ITALIAN REDS ON WARPATH; HINT REVOLT

Civil War Warnings; Violence And Disorders; Assembly Turbulent

Rome, Nov. 14—(AP)—Italy's powerful left, seething with suppressed anger since Premier Alcide De Gasperi kicked it out of the cabinet last week, was openly and admittedly on the warpath today, sounding warnings of "civil war."

During turbulent Constituent Assembly debate last night over prolonged violence sweeping the entire peninsula, Communist Giuseppe Di Vittorio, leader of the big General Labor Confederation, grimly declared:

"If you want to save the country from the misfortune of civil war, it will be necessary for the government to observe the democratic legitimacy of dissolving fascist organizations rather than imbuing them with the hope of rising again and taking over power anew."

The Communist party chief, Palmiro Togliatti, pointed up the warning later when he told reporters in the assembly that the government should be "strong against De Gasperi on a parliamentary plane—as long as that is possible."

Inside the chamber the debate grew so raucous at one point that Speaker Umberto Terracini, a Communist, ejected Deputy Eduardo D'Onofrio, also a Communist, for refusing to quiet down.

One new death was reported today, swelling to five the known toll for 10 days of riotous disorder in the length and breadth of Italy. Ferruccio Gatti, ex-general of the fascist militia, who was shot as he sat at lunch in Milan Nov. 4, died of his wounds.

The clubbed, the stabbed, the trampled numbered scores, however, and strikes added to the black picture.

Chinese Official Questions Value Of U.S. Relief

Nanking, Nov. 14—(AP)—Sun Fo, vice president of China, today described the proposed \$300,000,000 U.S. aid to China as "a drop in the bucket" and observed "I've always had a hidden suspicion that American friendship was not dependable."

The son of China's famed revolutionary hero, Sun Yat-sen, said in an interview the size of the proposed aid indicated U.S. Secretary of State Marshall was more concerned with the welfare of Europe than with that of China. He said, must work out its own salvation "instead of depending upon American charity."

Sun Fo explained he did not mean China no longer values the friendship of the United States, but rather that the Chinese would do well to keep in mind that foreign aid is not dependable.

California's Governor In Race For Presidency

Washington, Nov. 14—(AP)—The communists-in-Hollywood contempt cases landed high on the docket of next week's special session of Congress today.

As a result, the House will sandwich into its debate on aid to Europe and anti-inflation steps at home a decision whether to cite ten screen writers, directors and producers for contempt.

The ten landed in congressional hot water during last month's movie hearings by the House Committee on Un-American Activities. Each of them either refused to answer or gave what the committee considered unsatisfactory replies to questions whether they are or ever were members of the Communist party.

Chairman J. Farrell Thomas announced the decision to put the issue to the House after a meeting of the Un-American Activities Committee late yesterday.

Thomas said he has "an understanding" with Speaker Martin (R-Mass.) to set aside November 24 for the House debate and vote. The committee chairman said this will not interfere with the normal legislative program.

Emperor Meets With MacArthur In Conference

Tokyo, Nov. 14—(AP)—Emperor Hirohito called on General MacArthur today for the fifth time since the occupation began. The two most prominent men in Japan conferred for nearly two hours on what an aide of MacArthur said were "routine matters."

The meeting was held at the American embassy. As usual, neither American nor Japanese officials would comment on the topics discussed, but Tokyo was immediately filled with unconfirmed rumors that matters talked over included:

MacArthur's much-touted possible return to the United States to become a presidential candidate.

Japan's economic situation.

Senator Umstead Reviews European Relief Problem

By CHESTER WALSH
"The possibility of economic and political collapse in Western Europe, which has necessitated a special session of Congress, is one of the most serious problems to face America since the end of World War II." U.S. Senator W. B. Umstead said last night at a supper meeting at Clark's, across the river, of the Business and Professional Women's Club and representatives of seven other civic organizations. About 250 men and women were present. Judge Dink James presided. Mrs. J. B. Spillman, president, presided.

Congressman Herbert C. Bonner, a special guest, spoke briefly. The senator asserted that Europe, whose 270,000,000 people accounted for about 50 percent of the world's international trade before the war, is "of great importance to our national economy and our national security."

He told the group that the security of the United States and the preservation of its democratic processes are vitally affected by Europe's social, economic, political, ideological and military problems. "The collapse of Western European nations probably would lead to the fall of their present democratic-type governments," he predicted. "Russian-promoted communism, which thrives on chaos, con-

Foreign Affairs Under Study By Congressmen

Washington, Nov. 14—(AP)—Rep. John D. Lodge (R-Conn.) predicted today that congressmen will attempt a coup in Italy next March to be synchronized with a general strike in France.

He said success of such a move in Italy would lead to the loss of Greece, Turkey and the Middle East to the communists. Lodge told the House foreign affairs committee that the communists are so powerful in Italy they could dispose of Italian police "in about three days."

The House committee and the Senate foreign relations committee are holding hearings separately on the administration's request for \$597,000,000 in emergency aid to help France, Italy and Austria out through the winter.

John Foster Dulles told the Senate group that the United States must take the lead in building a new, economically united Europe or the billions it pours into any foreign recovery program will be all (Continued On Page Eight)

fusion and destitution, would make every effort to replace the fallen governments. As recent years have demonstrated, this is a familiar and tragic pattern of events. Exploiting

The amount of food, clothing and fuel which will be necessary to help Europe through the coming winter cannot be determined by Congress until it has been given serious study, Umstead pointed out. "However, we know now the importance of American agricultural production and the vital part the American farmer will continue to play in world recovery," he declared.

The necessity for continued high agricultural production emphasizes "the need to protect and strengthen the national farm program which has meant so much to American farmers, to our nation and to the world," he said. Umstead acknowledged a financial interest and later said was owned by friends.

These developments came in quick succession at the Senate war investigations committee's inquiry into financial affairs of Meyers, a wartime air force purchasing officer.

Lawrence D. Bell, president of Bell Aircraft Corp., testified his firm awarded \$1,053,000 of subcontracts to the Aviation Electric Company, Dayton, Ohio. He said Meyers told him it was owned by his (Meyers) friends.

Oliver P. Echols, retired major general and General Meyers' immediate superior for many years, testified that Meyers told him "about 1942" that he owned stock in the electrical company but either had or would dispose of it then.

At that point, the Senate group recessed and Meyers announced to reporters that he has asked a court martial trial.

The retired general said he made the request to W. Stuart Symington, secretary of the new separate Air Force and General Carl Spaatz, Air Force head, two or three months ago.

Before Bell took the stand, the committee questioned at length Maj. Gen. James W. Jones, inspector for the Air Force. It developed testimony that Jones' office never investigated Meyers' financial affairs although:

1. The FEI turned over to the War Department in 1945 an anonymous letter saying Meyers made "unwise profits" from buying stock in concern; he knew, as a result of his Army position, would receive big contracts.

2. A major general telephoned Jones in 1943 and said he feared that "General Meyers might get into control of surplus property and hoped anything could be done to avoid that."

After Jones, the committee put in the witness chair Isaiah Malback, chief of the war frauds section of the Justice Department's Criminal Division. He testified the FEI would have investigated the charges in the anonymous letter if the matter had been within its jurisdiction.

One informant said the government would not resist a combined conservative-liberal motion for an inquiry by a select committee of Parliament the committee's report would bring a House of Commons debate in which the opposition could fire its heavy guns, possibly on the basis of a no confidence motion.

Foreign Secretary Ernest Bevin left the cabinet meeting a few minutes after it was convened. Those who know him well said he looked annoyed. War Minister Emanuel Shinwell, who is not a member of the cabinet, was called into the 80-minute session. He is chairman of the executive committee of labor party members of Parliament.

A labor party spokesman said the Dalton incident, disclosed last night, has not contributed to the government's popularity. He said the party felt, however, that the government's policies would "win back any support which may have been lost."

Gerald O'Brien, public relations officer for the conservative party, declared "there is no doubt that this has been most damaging to the prestige of the government, even though Dalton has been very frank about it."

Sir Stafford Cripps, the nation's economic czar, was appointed by Atlee last night to take Dalton's post at the head of the treasury.

REPRISAL CAMPAIGN?
Jerusalem, Nov. 14—(AP)—Two British policemen were shot to death in Tel Aviv today and a third was slain in Jerusalem. Police said they believed the Jewish underground had embarked on a new "reprisal" campaign.

Bus and truck drivers, meanwhile, voted to join seamen, longshoremen, metal, building and chemical workers in a walkout which already has paralyzed the normally busy waterfront and crippled industry.

Outwardly the city remained calm. Two regiments of soldiers, called in to preserve order after the Wednesday riots, remained on hand in event of trouble but were not greatly in evidence on the streets.

Marseille, Nov. 14—(AP)—Persons who were not immediately identified opened fire today on the Marseille headquarters of the Communist party, where a meeting was in progress.

Under the circumstances, he told a press conference yesterday, he is willing to have his name presented by the California delegation at the Republican convention as a candidate. Further, he told news men, he hopes the California voters will approve the delegation pledged to him.

Nobody in authority, he said, has proposed to him that he take a second place on the ballot and he "would not be interested" in the vice presidential nomination if it were tendered.

Warren's decision had been forecast except that some of his close associates believed he would not so quickly make up his mind on the question of permitting his name to be entered in the presidential primaries of other states.

When he made his announcement, however, he had resolved this question and reached a decision not to compete in other primaries.

Rocket Research Station Blast Fatal To Expert
Aylesbury, England, Nov. 14—(AP)—An explosion rocked Britain's rocket research station today and killed Dr. Johannes Schmidt, head of a team of German experts brought to England after the war.

The ministry of supply said another person was killed, three seriously injured and nine others slightly hurt.

The explosion apparently occurred during experiments with rockets assistance for airplane takeoffs. The station also has done research on rocket missiles, but these are tested elsewhere. The station is in the hills near here.

Schmidt, 44, was credited with creating an early rocket plane, the Messerschmitt ME-163. He and 10 German associates also had worked on the German V-1 and V-2 projects, which are being followed up in the United States by tests in New Mexico.

This sensational upheaval resulted from the indiscretion of Hugh Dalton, chancellor of the exchequer, in disclosing the terms of his budget earlier this week to a newspaper before he delivered his budget speech in the House of Commons.

He had to resign, and Prime Minister Atlee promptly gave the chancellorship to the already powerful Cripps.

This change consolidates in the hands of one of Britain's most capable men the weapons with which to battle the crisis. Observers long have regarded Cripps—austere but brilliant—as the strong man of the Labor (Socialist) Party.

Of course this concentration of power will swell the crisis of "dictatorship" from opponents of the Atlee regime. His government already has resorted to extreme measures which recently have evoked cries of "slave state" and "totalitarianism"

Three deputy sheriffs later suffered severe facial burns when something inside the plane" exploded during their investigation of the accident.

The plane struck the ground about 50 feet from the top of one knob of the mountain. It broke into flames after the crash.

John Linder, who was operating a snow plow on the road when the plane struck about 100 feet away, said the plane crashed with a loud "whoomf."

The plane, "all in flames, dropped about 100 feet in front of the dedication women for the Kinston airport Sunday.

Some 150 members of the Carolina Aero Club are expected to fly to the dedication, and the air show will include an aerial parade over Kinston.

Enlarge Army's Staff In Greece
Washington, Nov. 14—(AP)—The United States is enlarging its advisory military mission in Greece at the request of the Greek government, the army announced today.

The present advisory staff of 62 men and officers will be increased by about 90 officers and 80 enlisted men, a formal announcement by Secretary of the Army Royal disclosed.

The augmented mission intended to help Greek forces assemble and use the Truman Doctrine plan for the Greek government's fight against guerrilla forces, will furnish advice to Greek army components down to the level of divisions, Royal said.

Food Prices Hit Another High
Washington, Nov. 14—(AP)—Retail food prices in September hit a record high, sending the cost of living up another two percent for moderate-income families, the Bureau of Labor Statistics reported today.

Preliminary estimates placed the consumer's price index at a peak of about 164 per cent of the 1939 average.

Over Seventy Different Agencies Handle 'Personal' Relief Actions; How To Contact Them If You Want To Give Food Or Clothing To War-Sufferers Abroad
By JAMES MARLOW

Washington, Nov. 14—(AP)—Many people, on their own, are sending relief to people in other countries.

They're sending it in money, food and clothing to individuals and groups at the rate of more than \$12,000,000 a month.

Maybe this will help if you want to send some but don't know how: In some cases you, yourself, can send by parcel post. Otherwise, gifts may be sent through a foreign relief agency. There are more than 70 such agencies.

Suppose you want to send through an agency but don't know what agency, or how to get in touch with the one you have in mind. Then do this:

Write for information to the Advisory Committee on Voluntary Foreign Aid, Room 736, at 1778 Pennsylvania Avenue, Washington, D.C.

This committee is a kind of overall agency or clearing house for most information dealing with agencies sending foreign relief.

Just remember: Those agencies—with one exception to be noted later—send relief, such as food and clothes, to groups and not to individuals.

You ask: But how can I, Joe Jones, send relief? That depends upon the kind you want to send, and to whom.

Combat Fighters And Bombers Are Taken Out Of Storage
Washington, Nov. 14—(AP)—The United States Air Force is bringing down about 100 B-29 bombers and 490 fighters-out of storage to bring its strength up to 65 "fully operational groups" by December 31.

An announcement today said that approximately 130 B-29s will be assigned to already active Air Force units in order that groups now only partially operational may be brought up to full strength.

The 400 fighter aircraft will be P-50s and P-47s. The announcement said that no acceleration of the program to recall reserve personnel to active duty was necessitated by the transfer of the 650 airplanes to the operating force. Existing groups to which the planes will be assigned have sufficient personnel, the Air Force said.

The B-29s will be assigned to presently active groups of the strategic air command in numbers depending on requirements needed to bring the groups to full strength of 30 airplanes each.

Woodmen rescued Dr. and Mrs. Robert Dykes of Taft, Calif., from the ledge in the Uinta Mountains of northeastern Utah yesterday. Dykes had panicked his light plane on the ridge Saturday.

The young pilot, and his 28-year-old wife, Marjorie, were "completely exhausted" upon their arrival here last night after riding 14 miles down an icy mountainside and journeying 75 miles over all but impassable mountain roads to reach this city in the southwest corner of Wyoming.

With unintentional understatement, Dykes said it "was disturbing" when he and his wife heard a report on their plane radio "that we wouldn't be found till spring."

"The roughest part of our stay wasn't physical, he said in an interview with a reporter for the Salt Lake Tribune-Telegram. "It was mental."

The 29-year-old flyer reported the couple had nothing to eat after their crash last Saturday until rescue planes dropped supplies to them Wednesday after their ship was sighted from the air by Lawrence Modula of Evanston.

"The food dropped in one package," he said, "made us ill. Finally we had to drink only tomato juice and ignore the other foods."

Test Of Battleship vs. Fireboats Awaits Morning Tide
Newark, Nov. 14—(AP)—The battleship engagement between the battleship New Mexico and Newark's "squirrel-gun-navy" was postponed today after the decommissioned dreadnaught arrived outside the harbor three hours behind schedule, too late for the morning tide.

The Coast Guard reported that the towing company whose tugs are bringing the venerable vessel into port said the ship now is due to enter the harbor on tomorrow morning's tide.

At 6:35 a.m., a spokesman for the towing company said, the 30,000-ton New Mexico stood five miles southeast of Ambrose Channel lightship, in two of two tugs. She had been scheduled to reach the lightship at 5 a.m., but her progress was hampered by strong headwinds during the night.

The New Mexico was to have arrived at the entrance to Newark Bay at 8:20 a.m. high tide, where she was to negotiate a difficult 120-degree turn into the channel of the bay.

The tiny defending force, two 30-foot fire launches armed with chemical sprays and fire hoses, named "battle stations" at dawn, determined to prevent the decommissioned dreadnaught from keeping its rendezvous with a Newark scrapper which city officials say she must not reach at any cost.

Mayor Vincent J. Murphy declared war on the 33,000-ton "New Mexico" Armistice Day, ordering the fireboats to patrol the bay channel and block the entry of the once gallant flagship of the Pacific Fifth Fleet. Officials have ordered that no more ships be junked within the city.

At the age of eighteen, Anthony played first trumpet in Glenn Miller's orchestra, appearing with him in the motion picture "Sun Valley Serenade."

vict. So every one will have the opportunity of expressing his loyalty in prayer, in attendance, and in the financial support at the service Sunday morning. The program of the coming year will be presented and it is one which calls for sacrificial service on the part of every member.

The Christian Youth Fellowship meets at 6:30 and Miss Lyon the youth director has announced that Mr. Thomas Inabinet of Wilson, religious education counselor for the state of North Carolina Disciples, will be the speaker. There are 100 young people eligible to attend this C. Y. F. group meeting every Sunday night.

Evans, and David Evans. Mr. Thomas Inabinet of Wilson will address the meeting on "Christian Education and the Crusade."

Food conservation is an important subject throughout American kitchens this year. The housewife will want to be skillful and clever. She knows how to comply with the program, satisfy her family, and keep food value high and meal cost as low as possible, all at the same time. To be able to do these she must make thrifty use of all left-over food.

Listed below are some conservation ideas for left-over bread and cake. Bread which is no longer "fresh" may be converted into French toast, cinnamon toast, hot milk toast.

Cake which has lost its freshness can be served with sauces such as vanilla cream, orange, lemon, etc. Prepare in advance so as to allow the sauce to saturate into the cake.

Pound and loaf cakes which have become dry can be sliced and toasted. A delicious treat is fried pound cake. The cake is sliced and fried in buttered skillet, using slow heat. Turn to brown both sides. Serve with jelly. Slice dried cake and place in serving plate covered with whipped cream, with half apricot in center to resemble poached or fried egg on toast. This should be done in advance so that moisture from cream saturates cake to soften it before serving. Bread type rolls, coffee cakes, sweet rolls, etc. may be refreshed by placing in a paper bag, wet the outside of the bag and place into oven.

A very interesting report on "Necessities of Everyday Living" was given by Mrs. L. E. Turnage. Mrs. H. D. Moye gave a very instructive report on "Family Life" after which Mrs. Gilmer Nichols gave a report on France.

Plans for the Christmas luncheon, to be held on the regular meeting date, December 3, at the home of Mrs. H. D. Moye, were discussed. The new officers, Mrs. A. J. Garris, Mrs. Gilmer Nichols, Mrs. Lloyd Allen, Mrs. J. D. Jones and Mrs. H. D. Moye, hostesses for the luncheon, were appointed to attend the Leaders' School on Friday November 14th, which is to be held in the auditorium of the Agricultural Building at 2:30 p.m. Mrs. Moye reported that we won first prize of \$75.00 for the club exhibit at the fair. Children's Book Week

The Story of a Great Crusade

November, 1947 will mark the 8th annual observance of Children's Book Week in the United States. Launched by the Boy Scouts of America in 1919 as a crusade to put "good reading" into the hands of America's children, the campaign is now sponsored by twenty-nine leading national groups in the educational and civic welfare field.

The influence of the Book Week campaign's a cultural crusade has been tremendous. It has spread across the nation, fostering the growth of special libraries for children and of a publishing industry which is unparalleled in any other country in the world. American children's books have already proved themselves as influential ambassadors of good-will abroad. In the United States each community observes Book Week in its own way. The cooperative spirit shown in preparing such community programs is unequalled by any other similar national "Week" during the calendar year. Book Week was the first of all such "weeks". Its National Headquarters today is the Children's Book Council at 62 West 45th Street, New York City. This office now serves as a year-round public information center for and about books for children.

The Council reports that eleven million American boys and girls will lack facilities to read and know any books other than text books. The crusade still goes on. This year's Book Week theme, "Books for the World of Tomorrow," will be widely activated by participants in the national campaign which is sending Treasure Chests of children's books overseas. Add this year for the first time, to some of our own eleven million book-hungry children in the United States.

Strength FOR THE DAY

Nature of the Christian Church Spiritually, the Christian Church is the body of Christ, practically, it is the fellowship of believers. It is a brotherhood which transcends race and nationality. Men may create barriers between themselves and other men and races, but Christ came to break down the middle wall of partition between us. Paul assured the Colossians that "there is neither Greek nor Jew, circumcision nor uncircumcision, barbarian, Scythian, bond nor free. But Christ is all and in all."

In the villages and teeming cities of the Roman Empire, there were in the first Christian century little groups of men and women, a nation within a nation. Above the Emperor they recognized a King, one Jesus. High above the trivialities of rank, wealth, and culture which separated them, their lives blended together in a joy and power of which the living Christ was the source. And in that unseen fellowship they lived a common life. They were joined by bonds stronger than love and na-

"It's a fallacy that you can't teach an old dog new tricks," says Calvin Pierson, the club president. He cites a nine-year-old Dalmatian who was a kindergarten in class training and turned out to be a prize-winning show dog, earning the American Kennel Club's C.D. degree. The C.D. Grand Exalted Ruler Speaker At Elks Lodge

By CHESTER WALSH
George Skinner of Kingston, district deputy grand exalted ruler of the Benevolent and Protective Order of Elks, on his annual visitation to Greenville Lodge No. 1645, last night, delivered an impressive and eloquent address on Elksdom in which he reviewed the order's activities, last year and outlined plans for the coming year. Exalted Ruler Judge Albion Dunn of Greenville introduced the speaker. Attendance was larger than in several years. A barbecued chicken supper and all of the "trimmings" was served before the meeting.

The visiting deputy grand exalted ruler congratulated the Greenville lodge on its steadily increasing membership and its activity in the field of charity as in conformity with the order's motto, "Charity, justice, brotherly love and fidelity."
His new members were introduced and welcomed into the lodge. They are L. P. Sullivan, Joyce Jones, Elizabeth Gammann, and Roger Taylor. The lodge, organized in 1940, now has nearly 200 members.

This essential sense of democracy, this feeling of worldwide fellowship, has characterized the Christian Church from the beginning until now. Thus the Church began, and thus it must continue if it would please Christ.

WASHINGTON LETTER

By JANE EADS
Washington—It's not all sports and catfights when college people get together to compete for silver cups and championship ribbons.
Undergraduate students in 20 colleges and universities throughout the nation are here competing these days for an unusual intercollegiate event to be held at Miami Beach the last of the month.
They're sniffing and tasting samples of butter, market milk, cheese and ice cream in preparation for the 20th Annual Collegiate Students' International Contest in Judging Dairy Products.
Each member of each team must put his judgment against that of a panel of judges who are top authorities in their field.
Samples of the four products, butter, milk, cheese and ice cream, are placed on long tables. Each student is given a score card on which he makes his appraisal of roughly 40 factors each for 10 samples of each product. In all, there are about 1,800 decisions to be made by each student.
Silver cups are presented by the International Association of Ice Cream Manufacturers, the Milk Industry Foundation, the National Butter Institute. An "All-Products" cup is presented by the Dairy Industries Supply Association.
Vail W. Paschke, a young Washington attorney, is suffering from the reddest face in town.
The other evening he took his mistress to the opening concert of the National Symphony at Constitution Hall. He asked a man in the lobby if he could direct him to his

St. Paul To Hold Christmas Bazaar Dec. 4, 5

The Christmas Bazaar, which will be held on Thursday and Friday, December 4th and 5th, in the Parish House of St. Paul's Episcopal Church, under the auspices of the Women's Auxiliary of the church, will offer to the people of this area one of the finest assortments of gifts that has ever been presented locally.

The members of the Women's Auxiliary of the church have been working on many of the articles that will be offered since the early part of this year, and the delicate and exquisite handwork will be apparent to those who are seeking finer things for themselves or for their gifts at Christmas time.

The baby table will be complete in every respect, and it will be possible to complete fully a baby's wardrobe at this one booth. Mesdames A. C. Tebeau, J. C. Waldrop and D. E. Jones will have the responsibility for this table.

A children's table will be another section of the Bazaar, and clothing and other articles for children up to seven years of age will be shown on this table. Mrs. C. A. White has charge of this table, and great deal of work on the part of many members of the Auxiliary has gone into the articles that will be shown in this booth.

The doll table will have Mrs. W. S. Bost in charge and in addition to the handmade dolls there will be other toys to be seen in this section. The household table will include many useful articles for the home and some very attractive ones, and

there will be things for the living room, dining room, bedrooms and kitchen. Mrs. Aubrey Shackell is in charge of this booth.

The white elephant table is somewhat of a misnomer, because the articles to be shown in this booth will have a wide range of usefulness and attractiveness for many places. Mesdames J. T. Cheatham, Lee Folger and C. C. Skinner, Jr. have been placed in charge of this table.

In addition to those listed above, there will be a sweet table, including all kinds of jams, jellies and other delectables, with Mrs. E. B. Ferguson in charge; a garden table with Mrs. H. S. Ragsdale as chairman; and a Christmas decorations table with Miss Mary Harding in charge.

During the two days of the Bazaar, the Young People's Service League of the church will make it possible for mothers with young children to attend, without having their shopping disturbed by the presence of children, for the members of the league will care for the youngsters in the kindergarten room of the parish house, between the hours of 3 and 5:30 p.m. both afternoons.

Almost every woman in the church has had some part in planning and working for the Bazaar during the past several months, with Mesdames J. T. Little and John Mitchell having served as co-chairmen for the project. The public is cordially invited to attend the Bazaar during the two days in December, and the articles will be offered from 10 a.m. to 10 p.m. on each day.

Third Street School PTA Held Monthly Meeting Wednesday

The Parent-Teacher Association of Third Street School held its regular monthly meeting on November 12 with 72 members present.

The seventh grade presented the devotional. Lily Flye read the 100th Psalm, and Ann Brewer gave a Thanksgiving prayer. The class sang a Thanksgiving song.

Dr. H. G. Haney was introduced as the speaker. He gave an interesting talk of his experiences in France and Germany during the days of the first Armistice. He told of the many emotions displayed by the people in Paris the day the Armistice was signed. As the group of men under his command later marched through the French villages they were treated cordially by the people. But when they marched in Germany small children booted at them and threw rocks. These children were being taught in the schools to hate Americans and told to drive them out when they got big. These same small boys grew up to fight us in World War II, proving that you can't conquer people by the sword. They can only be conquered by love and understanding.

Dr. Haney concluded with these thoughts: In the hearts of all people everywhere there is a deep desire for peace in the world. We must all learn to live together, or we shall all perish together. Mrs. Vance Arnold, president, presided over the business session. Mrs. James Brewer, secretary, read the minutes. Mrs. T. F. Smaw, treasurer, made a gratifying financial report about the Halloween Festival.

A resolution was passed for withdrawing from the County Council PTA and join the City Council PTA.

The fifth grade, Mrs. Lena King, won the attendance prize. Refreshments were served. adhs6Vh C.

Rivals Meet Tonight In Final Game; Locals Ready

By SPYRIDON SIDERIS
Two of Eastern North Carolina's most bitter rivals meet tonight in the final game of the season for both teams, when Greenville's Green Phantoms tangle with the unbeaten, untied Washington Pam Pack the team that is leading the Northeastern Conference race.
Game time is 8 o'clock at Guy Smith Stadium.
Though they will enter the game as the underdog, the Phantoms will not be surprised in the least if they come out on the low end of the score. Last Friday night's win over Roanoke Rapids seems to have put a fighting spirit into the team's spirit that has been lacking since early in the season.
Rain and a few injuries have limited the Greenville griders to only one scrimmage for the entire week, but that one was one of the most spirited practices of the year. Yesterday's drill was mainly a workout against the Washington passing game.
Last year the Pam Pack was able to win the game by a convincing 33-0 score, but the Greens that is something of the past.
The win over the Yellow Jackets of Roanoke Rapids was quite to the Phantom backfield. Jack Morgan is on the injured list, and is definitely out for tonight's contest. Also missing from the backfield that played most of the engagements are William McLawhorn, blocking back, and Glenn Perkins, filling those spots are Richard Joyner, playing at the vacated wing position, Vann Morgan, who ran at the blocking-back slot in last week's victory, and Jimmy Cox, the Greenville utility back, who filled in the tail-back spot.
Though they have won only two conference games and tied one Greenville's season would be formed very successful by the team if they can pull an upset over their favored rivals.

MIDGETS WIN IN NEW BERN

Mighty Mites Take 37-7 Victory In Dazzling Display
By BOBBY BRADSHAW
The "Mighty Mites" of Greenville but on a dazzling show of football prowess as they wallowed the New Bern Midgets 37-7 in New Bern last night.
Greenville received the opening kick-off and on the second play from scrimmage Billy Wooten broke off tackle and ran 45 yards for a 77. Farley bucked over the extra point.
A few minutes later Guy Smith raced 48 yards on a double reverse to score Greenville's second tally. The attempted line plunge for the extra point failed.
Greenville scored again on the first play in the second period when Wooten lugged over from the one. Farley's attempted conversion was blocked.
Farley drove off tackle mid-way in the second quarter to run in the score to 25-0. A pass from Farley to Gardner for the extra point fell incomplete.
A pass from Farley to Higgs accounted for Greenville's fifth tally. Farley in an attempt to score the extra point was stopped inches short of the goal.
Wooten added the final marker in the fourth quarter when he hit paydirt from the one. Arook was stopped short of the goal in the try for the extra point.
New Bern's only tally came late in the final quarter when they pushed across a touchdown on an end run. A similar run also scored the extra point.
Greenville chalked up 13 first downs while New Bern got two.
Coach Kuttrel was pleased with the fine play of the line and the defensive play of HB Glen Scott.
The starting line-up for Greenville was: ends Hux, Gardner; tackles Smiley, Crisp; guards Joseph, Rowland; center Spears; blocking-back Iers; wingback Scott; full-back Wooten; tailback, Farley.
Subs who saw action were: Williams, Karpak, Day, Chestnut, Arook, Smith, Sideris, Browning, Briley, White and Scheller.

Lamotta And Fox Fight In Garden

New York, Nov. 14.—(AP)—The boys were remarking today that it seemed like old times around Madison Square Garden—like before Promoter Mike Jacobs became ill last winter and was forced to delegate his matchmaking to others.
The almost festive air was occasioned by the fact that a couple of real class fighters, Jake Lamotta and Billy Fox, were down for a 10-rounder tonight that promised to be violent and spectacular and to cram the famous arena with some 18,000 fans.

Girl-Gridder At Right Tackle

Stinnett, Tex., Nov. 14.—(AP)—Frankie Groves starts a revolution tonight—a one-girl uprising against the unwritten rule that has barred the feminine gender from rock 'em and sock 'em team sports.
Frankie will play right tackle for Stinnett High School in this little town perched atop the Panhandle where men are men and Frankie Groves thinks she can tackle and block just as well.

Hold Local Woman On Bigamy Charge

In Police Court today, Judge J. W. H. Roberts found probable cause in the case of Mrs. Nora Mae Jones, 28-year-old white woman, who is charged with bigamy. He bound her over to Superior Court under \$200 bond.

Testimony at the hearing was that the woman, a native of Franklin County, married William H. Jones of Wilson in 1937 and that they had two children, a girl, 8, and a boy, 7, and that without getting a divorce from her husband she married Burney Ray Tripp here last Friday. She testified that she had signed some divorce papers in Georgia

Twenty-Two Cars Join Friendship Train In Iowa

Clinton, Ia., Nov. 14—(AP)—The Friendship Train headed east into Illinois today with 22 more carloads of food for hungry Europe collected during a 36 hour swing through Iowa.

Contributions of wheat, corn, oats and other foodstuffs from the Hawkeye state swelled the goodwill cargo to 81 carloads.

Tonight in Chicago the train will be made into two sections and they will travel eastward to New York on two separate lines. Several additional carloads of food are to be attached to the trains in Chicago.

The Friendship Special started out from Los Angeles a week ago with 12 cars of food for shipment to Europe.

The biggest contribution it picked up at any of the six scheduled stops in Iowa was a consignment of seven carloads of oats at Cedar Rapids donated by communities in the eastern section of the state.

French People Given Bad News

Paris, Nov. 14—(AP)—Frenchmen were handed a good supply of bad news today: a 45 per cent increase in gas and electricity rates, 25 per cent rise in railroad and subway fares and a 28.5 per cent upping of freight rates.

A communiqué said the government had decided on the increases because the halt in government subsidies to the coal industry reflected directly on operation costs of the railroad and power companies, both nationalized.

Reports Finland Is Paying Debts

Chapel Hill, N.C., Nov. 14—(AP)—Finland, that tiny nation that refused to renege on its debt to the United States before World War II, is establishing virtually the same record on its debt to Russia today, University of North Carolina students were told last night.

N.Y. Stock Market

Grain Market

Chicago Nov. 14—(AP)—Rain and snow in the southwest, including the drought-stricken areas, caused persistent selling and a decidedly weak market in grains on the board of trade today. The 1948 wheat crop contracts showed widest losses.

Wheat closed 2 1/4-4% lower, December \$2.99 1/2-\$3.00, corn was 1 1/4-2% lower, December \$2.35 1/2-\$2.34 1/2, oats were 1 cent lower to 1/2 higher, December \$1.15 1/2-\$1.16 and soy beans were 1/2-2% higher, November \$3.70 1/2.

Uneasy Quiet

...the burst of gunfire, which came as the Communists were laying last minute plans for a demonstration in connection with the funeral of a leftwing party member who was killed in rioting here Wednesday.

Foreign Affairs

(Continued from Page One) wasted.

International control of the German Ruhr's industrial output and at least a three-power treaty guaranteeing German disarmament were proposed by Dulles, who is Republican adviser to Secretary of State Marshall and a U. S. delegate to the United Nations.

Armed with these two agreements, Dulles told the Senate foreign relations committee this country could take the lead in solidifying western Europe's economy even if Russia continues to maintain an iron curtain over the eastern portion of the continent.

Sen. Umstead

tural appropriations, the center of a controversial struggle during the last session of Congress, again will face serious difficulties when important farm legislation is considered. Legislation authorizing parity and support prices will expire next year and it will be necessary for Congress to take action on these matters at the next regular session.

"During the next session of Congress every effort must be made to safeguard our farm program. I believe it would be a tragedy to this generation and an utter disregard for the generations to come if this program to be destroyed, or seriously impaired."

Discussing the future of flue-cured tobacco, Umstead said "the maintenance of our export trade in flue-cured tobacco is of utmost importance. Our government officials should make every reasonable effort, in dealing with foreign countries, to preserve and increase markets for flue-cured tobacco."

The meeting last night, arranged by the Business and Professional Women's Club, was an unusually representative gathering. It was a brilliant affair. Other organizations represented were the Junior Chamber of Commerce, Lions, Kiwanis and Rotary clubs, King's Daughters, American Legion and Veterans of Foreign Wars.

The banquet hall was attractive-

ly decorated in autumn effect and appropriately illuminated.

Committee in charge of reception did good work. Miss Ada Jones and Miss Annie Laurie Askey welcomed the guests at the door, and Mrs. Clara Gower and Cora S. Fowlis seated them.

Senator Umstead's speech was broadcast over WGTG. For a few minutes, while awaiting the signal from Charles Whedbee, "We're on the air," J. B. Kittrell entertained with a brief and witty after-dinner speech.

'Strong Man'

(Continued from Page One)

gives a fair idea of England's political temper. It hates regimentation of the individual, but is ready to make any economic sacrifice to meet the needs of the country.

"That's the answer, I take it, to the question so frequently asked: Is Britain tending toward totalitarianism? There is not the slightest indication that it is. On the contrary, the political pundits tell us there is so much dissatisfaction with the way the Socialist Government has been handling the crisis that it is doubtful if it could be returned to power in a general election at this juncture. In this connection it must be remembered that many conservatives voted the Socialist ticket at the last election because they weren't satisfied with prospects held out by their own party.

Martin Believes In More Money

Boston, Nov. 14—(AP)—Asserting that there will be a world food shortage "for a long time to come," Charles Luckman, head of the Citizens Food Committee, said last night there must be some type of long-term food conservation plan.

"We must make clear," he said in an interview, "to every man, woman and child at every crossroad and community the need for some long-term type of food conservation plan."
