NLRB COUNSEL SAYS UNION'S POLICY UNFAIR

Denham Challenges No-Contract Policy Of AFL Typographical Union

Washington, Sept. 24—(AP)—Robert N. Denham, general counsel of the National Labor Relations Board, today challenged the no-contract policy of the AFL Typographical Union as an unfair labor practice under the Taft-Hartley Act.

A complaint by Denham against the international union and Baltimore Local No. 12 will be heard by a regional examiner in Baltimore Oct. 6.

Jacob L. Edelman, attorney representing the Baltimore local, promised to battle the complaint "every inch of the way."

Denham accused the ITU and its affiliate of refusing "to bargain collectively in good faith" with 22 Baltimore printing firms organized as the Graphic Arts League.

The Taft-Hartley Act, for the first time, makes unions legally liable for unfair labor practices and defines refusal to bargain as such a practice.

In order to get around a provision of the Taft-Hartley Act which bans closed shops, the typographers have adopted a policy of posting in a place of employment the conditions under which members will work.

The conditions may include a statement that they will work only with printers who are ITU members. No contract is signed with the employer.

The Baltimore local followed this policy. The Graphic Arts League contended it constituted a refusal to bargain and 10 days ago asked Denham to step in.

Denham's complaint, issued through NLRB Regional Director Ross M. Madden at Baltimore, charged the ITU and its local with "restraining and coercing" the printing shops in the selection of plant foremen as well as refusing to bargain.

President Sends Goldsboro His Best Wishes

Goldsboro, Sept. 24—(AP)—Goldsboro today had a message of best wishes for President Truman on the occasion of the city's centennial to be celebrated October 5-11.

In a letter to Mayor Scott Berkeley, the President said in part: "The measure of Goldsboro's contribution to the national welfare is to be found in the accomplishments of its native sons, one of whom—Kenneth C. Royall, outstanding soldier and jurist—continues to serve his country as a member of my official family."

"It is on such communities as Goldsboro, and on such citizens that the future of America rests."

Italian Textilers Facing Tie-Up

Milan, Italy, Sept. 24—(AP)—A strike of technicians and their assistants threatened today to paralyze the entire Italian textile industry, one of the country's busiest, throwing 550,000 persons out of work.

Both union and company spokesmen said the strike, begun this morning, would shut down the industry completely within a few days because the workers lacked technical direction.

Some 15,000 to 20,000 assistants quit work, ostensibly on grounds that the industry classified them as "laborers."

UN Little Assembly

Soviet Source Promises Boycott If Little Assembly Established; Would It Jeopardize UN? World Body Already Impotent; Power Politics May Be Fatal

By DEWITT MACKENZIE

The battle in the United Nations between the democracies and the Russian bloc has developed a new angle through the declaration by a high Soviet source that the Soviet Union undoubtedly will boycott the "little assembly" proposed by U.S. Secretary of State Marshall if it is established.

The "little assembly" would be a general committee on which all members of the U.N. would be entitled to representation and it would sit permanently to consider vital matters such as those which now are being sidetracked in the powerful Security Council by Russian veto. The Muscovites hold that such a committee would contravene the U.N. charter.

This Soviet threat may be bluff, but if we accept it at face value, for the sake of argument, the question immediately arises whether such a boycott would jeopardize the whole U.N. Some observers fear that it might, since it would tend toward a peace organization from which the Soviet bloc would stand aloof.

The answer to this, unfortunately, is that statesmen generally recognize that the U.N. already has been rendered impotent by Soviet tactics of obstruction. So the little assembly would create no threat to a unity which doesn't exist. The U.N. already is divided along the same lines as the world at large—the Soviet bloc on the one hand and the rest of the globe on the other.

The ideal solution of these divisions of course would be that advocated yesterday by Trygve Lie, secretary-general of the U.N. He made an impassioned appeal to the warring East-West powers to reconcile their differences which he declared were breeding fear and hate throughout the world.

"The indispensable condition for peace," Lie told the Assembly, "is that nations with different social systems and different interests shall strive and work together, side by side, in peace. This must find expression in political negotiations which show willingness to compromise. Without such a will to work out a mechanism for the maintenance of international peace and security, continued on Page Three)

Moslems Flee Hindus Over Death-Strewn Road

Moslem refugees carry a litter past dead men left in the rain-soaked Chinsford Road near Delhi, India, after fierce fighting between the Moslems and Hindus. This group is unable to keep up with the main body of their co-religionist sin flight from the dangerous New Delhi area. Torn belongings of the dead litter the roadway. India's sacred cows graze placidly along the road at upper right. This picture was made by AP Staff Photographer Max Desfor. (AP Wirephoto).

Storm Expected to Expend Diminishing Power Tonight

Disturbance Moves Along Carolina Coast Accompanied By Heavy Rains; No Damage Reported; May Blow Itself Out Near Cape Hatteras Tonight

Charleston, S. C., Sept. 24—(AP)—A tropical storm moving up the Carolina coast 15-20 miles an hour, with fairly heavy but diminishing winds, pelted this historic old city with 4.68 inches of rain as it moved up the coast before it was expected to blow itself out over the Atlantic in the vicinity of Cape Hatteras late tonight.

The storm, whose center moved into South Carolina this morning, was preceded by rain in North and South Carolina from the coast to the sea side of the Appalachian mountains.

The low pressure area was accompanied by winds of 30 to 35 miles an hour, with occasional gusts of 45 miles, but these were expected to diminish as the disturbance moved north northeast roughly paralleling the coast and slightly inland.

The southern portion of South Carolina was expected to have clearing weather this afternoon.

The storm, three days out of the Caribbean Sea, lost much of its intensity last night and this morning as it came into South Carolina from Florida and Georgia.

Charleston had 4.68 inches of rain for the 24 hours ending at 8 a. m. today; Columbia, 1.80; Wilmington, N. C., 2.48; Cherry Point, 1.24.

The Weather Bureau said that no danger was expected although storm warnings were still up from north of Jacksonville to Hatteras.

The storm center was expected to pass between Charleston and Columbia this afternoon and move into North Carolina shortly before 6 p. m.

The rains were accompanied by cooler weather in the Carolinas that brought out fall clothes. Temperatures were expected to begin rising tomorrow afternoon.

At Wilmington, Paul Hess of the Weather Bureau, said the disturbance would be over by tomorrow.

Nazi Gold Loot Will Help Rebuild Europe

Big Three Commission Agrees On Prompt Distribution Of \$330 Millions Seized From Germans For Rehabilitation

Washington, Sept. 24—(AP)—An allied Big Three commission has agreed to make a prompt distribution of part of a \$330,000,000 gold store seized during the war from the Germans as a means of helping meet critical financial needs for European countries.

Undersecretary of State Robert Lovett said today that representatives of the United States, Britain and France, forming a "gold pot" commission, agreed to restore the gold to those countries from which it was looted by the Nazis.

Lovett told a news conference that only about half of the gold pot can be distributed immediately, in answer to a question, Lovett said he believes use of the gold will not eliminate the need for stop-gap emergency aid for Western Europe from the United States.

But, he added, it will be a substantial help and might help to ease France over its present financial difficulties.

In Paris, French leaders were reported to have told Secretary of the Treasury Snyder that France will face a financial crisis within a few weeks unless help is forthcoming and that any aid under the Marshall Plan would be too late.

Lovett said the United States urged a preliminary distribution of the gold not later than Oct. 15 and the commission has agreed to try to meet this deadline.

Of the Nazi-looted gold, about \$260,000,000 worth has been recovered by American forces in Germany and about \$70,000,000 worth recovered from other countries.

Eleven countries have filed claims to the money, totaling nearly \$800,000,000, and Lovett explained about half the amount now in hand will have to be withheld to meet claims.

Aside from France the claimants include Albania, Austria, Belgium, Czechoslovakia, Greece, Italy, Luxembourg, The Netherlands, Poland and Yugoslavia.

Nolo Contendere Plea To Be Made By Mrs. Miller

Lumberton, N. C., Sept. 24—(AP)—Attorneys for Mrs. David Miller, 24, charged with secret assault in the shooting of her husband, a Rowland farmer and merchant, said today she would plead nolo contendere when her case is called for trial Thursday afternoon.

They said that this would mean that only such evidence would be introduced as requested by Judge W.H.S. Burgwyn and Solicitor F. Ertel Carlyle before the court passes sentence.

Judge Burgwyn, in allowing a motion by Carlyle yesterday that the case be called Thursday, said he would pass sentence then on Fred Wiggins, 24, a Negro who previously pleaded guilty to a similar indictment. Authorities said Wiggins told them he had been hired by Mrs. Miller to shoot her husband as he lay sleeping last May.

TRUMAN CALLS CONGRESSMEN FOR MEETING

Legislative Leaders Invited To Discussion Of World Food Problems

Seattle, Sept. 24—(AP)—Senator Taft (R-Ohio) disclosed today that President Truman has invited congressional leaders to meet with him in Washington next Monday to discuss the world food problems.

Taft, who heads the Senate's Republican policy committee, told a news conference he would be unable to attend but had discussed the proposed meeting with Senator Vandenberg of Michigan, president of the Senate.

The Ohio senator said it was his understanding that Mr. Truman desires to discuss with both the Republican and Democratic congressional leaders the world food situation as it relates to proposed exports under the Marshall plan of aiding Europe. He said so far as he knows the discussion will involve only incidentally the high cost of food at home.

Taft said he had told Vandenberg over long distance telephone to Grand Rapids, Mich., where the Michigan senator is resting, that it was his idea Republicans should listen to any proposals Mr. Truman may make without committing themselves until later.

He has no idea, Taft said, whether Mr. Truman desires to call Congress into an immediate special session. Taft said he told Vandenberg that he, Taft, could be in Washington Oct. 6, if Vandenberg wanted to call a meeting of Republicans to discuss any proposals the president might make.

"From what I know of the situation," Taft said, "I see no reason to cancel the speaking dates remaining on my schedule."

Rate Increase

Washington, Sept. 24—(AP)—The Interstate Commerce Commission today authorized an increase in railway express charges. It is estimated the increase will bring in \$61,000,000 in annual revenue.

The authorization is good for one year, "or until further order of the commission."

The approved increases are on a sliding scale ranging from 3.5 percent for short haul traffic down to 1-2 of one percent on long-distance business.

Railway Express was authorized to put them into effect on 10 days notice.

Hickory Council OK's ABC Vote

Hickory, N. C., Sept. 24—(AP)—There won't be any liquor stores in Hickory, despite reports that some votes in an ABC election which the city won by 85 votes were cast illegally.

The City Council last night officially certified the results of the referendum of Sept. 15.

Alderman Joe Cille, who had delayed certification at a council meeting just after the vote when he called for an investigation of reports that persons who lived outside the city limits had voted, said last night that some 53 such ballots were cast. However, he added, this was not put on the records of the meeting.

Top Commander for U.S. Defense Under Scrutiny

Washington, Sept. 24—(AP)—The proposal that a single military commander be made responsible for defense of the continental United States is under study by the new unified high command.

Secretary of Defense Forrestal told a news conference yesterday that the plan, proposed several months ago as a part of the armed forces unification program, still is being scrutinized but that no decision has been reached.

The new national defense act makes no specific provision for such a command, but it leaves the way open in a section covering the joint chiefs of staff, the military commanders of the Army, Navy and Air Force, plus the chief of staff to the president. The duties of the staff, that section says, includes the establishment of "unified commands in strategic areas when such units are in the interest of national security."

In some military quarters, this is interpreted to mean that the so-called "zone of the interior," meaning the continental United States, could be considered a strategic area requiring an over-all command.

Hecklers Prompt Taft To See Help for GOP

Seattle, Sept. 24—(AP)—A snarling, heckling demonstration, blamed by a GOP leader on "Communists," prompted Senator Taft (R-Ohio) to predict today that such protest methods would "help the Republicans win the next election."

Ignoring union members and others who booed lustily his defense of the Taft-Hartley Labor Act, the Ohio senator called today for a reduction in taxes to help cut the high cost of living.

Keeping a bandaged left hand carefully at his side, Taft returned to a discussion of major political issues after an unruly meeting last night in which the small minority of an audience overflowing a 2,300-seat auditorium noisily walked out during the senator's denunciation of labor leaders who have criticized the new law.

As the departing union members shouted "We've had enough," Taft, his face grim, replied loudly: "The whole propaganda against the Taft-Hartley Act relies on attempts to silence the arguments in favor of that act."

The audience, preponderantly Republican, drowned in resounding cheers the boating and the cat-calls of those who were departing.

Conciliatory Gesture Made By U.S. In Assembly Motion

Supplies For Hurricane Victims

The volunteer boat "Iris" from the Army Air Force's Keesler Field unloads Red Cross supplies at Bay St. Louis, Miss., for distribution to hundreds of hurricane victims in the area. Many in that sector were left homeless by the savage wind and raging tide. (AP Wirephoto).

President Calls Cabinet Meet On Food Problem

European Appeals And Possible Effect On U. S. Economy Expected To Be Discussed; Anderson Again Sees Truman

Washington, Sept. 24—(AP)—President Truman called a special cabinet meeting today to discuss what was officially described as the "general food situation."

Presumably the cabinet will discuss appeals from Western Europe for additional relief and the possible effect this might have on the high cost of living in this country.

Eben Ayers, assistant White House press secretary, told reporters an expected White House statement on the European emergency aid program will not be forthcoming tonight. It may possibly come tomorrow since the President will hold a press conference at 9:30 a. m. (EST).

Mr. Truman in a letter to Rep. O'Toole (D-N.Y.) said yesterday that he is giving the matter of high prices careful attention and hopes to reach a decision "sometime soon" as to what may be done to help the situation.

Before today's cabinet meeting, Mr. Truman arranged to see Secretary of Agriculture Anderson for the third consecutive day. He also had an appointment with Dr. Edwin G. Nourse, chairman of his council of economic advisers.

Anderson is a member of the special cabinet food committee, along with Secretary of State Marshall and Secretary of Commerce Harrison.

Marshall is calling his top experts on Western Europe's needs back to the United States for an intensified discussion of what this country can do.

Under Secretary of State Robert Lovett told a news conference today that American Ambassador Cavendish Cannon had expressed this view in a protest presented in Belgrade on Monday.

The American note referred to recent "irresponsible Yugoslav actions" when Marshall Tito's troops demanded "alterations" in the provisional boundary between the British-United States zone of the free territory of Trieste and Yugoslavia.

Over Million Homeless After Japanese Flood

Tokyo, Sept. 24—(AP)—The Home Ministry reported officially today that more than 1,100,000 persons were made homeless by disastrous floods which swept last week over much of northern Honshu.

Most of the homeless, the ministry said, had begun constructing temporary villages atop river levees and on patches of high ground to wait out the slow seepage of water. Other reports indicated the villages of tough shacks were complete with black markets and gangs of "flood pirates" who looted inundated homes.

In the latest revision of its official figures, the ministry said 999 persons died, 984 were missing and 1,616 were injured in the floods. Its incomplete reports listed 1,182,873 made homeless when 415,271 homes were destroyed or inundated.

The catch is that nobody knows what a guided missile ship should be and work is proceeding very slowly while Navy planners test out theories and ideas.

Best bet at present is that they will be fast, able to take the pounding of a battleship, have provisions against atom bomb blasts and, of course, fire big rockets and controlled missiles.

Meanwhile, the stock of captured V-2s is dwindling and the Navy is looking forward to experimenting with its brand-new rocket, the Neptune, slated for testing next June.

Advance publicity on the American-made rocket predicts it will soar 235 miles into the air, twice as far as the V-2 has gone in New Mexico altitude tests. Experts believe the 235-mile figure may be exceeded considerably when the Neptune is finally tried out. Presumably it might be capable of 500 miles in a horizontal direction.

About as long as the V-2 (46 feet), the Neptune is much slimmer. Over 7,000 of its fully loaded weight of 11,410 pounds is taken up by fuel. It is scheduled to carry one ton of instruments (or explosive) in its nose.

Support Russia In Delaying Debate On Trusteeship Council Report; USSR Finds Self In Minority Position Following Series Of Test Votes

Lake Success, Sept. 24—(AP)—The United States joined Russia against Britain today on a successful Soviet move to block immediate debate on the report of the United Nations Trusteeship Council.

Russia boycotted this major U.N. organ at all its meetings which began last winter to watch over the world's 300,000,000 dependent peoples.

The U.S. move was interpreted as a conciliatory gesture following yesterday's appeal by Secretary-General Trygve Lie for big power cooperation.

With American support, Russia succeeded in delaying the debate until next week. The United States also appealed, through Francis B. Sayre, president of the Trusteeship Council, for an end of the Soviet boycott on the Trusteeship Council. It now has 10 members, with Russia absent.

The new big power clash on trusteeship occurred as the Assembly shifted from Flushing Meadow Park, New York, to begin committee work here at U.N. headquarters. It came amid these other developments:

1. The United States delegation was reported working on a plan for a special "watch dog" commission to help restore peace in the Balkans under Assembly authority.

2. Warren R. Austin, No. 2 U.S. delegate, was unanimously elected chairman of the Assembly's new committee on planning and financing the projected world capital on Manhattan's East Side.

3. A fight over the Union of South Africa's refusal to submit the mandated territory of South West Africa for trusteeship was delayed until tomorrow after South Africa demanded more time to prepare her statement.

Battered and beaten by a majority which so veto could block Russia from heretofore in a weak minority position in her contest with the United States for leadership in the United Nations Assembly.

A series of Assembly test votes produced that result. Overwhelming majorities crushed Soviet opposition and placed firmly on the Assembly's agenda for this session the American-sponsored issues of Korea, Greece and a new veto-free security agency.

Similarly, on an Argentine proposal by the United States for revision of the Italian peace treaty, the Assembly voted to put the question on the agenda for future full consideration despite the fact that Russia objected and Britain and France took a hands-off attitude.

Trieste Strike Appears Only Part Successful

Trieste, Free Territory, Sept. 24—(AP)—Some 12,000 workers left their jobs today in response to a "general strike" order issued by the Communist-dominated Sindicali Uniti Union in protest against Allied Military Government suspension of six of its members.

The strike appeared only partly successful. Half of the stores were open and half of the street cars were in operation, protected by armed Venezia Giulia civil policemen.

The Allied Military Government, which declared the strike order last night to be "the first Communist attempt to hamper the essential life of Trieste," arrested nine union members on charges of assaulting and intimidating workers who refused to strike.

Naval Rocket Testing

Recent Firing Of V-2 From Carrier Demonstration Of Sea-Going Launching Site Rather Than New Role For Flattops; Two Missile Ships Now Being Built

By R. M. FARRINGTON

Washington—Navy officers agree that the firing of a German V-2 from the deck of the 45,000-ton carrier Midway was a demonstration of a sea-going launching site, rather than a new role for the flattops.

They believed it extremely unlikely that carriers of the future will be expected to fire big rockets and launch airplanes too. Special guided missile ships will be the thing in their opinion. In announcing the test the Navy said it "will mark the beginning of a new era in naval weapons."

A carrier is not a combatant ship in itself but rather a floating garage for a swarm of fighting planes. It can protect itself somewhat with anti-aircraft guns but is not designed for hammer-and-tongs battle.

Two ships under construction, the 45,000-ton battleship Kentucky and the 27,500-ton large cruiser Hawaii, are being converted into guided missile ships.

The catch is that nobody knows what a guided missile ship should be and work is proceeding very slowly while Navy planners test out theories and ideas.

Best bet at present is that they will be fast, able to take the pounding of a battleship, have provisions against atom bomb blasts and, of course, fire big rockets and controlled missiles.

Social and Personal

Mrs. Bess Lowe has returned from a "buying" trip to northern markets and a visit in Fawn Grove, Va.

Mrs. H. L. Carl has returned from a visit in Wilson.

SOCIAL CALENDAR

WEDNESDAY
8:00 p. m.—Junior Woman's Club meets in the club house.
8:00 p. m.—Bibl. study class at the Methodist Church conducted by Rev. R. W. Bradshaw.

THURSDAY
7:30 p. m.—Members of the Charles Gray Morgan Post 7032 of the V. F. W. will meet in the Red Men's Hall on Cotschae St.
8:00 p. m.—Lydia Wooten class of the Methodist Church meets at the home of Mrs. J. W. H. Roberts, 301 Woodlawn Ave.

FRIDAY
6:30 p. m.—Kiwanis Club.

Mr. Hermon L. Norris, who recently underwent an operation on a leg at Duke Hospital, Durham, returned to his home here Sunday.

Mrs. Lester Simmons who has been a patient in Pitt General Hospital for several days has been moved to Memorial General hospital in Kinston.

Lt.-Col. James S. Morris and Mrs. Morris, who have just returned from Germany are guests of Miss Bess Lowe on Summit street.

Mahlon Tucker has recently enrolled at Edwards Military Institute, Salem, N. C. He was accompanied to Salem by his parents, Mr. and Mrs. M. G. Tucker.

Revival Now In Progress
The Free Will Baptist Church at Bell Arthur is having a glorious revival this week. Our first service will be Saturday night at 7:45. Every indication points to much larger attendance during the latter part of the week. Our evangelist, the Rev. R. N. Hinnant of Micro, is doing the preaching. Come and hear his soul stirring messages each

THE DAILY REFLECTOR
September 24, 1907
Farmville News

Misses Alice Lang, Helen and Glenn Forbes of Greenville, spent last Wednesday night in Farmville. The young men gave them a complimentary hay ride over to the Green Spring with a four mule team. The moon was shining brightly, the boys were happy, too.

While trying to catch a runaway horse Sunday night B. S. Sheppard ran in contact with an iron post and received quite a painful sprain or hurt in his left knee. We understand the horse belonged to one of our courting young men and it is supposed he had become tired of waiting for his master and broke his halter and was making his way homeward at full speed.

night. You will like him. He is very anxious to win men, women, and children for the Kingdom. If you are living without Christ, you should come every night and I believe Rev. Hinnant can show you that Jesus is the way, the truth and the life. Rev. Hinnant wants sinners to renounce the world, the flesh and the devil, and take your stand on the Lord's side.—Rev. C. J. Harris.

Mid-Week Prayer Service
Mid-week prayer service will be held Wednesday evening at 8 o'clock in the Ellington Bible class room of the Jarvis Memorial Methodist Church. A continuation of the study of "Great Prayers of the Bible" by the pastor.

American Legion Auxiliary Meets
Reports from delegates to the national and state conventions and representatives from Greenville who attended Girls' State highlighted the September meeting of the local American Legion Auxiliary held at the home of Mrs. Paul A. Scott, Sr. Monday afternoon.

Betty Mobley was elected speaker of the house at Girls' State held at Greensboro where 225 girls from every part of the state were gathered to study state and national government and the principles of Americanism.

Emily Dupree reviewed the social life at Girls' State and Jean Dale gave an interesting review of their studies on citizenship, political parties and the organization and function of the various aspects of state and national governments. Each girl who attended Girls' State received a pin and certificate for the successful completion of the course offered.

Mrs. Arthur Corey gave an interesting account of the state auxiliary convention held at Carolina Beach in June. She reported that proper dissemination of what the Auxiliary program and mission are able to do for the veterans should greatly increase the membership, the quota for which is a state and national increase of 10 per cent over that of last year. A continued study and appreciation of Americanism as set forth in the preamble of the Auxil-

ary constitution was stressed as being a most important project for every member during the coming year.

Mrs. James Worsley who attended the national auxiliary convention in New York recently reviewed the action taken there. She stated that preparedness for war as a means for keeping the peace was the main theme of the leaders addressing the convention. She also reported that Greenville received honorable mention for child welfare activities during the past year.

The following officers were installed by the sergeant-at-arms, Mrs. W. D. Jones: Mrs. Durwood Williams, secretary; Mrs. J. B. Spillman, first vice president; Mrs. Frank Worsley, second vice president; Mrs. Franksrdluetaol n

Mrs. Harry Calvert, gold star mother from Kentucky, whose husband represents the R. J. Reynolds Tobacco Company on the Greenville market, was the guest of the Greenville group.

During the business session of the meeting, conducted by Mrs. J. Howard Move, president, it was decided to sell Christmas cards and wrappings to raise funds for the Auxiliary.

At the conclusion of the meeting refreshments were served by the hostess, Mrs. Paul A. Scott, Sr.

Birth And Death Announcement.
Mr. and Mrs. J. A. Campbell announce the birth and death of a daughter at Pitt General Hospital today, September 24, 1947. Mrs. Campbell is a daughter of Mr. and Mrs. W. B. McKeel of Greenville.

W. C. T. U. Notes
C. J. Harris will have charge of the W. C. T. U. program over W. G. T. C. Thursday afternoon at 5 o'clock.

Life Underwriters Meeting
Pitt County Association of Life Underwriters will hold its regular luncheon meeting at 12:30 o'clock Friday, September 26 at Clark's Club, across the river.

Gibson-Hobgood

to Mr. Marion Haywood Gibson on Saturday, the eleventh of October. Nineteen hundred and forty-seven at half after four o'clock in the afternoon Memorial Baptist Church Greenville, North Carolina

No invitations sent in Greenville.

Navy Accepting Nine Pitt Men For Enlistment

Nine Greenville and Pitt County men have been accepted for enlistment in the Navy through the Greenville recruiting office recently, according to word received today from Chief Gummers Mate B. F. Parrish, USN, of the Greenville office.

The men to be accepted were George William Jordan, Jr., of 16 Summit St.; Richard Anderson, Jr., Box 155, Greenville; James Franklin Hubbard, Jr., Box 664, Greenville; Ralph Move, 1121 Myrtle Ave., Greenville; George Thomas Jones, Route 3, Avden; Jones David Deal of Route 1, Macchesfield; James Smith Deans of Route 2, Greenville; Arthur Allen Letchworth of Macchesfield; and Rudolph Daniel Buck of Route 2, Winterville.

Topping the list of the recent enlistments was George William Jordan, Jr., says Chief Parrish. By virtue of passing the Eddy test Jordan was selected for training in aviation electronics by the Bureau of Naval Personnel, Washington, D.C. Upon completion of his indoctrination Jordan will receive a \$5,000 education in aviation, electronics. Prior to his enlistment in the Navy Jordan attended the Greenville high school from which he graduated in the spring of this year. Since his graduation Jordan had resided with his parents, Mr. and Mrs. G. W. Jordan, at 16 Summit Street in Greenville until his enlistment in the Navy. Chief Parrish added that Jordan was one of the only two men to be accepted for this training out of the state so far this month.

WEIGHT VS. SPEED
Wake Forest, N.C., Sept. 23.—The inter-sectional battle between Wake Forest and Georgetown here Saturday night is expected to be a good test of weight against speed. The Demon Deacons have the advantage in weight—about 10 pounds per man—but the Hoyas have a commanding edge in speed. Their two halfbacks, Louis Miller and Leonard Bonforte, are two of the fastest runners in Georgetown's football history.

A new chemical prevents the sprouting of potatoes in storage. The American farm income in 1946 was 28.4 billion dollars.

Red Oak News

Another wonderful home-coming day has been written in the history of Red Oak Church. As I sit here with my pen in hand and reminisce, many lovely thoughts come to me. Too many to put on paper, but I must tell you of a few.

First of all, a lovely day! Glorious sunshine, a welcome breeze! One hundred in Sunday school and the largest collection ever taken in Sunday school.

Then at the "birthday hour" a darling little honey-haired girl with

her seven pennies and a fine old friend and member with his gray hair and a twinkle in his eye and 72 pennies came forward and dropped their money in the birthday box. The Sunday school sang "Happy Birthday" and said this beautiful poem to them:

"Many happy returns to the day of thy birth,
May gladness and sunshine be given,
And may the dear father prepare you on earth
For a beautiful birthday in Heaven."
And then people from far and near came pouring in, some as far away as Emporia, Virginia, and from Hoffman, N. C., from nearby churches and other communities. It was wonderful to have to bring in extra chairs to seat them.

With Mr. John Fontaine of the music department of A. C. College at the piano, and with Rev. Howard James in the pulpit, the service was all one could hope for.

I have been told that real early that morning one little mite said, "Mother, give me my money to take today." The mother, who was rushing around trying to catch the twins so that she could dress them, and get breakfast for her family of six, said, "Just give me time honey, it's not time to go yet!"

"But," said the little one, "this is a very special day! Today is my

birthday! I will have to have seven cents for that and I will have to have ten cents because we will have church services today. And I will also have to have another seven cents because I always carry to Sunday school as many pennies as I am years old!"

Ah, little one, would there were more like you in the world. Then our churches would not always be down on their knees begging for money.

And then came the noon hour. A long table covered with gleaming white cloths and filled to capacity with just about any kind of food that is native to Pitt county and every kind of cake in the book from Angels' Food to Devil's Food, barbeque and more barbeque, Red Oak fried chicken, all kinds of pickles and little pies.

About 1:30 just about everybody went back in the church for a good old-fashioned get together. We had several preachers present. Rev. Thad Cox of Farmville, Rev. Glenn Haney of Greenville, Rev. W. H. Brunson of Ayden, Rev. Harold Tyer of Bath, Rev. Howard James of Red Oak made short talks. The ladies just would not be left out and so Mrs. J. B. Kittrell, representing the Methodist church in Greenville, and Mrs. R. R. Tyson of Piney Grove, made short talks.

Our revival started last night with Rev. Thad Cox doing the preaching and Rev. Howard James leading the singing. With these two fine Christian ministers in our midst and the everlasting teamwork of "every blooming soul" this should be a wonderful week in our community.

The Youthful Workers Club will meet at 7 o'clock next Thursday night at the club building and attend in a body the revival services at Red Oak. Every young person in the community is urged to attend this meeting.

Fifteen members attended Circle No. 1 meeting at Mrs. James Allen's last Friday night. It was a most enthusiastic meeting.

Eleanor Is Chosen To Make Reply

Lake Success, Sept. 24—(AP)—Mrs. Franklin D. Roosevelt has been selected by Secretary of State Marshall with indicated White House approval to take a role in answering Andrei Y. Vishinsky's charges that there is war-mongering in the United States.

The decision announced today to place the late President's widow in the United Nations Assembly's potentially hot political committee debate was finally made only after Marshall returned from conferences with President Truman early this week.

N.C. SNOW FLURRY
Cherryville, N.C., Sept. 24—(AP)—Chief of Police Karl Warlick says two of his night policemen and a fireman reported that it snowed in Cherryville for more than fifteen minutes starting about 1:30 a.m. today. The reported snow flurry was followed by a heavy rain.

GI VICTIM
Berlin, Sept. 24—(AP)—The first American victim of the infantile paralysis epidemic in Berlin, First Sgt. Max J. Messmore of the 7782d special troops battalion, died in the 279th station hospital here today.

Gordon Gray . . .
(Continued from Page 1)
all's office. Among them were Navy Secretary John L. Sullivan and Undersecretary John W. Kennedy; Edwin J. Pauley, special assistant to Royall; Lt. Gen. C. P. Hall, director of organization and train; Maj. Gen. H. S. Aurand, chief of research; Lt. Gen. Wade M. Hazlip, office of chief of staff. Maj. Gen.

Manton S. Eddy, chief of information and Maj. Gen. Floyd Parks, director of public information. Most of the North Carolina congressional delegation were present, including Reps. Bonner, Kerr, Barnden, Cooley, Durham, Clark, Doughton, Jones, Bulwinkle and Redden.

President . . .

(Continued from Page 1)
do to help and when.
William L. Clayton, undersecretary of state for economic affairs, and Lewis W. Douglas, American ambassador to Great Britain, are due to return next week to report on the 16-nation Paris conference in which they had a direct hand.

Organize New . . .

(Continued from Page One)
and 50th units, respectively, to be activated during reorganization of the National Guard in this state. National Guard and regular army officers will come to Greenville next Wednesday to inspect the battery. They will inspect the armory and equipment at 2 p. m., the battery at 7 p. m.

Storm . . .

(Continued from Page One)
ance would pass 30 miles west of the dry and inland this afternoon. No damage had been reported, although storm winds and heavy rain prevailed this morning.
As the storm moved northward through Georgia into the Carolinas, it left streets of coastal cities flooded from torrential rains but otherwise causing no appreciable dam-

Naval Rocket . . .

(Continued from Page One)
The Navy regards it as the largest practical rocket for shipboard use and from it expects to learn enough to design actual war rockets for the Kentucky and Hawaii.
Years will pass, according to the best naval opinion, before perfection of the truly long-range rocket, complete with an atomic bomb for a warhead.

UN Little . . .

(Continued from Page One)
however perfect, can be effective. That obviously is a true bill. However, until the happy day of compromise arrives there would seem to be merit in the effort of the democracies to drag the present helpless U.N. organization out of the doldrums so that it will be partly effective.
As a matter of fact a reconstructed U.N. could be highly effective, since the majority of the world's nations want to make it work. The absence of Russia and her satellites would be a shocking thing, and it is to be avoided by all reasonable means, but there are many who believe that it wouldn't render the reconstructed organization useless by a long shot. It still could perform a great service for most of the globe.
There are those who would controvert this view by pointing to the late League of Nations and saying that it died because the United States declined to join. But that's not true. The League failed, not because of America's absence, but

because its major members were playing power politics.

The United Nations organization was conceived in the one-world spirit fostered by allied unity in war. Since then the globe itself has been divided into two camps—the Soviet bloc versus all comers. This being so it strikes us that it isn't

strange to get a continuation of the split in the U.N. This situation can scarcely be remedied in the peace organization until the global breach is mended.
Meantime the democracies are trying through creation of the little assembly to give the U.N. a pair of crutches.

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" and the "ever-changing blood" need help. Now you may again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

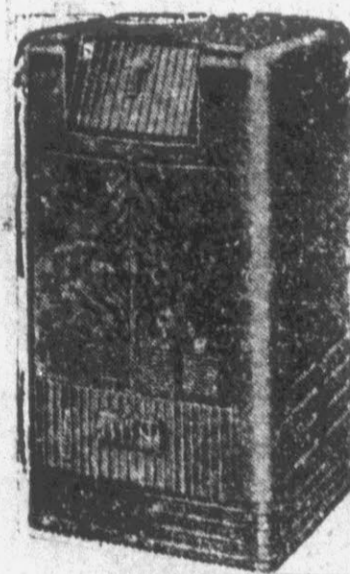

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

PORCELAIN CLEANERS, HOUSEHOLD BLEACHES AND SIMILAR PRODUCTS MAY CAUSE FABRIC DAMAGE

* Bleaches—the kind used to polish porcelain—often mean the end for valuable linens. Here's why: Cloths saturated with liquid porcelain cleaners, household bleaches and similar products which come in contact with linens and clothing will often destroy the fabrics. Do not put rags saturated with such solutions in clothes hampers. Do not use soiled towels, napkins or other linens for polishing purposes. Conserve what you have. It is the patriotic thing to do!

Strength FOR THE DAY

JUSTICE MUST BE VICTOR
All men love justice and hate
injustice. Today as we listen to the
arguments put up by the Soviet as
to why they want to do this or do
not want to do that, the whole
procedure has about it the ring of
unreality and falseness. These men
do not know justice in the sense
that western Europeans and Amer-
icans understand it and have been
pursuing it for centuries. We have
fallen far short of our ideal, but the
important thing is that we do have
an ideal.

Rome, in her best days, prided
herself on the fact she ruled justly.
Over every judge as he sat on the
bench towered the statue of Themis,
the goddess of justice. As they
went among subject peoples, the
Romans carried with them this
statue. It was intended to convey
even to the conquered the assur-
ance that Rome was impartial and
absolutely just in the administra-
tion of justice.

The time came, of course, when
this ideal suffered an outrageous
decline. For instance, the statue of
Themis undoubtedly stood by the
side of Pilate when he allowed
scheming ecclesiastics and an in-
fernal mob to cry out for the
crucifixion of Jesus.

Here in America we are fortunate-
ly alert to injustice. Yet in spite
of our alertness there is much in-
justice perpetrated. We pretend
much, but sometimes we have to
acknowledge that shameful acts
contrary to our ideals have taken
place.

WASHINGTON LETTER

By JANE EADS
Washington—Despite the rise in
prices, the per capita circulation of
money in the United States is on
the decline.

Based on estimates on the total
population figures for the country,
the U. S. Treasury figures that mon-
ey in circulation per person aver-
aged \$197.69 on Aug. 31.

The decrease has varied between
\$195 and \$209 ever since the end of
1945. Economists say it is not prices,
but the amount of business activity,
that regulates the circulation of
money. At Christmas time, for in-
stance, there is more money in cir-
culation than at any other time
during the year.

The Treasury explains that per
capita circulation does not mean
money that is actually in your
pocket and mine. Some of it is in
private banks, some stored away in
safety deposit vaults, some hoarded
in sugar bowls, and lots of people
are walking around with money
sewed in the linings of their coats.

A great deal of American money
is being spent abroad, especially by
our occupation troops and their
families, and the Treasury goes on
to say that "per capita" actually
may include a considerable amount
of money that does not exist at all!
"For instance," a spokesman
points out, "the Treasury is carrying
as 'outstanding' approximately
\$30,000,000 worth of one issue which
was last handed out in 1929. A good
deal of it probably has disappeared.

Money gets into circulation when
the Treasury ships new supplies to
Federal Reserve banks.

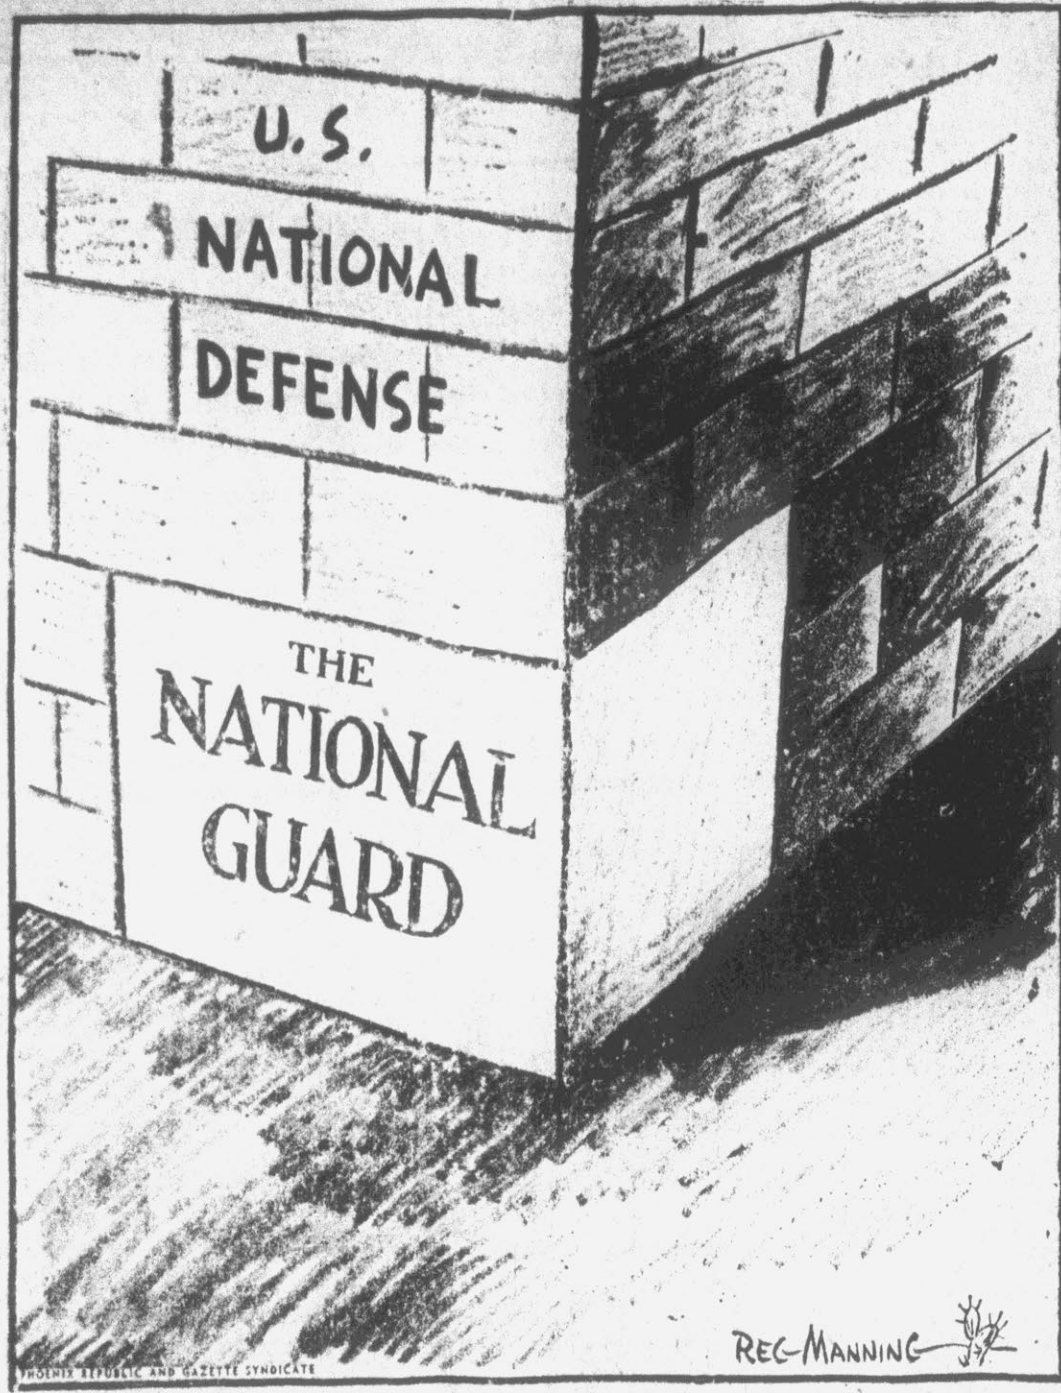

When the banks take up old
money they send it back to Wash-
ington. The coins are melted and
recycled and the paper money is
burned. The Bureau of Engraving
and Printing has a regular "de-
struction committee" which sees to
it that paper bills are chopped up
by special cutting machines and
burned in big furnaces.

The Treasury estimates the life
of an average dollar bill at nine
months. Coins last for years and
the number returned is small,
though the steel pennies issued in
1943 have been passing out at a
pretty fast rate.

To get back to the per capita
circulation: It was \$149.77 in
June 1938 it was only \$49.77. In
June 1939 it rose to \$53.84 and in
June 1940 it went to \$59.46. From
1942 to 1945 it jumped from \$91.95
to \$191.56. In August this year the
total amount of money outside the
Treasury was \$23,481,572.216.

Money circulation increased
from \$13,834,000,000 on June 30, 1946,
to \$23,481,572,000 on June 30, 1947.
The coin circulation jumped from
\$27,000,000 to \$31,355,000,000.

The Corner Stone

Heavy Rainfall Drenches Area; Storm Coming

Yesterday afternoon, last night
and today up to 1 p. m., one and
one-half inches of rain fell in the
Greenville area. Mrs. C. E. Mat-
field, Department of Commerce weath-
er observer here, reported.

She also reported that a hurri-
cane blowing this way from Flor-
ida was expected to strike the
southeastern North Carolina coast
late this afternoon, with rain squalls
and high wind. Gales of from 40 to
55 miles an hour were predicted on
the coast and 35 to 40 miles an hour
inland.

Cases Tried In Police Court

The following cases were tried in
Police Court Monday:
Larceny: James E. Rollins, col-
ored, (a camera from Bell's Pharma-
cy), two years on the roads.
Assault: Lilly Cain, colored, \$15.
Speeding: Willie B. Cannon, \$20.
Drunk: Thelbert P. Manning,
\$15; Redden T. Jones, \$15; Jack
Frizzelle, colored, of Farmville, \$15
and taxed \$40 for breaking a table
at the Busy Bee Cafe; John H. Har-
rington, \$15; Jesse J. Small, col-
ored, 30 days in jail; Wyatt Neal, \$15;
Herbert Teel, colored, \$20; Tom Mc-
Lahorn, colored, \$15.
Disorderly conduct: Harkless
Sanders, colored (and profanity),
\$15.
Clardy Dawson, colored, was not
guilty of trespass and disorderly
conduct. Norman R. Everette was
not guilty of driving without a driver's
license.
Willie B. Yarrall, colored, disor-
derly conduct and displaying ob-
scene literature, was given 30 days
in jail.
Affray: William E. Graham and
Joseph Singleton, both colored, \$15
each.

Morvin Earl Williams, colored, was given two years on the roads for temporary larceny of a car. He was given 12 months on the roads for driving drunk and not having a driver's license.

Crashing red light: Major Carr,
colored, and Jarvis E. Bullock, each
\$15.
Following too close to another ve-
hicle: John T. Worthington, \$15.
Reckless driving: Thomas Cul-
lith, \$15.
C. T. Woodard was fined \$20 for
assault and placed on probation two
years. He was not guilty of driv-
ing while drunk and abandoning an
automobile on a highway.
Assault with a deadly weapon:
William Harris, colored, fined \$15,
and ordered to pay Dr. Joe Smith
\$20 on Hubert Lee Arthur's hospital
bill.

About 200 years ago special fine
types of cotton yard sold in Delhi
India for \$135 a pound.
There are more than two million
railroad freight cars in the United
States.

It is estimated that the average
U. S. motorist pays \$133.74 in taxes
to operate a new automobile its
first year.

SPECIAL NOTICE To All Electric Customers

We had the misfortune of having a 5000 KW
Electric Generator burn out, and it will take
several days to make the necessary repairs.

It will be impossible to carry the full load, and
so again we ask your indulgence and coopera-
tion by eliminating every possible use of electric
current you can, air conditioning, signs, and out-
door lighting of all kinds.

Every effort possible will be made to supply suf-
ficient service for refrigeration and other abso-
lutely essential needs.

It will unquestionably be necessary to alternate
between the various circuits by cutting off and
on at intervals.

Please bear with us in this emergency.

Supt. Welfare Office Reports On Activities During Year Completed

Some significant social changes were contained in the annual report of K. T. Putrell, Supt. Public Welfare, made to the County Commissioners and Board of Public Welfare on September 1, 1947.

The report showed 62 different persons during the year were given supervision on parole from prison with a monthly average of 43. Three persons were revoked for failing to have good conduct and work records and were returned to prison. County financial participation on patients in the State Sanatorium numbered 47 with a monthly average of 23. It was significant that of the 47 patients only eight of this number were in the sanatorium all 12 months.

Labor certificates issued for minors under 18 years entering public employment numbered 196 during the year.

Investigation and reports on mental patients either entering or out on probation from the State Hospital numbered 60 for the year.

An interesting feature of the annual report dealt with service to 224 individual children. Many of these being wards of the Juvenile Court and under order of Mr. D. T. House, Jr., judge. Of the total number 29 were under adoptive procedure, and a number under corrective health program for correction of physical handicaps.

The County-State-Federal financed Public Assistance programs showed the usual changes. Old Age Assistance applications numbered 233 with 143 being approved, 98 cases were cancelled, 61 of whom died during the year. An average grant of \$14.12 was paid to 514 people. Eighty-seven applications were made for Aid To Dependent Children with 51 being approved and 34 cases closed, with an average of 90 for the year. The average payment per family was \$30.50 per month.

Assistance to the blind was for an average of 71 persons and an average grant of \$25.00 a month. There were 15 new applicants and 14 cases closed.

Since most of the county's charity is absorbed under the Social Security Program accounts for the monthly low average of 17 inmates maintained at the County Home during the year.

The department gave service and some financial assistance to 137 different persons treated at hospitals during the year.

Cooperation of service was given to the State Commission for the Blind in making available to 62 adults and 51 children to obtain eye correction and to secure glasses. Twenty of these persons were assisted by the Lions Club to pay for their glasses.

The Vocational Rehabilitation cases, wherein budgets were made and eligibility established and service in transportation arranged, numbered 66 for the year. This group was given medical attention and in many cases surgical service by Vocational Rehabilitation.

The department does service for County Court in non-support cases, and an average of about \$700 a month in cash is handled for this cause.

Clinic Friday

The Pitt County Health Department called attention today to the State Orthopaedic Clinic to be held Friday, September 26, from 12:30 to 4 p.m. in Greenville, N.C.

The clinic takes all types of cripples, both white and colored, free of charge who are unable to afford private treatments. It is desired, though not required, that patients be referred by a physician or the Welfare Officer, and that the patient bring such note to the clinic.

Auto Collides With Unlighted Car On Highway

Police reported today that a car driven by J. L. Hazelton, 24, farmer of Winterville, collided with an unlighted parked car and trailer loaded with leaf tobacco on the Winterville highway within the city limits shortly after last midnight and knocked it 63 feet. Both vehicles were badly damaged.

Hazelton received head injuries and lost several teeth. George Wingate, 35, of Winterville, a passenger in his car, received head and other injuries. They were taken to Pitt General Hospital.

Police quoted Edward Thomas Matthews, 28, of Cove City, owner of the car and trailer, as saying that something happened to his car and it stopped; he was unable to push it off the highway; that he left a light with instructions to flag approaching vehicles while he went to get help. When two cars approached at excessive speed from opposite directions, the boy ran to a ditch for safety, police records show.

Plan Organize Property Owners

Greenville and vicinity are included in plans for a chapter organization and membership campaign soon to be launched by the National Home and Property Owners Foundation, according to word from the Foundation's headquarters in Washington, D.C.

The aim of the drive, officials of the Foundation point out, is to obtain increased public support for projects designed to safeguard and enhance the rights and interests of "the man who has acquired a home or a piece of land through his own industry, thrift and vision."

Emphasizing the many local benefits to be derived from effective organization of the owners of homes, farms and other real property, the coming drive in Greenville and vicinity will be under the general direction of W. W. Lee, a Foundation representative for the North Carolina district.

There are several types of leprosy. Having this day qualified as an-

American Legion Fair Oct. 20-25; Will Be Better

Directors of the American Legion Fair announce that plans for the 12th annual presentation of the event are complete and the fair will open on schedule, Monday, October 20, to run throughout the week, closing Saturday night, October 25.

A crew of men has been at work the past two weeks and much rebuilding, cleaning and general repairing has been accomplished, with but minor details yet to be looked after.

Restrictions of the war years now have been lifted and considerable expansion is contemplated for this year's event, part of this to include the erection of two large exhibit tents to accommodate the extra demand for space on the part of potential exhibitors.

With nearly four weeks before the opening, fair officials expressed surprise at the number of applications for exhibit space already received. A number of home demonstration and vocational clubs have asked for additional reservations and requests from individuals for space far surpasses that of former years.

In addition to the usual exhibits of farm produce, hogs, livestock, flowers, needlework, canning, and fine arts, displays will also include farm machinery, home appliances and merchandise booths. A state ruling last year which prohibited the showing of poultry has been lifted for this year and entries will be open to domestic birds of all varieties.

The amusement angle will not be overlooked, and in addition to a big midway and free acts, the biggest display of fireworks ever to be presented here will be given nightly. Downtown office of the fair is again located in J. Hicks Corey's office, 515 Dickinson avenue.

NOTICE OF PUBLIC RENTING
On Saturday, October 18th, 1947, at 12 o'clock noon, the undersigned Guardian will rent at public renting before the Court House door in Greenville, N. C., for the year 1948, the following described tract of land:

What is known as the John F. Crawford and Novella Crawford tract of land, lying and being in Beaver Dam Township, Pitt County, N. C., and adjoining the lands of Mrs. Jennie Nichols and others and containing 87 acres more or less, and of which there are about 38 acres of cleared land or cultivatable land. The Government tobacco allotment for said farm for the year 1947 has been 10.2 acres.

Mrs. Novella Crawford will continue to live in the house in which she is now living for and during the year 1948 and will have the use of the yard and garden.

The renting will be for cash. This the 23rd day of September, 1947.

GUARANTY BANK AND TRUST COMPANY, Guardian of Mrs. Novella Crawford.
By J. H. Move, Trust Officer.

Two Carolinas Kiwanis Meeting

Charleston, S.C., Sept. 24—(AP)—Kiwanis Club members of the two Carolinas will send more than 600 delegates from 89 clubs to an annual three-day district convention here Oct. 9-11.

Charles S. Donley of Pittsburgh, a past president of Kiwanis International, will be the principal speaker.

The district board of trustees will meet on the convention's opening night, when a memorial service will be held.

Phantoms Play New Bern Here Friday Afternoon At Stadium

Game Time Changed In View Of Power Difficulties; May Affect Following Two Games Against Dunn And Elizabeth City

By SAM NORTHOPE

The twice victorious Green Phantoms of Greenville will take on the New Bern Bears next Friday afternoon at 4 p. m. in Guy Smith Stadium instead of Friday night. Behind this change is the lack of electrical power necessary to furnish lighting.

In a letter to Superintendent J. H. Rose, the Greenville Utilities Commission stated "until the generator is back in service, we will not be able to give you any lighting for night football games or other purposes requiring a large amount of light." This period of time will probably include the Dunn and possibly the Elizabeth City games to be played on October 3 and October 10 respectively.

The Athletic Commission and office of GHS said they sincerely regretted that the games cannot be played at night at which time more local business men and women would be able to see them; but urged the adults of Greenville to try to attend at the new time.

The change in time will not alter the value of season tickets in any way. Seating arrangements at the stadium have been completed with additional bleachers set up for the handling of anticipated crowds.

The remainder of the schedule for this year's edition of the Green Phantoms is as follows:

- September 26—New Bern (here)*
- October 3—Dunn (here)
- Oct. 10—Elizabeth City (here)*
- October 17—Kinston (there)*
- October 24—Edenton (there)*
- October 31—Open
- November 7—Roanoke Rapids (there)*
- November 14—Washington (there)*

* Designates Conference games.

Foreign Tennis Players Fall In Third Round

Los Angeles, Sept. 24—(AP)—Big Jake Kramer, California's national tennis champion, led the way into the quarter-finals of the annual Pacific Southwest Tournament today as the program committee hastily rearranged its schedule in the wake of yesterday's downfall of numerous foreign challengers.

Three singles matches were on the schedule, plus two feature doubles battles, as the committee counted such victims of third round play as Jaroslav Drobny, the Czech Davis Cup star; England's Tony Mottram and Geoffrey Paish; Vimi Rurac of Rumania; France's Robert Abbesslam; New Zealand's Roian McKenzie; and Australia's Geoff Brown.

Will Announce Buc's Manager At Season's End

Pittsburgh, Sept. 24—(AP)—President Frank E. McKinney of the Pittsburgh Pirates will announce after the end of the playing season whether the Bucs will have a change of management—maybe.

Here for a conference with other owners of the club, McKinney said no statement would be forthcoming this week if at all.

He added, however, that in the discussions the managerial post was included in other items that might call for corrective measures.

"There is no indication of Her-

Tarheels Remember '46 In Coming Georgia Tilt

Armed, Assault

New York, Sept. 24—(AP)—Their \$100,000 off-again-on-again match race apparently here to stay, Armed and Assault each was scheduled today to have one more workout before they go to the post at Belmont Park Saturday.

Trainer Max Hirsch, who after seeing Assault go through a spirited jog yesterday morning changed his mind and decided to run the King Ranch comet, said an extensive work was slated for Thursday.

ECTC TO PLAY LENOIR-RHYNE IN AFTERNOON

Three Weeks Of Heavy Preparation For Game Now Showing Results

The game between East Carolina Teachers College and Lenoir-Rhyne, originally scheduled for 8 Saturday night here, will be played instead at 3 in the afternoon in Guy Smith Stadium in the city. The change was made necessary by the falling of several Greenville generators, which has cut down the amount of available power.

With three weeks of heavy preparations for their opening tilt with Lenoir-Rhyne behind them, the ECTC Pirates took it easy in the morning sessions Tuesday and Wednesday, and then went through lengthy scrimmages in the afternoon, as the JV's assumed the role of Lenoir-Rhyne, running from the single-wing formation against the varsity.

After watching Lenoir-Rhyne's offensive roll against the 82nd Airborne Division Saturday night, Coach Johnson stressed defensive tactics throughout workouts, and into the night at "skull" practice.

The JV outfit provided a surprise in their offensive action, but were unable to score, as the varsity threw up a stonewall defense each time the JV's seemed pay-dirt bound. Tuesday's scrimmage was carried on in steady showers.

Coach Johnson is working to improve his pass defense. The boy throwing for the JV's is Frank Maennle, a newcomer from New Jersey, who pitches strikes with regularity. Coach Johnson has a close eye on this boy, who seems to be varsity material. When he moves up, the varsity's overhead attack will be hard to stop.

Hustle and spirit was the brightening feature in practice, as nearly thirty varsity members still are battling for a starting position against Lenoir-Rhyne.

LOOK OUT FOR PIN-WORMS

Recent medical reports reveal that an amazing number of children (and grown-ups too) may be victims of Pin-Worms—often without suspecting what is wrong! And those pests, living inside the human body, can cause real distress. So watch out for the warning signs that may mean Pin-Worms—especially the aggravating rectal itch. Get JAYNE'S P-W and follow the directions. P-W is the Pin-Worm treatment developed in the laboratories of Dr. D. Jayne & Son, after years of patient research. The small, easy-to-take P-W tablets act in a special way to remove Pin-Worms. Ask your druggist: P-W for Pin-Worms!

side of road; thence down the said ditch North 62 degrees East 37 poles; North 85 degrees East 14 poles; South 53 degrees East 6 poles to the beginning, containing 80 acres of land, more or less, and the buildings thereon. Excepting and reserving therefrom the Fleming grave yard or cemetery, where the late R. R. Fleming Sr., and others are buried, with right of way to and from the same.

Second Tract. A certain piece or parcel of woods land or wood land, situate in Pactolus Township, Pitt County, N. C., and being the Western portion of the R. R. Fleming home place, 402 acre tract, described, as follows, to-wit: Beginning in the Greenville-Pactolus Road, in the East line of the J. E. Winslow ('Bagwell farm'); thence along the said Greenville-Pactolus road South 77 degrees East 36.3 poles; South 86 degrees East 18.5 poles to a stake, dower corner; thence with the dower line, heretofore made, South 4 degrees West 158.66 poles to a stump in Davenport's line; thence with Davenport's line South 48 1-2 degrees West to a corner; thence South 47 degrees West 15 poles to a corner; thence North 29 1-2 degrees East 13.5 poles; North 70 1-2 degrees East 20 poles; thence North 11 1-2 degrees East 56 1-4 poles to a corner; thence with J. E. Winslow's ('Bagwell farm') line South 75 degrees East 38 poles to a corner; thence with said J. E. Winslow's ('Bagwell farm') line North 15 degrees West 132 poles; thence along said J. E. Winslow's ('Bagwell farm') line North 5 degrees East 42 poles to the beginning, containing 50 acres of woods land, more or less. Excepting and reserving therefrom a church lot of one acre, whereon a church formerly stood for colored people, with right of way to the same.

On the first tract above described is the late R. R. Fleming Sr., dwelling house, consisting of nine rooms and out houses, three tenant houses, three large curing barns, one pack house 32 by 16 and two stories high, and large barn and stables combined. The main dwelling house is in the Town of Pactolus and within 400 yards of the Pactolus School.

The Government tobacco allotment for 1947 has been 15 acres.

Terms of sale cash.

This the 23rd day of September, 1947.

JULIUS BROWN, Commissioner
Sept. 24-Oct. 1-8-15-22.

NOTICE OF SPECIAL BOND
LECTION AND NEW REGISTRATION — WINTERVILLE SCHOOL DISTRICT OF PITT COUNTY \$65,000 SCHOOL BONDS

A special election will be held between the hours of 6:30 a.m. and 6:30 p.m., Eastern Standard Time, on Saturday, October 25, 1947, at which there will be submitted to the qualified voters of the Winterville School District of Pitt County, which comprises the territory hereinafter described, the question of issuing \$65,000 bonds for the purpose of erecting and equipping two new school buildings, purchasing a site for one of said buildings, and altering and equipping two existing school buildings in said District.

The boundary lines of the Winterville School District of Pitt County are as follows:

Beginning at the Wood McGlohon old store site at a point immediately south of Hancock Church, including Wood McGlohon lands and Josephus Cox Farm; thence with the Ayden School District line to Fork Swamp; thence up Fork Swamp in a northerly direction to the road leading to Haddock's Crossroads, said road being the Ayden School and Winterville School District line; thence in a northerly direction along the Ayden School District line to a point where Ayden and Chicod School Districts meet; thence in a northerly direction along the Chicod School District line to and including the lands of Charlie McCoy, the eastern boundary of said lands being the Winterville School District line; thence in a

northeasterly direction to the J. H. McGlohon farm and including said farm; thence in a northeasterly direction to the lands of Louis Branch on Highway 43; thence along the eastern boundary of Herman Garbis and R. H. McGowan lands, both lands being included in the Winterville District; thence to the lands of the Run and up said Run to the road leading from Highway 264 to Bell's Fork; thence up said road to the Norfolk Southern Railroad at a point where Greenville District line crosses said railroad; thence west with the southern right of way of the Norfolk and Southern Railroad to a point where the Twin Elm Farm, owned by Leon Hardee, joins the southern right-of-way of the Norfolk and Southern Railroad; thence around the eastern and southern boundary of the Twin Elm Farm owned by Leon Hardee west to Highway 43; thence along the northern boundary of said road to Highway 43; thence up the northern side of Highway 43 to Lloyd Tucker's Filling Station; thence across Highway 43 and excluding Filling Station owned by Lloyd Tucker; thence in a northeasterly direction to Green's Mill Run at the point where Evans Street Extension crosses said Run; thence up Green's Mill Run and Patrick's Mill Run in a southeasterly direction and a westerly direction; thence to the Harvey property now owned by C. H. Edwards; thence around the Cliff Edwards property, the property owned by Judge Albion Dunn, Ralph Garrett, James T. Little, and Lee Hannah, all of said properties being excluded from the Winterville District, to the road leading to the Greenville Country Club; thence along said road to the Country Club property line; thence around and including the Country Club property; thence up Patrick's Branch to and including the Ben Jolly farm; thence in a northeasterly direction and including the following lands adjoining the Jolly farm: J. T. and J. B. Manning, H. P. N. S., N. W. and R. K. Tyson, lands of Mrs. James Case, and J. E. Jovner, and the Charlie Smith Farm; thence in a westerly direction to the corner of May Bet Crawford farm, but not including said farm; thence in a westerly direction to a big ditch in the northwest corner of Henry Forlines land, which is included; thence with the Forlines and Dr. B. T. Cox line and including all the lands of the late Dr. B. T. Cox; thence in a straight line to the north corner of Oscar Speight's Cobb farm near Warren's Chapel Church; thence in a southeasterly direction around Oscar Speight's Cobb farm toward Noble Town and including all the lands of Oscar and Louis Speight, district line being their western boundary; thence to Long Branch and down Long Branch to Little Contentnea Creek; thence down said creek to Ayden School District line; thence in an easterly direction with the Ayden School District line across Highway 11 to the Wood McGlohon old store site, the beginning.

If said bonds shall be issued, a tax will be levied on all taxable property within the Winterville School District of Pitt County sufficient for the payment of the principal of and the interest on said bonds.

A new registration has been ordered and no one will be permitted to vote unless registered anew. The books for such new registration will remain open from 9:00 a.m. until sunset on each day, except Sundays and holidays, beginning Saturday, September 27, 1947, and closing Saturday night, October 11, 1947. On each Saturday during said registration period said books will be kept open at the polling place.

The polling place and the names of the election officers, subject to change as provided by law, are as follows:

Polling Place — Town Hall; Reg-Jackson, Istar — Mrs. J. R. Cox, alt. Mr. By order of the Board of Commissioners — Mr. Hunsucker; Judges — Mr. Missioners for the County of Pitt George Cox, Mr. Laurie Ellis, alt. C. P. GASKINS, Clerk. Mr. W. L. Hunsucker, Mr. George Sept. 10-17-24.

Why debate?.. OIL-PLATE!

Molecular Attraction can fasten a special lubricant in Conoco Nth Oil so closely to metal surfaces that your engine is actually Oil-Plated!

Molecular Attraction resists gravity, keeps Oil-Plating up on cylinder walls... so it can't all drain down, even overnight! That's why Nth Oil gives EXTRA protection from "dry" starts... EXTRA protection from carbon and sludge due to wear... EXTRA smooth, cool, silent miles! Conoco Nth Oil-Plates. So, make a date to Oil-Plate... today!

Your Conoco Mileage Merchant

New Zoning Adjustment Board Has First Session

The new City Zoning Adjustment Board recently appointed by Mayor J. H. Boyd held its first meeting last night, and as its first act urged persons planning subdivisions not to sell lots of less than sixty feet frontage. The board deemed this necessary in order that builders might comply with the new building lines as set out in the zoning ordinance.

The board is composed of N. C. Brooks, chairman; Dr. S. M. Crisp, vice-chairman; V. C. Fleming, secretary; Jos. Dresbach and D. J. Whichard.

In compliance with the ordinance, Brooks was appointed to the board for a one year term, Whichard for two years, and the other members for three-year terms. Succeeding members will be named for three-year terms.

The Adjustment Board will act as a board of review in matters pertaining to the issuance of building permits and enforcement of the new building ordinance.

Sues For \$1,000 Gets Penny For False Arrest

By CHESTER WALSH In Superior Court here today B. L. Peele, plaintiff in a suit for \$1,000 damage against Farmville Police Chief Lloyd Lucas for false arrest and imprisonment, was awarded one cent for damage.

Judge J. Jaul Frizzelle of Snow Hill, presiding over the one-week civil term of court for Judge W. C. Harris of Raleigh, ordered Lucas to pay court costs, which were nominal.

It was testified that Chief Lucas arrested Peele for operating a picture-taking machine on the streets of Farmville without a city license, thereby depriving him of his liberty and pursuit of his business. Peele was released after the chief learned that migratory photographers are required to have a state license, but not a city license.

In the action of C. L. Strumb against John D. Blalock for damage in connection with an injury he received while repairing an automobile, the plaintiff and defendant got together and compromised it.

Claim Filed On Carrboro Firm

Durham, N.C., Sept. 24—(AP)—Two complaints asking recovery of approximately \$2,200,000 from the

National Munitions Corporation of Carrboro for alleged excessive profits under wartime contracts and subcontracts with the Navy Department have been filed by the federal government.

Deputies of U.S. Marshal Edney Ridge served notice on the defendant corporation that the suits had been filed in the Durham division of Middle District Court.

Durham Nurses To Confer On Pay Standards

Durham, N.C., Sept. 24—(AP)—A committee of Watts Hospital nurses planned to confer today with Semple Forbus, hospital superintendent, on the subject of minimum pay standards which the nurses are seeking.

The nurses met last night and named their committee after Miss Ellen Nichols had been discharged as supervisor of nurses at the hospital.

Mrs. Marie B. Noell of Raleigh, executive secretary of the N. C. Nurses Association, said that Miss Nichols had presided at a meeting Monday night at which the minimum standards were discussed by nurses of the institutional staff section of the association's District 5.

Medical Test Proved This Great to Relieve MONTHLY FEMALE PAINS

Are you troubled by distress of female functional monthly disturbances? Does this make you suffer from pain, feel so nervous, restless, weak—at such times? Then try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms!

In a recent medical test Pinkham's Compound proved remarkably helpful to women troubled this way. It has a great soothing effect on one of woman's most important organs. Taken regularly—Pinkham's Compound helps build up resistance to such distress. Also a great stomachic tonic! LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Old Belt Sales Below First Day Of Last Season

Raleigh, N.C., Sept. 24—(AP)—Prices from \$2 to \$12 below last year's opening day characterized sales on the season's first day of the old belt tobacco markets yesterday.

The Federal-State Marketing Services said, however, that improved quality of the offerings this year indicated an average yesterday of from \$42 to \$44 per hundred pounds.

Prices yesterday ranged from \$2 per 100 pounds for poorest thin nondescript to \$62 for fine lemon cutters, but the bulk of the leaf sold between \$41 and \$58. The practical top paid for good and fair lemon cutters, was \$58.

Volume was heavy on most markets which are located in Virginia and North Carolina and offerings

were reported in good condition. Officials estimated that from 10 to 12 per cent of the leaf was selling below government support prices and was being taken by the Flue-Cured Stabilization Corporation.

Only 28 ships were built in the United States in 1939, but 1,453 were built in 1944.
