

Corn Forecast Up; Wheat Drops Off

Agriculture Department Forecasts A Slight Increase In Corn Production And Wheat Estimate Drops By Two Million Bushels

Washington, Oct. 10—(AP)—The Agriculture Department today estimated this year's weather-battered corn crop at 2,458,674,000 bushels and the wheat crop at 1,406,761,000 bushels, a new record.

The corn estimate is 54,761,000 bushels more than the department's 2,403,913,000 bushel forecast a month ago.

The wheat estimate includes 1,095,648,000 bushels for winter wheat, 311,113,000 for all spring wheat, 43,017,000 for durum wheat, and 268,600 for other spring wheat.

The winter wheat estimate is unchanged from a month ago. Despite signs of bettered midwest crop conditions, President Truman clearly was not banking on any great gain.

Chairman Charles Luckman of the Citizens' Food Committee, waiting for the verdict from distillers and brewers on his drastic conservation proposals for their industries, said nationwide cooperation is essential to the saving of peace.

The new crop report, closely guarded within the Agriculture Department and awaited with unusual eagerness in the grain-conscious capital, was released at 3 p.m. EST.

It contains the department's estimate of production of all major crops as of October 1. In the corn estimate, over the 2,403,913,000 forecast a month earlier, would have gone a long way toward making up the foreign deficit while maintaining a high level of livestock production in this country.

Corn was plagued by cool, wet weather at planting time and by lack of rain in mid-summer. The production outlook on Sept. 1 indicated the crop might be the smallest since the severe 1936 drought.

Tropical Storm Found Potential Troublemaker Miami, Fla., Oct. 10—(AP)—A tropical storm with "potentialities" of becoming more severe was centered today in the northwestern Caribbean Sea about 500 miles from Miami.

A hurricane hunting plane reported today that winds in the storm had increased to 50 to 60 miles an hour. It was the first contact with any of the planes sent into the storm to investigate.

Heavy rain squalls covering an area extending 200 miles to the north of the central area were reported.

FUNERAL SHIP ARRIVES TODAY

Bears Bodies Of First To Fall, And First To Come Home

San Francisco, Oct. 10—(AP)—A Grey transport slips through the mists of the Golden Gate today with the bodies of men who died in World War II—the first to fall and the first to come home.

A nation's grateful tribute awaited the first funeral ship returning the war dead—most of them victims of Japan's attack on Pearl Harbor which sowed American cemeteries all over the world.

In Washington, the capitol flag dipped to half-staff—an honor heretofore extended only on the death of a president or a member of Congress.

The transport Honda Knot, inbound from Honolulu, carried 3,028 bodies. In addition to the Pearl Harbor dead, the ship also bore some who died in later battles in China, India and Burma.

At noon, the Honda Knot drops anchor 300 yards off the curving Marine Shore, just inside the Golden Gate. Forty-eight planes are escorting her into San Francisco Bay.

As memorial services begin, artillery will fire a measured, 21-gun salute. From the Shore, a little launch will carry a simple wreath to the ship—President Truman's tribute from the nation.

After taps, the Honda Knot moves on down the Bay to dock at the Oakland Army Base.

URGES FORCE FOR DEFENSE OF PALESTINE

Guatemala Proposes Small-Country Military Force; Raps Grand Mufti

Lake Success, Oct. 10—(AP)—Guatemala proposed today that the United Nations Assembly create a small-country military force to be used against any "force which takes aggression against the people of Palestine."

The Guatemalan delegate did not mention the Arab League nations forces now reported moving to the Palestine borders.

However, he placed the proposal before the assembly's 57-nation Palestine committee less than 24 hours after the Arab League Council announced in Beirut, Lebanon, that the seven Arab states had agreed to move troops to the Palestine borders.

Dr. Jorge Garcia Granados, chief delegate of Guatemala, made his demands after delivering a bitter attack on the exiled Mufti of Jerusalem, who joined yesterday in the Arab troop decision.

Garcia Granados mentioned the fact that the Mufti had been at Beirut, but did not refer directly to the council's action.

Garcia Granados, referring to the Mufti by name, declared "it is not possible for anyone to refrain from condemning his unscrupulousness, his cruelty, or the violent, merciless means that he employs, or the doctrine of hatred that he preaches."

The Guatemalan departed from his prepared text to say he had noted from press dispatches that the Mufti was back in Beirut.

CHICAGO FIRE FATAL TO TEN

Crowded Chicago Apartment Burns; Believe Incendiary Origin

Chicago, Oct. 10—(AP)—Ten persons, including six children and four women, were killed and more than a dozen others were injured early today in a fire which swept through a crowded four-story apartment building on the city's near northwest side.

All of the dead and injured in the blaze, which police and fire officials said appeared to have been of incendiary origin, were Negroes. Thirteen were hospitalized.

Firemen searched the smoldering ruins of the 16-apartment building after early reports had placed the death toll as high as 20.

Nearly 100 persons were reported to have been in the building at 940 West Ohio Street when the blaze broke out under a stairway on the first floor and spread quickly through the roof.

Fire Commissioner Michael J. Corrigan said a charred can that smelled strongly of kerosene was found in the stairwell. He believed that the fire had been deliberately started.

Panic gripped the tenants as the flames mounted rapidly up the stairs, penetrating all 16 flats. One woman was killed and four other persons were injured as they plunged out of windows before firemen reached the burning structure.

Five tenants leaped into the firemen's landing net before a part of it was torn by the impact of a heavy man. A minute later a woman jumped into the torn net and was killed. Other tenants fled down the stairs or descended on a fire escape.

Plenty Of Water In Winston-Salem

Winston-Salem, N.C., Oct. 10—(AP)—Winston-Salem—thirsty, dusty and desperate for water less than a month ago—today is again soggy and happy.

Never in its municipal life has it had more water. Drizzles, showers and downpours of the last fortnight have made Winston-Salem's billion-gallon reservoir almost brim full.

All this contrasts with a desperate situation three weeks ago when the reservoir fell to an all-time low because of a drought. At that time city commissioners enacted emergency laws strictly rationing water.

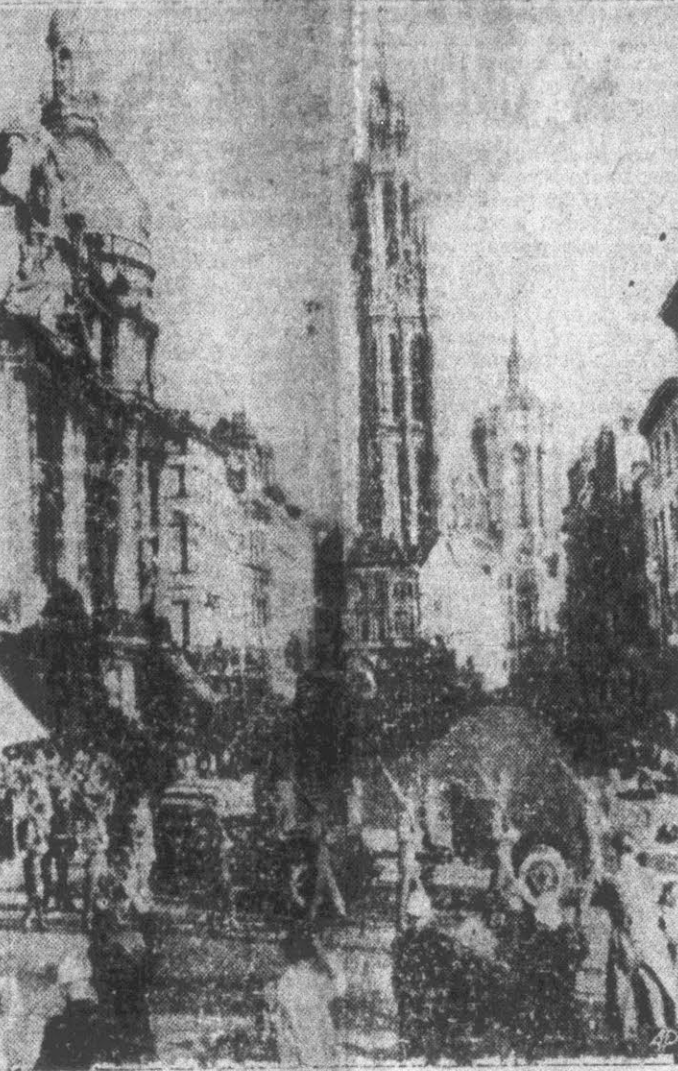

Undiscouraged By 15th Divorce

Brooks, Ore., Oct. 10—(AP)—Mrs. Betty M. Dunlavy, 40, who is now suing for her 15th divorce, expressed hope today that the "right man" might still come along.

Her divorce suit against 32-year-old John S. Dunlavy on a charge of cruel and inhuman treatment is pending in circuit court.

Flipping pancakes in the restaurant she owns here, the attractive brunette said 15 unlucky trials have not turned her against marriage.

American War Dead Start Home

A guard of honor composed of U. S. and Belgian soldiers marches on either side of a gun carriage moving through the streets of Antwerp, Belgium, with the body of one of the 5,600 American war dead being moved back home from the military cemetery at nearby Liege. Bodies were chosen anonymously for the ceremony in which the Belgian people honored the memory of American boys buried in their soil.

Placed aboard the army transport Joseph V. Connolly, the dead again began their homeward journey soon after the ceremony. They are the first of World War II to be returned from Europe. (AP Wirephoto.)

Continue Plans For UN 'Watchdog' Body

Threat Of Russian Boycott Does Not Stop Work On Balkan Problem; Vishinsky Protests 'Charter Violation'

Lake Success, Oct. 10—(AP)—Despite a Russian boycott threat, the United Nations went ahead today with creation of a "watchdog" commission in the turbulent Balkans.

The blunt Soviet announcement of non-cooperation, delivered to the assembly's 57-nation Political Committee by Deputy Foreign Minister Andrei V. Vishinsky in angry tones yesterday, was followed quickly by similar statements from Poland, Yugoslavia, the Soviet Ukraine, White Russia and Czechoslovakia.

Vishinsky's statement came in the midst of another violent attack on the United States-sponsored Balkans commission and left delegates momentarily stunned. However, Chairman Joseph Bech of Luxembourg calmly called for the debate on commission membership to continue. Premier Paul-Henri Spaak of Belgium and U.S. Delegate Herschel V. Johnson then remarked tartly that the Soviet decision was to be regretted but there was no cause to turn back.

The special committee with the policies put before it is directly contradictory to the principles of the charter," Vishinsky shouted. "The Soviet delegation, speaking for the Soviet government, declares it cannot take part in this committee and cannot take part in the election of this committee."

Vishinsky's speech was a sequel to Wednesday's 34 to 6 committee decision authorizing the Balkans commission. Still remaining to be decided were the makeup of the body and whether the authorizing (Continued on Page Eight)

Stone Creek, Va., Oct. 10—(AP)—Holiness faith healers from a five-state area are planning their biggest demonstration of the summer atop Black Mountain on the Virginia-Kentucky line near here Sunday night with the promise that 12-year-old Fay Nolan will be on hand to attest to her recovery from a rattlesnake bite.

Better Living Standard Found In Greenville

Park Row News Service (Special to the Reflector) New York, Oct. 8—How much does the average Greenville resident spend each year? Where does he spend it—and for what?

Answers to these questions, contained in the current Sales Management survey, point to a higher standard of living in Greenville than in most of the cities of the nation.

Expenditures in the local retail stores totaled \$16,946,000 in 1946, a sharp increase over the previous year's \$12,682,000. This is equivalent to spending at the rate of \$1,100 per person, as compared with the United States average of \$692, the South Atlantic states' \$510 and North Carolina's \$431.

At a recent meeting of the Pitt County Tuberculosis Association it was announced by the president, Mr. J. H. Waldrop, that the Service League is to sponsor the 1947 Pitt County Christmas Seal Sale.

At that time Mrs. Malcolm T. Simpson, Service League member, was named Pitt County chairman and Mrs. William L. Whedbee, Service League member, was named co-chairman.

AFL LEADERS STRIP LEWIS VETO POWERS

Vote Out Vice-Presidents; Permit Federal Local Unions To Use NLRB

San Francisco, Oct. 10—(AP)—Top AFL leaders slapped down a defiant John L. Lewis today by voting to strip him—and 12 other vice-presidents—of the "office" in the federation by which he was able to bar the door of the National Labor Relations Board to 1,500 tiny local unions.

Though not a "Red" sympathizer himself, Lewis refused to sign the affidavit required by the Taft-Hartley Act disavowing communism. Unions whose officers don't sign cannot use the National Labor Relations Board.

The little federal locals, with 300,000 members need the NLRB's protective facilities most among the AFL's big family of unions. Their national "officers" are the council members.

The 15-man council, over the opposition of Lewis, voted to do away with the offices of vice-president, leaving only President William Green and Secretary-Treasurer George Meany as "officers" of the Federation.

Lewis and his 12 vice-presidential colleagues would become mere council members, retaining their numerical order of seniority on that policy-making body.

A constitutional amendment, requiring a two-thirds vote, is necessary to put the change in effect.

Despite the executive council's unique move, rumblings were heard from the convention delegates that even that might not suffice to make the 1,500 federal locals eligible to use the board.

As "council members" they still might be considered officers of the federal unions by NLRB interpretation, some influential AFL delegates argued.

TYPHOON RIPS ISLAND BASE

Terrific Winds Damage Iwo Jima Installations; None Killed

Iwo Jima, Oct. 18—(AP)—Windward American servicemen and their dependents emerged from storm shelters early this morning after 36 hours concealment from a vicious typhoon which howled across this battle-fied island of speeds reaching 170 miles an hour.

Correspondents flying here from Japan found no casualties or injuries among the servicemen and 24 dependent families stationed here.

But damage to installations was extensive. The winds, smashed like giant hands on scores of buildings, ripped out the island's inner communications system and snatched the flagpole off Mt. Suribachi, linked in history with the U.S. Marines who captured this one-time Japanese bastion.

Maj. Svend W. Nielsen, Knoxville, Tenn., the island's engineering officer, said ruefully that the storm's havoc "sets us back at least six months." But the island commander, Col. Raleigh Maclean of Ottawa, Kans., was thankful that the loss was not greater.

The typhoon struck hardest at buildings on which maintenance had been allowed to lag. Nearly half of Iwo Jima's buildings are gunshot holes, and the wind ripped through some of them like a giant can-opener while stomping others flat.

San Francisco, Oct. 10—(AP)—The bodies of 64 North Carolinians were on the grey Army cargo ship Honda Knot which docked here today with the remains of America's first dead of World War II.

The bodies of the Tar Heels later will be transferred to distributing centers at Philadelphia, Charlotte, N.C., and Atlanta. All but five of the bodies will be taken to Charlotte.

From the distributing centers arrangements will be made with relatives for final burial.

Five Arab Armies Mass In Readiness

Reported Ousted Forces "Maneuver" Near Holy Land Border As Arab World Responds To League Resolution To Defend Palestine From Zionism

Beirut, Lebanon, Oct. 10—(AP)—The armies of five Arab nations started moving today, translating into action last night's Arab League resolutions calling on the Arab world to defend Palestine from Zionism with men and money.

War office spokesmen in Lebanon and Syria said troops of those two countries bordering on Palestine had begun rolling at midnight and were "maneuvering" near the frontier.

Troops of King Abdullah's Arab Legion of Trans-Jordan, reputedly the largest and best-equipped military force in the oil-rich Middle East, started massing along the River Jordan in half a dozen hastily spotted camps.

The Lebanon press said mechanized patrols of this force were ranging along the whole length of Palestine's eastern boundary in readiness for what the papers called invasion of eastern Palestine.

To the south, reliable sources in Beirut said, Egyptian forces were preparing to move into the Sinai Desert, and Saudi Arabian cavalry was reported crossing into Egyptian territory at the invitation of the Egyptian government to participate in cordoning off the Holy Land with a ring of steel.

Seven Saudi Arabian airplanes were reported unofficially to have landed at Egyptian airbases.

Emir Magid Arslan, Lebanon's war minister, said "of course we cannot disclose the movements of our forces," but sources close to the War Ministry estimated a mobile force of 2,000 Lebanese soldiers reached the Palestine frontier before dawn today.

Members of the Syrian delegation to the Arab League Council declined comment on the movements of Syrian troops.

(Ahmad Sharrabi, Syria's defense minister, said in Damascus today that Syrian troops were quartered along the border and other sources said large scale maneuvers were scheduled to begin near the frontier tomorrow. Sharrabi said the troops were at the disposal of the Arab League.)

Abdel Rahman Azam Pasha, secretary-general of the Arab League, who disclosed last night that actual troop movements were under way to implement the League Council's resolutions, flew to Amman today with Premier Salih Jabur, reportedly to ask Abdullah's permission to put Iraq troops into Trans-Jordan to support the eastern flank of the armed cordon around Palestine.

Members of the family said he arose yesterday and announced he intended to visit friends, and departed. When he failed to return the family became alarmed and notified officers, the Highway Patrol and his friends, and checked hospitals.

An emergency meeting of the college trustees had been called this morning in the office of Brandon P. Hodges, Asheville lawyer and member of the board, to seek means of finding the missing president.

Pravda Denies Comintern Lives Under New Name

Moscow, Oct. 10—(AP)—Pravda denied today that the recent decision to establish a nine-nation Communist "Information Bureau" in Belgrade signified a revival of the Comintern—declared dead by the Russians in 1943—and stated that the International was now an out of date phase of the worker's movement.

The Communist Party organ declared in a front-page editorial that the "Comintern, having played its positive role in the matter of developing leaders of the working class, long ago became a stage that has been passed in the history of the International Workers Movement."

Washington, Oct. 10—(AP)—You have been hearing a lot about the government's drive to check on the loyalty of its employees.

But that's just something in a slightly different way, that's been going on a good while. And it takes in more territory now.

Start at the beginning: Four government agencies—State Department, Army, Navy and Atomic Energy Commission—do a lot of work in highly secret fields.

If some of that information got out it could put us in a jam with other countries and might endanger this nation's safety.

So Congress some time ago passed special laws for all four of those agencies so they could do this: Check on their employees—special by those handling secret or confidential work—to see if they could be trusted.

The atomic energy people have relied mostly on the FBI to do their checking.

The State Department and the Army and Navy have highly trained staffs of their own to do the job, sometimes with FBI help.

HEAD OF WCTC IS FOUND DEAD

Body Of Dr. H. P. Hunter Found In Car This Morning

Asheville, N.C., Oct. 10—(AP)—The body of Dr. H. P. Hunter, president of Western Carolina Teachers College at Cullowhee, was found in his automobile this morning in the northern part of Buncombe County.

The car was near the community of Beech, five miles from the home of Dr. Hunter's sister-in-law, Mrs. Lucy Posey Weaver, at whose home on the Reems Creek Road Dr. and Mrs. Hunter had been visiting.

Dr. Hunter was 64 years old. Dr. and Mrs. Hunter had gone to Mrs. Weaver's home two days ago in order that he might undergo a physical examination at a physician's office ten miles away in Asheville.

Members of the family said he arose yesterday and announced he intended to visit friends, and departed. When he failed to return the family became alarmed and notified officers, the Highway Patrol and his friends, and checked hospitals.

An emergency meeting of the college trustees had been called this morning in the office of Brandon P. Hodges, Asheville lawyer and member of the board, to seek means of finding the missing president.

He can get a hearing before spe-

cial boards set up in those agencies. If a board thinks he should be fired, he can appeal to the agency head.

For example: A man in the State Department could appeal to Secretary of State Marshall. But Marshall's word is final.

No total, exact figures have been released by all four agencies to show how many untrustworthy employees have been fired in the past year.

The Army and Navy, together may have sacked about 1,000. That's a guess based on sketchy figures from both agencies.

The Atomic Energy Commission says it doesn't have figures ready to release now.

And the State Department has fired about 23 people.

The atomic energy people have had to make a pretty thorough check on all their employees, but they're still finding untrustworthy ones.

The State Department and the Army and Navy have made a pretty thorough check on employees handling important or secret information.

Christian Church Announcements
The Fireside Club of the Eighth Street Christian Church will meet on Tuesday evening at 8 o'clock at the home of Mr. and Mrs. Milk H. Smith on East Fifth Street. The following will serve as assisting hosts and hostesses: Mr. and Mrs. J. W. Teiterton, Mr. and Mrs. W. Arthur Tripp, and Mr. and Mrs. R. E. Corbett, Jr.

The Christian Students Association elected last week the following officers: Ellen Clark, president; Bernard West, 1st vice president; Scottie Winstead, second vice president; Phoebe Moore, secretary; treasurer; J. B. Edwards, social chairman.

The state convention of the Christian Churches this fall will convene in Asheville on November 4-7. A goody group of delegates will go from the Eighth Street Church.

The Eighth Street Church will conduct a fall visitation program during the days October 14-25. At that time the leader of the visitation project will be the Rev. Verc H. Rogers, pastor of the First Christian Church, Roanoke, Va., and he will be assisted by a dozen or more of the Carolina ministers of Christian Churches. The Rev. Mr. Rogers will preach at the Eighth Street Church Sunday morning, October 19, at 11 o'clock.

At the service this Sunday the pastor, Dr. H. G. Haney, will preach on the theme, "A Four-Square Education" and the choir under the direction of Mrs. Paul Davenport will render the special music.

The Round Table
Mrs. Wiley Brown was hostess to The Round Table at the first fall meeting on Tuesday, October 7 having as her guests Mrs. John Messick, Mrs. Stanley White and Miss McGee.

In the absence of the president M. D. S. Spain presided. Greetings were extended these visitors. She then presented Mrs. Porter whose topic for the afternoon was "The Woman's View Point."

Mrs. Porter gave an interesting analysis of the subject dating from the colonial period until the present time.

In 1775 one of the special qualifications of a wife was to hide her husband's faults, and women in general possessed but three books a prayer book, one on advice and a cook book.

It is a lot different today when women follow so closely in men's footsteps that they endanger their superiority.

A part of the program was summer reminiscences given by members and guests. During the social hour, the hostess, assisted by Mrs. Stanley White and Mrs. M. H. White, served a sweet course.—Reported.

Pitt's Future Homemakers Met Saturday

The county unit of the Future Homemakers of America, consisting of 87 high school students and advisors, met Saturday, October 4, 1947 in the Classroom Building of East Carolina Teachers College.

In the absence of the county president, Elizabeth Alphin, president of the Greenville chapter, president-introducing Father Maurice who led the devotional. Father Maurice expressed his pleasure at being invited to speak to the Future Homemakers but stressed the fact that the title was incorrect; he felt he was talking to the Present Homemakers of America. In the course of his talk, the Father brought out that each girl was making for herself the kind of homemaker she would be in the future. He explained three qualities necessary of every girl in the vocation of homemaker: simplicity, self-denial and chastity.

The remainder of the program was in charge of the Bethel chapter with Margaret Manning presiding. The Ayden chapter presented a musical program, which was followed by a picnic lunch at the college chimney, spread by the hostess chapter, Greenville.

The business meeting followed lunch with the Winterville chapter volunteering to be the hostess chapter at the next rally in February. The meeting was adjourned at 2:00.

Young People's Fall Rally
The Presbyterian Young People of Albermarle Presbytery will hold their fall rally at Tarboro, N. C. on Sunday afternoon and evening. Miss Lucy Steele of Peace College, Raleigh, and Miss Sara Little of Synard's Religious Education Committee, Charlotte, N. C., will give the inspirational addresses.

Transportation will be provided for the Greenville Presbyterians and all the young people are requested to meet at their church at 2:30 Sunday afternoon and to bring bag lunches.

First Presbyterian Church
The worship service at the First Presbyterian Church will be conducted by the young people of the church at 11 o'clock Sunday morning. Jack Morgan will preside and will be assisted in the service by Mary Dunn Beatty, Ann Duke Elizabeth James, Marie Scheller, and Janet Watson.

The special music, under the direction of Miss Martha Cammack, will be sung by a group of High School pupils.

A full attendance of Presbyterians is expected and the public is cordially invited.

Junior Woman's Club
The Junior Woman's Club held its regular meeting Wednesday night, September 26, at the Woman's Club. The meeting was called to order by the president, Mrs. Bill Braden. Minutes of the last meeting were read by Mrs. L. W. Edwards, secretary. Treasury report was given by the treasurer, Miss Helen Perkins. In Panama
Howard Field, Canal Zone.—Capt. Charley H. Mayo, on of Mr. W. L.

Mayo, Greenville, N. C., has been assigned temporarily from the 319th Fighter Squadron, All Weather, Rio Hato (Republic of Panama) to the 63th Aircraft Control Squadron, Quarry Heights, Canal Zone. During his assignment with the 630th Capt. Mayo will act as fighter controller from the control center at Quarry Heights.

A veteran night fighter and attack bomber pilot, Capt. Mayo entered the service at Fort Bragg, N. C., in May 1941, as an Aviation Cadet. After completing various training schools he was graduated from the pilots school at Brook Field, Tex., in January, 1942, as a second lieutenant, Air Corps, and was awarded the wings of a pilot. During the war he saw service in the South-Pacific theater earning the Silver Star, the Distinguished Flying Cross, the Purple Heart and the Air Medal as the pilot of A-26's and P-61's. Capt. Mayo came to this theater from Shaw Field, Sumter, S. C., with the 19th Fighter Squadron as a pilot of P-61 type aircraft, in April 1947 and has been serving with them since that time.

Capt. Mayo is a graduate of Greenville High School in the class of 1936. He then attended East Carolina Teacher's College for two years (1937 and 1938) transferring to North Carolina State College to complete his college education, graduating in the class of 1941 with a Bachelor of Science degree.

Sans Social Club
Mrs. W. L. Best delightfully entertained the members of the Sans Social Club at her home on Tuesday afternoon. The first meeting of the club in the fall is one eagerly anticipated by the members as it provides a time for catching up with all the events of the summer when friends are so widely separated.

Mrs. W. I. Wooten presided over the business session at which time programs for the year were distributed. These programs, the work of Mrs. J. B. James, Mrs. J. H. Blount and Mrs. J. E. Chestnut, proved to be very interesting in both appearance and contents. The new books were distributed by Mrs. S. T. White. A large number of these, just off the press, have received much favorable comment from the critics. Members look forward to spending many a long winter's evening reading them with pleasure and profit.

The afternoon's program was prepared by Mrs. W. H. Dall whose subject was "Did You Know?" In the absence of Mrs. Dall, Mrs. W. I. Wooten gave her paper which brought forth many long-forgotten facts as well as recent happenings.

Mrs. Helene Higgs Kirkpatrick added much pleasure to the program by singing two songs, "Somewhere A Voice is Calling" and "Oh, What a Beautiful Morning." Mrs. W. L. Hall in her own attractive way told an O. Henry story, "The Candy Man."

Following the program Mrs. Best invited her guests into the dining room where a buffet supper was served. The table was lovely with its centerpiece of pink dahlias and platters of chicken salad and fried oysters. Seated at the table Mrs. S. T. White and Mrs. G. B. W. Hadley served the guests and were assisted by Mrs. Mabel Hamric.

The club was delighted to have as its guests for the afternoon Mrs. Kirkpatrick, Mrs. W. J. Bunoy, Mrs. H. R. Goodall and Miss Louise Galphin.—Reported.

Strength FOR THE DAY

A UNIVERSAL GENIUS
Blaise Pascal, born in 1623, was one of the most remarkable men of all time. He started out as a youthful prodigy in science and mathematics and ended as one of the great religious writers of all time. At the age of twelve he discovered mathematics for himself and was soon so proficient that thereafter he attended meetings of the French Academy with his father. At the age of nineteen he produced a calculating machine based on the principles which now underlie the complicated machines found in modern offices.

But Pascal's great devotion was to the Bible. Few men have more intensely studied it than did he, and his books have been read by devout men and women of all faiths during the three centuries which followed his death. His life was very brief, terminating before he reached the age of forty.

A life completely given to Christ is the only way one can describe the career of Pascal. In a memorial service preached in the Cathedral of Clermont in 1823, marking the third centenary of the birth of Pascal, the statement was made that Pascal belongs to the whole world as a great believing soul; and certainly he does. Men like Pascal raise the souls of their fellows to new heights of grandeur.

Prior to 1889 all tile used in American buildings was imported; today almost all ceramic tile is produced at home.

PONTIAC

A fine car made finer

A Product of General Motors

Lasts long... and lasts well!

The records prove that no car lasts longer than a Pontiac—but this is only half the story! For Pontiac continues, throughout the years, to render fine performance—to give its owner the same thrill he felt when he first took the wheel. Owners who have driven their Pontiacs for five, seven, and even ten years will testify that their cars still give complete satisfaction in every way. For Pontiac is a GOOD car—designed and built to stay on the job. This is a basic Pontiac virtue—and is true of Pontiac year after year. So regardless of when you expect to get your next car, get a Pontiac. It will not only last long—it will last well!

DUE TO OUR UNFULFILLED ORDERS ON HAND, you may experience some delay in getting a new Pontiac. Place your order now to avoid further delay. In the meantime, let us keep your present car operating at top efficiency.

HIS TEN YEARS SEARCH SOON ENDED BY RETONGA

Had Been Seeking Relief From Sour, Gasey Indigestion And Constipation For Years, He States. Tells About His Case

Happy and grateful for the relief Retonga brought him, Mr. J. W. Muse, former Southern Railroad man and now proprietor of a railroad hotel at 439 Depot St., Asheville, N.C., gratefully declares: "Retonga brought me relief that I had been trying to get for ten years. My appetite was so poor that often I did not even try to eat at meal-time. Sour gasey indigestion tortured me until I felt lucky to get even a few hours sleep at night. I was so badly bothered with constipation that one laxative soon lost its effect and I'd have to look up another. I felt so weakened and run down that sometimes it seemed to me I couldn't go another step. "I never before experienced anything like the relief Retonga gave me. I eat anything I want at any time. I sleep soundly, and I feel like a different person. That stubborn constipation is fully relieved, too. My friends often ask me why I seem so well and happy. Only one word covers my case—RETONGA. "Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, Vitamin B-1 deficiency and constipation. Accept no substitute. Retonga may be obtained at Bissette's Drug Store.—Adv.

AN ORDINANCE AUTHORIZING \$8,000 WATER BONDS
Be It Ordained by the Board of Commissioners of the Town of Bethel:

Section 1. That the Town of Bethel issue its bonds, pursuant to The Municipal Finance Act, 1921, as amended, in an amount not exceeding \$8,000 for the purpose of extending the water works system of said Town, including drilling a new well.

Section 2. That a tax sufficient to pay the principal and interest of said bonds shall be annually levied and collected.

Section 3. That a statement of the debt of the Town has been filed with the clerk and is open to public inspection.

Section 4. That this ordinance shall take effect when approved by the voters of the Town at an election as provided by law.

The foregoing ordinance was passed on the 7th day of October, 1947, and was first published on the 10th day of October, 1947.

Any action or proceeding questioning the validity of said ordinance must be commenced within thirty days after its first publication.

R. E. RIDDICK, Town Clerk. Oct. 10-17.

NOTICE OF SPECIAL BOND ELECTION AND SUPPLEMENTAL REGISTRATION IN THE TOWN OF BETHEL, NORTH CAROLINA.

A special bond election will be held between 6:30 A. M. and 6:30 P. M., Eastern Standard Time, Monday, November 10, 1947, at which there will be submitted to the qualified voters of the Town of Bethel the following questions:

1. Shall an ordinance passed October 7, 1947, authorizing not exceeding \$8,000 Water Bonds of the Town of Bethel for the purpose of extending the water works system of said town, including drilling a new well, and a tax for said bonds, be approved?

2. Shall an ordinance passed October 7, 1947, authorizing not exceeding \$2,500 Sanitary Sewer Bonds of the Town of Bethel for the purpose of extending the sanitary sewer system of said Town, and a tax for said bonds, be approved?

3. Shall an ordinance passed October 7, 1947, authorizing not exceeding \$20,000 Street Improvement Bonds of the Town of Bethel for the purpose of constructing or reconstructing the surface of streets in said Town, including the contemporaneous construction or reconstruction of sidewalks, curbs, gutters or drains, and including grading, at least one-third of the cost of which improvements, exclusive of the cost of paving at street intersections, is to be specially assessed, and a tax for said bonds, be approved?

Each of the three questions herein above set forth contains a statement of the purpose for which the bonds are authorized by the ordinance referred to in such question.

FOR SALE—MAJESTIC RANGE, enamel finish with 40 gallon hot water tank and all connections, in first class condition. Priced \$50.00. Phone 2917. 10-2

Emergency Operating Schedule To All Electric Consumers:

The Emergency Schedule which was set up, following the burn-out of our largest generator at the power plant, has made it possible to supply electric current for refrigeration and other essential needs with as little interruption as possible, notwithstanding the fact that it is a great inconvenience to be without complete electric service even for a little while.

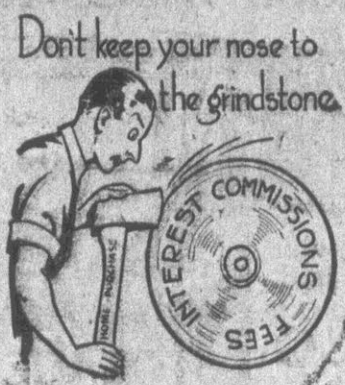

Individuals and business houses generally have been very cooperative; however, there are still a few who could, without being handicapped, be a great deal more conservative, which would be a definite advantage to us in trying to spread the short supply as equitably as possible over the whole system, and we most earnestly urge everyone to use just as little current as possible. This is especially important in the evening with darkness coming earlier each day.

Circuits will be pulled, if necessary, at the same time or during the same hourly periods each day, just as nearly as possible; this provides for no service to be off more than one hour at a time, and a strict conservation of current will definitely lessen the out periods.

Repairs by General Electric Company are progressing accordingly to schedule and it is expected now that repairs will be completed by the last week in October, and you may rest assured that we are just as distressed about the matter as you are, and that everything possible is being done to restore complete electric service.

Your full cooperation is requested, urged and appreciated.

CLAASSEN HAS EASY WEEKEND NAMING TEAMS

Among Others, Picks Army, Duke And UNC To Bolster Winning Averages

By HAROLD CLAASSEN New York, Oct. 10 (AP)—Army's unbeaten string will have to stop sometime but it will carry on through tomorrow when the Cadets tangle with Illinois in Yankee Stadium before 71,000 spectators—at least that is the opinion of this forecaster who last week had 49 winners and nine losers. Other selections: Southern California-Ohio State; Southern California; Yale-Columbia; Columbia, in a scoring thriller; Pittsburgh-Michigan; For the third straight weekend Pittsburgh will be defeated and Michigan will triumph. Oklahoma-Texas; Texas; Harvard-Virginia; Virginia; Princeton-Rutgers; Princeton will be beaten. Notre Dame-Burdine; You can't expect Burdine to perform miracles every Saturday. Notre Dame; Duke-Navy; George Clark will see to it that the Midshipmen suffer another defeat. Duke; California-Wisconsin; California; Tulane-Plein; Rice; Mississippi-Vanderbilt; Mississippi; Indiana-Iowa; Iowa; Kansas State-Boston College; Another defeat on the Kansas State side; Georgetown over St. Louis; Miami

over Texas Christian, Maryland over Richmond. EAST Brown over Rhode Island, Cornell over Colgate, Penn over Dartmouth, Penn State over Fordham, Temple over Syracuse, Villanova over Holy Cross, Bates over Tufts, Boston University over New York University. Bucknell over Delaware, Franklin & Marshall over Lebanon Valley, Lehigh over Drexel, Massachusetts over Worcester, Muhlenberg over Swarthmore, New Hampshire over Maine, RPI over Williams, St. Bonaventure over Kings Point, Vermont over Union, West Virginia over Waynesburg, Niagara over Scranton (Sunday). MIDWEST Detroit over Marquette, Kansas over South Dakota State, Nebraska over Iowa State, Minnesota over Northwestern, Cincinnati over Dayton, Lawrence over Knox, Rochester over Depauw, Miami (Ohio) over Bowling Green, Southern Methodist over Oklahoma A&M. SOUTH Alabama over Duquesne, Florida over Auburn, Georgia over Kentucky, Georgia Tech over VMI, North Carolina over Wake Forest, William & Mary over VPI, Washington & Lee over George Washington, Tennessee over Chattanooga, LSU over Texas A&M, the Citadel over Newberry, Furman over South Carolina. ELON FAVORED OVER PIRATES ETC Plays Host To Conference Foes Saturday Evening The ETC Pirates play host to the Elon gridders tomorrow evening at 9:15 in Giv Smith Stadium. It will be the third conference tilt of the year for the locals in as many games. The Bucs dropped their opening engagement to Lenoir-Rhyne, but came back last week to defeat ACC 12-7. The invaders are a two touchdown favorite over the local eleven, but Coach Johnson has his boys in fine shape and hopes to spring a surprise on Coach "Hot" Perry's Christians. It was decided by both city and college officials that 9:15 would be a suitable time to play, as the supply of current at that time is sufficient to meet the need, without drawing from other sources. Officials have promised that the game will get under as close to 9:15 as power permits. Tarheels Rank Fifth In Passing Chapel Hill, N.C., Oct. 10—North Carolina's Tar Heels, who meet Wake Forest here Saturday in their first Southern Conference test, rank fifth nationally in forward passing offense. They have completed 29 of 45 attempts for 415 yards, Charlie Justice and Walt Pupa have done most of the throwing with receivers well divided. Carolina is not among the first 15 in rushing although in 1946 the Tar Heels were a much better rushing than passing team. Tribute Paid Betty Sue Harris, Home Economics Student Betty Sue Harris has just received word from the State Department of Vocational Home Economics that one of her last year's home projects has been sent to the United States Department of Education in Washington, D.C. Each year the Vocational Home Economics teachers of the state send two of their best home projects, to Raleigh from these the best outstanding ones are sent to Washington. This is one of the highest honors that can come to a home economics student. Betty Sue was in second year home economics last year. Her project was under the direction of her student teacher, Miss Stella Murray, and her supervising teacher, Mrs. Edna T. James. The home project brings the home and school closer together because it requires the cooperation of the student, her family and her teachers. The purpose of the home project in the Vocational Home Economics program is to apply practical home making in the home. To aid each student in selecting and carrying out her project, the teacher makes home visits. Student home projects and home visitation by the teacher is one of the outstanding differences between the vocational and non-vocational programs.

Babe Didrikson Upset In Tourney

Fort Worth, Tex., Oct. 10 (AP)—The armor of invincibility that had been built up by Babe Didrikson Zaharias through one of the most amazing careers of sport was cracked slightly at the seams today—and a 108-pound Dallas matron, Mrs. Betty Mims White, was the reason. The great woman athlete, American and British champion and victor in 19 straight tournaments, met defeat in the quarter-finals of the Texas Women's Open yesterday. Mrs. White sank a six-foot putt on the 18th green for one of the greatest upsets in golf history. A heavy cold bothered Mrs. Zaharias.

Comintern . . .

(Continued from Page One) great democracies like those of England and America, and huge sums of Russian money, badly needed at home, were lavished on the World Revolution. Even crown jewels of the massacred royal family were sold to secure funds to support the schemes of the Comintern. The Reds got so bold and troublesome that the United States withheld recognition of the Soviet Union until 1933 when Roosevelt acceded it upon Red pledges to behave. There was a long period when Britain refused to deal with the Bolsheviks.
