

Scattered showers tonight and Thursday. Little change in temperature.

CIO LEADERS MEET; STUDY UNION POLICY

Executive Board Re-Examining Question Of Non-Communist Pledges

Boston, Oct. 8—(AP)—CIO leaders today began re-examining the policies of their unions on the hot question of whether to give non-Communist pledges to the government.

The 53-man CIO executive board met here in preparation for the CIO convention opening Monday, and here was the situation:

1. Because of a ruling by the National Labor Relations Board yesterday, it is no longer necessary for the 11 officers of the CIO to file non-Communist statements before the 41 CIO unions can ask the NLRB for protection of help.

2. This takes the steam out of an expected fight at the meetings here, because it's now up to each union to decide what it wants to do, rather than the CIO itself.

3. But the CIO executive board can still recommend—though not control—what course the member unions take.

CIO President Philip Murray declined to comment on what the board or the convention might recommend.

Last June the executive board recommended—in effect—that CIO unions ignore the NLRB as reorganized under the Taft-Hartley labor law. It may renew this recommendation or it may only announce that each union is free to do what fits its own situation best.

Two CIO unions, the textile workers and woodworkers, have officially decided to file non-Communist statements, signed by their officers.

The textile workers sent their affidavits to the NLRB this week.

Eleven other CIO unions, including the steelworkers, auto workers, and electrical workers, have announced they would not use the facilities of the NLRB at present.

Migratory Farm Laborers Said Future Problem

Denver, Oct. 8—(AP)—The picture of a new homeless army of 2,000,000 persons or more moving aimlessly across the United States doing migratory farm labor wherever odd jobs could be found was injected into a price hearing before a congressional subcommittee here.

The view was presented by Lee Fryer, assistant to the president of the National Farmers union, who said it might come if farming changed from a family to corporate basis.

"You mean another army of people like the fictional gypsies of a few years back?" asked Rep. Walter Hubert (D-Idaho), a member of the congressional group.

"Yes, sir," replied the witness.

The subcommittee will conclude a three-day hearing today and will open another session at Salt Lake City tomorrow.

Pilotless Rocket Plane Passes Speed Of Sound

Padstow, Eng., Oct. 8—(AP)—A small, pilotless rocket plane, launched by a British bomber high above the Atlantic, attained a speed estimated at 900 miles an hour today in an experiment to determine the effects of flight faster than sound.

The plane was the first of a group to be used by the supply ministry in experiments with supersonic speed.

The experiments were expected to produce valuable data about performance of ultra high speed aircraft as they approached and surpassed the speed of sound, which varies from about 680 miles an hour at sea level to 760 miles at 30,000 feet.

The robot today was cut loose nearly seven miles above earth, at 37,000 feet, at a point 14 miles west of the Selly Islands.

It was adjusted to dive into the sea after about 20 miles.

One phase of the experiment was to test air resistances at extreme speeds, which causes lack of stability and leads to slack and inefficient control in conventional planes.

The experimental plane was made

Arrest Follows Plea For Still

Smithfield, Oct. 16—(AP)—A demand that his captured 100-gallon whiskey still be returned led the arrest of Pete Jernigan of Banner Township in Johnston County and his return to Sampson County for trial, according to Deputy Sheriff Johnny Medlin.

A still was found in Newton Grove Township in Sampson County by Constable F. E. Smith, who took it to Clinton. Jernigan's efforts to recover the still led to his identification by Smith to whom he was referred by a Mr. Harrove who lived near where the still was found, the deputy said.

When folks are hungry, and especially when they see their children hungry, they will do most anything to secure food. Among the particularly vulnerable countries are Italy, Austria, Germany and France.

Bolshevism's heaviest initial assault is expected to be made in Europe, and in the case of hard-hit Italy there is fear that the Bolsheviks may resort to revolution. Short of that, strikes and disorders are anticipated in an effort to achieve by force what can't be accomplished by moral suasion. Britain, although badly hit by the economic depression, is rather outside the range of

As communism intensifies its drive for world revolution we find Russia holding the whip hand at the outset in the European struggle, in that the Moscovites and their satellites possess the great bulk of the continent's current food resources, whereas the democracies of the western area are suffering grave privation, including actual hunger.

That's the way dame nature divided things up this year—good crops on the whole in Eastern Europe, and bad ones in most parts of the west. So fortune has handed the Bolsheviks a mighty weapon with which to persuade, or to compel, distressed peoples to kneel under.

Moslem Refugees Jam Pakistan-Bound Train

Moslem refugees crowd into coaches and climb on top of a train bound for Pakistan from the Delhi area of India. They are fleeing from Hindu territory to the area allotted to Moslems in the recent division of India. Bloody clashes between Hindus and Moslems had attended the mass migration of the two religious groups. (AP Wirephoto via radio from London)

U.S. Policy On Division Of Palestine In Making

One Delegate Says United States Will Support Partition Plan With Few Modifications; Russia Awaits Pronouncement

Lake Success, Oct. 8—(AP)—A leading delegate to the United Nations Assembly reported today he had been told by a high State Department official that the United States would support the proposal for partition of Palestine "with perhaps a few modifications."

This delegate, who had talked with Washington officials, said he did not learn what modifications the United States would seek.

A spokesman for the United States delegation said a rough draft of the American policy declaration on Palestine had been completed, but he declined to discuss its contents. The U.S. statement will be made here probably tomorrow or Friday.

A source close to the Soviet delegation said the Russians were waiting to hear the U.S. declaration before making their own policy statement. This source said the Soviet policy was not definitely determined, although Russia was inclined to support creation of a bi-national federalized state.

The proposal for a federalized state was recommended by the minority report of the special U.N. committee on Palestine (UNSCOP) but has been opposed by both the Arabs and the Jewish Agency for Palestine.

Hunters Shoot Deer On Campus Of School

Klamath Falls, Ore., Oct. 8—(AP)—Deer hunters have got to quit stalking their quarry on the campus of Oregon vocational school.

Winston Purvine, director of the state school, said today hunters were getting to be a nuisance and from now on they'll have to go elsewhere.

Several deer have been bagged on the mile-square campus.

Russia Has Advantage Bulk Of Europe's Food Resources Lie Behind Iron Curtain; Initial Assault Soon In Western Europe; Asia To Be Subjected To Direct Action; UN Is Sounding Board

By DEWITT MACKENZIE

As communism intensifies its drive for world revolution we find Russia holding the whip hand at the outset in the European struggle, in that the Moscovites and their satellites possess the great bulk of the continent's current food resources, whereas the democracies of the western area are suffering grave privation, including actual hunger.

That's the way dame nature divided things up this year—good crops on the whole in Eastern Europe, and bad ones in most parts of the west. So fortune has handed the Bolsheviks a mighty weapon with which to persuade, or to compel, distressed peoples to kneel under.

When folks are hungry, and especially when they see their children hungry, they will do most anything to secure food. Among the particularly vulnerable countries are Italy, Austria, Germany and France.

Bolshevism's heaviest initial assault is expected to be made in Europe, and in the case of hard-hit Italy there is fear that the Bolsheviks may resort to revolution. Cooperation Pledge For Food Program Made By Farm Groups

Washington, Oct. 8—(AP)—Leaders of three major farm organizations today pledged President Truman "100 percent cooperation" in the drive to save food at home in order to feed hungry Europeans.

The pledge of cooperation was extended to Mr. Truman by Albert S. Gosz, master of the National Grange; Edward A. O'Neal, president of the American Farm Bureau Federation; and Quentin Reynolds, president of the National Council of Farmer Cooperatives.

They called at the White House to tell the President that their organizations will make "an all out effort to meet the critical world food situation."

The Citizens Food Committee, heading up the food conservation campaign, prepared a formal request to the distilling industry to close down for 60 days to save 10,000,000 bushels of grain.

The request was to be presented at a late afternoon conference. Industry leaders indicated they were ready to comply with the request.

After conferring with the President, the farm leaders issued a statement which pledged:

1. Conservation of grain supplies by feeding more roughage to livestock in areas of abundant supply.

2. Marketing of hogs at lighter weight to conserve corn.

3. Feeding of less grain to beef cattle.

4. Closer culling of non-productive dairy herds and poultry flocks.

5. Elimination of feed grain losses by careful harvesting and storage.

The farm leaders' statement said that "aside from humanitarian considerations, the people of this country should realize that they can strike a very effective blow against further inflation of food prices" by cooperation in the food program.

The program aims at saving 100,000,000 bushels of grain to feed Western Europe.

ROBOT PLANE FLIES OCEAN

Stephenville, Nfld., Oct. 8—(AP)—The mechanically-guided U.S. Army Skymaster Robert E. Lee took off at 7:22 a.m. EST today for Wilmington, Ohio, after a successful robot flight yesterday across the Atlantic.

The plane carried an Air Force crew of ten, commanded by Col. James M. Gillespie of San Antonio, Tex.

No one touched controls of the big C-54 until the aircraft came to Hampton Field for the landing. Then Gillespie took over. He explained that automatic landing facilities were not available here. It was the first time the "mechanical brain" had been interrupted in the round trip over the ocean.

The crewmen said they intended to allow the plane to fly completely by controls until it reached its mid-western base.

The Robert E. Lee completed its return crossing of the Atlantic at 3:16 p.m. (EST) yesterday. It had made the first ocean crossing on instruments alone Sept. 11.

The westbound flight was made at altitudes ranging from 7,500 to 30,000 feet. En route to Newfoundland, the plane made contact with a United States "marker" ship stationed in mid-Atlantic to give a position check.

Advocates Army Keep Control Of Occupied Zone

Washington, Oct. 8—(AP)—Rep. Cox (D-Ga.) said today that "it would be calamitous for civilians to replace the army" in charge of the United States zone of occupied Germany.

Cox, who has just returned from a five-weeks tour of Europe, said he referred specifically to Gen. Lucius D. Clay, American occupation zone commander.

"There are rumors over in Europe that General Clay wants to retire and the State Department is anxious to substitute civilian control for the military in Germany. For either to happen would be terrible," Cox told a reporter.

Clay returned to Washington yesterday to take part in British-American financial conferences seeking to work out a change in the German occupation set-up which will save scarce dollars for Britain.

Beaufort Plans Hospital Vote

Washington, N.C., Oct. 8—(AP)—A county-wide hospital program was planned for Beaufort County today but the next step in its execution remained up to the county's voters.

County Commissioners said they would order an election in the near future to determine reaction to the use of county funds for the project. Local funds would be matched by state and federal appropriations.

The plan calls for construction of clinics at Belhaven and Aurora and a 100-bed hospital at Washington.

Raise \$2 Million To Move College

Winston-Salem, N.C., Oct. 8—(AP)—Almost \$2,000,000 has been raised in the campaign by North Carolina Baptists to provide \$5,000,000 to move Wake Forest College to Winston-Salem. Odus M. Mull of Shelby, chairman of the Planning and Building Committee, has announced.

He told the Winston-Salem Rotary Club yesterday \$800,000 had been obtained or pledged by Baptist churches in the state, and \$1,126,000 from Wake Forest alumni and friends.

City Of Paris Has Gift For Elizabeth

Paris, Oct. 8—(AP)—The city of Paris will give British Princess Elizabeth a tortoiseshell dressing case as a wedding present, it was announced today.

The case is described as "a work of art of the Parisian luxury industry." Each of its objects will contain the city's coat of arms in gold.

Paris, Oct. 8—(AP)—The city of Paris will give British Princess Elizabeth a tortoiseshell dressing case as a wedding present, it was announced today.

FREIGHT RATE HIKE GRANTED TO RAILROADS

Ten Percent Increase Granted By ICC; May Become Effective Monday

Washington, Oct. 8—(AP)—A 10 per cent emergency freight rate increase amounting to \$700,000,000 annually has been granted to the nation's railroads, which hoped today to put the boost into effect next Monday.

The Interstate Commerce Commission authorized the temporary increase yesterday, pending a decision on the railroad's plea for a permanent 37 per cent increase over present rates. The ICC also:

1. Authorized coastwise water carriers and freight forwarders (who collect small lots of freight for carload shipments) to make the same 10 per cent increase.

2. In a separate action, gave 37 railroads in the south permission to advance passenger fares for sleeping and parlor cars from 3.3 to 3.5 cents a mile and authorized 26 southern roads to raise basic coach fares from 2.2 to 2.5 cents a mile.

The passenger fare increases may be put into effect on five days' notice but the roads gave no indication when they might act. Not all of the railroads had asked permission to boost the fares.

In sanctioning the general freight rate increase, the ICC made exemptions in the movement of coal, coke and iron ore at the request of the railroads. In those categories, the ICC permitted a specific increase of 10 to 11 cents a ton, slightly under the rise applied to other freight.

The railroads, which got a 17 per cent increase last January 1, sought the emergency 10 per cent hike to offset mounting costs which they claimed resulted from a 15-cent hourly wage boost awarded non-operating employees in September.

Cripps Warns Of Further Cuts In Dollar Buying

London, Oct. 8—(AP)—Sir Stafford Cripps told a news conference today that Britain would "be driven" to slash deeper a dollar expenditure unless new dollar aid for Britain and the rest of Europe came "within the quite near future."

Cripps addressed reporters for the first time since his appointment to the new post of minister for economic affairs.

He said more cutting of expenditures would start a process which "unless rapidly arrested, would lead on to a gradual economic strangulation."

"We have already begun to dip into our reserve of gold and dollars—a reserve which is none too big and which serves the whole sterling area," he recalled, with an apparent reference to Britain's recently announced sale of \$80,000,000 worth of gold to the United States.

TRUMAN ASKS WOMEN'S AID

Washington, Oct. 8—(AP)—President Truman said today that American women can make "an invaluable contribution" to the welfare of the nation and the world by "wholehearted support to our food saving program."

In a nation-wide radio address in connection with democratic women's day, the President said also that women have a "great opportunity" to make their "wholesome influence increasingly effective" in building a better world "by the full use of your power at the ballot box."

"Mr. Truman said the responsibility for the success of the food-saving program rests very largely with the American housewife."

"She is an indispensable fighter in our war against hunger," he went on. "The American housewife has never failed her country when she has been called upon to sacrifice in its interest. I know that she will not fail in the great task now before us."

If the women of America, he (Continued on Page Four)

'Slot Machine' To Feed Mongrel

Chicago, Oct. 8—(AP)—Harry Johnson constructed a slot machine which pays off in dog biscuits and thereby solved the problem of how to feed his dog, Sandy, when the master is away.

The snack machine—an upright stand—contains eight dog biscuits and at its base is a wooden trip platform which, when pushed down, ejects a dog biscuit.

Too Many Are Opposed To Santa Claus Stamp

Washington, Oct. 8—(AP)—There isn't going to be any Santa Claus this year—on postage stamps, that is.

The postoffice department said today, "tiring for 1947 at least the long-standing controversy over whether a likeness of St. Nick should ride with the Yuletide mail."

Robert E. Fellers, superintendent of the stamp division, told a reporter the same old objections still hold good: "The religious angle," opposition from tuberculosis associations and the accounting problem.

Fellers said "a lot of people in our country don't believe in Jesus Christ" and object to a Santa Claus because it would be issued in honor of the Christmas celebration marking the birth of Christ.

Tuberculosis associations throughout the country have protested the proposal, Fellers said, "for fear it might cut their sale of stickers to place on Christmas letters and packages."

The post office department itself, he continued, foresees "a lot of accounting work" if a Santa stamp should be issued because those not sold before Christmas would have to be returned by the 30,000 local post offices.

The department's traditional policy, Fellers said, has been to issue stamps only in honor of famous American persons, places, battles or other things of historical renown.

"We have never issued a stamp," he added, "in honor of a mythical person."

Three-To-Five Years Sentence For Bigamist

Fayetteville, Oct. 8—(AP)—Plaintiff Dewitt Cole, who was accused of having married four women without going through the formality of obtaining divorces, today faced a three-to-five-year prison sentence as a result.

Cole pleaded not guilty to the charge of bigamy, and Judge Charles L. Coggin sentenced him to three to five years and suspended a 10-year sentence on condition that he support his legal wife, the former Clara Honeycutt, 29, of Albemarle and her two children as well as a child by one of his other marriages.

It caused bitterness among some of the AFL officers who wanted to sign. Some threatened to take their union out of the AFL.

So it would seem, at first glance, that the board's ruling and Denham's refusal to sign would be a setback for the AFL and CIO officers don't

Silent On Report Of Romance

Reports published in Columbia, S. C., say Miss Jean Crouch (above), youthful 1947 graduate of Winthrop College, will marry South Carolina's 45 year old bachelor governor, J. Strom Thurmond. No comment was forthcoming from either, and the reports were not confirmed immediately. (AP Photo)

OPPOSITION TO FARM PROGRAM

Washington, Oct. 8—(AP)—The Administration's proposal for "modernizing" farm parity prices, on which government price supports are based, bumped into quick-forming opposition in Capitol Hill today.

Rep. Pace (D-Ga.), a member of the agriculture committee, called it "modernizing in reverse."

"It is an abandonment of basic principles of parity," he said. "It is hard to believe that Congress ever will adopt such a program."

Rep. William S. Hill (R-Colo.), another committee member, told a reporter "there's going to be a real battle before the parity formula is changed, and I predict there won't be much change in it at all."

Present parity is a formula designed to give farmers the same purchasing power they had in some past favorable period, usually 1909-1914. It is used as a guide by the government in determining the level at which it will support prices.

The new formula proposed by the Agriculture Department would boost price parity for livestock and dairy products and lower it on grains and cotton.

It was suggested to a joint meeting of House and Senate Agricultural Committees as part of a long-range farm policy of "organized, sustained and realistic abundance."

The department said Congress in the future should take steps to see to it that people get "what they want and need to eat."

Storm Has Quieted Down But of Yet Ended; What Happened When The NLRB Overruled Denham; Opposition To Labor Law; Problems That Still Remain

By JAMES MARLOW

Washington, Oct. 8—(AP)—The storm over the I-swear-I'm-not-a-Communist part of the new labor law has quieted down. But it may not be ended.

The new law, the Taft-Hartley Act, is carried out by the five-man National Labor Relations Board and its general counsel, Robert Denham.

Any union which wants the law's protection and help from the board must do certain things laid down by the law. One of them is this:

An oath that they're not Communists must be taken by the "officers of any national or international labor organization of which it is an affiliate or constituent union." (The quoted matter is from the law.)

What does that mean? Exactly what union officers have to take the non-Communist oath? Denham said it meant this:

1. The officers of any local union seeking the law's protection and the officers of the national union of which the local is a part.

2. And the officers of the AFL and CIO, the big organizations made up of more than 140 unions, must also take the oath.

That ruling of Denham's created a storm among labor leaders. Yesterday the labor board overruled Denham by announcing:

The AFL and CIO officers don't

Social and Personal

Mr. and Mrs. Arthur Miller of Norfolk, Va., are visiting Mrs. Miller's sister, Miss Louise Hyman.

Mrs. H. B. Williams has returned to her home, 203 Eastern street, following an appendectomy in Pitt General hospital.

Mrs. I. B. McCormick has returned from Wrightsville Beach where she has been spending the summer.

Friends of Mrs. Francis Dixon, of Whiteville, will regret to learn that she is ill in Pitt General hospital.

Miss Frances Pierce of Mt. Holly is the guest of Mrs. Harold Thomas.

Dr. and Mrs. D. B. Moore, of Mt. Holly, are visiting Mr. and Mrs. C. H. Edwards.

Mr. and Mrs. T. I. Wagner, Mr. and Mrs. Reynolds May, Dr. Raymond Moore and Cliff Edwards, Jr., have returned from New York where they attended the World Series.

Corey-Whitehurst
Mr. and Mrs. Bert Marshall Whitehurst request the honor of your presence at the marriage of their daughter Minnie Janell to Mr. John Lloyd Corey, junior on Sunday afternoon October the twenty-sixth, nineteen hundred and forty-seven at five o'clock Sweet Gum Grove Baptist Church Stokes, North Carolina

Carrie Wilson Class To Meet
The Carrie Wilson class of Immanuel Baptist Church meets Thursday night at 8 o'clock with Mrs. Pattie Clark on Cotanche street. Every member is urged to be present.

Wesleyan Service Guild

The Wesleyan Service Guild of the Jarvis Memorial Methodist Church held its monthly meeting Monday night at the home of Miss Jane Hadley. The president, Miss Annie Laurie Askew, called the meeting to order. It was decided that the Guild be divided, effective at the beginning of the new year in January. Mrs. Julia Blanchard, Mrs. H. A. Hendrix, and Miss Eloise Ellington were appointed nominating committee for Guild No. 1, and Miss Jane Hadley, Mrs. John Askew, and Dr. Melvin Irons were appointed nominating committee for Guild No. 2.

The devotional was given by Miss Frances Wahl. Mrs. R. P. Rogers introduced the guest speaker, Dr. A. D. Frank, who gave a very interesting talk on "Understanding Our Times".

We were very happy to have as a new member, Miss Martha Harris. At the conclusion of the meeting delicious refreshments were served by the hostess, Miss Jane Hadley, assisted by Miss Annie Turner and Miss Irene Hester.—Reported

Executive Board of Garden Club
There will be a meeting of the Executive Board of the Garden Club at 10 o'clock Thursday morning in the Art Gallery at Sheppard Memorial Library.

Accepts Bid
Mary Leah Thorne, of Farmville, has accepted a bid to join Chi Omega, campus sorority at the University of North Carolina.

End of the Century Club Meets
The End of the Century Club held its first meeting of the year Tuesday at Summer Haven at the cottage of Mrs. R. C. Stokes, Mrs. Ficklen Arthur and Mrs. Stokes joint hostesses.

Even in a downpour of rain as you entered this cottage one felt defiance to all the forces about him. Colorful fall flowers, open fire, the varnished clock that clicked

SOCIAL CALENDAR

WEDNESDAY

8:00 p. m.—Mrs. Paul A. Scott, Jr., will be hostess at bridge honoring Miss Betsy Hoggood, bride-elect.

8:00 p. m.—Greenville Registered Nurses Club meets in dining room of Pitt General hospital.

8:00 p. m.—Greenville White Shrine No. 7 holds regular meeting in Masonic Temple.

8:00 p. m.—Junior Woman's Club meets in the club house.

THURSDAY

10:00 a. m.—Executive Board of Garden club meets in Sheppard Memorial Library.

3:00 p. m.—Mrs. C. H. Womack of Wilson, compliments Miss Betsy Hoggood, bride-elect, at bridge.

3:30 p. m.—Heck circle of Memorial Baptist Church meets with Mrs. P. E. Wells.

7:00 p. m.—Business and Professional Women's Club will hold its regular dinner meeting at the Woman's Club.

7:30 p. m.—Members of the Charles Gray Morgan post 7032 of the V. F. W. are invited to a free supper at Clark's, across the river on the Bethel highway.

8:00 p. m.—Carrie Wilson class of Immanuel Baptist Church meets with Mrs. Pattie Clark on Cotanche street.

FRIDAY

6:30 p. m.—Kiwanis Club.

9:00 p. m.—Rehearsal for the Gibson-Hoggood wedding in Memorial Baptist Church.

9:45 p. m.—Mr. and Mrs. H. S. Ragsdale and Mr. and Mrs. John R. Carroll will entertain at a cake cutting at the home of Mrs. A. E. Hoggood honoring the Gibson-Hoggood wedding party.

SATURDAY

11:30 a. m.—Mr. and Mrs. Cecil Bilbro will entertain the Gibson-Hoggood bridal party and out of town guests at a wedding breakfast at the Airport Inn.

4:30 p. m.—The wedding of Miss Betsy Hoggood and Mr. Marion Gibson will take place at Memorial Baptist Church.

5:00 p. m.—Mrs. A. E. Hoggood, Miss Frances Hoggood and Mr. and Mrs. I. G. Murphey will honor the Gibson-Hoggood wedding party and out of town guests at a reception at the home of Mrs. Hoggood.

Card of Appreciation

We wish to express our gratitude to our many friends and neighbors

above the mantle gave each a peace of consolation.

While members and guests sipped coca colas, Mrs. J. T. Little called the meeting to order and presided over the business session.

Mrs. R. C. Stokes presented the club books for the year, giving the author and a short resume of each. This interesting presentation aroused our desire to hurriedly pry behind the scenes and not permit our curiosity to remain a languid principle where success is easy and gratification immediate.

At the close of the business session the members and guests were invited in the dining room where a delightful buffet luncheon was served. The hostesses assisted by Mrs. E. B. Ficklen and Mrs. B. W. Moseley.

Mrs. Horace Rowland and Mrs. James Ellison of Washington were guests of the Club.—Reported.

Mid-Week Prayer Service

Mid-week prayer service will be held Wednesday evening at 7:30 o'clock in the Ellington Bible class room. Mr. Oscar White will conduct the service.

Attention Junior Hostesses

You are invited to a dance at Cherry Point on Wednesday, October 15. All who can go register this week at Key Brown's Drug Store. The bus will leave the Service Men's

Mrs. Fernie C. Laughinghouse

Mrs. Fernie Caswell Laughinghouse, who before her marriage on Sunday, September 21, in Pantego Christian Church was Miss Margaret Swindell, daughter of Mr. and Mrs. A. D. Swindell, of Pantego. Mr. Laughinghouse is the son of Mrs. Annie Laughinghouse, and the late Rev. Laughinghouse of Greenville.

Home Wednesday evening at 6:30.

Carson Memorial Class to Meet

The Carson Memorial young men's Bible class of Jarvis Memorial Methodist Church will have a class meeting in the Sunday School room Thursday night at 7:45. Every member is requested to be present.

for their kind expressions of sympathy given us during the illness and death of our husband and father, the late Mr. Ben Randolph, Mrs. Ben Randolph and Family.

An eclipse is caused when the moon comes between the sun and the earth and casts a long shadow along the earth's surface. If the sun is completely obscured to the earth, the eclipse is total; if part of the sun remains visible, the eclipse is partial.

40 Years Ago

THE DAILY REFLECTOR

October 8, 1907

A charter has been issued for the Bank of Grifton, \$10,000 capital, to begin business in Pitt county. Grifton is a good business town and the bank there will prove a great convenience.

Paved streets really reached the point of enthusiasm at the meeting of the Chamber of Commerce Monday night.

There was a light frost this morning. There was considerable cotton on the streets today.

Surviving are her husband, Richard Hassell; three sons, Ben, Beauchamp and Jimmy Hassell of Greenville and Willie Hassell of Fleming's Cross Roads; four daughters, Mrs. Willie Moseley, Mrs. Victoria Jones, Mrs. Henry Edwards and Mrs. Hubert Moye, all of near Greenville; 39 grandchildren and two brothers, Robert Beauchamp of Kinston and Gray Beauchamp of Beaufort County.

Scientists have found a new substance, tomatin, in tomato plants which they believe will control the disease which causes tomato wilt.

In 1946 there were \$27,600,000,000 in demand deposits in personal accounts in U. S. banks and \$44,900,000,000 in business accounts.

Preparing for larger airlines in the future, Shannon Airport in Ireland is installing fuel tanks with one-half million gallon gasoline capacity.

LILLIAN B. HINES
Home Demonstration Agents
Pitt County

Four Home Demonstration Clubs held their regular meeting last week. The demonstration used was, Lighting the Farm Home. The illustrative materials used in the demonstration were different types of lamps, shades, bulbs and globes. The members noticed that the number and location of lights should be determined by the interest of the

family and by the furniture groupings all based upon activities such as reading, studying, sewing, dressing, washing, ironing, working in the kitchen, playing games, etc. To sum up the lesson, the Home Agents showed the film, Lighting the Home for Health and Happiness. The business consisted of making final plans for Achievement Day to be held on October 29 and appointing committees to arrange a display for the November meeting. The suggested international neighbor for this month is Italy and the suggested song is, "Coma, Ye Thankful People."

Red Oak Club:
Mrs. John Crawford was assisted by Mrs. Lizzie Vandford as hostesses to the Red Oak Home Demonstration Club on Wednesday, October 1. The president, Mrs. James Allen, presided. Mrs. W. T. Page gave an interesting report of the social held in September. Mrs. Ola Kittrell reviewed the book, "Starling of the White House," and "Green Grass of Wyoming."

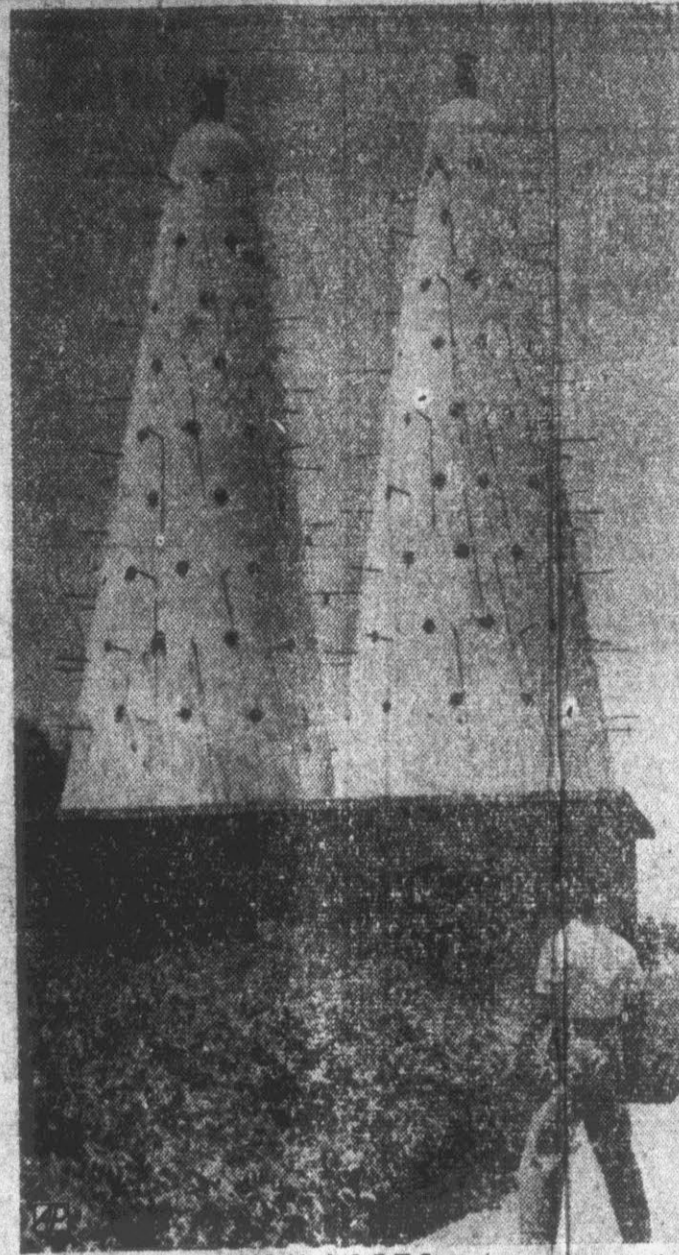

During the social hour the hostesses served iced drinks and cookies. Ballards Club:
The Ballards Home Demonstration Club met at the attractive home of Mrs. L. E. Turnage. The president, Mrs. Howard Moyer, presided. The secretary-treasurer, Mrs. Jones, called the roll and read the minutes of the last meeting. Mrs. Gilmer Nichols gave a very interesting report on our international neighbor, England. The club voted to have an exhibit at the Pitt County Fair. After the demonstration the hostess served delicious home made grape juice, cheese dainties, cookies and salted nuts.

Chicod Club:
The Chicod Home Demonstration Club met on Thursday, October 2, in the Home Economics Cottage. Mrs. Gordon Clarke called the meeting to order at 2:30 p.m. Miss Annie Carroll read the minutes of the previous meeting and called the roll after which the business of October was discussed. During the social hour the hostess served soft drinks, doughnuts and salted nuts.

Belvoir Club:
The Belvoir Home Demonstration Club met at the home of Mrs. Willie Bell on Thursday afternoon, October 2. The president, Mrs. Earl C. Lewis, presided over the meeting which was opened by the group singing "Hail, Club Woman, Crowned, Thru Service" and followed by the club collect. Business was discussed pertaining to Achievement Day on October 29. One hundred percent attendance from the club was urged for this day. Plans for the November and December meetings were concluded. The regular monthly demonstration "Lighting the Farm Home" was presented by the agent present. The club women were most interested in plans to correct and improve their home lights.

The hostess served attractive refreshments of soft drinks, sandwiches, cookies and pickles.

The average egg weights 0.1 of a pound.

FANCY PIGEON LOFTS — From a distance they look like big ice cream cones, but actually they're swanky pigeon "apartments" in Cairo, Egypt. Table dishes made from pigeons are highly regarded by Egyptians.

Women in the Church

by Mary Fowler

The "education of the millions who are now rocking the cradles in China" is the one most important necessity for the well-being of tomorrow's nation, according to Dr. Lucy C. Wang, president of Hwa Nan College, Foochow, recently on a visit to the United States. No strong nation can be built on a foundation of ignorance, says Dr. Wang, nor can we bring China's millions, without educating them, from the ideas of the middle ages into the world of tomorrow. The fact that more than fifty percent of China's present leaders received their education from some mission school is a great tribute to the Christian movement in my country.

goes on the rocks of divorce." During the summer and autumn months the Colorado Council of Church Women has been sponsoring educational and recreational program and services for children at

YOUR CAR IS BEING WRECKED FROM BELOW

UNDERSEAL

Rubberized PROTECTIVE COATING

MAKES CARS RIDE QUIETER... LAST LONGER
Every mile you drive, your car is taking a beating underneath! Flying rocks and gravel tear away at metals. Corrosion and rust eat into fenders and under parts. Soon rattles and squeaks start and your car is old, worn and noisy before its time.

So get "UNDERSEAL" Protective Coating right now! It's the new sprayed-on coating for car underbodies that spreads a tough, 1/8 inch thick "hide" of protection against rust, wear, squeaks, rattles... insulates against dust, fumes, drafts, heat, cold... makes any car last longer, ride quieter.

Ask us about this low cost protection now. It's guaranteed to protect for the life of your car!

Strength FOR THE DAY

QUIET TO INVITE THE SOUL

Have you ever tried putting in a phone call in a place where crowds are milling back and forth? One often sees a distracted man or woman in some public place with frustration and unhappiness reflected in every feature.

To get a satisfactory telephone call through, we have to have quiet surroundings. No use trying to catch what the person at the other end of the wire is saying if the noise at this end is so great as to drown the meaning of the words. Likewise in vain for any message God will try to send us if we stand at the center of life's clamor and noise.

This does not mean that those who honestly seek God should withdraw from the activities of life; it only means that they should not try to put a call through to God under these unfavorable circumstances. Some people never hear what God is trying to say to them, and because of this their lives lack purpose and peace. It is true that God very often does speak to people in the midst of the world's clamor, but it is true also that He wants us to withdraw every day for a reasonable period from the noise and bustle of the world and to seek out at stated times those sacred places where His name is particularly honored in the experience of worship.

WASHINGTON LETTER

By JANE EADS

Washington—Training "with its feet on the ground" is being urged for the nation's high school students so that young people "who will drive cars anyway" will operate them with safety to themselves and others.

It is estimated that a million high school students begin driving automobiles each year.

Records show that high-school-age drivers continue to pile up the worst accident toll of any age group. The American Automobile Association says that based on miles driven per fatality, 16-year-old drivers as a group have a record more than nine times worse than drivers 45 to 50 years of age.

Whether we should teach driving in our high schools has been a much-debated question among parents and educators over the past several years.

The National Commission on Safety Education, backed by a subcommittee of school administrators, teachers and safety educators, favors such instruction.

It says that the money lost through motor vehicle accidents in one year would pay for teaching over 40,000,000 persons how to drive safely and efficiently.

It adds that a complete one-semester course of instruction in driving, consisting of both classroom work and behind-the-wheel training, costs no more than \$30 per student, and often much less. A good classroom course in driving can be provided by any high school at little added expense.

The minimum legal driving ages range from 14 years in some of our agricultural states, to 18 years in some of our industrial states.

The President's Highway Safety Conference in May, 1946, adopted a recommendation that secondary schools provide driver education and training as an integral part of the curriculum for students approaching legal driving age, and other traffic safety activities for all age levels in the secondary school.

The commission reports that interest in driving instruction in high schools has been growing for more than a decade. Prewar high-school driving courses numbered several hundred. Many war-abolished programs are being reinstated. New courses are developing. In some states the legislatures have made the teaching of traffic safety mandatory in all grades.

The commission has put out a pamphlet, "Let's Teach Driving," intended to guide the high schools in providing students with the best possible preparation for driving.

The suggested content of a high school driving instruction course is indicated in a 13-point outline contained in "Let's Teach Driving."

Suggested subjects include how to operate a vehicle, laws govern-

security principles calculated to make certain that no department employ constitutes a security risk. Classified as security risks are members of the Communist, Nazi and fascist parties. Also named as a security risk is anyone who has close association with persons believed to be members of such parties.

Yesterday President Gonzalez Videla of Chile ordered mobilization of the 1946 class of Army reserves "to avert a Communist party revolutionary plan." Other South American countries are engaged in a knock-down fight with Bolshevism.

Even the United Nations is becoming a battlefield for Bolshevism's attack on the democracies. Soviet Deputy Foreign Minister Vishinsky opened the week with a fierce attack on the capitalist system. More and more the Bolsheviks are employing the peace organization as a sounding board for the propagation of communism, rather than for the creation of tranquility and rehabilitation. It is the best forum they could get, for what is said in the U.N. travels immediately around the world.

(Cont'd. from Page One)

ham's willingness to go along with the board make the law's path smoother.

There is still a problem for the officers of the AFL and it's due to this:

There are about 1,500 "federal locals" unions which don't belong to any national unions but are tied in directly with AFL.

Can they get the board's protection if their officers swear they're not Communists?

U.S. Policy . . .

(Continued from Page One)

Poland meanwhile delivered her policy statement, urging the U.N. to drop all other proposed solutions and concentrate on plans to partition the Holy Land.

At the same time, Poland demanded action to permit immediate immigration of 250,000 European Jewish refugees into Palestine, despite vigorous Arab protests against further Jewish immigration.

Mapping of Europe No Easy Task As Borders Continue Stay Scrambled

By JANE EADS

Washington—For years map-makers haven't been able to draw the boundaries of the nations of Europe. They still can't.

The borders were so scrambled by the war, and still are, that the map-makers have to wait until they're finally settled by peace treaties.

In the meantime the cartographers of the National Geographic Society, for instance, are engaged in making maps of Canada and various sections of the United States as well as of other countries whose borders weren't changed by the war.

The National Geographic maps, distributed to members in editions of the National Geographic Magazine, have come to form a standard source of reference in schools and libraries everywhere.

Since publishing its first map supplement in June 1899, the society has distributed 89,976,872 copies of 101 large full-color maps. As of April this year, the number of copies of each map has grown to 1,600,000.

Ten maps of Europe were published from the beginning of the century up to World War II.

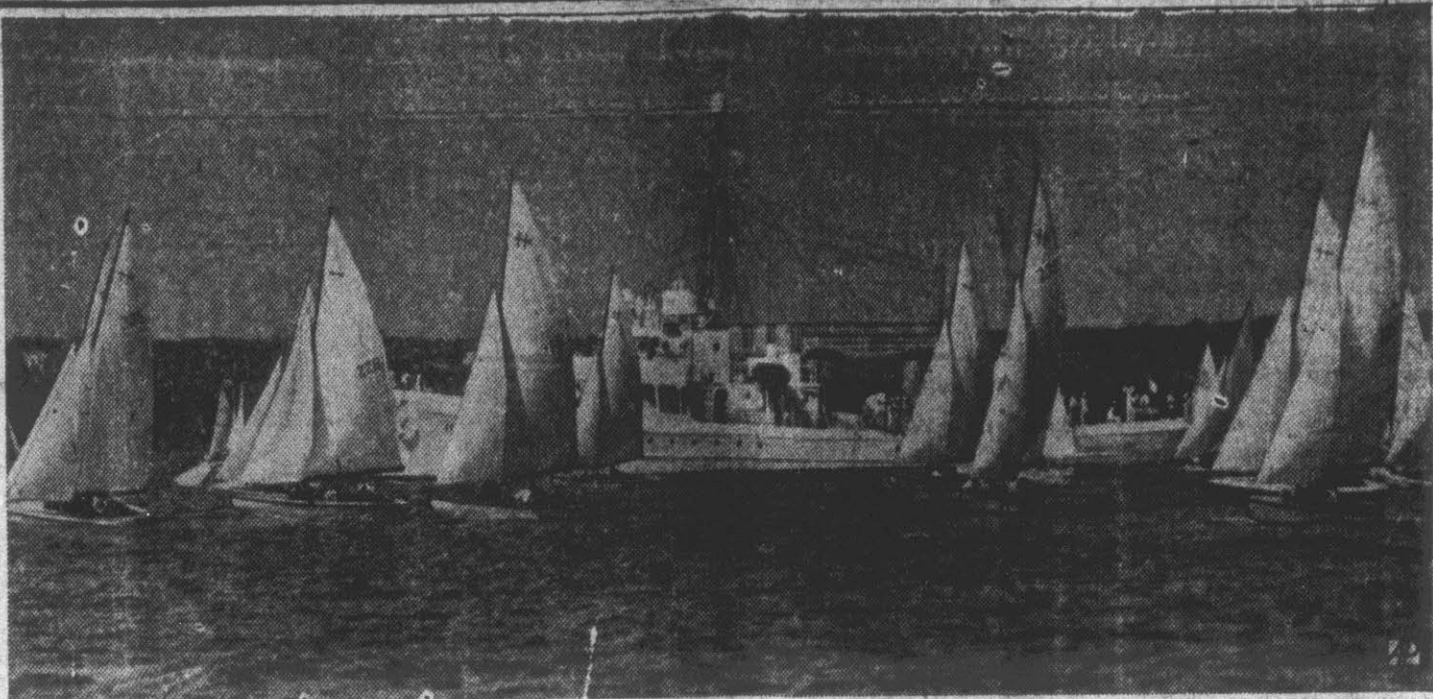

During the seven years encompassing the war the society supplied members and the armed services with more than 37,400,000 large 10-color maps.

The War Department, during the war, used more than 1,000,000 National Geographic maps. One order alone called for 80,000 copies of the China map issued in June 1945. The Navy also used the maps. One of its early orders was for several hundred copies of the map of the Pacific ocean, to be sent to ships in that area, right after Pearl Harbor.

The society boasts that its maps are "clear, concise and comprehensive, containing a wealth of information" and points to the 1946 map of the United States as an example. It bears 10,750 place names. In addition to this new one-sheet map of this country, the society has just issued the fourth in its series of U.S. regional maps. On these maps virtually all of the sizable towns appear.

New maps have been made of Bible Lands and the Classical Lands of the Mediterranean. There are also maps of the world by hemispheres. Included in the maps are such items as airfields, airlines, naval bases, oil pipelines and ship routes, as well as railways, roads, towns, drainage, relief, boundaries, time zones.

The first supplements were of the newly acquired Philippines. The

SAILING FOR PRESIDENT'S CUP — A sailboat fleet of the Hampton one-design class gets under way in the President's Cup regatta in the Potomac River. In background, is the race committee boat, the Coast Guard cutter Aurora.

FLYING GOVERNOR — Gov. Alfred E. Driscoll of New Jersey prepares to take off in an A-26 bomber for an inspection of the 108th fighter group, N. J. National Guard air base.

plates were borrowed from the government. As the society grew it organized its own research and cartographic staff, which has since designed and produced all the maps. The map-making project has been financed from membership dues.

Albert H. Bumstead, the first chief cartographer, devised a method of photo-printing for all map lettering. Place names, for instance, under this device can be produced in any size and can be printed in curves instead of straight lines.

In making a map, the area and projection are first decided upon, then the intersection points for a network of lines to represent latitude and longitude.

From the first the making of a map requires more than a score of cartographers, draftsmen, research workers and checkers. Making the mountains on one typical map, for instance, required three months of work.

against said estate to present them to the undersigned or her attorney, J. W. H. Roberts, at Greenville, North Carolina, within twelve months from the date hereof; otherwise this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This the 24th day of September, 1947.

RUTH R. NETHERLAND, Administratrix of the estate of Irving W. Netherland.

J. W. H. Roberts, Attorney
Sept. 25-11w-6wks.

HERE IS A 4-UNIT DIESEL FREIGHT LOCOMOTIVE NOW OPERATED BY 2 MEN (1 ENGINEER AND 1 FIREMAN)

2 BRAKEMEN AND 1 CONDUCTOR COMPLETE THE CREW OF THIS TRAIN [One brakeman usually rides in the locomotive in freight service]

EXTRA CAR FOR 15 MEN NOT NEEDED

BUT THE UNION LEADERS WANT 15 EXTRA "SITTERS" ON THIS TRAIN... 3 ENGINEERS, 3 FIREMEN, 6 BRAKEMEN AND 3 CONDUCTORS... TO GO ALONG FOR THE RIDE AT FULL PAY!

It's to your interest to know about this proposed **feather-bedding!**

For sheer feather-bedding, this mock work proposal takes the cake. But it is only one of 44 "rules" demands filed by the leaders of the operating unions. If all these demands were granted, they would cost the railroads an added **BILLION DOLLARS A YEAR.**

Increased Wages, Too

On top of these "rules" changes, the leaders of the operating unions have filed an additional demand for a wage increase of over 30 per cent. If granted, this would be an added cost to the railroads of \$400,000,000 a year.

\$468,000,000 To Non-Operating Employees

In addition to this, an Arbitration Board has just granted a wage increase of 15 1/2 cents an hour to the million employees represented by the 17 non-operating unions. This will cost the railroads \$468,000,000 a year.

Where Will The Money Come From?

Where will all the money come from to pay these increases? They total several times as much as the railroads made in 1946 or will make in 1947.

In July, the railroads filed an application for increased freight rates to close the gap which then existed between wage and material costs, and railroad revenues. Since then it has been necessary, because of further increases in wages and material costs, to supplement that petition and to ask for an additional freight rate increase. No other course is open.

Railroads Do Not Run For Employees Alone

Railroads are operated for the benefit of not one, but several groups—shippers, passengers, employees, stockholders, and the general public. The interest of all must be served—and that cannot be done unless the railroads can operate efficiently and economically, and unless they are allowed to earn sufficient revenue to provide the kind of transportation service this country MUST HAVE.

Negro Home Demonstration News

County Wide contest
On Saturday morning, October 4
at 10:30 o'clock Home Demon-
stration Club members of Pitt County
met in the Agricultural Buildings
for their annual achievement day
program.

The meeting was opened by sing-
ing "Brighten The Corner Where
You Are" followed by the club col-
lection of Club Women of America. In-
vocation was said by Mr. Dennis D.
Dupree, Negro county agent. Mrs.
Maggie Strong, vice president of
County Council in her own manner
gave an excellent summary of the
work in the county and the program
for the day. Training Home De-
monstration members as leaders and
better homemakers were empha-
sized and exhibited throughout the
program.

Mrs. Sarah Reeves, Ayden Home
Demonstration club, beautifully re-
cited the "Homemakers Poem," fol-
lowed by club members modeling
cotton house dresses, general wear
dresses and street dresses.

Miss Helen Wade, Negro Home
Agent of Wilson County spoke to
the group on "How Do You Spend
Your Dollar?" Miss Wade empha-
sized the family making plans for
spending in order that they can get
the most to take care of their needs
instead of their wants.

Judging and the awarding of
prizes was done by Mrs. H. S. Par-
ker and Miss R. V. Whitworth,
home agents of Edgecombe and
Halifax counties to the following
persons.

Home Dresses—First, Mrs. Lucy
West, Pleasant Plane H. D. Club;
second, Mrs. Sarah Reeves, Ayden
H. D. Club; third, Mrs. Ozeta Al-
len, Pleasant Plane H. D. Club.

General Wear—First, Mrs. Estella
Gardner, Shiloh H. D. Club; sec-
ond, Mrs. Lizzie Thiepen, Sally
Branch, H. D. Club; third, Mrs.
Alice Chapman, Shiloh H. D. Club.

Street Wear—First, Mrs. Maggie
Strong, Helen H. D. Club; second,
Mrs. Eula Baker, Lewis H. D. Club;
third, Mrs. Amanda Jones, Pleasant
Plane H. D. Club.

Kitchen Curtains—First, Mrs.
Lydia Dixon, Pleasant Plane H. D.
Club; second, Mrs. Lottie Phillips,
Lewis H. D. Club; third, Mrs. Roxie
Moore, Simpson H. D. Club.

Peaches—First, Mrs. Alice Chap-
lain, Pleasant Plane H. D. Club;
second, Mrs. Mamie Dixon, Lewis
H. D. Club; third, Mrs. Estella Ed-
wards, Calico Club.

Canned Meat—First, Mrs. Lena
Hatten, Pauls Chapel H. D. Club;
second, Mrs. Maggie Strong, Helen
H. D. Club; third, Mrs. Mary King,
Helen H. D. Club.

Soup Mixture—Second, Mrs. Ad-
die Underhill, Lewis H. D. Club.
County wide exhibits on Vitamin
C foods and feed bags—Special
made ribbons were awarded to the
winners—Amelia S. Capehart, Ne-
gro Home Demonstration Agent.

Notre Dame And Michigan Leading Poll Of Top Ten Football Favorite

New York, Oct. 8—(AP)—Notre Dame, overwhelming victor in its only start to date, was selected by a cross-section of the nation's sports writers today as the No. 1 college football team in the country, a position the Irish also enjoyed at the end of the 1946 campaign.

Among the 103 football experts who voted in the first Associated Press poll of the 1947 season, 52 of them placed Coach Frank Leahy's South Bend crew first on their ballots and 24 others ranked it second.

Although the writers had only the 40-6 triumph over Pitt on which to base their appraisal of the 1947 Notre Dame team, they obviously took into account the pre-season reports that Leahy's material at least matches that which carried the Irish through 1946 without defeat.

Notre Dame was listed on 102 of the 103 ballots and was no lower than the sixth slot on any of them.

Michigan, big nine favorite with two impressive triumphs under its belt, landed the No. 2 position in the first of the season's weekly polls. The Wolverines, who were sixth in the final poll last season, drew 29 first-place votes and 46 for second place.

On the basis of ten points for a first-place vote, nine for second, and so on, Notre Dame compiled 983 points, compared with 857 for Michigan.

Third place went to Texas, the team which led the voting in the first poll a year ago. The Longhorns, unbeaten in three starts, polled 15 first-place votes on the strength of their 24-0 win over North Carolina and wound up with 790 points.

Georgia Tech, which was 11th last year, barely nosed out Army, the 1946 runner-up, for fourth place. Tech got three first-place votes and 542 points to Army's one first-place vote and 533 points. Each is unbeaten and unscored on in two starts.

Illinois, defending big nine champion, was voted the No. 6 position, with Pennsylvania, California, Georgia and Vanderbilt rounding out the first ten in that order.

PASS DEFENSE STRESSED BY PIRATE SQUAD

Devote Drills To Coming Encounter With Elon Here On Saturday

With the Bohunk Trophy safely tucked away by virtue of Saturday's 12-7 win over the ACC Bulldogs of Wilson, Coach Jim Johnson's ETC Pirates are concentrating their attention this week on their coming encounter with Elon to be played Saturday night in Greenville. The time of the game has been tentatively set at 9:15, the late hour being the result of a power shortage in the city.

Pleased with the improved play of his line, which held ACC to 45 yards rushing, Johnson is devoting much of his time to pass defense. In last week's games the Pirates appeared very weak against the pass-happy Allbrook and Co. of ACC.

The Pirates, after a shaky start in their opener against Lenoir-Rhyne, showed welcome improvement continued ACC, as the crop of freshmen continued to polish their play.

Forced indoors Tuesday by heavy rains, the ETC team was put thru a lengthy scrimmage Wednesday, as the JV's assumed the role of Elon and ran offensive plays against the varsity.

Noticeably absent from this week's practices is Ray Long, guard from Elizabeth City. One of the most dependable reserves on the squad, Long injured his knee Saturday and will probably be out of the game for the season.

Word Is Out To "Watch Boston" In '48 Season

New York, Oct. 8—(AP)—"Watch Boston in '48" was the cry in National League circles today following announcement of the signing of Manager Billy Southworth to a new five-year contract at a salary reported to be "in excess of" \$250,000.

Boston has not had a senior circuit pennant winner since 1914, but the fame has in the last few years shown signs of drawing to an end. Under the management of the Perini family, the Braves have shown promise of new life.

The Braves electrified the baseball world at the end of the 1945 season by signing the fabulous "Billy the Kid" to a three-year contract, luring him from the St. Louis Cardinals after he had just missed out on a bid for a fourth straight pennant.

Baugh Continues Aerial Success

Philadelphia, Oct. 8—(AP)—Slingin' Sammy Baugh of the Washington Redskins led the National Football League passing parade today with 34 completions of 62 aerial heaves in two games, including eight touchdown passes.

Baugh's successful strikes have gained 639 yards and one toss to rookie End Hugh Taylor, went for 62 yards and a six-pointer against the Philadelphia Eagles—against the first game of the season.

Chapel Hill, Oct. 8—(AP)—More than 30,000 fans are expected to be on hand when Wake Forest's football team challenges North Carolina's Southern Conference title here Saturday but university officials say that plenty of good tickets are still available.

Brazilianite, a yellow-green mineral recently found in Brazil, is the first mineral with gemlike properties discovered since 1909.

Weekly Grid Guess . . . by Mun' and Frank Eck

Sells Out

New York, Oct. 8—(AP)—So Larry MacPhail picks up the \$2,000,000 and goes back to his Maryland farm and the world champion New York Yankees start down a new road under the direction of General Manager George Weiss.

The era of showboat promotion that resulted in new all-time records for baseball attendance at the Yankee Stadium in 1946 and 1947 and a new World Series high probably will be forgotten. The turnstiles still will whirl under the impetus of a hustling ball club and night ball, but no more pre-game archery tests.

"You can only promote so far," Dan Topping, the new Yankee president, said last night after announcing that he and Del Webb, MacPhail's former partners, had bought up Larry's one-third share for \$2,000,000.

Fights Last Night

By the Associated Press
Jacksonville, Fla.—Tommy Gomez, 191, Tampa, knocked out Gunnar Barlund, 207, Finland, 5.
Buffalo, N.Y.—Tami Mauriello, 207 1-2, New York, outpointed Ted Randolph, 186, New York, 10.
Montreal—Marcel Cerdan, 161 1-2, France, T.K.O. Irish Billy Walker, 162, Seattle, 1.
Los Angeles—Turkey Thompson, 216, Los Angeles, outpointed Arturo Godoy, 198 1-2, Chile, 10.
Seattle—George Duke, 159, San Francisco, and Al Hostak, 161 3-4, Seattle, draw 10.

High frequency sound equipment has now been developed to detect flaws in thick sheets of metal.

Rugged Defenses Force UNC To Take To Passing

Chapel Hill, Oct. 8—It looks like North Carolina's Tar Heels will have to be a passing team this year, whether they like it or not, judging from the stacked up, overshifted lines which the opposition has been concocting to stop Charlie Justice and company on the ground.

It is assumed here that the Wake Forest Demon Deacons will borrow from the Georgia and Texas defensive books and throw much of the same against the Tar Heels Saturday. Which would mean that only good passing could chalk up a Carolina victory.

So far the Tar Heels haven't been exactly inept in the air against

"UNBLOCK" your DIGESTIVE TRACT And Stop Dosing Your Stomach With Soda and Alkalizers

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda and other alkalizers if the true cause of your trouble is indigestion. In this case, your real trouble is not in the stomach at all. But in the intestinal tract where 80% of your food is digested. And when the lower part gets blocked food may fail to digest properly.

What you want for real relief is something to "unblock" your lower intestinal tract. Something to clean it out effectively—help Nature get back on her feet.

Get mild, gentle Carter's Pills right now. Take as directed. They gently and effectively "unblock" your digestive tract. This permits all 5 of Nature's own digestive juices to mix better with your food. You get genuine relief from indigestion so you can feel really good again.

Buy mild, gentle Carter's Pills today. "Unblock" your intestinal tract for real relief from indigestion.

these pass-vulnerable defenses. They completed 10 in 20 attempts against Texas for 180 yards. They connected 12 of 25 against Georgia for 235 yards.

The Tar Heels are continuing to work diligently on their airway maneuvers. Charlie Justice and Walt

BLUE DEVILS COME TO FORE

Duke, Given 'Back Seat' All Season, Is Back In Spotlight

Richmond, Va., Oct. 8—(AP)—For one reason or another the Blue Devils of Duke have been taking a back seat behind the neighboring North Carolina gridders, but this week it's a different story as the Dukes get ready to move another step closer to their pre-war heights when they face Navy.

The Tar Heels held the spotlight until last Saturday when Texas was winding up a 34-0 triumph against the conference champs and the Blue Devils were putting the finishing touches on a 19-7 victory over the Tennessee Vols.

Should the Blue Devils make the Midshipmen their third victims of the season, they'll merely be accomplishing a chore that has been routine since September of 1946. Navy won its opening game last season, but has been losing steadily since. Their defeats this year include one to California and another to Columbia.

Unimpressive as that may be, Duke will still be considered in an even more favorable light if it beats Navy.

Navy Coach Tom Hamilton has said that he sincerely believes "we

have a good football team and that we'll get started. We're better than last year."

High-powered rifles are used to break up jams of tiles passing through fiery furnaces, too hot to be approached closely.

There are some 80,000 species of mollusks, including the familiar oyster and clam.

A Three Days' Cough is Your Danger Signal

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Does Stomach Gas and Bloat Make You Feel Miserable?

If so, here is how you may get blessed relief in freeing your stomach from this nervous distress. It works this way: Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing the flow when it is too little or acidic due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with over-doses of soda and other alkalizers to counteract gas and bloating when what you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! Join the host of happy people SSS Tonic has helped. Millions of bottles sold. Get a bottle of SSS Tonic from your drug store today. SSS Tonic helps Build Sturdy Health.

Philadelphia, Oct. 8—(AP)—More than 30,000 fans are expected to be on hand when Wake Forest's football team challenges North Carolina's Southern Conference title here Saturday but university officials say that plenty of good tickets are still available.

Brazilianite, a yellow-green mineral recently found in Brazil, is the first mineral with gemlike properties discovered since 1909.

NOW—make a date to OIL-PLATE!

This time of year, lots of cars need protection, too . . . from last summer's worn-out "ghost" oils!

Only remedy we know is a quick change to winter-grade Conoco N#1!

Free-flowing Conoco N#1 Motor Oil (patented) includes an added ingredient which fastens an extra film of lubricant so closely to metal surfaces that cylinder

walls are actually OIL-PLATED.

This extra OIL-PLATING resists gravity . . . stays up, won't all drain down even overnight! And that's why you're extra-protected from metal-eating, combustion acids . . . from "dry-friction" starts . . . from carbon and sludge due to wear!

For extra-quick starts, for extra-long, safe miles, make a date to OIL-PLATE your engine today!

SEEK SUPPORT MIDDLE CLASS

Attlee's Shakeup Regarded As Aimed For Popular Approval

London, Oct. 8—(AP)—A drastically revised Labor Government cabinet today in Britain's stretch drive against bankruptcy.

British opinion seemed agreed that Prime Minister Attlee's latest reshuffling of the government yesterday—involving some 30 posts—was intended as an appeal for middle class support for the vital production and export drives which have been mapped to ease the economic crisis.

Some sections of British opinion, including the Communists, thought the changes moved the Socialist cabinet toward the right, but government informants said this was not so.

The Financial Times said the new "compromise" cabinet apparently was an effort by Attlee to ease the task of Sir Stafford Cripps, who was made Britain's economic czar in the last cabinet shakeup last week, and at the same time to "avoid anything that might antagonize the miners and other organized industrial workmen."

The success of this endeavor by Attlee to "have it both ways" by

iring five senior ministers and demoting leftwing Puel Minister Emanuel Shinwell and by introducing younger men into the government was vigorously debated today in the British press.

New Addition To ECTC Faculty

Dr. Calvin Andre Claudel of Chalmette, La., has joined the faculty of East Carolina Teachers College as assistant professor in the department of foreign languages, according to information from the office of President John D. Messick. Dr. Claudel will teach classes in Spanish.

He is a graduate of Tulane university, from which he holds both bachelor and masters degrees. In June 1947 he received the doctors degree from the University of North Carolina. He comes to Greenville from Beloit college in Wisconsin, where he was a member of the faculty last year. Previously he had taught in high school at New Orleans, and at Tulane, the University of North Carolina, and St. Louis University.

College Joins In National Effort

Following President Truman's suggestions as to a national effort to save food, East Carolina Teachers college is observing Tuesday of each week as a meatless day and will omit eggs and chicken from Thursday's menus.

Paul R. Julian, who is in charge of the two cafeterias on the campus, announced on Wednesday that the food conservation program would be put into effect immediately.

Through the columns of the Echo, student newspaper, Dr. John D. Messick, college president has explained to students the obligation of citizens of the United States to save so that the hungry peoples of Europe can be fed.

Prisoner's Plan For Warm Winter Foiled

Lenoir, Oct. 8—(AP)—A Negro honor prisoner who walked out of the Caldwell county jail one day before expiration of his sentence and was arrested on a second charge of drunkenness probably wanted to return for the winter, Jailer W. A. Huntley said.

But the judge had other ideas. He gave him 30 days—on the roads.

Sugar Heir Says He's Eighth On Husband-Parade

Los Angeles, Oct. 8—(AP)—Sugar heir John D. Spreckels III alleges he was "approximately" No. 8 on his wife's husband-parade.

Spreckels, in a suit filed yesterday, asserted that Lou Dell Spreckels has maintained herself for 20 years with "funds obtained from her husbands, approximately eight in number, and other gentleman friends."

He said she induced him to give her \$19,000 cash, a \$2,500 automobile and their newly-bought house in nearby Arcadia.

Mrs. Spreckels filed suit for separate maintenance, contending he had a \$12,000 annual income from a \$1,000,000 fortune. His cross-complaint, filed yesterday and asking a divorce or annulment, said his interest in the family fortune is only about \$400,000 and he is \$125,000 in debt.

Drive On Income Tax Evaders Has Odd Results

Washington, Oct. 8—(AP)—The Treasury's drive against income tax evaders has netted such diverse characters as a western sheep rancher and an eastern big town gambler.

Secretary Snyder withheld the names but told a news conference about the cases today.

He said investigators looking into operations of a "flashy habitue of expensive night clubs" in a "large eastern city" discovered he was a "society bookmaker."

They also discovered, he said, that the man owes the federal government \$142,000 in tax and penalties on income he got from "handling transactions for wealthy patrons of the night clubs."

The sheep rancher, Snyder said, was tabbed with a tax and penalty assessment of \$528,000 by investigators who became "intrigued" by the man's success in increasing his herds "in a far western state" enormously while reporting "little income" on tax returns.

Admits Killing 'Undesirables'

Nuernberg, Germany, Oct. 8—(AP)—Otto Ohlendorf, Nazi SS major general, admitted today that his "Einsatz Commandos" slew a million "racially inferior" people in the east, but denied his own guilt and placed the blame on the Russians.

The first of 23 defendants to take the stand in their trial before an American war crimes court, Ohlendorf said the Jews slain in the east were politically partisan and thus "dangerous."

"Those we executed were singing the Internationale and hailing Stalin as they died," he added.

Distillers Give Grain Supplies

Washington, Oct. 8—(AP)—Secretary of Agriculture Anderson said today that the nation's distillers have agreed to make available for export all grain they now hold or have contracted to purchase. He did not estimate the amount.

Anderson made this announcement in an address to a National Press Club luncheon as President Truman's Citizens Food Committee prepared to request closing of the distilling industry for 60 days to save grain for European aid.

One American company recently filled an Icelandic order for 120 million fish hooks.

Governor Is Star Court Witness

New Bern, N.C., Oct. 8—(AP)—Although he had nothing startling to divulge, Governor Cherry was the star witness in court here yesterday in a case involving the \$1,000,000 estate of the late James M. West, president of the Seashore Transportation Company.

The governor, who drives from Raleigh in answer to a summons, took the stand briefly and testified that in his opinion West had the mental capacity to prepare a will.

Mixed Trend On Eastern Markets

Raleigh, N.C., Oct. 8—(AP)—A seven-day price climb has broken on three of the four currently operating flue cured tobacco belts, with declines ranging from 50 cents to \$6 in the skidding trend.

Only the Eastern North Carolina belt came through yesterday with mixed trends—gains as well as losses—as prices generally tumbled on today, middle and old belts.

Federal and State Departments of Agriculture reported losses of from \$1 to \$6 on the old belt, \$1 to \$4 on the middle belt, and \$1 to \$3 on the border belt.

Curran Declares He Might Resign

New York, Oct. 8—(AP)—Joseph Curran, president of the CIO National Maritime Union since it was founded ten years ago, says he will resign "if a program which I believe is detrimental to the best interests of the union is adopted" at the current sixth biennial convention.

Curran made the statement late yesterday after the convention had tabled his proposal that the delegates vote whether they want all national offices vacated pending his

New York Cotton

New York, Oct. 8—(AP)—Cotton futures opened 45 to 75 cents a bale higher.

Noon prices were 85 cents to \$1.75 a bale higher than previous close. Oct. 31.90, Dec. 31.55 and March 31.66.

Futures closed \$1.35 to \$2.70 a bale higher than the previous close.

Open	Last	Prv. Cl.
Oct. 31.59	32.02	31.55
Dec. 31.41	31.70	31.27
March 31.11	31.92	31.41
May 31.2	31.92	31.39
July 30.99	31.40	30.90
Oct. 29.30	29.45	29.18

Middling spot \$2.00, up 43.

Grain Market

Chicago, Oct. 8—(AP)—Grains advanced under small but persistent buying on the board of trade today despite smaller government cash wheat purchases and receipt of good rains in a wide part of the winter wheat territory.

Wheat closed 2 1/2-3 1/2 higher. December \$2.88 1/2-1 1/2, corn was 1 to 2 cents higher, December \$2.26 1/2-1/2, corn was 1 to 2 cents higher.

Softer Miles and Safer Miles
..Thanks to Buick's Safety-Ride rims
YOU sense it right from the first in the way your Buick handles. You feel it not only in the cloud-soft ride of this big beauty, but in the way it seems to lean into the curves, the way it holds its "track," answers unflinchingly to your touch on the wheel. The reason? Simply that even before the war, Buick found a way to get greater softness and greater safety from standard-size tires that are available anywhere. Put a Buick wheel beside a wheel from other cars, and you see at once that Buick rims are wider. In fact, they are an inch to an inch and a half wider — from 20% to 33%. By this simple step, standard-size tires of any make are given greater air capacity. This permits lower air pressure and the softer ride that naturally comes from traveling on 25 pounds instead of 30. In addition, widening the base of the tires gives bracing against side-thrust, as your legs brace you when you stand with feet apart. This checks sideways and the tendency of a tire to "roll under" on sharp or fast turns. Furthermore, the tread is flattened. More rubber is put on the road. More rubber means more traction — more braking power — more resistance to skidding — far, far better car control. And you have only to compare the handling of a Buick with any other car to see the result... You travel with a soft, level buoyancy that is Buick's own. You seem to feel your car leaning into the curves, like a race horse coming into the stretch. **ONLY BUICK HAS SAFETY-RIDE RIMS** On fast turns, tires on ordinary rims "roll under" like this, sometimes almost riding the sidewalls. Buick's wider Safety-Ride rims check this. Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays.
