

Sharp Watch On Cashing Of Bonds

Business Upsurge Expected By Releasing Of Greenbacks To World War II Veterans; Economists Study Results As Possible Inflation-Spur; Vets Appear Hard Up

By the Associated Press Economists kept a sharp watch today on the cashing of terminal leave bonds by World War II veterans while many merchants looked for a business upsurge from the flood of greenbacks released yesterday.

Tells Of Bomb

Dr. Norris E. Bradbury (above), the director of the Los Alamos, N. M., scientific laboratory of the Atomic Energy Commission, revealed how a "tame" atom bomb, developed for research into the ways of getting power from nuclear fission, has been in successful operation since November, 1946.

No Power

Because of the electric power failure of which we had no previous notice, today's Reflector appears late and without its usual run of news. It was a condition that was beyond our control and The Daily Reflector will make every effort to be back on a normal basis by tomorrow.

Solons 'Can' Speeches

Congressmen Vote \$17,000 To Make Transcriptions Of Speeches; Replaces Old 'News Letter' Rebuttas; Some Prepare Talks, Others Extemporaneous

By HOWARD OBSON

Washington—This is the "fireside chat" era of national politics and nobody is working harder at it than congressmen. They are sensitive about the public money that executive departments spend for government publicity, but this year they voted themselves, personally, \$17,000 for exactly that purpose.

CITY SUFFERS WHILE POWER PLANT STOPS

Boiler Trouble Caused Shutdown; Industry, Business, Households Crippled

By CHESTER WALSH Emergency repairs to the big boiler at the city electric generating plant were completed at 2:18 o'clock this afternoon, and full current was turned on, the first time since about 11 o'clock last night.

Greenville industry, business generally and many homes experienced considerable inconvenience while the main generator at the electric power plant was idle from 11 o'clock last night to late this afternoon while repairs were being made to the big boiler.

An auxiliary electric generator was being used to provide current in different sections of the city for the benefit of food refrigeration and to provide current for hospitals. Proctor Hotel was without current for lights and elevator service and refrigeration for a long time, the manager said, and the service was crippled during the time.

A Greenville Utilities Commission spokesman said a ruptured tube in the plants big boiler was discovered yesterday afternoon about 4 o'clock.

Plans were made to make repairs between 11 o'clock last night and 8 o'clock this morning. However, it was explained, after the big boiler was cut off last night, an additional defect was discovered, and it became apparent that the repairs could not be completed before late today.

In addition to the industrial in-

MIGRATION TO SOUTH PACIFIC

Forty-Six Americans Board Ship To Settle In Australia

San Francisco, Sept. 3.—(AP)—Forty-six Americans boarded the ship Marine Phoenix yesterday to become Australians.

Australia, calling for settlers, is putting up \$140 of each fare. There were eight bachelors—like Raymond Anton Pointer, 24, Washington, D. C., aircraft mechanic who doesn't know a soul in Australia but plans to "get married, raise a family, and work peacefully ever after."

Reminded that he didn't know anyone to marry, Pointer laughed. "I don't—but I'll find me a red-head and get going."

There were 13 married couples in the band of settlers, and 12 children.

Milton Elliott Kitchens, for instance, who spent 28 wartime months in Australia as a first sergeant since has been a La Jolla, Calif., painter, is married to a blue-eyed girl from Perth and he explains: "My wives folks are down there. She'll feel better. And you know how things are here right now. Booming, yes. But four or five years from now it might not be so good. And this migration—well, I'm looking to the future."

Claims Radioactive Affliction

William F. Martin, Rossville, Ga., carpenter, displays a skin ailment on his arms which he claims was caused by radioactive materials at the Oak Ridge, Tenn., atomic bomb project, where he was employed for two years. Martin has filed suit in federal district court at Boston, seeking \$14,000 damages from a Boston engineering firm he says employed him to work at Oak Ridge. The suit asserts he has become totally and permanently disabled. (AP Photo.)

Crop Loans Prevented Break In Tobacco Market

Despite Bulwark, Average Price Lowest In Three Years; Price Decline Attributed To Several Factors By Govm't

Valdosta, Ga., Sept. 3.—(AP)—Crop loans by the government supported Commodity Credit Corporation prevented a disastrous break in the 1947 tobacco market, federal reports disclosed today, and even with this bulwark the average price was lowest in three years.

In the Georgia-Florida belt, where sales concluded last week, blue-cured leaf totaled 169,739,921 pounds—an all-time high—and then brought a general average of \$37.65 per hundred pounds. The price-average was \$15 below last year's high, and the lowest since 1944.

The U. S. Department of Agriculture attributed the decline in prices to several factors. Most important, it said, was the sharp reduction in British buying. Usually the British companies bid heavily on the better quality leaf.

The expert situation in general

Critical Coal Strikes Spread In Great Britain

London, Sept. 3.—(AP)—The British press association said today that Britain's critical coal strikes in the rich South Yorkshire pits have spread to more than 35 mines, increasing the number of idle miners to nearly 40,000.

The National coal board said it had no official confirmation of these figures, nor any new information concerning the three week old walk-out, precipitated by a coal board order increasing the miners' "stint" from 21 to 23 feet of coal face.

What Do You Think?

(AN EDITORIAL)

Without previous warning Greenville attempted to go about its daily affairs today without electricity, with business houses unable to operate and many school children going to school without breakfast. Of course there are emergencies that at times cannot be foreseen but it is understood that the officials of the local utilities planned in advance to cut off the current about 11 o'clock last night with the hope of having it on again around 8 o'clock this morning.

Their explanation for no current until mid-afternoon today is, that they ran into difficulties and could not get the current back on. This may be true but it does not excuse said officials for their failure to advise the public in advance that there was a possibility of no electricity this morning.

Had housewives known yesterday about the cutting off the electricity they could have procured cereals, milk, etc., so that their children could at least have had some nourishment before going to school and some industrial plants, including this newspaper, could have worked part of last night to overcome the delay in operations caused by no electricity this morning.

Throughout the city today there has been much criticism of the local Utilities Commission and the type of service the patrons are receiving and frankly, we feel that the criticism is more than justified. Somebody apparently is falling down on the job or else doesn't give a damn about the public.

WORKMEN FALL FIFTY FEET TO CEMENT FLOOR

Robert Strickland & James Grimsley, Carpenters, In Serious Condition

By CHESTER WALSH Two carpenters engaged in installing 10-foot length sheets of composition asbestos roofing on the steel-beam roof of the enlarged electric power plant building near the river, fell 50 feet to a cement floor about 10 a. m. today and lived to tell how it happened. They were employees of Blythe Brothers, Charlotte contractors.

Robert Strickland, 30-year-old carpenter of Bell Arthur, and James Grimsley, 18-year-old helper, of the Ballard's Crossroads community, hurtled to the cement floor 50 feet below when one of them stepped on a sheet and it collapsed. Both men were conscious when taken to Pitt General Hospital.

Several efforts of a reporter to procure information from the hospital concerning the extent of the men's injuries were unavailing. However, an official of the contracting company said it was believed.

TRUMAN TRIES ORCHID HUNT

President Eludes Guard Inspecting Orchids Near Rio

Rio de Janeiro, Brazil, Sept. 3.—(AP)—President Truman eluded his guard for a while today and went orchid hunting on Corcovado Mountain behind the U.S. embassy residence.

The President and his physician, Brig. Gen. Wallace H. Graham, climbed more than 1,000 feet up from the base of the cliff on which the famous statue of Christ overlooks Rio de Janeiro.

Two Secret Service men trailed them as they left the house at 3 a. m. after breakfast for a walk. They were outdistanced and, in a wooded area, the President and general got beyond the sight of the guards for a few minutes.

The President moved briskly along, inspecting orchids dotting the mountainside. Graham was able to identify most of them. They dug up a few plants and carried them back.

Brazilian sentries challenged them near the residence. The President was amused when Graham spoke sharply to them in German. Something in Graham's tone, or recognition of the President, persuaded the sentries to let Mr. Truman and Graham through.

The President found time during the day to work on a special address he will deliver Friday to a joint session of the Brazilian Congress.

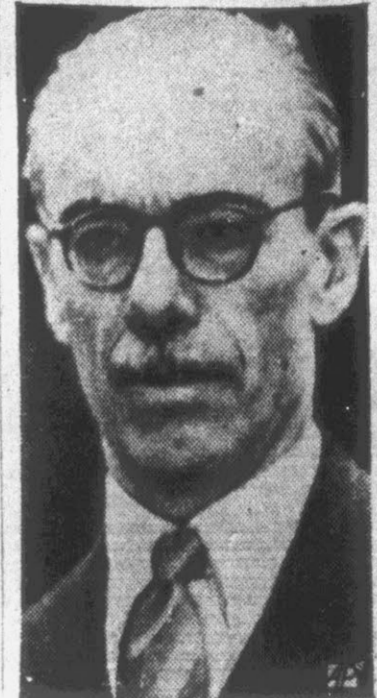

Two School Controversies Will Be Aired

Raleigh, N. C., Sept. 3.—(AP)—At least two of three controversies in which parents have kept their children home from school in widely separated sections of the state probably will be aired before the State Board of Education here tomorrow.

Affected by the "strikes" are the Wheat Swamp School in Lenoir County, Sharon School District in Tredegar County and the Sunny View School in Polk County. Polk County School Superintendent N. A. Melton said the strike of the Sunny View pupils was continuing with parents and pupils picketing the school at Mill Spring.

Economic Crisis In Europe Grows

Exile Returning?

Dr. Jose M. Velasco Ibarra until his recent overthrow had been expressed to reporters earlier by Rep. Hays (D-Ark.), just returned from a seven weeks tour of Europe.

Petkov Review

Washington, Sept. 3.—(AP)—The U. S. has demanded that Russia join with America and Britain in a review of the repressive campaign by the Bulgarian government against Bulgaria's agrarian union and its leader, Nikola Petkov.

Petkov, whose party is anti-communist, is under sentence of death for allegedly plotting against the communist controlled government of his country. The U. S. has branded Petkov's conviction a miscarriage of justice, and has sought by various moves to save him from execution.

Undersecretary Of State Says European Picture Deteriorating Faster Than Anticipated; Indicates Special Session Of Congress May Be Required

Washington, Sept. 3.—(AP)—Undersecretary of State Lovett said today that the economic crisis in Europe is developing much faster than expected and some kind of American action to meet it apparently will be necessary before the end of the year.

In making the grim presentation of the European picture since Secretary Marshall put forward his self-help recovery plan, Lovett repeatedly refused to say flatly that a special session of Congress later this year would be necessary.

But he strongly indicated to a news conference that a special session might be needed.

The view that a special session probably would be necessary had been expressed to reporters earlier by Rep. Hays (D-Ark.), just returned from a seven weeks tour of Europe.

Hays declared: "If Congress meets its full responsibility with respect to stabilizing conditions in Europe," Hays told a news conference, "it will in all probability be necessary for us to be in session before January, assuming that the Marshall plan will take shape by that time and that we will have something definite and substantial to work on."

Marshall And Advisors Return

Washington, Sept. 3.—(AP)—Secretary of State Marshall and his top advisors returned today from the Pan American Conference at Rio de Janeiro.

The party arrived in mid-afternoon aboard the White House plane "Independence."

Exodus From Europe

Millions Of Europeans Want To Leave Homes For New Start In Other Lands; Population Shifts; What Does It Mean To Europe? Rest Of World Still Growing

By SIGRID ARNE

Washington — The worry over keeping Europe fed and at work may partially solve itself through a factor which the politicians haven't even mentioned: Literally millions of Europeans want to leave for homes in other lands.

That report was brought to Washington by Australia's minister of immigration, Arthur Calwell, after a quick swing through seven European countries to study that exact question.

Winston Churchill has pleaded with Britons to stick it out in the home-land, but Calwell says he discovered that 400,000 Britons want to go to Australia. And Australia wants them. Another 200,000 want to come to the United States. Thousands have already resettled in Canada.

But not only Britons are on the move. Calwell says millions of other Europeans are hoping for new homes in Canada, the United States, America and Australia. They fear another war. They feel it impossible to rebuild in Europe. They want to protect their children from the horrors they've seen. Many expect another war within 5 years.

The continent is striped with population shifts. Sweden, hard up for labor, has just signed agreement to take workers from Italy and Hungary. Some 200,000 Jews are determined to leave Europe. Beginning in January Australia will take

50 Dutch farmers a month as long as they come.

Brazil is taking in selected Europeans to build its economy. Several other Latin American republics are half way through negotiations to take in Europeans with special skills. Both Canada and Australia have taken in thousands of the Poles who fought with the British.

Calwell says badly that Australia wants to build its 7,500,000 people into 20,000,000 in the next two generations because they "have no faith in the peaceful intentions of the Japanese."

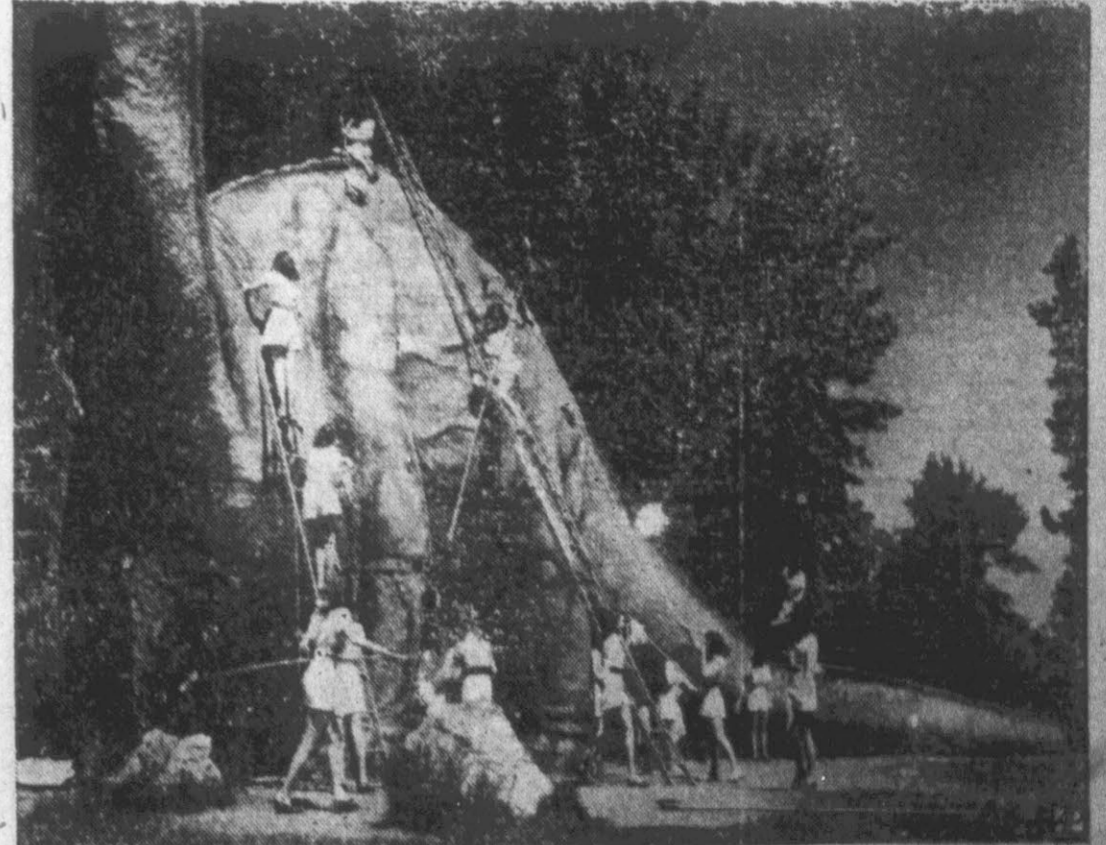

The Aussies want not only more population, but a balanced population. They need people on their farm and range land, and they're putting emphasis on taking non-skilled workers. They are looking to the day when, for example, India is richer and will be buying more Australian beef. Australian range is going to waste for lack of market.

Brazil wants immigrant colonies to build up a more varied agriculture and is glad to get the "know-how" of the European farmer and the few European technicians they are taking.

But what does it mean for Europe? One possible answers kick up here in off-the-record talks of economists who don't want to be quoted. Here are some of their conjectures: (Continued on Page Three)

HEADING SOUTH — These 1,000 tractors, worth \$1,500,000, were shipped from the Philadelphia plant of Empire Tractor Corp. to Argentina on the Greek ship Evros (left background).

BIG SCALE CLEANUP — Reproductions of prehistoric monsters in St. George's park, Calgary, Alberta, get their annual cleanup at the hands of willing girl scrubbers.

## Social and Personal

Mr. James A. Little of Winterville, has returned from a trip to Tula Lake, California, where he spent his vacation. He is a senior at East Carolina Teachers' College and will play football this season.

Mr. and Mrs. A. J. Stocks and Miss Carole Stocks have just returned from a visit to Marietta, Ohio.

Mr. and Mrs. Graham L. Stocks of Marietta, Ohio, are visiting Mr. and Mrs. A. J. Stocks at 107 E. 12th Street.

Mrs. W. C. Taylor has returned from a visit in Lexington and a trip through western North Carolina.

Miss Shirley Savage left Monday for Raleigh to teach in the city schools.

Mrs. W. S. Forbes has returned from Richmond after undergoing an operation at the Medical College of Virginia hospital.

Miss Beula Rasberry of the Bell Arthur community left Tuesday for Kinston, where she has accepted a position at the Moss Hill High School. She is a May graduate of Atlantic Christian College.

### SOCIAL CALENDAR

**THURSDAY**  
8:00 p. m.—T. E. L. class of Memorial Baptist Church meets with Miss Nellie Lawrence, Mrs. R. E. Pittman assisting hostess.  
8:00 p. m.—V. F. W. Auxiliary meets over Carter's Printery.

**FRIDAY**  
6:30 p. m.—Kiwanis Club.

Miss Virginia Morgan returned Saturday night from Washington, D. C., where she spent two weeks with Mr. and Mrs. Garland G. Dall and Miss Myrtle Ross. Mr. and Mrs. Dall accompanied her back.

Mrs. H. B. Doughty left today for Franklin, Va., to spend some time with her son L. S. Doughty.

Miss Elaine Doughty of Franklin, Va., has returned to her home after spending a week with Miss Lois Byrum.

Mrs. Stanley Furman and little daughters of Portsmouth, Va., have returned home after spending a week with Mrs. Furman's mother, Mrs. Leona Byrum.

**Was Guest Speaker**  
Superintendent of City Schools June Rose was guest speaker last

night at the Bethel Rotary Club's employer-employee meetings.

### W. C. T. U. Notes

E. T. Stafford will speak on the regular W. C. T. U. broadcast on Thursday at 5 o'clock over WGTC.

**Choir Rehearsal Christian Church**  
The choir of the Eighth Street Christian Church will meet Thursday evening at 8 o'clock at the Church.

### Tent Revival

Tent Revival now going on at Fleming's Cross Roads conducted by Rev. George Gaskins and his hymn singers. Service each evening at 8 o'clock. The public is cordially invited.

### Revival Services

Revival services began at Mt. Pleasant Christian Church Sunday evening. The services are being conducted by Rev. Henry F. Speight, Jr. Song service begins at 7:30 o'clock and church services at 8 o'clock. Attendance for the first two evenings has been good. The public is invited to these services.

### Mrs. Whitehurst Entertains

Bethel.—The Book Exchange club met with Mrs. Raymond R. Whitehurst at her home on August 28. Mrs. Whitehurst was in charge of the program and a very interesting talk was given by Mrs. Walter C. Latham.

There was a short business session and the hostess, Mrs. Whitehurst, served lemonade with cherries and mint, chicken salad, open face sandwiches and cookies. The house was decorated with beautiful assorted flowers.

### Edwards-Fleming

Mr. and Mrs. John Giles Fleming request the honour of your presence at the marriage of their daughter Rachel Dixon

to  
Mr. Isaac Jackson Edwards, junior on Friday the fifth of September. Nineteen hundred and forty-seven at five o'clock in the afternoon. Jarvis Memorial Methodist Church Greenville, North Carolina.

### Miss Rives Honored

Bethel.—Miss Frances Rives, bride-elect of September 6, was entertained informally Wednesday afternoon from 4 to 6 o'clock by Miss Martha Read Burton at her home on the Country Club road in Rocky Mount.

The house was beautifully decorated throughout with arrangements of mixed summer flowers. The bride's table was covered with a Venetian lace dinner cloth and decorated with traditional white flowers. Punch was served from one end of the table and party sandwiches, cookies, nuts, mints, and bouillabaisse were served buffet style.

## Rendezvous Cost Fifty Dollars By N.C. Law

Wilmington, N.C., Sept. 3.—(AP)—Advising his friends to meet him at the Carolina Beach airport cost \$50 for A. L. Wilson of Gastonia. The message was to friends on the near by beach. Wilson told New Hanover Recorder's Court Judge H. Winfield Smith. But beach police and life guards said that Wilson used a private civilian airplane to buzz the beach area at an altitude of less than 50 feet. The buzzing constituted the message, Wilson said. The judge fined Wilson \$50. It was the first time that the state law against low flying had been invoked in New Hanover County.

## Danes Apply To Leave Country

Copenhagen—(AP)—In spite of Denmark's lack of skilled labor more than 13,000 Danes want to emigrate but so far only 700 have got permission, says the Danish Emigration Office.

Four thousand prefer Australia, several hundred the United States, Canada, South Africa and Argentina, and others Jamaica, New Guinea, Salvador, Iraq, Ceylon, and Indo China.

Applications are coming from all classes, but most of them from farmers, industrial workers, technicians, and engineers.

## Food Is Biggest German Worry

Berlin—(AP)—The predominant worry of the German is where his next meal is coming from, an American military government information control division opinion survey shows.

Fifty-two percent of the Germans in the American zone said "food" was asked "what are your greatest cares and worries at present?" The same question last January brought a similar response from only 29 percent of the population, just before the winter food crisis set in. Clothing and fuel appear less urgent to the German.

(Continued From Page One)  
Europe is losing, and will lose

### When the Old Bell Rings Out Again

Maybe your youngster didn't do very well in school last term. And you blamed him or her! But, did you ever stop to think that perhaps his vision was defective.

Defective sight has been proved to be one of the greatest handicaps to a child's school progress and character development.

Make sure your child's vision is right—now—so that it will enable him to have an active, happy, healthy vacation; and to cope easily with next term's work.

**Ridgways**  
OPTICIAN  
At Five Points, Greenville, N. C.

Some of its best people. The man to take from raw material production. Besides, the nations taking the immigrants are carefully screening them. Europe was once the world's most important factory section. It shipped the world at the favorable profit that factory sections seem to take from raw material production. When Europe loses its hands, it loses part of its ability to export. But it also loses part of the pressing need to buy food abroad. And in other parts of the world, factories are growing. There isn't a so-called "raw material nation" in the United Nations which hasn't voiced a desire for more factories to piece out farm production. These factories are growing, particularly in Australia, India and Brazil. As they grow, Europe's old markets shrink. For example, Australia is now exporting many small consumers' articles—things as big as radios—and will shortly turn out its own autos. The possible outcome? Washington economists are not particularly worried. They say there will be creaking, complaining, interim, but the result is likely to be a more nearly balanced living scale all over the world.

Strength FOR THE DAY

SOCIAL CLIMBING ARDUOUS

What is it that drives some people under the power of a mighty passion to try to get into what they consider a higher social bracket? There are thousands of people in this country made unhappy by the fact that they regard themselves as socially inferior. Given the least pretext, they cultivate everybody who they believe will be able to advance them in the social scale. For such people the matter of getting into the social register is more to be desired than to have their names written in God's Book of Life.

Who can they find that it is friendship which makes life worth while and not social prestige? People are always very much happier in the company of friends who have kindred interests and background. Among such people one can relax and feel perfectly at home. Conversation is on themes of common interest. When people try to push into social groups which have nothing to do with them except money or what appears to be a high social rating, they usually find themselves restless, harassed with debt and frequently embarrassed.

There are differences between people, classes within society, but it is doubtful whether any such classes are sufficiently superior to give any sensible person the least concern. We shall all be happier if we stay where we happen to be, forget ourselves and our interests and try to cultivate true friendship with worthwhile people.

WASHINGTON LETTER

Washington.—Already the capital is planning to accommodate some 200,000 visitors between now and January 1, 1949. This includes delegates to 85 conventions already booked, tourists and business men and women.

The Greater National Capital Committee—the convention and tourist bureau of the Washington Board of Trade—says this is a conservative figure, since the city has welcomed an average of 3,300,000 visitors a year, dropping something like \$60,000,000 annually into the tills of merchants, the past two or three years.

And the city has taken on conventions only since the last half of 1946, retaining many such scheduled meetings during the war years. In addition to the conventions booked until January 1949 is one set for 1950. This is the meeting of the American Society of Agricultural Engineers, which hasn't met in the capital since 1928 and which will bring 1,000 delegates to the city.

It is estimated that 1950 will be a peak convention year in Washington. There will be much ado in celebrating the 150th anniversary of the government's location here. This year will also mark the 150th birthday of the Library of Congress.

Since the first of this year 65 conventions have been held in the capital, bringing to town some 30,000 delegates. The largest convention held so far was that of the Town and Country National Recovery Plan group, attended by close to 6,000 persons. The Daughters of the American Revolution meeting in Constitution Hall for the first time since the beginning of the war, brought more than 4,000 women to town. The United States Chamber of Commerce Convention added some 2,500 more.

Groups listing convention dates included the Precinct Stamp Society, the National Association of Refrigerated Warehouses, the Land Grant Colleges and Universities, the U. S. Conference of Mayors and the American Society for Testing Materials.

The International Statistical Institute, whose 500 delegates will come largely from foreign countries will meet in September under the sponsorship of the Bureau of the Budget.

The Businessmen's Conference on Urban Problems will also convene that month under the sponsorship of the U. S. Chamber of Commerce. City planning, parking problems, community development and the rebuilding of blighted areas will be on the agenda.

The Greater National Capital Committee says there are plenty of rooms everywhere now for visitors to the capital.

NOTICE OF SPECIAL BOND ELECTION AND N.W. REGISTRATION—FARMVILLE SCHOOL DISTRICT OF PITT COUNTY

\$200,000 SCHOOL BONDS
A special election will be held between the hours of 6:30 a. m. and 6:30 p. m., Eastern Standard Time, on Saturday, October 18, 1947, at which there will be submitted to the qualified voters of Farmville School District of Pitt County, which comprises the territory hereinafter described the question of issuing \$200,000 bonds for the purpose of erecting and equipping a new school building, purchasing a site therefor, and altering and equipping existing school buildings in said school district.

The boundaries of Farmville School District of Pitt County are as follows: Beginning at the Greene County line at the junction of Winterville Township and the Greene county line at the junction of Little Conestoga Creek and Middle Swamp from thence a northerly course along Contentnea Creek and Old Woman's Branch to the junction of the Falkland and Beaver Dam Township line to the junction of the Fountain and Falkland district lines from thence southeasterly to Fountain District line to Toddy Station; thence West with the public road to the Greene County line; thence South with the Greene County line to the plank road; thence southeast along Greene County line to Contentnea Creek and the beginning.

If said bonds shall be issued, tax will be levied on all taxable property within Farmville School District of Pitt County sufficient for the payment of the principal of and the interest on said bonds.

A new registration has been ordered and no one will be permitted to vote unless registered anew. The books for new registration will remain open from 9:00 A. M. until sunset on each day, except Sundays and holidays, beginning Saturday, September 29, 1947, and closing Saturday night, October 4, 1947. On each Saturday during said registration period said books will be kept open at the polling place. The polling place and the names of the election officers, subject to change as provided by law, are as follows:

Polling Place: City Hall—Fire Truck Station.

Registrar: C. M. Paylor.

Judges: J. B. Joyner, Mrs. Sarah H. Albritton; Alternates, George W. Davis, Mrs. Walter B. Jones.

By order of the Board of Commissioners for the County of Pitt. C. P. GASKINS, Clerk.

Sept. 3-10-17.

NOTICE OF HEARING OF FINAL REPORT OF BOARD OF VIEWERS In the Superior Court Before the Clerk S. P. 4822 North Carolina—Pitt County

In Re: Establishment of Pitt County Drainage District No. 8. The obedience to an order of the Superior Court of Pitt County made this 30th day of August, 1947, notice is hereby given that the engineer and Board of Viewers have this day filed with the said Court their Final Report in form that is complete in compliance with Chapter 156 of the North Carolina Code, sub-chapter 3. That the said Court has examined the said report and find it to be in due form and in accordance with law, and it is, therefore, accepted. Notice is given in accordance with Section 156-73 of said Code, that a hearing upon the said Report, which will be held in the County Court House in Greenville at ten o'clock on the 26th day of September, 1947. The said Report is now on file in the office of the Clerk of the Superior Court, said County, and is open to inspection by landowners and other persons interested within the district. At said hearing those desiring to file objections or exceptions to the said Report will be heard. This the 30th day of August, 1947. D. T. HOUSE, JR., Clerk of the Superior Court.

F. M. Wooten, Jr., Attorney.

Sept. 3-10-17.

ADMINISTRATOR'S NOTICE Having qualified as administrator of the Estate of J. A. Clark, deceased, late of Pitt County, North Carolina, this is to notify all persons having claims against the estate of said deceased, to exhibit

them to the undersigned or to J. H. Harrell, Attorney, on or before July 30, 1948, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 30th day of July, 1947. GUARANTY BANK AND TRUST COMPANY, Administrator of the Estate of J. A. Clark. J. H. Harrell, Attorney July 31-1tw-6wks.

## Greenies Lose By 6-2 To Kinston Last Night

By BERT MOYE

The Kinston Eagles pounded Andy Anderson of the Greenies for 13 hits in Kinston last night and won their 12th game of the season against the Greenies this season by the score of 6-2.

The Eagles were held scoreless until the fourth frame when they pushed a run across to knot the count at one-all after the Greenies had tallied in their half of the fourth frame. They put across what proved to be their winning runs on the fifth when Tepedino doubled, Bob Cohen doubled to bring him home, and Deaton hit a grounder to shortstop Timm who booted the ball with Cohen scoring on the error.

The Greenies were able to put across their last run of the game in

the seventh with Anderson bringing in Marvin Mauney who had doubled ahead of him.

The Eagles put the game on ice in the eighth frame by putting across three more runs.

Bill Anderson, pitching his second game in three days, lost his second game of the season to the Eagles and his fourth since wearing a Greenie uniform. He has won four this season. Bob Cohen, with a double and two singles, and Tepedino with three singles led the 13-hit attack off Anderson. Anderson walked two and struck out only one batsman.

Louis Herrington, pitching for the Eagles, won his first game for the Eagles, and let the Greenies down with six hits with Marvin Mauney collecting two doubles to

lead the six-hit attack. He struck out seven and walked three.

## DIAMOND DUST

Saturday night the curtain will ring down on the 1947 season for the Greenies here in Greenville. It is true that the Greenies are not ending the regular season in the upper bracket, but at the same time they have been out there and have given the lovers of the sport a form of relaxation that is hard to beat. So in the final game here Saturday night, how about you fans showing your appreciation to these boys by making a donation to be divided between the players. It would be a

**BOTTLE BABY**—Paul Dittamble, attendant in the Lincoln Park zoo in Chicago, gives a helping hand with a bottle to "B. C.," black bear cub who was a recent arrival.

fine tribute to a good bunch of boys who would really appreciate it. So let's make Saturday night "Appreciation Night" for the Greenies.

Willie Mauney, the Greenies' great utility player, broke his previous hitting streak last night by hitting in his 23rd consecutive game. His previous record in the early part of the season was 22.

Since Ordie Timm took over the managership of the Greenies on June 28th the Greenies have won

28 games and lost 42.

Stanley Milankovich, Goldsboro rookie, chalked up his 15th victory recently. . . Herb May of the Rocky Mount Leafs is the new homerun record-holder in the Coastal Plain loop. His 22nd of the season eclipsed the old mark set by Charlie Munday last year. . . Bill Sweet has returned as catcher for the Kinston club, giving the Eagles a boost during the final week of action. . . And the Eagles drew a \$100 fine from League President Ray Gooden for its refusal to continue a game against Wilson last Wednesday night.

The Kinston Eagles make their final appearance against the Greenies here tonight with game time being 7:45 o'clock. On Thursday night the Goldsboro Bugs make their final appearance of the current season.

# TRAIN WRECK STILL PROBED

## Weary Work Crews Find 27 Bodies But More Are Expected

Dugald, Manitoba, Sept. 3.—(AP)—The official death toll in the flaming Labor Day train crash here stood at 27 today but weary work crews continued to claw over the charred wreckage, certain they would find evidences that more pas-

sengers had perished. Police officers and undertakers estimated the final death toll would stand at 35 or above, but said it was possible that some victims were so badly burned that no trace of them ever would be found. Thirteen of the 15 seriously injured persons were reported still in hospitals. A westbound, 13-car Canadian National Railways special train taking vacationers home from Lake of the Woods resorts crashed head-on into a transcontinental express discharging passengers here Monday. The wooden cars of the special immediately burst into flames. Some passengers said acetylene lamps used to illuminate the cars caused the blaze. One unidentified yardman declared that "when the charred wreckage, certain they would find evidences that more pas-

### Owner Stolen Auto Takes Man To Police

R. S. Pinner, employed at a Greenville tacco warehouse, whose automobile had been missing two days, recovered his car shortly after last midnight and "arrested" Ronald Parker, Wayne County Negro. Pinner took Parker and the car to police headquarters about 2:30 a.m. today and swore out a warrant for the man for temporary larceny of the car. He said he loaned the car to Parker two days ago and had not seen him since. Parker will be tried in Police Court Friday morning.

### Sally Irene Baker, Of Farmville, Dies

Farmville, Sept. 3.—Sally Irene Baker, 9-year-old daughter of Mr. and Mrs. Vernon Baker of Fountain, died in Rocky Mount Tuesday afternoon following an extended illness. Funeral services were held at the home of her parents this afternoon at 5 o'clock, conducted by the Rev. A. G. Courtney, Presbyterian minister of Raleigh, assisted by the Rev. R. L. West, Baptist minister of Fountain. Interment followed in the Fountain cemetery.

Surviving in addition to the parents are one sister, Betty Sue of the home and her maternal grandmother, Mrs. B. F. Bundy of Pine-

### EXTRA SPECIAL KIWANIS PROGRAM FRIDAY NIGHT

Nathan C. Brooks, club vice-president, will have charge of the program at the Kiwanis Club's weekly supper meeting Friday night at 6:30. "Something better than Hollywood," Brooks promised. ECTC President John D. Messick, formerly of Trenton, N. J., a new member of the Greenville Kiwanis Club, who transferred his membership from the

New Jersey club here by special invitation, will be there. Officers and members of the Scotland Neck Kiwanis Club who attended the recent Kiwanis International Convention in Chicago will be special guests. President Eli Bloom will preside.

### Paid Taxes 20 Years On County Property

Sacramento, Calif., Sept. 3.—(AP)—The housing problem hadn't bothered Manual P. Ralmond for 20 years—until he discovered his home site, on which he'd paid taxes all these years, actually belonged to the county. It is a part of a road of right of way. District Attorney E. L. Means said the county would try to figure out some solution.

DO YOU REMEMBER V.J. DAY?

Just about two years ago, the war ended—remember? Everyone thought then that there would be plenty of materials and equipment of all kinds available immediately. That hasn't been the case with us. We haven't been able to obtain enough equipment to complete our expansion program, and we're still short. But in spite of this, we have installed more telephones than ever before in our history. We're proud of our record—and we're driving with all possible speed to keep up with the ever mounting demands for new service.

## Hold on to your bonds

Veterans! Set an example of level-headed thrift. Don't cash your terminal-leave bonds now, unless you must.

If you need the money desperately—or are in debt—that's different. Otherwise, hold on to your bonds. You'll be glad later.

Every terminal-leave bond earns interest at 2½% a year. A \$100 bond is worth \$112.50 to you if you hold it to maturity.

So hold those bonds until you can get full interest and full value.

## Credentials OK, Wallet Is Better

Pittsburgh, Sept. 1 (AP)—George Marlow, on a visit to this city from Guthrie Center, Iowa, left his bus only to be accosted by a stranger who flashed a badge and asked for his credentials.

Guthrie handed the stranger his wallet and walked along the street with him. A block from the bus station, the stranger handed back the wallet, growled "Your credentials are okay," and left rather hurriedly.

Marlow told police later he felt reassured—until he examined the wallet and discovered \$160 had disappeared.

## Youth Killed In Training School

Boonville, Mo., Sept. 1—(AP)—A 14-year-old youth was strangled in his solitary cell block last night at the State Training School for Boys where 68 escapes were made during August.

Louis J. Sharp, acting superintendent of the school, identified the youth as Donald Threlkeld of Hannibal, Mo., and said his assailant was Jerry Owens, 17, another inmate.

The two boys had been placed in solitary confinement in adjoining cells. Sharp said Owens dug his way into Threlkeld's cell.

An estimate of 15 million tons of commercial fertilizers used in 1946 set a new high record for the United States.

**'Red Tide' Said Public Menace**

St. Petersburg, Fla., Sept. 1.—(AP)—Two scientists warned that the "red tide," which has heaped the shores hereabouts with masses of dead fish, was now a menace to public health and could result in an epidemic of unlimited proportions.

After hearing a report by Dr. E. F. Nigrelli, pathologist for the New York Zoological Society, and Dr. Robert James of a Clearwater, Fla., research laboratory, officials of the county and affected municipalities named a five-man commission yesterday with emergency pow-

**Free 23 Japs From War Trial**

Tokyo, Sept. 1.—(AP)—Twenty-three Japanese suspected as war criminals—including a Tojo cabinet minister and the manufacturer of some of Japan's best known war planes—were freed today. But the chief prosecutor was quick to emphasize the action would have no bearing on the 15-month-old trial of Hiroki Tojo and other high-ranking defendants.

The prosecutor, Joseph B. Keenan, said there was ample justification for arrest of the 23 but insuffi-

cient evidence for their trial by an international tribunal.

**U.S. Has Own "DP" Problem On Farming Front**

Washington, Sept. 1.—(AP)—The United States is facing a serious "displaced persons" problem of its own, the House Agriculture Committee reported today.

The problem relates to farm labor shoved aside by mechanization and other agricultural developments, the committee said in a preliminary report on its study of a long-range farm program.

Noting that last year's record-breaking crop production was achieved by a farm population of only 26,000,000 persons—some 3,000,000 less than that of 1940—the report stated:

"There can be no doubt but that mechanization, new crop practices, elimination of marginal farms, consolidation of uneconomic farm units will mean further displacement of people now making some kind of a living on the land.

"In some sections—as in the cotton and sugar beet areas—this situation already threatens to become acute, as hand labor is replaced by machines."

**Mob Dispersed By Discussion**

Gadsden, Ala., Sept. 1.—(AP)—A mob estimated at 75 persons by State Highway Patrolman Clarence R. Clayton made an unsuccessful search last night for a 15-year-old Negro wanted in the Ball Play Community 12 miles northeast of here on an attempted rape charge.

Clayton said the group was armed with guns and rifles. It dispersed, he said, when Sheriff Ira C. Ballard discussed the case with its members.
