collapse

Washington, Aug. 27—(AP)—Senator O'Mahoney (D-Wyo.) said today that some steel industry leaders are showing the same belief in the eventual breakdown of capitalism as Premier Stalin of Russia.

Instead of boosting prices, the senator told reporters, this country's business leaders should be expanding production and tapping an "American market that has not yet been scratched."

O'Mahoney is a member of the joint congressional committee on the economic report which already has conducted hearings into the state of this country's business health and which plans a nationwide inquiry this fall into rising prices.

Taking note of reports that Russian leaders are counting upon a depression to give communism a stronger foothold in the United States and other capitalistic countries, the Wyoming senator declared:

"Steel executives who are unwilling to expand steel capacity to meet perfectly obvious demands seem to entertain the same doubts about the capability of the capitalist system that are expressed by Mr. Stalin."

O'Mahoney said the "consuming power in America is beyond the imagination of those business executives who are retarding production by holding up prices."

But, he added, those facts should influence business leaders "to take chances on the growth of America."

A report by the New York Stock Exchange Magazine that net profits for the first half of this year for

402 companies are 97.9 per cent larger than the first six months of 1946.

A Commerce Department study showing that per capita income in 1946 "reached an unprecedented peak of \$1,200."

O'Mahoney concluded that "if businessmen have faith in America and in their own capacity to produce and would invest some of their huge profits in expanding capacity to meet the market, we need have no further worries about inflation."

Two other Democratic senators expressed views somewhat similar to those of O'Mahoney's but their predictions in separate interviews were on the gloomy side.

Senator Downey (Calif.) said he is discouraged by the constant race between prices and wages "with the price spiral always staying ahead."

Senator Hatch (N.M.) said that "as a practical man I know that when we have a condition of unrestrained and uncontrolled excessively high prices, the crash comes sooner or later."

FATHER GIVEN YEAR IN JAIL

Chicago, Aug. 27—(AP)—Frank Gillespie, 26, father of four small children, who said that in more than six years of marriage he had been unable to find a home for his family, today was sentenced to one year in jail on a charge of contributing to the delinquency of his children.

Gillespie's wife, Geraldine, 24, was placed on probation for a year on the same charge by Judge Michael L. Rossini in Domestic Relations Court.

The couple was arrested yesterday after three of their sons, Daniel, 4, Steven, 3, and John, 1, were found alone in Holy Name Cathedral Sunday night.

Policeman Kay Hylan told the court Gillespie had never stayed more than a few weeks on any job, and that he had held more than 17 jobs. Questioned by the judge, Gillespie declared:

"I never could find a job I liked." The policeman said, however, that Mrs. Gillespie had worked during most of the couple's married life and that her family had contributed \$2,009 in money and food for the children.

Gillespie said in an interview he and his wife had left the three boys in the church "because we thought it would be best for them." Their fourth child, Margaret Ann, 5, is living with Mrs. Gillespie's mother in Fence, Wis.

Panic-Stricken Crowd Injured

Philadelphia, Aug. 27—(AP)—At least 11 persons were injured last night as 75 terror-stricken passengers smashed their way through windows and doors to escape from a smoke-filled trolley car.

The injured, none hurt seriously, were taken to hospitals by firemen summoned by Motorman Thomas J. Jones after a blaze broke out in the trolley's fuse box as the car traveled through South Philadelphia.

Jones said the passengers began smashing the car windows before he and Conductor Walter Reiss could intercede. Most of those hurt were cut by jagged glass, police said.

APPROVAL OF DEFENSE PACT IS COMPLETED

Inter-American Conference Defines Aggression; Outlines Defense Plan

Quintanilha, Brazil, Aug. 27—(AP)—The inter-American conference on hemisphere defense completed full committee approval today of the eight articles in a draft treaty defining aggressions and outlining defense measures.

Article E of the draft proposal provides for immediate joint consultations to settle conflicts between American nations through peaceful means, while collective action is provided in article A against external aggression pending U. S. action.

Argentine Minister Juan A. Bramuglia told a news conference his country is satisfied in her aspirations for differentiation on the solution of extra hemisphere and inter-hemisphere conflicts.

Brazilian authorities, meanwhile, were planning for the formal signing of the historic treaty next Tuesday.

These authorities confidently expected that President Truman will announce the date of his special visit to Brazil in order to be present for the occasion in the route of his Brazilian foreign ministry and had made arrangements for a whopping welcome.

A high Brazilian government authority said the inter-American conference of foreign ministers at this resort was expected to wind up next Monday and that although the U. S. president's visit had been scheduled for Sept. 5, he was expected to revise his plans so as to be able to address the closing session.

President Truman also is expected to be a guest of honor at Brazil's Independence Day celebration Sept. 7 and head for home the next day aboard the battleship Missouri.

Columnist To Give Inspector Evidence On Lee

Washington, Aug. 27—(AP)—Postmaster General Harnage said today he probably will decide in the next two weeks whether to resign as chairman of the Democratic National Committee.

Paris, Aug. 27—(AP)—Parliamentary circles said the French government drew up a favorable reply today to a British request for permission to move 4,400 Jewish refugees to France by train after they reach Hamburg next week.

Raleigh, N.C., Aug. 27—(AP)—General of the Army Dwight D. Eisenhower and newspaper columnist Dorothy Thompson will speak tomorrow on the program of the 40th Annual Farm and Home Week at N. C. State College.

Raleigh, N.C., Aug. 27—(AP)—Maxine Smith, the 14-year-old Kannapolis girl who lived in a sockeye for three years, was admitted to Dix Hill today and given a mattress on a floor in the epileptic ward.

Legion Prepares Serious Meet; Funmakers Active

New York, Aug. 27—(AP)—American legionnaires by the thousands moved on New York today while their leaders, busy as mess sergeants just before show time, sought to shape up the serious matters that will be laid before the 29th convention opening tomorrow afternoon.

State delegations began to hold caucuses to decide which way to throw their votes for national committee, and standing committees continued work on resolutions to go before the convention, which continues through Sunday. Some of the committee sessions, particularly that on housing, developed lively discussions yesterday.

Early arrivals not concerned with these matters were reminding New York, host to the legion 10 years ago, what to expect when things get rolling. One group squirted water pistols at girl passersby; another evoked startled screams, using the same targets, with a cane that delivered an electric shock.

A Floridian paraded with ear muffs. A Denver group showed up with a Bison calf for Mayor William O'Dwyer, who yesterday was given a life membership in the 46 and 48 legion fun organization.

The 40th anniversary and one of its attractions will be Miss Pam Camp, 20 and blonde, who will compete as "Miss Arkansas" in the Atlantic City beauty contest. She was aboard the special train on which the Arkansas delegation arrived today.

The main legion parade will be Saturday.

Case May Be Spark To Feud In Supreme Court

Washington, Aug. 27—(AP)—The Supreme Court feud between Justices Robert H. Jackson and Hugo Black may be headed for a showdown this fall.

Jackson, in his unprecedented statement from Nuernberg, Germany, 14 months ago, took his colleague sharply to task for participating in a 1945 portal-to-portal mine pay case filed by Black's former law partner.

He said he would speak out again if there ever were a repetition of the circumstances. Black never replied publicly.

The United Mine Workers, winners of the 5 to 4 decision, were represented by Crampton Harris, Black's one-time office partner in Birmingham, Ala.

NEW DECREES CUT RATIOS FOR BRITISH

Latest Restrictions Reduce Food, Gasoline And Travel Allowances

London, Aug. 27—(AP)—The British government announced tonight drastic new cuts in food, foreign travel, gasoline and other items to reduce the national trade deficit of 600,000,000 English pounds (\$2,400,000,000) by more than one third.

The new restrictions, announced in the vacation absence of Prime Minister Attlee, cut the present weekly meat ration of one shilling, two pence (about 24 cents to one shilling (30 cents)).

It also froze the tea ration at the present reduced level of two ounces a week—a heavy blow to one of the world's greatest tea drinking nations—and ordained substantially reduced supplies on food to restaurants.

In addition, the period during which people can stay at a hotel without surrendering ration books was reduced from four days to two. Import of certain luxury foods, to be announced later, was prohibited.

"Steps are being taken," the announcement said, "to limit the number of, and attendance at, public luncheons and dinners."

Foreign travel for pleasure after Oct. 1 was virtually outlawed for British citizens by the new regulations, which said the provision of foreign currency for that purpose would be "wholly suspended."

The recently announced limit of 35 pounds (\$140) for pleasure trips abroad will take effect immediately, rather than on the previously announced date of Oct. 1, and the government urged that no one take a vacation abroad next month unless he has already entered into commitments which he cannot break.

September thus will be the last month that Britons can vacation outside the sterling area.

Two Children Die In Lightning And Rain Storm

Baltimore, Aug. 27—(AP)—Two children met death yesterday in a lightning and rain storm which struck Maryland, causing heavy damage to private property and highways.

Thomas Snodderly, 4, of Hagerstown, and Navy Zeberlin, 10, of Essex, were killed in front of their homes by lightning which accompanied a heavy downpour and strong winds.

At least two houses in the Baltimore area were hit by lightning bolts, and temperatures dropped 29 degrees. A fishing schooner was driven from its anchorage in upper Chesapeake Bay and went aground.

Power lines also were affected, and some small towns were without electricity for brief periods. Landslides forced the temporary closing of two highways in western Maryland.

Dislikes Soap Opera, Divorce Threatened

Clinton, Ia., Aug. 27—(AP)—Ezra Adams' annoyance at a soap opera which he said led him to beach in the family radio with his fist has fanned his marriage of two months in the divorce courts.

His wife, Angelina, yesterday filed a divorce petition charging Adams with cruelty. Adams earlier was fined \$10 and costs after he pleaded guilty to disturbing the peace with his radio-smashing act.

Leaf Sales Holiday

Henderson, N.C., Aug. 27—(AP)—Chairman Fred Royster of the Flu-Cured Marketing Committee announced today that sales on all flu-cured tobacco belts would be suspended Labor Day, September 1. The holiday, he said, was customary.

NACA Developments

Aeronautical Minds Engaged In Drive To Push Air Speeds Faster And Faster; No End To Ambitions; Civilian and Military Needs Are Behind Studies

By MAX HALL

Washington, Aug. 27—(AP)—Faster, faster, faster they scorch through the air.

At the beginning of summer, the world speed record was 616 miles an hour, held by the British. In June, a U. S. Army Air Force officer flew 623.8 miles an hour. A week ago today a Navy man flew 640.7. Day before yesterday, a marine flew 650.6.

Before long they will reach the speed of sound.

Why do they do it? Hasn't the world had enough of crash speed? Is it a stunt, a daredevil thrill, an Army-Navy sports contest?

No indeed. America's best aeronautical minds are engaged in a serious, studious, scientific drive to push plane speeds higher, for two main reasons:

1. The possibility of war. Whether we have faster planes than the other fellow could be the difference between victory and defeat.

2. Civilian needs. Even without the military factor, there is no limit to the world's demand for speed. Just call it speed for people's convenience.

for Aeronautics (NACA).

The NACA is a government agency, created in 1915 when the world plane record was 126 miles an hour.

For 32 years it has provided the data for the development of American planes. It owns huge wind tunnels. It shoots guided missiles out over the Virginia capes. It has 15 engineer test pilots—not daredevils but scholars. It is one federal agency which gets all the money it asks from Congress.

The plane that has broken the world record twice in the last week, the jet-powered Douglas Skystrak, is a joint Navy-NACA project. It was built to meet certain NACA requirements and the Navy will turn it over to NACA soon for final research.

The red Skystrak skimmed the sands at Muroc Lake, Calif., at 640.7 miles an hour last week and 650.6 miles an hour Monday. Down first by a naval officer and then a marine.

Aeronautically speaking, both pilots came equally close to that fast, full point, "sonic speed," the speed of sound. They both reached 83 per cent of the speed.

That's because one day was hotter than the other. The speed of sound varies with the temperature. (Continued on Page Four)

**Morning-Whitehurst**  
Miss Gwendolyn Whitehurst, daughter of Mr. and Mrs. R. P. Whitehurst of Beaufort, became the bride of Claude Benton Morning, Jr., son of Mr. and Mrs. C. B. Morning, Sr., of Beaufort, on August 20, Wednesday evening at 7 o'clock in the Ann Street Methodist Church at Beaufort. The Rev. W. C. Martin, pastor, officiated, using the double ring ceremony.

The chancel of the church was decorated in a cathedral effect formed by seven-branched candelabra, with a background of native greenery. The pulpit floor was outlined with lighted tall white tapers and standards filled with feverfew and asparagus fern were placed on either side. The vows were spoken before an improvised arch intertwined with ivy on each side centered with a table basket of white pom pom chrysanthemums, gladioli and fern. The altar rail was covered in green and white. The couple knelt on a white satin pillow.

Miss Joyce Johnson, organist, rendered a program of nuptial music and Miss Anne Whitehurst, sister of the bride, sang "Always" and Mrs. Charles Hassell sang "Because."

The bride was given in marriage by her father, R. P. Whitehurst, and wore a street length fall model dress of navy blue crepe made with a long torso edged with matching satin and an accordion pleated skirt. She wore an off-the-face black hat with a veil and elbow length white gloves. Her shoulder corsage was made of white asters, roses, and fern.

Miss Lydia Lee Whitehurst, sister of the bride, was the bride's only attendant. She wore a street length dress of aqua crepe trimmed with black sequins and a corsage of pink asters and fern.

Best man was the bridegroom's brother, Frank Morning, and ushers were Herbert Whitehurst, Hiram Kirk, Alex. Erickson, and James Paul, all of Beaufort.

The bride's mother wore a navy blue crepe dress and a corsage of red roses. The bridegroom's mother wore a crepe dress in military blue and a corsage of red roses.

Mrs. Bernice Jarman was mistress of ceremony.

After a short wedding trip to unannounced points, the couple will be at home, Beam Apartments, 110 Orange Street, in Beaufort.

Mrs. Morning is a graduate of the Beaufort schools and at present is employed as receptionist in the offices of Drs. Maxwell, Woodard,

and Salter in Beaufort.

Mr. Morning is also a graduate of the Beaufort school and served with the United States Navy for four years during the recent war. He served three years of this time on sea duty as a first class machinist.

Mr. Morning is now employed by the Barbour Marine Supply Company of Beaufort.

On Tuesday evening following the wedding rehearsal, Mr. and Mrs. C. B. Morning, parents of the bridegroom, entertained with a reception and cake cutting on the lawn of their home on 120 Moore Street. The yard was floodlighted and decorated with white trellises. The punch table was covered with a lace cloth and ivy trimmed. The punch bowl was encircled with asparagus fern, feverfew and white pelonias and flanked with gandelias decorated with feverfew and satin ribbon. Mrs. Lela Willis and Mrs. Herbert Whitehurst presided at the punch bowl, assisted in serving bridal mints and nuts by Mrs. Helen Strawn, of Greenville, Miss Alice Sanders, Miss Neva Bell and Miss Esther Belle Fodrie.

The bride's table was covered with a similar cloth and centered with a three tiered wedding cake topped with a miniature bride and bridegroom. After the first slice had been cut by the bridal couple, the cake was served by Mrs. J. D. Aman of Greenville, and Miss Daphne Paul.

The bride's book was presided over by Mrs. Leon Swain and good-byes were said to Mrs. John Butler and Mrs. Christopher Jones.

**Marks-Brown**

Miss Rachel Brown, daughter of Mr. and Mrs. Carey Edward Brown of Bethel, became the bride of William Francis Marks, son of Mr. and Mrs. Walter W. Marks of Pee Dee, N. C., in a simple ceremony at the Bethel Baptist Church Sunday afternoon, August 24, at 3:30 o'clock. The Rev. J. P. Harris, uncle of the groom, assisted by Rev. L. D. Holt, officiated using the double ring ceremony. The wedding music was rendered by Mrs. John Mayo, pianist, and Mrs. Wadie Ward, soloist. The couple was unattended.

The bride wore a Hoffman Sharrona ice blue suit with copper brown accessories. Her corsage was brown and green orchids.

Ushers were Edward Brown, brother of the bride; Linwood Brown, cousin of the bride; Henry Marks, brother of the groom, and Dr. Frank S. Harris, cousin of the groom.

The mother of the bride wore a black crepe dress with black accessories and a corsage of red roses.

The mother of the groom wore black with black accessories and a corsage of red roses.

The bride couple left immediately following the ceremony on their wedding trip to the western part of the state.

The bride attended Flora Macdonald college and is a graduate of East Carolina Teachers college. She taught in the Wilson city schools

for three years and is now employed in the Raleigh city schools.

The groom attended East Carolina Teachers college and is a graduate of King's Business college. He served three years in the late war and will be a ministerial student at Wake Forest college this fall.

After September 3, Mr. and Mrs. Marks will make their home in Raleigh.

On Saturday evening following the rehearsal the bride's parents entertained at a cake cutting.

Other social courtesies extended the bridal couple were a coca cola party given by Mrs. J. L. Gurganus, a tea given by Mrs. John Mayo, Mrs. Wadie Ward and Mrs. W. E. Andrews, a buffet dinner given by Rev. and Mrs. J. P. Harris, and a luncheon given at the home of the bride's grandparents, Mr. and Mrs. L. L. Brown, assisted by Mr. and Mrs. L. A. Brown of Raleigh and Mr. and Mrs. J. Henry Whitehurst of Stokes.

## Marriage Cases Before Tribunal

Raleigh, N. C., Aug. 27—(AP)—The North Carolina Supreme Court today is scheduled to hear arguments concerning the validity of over 2,000 marriages which were performed by former Justice of the Peace S. M. Etheridge in Camden County.

The marriages were performed by Etheridge from March 19, 1945, to April 1, 1947.

Judge Chester Morris last month ruled the marriages were valid and Etheridge a duly appointed and qualified justice of the peace.

# PROBE ARREST AND SENTENCE

## Committee Investigating "Crime" Of Lurching On Vacant Lot

Chicago, Aug. 27—(AP)—A Chicago Bar Association committee and a state prosecutor today were investigating the case of Albert Yocs, 45-year-old baker, who on Aug. 19 was sent to jail in lieu of a \$200 fine imposed after he was found eating some bread and frankfurters in a vacant lot. He was charged with disorderly conduct.

Yocs, who had \$1,530 on his person, was fined \$200 by Judge Justin F. McCarthy of Municipal Court on Aug. 19 and has since been serving out the fine at the rate of \$2 a day rather than pay it.

Leon M. Despres, vice chairman of the Bar Association committee on defense of prisoners, said his group felt Yocs got a "raw deal" and that he had found no evidence that the German-born baker had committed any offense to justify

the fine.

John J. Paissler, chairman of the committee, said the group was "studying means of getting Yocs released and having his conviction set aside."

Maurice J. Mettel, assistant state's attorney, who is investigating, termed the fine a "gross miscarriage of justice."

"The worst Yocs should have been given," Mettel said, "was a mental examination."

At the time of the hearing, Yocs said he was unemployed and had been evicted from his rooming house, and that the \$1,530 was his life savings.

## Mrs. Ida Williams Died At Grimesland

Mrs. Ida Holliday Williams, wife of Joseph Leafort (Leaf) Williams, died at her home in Grimesland Tuesday night at 10:30 after a few hours' illness. Funeral services will be held at the Christian Church in Grimesland at 3 o'clock Thursday afternoon by the pastor, the Rev. G. H. Sullivan of Wilson, assisted by Rev. Walter Feltmore, pastor of the Methodist Church in Grimesland. Burial will be in Greenwood cemetery.

Mrs. Williams, daughter of the late E. D. and Mary Keel Holliday, was born and reared in Pitt County. She was married to Mr. Wil-

liams Feb. 25, 1903, and after her marriage she had lived in Grimesland. She was a member of the Grimesland Christian Church and the Ladies Aid Society.

Surviving are her husband, two sons Justus L. Williams of Gainesville, Fla., and S. Carlton Williams of Charlotte; a daughter, Mrs. J. E. Mauray of Gainesville, Fla., and one granddaughter, Janie Williams of Gainesville, Fla.

Traffic deaths in the United States per 100 million travel miles in 1946 were at an all-time low of 9.7.

## Tsaldaris Will Organize Own Greek Cabinet

Athens, Aug. 27—(AP)—Premier-designate Constantin Tsaldaris emerged this morning from his third conference in two days with U. S. Ambassador Lincoln MacVeagh and announced that he intended to proceed at once with the organization of a new Greek cabinet of his own choosing.

This apparently precluded formation of a broadened coalition government. Tsaldaris went immediately to King Paul to acquaint him with the latest development and it was expected that the names of the new ministers would be announced within a short time.

Shortly after Tsaldaris left the palace without making a further statement, Ambassador MacVeagh whose residence is virtually next door to the palace, walked over to call on the king.

Greece has been without a cabinet since Premier Maximos Demetrius resigned last Saturday.

## Locomotive Blows Up; Two Are Injured

Washington, Aug. 27—(AP)—Two transient suitcase burners when a steam locomotive blew up in the switching yards immediately outside the Union Station, just across from

the Capitol, last night.

The accident occurred, station officials said, when the steam engine was sidwiped by a diesel locomotive.

One parking space is required for every three workers in industrial plants, according to a recent survey.

## Strength FOR THE DAY

**INNER LIGHT IS REAL SIGHT**  
In the middle of the last century,  
an elderly, blind Scotsman came  
with his daughter past a crowd of  
excited people on the bank of the  
river Clyde. A young boy was strug-  
gling in the water only a few yards  
from shore. When the blind man  
heard what was happening, he be-  
gan to tear off his clothes, calling,  
"Let me go to him! Put me in the  
water and call out to me which way  
to swim. I'll save him!" The old man  
was James Lambert, a hero who had  
saved more than forty persons from  
drowning in the Clyde before he had  
lost his eyesight.

His daughter, however, and the  
other spectators, held him back.  
"No, no," they pled with him. "You  
must not go—you are blind. You  
will lose your own life." But the old  
man struggled to free himself from  
their grasp. "Let me go," he cried.  
"You folks, a man does not swim  
with his eyes!"  
"A man does not swim with his  
eyes!" This blind man's inner sight  
had never been clearer than at  
that moment, and he saw what  
people so often fail to see who have  
perfect physical sight—that we can  
always do our duty, if only we have  
the will to do it. Often, to be sure  
we are handicapped; and our handi-  
caps make the obstacle seem doubt-  
fully difficult. But the old Scotsman  
tossed aside his blindness and re-  
membered his strength in the water.  
"A man does not swim with his  
eyes."

## WASHINGTON LETTER

Washington—The capitol is un-  
dergoing its annual overhauling,  
and as far as Capitol Architect Da-  
vid Lynn is concerned business goes  
on more than usual.

The biggest undertaking at pres-  
ent is the \$12,500 paint job being  
done on the inside of the capitol,  
which has a floor area of 14 acres.  
Only portions of the building which  
need it are being re-painted, how-  
ever. In addition, 16,878 square feet  
of skylights, 679 windows and the  
glass parts of some of the 554 doors  
are being cleaned.

The cast iron dome, completed in  
1865, gets painted every four years.  
Next year is the year for its re-  
finishing.

With Congress away, the Senate  
and House chambers are closed, si-  
lent and empty. But a bee-hive of  
activity is the little cubby-hole of  
an office occupied by John Andrews,  
clerk of the House, off Statuary  
Hall.

Business includes endless corre-  
spondence with members and with  
people throughout the country; the  
registering of lobbyists; the mailing  
of pay checks to the office person-  
nel and other employees of con-  
gressmen; the publishing of reports  
on bills and voting records of con-  
gressmen, and the letting of con-  
tracts.

Contracts for laundry, ice and  
parking trunks have just been sig-  
ned. The clerk of the House foots a  
monthly laundry bill of some \$800  
for hand towels and small items in  
the doctor's and first aid rooms.

While all material that stays put  
—the building itself—is under the  
care of Architect Lynn, the movable  
equipment, rugs, furnishings, type-  
writers, hat racks and so on, in  
both wings of the Capitol and Sen-  
ate and House office buildings as  
well as the concern of the clerk  
of the Senate.

Soap has to be ordered, rugs re-  
paired, phone service installed and  
maintained, water coolers tested,  
stationery ordered.

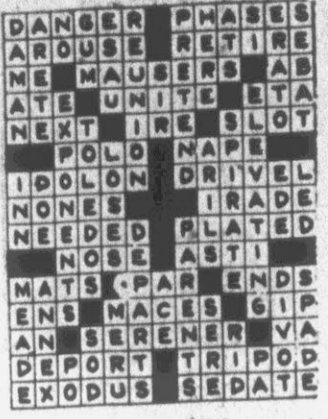

Regardless of whether Congress is  
in session the office of the clerk is  
kept busy with the registration of  
lobbyists.

Under the law all persons, asso-  
ciations, organizations, groups or  
funds spending or receiving money  
for "attempting to influence the  
passage or defeat of legislation in  
the Congress of the United States"  
must file with that gentleman.

The clerk's office reports that  
more than 800 lobbyists have been  
registered. These have to file with  
the clerk quarterly, as long as they  
are thus engaged. In addition, de-  
tailed statements as to expenses  
and receipts of lobbying activities  
have to be filed.

keeping a finger in the pie.  
The two new Indian states for  
instance, are dominions of Britain  
and are being wooed with intentions  
to keep them in the British Com-  
monwealth. Indonesia would remain  
under the Dutch crown. Viet-Nam  
will continue as a free part of the  
French empire—called a union.  
Then also there are millions in  
Africa who will continue as British,  
French and Belgian dependents  
with little or no voice in their own  
governments. It is to these terri-  
tories, rich in natural resources, that  
the colonial powers are expected to  
turn in the future for major ex-  
ploitation.

The main hope for the subject  
African peoples seems to lie in the  
United Nations trusteeship system.  
Under the U. N. charter, they are  
assured that their freedom and  
self-government is the eventual goal.  
It is significant, however, that  
in the nine trust agreements so far  
submitted to the U. N. for old League  
of Nation mandates, not one men-  
tions a specific date for the attain-  
ment of self-government.

### German Youth Entered U.S. Posing As G.I., Is Sent Back To Homeland

Charleston, S.C., Aug. 27—(AP)—An 18-year-old German youth who donned a United States Army uniform and came to this country on a troop transport about a year ago, will be returned to his homeland, Hartley J. Myers of the U. S.

Immigration and Naturalization Service said here yesterday a warrant had been received for Gottlieb Kalkuhl's return to Germany. The youth has been in the Charleston county jail for nearly three months awaiting disposition of his case, Myers added.

Kalkuhl relates that he arrived in New York in his GI uniform and was "welcomed home" along with some 3,000 returning servicemen. He looked up a GI friend in West Virginia and farmed for a while.

Tiring of that, Kalkuhl says he then joined the Army under the name of Johnny Raffel. As Pvt. Johnny F. Raffel he was assigned to Fort Bragg, N.C., for infantry training.

Kalkuhl discloses that he was about to make private first class when his conscience began hurting him. He told his company commander he was not an American citizen. He was turned over to immigration authorities and transferred to Charleston, where he has been since last June.

A former Boy Scout in Germany, Kalkuhl said he admitted his identity because he thought he had done wrong. He adds that he hopes to return to the United States as a legal immigrant.

### Calls New Jury After Reprimand Over Verdicts

Forest City, Aug. 27—(AP)—Twelve jurors—specially called—will sit with Judge B. T. Jones in recorder's court Monday for a full week of jury trials.

These jurors will be selected from a venire of 50, including two women, drawn by the Rutherford county board of commissioners following Judge Jones' action last week in sharply reprimanding a jury, calling their verdicts "a farce and a mockery," discharging the jury, and adjourning court.

Two jury cases had been heard and not a guilty verdict had been rendered.

Judge Jones said, "the solicitor said that these two were the strongest cases of the 20 he had prepared for prosecution."

### Freed On Bond In Poison Death

Summerville, Ga., Aug. 27—(AP)—The Rev. Gordon Miller was freed under bond on a manslaughter charge today pending a grand jury investigation of the death of a member of his flock who drank poison to prove his faith at a rural religious ceremony last Friday.

G. W. Agnew, a farmer, posted \$1,500 bond which City Court Judge C. D. Rivers set for the preacher's release following a hearing in the case yesterday. Rivers ordered a murder charge against Miller reduced to manslaughter. The judge said possession by Miller of unmarked poison was illegal.

### Education Board Cannot Be Sued

Raleigh, N. C., Aug. 27—(AP)—There is no law which will permit R. L. Fritz, Jr. Hudson District

school principal, to sue the State Board of Education for revoking his teaching certificate, Attorney General Harry McMullan has ruled.

Fritz's certificate was revoked by the board for alleged payroll irregularities in padding the salaries of teachers and his nonteaching wife

for extra work and duties.

Sam Erwin of Morganton, former U. S. Congressman and Fritz's attorney, announced Monday in Charlotte that he planned to file suit against the board if it does not rescind its action of revoking certificate.

### May Remove Nail Pounded In Skull

Denver, Aug. 27—(AP)—Virgil Gomez, 27, lay listlessly in a ward bed at Fort Logan veterans hospital

today, awaiting a surgeon's decision on removal of a nail apparently hammered into his skull while he lay unconscious in a Japanese prison camp.

Gomez, taken prisoner after the fall of Bataan, has been reluctant to risk the delicate operation after

living through four years imprisonment. But a week ago head injury and a weakening of his right leg and arm made further medical study imperative.

At St. Helena lives a tortoise which probably saw Napoleon.

Pass On World Atomic Agency

Lake Success, Aug. 27.—The U. S., China and Brazil formally approved proposals today for formation and operation of an international agency for control of atomic energy.

Britain, France, Canada and Australia said they agreed in general with the principles stated in the proposals.

Soviet Russia, Poland, Syria, Belgium and Colombia did not commit themselves but Russia might state her position Friday.

**A new kind of tire is One Year Old today.**

**No Tire in History Has Made Such a Dramatic Improvement in Driving.**

It takes just one mile to discover what the U. S. Royal Air Ride has done for driving.

From the moment you take the wheel, you recognize a luxurious new comfort in riding... an amazingly responsive "feel" and stability in the way any car — large or small — handles. Here's why:

**Softer Cushions Smooth the Bumps**  
The new Air Ride principle provides more air volume at lower air pressure. You ride on bigger, softer cushions of air that smooth out the roughest roads — bring new rolling luxury to every mile. And, the trim Air Ride tread makes steering easier — keeps you in instant driving command.

**There Is Only One Air Ride — And Here's What It Does for Driving!**

**Air Ride Design Makes Tire History**  
Car-owners are buying more U. S. Royal Air Rides than any other extra-quality tire in history. The tire industry has recognized in the Air Ride tomorrow's pattern for tire performance.

But there is only one way to be sure of all the extra comfort and control the Air Ride principle brings you. See your U. S. Distributor for U. S. Royal Air Rides.

**More Air — More Comfort**  
More air volume at less pressure gives you a smoother, air-cushioned ride.

**SHORTER STOPS — STRAIGHTER STOPS**  
Famous "U. S." Brake Action Tread braces the tire against every skid.

**PERFECT BALANCE — PERFECT CONTROL**  
Trim tread angle — steering easier — control sure.

**RIMS COOLER, SAFER, LONGER**  
Elimination of non-working rubber reduces heat — adds miles.

### DIAMOND DUST

By BERT MOYE

Can Greenville make it ten straight over the Leafs in the bargain bill. In a poll conducted by the Evening Telegram of Rocky Mount in which more than 300 fans turned in ballots, the following players were picked on the first team of all-stars: Harry Soufas of New Bern, first base; Steve Collins of Kinston, second base; Stu Martin of Roanoke Rapids, third base; Frank Tepedino of Kinston, shortstop; Herb May of Rocky Mount, Bob Cohen of Kinston and Roy Kennedy of Tarboro, outfielders; Chuck Settle of New Bern, catcher; and Sam McLawhorn of Kinston, Al Jarlett of Rocky Mount and Eddie Neville of Tarboro, pitchers. Dave Fowler of Rocky Mount was chosen as the

utility man and Bill Herring of Goldsboro as manager of the mythical team. Among the Greenies who received votes in the contest were Jack Bomar, first base; Manager Ordie Timm, shortstop; Willie Mauney, catcher; Jerry Chitty, Joe Alamo, pitchers; Ranweiler, Willie Mauney and Timm in the utility role; and Timm as manager.

Statistics: Johnny Mize, the slugging Giant, hit his 42nd homer of the year on Tuesday, Aug. 26. That was the 121st game of the season for the New York star. Babe Ruth, who in 1927 broke all existing records with 60 round trippers in one season, smacked out his 43rd four-base blow on Aug. 21 of that year. It was his 127th game.

## GREENIES WIN 12-4 AGAINST ROCKY MOUNT

### Take Eighth Straight Win Over Leafs; Jacobs And Ranweiler Hit Homers

By BERT MOYE

The Greenville Greenies made it eight straight over the Rocky Mount Leafs last night by trouncing them 12-4 in their own backyard. The loss for the Leafs knocked them into a fourth-place tie with Tarboro who defeated Roanoke Rapids.

Greenie started things off by scoring three runs in the first frame on four hits, an error and one walk. Timm doubled, went to third on Jacobs' infield out, scored on Barton's wild pitch, Willie Mauney singled, Bomar singled, Ranweiler walked, loading bases, M. Mauney got an infield hit to bring Willie Mauney and Maloney third will to third with Bomar scoring.

The winning runs for the Greenies were made in the fifth frame when they chalked up four runs on four hits and two walks. Lee led off with a single, Timm singled, with Lee taking third and Timm advancing to second on the throw to third, Art Jacobs singled to bring home Lee, Willie Mauney singled to bring home Timm, Ranweiler walked, loading the bases, Marvin Mauney was walked, forcing in Jacobs, and Willie Mauney scored on Lynch's infield out.

Art Jacobs' home run over the left field fence to bring home Tommy Lee, who had reached first on an error, accounted for two runs in the sixth, and Hank Ranweiler's homer almost over the same spot accounted for a run in the seventh frame. The final two runs were made in the eighth frame when Timm singled, Jacobs singled with centerfielder Latsko letting the ball get away from him, allowing Timm to reach third and Jacobs second, and Willie Mauney got a timely single to bring in the two runners.

The Leafs got one run in the first frame when Maloney singled, Mustal walked, May forced Mustal at sec-

ond, with Maloney going to third, and Munday forced May at second with Maloney scoring on the play. Charlie Munday's homer over the left field wall with May on base accounted for two runs in the third stanza, which knotted the count at three-all at that period, and Balen-gine's homer over the right field wall in the eighth accounted for their fourth run. Bill Anderson, registering his fourth win of the season for the Greenies, went the entire route, pitching eight-hit ball, struck out seven men and walked six. Herbie May with a double and a single, and Maloney with two singles were the only Leafs to get more than one hit off the big right hander. Art Jacobs with a homer and two singles, Manager Timm with a double and two singles, and Willie Mauney with three singles, led the 14-hit attack off the four Leaf hurlers.

Score by innings:  
Greenville ..... 300 042 120-12  
Rocky Mount ..... 102 060 010-4

### Dutch Accuse Indonesians Of 500 Violations

Batavia, Aug. 27—(AP)—Netherlands Army headquarters accused the Indonesian Republican Army today of 500 separate violations of the United Nations cease fire order which became effective on Aug. 4, and listed 85 Dutch soldiers as killed, 234 wounded and two missing since that date.

These casualties, a communique declared, compared with 24 killed, 178 wounded and 16 missing during the two weeks of active military operations which preceded the truce.

Eight Dutch soldiers were reported killed and 14 wounded yesterday alone. The Netherlands meanwhile took another step toward formation of a projected United States of Indonesia by announcing establishment of the self-governing territory of east Borneo, which embraces the rich oil regions of Balikpapan and Tarakan.

### Injuries Are Fatal To Baptist Pastor

Raleigh, Aug. 27—(AP)—Dr. Carl M. Townsend, pastor of the Hayes Barton Baptist Church here, died today at Rex hospital of injuries received Monday when he fell from a pear tree in his yard. His spine was injured and partial paralysis set in before his death.

**TO LOWER IMPORTS**  
Cahbera, Aug. 27—(AP)—A government source said today Australia would make big cuts in imports of tobacco, movies and newsprint from America as a first series in import restrictions designed to save ten million dollars in the financial year ending June 30, 1948.

The source told a reporter, the government was considering a twenty per cent reduction in tobacco imports and a "very substantial" cut in films and heavy newsprint.

The **Manhattan** WYTHE

There's a trick to making your features fuller, and it's in it: a fine Manhattan shirt with the Wythe collar. Its short, wide-spread collar points create the illusion of more fullness in your face.

Any Manhattan shirt looks like a million; but add the right collar style for you, and it's next-high perfect. Why not drop in today?
