TOBIN, MEANY TAKE CONTROL OF AFL MEET

Overwhelm Lewis
And Hutcheson With
Votes Of Convention
Followers

San Francisco, Oct. 16—(AP)—A Bronx plumber and a Boston coal wagon driver emerged today as the undisputed bosses of the American Federation of Labor convention.

Control of the convention for George Meany of the plumbers and Daniel J. Tobin of the teamsters carried with it virtual control of the 15-man policy-making Executive Council which will run the AFL's affairs from now until next fall, when the federation meets again.

As the convention drew to a close today, delegates admitted that the smoothly-operating machine of the 72-year-old Tobin and 53-year-old Meany was the big revelation of the 66th annual get-together of the labor group.

Together Meany and Tobin overwhelmed John L. Lewis and William L. Hutcheson with their votes. While Lewis created the firestorm with his effort to block what he called "dehydration" of the Executive Council, it was Hutcheson who suffered most. He and his carpenter have wielded the big stick in the federation since 1915.

Lewis and his United Mine Workers never had much of a chance to get support of the other delegates in their stand against signing non-Communist affidavits in an all-out defiance of the Taft-Hartley Act. The other federation leaders—even Hutcheson—favored complying with the affidavit requirement so the weaker unions could have access to the protective machinery of the National Labor Relations Board.

Lewis lost that fight, and two-thirds of the 763 delegates elected to amend the AFL constitution and do away with the 13 vice-presidencies.

Now President William Green and Secretary-Treasurer Meany are the AFL's only officers. They will sign the affidavits.

**Snakehandling
At Courthouse**

Harlan, Ky., Oct. 16—(AP)—Members of the "faith healers" religious sect mapped plans today to conduct another snake-handling service on the courthouse lawn here Sunday.

Plans for the new demonstration were announced after two court decisions under Kentucky's 1941 law banning public handling of snakes. One ruling was adverse, the other favorable.

Odell Shupe of nearby Cumberland, Ky., involved in both court rulings, announced the Sunday service.

**Plan Building
New Community**

Jeffersonville, Ind., Oct. 16—(AP)—Plans were announced yesterday for a whole new city of modern homes and stores to be erected on a 406-acre tract near here by negroes from seven states.

George Barker, a 40-year-old Minneapolis white man, who is guiding the development, said the land owners will buy their materials co-operatively to cut the cost of the 2,800 homes and business houses which eventually will make up the community.

3-CENT AIR MAIL STAMP

Los Angeles, Oct. 16—(AP)—Three-cent air mail postage is the hope of Postmaster General Robert E. Hannegan, he told the National Association of Postmasters convention yesterday. The rate now is five cents.

Where Is 'One World'?

Two Worlds Is Now Actuality; First Step Is To Establish 'Peace' Between East And West; Ideal Will Come, Eventually; When It Does, Communism Will Go

By DEWITT MACKENZIE

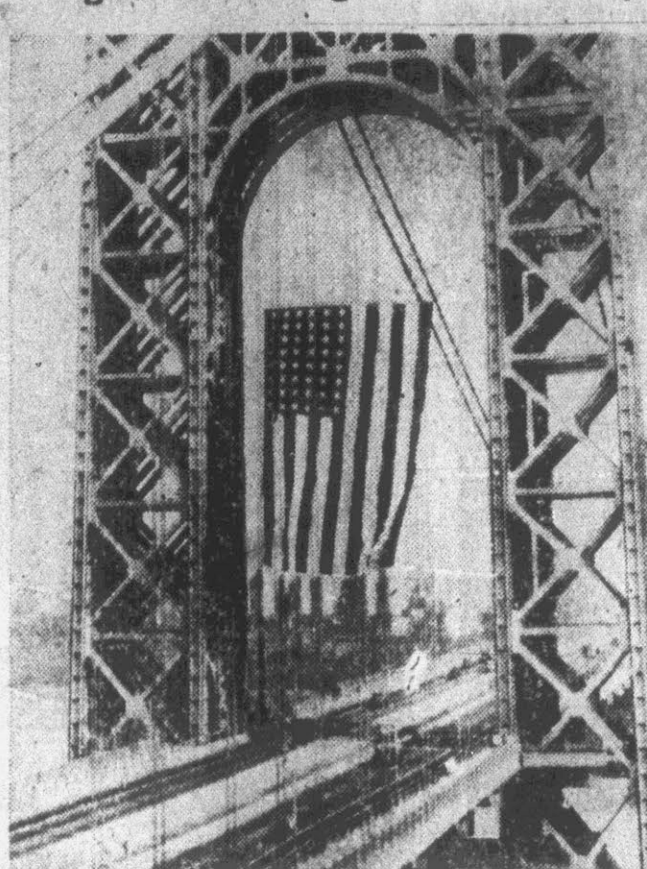

Anxious inquiries are coming to this column from folk who want to know what has happened to the ideal of "one world"—whether the drift toward "two worlds" means that "one world" is out.

Apologies of this general thought, we have some searching current observations from two of the most widely known statesmen of the day—former U. S. Secretary of State James F. Byrnes and Britain's wartime prime minister, Winston Churchill. Few were privileged to know as much as they about the relations of the Big Three (America, Britain and Russia) during the late conflict.

Byrnes states in connection with his new book "Speaking Frankly" that "there is room in the world for the ideologies of Russia and the United States just as there is room for the people of the Soviet and the United States. The U. N. is our best—if not our only—hope for reconciling the differences that exist between us."

Churchill expresses the view that the Soviet Union and its satellites

President Says Special Session Is Still Possible

Truman Says No Decision Has Been Made; Administration Will Continue Search For Funds To Hold Up Western Europe

Washington, Oct. 16—(AP)—President Truman said today there still is a possibility he will call a special session of Congress to deal with Europe's financial plight.

The President told his news conference no decision has been made and that the Administration is still continuing its search for funds for stop-gap aid to Western Europe.

The questions to Mr. Truman were prompted by published reports that officials see fair prospects that emergency help for Europe can be supplied without a special session.

Mr. Truman said Administration financial officials have had considerable success in their efforts to develop stop-gap aid.

He cited yesterday's authorization for the Army to buy \$50,000,000 of French francs.

This transaction will put needed dollars in the hands of the French. The Army will use the francs to pay for services the French have given American troops.

Mr. Truman also cited efforts by the Export-Import Bank to transfer construction loans for France to a

**Ex-Ambassador
To Turkey Dies**

Red Bank, N. J., Oct. 16—(AP)—Abram L. Elkus, 80, United States ambassador to Turkey prior to World War I, died last night at his summer home here.

A prominent New York City attorney, Elkus was a former judge of the New York State Court of Appeals and a member of the International commission which mediated a dispute between Sweden and Finland regarding sovereignty over the Aaland Islands.

It was that commission's report which aided in establishing the League of Nations as judicial medium for the arbitration of international controversies.

**Strong Quake
Rocks Fairbanks**

Fairbanks, Alaska, Oct. 16—(AP)—A strong earthquake shook Fairbanks shortly after 4 p. m. (9 p. m. EST) yesterday, breaking windows and knocking merchandise off shelves.

The quake, sixteenth in nine days and the sharpest in 10 years, continued for almost half an hour. No injuries were reported.

Six hours earlier another heavy quake was recorded on the University of Alaska seismograph. The seismograph operator placed it at about 50 miles southeast of here.

**Taft, Stassen
To Make Talks**

Columbus, O., Oct. 16—(AP)—Two potential presidential candidates, Sen. Robert A. Taft and former Gov. Harold E. Stassen of Minnesota, will discuss national issues before 1,000 Ohio Republican women leaders here tonight.

Stassen, the only avowed candidate for the Republican presidential nomination, comes here more in the role of an ambassador of friendship and good will than a candidate seeking delegates.

**She Took Apartment
In Lieu Of Alimony**

Chicago, Oct. 16—(AP)—Mrs. Audrey V. Hudson, 27, awarded a divorce in circuit court from her husband, James, 28, a carpenter, took the lease on a four-room apartment in lieu of alimony.

Her attorney, Irving Eisenman, explained to Judge Julius Miner yesterday Mrs. Hudson was more concerned about a place to live than money. She also will receive the furnishings in the apartment.

MARSHALL HAS ENDORSEMENT OF CIO RANKS

American Policy Overwhelmingly Approved; Leftists In Union Get Setback

Boston, Oct. 16—(AP)—This was clear today: The CIO stands overwhelmingly behind Secretary of State Marshall and American foreign policy.

This is the No. 1 fact of the CIO convention so far. It was demonstrated yesterday in one of the most violent debates heard at a CIO convention in the last six years.

The convention cheered constantly for right-wing speakers who shouted their support of American policy and fired criticism at Russian and Communist methods.

It was an obvious spanking for the CIO's extreme left wing, with President Philip Murray doing part of the spanking.

The loudest and longest roar of applause came when George Baldani of the textile workers said that in Russia President Truman has been compared to a Hitler and then added: "He couldn't be a Hitler, because if he were a Hitler, Russia would work out a pact with him."

Secretary Marshall himself addressed the convention earlier in the day. The delegates gave him an ovation. Murray called him "one of the world's greatest champions of peace."

Marshall spoke of the "urgent necessity" of "positive interim measures" to supply food and coal to Europe "to prevent a fatal deterioration, political, economic and psychological."

He said: "We are faced with the danger of the actual disappearance of the characteristics of western civilization on which our government and our manner of living depend."

He said the U. S. is making a "determined campaign" to get world stability, which is necessary to world peace.

He spoke of the need for "infinite patience" readiness to assist those in need of help and "the discipline and dictation of them by small groups of men who have arranged and dictated for them."

**Ship On Second
Mercy Mission**

New York, Oct. 16—(AP)—The Coast Guard cutter Bibb, favored now by a mild sea and with the help of 69 persons from the North Atlantic recorded in its log, steamed today on another mercy mission.

Finished with its 20-hour battle against heavy seas during which she removed the passengers and crew of the downed flying boat Bermuda Sky Queen, the cutter sped to a rendezvous with its sister ship Duane, to take aboard a seaman stricken with appendicitis.

The Duane has relieved the Bibb of its weather station duties.

**Plan Dismantle 682
Plants In Two Zones**

U. S. And British Military Governments In Germany Announce Extensive Program Of Reparations; Much Accomplished

Berlin, Oct. 16—(AP)—The British-American Military Governments today announced plans to dismantle 682 German industrial and war plants in their two zones for reparations in the "speediest" time possible to expedite European economic recovery.

Of the factories, 380 are metal, chemical and electric engineering shipbuilding and power plants.

The remainder are war plants from which the statement said much of the general purpose equipment already had been delivered to the inter-allied reparations agency, the Soviet Union and Poland.

The list, prepared under the new level of industry plan for the combined western zones, compared with more than 1,600 plants in the fused zones which were considered for reparations under the old level of industry for all of Germany.

In a joint statement to the German people, Gen. Lucius D. Clay and Marshal Sir Sholto Douglas, the U. S. and British military governments, emphasized that the reparations plan was a "firm" one, but said they would consider "well-founded" suggestions for substitution of equivalent individual plants.

Publication of the list of plants to be dismantled has been awaited tensely by Germans since the new level of industry for the combined zones, providing for a ceiling production of 10,700,000 ingot tons of steel, was announced in late August.

German public officials and trade union leaders have attacked the British-American reparations policy as a blow to German economic revival and a source of unemployment. Trade unionists have threatened non-cooperation in dismantling the plants as well as strikes and demonstrations.

He declined to discuss details except to say that the measures included provisions for tightening the Arab boycott of Jewish goods and for closing the frontiers of all Arab states to the Jews.

The League wound up its current sessions on the Palestine situation last night.

**Report Striking
Miners In Pits**

Santiago, Chile, Oct. 16—(AP)—Gen. Guillermo Barros Tiarado, Chile's defense minister, reported from the coalfields today that 2,700 of 16,000 striking miners had returned to work up to last night under a government back-to-work order.

He was quoted as saying the situation would be normal "within three or four days." The strike, which the government contends resulted from "Communist agitation," is in its 13th day. The miners say they want more pay.

CHALLENGE BY ARAB NATIONS

Egypt And Syria To Test Validity Of UN Palestine Action

Lake Success, Oct. 16—(AP)—Two Arab countries disclosed today that they would challenge formally the legality of any United Nations action on the Palestine problem.

This disclosure came as Britain prepared to emphasize her determination to withdraw from the Holy Land at an early date and leave the problem up to the United Nations.

Other major United Nations developments:

1. Canada formally proposed that the General Assembly's 57-nation Palestine Committee direct a subcommittee to study ways of implementing the plan to partition the Holy Land into separate Jewish and Arab countries.

2. Poland declared in the 57-nation Political Committee that Secretary of State Marshall's program to overhaul U. N. peace-keeping machinery was "contrary to the spirit" of the United Nations.

**Twenty-Five Day
Hunger Strike**

Belfast, Northern Ireland, Oct. 16—(AP)—The hunger strike which began Tuesday, 23-year-old former member of the outlawed Irish Republican Army, began 25 days ago in the Belfast jail, ended today with his deportation to Eire.

Government officials announced that on the advice of physicians who examined Fleming Tuesday it had been decided to place him in the care of his family. He was removed from the jail last night in an ambulance.

Attorney General Probes Exchanges

Washington, Oct. 16—(AP)—President Truman said today that Attorney General Clark is investigating gambling in grains and fibers on commodity exchanges.

Mr. Truman spoke out against gambling in commodities at a news conference, during which he attributed much of increased food costs to such speculation.

He also said that he thinks the food conservation program is showing signs of success.

The President saw no immediate need for the return to food rationing and other such controls. He called them police-state methods usable only in extreme emergencies.

In a stern manner, Mr. Truman said there is a tremendous amount of gambling on the commodity exchanges. He said that the wheat crop had been traded in eight or nine times on the Chicago Board of Trade alone.

Questioned by reporters as to whether government purchases for foreign relief are largely responsible for prevailing high prices, the President said while this buying has had some effect it is not considerable. He added that the United States always has exported a third or more of its wheat crop.

**TAX REVISION
RECOMMENDED**

Commerce Dept. Group Says Modification To Aid Business

Washington, Oct. 16—(AP)—The Commerce Department's 20-man advisory committee on small business recommended today that federal tax policies be modified "in the interests of business."

The recommendations were submitted to Secretary of Commerce Harrison H. Dugan, at the close of a three-day committee meeting.

The committee asked that the Commerce Department make an "active campaign" for:

1. A \$25,000 exemption from tax on undistributed earnings of businesses and "removal of uncertainties and fear which hamper management judgment" on whether to retain larger earnings.

2. Equal tax treatment for co-operatives "when they are in competition with private tax-producing enterprises."

3. Permission for both incorporated and unincorporated businesses to average their incomes over a five to eight year period in making their income tax returns.

4. Federal adoption of the community property system.

5. A reduction in "duplicate taxation" on corporate incomes which are taxed against the corporations and as personal income of shareholders to whom dividends are paid.

**Arab League To
Tighten Boycott**

Beirut, Lebanon, Oct. 16—(AP)—Abdel Rahman Azzam, aisha, secretary general of the Arab League had adopted strict measures intended to throttle Zionism economically.

He declined to discuss details except to say that the measures included provisions for tightening the Arab boycott of Jewish goods and for closing the frontiers of all Arab states to the Jews.

The League wound up its current sessions on the Palestine situation last night.

STORM'S COST FOR SAVANNAH NEAR MILLION

Many Homes And Business Buildings Damaged; Storm Blows Itself Out

Savannah, Ga., Oct. 16—(AP)—A preliminary survey by the Red Cross today showed 1,500 homes and 100 business buildings damaged in Savannah by the hurricane which struck the Georgia coast yesterday.

The storm blew itself out in south-west Georgia last night, after an erratic career which carried it across Florida's tip, out into the Atlantic and back into the Georgia coast.

Savannah's damage was placed officially at \$1,000,000. At Savannah Beach it was estimated at \$500,000.

All the principal highways leading into Savannah had been cleared for traffic today and most of the city streets were open. Emergency crews continued the work of cleaning up the city's historic parks which were littered with fallen trees.

The causeway to Savannah Beach, 18 miles east of the city, was covered with seaweed washed up by abnormally high tides, but automobile traffic was going through. Telephone communication with the beach was still out and power was off throughout the area.

A shortage of insurance adjusters, busy in Florida and on the Mississippi Gulf Coast which suffered from previous hurricanes, was expected to delay repair of the damage here.

Skies remained overcast and there was a slight drizzle.

The Caribbean-born storm left in its wake a trail of human discomfort and relatively minor property damage—uprooted trees, fallen power and telephone lines, leaky roofs, broken windows and twisted and torn signs.

However, floods still covered rich truck farming areas in southern Florida around Miami and a heavy surf was still beating at the coast from Florida to South Carolina.

**Former German
Naval Vessels
To Go To France**

Washington, Oct. 16—(AP)—Undersecretary of State Robert Lovett said today the United States is ready to turn over 31 former German naval vessels and a floating dock to the French government.

These vessels are part of the American share of capture German ships awarded to the United States by the three-nation naval commission set up at the Potsdam conference. Russia, Britain and the U. S. made up the commission.

The American government promised in an agreement with former Premier Leon Blum on May 28, 1946, that it would make available some of these ships.

The vessels include three destroyers, 12 mine sweepers, 7 cargo-tugs, 1 aviation supply ship, 1 aviation repair and maintenance ship, 1 depot ship, 3 trawlers, 1 tanker, 2 torpedo transporters and a 40,000-ton floating dock.

**Burglars Enter
Police Station**

Algonquin, Ill., Oct. 16—(AP)—Police in this small northern Illinois community have kept crime at the zero mark for several months but now they are trying to solve one in which they were the victims.

Burglars broke into the police station and stole two revolvers, three boxes of cartridges, 10 special police badges, keys to the jail and the town waterworks.

Chief Late Benthussen and his one-man force, Policeman Stanley Bird, decided to call in Sheriff Fred Bau of McHenry County to help capture the burglars.

Marshall And The CIO

Union Convention Waited With Some Excitement For Secretary Of State Addresses; Looked For Historic Statement; What He Said; The Effect Abroad

By JAMES MARLOW

Boston, Oct. 16—(AP)—There was a kind of breathless air around the CIO convention here this week before Secretary of State Marshall talked yesterday.

There no doubt this CIO convention of 41 unions has been a pretty cut-and-dried, humdrum meeting. Marshall's talk was going to be the highlight.

The breathlessness came from this kind of wondering among the union delegates:

Will Marshall use the CIO convention to make a sharp, maybe historic reply to Russia's charges of American warmongering?

He didn't. He made some pretty pointed statements about communism, without mentioning communism or Russia by name. But he was not startling.

He repeated some things he has said before but, because they were major things, they could stand repeating.

Briefly, he repeated his statements about the need of aid for Europe. He tackled the problem in the two ways in which this country

Mrs. Verona Joyner Langford, county home demonstration agent spoke on the subject of the evening. Mrs. Langford said, "The complete home under the direction of the mother and father is a more perfect university than Harvard, Yale or any other institution of higher learning for it has such a great influence upon the lives of the future citizens of the land. If parents were more interested in the proper development of their children than in the American dollar, the world would better succeed in the preservation of peace."

Mrs. S. D. Tucker stated, "The home is a training school for the child for all phases of adult life. It is in the home that honesty, justice, fair play, and the true Christian spirit is first developed. Dr. Joseph Smith of Greenville spoke on the American home as a unit of health. The prize, a bag of flour, given by the P. T. A. was won by Mr. Sammy D. Tucker. A Halloween program was presented by the elementary grades under the direction of their teachers, Mrs. J. H. Veterans Urged To Renew Lapsed GI Insurance

Former service men and women were urged today by the Veterans Administration to pick up at least part of their lapsed G. I. Insurance even if they feel they cannot afford at present to reinstate the full amount of their policies.

"Some veterans have the mistaken idea they must repay the entire amount of their lapsed insurance if they want to put any of it back in effect," said Mr. E. C. Bailey, insurance officer of the North Carolina Regional VA office. "As a matter of fact, as little as \$1,000 of a policy may be reinstated and only two premiums are required."

"If a veteran wishes to increase his protection later on," Mr. Bailey continued, "he can reinstate another \$1,000 of his lapsed insurance, or a larger amount, as long as it is a multiple of \$500. The minimum

G. I. Insurance allowed is \$1,000 and the maximum is \$10,000."

December 2, Roanoke, Va.; 3, Winston-Salem, N.C.; 4, Charlotte, N.C.; 5, Greensboro, N.C.; 6, Raleigh, N.C.; 7, Norfolk, Va.; 8, open date in Norfolk, Va.; 9, Richmond, Va.; 10, Wilmington, N.C.; 11, Columbia, S.C.; 12, Spartanburg, S.C.; 16, Charleston, S.C.

DISTRICT PIA DIRECTOR
Hickory, Oct. 15—(AP)—Mrs. H. K. Sledge, Sr. of Charlotte was re-elected third district director of the North Carolina Congress of Parents and Teachers at the one-day district meeting yesterday and Lincoln chosen as the site for next year's meeting.

NORTH CAROLINA FIFTEENTH IN SECURITY PAYMENTS
North Carolina is fifteenth among the states in the nation in number of beneficiaries receiving monthly Social Security payments, according to a statement made today by Marshall H. Barney, manager of the Rocky Mount Social Security Office.

As of September 9th, 30,585 people in North Carolina were finding that check from Uncle Sam in their mail boxes every month. In the southeast, only Florida led in number on the rolls, and she was ahead by less than 500. Virginia, on one side of us, was close with 30,041, but to our south, South Carolina had only 15,974 recipients.

To people all over the United States, 1,832,285 checks were sent for monthly claims, while during the last 12 months 241,064 lump-sum payments were made. One out of every 76 people in the country was drawing the federal insurance last month, while in North Carolina, one in every 116 people drew. This difference was caused by the high proportion of agricultural workers in North Carolina, Mr. Barney explained.

Strength FOR THE DAY

THE MYSTERY OF SACRIFICE

One day during the war, a soldier asked his chaplain, "Where is God?" Pointing to a squad of soldiers marching out grimly to rescue some comrades who had been cut off, the chaplain replied, "There goes God." By his remark he meant that only the Spirit of God can put into men's hearts the willingness to lay down their lives for their fellows.

As we think of the saints who have lived for their faith, we can well say, "There goes God." Scientists have endured opposition and ridicule; reformers have been set upon by mobs; prophets have preached unpopular doctrines and have gone to their deaths. Frequently men lay down their lives for wrong principles. The blood that has been poured out in behalf of unworthy causes constitutes an outrage against the dignity of human life. And yet our greatest heroes have been the martyrs. As men have beheld Jeremiah and Socrates die, as the disciples of John the Baptist rathered themselves together after Herod had taken the life of the brave prophet—these all knew that they were confronting tragic situations in which God was present.

God never came so close to humanity as He did in the crucifixion of Jesus Christ. We may say as we see soldiers laying down their lives for comrades and martyrs being led to the place of execution, "There goes God." When we see Jesus Christ on the cross we say, "There is God."

WASHINGTON LETTER

By JANE EADS

Washington—The President's plea for meatless and chickenless-eggless days calls for no self-denial on the part of some 225,000 Americans who never touch meat or chicken anyway.

They are the Seventh Day Adventists, who consistently advocate a vegetarian diet using nuts, soy beans, vegetables, and fruits for meaty of their main dishes.

During the meat shortage in 1945 Adventist pastors, dieticians, directors of culinary departments and experienced housewives were urged to give practical help wherever possible on the problem of how to meet the average family's needs with the food available.

So today national headquarters of the Adventists offer helpful suggestions for meatless meals.

Recipes in the "Homemakers' Cookbook," gotten out by the Adventists at their Review and Herald Publishing Association, have been tested by three rules: (1) wholesomeness, (2) tastiness and appeal, (3) nutrition.

They include lentil roasts, carrot nut loaf, oatmeal hamburgers, meatless chili, potato mushroom pot pie, vegetable cutlets and things called king tum ditty and dictum ditty. The Seventh Day Adventists, these recipes will show, have made an art of many fine tricks of flavor and variety.

The lentil roast is made as follows: Put two cups of cooked lentils, eight small boiled potatoes, one cup dry bread crumbs, one cup of nuts, two small onions through food chopper, add four tablespoons salad oil, salt and sage. Add sufficient rich milk to moisten. Form into loaf and bake in moderate oven until onions are tender and roast is well browned.

Here are a few other suggestions: Carrot nut loaf: To two cups cooked ground carrots add one cup cooked rice and five cups cracker grounds. Soak two cups toasted bread crumbs in water until soft, then press out water. Add this to carrot mixture with one-half cup chopped onions, one cup ground nuts, one teaspoon sage, two tablespoons soy cream, salt, paprika and celery salt to taste. Mix, put into greased loaf tin, oil top of loaf, sprinkle with cracker crumbs, and bake in moderate oven until firm and well done. Serve with tomato sauce.

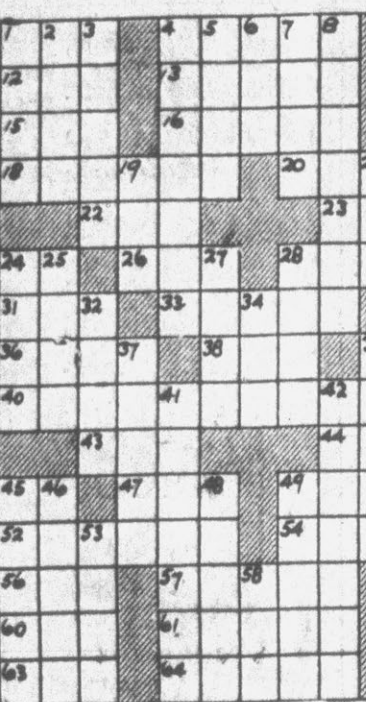

Meatless chili: Cook slowly one medium, chopped onion, 1-2 chopped green pepper in three tablespoons vegetable oil until onion is light brown. Add one can kidney beans, or two cups dried kidney beans cooked, one can tomato soup and 1-2 cup cooked rice. Bake in greased casserole in moderate oven for 1-2 hour.

Oatmeal hamburgers: One cup of rolled oats, one cup ground walnuts

New Members Of College Faculty Have Arrived

Dr. Martha Pingel of New York City and Peter Babich of Simpson, Pa., new members of the faculty at East Carolina Teachers College, arrived on the campus this week to begin work. Dr. Pingel is a member of the English department, and Babich of the social sciences department.

Dr. Pingel received her undergraduate training at Hunter College in New York City and holds both the master's and the doctor's degrees from Columbia University. Last year she was a member of the faculty of Paul Smith's College in New York state. Since 1943 she has done guidance work among veterans at hospitals, canteens, and army camps.

Babich was last year a member of the faculty of the Citadel in Charleston, S.C. Previously he had taught in high schools in Florida and at Montclair Academy, N. J. During the war he served in the army from 1942 to 1945. He received his education at Rollins College in Florida and at the University of Florida, where he earned the master's degree.

Dr. Pingel and Babich are among the five new teachers to be added to the East Carolina faculty since an unusually large enrollment of 1401 students at the beginning of the fall quarter made an increase in the staff necessary.

Arrest Two Men On Charge Of Forging Checks

The Greenville police department today announced the arrest of two young men on charges of forgery. They are Carl C. Croom, 20, of 505 East Tenth Street and Crawford E. Mulder, 26, of Evans Street, living over the Double Cola plant.

The pair are reportedly "wanted" in Elizabeth City, Burlington, Raleigh, Wilson and Williamston.

Forged checks, estimated to total around \$750, have been allegedly written by Croom and Mulder in the past ten days. So far as is known, the accused forgers did not pass any checks in Greenville.

W. W. Spence, of the SBI, Chief J. R. Tanner and Detective M. E. Crawford of the Greenville police department made the arrests early this morning at around 2 a.m.

Police officers from Elizabeth City are expected in Greenville today to take the prisoners to that city for hearing.

Unsteady Prices On Eastern Belt

Raleigh, N. C., Oct. 16—(AP)—Unsteady prices on the eastern North Carolina tobacco belt yesterday were counterbalanced by gains on the middle and border belts.

On the eastern belt, only cutters, lugs, most nondescript and orange and red leaf were steady to \$3 higher. Most other grades were off from \$1 to \$4 on the belt which Tuesday handled 9,432,760 pounds for \$45.22.

Prices recovered somewhat from Tuesday's heavy drops on the middle belt with most leaf advancing \$1 to \$2.

Polio Emergency Volunteers have trained groups of women in 74 counties of 31 states to assist scientifically in the care of patients.

Chorus Formed By Greenville Man To Make Tour

Trenton, N. J., Oct. 16—(AP)—Governor Driscoll got a forenoon serenade in his statehouse chambers today.

A group of sixteen World War II veterans, known as the American male chorus, appeared outside the governor's door to sing to him. After two selections, Driscoll came out to shake hands, pose with the chorus, and listen to another rendition. As explained by the conductor, former Lieut. Lewis Bullock of Greenville, N. C., the chorus is starting a cross-country professional concert tour after having entertained in veterans hospitals for more than a year.

Founded by Bullock in Manila early last year, the chorus in its entirety is composed of 23 voices and includes representatives of 21 states.

Three-Wheel Car In Production

Van Nuys, Calif., Oct. 16—(AP)—The first Davis automobile, a three-wheeled car which the manufacturer says can attain a speed of 116 miles per hour, rolled off an assembly line at the Davis plant here yesterday.

The Davis is a coupe with a removable hard top, has a wheelbase of 108 inches and is powered with a four-cylinder 68-horsepower engine. Gary Davis, head of the firm, said the three-wheeler will sell for \$995 f. o. b. Los Angeles and "slightly higher east of the Rockies."

Experimental spreading of rapidly sprouting mustard seeds by airplane has been tried in mountainous areas to prevent erosion of recently burned out forest districts.

STATE LEADS ON DEFENSIVE

Yields Only Average Of 74 Yards To Opponents In Three Games

New York, Oct. 16—(AP)—Up to this point, at least, the North Carolina State Wolfpack can point with pardonable pride to the slightest defensive record among any of the country's major football eleven, having yielded an average of only 74 yards per game to their first three opponents.

The Pack dropped its opening game to Duke by 7 to 0, then slammed shut the gate and blanked both Davidson and Clemson with a minimum loss of territory. Figures released today by the National College Athletic Bureau show that only William & Mary, having given up only 92 1/2 yards per contest, and Kansas, 96 1/2, came close to matching State in over-all defense.

Judged strictly on its defense against opponents' rushing attack, Boston College is the champion. In two games the New England team

don't work well, poisonous waste matter stays
in the blood. These poisons may start nagging
backaches, rheumatic pains, leg pains, loss of
pep and energy, getting up nights, swelling
puffiness under the eyes, headaches and disor-

BACKACHE, LEG PAINS MAY BE DANGER SIGN
Of Tired Kidneys

If backache and leg pains are making you
miserable, don't just complain and do nothing
about them. Nature may be warning you that
your kidneys need attention.
The kidneys are the chief way of taking
excess acids and poisons out of the
blood. They help most people pass about 3
pints a day.

has held 55 running plays by the
enemy to a net gain of 30 yards,
or 15 yards per game.

Closest to matching this rocklike
barrier is Wake Forest, another
stubborn Southern outfit, which has
yielded an average of 32.7 yards
against running plays in racking up
three victories. North Carolina
State rates third in ground defense,
having granted 35.7 yards per con-
test.

Churchill Would Regret Russia Leaving UN

New York, Oct. 15—(AP)—Win-
ston Churchill says he would be
sorry if Russia and nations close to
her walked out of the United Na-
tions but that he does not necessari-
ly believe that would lead to war.

Nor does the wartime British
prime minister believe that Russia's
"violently aggressive line" of cur-
rent propaganda is "the prelude to
war," he said last night in a radio
broadcast (CBS) from England to
the Alfred E. Smith memorial foun-
dation dinner here.

"It may be that the Soviet gov-
ernment and their Communist fifth
columns in so many countries will,
at some moment or other, quit the
United Nations organization,"
Churchill said. "Then there would
be what is called two worlds, and
we should all be sorry to see that."

"If one of these worlds is far
more powerful than the other and
is equally vigilant, and is also sin-
cerely desirous of maintaining
peace, there is no reason why a two-
world system should lead to war."

Marshall And . . .
(Continued from Page 1)

men are to be left free to organize
their social, political and economic
existence, in accordance with their
desires; or whether they are to have
their lives arranged and dictated
for them by small groups of men
who have arrogated to themselves
x x x arbitrary power.

"x x x The great enemy of de-
mocracy has always been the con-
centration of arbitrary power in a
few hands."

This, without mentioning com-
munism by name, was his pointed
statement about Communist tactics.

In Russia the Communist party,
numbering perhaps less than 5,000,
controls the country with its popu-
lation of 190,000,000.

And in any European country
where the Communists are in power
the actual number of people in the
Communist party will be a minority
to the population.

For their part, the Communists
claim that they are working for
the good of the people and will ex-
plain dictatorship on the grounds
that it is a necessary, but only
temporary, thing until a nation is
on a sound basis.

The CIO has a good deal of pre-
stige among European workers. CIO
leaders here expressed this belief
about Marshall's talk at the con-
vention:

That it would show Europeans
the CIO stands behind Marshall and
this country's foreign policy.

Pirates Play Erskine Saturday With Darby, Musselwhite Out

The Pirates of East Carolina Teachers College have been hard at work this week, preparing for their Saturday tilt with Erskine College in Due West, S.C.

Sparked by the return of Ellie Fearing, the team is showing continued fine spirit in spite of the loss of two first stringers, Bill Darby and Hubert Musselwhite, who were injured in Saturday's game with Elon. Fearing, one of the best backs in small-college competition last year, is ineligible for conference games this year, but has been granted permission to play in non-conference tilts. Pete Everett, first string quarterback of last year, will also be eligible for the lineup for the Erskine game. Their return has added power and valuable experience to the East Carolina backfield.

Bill Darby, freshman halfback from Morganton, had a punting average of 63 yards against Elon, including a 72-yard quick-kick, before a side injury forced him out of action. He is expected to return to heavy drill next week, along with Hubert Musselwhite, who is sidelined with a torn ligament.

In the first year as a member of the North State Conference the Pirates have dropped two games and won a single tilt. As the freshmen on the squad continue to polish their play, the East Carolina team begins to show great improvement.

With the Varsity journeying to Due West this weekend, Coach Howard Porter's JV's move down to Wilmington to engage the New Hanover Wildcats in a game Friday night.

JUSTICE CASE NOW IN HANDS OF OFFICIALS

Southern Conference Officials To Determine If "Choo-Choo" Eligible

Philadelphia, Oct. 16—(AP)—The case of Charlie (Choo Choo) Justice was in the hands of Southern Conference officials today as the last professional source involved in the incident emphatically declared the triple threat North Carolina back never accepted money from the Philadelphia Eagles of the National Football League.

Harry Thayer, general manager of the Los Angeles Rams, of the All-America Conference, said yesterday that Justice returned his copy of a contract and an unopened check for \$250 with a note saying he had changed his mind about playing pro ball and intended to enter college.

Thayer, whose Los Angeles team is training in Hershey, Pa., for an eastern tour, was general manager of the Eagles at the time of the Justice incident.

"After I had received the money back, Elmer Laven, then commissioner of the NFL, invalidated the contract anyway on the grounds that Justice had not been out of high school a year," Thayer said.

The former Eagles' boss said Phil Raczko, former Eagle player now with the New York Giants, signed Justice while both were playing for Bainbridge Naval Training Station. But, said Thayer, Justice at no time actually was a member of the Eagle organization.

R. B. House, chancellor of the University of North Carolina, has expressed confidence that Justice will be cleared of the charges of professionalism.

Billy Wooten, a regular tailback, got loose for a few long runs, a couple of which paid off. Sam Hux, blue-fingered end, received passes from Eddie Farley in the hard drill. The game was no pushover for the "whites" for the "blues" provided some tough opposition and were not held scoreless.

The Greenville Midgets will be missing some of the starters that were outstanding last year: Kent Lee, "Bud" Moore, Larry Flye, Bobby Bradshaw and Earl Stokes have become ineligible because of weight or age. Johnny Aman, John Sideris and Julian Vainright will be missed in the backfield.

The game will be played at 4 p.m. at Guy Smith Stadium Friday afternoon. The boys are looking for a big turnout.

Starters for the Mites will probably be: Billy Wooten, tailback; Bobby Perry and Guy Smith, halfbacks; Glen Scott, quarterback; Wiley Gardner and Sam Hux, ends; John Karsnak and Sellers Crisp, tackles; Onrad Joseph and Lee Folger, guards; Jimmy Spears or Jimmy Cheatman at center.

Dr. Hutchins F. Inge said that she "had a burning desire to be a good doctor." He told how she worked as a receptionist in his office,

Russia Harvests Big Grain Crop

Moscow, Oct. 16—(AP)—The Soviet State Planning Commission has announced that Russia's 1947 grain harvest to date is 58 per cent larger than the harvest at the same time last year.

On the basis of this Moscow observation indicated today that the Soviet Union could export without difficulty several million tons of grain in addition to amounts already promised Czechoslovakia and other countries.

Four Survived Mountain Crash

Colorado Springs, Colo., Oct. 16—(AP)—Three of four men who survived when an Iowa National Guard plane crashed into 14,109-foot Pikes Peak, killing three, were reported in critical condition today at the Camp Carson Hospital.

The fourth survivor, M-Sgt. John W. Knight, 28, of Des Moines, who struggled dazedly down the wooded, snow-covered slopes of the scenic peak in search of aid, was reported recovering satisfactorily.

No Tax Cut On Haunted House

18—NO TAX CUT
Apsley Guise, Eng., Oct. 16—(AP)—Municipal Councilor Q. W. M. Richards held today that B. Key's house was haunted, but the town tax committee overruled him.

Key applied for a tax reduction on the ground the ghosts of two murdered lovers were reported hanging around the place and thus lowering its value.
