

Considerable cloudiness and continued warm and humid with scattered showers tonight and Saturday.

Steel Shortage Will End In Two Years Say Executives

Forecast Made After Senate Steel Committee Chairman Warns To Clean Up Abuses Or Be Prepared For Nationalization Of Industry

Washington, Sept. 12—(AP)—Two top steel executives predicted today the steel shortage will end within two years, and the industry then will keep pace with demand.

Benjamin Fairless and Eugene Grace, officials of the United States and Bethlehem Steel Corporations, respectively, told the Senate Steel Committee the industry is catching up with "abnormal demands."

They made the forecast after Chairman Edward Martin (R-Pa.) had told top executives of a dozen producers to clean up abuses in distribution or to be prepared for government policing, or even nationalization of the industry.

Fairless, president of U.S. Steel, replied sharply to a suggestion from Martin that the industry was not being sufficiently concerned about the welfare of its smaller customers.

"It is simply amazing to me that anyone should suggest, by inference or otherwise, that U.S. Steel has a 'public be damned' attitude," Fairless said. "Our attitude is, and always will continue to be, just the reverse."

Officials of the country's dozen principal producers denied assertions, previously made to the committee, that the industry's producing capacity has not kept pace with demand.

Martin said his group has heard "sound estimates" that 2,000,000 tons of steel has gone into the "gray market" this year at prices far above the normal figure. Fairless replied:

"U.S. Steel has tried to prevent any of its steel moving in improper channels. We believe we have had good success. If this committee will point to any specific case involving U.S. Steel, I assure you that the matter will be corrected promptly, if we can legally do so."

The "gray market" is so called because the high prices involve no illegality, although the transactions are similar to "black market" under-the-table deals which arose during price control.

"Though you did not cause the gray market," Martin told the assembled witnesses, "you have the power to cure it by the exercise of your leadership and your authority."

"Your government and your Congress are reluctant to add new disruptions to our free enterprise system. But if evils like the steel gray market and other abuses which have developed x x x do not end, don't be surprised when Uncle Sam moves in as a traffic cop."

Ask For State Of Emergency Status For City

Washington, Sept. 12—(AP)—Senators Hoev (D-NC) and Unstead (D-NC) asked President Truman today to declare a state of emergency in Winston-Salem, N. C., because of an acute water shortage.

The senators, both of whom are in North Carolina, sent the message to the White House through their aides in Washington. They told a reporter that the request will be forwarded to Mr. Truman enroute home from South America on the Battleship Missouri.

Placing the city in an emergency status would hasten acquisition of "needed equipment to increase the water supply" the Senatorial aides said.

Primitive Millions

India, Land Of Contrast; Taj Mahal And Mud Huts; Populace Still Tread Paths Of Century-Old Customs; Eye For An Eye; Superstition And Illiteracy

By DEWITT MACKENZIE

Barbarity displayed in the communal warfare between Hindus and Moslems in India has come as a shock to the average foreigner who has been accustomed to gauging life in that great and mysterious subcontinent on the basis of acquaintance with its famous names and achievements.

Many of us don't realize that the vast majority of India's four hundred millions are primitives.

We are given to thinking of India in terms of the Taj Mahal, adjudged by experts to be the world's most exquisite building. However, we do not realize that the "home" of the average inhabitant of this land of mystery is a mud hut whose outside is plastered with cow-dung which is drying in the sun for fuel to cook the thin gruel which is the main food of an ever-hungry people.

Indians in general are treading the paths their ancestors trod centuries ago. Only 14 percent of them above the age of five are literate, and anything beyond the ability to read and write simple letters is confined to a comparative few. Rank and file are deep in ignorance and superstition; they take their bodily ills and mental troubles to the spirit doctors who deal in lore

Postpone Scheduled End Of Conference

It's Legal, Ladies

St. Louis, Sept. 12—(AP)—Male court attendants winced and women in the courtroom nodded approval when Circuit Judge Eugene J. Sartorius held that a wife short of ready cash has a "legal as well as normal right" to rifle the pockets of her sleeping husband.

"Why even my wife does that and I can't do a thing about it," the judge said.

OUTLINES NEW MEASURES TO MEET CRISIS

British Labor Minister Says Capital Investments May Be Drastically Cut

London, Sept. 12—(AP)—Sir Stafford Cripps, president of the Board of Trade, announced today new cuts in Britain's armed forces and a slash in permitted capital investments as crisis measures to help stave off economic collapse.

The labor minister urged an immediate one-third increase in exports, and said capital investments would have to be cut drastically to make the increase possible. He said the Labor Government would use compulsion, if necessary, with all industry and labor to achieve production targets.

"Though we might be able to get further temporary assistance from the United States of America under the Marshall Plan or some other way, we cannot count upon this," Sir Stafford said in an address before 2,000 industrialists and unionists.

"We do not wish or intend to be tied by economic strings to the political policies of other countries, however friendly they may be."

Sir Stafford, warning Britons that even more austerity was in store for them, did not amplify his announcement of additional cuts in the armed services, which would release men for manpower-short industries. A high government source said earlier the cuts would go deeper than the government's original goal, which was to slash the services, now totaling 1,300,000 men, to 1,070,000 by March, 1948.

The minister said "it may well prove necessary to cut down capital investments in this country by 200,000,000 pounds (\$800,000,000) a year." He did not, however, commit the government to a specific figure.

Science Invades Laundry Field

State College, Pa., Sept. 12—(AP) Sound may some day replace the fury of wash day.

Two Pennsylvania State College scientists—Dr. Pauline Beery Mack and Dr. Harold K. Schilling—reported today that in a recent demonstration at the college a soiled cloth in a bucket of soapy water was exposed to ultrasonic sound waves of 18,000 frequency with the result that the cloth came out of the water adequately laundered.

That means that one union leader—like Lewis—by refusing to sign could deprive all AFL unions of access to the NLRB.

Although AFL President William Green said last Monday that a decision would be reached today, and that he would recommend that the AFL council members sign the affidavits, reports reached that 15 top AFL officers were at odds over which course to take.

The dread threat of a cholera epidemic hung over India and Pakistan today as supplies of serum were rushed to refugee camps throughout both countries, following reports of 400 cholera cases with a 10 per cent mortality rate in Kasur Camp near Lahore in the Moslem sector of the Punjab.

Some additional cases of the disease were reported in four other camps around Lahore.

A military spokesman said no cholera has been reported yet in the jammed Delhi refugee camps where thousands of Moslems—seeking military protection from Hindu-Sikh violence—are living in filth and starvation.

Many of the camps in this area are reported to be without water supply and some of the camps have gone without food as long as three days.

Marshall To Personally Direct Strategy; Indications Are That U.S. Hopes To Take Commanding Spot In General Assembly Debate

Paris, Sept. 12—(AP)—The British foreign office announced today that Foreign Secretary Ernest Bevin had postponed the scheduled winding session of foreign ministers of 16 nations of the Marshall plan, because of United States criticism of a "final" report on Europe's needs.

A foreign office spokesman in London said Bevin, as chairman of the final session scheduled for next Monday, had advised the foreign ministers of the decision and that no alternative date had been suggested. Authoritative London sources said they expected the delay would be at least a week, and possibly two, so that the 16 nations' delegations could act upon American advice to prune their estimates.

A secretariat source here said it was possible the conference would remain in session for almost three additional weeks to rewrite their report, said now to call for nearly \$18,000,000,000 in U. S. aid in the next four years.

This informant said William L. Clayton, U. S. undersecretary of state for economic affairs, told the conference executive committee Wednesday night he found the report "too indigestible" in its current form and objected to the method of presenting statistics.

Bevin, who remains in London, was expected to confer today with Clayton. British officials were believed to be particularly concerned with the American blast at the report, because they had been claiming all the initiative and most of the credit for framing the report.

LEWIS BLOCKS UNION SIGNING

Singlehandedly Opposed Non-Communist Affidavits By AFL

Chicago, Sept. 12—(AP)—Opposition of John L. Lewis to the signing of non-communist affidavits by union leaders under the Taft-Hartley act forced the AFL executive council today to postpone its expected announcement of policy toward the labor act.

Lewis was reported to be holding out singlehandedly against signing the affidavits, although the 14 other members of the council favored complying with that provision of the new labor law. Failure to swear that they are not communists will deprive all AFL unions of use of the National Labor Relations Board facilities.

By blocking the action of the council, Lewis therefore is in the position of keeping all AFL unions from utilizing machinery of the NLRB.

NLRB general counsel Robert N. Denham has interpreted the act to mean that not only the officers of each union must sign, but officers of the AFL and CIO—federations which hold the unions together—likewise must furnish the affidavits.

That means that one union leader—like Lewis—by refusing to sign could deprive all AFL unions of access to the NLRB.

Although AFL President William Green said last Monday that a decision would be reached today, and that he would recommend that the AFL council members sign the affidavits, reports reached that 15 top AFL officers were at odds over which course to take.

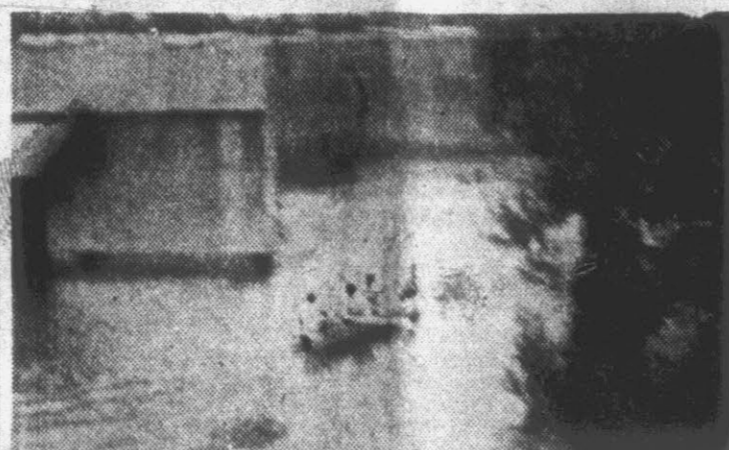

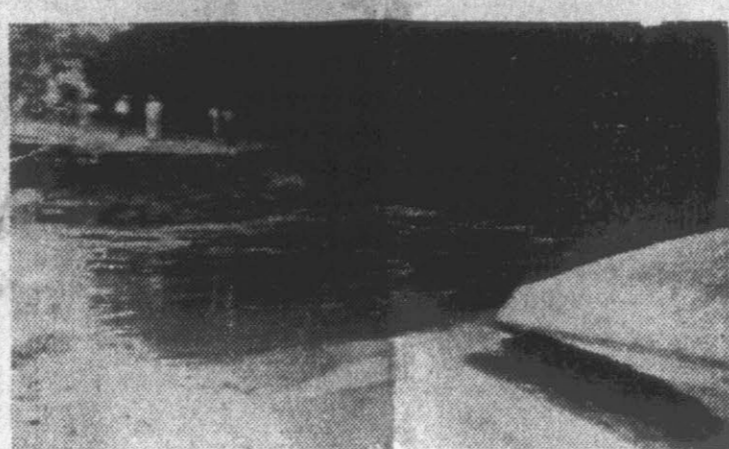

Dread Threat Of Cholera Hanging Over India

New Delhi, Sept. 12—(AP)—The dread threat of a cholera epidemic hung over India and Pakistan today as supplies of serum were rushed to refugee camps throughout both countries, following reports of 400 cholera cases with a 10 per cent mortality rate in Kasur Camp near Lahore in the Moslem sector of the Punjab.

Some additional cases of the disease were reported in four other camps around Lahore.

A military spokesman said no cholera has been reported yet in the jammed Delhi refugee camps where thousands of Moslems—seeking military protection from Hindu-Sikh violence—are living in filth and starvation.

The Day The Rains Came

Above are photos of the flood that visited the Greenville area last Sunday following a torrential cloudburst. Top photo shows the 150-foot wash-out section on Highway 284 at Hardee's Run, two miles east of Greenville. The picture was made after the water which reached a depth of two and a half feet over the highway had receded. In the center of this picture can be seen the wheels of a truck which crashed through the barricade and overturned in the rushing waters. Center photo shows a crew in a boat about to enter the Gold Leaf Warehouse which was flooded by water from Green's Mill Run. The bottom picture is of the flooded home of Dewey Page, located just off Tenth Street extension. The Page family, including his invalid mother, were rescued from the house by local police and firemen. (Photos by Danny Odum)

U.S. State Department Protest To Yugoslavia

Demand Immediate Release Of Nine British And American Military Personnel Seized In The Vicinity Of Trieste

Washington, Sept. 12—(AP)—The United States has demanded the immediate release by Yugoslavia of nine British and American military personnel seized by the Yugoslavs in the vicinity of Trieste.

The State Department said today the demand was made in a vigorous protest to the Yugoslav government against the unwarranted detention and maltreatment of 14 British and American military personnel, five of whom already have been released.

The American note was presented to the Yugoslav foreign office last night.

Among those reported still held are the Yugoslavs are two Americans—an army officer and an enlisted technician. Seven are British, either soldiers or technicians.

All were seized near Trieste where Yugoslav, American and British soldiers are occupying this former Italian territory, soon to be internationalized under the United Nations.

The State Department said it (Continued on Page Four)

New Jet Bomber Ready To Begin Ground Tests

Washington, Sept. 12—(AP)—A new jet bomber which may attain speeds even greater than present jet fighters was rolled out of its construction hangar at Seattle today.

The Army Air Forces, announcing that the XB-47 is ready to begin ground and taxi tests at the plant of the Boeing Aircraft Company, described the airplane as a "radical new experimental bomber design" with sharply sweptback wings and tail surfaces.

The announcement said the XB-47 is powered with six General Electric jet engines—four mounted in pairs under the inboard sections of the wing and another mounted out near each wing tip.

Experts familiar with planning of the XB-47 said blueprints provided for two rocket motors near the tail to be used for emergency bursts of power. This would be the first combat-type aircraft with such equipment.

The Air Forces gave no hint of the expected speed, but the design carried streamlining to the maximum degree. Even special gun mounts were blueprinted, to prevent any gun muzzle projection from causing air turbulence and drag in the otherwise sleek lines of the bomber. The speed record now is held by a Navy jet fighter at 643.6 miles per hour.

The AAF said that overall dimensions of the XB-47 are similar to those of the B-29 Superfortress, adding that the wing span is approximately 116 feet and length about 106 feet.

United States' Delegation To UN Confer On Policies

Food Prices Retain High Retail Levels

Hope Of Relief Seen In Easing Wholesale Prices For Some Commodities; Butter And Eggs Reach Dollar Stage

New York, Sept. 12—(AP)—Retail food prices either advanced or held to their high levels today, but hope of relief was seen in easing wholesale prices for some commodities.

Eggs hit \$1 a dozen in some Philadelphia and New York stores. Choice steaks continued to sell at \$1 a pound or better. Butter commanded \$1.05 in some stores in both cities, and chain store butter advanced to 92 cents a pound.

But prices of most grades of butter dropped a cent a pound on the New York wholesale market.

Hope of breaking the upward price spiral also was seen in food commodities.

Cheaper cuts of meat edged upward as demand was increased by housewives snaying away from choice grades.

Increased prices of poultry, eggs and cheese were also attributed in part to the search for meat substitutes.

A spokesman for the New York League of Women Shoppers said the organization could no longer recommend the use of substitutes "without feeling like hypocrites."

"We feel we must fight now for a return to price controls and rationing."

Organized consumer resistance was reported from Toledo and Springfield, Ohio; Salt Lake City, Detroit and St. Louis, either in the form of housewives organizing ousters' strikes or in the opening of co-operative consumers' grocery stores by trade union locals.

BLAST AT SEA DAMAGES SHIP

Engineroom Explosion On British Liner Fatal To Eighteen

Belfast, Northern Ireland, Sept. 12—(AP)—Eighteen dead or dying men and more than 50 injured were brought ashore today from the British liner Reina Del Pacifico, which docked here badly damaged by an explosion at sea.

While hundreds crowded the dock area, the 17,702-ton motorship was towed in and police began an inquiry, studying among other things what they described as the possibility of sabotage.

The wartime troop transport, on a trial run after being refitted for resumption of peacetime service, was torn by an engineroom blast yesterday about 12 miles north of Copeland Island, which lies just off the coast near the mouth of Belfast Bay.

An SOS brought five tugs and a lifeboat carrying doctors and nurses. One of the doctors reported 34 of the injured "terribly burned" and said some probably would die.

Fifteen men were killed outright and three died this morning in hospitals.

The injured, taken off at sea in lifeboats, were put in hospitals in Bangor, Donaghadee and Newtownards.

The 17-year-old Reina Del Pacifico—the name is Spanish for "Queen of the Pacific"—voyaged 500,000 miles on sea service without sustaining damage.

Rejects Appeal To Reinstate Three Patrolmen

Raleigh, N. C., Sept. 12—(AP)—After hearing strong appeals for the reinstatement of three highway patrolmen, Governor Cherry told a delegation of more than 70 yesterday that he could not grant the request but would assist the men in gaining employment.

The governor said "future conduct" of the ex-patrolmen would determine whether the state would offer the men employment.

Men involved are C. L. Teague, John W. Wilson and Arthur W. Fields. They turned in their patrol commissions following the outgrowth of reports last month that they beat a recaptured convict.

Teague later was fined \$25 and costs in Halifax Recorder's Court for simple assault; and his former colleagues were acquitted.

The governor told the group in his office that "I've got a job to do, and I cannot reinstate them."

Test In West

Santa Cruz, Calif., Sept. 12—(AP) Senator Taft, Republican of Ohio, opening a western prospecting tour for the Republican presidential nomination, declared today this country is not going to enter a world state that envisions concentration of all power in a distant capital.

The Ohio senator, who said he will not decide until he returns home after his far western wing whether he will be a candidate, told the state bar of California the New Deal had tried to "get rid of states rights so it could concentrate all power in Washington."

"In my view," he said in an address prepared for delivery in a panel discussion at the lawyers meeting, "the great issue today is that of a free people against a totalitarian state."

SENATORS SEE EXTENSION OF RENT CONTROL

Four Predict Congressional Action If Inflationary Trend Continues

Washington, Sept. 12—(AP)—Four senators who often differ on legislative matters agreed today that Congress is likely to vote an extension of rent controls beyond next February 29.

Senators McCarthy (R-Wis.), Vandenberg (R-Mich.), Sparkman (D-Ala.) and Myers (D-Pa.) voiced their predictions in separate interviews.

Myers only yesterday said he believes Congress should be summoned into special session by early November to tackle the problems of rising living costs at home and aid to Europe.

He declared it is "apparent that our economy is threatened by inflation today as it was by military aggression a few years ago."

Sparkman commented that he has opposed proposals to extend and (Continued on Page Four)

Madison Square Audience Cheers Henry Wallace

New York, Sept. 12—(AP)—Henry A. Wallace last night told a crowd estimated by police at 18,000 that "under the Republicans Wall Street ran America; under the present administration Wall Street is all set to run the world."

Wallace spoke at Madison Square Garden, scene of his speech a year ago tonight that precipitated his dismissal as secretary of commerce.

The meeting was sponsored by the progressive citizens of America.

The crowd cheered for several minutes as the one-time vice president stepped to the rostrum. Hisses and boos followed his mention of Herbert Hoover, defense secretary Forrestal and others he attacked.

Prefabricated Homes

Prefabs Produced More Slowly Than Expected; Reasons Why This Is So; Houses Of This Type Not Temporary; Lower Costs As Competition Grows

Washington, Sept. 12—(AP)—Some day hundreds of thousands of homes may be mass-produced on the assembly line, like autos. But that day is not here yet.

Prefabricated houses—that is, houses made in factories and shipped in pieces to the site—have been produced more slowly than expected.

This has been a bitter disappointment to people who hoped that these permanent little houses would have a major part in the fight against the present housing shortage.

When Wilson Wyatt was federal housing expediter, he set up these production goals: 250,000 prefabricated homes in 1946, and 600,000 in 1947.

But the office of the housing expediter says that only 37,200 prefabricated homes were made in 1946. And only 18,275 were made in the first seven months of 1947.

U.S. Criticism Of "Final" Report On Europe's Needs Brings Action; Delegates May Further Cut Estimates

New York, Sept. 12—(AP)—Indications mounted today that the U. S. delegation to the United Nations, operating under the personal direction of Secretary of State Marshall, hoped to move into a commanding spot in the early days of the general assembly opening here Tuesday.

The entire delegation was summoned this morning to start mapping strategy and Marshall himself was due to arrive tonight to join the conferences. The skull drills will continue tomorrow and Monday.

It also was learned that Marshall will be the second among the 55 chief delegates to speak in the assembly's general debate. He will follow Mexico to lay down basic U. S. policy next Wednesday.

The firmness of the American line and how far Marshall was prepared to go in taking the lead remained to be seen, but the U. S. plans far outstripped the 1946 setup.

Last fall Secretary of State James F. Byrnes—pre-occupied with the foreign ministers council sessions running simultaneously in New York—appeared only once in assembly debate. He left senators Arthur Vandenberg (R-Mich.) and Tom Connally (D-Tex.) and permanent delegate Warren R. Austin to carry on in the U. N.

After President Truman's address to the assembly last fall, the American delegation decided to forego any other policy speech. However, after Soviet Foreign Minister Molotov suddenly dropped his arms reduction proposal into the hopper Austin took the floor near the end of the debate.

In addition to Marshall, the U. S. delegates this year are Austin, Herschel V. Johnson, Mrs. Eleanor Roosevelt and John Foster Dulles. Alternates are Charles Payer and Adlai Stevenson, both formerly of the State Department; Dr. Virginia Gildersleeve, former dean of Barnard College; Willard Thorp, delegate to the economic council, and Francis Sayre, delegate to the trusteeship council.

Postal Lottery Policy Reversed In New Ruling

Washington, Sept. 12—(AP)—The Post Office Department ruled last night that newspapers carrying stories in which there is "incidental" mention of a lottery will not be barred from the mails.

The ruling, a reversal of long-standing policy, represents a new interpretation of the law which provides that newspapers publishing the names of lottery winners are not mailable.

The decision followed a challenge by the St. Louis Star-Times of the St. Louis postmaster's right to bar from the mails its editions which told how a North Carolina Negro held a winning ticket in a lottery for a Cadillac automobile, only to be denied the prize on the ground that the drawing was for whites only.

Frank J. Delany, the department's solicitor, said that after talking it over with Postmaster General Robert E. Hannegan he decided:

"Despite the literal wording of the law it was not intended to exclude from the mails publications of such items x x x which have a news value in their own right and in which the lottery element is only incidental to a newsworthy event."

One of the factors in his resignation last December was a fight with the Reconstruction Finance Corporation. Wyatt insisted that the RFC make more loans to people who wanted to enter the prefabricated industry.

Another obvious reason for the slow progress of the industry was the shortage of lumber, nails, almost all materials, especially during 1946 and the early part of 1947.

Harry H. Steidle, manager of the Prefabricated Home Manufacturers Institute, mentions the 1946 shortage of materials; the continuing shortage of plywood; the present high prices of materials, and the fact that building codes in some cities hinder the erection of "prefabs."

He also blames buyer resistance. This amounts to saying that people haven't taken to prefabricated houses as readily as Wyatt expected.

Steidle said part of this buyer resistance was caused by the general housing administration because it encouraged people to avoid buying homes of all sorts at present prices.

He said some of the buyer resistance was caused by the government's help of the industry.

Wyatt was enthusiastic over prefabs, but not everybody shared his enthusiasm. He had elaborate plans for stimulating the output not only of wooden houses but also houses

Social and Personal

Mr. and Mrs. F. P. Bowen, Mr. and Mrs. M. V. Sawyer, Mr. and Mrs. C. K. Mayo have returned from Myrtle Beach, S. C. where they attended the Home Security annual convention.

Cliff Edwards, Jr., is in Raleigh to attend the debutante ball.

Miss Beverly Nelson, daughter of the Rev. and Mrs. J. A. Nelson, left last Monday to enter Wake Forest College.

Paul Bissett Jr., of Wilson is spending the week in Greenville. He is associated with Bissett's Drug Stores.

William Craft and Meredith Cavendish have left for Wake Forest where they will resume their studies in the Wake Forest Law School.

Mr. and Mrs. J. I. Bridgers and little son, J. D. Jr., arrived this afternoon to spend a few days with Mr. Bridgers' parents, Mr. and Mrs. S. I. Bridgers.

Mrs. E. F. Tucker of Carolina Beach is spending a few days here with her son, G. A. Taylor, at 212 Paris Avenue.

Birth Announcement
Mr. and Mrs. Worth Anderson announce the birth of a son Ronnie Wayne, on Sunday, September 7, 1947, in Pitt General hospital.

Attending Debutante Ball
Attending the debutante ball in Raleigh tonight are Miss Kathryn Van Nortwick, her marshals, Dr. John Wooten, chief marshal, Ralph Garrett, Herbert Lee and Herbert Waldrop of Greenville, and Paul Geer, Jr., of Morehead City; Miss Lillian Wooten and her marshals, Charles Pace, chief marshal, Bill Lee and David Whitehead of Greenville, Penn. Watson and Bu. Boykin of Wilson, W. M. Scales, Jr. and Jim Lanier will attend as marshals for Miss Betsy Evans of Enfield, Warren Ficklen with Miss Hontas

40 Years Ago

THE DAILY REFLECTOR
September 12, 1907
The ladies who are coming in from the country now to do their shopping would appreciate finding that rest room.
With cotton bringing around 12 1/2 to 13 cents those who sold in advance from 10 to 11 can see what they missed.
The funniest thing yet is this sent out from Washington: "Unless reports are greatly exaggerated the North Carolina directors of the Southern railroad never retire at night without looking under the bed for Editor Josephus Daniels."
That's a good joke, but then Editor Daniels is not going under the bed. He comes out in the open and fights and fights for what he believes to be right. You can't down Josephus Daniels but there's no back door about the News and Observer.

Whittaker of Kinston, and Billy Sugg with Miss Lillian McCulloch, of Elizabethtown.

Ada Cherry Class to Meet
The Ada Cherry Sunday school class of the Methodist church will meet Monday night, September 15, at the home of Mrs. W. M. Swindell, 22 Woodlawn Avenue, at 8 o'clock.
Assisting hostesses will be Mrs. Carl McKinney and Miss Mary Belle Eldridge.

Immanuel Baptist Church
Now that the vacation season is over, it is time to rally our forces for the fall and winter work. We need the support and cooperation of every member of our church. To this end, we invite you to be present at Sunday school and church on Sunday morning. The pastor will speak on "The Secret of Real Christian Living," and Mrs. Burt Green and Mrs. Doris Smith will sing, "The Lord Is My Shepherd" by Excel.
Plan now to be in your place next Sunday. Invite someone to come with you. Visitors will find a warm welcome at each service.

Jarvis Memorial Church
Dr. H. G. Haney will be the preacher at the evening service at Jarvis Memorial Church on Sunday evening at eight o'clock. A cordial invitation is extended to all to share in this worship service and in all services at the church.
Young people will meet in their regular fellowship service at 7 o'clock and all young people of the church are invited to attend.
The pastor will preach at the Sunday morning service at eleven o'clock.

Christian Church Announcements
At the Christian Church Sunday morning Miss G. Watkins Allgood will sing "There Is A Green Hill." The pastor, Dr. H. G. Haney, will speak on the text "You Have Compassed This Mountain Long Enough, Turn Ye Northward." This is an experience of Israel which has been duplicated time and again in the history of men and nations, and in it there is a call of God to the Christian peoples of our world just now.
The Woman's Council meeting

for September will be held on Monday of the following week, September 22, at the church.
The announcement has been made at the national office of the Disciples of Christ in Indianapolis that the Greenville church is on the honor roll of churches reaching their quotas in the matter of subscriptions to the eternal missionary journal, the World Call.
Mrs. A. F. Harrington has been for some time chairman of that committee. Two very interesting ventures will be made by the Christian Churches in North Carolina this fall, one at Winston-Salem and the other in Greenville, in which a great many ministers will participate in a visitation evangelistic effort in conjunction with prominent laymen in the local church. The date for the Greenville project is October 19-23.

Third Street School P. T. A.
On Wednesday afternoon the parents and teachers of the Third Street school held their first meeting of the year.

The president, Mrs. Vance Arnold, opened the meeting by giving all members a cordial welcome. All new mothers were asked to stand and introduce themselves, and the new sixth grade teacher, Miss Vera Hamilton, was recognized.
Mrs. H. B. Drum read the devotional from the 23rd Psalm, and Miss Laura Foley led in prayer. The members then joined in singing the P. T. A. song.

The minutes were read by Mrs. James Brewer, secretary, and the treasurer's report given by the president in the absence of Mrs. Smaw, treasurer.

The president read the list of committee chairmen for the year as follows: President, Mrs. Vance Arnold; treasurer, Mrs. T. F. Smaw; secretary and publicity, Mrs. James Brewer; hospitality, Mrs. Ray Bowen; program, Mrs. R. B. Lee; membership, Mrs. Hinton Best; room representative, Mrs. Dan McArthur; welfare, Mrs. Sam Northrop; magazine, Mrs. Lawrence Howie; summer round up, Miss Norman; recreation, Miss Norman.

Mrs. Arnold announced that the district conference will be held in Greenville on October 7th. She urged all members to attend.

She also announced that the Third Street P. T. A. will sponsor the sale of Purify Products one week during the month of September.

A letter was read from Mrs. D. M. Clark in which she presented the school \$32.00 as a gift from the seventh grades of the past two years.

The Halloween festival for next month was discussed. It was decided that money now in the treasury shall be spent for much-needed playground equipment and that money raised in this year's festival shall be spent on a movie projector for the school.

Miss Laura Foley stated that anyone interested in being a Brownie leader or Girl Scout leader would please get in touch with Mrs. Henderson, Girl Scout director. She said that these leaders are desperately needed.

Miss Foley announced that the lunchroom would open as soon as repairs are made and a manager is procured.
The prize for attendance was won by the first grade, whose teacher is Miss Elizabeth Norman.

The Agriculture Department's estimate that this year's drought-damaged corn crop will drop to 2,400,913,000 bushels compares with 2,297,927,000 bushels produced last year. The estimate is based on conditions as of Sept. 1.

W. C. T. U. Notes

The state W. C. T. U. convention convenes October 15th and 16th at the First Baptist Church in Winston-Salem. The executive meeting will be held October 14th at 2:30 p. m. It is earnestly hoped that a number from the Greenville chapter can attend this convention.
All members who have not paid their seventy-five cents for promotional and educational work this year are asked to please send this amount to the president or treasurer if possible before September 20 that it may be in the state treasury before the convention convenes in October.

The annual roll call meeting of the local union will be held at the Sheppard Memorial library on the afternoon of October 29th at 3:30. Mrs. Wiley Brown, program chairman, is planning an interesting and uplifting program for the afternoon. At this meeting the annual dues of one dollar per member will be received. This money is used to pay for one year's subscription to White Ribbon, for state and national work with a very small per cent being used for international temperance work. Indeed this is a wise investment for one dollar. A large attendance is greatly desired. Those who cannot attend can send their renewals by some friend. Please be much in prayer for this roll call day and also the state convention.

For the kindness extended the Greenville union by WGTC each member is very grateful. The courtesy with which those who give temperance broadcasts are received by WGTC personnel makes broadcasting a pleasure.

Below are some forceful quotations with reference to the liquor traffic and ABC stores:

Rev. E. F. Sullivan, president of

the Allied Church League, of Hickory—"I cannot afford to help damn our children for taxes derived from the sale of liquor. By the help of God I will oppose liquor and liquor stores with all my strength till God calls me home."

Dr. P. E. Monroe, president of Lenoir-Rhyne college—"An individual or community cannot handle soot without getting their hands black, so I have never found any good system of controlling the liquor traffic. It is an enemy of mankind, and to everything that is good and uplifting in a community."

Dr. L. A. Martin, editor of Tomorrow—"America needs, as it has never needed before to go literally to its knees and cry to God to save America."

Arrest Man Here On Serious Charges
Greenville police last night arrested Robert A. Askew, 43, on charges of assaulting with a deadly weapon (a pistol) Helen Evans, near the Barbadee Inn, in the southeastern part of the city, yesterday.
The police also charge Askew with carrying a concealed weapon and driving a car while drunk.
He will be tried in Police Court Monday.
Tests indicate that an acre of cotton can be produced with 30 hours labor with machines compared with 130 hours of hand labor.

and to everything that is good and uplifting in a community."

Pitt County Woman Reports Trip To World Convention In Holland

Mrs. J. Brooks Tucker, of Pitt County, representing twenty-three counties in northeastern North Carolina as a delegate to the international conference of the Associated Country Women of the World, is one among over a thousand such women from points as far distant as Australia who are meeting this

week in Amsterdam, Holland. Mrs. Tucker's letter to members of the Home Demonstration Club follows:

Amsterdam, Holland
September 7, 1947
Dear Home Demonstration Club Members—

It is impossible to write you individually so I am taking this means of tell you of my safe arrival in Amsterdam.

The trip over on the Queen Mary was everything that one could desire. Perfect weather and a smooth sea, with just enough white caps to make the picture complete. The ship is so huge and beautiful that that must be a story by itself.

We were all on deck as we passed the Isle of Wight and Portsmouth and on into Southampton. Thrilled? That is a mild description indeed. England is having its labor troubles too, and though we docked at 12:30 a.m. on Tuesday morning, September 2, we did not get off the boat until 10 o'clock.

After customs inspection, which was quite a procedure for eighty women in the American and Canadian delegation, we boarded buses for Bournemouth, one of England's most beautiful and fashionable seaside resorts. It was here that British and American craft assembled for the D-Day invasion of Normandy. We spent one night there, leaving early Wednesday morning for London.

There were many historical places to visit so we travelled through the beautiful English countryside, down the King's Highway. There was Salisbury Cathedral, built in the 13th century; and Warwick Castle, a medieval fortress surrounded by a moat, and still occupied by a direct descendant of the Dudleys. We saw Shakespeare's birthplace and visited

HOLLYWOOD IN BERLIN—In front of the famous Brandenburg gate, damaged during the war, a camera crew from Hollywood makes location shots for a forthcoming film.

Ann Hathaway's quaint cottage; and the city of Oxford with its 27 colleges, eating supper at an old inn called the Roebuck.

England and Western Europe are suffering from the worst drought in over ten years. The pastures and lawns were quite brown but we were amazed at the abundant fruit crop and vegetables. Grain was being harvested and the crop is short. There is a bad infestation of caterpillars, which are destroying the cabbages and lettuce. We were charmed with the picturesque thatched roofs of the cottages and tiny casement windows.

It was very late when we reached London, and too dark to see any destruction due to the war. Thursday was another day, and everywhere we looked we saw war's devastation. Block after block of buildings destroyed. Churches, homes, St. Paul's Cathedral, House of Commons, Westminster Abbey—rich, poor, ancient or modern, nothing was spared, and so much damage that can never be replaced. The gigantic task of reconstruction is going forward, slowly but surely. I have great respect and admiration for the English people.

Everything is closely rationed in England and while there is an abundance of vegetables and fruits they are very high. The fats, cheese, milk and egg shortages are acute and the people are not at all optimistic for they face further reductions in rations; beginning October first.

American women are naturally easy and cheerful but even we were depressed as we left London by train for Harwich, where we boarded a boat for the Hook of Holland, spending the night on the boat.

We love Holland and its amazing people, who have suffered so much during the war and the Germans'

occupation; with their dikes destroyed and fertile fields flooded by the sea; yet they smile and sing because they are so happy to be free again. They have rebuilt the dikes, and are reclaiming the lands flooded by the salt sea water. Everywhere, beautiful gardens of vegetables and flowers, beautiful "black and white" cows, homes with shining windows and snowy curtains; canals criss-crossing the land everywhere; windmills and boats and more boats; and a fresh greenness everywhere though Holland, too, is suffering from a drought.

We reached Amsterdam by motor-bus, stopping enroute at the Peace Palace at the Hague, coming through Rotterdam where 35,000 homes were bombed by mistake, killing countless civilians and seeing German pill-boxes and fortifications all the way. How anyone survived in this little land is a miracle.

We in America have so much to be thankful for, and our puny sacrifices were as nothing compared with the enormous sacrifices and suffering of these gallant and brave Dutch people.

The American delegation and the five delegates from North Carolina in particular are happy to be here in Amsterdam to attend this international conference of the Associated Country Women of the World. Over a thousand delegates have arrived and we all hope that vast good will be accomplished here. It is heart warming to see so much friendliness and good-will between the eighteen countries and the United States represented here in this conference.

With all good wishes to you in Pitt County, I am ever,
Sincerely Yours,
Mabel Tucker
(Mrs. J. Brooks Tucker)

Elks Initiate New Members And Feast

At a meeting of Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, last night, six new members were initiated. Judge Albion Dunn, exalted ruler, presided. They are Alton Barrett, Howard G. Porter, Ford McGowan, J. L. McDonald, P. T. Anthony, and W. J. Edwards, whose membership in the Washington Elk Lodge was transferred to Greenville.

Judge Dunn, E. Hoover Taft and Dr. P. L. Prklesimer were elected delegates to the North Carolina Elks Association convention to be held in Gastonia next month.

Heber Tripp, chairman of the Building Committee, reported on several prospective sites for building an Elks home. A barbecue supper was served before the lodge meeting. The Elks Lodge now has nearly 200 members. It was organized here six years ago.

FARM BUREAU OPENS DRIVE

Launch Biggest Membership Campaign In County's History

Organization work on the Membership Campaign of the Pitt County Farm Bureau has been completed and the actual work of soliciting membership renewals and new members will begin on Monday, September 15 under the leadership of F. F. Hendrix, County Membership Chairman, it was announced today.

The following community chairmen will conduct a drive in their respective communities with the help of other Farm Leaders: Ayden, J. D. Cannon; Bell Arthur, P. S. Rasberry; Bevoir, Julius Parker; Bethel, W. A. House; Carolina, Mrs. Lydia Barnhill; Shelmerdine, L. C. Venters; Black Jack, Elijah Mills; Simpson, G. S. Porter; Grimesland, Leslie Elks; Fiskland, G. H. Pittman; Farmville, Mrs. L. R. Jones; Fountain, J. L. Dozier; Greenville, Mesdames Oscar Hardee and J. L. Stanley; Pictious, Cecil Satterthwaite; Grifton, Brown Hodges; Gardner's Cross Road, J. J. Edwards; Winterville, G. D. Cox and Roy Davenport.

Mr. Hendrix urges all farmers, landlords and tenants to join the Farm Bureau immediately. He requests the farmers to not wait to be solicited, but to pay dues to the community chairmen or mail dues to the Pitt County Farm Bureau Office, Greenville.

To Demonstrate "Lauderette" Here Tonight

By CHESTER WALSH
Keeping abreast of progress and in step with modern improvements and public service, J. C. Galloway and C. E. Fleming of Greenville have established here a modern laundry, known as the "Lauderette," in a thoroughly modern building at Washington and Ninth Streets, where a week's washing may be left for service and you may return for it in half an hour and it will be ready.

The famous "Bendix" automatic laundry machines are used and the clothes are rinsed three times in fresh, clear water, the owners said today.

The "Lauderette" will be open for public inspection tonight beginning at 6 o'clock and everybody is invited. They will demonstrate the machines and emphasize their slogan, "The 'Lauderette' now rings workless washdays to your neighborhood with the famous 'Bendix' automatic laundry." It will be open for business tomorrow.

The owners said today they established the "Lauderette" in Greenville in response to public demand for the best facilities for washing clothes and other things under sanitary and thoroughly cleansing conditions.

Jaycee's Effort To Secure Veterans Hospital Here Backed By VFW Post

The VFW held its regular supper meeting last night and went on record as being in complete accord and willing to help in any way possible the Jaycee's project of trying to secure a 1000 bed Veterans Hospital in Greenville. The Veterans Administration is planning to erect this hospital in Eastern North Carolina and have already appointed a committee to investigate twenty-two towns in this area. The VFW also highly praised the fine efforts of the Jaycees in enlarging and improving the city.

Much discussion was held and expressions of dissatisfaction were heard about the County Commissioners going against the wishes of the veterans in the appointment of the Pitt County Service Officer for the coming year. It was pointed out that the local VFW and the American Legion represent a large majority of the veterans in Pitt County and that both of these organizations endorsed a World War II man for the office.

A membership drive for 1948 was planned and the post voted to have free supper at the meeting on

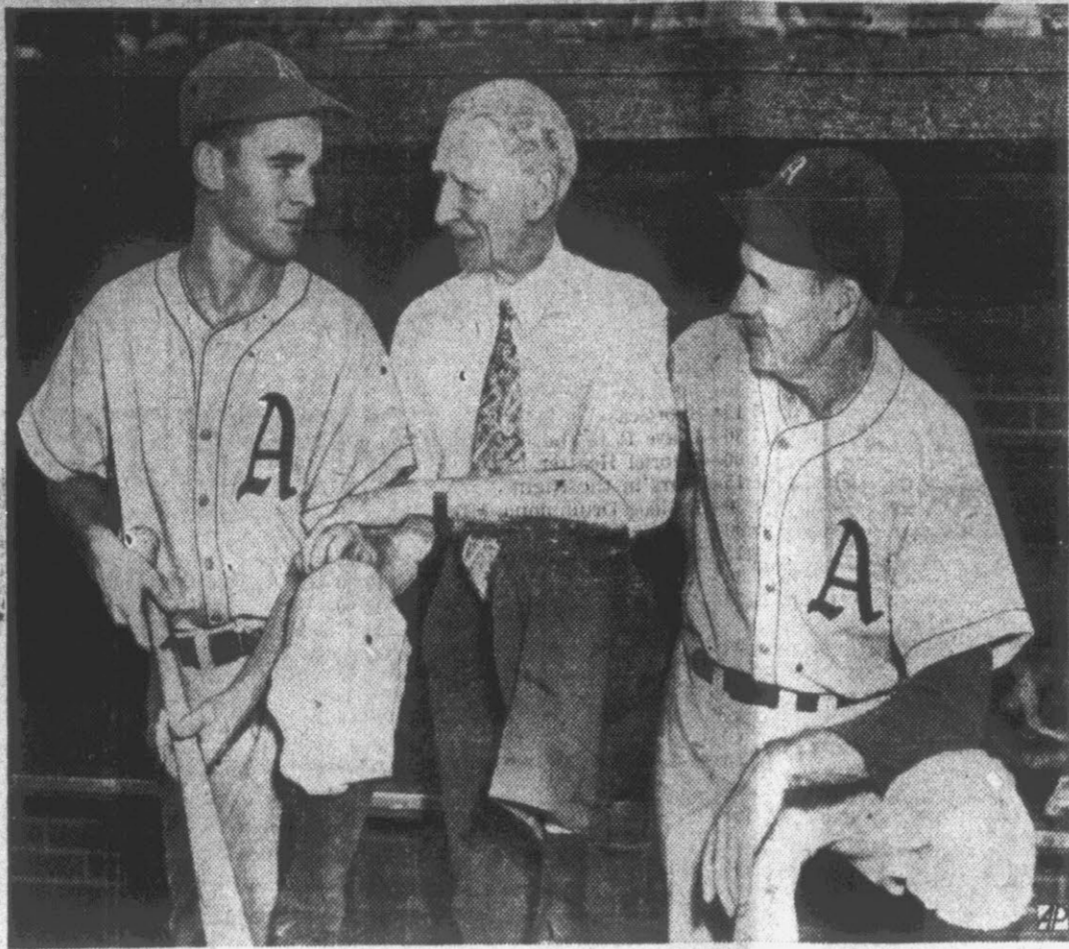

Oct. 9 to all members who had paid their dues or who would pay them the night of the supper.

Commander Lewis appointed a committee to investigate the possibility of obtaining a plot of land on which to build a VFW clubhouse. Larry Averette, chairman of the Dance Committee, reported plans for a big Thanksgiving Dance on November 26. The committee is trying to obtain Guy Lombardo and his orchestra or some other big name band.

The post also voted to return to their former two meetings a month, one a supper meeting, the other a business meeting.

Commander Lewis notified the post that the rifles for the firing squad had been received and urged the men to begin practice so that they would be able to render Military Services for the deceased Comrades when they are returned from overseas.

Automobiles have to be carried peace-meal on the backs of coolies over the mountains to reach Nepal, a state in India.

THREE GENERATIONS—Connie Mack III, 17, his grandfather, Connie Mack, and Earle Mack (l. to r.) were snapped in this three-generations pose during an Athletics' road trip.

Plyler Super Market Drew Throings Today

Plyler's Super Market, one of the most modern self-service super markets in this part of the state, had its formal opening today at 205-207 Evans Street, opposite the armory, and the crowds were there. The store is locally owned. L. L. Plyler, formerly of Salisbury and long experienced in the super market business, is manager. Claude A. Plyler, Jr. of Greenville is assistant manager.

The store contains 6,498 square feet of floor space and has all equipment and conveniences usually found in super markets in metropolitan cities. It has a mammoth refrigerating plant, ample ventilation and daylight illumination. Rest rooms are provided for white and colored persons. Five cashiers are on the job to check out customers who have selected their purchases. Front and rear entrances are available. Present plans provide for additional parking space.

W. E. Hooker of Greenville owns the store building and adjoining property.

run driving charge. The third man, Rudolph Lovick, driver of the car, was turned over to State Highway Patrolmen of Washington for failure to report an accident on the highway.

Police said the three men admitted colliding with a car between Williamston and Washington and not stopping. A highway patrolman said Lovick collided with a Florida car and that after reporting the accident, the Floridian proceeded on his way south.

Labor has told the State Supreme Court. The AFL yesterday filed an "economic brief" with the Supreme Court in connection with two Buncombe County cases which were brought to test the constitutionality of the anti-closed shop law enacted by the 1947 legislature.

In the Buncombe test case three

employers and five union officials are charged with violating the anti-closed shop law. The case is to be argued before the Supreme Court during the week of Oct. 15.

George W. Gardner Honored By Firemen

George W. Gardner, veteran chief of the Greenville fire department and active in state firemen's circles, was yesterday reelected vice-president of the North Carolina Firemen's Association at the three-day convention at Morehead City.

J. C. Fitzgerald of Asheville was reelected president of the association. He had held the office since the death of President Frank Bennett of Durham last year.

Other incumbent officers elected during the business session held at the Surf Club on Atlantic Beach were: N. L. Miller, Concord, secretary; Ed A. Johnson, Kannapolis, treasurer, and Albert W. Brinson, New Bern, statistician.

An advisory committee will be appointed by President Fitzgerald at his office in Asheville.

Present advisors to the association are Sherwood Brockwell, Raleigh state fire marshal, R. A. Joyner, Farmville, and Charlie Burkett of Salisbury.

The convention ended yesterday with a mile and a half long parade at 11 a. m., a fish fry at the Legion Hut afterwards, a trip through

Cherry Point in the afternoon and a dance in the evening.

The first Diesel-powered steam-line train was placed in service in 1934.

Farm Bureau Doesn't Cost-It Pays-How Much Is It Worth To You?

PAST ACCOMPLISHMENTS: —

1. How much were your parity payments from 1938 to 1943? \$_____
2. How much has the tobacco control program been worth to you since 1934? \$_____
3. How much has the AAA program meant to you? \$_____
4. How much did 90% parity for peanuts add to your income in '44, '45 and '46? \$_____
5. How much has the Tobacco Government Support Price been worth to you? \$_____

These are a few of the things Farm Bureau has secured for you either working independently or in connection with other farm groups. It has cost you only three dollars a year.

FUTURE PROBLEMS: —

1. How much would it be worth to you to extend your present Government Support Price Program beyond 1948? \$_____ (Your present support program ends in 1948).
2. How much would it be worth to you to have adequate program designed to extend Farm-to-Market all-weather roads over the state of N.C.? \$_____
3. How much would it be worth to you to continue the soil-building and conservation program? \$_____
4. How much will it be worth to you to have adequate annual expenditure for agricultural research? \$_____
5. How much would it be worth to you to be a member of the largest farm organization in the country? \$_____

These are some of the things the Farm Bureau is striving to secure for you. If the Farm Bureau is made strong enough, all of these objectives can be attained.

Green Phantoms To Tackle Farmville Eleven Tonight

Locals Meet Red Devils At Guy Smith Stadium In Season's Opening Contest; Phantoms Boast New Offense

By SPYRIDON SIDERIS

Greenville's Green Phantoms open their football slate by tackling the Farmville Red Devils at Guy Smith Stadium at 8 o'clock tonight. It is the first meeting between the two teams in many a season.

Rain has limited the Phantoms to two scrimmages this week; however, the team seems to be in high spirits and in good physical condition.

This year the Greens are using a new type of offense; a balanced line replaces last year's unbalanced line to the right, while in the backfield the quarter-back is up under the center, similar to the quarter-back in the "T-formation."

Little is known regarding the strength of the Farmville eleven, except that they had a fair record in their own league last season.

Greenville has been fortunate in that they have had hardly any injuries with the exception of Paul Stokes who has been favoring a knee which was hurt during blocking drills.

Probable starting line-up will be: Ends—Paul Stokes, Vann Morgan; tackles—Jim Tanner, Ben Robinson; guards—Bobby Fleming, Al Smith; center—Shelly Beard.

In the backfield: Glynn Perkins and Jack Morgan, halfbacks; Fred Joseph at fullback and William

Brooklyn Wins Crucial Tilt Against Cardinals

Home Run Derby

By the Associated Press

Name Homer Game & Date
Johnny Mize 47 136th game, 9-11
Ralph Kiner 47 133rd game, 9-11
Babe Ruth 47 133rd game, 9-11
(Mize needs 13 homers in 18 games to tie; Kiner needs 13 in 15 games to tie; Ruth's 48th homer was hit in his 134th game, Sept. 7, 1927, the year he set the record of 60.)

MacLawnhorn in the quarterback slot.

Others who may see action: Billy Goodson, Johnny Farley, Sam Northrop, McRay Bland, McDonald Bland, Billy Williams, Jimmy Cox, George Minshew, Baby Edwards, Charles Watson, David Jones, Carl Denton, Paul Conway, Walter Briley, Rufus Stark and Speedy Sideris.

COASTAL PLAIN LEAGUE
Tarboro 2, Kinston 0

Tarboro Wins

By the Associated Press

Ed Neville pitched three-hit ball last night and led Tarboro to a 2-0 victory over Kinston in the semifinals of the Coastal Plain League playoff. That evened the series at one game each.

The Wilson-New Bern game was rained out.

Chuck Riddle, Tar's second baseman, was lost for the rest of the season when Kinston Manager Steve Collins stole second and Riddle was spiked in the right hand.

ca. who gained his 20th victory. After the Dodgers had gone ahead 4-3 in the top of the eighth, Branca was slugged for two successive singles in the bottom half of the inning and was replaced by Hank Behrman.

First Of World Series Games In Yankee Stadium

Cincinnati, Sept. 12.—(AP)—The opening game of the 1947 World Series will be played in New York's Yankee Stadium but whether the curtain goes up on the big baseball show Sept. 30 or Oct. 1 waits a decision in the current National League pennant scrap between the Brooklyn Dodgers and the St. Louis Cardinals.

Should Brooklyn win, the Series will open Sept. 30, but the inaugural contest will be the next day if the Cards triumph.

The series schedule and other details were announced yesterday after a meeting between Baseball Commissioner A. B. Chandler, Larry MacPhail, president of the New York Yankees, whose team is virtually conceded American League winner, and representatives of the four top teams in the National League.

Agriculture Department scaled down its estimate of this year's corn crop to 2,403,913,000 bushels.

Even before the forecast, grain prices were soaring on leading markets. Corn and oats set record highs—\$2.64 1-4 and \$1.23 1-2 a bushel respectively for September delivery—at Chicago.

Corn is the basic feed grain. Prices of meat, poultry and dairy products reflect its price and supply.

The new estimate compares with a forecast of 2,437,000,000 bushels the department made on August 15.

Hurricane . . .

(Continued from Page One)

storm was then centered about 400 miles east of Antigua, British West Indies, and that winds were estimated at hurricane force over a small area near the center.

Gales extended outward 80 to 100 miles from the center, the Weather Bureau said, and all vessels in the path of the storm were urged to use "extreme caution."

Name Prober In Housing Inquiry

Washington, Sept. 11.—(AP)—A Senate-House committee today assigned an investigator to look into the high cost of lumber and other housing materials, with special attention to profits being made by the middle men.

Senator McCarthy (R-Wis.), one of the group investigating the housing shortage, said the members desire to explore the possibilities of cutting out unnecessary profits by dealers in materials.

McCarthy said the "most startling" thing developed by the committee at its first meeting yesterday was a report by government officials that lumber prices are 169 per cent above 1927 and that the average price of all building materials is up 77 per cent.

Corn Forecast Lowered; Food Prices To Rise

Washington, Sept. 10.—(AP)—Government officials forecast still higher food prices today when the

LOWE BROTHERS HIGH STANDARD HOUSE PAINT

Now Available in Modern Style-Tested Colors

The STYLE TESTED* Colors of High Standard House Paint are in keeping with the latest in color trends! High Standard is outstanding for exterior use because it has good body, extreme durability, unusual covering capacity, brilliance and color permanence. It requires fewer gallons and gives more years of wear—because it covers solidly more square feet of surface per gallon.
