TURKS READY FOR EXPECTED CLASH IN U. N.

Russia And Turkey May Include Nazi Collaboration Charges In Debate

Lake Success, Oct. 25—(AP)—The Soviet Union and Turkey prepared today to bring the diplomatic maneuvers of Hitler's agents into the United Nations debate on Russian charges of "warmongering" in the United States. The two countries were expected to clash over who collaborated the more—Russia or Turkey.

The stage for this clash was set last night when Soviet Deputy Foreign Minister Andrei Y. Vishinsky and Selim Sarper, Turkey's chief delegate, announced they would produce German documents to back-up their cases against each other's country.

As delegates prepared to continue debate today on a Russian resolution condemning alleged "warmongering" in the U. S., Turkey and Greece, a survey indicated that the Soviet Union was headed for defeat.

The Russian-Turkish flap came yesterday as Vishinsky delivered one of his longest speeches. Earlier, Sarper denied previous charges by Vishinsky that Turkey sought war, declaring there was no "warmongering" in Turkey. He formally accused Russia of "psychological aggression," "defiant propaganda," "warmongering" and "interfering in Turkish internal affairs."

Vishinsky denied Sarper's charges and then produced a booklet which he said contained documents found in the chancellery at Berlin by the Red Army. He read several of what he described as letters between German and Turkish diplomats. The documents related mainly to German efforts to get Turkey into the war. Vishinsky read passages which said Turkey desired a Russian defeat.

War Dead From Europe Aboard Ship Due Sunday

18—WAR DEAD New York, Oct. 25—(AP)—The combined military services and New York City will join tomorrow in honoring the first of the nation's war dead to be returned from Europe for burial in this country.

The transport Joseph V. Connolly is scheduled to arrive tomorrow morning with 6,200 war dead from Antwerp. One soldier coffin will be borne on a caisson from the pier to Central Park for the memorial service. The procession will pass the Eternal Light, memorial to World War I dead, in Madison Square.

While four 105-mm howitzers, manned by a West Point detachment, fired a 21-gun salute, the coffin will be borne from the caisson to a catafalque in the park by eight pallbearers representing the Navy, Coast Guard, Marine Corps, Army Ground Forces and Air Forces.

Chaplains still in active service will conduct the memorial service.

AAF Bombers To Fly As Escorts

Tokyo, Oct. 25—(AP)—Two Americans circling the globe in light planes will have comforting company on the most hazardous leg of their trip—the 1,500 miles from northern Japan to Shengra in the Aleutians. Army air force officers announced today that two B-17 Flying Fortresses of the Third Emergency rescue squadron will "mother" the tiny planes, piloted by George Truman of Los Angeles and Clifford Evans of Washington, D. C., on the north Pacific flight.

ABC Of European Aid

Why President Called Special Session To Help France And Italy; What They Need; How Can We Help? Stop-Gap Relief And Marshall Plan; The Cost To U. S.

By JAMES MARLOW

Washington, Oct. 25—(AP)—Here is an ABC on why President Truman has called Congress into special session to help France and Italy. This winter France and Italy will be badly in need of things like coal, wheat and oil. They'll have to buy them to get them.

This country has those things. But Americans who sell them to France and Italy want to be paid in dollars.

France and Italy, although they have money of their own, have run out of dollars. They could use their own money to buy things here if Americans would take their money, such as the French franc. But the Americans want dollars.

France and Italy, using their own money, might be able to buy from their European neighbors the things they need.

If those neighbors had the coal and wheat and oil to sell. But they're hard up, too. This country is the one which can spare the things France and Italy need.

But how can they get American

Tobacco Men Study Means To Bridge Marketing Gap

Look For Possibility Of Getting Britain Back In Market Or Means To Cushion Effects Of Ban; Grange Master To Confer In Washington

By the Associated Press

Five-cured tobacco markets in the Carolinas and Virginia were in week-end recess today but growers, warehousemen and others connected with the industry studied every possibility of getting Great Britain back in the market—or reckoned any other means of cushioning the effect of the British ban on leaf imports.

As an immediate stop-gap grower's out of Britain's announcement Thursday that it would import no more tobacco, the Five-Cured Marketing Committee yesterday ordered a suspension of sales for an indefinite period on all markets after next Tuesday.

In other action looking to bridge the marketing gap left by the British ban, North Carolina's grand master, Harry B. Calhoun, yesterday called an emergency session of the grand's Tobacco Committee for Monday. Caldwell followed up the call by departing from Washington where he is to confer with Agricultural Department officials and national grange officials.

The order suspending sales on five-cured markets on the border, old, middle and Eastern North Carolina belts was announced yesterday by Fred Royster, of Greensboro, chairman of the Marketing Committee, which is composed of five representatives each of growers, warehousemen and buyers groups.

The suspension order was issued, Royster said in a wire to the operating markets, so that every effort might be made to remedy the "situation" caused by the British withdrawal from the market.

Even before the close order was issued, prices and sales volume were feeling the effects of the ban on all belts as averages dipped \$1 to \$5.

EUROPE HAILS TRUMAN TALK

Summoning Of Congress Page One News Outside Red Sphere

London, Oct. 25—(AP)—President Truman's speech telling his reasons for calling a special session of Congress was page one news today in almost every country outside the Soviet sphere of influence.

In Moscow the announcement of the call was carried without comment. "I want to extend a welcome to that part of President Truman's broadcast which referred to aid to Europe," said a British Foreign Office spokesman in an unsolicited statement.

"Excellent! Excellent!" cried a French Foreign Office official. In a typical comment, the liberal London News-Chronicle said the call to Congress "may mean the difference between life and death for thousands of Europeans this winter."

The text of the speech reached France too late for editorial comment by morning papers but L'Aube, organ of the Popular Republican Movement (MRP), said in a front page editorial: "We challenge the Communists to deny x x x that on the Congress' step hangs the very existence of France."

In Italy the right and center press front-paged the speech, but the socialist Avanti did not mention it. In Belgium the Catholic La Nation Beige featured the President's statement that American policy is to help free men in free countries, and said it is stupid to say the United States is trying to dominate other nations.

'Fascist' Label Used By Pravda

Moscow, Oct. 25—(AP)—Pravda declared today the governments of Brazil and Chile were "fascist adventures" and basically anti-Soviet, and said Russia needed neither their help nor trade relations with them. An editorial in the official Communist party newspaper said that the action of the two Latin American countries in severing relations with the Soviet Union amounted to "slaves carrying out the orders of imperialist bosses."

Cut Egypt-To-Greece Travel In Quarantine

Athens, Oct. 25—(AP)—An official announcement said today all sea and air communication between Greece and Egypt would be suspended Nov. 1 for at least a month in view of the Egyptian cholera epidemic. Carriers arriving here before the suspension will be placed in quarantine, the announcement said.

No Obligation

Munich, Oct. 25—(AP)—Bavaria now has what is believed to be the first statute in German history permitting citizens to refuse to take part in war. The law—passed unanimously by the Bavarian legislature—states: "No citizen of the state or any person with the same rights is obliged to participate actively or passively in war activities against his will. No damage of any kind may result for him."

GENERAL SAYS U. S. MUST NOT GROW WEAKER

Eisenhower Declares Threats Of Force Make Dream Of Peace Impossible

Manhattan, Kas., Oct. 25—(AP)—Gen. Dwight D. Eisenhower, declared today that Americans live in a world "where force and the threat of its employment make most difficult, and even impossible in certain areas, the realization of our dream of peace among men."

Consequently, said the army chief of staff, the United States "must have the strength to convince the world that no outside force shall ever conquer this great stronghold of democracy."

Eisenhower, a Kansan, prepared his speech for a homecoming celebration at the stadium of Kansas State College of Agriculture, of which his brother, Milton, is president.

The general said "at this critical juncture of history, the free world today depends on America to lead the way."

He said this nation can share its food with hungry countries to head off a winter of starvation, and that there must be "unity for the effective execution of national policy determined by majority decision."

The late war, rather than clearing the atmosphere, left it "heavy with storm clouds that threaten new suffering to civilization," Eisenhower said. "The way to durable peace is blocked by the ruin of shattered economies, by appalling human misery and by ideological strife that seems at times beyond composition."

If unchecked, he continued, such forces "foster anarchy, the fertile breeding ground for a malignant despotism which may end all freedom and destroy every democracy."

Eisenhower said that "from our viewpoint, there is no reason why two different systems of government cannot live together peacefully. But it is idle to believe that any nation, however great, would long exist free in a world otherwise dominated by aggressive dictatorship."

'Defense' Gets Chance Next Week In Probe

Washington, Oct. 25—(AP)—The House Un-American Activities committee, in recess today, will hear so-called "defense witnesses" next week in its investigation of Communism in Hollywood.

Thomas said time will not permit all of the several score of persons already named as Communists or "party liners" to testify, but quite a few of them are listed as witnesses during the remaining five days of the hearings.

Some others not subpoenaed, have indicated that they will attend next week's sessions. A group of film actors and actresses announced they will be on hand to "protest" against the manner in which the investigation has been conducted and a delegation of Broadway actors and producers also is expected.

Tobacco For Germany Is Suggested By Carolinian

Washington, Oct. 25—(AP)—American officials looked toward Germany's notorious black market today as offering a partial solution of the problem created by Britain's ban on tobacco imports from the United States.

Representative Cooley (D-NC) presented the idea of quick mass production of cigarettes in Germany at a conference yesterday of agriculture and Army officials with tobacco representatives. They took it under advisement.

Cooley also proposed underwriting purchases of American tobacco for foreign manufacture through the Commodity Credit Corporation. This would move tobacco from farms, keep it in storage and have it aged

Babson on 'Vocational Education'

Topeka, Kansas, Oct. 25—The education business is booming! Schools and colleges across the country are packing them in like so many sardines in a can and turning them out like so many cars from a production line.

How Many Will Survive? Prewar checks on educational efficiency indicated that of every 100 students who have entered college, 56 never graduated! Why this huge mortality rate? The question of successful college achievement should challenge every taxpayer, parent, teacher and pupil.

A United States Office of Education Bulletin analyzes this figure of 56 "failures" as follows: 18.4 per cent of the students flunk; 12.4 per cent leave because of financial difficulties; 6.1 per cent because of lack of interest; 4 per cent because of sickness or death; 14.1 per cent because of various miscellaneous

EIGHT GROUPS GET BENEFIT

Contribution To Community Chest Is 'Eight-In-One Gift'

The annual Community Chest drive which will begin next Monday provides an excellent opportunity for the citizens of Greenville to make one contribution for the support of eight organizations here in their own community, according to Lee Folger, Jr., general chairman of this year's campaign. This eight-in-one gift will make possible the full year's operation of the following organizations: The Boy Scouts, Girl Scouts, King's Daughters, the Greenville Committee on Child Needs, the Thrift Shop, Teen Age Club, Negro YMCA and the Emergency Fund.

The drive will be conducted just three days next week with the special gifts committee making their calls on Monday and Tuesday and the business houses and home-to-house on Wednesday, October 29.

The progress and development of a community, according to Mr. Folger, is directly dependent on the soundness of the internal organization of that community and the eight organizations which receive financial aid from the chest are organizations which will directly affect the progress of our community. Give to the Community Chest, and give generously!

Economists See Mild Recession

New York, Oct. 25—(AP)—A mild business recession beginning next spring is expected by a majority of economists polled by the F.W. Dodge Corp.

Thomas S. Holden, president of the fact-finding organization, said that 75 of 100 economists questioned expected a recession in 1948, that 21 did not expect a recession, and four failed to express an opinion. Forty-one expected it to be mild, 19 described their expectation as "moderately serious," and 11 as "serious."

Used Cars Cost Less Than Butter By Pound

Indianapolis, Oct. 25—(AP)—A used car dealer today ran a three-column ad in the Indianapolis Star to show that his car prices are cheaper—by the pound—than the average dinner steak.

'Disaster Area'

Washington, Oct. 25—(AP)—President Truman today proclaimed the entire state of Maine a "disaster area" because of early forest fires and authorized the Federal Works Agency to supply aid from surplus property.

The President acted on information from Maj. Gen. Philip Fleming, Federal Works Administrator, who appeared before Gov. Horn on Oct. 24 and Senator White (R) of Maine.

GOP Congressmen Make It Clear Administration Will Have Fight On Its Hands Over Some Measures Despite Truman Warning Of Urgency

Washington, Oct. 25—(AP)—President Truman confronted the Republican Congress today with a demand for "prompt and courageous action" to halt runaway prices at home and snatch Europe back from the edge of economic disaster.

With this demand he coupled a sharp warning of his conviction that failure to act would lead to a depression in America and "futile aggression" in Europe.

This winter, he said, is a "decisive time in history."

Those, he told a national radio audience last night, are the reasons why he has summoned Congress into special session November 17.

Even before he spoke, and in comments immediately afterward, some of the Republican leaders in Congress made it clear that the Democratic Administration will have a fight on its hands over measures to be taken.

Rep. Halleck (R-Ind.), House majority leader, and Rep. Wolcott (R-Mich.), chairman of the House Banking Committee, accused the President of "playing politics" by linking rising living costs with foreign aid.

Senator Flenders (R-Vt.), chairman of a House-Senate subcommittee investigating the cost of living, said the President "has stated our problem" on high prices but "has not given much help on how the thing is to be solved."

However, Senator Morse (R-Ore.) said he thought the President's speech "very able" and predicted Congress would "meet it on the plane of cooperation it calls for." He said the details of Mr. Truman's program "should await his message when Congress meets."

Senator O'Connor (D-Md.) said the President's message "was a forthright one and should commend itself to all who approach the attempted solution of these important problems in a non-partisan manner."

He added that "of course the Congress will have every opportunity to determine the details of the necessary legislation."

With hunger and cold threatening in Europe and "millions of families here already 'victims of inflation,'" Mr. Truman told the nation, there are only two courses which could be taken.

"We could choose the course of inaction," he said.

"We could wait until depression caught up with us, until our living standards sank, and our people tramped the streets looking for jobs. Other democratic nations would lose hope and become easy victims of totalitarian aggression. That would be the course of defeatism and cowardice."

"Our other course is to take timely and forthright action. If we do this, we can halt the spiral of inflation at home, relieve hunger and cold abroad and help our friendly neighbors become self-governing once again." (His original text read "self-supporting.")

Report Rubirosa Now Ambassador

Paris, Oct. 25—(AP)—Porfirio Rubirosa, who recently won the United States tobacco heiress, Doris Duke, has been named ambassador of the Dominican Republic to Argentina, a reliable Dominican source said today.

The source said Rubirosa and his wife, now traveling in Italy, would return to France and sail for Buenos Aires within two weeks.

There Is Still Time

Not Yet Too Late To Keep Bolshevism From Taking Over Western Europe; Struggle Of Democracy Vs. Communism About To Be Joined; The Two Main Strategies

By DEWITT MACKENZIE

The final and crucial battle for Western Europe between Bolshevism and democracy is about to be joined—and the outcome of this engagement will go far toward determining whether free men shall continue to be free.

The strategy of the democracies is to provide the nations of Western Europe with the sinews for self-defense against Red aggression. Eastern Europe for the time being must be considered as under Soviet domination, but while communism has made much headway in Italy and France, there still may be time to rescue these two important countries and protect the rest.

This strategy is encompassed in the Marshall Plan. President Truman now has summoned Congress for a special session which will consider implementation of this plan as well as pressing home problems.

The Bolshevik strategy is to smash the Marshall Plan and thereby render Western Europe impotent before the Red drive. The Communists also have called upon all the countries of Europe to be steadfast in opposing "American slave loan

conditions" and thereby precipitate (according to Moscow) an economic crisis in the United States. After that, says Moscow, anti-capitalist Russia can cooperate with capitalist European nations.

This scheme was laid on the line by General Andrei Zhdanov, one of Bolshevism's head men, at the recent conference in Poland between the Soviet Union and the countries under its domination in Eastern Europe. That meeting was, in fact, a briefing for the battle of Western Europe.

Events are moving rapidly as both sides get set for the big showdown. Yesterday saw two interesting developments, both of which may have an important bearing on the situation.

One of these was Moscow's announcement that Nikolai V. Novikov, Soviet ambassador at Washington, has been removed from his post. There was no explanation. All we know is that Novikov was regarded as an advocate of Russo-American friendship and cooperation. In fact he told the Chicago Council of

Strength FOR THE DAY

A TRUTH TO PONDER We may not like some of the repressive measures of the orthodox theology which the Puritans of the late 17th century and the 18th century brought forth, but the predecessors of these men had vigorous minds and consecrated spirits.

One of the statements which runs through the writings of the original Puritans is that truth is in order to goodness; in other words, that the most valid reason why we should seek after truth is that it may make our lives better. There is no heresy so despicable as that which separates religious precision from religious passion. We may be perfectly orthodox in our belief and thoroughly heretical in our conduct. We may be sound on the thought side of our lives and thoroughly unsound on the behavior side. Of course if we really believe what we say we believe, we will live up to the moral principles we profess. But many people give mere intellectual assent to moral principles and let it go at that.

Christmas Gifts For Veterans in N.C. Hospitals

The American Legion Auxiliary's annual Christmas gift campaign to secure gifts for disabled veterans in North Carolina veterans hospitals to send home to members of their families is now well underway, with November 1 set as the deadline. Legion Auxiliary members and others who are interested in assuring that disabled veterans in veterans hospitals have Christmas gifts to send home to their families are urged to deliver such gifts to the home of Mrs. J. B. Spilman, on Fifth Street Extension, or to Mrs. Spilman at the Employment Bureau on Fifth Street.

would continue four or five years and may cost us about \$16,000,000,000. Sixteen European nations, including France and Italy, are taking part in the Marshall Plan. This is how that started. The help this country has been giving Europe since the war ended hasn't put Europe back on its feet. If we stop helping Europe, the leaders in this country fear that some of those European nations will turn Communist out of desperation. So the problem was: how to continue helping Europe in such a way that the help really would get Europe straightened out.

Last June 5, in a speech at Harvard University, Secretary of State Marshall said something like this: "Europe, we want to help you. But our help can't go on forever. Before we give you any more, you'll have to show signs of being willing and able to help yourselves. "So get together. Try to work out a deal by which, over a number of years, you'll work together in many ways. "If you get together and draw up a plan of self-help, then you can ask us for the remaining help you need."

Sixteen nation look Marshall at his word and met for weeks in Paris. They worked out a twofold plan: 1. For helping themselves and one another. 2. The amount of additional help, about \$16,000,000,000, they'd need from us over the next four years. Once Congress finishes with the business of stop-gap aid for France and Italy it will take on the Marshall Plan.

Christian Church Announcements

At the Eighth Street Christian Church Sunday morning the congregation will extend a welcome to a great group of new people who have expressed a desire to work and worship with the church. During this past week more than fifty new people have expressed a desire to become members of the Eighth Street Christian Church.

At this service the pastor Dr. H. G. Hanev will preach on the theme, "The Name Above Every Name," and the volunteer choir will sing the anthem "Cast Thy Burden Upon the Lord" by Mendelssohn. The Christian youth fellowship group will meet Sunday evening at 6:30.

Some young people of the local church who may be considering some form of definite Christian service have been invited to spend the day on the campus of the Christian College at Wilson. Other churches throughout the state will be sending delegates also. This is one means by which the Disciples of Christ are hoping to enlist several thousand young people in full time Christian service.

Many Disciples in Eastern North Carolina are planning now to attend the annual convention of the Christian Churches in this state to be held at Asheville November 4-7.

The college young people will have a social in the basement of the church Thursday evening. It will be in the nature of a Halloween carnival. J. B. Edwards of Winterville is chairman of the social activities of the Christian Student Association.

Chatham Book Club

A pleasant setting of soft lamp light and bright fall flowers the Chatham Book Club held its second meeting of the year with Mrs. A. C. Ruffin Tuesday afternoon at her home on 11th street.

On arrival the guests were served a delicious dessert course with coffee and nuts.

Following the business session presided over by the president, Mrs. C. E. Blair, the meeting was turned over to Mrs. Carl Adams who presided the speaker, Mrs. J. K. Long, wife of the college registrar. Her review of Joshua Loh Lieberman's best seller, "Peace of Mind," highlighted the afternoon's program. She summed up her review with these words by the author, "Both science and religion teach us that the obstacles to peace of mind are not external but lie within ourselves."

Guests of the club for the afternoon were the hostess' mother, Mrs. Tyson, and Mrs. Long.

Inter Se Club

An interpretation of modern drama was the subject of Mrs. Ruby Grant Dugan's talk before the Inter Se Club members at the home of Mrs. C. P. Irons on Tuesday. Mrs. Dugan gave interesting bits of information concerning the background of Playwright Eugene O'Neil and of Maxwell Anderson, and then discussed their most recent dramatic productions. The plays which she interpreted were, "The Ice Man Cometh," and "Joan of Lorraine." Mrs. Dugan's enthusiasm for O'Neil, whom she considers the greatest name in modern drama, was highly stimulating to the group.

The second half of her talk was an illuminating comparison of Anderson's "Joan of Lorraine" with Shaw's classic, "Saint Joan."

Following the program and the business session Mrs. Irons served a dainty sweet course with coffee. She assisted in serving by Mrs. Lindsay Wilkerson.

Guests for the afternoon were Mrs. Dugan, of Rocky Mount, Mrs. John Messick, Mrs. M. P. Hoot and Mrs. Wilkerson.

Special Program

There will be a special stewardship program at the Immanuel Baptist Church Sunday night at 8 o'clock presented by the W. M. U. Some of the young people of the

Blue Ribbon For Grimesland 4-H Club Exhibit

4-H Clubs were represented at the Pitt County Fair by four exhibits on better practices in farm and home living. These exhibits showed the kind of community program being carried on through 4-H Club work. Grimesland 4-H Club took the blue ribbon with premium prize of \$50. Their exhibit was on better methods of corn production. The 4-H Club members on this fair committee were Fred Boyce, Paul Boyce, Wayland Elks, Lloyd Smith, Pansy Sue Edwards, Nancy Poe Fleming, Mary Lou Clark and Carrie Frances Elks.

Farmville 4-H Club was second place winner with premium prize of \$40 on home beautification. This exhibit showed the progress that could be made on improving the farm grounds through 4-H Club work by planting a lawn and shrubbery. 4-H Club members on this fair committee were Joyce Morgan, Emma Sue Nanney, Dorothy Fulford and Sally Scott Morgan.

Langs 4-H Club exhibited the improvements that could be made on old furniture into attractive bedroom furniture. The premium with this third place was \$30. Members on this committee were Ruth Moore, Jean Moore, Mac Mills, Hubert Garrix, Sue Worthington, Pat Jones and Hazel Garrix.

Belvoir Club placed fourth with an exhibit on Blue Mold Control for tobacco. The premium on this exhibit was \$20. 4-H Club members on this fair committee were Kenneth Randolph, Milton Spain and Margaret Stokes.

of golden opportunities "at our little church if only we would look for it. Opportunities to help our fellow-man opportunities to help make this world a more beautiful and better place in which to live.

At one time in history the rainbow was a sign. Who knows but that it is now a sign of "good luck" in the work which we are trying to do to our church's building!

So much for rainbows. Now for a record. Miss Ella V. May has been the faithful and untiring secretary of Red Oak Christian Church for the past 21 years. Her father filled the same place for 38 years, making a total of 59 years service for father and daughter. Can you beat that?

Twenty-two out of 26 members and four friends of Circle No. 1 met at the home of the president, Mr. and Mrs. Ora Kittrell, last Monday night. It was one of the most enthusiastic meetings the circle ever held.

It was only the night before that most of them had attended a rally at the church.

New and old business was attended to, the main topic for discussion these days being, of course, the plans for our church improvement program.

The circle is learning a "passage of scripture for each meeting. We are going to ask everyone to memorize from the eighth through the fourteenth verses of the second chapter of Luke.

At Mrs. Nan Barber's suggestion, our members are giving their Sunday eggs to the circle. The proceeds from these eggs amounted to \$7.30.

Can you imagine what Mr. and Mrs. Ora Kittrell and Billy served for refreshments? Good homemade pineapple ice cream. My, it was delicious.

The Thanksgiving meeting will be held with Mr. and Mrs. Thurman Page and our little mascot, Ness Ann. These three people have never missed a meeting of the circle.

Baptismal services were held at the church last Sunday night with Rev. Thad Cox and Rev. Howard James officiating.

A large crowd attended the church get-together after the baptismal services. The roll was called by the secretary. Splendid reports of the church drive were turned in by Mr. and Mrs. Thurman Paige, Miss Elizabeth Worthington, Mr. and Mrs. F. L. Allen, Mrs. L. W. Edwards, Mrs. Ora Allen, Mrs. Travis Crawford, Mr. and Mrs. Ora Kittrell and Mrs. B. L. Tyson.

Financial reports from the church Sunday school Circle No. 1 and No. 2 and the building fund were given and they were all very encouraging.

Definite plans for improving the church have just about been completed and we hope to begin work in the near future. A great deal of interest is being manifested by the church members themselves and by friends of the church also.

Youthful Workers Club will meet Thursday night at 7:30 o'clock. All young people of the community are urged to attend.

Circle No. 2 held its October meeting at the home of Mr. and Mrs. Amos Evans' last Monday night. A large and enthusiastic number of members were present.

After a period of devotion, old and new business was discussed. It was decided to have a Halloween festival at the club house next Tuesday night at 7:30.

Delicious refreshments were served by the hostess.

Belvoir-Falkland PTA Active This Year School Work

The Belvoir-Falkland Parent-Teacher Association, at its second meeting of the school year Tuesday night, had a large attendance, an excellent program and the parents manifested renewed interest in school activities. Mrs. Julius Parker, president, presided and made an interesting report of the recent Parent-Teachers Association meeting held in Greenville. Mrs. Nina Vainwright reported on the PTA's plan to make a generous donation of playground equipment to the school. Grade mothers were recognized and Mrs. Clarence Barnhill, luncheon supervisor, made an interesting talk on that subject.

Fred Hodges, principal of the Belvoir school, expressed his appreciation of the large number of parents present, particularly the 100

Extra Point Gives Aces Victory Over Phantoms

By SPYRDON SIDERIS
An extra point, run over by Wheeler, Edenton back proved to be the winning factor last night as the Edenton Aces downed the Greenville Green Phantoms 7-6 in a Northeastern Conference game played at Guy Smith Stadium. The loss was the fourth straight for the local eleven.

Edenton dominated play during the first half and much of the second, but were able to score only once through the Greenville defense which stiffened whenever the shadows of their goal posts fell across their backs.

Jack Habit, the Aces' best back, was the sparkplug of the visitors as his broken-field running would reel off long gains and was always a constant threat to go all the way every time he carried the ball. Habit wasn't the only opposing back that ripped through for gains. He was supported by several backs who ran hard all the while.

The scoring was limited to the second half when both teams tallied; Edenton in the first part of the third quarter and Greenville in the closing minutes of the final stanza.

The Aces scored when they recovered a fumbled punt by the Phantoms' safety man on the local gridlers' 40-yard line.

Playing hard in the remaining part of the game, the Green Wave pushed over a touchdown on a double reverse that fooled most of the Edenton team.

Electing to receive, the Aces of Edenton pulled a reverse that brought the opening kickoff back to the 42-yard marker. From there they proceeded to punch out six consecutive first downs. A pass into the middle of Greenville's secondary resulted in a score, but a down field blocker was detected holding, there-by bringing the piskin back to the spot where the penalty occurred plus 15 yards that goes with hold-ing. A fumble on the next play was recovered by Walter Briley, tackle, for the Phantoms. Failing to gain the necessary 10 yards the locals were forced to punt. Edenton came back, racking up first down after first down, but always meeting up with a defense that was able to stop them when paydirt was in sight.

Edenton kicked off to open the final half, with the ball going to Perkins. The locals' ace back went tearing up his left sideline, out-stepping most of the visiting team. He was able to carry the leather over the halfway mark to Edenton's 45-yard stripe. The G-Men weren't able to make this threat go much farther and soon kicked into the end zone, bringing the ball back to Edenton's 20-yard line, where the Aces took over. Making only one first down, the winners kicked and Glynn Perkins fumbled the ball with an opposing end recovering on Green-ville's 35-yard line. With Habit and Wheeler totting the mail most of the time, the Edenton boys drove down to the Phantom 5 before Habit took it over. Wheeler, on a slice off tackle, made the extra point stand-ing up.

With the clock running out the Greens worked the ball down to the 20-yard line of Edenton. Then on a perfectly executed reverse, with the ball first coming to Joseph, who handed it off to Cox, who in turn gave it to Perkins who went over standing up. The placement for the all-important extra point was blocked by one of Edenton's secondary who rushed in through an open hole.

MIDGETS TAKE KINSTON 14-0

Locals Win First Game Of Season Using Single Wing And "T"

By BOBBY BRADSHAW
The Greenville Midgets took their first win of the season as they de-feated the Kinston Midgets 14-0 in Kinston yesterday afternoon.

The "Mighty Mites," displaying a varied but potent attack, scored in the first and third quarters and threatened on several other occa-sions.

Greenville received the opening kick-off and after failing to gain was forced to punt.

Kinston was unable to break through the hard-charging Greenville line and shifted into punt forma-tion on third down. Joe Roland, stellar guard, broke through to block the punt and Wiley Gardner re-covered for Greenville.

After several running plays Green-ville's Eddie Farley passed to Wing-back Bobby Perry for the first score of the game. Farley passed to End Wiley Gardner for the extra point.

The Greens were halted in a drive during the second quarter by several heavy penalties. The half ended with the "Mighty Mites" en-joying a 7-0 lead.

Greenville kicked off to Kinston as the second half got underway. The Kinstonians were unable to gain and Greenville took over on downs. Greenville's Farley raced for a first down and then Kinston in-tercepted one of Farley's passes.

On the next play, Jake Higgs, Greenville halfback, intercepted a Kinston pass and raced 75 yards for a touchdown. Farley passed to Gardner for the extra point.

Greenville kicked off but took over on downs as the "Baby Imps" were unable to gain.

At this point the Greens, who had previously been using the single wing method of attack, shifted into the T-formation. The "Mighty Mites" then marched for three suc-cessive first downs with every back handling the ball.

The Greens lost the ball on a fumble, however, and Kinston took over deep in their own territory.

At this point Kinston started their only sustained drive of the after-noon which carried to Greenville's 7 yard line as the game ended.

The starting line-up for Greenville was: ends Gardner, Hux; tackles, Crisp, Karnak; guards, Joseph, Ro-land; center, Spears; blockingback, Higgs; wingback, Perry; fullback, Wooten; and fullback, Farley.

The "Mighty Mites" next game will be played here next Friday night with Goldsboro furnishing the opposition.

Warning!

Motorists whose last names begin with the letters A and B have been warned by the State Highway Safety Division that their drivers' licenses will expire December 31, and that they will be liable to arrest for driving without licenses after that date.

A law passed by the recent General Assembly which became effective last July 31, requires all motorists whose names begin with the letters A and B to appear before an examiner to have their licenses re-issued or to procure new drivers licenses.

An examiner is stationed in the Highway Patrol office on the second floor of the City Hall at the City Hall.
