Yanks Take First Series Game 5-3

Brooklyn Falls Before Heavy Fifth Inning Onslaught As Branca Lost Control; Shea Replaced By Page In Sixth

Yankee Stadium, New York, Sept. 30.—(AP)—The old Yankee big inning formula worked again today as the New Yorkers shattered 21-year-old Ralph Branca's no-hit bid with five runs in the fifth frame for a 5-3 triumph over Brooklyn before a record 73,365 turnout in the opening game of the 1947 World Series.

RHE Brooklyn 100 001 100-3 6 0 New York 000 050 00x-5 4 0 Branca, Behrman (5), Casey (6) and Edwards, Shea, Page (6) and Bert.

FIRST INNING Dodgers: Stanky flew out to Lindell. Robinson ignored three bad pitches and two strikes, fouled, then drew a base on balls. In Shea's second pitch to Reiser, Robinson lit out for second and beat Berra's throw which Rizzuto was forced to take on one bounce. Reiser hit the next pitch to Shea and Robinson was caught in a rundown between second and third with Ruzzuto making the putout. Walker punched a single into short left scoring Reiser with the first run of the game. Hermanski watched a third strike breeze by.

Yankees: Branca's first pitch to Stirnweiss was a called strike. Stirnweiss hit the next pitch directly to Stanky who threw him out. Heinrich struck out. Berra flew out to Reiser in deep center on the first pitch.

SECOND INNING Dodgers: Edwards flew out to Dimaggio. Jorgensen went down swinging on a 3-2 pitch. Rizzuto threw out Reese at first.

Yankees: Reese threw out Dimaggio. McQuinn bounced high to Jorgensen who whipped across the diamond to retire the batter. Johnson was an easy out, Stanky to Robinson.

THIRD INNING Dodgers: McQuinn lobbed up Branca's roller and tossed to Shea who covered first for the putout. Johnson backtracked for Stanky's high chopper and threw him out. Robinson worked count to three and two and walked for second time. Heinrich reached to the right field foul line and caught Reiser's windblown fly in fair territory close to the stands.

Yankees: Lindell struck out, swinging. Rizzuto flied to Hermanski. Shea struck out.

FOURTH INNING Dodgers: Walker lined a sharp single off McQuinn's glove as the first baseman failed to hold the hot smash. Hermanski sent a liner directly to Johnson who completed a double play by whipping across to McQuinn as Walker was unable to get back to first. Edwards flew out to Dimaggio.

Yankees: Stirnweiss watched the third strike pass. Reiser raced back a few steps and caught Heinrich's high fly. Berra went down swinging to become Branca's fifth strike-out victim.

FIFTH INNING Dodgers: Jorgensen, hitting the first pitch, flied to Lindell in left center. Shea threw out Reese. Branca struck out.

Yankees: Dimaggio beat out an infield hit to Reese. McQuinn walked. Branca's first pitch struck Johnson on the left arm loading the bases. Lindell doubled into left field scoring Dimaggio and McQuinn. Rizzuto walked again, filling the bases. Bobby Brown went to plate for Shea and after two wild pitches Branca was removed from the hill with Hank Behrman (right-hander) taking over. Brown walked to force Johnson over the plate, leaving bases still loaded. Stirnweiss grounded to Robinson who fired to Edwards at the plate forcing Lindell. Edwards returned to Robinson at first (Continued on Page Three)

Tried, Failed

RALPH BRANCA

PEEWE REESE

Ralph Branca, Brooklyn's starting hurler, lost his control in the fabulous fifth inning of the first World Series game of the 1947 season and gave up the mound to Behrman. Harold (Peeewe) Reese stole home from second to momentarily spurn the waning Dodgers.

CRIPPS, CZAR OF ECONOMICS

Assignment Said Indication Of British Cabinet Changes

London, Sept. 30.—(AP)—Vegetarian Sir Stafford Cripps took over today as Britain's economic czar. Informal sources said it was the first installment of sweeping changes in the labor cabinet.

There was general agreement among Britons that Cripps' appointment as minister of economic affairs to lead this dollar-short country's fight for economic recovery at home and abroad was a step in the right direction.

The choice of 31-year-old James Harold Wilson, the so-called "wonder" of the labor government, as president of the board of trade to succeed Cripps was termed indicative of the government's decision to introduce new blood into the labor regime.

The resignation of Arthur Greenwood, a veteran labor politician who had been a minister without portfolio, was considered to be a further demonstration of Prime Minister Attlee's determination to bring in younger men to fight the economic battle of Britain.

Cripps, whose new appointment was announced last night, buckled down immediately to the tasks confronting him.

Foreign Relations Body In Senate Is Summoned

Vandenberg Calls Committee To Meet Nov. 10; Follows Up Truman Advocacy Of Winter Relief For Ailing Europe

Washington, Sept. 30.—(AP)—Senator Vandenberg (R-Mich.) said today that in the matter of emergency aid for Europe "the immediate question is one of elemental human survival in a free society."

Vandenberg, the recognized Senate Republican spokesman on foreign policy matters, made that statement in announcing he has called the Senate Foreign Relations Committee to meet Nov. 10 in accordance with a request from President Truman. Vandenberg is chairman of the group.

Noting Mr. Truman's request that key Senate and House committees explore Western Europe's "urgent winter needs for food and fuel," Vandenberg added: "This proposal is submitted separately from plans dealing with long-range economic recovery on a self-help basis though they have factors in common."

Mr. Truman asked yesterday that four congressional committees study a \$580,000,000 fund for European winter aid before he determines whether to summon a special session of Congress.

"Explaining why he had not called his committee to meet until Nov. 10, Vandenberg said the State Department 'will not be ready with concrete proposals until Nov. 1.'"

He added that "rather essential reports, including findings of congressional committees visiting Europe and also the report of the Harriman commission, will not be available until that time."

Secretary of Commerce Harriman is directing a study into the question of how much aid the United States can give Europe without injury to its own economy.

With Vandenberg's call for the Senate Foreign Relations Committee to meet, three of the four committees Mr. Truman asked to study European aid have now been summoned to convene in early November. The others are Senate appropriations and House foreign affairs.

The fourth committee is House appropriations. Rep. Taber (R-N.Y.), chairman of it, is now in Europe and is not expected back until late next month.

Vandenberg's statement added to strong bipartisan backing given the President's course in putting the matter before Congress.

They said the attack on President Truman by a Russian magazine which compared him with Hitler indicates a decision to pull out all the stops.

One official expressed belief the Russians have given up any hope of winning favor from the American public and will concentrate now on trying to discredit the United States in the Soviet Union and abroad.

The "war mongering" accusation against nine Americans by Andrei Vishinsky, deputy Russian foreign minister, in a United Nations Assembly address Sept. 18 was viewed as part of the campaign.

The latest Soviet-American disagreement came to light yesterday when the State Department announced that the American embassy in Moscow has emphatically protested criticisms of Mr. Truman in the Russian publication "Literary Gazette No. 39."

Boris Gorbatsov, author of the article called Mr. Truman "messenger boy, bank clerk and a tool of the Pendergast machine" and compared him to the "corporal from Munich."

The cabinet food committee is composed of Secretaries Marshall, Anderson and Harriman, but Undersecretary of State Lovett appeared for Marshall and Undersecretary of Agriculture Norris E. Dodd for Anderson. They and Luckman met briefly with Mr. Truman and then left him to discuss the situation themselves for nearly two hours.

He added that he planned to confer with Republican leaders later in the day because, in his opinion, "no program will be embarked upon unless all representatives of all the people are in agreement." He did not name those with whom he will talk.

Not Hungry Now

Nancy Estelle, 3, (left) and Mary Jane Williams, 5, daughters of Robert M. Williams of Fort Pierce, Fla., who were found in a bar at Jacksonville, asking food for themselves and their dog, got their first substantial meal in three days Saturday. Their father and a friend, Miss Catherine Sleep, each was sentenced to 90 days on charges including drunkenness and contributing to the delinquency of minors (AP Wirephoto).

NEW BOMBING IN JERUSALEM

Train Also Derailed; Three Refugee Ships Nearing Coast

Jerusalem, Sept. 30.—(AP)—The explosion of a bomb outside an Arab shop near the Jaffa gate touched off an eight-minute general alarm today in Jerusalem, still jittery from the bombing of a Haifa police station in which 10 persons died yesterday.

No casualties were reported from today's bombing, which police believed was intended to intimidate Arab shop owners who have broken an Arab boycott against trading with Jews.

Almost simultaneously advices from Haifa reported that the engine, tender and two coaches of the Egypt express had been derailed by a mine explosion on the Cairo-Haifa line 20 miles south of the latter city.

Officials said there were no casualties in this incident either. Three ships loaded with more than 4,500 Jewish immigrants were reported nearing the Palestine coast today in an attempt to run the British blockade.

Unofficial sources said the vessels were expected to arrive in Palestine waters within the next 24 hours. They were tentatively identified as the 1,000-ton Northlands, bearing 2,465 Jews; the 600-ton Paducah, with 1,550 aboard and a third craft described as a sister ship to the Despite, which was intercepted by the British last week with 450 visaless refugees.

Heroic Try

Los Angeles, Sept. 30.—(AP)—A helper's heroic try to save the life of his painter-boss proved futile today.

When a scaffold broke with Herman Gutterman, 30, four stories up, his helper, 22-year-old Bob Chacon, who was on the ground, held out his arms and broke the fall. Chacon was badly bruised himself.

But Gutterman succumbed to internal injuries in a hospital.

Two Elected For Security Council

N. C. OFFICIAL RAPS ACTIONS HEALTH GROUP

W. Kerr Scott Criticizes Plans For Chapel Hill Medical School

Raleigh, Sept. 30.—(AP)—Commissioner of Agriculture W. Kerr Scott said today that it appeared to him that the major purpose of the state's good health program to build a medical school at Chapel Hill to keep up with the Jones' and that "a lot of the rest of us were sucked in to serve this end."

Scott, who spoke to thousands of farmers gathered here for the annual joint meeting of the N. C. Cotton Cooperative Association and the farmers cooperative exchange, further asserted that in the campaign last year which resulted in legislative enactment of the good health program "one farm organization, I feel sure, was used by the good health association as a propaganda machine."

The agriculture commissioner did not name the farm organization to which he referred.

The 1947 Legislature appropriated \$11,540,000 for the good health program—\$6,250,000 for building rural hospitals throughout the state and \$5,290,000 for a four-year medical school at the University of North Carolina.

In our farm organizations we must be on guard to see that they are not used as propaganda machines for some other agency," Scott said. One farm organization, I feel sure, was used by the good health association as a propaganda machine. (Continued on Page Three)

Argentina And Canada Approved By Assembly; Czechs Out Of Running; Second Ballot Will Determine Between Ukraine And India

New York, Sept. 30.—Argentina and Canada were elected by the United Nations Assembly today to sit on the security council for two-year terms, but the contest for a third seat was indecisive on the first ballot.

A last minute switch eliminated Czechoslovakia from the running and left the Soviet Ukraine and India competing in a second ballot run-off.

Earlier in the day, Czechoslovakia was reported to have had the support of both the U. S. and Russia, as well as the 20 Latin American republics. However, Soviet Delegate Gromyko was reported to have engineered a shift of the Latin Americans to the Ukraine.

Jan Masaryk, Czechoslovak foreign minister, had waged a persistent behind the scenes campaign to keep his country off the council, where it would have been in the middle of the east-west conflict.

In this spot, previously Poland has been the consistent voting partner of Russia. The tenure of Poland and two others on the council expires December 31.

On the first ballot Canada received 41 votes and Argentina 41—three more than the required two-thirds vote. No other country received the necessary majority, but India and the Ukraine qualified for the run-off by polling the highest votes.

The election was scheduled for today some time after the induction of Yemen and Pakistan into U. N. membership.

Argentina and Canada were assured of the two-seats on the security council which will become vacant December 31, when the two-year terms of Australia, Brazil and Poland expire.

Terrorism As A Tool

How Communists Use Tenet That Their Ism Must Be Established By Terror To Impress Populace; Examples; A Creed; Use Of Force And Of Propaganda

By DEWITT MACKENZIE

The Communist theory that the cause of the Red ism can best be advanced by force and threats is well exemplified in the circumstances surrounding the seizure of American Lieutenant William Van Aften and two U. S. soldiers by Yugoslav troops while the three Yankees were on mounted patrol duty at a disputed section of the new frontier between the Trieste free territory and Yugoslavia.

It required a peremptory demand by the U. S. government to secure the release of the victims of what American circles condemned as wholly unwarranted and brazen aggression. And Van Aften tells us that during the five days of captivity the Yugoslavs "kept repeating that Russia was strong and kept pointing to pictures of Tito, Stalin and Lenin."

The Ladies Auxiliary of the V. F. W. will meet Thursday night, October 2, at 8 o'clock over Carter's Printery.

Jarvis Memorial Church

The fourth quarterly conference of Jarvis Memorial Church will be held this evening at 7:30 in the Ellington class room at the church. Rev. B. B. Slaughter, district superintendent, will preside. A short meeting of the board of stewards will be held in connection with the conference.

All officers of the church are expected to attend, and all members of the church and interested friends are invited. Reports on all phases of church work for the year will be made.

Bethel P.T.A. Meets

On Thursday evening, Sept. 25, the Bethel Parent-Teacher Association had its first meeting of the school year in the auditorium of the Elementary School. Having the initial meeting in the Elementary School afforded patrons an opportunity to see the improvements that have been made in repairing and reconstructing the school building. It also served as an inspiration for the association to continue its program to provide the essential needs of the school, particularly in the auditorium.

Mrs. Ralph Carson presided at the meeting and Mrs. S. C. Whitehurst, sec-treas., read the minutes. Devotional was conducted by Mrs. R. A. Foreman, and Rev. Parker led the group in prayer.

A great deal of interest was manifested in the school lunch room program, the lunch room committee chairman giving a favorable report of its operation thus far.

The president discussed P.T.A. membership and asked that as many as possible join the association this year. She also asked that everyone be thinking of the Halloween program, for which definite plans will be made at the next P.T.A. meeting on Oct. 16.

Mr. Latham, principal, gave the organization some definite things to work toward by citing the needs of the different departments in school. He presented estimates on drapes for the Elementary School stage and had a discussion on this. The fact that this is an urgent need was generally agreed upon, and the president planned to appoint a committee to make the purchase.

After the adjournment of the regular business session, Mr. Latham discussed the value of visual aids in school and showed a short film on soil conservation, which the group seemed to enjoy. He voiced his appreciation for the support from the patrons and the P.T.A. as an organization, and expressed confidence that this would be a successful year with the same spirit of cooperation.

Benjamin Randolph Died This Morning

Benjamin Randolph, 82, died at his home near Greenville, in the Mason School House Community at 7:30 o'clock this morning. He had been critically ill since Sunday night.

Funeral services will be conducted at the home Wednesday afternoon at 3 o'clock by Rev. R. N. Hubbard, Free Will Baptist minister of Micro, assisted by Rev. D. W. Alexander, Free Will Baptist minister of Bethel. Burial will be in Greenwood Cemetery.

Mr. Randolph had been a member of Gum Swamp Free Will Baptist Church for over 50 years. He was a well known farmer and a highly respected citizen of the community in which he lived.

Surviving are his wife, Mrs. Mattie E. Randolph; two sons, Jimmy Randolph of Norfolk, Va., and Herbert Randolph of Greenville; eight daughters, Mrs. Lizzie Briley, Mrs. Adell Horton, Mrs. Eddie Anderson, all of Greenville, and Mrs. Ben Stancill and Mrs. Earl Jones of Norfolk, Va.; 32 grandchildren, seven great-grandchildren; a sister, Miss Bettie Randolph of Raleigh, and one half-brother, Levie Randolph of Washington.

Lions Club Had Report Blind Work Committee

The Greenville Lions Club at its weekly supper meeting at the Woman's Club last night devoted the business period to hearing reports. President Tyson Bilbro presided.

The outstanding report of the various committees came from Lion Frank M. Brown, who reported for the Blind Work Committee, in the absence of Chairman Paul A. Scott. Brown, who is president of the Pitt County Association for the Blind, expressed the appreciation of that organization to the Greenville Lions Club for the work it has done for the blind and near blind and for the efforts of the club in continuing to make an behalf of these handicapped persons. The membership drive of the Pitt County Association for the Blind will get under way next week and the Lions Club will assist the association again.

In his report Brown said "those who assisted by contributions and work in last year's membership drive should have the satisfaction of knowing that 35 citizens of Pitt County who were blind at this time last year, have now had their sight restored and many others have been helped along the road of rehabilitation at the Pre-Rehabilitation Center for the Blind." Much of this has been made possible by efforts of the Pitt County Association for the Blind and the Greenville Lions Club, he said.

The possibilities of a county-wide boxing tournament was discussed, action was deferred when a member who has had some ring experience spoke out. Charles (Ten County) Woodbee, who is reported to have copped more towels being thrown in from his own corner than punches from an opponent, spoke of the possibilities of injury in this type of tournament.

In the absence of the regular tall twister, Clem Garner served in this capacity, and had to fine himself by vote of the club, when he could not answer the charges that he had shaved his scalp in place of his chin. He blamed the mistake on the utilities blackout.

Allot Funds For New Instructors

Funds have been allotted by the State Office for the acquisition of five new teachers to the faculty of East Carolina Teachers College, according to an announcement by President John D. Messick. He and Business Manager F. D. Duncan were in Raleigh Monday to present the need for new teachers in classes in which the attendance is large as a result of the enrollment of approximately 1,400 students at ECTC this fall. The largest previous enrollment was 1,250.

See Your Doctor Before He Has to See You!

Don't wait until you have to call a doctor if you're not feeling fit! See him for a check-up. It may be just a small maladjustment that is keeping you down. It may be the first symptoms of something serious. Whatever it is, give yourself the benefit of his knowledge and advice before it goes too far. A great percentage of days lost from illness could be saved. Expenditure for hospital bills could be reduced if people would take just this simple precaution—see your doctor before he has to see you!

Five Men Slated To Die In Gas Chamber Friday

Raleigh, N.C., Sept. 30—(AP)—Unless Governor Cherry extends executive clemency, the state will execute five men in the gas chamber at Central Prison here Friday, the largest number ever executed by the state in one day.

The governor is studying the cases and probably will announce his decisions tomorrow or Thursday.

The five men are: Robert Messer and Earl O'Dear, who were sentenced to death in Jackson County for the robbery murder of a Sylvia taxi driver and his wife; Willie Cherry, Negro, who was convicted in Northampton of first degree burglary; and Jethro Lampkin and Richard McCain, Negroes, convicted in Mecklenburg of first degree murder in the robbery slaying of a coal dealer.

Flood Emergency Confronts India

New Delhi, Sept. 30—(AP)—The Indian government was confronted with a new emergency today—the care of uncounted thousands driven from their homes by the holy Yamuna River's worst flood in 23 years.

Scores of rural villages in the Delhi area were inundated. A heavy loss of life was feared.

The government said the flood had passed its crest and was receding.

SIXTH INNING

Dodgers: Page took over hurling duties for the Yankees. Stanky singled into centerfield. Rizzuto scooped up Robinson's bouncer and threw to Stirrweiss to force Stanky at second. Robinson reaching first safely. Reiser singled with Robinson moving to second. Walker flied to Henrich but runners glued to the sacks. Furillo, batting for Hermanski, singled to center, scoring Robinson. Reiser raced to third. Edwards bounced to Rizzuto who flipped to Stirrweiss forcing Furillo at second.

Yankees: Furlio took over centerfield. Reiser moved over to left for the Dodgers. McQuinn flew out to Edwards. Reiser snared Johnson's low line drive. Behrman gathered in Lindell's roller and threw to Robinson for the out.

SEVENTH INNING

Dodgers: Lavagetto, batting for Jorgensen, popped to Stirrweiss. Reese singled into short rightfield. Ed Miksis, batting for Behrman, struck out on a three and two pitch. Reese stole second on the strikeout. Page's third pitch to Stanky bounced in front of the plate, rolling to the screen, enabling Reese to score from second. Stanky bounced the next pitch back to Page who threw him out easily.

Yankees: Hugh Casey went in to pitch and Lavagetto took over third base for the Dodgers. Rizzuto singled and tossed the pitcher out at first. Rizzuto racing to second. Reese threw out Stirrweiss. Rizzuto going to third. Stanky made a nice stop on Henrich's smash and whipped to Robinson for the out.

These snips, bearing about 800 more men, were brought to Havana early this morning, Gen. Perez said.

Col. Diaz said the expeditionary force, composed mainly of Dominicans, Venezuelans and Cubans, was headed by Orlando Masferrer, a Cuban who had been expelled from the Community party. Diaz said the same man headed the alleged conspiracy against Cuba.

Some prisoners blamed the expedition's failure on what they called intervention by the United States.

"I am not so sure that they had improved rural health as a main goal, since most of the public agitation and legislative discussion was over selection of a place for teach-

ing medicine. The discussion appeared to reveal that the major purpose which was vigorously sponsored by a few people, was to build a medical school at Chapel Hill to keep up with the Jones. All the rest of us were sucked in to serve this end.

The Cone estate is offering a site and \$15,000,000 to put this hospital for the training of doctors in Greensboro. At this time it appears this generous offer will be spurned. It looks like the taxpayers will have to foot the bill for another project at Chapel Hill.

Strength FOR THE DAY

SHOULD THE CHILD CHOOSE HIS RELIGION?

In some homes the idea prevails that the children should choose their own religion when they come of age. The parents adopt this policy in the belief that they are doing the children a favor by being non-partisan in something that is the children's own affair.

Yet really they are doing their children irreparable spiritual damage, for by this policy they are in effect teaching them indifference to all religion. The children, insulted as they are from all spiritual guidance, will either decide that religion is a matter of no importance or else they will conceive it to be a routine decision to be made on attaining majority—such as registering Democrat or Republican.

The need for spiritual education is much greater in a materialistic world like ours today where there are so many millions of things to sum up the spiritual sense. Parents must accept the responsibility of choosing a religion for their children. And if the responsibility seems grave, it is well to remember that every aspect of child nurture involves grave responsibility. We must accept as grave and solemn anything having to do with the welfare of our souls or the souls of others.

WASHINGTON LETTER

By JANE EADS
Washington—Oscar R. Ewing has long been known as an astute and prominent lawyer and has always had a hankering for politics.

Now administrator of the Federal Security Agency, he is a former vice chairman of the Democratic National Committee and made his first political speech at the age of 11. The speech was made at a Democratic rally on his uncle's farm near Greensburg, Ind., during the McKinley campaign in 1900. Young Ewing spoke against "Republican imperialism" and high tariffs. He says the speech was a "wow" but explains he had a "sympathetic audience."

At Indiana university, where he received his A.B. degree in 1910, he was the only student who ever served as president of both the junior and senior classes.

Although Ewing "always wanted to go into politics," he says he made up his mind he wouldn't entirely devote himself to the project until he was independent of any salary he might otherwise have to earn by getting into them.

"You can't have any fun in politics until you are free to tell people to go to hell," he says.

Summers Ewing sold magazines and aluminum utensils to Indiana housewives. Later, while associated with Charles Evans Hughes practicing law in New York City, Ewing served the Aluminum Co. of America more importantly.

Although he had been admitted to the Indiana bar on his 21st birthday on the simple premise of being of "good moral character and a voter," Ewing pursued his law studies at Harvard.

Graduating in 1913, he taught at the University of Iowa for a year. He entered the Army in 1917, becoming a captain in the air service, executing contracts for the Army's

Bewareski!

infant. Ewing was assistant chairman of the Democratic National Committee from August 1940 to May 1942, at which time he was appointed special assistant to the U. S. attorney general to prosecute the silver shirt leader, William Dudley Pelley, on sedition charges.

In August 1942 he was appointed vice chairman of the committee, holding that office until March 1947, when he was again made special assistant to the attorney general to prosecute Douglas Chandler for treason.

The family residence has been Riverdale, N.Y., for 20 years.

Senators Call Off Plan To Tour Europe

Washington, Sept. 29—(AP)—The senate armed forces committee today decided to call off a proposed trip to study military conditions in Europe.

Farm Income For State Tops '46

Washington, Sept. 27—(AP)—Tar Heel farmers find themselves approximately \$43,000,000 richer than they were a year ago.

North Carolina farm income for the first six months of 1947 is estimated by U. S. farm experts at \$175,928,000, as compared with \$132,824,000 for the same period last year.

Throughout the country farmers average about 35 per cent more from sales of their products than during the first six months of last year.

ABC Stores In; Drunkenness Down

Charlotte, Sept. 2—Charlotte police arrested 46 persons charged with public drunkenness over the weekend, the first since ABC stores opened in the city—a decrease of

one-third from the previous weekend. Fines were imposed on 69 persons the weekend before. Mecklenburg county police reported they had arrested only three persons on intoxication charges—their smallest weekend total on record. The seven county stores operate only in the city of Charlotte.

Study Executive Branch In Gov't

Washington, Sept. 29—(AP)—A 12-man commission begins today a \$750,000 study aimed at increasing the efficiency of the executive branch of the government.

Former President Hoover was slated to be named chairman of the group at its initial meeting at the White House.

He agreed to serve on the commission with the distinct understanding that this will be the last public service I will render my nation."

Terrorism . . .

(Continued from Page 1)

on terrorism until direct action becomes second nature to him. Take this instance as related to me in Europe since the war by a French Army captain who was liaison officer at U. S. headquarters in Austria. The captain said he was motoring in a staff car in the Russian zone with an army driver. A Red Army sergeant thumbed a ride by the expedient of stepping out into the road a hundred yards in front of the car and shooting a rifle bullet through the middle of the windshield, barely missing the occupants. The sergeant then sauntered along to the car and demanded his ride—and was made prisoner.

The French officer told me he knew the only way he could get redress was to take the sergeant to the neighboring Red commandant and pique the latter's pride by pointing out this terrible infraction of Western Army discipline. This

was done. The commandant flushed up and demanded of the sergeant if he was guilty as charged. When the sergeant admitted that he was, the commandant called three soldiers, gave them a curt order, and they took the sergeant out and shot him without more ado.

In this case the terrorism cut two ways. The Red sergeant employed it because he had been taught that code. The Red commandant employed it with reverse English in dealing with his own man. And it should be noted that Communist authorities strike just as quickly at disobedience among their own kind as among others.

Terrorism doesn't always take the form of force. Propaganda constantly is used for the purpose of instilling fear and causing dissension, a fact we see demonstrated in the United Nations which is being used as a sounding board for the spread of the idea that Russia is too powerful to be challenged.

Soft pine supplied for many years the major lumber requirements of the United States.

600,000 in outside help, mostly from the United States.

This outside help would be of various kinds, such as loans of money, coal, food, machinery, and so on.

But—and this is important—this whole plan, called the Marshall Plan, will fall through unless Congress approves.

Congress isn't due to come back to work until next January. Because it will take months of work by committees, Congress isn't expected to okay or kill the Marshall Plan before next spring. Meanwhile—

No. 2—Right now, this winter, Europe needs help badly. Europe is in pretty tough shape right now for a lot of things, especially food and fuel.

So what are starving and freezing Europeans to do between now and that time—maybe next spring—when Congress acts on the Marshall Plan?

Before that time, if the Europeans become desperate for help and someone is coming from us, they may turn to Russia or to communism of their own.

But can't Congress be called back into session now, instead of waiting till January, to start work on the Marshall Plan?

Yes, but, as explained, months will be used up before Congress decides on that plan. If Europe has to wait for a decision on the Marshall Plan, the

winter will be over. Can't we give Europe some help now?

President Truman said the money needed to tide Europe over the winter—perhaps \$1,000,000,000—can't be given unless Congress approves.

To approve before its regular session in January, Congress would have to be called back into special session for that purpose. Will it be?

Maybe not. Mr. Truman yesterday talked with congressional leaders and decided:

He'll ask the big congressional committees which handle money matters to meet here as soon as possible. (They can do this without the whole Congress being called back.)

Those committees will check on what Europe needs this winter. Then, if they think a special session should be called to vote money, such a session can be called.

Notice of Emergency Operating Schedule To All Electric Consumers:

Through trial and error, inquiry and consultation with customers, and taking into consideration every known factor in connection with the use of electric service, we have finally arrived at a tentative operating schedule which we feel will cause as little inconvenience as possible to everyone.

We are now operating on the emergency schedule, which will be followed just as close as possible. The various circuits will be pulled at the same time each day, and will be closed at the same time, thereby assuring you of having your service on at definite times, which will enable you to set up your individual schedule for home and business. Accordingly no service will be off more than one hour at a time.

If it is not necessary to pull a circuit at the scheduled time or if it is pulled during the scheduled time it will, nevertheless, be closed according to schedule; therefore, if there is a strict conservation of current the need of pulling circuits will gradually diminish.

Your fine cooperation thus far is greatly appreciated, and you are urged to continue a strict conservation of current. Use just as little as possible during the emergency period, and please be assured that every effort is being made to give you the best service possible under the circumstances and to hasten the restoration of complete electric service.

Ficklen Discusses State's Exports To Europe and Related Relief Loans

By **WYATT BROWN**
Tobacco and cotton exports, upon which Eastern North Carolina depends for its livelihood, are dependent upon the United States extending further loans to Europe; the amount to be loaned should not be enough to upset our own economy and the men in charge in Washington can be counted on to work it out was the gist of a series of remarks made at the Rotary club last night by James S. Ficklen, local tobaccoist and banker which observations drew out of his 1946 and 1947 visits to Europe and what he saw and the men he encountered. The money cannot be loaned until Europe starts producing more is the opinion of Mr. Ficklen and it is just that which the Marshall plan comprehends but getting it across to the people of Europe is quite a job.

At the outset Mr. Ficklen said he would give a series of remarks from the tobacco angle of his recent trips to Europe. In 1946 Mr. Ficklen did not become discouraged about England but constantly heard insistence that the United States loan must be made. 1947 revealed a bad condition in England. From the tobacco angle, England allotted in 1947 only forty per cent of the amount for the purchase of tobacco that she did in 1946.

"It is right that England be granted another loan. We should help some more. I do not know how much," but he was certain it should not be enough to affect the U. S. adversely. At this juncture he made the statements about the dependence of Eastern Carolina economy on exports to Britain. That the British still have some money is obvious but they must conserve the little they have. Such conserving has brought their exports and imports more nearly into balance lately, Mr. Ficklen went on.

Mr. Ficklen did not draw his punches when he mentioned the impact of the decreased British market on Eastern Carolina tobacco prices this year. In his opinion prices would be much higher if the British bought as much as last year.

For the next few minutes Mr. Ficklen took his audience for a **FOR SALE—1937 FORD SEDAN**, rebuilt transmission and steering gear good tires, price \$350.00. See H. H. Hazelton, Amoco Service Station, Waverlyville. 30-2

Lowest Temperature

The lowest temperature recorded by Mrs. C. E. Maiden, observer here for the U. S. Department of Commerce Weather Bureau, was 49 degrees late Sunday night. The mercury dropped to 51 degrees after the rains last week.

The coolest summertime reading of the official thermometer was in mid-July, when it recorded 54 degrees.

Inquest Tonight In Death Negro Woman

Coroner Griffin H. Rouse will hold an inquest at the City Hall tonight into the death Sunday night of Georgiana Brown, middle-aged Negro woman who was fatally stabbed with an icepick Saturday by Lorine White, 33, Negro, during an argument over some house rent, according to police, who quoted the woman as saying she acted in self-defense.

The tragedy occurred on First Street near Cotanche.

U.S. Treasury Using Black Ink

Washington, Sept. 29.—(AP)—The government's budget moved into the black today for the first time this fiscal year.

Treasury records disclosed a surplus of \$14,042,407.85 due to a very strong flow of quarterly corporation and individual income tax payments since mid-September.

These payments more than wiped out a deficit of over \$1,500,000 that existed early this month. The newly established surplus made the budget position for the present fiscal year starting last July better by \$202,874,153.11 than at this point in the last fiscal year.

Southern Conference Has 'Revenge Day' Saturday for Three Colleges

Richmond, Va., Sept. 30—(AP)—Saturday might rightfully be dubbed revenge day in the Southern Conference.

For Saturday, three of the day's four conference clashes will find three teams out to gain revenge for the pretty fair lacerations their respective opponents handed them in a campaign ago.

The Citadel's Bulldogs probably have the biggest bit of revenge to do. In 1946, the charges of Coach Quinn Decker bowed to William & Mary's Indians, 51-12, and Saturday they invade Williamsburg, Va., to try to get even.

The Citadel, victor last week over Presbyterian, undoubtedly plans to fill the air lanes with passes, and that's exactly what William & Mary Coach R. N. (Rube) McCray is expecting.

Clemson's Tigers hope to claw back at Wake Forest's Deacons for the 19-7 beating they suffered last season. This time the game will be played at Clemson.

Davidson, beaten last week by William & Mary, has its eye set on evening things with North Carolina State, which a year ago walloped the Wildcats, 29-0.

The other Southern Conference fray between Virginia Military Institute and George Washington at Lynchburg, Va., will find the two eleven facing each other on the gridiron for the first time in 25 years.

Two of the league's top teams—North Carolina and Duke—will be playing away from home. North Carolina goes all the way to Texas to battle the Texas Longhorns at Austin. Duke invades Tennessee.

A territory-wide picnic held in Hawaii in 1940 resulted in a two-to-one vote in favor of statehood.

The Australian "flying fox" is a wire and pulley device which moves bananas to the packing sheds at 40 miles per hour.

UNC FAVORED OVER TEXANS

Huge Crowd Expecting To Witness First Meeting Of Schools

Austin, Tex., Sept. 30—(AP)—Southwestern football fans expect the boys to do everything except eat the pigskin out at Memorial stadium next Saturday.

That's why 44,000 will jam into the big saucer for the first meeting of the University of Texas and North Carolina.

This game will answer a lot of questions about Texas, a team no one can get hot on but one which everybody in the southwest conference appears to fear worse than poison.

For one thing, Texas will be the under dog in this game. It's something new—at least new since 1941. The Longhorns have been the favored team in every game for seven years—until now. In fact, this is the first season Texas hasn't been picked to win the conference title.

Purchasing the chief lure to fandom is the expected duel between two of the finest backs in the country—a couple of guys who should give the All-America pickers worries come December—one is Charlie (Choo Choo) Justice of the Tar Heels. The other is blond Bobby Layne, that passin' man from Texas.

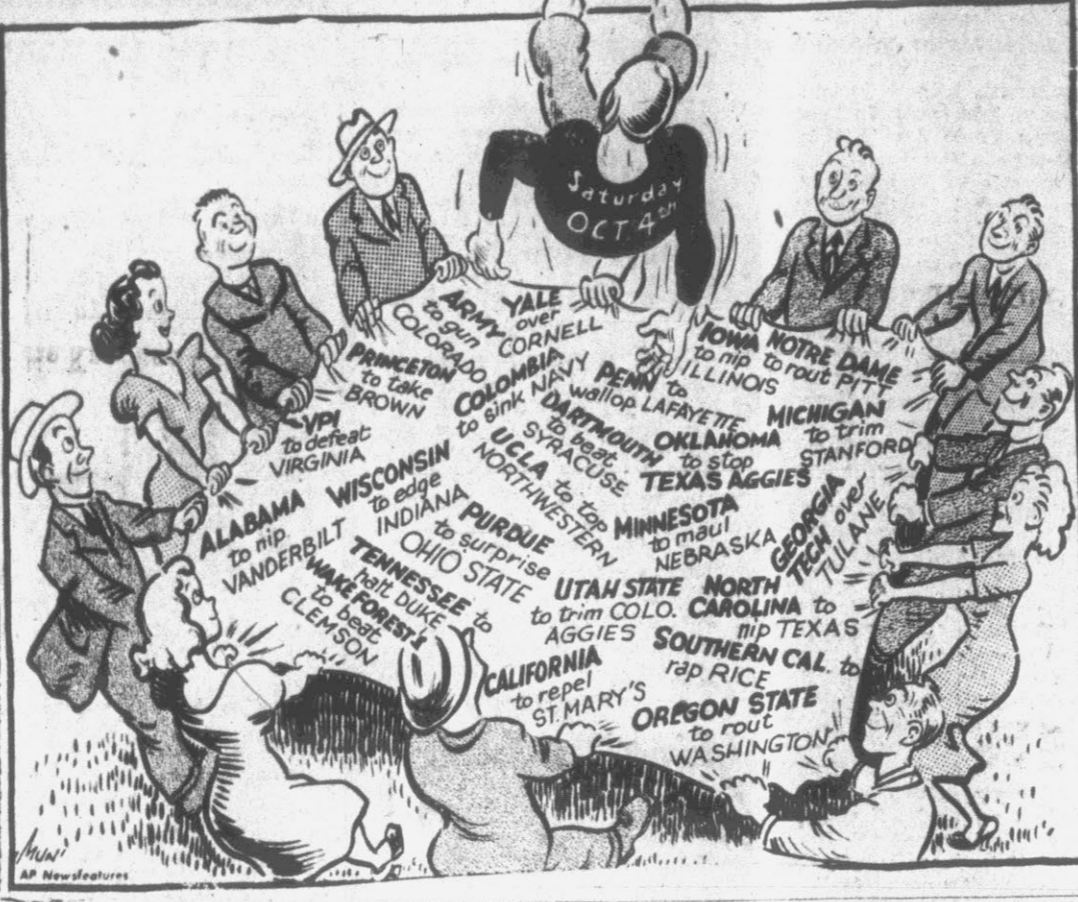

Layne, the leading pitcher in the nation last year, has taken up right where he left off. In two games this season he has completed 11 out of 17 tries for 207 yards. And Bobby hasn't played a third of the time. Coach Blair Cherry doesn't leave him in the lineup on defense.

Justice is one of the top running and kicking backs of the nation.

Beverly Hills, Calif., Sept. 30—(AP)—Bob Falkenburg will be off the courts for a while.

The 21-year-old tennis player, brother of actress Jane Falkenburg, suffered a broken ankle, head injuries and a cut hand when a jeep he was driving last night went out of control on a winding road and overturned.

Illinois Bars Rocky Graziano On Army Record

Chicago, Sept. 30—(AP)—Middleweight Champion Rocky Graziano, already barred from boxing in New York, has been banned from fighting in Illinois as well.

The Illinois Athletic Commission yesterday barred Graziano from boxing in Illinois in an order which Roy D. Keehn, commission member, said referred to Graziano.

Keehn said the commission had accepted the War Department's record of Pvt. Rocco Barbella as that of Graziano. That record showed Barbella was convicted, sentenced and dishonorably discharged from the Army on a charge of being absent without leave in 1942.

Local Semi-Pro Nine Triumphs Over Beaufort

The Greenville Independents defeated the Beaufort Semipro on their diamond Sunday, 5-2.

Johnny Foell, former Greenville who finished the season with the New Bern Bears, pitched five innings of hitless ball and received credit for the win. Garland Little, another Greenville, relieved Foell and continued to pitch no-hit ball for four more innings. Errors by the locals enabled the Beaufort team to score twice.

Foell also helped the cause with a three-run homer in the third inning. Joe Hatum and Tommy Lee led the attack with two hits each; Hatum with two doubles, Lee with a double and a single.

The local Independents will journey to Washington, N. C., next Sunday (October 5) for a single game at Kugler Stadium.

Arrest Negro On Charge Of Larceny

Police yesterday arrested Claude Langley, 19, Negro, and charged him with the larceny of merchandise from Harrison Brothers drug store on Dickinson Avenue on two counts. Langley was employed at the store. They also arrested Samuel German, Negro storekeeper on West Fifth Street, and charged him with receiving stolen goods. They will be tried in Police Court Friday.

The members and wives from Greenville boarded a special Shrine train at Rocky Mount Wednesday, September 24, at 2 p.m. Making stops at Wilson, Selma and Fayetteville, picking up Shriners which numbered around 275, the train arrived in Miami at 10 a.m. September 25, where, special buses under police escort transported them over to Miami Beach.

There were around 20,000 Shriners from 20 states attending this ceremonial. A gala parade was held Thursday night in which around 21 Shrine temples were represented.

Sudan Temple of New Bern made a fine showing. The climax of the ceremonial was the election of W. C. Woodard of Rocky Mount as president of the Southeastern Shrine Association.
