

Be Sure To Vote In Tuesday's County Hospital Bond Issue Election

Tomorrow, Tuesday, the citizens of Pitt County will be called upon to perform their duty and privilege of voting in the Hospital Bond Election for a \$900,000 hospital for local use.

Rarely in the life-time of individuals, or in the life-time of a community for that matter, do people have the opportunity to gain so much by going to the polls and exercising the democratic right of voting as do the people of Pitt County tomorrow. By casting a majority affirmative vote approving the issuance of \$351,000 in bonds to be applied to the

building of a new hospital for Pitt County, the people of Pitt County will receive as a free grant from the federal and state governments \$548,000. The proposed hospital of 140 beds will be owned by the citizens of Pitt County and operated by a board of (Continued on Editorial Page)

REDUCED FOOD CONSUMPTION IS PUT FORTH

Under Sec. Of Agriculture Advocates Voluntary Rationing In U.S.

Washington, Sept. 15—(AP)—Under Secretary of Agriculture Norris E. Dodd today said voluntary rationing of food in this country appears to be the only way to avert famine abroad and prevent the collapse of friendly European governments.

He said such rationing should perhaps take these two forms:

(1) A reduction by housewives in the purchase of livestock products such as meats, milk, butter, eggs and poultry.

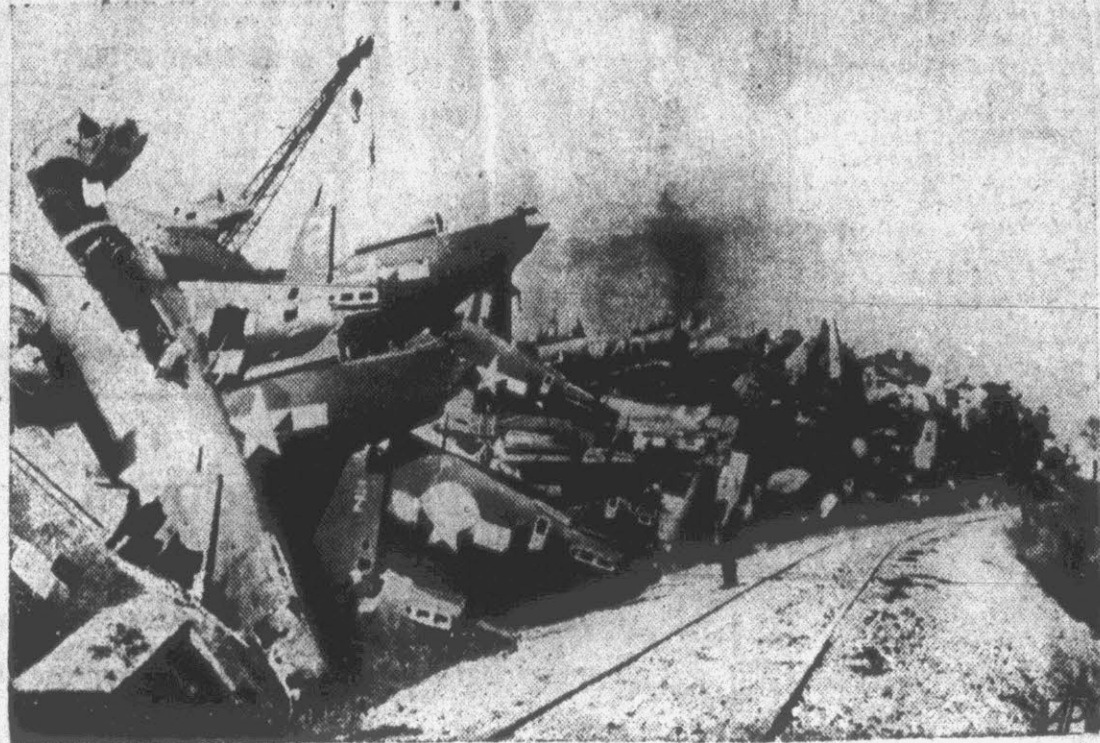

(2) A reduction by farmers in feeding of grain to livestock, particularly the use of less wheat for feed.

Dodd, who is acting as secretary in the absence of Secretary Anderson from Washington, suggested voluntary rationing at a news conference. He said that the government does not have the power to impose formal rationing or restrictions on use of foods and grains.

Dodd is the first administration official publicly to advocate voluntary rationing. It has been suggested, however, by Senator Taft (R-Ohio) and Chester Davis, former war food administrator and chairman of the President's famine emergency council.

Slap At Franco

Lake Success, Sept. 15—(AP)—The Dominican Republic today announced it had withdrawn its minister from Madrid in compliance with a 1946 United Nations Assembly recommendation slapping at the Franco regime in Spain.

The announcement on the eve of the 1947 Assembly in New York left Argentina listed as the only U.N. member which has not complied with the recommendation of the 55 nations that all recall their top level diplomats from Madrid.

Preliminary Hurricane Alert Issued On Coast

Great Storm Continues Northwestward Course; Second Low Pressure Area Reported Developing Further South

Miami, Fla., Sept. 15—(AP)—A preliminary hurricane alert was sounded today as a measure of precaution for residents along a 750-mile stretch of the Eastern Seaboard from Vero Beach, Fla., and Cape Hatteras, N.C., as a great storm with winds up to 140 miles an hour raged through the Atlantic.

Actual storm warnings have not been displayed. The alerted area contains some of the South's most populous and historic cities—Daytona Beach, Jacksonville, Brunswick, Savannah, Charleston and Wilmington. The storm center at noon was 400 miles east-southeast of Vero Beach, moving between west-northwest and northwest.

Grady Norton, chief forecaster in the Weather Bureau's storm warning service, said the alert is not intended to spread alarm, but only to advise persons in the area to plan for the possibility of a hurricane and to keep informed of advisories. He confidently predicted a northward recurve which would end the danger.

Storm warnings were flying in the northeastern Bahamas Islands, and an army hurricane hunter searched the sea to the east of the Windward Islands where three ships reportedly a new low pressure area—possibly another storm—was developing.

The present major hurricane developed in the same area five days ago.

The storm's center was placed in an 11:30 a.m. advisory at latitude 26 north, longitude 74.2 west. This position is 200 miles northeast of Nassau, or 395 miles slightly north of east of Miami.

Only a few islands, principally the Abaco group, were expected to feel gales and high seas as the storm by-passed the main Bahamas group.

Comic Books Are Scored By Jury

Pittsburgh, Sept. 15—(AP)—Comic books were scored by a coroner's jury as a contributing factor in the hanging of 12-year-old Billy Becker in the basement of his home at nearby Sewickley.

The boy was found hanging by a clothesline tacked over a cellar window last August 29.

His mother, Mrs. Charles Becker, told the jury yesterday her son was an incessant reader of comic books and may have accidentally hanged himself in reenacting a scene from one of them.

"I burned everyone I found," Mrs. Becker told the jury, "but Billy always found ways of hiding them."

Anticipate Drop In Temperature

By the Associated Press
A 90-degree contrast in the nation's highest and lowest temperatures—103 at Las Vegas, Nev., and 13 at Big Piney, Wyo.—was reported today by the Weather Bureau. The extremes were recorded as a flow of chill air swept into the north and central plains from Canada yesterday and spread eastward across the Great Lakes and Mississippi Valley regions.

By Tuesday night, Forecaster H. S. Kenney said, the cool air should reach the Atlantic Coast, reducing eastern temperatures currently in the 80s and 90s by at least 15 degrees.

COLLISION NEAR PINETOPS.
Two men were injured this morning when their automobile and a school bus collided at a road crossing south of Pinetops. The bus, containing 32 children, was turned over, but the occupants were not injured. The men hurt were T. G. Allgood, 14-year-old group manager of the Carolina Telephone and Telegraph Company, a tobacco buyer. Allgood suffered broken ribs and went to a Wilson hospital. Moore was slightly injured on a foot. Highway patrolmen investigated but preferred no charges.

Youth Admits Slaying To Assert Superiority

Newark, N.J., Sept. 15—(AP)—A 14-year-old Parochial School student was held today for the slaying of an 11-year-old champion whom the FBI said he admitted garroting with a leather belt in an abandoned warehouse because he wanted to prove himself "no slay."

The FBI said the boy, Fred Walter Smigelski, signed a statement telling how he had planned to kill someone to assert his superiority in the face of his mother's continual demands that he wash dishes, dust furniture and do assorted household chores.

Smigelski was held without charge at the parental home in Bayonne.

Price Averages On Middle Belt Are Surprisingly High For Opening Day

By the Associated Press
Early opening-day sales estimates on the North Carolina middle belt blue-cured tobacco brought surprisingly high price averages from 47 to 50 cents, fully as good as last year's opening day prices. Most of the offerings were top quality first primings, and there were few rejections by the farmers, most of whom were pleased over the sales.

Oxford sold over 100,000 pounds on the two opening rows, with prices, on all grades, ranging from 6 to 59 cents. It was estimated by Sales Supervisor Claude Allen that

UNCERTAINTY OVER FUTURE IN TAX TALKS

Foreign Responsibilities Brought Up By Doughton In Face Of GOP Plans

Washington, Sept. 15—(AP)—The uncertainty surrounding America's future foreign responsibilities elbowed into the middle of new talk today about another Republican try to cut taxes when Congress reconvenes.

Rep. Doughton (D-NC), manager of tax bills when the Democrats controlled Congress, dropped into a brief and told a reporter "we must go slow and be careful" about tax slashing "until we know what our commitments will be under the Marshall and Truman plans."

Chairman Knutson (R-Minn.) of the House ways and means committee already has announced that the Republicans will launch a new drive bent on reducing individual income taxes by \$400,000,000 or more as soon as Congress meets again.

Chairman Millikin (R-Colo.) of the Senate finance committee took a similar stand over the weekend, telling a reporter he favors a tax reduction measure either at the regular session this fall or if one is called.

Mr. Truman twice used his veto power earlier this year to kill GOP tax reducing efforts.

And in his August budget review, the president indicated a new tax-cutting drive might crash into another veto if it comes early next year. He estimated a treasury surplus by next June 30 of almost \$5,000,000,000 but said this should be applied to reduce the debt and as a standby fund ready for any emergency at home or abroad.

Doughton supported the second Republican effort to cut taxes after the proposed effective date was set ahead from last July 1 to next January 1.

Two Emergency Water Lines For Winston-Salem

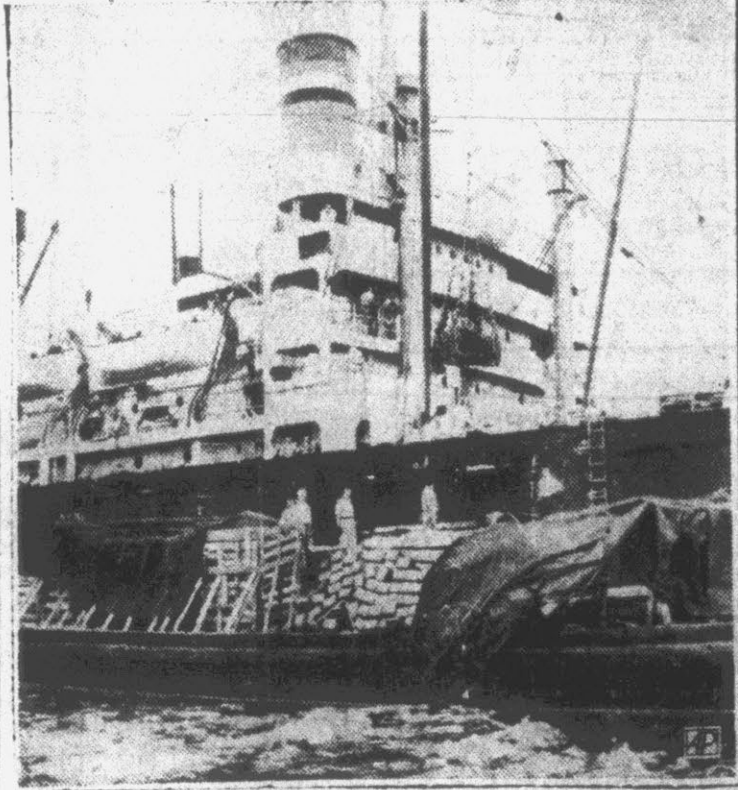

Winston-Salem, N.C., Sept. 15—(AP)—Two emergency water lines today were ready to bring 2,000,000 gallons to the reservoir daily but Winston-Salem officials warned that the situation would continue critical unless there was heavy rain. They said that home consumers seemed to cooperate in a plea for conservation over the weekend, with pumping light. Hundreds of residents lined the mud flats of Salem Lake, the city's reservoir, to check for themselves the falling water level. It stood more than ten feet below the top of the dam.

Officials repeated their forecast that unless home consumption is cut drastically, it would be necessary to close at least part of the city, the larger industries of the city.

POSTAL THEFT LAD TO BOYS

Winterville Police Report Youngsters Admit "Crime Wave"

According to Winterville police, two Pitt county boys, one 10 and the other 14, began a short-lived crime wave last night when they entered the Winterville postoffice and forced open the box containing mail for the Bank of Winterville.

The boys, apparently searching for money, opened a large number of letters, containing exchange checks from banks in this area. Checks and open letters were strewn about the postoffice lobby, on the street in front of the postoffice, and later, some of the checks were found in the Winterville School building.

During their evening's escapade, the boys also entered the Winterville School and took about \$25 worth of fountain pens and pencils, most of which have been recovered, according to Winterville police.

Police Chief Jim Buck reported the boys as saying they entered the lobby of the postoffice about 7:30 last night. It is believed they "jiggled" the combination on the postoffice box until it opened.

Police questioned the boys, who admitted the offense, but no charges have yet been made pending arrival of a federal postoffice inspector from Raleigh.

U.S. Proposes Balkan Issue Go To UN Assembly

Lake Success, Sept. 15—(AP)—The United States formally proposed today that the Security Council ask the 55-member United Nations Assembly to try its hand at solving the controversial Balkan question which had plagued the council since early in 1946.

Russia opposes transferring the case and Delegate Andrei A. Gromyko was expected to use the session to level a Soviet blast at the American maneuver and perhaps even attempt to veto the step.

Secretary of State George C. Marshall's declaration in New York yesterday that the "direct threat" of Russia's Balkan satellites to Greek independence must be removed left no doubt that the Balkan case was given top priority in the American objectives for the assembly opening tomorrow at Flushing Meadow Park, New York.

Glasgow, Scotland, Sept. 15—(AP)—Twenty persons, mostly women or children, were dead or missing and feared lost in the sinking of the excursion boat "Ocean," which foundered last night in heavy seas in the Firth of Clyde.

Only three of 23 aboard the 50-foot motor cutter were known to have survived. Five members of one family were among the missing.

Britain, France, Russia And The United States Deposit Instruments Of Ratification In Simple Ceremony; Troops To Begin Withdrawals

By LOUIS NEVIN
Paris, Sept. 15—(AP)—Britain, France, Russia and the United States deposited instruments of ratification for the Italian peace treaty with the French government today and timed midnight GMT (7 p. m. EST) as the official hour of the beginning of peace for Italy.

Peace treaties written by the victorious allies for Finland, Hungary, Romania and Bulgaria were to be activated in similar fashion during the day by deposit of ratification instruments in Moscow.

As the Russian and American ambassadors and the British minister handed him their red bound copies of the Italian treaty ratification instruments, French foreign minister Georges Bidault commented: "This is the result of our long painful effort. I hope it will permit us to enter a long period of peace."

All four big representatives then signed a protocol stating that they had deposited the instruments and declaring the treaty in force as of midnight. The entire ceremony lasted exactly five minutes.

Ambassador Jefferson Caffery represented the United States and Ambassador Alexander E. Bogomolov of the Soviet Union. Minister H. Ashley Clark acted for Britain in the absence of Ambassador Alfred Duff Cooper.

While the ceremony was going on in Bidault's office, the inhabitants of four small districts of the Italian Alps, awarded to France in the Italian treaty, were voting whether they wanted to be French. The French constitution prohibits the integration of any territory without the consent of the inhabitants. The areas contain about 36 square miles and 5,000 residents.

On Italy's eastern frontier Yugoslav troops will move forward from the Morgan line to the new border with Italy at dawn tomorrow. Yugoslavia obtained approximately 3,000 square miles of the Istrian peninsula, with 500,000 population.

Yugoslavia also will move troops into the Trieste free territory for temporary occupation duties with British and American units.

In Italy Britain and the U.S. are to begin withdrawing occupation forces tomorrow.

The treaties assess \$1,333,000,000 in reparations against the five losers in World War II; reduce the territories of Italy, Romania, Hungary and Finland; severely limit the size of the armed forces of all five; contain guarantees against racial and religious discrimination and bar a rebirth of fascism.

The United States and Britain must withdraw occupation troops from Italy within 90 days. Russia must pull her troops out of Bulgaria in a like period, but is granted the right to keep soldiers in Hungary and Romania so long as necessary to maintain communications with occupied Austria.

Communist Ruling

Government Resumes Efforts To Prove Communist Membership Is Sufficient Reason For Deportation Of Alien; Past Supreme Court Tests; New Cases Are Coming Up

By MAX HALL

Washington, Sept. 15—(AP)—The government has resumed its efforts to prove that Communist membership is a good enough reason for kicking an alien out of the country. This may lead the Supreme Court at last to make a clear-cut ruling on the disputed question of whether the Communist party aims to overthrow the government by violence.

Two years have passed since the government lost its long fight to deport Harry Bridges, the West Coast labor leader.

Last week in New York, a new "Bridges" case made its appearance. The Immigration and Naturalization Service—a part of the Justice Department—started deportation hearings against John Santo.

Santo is organization director of the CIO Transport Workers Union. He is a Romanian-born alien. So far the hearings have been intensely bitter. There is considerable excitement in New York labor circles.

Santo was accused of being a Communist party member. And the party was accused of advocating the overthrow of the government "by force and violence." The government says it will prove both charges.

The immigration service also arrested Michael J. Obermeier, president of the New York Local No. 6 of the AFL Hotel & Club Employees Union. He is a German-born alien.

Obermeier was accused of being a member of, or affiliate with, an "organization"—not yet officially named—which advocates the violent overthrow of the government.

Officials of the immigration service do not acknowledge the existence of a "drive."

But it is common knowledge here that further arrests of aliens on charges of Communist affiliation may come soon.

This writer has been told by an official who ought to know that most of these aliens will be outside the organized labor movement.

Judging by the past, the government will have long, hard battles in the courts before getting final decisions in the new cases.

In the last eight years the Supreme Court has spanked the immigration service in three famous decisions involving charges of communism. The decision came in these cases:

1. Joseph George Strecker in 1929.

2. William Schneiderman in 1943.

3. Harry Bridges in 1945.

The facts in those cases may differ from the facts in the new cases opened by the immigration service, even though the charges are roughly the same.

Therefore the results of the old cases do not necessarily foretell the results of the new ones.

The Strecker, Schneiderman, and Bridges cases were different from one another in certain respects. The case of Schneiderman was not an alien deportation case, but an attempt to cancel his citizenship, which had been granted him in 1927.

But in all three cases the immigration service charged that the individual was a Communist and (Continued on Page Four)

U.N. Veto Discussed

General Assembly Convened Tomorrow And Use Of Veto Will Be One Issue Of Debate; Russian Tactics Clarified; Little Hope Anything Can Be Done

By DEWITT MACKENZIE

The most dangerous issue—and the most difficult—which the assembly of the United Nations faces tomorrow is that of the veto by means of which any one of the Big Five (Russia, Britain, France, China and the U.S.) can kill a majority decision in the Security Council.

Thus far the peace organization has been rendered virtually impotent by Russia's persistent employment of this paralyzing power which was adopted originally as a necessary safeguard but was intended for use only in extreme emergencies.

Continuation of this situation must ultimately mean the death of the U.N., as at present constituted.

These Soviet tactics of obstruction have coincided with Moscow's launching of the world revolution for the spread of communism, and have been duplicated by similar tactics in allied councils in Europe. The result is that peace and economic recovery have been stymied, and it's significant that turmoil and hard times provided the soil in which communism thrives.

A recent report turned out by American congressional and State Department cooperation for use of congressional committees in Europe, says the Russians are the "principal obstructionists" in the Allied Control Council in Berlin. The report states that eastern Germany (under Russian occupation) is "well on the way to being Sovietized," and says the "suspicion is now possible that the U.S.S.R. covets Austria, in order to isolate Czechoslovakia, and penetrate Italy and

Germany, as well as other parts of Western Europe, with Communist politics and economics." Given a little more, declared the statement, the Communists could dominate France, Italy and Greece.

So we see that the consistent use of the veto power by Russia in the U.N. fits in with a broad strategy of obstruction which is favorable to the world revolution that is now in full swing. Meantime the Soviet delegation has been able to use the U.N. as a sounding board for dissemination of communist ideas.

However, the Russians lately have been swinging into the defensive in contrast to the offensive which they were maintaining a year ago.

The other members of the U.N.—apart from the Soviet satellites—are determined to have a workable peace organization even if they have to scrap the present structure and reform it along lines which will eliminate the present difficulties.

The hope, of course, is to get reform without remodeling the U.N. But it will take a big inspiration to evolve an idea that will work. A year ago British Foreign Minister Bevin proposed at a meeting of the Big Five foreign ministers that a "code of conduct" be adopted in connection with use of the veto.

But Soviet Foreign Minister Molotov vetoed this. Since then there has been eager search for a way to alter the U.N. charter so "to preclude abuse of the veto, but the charter can't be changed in face of a Russian veto.

WORN OUT FROM GETTING UP NIGHTS?

If you get up nights—have frequent desire to pass your water—yes, and have headache, due to excess acidity in the urine, be glad you're reading this! Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. So he made a medicine of 16 herbs, roots, vegetables, balsams. He called it "Swamp-Root." Millions of men and women have taken it—often with amazing results. Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed. For free trial supply, send to Dept. R, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Bridesmaids were Misses Carolyn and Shellv Roper, Miss Martha Kate Jonas, Miss Peggy Martin Rhodes, Miss Betty Sue Quinton and Miss Doris Bizzell of Greenville. They also wore gowns of periwinkle tulle with velvet trim and carried old fashioned nosegays of mixed flowers and their dresses were of matching mixed flowers.

Little Miss Sally Ware and James Ware, Jr., niece and nephew of the bride were junior attendants.

The bride was regally beautiful in her wedding gown of ivory satin fashioned with a lace yoke and sleeves with a drop shoulder effect, long sleeves ending in calla lily points on the hands. The skirt extended into a long train. The full length illusion veil was worn with a cap of rose point lace and seed pearls. Her only ornament was a double strand of pearls, a gift of the bridegroom. She carried an allure bouquet of brides roses showered with tuberoses.

Mrs. Costner, mother of the bride, wore a kings blue crepe dress with cut steel and beaded trim and a purple throat orchid corsage.

Mrs. Simmons, mother of the bridegroom, wore an aqua crepe dress and a purple throat orchid corsage.

After the ceremony the couple left on a wedding trip to Washington, D. C. For traveling the bride wore royal blue with matching accessories, and an orchid corsage.

Mrs. Simmons is the youngest daughter of Mr. and Mrs. Beverly Pulaski Costner of this city and was graduated from Lincolnton High school, and plans to continue her studies at the School of Pharmacy at the University of North Carolina, Chapel Hill. The bride is an attractive member of the young social set and since the announcement of her engagement has been extensively entertained.

The bridegroom is the son of Mrs. Alfred Francis Simmons and the late Mr. Simmons of Greenville, North Carolina. He also plans to continue his studies at the University of North Carolina, in the school of commerce. Both Mr. and Mrs.

Simmons will be juniors.

Among the out-of-town guests were Mr. and Mrs. C. R. Gole, and children, Francis Ray and Alfred. Mrs. Mildred Simmons Jones and daughter, Fay, Judge and Mrs. J. W. H. Roberts, all of Greenville, N. C.

Immediately following the rehearsal Tuesday evening Mr. and Mrs. Costner, parents of the bride, entertained the bridal party, relatives and close friends at a cake cutting.

The home was decorated throughout with mixed flowers. In the dining room a green and white color note was carried out. The dining table was overlaid with a lovely Italian cut work cloth and centered with the double bell wedding cake. Calla lilies, fern and lace vine and three branched silver candelabra holding lighted tapers completed the table decorations. A tulle bow connected the two cakes.

Ice cream in the green wedding bell motif and cake was served.

Mrs. Myra Turley greeted the guests as they arrived. Assisting in the dining room were Mrs. L. E. McQuinn, Mrs. J. R. Gamble, Mrs. Summey Alexander and Miss Nina Nixon.

Mr. and Mrs. Charles Crowell, Jr., Miss Kathryn Linberger Roseman, and Miss Janice McLean served punch on the porch.

About sixty guests were present for the affair.

"Substance" was the subject of the lesson-sermon in all Christian Science Churches and Societies on Sunday, September 14.

Golden Text: Romans 1:20, "The invisible things of him from the creation of the world are clearly seen, being understood by the things that are made, even his eternal power and goethed."

Among the citations comprising the lesson-sermon were the following from the Bible: "I know that whatsoever God doeth, it shall be for ever; nothing can be put to it, nor anything taken from it; and God doeth it, that men should fear before him" (Eccl 3:14). Free Service

Three Greenville transportation companies have offered free service to and from the polls tomorrow for people wishing to vote in the hospital bond election. The A.A. Taxi Company, Elbert Moyer Taxi Company and the Greenville city bus company have announced transportation free of charge in an effort to assure a large vote in the election.

The taxi concerns will call for persons wishing the service, carry them to their voting place and return them to their homes free of charge. The city buses will be on regularly scheduled runs, but persons traveling for the purpose of voting will not be charged for the ride.

Polling places through the city will be open at 6 a. m. and remain open until 6 p. m. People registered for the election, will be required to vote at the same place they registered.

Last Rites Tuesday For Johnnie Moore

Johnnie Moore, 68, died at his home near Cox's Mill Sunday morning at 3:30 following a heart attack suffered Saturday night at 10:30. Funeral services will be conducted at the home Tuesday afternoon at 3 o'clock by the Rev. Walter B. Nobles, Free Will Baptist minister of Winterville. Burial will be in Greenwood Cemetery, Greenville. Members of Withlacoochee Tribe No. 35, Improved Order of Red Men, will have charge of graveside services.

Mr. Moore was born, reared and spent his entire life in Pitt County. He was a farmer, a member of Rose Hill Free Will Baptist Church and the Improved Order of Red Men.

Surviving are his wife, Mrs. Lena Hunt Moore; three daughters, Marjorie Moore and Mrs. William J. McLawhorn of the home and Mrs. Alton Haddock of Cox's Mill; a son, John Moore, Jr., of the home community; three grandchildren and a brother, H. A. Moore of Belvoir.

Boy Scouts Begin Winter Activities

Boy Scouts of the Greenville district will begin rallying this week for the fall and winter programs and objectives here. W. F. (Red) Young, Boy Scout executive here, said today. He announced the following troop meetings for this week: Troop 36 will meet at the library Tuesday night at 7:30. Scoutmaster Walter Lewis requests all members to attend, and he invites all boys 12 years of age or older to attend the meeting and join. Troop 33 will meet at the Rotary Club building Wednesday night at 7:30. Scoutmaster Joe Dudley requests a members to attend. He also extends an invitation to boys 12 years of age or older to join Scouting.

Parade Tuesday To Spur Voters

Tomorrow morning at 11:45 the Greenville high school band under the direction of E. D. McDowell will lead a parade through downtown Greenville in behalf of the hospital bond election. Included in the parade will be a group of Red Cross nurses and banners advertising the bond election.

The parade will assemble at the Atlantic Coast Line Railroad and pass down Dickinson Avenue, turning left to Washington Street at the telephone building, up Washington Street to Third, then to Evans Street, through the main business section of the city to Five Points and back to the high school.

Two Narrowly Escape Injury

Two Greenville young men, Julian White and Ralph Garrett Jr., narrowly escaped serious injury Saturday night near Raleigh when the car in which they were riding skidded on loose sand on a bridge, went through the railing and dropped between 15 and 20 feet.

White was driving the car in a line of traffic moving slowly near the Carolina Pines Club just outside Raleigh when loose gravel caused the car to slide sideways through a bridge railing and down the embankment. The auto was reported traveling between 5 and 10 miles an hour when the accident occurred.

Both were taken to a Raleigh hospital, but were discharged after first aid treatment.

Auto And Bicycle In Collision Here

A car driven by James Hines, of Greenville, collided with E. T. Gore, white youth, on a bicycle at Fifth

and Washington streets Saturday night and practically demolished the bicycle. Police Chief Jim Tanner said today. The boy was shaken up but not painfully hurt.

Hines, driver of the car, agreed to buy Gore a new bicycle. No arrest was made.

It's A Good Rule and It Works Both Ways

Eight years ago the North Carolina Committee of the brewing industry began its self-regulation program.

"A legitimate business conducted by reputable people" was, and still is, the guiding principle.

The law-breaker, the fellow bent on using a retail beer license as a "blind" for shady operations, was told to "Clean Up or Close Up."

The system worked; it still works!

Self-regulation works to protect the legitimate beer industry from illegal hangers-on. It works to protect the public from "dives" and to safeguard beer tax revenue pouring into the public treasuries of our State, counties and municipalities.

"Self-regulation"—an experiment in 1939, but now an accepted rule of business that deserves your steady support.

Strength FOR THE DAY

RAPIDS ALONG THE COURSE
Most rivers have rapids and
rapids somewhere along their
courses. There are a few that run
peacefully and unimpeded from source
to distant sea. But such are the exception,
not the rule. In the case of
most rivers, the placid stream is
interrupted now and again by rapids
and falls.

There are some lives which appear
to be placid and peaceful from early
years to old age. Perhaps if we
knew the truth we would know that
even in such cases there is considerable
agitation beneath the surface. But we
can be sure that in the case of
most lives the even course of
existence is occasionally churned into
the most furious agitation. There
are rapids and cataracts along their
courses. Sometimes the cause of
this is sorrow. Again it is disappointment.
Or perhaps it is pain and continued
suffering. When death and trouble come,
even one's livelihood is swept away and
disturbance stares one in the face, then
rapids have developed and the
pleasant course of the stream of life
is interrupted, for the time being at
least.

But life is supposed to be that
way. That is the pattern of its
course. And always there is a reason
for this interruption. The stream
flows with greater depth and certainty
after the cataracts and rapids
have been passed.

BE SURE TO VOTE

trustees of county citizens
appointed by the County
Board of Commissioners. It
will be an entirely non-profit
organization dedicated to
the well-being of the people
of the county.

Every citizen who is registered
for the bond election owes it to himself, his family,
his neighbors and to the
posterity of the county to go
to the polls tomorrow and
vote in favor of the bond
election which will place the
"go ahead" sign on a new
much needed Pitt County
hospital. Every person registered
for the election who fails to
vote tomorrow automatically
casts a vote against the bond
issue—and against better health in our
county.

Voting for the bond election
will take, at most, only a
few minutes of your time,
Mr. and Mrs. Citizen, and
probably never again will so
little of your time, so wisely
spent, mean so much to so
many people of Pitt County.

scheduled to lead the battle in the
assembly to control the veto, but
unless they have a surprise up their
sleeves they won't get far by ordinary
methods. One wonders whether
Argentina has something else
in mind, for she wants a special
meeting of the members after the
assembly to take action.

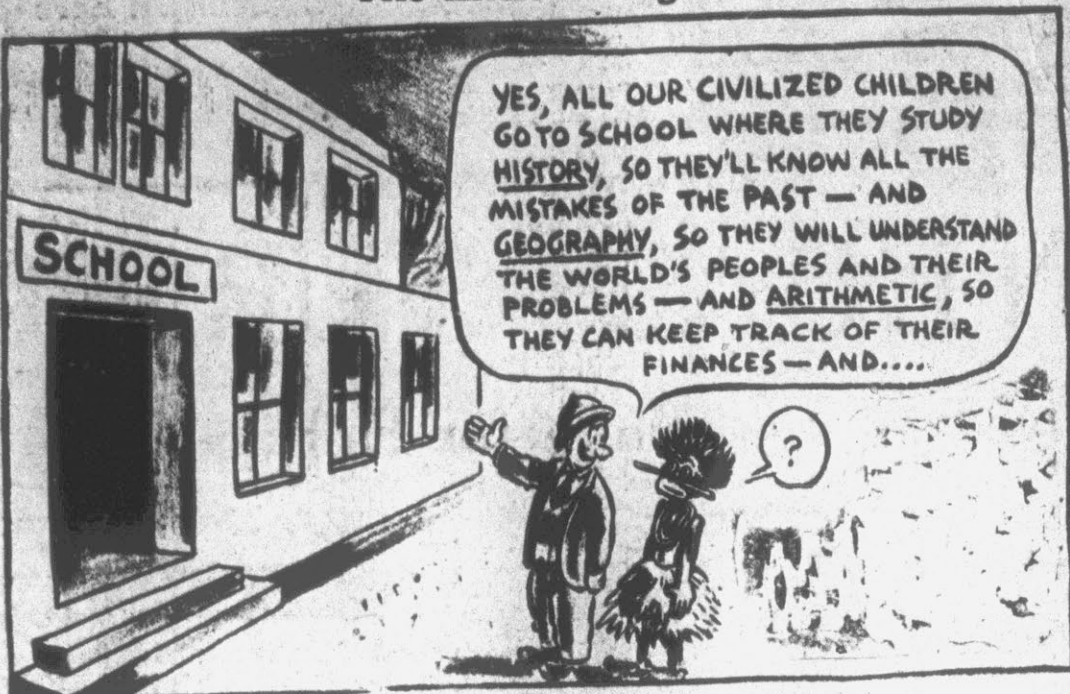

Apologists of this there are close
observers who believe that Russia
would alter her tactics if the
members of the U.N. decided to go
their way without the Soviet Union.
That would be an extreme measure
which neither Russia nor any other
nation would want to see, and certainly
further consideration will be
given to other methods, including
the focusing of world attention on
the disaster which could grow out
of a continuation of the Soviet tactics.

Europe is much worse than it was
this time last year. The situation
is complicated, he said, by the fact

"It is not pleasant to think what
may happen to a lot of people this
winter if we don't get food to
them," he said.

stead, Sabath proposed govern-
ment anti-trust investigations be
broadened to include five major
groups which he charged are "respon-
sible for the ever-increasing high
cost of living."

In a letter to Attorney General
Clark, the 81-year-old dean of the
House listed the five as meat pack-
ing, dairy, produce exchanges, "fer-
tilizer trust," and "the few men
who manipulate the Board of
Trade."

He added that it also would be
"well to give some attention to the
textile and wearing apparel manu-
facturing industries."

As Sabath made public his letter
in Washington, a joint congressional
subcommittee was preparing to open
an investigation of food prices in
the first of a series of public hear-
ings at Providence, R.I.

C. S. Woolman, a member of the
executive board of the Grain and
Feed Dealers National Association,
said in St. Louis that the "present
squeeze between the cost of produc-
tion and the selling price of animals
and poultry to furnish meat, milk
and eggs is fast reaching a crisis."
He added that Americans must
tighten their belts or reduce grain
exports.

There is considerable speculation
within the Administration over the
position of Secretary of Commerce
Harriman, chairman of the Presi-

United Nations resources for meet-
ing European needs. Harriman told
a news conference Thursday that
Lovett had informed the committee
of the situation in Europe, but the

urgency of Europe's needs.

This action coincided with an au-
thoritative report that Prime Min-
ister Attlee soon would reshuffle his
cabinet. The report said that the
cabinet's already heavy taxes would
be increased this fall as a bar against
inflation and a prediction that Brit-
ain's gold reserves would be depleted.

The chancellor of the exchequer,
in announcing the end of sterling
convertibility Aug. 31, said Britain

Slovakia Claims Upset Plot To Overthrow Benes

Prague, Sept. 15—(AP)—The state
of Slovakia announced today it had
nipped a plot to overthrow Presi-
dent Eduard Benes' government and
assassinate him. It said 80 ring-
leaders had been arrested.

Slovakia's interior ministry said
many members of the band were in
government employ. It added the
plot was broken by the confession of
a former Slovak band terrorist
who had served with a German
panzer division in the war and later
with German SS troops seeking to
quell the Slovak revolution.

Women IN THE CHURCH

by Mary Fowler

Recently returned from a survey
visit to England and western and
mid-continental Europe, Mrs. Ruth
Mouney Worrell, executive of the
United Council of Church Women,
paints a grim picture of the coming
winter months in most of that war-
routed continent. Drought, poor har-
vests, labor shortages, economic dis-
asters, and industrial curtailment all
point to more hunger and suffering
this winter than last. Mrs. Worrell
is asking the state presidents of the
Council, which represents some 10-
000,000 Protestant women across the
United States, to urge church wo-
men to send some 500,000 packages
of clothing and school and play ma-
terial for as many destitute chil-
dren. The boxes are to be gathered

World Community Day, November

offerings will provide hot soup
lunches for thousands of Europe's
undernourished children.

The National Catholic Women's
Union, at a recent meeting in Chi-
cago, Ill., joined a large number of
other church bodies in resolutions
deploring the wave of intemperance
among women in the United States.
They said: "There are thousands of
good people in our country, both
Catholics and others, who are mod-
erate in their habits of living, but
the number of these is not enough
and they are not sufficiently vocal
to offset the veritable wave of in-
temperance which has overcome so
many in our day. Beside the wide-
spread addiction to the pleasure of
the palate and the flesh, people to-
day sin by spending too much leis-
ure time in amusement. Women
grossly violate temperance by im-
modesty and lack of moderation in
dress. Moreover in former times, the
victims of drink were chiefly adult
men, but nowadays it is frightening
to see women, boys and girls falling
victims to this dreadful menace."

Miss Palmer, "that after all these
centuries of thinking that Christ
was talking with his head in the
clouds, some of the world's greatest
statesmen have recognized the popu-

Arrest Woman On Serious Charge

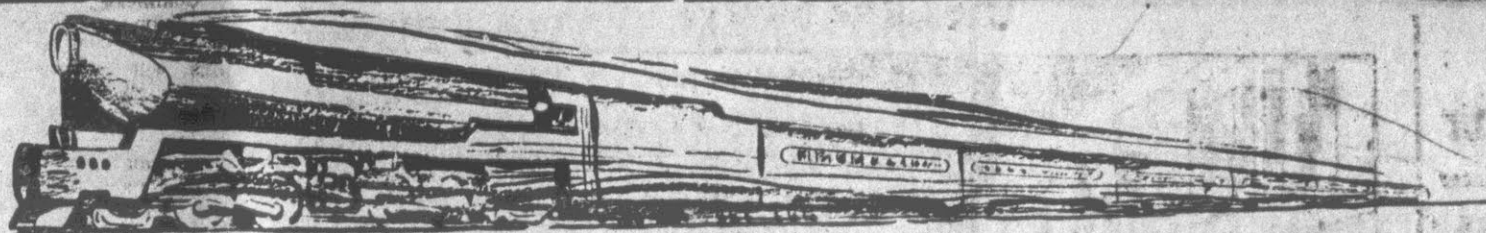

Police arrested Doris Taylor, 18, Negro, of Allen's Alley, Saturday night and charged her with assaulting Willie Lee Jordan, 20, Negro, with a knife and inflicting serious abdominal and arm wounds. Jordan was treated at Pitt General Hospital.

Chief Jim Tanner said the assault occurred at the Moonlight Club for Negroes, on the other side of the river, and beyond the railroad. Detective M. E. Corbett investigated the affair. Policemen Harris and Little made the arrest later. The woman was to have been tried today in Police Court.

Car Collides With Freight Train Here

Pete Dudley, 21-year-old Winterville Negro, probably saved his life shortly before noon today by jumping from his car when it went headlong into the side of a Norfolk Southern Railroad shifting freight train at 14th and Pitt streets.

Police said Dudley's car had defective brakes and he couldn't stop it. He bore down on the brake pedal with no result and the car nosed into the side of the train. The car was badly damaged. Dudley was charged with driving with defective brakes.

YOU CAN'T TELL BY THE LOOKS OF IT

The only way you can tell whether a soil is fertile is by the crops it grows or a soil test. Testing by a short chemical method is easier and quicker. It will tell before planting how much plant food the soil will make available and how much you should apply in fertilizer to get good yields and high quality.

See your agricultural adviser about having your soils tested. Most states are providing this service. You will know then how much potash (one of the essential plant foods) your fertilizer should contain.

Write us for free information and literature on the profitable fertilization of crops.

GAS EXPLODES IN HOME HERE

H. C. Sugg Painfully
Burned In Blast Saturday Night

H. C. Sugg, well known Greenville businessman, had a miraculous escape from death at his home, 407 East Fifth street, Saturday night about 8 o'clock, when an explosion of leaking gas in the basement inflicted secondary burns about his legs and arms and head. He suffered considerably from shock. He was taken to Pitt General Hospital.

The blast demolished the front door of his house and hurled parts of it to the street some distance away, and did considerable damage to furniture and the interior of the house.

Assistant Fire Chief Jasper Jones quoted Sugg as saying that when he found out there was no hot water,

Brother Kills Sister Playing With .22 Rifle

By CHESTER WALSH
Claude Mack Chapman, six-year-old son of Mack Claude Chapman and Estelle Chapman, accidentally shot and killed Doris Chapman, his six-year-old sister, at their parents' home on the Ray Cox farm, two miles east of Ayden, Saturday afternoon about 5 o'clock, Pitt County Coroner Griffin H. Rouse reported today.

The coroner said the tragedy occurred while the boy was playing with a .22-caliber rifle. The bullet penetrated the left side of the girl's nose and ranged upward into her head. She died instantly.

Coroner Rouse said there will be no inquest.

he investigated the gas heating plant in the basement; turned off all gas outlets, opened windows to permit the gas to escape, and waited some time before going back to the basement.

The hot water heating unit's pilot

light had become extinguished and gas had been leaking for some time. A special outlet pipe which is supposed to carry off any leaking gas was stopped up and not working.

When Sugg struck a match to relight the pilot light there was a crashing explosion. He was alone in the house at the time. Neighbors turned in a fire alarm.

Passenger Bus And Car Collide

Police arrested John C. Nobles, 17, of Ayden, Sunday night after his car collided with a Greenville Transit Company bus at 14th and Evans street, and charged him with entering an intersection at an excessive rate of speed. Nobles' car received about \$300 damage, police estimated. The passenger bus was slightly damaged. Nobles was considerably shaken up but not seriously hurt.

Charles Wells, bus driver, was not hurt. Willie Jones, Negro, 105 Nash street, Greenville, a passenger on the bus, suffered a cut on the head and an eye injury. Policemen Hill and Little investigated and made the arrest.

How Deafened People Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music and friendly companionship. Accepted by the American Medical Association's Council on Physical Therapy. This device does not require separate battery pack, battery wire, case or garment to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 22 1450 West 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today.

DON'T FORGET TO VOTE

TUESDAY (Tomorrow) SEPT. 16 FOR HOSPITAL BONDS

Adequate hospital facilities are Pitt County's number 1 need. Pitt County now has less than one hospital bed for each thousand and population.

This is Pitt County's opportunity of a lifetime to get a 140 bed county-owned hospital for approximately one-third its cost.

The Federal and State Governments will make an outright grant of \$548,000 on the cost. Pitt County's part is only \$352,000. Vote at your regular voting place for hospital bonds, so that Pitt County's citizens may have the hospital facilities they need and must have.

Do you suffer distress from 'periodic' FEMALE WEAKNESS

With Its Nervous, Highstrung Feelings?

Are you troubled by distress of female functional monthly disturbances? Does it make you feel so nervous, cranky, restless, weak, a bit moody—at such times? Then so try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms! Women by the thousands have reported remarkable benefits. Pinkham's Compound is what doctors call a uterine sedative. It has a grand soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance against such distress. It's also a great stomachic tonic! All druggists.

Change of Life
If the functional "middle-age" period peculiar to women troubles you, suffer from hot flashes, weak, highstrung, irritable feelings—try Pinkham's Compound—to relieve such symptoms. It's famous for this purpose.

Monthly Female Pains
Pinkham's Compound is very effective to relieve monthly cramps, headache, backache, when due to female functional monthly disturbances.

John Cobb Tops 370 MPH In Racer But Fails To Make Record Official

Bonneville Salt Flats Utah, Sept. 14—(AP)—John Cobb sent his 7,700-pound racing car across the measured mile on this western Utah speedway yesterday at a faster pace than ever attained on land before, but had back continued to dog him and prevented the return run required for recognition of a new world record.

He later announced he will make a new attempt Tuesday.

The Londoner sent his 24-cylinder Behemoth over the mile at 370.75 miles per hour, compared with

Wilson Leading In CPL Playoff

By the Associated Press
Wilson defeated New Bern 9-4 yesterday to run up a 3-0 lead in the semifinals of the Coastal Plain League playoffs. The Tobs need only one more victory to eliminate New Bern from the series.

Right-hander Eric Felton hurled five-hit ball in Wilson's victory yesterday, and his teammates went to work early to score the runs that brought victory. Three runs in the first and a four-run outburst in the third clinched the win.

Kinston, meanwhile, was running up a 3-2 lead over Tarboro in the other semifinals playoff by chalk-ing up an 8-5 victory yesterday. Tarboro won the Saturday game.

Quarantined

Raleigh, N.C., Sept. 15—(AP)—The N.C. State College football squad today was placed under a quarantine following the official diagnosis that one of its players, Don McCormick, 20, blocking back from Greensboro, has an acute case of poliomyelitis, it was announced by Dr. A. C. Bulla, Wake County health officer.

The quarantine will not keep the team from practicing for its opener with Duke at Durham, September 27, Dr. Bulla said, since the initial symptoms of the case were discovered last Thursday.

McCormick first noted pains in his neck Thursday, and was excused from practice. Later pains in his right leg developed, and he was placed in Rex Hospital here for observation.

N. C. FOOTBALL IS UNDER WAY

Catawba "Team To Watch" Smothers 82nd Airborne Division

By the Associated Press
North Carolina football fans, after watching Catawba swamp Port Bragg's 82nd Airborne Division, 44-0, Saturday, had the Indians figured today as the class of the North State Conference, again as the 1947 gridiron sputtered to a start.

In the weekend's only other game, High Point and Duke's Jayvees battled to a scoreless tie with the Junior Blue Devils, never getting within the Panthers' 35-yard line and the Cats clawing at one time to within the Duke eight.

Catawba, North State champion at New Year's winner in Florida's Tangerine Bowl, scored on the third play against the Soldiers and was master throughout.

This weekend the season gains momentum with Tar Heel teams involved in seven games:

Sept. 20—Eaton at Davidson (night), WCTC vs. High Point at Asheville (n), Appalachian vs. Guilford at Winston-Salem (n), Wolford at Catawba (n), ACC vs. Erskine at Anderson, S. C., 82nd Airborne at Lenoir Rhyne (n), and Cherry Point Marines at Pensacola (Fla.) NAS.

Begin Return Of Overseas Dead

St. Laurent-Sur-Mer, France, Sept. 13—(AP)—The journey home begins tomorrow for 3,805 Americans who fell at Omaha Beach at the outset of the allied invasion of Normandy.

The St. Laurent cemetery, the first in World War II to be established officially in France—on June 8, 1944—will be closed with a farewell benediction ceremony. Exhumation of the bodies will begin Monday.

St. Laurent will be the second of the 37 temporary U.S. military cemeteries in Europe to be closed for disinterment operations. The Henri Chapelle cemetery, in eastern Belgium, was closed July 28.

Weds, Divorces His Wife For Fifth Time

Houston, Tex., Sept. 13—(AP)—A 58-year-old Houston man filed a petition to divorce his wife—for the fifth time.

He met her through a matrimonial agency in 1943. Since then they have been married five times and divorced four times.

The last marriage lasted from last Sept. 2 to Sept. 8.

"Never again," the man's lawyer quoted his client as saying.

CARDS' HOPES ARE CRUSHED

Brooklyn Jumps To Seven Game Margin Over St. Louis

By JOE REICHLER
Associated Press Sports Editor
It's all over but the shouting. If Brooklyn blows the National League pennant now, every member of the Dodgers including Manager Burt Shotton ought to be made to undergo a saliva test.

The crushing blow to the Cardinals' fast fading flag hopes was delivered by remote control yesterday when the rampaging Brooks routed the Reds twice in a Cincinnati doubleheader 13-2 and 6-3 while the Cards were being trampled in St. Louis, 9-1, by the New York Giants.

As a result, the Dodgers upped their margin over the Cards to seven full games. They can clinch the flag by winning seven of their remaining 15. Any combination of seven Dodgers victories and Card losses would dethrone the world champion Cardinals.

Already "in" were the New York Yankees in the American League. Following their 6-4 win over the St. Louis Browns at the Yankee Stadium, the worst the Bronx Bombers can get now is a tie. One more win or Boston defeat would end all mathematical chance of the Red Sox.

Assaulted Negro With Big Rock

Police Saturday night arrested David Lee Clark, Negro, 108 East First street, and charged him with assaulting Milton Rollins, Negro, with a deadly weapon (a rock). The missile struck Rollins on the nose and inflicted a serious wound. Detective M. E. Corbett made the arrest.

Chief Jim Tanner recalled today that it was at David Lee Clark's house on First street that the argument started on August 30 between Joseph Frank Hopkins and James Ward, both Negroes, in which Hopkins killed Ward with a shotgun in self-defense after being chased to his own home on Cotanche street. A coroner's jury exonerated Hopkins.
