Hurricane Hovers Off Florida Coast

Three Tornadoes Reported; Storm Moving Slowly With Winds Below Previous Hurricane; Small Ships Missing In Gulf

Miami, Fla., Sept. 23.—(AP)—Three tornadoes were reported over Florida as offshoots of a tropical storm which was centered at noon today "close to shore" between St. Petersburg and Clearwater on the Florida west coast.

The state's Gulf Coast from Tampa northward was warned against dangerous gales, and gusts of 60 to 70 miles an hour were reported at Egmont Key in the mouth of Tampa Bay.

Meanwhile, the Coast Guard combed Florida waters for 25 small freighters and banana boats reported missing or overdue. Six of them, some wrecked, have been located.

The Weather Bureau in a noon bulletin said the storm was moving very slowly northward about eight miles an hour after a blocking action over the Atlantic states.

Winds were reported increasing over northern Florida and were expected to reach 50-60 mile proportions this afternoon and tonight east of Tallahassee and Apalachicola, while subsiding to the south.

A small, short-lived tornado hit Jacksonville's southside today, taking off a few scattered roofs and uprooting big oak trees in a half-mile wide path. Telephone and power lines were downed over an area two miles long.

Another tornado dipped into eastern Marion County in the vicinity of Lynne early this morning, badly damaging at least two homes, leveling trees, blocking roads and knocking out large sections of power and communication lines.

Three houses were flattened at Seffner, 10 miles east of Tampa, yesterday afternoon.

In neither of the three twisters was anyone reported hurt.

Storm warnings were displayed on the west coast from Apalachicola south and on the east coast from Palm Beach to Charleston, S.C., as the storm gave evidence of increasing intensity.

While the storm, nothing yet to compare with the great hurricane of last week, hovered off Tampa, the Weather Bureau in a morning advisory said the highest winds reported since the storm was first felt in Florida yesterday were 60 to 70 miles an hour, and the lowest pressure 29.26 inches.

Broughton Sees USSR Trade As Aid To Peace

Fairmont, N.C., Sept. 23.—(AP)—Former Gov. J. Melville Broughton says "what we need to do now is start trading with Russia."

He told a gathering of Robeson County farmers here last night "this business of the United States and Russia barking at each other is foolish. We can trade with them because we have things they need."

Broughton, general counsel of Tobacco Associates, Inc., pointed out that tobacco buying by Great Britain and other countries would be greatly reduced this year and added "I am in favor of helping other nations in any way not detrimental to our farmers."

KRUG OFFERS FISH

Washington, Sept. 23.—(AP)—With meat and egg prices soaring, Secretary of Interior Krug suggested today eating more fish.

Krug said fish production is now at its peak for the year and that prices are about the same as last year with some popular items lower.

Verdict Against Reds

Opinions Of Other Nations Go Against Russia As Muscovites and Satellites Sit In Assembly Debate; Britain Last Of Big Five To Align With America

By DEWITT MACKENZIE

One tumultuous week has passed since the Western democracies, paced by America, opened their major offensive in the United Nations to focus world attention on the threat to peace produced by Russia's tactics for aggressive expansion of communism—and already global opinion as represented in the U.N. has rendered a vehement verdict condemning Red methods.

Barring the support of her satellites, the Soviet Union stands virtually alone in this great issue among nations who would like to be its friends. Of course the ultimate objective of the Western offensive is to force Russia through public opinion to abandon the methods she has been pursuing, but it remains to be demonstrated whether she will bow to the verdict. There are doubts on that score.

Yesterday Britain, the last of the Big Five to mount the Assembly rostrum, declared her position through Minister of State Hector McNeill and ranged herself solidly with the United States, who previously had been joined by France and China. So the Big Five lineup

PUSH BUTTON AAF TRIUMPH IS DESCRIBED

Big Plane Flew Atlantic Guided By Radio Beams From Ships And Ashore

Washington, Sept. 23.—(AP)—The push-button flight of an Air Force C-54 across the north Atlantic may point the way to railroad regularity for airlines and the elimination of human error in the cockpit.

The four-engine Skymaster, known as "The Big Push," flew 2,400 miles from Stephenville, N.F., to Brize Norton Airport in England yesterday without a hand on the controls after the starting button was touched.

A crew of nine rode along "just in case," and there were five passengers, including some British observers.

"The Big Push" has made a number of shorter flights under circumstances similar to the Atlantic crossing. These included "hands off" trips to Wilmington (D.C.) National Airport, Andrews Field, Md., and Long Beach, Calif.

The Air Force hopes to develop a method which will permit the pilot to serve only as a monitor in bad weather, reducing if not actually eliminating the human element so often blamed for crashes.

An Air Force officer said the flight of "The Big Push" proceeded in this manner:

The control mechanism, which operates 20 different items in the airplane, was fully adjusted, and the plane was taken to the end of the runway and headed for takeoff.

Then the master switch was thrown, after which "not even so much as a little finger was placed by any human being on the mechanism." Automatically, the throttles were pushed to takeoff position, and after eight seconds the brakes were released. The plane started down the runway, lifted into the air, and when it reached 800 feet altitude the throttles were retarded to climb position.

The plane then climbed to 9,000 feet, and the throttles were pulled back to cruise position. At that time the plane's radio picked up a directional beam from a picket ship across the ocean.

When the plane reached the "cone of silence" or dead spot immediately above the ship, the receiver automatically tuned in another frequency and the "ADF" then homed on a second ship farther along the course.

When the second guide ship was reached, the radio turned to a third frequency, originating at the British airfield. When the plane reached the cone of silence—actually a part of the Instrument Landing System (or "ILS")—the radio actuated a set of controls which retarded the

Army Reports Yugoslavs Holding Three Americans

Trieste, Sept. 23.—(AP)—United States Army headquarters in Trieste today demanded the return of an American officer and two enlisted men who, it said, were taken captive by Yugoslavs while on mounted patrol duty on the Trieste free territory frontier yesterday and "forced across the border at gunpoint."

An official report issued by headquarters of U. S. troops in Trieste said the missing men were patrolling near the sector where Yugoslavs last week tried to force their way into the free territory.

The Army announcement identified the trio as First Lt. William Van Aften, East Orange, N.J.; Pfc. Earl G. Hendrick, Jr., Arlington, Va.; and Pfc. Glen A. Myers, Edgely, N.D.

Van Aften was caught in a Yugoslav ambush on the road between Gorizia and Trieste, the Army report said his driver was killed and he and an enlisted man were wounded.

The Army report said the Americans were "forced across the frontier at gunpoint" and continued: "Shortly after, one of the three men was reported to have been sent back for the three horses. The three captives subsequently were taken from an observation point entering the Yugoslav village of Goriziano under armed guard."

"Trieste United States troops headquarters has made a special request to the Yugoslav mission in the free territory for the immediate return of the three men, but no reply has yet been made," the report concluded.

Communists Call Trieste Strike

Trieste, Free Territory, Sept. 23.—(AP)—The Trieste radio said the Communist-controlled union, Sindacato Unico, called a general strike today in Trieste.

The announcement was followed swiftly by an Allied Military Government declaration that the strike was "the first Communist attempt to hamper the essential life of Trieste and bring discredit to the free territory," which came into being a week ago.

Seamen aboard the USS Kearsarge drag a Bearcat fighter, upside down, off the deck (left) of the big carrier during fleet exercises in the Atlantic after the plane crashed into the ship's island in landing. The plane is covered partially with a foam preparation used to extinguish the resulting fire Lt. G. F. Carment, Newark, N. J., the pilot (right), whose cap covers bandages for minor head injuries, inspects the plane after the accident. (AP Wirephoto).

EXECUTION OF PETKOV TOLD

Bulgaria Exacts The Death Penalty Despite U.S. Protest

Sofia, Sept. 23.—(AP)—Nikola Petkov, leader of the opposition Agrarian Union, was executed at midnight last night, it was announced today, for allegedly plotting against Bulgaria's Communist-controlled government.

The execution was carried out despite protests from both the United States and Britain, which had termed Petkov's conviction a miscarriage of justice.

His last chance of escaping the death penalty—imposed Aug. 16—vanished last Thursday when the Bulgarian Supreme Court rejected his appeal.

Previously, the United States had sought a review of the Petkov case by the Allied Control Commission in Bulgaria, composed of representatives of the U.S., Russia and Britain. Russia contended, however, that such action would constitute intervention in Bulgaria's internal affairs.

The United States subsequently—with British backing—appealed directly to Moscow to take a hand in reviewing the case, but without results.

Russian Puppet Reported Found

Frankfurt, Germany, Sept. 23.—(AP)—Dr. Rudolf Paul, missing minister-president of the Soviet zone state of Thuringia, was reported unofficially today to be in the U.S. occupation zone of Germany.

Another public official from the Soviet zone, Heinrich Mertens, mayor of Jena, has quit his post and fled to the American zone, along with his family.

Churchmen Meet In Springfield

Springfield, Mass., Sept. 23.—(AP)—Springfield became the center of world Methodism today as 400 delegates from both hemispheres arrived for the opening tomorrow of a nine-day Methodist Conference, the first in 16 years.

The conferences are held at 10 year intervals but the 1941 meeting scheduled for Oxford, England, was called off because of the war.

Police Believe Uncover Hoax In Fleecing Game

By CHESTER WALSH

Greenville police believe they have solved the case of an alleged flimflammer trying to "flimflam" another alleged flimflammer out of \$650 by the old "pocketbook" racket when they arrested James (Chap) Redmond, 55-year-old Goldsboro Negro, and Frank Moore, 23-year-old Greenville Negro, who reported to police that he had been robbed by trick.

Police Chief Jim Tanner told this way: Frank Moore, 32-year-old Negro bricklayer of Greenville reported to police that a Negro woman fleeced him out of \$650 on September 13 when she offered to split \$2,100 she and two other women claimed they had found in a pocketbook if he would let one of them have \$650 to pay the third woman her share.

Moore said he gave her the money and that she was to come back and go with him to a bank and get the big bills changed and divide the money with him.

A week passed and the woman did not return. Moore reported the matter to police. They arrested Pinky Johnson, Negro woman of

Goldsboro as the person who fleeced him. She denied it and proved that she was in Goldsboro on the day that Moore said he was robbed.

Chief Tanner released the woman after Moore admitted that the whole thing was a frameup (that he had not lost any money; that his uncle, James R. Redmond of Goldsboro, who lives next door to the Johnson woman in Goldsboro, had conspired with him to accuse the woman, expecting her to pay the \$650 to Moore, rather than go to court with her previous court record, and that Redmond and Moore would then divide the loot.

Redmond is being held in jail under \$5,000 bond. Moore, whose police say was unduly influenced by the older man, was released on \$100 bond, which he provided. They will be tried in Police Court next Friday morning.

Rap Bulgarians

Washington, Sept. 23.—(AP)—The United States today denounced Bulgaria's execution of Nikola Petkov, leader of the opposition to the Communist-supported Bulgarian government.

The State Department in a formal statement said that "in the court of world opinion, Bulgaria's Communist-dominated government 'has shown itself wanting with respect to elementary principles of justice and the rights of man.'"

SCRUTINY FOR AID PROGRAM

Western Europe's Estimated Needs To Get Close Check

Washington, Sept. 23.—(AP)—A searching American scrutiny awaits Western Europe's estimate that it must have some \$2,440,000,000 worth of help, largely from the United States, the next four years to get back on its feet.

State Department officials said today the report of the 16-nation Paris conference which drafted the so-called Marshall Plan estimate will be studied item by item before any request for actual funds is submitted to Congress.

There, too, the figures are due for sharp examination.

Rep. Chenoweth (R-Colo.), a member of the potent rules committee which can reach the House floor, told a reporter the whole report will be gone over "with a fine tooth comb."

However, a prediction of speedy approval came from Rep. Dirksen (R-Ill.), chairman of the Joint House Armed Forces and Appropriations Committee now touring Europe. Dirksen said in an interview at Munich yesterday he expects a special session of Congress to okay the program.

There has been virtually no talk here of a special session to consider the long-range aid program.

World-Bank's Funds Hang On U.S. Investors

18—WORLD BANK WALSH

Washington, Sept. 23.—(AP)—Robert L. Garner, vice-president of the World Bank, said today that American investors will have to put up whatever funds the bank needs to the 16 European nations seeking aid under the Marshall plan.

The upsurge group assumed in a statement yesterday that the bank and "other credit operations" would furnish them with \$3,110,000,000 of the \$22,440,000,000 they estimate they will need from the U. S. and elsewhere through 1951.

Garner told a news conference the bank now has only about \$500,000,000 available for lending, and the only way it can get further funds is the foreseeable future is to raise them in this country by issuing bonds for investors.

BIGGEST CONTRIBUTORS

Winston-Salem, N.C., Sept. 23.—(AP)—Rev. Ernest J. Arnold of Durham told members of the North Carolina Council of Churches in session here today that North Carolina, in the first half of 1947, contributed more tons of overseas relief goods than any other state in the nation.

Prices Checked Say Retail Body

New York, Sept. 23.—(AP)—A representative of the nation's largest retail trade association told congressional price probes today there are many indications that prices in many department store lines have been checked.

Robert A. Seidel, representing the National Retail Dry Goods Association, told the congressional committee investigating prices:

"Our economists advise that the end of price increases is in sight. They see no further over-all advance in business or in prices. They base their opinion on a number of economic developments of the past few months."

TARHEEL FARM INCOME LOWER

Reduction Of \$100 Millions Seen In Tobacco Decline

Goldsboro, Sept. 23.—(AP)—North Carolina's farm income will be reduced by 100 million dollars this year as a result of the decline in tobacco prices, Thomas J. Pearsall of Rocky Mount told a farm conference in Goldsboro yesterday.

He addressed a conference of Goldsboro Farmers and Mount Olive farm leaders called to set up plans for a year-round farming program in Wayne County.

Next year tobacco quotas, most certainly will be reduced by as much as 26 percent. This will mean a further reduction in farm income, Pearsall said.

To meet this "serious situation," Pearsall suggested extension of cotton planting, more attention to livestock and dairying and more hog raising with full utilization of better farming information afforded by Extension and Department of Agriculture officials.

The Goldsboro Chamber of Commerce will sponsor community meeting throughout Wayne County late in November to call attention of farmers to the serious situation facing eastern North Carolina farmers.

Carolinian Appointed As Royall's Newest Assistant

Washington, Sept. 23.—(AP)—President Truman today appointed Gordon Gray, Winston-Salem, N.C., publisher, to be assistant secretary of the Army.

Gray is president of the Piedmont Publishing Company which publishes the Winston-Salem Journal and Twin-City Sentinel and operates radio station WSJS.

He is now in his third term as a North Carolina state senator. He served his first two terms before he volunteered and became an Army private in May, 1942.

He rose to the rank of captain after serving at the tactical headquarters of the 12th Army Group in Europe and was mustered out in 1945.

Gray was graduated from the University of North Carolina and then took a law degree at Yale. He practiced law for five years in New York and Winston-Salem. He is married and has four sons.

Under the act reorganizing the War and Navy Departments, the three military service—Army, Navy,

and Air—are placed under Secretary of Defense James V. Forrestal. In turn, administration of the Army is under Secretary of the Army Royall.

According to the Washington report, Mr. Gray would serve as one of two assistant secretaries with the specific duty of handling Army policy in the occupation of foreign zones.

Arrival Of Autumn

Today At 4:29 P. M., EST, Center Of Sun Crosses The Equator Marking Beginning Of Autumn; Unusual Weather During Equinox; 1st Freezes In September

By MAX HALL

Washington, Sept. 23.—(AP)—Today at 4:29 p.m. Eastern Standard Time the center of the sun crosses the equator, going south.

That moment is the equinox. It marks the arrival of autumn. South of the equator, it marks the arrival of spring.

Interestingly, what some people call "equinoctial gales" are puffing around various parts of the country. For example, a new tropical windstorm is whistling through Florida. Last week a major hurricane littered Florida and raked the Gulf Coast. The Great Lakes area and the northeastern states have been feeling strong winds that have no relation at all with the tropical storms.

None of these disturbances is really "equinoctial," in any direct sense.

The Weather Bureau says they are not connected with the equinox as an astronomical event.

Today, when the sun's rays strike the equator at a precisely perpendicular angle, and the North Pole begins settling down into its six months of darkness and the South

Vishinsky In New Broadside Against American Proposals

President Studying Food Shortage Issue

Weights Recommendations For Voluntary Food Rationing And Smaller Grain Shipments Abroad As Solution

Washington, Sept. 23.—(AP)—President Truman is weighing recommendations today for voluntary food rationing at home and smaller grain shipments abroad as the most feasible approach to scaring domestic prices and threatened unrest overseas.

Any attempt to keep grain exports at the record levels of earlier months would require a return to rigid wartime controls and only Congress could restore them, Mr. Truman's Food Cabinet Committee told the Chief Executive yesterday.

Hence the group composed of Secretary of State Marshall, Secretary of Commerce Harriman and Secretary of Agriculture Anderson proposed that the government: (a) Place a ceiling of between 450,000,000 and 500,000,000 bushels on foreign shipments this crop year (b) set up a voluntary conservation program in this country and (c) try to find some way to augment European diets with costlier but less scarce foods.

This information came from officials in a position to know but not to be quoted. The White House itself was silent except to say that Mr. Truman will have a statement on world food problems "in a few days."

Whether that statement will cover the whole field of emergency aid to Europe and settle the issue of whether there is to be a special session of Congress remains to be seen.

The food committee's meeting with Mr. Truman to submit its report was only one of a series yesterday dealing with steps that may be necessary before Congress can get around to considering the long-range Marshall Plan for European recovery.

GENERAL SAYS 'NO POLITICS'

Eisenhower Again Stresses No Desire For Public Office

Morgantown, W. Va., Sept. 23.—(AP)—General Dwight D. Eisenhower said today, "I want nothing to do with politics and I want no political office."

The World War II leader of the allied conquest of Nazi Europe came here to address a special convocation of West Virginia University and to receive the honorary degree of doctor of laws. He has been mentioned as a possible Republican nominee for president.

The general prefaced a morning news conference with the assertion he hoped the 30-odd newspaper and radio representatives confronting him would "please lay off me for once on anything that involves politics."

Editor Herman Gieske of the Parkersburg News, after the chief of staff had discussed a variety of subjects ranging from military occupation to Britain's economic, asked if he could pop "the question."

"I have answered that question so flatly and completely before," the general said. "Yet people seem to believe what they want to believe. I say that I don't want any political office and people say, oh, yeah."

Carolinian Appointed As Royall's Newest Assistant

Washington, Sept. 23.—(AP)—President Truman today appointed Gordon Gray, Winston-Salem, N.C., publisher, to be assistant secretary of the Army.

Gray is president of the Piedmont Publishing Company which publishes the Winston-Salem Journal and Twin-City Sentinel and operates radio station WSJS.

6:30 p. m.—Kiwanis Club.

before discussion session and a tea by the Rocky Mount club after adjournment.

Clubs in the Seventh District are Asheville, Washington, Greenville, Roanoke Rapids and Rocky Mount. Mrs. Chester Walsh, district director, will preside over the business session. Mrs. Ruby Blythe, president of the Rocky Mount club, will be official hostess.

Greenville members attending are asked to make reservations immediately with Mrs. J. B. Spilman, club president or Mrs. Chester Walsh.

Birth Announcement

Mr. and Mrs. W. Harvey Whichard announce the birth of a daughter, Valinda Conolia, on Sunday, September 14, 1947, in Pitt General hospital.

Mrs. Whichard is the former Miss Mary Harris of Greenville.

Youthful Workers' Club Meets

The Youthful Workers Club will meet Thursday night at 7 o'clock at the Red Oak club center. After a short business session they will go in a body to the church to hear Rev. Thad Cox who is conducting a revival this week. All members are urged to be present on time. The date, Thursday night, September 25th, at 7 o'clock.—Joe Tyson, president.

Called Masonic Meeting

Greenville Lodge No. 284, A. F. & A. M., will have a special communication Wednesday night, September 24th, at 7:30 o'clock for work in the Fellowcraft degree. All local brethren and visiting Master Masons are invited to be present. Fellowcrafts will be admitted.

L. F. STOKES, Master.
A. R. HOUSE, Secretary.

Cowan-Pollard

In a double-ring ceremony solemnized on September 14th at the Immanuel Baptist Church in Greenville, Miss Myrtle Grey Pollard, daughter of Ollie P. Pollard and the late Clyde Heath Pollard of Greenville, became the bride of Luther Mitchell Cowan of Greenville, son of Mr. and Mrs. Eugene G. Cowan of Windsor.

The Rev. A. Hartwell Campbell of Dunn officiated. Mrs. Howard Bodkin, organist, played a program of wedding music. Mrs. Moye Dail, vocalist, sang "Because" and at the close of the ceremony "O! Perfect Love."

The bride was dressed in a heavenly blue dress with a side drape starting at the left shoulder and ending on the right side of the waist. Her hat, of black felt was an open back with black ribbon ending in a big bow. All her other accessories were black. She carried a white prayer book covered with a white orchid and white streamers. The bride is a graduate of Greenville High School and took a business course at King's Business College in Raleigh. For the past two years she has been secretary for Mr. Frank Wooten, a lawyer of Greenville.

Mr. Cowan is a graduate of Greenville High School and is employed as a bookkeeper for the West End Branch of the Guaranty Bank and Trust Company.

Out-of-town guests were Mr. and Mrs. E. G. Cowan, Misses Betty Eugene, Minnie Elizabeth and Ruby Ella Cowan, Mr. E. B. Hughes, Miss Janie Lee Hughes, and Mr. and Mrs. Mary Phelps of Windsor. After a trip to unannounced points Mr. and Mrs. Cowan will make their home at 119 East 7th Street, Greenville.

Winterville F.H.A.
The Winterville Future Homemakers held their second meeting of the year in the Teen Age Club room. Our president, Gladys Hines, called the meeting to order and our song leader, Amy Cayton, led us in our club prayer. We also sang our school song.

Our advisor, Miss Alva Ray Taylor, made some important announcements. The first one was about the Pitt County F.H.A. unit which is to meet in Greenville on October 4. Every F.H.A. member is welcomed. The second announcement was that the F.H.A. district meeting will be held at Bath on Oct. 18. We all have two important dates to remember and we are really looking forward to having a good time.

Miss Taylor also suggested that we sell stationery to raise money for the purpose of buying books for the Home Economics Cottage. Our chairman of the program committee, Annie Rose Harrington, had a nice program planned for us. She read a poem, "Let Us Smile" and Leah McGlothlin gave a splendid talk on "Feet First."

Drinks and nuts were enjoyed by all. The refreshment committee, composed of Peggy Langston, Mavis McLawhorn and Barbara Worthington, served us.

With nothing further, the meeting was adjourned.
Virginia Worthington, reporter.

Peanut Quota To Be Announced Before Ballot

Before Pitt County peanut farmers vote on whether there will be

marketing quotas and acreage allotments for the next three years, they will be notified what their 1948 allotments will be.

This assurance was given by J. V. Taylor, chairman of the County Agricultural Conservation Committee.

"This will give each producer a chance to decide whether he has received his fair share of the county allotment before the referendum is held," Mr. Taylor said.

By now, all peanut producers should have received a questionnaire on which they are asked to give their past acreages and other necessary information.

"It is very important," the chairman said, "that each producer return his questionnaire by October 1, so that the county committee can inform him of his allotment and put his name on the list of eligible voters before the referendum. Any vote may be challenged if the voter's name is not on the eligible list. Anyone who has not received a questionnaire may obtain one at the county office."

Christmas Toys Will Cost Less

Portland, Me., Sept. 23—(AP)—Christmas toy prices, says a Boston wholesaler, will be down as much as 30 percent this year, in contrast to

the upward trend of most prices. Louis Block reported a trend away from warlike toys and said some items, like electric trains and Christmas tree lights and bulbs still were scarce.

This year's toys, Block declared, will be better constructed, which may defer the inevitable breakage.

RADIO PIRATES

Among the many wonders conceived during the twentieth century the radio stands out above all as a symbol of mankind's achievement. But there are those that would take advantage of this modern marvel by exploiting so-called cure-alls and nostrums. Don't be misled or pay too much attention to the claims made by the followers of such products. Only a Medical Doctor is qualified to diagnose and prescribe for illness. So by all means seek his advice first.

Mrs. Watson Roberts Coffee

Coffee-Skinner

On Saturday evening, September 20, the marriage of Miss Ann Blount Skinner, daughter of Mrs. William Iverson Skinner and the late Mr. Skinner, and Mr. Watson Roberts Coffee, son of Mrs. Arthur Felix Coffee and the late Mr. Coffee, of Douglas, Georgia, was solemnized in Saint Paul's Episcopal Church with the Reverend Roscoe Conkling Hauser, Jr., officiating.

Mrs. Ray Tyson, organist, and Mrs. Hubert Edgerton, soloist, who

is the sister of the bridegroom, of Oak Ridge, Tennessee, rendered a program of nuptial music.

The bride, given in marriage by her brother, William Iverson Skinner, of Williamston, wore an original wedding gown of white satin fashioned with an off shoulder neckline and long sleeves ending in points over her hands. The gown was made with tight fitting bodice and a bouffant skirt which ended in a full court train. Her finger tip veil of imported illusion was caught to a satin Juliet cap by clusters of orange blossoms. She carried a bouquet of white bride's roses centered with a purple thorned orchid.

Miss Lucy Clyde Blount, maid of honor, and Mrs. William John Miller, Jr., matron of honor, of Williamston, wore identical gowns of emerald green velvet similar in style to that of the bride. And their arm bouquets, made of yellow chrysanthemums, were tied with bronze ribbon.

Mr. Thomas Price Stubbs, of Douglas, Georgia, served as best man. The groomsmen were Wilcox Johnson, of Denton, Georgia, and Tom Washington Skinner, brother of the bride, of Williamston.

The bride's mother wore a gown of royal blue crepe trimmed with gold sequins. Her corsage was a purple orchid.

Mrs. Coffee, mother of the bridegroom, was gowned in Copenhagen blue, and her corsage was of white orchids.

The bride attended Saint Mary's School and Junior College, Raleigh, and East Carolina Teachers College.

The bridegroom attended South Georgia Junior College, Douglas, Georgia. For three years he served with the Naval Air Forces, and at present, he is in business in Douglas, Georgia, where the couple will make their home.

Immediately following the ceremony, Mrs. Skinner entertained the wedding party, out of town guests, and close friends at a reception at her home. After the reception, the couple left on a wedding trip to unannounced points. For traveling, the bride wore an original suit by Evelyn made of surf doeskin trimmed with sable. Brown accessories and the orchid from her bridal bouquet completed her ensemble.

Mrs. Coffee was the recipient of many pre-nuptial courtesies. Mrs. R. C. Stokes, Jr., and Mrs. R. C. Stokes, III, were hostesses at a cocktail party. Mrs. W. T. Lipscomb entertained at luncheon. Mrs. Graham Flanagan received at a coffee hour. Miss Lucy Blount entertained at

dinner and Mr. and Mrs. Gattis Honeycutt also entertained at dinner. On Friday at 5:30 Mrs. Walter Harrington and Mrs. John Miller, Jr., entertained informally at the home of Mrs. Harrington and on Friday evening Mr. and Mrs. W. Iverson Skinner, Mr. and Mrs. Tom Skinner and Mr. and Mrs. T. A. Smoot entertained at an after 7 o'clock party at the Country Club. Out of town guests here for the wedding were Mr. and Mrs. J. B. King, Miss Patsy King, John Rombeau, Miss Ruth Norton, Mr. and Mrs. William H. Carstarphen, Mr. and Mrs. Tom Skinner, Mr. and Mrs. W. Iverson Skinner, Mr. and Mrs. Joel Muse, Elbert Peele, Jr., William Manning and Paul Simpson of Williamston, Mrs. H. D. Bateman of Wilson, Mrs. Laurine Skinner, Burlington, Mr. and Mrs. Hubert Edgerton, Oak Ridge, Tenn., Mr. and Mrs. Raymond Hines of Rocky Mount, Wilcox Johnston, Denton, Ga., Mr. and Mrs. Tom Price Stubbs, Douglas, Ga., Mr. and Mrs. Sidney Shaw, Rocky Mount.

ELKS MEET THURSDAY. Greenville Lodge No. 1645, Benevolent and Protective Order of Elks, will meet Thursday night at 8 o'clock. Judge Albion Dunn, exalted ruler, will preside.

Strength FOR THE DAY

SAILING TAKES SKILL
The boats are coming in this
afternoon, more than 20 of them,
after the regatta. It is one of the
most beautiful sights anyone ever
looked upon. The harbor and sea
bordered are as blue almost as the
cloudless sky, and the white sails
look like the wings of creatures
not of this world. The boats swing
from side to side as they tack
against a head wind. They round the
buoy and come to mooring in the
harbor.

The men who own these boats
did not wait for the wind to be
blowing in any particular direction
before they went out to sail. In fact,
the skill of sailing consists in catch-
ing the wind, no matter from what
direction it happens to be blowing,
and using it for the purpose of
reaching an objective.

Sailing and living are very much
alike. Still in both consists in meet-
ing the choppy breezes and so man-
aging the sails that one gets where
one wants to go. In life one tries
to reach the land of hearts' desire.
It takes skill to get there. There
are winds and cross currents. Drift-
ing leaves one stranded on the
shallows or dashed against the
rocks. One has to catch in his sails
whatever wind is blowing and use
it to his advantage.

WASHINGTON LETTER

By JANE EADS

Washington—An accident started
Miss Irma Gene Nevins on her
career as a safety expert.

The tall, good-looking national
director of the American Red Cross
accident prevention program was
driving in the rain. She skidded,
spent 13 weeks in the hospital and
had time to think.

"I analyzed the accident and
found the fact that I had been
faulty," she recalls. "Then I asked
myself if I could do anything to
prevent accidents like that from hap-
pening to others."

At the time of the accident Miss
Nevins was head of the department
for health and physical education
for women at Kansas State Teach-
ers College.

She wrote a course of instruc-
tion for safety education for ele-
mentary schools. It was introduced
in Kansas schools by the state
superintendent for education in
1937. In 1940, through her efforts,
Kansas State became the first
Kansas State to offer credit in
the subject. She was made director
of its safety division.

Since that time she has become
a national authority on health and
safety. She became associated with
the Red Cross in December, 1946.

Existing the aid of the national
organization for public health nurses,
Miss Nevins obtained data on
home accidents in eight major cities.
The survey covering some 569 cases.
Here are some of her findings:

More accidents occur on Satur-
days and Sundays.

The most accident hours are those
just preceding meals.

Accidents are the leading cause
of death among children after in-
fant.

The high frequency of accidents
on Saturdays, she says, is because
children are released from the re-
straint of school and activities of
the home are intensified in prepara-
tion for Sunday and in competition
of the week's work.

Most accidents are attributed to
"fatigue and lack of attention re-
sulting from the weekend holiday with
its unusual and necessary activities,
by hungry activities and by the home-
maker's tenor, rarely forgetting su-
pervision of pre-school children."

The smallest number of acci-
dents, she says, occur on Sunday,
yet the survey showed them among
the most to be feared from the
point of view of time victims are
and up.

Miss Nevins says the biggest bur-
den in prevention of home accidents
is the fact that they don't interest
the public. "They just aren't ex-
posed."

She believes that the most ef-
fective way to prevent home acci-
dents is to instill proper habits in
a child while he is very young. This
Red Cross is currently conducting
a safety education program for
use of schools throughout the
country. Miss Nevins is also giving
thought to a program to reach older
folks.

Twenty percent of all accidents

To The Last Man

in the home involve children five
years of age or younger, but persons
64 or more are the victims of 52
percent," she says.

Verdict . . .

(Continued from Page One)

the ranging, hideous consequences
to which Mr. Vishinsky drew our
attention.

McNeil was referring to the bitter
speech made in the Assembly last
week by Soviet Deputy Foreign Min-
ister Vishinsky, who charged Amer-
ica with war mongering. Yesterday,
by the way, Moscow newspapers
printed New York dispatches al-
leging that Vishinsky's address had
caused "Complete Panic and bub-
bling wrath" among "American re-
actionaries," pictured as waiting
war with Russia.

Arrival Of . . .

(Continued from Page One)

pect an average of one freezing day
each September, and Rocky Moun-
tain areas can expect two or three
such days.

In past years, the Bureau says,
every state except Florida has had
freezing weather in September.

Push Button . . .

(Continued from Page One)

throttles, lowered the landing flaps
and cracked out the landing gear.
Then the plane homed on the
glide path, a sloping beam, and
flew down to the runway. After
allowing a certain time for roll fol-
lowing the touchdown of the wheels,
the brakes were automatically ap-
plied.

The crew, which had done nothing
for ten hours, taxied the plane
off the runway.

World's Strong Men Gather For Weight Lifting

Philadelphia, Sept. 22—(AP)—
Strong men from almost every sec-
tion of the globe will compete at
Convention Hall this weekend for
the world's weight lifting cham-
pionship and the honor of being
selected "Mr. World."

Official entries have been received
from 13 nations for the event in
which the United States defends
the title won last year at Paris when
the first postwar revival of world
competition was held. Prior to that
the last world meet was held in
Vienna in 1938.

Leading opposition to the cham-
pion Americans is expected to come
from Russia—if the Soviet enters a
team. The Soviet Union—ever the
silent enigma—hasn't said officially
whether it plans to compete. But
members of the event—headed by
Bob Hoffman, York, Pa., athletic
equipment manufacturer—believe
the Russians will be a last
minute arrival.

Rotarians See Physiotherapy Movie Monday

By WYATT BROWN

A sound movie showing the use
of physiotherapy in the treatment of
sick and crippled patients was ex-
hibited at the Rotary Club last night
by the Crippled Children's Commit-
tee headed by Dr. Fred C. Irons.
The movie was provided by Dr. Jack
Phillips and projected by Donald
Rose.

Prior to presenting the movie, Dr.
Irons told of the orthopedic clinic
held once a month at the Pitt Coun-
ty health office which has been
sponsored through the years by the
Rotarians. He reported that 39 to
40 persons attend the clinic each
month. On previous occasions at-
tendees of crippled persons who
have attended the clinic have been
presented in various stages of re-
covery.

The little girl who enjoyed a stay
at Camp Hardee due to a scholar-
ship provided by the Rotarians
wrote a very nice letter of appre-
ciation to the Rotarians. Upon
hearing the letter read, the Rotar-
ians felt fully repaid for their ef-
fort.

Max Rebeck of Washington and
Frank Kilpatrick of Ayden were
visiting Rotarians last night. Mar-
tin Swartz explained the interrup-
tion of service at the light plant
and asked cooperation of everyone.

THE TRADITIONAL "HEAVEN-SENT"
swords of ancient Oriental warriors
probably were made from nickel al-
loyed iron which is often found in
meteorites.

Goodrich Strike Given Sanction

Ridgeland, S.C., Sept. 23—(AP)—
The "good luck" Mrs. John E. Curtis
expected a "friend" to wish her on
her second honeymoon was a blast
of pistol fire. It left her dead on
the coastal highway while her Ar-
my captain husband and her two-
year-old son, Buddy, looked on
aghast.

The "friend" was a handsome,
27-year-old police officer, Dennis J.
Counihan, of the Chatham County
(George) homicide squad. Mrs. Cur-
tis met him in Savannah while di-
vorced from her husband, whom she
re-married yesterday.

State Finances In Good Shape

Salisbury, Sept. 23—(AP)—North
Carolina will not have to issue any
bonds for many years to come, per-
haps never, State Treasurer Char-
lie M. Johnson told the Salisbury Ro-
tary Club at its meeting today.

Nor is there much chance of in-
creased state taxation, he said, es-
timating that state taxes had
reached a peak from which any
possible revision would have to be
downward.

Emery Parnell—Chili Williams
Serial "Son of the New Guards-
man," Chapter No. 1.

He told of the tobacco factory that
has shifted 400 horsepower load
from the daytime peak period to
the graveyard shift—from 10 p. m.
to 7 a. m. Such cooperation will
make the stand-by equipment hold
out, Swartz said. He said that each
light bulb that is not essential and
that is turned off, helps.

Supt. J. H. Rose told of the in-
terruption for the next four sched-
uled football games of the High
School. There are no lights avail-
able for night games. He told the
Rotarians that holders of season
tickets will be able to use them even
though the game scheduled for
Greenville Friday night will be played
in New Bern instead.

Johnny Overton led the Rotarians
in their usual program of singing
going in for a little barbershop mel-
ody in the hoise of numbers last
night. It seems there is one num-
ber Jasper Winslow has been re-
questing. It will receive treatment
soon. The meeting was presided
over by Bob Bradshaw, club presi-
dent.

Colored News

It is a good plan to seed the win-
ter pasture as soon as possible. Try
to get the pasture seeded within the
next 30 days. There are three steps
to remember in getting maximum

grazing from winter seed. Plant ear-
ly, fertilize heavily and never allow
livestock to graze while soil is wet.
Try this pasture mixture for win-
ter grazing. For one acre, sow 90
pounds of ambruzzi rye, 15 pounds
of Italian rye-grass and 15 pounds
of crimson clover. Fertilize with 400
pounds of small grain fertilizer. Now
is the time to plant seed for fall
and winter salad. Seven top, winter
mustard, white globe turnips are
good varieties to plant for winter
garden.

Before sowing the seed make a
soft bed, work some fertilizer in the
soil and when the seed come up if
there is a good stand top dress with
nitrate of soda. This will keep crop

growing all winter. It is not too late
to set a crop of collards for winter
right now.

Those who have a good collard
patch should dust once a week for
five weeks.

Another important thing is to kill
the weeds in your tobacco bed. If
the plant beds are treated to contro-
weeds now so much time can be saved.
Cyanimid is very good to contro-
weeds. All 4-H boys in Pitt County
should take their hats off to Elmer
Lee Leary who took second place in
the cattle show at Rocky Mount last
week. His cow was trained to show
and stand almost perfectly. She is
on the reserved champion list.—
D. D. Dupree, Negro County Agent.

SPECIAL NOTICE To All Electric Customers

We had the misfortune of having a 5000 KW
Electric Generator burn out, and it will take
several days to make the necessary repairs.

It will be impossible to carry the full load, and
so again we ask your indulgence and coopera-
tion by eliminating every possible use of electric
current you can, air conditioning, signs, and out-
door lighting of all kinds.

Every effort possible will be made to supply suf-
ficient service for refrigeration and other abso-
lutely essential needs.

It will unquestionably be necessary to alternate
between the various circuits by cutting off and
on at intervals.

Please bear with us in this emergency.

On ECTC Administrative Staff

DR. J. K. LONG

East Carolina Teachers College began the '47 term yesterday with two new members on the administrative staff. Dr. Leo W. Jenkins is the new dean of instruction, and Dr. J. K. Long, registrar and director of admissions.

DR. L. W. JENKINS

ents are still on the college waiting list and will register for work if living space can be found for them.

Addressing the group of new students this morning, Dr. John D. Messick, new president of the college, estimated that the number of newcomers present for the occasion approached the 500 mark, a large freshman class for the college. He stressed the values of education and laid particular stress on character development in the training of young people.

Education includes, he told the attentive group of students, the training of the intellect; the development of character, which involves social, moral, spiritual, and esthetic ideals; and vocational training aimed at aiding the student find the type of work for which he is best fitted.

The training of teachers, said Dr. Messick, is the chief aim of the college. He urged those entering school this fall to consider seriously the advantages of preparing for the profession of teaching and stressed the advantages of work in the public schools.

Presiding at the meeting this morning was Dr. Howard J. McGinnis, director of field services. Dr. Karl V. Gilbert led the group singing. Other college officers who took part in the exercises and who talked to students on various aspects of campus life were Dean of Women Annie L. Morton, Registrar J. K. Long, Treasurer F. D. Duncan and Dean Leo W. Jenkins.

New students will be honor guests this evening, after a student government meeting and a "pop" rally, the YWCA and the YMCA will hold open house to welcome the newcomers.

One reason Columbus believed he had reached the Far East was that he found residents of the Bahamas wearing cotton clothing at a time when the Far East was supposed to be the only cotton producing territory.

N. C. NUTRITION BODY TO MEET

Plan Regional Meeting In Greenville October 24

In Halifax Friday afternoon, September 19, at the office of Miss Florence Cox, home demonstration agent, plans were laid for an eastern regional meeting of the State Nutrition Committee, to be held in Greenville Friday October 24.

At a meeting in Greenville, August 19, representatives from the Extension Division, the health departments, the welfare departments, the department of education, the department of agriculture, and the Farmers' Home Administration decided that a meeting of naturally interested persons to discuss nutrition problems peculiar to this part of the state and ways of working together would be of much value to this section of the state.

To Make Up AAF Deficit In Quota New Inducements

The United States Army and Air Force has enlisted a total of 493 men in the states of North and South Carolina during the first 15 days of September, 1st Lt. George C. Blinbury, commanding officer of the Greenville sub-station, said today. This is only eleven enlistments short of the number that should have been obtained to be abreast of the monthly quota of the two states.

With the start of the new Pre-Enlistment School Selection Program, whereby high school graduates may select their Army school prior to being enlisted in the Army or Air Force, recruiting sergeants are confident that they will be more than able to make up the slight deficit of the first half of the month so that for the second straight month the Carolinas may boast of having exceeded their assigned quota. August found the re-

cruting service obtaining 107 per cent of its quota in the two states. Lt. Blinbury also said that of the total of 493 men enlisted in the Carolinas, 11 were enlisted through the local sub-station.

TRIUMPHANT ENTRANCE... by Mun' and Frank Eck

Blue Devils are regaining any of their pre-war momentum will be answered Saturday afternoon when Coach Wallace Wade sends his charges up against North Carolina State in Duke's spacious stadium at Durham, N.C.

There isn't any doubt that Duke would like to win this battle with the Wolfpack. Just a year ago it was that State started the Blue Devils off to their worst season since Wade took over the coaching chores, the Wolfpack coming out on the long end of a 13-6 score.

Wade today moaned that three of his tailbacks were not in uniform, including George Clark, Howard Hartley and Roland Hodges, and three other players, one of them All-Southern Conference Tackle Al Derogatis, also were unable to take part in workouts.

State was busy grooming Charlie Richkus for a busy afternoon throwing passes against the Dukes. Richkus is the same fellow whose superb pitching paved the way for the Wolfpack's winning touchdown scored in the final 10 seconds of play in 1946.

Kinston Wins

By the Associated Press
Kinston's Eagles claimed the playoff championship of the Coastal Plain League today following their 6-4 victory over Wilson at Kinston last night.

Kinston took four games of the final series while Wilson, winner in the regular season play, was held to two victories.

Wilson went ahead in the fourth with a four-run outburst, but the Eagles came back in their half of the inning for two tallies and then went ahead with a three-run party in the fifth.

SIDELINE STAFF

Eugene, Ore., Sept. 23—(AP)—The University of Oregon has discovered a sideline coaching staff that head Coach Jim Aiken agrees may help the Ducks' gridiron prospects this season.

Aiken reported a player asked for a little extra time for practice, explaining: "My wife told me I was lousy on defense."

The motor in the first Wright brothers flying machine had no carburetor. Gasoline was dripped into the cylinders.

At one time Mexican law forbade shipment of cotton seed out of the country, but importers in the United States discovered there was no law preventing the stuffing of dolls with cotton seed and shipping the dolls, so cotton seeds were imported in that way.

Dodgers Take Pennant As Cards Lose To Cubs

By JOE REICHLER

Associated Press Sports Writer
The Brooklyn Dodgers, only team ever to win a pennant at midnight, awoke this morning as official National League champions of 1947, and in the words of President Branch Rickey they'll be champions "for many years to come."

Not many of the Brooks were aware of the good news until today. Only those few who had stayed over at Brooklyn Pitcher Hugh Casey's restaurant learned last night that the long grind finally was over and that the Dodgers had backed into the pennant.

The time was precisely 11:39 p.m. (EDT). It came about when the Chicago Cubs, who had dropped the opener of a day-night double header, 4-2 to fan the Cardinals' flickering hopes for a few more hours, defeated the Redbirds 6-3 in the second game thus eliminating them from the race.

Instead of the usual tumult and shouting that usually accompanies the winning of a flag, the players as well as the Flatbush faithful took the triumph in stride.

"After all," one Brooklyn player declared, "it was 'in the bag' the minute we grabbed the rubber game in St. Louis last week."

Rickey expressed pleasure over the work of Manager Burt Shotton, Red Sox appear assured of win-

ning the National and American League batting championships going into the final week of the season.

Walker, the fellow the St. Louis Cards traded to Philadelphia for Ron Northey in early season, is hitting .362, enjoying a 47-point edge over runnerup Ralph Kiner. Pittsburgh's home run king, Walker has been out of action with a sore back but is expected to play most of the club's remaining games.

Williams' average of .342, like Walker's based on averages including Sunday's games, seems to be enough to last him through the season end Sept. 28. The Red Sox slugger, making a late season spurt, has a 14-point edge on Philadelphia's Barney McCosky in the race to succeed the defending champion, Mickey Vernon of Washington.

Walker, Williams Appear Batting Champs Of 1947

New York, Sept. 23—(AP)—Harry Walker of the Philadelphia Phillies and Ted Williams of the Boston Red Sox appear assured of win-

ning the National and American League batting championships going into the final week of the season.

Williams' average of .342, like Walker's based on averages including Sunday's games, seems to be enough to last him through the season end Sept. 28. The Red Sox slugger, making a late season spurt, has a 14-point edge on Philadelphia's Barney McCosky in the race to succeed the defending champion, Mickey Vernon of Washington.

Middling spot 31.71, off 39.

Grain Market

Chicago, Sept. 23—(AP)—Demand for wheat was good at the board of trade today and prices were up sharply on reports among traders that the cabinet food shipments had agreed on export commitments of between 450,000 and 500,000 bushels of all grains for the season.

At the finish corn broke sharply and was 3 1/2 to 4 1/2 lower than the previous close, December \$2.69 1/4. Oats were 1/4 to 1 1/2 lower, December \$1.06 1/2-6.

N. Y. Stock Market

New York, Sept. 23—(AP)—Active selling depressed industrial stock leaders in the final hour of today's market, sending all sections lower. The outburst of liquidation lifted total transfers to around 900,000 shares. Near the close declines banded to more than two points were numerous.

Teacher Is Kept "After School"

Philadelphia, Sept. 23—(AP)—Miss Betty Johnston, 38-year-old teacher at the Tazewell elementary school, was "kept after school" for two hours and not one small fry was on hand to witness the situation. Miss Johnston remained after classes yesterday to mark papers and failed to notice the building custodian had locked all doors.

The teacher telephoned police when she realized her predicament. Two patrolmen arrived and produced a ladder but Miss Johnston refused to make the 25-foot descent from a first floor window.

A search produced the janitor and his key.

Greenville Wakes Up To Forty-One Degree Drop From Summery Clime

Even as the weatherman reached up to tear the last day of summer from his calendar, autumn weather reached over North Carolina with a suddenness that gave Tarheels (and particularly those in Pitt County) the shivers.

Yes, day the 12 o'clock temperature in Greenville was recorded at 91 degrees by Mrs. C. E. Maiden, official observer for the Department of Commerce Weather Bureau. This morning at 7 o'clock she looked at her instruments again and found that a 41-degree drop in temperature should be chalked up against the new season. The temperature was 50 degrees.

North Carolinians found morning temperatures this first day of autumn averaging almost 30 degrees lower than yesterday's maximum, and the Weather Bureau said the cool snap will continue at least until Thursday morning.

A cool air mass from the North Central States is moving southeast to the Middle East and Southern States north of Florida, the weatherman said. It will lower average hourly temperatures in North Carolina 13 or 14 degrees for the next two days.

Old Belt Prices Fail To Match Previous Season

By ASSOCIATED PRESS
The estimated average on early opening sales of the old belt tobacco markets today was from 42 to 44 cents a pound, the North Carolina-United States-Virginia Departments of Agriculture reported.

Extreme range was from 2 cents for poor nondescript to 60 cents for fine lemon cutters.

Closed lemon and fine lemon cutters brought 58 cents, and fine lemon smoking leaf from 58 to 59 cents. Fine lemon lugs brought 58.

Principal offerings were low to fine quality lugs, low and fair, cutters.

Quality was not quite as good as on last year's opening, which averaged 49.46 cents a pound.

Set Date To Try Mrs. Miller

Lumberton, N.C., Sept. 23.—(AP)—Superior Court Judge W. H. S. Burgwyn today set Thursday afternoon for the trial of Mrs. David Miller, 24, charged with secret assault with a deadly weapon with intent to kill her 2-year-old husband, a Rowland farmer and merchant.

The judge also said that on Thursday he would sentence Fred Wiggins, 24-year-old Negro, who pleaded guilty to a similar indictment after saying he had been hired by Mrs. Miller to shoot Miller as he lay sleeping.

Round shot was invented in the early 19th century by William Watts, an Englishman, who found that drops of molten lead falling from a great height into water hardened into a spherical form. Previously shot had been oblong in shape.

Dining cars were introduced on American railroads in 1868.

Our Fama Folks

MRS. FRED T. LANGFORD
VERNA BELLE LOWERY
LILLIAN B. HINES
Home Demonstration Agents
Pitt County

Five Home Demonstration Clubs held their regular monthly meetings last week. The educational subject used was "Accessories For The Fall Wardrobe." This demonstration consisted of a display of fall clothes and accessories which included shoes, hose, pocketbooks, jewelry, yard materials, patterns and posters. Mrs. Fred Langford, home agent, and Verna Belle Lowery, assistant home agent showed how accessories are important factors in expressing good taste in dress. They are a means of keeping costumes up-to-date and introducing an element of newness and charm into the wardrobe. They also discussed "Trends in Fall Fashions. The clubs used the suggested song, "We Believe In Our State" as their opening hymn.

Simpson Club: Misses Lena and Jennie Barron were hostesses to the Simpson Club on Tuesday, September 16. The meeting was called to order at 2:30 p. m. by the president, Mrs. Robert G. Little. In the absence of the secretary, Mrs. W. J. Edwards, Jr., Mrs. Gentry Porter read the minutes of the last meeting and called the roll. Mrs. Lyman Mills gave a most interesting report on "Our International Neighbor France." The following club officers were elected for next year: President, Mrs. S. D. Tucker, Jr.; vice president, Mrs. Fred Edwards; secretary-treasurer, Mrs. Gentry Porter. The clothing leader, Mrs. Jimmie Edwards arranged a wonderful display of Fall suits and dresses with suitable accessories. She also led the group in a sewing game. Mrs. Bertha Buck won the contest.

After the demonstration the hostesses served cold drinks, party sandwiches and sea-foam candy.

Ballards Club: Mrs. A. J. Garris was elected president of the Ballards Home Demonstration Club meeting for 1948 at their regular meeting on Tuesday afternoon, September 16. Other officers elected were: vice president, Mrs. Gilder Nichols; secretary, Mrs. Loyd Allen; treasurer, Mrs. Dalton Williams. The meeting was held at the Ballard's community building with Mrs. Chester Worthington as hostess. The book, "Starling of the White House" was reviewed by Mrs. L. R. Jones. The hostess served iced coca colas and party sandwiches.

Bell Arthur Club: The Bell Arthur Home Demonstration Club met at the Home Economics cottage on Wednesday afternoon, September 17, with Mrs. J. L. Cashwell, president, presiding. During the business session the following officers were elected for 1948. President, Mrs. L. B. Bennett; vice president, Mrs. Heber Strickland; secretary-treasurer, Mrs. G. R. Burganus. The hostesses Mesdames G. R. Burganus and Richard Nichols served fancy cookies and coca colas at the conclusion of the meeting.

Clark's Neck Club: The members of the Clark's Neck Club met with the president, Mrs. Charlie Elks on Wednesday afternoon, September 17. The program opened with the members singing "We Believe In Our State." Mrs. Bill Dixon reviewed the book, "Janey Jeems," and also "Green Grass of Wyoming." The following officers were elected:

PITT

TODAY — WED.

Miracle of Entertainment
MAUREEN O'HARA
JOHN PAYNE

"Miracle On 34th Street"
With Edmund Gwenn

President, Mrs. W. H. Morgan; vice president, Mrs. J. A. Wagoner; secretary-treasurer, Mrs. Willard Andrews. Mrs. Chester Elks invited the guests in the dining room where they enjoyed a table game. She also modeled a fall outfit. After the demonstration the hostess served home made ice cream and cake.

Pierce Club: The Pierce Home Demonstration club met Thursday, September 18, at the club house. Mrs.

Barrel Sumrell was named president for the coming year. Mrs. Roy Thomas Forrest, vice president; and Mrs. Mack Allen, secretary-treasurer. The club decided to have a fish stew on Thursday, September 25, at 6 p. m. and they are inviting their husbands and families to enjoy this occasion with them. Mrs. Jack Allen gave a report on an international neighbor, Czechoslovakia. She also reviewed the books, "Toil of the

Brave" and "Starling of the White House." Mrs. Edwin Harrington reported on "The Great Promise" and "The America." Mrs. Jerome McGlo-

hon reviewed "Old Doc." The hostess, Mrs. Heber Cox, served an iced drink, cookies and nuts, after the demonstration.

1ST WITH

HYDRA-MATIC DRIVE

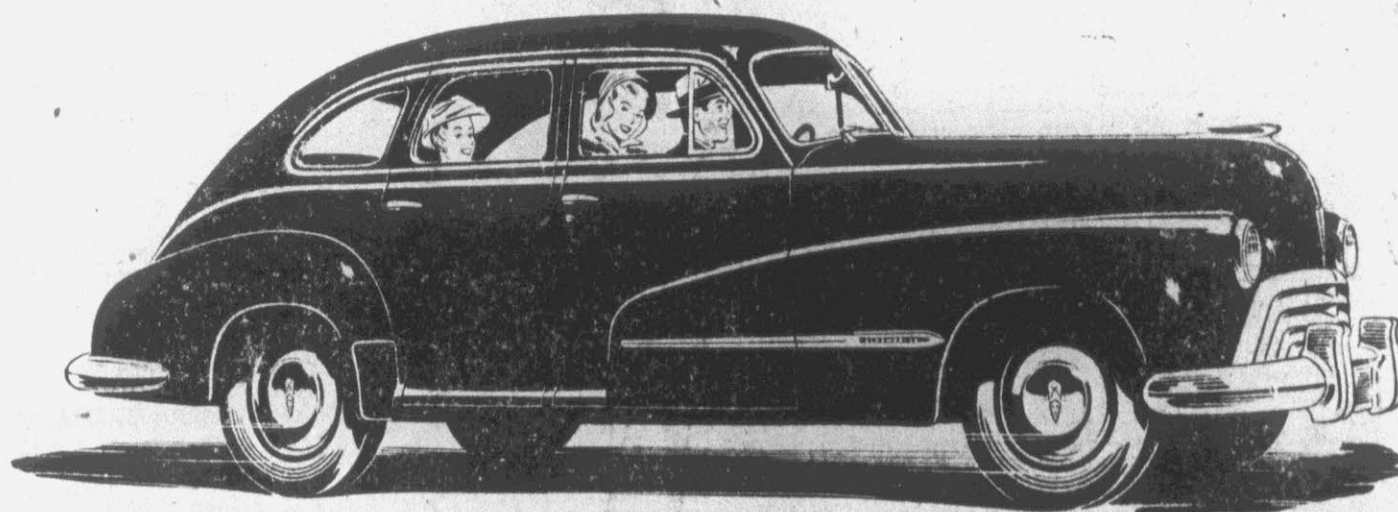

*Optional at extra cost

1st without a clutch pedal

1st with automatic shifting

For over 10 years, Oldsmobile has been

Away out ahead... automatically!

The most important advancements . . . in advance! That's been the story at Oldsmobile over the past ten years. Setting the pace in styling . . . setting the pace in driving . . . Oldsmobile has been first in bringing to the public the motor car improvements that really count.

Take the matter of automatic transmissions. Way back in 1937, Oldsmobile introduced the Automatic Safety Transmission to American motorists. Then, in 1939, came GM Hydra-Matic Drive. Hailed immediately as "the most important automotive advancement since the self-starter," Hydra-Matic

Drive revolutionized America's driving habits. By now, it has been proved in the hands of nearly 400,000 Oldsmobile owners—proved in combat use on Army tanks—proved in literally billions of miles of driving. Hydra-Matic Drive is still the only drive that shifts gears automatically through four forward speeds—the only drive that eliminates the clutch pedal entirely.

It's SMART to go automatic . . . it's SMART to own an Olds! Oldsmobile is first automatically . . . first with all that's new in safer, easier, more enjoyable driving!
