ARABS DISCUSS FUTURE ACTION ON HOLY LAND

Arab League To Close Deliberations With Talk Of "Military Measures"

Beirut, Lebanon, Oct. 11—(AP)—Abdel Rahman Azzam Pasha, secretary-general of the Arab League, said the League Council would wind up its Holy Land deliberations tonight with discussions of possible further "military measures" against Palestine.

The council voted Thursday night to cordon off what it called "terrorist organizations and Zionist forces" in Palestine by moving Arab troops up to the boundaries of the Holy Land.

Arab sources here said the troops were moving up in accordance with the decision but other official quarters here and in Jerusalem said they had been unable to detect any unusual troop concentrations.

Azzam Pasha said the chiefs of the seven council delegations—from Syria, Iraq, Trans-Jordan, Lebanon, Egypt, Yemen and Saudi Arabia—met last night to discuss possible further military action. Their recommendations, he said, are to come before the full League Council at tonight's session.

Azzam Pasha added that a recommendation by the League's Political Committee a month ago—to boycott the western nations if they support partition of the Holy Land—would not be discussed at the current League meeting.

The council will hold its final meeting tomorrow to discuss its demands for independence of Libya, the former Italian colony in Africa. Deputy foreign ministers of the Big Four now are discussing the future of Italy's African colonies at a conference in London.

While Arab officials said their armies were moving up to, or already stationed at, the borders of Palestine, the office of the U. S. military attaché here said last night it had no reports of any extensive troop movements. The Palestine government's information officer in Jerusalem declared emphatically yesterday that the government "has no knowledge of such troop concentrations."

Honeymooners Automobile Is Found Abandoned

Fort Bragg, N.C., Oct. 11—(AP)—Fort Bragg authorities today awaited further reports from Kingston, Ontario, upon the finding of an abandoned automobile identified tentatively as the one in which Capt. Paul E. Donnelly and the Wilmington girl he married three weeks ago left here on their honeymoon. So far, the only information received here is that a car containing his ownership card, had been found, with the rear window smashed and the key still in the ignition lock. Capt. Donnelly about 28, and Miss Betsy J. Hilliard of Wilmington were married in the Fort Bragg chapel September 21. They told friends they planned to visit his parents in Olean, N.Y., and then go to Canada for a honeymoon.

MOOSE ANTLERS Anchorage, Alaska, Oct. 10—(AP)—One of the largest sets of moose antlers sent out of Alaska in recent years, measuring 68 inches tip to tip and weighing 70 pounds, was shipped home today by James E. Ryan, Clare, Mich. The animal, shot 95 miles from here, weighed over 1,500 pounds. The territory's record antlers measured 77 5-8 inches, guides said.

A Propaganda Threat?

Analyst Deeply Concerned Over Potentialities Of Arab Armies Now Massing; Big Powers Walking Softly; Real Threat; Guatemala Proposal; One Safeguard

By DEWITT MACKENZIE

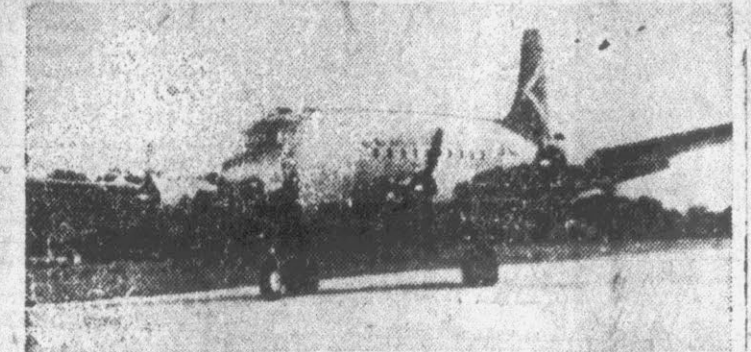

Those are disconcerting reports from the Middle East to the effect that the armies of several Arab nations are assembling near the Palestine frontiers in response to a summons from the Arab League for defense against what it describes as "terrorist organizations and Zionist forces which threaten the security of Palestine Arabs."

True, at United Nations headquarters, Lake Success, spokesmen for Britain and the Jewish Agency have minimized the importance of the Arab League move. The Jewish Agency representative said it obviously was a propaganda threat timed to coincide with the U.N. deliberations regarding the Holy Land's future.

The U.N. is debating the recommendation of its special investigating committee that Palestine be divided into two independent states—one Arab and the other Jewish. And of course it wouldn't be surprising if the Arabs—who are dead set against partition—are trying to stampede the peace organization into rejecting the committee recommendation.

However, having had a good look at the Arabs in their native habitat, your correspondent isn't inclined to dismiss such a military development lightly. We don't like it. The exact

'Mechanical Brain' Brings Plane Home

The U. S. Army Air Forces' C-54 plane, equipped with the "mechanical brain," lands smoothly (top) at the All Weather Flying Center of the Clinton County Army Air Base near Wilmington, O., at the end of a round trip trans-Atlantic flight to England without the aid of human hands. The "mechanical brain" did all the piloting. Bottom: Capt. Thomas Wells of Orlando, Fla., project officer on the flight, is greeted by his wife, Adelaide, and daughter, Lauranne, 4, just after the plane landed at Wilmington. A crew of 11 was aboard. (AP Wirephoto).

Disagree Over Aid Needed For Europe

Congressmen Returning From Tour Of Inspection Divided On Extent Of Emergency; Majority Indicates More Food Required

Washington, Oct. 11—(AP)—Congressmen returning from a six week tour of Europe today disagreed on the extent of emergency aid for Europe's need for emergency aid this winter.

Rep. Nixon (R-Calif.) expressed the views of the majority when he told reporters, "Europe generally is suffering from a lack of sufficient food, and the situation today is worse than it was before the war." But Rep. Andrensen (R-Minn.) said this, "Things are not as bad as they have been portrayed to us by representatives of our own government. I think Europe can make it if we spring all right without too much suffering."

Nixon and Andrensen are members of a special House committee charged with investigating Europe's economic conditions. Returning here with them are four other members—Reps. Caise (R-SD), Monroney (R-Okla.), Mahon (D-Tex.) and Richards (D-SC).

Monroney cited the danger of communism as one reason he believes this country should send help this winter to France and Italy.

"If we do not give interim relief," he said, "Russia will step in at just the right time and send enough food."

Disturbed Peace In Fighting Fire

Phoenix, Ariz., Oct. 11—(AP)—Phoenix police received a half-dozen telephone calls yesterday that a man wearing a red bathrobe and mounted on an aged white horse was disturbing the peace in an outlying section of the city.

"Get him away from my place or I'll kill him," threatened one irate caller. A patrol car sped to the scene where it developed the man in question was C. T. Mosley. He had been vainly attempting to rouse the neighborhood to get help in fighting a fire which destroyed his \$500 home.

Mail Delivered After 16 Years Tower City, Pa., Oct. 11—(AP)—A card postmarked July 12, 1931, notifying Mrs. Phoon Krebs of a meeting of the Tower City Cater Club, was delivered today. Mrs. Krebs died last December. The card was mailed at Pottsville 20 miles away. Tower City postal officials said the card was delivered the day it was received and Pottsville officials declared it could not have remained in its post office for 16 years since a new office was built in 1937 and everything cleaned out at that time for the transfer.

Tito Cuts Diplomatic Relations With Chile

Yugoslavia Decides On Break; Claim Chile's Expelling And Accusations Of Diplomats A "Fantastic Slander"

Belgrade, Yugoslavia, Oct. 11—(AP)—The Yugoslav Ministry of Foreign Affairs announced today that Yugoslavia had decided to break off diplomatic relations with Chile.

A Foreign Office statement declared that Chile's claims against two Yugoslav diplomats expelled by the Chilean government Wednesday constituted a "most fantastic slander against our government."

The statement charged Chile with "breaking the most basic principles of international relations."

It said the Chilean action against the two Yugoslav—Dallbor Jakasa, secretary of the legation at Buenos Aires, a visitor in Santiago, and Andrej Cunja, former charge d'affaires in Santiago—was "a part of a planned campaign, not in the interests of the people of Chile, but in the interest of expansionistic tendencies of certain powers, which more and more are directing the internal and external policies of Chile."

The Chilean government, in expelling Cunja and Jakasa, accused them of fomenting, on orders from an international Communist organization, a campaign against the United States and against hemisphere defense plans, through strikes and sabotage.

The decision to turn the gold over to the non-Communist Italian government was reached by the United States and Britain and announced last night by the State Department.

Gold To Italy

Washington, Oct. 11—(AP)—A hard-pressed Italy is to receive \$28,000,000 worth of gold snatched from the Bank of Italy by the Germans and later captured by the U.S. Fifth Army.

The decision to turn the gold over to the non-Communist Italian government was reached by the United States and Britain and announced last night by the State Department.

News Briefs

Elizabeth City, N.C., Oct. 11—(AP)—Fire Chief Ken Davis estimated today that the fire which caused the death of an aged Negro inmate and slight burns to another at the Pasquotank County Home here last night, also caused "approximately \$6,000" damages to the home.

Batavia, Java, Oct. 11—(AP)—The United Nations consular mission decided at a special meeting today to cable to the Security Council before night fall a summary of its findings and conclusions in a six-week investigation of the effectiveness of the Abt. 4 Dutch-Indonesian cease-fire order.

Southport, N.C., Oct. 11—(AP)—A crewman suffering blood poisoning was to be removed from the American tanker Atlantic Dealer at sea off Southport today, according to the Coast Guard.

Washington, Oct. 11—(AP)—President Truman yesterday nominated Capt. Samuel N. Highsmith, of Greenville, N.C. for a recess appointment as a commissioned officer in the Regular Army. The appointment must be confirmed by the Senate when it reconvenes.

Christleton, S.C., Oct. 11—(AP)—The first full-dress convention of the North Carolina and South Carolina Kiwanis District since before the war ended here today after three days' activity.

The 500 Kiwanians and their guests represented almost all 89 clubs in the two states.

Orville Wright Still In Hospital Dayton, O., Oct. 11—(AP)—Orville Wright remained in Miami Valley hospital today for further treatment following his collapse here yesterday.

The 76-year-old aviation pioneer was taken to the hospital after he fainted while running up the steps of the National Cash Register building.

Dr. A. B. Brower, Wright's physician, said he was not in serious condition but was expected to remain in the hospital several days.

AFRICAN URANIUM Brussels, Oct. 11—(AP)—Paul Libois, Communist senator, said today that the Belgian Congo's uranium production was going to the United States, and challenged the government to make public its agreement with Washington.

NO INVITATION Moscow, Oct. 11—(AP)—An informed British source said today the Soviet Union had not been invited to send representatives to the wedding of Princess Elizabeth. He said the Russians are "not likely to receive an invitation."

Babson Discusses Farm Income Eureka, Kans., Oct. 11—Yes, farmers are now making big profits. The farmers net income skyrocketed from 15 billion dollars in 1945 to 18 billion dollars last year. It will be over 20 billion dollars this year notwithstanding the poor corn crop. This compares with a prewar income of 12 billion dollars or less.

Farmers Learned A Lesson But farmers are not bidding up land values and borrowing money as they did during World War I. Instead, they are using their profits to pay off mortgages, improve the farms and its buildings and build up bank accounts. Farmers bank deposits and government bond purchases last year are said to have been about 20 million dollars. Moreover, the installation of electricity, telephones and bathrooms has increased 100 percent since World War I.

This makes farming one of the "over 100 billion dollar" industries when the land, livestock, machinery, crops and other investments are considered. This prosperity is most evident when one travels through the country—as I have the past three weeks—and sees how well the

houses are painted, the fine automobiles being driven and the farmers' ability to send their boys and girls to college. Should Prices Be Criticized? Farmers are entitled to every cent they are making today. The farmers' profits should be judged by an annual average over a business cycle of twenty years. When their profits are figured in this way, farming is the poorest paid industry in the world. Over a term of years the farmer works harder for a dollar than any other class of people. For city people to complain about present "high" food prices is a crime. This especially applies to white-collar and union labor which works only forty hours a week in air-cooled plants in summer, and well-heated rooms in winter, all with modern lighting and conveniences. Food prices are high today compared with prewar prices although they are as high as wages; but again I say they should be judged by their twenty year average. They will soon enough be low again. Inflation vs Deflation Regular readers of my column (Continued on Page Two)

U.S. Agrees To Principle Of Partitioning Palestine

Hound Finds Lost Babe In Woods

Eyes rigid with fright, three-year-old Louie Denton stares at the bloodhound which has found him in dense woods near Fitzwilliam, New Hampshire, after the tot had been lost for eight hours. Bill Greene of Orford, N. H., (not shown) holds harness of the dog, "Queenie." This picture was made by Jack Teehan, staff photographer of the Keene (N. H.) Sentinel, a second or two after the bloodhound first sighted the child and before rescuers picked him up. The youngster had removed his clothes during the night. (AP Wirephoto).

Belt-Tightening For Americans Possible

RESCUERS GET DISTRESS CALL Faint Radio Message Indicates Missing Ships Are Afloat Pearl Harbor, Oct. 11—(AP)—A faint distress call intercepted by a Navy patrol pilot indicated today that four minesweepers missing since Sept. 24 with three men aboard had drifted to approximately 400 miles northeast of Palmyra Island.

The Hawaiian Sea Frontier said the pilot reported the message obviously was sent on a small, hand-cranked emergency set. The radio signal was the sixth heard in three days, but it was the first loud enough to give search planes a fix on the minesweepers' position.

The four vessels, lashed together, drifted away from Palmyra Island when the tug taking them to Manila put into that atoll 1,000 miles south of Honolulu, for food and fuel.

Sixteen planes, including two Army B-17 Flying Fortresses and four Navy seaplanes, will resume the search at dawn. The weather improved as a tropical front moving eastward, carrying with it squalls which had hampered the search.

Patrol craft were standing by at Palmyra to aid in the rescue. The seamen may be taken aboard a seaplane, however.

Small Tropical Storm Moving Toward Florida Miami, Fla., Oct. 11—(AP)—A small tropical storm still below hurricane velocity but loaded with rain began moving into the Florida Straits today after crossing Cuba during the night.

The storm is expected to reach the Florida Keys area this afternoon with gale force winds of 50 to 60 miles an hour.

The Weather Bureau in an 8:30 a.m. (EST) advisory placed the storm about 50 to 60 miles west of Havana, on the north Cuban coast. Havana reported maximum winds of 46 miles an hour and a two-inch rain in the last six hours. Batista Field, 30 miles southwest of Havana, recorded gusts up to 57 miles.

Last Rites For WCTC President Asheville, N.C., Oct. 11—(AP)—Funeral services were held at nearby Weaverville today for Dr. H. T. Hunter, president of Western Carolina Teachers College, who was found dead in his automobile in the Weaverville section yesterday.

Dr. Hunter was found slumped in the back of his car with a shotgun in his hands and a wound in his chest. Dr. P. R. Terry, Buncombe County coroner, who investigated, said Dr. Hunter had been dead about 24 hours. The college president was 64. The coroner said he has been informed that Dr. Hunter had been concerned over his health.

Confession Due To Conscience Cincinnati, Oct. 11—(AP)—Poker-faced Virginia Gibbs, 23, whose nagging conscience forced her to disclose that she induced her father to slay her lover, today awaited transfer to the Ohio Reformatory for Women to serve a life term for second degree murder.

Recently she surrendered to police, declaring her conscience hunt her and that she wanted to confess that she was responsible for the killing September 3, 1945, of Henry F. Smith, 61, her stepfather. She declared she persuaded her father, Charles Gibbs, 57, to shoot Smith just because she hated her father and wanted him locked up.

Disloyal And Risky Two Kinds Of Searches Going On Among Federal Employees; Two Classifications; Fine Interpretations; Security Above All; Close Decisions Necessary

Washington, Oct. 11—(AP)—Two kinds of searches are going on to find government workers who can't be trusted. They are searches, which sometimes overlap, to find people considered: 1. Risky to have around, called security risks. 2. Disloyal. What's the difference? A man who belongs to no Communist organization but hobnobs with Communists might be considered a security risk. A man, not a Communist, who handles secret information but babbles about it, drunk or sober, would be a security risk. A man, not a Communist but active in organizations connected with Communists, might be considered not only a security risk but disloyal, too. A Communist would be considered not only a security risk but disloyal and he'd be fired. But the line between a risky employee and a man's right to have a private life begins to get a little thin. What of a man who handles secret information but has often expressed sympathy with Communist views, and that's all? Is he a risk? Maybe. But not necessarily so. An

Agrees To Assist UN Preserve Law And Order In Two-Year Transition Period; Approves Permitting Holy Land Immigration; Claim Britain Must Stand By

Lake Success, Oct. 11—(AP)—The United States today accepted in principle a proposal for partition of Palestine into Jewish and Arab nations.

This country also agreed to help the United Nations preserve "international law and order" during a recommended two-year transition period.

On the question of providing military forces to guard against possible attacks from the outside the United States refrained from making any commitments.

In a long-awaited policy declaration before the 57-nation Palestine Committee of the General Assembly, Herschel V. Johnson, U.S. delegate, also:

1. Endorsed in principle a majority recommendation by the U. N. Special Committee on Palestine (UNSCOP) for admission of 150,000 Jewish immigrants into the Holy Land during the interim period. 2. Declared in effect that Britain was obligated to continue ruling Palestine until the United Nations undertakes "to assume responsibility."

A spokesman for the American delegation said that, in the opinion of the U.S. government, Britain was not free to carry out her announced plans of withdrawing from Palestine until the U.N. had set up machinery to replace the British administration.

Johnson made no direct reference to the current Arab League Council's move to send troops to the borders of Palestine.

In outlining the part the United States was ready to play in the implementation of the partition plan, Johnson said:

"The United States is willing to participate in a United Nations program to assist the parties involved in the establishment of a workable political settlement in Palestine."

"We refer to assistance through the problem of internal law and order during the transition period. The latter problem might require the establishment of a special commission." (Continued on Page Two)

Worker Charges CIO Union With Unfair Practice

Winston-Salem, N.C., Oct. 11—(AP)—The National Labor Relations Board here today had its first case from a worker charging a union with unfair labor practices under the Taft-Hartley Act.

Reed Johnston, head of the office, said that John W. Murray asked an investigation and hearing of a complaint that he was forced to quit five days after he had been hired by the Borden Mills in Goldsboro. In a written statement to the NLRB board, Murray said members of the CIO United Textile Workers Union of America told him it would be made "rough" for him. Murray was not a member of the TWU, which is bargaining agency for Borden employees. Murray did not request money damages from the union.

Before NLRB procedure was modified by provisions of the Taft-Hartley Act effective last Aug. 22, charges of unfair labor practices could be brought only by unions against companies.

Disloyal And Risky Two Kinds Of Searches Going On Among Federal Employees; Two Classifications; Fine Interpretations; Security Above All; Close Decisions Necessary

Washington, Oct. 11—(AP)—Two kinds of searches are going on to find government workers who can't be trusted. They are searches, which sometimes overlap, to find people considered: 1. Strength FOR THE DAY

THE POWER WILL BE GIVEN

As one reads the Bible he is impressed by the fact that very often God leads people to great achievement by setting them to the very tasks they feel they cannot do. Moses was terrified at the Lord's command that he appear before Pharaoh and take steps to lead the Israelites out of Egypt. These same Israelites to whom Moses was sent were loath and apprehensive when they heard his message, feeling that the one thing they could never do was to free their bondage. Gideon protested that he was the humblest member of a humble household and could not obey God's command to rise up and lead his people. In the New Testament the afflicted man at the Pool of Bethesda is told to take up his bed and walk—the thing apparently he could not do.

One of the most startling experiences in life is to realize that we must confront a duty or perform a task for which we seem totally un-fitted. Such circumstances sometimes arise. We find ourselves face to face with something it seems we cannot do.

These are the things that make character. It is through such circumstances as these that God works for the performing of great miracles today as ever. We may protest, as did the men in ancient days, but God's assurance of help is all we need to support us and make us victorious.

WASHINGTON LETTER

By JANE EADS

Washington—Until recently less than one-half of the youngsters in the fifth grades of the country's schools went on to high school. Now there's a movement in educational circles to see that at least 90 percent of all the youth of high school age are in high school, to make high school "accessible and available" to all youth of that age. Educators say there must first be a program that will cover "educational experiences" suited to the needs, interests and abilities of each individual youth of high school age, no matter what may be his social and economic background, his scholastic aptitude, or his occupational future.

According to Dr. Galen Jones, Director of Secondary Education, U.S. Office of Education, our high schools have been too highly selective.

He means by this that some have had to limit their program to preparation for college, or to emphasize business education, for example. Few have been able to take care of all the needs of all the youth in the community.

"When you serve the whole age group," Dr. Jones says, "you've got to consider the different abilities, capacities, interests and needs of each youngster. But there are certain things all youth needs in common."

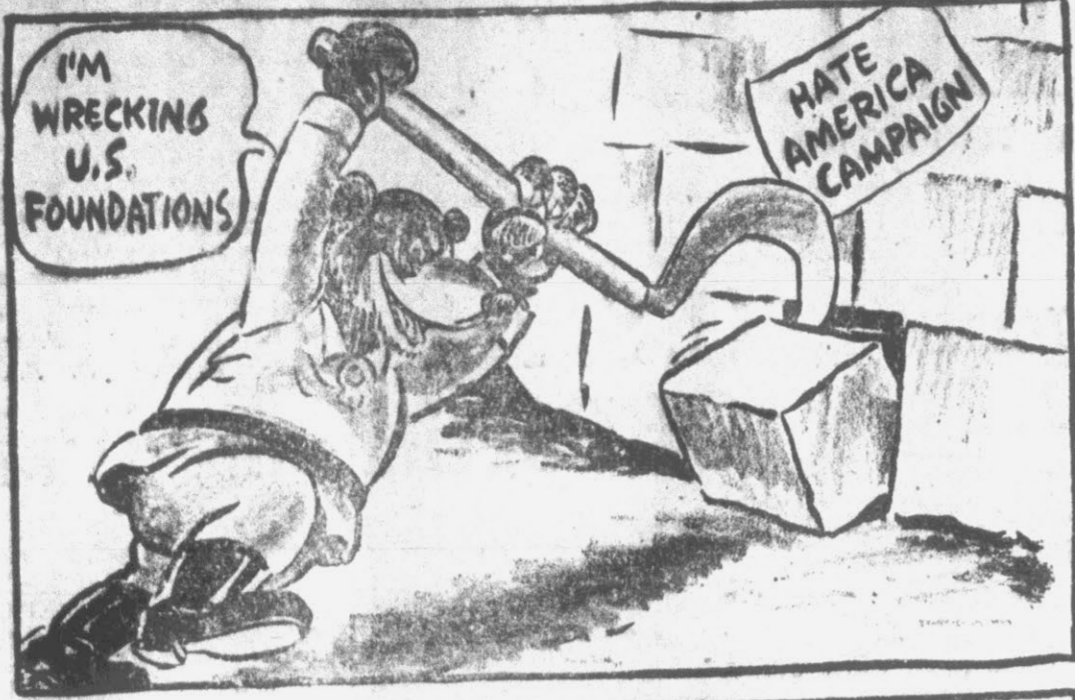

"Thus on the basis of keeping the whole age group in school among a program of studies organized in terms of the pupils it is to serve is imperative."

The high school of today, he says, should be able to cater to the needs of a youth preparing for college or the business world, one who wishes to take up a skilled trade and so on. But, more than anything, Dr. Jones feels, the high school of the American youth should provide a sound program for a good all-around education, not pointed toward any particular occupation.

He adds that a broad general education provides a background for living a rich, full life. The program should include a study of history, particularly American history and culture, and other social studies, mathematics and the sciences. He would like to add industrial or practical arts education for home and family life—the whole field of the arts.

At a conference sponsored by the Office of Education in Chicago last May more than 100 authorities in high school education voted for a "more realistic and practical program for those youth of secondary school age whose interests and abilities are such that they are headed neither for college and the professions nor for employment in the technically skilled occupations."

Backfiring Sabotage

The conference recommended that the U.S. Office of Education establish a Commission on Life Adjustment Education for Youth composed of representatives of nine of the leading educational associations of the country.

Disloyal . . .

(Continued From Page One)
how much he talked of the work he did.

The State Department, the Army, Navy and atomic energy people have been making their own investigations a good while and firing security risks.

But now, through a proposal by President Truman, the government is making a loyalty check on all employees of the executive branch of the government, such as the Labor, Commerce, Treasury Departments.

(No check is being made of the employees in the legislative (Congress) branch or the judicial (courts) branch.)

He is not asking for the firing of people who might be considered security risks. He wants the disloyal ones fired.

As examples of disloyalty he lists treason, sedition, sabotage, spying, favoring revolution, giving away secret U.S. documents or information, serving the interests of another government, belonging to Communist organizations.

So as time goes on you'll hear of people fired for disloyalty which is a major charge.

But when you hear of a person fired for security reasons he may be a man who worked in a government agency but—

Through some action was considered a risk to have around although there was nothing disloyal about his actions.

A Propaganda . . .

(Continued From Page One)
Russia and France, all of whom have big interests in the Middle East with its great oil fields.

For this reason the powers are tread- ing circumspectly. And yesterday Guatemala—inspired or otherwise—came to their relief by proposing that the U.S. Assembly create a military body, provided by small countries, to be used against any "force which takes aggression against the people of Palestine."

That suggestion would relieve the powers of direct involvement in the Arab-Jewish imbroglio and so would, in a sense, ease the breach between Russia and the Western powers.

Whatever may grow out of the Guatemala proposal, there will be many who believe that announcement of a final decision regarding the volatile Palestine committee proposal should be preceded by the creation of a U.N. military force adequate to maintain peace in the Holy Land. This is especially necessary since whatever the committee's decision may be, it will be dead against the wishes of either the Jews or the Arabs. It can't please both.

Babson . . .

(Continued From Page One)
know how I urged the purchase of a farm in the 1930's. I told you almost every month that a small farm is the best hedge against inflation along with Religion, Health and Children. Now that farms are doing in the value of steaks, 22cs, milk and vegetables "free"—you wish you, then had taken my advice!

But if you then did not do this, it is better now to wait until the next slump comes. Now is the time to store up money with which to buy a farm later. Keep in mind the mess cycle which has always operated since the days of Pharaoh in Egypt when Joseph was in charge of their crop.

Inflation vs Deflation
It is true that farmers profit from inflation because their costs are pretty much fixed. Although they need to pay more for help and machinery during good times, yet if the farm is paid for, their chief interest is in the rain, sun and weather which treats everyone alike at all times. Hence, any increase in the price of farm products during in-

flation is largely profit. When, however, deflation comes, the farmer suffers most because he can do very little to lower his costs.

As unemployment hits the cities, the workers there have less to spend upon meat; then the price of live stock quickly falls. Less grain is fed to cattle, hogs, chickens, etc.; and this also knocks down the price of corn, hogs and everything else. The farmers then "hold the bag."

Conclusion
In the meantime, the only solution is for all of us to re-examine our buying and living habits to see where we can reduce waste, especially in the case of food. Those who have been consuming carelessly should set an example for a wiser use of our scarce resources and goods during this period, when many people find it increasingly difficult to purchase what they really need.

U.S. Agrees . . .

(Continued From Page One)
stability or police force recruited on a volunteer basis by the United Nations.

"My delegation believes that certain geographical modifications should be made. For example, Jaffa should be included in the Arab state because it is predominantly an Arab city."

He then proposed that "all the inhabitants of Palestine, regardless of citizenship or place of residence, be guaranteed access to ports and to water and power facilities on a non-discriminatory basis; that constitutional guarantees, including guarantees regarding equal opportunity, be provided for Arabs and Jews alike, and that the powers of the joint economic board be strengthened."

Turning to the question of implementing the assembly's decisions on Palestine, Johnson said:

"The General Assembly did not, by admitting this item to its agenda, undertake to assume responsibility for the administration of Palestine during the process of transition to independence. Responsibility for the government of Palestine now rests with the mandatory power x x x."

Belt-Tightening . . .

(Continued From Page 1)
The secretary said there is no assurance now that crop conditions next year will be so good as to make a low reserve desirable.

A dark picture of wheat in the great plains was offset to some extent by the fact that large acreages of this grain had been planted in Missouri and the Pacific Northwest under favorable conditions.

Disagree Over . . .

(Continued From Page One)
to put across the idea that she is the only country interested in help-

ing starving people. Mahon agreed that continuing relief, particularly to Italy, is needed "to prevent chaos and collapse." Richards endorsed that idea, but said the United States should grant it only under "strong conditions" as to how the relief is to be used.

Case said this country already is obligated to keep people of the occupied territories from starving. He is chairman of a subcommittee that covered Germany and Austria.

Divided World For War's Dead

San Francisco, Oct. 11—(AP)—Remains of 3,028 American servicemen—"The boys who never came back"—were home today. America recently received them yesterday, and speakers wondered aloud about the troubled peace they won.

Thousands of persons gathered for the ceremony, heard Gov. Earl Warren declare "these boys deserve a better result for their efforts" than a troubled, quarreling world "so divided in its interpretation and content of what the Allies had been fighting for."

Name Committee To Run College

Durham, Oct. 11—(AP)—A three-member administrative committee has been named by the trustees of North Carolina Negro college at

Durham pending selection of a successor to Dr. James L. Sheppard, founder and president, who died here October 6.

Named yesterday to the interim committee were Dr. A. E. Manly, dean of the college undergraduate school of arts and sciences, chairman; Miss Ruth G. Rush, dean of women and Dr. A. L. Turner, dean of the law school.

Has Food Saving Plan Reversed

Washington, Oct. 11—(AP)—Eat more meat and poultry, says Rep. Anderson (R-Minn.).

That is the only way grain consumption can be cut down on farms in this country, he told a reporter. "If we eat more meat and poultry," he explained, "farmers will slaughter more cattle and hogs and fowl, and thus there will be fewer of them to eat the grain. President Truman and Secretary Anderson have it backwards."

'Spit And Argue' Club Reassured

Long Beach, Calif., Oct. 11—(AP)—Members of the Spit and Argue Club—mostly retired ex-Iowans and Nebraskans—protested vigorously to the City Council when they found an oil rig smack dab in the middle of their favorite park. "This Well would take away our chess games,

picnic and other recreation," they complained.

The city fathers—up to their necks in an extensive oil boom—investigated. To their relief—and that of the Spit and Arguers—they found it was just a temporary display put up by oil drillers holding their national convention here.

Announce New Price Curtis Publication

Philadelphia, Oct. 11—(AP)—Price of the Saturday Evening Post will be increased to 15 cents a copy with corresponding increases in subscription rates, the Curtis Publishing Company announced today. The Post went from five to 10 cents a copy in 1942. A spokesman said the latest boost was the result of "continued increase in production costs."

EARN \$200 PER WEEK SALARY

McLean Trucking Company, Inc., Winston-Salem, N. C., offers young men an opportunity to go into business for themselves. We sell you a new L. J. Mack Diesel Truck. We give you a three year lease contract. Earnings sufficient to pay for truck in three years, not including salary.

Mrs. J. M. Lowe Dies In Atlanta
Friends of Miss Velma Lowe of the department of business education at East Carolina Teachers college will regret to learn of the death of her mother, Mrs. J. M. Lowe of Athens, Tennessee, on last Wednesday. Mrs. Lowe died in an Atlanta hospital after a long illness. Miss Lowe will return to Greenville next Saturday to take up her duties at the college.

Burns Family Car To Keep Husband Home

Columbus, O., Oct. 11—(AP)—A 36-year-old mother today faced filing of arson charges after Assistant State Fire Marshall Gayle Owens said she had acknowledged destroying the family's 11-year-old car to "keep my husband from running around."

Mrs. J. M. Lowe Dies In Atlanta

Friends of Miss Velma Lowe of the department of business education at East Carolina Teachers college will regret to learn of the death of her mother, Mrs. J. M. Lowe of Athens, Tennessee, on last Wednesday. Mrs. Lowe died in an Atlanta hospital after a long illness. Miss Lowe will return to Greenville next Saturday to take up her duties at the college.

Emergency Operating Schedule To All Electric Consumers:

The Emergency Schedule which was set up, following the burn-out of our largest generator at the power plant, has made it possible to supply electric current for refrigeration and other essential needs with as little interruption as possible, notwithstanding the fact that it is a great inconvenience to be without complete electric service even for a little while.

Individuals and business houses generally have been very cooperative; however, there are still a few who could, without being handicapped, be a great deal more conservative, which would be a definite advantage to us in trying to spread the short supply as equitably as possible over the whole system, and we most earnestly urge everyone to use just as little current as possible. This is especially important in the evening with darkness coming earlier each day.

Circuits will be pulled, if necessary, at the same time or during the same hourly periods each day, just as nearly as possible; this provides for no service to be off more than one hour at a time, and a strict conservation of current will definitely lessen the out periods. Repairs by General Electric Company are progressing according to schedule and it is expected now that repairs will be completed by the last week in October, and you may rest assured that we are just as distressed about the matter as you are, and that everything possible is being done to restore complete electric service. Your full cooperation is requested, urged and appreciated.

40 Years Ago

THE DAILY REFLECTOR
October 11, 1907

They are giving the women credit for the recent prohibition victory in Asheville. Women are responsible for most of the good things that are coming around.

Is cotton really going to slip back to ten cents? It may do that unless the farmers do some tight holding. The town of Snow Hill will vote on the 15th on the question of abolishing saloons. No doubt it will be another case of "goodbye, booze!"

The schools of Wilson have been suspended for ten days on account of several cases of diphtheria.

Mrs. Greene Luncheon Speaker
Mrs. Arthur W. Greene of Asheville, chairman of the American Home Department of the N. C. Federation of Women's Clubs, was guest speaker at the luncheon meeting of the American Home Department of the Greenville Woman's Club held Friday at the club house.

Building Better American Homes
Through Unity and Peace was the theme of Mrs. Greene's talk. She stressed the importance of better health standards, better educational opportunities, wholesome recreation; and a spiritual awakening in our homes.

Special Masonic Notice
Regular convocation of Greenville Chapter No. 50 Royal Arch Masons Monday night, October 13, at 7:30. All officers and companions are urged to attend. Business relative to the fall classes will be presented and you are needed to assist.

Girl Scout News
Troops 12 and 4 will spend Saturday at Camp Hurdee. If it is not raining in the morning, the members of these two troops are requested to meet at the Rotary Club at ten o'clock, and bring good warm wraps and the food that all agreed to take. We are planning to have lots of fun.

Business, Professional Women Meet; Hear Democratic Leaders

The Business and Professional Women's Club of Greenville held a regular meeting Thursday night at 7 p. m. at the Woman's Club with 51 members present and 19 guests.

Mrs. J. B. Spillman, president, opened the meeting with the invocation, given by Mr. J. G. Clark, after which a turkey dinner was served. The treasurer, Mrs. Margaret Williams, gave a report and the minutes were read for approval by the secretary, Mrs. Paul Tyson.

Miss Irene Hester, chairman of Public Affairs Committee was in charge of the program and introduced the guest speakers for the evening: Mr. Hoover Taft, state president, Young Democrats, and Mr. John G. Clark, highway commissioner and county chairman of the Democratic Committee. Mr. Taft saluted the independent women of Greenville and Pitt County for the fine work being carried on and for being so well organized. He discussed how the mechanical age had given women the opportunities of man in political life as well as professional life.

Mr. John G. Clark outlined the democratic organization of Pitt County. He urged the women to attend all democratic executive meetings, state, county and national and take an active part so that government will be kept clean and be well organized for the interest of the country. Mr. Clark praised Mrs. Spillman for the fine work that she did as chairman of the Democratic Executive Committee during her term in office.

The club voted unanimously to support President Truman's request of voluntary food rationing. Mrs. Spillman thanked Miss Annie Turner for the lovely year books that were presented to each member of the club.

The following guests were welcomed by the club: Miss Frances Gross, Mrs. Louise Clapp, Miss Elizabeth Tripp, Mrs. Louise McKinney, Miss Patrice Frase, Mrs. B. M. Eagan, Miss Bratha Reagan, Mrs. Edna Fisher, Mrs. Snyder, Miss Harris, Miss Maudie Mrs. J. H. Rose, Mrs. T. M. Smau, Mrs. Jethro Johnson, Mrs. Loma Caboon, Mrs. Tommy Nunn, Mrs. R. C. Pearce, Mrs. Norman Swan, and Miss Blackman.

Those planning to attend mid-year meeting to be held at the Sheraton Hotel, High Point, No. Carolina, were reminded to make reservations early to assure the Greenville club would be well represented.

The Honorable William B. Umstead will be guest speaker for the next meeting on November 13. Many of the businessmen will meet with the club.

The meeting was brought to a close by the reading of the "Collect" and singing the club song. Mrs. Spillman, president, called a meeting of the Executive Board Committee at her home Monday night at 8 p. m. There were 10 members present. Much business matter was discussed and plans to promote Business Women's Week which is being observed this week.

Attention Recreation Commission
The Recreation Commission will meet Monday night at 8 o'clock at the Woman's Club. Every member is requested to be present.

Scout Leaders to Meet
All Scout leaders are asked to meet upstairs at the Rotary Club on Monday night, October 13, at 7:45. The meeting will last only one hour.

Rev. Reed Guest Speaker
Immanuel Baptist Church is glad to welcome to its pulpit Sunday morning the Rev. W. C. Reed, who is superintendent of the Kennebec Home in Kingston, a North Carolina Baptist organization. In the absence of the pastor, Rev. J. A. Neilson, Mr. Reed will speak in the church on the play on other occasions. He is always heard with pleasure and profit. A cordial welcome is extended to all.

Barbara Stanwyck and Richard Conte in scene from Erich Maria Remarque's poignant romance comes to the Pitt Sunday-Monday. David Niven is also starred.

Baseball 'Grab Bag' Starts Nov. 10 When Major Leagues Draft Players

Cincinnati, Oct. 10.—(AP)—Baseball's annual grab bag game will be played in the office of Commissioner A. B. Chandler here Monday morning, Nov. 10. Game time: 11 o'clock.

The date and time of the 1947 major league draft meeting was announced yesterday by Walter W. Mulberry, secretary-treasurer of baseball, said it would probably be three weeks before the office staff completed compiling the lists of several hundred eligible minor league players.

First "pick" will go to the St. Louis Browns, last-place club in the American League in the campaign just past. The National League got first choice last year and the New York Giants, tail-end club of the

1946 season, acquired Jack Lohrke, who nailed down the third base job on Mel Ott's belting aggregation.

Either Pittsburgh or Philadelphia of the senior circuit will get second grab. Since these two clubs tied for last in the National League, the rules provide that the commissioner "determine by lot" which gets second choice.

After the last-place clubs have made-or passed—their selections, the sequence puts the seventh-place American League club next, followed by the seventh-place National League club, the sixth-place American League club, and alternately up the league rolls to the flag winners—the world champion New York Yankees and the Brooklyn Dodgers.

The starting lineup for ECTC in tonight's game with Elon College, which will be staged at 9:15 in the Guy Smith Stadium, will probably be as follows:

Frank Winesette, 1c; John Wyatt, 2c; Henry Andrews, 3c; C. O. McMullen, c; Amos Sexton, rf; R. B. Lee, lf; Stanley Peel, re; Roger Thrift, ob; Allen Berry, fb; Hubert Musselwhite, hb; and Bill Darby, pb.

Two local boys are in the starting eleven. Henry Andrews, former star at the local high school, will start at left guard. A demon both on offense and defense, Andrews is making good this year with the Pirates.

Hubert "Muscles" Musselwhite of Greenville will draw the starting berth at right halfback. Because of an injury "Muscles" missed a good part of the game last week when the Pirates won over Atlantic Christian, but he is expected to be at top strength for tonight's game.

L. T. Jr. made his first public appearance last Sunday morning at Sunday school. We were very glad to have him and also to have his mother, Mrs. Lawrence Tyson, back with us again.

We had a fine crowd for choir practice last Sunday night and hope to have an even larger crowd this coming Sunday night.

Revel starts Sunday night and will run through Saturday night. Rev. L. M. Johnson of Lucama will conduct the services and our pastor, Rev. R. N. Hinman, will lead the singing.

The Junior Ladies' Auxiliary met Monday night at the home of Miss Janice Tyson. We had a fine meeting and a right large crowd.

Last Sunday the family of the late N. W. Tyson gathered on the lawn for their yearly reunion at the home of Mr. and Mrs. B. L. Tyson. Lunch was spread on a table outside and after everyone had their fill they went in different directions. The men of course gathered around a radio for the ball game and the women got in one room and talked, while the younger ones gathered around the piano and had a fine

JACKETS DOWN PHANTOMS BY HEAVY MARGIN

G-Men Scored On In Every Period As Elizabeth City Takes 34-0 Win

Scoring in every period the Elizabeth City Yellow Jackets ran roughshod over Greenville's Phantoms 34-0 in a conference game.

The heretofore hard-charging line was laid low as Winslow, Heath and Davenport ran for continuous long gains.

Winslow started the scoring parade on a 48 yard jaunt 2 1-2 minutes after the kickoff. He passed to Heath for the extra point.

Wasting no time, Bill Davenport climaxed a drive with an off-tackle thrust into paydirt about five minutes after Winslow's TD.

Gard tallied for the Jackets late in the second period for the third Jacket score. The combination of Winslow and Heath was again good for the conversion.

The G-Men came back into the game after the half with a 20-point deficit and did not appear to be able to master it. Reynolds scored after Tyrrell's long run to make the score 26-0. Winslow heaved to Tyrrell for the conversion.

With four minutes left in the game Bill Winslow, who had wreaked havoc on the G-Men all evening, once more smashed into the end zone for a touchdown. He added the crowning touch by booting the extra and 34th point.

The Parleymen never once threatened to score nor were they able to stop the Jackets' ground offense but once.

Van and Jack Morgan, who had played on the Elizabeth City eleven in previous years, performed creditably for the Phantoms. Joseph looked good on defense. The Jacket line was superb.

The starting lineup for ECTC in tonight's game with Elon College, which will be staged at 9:15 in the Guy Smith Stadium, will probably be as follows:

Frank Winesette, 1c; John Wyatt, 2c; Henry Andrews, 3c; C. O. McMullen, c; Amos Sexton, rf; R. B. Lee, lf; Stanley Peel, re; Roger Thrift, ob; Allen Berry, fb; Hubert Musselwhite, hb; and Bill Darby, pb.
