PLAN DRASTIC REDUCTION OF ARMED FORCES

Britain To Cut Her Strength In View Of Expenses And Man-power Needs

London, Sept. 10.—(AP)—A highly placed government source said today Britain would cut her armed forces below the strength originally contemplated in Prime Minister Attlee's economic crisis program.

The cuts, whose exact extent has not been determined, will not mean any new "revision of strategic concepts," he added.

Attlee originally proposed to reduce the British forces to 1,007,000 by the end of March, 1948, to reduce government expenses and free men for civilian labor. The forces now total 1,300,000.

Other developments in the economic sphere: John W. Snyder, U.S. Secretary of the Treasury, conferred privately today with Hugh Dalton, chancellor of the exchequer.

The British source said that under a plan which the Board of Trade president, Sir Stafford Cripps, will announce Friday, Britain would attempt to increase exports to 140 per cent of the 1938 level by the middle of 1948 and to 160 per cent by the end of 1948.

The cabinet was reliably reported to have approved the plan yesterday. Among the measures to be taken to reach the goal, government sources have said, will be a limited direction of labor. The plan also will set up restrictions on capital investments, according to government information.

Site Inspection For Hospital Begins Sept. 22

Washington, Sept. 10.—(AP)—Inspection of sites for a 1,000-bed neuro-psychiatric hospital will begin in North Carolina this month. Senator Unstead (D-NC) has been advised by the Veterans Administration.

The inspection tour will begin Sept. 22 and is expected to be completed by Oct. 15, the administrator advised the North Carolina senator yesterday.

Cities to be visited are Elizabeth City, Edenton, Greenville, Morehead City, New Bern, Kinston, Seven Springs, Goldsboro, Wilson, Rocky Mount, Wendell, Raleigh, Durham, Chapel Hill, Burlington, High Point, Greensboro, Winston-Salem, Asheville, Charlotte, Laurinburg, Maxton, Fayetteville, Wilmington, South Port and Lumberton.

Kai-shek Voices His Own Disgust

Nanking, Sept. 10.—(AP)—Chiang Kai-shek yesterday voiced disgust at the failure of his political party to avert "the gravest crisis in its 20-year history," and Premier Chang Chun denounced the corruption and ineptitude of some government officials as "a national disgrace which should be removed as soon as possible."

Both sides echoed sentiments expressed informally by U. S. Gen. Albert C. Wedemeyer after his recent fact-finding mission to China.

Outlook For Britain

Despite "Dark Days Growing Darker," This Analyst Believes England Will Pull Through Despite Crises; Tells Why Her Economic Stature Will Never Be Same

By DEWITT MACKENZIE

Britain's economic crisis has reached such a grave state that the London Daily Mail in editorializing on the disastrous Yorkshire coal strike declares it must stop because it could lead to the complete economic collapse of the country.

End Of Long Road Back For Jewish Refugees

Long lines of Jewish refugees move past Nissen huts upon their arrival at Poppendorf Camp near Luebeck, Germany, at the end of their ill-fated attempt to migrate to Palestine. British troops removed them from the S. S. Exodus of 1947 off the Palestine coast and brought them back to Germany. This group was returned on the S. S. Ocean Vigour. Many wanted and British troops forcibly removed them, using clubs and fire hose to get them off the ship. (AP Wirephoto via radio from London).

AFL Council Hints At Further Wage Demands

Top AFL Officers Say Two Postwar Wage Increases Inadequate To Keep Pace With Skyrocketing Prices

Chicago, Sept. 10.—(AP)—The AFL executive council hinted today that a third round of postwar wage demands could be expected if the cost of living continues to mount.

Wage boosts were granted to most major unions in the first year after V-J Day. Generally, they amounted to about 18 1/2 cents an hour. A second increase, ranging from 11 to 15 1/2 cents hourly, was passed on by most unions this spring and summer.

"Inflation has now assumed alarming proportions," the council said. "The purchasing power of the wage earners' dollar has been cut in half since the war. Food prices are now bursting through the roof. Economists are predicting a dollar a dozen eggs and a dollar a pound butter. Meat is going to be more scarce and more expensive. Substitute foods, because of increasing demand, will also shoot upward."

"Unless the cost of living is reduced promptly and stabilized, the pressure for higher wages is certain to mount."

AFL President Green said restoration of the OPA was out of the question, as was a special session of Congress to clamp new controls on some commodities, as proposed by a CIO committee.

The council advocated, instead: 1. Immediate revision of our foreign export commitments, limiting help under the Marshall plan to the nations willing to cooperate with us for the preservation of world peace.

U.S. Opposed Sending Jews Back To Germany

Washington, Sept. 10.—(AP)—Secretary of State Marshall disclosed today that the United States futilely urged the British government to reconsider its decision to send the 4,400 "Exodus" Jews back to Germany.

In a news conference comment, Marshall revealed strong American disapproval of the British action.

Three shipments of the Jews, seeking to enter Palestine on the "Exodus 1947," were turned back and their disembarkation at Hamburg was completed yesterday.

Marshall said American officials had been keenly aware of the unfortunate results which would follow from the British decision to unload the Jews at Hamburg.

The British had to use force to remove some of them. Their final disposition is still unsettled and some are reported on a hunger strike.

Marshall said the American government urged the British to reconsider their decision. The British replied, he said, that the only available housing was in Germany.

However, Marshall added that a French offer of admittance was still open and that the Jewish refugees therefore need not necessarily remain long in Germany.

ARREST FIFTY OF REFUGEES

British Seek Those Responsible For Bomb On Transport

Hamburg, Germany, Sept. 10.—(AP)—Fifty of the Jewish Exodus 1947 refugees are under arrest and a search is on for those responsible for planting a bomb aboard one of the three transports which brought them to Germany, a British official announced today.

The official did not disclose the reason for the arrests. Some of those held were believed to be suspected of having led the resistance to debarkation aboard the transport Ocean Vigour Monday and the Runnymede Park yesterday, when the Jews were subdued by soldiers using truncheons and fire hoses.

The remainder of the 4,311 Exodus refugees, intercepted aboard their immigrant ship off Palestine in mid-July, were in displaced persons camps. Some of them were reported on a hunger strike against their British custodians.

A British naval official said he believed the Jews aboard the Empire Rival, second of the three transports to be emptied of refugees here, knew of the existence of the bomb planted aboard the ship. He said this might explain why the Empire Rival was the only one of the three transports from which the refugees were disembarked peacefully.

Middle Belt To Open On Monday

By The Associated Press

Auction sales on the nine flue-cured tobacco markets of the Middle Belt will begin Monday. Sales probably will last through the middle of December.

The markets last year sold 170,371,048 pounds of the type-11 offerings at an average of 47.20 cents a pound. Based on sales from the other markets, it is expected that the average paid will be under the 1946 level.

Names of the Middle Belt markets: Aberdeen, Carthage, Durham, Fuquay-Varina, Henderson, Lenoir, Oxford, Sanford and Warrenton.

Final Action

London, Sept. 10.—(AP)—The British Foreign Office announced today the allied peace treaties with the five former axis satellite states would be ratified formally in Paris and Moscow Sept. 15.

A Foreign Office spokesman said Russia, France and the United States all appeared agreeable to a British suggestion for the simultaneous deposit of instruments of ratification.

The instruments of ratification of the Italian treaty will be deposited with the French Foreign Office in Paris. The instruments for Finland, Bulgaria, Romania and Hungary will be deposited in the Kremlin.

UNCOVER NINE FRAUD CASES

General Accounting Office Says Over \$3 Millions Involved

Washington, Sept. 10.—(AP)—The General Accounting Office reported to Congress today that it has uncovered nine new fraud cases involving \$3,006,515 in settlement of terminated war contracts.

The cases are in addition to 79 reported by the GAO July 10 and do not include a report yesterday on 32 settled contracts involving overpayment of \$1,121,695.

E. L. Fisher, GAO general counsel, told a House expenditures subcommittee of the new cases and pointed out that the 1944 contract settlement law precludes the accounting office from taking any steps to recover money paid through error or fraud other than referring cases to the Justice Department.

Fisher said frauds have been discovered in about 1 percent of the cases examined and added that about 3.6 percent of all settlement cases have been checked.

He explained that the law permits the GAO to examine cases in which there is reason to suspect fraud. Otherwise, the GAO makes settlements entered into by contractors and federal agencies final.

Rep. Rich (R-Pa.) commented that unless the law is repealed it seems unwise to spend more money auditing additional contracts.

N.C. Federalists To Hold Meeting

Greensboro, N.C., Sept. 10.—(AP)—The North Carolina Chapter of United World Federalists will hold its first statewide convention in Greensboro October 17-18, according to an announcement by McNeill Smith, Jr., Greensboro attorney and acting executive director of the organization.

The state group is affiliated with both national and international bodies seeking peace through world government.

At its October meeting the North Carolina group is expected to choose a successor to R. Mayne Albright of Raleigh, former executive director who resigned to run for governor of the state.

Marshall Indicates Special Session Of Congress Ahead

Washington, Sept. 10.—(AP)—Secretary of State Marshall said today that Europe must have some kind of temporary aid this year and only Congress can authorize it.

This was a strong intimation that he believes a special session of Congress will be necessary. But Marshall declined at a news conference to say flatly such a session should be called.

The secretary did say the State Department would have at hand by late October adequate facts on which to chart a course of action.

His statement came on the heels of an urgent new plea from London that the United States assume a large share of Britain's occupation costs in Germany. There were reports this country is making preparations to do so.

Marshall, when saying the State Department will have needed data at hand by late October, commented that the majority of congressional committees visiting Europe will have returned by that time.

He declined to estimate how much aid may be required preliminary to the long range plan Marshall has projected for European reconstruction.

The secretary of state said he has not made up his mind on any details of the problem. He closed the question of a special session also as a detail.

At the same time, Marshall said he does not think it is possible to get authority for aid without a special session.

The total of Marshall's comments appeared to those at his news conference to add to this: Marshall believes there will have to be a special session in late October or early November to provide a temporary aid fund as a sort of advance on the Marshall long-range assistance program.

But he is not yet ready—pending final word from President Truman—to make his decision known. He said the President is being kept informed of all the facts in the situation.

The State and War Departments disclosed last night that the British embassy had sent word that British funds had been run out of dollars to cover its expenditures in Germany about the end of this year. From that time on, the embassy said, the British government will be unable to make any more dollars available for maintaining the civilian population in the British occupation zone.

FRIENDS SEEK FULL PARDON

Escaped N.C. Prisoner "Made Good" Under Assumed Name

Williamson, W. Va., Sept. 10.—(AP)—Friends and employers today rallied to obtain a pardon for a 34-year-old man who they said had married and become an esteemed resident of a nearby mining community, where he is mine foreman, after allegedly escaping from a North Carolina prison camp 13 years ago.

William Philpot, a foreman at the City Mining Co. at nearby Gilbert, has been arrested on a fugitive warrant and lodged in the Meigs County jail. He had used the name William (Bill) Phillips.

Sheriff Thurman Chambers, who said Philpot admitted his identity, was charged in a warrant with escaping from Camp Polk in Wayne County, N.C., in April 1934, after serving less than three years of a five-to-eight year sentence for armed robbery. He was convicted in September, 1931, in Forsyth County, N.C., on a charge of robbing a man near High Point.

Raleigh, N.C., Sept. 10.—(AP)—Two North Carolina fugitive officers are in West Virginia in quest of 34-year-old William Philpot, who escaped from nearby Polk Prison Camp in Wake County in 1934. Pinal Supervisor Kyle Matthews said today.

Matthews said that if Philpot was returned he would have to serve at least 18 months—his remaining time is 12 months—but an additional six months would have to be served for escape.

ATOMIC PACT 'UNDERMINED'

Gromyko Charges U. S. Is Sabotaging Efforts For Agreement

Lake Success, Sept. 10.—(AP)—Andrei Gromyko, Soviet deputy foreign minister, charged today that the United States is doing everything possible to undermine attempts to arrive at an agreement on international atomic control.

In the most slashing attack he has yet made on the United States position in the United Nations atomic energy commission, the Soviet delegate said that the U. S. actions contradict the high sounding phrases by the U. S. for control of the atom for peace.

"It is about time," he told the 13th formal meeting of the commission, "to say directly to the authors of the American proposals their statements are in contradiction to their actions."

The commission met to act on its second report, ordered by the U. N. Security Council last March 10. The report contains views of a majority of 10 countries on the 12-member commission on the principles involved in creating and operating an international atomic energy control system. Russia and Poland had disagreed with the majority.

New Delhi, Sept. 10.—(AP)—Prime Minister Jawaharlal Nehru of the ninth-old dominion of India pledged government measures "on a war basis" today to cope with communal massacres blamed for 1,000 Delhi deaths in three days.

In a radio speech last night, Nehru declared that such measures, which he did not detail, were necessary in the face of a situation he called "analogous to war." He said the "serious crisis" threatened the future of India.

He declared, however, that the military still were "masters of the situation" and short- would be "more the masters." His address followed reports from police and army authorities that the rioting let up somewhat yesterday, but gunfire still resounded through the dominion's capital and its older sister city.

Sikhs and Hindus in predominantly Hindu India have been killing Moslems in retaliation for the slaughter of members of their religious communities in the Moslem dominion of Pakistan.

Official sources estimated the dead in New and Old Delhi at 1,000 in the three days ended yesterday. One civil official said the killed and wounded might run up to 10,000.

The butchery and attendant burning and looting have paralyzed the life of the twin cities and sent thousands of their 300,000 or so Moslems fleeing toward Pakistan 300 miles away, carrying their children and goods.

CIVIL COURT IS ADJOURNED

Henderson Case Postponed; Wreck Suit Compromised

By CHESTER WALSH

In the suit of Dr. E. L. Henderson, former professor at East Carolina Teachers College, for three years' back salary, \$14,004, Judge W. C. (Buck) Harris of Raleigh, who presided over the civil term of Superior Court here, yesterday continued it until the next term of court.

Attorney General Harry McMullan's demurrer for the college trustees was overruled.

The suit was filed against the college trustees. It alleges that Henderson was deprived of his position on the college faculty in violation of the rules of the American Association of Teachers Colleges and the Southern Association of Colleges and Secondary Schools. Henderson's annual salary was \$4,668. He is seeking to recover salary for the school years 1944-45, 1945-46 and 1946-47.

At the time of Henderson's dismissal, the French High Commissioner to Indo-China, made the offer in a speech at Hanoi, the agency said in a dispatch from Saigon.

"The offer I am making in the name of the government of the republic constitutes an indivisible whole which is to be accepted or rejected as a whole," the agency quoted him as saying.

Bollaert also offered an exchange of prisoners and said there would be no reprisals against the Viet-Namense, who have been fighting the French since last December, because of a dispute as to the future status of Indo-China, long a French colony.

Population Forecasts

Predictors Revising Former Figures Which Will Boost Expected Peak to 1990; Population Experts; Unexpected Developments; Babies Ahead Of Schedule

By MAX HALL

Washington, Sept. 10.—(AP)—The nation's population predictors are revising their forecasts.

On the basis of the 1940 census, they thought the United States population would climb to a peak of 161,385,000 in 1985 and then start downward.

N. C. BUILDING PERMITS OVER MARK OF 1946

Larger Cities Issued 12,512 Permits Or 12 Percent Above Previous Period

Raleigh, N.C., Sept. 10.—(AP)—A total of 12,512 permits for buildings valued at \$46,346,209 were issued in 26 North Carolina cities of more than 10,000 population during the fiscal year ended June 30.

The State Labor Department said that the estimated cost of 5,884 new houses and apartment buildings was \$29,751,560. The dwellings will house 6,399 families.

Nonresidential buildings, including all business, commercial and industrial construction, totaled \$13,256,112 during the fiscal year. There were 2,125 permits issued for buildings in that class.

Additions, alterations and repairs on both residential and nonresidential buildings were valued at \$5,830,737. Permits for those construction jobs numbered 4,503.

The number of permits issued in the first half of 1947 was 12 per cent higher than those issued in the last half of 1946. The total estimated valuation of all buildings authorized was over 38 per cent higher during the first half of 1947. The valuation for the first half of this year totaled \$28,118,573, compared with a total of \$20,227,736 for the last half of 1946.

Permit valuation totals for each of the 26 cities: Asheville \$2,775,455; Burlington \$2,339,379; Charlotte \$8,108,917; Concord \$469,625; Durham \$3,700,068; Elizabeth City \$191,813; Fayetteville \$1,666,493; Gastonia \$1,401,050; Goldsboro \$547,600; Greensboro \$5,636,903; Greenville \$1,025,475; Hickory \$983,002; High Point \$2,473,974; Kinston \$923,750; Lexington \$997,560; New Bern \$321,758; Raleigh \$2,676,692; Reidsville \$635,178; Rocky Mount \$1,543,475; Salisbury \$774,114; Shelby \$581,750; Statesville \$1,208,300; Thomasville \$285,750; Wilmington \$1,639,745; Wilson \$1,264,190; Winston-Salem \$3,134,291.

French Offer Indo-China Rule To Viet-Namense

Paris, Sept. 10.—(AP)—France offered today to turn over the administration of Indo-China to the Viet-Namense if they would remain within the French Union and permit the French to retain strategic military installations, the French news agency reported.

Emile Bollaert, French High Commissioner to Indo-China, made the offer in a speech at Hanoi, the agency said in a dispatch from Saigon.

"The offer I am making in the name of the government of the republic constitutes an indivisible whole which is to be accepted or rejected as a whole," the agency quoted him as saying.

On the basis of the 1940 census, they thought the United States population would climb to a peak of 161,385,000 in 1985 and then start downward.

Now they are talking about a higher peak—164,585,000 in 1990. There's an "if" with those forecasts. Both were made on the assumption that "medium" estimates concerning birth and death rates will turn out to be correct, rather than "high" or "low" estimates.

Winterville F. H. A.

The Future Homemakers of America had their first meeting of the new school year on September 3, 1947. The meeting was called to order by our president, Gladys Hines, who welcomed both the old and new members. Then she and some of the other members told what being a member of the Future Homemakers club has meant to them.

For any club to be a success it has to have a purpose. Some of our aims for 1947-48 are: a mother and daughter banquet; a floor lamp for the home economics cottage; buy new books for the cottage; get a magazine stand for the cottage; help the members to develop personality; and by all means, affiliate early in order to get all the benefits.

Since our former parliamentarian, Louise Tripp, has moved, we elected Leah McGlohon to take her place.

We also decided to have our club meet every other Friday. We welcome all Future Homemakers to join us in our meetings.—Reported

Bride-Elect Honored

Bethel—Honoring Miss Frances Rives, Mrs. Van Taylor, Jr. entertained at a bridge luncheon at the home of her mother, Mrs. Z. V. Bunting of Bethel, on Friday, September 5th, at one o'clock.

The house was beautifully decorated with pastel summer flowers in the living room and den. The bride's table was covered with a cut-work linen cloth and an all white arrangement of flowers was used in the dining room. A three course luncheon was served. The guests were seated at the dining room table and at tables appointed throughout the living rooms. Each table was centered with small vases of asters, and each place was marked with a miniature corsage. The honoree was

Pitt Bar Association Meets At Blount Home

By CHESTER WALSH
Mr. and Mrs. Marvin K. Blount entertained the members of the Pitt County Bar Association and their wives and sweethearts at their palatial home on Rock Spring Road at a barbecue dinner last night. Nearly a hundred guests were present.

Mr. Blount, president of the association, presided. This was the first time the members' wives and sweethearts attended one of the bar meetings.

Special guests were John C. Rodman of Washington, president of the North Carolina Bar Association, and Mrs. Rodman; Henry Brandis of the University of North Carolina School of Law, Chapel Hill; Judge W. C. Harris of Raleigh, presiding over Superior Court here; Judge J. Paul Frizzelle and Mrs. Frizzelle of Snow Hill; John G. Dawson and Mrs. Dawson of Kinston, and others.

Mr. Rodman, in a brief but eloquent after-dinner speech, introduced Mr. Brandis, who spoke on "World Government."

The speaker paid tribute to Robert Lee Hunter of Greenville "as the man who has done more than anyone in the United States to arouse interest of the American people for world government."

He likened world government to the American system of government, and declared there can be no peace without law, and no law without government. Mr. Brandis said he

would not scrap the United Nations, but he pointed out that even in Greenville there could be no successful cooperative government or willingness to keep the law effective enough to keep down crime. Enforcement agencies are vitally necessary to uphold the law here, in this country, and in the world at large, and added, "The atomic bomb will not solve the problems of war and peace."

"A world government is needed with legislative powers and enforcement agencies to maintain peace in the world, and also a world court which can arrest try and punish individuals for crimes against peace, instead of warring on a nation."

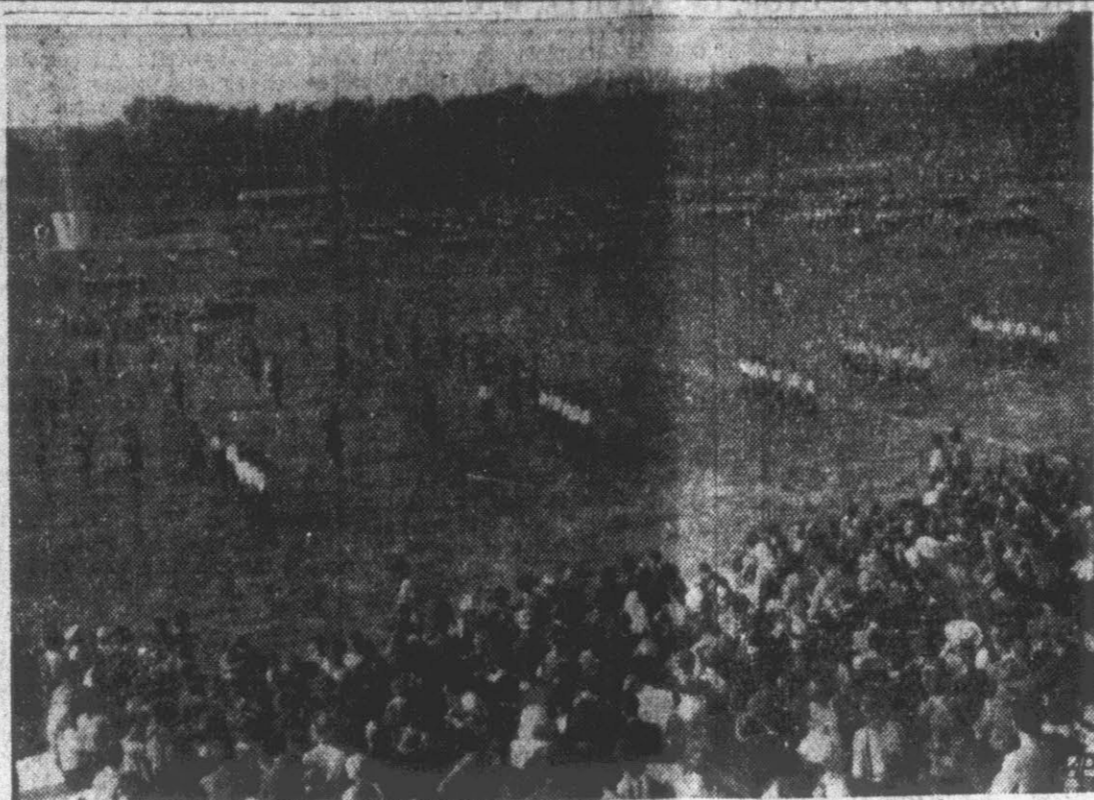

The speaker ominously reminded that another world war is possible. The distinguished professor of law gave three alternatives:

A total disastrous war that killed off everybody, and then no world court would be needed.

An extremely disastrous war, with one of the great nations emerging victorious, and then establishing a world order to suit its own needs, and other nations would have to accept it.

World government planned now to avert possibility of another world war which could establish peace and harmony in the world.

In concluding, Mr. Brandis said: "If we do think world problems through—let us work hard—accept our responsibility as a nation and as an individual in the new world

at peace. If we do not, we will get what we undoubtedly deserve."

President Blount and Mrs. Blount welcomed the guests. He extended a warm welcome at the conclusion of the meeting and a period of fellowship was enjoyed on the lawn overlooking Rock Spring Park.

HEALTH GROUP IS SUPPORTED

GHS Seniors Hear Field Director; Radio Discussion Tonight

Greenville business leaders are enthusiastically supporting the program of the North Carolina Social Hygiene Society, according to Ben M. Patrick, the organization's field director. Under sponsorship of the Greenville Junior Chamber of Commerce, the health agency is initiating in Greenville and Pitt County a campaign of popular education aimed at curbing the spread of venereal diseases.

One of the primary objectives of the social hygiene program here, said Mr. Patrick, is to distribute literature informing people of the dangers of VD, and of facilities for treatment.

Specialized literature on this subject is produced by the society's staff in Raleigh, in conjunction with the Venereal Disease Education Institute, and in cooperation with state and federal public health agencies. Distribution of such literature in Greenville and Pitt County is channeled through the local public health office, headed by Dr. S. J. Phillips.

Emphasizing the need for such educational effort in North Carolina, the social hygiene field director points out that about 400 Tar Heels per 100,000 population contract VD infections in the course of a year. "If there were that much whooping cough, we would become really alarmed," he said; "yet VD costs the citizens of North Carolina more than all other communicable diseases combined."

"Official estimates," he continued, "show that Tar Heel Taxpayers are spending more than \$800,000 a year merely to confine insane people whose insanity is attributable to venereal diseases. The heads of North Carolina's institutions for the insane estimate that at least twelve percent of all confined cases of insanity are attributable to VD."

The magazine "Better Health" is another instrument in the social hygiene society's educational program. Mr. Patrick pointed out, however, that "Better Health" is a general health publication, dealing with all phases of personal, family and community health. Greenville businesses have already subscribed for several hundred copies to be sent regularly to Greenville schools, and to religious and social welfare workers, Mr. Patrick said.

Miss Grey Fulghum, the society's field supervisor, spoke to Greenville high school seniors this morning. Mr. Patrick addressed the Greenville Lions Club on Monday night.

The society circulates motion pictures on health topics, one of which is to be made available to local civic clubs, schools and other groups this fall, said the field director. Showings in Greenville will be sponsored also by the Junior Chamber of Commerce.

The North Carolina Social Hygiene Society a non-profit voluntary health agency, was organized in 1946 by the following Tar Heel citizens: J. Melville Broughton, Ra-

leigh; Charles Cannon, Concord; Dr. William M. Coppridge then president of North Carolina Medical Society, Durham; Mrs. Karl Bisho-golic, Leaksville-Soray; Stratton Cover, Winston-Salem; Earl N. Phillips High Point; and Capus Wayne, Raleigh. Mr. Wayne, former chairman of the State Highway Commission, is the society's executive director.

A radio round-table discussion of social hygiene is to be aired at 9:30 tonight over Station WGTO. The 15-minute program is part of the North Carolina Social Hygiene Society's educational campaign in Pitt County, which is being sponsored by the Greenville Junior Chamber of Commerce.

Sam Weeks, Jaycee vice-president, will discuss social hygiene with Ben M. Patrick, field director of the North Carolina Social Hygiene Society, and Dr. Herbert Hadley, Greenville physician.

Charge Woman With Larceny Fifty Dollars

Police yesterday arrested Anna Daniels, 22, Negro, and charged her with the larceny of \$50 from Mrs. G. L. Tyner, 1112 Evans street, last Friday. She was released under \$300 bond.

Police quoted Mrs. Tyner as saying that she was sick in bed; that the woman was at her home to do some washing; that after her daughter, Mrs. Trixie Pollard, gave her some garments to wash, she remembered that she had \$50 in bills pinned to a garment. When Mrs. Tyner asked the woman for the money she denied having seen it. She said she gave her several days in which to return it, that when she failed to do so, she had a warrant issued for her. The case will be tried in Police Court Friday.

PROVISION IN LAW SUCCEEDS

Three Lines Of Taft-Hartley Law Ended 31 Disputes

Washington, Sept. 10.—(AP)—Government labor conciliators said today one provision of the Taft-Hartley law has led to settlement of at least 31 labor disputes in the last six weeks.

The provision, set forth in three printed lines of the law, calls for conciliators to suggest a secret ballot among workers on accepting or rejecting their employer's final offer in a dispute.

It is up to the employer and union to agree to such an election. Under the law the plan is purely voluntary.

So, during the past six weeks, the conciliation service has been suggesting such elections and already almost 80 have been held.

In 31 of the 80 workers voted to accept their employer's last settlement offer. In 25 the workers voted against it. Results of the other elections have as yet to be reported by field offices.

The conciliation service disclosed that it began this week with only 134 strike cases involving 52,000 workers on its docket, about the lightest load it has carried since the war ended.

A labor department tabulation today showed there are only nine strikes over the entire nation where 1,800 men or more are idle. The biggest is the east coast shipyard strike with 35,000 idle.

Soldier's Family Flown To Japan

Tokyo, Sept. 10.—(AP)—The family of Staff Sgt. William J. Bethune, Fayetteville, N.C., today became the first occupation dependents to fly to Japan aboard an Army Transport Command plane.

A C-54 landed at Haneda Airfield with Mrs. Lulu Bethune, daughter Gloria Jean and son William Jr., 15 months old.

The Army Transport Command said a total of 90 occupation personnel and dependents are scheduled to arrive in Japan by air during September.

Deplores Draft

Washington, Sept. 10.—(AP)—Gen. Dwight D. Eisenhower said today he "deplores" formation of "Draft Eisenhower for President" organizations, and declined to answer any "hypothetical" question on whether he would accept a party nomination.

The question of the Army Chief of Staff's position in the political picture came up during a news conference which touched on a variety of subjects—military, political and personal in nature.

Shellbacks On 'Mighty Mo' To Hold Initiation

Aboard USS Missouri, Sept. 10.—(AP)—President Truman observed his last hours as a "shellback" today as this famous battleship plowed toward the equator and traditional crossing the line ceremonies.

The president made no secret of his ambition to become a "shellback," or veteran of an equatorial crossing at sea.

He will be initiated some time tomorrow when Neptune Rex, mythological god of the seas, holds court on the forecabin deck, putting all land lubbers to the traditional test of seaworthiness.

Rumors were plentiful about preparations for the initiation of the presidential party—including Mrs. Truman and daughter Margaret—and about 1,800 other politicians as the hour approached for the arrival of Davy Jones through the hawse-pipe tonight to hand out summonses for their appearance.

Celebrate Good Fortune Of Gift From Employer

Chicago, Sept. 10.—(AP)—There was an overflow crowd of customers at Mattalina's tiny delicatessen store last night, but instead of making purchases they joined James Mattalina in celebrating his good fortune of receiving an estimated \$100,000 from his employer.

Earlier, the will of Miss Anna Craig, 82, for whom Mattalina was chauffeur for 25 years, was filed for probate. It left the greater part of her estate, valued at more than \$120,000 to the 53 year old Mattalina "for his kind consideration to me, at all times." Miss Craig died September 3.

New Cabinet By Nightfall Seen

Ankara, Turkey, Sept. 10.—(AP)—Premier-designate Hasan Saka said today he expected to complete before nightfall selection of a new and interim Turkish cabinet to rule until Parliament convenes two months hence.

Saka was given a mandate to form a government yesterday after the unexpected fall of Premier Recep Peker's cabinet in the face of growing criticism of his domestic policies and despite a cabinet shakeup only three days ago.

ICC Rules No Immediate Hike In Freight Rates

Washington, Sept. 10.—(AP)—The Interstate Commerce Commission today ruled against an immediate freight increase for the railroads by announcing that shippers opposed to the raise will be heard before action will be taken.

The railroads are asking a 21 per cent boost in rates, with a 10 per cent increase to take effect at once as an emergency measure, prior to formal hearings.

RIVER YIELDS MORE BODIES

Three More Victims Of Excursion Boat Explosion Found

Pittsburgh, Sept. 10. (AP)—The murky waters of the Monongahela river yielded three bodies today as firemen searched for more victims of the explosion and fire aboard the once proud excursion steamer "Island Queen."

The bodies found by firemen dragging the river near the blackened hulk brought the total recovery to nine out of 21 persons dead or missing. Thirteen of the 18 injured remained hospitalized after the blast yesterday afternoon rocked the nearby area.

Two of the recovered bodies were identified.

Previously six other bodies were taken from the wreckage of these three were unidentifiable.

There were no passengers aboard the ship at the time of the disaster. Efforts to recover the bodies were tempered with caution as the charred hulk of the five-deck steamed sank deeper into the muddied water of her Monongahela river berth.

Once, firemen were ordered from the boat because the hull was shifting and threatened to break sideways as it slipped into deeper water. Only the top deck was still visible and it was believed many of the victims would remain locked in the river's bottom.

The cause of the explosion was still unknown. Andrew Charles, assistant superintendent of police, said the boilers in the vessel were found intact, dispelling an earlier report that a boiler explosion set off the holocaust.

Sen. Taft Rests Before Starting Tour Of West

Ankara, Turkey, Sept. 9. (AP)—Premier Recep Peker's cabinet fell today under growing criticism of his domestic policies. Foreign Minister Hasan Saka was charged by President Ismet Inonu with the task of forming a new government.

Reliable informants in Istanbul said Peker gave "ill health" as the reason for his resignation. They recalled that the premier threatened to resign over recent criticism from his own people's party of a cabinet revision which brought several new ministers into his rightist government.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak—at such times? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It's what Doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs.

Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic which LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula, which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—any flesh fit out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Phantoms Play Farmville For Season's Opener Here Friday

G-Men To Meet Red Devils In Guy Smith Stadium; Today's Heavy Scrimmage Winds Up Rough Work For Week

By SAM NORTROP

Coach Boley Farley will launch his untired Green Phantoms on their maiden encounter of the 1947 season against Farmville Friday night at 8 p. m. in Guy Smith Stadium, it was announced today.

Coach Farley has been searching for several days for a game in which to try out the new formation which the Greens are using this season, before opening the conference slate.

Nothing at all is known about the Red Devils, but the G-Men are not looking for an easy contest. The team ended the rough work for the week with a heavy scrimmage this afternoon with the emphasis on kick-off plays and punt formations.

The team is in high spirits and is eagerly awaiting the starting gun.

The Phantoms' starting lineup will probably be: Paul Stokes and Yarn Morgan, ends; Jim Tanner and Ben Roberson, tackles; Al

CPL Playoff

Wilson, N.C., Sept. 10—(AP)—Weather permitting, pennant-winner Wilson will meet New Bern at Wilson tonight and Tarboro will be at Kinston in the semifinals of the Coastal Plain League baseball playoff. Kinston finished second in the pennant race and the Tar were third.

Rain yesterday forced postponement of the playoff.

Smith and Bobby Fleming, guards; Shelly Beard, center; Jack Morgan, quarterback; and Lynn Perkins, halfback; and Lynn Perkins, halfback; and Lynn Perkins, halfback.

Should the Phantoms kick off, George Minshew will probably do the booting.

Subs likely to see action are linemen McDonald Bland, McRae Bland, Raby Edwards, Walter Briley, Rufus Stark, Billie Williams and Sam Northrop; backs: Billy Goodson, John Farley, Jimmy Cox, "Speedy" Sideris and Dave Jones.

Coach Farley has also closed another open date on the G-Men's schedule, October 3, by getting a game with Dunn, to be played here.

BIGGEST, SMALLEST

Wake Forest, Sept. 8—The difference in the heaviest and lightest members of the Wake Forest football squad is 108 pounds. Willis Murphree, scabback, is the lightest at 148 pounds. Glenn Reinhard, burly tackle, is the heaviest at 255 pounds.

ACC Bulldogs Get Toughest Scrimmage Drill

Wilson, Sept. 10—Coach Bob Spangler sent his Atlantic Christian Bulldogs through their toughest scrimmage session of the practice season yesterday with the players getting a taste of both defense and offense as the Bulldog mentor started ironing out the kinks in his single-wing attack.

The Bulldogs have less than two weeks of practice ahead before their opening game with the Erskine College Seceder of Due West, South Carolina, September 20.

Paul Gazer, letterman fullback on last year's team and who has been shifted to the line this year, stood out in yesterday's scrimmage as he stopped the Christian offense on several occasions. Lou Kosto and Jack Allbrook held command in the backfield as the two tailbacks took turns running the ball on offense and guarding the safety man spot on the offense.

Giant Fish And Three Men Fight It Out In Boat

By CHESTER WALSH

Three men fishing from a boat off Pamlico Beach the other day got the "worst thrashing" they had received since they were boys, and a six-foot, three-inch, 95-pound silvery Tarpon, one of the gamest of all tropical fish, did it with its lashing tail.

They were L. Clem Pollard, Pactolus farmer; Lester Clark of Belvoir, and McKenzie Foster of Pamlico Beach. One of the men shot the big fish, some distance from the boat, with a rifle twice. The finny denizen of the deep was making the water foam with its antics.

The fisherman, turned marksman, took another shot as the big fish raced toward the boat. Crash! The rifle resounded a third time, and Bang!

The Tarpon circled in the air and flopped into the boat in the midst of the three men, and for a time you couldn't tell the fish from the men. Somebody "beamed" the fish with an oar. The party then headed the boat toward the Pollard cottage on Pamlico Beach with their prize and searched the cottage for "liniment." Tarpon's not good to eat.

CLOSE VOTE

Ponesta, Pa., Sept. 10—(AP)—Voters in Harmony township are evening one another speculatively today.

In a special referendum vote yesterday on the question of liquor sales the drys won 101 to 100.

The wets had one consolation—there was no vote on the sale of beer, previously authorized in the township.

Last In Great Football Family

The name Davis has long been associated with football at Duke University, and last in the line of three brothers is Bill (Whitely) Davis, a leading guard candidate for the Blue Devils this season. From Wilson, N. C., Bill followed brothers Jap and Tom to Duke, and last year—his first in varsity play—he held down a second team position. This year he is a leading figure in the battle for a starting berth.

Winston-Salem's Industrial Water Consumers To Meet On Conservation

Winston-Salem, N.C., Sept. 10—(AP)—All large industrial water consumers have been called to a meeting in City Hall Friday night to plan immediate conservation measures to avoid a shutdown of factories in Winston-Salem's water shortage.

There were these other developments in a situation termed "alarming" by a citizens committee which yesterday visited Salem Lake, the city's water supply, and said it found the water level ten feet below the spillway top, an all-time low.

1. A plane was to ascend today in another effort to seed cumulus clouds with powdered dry ice and induce a man-made rain. A similar experiment Monday was partially successful.

2. F. M. Booker, of Winston-Salem, a well development engineer, was authorized to survey the Salem Lake area for possible locations of sub-surface, shallow water wells. He was to report to Mayor George Lentz next Tuesday.

3. Alderman C. F. Bauserman, chairman of the Public Works Committee, said he planned a series of talks before civic clubs next week on the seriousness of the situation and how water can be conserved. The city council last week adopted an emergency water conservation ordinance, with violators subject to fine or imprisonment, after it said a system of voluntary conservation had failed.

Seventeen-Year-Old Girl Is Future Star On Tennis Court Claim Experts

Forest Hills, N.Y., Sept. 10—(AP)—Already Beverly, playing in the national championships at Forest Hills for the first time, has demonstrated that she is remarkably hard to beat. By next year, or the year after that, she will be up there battling for the championship as sure as there is a tennis court in California.

Beverly made her real big time bow yesterday in a stadium match against Louise Brough, probably the world's second-best woman player. She was nervous, of course, and she was beaten, but not until she had made a vivid impression on the crowd by the obvious efficiency of her unorthodox tactics.

Stabilization Body May Buy One-Sixth Crop

Charleston, S. C., Sept. 10—The Charleston News and Courier said today that the fine-cured Tobacco Cooperative Stabilization Corp. expects to acquire approximately 200,000,000 pounds, or else to one-sixth of the nation's fine-cured cop this year.

The paper quoted Lloyd T. Weeks of Raleigh, executive secretary of the cooperative, as making the estimate.

Weeks said that about 65,000,000 pounds would be stored in warehouses of the South Carolina ports authority at North Charleston.

None of the crop acquired this year will be sold by the cooperative until February or March, Weeks added.

The cooperative is made up of tobacco growers who vote for acreage control. Under the cooperative plan, the Federal Commodity Credit Corp. guarantees participating farmers that their tobacco will sell for at least 90 per cent of parity price.

Verdict Upsets "Laws Of War"

Nuernberg, Germany, Sept. 10—(AP)—War crimes attorneys said today that yesterday's acquittal of towering, scar-faced Otto Skorzeny and his seven aides on war crimes charges may lead to a rewriting of the laws of war.

A court of American colonels at Dachau ruled the giant SS (Elite Guard) officer—described by some Americans as a "Don Quixote of war"—and his mates innocent of crime when they infiltrated U. S. lines during the Battle of the Bulge in 1944 and spread havoc while wearing American uniforms.

British Coal Mine Explosion

London, Sept. 10—(AP)—Eight men were killed and four were reported missing today in an explosion in a Yorkshire coal mine—seventh in a series of British mine disasters in which more than one hundred fifty men have been killed this year.

The blast was in Thornhill pit, Dewsbury, in an area where a five-weeks-old unauthorized strike has closed forty-four collieries.

BEWARE OF PIN-WORMS

Medical reports reveal that an amazing number of children and adults are victims of Pin-Worms.

Watch for the warning signs, especially the embarrassing, itching rectal itch. After embarrasing, itching rectal itch, really effective way to deal with them has been established through JAYNE'S P.W., the new Pin-Worm treatment developed in the laboratories of Dr. J. Jayne & Son.

The small, easy-to-take P.W. tablets give satisfaction of your money back. So why take chances on Pin-Worms? If you suspect this tiny infection, ask your druggist for P.W. and follow the directions. It's easy to remember: P-W for Pin-Worms!
